

## Chapter 145

The scene showed that only one side of the black AE86 car had turned to side and leaned over with a tire hitting the ditch. The tires rotated quickly on the track, and the friction produced white smoke. The tires also made a squealing sound!

In just two seconds!

The speed of the car didn't decrease!

He sped away from Finn's Ferrari!

He was elegant and unrestrained!

The cheers of the audience came to an abrupt end!

Everyone was dumbfounded!

Even the racing girls, who didn't understand about car racing were also covering their mouths and exclaimed at this moment!

What was that just now?

So fast!

They didn't even see it clearly!

'Was that still considered as racing?'

Finn was stunned. He had been overtaken by

Jason!

He didn't even see how Jason had done it?

F\*\*k!

In a fit of anger, Finn stepped on the accelerator and chased after Jason with all his might!

However, through the next four hairpins turn, Finn saw Jason's technique of getting around each corner with his own eyes. He was not only surprised but also shocked!

He was going to lose!

Such a hairpin curve and he did not slow down!

Was he a demon?

'Colton...Master Colton, it's the ditch running skill! Killing brake drifts!'

The racing assistant and the analysts assistants stood on the side wall were all stunned!

Colton was also stunned. He stood up from his seat looking extremely excited. He laughed loudly and said, 'I've found him. It's him! The world's greatest car god!'

Next, he ran out quickly from the surveillance room and came to the finish line to wait for

Jason, without regarding anybody.

The group of people were not stupid. They all also ran out and waited at the finish line.

On the digital screen, the live broadcast was shown in all over the city. At that moment, hundreds of people were in high spirits!

They had all drove through the hairpins and had never seen such awesome driving skill!

'I've learnt something'

This was the d\*mn car god!

It was settled!

At this time, hundreds of luxury cars along the main road of Shang Jiang City were all restless.

They were in a hurry. They wanted to rush to Rock Dragon Mount to meet this legendary racer!

On the Rock Dragon Mount racing track, the black AE86 quickly crossed the finish line in the eyes of hundreds of people!

Five minutes and twenty-eight seconds!

He had broken Finn's record!

When the new record holder was named, all the people present were in jubilation!

Everyone went crazy!

This was their respect for the new record.

Jason got out of the car. The car's owner couldn't wait to rush up. He rushed up with a look of worship and said, 'Brother, you are my brother! Sign your name for me! I will give you this car!'

In the eyes of a rich second generation, the car was not a big deal. It was a big deal to know a car god like Jason!

A group of people surrounded Jason, and Jason was also very embarrassed.

Melissa also ran out and rushed over to hug Jason. Then she proudly said to the crowd, 'Look, this is my boyfriend, Jason! Anyone else is not convinced? Let's compete!'

When she said this, she deliberately stared at Kaiden and others in the crowd.

At this time, Kaiden and others were already as red as pig liver and their faces were particularly red.

Unbelievable!

A loser was actually the world's greatest car god!

'What the hell is going on here?'

At the same time as everyone cheered, Finn drove his Ferrari towards them slowly.

He looked up at the record on the big screen while sitting in the car.

He had lost!

He had lost miserably.

Finn closed his eyes and was very annoyed, but his heart was very jealous of Jason's turning skill.

He got out of the car.

Finn walked towards Jason. Unexpectedly, he straight away bent down and said to Jason, 'I'm sorry.'

Jason was also very surprised. He thought that Finn was an arrogant rich second generation, but he didn't expect that he would do what he had promised.

'It's okay,' Jason said with a smile.

Melissa wouldn't miss this opportunity. She held Jason's arm very arrogantly and said arrogantly, 'Finn, now you know my boyfriend is very powerful. Don't bother me again in the future.'

Finn was also in a dilemma. He liked Melissa very much, but he was a man of credibility and would do what he had promised.

Jason was also very embarrassed. He

hurriedly said, 'Master Finn, how about your car?'

Finn directly threw the car key to Jason and said, 'It's yours.'

Jason was surprised. He gave a thumbs-up and said, 'Young master is so generous. It's different when you're rich. Thank you.'

After that, Jason wanted to leave.

However, at this time, Colton came over and looked at Jason. He smiled very politely and said, 'My friend, if you have time, can we have a talk?'

Everyone was stunned. Master Colton had personally invited him!

'He must be so important!'

Jason turned to look at Colton and replied directly, 'Sorry, I'm in a hurry. My wife is still waiting for me in the hospital.'

Puff!

Everyone almost fainted again!

This guy was so pretentious!

'He actually turned a blind eye to Colton?'

Did he know Colton's identity and strength?

The vice president of the national racing

association!

'And he is also another one of the top car racers in the country!'

However, in Jason's eyes, he didn't care about being the god of car racers or not. He was just there for fun.

'If you like it, I'll give it to you.'

If everyone knew what Jason was thinking at the moment, they would probably be annoyed.

Being a car god was indeed a dream pursued by many men!

Colton was not angry because of Jason's attitude. Instead, he smiled in a friendly way and said, 'This is my business card. If Mr. Smith is free next time, you are welcome to visit me anytime.'

Jason did not reject anymore this time. He took the business card handed over by Colton, then put it into his trouser's pocket, and shouted at Melissa, 'Gotta go.'

Melissa, whose eyes were full of stars loved and hated Jason at the same time.

What she loved was that this man was really cool!

'He's so unique!'

No wonder her father kept praising him for how different he was and wanted to please him.

The hateful thing was that this guy was so powerful, but why did he have to keep a low profile?

Under everyone's envious gaze, Jason drove away in Finn's red Ferrari.

It was not until Jason had left that Finn felt relieved.

He looked at Colton and said, 'Master Colton, who is he?'

Finn still didn't know Jason's background, but he had been defeated by Jason's driving skills!

He was obviously a world-class racing driver.

Why did he look so ordinary?

Colton smiled, patted Finn's shoulder and said, 'Do you want to know? But I don't know either. Seven years have passed, it's very mysterious. This guy is great. If there's a chance, you should ask him for advice. As long as you can learn a trick or two from him, your year end championship will be steady.'

Finn was greatly shocked by his words. Looking at the shadow of the car heading

down the mountain, he murmured, 'Is he really that powerful?'

Colton smiled and said, 'I can't guarantee that he's the best in the world, but so far, no one is a match for him.'

Colton also felt slightly helpless and shook his head.

Why was such a guy pretending to be so weak?

Besides, he had created so many legends. But why did he disappear seven years ago?

However, Finn had already made up his mind to take Jason as his master!

After Jason had parted ways with Melissa, he drove to the hospital.

After parking the car at the entrance, he got out of the car and entered the hospital with the princess doll in his arms.

Cindy was not there, so Jason accompanied Angela for a while.

Angela was very happy to see the princess doll and clamored Jason to hold the doll but Jason did not let her. He found a place to put it away and said to Angela, 'Angela, you can pretend this is your friend. Next time when mummy is working and can't visit you, so this

doll will accompany you, okay?'

Angela was lying on the bed sensibly, nodding with a sweet smile at the corners of her mouth.

Jason kissed her fair forehead and left.

When he arrived at the parking lot, Jason saw several beautiful women in very fashionable clothes taking photos in front of the Ferrari from a distance.

Most importantly, he knew two of them.

It turned out to be Fiona and Joanne Qian.

These two were really annoying.

While thinking about this, Jason did not hurry over to the car. So he just let them take pictures.

However, Fiona's eyes were sharp, and she saw Jason looking at them from a distance. She despised him in her heart and said to her best friend beside her with a disgusted look, 'Look, that fool is looking at us. Such a loser.'

Joanne knew Jason, so she immediately opened her chatter box and told the two sisters about Jason's embarrassing act last time in the Triumphal Restaurant.

Although Jason had helped Fiona last time, they all agreed that it was Jason who took

claim of his friend, and he was still a loser. After all, Jason had been a good-for-nothing for three years. Over the past three years, almost everyone had seen it. If they hadn't seen it, they had heard the news.

'Hey, Jason, what are you looking at? Is this car yours?'

Fiona twisted her big ass and walked over with her hands across her chest, with disdain and mockery on her face.

Jason raised his eyebrows and looked at it. Unconsciously, his eyes fell on Fiona's collar. The pair of breasts seemed to be really big.

When Fiona saw Jason's eyes, she felt uncomfortable all over and scolded, 'Are you a loser? What right do you have to laugh at me? Is this car f\*cking yours?'

Fiona was very unhappy. She thought that Jason was laughing at her taking photos with a luxury car.

Because it was impossible for her to buy a car.

So, was Jason was laughing at her vanity?

'How do you know that this car is not mine?' Jason said calmly with a sneer at the corner of his mouth.

Not long ago, Fiona had asked him to borrow money so she could show off.

He still had her naked photo in his phone.

Jason really wanted to show her the photo in front of her, but he didn't know how Fiona would react.

When Fiona and others heard this, they immediately covered their mouths and laughed. 'It's really true to say that you are a loser. Look at yourself. Do you think you are worthy to drive this car?'

However, Jason did not say a word. In the eyes of the four women, he calmly walked towards the Ferrari...
