

Magic Doctor: CEO Lady's Humble Husband Chapter 1919

Many people greeted them enthusiastically, while some of them were curious.

‘What are the members of the patriarchal committee doing here?’

‘A group of unskilled guys, is it disgraceful to come here?’

‘Fatty, there is nothing like a warrior!’

Because the patriarchal committee is powerful and natural There have been a lot of warriors in charge of war, even conflicts with warriors. In the patriarchal committee, a considerable number of people are not martial arts and have no martial arts strength.

Therefore, this kind of thing caused some martial arts to have little affection for the clan committee. I think they are a group of incompetent people who rely on privileges to manage warriors.

During the excitement, the host smiled and leaned in and asked, ‘Vice President Huang Yong, what are you doing here?’ The

leading man in a suit, with a pair of glasses, was fat , The appearance of a businessman. He is Huang Yong, one of the vice presidents of the patriarchal committee.

Huang Yong heard the words, gently pushed the glasses, and said: ‘We are here, there is something, need to find someone to cooperate with the investigation.’

‘I don’t know what is the matter, who wants to cooperate with the investigation?’ The host asked.

Huang Yong turned his head to look at Gong Hongxing behind him.

Gong Hongxing stepped out, waved his hand, and called out the two young men. It was none other than Gong Yu and Yan Dong who had been beaten by Chen Fei.

Then, Gong Hongxing said, 'These two are Gong Yu and Yan Dong, both of whom are members of our clan committee. But just a few days ago, they were beaten by a warrior present for no reason and were injured like this. '

Today, we are here to investigate the matter on behalf of the patriarchal committee. I hope relevant personnel will cooperate with our work.'

As soon as this remark came out, many warriors suddenly whispered.

'Who is this? Even the people of the clan committee dare to fight, and they are too brave!'

'This is not an ordinary member of the clan committee, then Gong Yu and Yan Dong are relatives of Gong Hongxing!'

Even Huang Yong moved out. It seems that Gong Hongxing didn't want to give up this time!'

.....In the

discussion, the host asked again: 'I don't know Committee Member Gong and Vice President Huang, I want to know Who are you looking for?'

Gong Hongxing's eyes swept through the crowd, and finally fell on Chen Fei,

shouting: 'Chen Fei, you are not out yet, are you asking us to invite?' Chen Fei's name shouted, The frypot was suddenly on the spot.

'What, it is Master Chen Fei Chen!'

'Master Chen and the clan committee are in conflict.'

Now, things are lively.' 'Master Chen is so famous now, does the clan committee really want to move him?'

'Haha, the patriarchal committee is an officially recognized organization, and its

rank is very high. No matter how famous Master Chen is, they will not be dazed.’

.....

Wu Ming, Zhan Tianfeng and Wan Zhonghao, who were originally worried People, looked at each other at this time, a look of excitement appeared on his face.

They are certainly not Chen Fei’s opponents, but now, Chen Fei offended the people of the patriarchal committee, whoever wins and loses, the result is not necessarily. Perhaps Chen Fei may fall here.

For a time, the hearts of the people were about to move, and there was a look of excitement in their eyes, and their expressions were excited.

At this moment, Chen Fei did not move. His eyes swept over Yan Dong and Gong Yu, shook his head, and said lightly: ‘It seems that the previous lesson is not enough!’

‘Perhaps, I should have slapped you with a single palm. , So as not to come to the troubles now.’

‘Chen Fei, you are so brave.’ Gong Hongxing heard the words and immediately drank.

Chen Fei’s eyes were cold, and he looked directly at Gong Hongxing. He said coldly, ‘Do you want to die?’

Suddenly, Gong Hongxing felt a chill come up from the bottom of his heart. It was a majestic and huge threat. Covering his entire body, his body was completely immobile.

At this moment, Gong Hongxing thought of the scene of Luo Muxin Lake and Chen Fei standing high and coercing everyone.

For a time, Gong Hongxing was forced to tremble his teeth by the strong momentum, his legs became soft, and he almost lay down on the ground.

Huang Yong, who was on the side, looked dumb and shouted, 'Chen Fei, do you know what you are doing? You are personally attacking the committee members, we have the right to arrest you!'

'Capture me You can give it a try!' Chen Fei sneered, ignoring Huang Yong's threat.

Huang Yong was furious and emphasized again: 'I am the vice president of the patriarchal committee. I now ask you to stop acting immediately, follow us, and cooperate with the investigation, otherwise, don't blame us for being welcome.'

Huang Yong Behind him, more than a dozen uniformed warriors stood up in unison.

Huang Yong and Gong Hongxing are not martial artists themselves, so they naturally came with the power of martial artists.

The strength of these warriors is not weak. All the strength is gathered from the early prefecture level to the mid-prefecture level. It is definitely a good force to gather together.

However, in Chen Fei's eyes, it's still not worth mentioning. It can even be said that Chen Fei didn't pay attention to the entire patriarchal committee.

'You can give it a try! But I don't guarantee, who will survive in the end.' Chen Fei's voice was indifferent, but there was a chill in his words.

Huang Yong's face sank, and then a fury raged, and he waved, 'Hands on, seize Chen Fei.' In

an instant, these dozens of martial arts committee members attacked Chen Fei.

The warriors around were scattered. Mu Ning frowned, standing next to Chen Fei, the real element of his body began to surge.

Seeing this, Chen Fei smiled and said, 'Uncle Mu, don't trouble you to do it. I'll be enough.'

Then, Chen Fei took a step and stepped directly into this group of martial artists .

Then, the battle started, and the thumping bang and the thumping vigorous sound kept ringing.

Chen Fei carried the siege of the warriors, but has not attacked, but just defended. For a time, the two sides fought evenly.

Such a scene, let everyone a little unexpected, and then discussed with finger pointing.

'What's the matter, is Master Chen not a master of martial arts? Why does it look a bit difficult to fight!'

'Although the martial arts of the Clan Committee is strong, but Master Chen is a master of slashing four martial arts of the dark list, it should not be so!'

Doesn't Master Chen's name have moisture. There are also internal reasons for the killing of the martial arts of the Dark List.'

'Maybe!'

... In the

discourse, some people have produced Chen Fei's strength. doubt.

Even Mu Ningbian was slightly strange at the moment. Of course, what is strange to him is not Chen Fei's invincibility, but why Chen Fei didn't move. He knew very well that, with Chen Fei's strength, almost moving his fingers, he could knock down all the people in front of him.

Just when Mu Ningbian was strange, Chen Fei's next move relieved Mu Ningbian's doubts.
