

Chapter 172

The owner was a fat middle-aged man. He looked at the woman who had come in and saw that she was dressed modestly.

An abortion pill?

Now, this was against the law.

"No, no, I don't sell this kind of thing." The fat owner refused immediately as he sorted out the dried medicinal ingredients on the table.

Slam!

Amanda Yang took out ten thousand dollars from her bag and slammed it on the table. She said coldly, "Do you have any?"

The fat owner looked at the money and frowned. He looked at the woman in front of him carefully. "No, this kind of thing has not been sold for a long time. You can keep your money."

Amanda did not believe what he said. She took out another twenty thousand dollars from her bag and put it on the table. She asked, "Is there an

abortion pill?"

In all honesty, Amanda was feeling so distressed when she took out all this money.

However, in order for Cindy to get a better husband and for her to live an extravagant life, Amanda was willing to give up everything.

"If that stupid daughter won't listen to me, I'll do it myself!" Amanda thought.

This time around, the owner looked stunned. As he stared at that stack of cash that amounted to thirty thousand dollars, bad thoughts grew in his mind.

He quickly walked out of the counter, closed the door curtain and then took the money. With a flattering smile on his face, he said, "Madam, please wait for a moment."

After that, he turned around and went into the backyard. A few minutes later, he returned with a pack of medicine, and he put them on the table. "Who is the medicine for, Madam?"

Amanda looked at the fat owner coldly, "It's none of your business. How should this be taken? It won't damage the adult's body right?"

The fat owner said, "Madam, to be honest, this abortion pill is not a good thing. It's certainly harmful to the adult body. But you can also buy some herbal medicine to heal that damage. I'll get it for you now."

After that, the fat owner got Amanda some medicine that could heal the body and also tranquilize the mind.

It took Amanda more than forty thousand dollars to leave the store in satisfaction.

For a woman like Amanda who held money with the same regard as her own life, forty thousand dollars definitely was a high price to pay.

As soon as she got home, she started brewing the medicine.

The whole house and courtyard were filled with the smell of Chinese medicine.

When Charles Jiang came back, he was confused, "What are you doing? Who's not feeling well?"

Amanda was feeling a little guilty. After all, this was an evil deed. She hurriedly explained, "Didn't Cindy get pregnant? I'm just brewing some medicine for her nourishment."

Charles smiled. "Okay, but didn't you just say this morning that you don't want this child? What's made you change your mind? You are actually soft-hearted deep down. I think Jason and Cindy is a good couple. You should complain less about your son-in-law. After all, we are a family."

Amanda was feeling guilty and dared not say anything. She replied with a smile, "I know, I know. Go and do your work. I'll send it to Cindy when I'm done brewing."

Charles did not say anything else. He hummed a tune and entered the house.

Meanwhile, Jason Smith was talking to Joe Qiao at the Sheng Ding Group's board meeting.

"Joe, I got a good news. Cindy is pregnant."

Jason was very happy. He looked elated while crossing his legs.

Upon hearing this, Joe suddenly burst into tears of excitement. "Young master, is Young madam really pregnant?"

Jason nodded. "Yes, we just found out this morning."

"This is great. I'm sure your father will be happy to know that he has two grandchildren now."

Joe wiped the tears from his eyes and felt happy for his young master.

The Smiths were having another baby.

His or her birth would shock the whole world!

"Young master, what are you going to do?" Joe asked.

Jason thought for a moment. "After Cindy's deliver, I'll take them home. It's time to reveal my real identity."

Jason had thought about it for a while, what happened this morning had triggered him too.

Since his mother-in-law had always looked down on him, he would tell her his identity and let her know who the one had called useless for three years really was.

"By the way, how is my dad?" Jason asked.

Joe shook his head and sighed. "Young master, are you really not going back soon? Old master really misses you and there are a lot of things happening in the family now. He needs you to go

back and take charge of the whole situation. Old master is dying."

Joe was very anxious. The old master's health was getting worse. he needed Jason back to inherit the Smith family's immense wealth and property.

Could not let the Smith family fell into hands of Juliette Yun.

Jason's eyes darkened and nodded. "I know. It won't be long."

Jason also wanted to go back. However, he still needed to wait for a few more days for the agreement he had with Juliette to expire.

It was almost time, so he had to control his temper. Otherwise, all his efforts would be in vain.

"Well, if there's nothing else. I'll leave first." Jason said.

Just as he was about to leave, Joe hurriedly asked, "Young master, what are you going to do with Miss Su? Her birthday is just a few days away, and she is going to hold it here. She has invited lots of celebrities, and some of them are even coming specially from the capital city."

Jason's face fell. Why Yusra's birthday needed to be so grand?

Then how about what he had promised her?

What on Earth did she want?

"I'll find my own way. Can you help prepare a gift for me?"

Jason said, and left the CEO's office.

As soon as he left the Sheng Ding Group, Jason bumped into Fiona by the downstairs entrance.

Such a hot stuff, she was dressed in a sexy way, and wearing perfume. Her chest was pushed so up and the hips were perky. It was twisting when she walked.

"Ouch! Are you blind? You loser!"

Fiona immediately scolded him angrily when she collided with Jason.

"Jason Smith? You cuckold again?"

When Fiona looked up and was about to curse the guy collided with her, she saw that it was Jason standing in front of her. Then she sneered.

Jason also frowned and said coldly, "Can't you

Speak nicely?"

Hah!

Fiona mocked and fiddled with her hair. She sneered. "What's wrong? Your wife Cindy has done such a wicked thing, are you still pretending to be ignorant?"

This Jason was really useless. His wife had cuckolded him, how could he still dare to come here?

How could he not even realize where he was?

This was Sheng Ding Group!

The city's greatest building!

"Fiona, please keep your mouth shut!" Jason was in a good mood at first, but now he was very unhappy.

Fiona was obviously looking for trouble.

Fiona was stunned. She did not expect that a stupid fool like Jason dared to talk to her like this.

Pat!

Fiona slapped him angrily, pointed at his nose and scolded, "Jason, who do you think you are? How dare you talk to me like that? I'll get someone to

mess you up!"

Jason was dumbfounded as he did not expect Fiona would slap him like this. This was out of the blue.

"Fiona! You're asking for trouble!"

Jason was angry. He could bear it when Amanda beat him, who did Fiona think she was?

He had even helped her pay off more than six million at the hotel not long ago.

B*tch!

Bang!

As soon as Fiona saw Jason got angry, she went up and kicked him in the crotch. She shouted fiercely, "What the f*ck! Why are you being so fierce? You loser! I don't want to talk to you! Go back to your wife, you cuckold."

After that, Fiona turned on her high heels, twisted her hips and walked away.

Jason looked painful while covering his abdomen.

Fiona was really f*cking harsh.

Meanwhile, after Amanda finished preparing the traditional Chinese medicine, she called Cindy

hurriedly.

"Cindy, where are you?" Amanda asked with a smile.

Cindy had just finished work and was leaving the company. She was getting ready to go to visit the hospital.

She was still angry when she thought of what had happened this morning."Getting ready to go to the hospital. Anything? If it is about what happened this morning, then I have nothing to say."

Amanda laughed. "No, I'll go to the hospital right away. Wait for me."

Cindy hung up and looked confused. She did not know what her mother was going to do.

After Cindy returned to the hospital and played with Angela for a while, Amanda came with a lunch box.

She said with a smile, obsequious and flattering, "Cindy, come here. I know I said something horrible this morning, so now I brought you some Chinese medicine to keep your baby healthy. I have specially brewed it just for you. Have a drink."

As she spoke, Amanda opened the thermal lunch box that was filled with dark Chinese medicine which had a very strong smell.

Cindy had never liked to drink this kind of thing since she was a child. She pinched her nose and waved her mother away. "Mom, take it away quickly. I don't want to drink it. It smells bad."

Amanda would not miss this opportunity. She said earnestly, "You know nothing about this. Drink it. I have put in so much effort. Why? Are you still angry with me?"

Amanda was obviously unhappy. She put the bowl aside and pretended to cry. "Cindy, I'm doing this for you. How can you not see the hard work I'm putting in for you?"

Seeing Amanda crying, Cindy said in a hurry, "Okay, okay, mom, I'll drink it."

After that, she glanced at Amanda and picked up the bowl of medicine from the table. The look on her face showed that she wanted to refuse it.

The medicine was too bitter.

"Come on, come on, drink it all." Amanda glanced over and could not wait to see what would happen

next.
