

"Mr...Mr...Ch-Ch-Chu?"

When he saw Ye Fan standing before him, Lei Ao-Ting felt like he had been struck by lightning and he was so frightened, his soul nearly left him.

Lei Ao-Ting felt that this had to be the biggest joke that life played on him.

Back in Jianghai, in order to help a friend, Lei Ao-Ting offended Ye Fan.

Later in Yunzhou, Lei Ao-Ting tried to help another friend, and offended Ye Fan again.

Who would have known that Lei Ao-Ting would help yet another friend in his own territory and actually offend Ye Fan once more?

Lei Ao-Ting's mind went blank and he was on the verge of tears.

"Looks like Young Master Lei still remembers me. I thought that you might have forgotten me in the long list of people you come into contact with. I don't think it's been that long since that incident in Yunzhou, so I got a little upset. Did Young Master Lei forget my words of advice already? Have you left it at the back of your mind so quickly?"

Ye Fan stood with his hands behind his back and looked down at Lei Ao-Ting.

His teasing gaze continued to look at Lei Ao-Ting with a faint smile.

But the more Ye Fan behaved so amicably, the more terrified Lei Ao-Ting became.

He could feel a terrible chill down his spine.

His white shirt was already drenched in cold sweat.

"How...how could that be? I will always remember what you have said before and I won't dare to forget it."

"Is that so? Then why are you here right now? Aren't you here precisely to stand up for someone and bash me up?" asked Ye Fan with a cold smile.

Lei Ao-Ting's face twitched and he became even more terrified. There was none of his arrogance earlier.

Even his own father had to bow to this man like he was an ancestor of theirs, never mind one mere Lei Ao-Ting.

Furthermore, just a few days back, his own uncle had offended Ye Fan, and now his

uncle was dead. After that happened, Lei Ao-Ting was even more fearful and reverent towards Ye Fan.

He squeezed an ingratiating smile out. "I...I wouldn't dare...Mr Chu, you are really humorous. I'm here to attend my friend's wedding. That's all. I didn't intend to stand up for anyone and I'm going to be a calm and quiet person like you said."

Lei Ao-Ting's trembling and fearful behavior made everyone around him look at him in shock.

"Yu-Yan, what...what is going on? Did something go wrong with Young Master Lei's head or something? Why is he being so polite towards Ye Fan?" Ye Jian's eyes were huge as he watched this scene unfold in disbelief.

Ye Yu-Yan was equally stunned. She shook her head and looked extremely confused.

Qin Yu was even more puzzled. He walked up to Lei Ao-Ting and said, "Ao-Ting, what's going on? Did you get the wrong guy? This fellow's surname is Ye, and his name is Ye Fan. He's just a live-in son-in-law, so he's not worth being respectful to. Besides, this useless piece of trash made trouble at my wedding, so you have to help me to throw

him out."

WHAT THE...

"You just bloody shut your trap!"

Lei Ao-Ting felt like he nearly died when he heard what Qin Yu said.

In his fright, he immediately slapped Qin Yu across the face so hard that he fell to the floor.

After he had slapped Qin Yu, Lei Ao-Ting continued to bend over backwards just to apologize to Ye Fan, "Mr Ch-I mean, Mr Ye, my friend is getting married today and he goes a little crazy when he's too happy. Please don't stoop to his level, I've already taught him a lesson for you."

Lei Ao-Ting was pretty smart too. He didn't know why Mr Chu went around telling others his surname was Ye, but Mr Chu definitely had his reasons and it was probably to hide his real identity.

Lei Ao-Ting wasn't stupid, so he went along with Ye Fan and started to call him 'Mr Ye' instead.

Ye Fan nodded and smiled. "Oh I see. On account of Young Master Lei, I'll let him off

this once."

"But Young Master Lei said earlier that you're here for a wedding, right? Whose wedding is it?" asked Ye Fan slowly. His words sounded a little sly.

Lei Ao-Ting had no clue what was happening, so he replied honestly, "I'm here to attend this friend's wedding. His name is Qin Yu, and he's marrying Miss Du Wen-Ya today."

"Nonsense!" Ye Fan cut him off with a shout as his eyes turned cold even before Lei Ao-Ting could finish what he wanted to say.

Lei Ao-Ting was so scared that his legs trembled and he was about to cry soon. He had no idea what he said wrong this time.

"Lei Ao-Ting, you say you're here for your friend, Qin Yu, and Miss Du Wen-Ya's wedding? Then why did I receive news that it's my friend, Shin Yu-Xiang, and Miss Du Wen-Ya's wedding?"

"Wha...what?" Lei Ao-Ting was stunned and couldn't get his head around what was happening. What did Ye Fan mean by that?

Shin Yu-Xiang was also a little stunned and wasn't sure what Ye Fan was up to now.

"That's bullshit! Wen-Ya is marrying ME today! Not Shin Yu-Xian! These two assholes are here to steal my bride!" Qin Yu picked himself off the floor and started yelling angrily when he heard what Ye Fan said.

"Nonsense! Qin Yu, I think you're the one who's confused. The wedding today is clearly between Mr Ye's friend, Shin Yu-Xiang and Miss Du Wen-Ya. What has it got to do with you? This joke isn't funny!" Lei Ao-Ting tried to hint at Qin Yu with his eyes as he said these words. He had figured out the situation after what Qin Yu said earlier.

But Qin Yu didn't get the message and asked confusedly, "Ao-Ting, what do you mean by that? My name is written on the wedding invitation and my family came up with the money for the wedding. I'm the groom, so when did it suddenly become Shin Yu-Xiang?" Qin Yu couldn't understand.

All the friends and relatives of the Qin family were equally confused.

Did Young Master Lei suddenly become stupid or something?

"You..." Lei Ao-Ting realized that Qin Yu didn't get the hint, so he walked over, pulled Qin Yu aside and whispered a few things into his ear.

"What? You mean he's...he's..." Qin Yu's face instantly turned pale after that and his heart was filled with terror. He looked like he had just been struck by lightning.

"Now do you know who the groom is today?" Lei Ao-Ting asked Qin Yu again after he was done whispering.

This time, Qin Yu didn't dare to say anything else. He just clenched his teeth and nodded heavily.

"Ao-Ting, you're right. The groom at today's wedding is Shin Yu-Xiang."

"Wha-what?" Ye Jian was stunned.

"Qin Yu, what's wrong with you? It's your wedding today, isn't it?" asked Ye Jian with a wide stare.

"Exactly! Qin Yu, what's wrong?" Ye Yu-Yan was both angry and agitated.

Qin Yu shook his head and laughed along, "Oh no no that was just a joke. The groom today isn't me, it's Mr Ye's friend, Shin Yu-Xiang. Mr Ye, I was just joking with you just now, I hope you don't mind."

Qin Yu was also a very adaptable man. Once he found out who Ye Fan really was, he

immediately ran up to butter Ye Fan up.

Ye Fan nodded and smiled as he patted Qin Yu's shoulder. "Oh, so it was just a joke. I thought you were really going to snatch my buddy's woman away."

"Haha, how could I possibly do that? Miss Du and Mr Shin are a match made in heaven. I'm more than happy to give them my blessing, why would I try to snatch Miss Du away?" Qin Yu laughed along awkwardly.

But nobody knew how miserably Qin Yu was crying inside despite his bright and cheery smile outside.

"is that so? Since Young Master Qin is so happy to see my buddy get married to Wen-Ya, then why don't you be the witness to their wedding? It's a wonderful chance to witness the holy matrimony of a couple made for one another. What do you think, Young Master Qin?" said Ye Fan as he smiled faintly. That smile was so very sly.

"This..." Qin Yu's eyelids twitched and his expression instantly fell.

"Why, is Young Master Qin not willing to do so? Or are my words not powerful enough to get Young Master Qin to be my buddy's witness?" Ye Fan scoffed coldly and his tone of voice was clearly displeased now.

"Qin Yu, why are you still standing in a daze? Hurry up and reply him. Mr Ch-, Mr Ye wants you to be a witness at a wedding, and that's a great honor. This is a wonderful thing to happen to you and it will be a blessing to your family," persuaded Lei Ao-Ting when he noticed that Ye Fan was becoming unhappy and kept trying to hint at Qin Yu with his eyes.

"Young Master Lei, what nonsense are you saying? Today is Qin Yu's wedding banquet, but now you're making him give up his fiancée to someone else? And you even want my best friend to be their witness? Aren't you insulting Qin Yu this way?" Ye Yu-Yan couldn't stand it anymore.

She thought that Lei Ao-Ting was just trying to pull his weight and was forcing Qin Yu to give his fiancée up, so Ye Yu-Yan couldn't just stand there and watch it happen without doing anything.

Qin Yu was her best friend of many years, and there was also no way she was letting Shin Yu-Xiang and Ye Fan get their way

either.

To her, Shin Yu-Xiang and Ye Fan were useless hooligans, so how could they be worthy of a lovely young lady like Du Wen-Ya?

And thus, Ye Yu-Yan stepped out to question Lei Ao-Ting.

At the same time, she looked at Ye Fan and spat in disgust, "Ye Fan, there's no point in trying to act like you're a big shot and show off. As long as I'm here, I will not allow Qin Yu to be humiliated by all of you! Also, I will not allow Wen-Ya to marry a lowlife like Shin Yu-Xiang and suffer for the rest of her life."

Ye Yu-Yan's words were icy and her eyes were filled with coldness.

But Ye Fan wasn't angered by Ye Yu-Yan's angry words. Instead, he smiled in a relaxed manner, "You won't allow it? Ye Yu-Yan, don't you think you're being ridiculous? Wen-Ya and Young Master Qin can decide for themselves who they want to marry. You mean they need your permission?"

"Besides, I've asked Young Master Qin to be their witness out of the kindness of my heart. Qin Yu hasn't even said anything but you're reacting so violently. For all you know,

Young Master Qin is more than happy to accede to my request."

"You're spouting nonsense! Did you think Qin Yu is as stupid as you? His fiancée is now going to marry someone else, so do you think he's be happy about THAT?!" Ye Yu-Yan thought that Ye Fan was the one who was being ridiculous.

"We just need to ask him to find out if he's happy about that or not," said Ye Fan calmly. The smile on his face was so relaxed.

"Fine, as you wish." Ye Yu-Yan scoffed coldly, then turned to look at Qin Yu. "Qin Yu, tell him that Wen-Ya is your fiancée and that we're here to attend your wedding," said Ye Yu-Yan in a low voice.

But Qin Yu remained silent for a long time.

"Qin Yu, what's wrong? Say something! That Ye Fan is just a live-in son-in-law, so surely you aren't afraid of him, right?" Ye Yu-Yan started getting anxious. Ye Jian was also gritting his teeth in anger because Qin Yu didn't seem to be listening to Ye Yu-Yan, so he tried to persuade him too.

But in the end, Qin Yu took a step forward and laughed.

"Yu-Yan, Ye Jian, you've really gotten it wrong. It isn't my wedding today. I invited both of you to accompany me to Yu-Xiang and Wen-Ya's wedding. They are truly a match made in heaven. The two of them have come a long way to finally become husband and wife, and it's really a great inspiration for all of Jingzhou. Your cousin, Ye Fan, wants me to be their witness, and that's my honor and pleasure, so of course I'm happy," said Qin Yu calmly as he continued to laugh.

Ye Yu-Yan was frozen on the spot and Ye Jian widened his eyes in surprise when they heard Qin Yu's response.

"Qin Yu, what...what nonsense are you saying?! Ye Fan is spouting rubbish and deliberately trying to insult you, so why are you going along with him?" Ye Yu-Yan was filled with shock as she looked at Qin Yu in disbelief. She was furious and confused at the same time.

"Yu-Yan, stop it, you shouldn't behave like this! Mr Ye is your cousin, so how dare you be so rude? Hurry up and apologize to your cousin! And you, Ye Jian, you should apologize to your cousin too!" Qin Yu reprimanded Ye Yu-Yan and Ye Jian at the same time.

"Qin Yu, you...you...ARGH! This is killing me! Qin Yu, you stupid idiot! You don't know what's good for you and you can't tell right from wrong! ARGH!" Qin Yu's words nearly drove Ye Yu-Yan mad.

Her eyes were red from anger and she felt an anger burning inside her heart.

She had tried so hard to protect and stand up for Qin Yu, but in the end, Qin Yu wasn't grateful, and even scolded her and told her to apologize to the man she despised so much.

This had certainly embarrassed Ye Yu-Yan in front of everybody.

Her face was red from embarrassment and she felt so disgraced.

"HAHA! Ye Yu-Yan, you're really stunned by this sudden change in treatment, aren't you? As he said, today is MY wedding! You guys are the idiots for insisting that the groom is Young Master Qin. You've been in the army for too long and you've become stupid after getting hit by too many grenades, right?" Shin Yu-Xiang immediately seized the chance to mock her and laugh loudly at Ye Yu-Yan.

These words made Ye Yu-Yan utterly

embarrassed!

"You stupid fat asshole, how dare you insult my cousin! You're asking to get beaten up!" said Ye Jian protectively as he dashed out to beat Shin Yu-Xiang up.

But after taking just a few steps, Qin Yu kicked him in the butt.

He fell flat on his face with a thud.

"Qin Yu, what are you doing?! I'm helping you and you kicked me?!" Ye Jian was about to cry from the injustice.

But Qin Yu shouted angrily, "Enough! Helping me? Do you know that you're bringing harm to me and my family? Today is Mr Ye's buddy's wedding and you dare to make trouble here in my name? How dare you! Get out of here!"

Qin Yu's angry voice resounded within the restaurant.

They were as close as siblings just moments ago, and now they had all fallen out with one another.

"Haha! Young Master Qin is right. How dare you make trouble at my wedding?! But because it's my big day, I won't stoop to your

level. Take the hint and get lost!" Shin Yu-Xiang rarely had a chance to show off, but now he was clearly just being boastful and just acting gleeful at others' misfortune.

"This fellow is seriously still so terrible after so many years," Ye Fan shook his head and laughed to himself when he saw this.

"Mr Ye, what do you think?" Lei Ao-Ting didn't dare to really chase the two of them out if Ye Fan didn't say so. After all, from their conversation earlier, Ye Jian and Ye Yu-Yan seemed to really be related to Mr Chu.

Ye Fan looked at Ye Yu-Yan, whose face was pale from being angry and smoke was coming out from her nostrils. He laughed quietly and replied, "My buddy, Shin Yu-Xiang, is getting married today and he's the main star of the day. So just go along with what he says. These two have been spouting nonsense all this while, so I do agree that they ought to be thrown out."

"Yes, Mr Ye!" Lei Ao-Ting immediately responded since Ye Fan had given the order.

"Ye Fan, how dare you?! Yu-Yan's father and my father are your uncles! You asshole! How dare you do this to your own family members?! How could you help an outsider to chase us away?!" shouted Ye Jian angrily

when he saw that Lei Ao-Ting had called his men to throw them out.
