Chapter 2575

No matter what, it would be better to tell the Young master.

What if he came back later?

She put the phone to her ear, and listening to the beeping sound from the phone, her heart beat faster.

She didn't know what Lucas's state was now, and she didn't know if he would answer the phone.

Just when she thought the call would not be connected, the call suddenly connected.

“Hello, who are you?”

A strange female voice came from the other side of the phone.

Siena froze for a moment, her heart skipped a beat:

“I'm Hogan house's nanny. I'm looking for Young Master Lucas.”

“Oh, nanny! Lucas drank too much, stay at my house tonight.” Piper said, “Which nanny are you? Did I see you last time I went to Hogan's house?”

Siena suddenly panicked and didn't know how to answer: “No... you haven't seen me before.”

“You sound very young! How old are you?” Piper doubted.

Siena noticed the hostility in Piper's tone, and thought it was terrible.

If she offends Piper, she's afraid she won't be able to keep her job.

If she had known that Piper would answer the phone, she would not have called.

"I..." Siena stammered, not daring to say her age.

Piper hung up the phone.

Seeing that the call had been hung up, Siena breathed a sigh of relief.

Unexpectedly, the phone rang, and Piper used Lucas's phone to send her a video call.

Siena: "..."

Siena took a deep breath of the night's cold air, and with a heartbeat, she picked up the video.

When Piper saw Siena's face under the street lamp, she opened her eyes wide in fright, then saw the scar on Siena's face

clearly, cursed softly, and threw the phone with a 'bang'.

Siena: "....."

Siena knew that she would look scarier in the dark than in the daytime.

She wasn't supposed to be like this tonight.

According to her previous plan, she would take off the mask on her face tonight and watch a movie with Lucas in the cinema with

her real appearance.

That way, she would never scare anyone.

After a while, the video call was hung up by Piper.

After all, the mobile phone belonged to Lucas, and it was impossible for Piper to throw away Lucas's mobile phone.

Siena came home feeling very depressed.

It's not clear whether this frustration was because Lucas didn't come back to celebrate her birthday with her, or because Piper

called out 'ugly' when she saw her face.

After being depressed for a while, her thoughts suddenly became clearer.

If what Piper saw was her without a scar mask, she's afraid the Hogan family would expel her immediately!

After all, Piper only heard that her voice was relatively young, so she made a video call to confirm.

She suddenly realized that her mother-in-law made her wear a scar mask to make her look ugly, which was really full of great wisdom.

Otherwise, with her humble background, she didn't know how many troubles she would encounter.

The next day, at 7 o'clock in the morning, Siena came to the auxiliary building as usual.

Lucas hasn't come back yet.

But according to what Cyrus said yesterday, Lucas should be back today.

The Novel will be updated daily. Come back and continue reading tomorrow, everyone!
