

Chapter 931

Over the phone, Xie Yuan's voice was a little hurried, and said: "Mr. Chen, just now the Xiangjiang Police Station came and took Miss Wei Ling away."

"What! How could this be?" Chen Fei looked astonished, surprised. Exhaled.

Xie Yuan said: "The police said, Miss Wei Ling suspected of intentionally wounding. Moreover, they said that Mr. Chen You are the principal, now about to arrest wanted you to justice.."

"Intentionally wounding" Chen Fei looking sank, then. Thinking of Li Dong and Uncle Li, his expression suddenly became cold and gritted his teeth, "Li family, they must have done it. If Sister Ling has three lengths and two shorts, I must ask them to pay the price."

Xie Yuan quickly said: "Mr. Chen, on the side of Miss Wei, I have sent someone to follow. Now I am actively contacting the lawyer."

"Well, well done. I will pass immediately." Chen Fei said.

Hanging up the phone, Anita and they looked at Chen Fei and asked with concern: "A Fei, what happened?"

Chen Fei explained: "Xiao An, I'm sorry, I can't accompany my aunt to the hospital. My friend met When it's a little trouble, I was taken away by the people of Xiangjiang Police Station. I'm going to rush over now. "

" Then go quickly. "Anita quickly said," Also, if you have any help, Fei, despite me Say. I will do my best to help you. This is my phone number. "In the speaking

room, Anita handed Chen Fei a business card.

After accepting the business card, Chen Fei quickly left.

Driving all the way toward the Xiangjiang Police Station, Chen Fei quickly thought about it on the way. If the other party really used the excuse of beating someone to catch Ling Ling, what should they do? I can't always go to the Xiangjiang Police Station and grab people directly.

Thinking about it, Chen Fei felt a little bit in his heart, and suddenly thought of something, so he immediately called and went out.

Forty minutes later, Chen Fei appeared in front of the Xiangjiang Police Station.

Stop, get off, and quickly rush into the police station.

"Stop, who are you, what are you doing?" Seeing Chen Fei's hurried action, the police in the police station suddenly came nervous.

Chen Fei immediately explained: "I am Wei Ling's friend. She was just caught by you. I asked to visit."

"Wei Ling!" The other party frowned, and then checked the information. Then he gave Chen Fei a vigilant look, and then said, "You wait here first, I'll go in to report."

Chen Fei nodded.

After the guards entered, it took about more than ten minutes. When Chen Fei could hardly resist rushing in, he came out late.

"What's your name?" The guard asked aloud.

Chen Fei said: "My name is Chen Fei."

"Chen Fei!" Upon hearing the name, Di Fang's eyes changed, and he immediately waved, "It's him, grab it."

Suddenly, several policemen swarmed up and gave Chen Fei directly Hold it down.

Chen Fei looked cold and wanted to start.

But in this case, a sneer rang, "Ah, this is not the fall of President Chen Group do? Chen a good effort, which is ready to use force in the Hong Kong Police ah!"

Then, sound and a wacky The tone reminded the police: "Dear Sir, I want to remind you. This Mr. Chen from the mainland, but a master of martial arts, injured his shot

People are a matter of minutes, you have to be careful. "

Wen Yan, the policemen pulled out their guns and pointed at Chen Fei.

Chen Fei's eyes were cold, and he looked at the young man with bandages in front of him. He was no one else, just Chen Fei. Li Dong

, who had been taught a lesson. Chen Fei grinned at Li Dong with his teeth, and said coldly, "It's you! Who do you catch? It seems that the previous lesson is not enough! "

Li Dong eyes flashed a touch of hatred, then pretending to look scared, the police said: "Ladies and gentlemen Ah sir, you hear this prisoner is still a threat to me. You have to arrest him and interrogate it well! "

Immediately, Li Dong looking sank, very cold tone of the opening: "He is, then, to bask in the good old days of Hong Kong bar. "

After talking, Li Dong made a wink, and the police immediately prepared to take Chen Fei away.

Chen Fei stood up, and several police officers couldn't pull him at all.

He stared at Li Dong gloomily, said coldly: Where is Ling now? "

Oh, Mr. Chen is really a man of great importance!" It's hard to protect myself, and thinking about my little beauty is really emotional. "Li Dongdao said, his tone dropped." However, I might as well tell Mr. Chen that Miss Wei has now been locked in a temporary detention center. "

Temporary detention center, which is locked inside, but all are not easy to provoke!" Moreover, there are men and women, even murderers and rapists. If something happens, I'm afraid—gee! "As

soon as I heard this, Chen Fei suddenly looked cold and shouted:" Li Dong, if Sister Ling is hurt a little, I will definitely not let you walk around. "

"Oh, sirs, this prisoner is too arrogant, and he is still threatening me at this time, you must be just for me!" Li Dong said.

"Honestly, let me in." The policeman holding Chen Fei began to force himself, preparing to take Chen Fei away.

However, Chen Fei was like a standing stone monument, and under the tug of the two, he remained still.

"You—" Several policemen suddenly looked tight, their expressions fierce.

Upon seeing this, Li Dong flashed a strange color on his face and stepped back. After all, he had seen Chen Fei's skill, and he was really worried that once this guy went crazy, he really started to work in the police station. He may not have good fruit for Li Dong.

At this moment, a ring of telephone rang, Chen Fei reached out and touched his waist.

The police immediately became nervous, and they all drew out their pistols and aimed at Chen Fei.

But Chen Fei was not afraid. He reached out his cell phone, connected the phone, and said directly: "Yes, here, yes, you come in."

After that, Chen Fei hung up the phone.

The policemen pointed Chen Fei at the gun and shouted sharply: "Give me honestly, follow us."

Chen Fei snorted

coldly and said, "Wait, someone will come." Li Dong sneered, disdainfully. Chen Feidao, "Chen Fei, I advise you not to worry about it. This is Xiangjiang, not in the mainland, nor in Longjiang City. This is not your territory. You want to find a relationship to get people out, I tell you, this It is impossible. "

Chen Fei ignored Li Dong's sarcasm but looked at the entrance of the police station.

An unpredictable hunch appeared in Li Dong's heart, and he looked at the policeman next to him. The policeman suddenly shouted to Chen Fei, "Don't delay the time, follow us in immediately."

Chapter 932

At this moment, a footstep sounded, and then a group of people wearing black secret service uniforms walked directly into the police station.

The police at the door originally wanted to stop it, but as the group showed up their documents, they suddenly turned aside respectfully.

A group of people came in, led by a flat-headed man in his thirties, with a serious face and a cold expression. He scanned the people around and then asked sharply, "Who is Chen Fei?"

Chen Fei said: "I'm here." The

person nodded and waved directly, saying , "Take away."

Suddenly, several black The man in uniform stepped forward to pick up Chen Fei.

At the same time, the leading flat-headed man continued to ask: "Where is Wei Ling, bring it to me."

Li Dong could not help frowning when he mentioned his name, and said, "Who are you?" The

police immediately followed Stopped in front of the flat-headed man, he said coldly: "Here is the Xiangjiang Police Station, what are you doing?"

The man in black snorted coldly, and then found out a document, which appeared in front of the policeman, said coldly: "Look , Who are we. "When the

policeman looked at the document in black, his face suddenly changed, and there was a look of surprise on his face," Linglong, you are a person of the Linglong organization. "

Even Li Dong heard this The title of the organization was also shocked, and there was a stunned expression on his face, "Spirit Dragon, how could they appear here?"

Linglong's flat-headed man in black said coldly: "Knowing our identity, then Don't bring Wei Ling! "The

police look changed and looked at Li Dong.

Li Dong's expression also dropped, and gave the police a look.

The police understood, looking at the flat-headed man in black, his tone was a little tough, and he said: "Even if you are a spirit dragon, you can't just come to our police station to be a person. Moreover, this Chen Fei and Wei Ling are suspected of being together Our police station is trying to deal with the injury. According to the regulations, you have no right to manage this kind of thing, and you have no right to ask for

someone from us. " Li Dong also said:" I am the victim, I reported it Case. My name is Li Dong, from the Xiangjiang Li family. You better consider the impact of this incident. "

These words carry a warning and threat.

However, the flat-headed man in black still has a serious tone, like the eyes of a brass bell, glaring at the police fiercely, and then said: "The ordinary deliberate wounding incident does not belong to us."

"But, this time In the deliberate injury, because of the participation of two warriors, Chen Fei and Uncle Li. According to the regulations, our Linglong organization has the right to manage the things that the warriors participate in. " "So, now, I order you to immediately bring Wei Ling over to our Linglong to deal with."

" This- " the police was speechless, indeed, according to the regulations, involving the warrior, Linglong has jurisdiction.

However, the spirit dragon generally does not manage this ordinary warrior fighting. It will only intervene in some important events.

But now they have decided to intervene, and the police station has no choice. After all, the rules are like this.

Just when the police hesitated, flat black people continued approaching, Li He said: "? How, I do not want to put people in touch with you superiors, police say you do not cooperate with us Linglong of"

a At this point, the police suddenly panicked. Approaching, for this kind of trivial matter, directly confronting the spirit dragon is definitely not

what he wants to see. Moreover, he is only a middle level of the police station. Faced with this level of things, he is no longer able to intervene.

So he immediately ordered: "Hurry, go and bring Wei Ling over to the chief of the Linglong organization."

Soon, Wei Ling was brought over. There is nothing wrong with the body, except that there are tears on his face and some panic expression. This made Chen Fei relieved and immediately embraced him. "Sister Ling, you were shocked."

Wei Ling shook her head and said, "It's okay, I'm okay."

Chen Fei held Wei Ling and patted gently. Holding her back, she whispered comfort.

In this way, Li Dong saw his teeth clenched for a while, and he could not help but questioned: "Linglong organization, is this the way to deal with prisoners? This is the arrest and interrogation, I think this is clearly to let them. This approach, Linglong The superior, do n't you care?" The

flat-headed man in black heard the words, looked down at Li Dong, and said sharply: "Before the case is not tried, you have no right to determine who is the prisoner. And, our internal affairs What are your qualifications to intervene? "

" You— "Li Dong was so speechless that he could not help but tossed his hands helplessly, preparing to turn and leave.

But at this moment, Chen Fei's voice rang out coldly, "Wait a minute."

"What else do you want to do?" Li Dong stared at Chen Fei with a bitter expression.

Chen Fei glanced at the flat-headed man in black, and then pointed to Li Dong, saying: "About this warrior fighting incident, this Mr. Li Dong Li is also one of the participants in the incident. Ling Long should take him back Let's investigate. "The

flat-headed man in black heard this and nodded suddenly, then waved: " Yes, bring him over. "

Li Dong saw this, suddenly panicked, and hurriedly shouted: " It's not mine. Things, you can't catch me, you can't— "

Chen Fei next sneered: "Do not none of your business Li Shaogang not say so before Shao Did not you say that you are victims of it being the case, it would go back together under investigation right??.?"

"I - — "Li Dong still wanted to explain, but before he spoke, he was directly caught by the people of Linglong.

Immediately, the group went out.

It's just that the attitude of Linglong people towards Chen Fei and Wei Ling is completely different from that of Li Dong.

Chen Fei and Wei Ling walked side by side, whispering softly, there was no one to watch around, but the members of the spirit dragon guarded around them, as if protecting them.

On the side of Li Dong, the two Linglong team members held him unkindly, regardless of his bandaged arm, and he was so painful that he grinned and tears fell down.

The police in the police station looked at this scene, and they were shocked in their hearts. Secretly, he was lucky to get away in time without interfering with this matter. Otherwise, I am afraid that the consequences will not be borne by them.

After all, this is a person who can mobilize the spirit dragon, definitely not a small person.

After leaving the police station, a group of people directly took Li Dong into the car. Then the flat-headed man in black saluted Chen Fei respectfully and said, "Linglong Organization, Xiangjiang Branch, Captain Wan Lei, met the instructor Chen."

"Well!" Chen Fei nodded.

Wan Lei continued: "Instructor Chen, what else do you have to tell me?"

Chen Fei waved his hand and said, "Nothing, then, you should deal with it normally."

Immediately, Chen Fei took Wei Ling and got on his car directly and left The police station.

Wan Lei also got on the bus and escorted Li Dong away.

Chapter 933

Later, Chen Fei took Wei Ling back to the Emperor Hotel. In the room, Chen Fei combed Wei Ling and raised it, and then made a medicinal meal for her personally. After eating, she let Wei Ling take a rest.

Wei Ling just fell asleep here, Chen Fei's cell phone rang.

Chen Fei hurriedly took the mobile phone out of the room, and immediately connected the phone. The voice of the captain Wan Lei came immediately, "Instructor Chen, hello, this is Wan Lei. There are two things to ask for You report. "

" Say! "Chen Fei said.

Wan Lei said: "Instructor Chen, Director Xu of the Xiangjiang Police Station just contacted us and said that he would apologize to Mr. Chen. Now, they have rushed to the Emperor Hotel, don't you know if Instructor Chen wants to see them?"

Chen Fei didn't want to deal with these people, but since the other party came, he would see him casually. After all, it's in Xiangjiang, and it's no harm to get to know them and have some relationship with them.

So, Chen Fei said: "If you come, let's go."

"Yes!" Wan Lei said, and then continued, "Chen Instructor, the second thing is, the Li family found a relationship over there and gave us the Linglong Organization. Pressing and trying to get Li Dong out. "

Chen Fei heard the words and immediately frowned lightly. He was silent for a moment and did not speak.

Wan Lei hurriedly said: "Instructor Chen, some relevant departments don't know your identity yet. So, they dare to speak to the Li family. Otherwise, if you publish your identity, they absolutely dare

not—" My identity. Since they want to get Li Dong, let them get it out. "

Although Wan Lei was a little puzzled, as a member of the Spirit Dragon, he knew the rules and did not inquire about information from his superiors, only executed orders That is, "Yes, Instructor Chen, we will execute it immediately."

Chen Fei nodded, not taking this seriously. After all, a little Li Dong, in Chen Fei's heart, really is no big deal.

Hang up the phone, Chen Fei is going downstairs, after all, the people of Xiangjiang Police Station are coming, they can't greet them in Wei Ling or Qiu Han's room.

Going downstairs, Chen Fei saw a hotel attendant, so he shouted at each other and asked, "I will wait for a friend to visit. Do you have a place like a meeting room in your hotel? Arrange for me One. "

As a result, the waiter stepped forward, and the two glanced at each other, suddenly stunned.

Because, this waiter was no one else. It was the waiter who looked down on Chen Fei at the door when Chen Fei came to Xiangjiang and blocked him from entering the hotel.

Suddenly, Chen Fei could not help looking somewhat gloomy, but he did not want this and what people care about, just a touch and said: "A small meeting room, less than ten people on the trip, I arranged a"

waiter this time naturally Recognizing Chen Fei, his complexion could not help but change, and the expression on his face changed for a while. In the end, his eyes flashed and said: "I'm sorry, there is no meeting room."

Wen Yan, Chen Fei could not help but looked down, coldly said: "Is there no meeting room, or you do not arrange for me."

Waiter said: "I already said that there is no meeting room anymore. Our hotel's meeting room is fully booked."

"And, we are a high-end hotel, no one is waiting, we are not allowed to enter the hotel. You have to meet friends, that went

out to meet it. "waiter Road, then pointed to the small vendors across the street side, said," did not see, there's pretty good, location enough, you can also drink free refills. you people from the mainland, it is not like this Take advantage of places? "

After hearing this, Chen Fei was really angry. His eyes were cold and he said in a cold voice: "Your Emperor Hotel staff, is this quality? Let your manager come out." The

waiter looked proud, holding his head, said: " Sorry, our manager is English, and generally only accepts high-end customers, not everyone can see. You want to see our manager, weigh your weight first. "

After he finished, he turned proud and turned to leave .

Chen Fei's face sank, and he stepped forward, extended his right hand to the waiter, and said coldly: "Since this is the case, then I will let him take the initiative to see me." The

waiter watched Chen Fei's big hand struck, could not help A moment of nervousness exclaimed: "What do you want to do, this is the Emperor Hotel, don't make trouble, otherwise

, I-- " Before he finished, Chen Fei came over and grabbed the waiter's throat. He lifted it up, then threw it out, threw it on the ground, and screamed in pain, with a spit of blood in his mouth.

Suddenly, there was a mess in the hotel lobby.

When the other waiters saw it, they quickly yelled, and the hotel's security guards rushed over.

The waiter was lying on the floor, blood spewing in his mouth, hated, and said, "Hurry, hurry him up and learn a good lesson."

However, when he saw the next scene, he immediately dumbfounded. Because the six or seven security guards who surrounded Chen Fei couldn't get close to Chen Fei. In a blink of an eye, but within three or two minutes, Chen Fei was thrown out, fell to the ground one by one, and groaned.

Suddenly, the scene in the lobby was even more chaotic.

The waiter lying on the floor, spitting blood in his mouth, his eyes panicked, quickly shouted: "Call the police, call the police."

However, when he shouted like this, Chen Fei's eyes fell on him, and Lengmu came over.

At this time, the waiter suddenly cried in secret and wanted to escape, but the physical pain made it difficult for him to move.

At this moment, a voice with a foreign accent rang, "Stop it!"

Chen Fei heard the sound and turned his head to look at it. He saw a tall brown-haired foreigner who was nearly one meter nine, and came over with dignity.

The waiter on the ground, security guards, and others saw this foreigner and were immediately respectful. They all shouted: "Manager George."

Hearing the title, Chen Fei looked at the brown-haired foreigner, his eyes narrowed, saying: "You are the hotel Manager? "

George nodded and said, "I am the manager of the Emperor Hotel. This guest, please give me an account of the matter here. "

"Account? What account?" Chen Fei said coldly, "If you want to explain, you should give me the answer. "

Wen Yan said, George couldn't help frowning, and pointed to the waiter and security guard on the ground, saying: "You shot our hotel staff, this matter, don't guests Are you not going to give an account? "

Chen Fei glanced at them, and then said: "That's what they deserve. "

"As service staff, they not only do not work well, serve me. They also speak badly and insult me. It's still light to teach them a meal." Chen Feihan said.

Chapter 934

Manager George frowned, and then frowned, then looked at the waiter and asked, "What happened?"

The waiter who was initially beaten by Chen Fei quickly said: "Manager George, this The guest deliberately troubled us. I did n't do what he said, and he shot us. And, when he checked in, he troubled us once. "

George heard this and turned his eyes to Chen Fei, " Guest, this matter, How do you explain it? "

Chen Fei snorted, " How do you explain it? You ask him this question, how do you explain it yourself? "

" I said that my friend would come to visit and let him arrange a small meeting room. As a result, he did n't check, and he said no. He also said that we were greedy and cheap, and let me go to the stall outside to meet my friends. "Chen Feidao, " Is your hotel serving guests like this? "

Facing the question, George could n't help but for a while Frowning, he looked at the waiter with an inquiring look, "Is there room available in the hotel's meeting room?"

A staff member checked it and immediately reported: "There are three rooms that are free. No one ordered. "

Suddenly, George's face sank, and he looked at the waiter on the ground with a questioning look on his face.

The waiter on the ground quickly explained: "Manager George, I, I said so, also for the hotel!"

"This guy is a mainlander, when he came, he was in shabby clothes and had no quality at all. Now, he said his friends want to come, it is certainly also a continent of people who have money do not say, but also love because they are cheap, our meeting room a mess. " "

the last time we received that Aunt groups spend thousands of dollars to rent a conference room opened A meeting. As a result, all the fruit candy and mineral water in our meeting room were taken away. The stall was covered with peel trash and even burned a few holes by cigarette butts. Finally, our hotel spent tens of thousands of dollars to clean up When it's finished, it's a total loss. "

"I just took this into consideration and said that there is no meeting room and let them go out. I also consider it for the benefit of the hotel!" The waiter explained.

Manager George heard that the look of the original essence gradually began to change. His eyes turned to Chen Fei and said: "This guest, the behavior just now, our hotel does have inappropriate places, but we also consider it according to the actual situation.

Yes . " " And, guests, you shot our staff, I'm afraid it's too much. I hope you can give us an account of this hotel. "George told Chen Feidao.

Chen Fei looked sad and said coldly: "What do you mean by this? Look down on us? Are the things you said related to us? And, with a special event, you can judge the whole, this is what your hotel should be Did you do it? Besides, serving guests, this is what your hotel should do. "

George heard that, his face changed slightly, and his attitude was more arrogant. Because, he heard from Chen Fei's words, what the waiter guessed just now is very likely to happen.

Therefore, his voice was cold, and said: "This guest, I'm sorry, our hotel has our rules. If you are not satisfied, you can leave."

"What rules, different treatment is your rules?" Chen Fei coldly questioned said, "the face of foreigners drunk, your hotel greeted with a smile, the face of our Chinese people, you deliberately make things difficult this is discrimination?."

Qiao

Zhi shook his head and said: "I'm sorry, I do not believe there is such a thing happen And, to a certain extent, foreigners are indeed more qualified than you. "

" Our hotel is a high-end hotel facing high-end customers. So, we only welcome people with identity and status. This guest, please Leave. "George started to catch people.

"Okay, very good. I really can't live in this hotel anymore." Chen Fei smiled angrily, ready to let Xie Yuan arrange to change the hotel.

At this time, a waiter came in front of the hotel and said: "A group of guests came outside and said that they were looking for Mr. Chen Fei Chen."

Wen Yan said, the local waiter immediately said: "His friend is here."

George looked After sinking, he said: "All stopped, to see the guest, let him go out to see." The

waiter nodded and then quit.

Then, a quarrel came from the door. George waved his hand and indifferently directed the staff to come forward, ready to drive away the guests at the door. Immediately, he glanced at Chen Fei, disdainful, "I will give you half an hour to leave from my hotel immediately."

After that, George turned to leave.

But at this moment, there was a loud knock at the door, "Does your hotel treat guests like this? Let your manager George give me out." The

waiter also wanted to deduce something, but at this time he turned to go in. George, hearing this voice, could not help but change his face, with a suspicious look on his face, then turned around and walked towards the door.

At this time, there was a push and shuffle at the door, a burly middle-aged man in casual clothes, with four or five people behind him, was arguing with the hotel's waiter and the security staff.

When he saw George coming, the waiter immediately said: "Manager George, they don't want to leave, but want to break in. Let's call the police."

However, at this moment, George looked at the burly man, and his eyes changed suddenly. His face changed, and he quickly accompanied his smile and said, "Director Xu, how are you here?"

"Manager George, do we still call the police or not?" The waiter was still a little puzzled and took out his mobile phone card and looked at in doubt George.

George suddenly furious, bitter stare at waiter, Li He said: "This is the Hong Kong Police Service Seo Taiji Xuju Zhang, reported what the police will not quickly meet Xu Juzhang go!."

Congregation waiter, suddenly all surprised. With a stunned look on his face, he looked at Director Xu in horror.

They wanted to call the police, but they didn't expect that the person in front was the police. Moreover, it is not an ordinary policeman, but Director Xu of the Xiangjiang Police Station, an absolute real power figure.

For a time, everyone froze.

Director Xu frowned unpleasantly, but in the face of George's smile, he was still preparing to enter the hotel.

But at this moment, Chen Fei came out with a cold face and said to Secretary Xu: "You are Secretary Xu, don't need to go in, we will talk outside."

Director Xu said, he could not help but stunned, respectful and doubtful. Tao: "Mr. Chen, what does this mean?"

Chen Fei glanced at George, and then said: "Director Xu, the manager of George and the staff of his hotel, look down on people from my mainland. Say me they are cheap, came to visit friends are rustic, he can not afford to live in this high-end hotel, we go to catch it! "

Chapter 935

Hearing the words, Director Xu was furious and shouted, "This is nonsense. This is completely nonsense. Mr. Chen, what is your identity, how dare they treat you like this, I will never be

lighthearted ." Voice said: "George, is this why your hotel staff blocked us out?"

George was shocked. He didn't expect that Chen Fei's friend turned out to be Director Xu of the Xiangjiang Police Station. He quickly lost his smile and explained: "Director Xu, this is just a misunderstanding. We don't know that it is you who visited Mr. Chen, so--"

Chen Fei snorted and said: "What do you mean by saying, if It was n't Mr. Xu who visited me. It was really a group of mainlanders. Are you going to stop? "

George quickly explained with a smile: " Mr. Chen, I do n't mean that, I

don't— " Chen Fei waved and interrupted George If you don't need to say more, you hotel, I can't afford to stay, I'll go. "

" Of course, the hotel's problem, you also have to check with Secretary Xu! "Chen Feidao said.

Director Xu was full of face and quickly said: "Yes, Mr. Chen. I must investigate this matter carefully, crack down on the

evil spirits and give Mr. Chen and the guests a satisfactory answer." Chen Fei nodded and was about to leave with Mr. Xu .

But at this moment, a phone call came in. Chen Fei looked at the number and it was the star Anita. He couldn't help being surprised, and hurriedly connected the phone, "Xiao An."

"A Fei, your friend is all right, I came to see you at the Emperor Hotel. Are you back? "Said Anita.

Chen Fei looked at the door and said, "I'm at the door of the hotel. Where have you been?" As

soon as the words fell, Chen Fei saw a luxurious black Mercedes-Benz parked at the door of the hotel. Then, Anita, surrounded by four burly bodyguards, walked quickly.

"A Fei!" Anita saw Chen Fei and ran over from a distance.

George and others at the door were startled when they saw Anita.

They naturally knew Anita, and they were all stunned for a while, and they could not speak clearly.

"Anita, this, this is an international star. How did she come to us?"

"Isn't Anita coming to Xiangjiang, was she staying at Longteng Hotel? How did you come here?"

..... In

exclamation, Anita Directly rushed over, a warm hug with Chen Fei, grateful: "A Fei, thank you so much, my mother is okay."

Chen Fei is somewhat unaccustomed to the western-style enthusiasm of Anita, laughing: "Auntie It 's okay. "

Anita looked at Chen Fei who was standing at the door and joked: "A Fei, why are you standing at the door, knowing that I 'm coming, did you come to meet me specifically? Let 's go in and talk. "

Speaking, Anita was about to walk in."

The surprised George and others quickly squeezed out their smiles and greeted them, "Miss Anita, your presence is an honor for our Emperor Hotel, please come in!"

However, just when Anita was about to enter. However, Chen Fei pulled her and said, "Don't go in, we will talk outside."

"Ah, talk outside! Why?" Anita wondered.

Chen Fei glanced at Manager George, and then told Anita what she had just said

Anita suddenly became furious and angrily said: "How can this be? This hotel, too much discrimination. I am also a Chinese identity, this hotel, do not welcome me?"

George was shocked and quickly explained: "Anita Miss, we do n't mean that, we absolutely welcome you,

we— " He still wanted to explain, but Anita did n't even give him a chance, just took out his mobile phone and sent a message on the social network, " Your hotel, just It 's time to expose. "

Hearing, George was shocked. You know, Anita is an international star. There are tens of millions of fans on social networks. Moreover, her fans are all over the world.

If she sends such a social message, I am afraid that their Emperor Hotel will have a bad reputation.

However, in the face of Anita, how could George stop him. Can only watch Anita sent a social message.

Immediately, Chen Fei said to Anita and Director Xu, "Let's go, let's talk about another place." In the

lobby, Manager George looked at Chen Fei's back, they were ashamed, their legs were soft, and they were almost paralyzed Ground.

Immediately, he turned around, staring fiercely at the waiter who made trouble for Chen Fei, and said sharply: "It was all caused by you. From now on, pick up things and get out of here." The

waiter was shocked and wanted to explain , But nothing to say.

Who knows, a guy dressed in ordinary clothes. Not only did you know the powerful person such as Director Xu of Xiangjiang Police Station, but also an international star such as Anita.

With the strict investigation of Director Xu and the exposure of Anita, the Emperor Hotel is definitely going to be a big one this time.

Even if George is the manager, I am afraid he will not be able to explain to the boss's question.

So, angry with him, he naturally sprinkled all his anger on the waiter who caused the incident.

However, he did not realize that this incident was not caused by the waiter alone. It was caused by arrogance and discrimination hidden in the hearts of all the emperors.

This time, it is a lesson for them.

On the other side, Chen Fei and his party found a coffee shop nearby and sat inside to chat.

Director Xu and his party came over mainly to apologize for Wei Ling's affairs, but also to Chen Fei. Plus, Anita and Chen Fei obviously have something to talk about.

Therefore, Director Xu simply expressed his apology and showed his good intentions, and immediately offered a goodbye, leaving Anita and Chen Fei in the cafe.

Anita was in a good mood. While drinking coffee, she said to Chen Fei: "A Fei, you are really amazing. My mother went to the hospital for a check. The results of the test surprised me. Her physical condition is much better than before. The doctor said that as long as you rest for a period of time, you will be able to fully recover. "

" They suggested that I let my mother recuperate in the hospital for half a year. But my mother and I believe in you and plan to take the Chinese medicine you prescribe. After all, you said, If you take the medicine, you can recover in a month. "

Chen Fei smiled and nodded and said, " I promise you, my aunt takes my medicine, and I will be cured in a month. "

" Well, trust you. "Anita covered her face Smile, and then asked, "Yes, A Fei, what did you say about your friend being arrested by the police, how about it? Need my help?"

Chen Fei shook his head and said, "Thank you, that matter has been resolved, It 's alright. "

Chapter 936

"It's solved, that would be great." Anita smiled, then looked at Chen Fei again, and said, "A Fei, I still say that, if you have anything I need to help, despite speaking, I I must try my best to help. "

Chen Fei heard the words and smiled and said, " Xiao An, I understand your intentions. I wrote it down. "

While the two were chatting, Anita's phone rang and she did not carry it. Chen Fei, instead, answered the phone in person, "Mary, what's the matter?" At the

end of the phone, there was an anxious voice from the agent Mary, "Anita, Browning just came to the hospital and said she was going to visit Your mother's. "

" What? "Anita's tone was startled, her face was not pretty, and she quickly said, "That man is annoying, I said that he is not interested in him, he is still chasing it. Mary, hurry up. He left. "

Mary said anxiously, " Anita, I've rushed, but he didn't want to leave. Moreover, he brought the doctor over and said he would give the best treatment to the aunt. "

" What, he How can this be? "Anita was really anxious Shabu stood up, quickly said, "Mary, you do not let him touch my mother."

Mary said: "I was blocked, but Browning waited at the doorway, reluctant to leave."

"I'll be right back . Mary, you must keep it, do n't let that guy come. "Anita hurriedly.

Mary said: "Okay, I will stop him."

Immediately, after hanging up the phone, Anita looked at Chen Fei apologetically, and said: "A Fei, I'm sorry, my mom encountered some problems, I

Let's go and have a look. " " Is the disease recurring? "Chen Fei asked with concern," I'll go and see with you. "

Anita paused, then nodded and said to Chen Fei: "A Fei, thank you so much." The two then checked out and quickly got in the car and drove towards Anita's mother's hospital.

In the car, Chen Fei asked: "Xiao An, what happened to Auntie?"

Anita sighed, somewhat helpless and also angrily explained: "It is an English man named Browning, he is mine Fans are still pursuing me. I rejected him many times, but I did n't expect him to chase Xiang Jiang. "

" He did n't know where to get the news that my mother fell ill, and he took the doctor directly Go to the hospital and say to treat my mother. "Anita said.

Upon hearing this, Chen Fei felt strange and speechless. "How could there be such a person?"

Anita sighed helplessly, "This Browning family is the majority shareholder of Meilian Company, the largest beauty company in England. He I am also in the middle and senior positions of Meilian Company. My grandfather and Queen of England have a knighthood, and his family is excellent. Therefore, he has always been the kind of younger brother who grew up in a honeypot and has always done what he wants, never Taking into account other people's ideas. "

Chen Fei heard, frowning for a while, he really did not understand this strange character.

While driving, chatting, unconsciously, the two arrived at the door of the hospital.

After the car was parked, the two got out of the car and flew towards the VIP ward on the top floor.

Running all the way to the door of the ward, before approaching, Chen Fei and Anita

heard a controversy in English mixed with Chinese.

"Browning, it's in Xiangjiang, it's in China, you can't come here!" This is Mary's voice.

"Mary, you let it go. I said it all. I have some good intentions. Anita knows my intentions and will thank me." This is the voice of a man with an accent.

"Browning, no matter how hard you are, I will call the police." Mary warned.

The man snorted and dismissed a bit: "Mary, you don't seem to have figured it out. I'm English, here is Xiangjiang. And, I am still a VIP guest who is here. You think, even if you call the police, Xiangjiang police, Dare to move me? "

Mary was unable to refute for a while, but only said:" Anyway, I don't allow you to step into this ward half a step. "

This situation seems to annoy the man, and his tone is a little unpleasant. "Mary, you have to figure out who you are. You are just Anita 's agent. It 's awkward, you 're just one of her servants. When Anita marries into our Browning family, you 're a lowly dowry. It 's just a servant. What are your qualifications to make a decision for her. Now, give me away now? "

Mary, as Anita 's agent, is not a respectable existence. As a result, she was so insulted by Browning now that her cheeks were flushed with anger, as if a volcano was about to erupt, and it was about to erupt.

At this moment, Anita rushed over and came directly to Mary, comforting her. Then, staring fiercely at the man in front of him, he said sharply, "Mary is my friend. I let her make the decision for me. What qualifications do you Browning have for Mary? I now ask you to apologize to Mary immediately. "

Chen Fei also came to Anita at the moment, squinting slightly and looked at the foreigner man in front of him."

A man in his early thirties, a straight suit, a poppy flower on his chest, a pair of hand-made high-end Oxford shoes under his feet, his hair and face are carefully managed. At first glance, it is the kind of image of western men that often appears in TV movies.

Just looking at the appearance, Browning is pretty good, handsome and tall. But at the moment, his proud eyes and the domineering attitude made Chen Fei feel very uncomfortable.

At this moment, Browning could not help seeing Anita appear. However, there was a smile on his face immediately, and the tone became gentle. "Anita, you come, I know, you will appear."

Facing Browning's tenderness, Anita felt a while Disgusted, frowned, coldly said: "Browning, my own affairs, I handle it yourself, please leave."

Browning did not want to leave, but took a step closer and looked concerned, "Anita, I heard that you found your mother. She is still ill, so I immediately asked Xiangjiang 's most famous doctor to come and see her. "

Anita said coldly:" Thank you for your kindness, but it 's not necessary. My mother 's The condition has been cured, please come back. "

Browning said:" Annita, I have inquired. Your mother's condition is a little complicated. You asked a street Chinese medicine doctor to treat her. "

" Annita , You also know. This kind of Chinese medicine is just a pile of dross, which has no effect and may even hurt people. Can you rest assured about this kind of treatment? Let me invite the famous doctor to treat your mother again. "

Browning A pair of looks for you, but made Anita and Chen Fei feel sick.

Chapter 937

During the speech, Browning turned and beckoned behind him, saying, "Dr. Marcus, come on."

Then, a middle-aged foreigner with bald blonde hair came out with a smile on his face.

Browning immediately introduced to Anita with conspicuous face: "Anita, this is Xiangjiang's most well-known physician-Marcus. He is an Englishman, and he graduated from Cambridge Medical College. He--"

Browning is still introducing, but at this time, Chen Fei sneered and interrupted Browning's introduction directly, "Hehe, you are the famous doctor, he is! It's too ridiculous."

Browning , Suddenly he was interrupted, and suddenly looked at Chen Fei, coldly said: "Who are you?"

Chen Fei took a step forward, without fear, and looked at Browning, said loudly: " I '

m the Chinese medicine doctor who cured Xiao'an 's mother. "' It 's you, you 're that lowly Chinese medicine. "Browning said, and immediately thought that Chen Fei even called Anita Xiao'an intimately. Said, "What is your relationship with Anita? How dare you call her Xiao An."

Chen Fei sneered and said, "What is my relationship with Xiao An, is it related to you? I'm not just calling her Xiao An, I usually also called her darling! "

said Chen Fei looked at Anita, her mouth smiled, her eyes screamed, "Dear."

Anita blinked her eyes, and nodded to Chen Fei with a very incomprehensible smile. "Huh, dear!"

Such intimate interaction suddenly made Browning angry, and his cheeks flushed like a volcano about to erupt. "You, you are even--"

Anita faced the angry Browning without retreating, even deliberately toward Chen Fei got closer, and almost his entire body had to be attached to Chen Fei.

Browning was very angry, but at this time, the people around him said something quickly and whispered in his ear, and the Browning's anger dissipated a lot.

He sneered, looked at Anita, and said, "Anita, I already know. You and Chen Fei have just known each other for no more than a day. There is no special relationship between you, you Now, just show me the acting. "

Anita flashed her eyes and then denied with a voice:" Even if I and Afei only knew each other for a day, but our relationship has reached an unimaginable point. "

Anita He took the initiative to reach out and grabbed Chen Fei's arm, soft and delicate body, directly attached to Chen Fei. Chen Fei felt the softness and elasticity of this international star.

Upon seeing this, Browning's eyes flashed and he almost burst into flames.

However, he immediately snorted and diverted the topic, saying: "Anita, you act like this, whether you lie to yourself, or to me, I don't care. But your mother's condition, you really feel relieved to get this kind of Is it in the hands? "

Said Marcus, then said:" Miss Anita, I just looked at your mother's medical record. Your mother's situation is a little complicated. In our English, this kind of condition must be top-notch. doctors with the latest treatment with biological agents, can be completely recovered. " "

do you think he's a humble Chinese medicine, to have this ability it? "Marcus eyes to see Chen Fei, the eye

in with hatred.

The other party was scolded, and Chen Fei was also polite. He snorted and glanced at the corner of his mouth, and said to Marcus: "Dr. Marcus, it seems that the lesson in the Emperor Hotel yesterday was not enough! Are you here to find death again? "During the

speech, Chen Fei pinched his fingers for a while, and suddenly scared Marcus back again and again, with a look of fear on his face.

Browning saw something strange, and asked, "Dr. Marcus, do you know him?"

Marcus looked a little ugly, and quickly explained: "Yesterday, his people invited me to the Emperor Hotel to give He was seen by a doctor, but was eventually robbed by this guy. He also shot me and beat me. "

After that, Marcus seemed to feel a little faceless, and then added:" However, without my diagnosis, the patient There must be no way to die, no doubt. "

Chen Fei sneered and said to Marcus disdainfully:" Oh, you really think that the earth can't run without you! "

Anita also said at this time "I'm sorry, I believe in A Fei's medical skills. As for Dr. Marcus, I'm sorry, I haven't heard of it."

"Miss Anita, you inquire about it in Xiangjiang. My fame is not comparable to a river and lake doctor. And , Your mother 's condition is definitely not cured by ordinary doctors, I can say that in Xiangjiang, you ca n't find a second person other than me to cure your mother 's disease. "Marcus looked proud .

Browning also took the opportunity to speak out next to him: "Anita, I don't know what Ecstasy this guy has given to make you believe him so much. But your mother's body can't be random. If it really appears then If there is a problem, then I regret it too much. "

Chen Fei heard, shook his head with a sneer, and said:" I have no knowledge, and I am still ridiculous, it is ridiculous. It seems that I will not let you know, you are I don't know how powerful I am. "During the

speech, Chen Fei said something to Mary, and then stepped towards Marcus.

Seeing Chen Fei approaching himself, Marcus couldn't help but look back, he quickly stepped back a few steps, and said cautiously: "What do you want to do? I tell you, this is in the hospital, in front of Mr. Browning. Come. "

Chen Fei smiled when he saw it. It seems that Browning was really frightened by himself.

Shaking his head, Chen Fei said with a smile: "Marcus, you said you are the best physician in Xiangjiang. Then I would like to ask, your fatty liver should have been at least for nearly ten years. Since you are the most Xiangjiang A good physician, why can't he cure his condition? "As

soon as he said this, Marcus couldn't help but change his face, his face was surprised.

Browning, who also puzzled and surprised to see Marcus, asked aloud: "? Dr Marcus, is this really,"

Marcus muttered, after all, can not deceive Browning, nodded "It's true. It's just that my fatty liver is not serious, and I have been controlling it."

In fact, Marcus discovered his condition long ago. But it is a good wine and usually likes meaty and oily food, he can't control his mouth at all. Therefore, the condition of fatty liver can not be solved all the time, and it can only be controlled by various drugs.

After listening, Browning also explained to Marcus: "As the saying goes, healers don't heal themselves. Marcus himself is unhealthy, but it doesn't mean he can't do medicine."

Chapter 938

Chen Fei heard the words and smiled directly. He said, "It still makes sense. The doctor may not be able to cure his illness."

Browning nodded and smiled, thinking that he had refuted Chen Fei.

But at this time, Chen Fei's tone changed and said: "It's okay if he can't cure his disease, but if Dr. Marcus, who claims to be the best physician in Xiangjiang, even his own condition is wrong, then But it 's not that healers do n't confuse themselves without saying anything."As

soon as the words came out, Browning and Marcus looked at the same time. Indeed, it is understandable that the disease cannot be cured. After all, there are many factors.

But if even the subject of his own job, even the judgment of the condition is wrong, it is a big mistake.

After Marcus's complexion changed, he immediately said to Chen Fei: "What do you mean? I know everything about my own problems, and it's impossible to judge mistakes."

"Is it?" Chen Fei sneered and pointed to the horse At a position on the left side of Kus's abdomen, he said, "You click on this place yourself to see how it feels?"

Marcus pressed his suspicious hand over that place, and suddenly an unbearable tingling surge. When he got up, Marcus could not help but screamed, and the whole person almost fell to the ground.

Browning standing next to him was startled.

Sweaty Marcus, with an incredible look on his face, muttered: "This, how is it possible? How is this possible? I've been using the latest biological agents, how can

I— " Chen Fei sneered, said: " Your so-called latest biological agents have no better efficacy than you think. Moreover, after the biological agents enter the body and react with various biological enzymes, there will be a fundamentally unpredictable biochemical reaction, which eventually leads to the failure of the drug. "

"On the other hand, coupled with your irregular eating and drinking without eating or drinking, your condition will naturally get worse. I see your current condition, not too far from developing liver cancer." When I

heard the words "liver cancer", Marcus couldn't help but look pale, his face was horrified, and the whole person almost collapsed to the ground.

Browning was also surprised, but then said in a deep voice: "Marcus, don't be scared by him. As far as I know, there are many deceptive eye-blocking methods in Chinese medicine, he may be in Do n't be fooled because of you. "By

saying this, he gave Marcus a little confidence and his face improved slightly.

But at this time, Chen Fei chuckled and turned his eyes to Browning, scanning his eyes up and down, looking at Browning.

Browning was so hairy by Chen Fei's eyes that he felt uncomfortable for a while, "What do you see?"

Chen Fei embarrassed, and then said with a smile: "I thought that Marcus' situation was serious enough. Unexpectedly, your condition is more serious! "

" What! "Browning was startled, but then said," You don't want to lie to me, I do physical examination every year, and life has been very regular, my body, not There may be any problems. "

" Is it? "Chen Fei smiled, then pointed to somewhere under the left arm rib, and said:" Then you click on this to try. "

" I-"Browning will doubt, But he still reached out and pressed at the left rib.

And with such a press, Browning immediately grinned his teeth, and uttered a scream. The whole person staggered and almost fell to the ground. The reaction was

greater than that of Marcus just now.

"Mr. Browning, you--" Marcus' face changed drastically.

Browning also lost his face, but still calm, said: "I said, you scammers of Chinese medicine are blind, and I want to deceive me, I will not believe you."

Chen Fei did not justify anything, just At this time, Mary came with a doctor in a white coat.

The doctor came over and said to Anita: "Miss Anita, this is your mother's latest full-body examination report. According to the examination results, your mother's condition has been cured. Now, in addition to being physically weak, you need to recuperate for a while Other than that. There are no more problems. "

Anita couldn't understand the reports, but she only smiled after hearing that her mother was safe.

Then, Chen Fei showed the inspection report to Marcus and Browning, saying: "The result of this report, Dr. Marcus should understand it!"

At this time, there were still some grinning Browning, with a touch of sweat, Looked at Marcus.

Marcus stared at the report, then his face changed, and he was speechless.

"How is it?" Browning asked.

Marcus said: "According to the results of the report, Miss Anita's mother's condition is really cured."

"Well, how is this possible? How could he be a liar of Chinese medicine--" Browning couldn't believe it and immediately Make excuses, "This must also be a scam, absolutely yes."

"I just saw it. It's the inspection report that you can only get from Mary. You must have joined together to falsify."

Now, Mary was not happy, cold Voice said: "Mr. Browning, you should be responsible for your speech. Moreover, this is the best public hospital in Xiangjiang. Is it appropriate for you to slander the hospital?"

Sure enough, the expression of the doctor in white also sank at the moment.

Anita also said: "Browning, do you really think that I will use my mother's condition to lie to you? Do you think that you deserve me to do this?"

"Anita, you--" Browning was momentary. To be right, but still unwilling to relax, "In short, I will not believe the diagnosis of an unknown Chinese medicine

doctor ." Chen Fei indifferently said, "Mr. Browning does not believe me, I do not care Anyway, the disease is not on me anymore, and it 's not me who has the big problem then, what am I worried about? "

" You— "Browning's eyes flickered and he looked at Chen Fei.

At this moment, Marcus's cell phone rang, and he answered the phone and said loudly: "Yes, I am Marcus, what's the matter?"

"Oh, the medical report came out three days ago. Okay, what? Tell me about the situation. "After

a moment of silence, Marcus suddenly changed his face and exclaimed:" What, what do you say. You said, I have liver cancer. Are you sure I am? Are you sure there is no misdiagnosis? "

After another silence, Marcus lowered his tone and said, "Okay, I, I'll go right away."

After that, Marcus hung up the phone. With a look of anxiety, he said to Browning: "Mr. Browning, I'm sorry, I'm going to the hospital."

Browning was anxious and grabbed Marcus, saying: "Marcus, you just said 'S liver cancer, what's going on? "

Marcus said with a sad face." My medical examination results three days ago have just come out. My fatty liver has deteriorated into early liver cancer. "

Chapter 939

Browning heard it and couldn't help but startled, his face showing a stunned face, and then said: "Dr. Marcus, this is not wrong. How could

you-- " Marcus cried with regret, "Mr. Browning, I also hope that the result is wrong. But the hospital I checked was an old acquaintance, and there have been no misses for so many years. "

" This-- "Browning didn't know what to say for a while.

At this point, Marcus did not care about Browning's identity and the things in front of him, and said directly: "Browning, I'm leaving."

After that, he didn't wait for Browning to respond. Marcus quickly left the hospital ashamed.

So, leaving Browning himself and looking at the smiling Chen Fei on the opposite side, his expression changed at the moment, and he really didn't know what to say.

Chen Fei now, with a look of emotion, sighed for a long time, watching Browning say: "Mr. Browning, now, don't you go to the hospital to check it? If you go now, maybe you can still have time. A chance to save. "

" You still want to cheat-- "Browning still instinctively didn't believe it, but halfway through the words, he immediately thought of Marcus's things, and couldn't help but look dull, his expression very ugly.

He stared at Chen Fei and said, "You said that my body is also in trouble, and the situation is more serious than that of Dr. Marcus. Then what is my condition?"

Chen Fei shook his head, smiling like a smile. He looked at Browning non-smilingly and said, "Mr. Browning, didn't you say that you don't believe in my medical skills or Chinese medicine? Why, now I'm asked about my condition?"

Browning looked awkward and gritted his teeth. Road: "I just want to debunk your lies."

"Since Mr. Browning believes that I'm telling lies, then I have no comment on your condition." After that, Chen Fei turned to leave.

When Browning saw this, he was anxious and shouted at Chen Fei, saying: "You stop for me."

"What are you doing, Mr. Browning, what else?" Chen Fei asked.

Browning's face changed for a while, and he said aloud: "I, I just want to know, what's wrong with your condition?"

Chen Fei smiled and said: "Mr. Browning, don't you believe in Chinese medicine ?" If so, let the doctor check it. Anyway, what I said, you think you are cheating, why should you ask me? "

" You-- "Browning was a little angry and took a step forward. With a look of anger, a pair of postures about Chen Fei will start.

Chen Fei turned around and stared at Browning with a cold look. He said coldly, "Mr. Browning, are you trying to get started?" During the

speech, Chen Fei's left hand gently patted the tiles on the corridor wall. Immediately, remove your palm.

Then, the hard wall tiles even appeared like spider-like cracks.

At this time, Browning was taken aback. His original state of anger was atrocious, and he quickly took a few steps back, and finally left in a vain.

After driving away Browning, Chen Fei turned to smile at Anita, and then said: "That guy is gone, let's go inside to see the aunt."

Anita nodded and walked to the ward side by side with Chen Fei. However, while walking, while she is full of curious look, it seems towards Chen Fei, open asked: "hooligan, you really

. Too much, just looking at it and see Marcus Browning got sick this medicine ,Amazing."

Chen Fei smiled and said: "It's nothing, then Marcus, I have met him before, and has already noticed his condition, so a little observation this time can confirm that he has fatty liver and is very good. It may worsen into liver cancer. However, if I point it out to him now, it would be a life saver. After all, if you go to treatment now, it is still early, and the possibility of cure is still very high. "

Anita nodded, and then thought What happened, asked: "Marcus is liver cancer, what disease is Browning suffering from?"

Hearing this, Chen Fei couldn't help but stunned, then shook his head with a smile, said: "He is not sick!"

"No Ill, then you just— "Anita looked puzzled.

Chen Fei

smiled badly and said, " I watched him entangle you, and looked down on Chinese medicine. So, I deliberately said that to scare him." Anita suddenly stunned, then smiled, "A Fei, I thought you It's a great person, I didn't expect you to have such a bad side. However, I like it. "During the talk

, Anita embraced Chen Fei's arm intimately, just like a buddy, without any star's shelf.

Beside, the agent Mary coughed and reminded: "Anita, although we did the inspection on the side of the hospital. But there is no guarantee that there are no reporters secretly filming, you want

to-- " Anita waved her hand, and she didn't care. : "! they want to shoot let them shoot, they went to report to report any scandal, I and a Feiqing innocence white, not afraid of their slander it,"

Mary suddenly look helpless look, only to vote to help Chen Fei Eyes.

Chen Fei understood Mary's thoughts, nodded to her, and then speeded up, walked towards the ward, "Let's go see the aunt."

Several people walked into the ward and looked at Anita's mother. Chen Fei checked her again and determined that her body was all right, and then walked out of the ward.

"A Fei, I'm so embarrassed. I was going to the Emperor Hotel to thank you. I didn't expect it and trouble you again." Walking out of the ward, Anita was embarrassed. "Otherwise, I'll invite you to dinner." "

Chen Fei was just hungry, so he didn't postpone," said: "Well, the world-class superstar invited me to dinner, this is the first time!"

"I'm a big star, Afei, you're the real one It's amazing. "Anita smiled.

In the speaking room, the two casually found a fairly good restaurant near the hospital, ordered a few dishes, and ate together.

The two chatted while eating and the atmosphere was very good.

Anita was very curious about Chen Fei's medical skills and couldn't help but ask: "A Fei, you are so young, medical skills are so powerful. How did you learn?"

Chen Fei smiled and said, "I have followed me since I was a child Master learns. "

" Learn with Master. Then you must be very famous, Master. "Anita said.

Chen Fei shook his head and said, "My Master is very powerful, but it's not very famous."

"Is he a kind of reclusive elite?" Anita said.

Chen Fei thought about the old man holding the Toyo love action disc, and asked him to teach him the kind of sullen face when he played, he could not help shaking his head, thinking that the old man's appearance was really inseparable from the characters of the world. .

Chapter 940

However, it is not easy to explain, he can only vaguely say: "In a way, it is not."

Worrying about Anita's questioning of the old man, Chen Fei directly opened the topic and began to ask himself, "Xiao An, You are from Xiangjiang, and you have become an international star in English. It 's really amazing. "

Anita smiled and said:" A Fei, I can only be considered as an international threshold now. Those propagandas are a little exaggerated. "

It's also very powerful to be able to cross the threshold of international level. After all, there are really few Chinese stars who can enter the international market!" Chen Fei laughed.

Anita nodded seriously and said, "I think so too. I want to rely on my strength to expand the influence of Chinese stars in the world and bring our Chinese culture to the world."

"Good ambition , I support you. "Chen Fei picked up the wine glass and clink with Anita.

"Thank you!" Anita smiled.

Immediately, Chen Fei couldn't help thinking of the cabin where Anita's mother lived, so she couldn't help but be curious, so she asked with a smile: "Xiao An, there is a question, I'm a little curious, if you are not convenient to answer, you don't need to answer me."

"Xiao An you Now that she is an international star, why does Auntie still live in that kind of place? This is-"This is a problem that Chen Fei has some puzzles. After all, Anita is definitely not short of money. The Violet Street where the small shop is located is a fragile area in Xiangjiang.

Speaking of this issue, Anita couldn't help but sigh, and she said helplessly: "When it comes to this matter, I can't help it either."

"Oh--" Chen Fei's face was curious.

Anita continued to say: "Actually, my mother is not my biological parents."

"Ah--" Chen Fei was a little surprised.

Anita said: "You look at me, you should be able to see that I have traces of mixed blood. And my mother and my father are both Chinese, how could it be possible to give birth to my mixed blood."

Chen Fei remembered it, but thought of it . At that time, when I saw Anita's mother, I thought Anita's father was a foreigner.

"Actually, I was originally an orphan. I was left on the side of Violet Street and was picked up by the adoptive parents who got up early to prepare for business, and then raised me up."

"Originally, I have been growing up in normal school in Xiangjiang, should It has nothing to do with the stars. But when I was fourteen years old, an Englishman came to our school and discovered my singing skills, so I applied for a scholarship to study

in English . " " I followed him in English I studied for four years and started my debut at the age of 18. It was only after these two years that I gradually gained fame. "

Chen Fei nodded and listened carefully. He did not expect such a world-class star with extraordinary scenery. .

Anita continued to say: "In the four years I studied at English, I didn't have enough time and money, so I didn't go back to Xiangjiang many times, and

I didn't meet many parents." "At that time, I decided in my heart , When I'm famous for making money, I must go back to Xiangjiang, buy a big house for my parents, buy a good car, everything is the best. "

Speaking of which, Anita paused, and then the tone was a little low, said," However, I did not I thought of it. When I made my debut and made money, I would return to Xiangjiang. My father had already

died due to exhaustion , and he dragged his sick body away. "

" After the father died, the mother's physical condition was also not good. Okay. I wanted to take my mother abroad for treatment, but my mother went to the hospital for examination and knew that her condition was troublesome and difficult to cure. So she didn't want to go out, so she wanted to keep the shop and spend the last days. "

"I was sneaking out of the airport outside of work this time. I just wanted to persuade my mother to let her and I go to English for treatment. But she still disagreed. Fortunately, I was lucky to meet you at the time, otherwise , I really don't know what the result will be now. "Anita felt some emotion and looked at Chen Feidao with some luck.

After listening, Chen Fei couldn't help but sigh, raised his glass and said to Anita: "Let the past, let him pass. Next, we are better off. Wish aunt good health, I wish you a smooth journey, fire Special fire. "

" Thank you! "Anita smiled and touched Fei with a drink, and immediately drank it.

At this moment, Chen Fei's cell phone rang. When Chen Fei looked at the number, it was Xie Yuan who called him. He couldn't help but felt the urge to quickly connect the phone and said, "Old Xie, what happened?"

Over the phone, Xie Yuan froze for a moment, and then quickly said: "Mr. Chen, nothing happened, don't be nervous. It's just the Emperor Hotel, do we need to move out? After all, just

now-- " Speaking of which, Chen Fei was Thinking of the conflict between me and George, the Emperor Hotel manager, I couldn't help but look down, saying: "Move out, definitely have to move out. This kind of hotel that earns Chinese money but discriminates against Chinese people, we absolutely can't live . " "

Yes, Mr. Chen. I have several options here hotels, which do you think moving to the right? "

for these, Chen Fei actually confused, simply do not understand. So, he turned to Anita for help and quickly explained the situation to Anita.

After listening to Anita, she said with a smile: "It's a trifle, you report the name of the hotel, I will choose."

Soon, Xie Yuan reported the name. Before he finished the report, Anita was directly selected when she was halfway through, "This is it, Starlight Hotel."

Chen Fei trusted Anita, so he decided on this hotel and asked Xie Yuan to help with the hotel change Too.

Hanging up the phone, Chen Fei asked with some curiosity: "Xiao An, is this Starlight Hotel good? Better than other hotels? You have chosen it before you finish listening?"

"Not bad, but is it? Best, I do n't know." Anita said.

Chen Fei was a little stunned, looking at Anita, "Then

why— " Anita smiled slyly and blinked at Chen Fei, saying: "That's because, I live in the Starlight Hotel!"

Chen Fei heard, suddenly suddenly laughed. At the same time, it is also a deeper understanding of Anita. In the eyes of outsiders, she may be a star-studded star, but at the moment in front of Chen Fei, she is a lively little girl.

After the two had finished their meal, Chen Fei said goodbye and left. Go back to the Emperor Hotel and help move.

When Chen Fei and his party left the Emperor Hotel, the messages that Anita had posted on the social network had gradually fermented and produced results.

Among the Emperor Hotel, many mainland tourists like Chen Fei also moved out of the hotel one after another. At the same time, outside the hotel, there were some demonstrators holding signs.

The reputation of the Emperor Hotel has plummeted.

Chapter 941

After moving to the Star Hotel, Wei Ling called Chen Fei aside.

Chen Fei looked at Wei Ling's appearance and couldn't help but feel a little strange, "Sister Ling, what's wrong? What's the matter, to be so mysterious?"

Wei Ling pointed to Lin Qiuhan's room and said, "Qiu Han's physical condition No, I worry about irritating her. So, our Autumn Group, was deprived of the exhibition qualification, I have n't told her yet. "

" When tomorrow 's exhibition starts, I decided to take someone to see it there. "

Chen Fei somewhat puzzled, said:"? there is a need to do at this level do an exhibition, even if not to participate in the "

Wei Ling shook his head and said: "you do not understand that this is the cosmetics industry, international-level exhibition site. There will be many big international brands and many big stars. If our products can show up at this kind of exhibition, it will be of great benefit to the company's development. "

" On the other hand, this exhibition I and Qiu Han spent a lot of thoughts and money, we don't want to give up like this. "After that, Wei Ling stared at Chen Fei with straight eyes.

Chen Fei is not a businessman himself and does not know anything about business, so he has no idea about this exhibition. But seeing Wei Ling's expression, he immediately understood that no one is willing to see the results of his own efforts so wasted in vain.

So, Chen Fei nodded solemnly and said, "Sister Ling, don't tell Qiu Han about the exhibition. Tomorrow, I will go to the exhibition with you."

"Well, okay." Wei Ling smiled a little. He nodded and said, "There is still some preparation work, I'm going to get it."

Early the next morning, both Chen Fei and Wei Ling got up early in the morning to prepare for the high-profile exhibition.

Even Lin Qiuhan, who was in poor physical condition, specifically called Wei Ling and Chen Fei into the room, and asked them to have a good show.

Chen Fei naturally nodded and agreed.

Immediately, Chen Fei and Wei Ling drove out. Behind them, other staff members came together in a minivan.

Because the booth was directly disturbed by Li Dong's relationship, Wei Ling planned to set up a booth outside the exhibition just like the previous one in Longjiang City, using the crowds of imports and exports to promote his products.

Wei Ling did a very good job in preparation, plus willingness to spend money. The autumn group directly got a site at a conspicuous location at the entrance of the exhibition, quickly set up a stall there, and began to work hard to promote it.

I have to say that this location is very good. Half of the people who come to the exhibition enter through this entrance. Along the way, it naturally attracted the attention of many people, and a lot of promotional leaflets were issued, but the effect was still good.

Of course, with the official start of the exhibition, the main focus of everyone is naturally those merchants in the exhibition hall. In particular, the big brands and the booths that invited big stars gathered a lot of people.

In this way, Chen Fei's booth is much less crowded, and almost no one wants to watch them more.

Although Wei Ling tried his best to propagate and even sent a leaflet in person, the effect was very weak.

Such a scene could not help making Chen Fei a little sad.

But had at this time, with a mocking tone of the sound up, "Oh, this is which company ah! Not eligible to participate in the show, even in the hall outside the exhibition's popularity began to rub, huh!"

Heard this, Chen Fei and Wei Ling could not help but look around.

I saw a young man in his early thirties, wearing gold-tinted glasses, with a mocking smile on his face, followed by a group of reporters, and came here with a bad look.

Seeing the man, Chen Fei and Wei Ling could not help frowning, glanced at each other, and then shook their heads, indicating that they did not know the man.

Immediately, Chen Fei Shen said, "Who are you?" The

man snorted coldly, his expression somewhat gloomy, and said in a cold voice: "My name is Li Han, and Li Dong is my brother. Now, you know who I am!"

Mentioning Li Dong, Chen Fei and Wei Ling immediately reacted, and their expressions also sank. "Xiangjiang Lijia, Meizi Cosmetics Co., you!"

Li Han immediately shouted: "Since you know it is us, Then do n't kneel and apologize! "

Chen Fei sneered, disdainful: " If you want me to apologize, do you also want to be the same as your brother Li Dong? Let 's say, do you want to abolish the left arm or the right arm, I will complete you. "During

speaking, Chen Fei squeezed his fist.

Suddenly, Li Han stepped back and forth a few steps, holding his glasses on the bridge of his nose, his expression a little panic.

However, he quickly stabilized, sneered, and said to Chen Fei: "I am not interested in entanglement with you, such a reckless husband."

After he finished, his eyes turned to Wei Ling, with a mocking tone: "This is not autumn Manager Wei Lingwei of the group? Some time ago in the autumn, the group was very busy in our Xiangjiang and said that it was going to participate in the exhibition. What

happened today? Even if the exhibition venue cannot be entered, it might be a product problem! "

He said this deliberately, and when he spoke, he deliberately asked the reporter behind him to take all this.

Wei Ling knows that if this kind of news really spreads, whether it is true or false, I am afraid it will have a huge adverse effect on the reputation of the autumn group.

So, Wei Ling immediately retorted: "All nonsense, our autumn group's products, there is no problem."

"Really? If there is no problem, then why can't even participate in the exhibition?" Li Han said with a smile intentionally.

Wei Ling looked serious, staring at Li Han fiercely, and said, "That's not because of some shameless villain, who made a stalk from it."

"Oh, Manager Wei can find this excuse, twitch--" Li Han did not believe Looks like.

Wei Ling still had to argue, and at this moment, the voice of a young man rang out, "Mr. Li, everyone, this autumn group, I know it clearly. In our mainland, it came out of a small place It 's a small company. Now, it 's just too much to come to Xiangjiang to participate in this international exhibition! "

Hearing this, Chen Fei and Wei Ling looked at the man who spoke.

The man was about twenty-seven or eighteen years old, dressed in a white suit, stylishly dressed, and his face was quite handsome, which attracted the attention of many people.

When he saw the man, Wei Ling and Chen Fei recognized him at a glance, especially Chen Fei, who was very familiar with this man. Because he is no one else. He is one of Sun Yi's and Sun Lao's disciples. In the domestic music circle, he is known as the prince of love song Lin Bai.

Chapter 942

However, when the concert was held in Longan City, Lin Bai shot Zhang Qiuyue, which angered Chen Fei and directly blocked Lin Bai. Since then, Chen Fei has never heard of him. Unexpectedly, he came to Xiangjiang.

With a cold snort, Chen Fei looked at Lin Bai and said with a cold voice: "Why, I can't get blocked by the blockade, and came to Xiangjiang to mix it." When it comes

to the blockade, Lin Bai couldn't help but look down, and his expression looked very ugly.

Li Han also noticed Lin Bai's discoloration, and immediately showed a smile to the surrounding reporters and Xiangjiang people, "This is Lin Bai, a famous singer in the mainland, who has the title of love song prince." Dear, I come You should have heard the

song "Ling ", that's Mr. Lin's work. " This" Dear, I'm Here "is regarded as Lin Bai's masterpiece and has a certain popularity in Xiangjiang. Li Han said this, the attitude of everyone around Lin Bai suddenly changed.

Li Han also introduced it, and it was also a matter of relieving Lin Bai's siege. "This time Mr. Lin came to Xiangjiang, was invited by our beauty cosmetic company to come to the exhibition as a spokesperson for our beauty cosmetic company "

With Lin Bai under the stairs and a somber complexion, a smile suddenly appeared on his face. I looked at Chen Fei disdainfully and said, "I will not say anything about it. This is Xiangjiang. I am now the spokesperson of Meizi Cosmetics Co., and some people can't even get in the venue. Stalling outside is really ridiculous. The products and people of Autumn Group are nothing more than that! "

Lin Bai said, many reporters swarmed over and asked questions.

"Mr. Lin Bai, please, do you have any grievances with the Autumn Group?"

"Mr. Lin, you said the products of the Autumn Group, but so, is there any problem?"

...

Among the swarms, some reporters came to the stall and asked Chen Fei and Wei Ling various questions at once.

"Boss Wei, why don't you Autumn Group participate in this exhibition?"

"Did you get kicked out of the exhibition because of quality problems?"

"What do you think of your peers?"

.....

Various and difficult questions With a hug, Wei Ling's complexion could not help but sink, and his expression was a bit ugly.

And the more so, Lin Bai and Li Han's faces became more proud, with a smile on the corner of his mouth, looking at them from the top.

Seeing that the situation could hardly change, Li Han held his glasses, and then raised a disdainful smile at the corner of his mouth, saying: "Such a small company, we don't waste much time, go in."

Lin Bai also glanced proudly Chen Fei glanced, ready to enter the venue.

At this moment, a more noisy voice came.

Car whistle, horn, shout, messy footsteps.

Various sounds mixed together, approaching this side.

Everyone heard this movement and could not help turning their heads to look at the past. A black Mercedes-Benz sedan drove in front of the exhibition hall, and then walked out of the car, a slim woman in a dress.

As the woman got out of the car, the black fans who followed followed suddenly shouted wildly.

"Anita

, I love you."

"Anita, welcome to Xiangjiang."

"Anita, the product you recommend, we will definitely support it."

"Anita, Anita!"

.....

Crazy cheers, everyone recognized, the comer is the international singer Anita.

It is said that Anita came to promote the exhibition booth at the invitation of the organizer of a certain exhibition, the Xiangjiang Business Association. This is also one of the main reasons why Anita returned to Xiangjiang from English.

Looking at the popular Anita, the people around them all changed their eyes, showing a flashing light, and had different ideas in their hearts.

Even Li Han, who had walked to the door, had a calm eyes. She felt regretful at the moment and could not help but whisper: "Annita is not so popular, and she is from Xiangjiang. If our beauty cosmetics can invite her to speak for her, that popularity Absolutely a big increase! It is a pity that Anita is unwilling to accept this endorsement, even the international big-name endorsements have refused. "

Looking at the emotional Li Han, Lin Bai, the current spokesperson of Meizi Cosmetics, at this moment 'S complexion is a bit ugly.

Moreover, this fiery scene reminded him involuntarily of the scene he once had. Perhaps he is not as good as Anita, but in China, if he continues to develop, he can confidently become a popular singer.

As a result, I didn't expect that because of this figure, Chen Fei, ruined my future, and finally had to accept the tenth of the price before, came to Xiangjiang to speak for the small company such as Meizi Cosmetics.

Regret and resentment in my heart, the light of revenge flashed in my eyes.

However, when he saw Chen Fei, who was standing in front of the stall at this time, a thrill of revenge rushed in his heart.

Although he has fallen, he is still a star and can still be sought after in Xiangjiang. But this Chen Fei, now the company can not even enter the exhibition hall, standing on the street to distribute leaflets, it is really sad.

Thinking this way, Lin Bai felt a lot better in his heart, and his face turned better.

At this moment, after Anita greeted her fans, she walked towards the entrance of the exhibition hall under the protection of the bodyguard.

When she went to the entrance just in time to see the next stall Chen Fei could not help but surprised, then stopped, surprised: "? Hooligan, how do you this,"

Chen Fei see when Anita appeared, also a little surprised, this time has been to understand the situation, then smiled and explained: "my company is doing cosmetics industry, this time to Hong Kong, has always been ready to participate in the show."

"participate in the show, then you how out ? "Anita asked strangely.

Speaking of which, Wei Ling couldn't help being angry, and looked at Li Han. Chen Fei also glanced at Li Han, and Shen Sheng explained to Anita: "Some people used unscrupulous means to forcefully occupy our participation qualification."

Anita looked at Li Han following Chen Fei's eyes. Suddenly understood what.

And because of the many reporters who came from Anita, it was also because of Anita at the moment.

Li Han knew that things could not be exposed in this way, otherwise she would have too much influence on her company, and immediately squeezed a smile on her face, explaining to Anita: "Miss Anita, my name is Li Han, and I am from Meizi Cosmetics Co., Ltd. People of the Li family. About the conspiracy means that some people just said, it was a complete lie, a slander to us. Please also ask Miss Anita not to believe this lie

Chapter 943

After listening to Anita, then some strange looking Han Li, said: "I believe it or not punk, then, and you have anything to do?"

"Uh -" what is choking Li Han was speechless, He was stunned for a while, and then he had to speak and justify his voice.

But at this time, Anita waved her hand and said, "And, relative to your words, I will definitely believe Afei's words more."

Now, Li Han was speechless.

The reporters around were keenly capturing the key points, and immediately threw a series of questions at this Anita.

"Miss Anita, may I ask, are you very familiar with this gentleman?"

"You call him A Fei, the title is so intimate, do you have an intimate relationship other than ordinary people?"

"Miss Anita, for Mr. A Fei's products, What do you think of it? "

... ..

Faced with the problems of everyone, Anita did not evade, and directly said generously." This A Fei, named Chen Fei, is my friend and benefactor, helped me A lot of busy. I greet my friends, no problem. "As

soon as this word came out, everyone could not help but be surprised.

In particular, Li Han and Lin Bai, who were still ridiculing Chen Fei just now, did not expect that someone else had an international star friend such as Anita.

Chen Fei was thrown out by Anita in this way, and suddenly became the focus of the reporters, almost surrounded by the reporters.

Chen Fei was not good at dealing with reporters and hurried to get away, so Sister Ling helped to deal with it.

Anita looked at Chen Fei, who was frightened and fled, and couldn't help but feel amused. "A Fei, I didn't expect you, such a powerful doctor and expert, to be afraid of reporters!"

"I'm not your big star, accustomed to the reporter's chasing and blocking." Chen Fei smiled and then asked, "Xiao An, which product did you endorse for the exhibition?"

Anita shook her head and said, "I don't know cosmetics, so I did n't endorse any products, but the Xiangjiang Chamber of Commerce invited me to come and let me promote this exhibition booth. "

" So it is! "Chen Fei nodded.

Anita laughed, "I didn't expect that you are in the cosmetics business, Afei, I thought you were a doctor!"

"Does your company's products require me to speak?" Anita laughed.

Chen Fei laughed: "A big star like you, our company can't afford it."

Anita smiled and said: "A Fei, you saved my mother, how can I collect your money, or else, I will give you Free endorsement. "

Chen Fei waved his hand and said," I can't take advantage of Xiao An. Here, Xiao An, a star of your level, endorses an unknown product, which may affect your image. "

Anita left. With a lip, I said: "I don't care what the image of the foreign population is. I am a singer. My music is my image."

"A Fei, you really don't want me to endorse your products?" Anita blinked. Blinked his eyes.

If Anita could endorse, Chen Fei was really emotional. However, Chen Fei did not want to let her speak in this way.

After a little hesitation, Chen Fei said, "So,

let's not talk about endorsements first. Xiao An, you try our company's products and see what it feels like."

Anita nodded, and then took the one that Chen Fei handed over. The bottle of moisturizing cream is opened and wiped a little, and put on the back of the hand.

At the beginning, Anita just nodded slightly and whispered in her mouth: "The scent is very good, light and light, very comfortable. And it doesn't feel greasy, the touch is very delicate--"

said, then said. Anita saw the changes in the skin on the back of her hand, and suddenly exclaimed, "Ah! This, this is also amazing!"

Immediately, Anita touched the skin on the back of her hand and looked at Chen Fei incredulously, " A Fei, is this true? I just put on a little bit, and my skin becomes white and delicate. This effect is also very good. "

Chen Fei nodded with a smile, said: "This product, the formula is I personally developed it. "In

this way, Anita nodded and smiled: "It was originally developed by Afei you, then I believe it even more. "

"Afei, now your product, even if you don't want me to speak for me, I It 's going to be an endorsement. It 's okay to pay the money. "Anita looked at Chen Fei with an excited look.

Chen Fei was a little surprised by Anita's attitude and couldn't help but wonder: "Xiao An, aren't you kidding me?"

Anita seriously said: "I'm not kidding, A Fei, seriously, even if you let me post 50 million ten million I am willing to endorse this product. "

" This, this-why? "Chen Fei really did not expect that there would be such a thing. In his mind, he still thought that Anita wanted to repay herself, so she said this intentionally.

However, at the moment, Anita looked very serious and solemnly said: "A Fei, you still don't know how good your product is. The product with this effect is unique in the world. I believe , Your product will surely be popular all over the world, knocking down the European and American cosmetic giants. "

" Now, I endorse your product, and when it is popular all over the world, it will bring me more influence. " . I 'm using you too! "

Although Anita said so, Chen Fei felt warm for a while, and smiled at Anita: "Xiao An, then please give your endorsement. Of course, we don't need you to post it, we will pay for you. We will return to the contract. Discuss. "

" Well, that's it. "Anita was excited, and immediately picked up a bottle of cosmetics, went to the reporters and fans, and began to promote it." Everyone, this is the latest product of ALFY. , I used it for a while, and the result is amazing. This product ... "

Anita actually publicized a company's products in public, and it was still a company that did not enter the exhibition list. This is really surprising.

Li Han changed his face even more. He knew that if there was Anita 's propaganda. So, my own beauty posture cosmetics company, it is difficult to squeeze the fall group out of the exhibition, it becomes useless.

Suddenly, Li Han's face sank and his eyes rolled rapidly.

He then eyes light up, questioned aloud: "? Miss Anita, you as a spokesman for the show, and to recommend such an individual did not enter the exhibition of products, I am afraid some of it inappropriate,"

Lee Han questioned, It is also the doubt of many people.

For a time, many camera lenses were all aimed at Anita.

But at the moment, Anita, faced with doubts, said to Li Han in a polite way: "I don't think there is anything wrong! This product works well, I have used it, so I recommend it to everyone."

Chapter 944

"But-" Li Han called the official staff of the exhibition at the moment, ready to continue to question.

But Anita shook her hand directly and said, "Nothing is wrong. If you feel that the official of the exhibition is inappropriate, then I will quit my position as the spokesperson for the exhibition."

This domineering words suddenly left Li Han speechless . The official staff was even more nervous, quickly accompanied by a smiley face, and advised Anita for a while.

After all, there are not many stars of the same level that they can invite at the show. Moreover, if Anita really retreated at this time, where would they find someone to replace it!

After retiring Li Han in a word, Anita continued to promote the autumn group's products.

At the beginning, many fans just looked at Anita's reputation and recommendation, so they tried to buy a bottle on the spot. However, when someone opened the cosmetics on site and tried it directly.

Suddenly, the frypot directly. Those fans exclaimed more exaggeratedly than Anita just now.

After exclaiming, one by one immediately rushed to the front of the stall again, and began to snap up.

The excitement outside even attracted those tourists who had already entered the exhibition hall, and asked questions about what happened.

As a result, after learning the situation, this group of people is even more crazy. Especially some buyers are very excited to squeeze into the stalls.

For a time, this stall outside the exhibition hall became the most popular booth of this exhibition, attracting the attention of countless people.

Beside, Li Han and Lin Bai looked at all of them, and their faces were somber that they almost dripped out of water.

They didn't expect that Chen Fei, who was mocked by the quilt, had undergone such a big change in a flash. Instead, they crushed their Meizi cosmetics company and left no residue.

Just when Li Han looked somber, he suddenly saw a handsome and tall foreigner man coming over.

Suddenly, Li Han felt a move, and immediately greeted him with a smile, said: "Mr. Browning, how are you?"

"Are you?" This foreigner is not someone else, it is Browning who had a conflict with Chen Fei in the hospital .

Browning looked a little gloomy at the moment, his steps were very fast, and he couldn't help being surprised when facing the sudden Li Han.

Li Han quickly explained: "Mr. Browning, my name is Li Han. I am from the Xiangjiang Li family. Our Li family, and Mr. Browning, your family's Midland Beauty, have some cooperation."

"Oh, it turns out to be Thank you, Mr. Li, fortunately. "Browning gave a perfunctory greeting and prepared to leave.

But at this time, Li Han continued to follow up and said, "Mr. Browning, your family's Meilian Beauty Company, is the most well-known exhibitor at this exhibition. But now that something has happened, I'm afraid it will affect Meilian Beauty. The exhibition? "In the

past two days, Browning has been restless and very upset. Now, I heard that things in the business are not going well, and immediately frowned, saying, "What happened?"

Li Han then pointed at Chen Fei's stall for a while, and just talked about what happened just now. .

After listening, Browning could not help but frown, sneered, and said unpleasantly: "How can this be? This is an exhibition of our exhibitors, how can we make

companies that are not eligible to participate in such a nonsense outside. This is not a violation Our rights. "

With that said, Browning strode toward meteor in stride. With a smile on Li Han's face, he squeezed in.

Finally, crowds of people layer by layer squeezed out and came to the inside, Li Han slammed: "Chen Fei, look at who's coming, don't roll over and ask for guilt!"

Chen Fei, who was greeting customers, heard This cry, the movement in the hand, and then turned his head and looked over, Shen said: "Li Han, do you want to continue to make trouble?"

"It's not me, but you." Then he pointed to Browning and was about to introduce, "This ---"

However, at the moment Browning saw Chen Fei, first he screamed in surprise, "It's you!"

Chen Fei was also surprised, looking at Brown Ning said in a cold voice: "It turned out to be Mr. Browning! Why, Mr. Browning, you came to me, did you check the situation?" When

referring to the inspection, Browning couldn't help but twitched fiercely, The expression on the face is very ugly.

Yesterday, he learned that Marcus had been diagnosed with liver cancer after returning to the examination. Suddenly scared to death, he rushed to the hospital and performed a full-body examination. But the results of the examination showed that he was very healthy and had no symptoms.

If it were usual, Browning naturally believed in the results of the hospital's examination. But what happened to Marcus yesterday made Browning suspicious. Taking the test results, I went to other hospitals to check it again, and finally found no symptoms.

However, according to the position Chen Fei pointed out, he felt that the pain was getting stronger and stronger, and his body seemed to be more and more tired and weak.

This situation caused Browning's uneasy mind to rest. He couldn't sleep at all last night. He got up early this morning and dragged his tired body to deal with the events of the exhibition, but he did not expect to encounter Chen Fei again.

Suddenly, Browning felt the pain in his body, which became more serious, his legs became soft, and he almost collapsed to the ground.

But at the moment, Li Han couldn't see the situation clearly, and shouted at Chen Fei: "The surname is Chen, you should pay attention. This is Mr. Browning of English, Mr. Browning is the person in charge of Midland Beauty, you Such chaos has seriously affected the interests of Meilian Beauty Company. Mr. Browning will not let you go, you better be yourself— "

Just as Li Han shouted, Browning suddenly collapsed and cracked. He clicked and knelt in front of Chen Fei, with a pleading look, and said, "Mr. Chen, please, tell me, what the hell am I sick?"

This made Chen Fei a little surprised.

What's even more surprising is Li Han, who couldn't believe the scene in front of him, "Mr. Browning, you,

you-- " Browning turned his head and glared at Li Han fiercely. "This is me and Do n't intervene in Mr. Chen 's affairs. "

Then, he continued to plead:" Mr. Chen, I really know that I was wrong. Please, tell me about my illness. "

Chen Fei looked at Browning on the ground begging, and could n't help crying. After all, when he said that he was sick, he was really scaring him. The so-called pain was nothing more than Chen Fei secretly smashed into his body while he was not paying attention. After a while, when the breath dissipates, it will be fine.

But he didn't expect that Browning was frightened by the fact that Marcus fell ill. After only a day, he almost collapsed and knelt and pleaded with Chen Fei.

.

Chapter 945

Although I felt ridiculous in my heart, Chen Fei at the moment would not show it on his face.

He looked serious, staring at Browning, and said in a deep voice: "Do you really know what is wrong?"

Browning nodded quickly, saying: "I know the wrong, know the wrong, and I will never bother Anita again. I do n't dare to look down on you, Dr. Chen. "

Chen Fei nodded gently, then glanced at Li Han, and then said to Browning:" This Mr. Li, but just said, Browning, you want to treat me The company's shot, is there such a thing? "

Browning quickly shook his head and waved his hand:" No such thing, Dr. Chen, I absolutely do not have this idea. Everything is self-assertive, nonsense. "

Said, Browning turned his head to stare at Li Han and slammed: "You apologize to Mr. Chen for admitting the mistake."

Li Han was stunned. The expression on his face changed for a while, his movements hesitated.

Upon seeing this, Chen Fei snorted: "It seems that Mr. Li doesn't think so!"

Browning suddenly became furious, and directly turned his head to grab Li Han's collar, shouting sharply: "You hurry to Mr. Chen I apologize, if I do n't move, the cooperation between Meilian Beauty Company and your Li family will stop here. "

Li Han is just a child of the Li family branch. If he dares to take on such a big event, if his family knows it, because of his sake, If you disturb the opportunity to cooperate with the Browning family, the family will never let him go.

Thinking of this, Li Han couldn't hold it anymore, his face was dull, he clicked, fell to his knees, and said, "I'm wrong, I apologize."

Chen Fei saw this and nodded slightly, then He glanced at Lin Bai, who was almost sluggish next to Li Han, sneered, and said, "How about you?"

Hearing the words, Lin Bai suddenly shivered and his legs became soft, and he fell to his knees with a click and admitted his mistake.

Both of them knelt down, Browning squeezed out a smile that was uglier than crying, and begged Chen Fei: "Doctor Chen, now, can you tell me, what's wrong with me?"

Chen Fei shook his head and said: No. "

" Dr. Chen, this-- "Browning was shocked, his face covered with bitterness.

However, Chen Fei wrote a prescription immediately and handed it to Browning, saying: "This prescription is for you. After taking the prescription for one month, your condition will be cured."

"Thank you Dr. Chen, thank you! Browning shook his hands, and took the prescription carefully, thanking him repeatedly.

Chen Fei waved his hand and said, "Okay, you can leave."

Browning got up and thanked again. Then he didn't even enter the exhibition hall. He turned directly into the car and left.

Subsequently, Chen Fei waved to Li Han and Lin Bai again. Suddenly, the wicked, like amnesty, walked away.

The troublemaker left, and the front of the autumn group's stall was suddenly more lively.

In the face of this situation, the organizer of the exhibition urgently got a new booth in the exhibition hall to let the autumn group enter.

As a result, the autumn group immediately caused more sensation, and related reporters and news media directly carried out related reports on the spot.

Suddenly, the autumn group's cosmetics were pushed to a culmination at once, becoming the show's biggest hit.

& e

msp; After a busy day, Chen Fei and Wei Ling were very tired, but the busy result was unexpectedly good.

With the increasing number of related reports and the word-of-mouth of people who have used the product, the fairy water of the autumn group has set off a craze in the Xiangjiang cosmetics industry. Countless men and women rushed over and wanted to buy.

As a result, Chen Fei robbed them of their goods in Xiangjiang, and they simply couldn't keep up with demand.

So after discussing with Wei Ling and Lin Qiuhan, he made a decisive decision to open a branch company of the autumn group in Xiangjiang, and at the same time quickly transferred goods to Xiangjiang to maximize the heat of this exhibition.

In the midst of the excitement, the branch company quickly rose up, and the fame and sales of the autumn group's fairy water became more and more popular in Xiangjiang.

Especially after the autumn group officially signed Anita as the spokesperson, many actresses in Xiangjiang also began to chase and use the fairy water.

In this fiery scene, Chen Fei's mood is a bit heavy. Because, although Qiu Han's condition is temporarily controlled, if there is no suitable medicine, the condition will only continue to deteriorate.

If all the eight lotus flowers bloom, Chen Fei will be unable to return to the sky, and Lin Qiuhan cannot be saved.

In this somewhat heavy atmosphere, Chang Feiyuan made a call to Chen Fei, but brought good news. Previously, the various medicinal materials Chen Fei asked him to collect, Chang Feiyuan had collected it, and now he has almost collected it. Only the last medicine left, Chi Yan Long Yang Cao.

Moreover, he also vaguely heard some news about this red flame Longyang grass, and is actively investigating, trying to find useful clues as soon as possible.

This news made Chen Fei's mood a lot better, and his work on the weekday was even more energetic.

On this day, Chen Fei drove to Weijiang TV Station together with Wei Ling. This time, they came here as the TV station prepared to make a special report on the autumn fairy water.

Although Xiangjiang Radio Television has declined a lot compared to the peak period, its impact on the related industries in the mainland has been very small. However, in Hong Kong, the wireless TV station still has a good influence.

Therefore, in order to develop the branch and promote the products, Wei Ling accepted the invitation without hesitation after receiving the invitation from Director Huang of Radio Television.

The two just got off at the entrance of the TV station, and a middle-aged man with a little baldness, that is, the yellow director of the TV station, greeted him enthusiastically.

After all, the fairy water of the group is really hot in the recent autumn, and also invited an international star such as Anita contemporary spokesperson. It is also very fortunate for TVB to invite Wei Ling to do the show.

Therefore, Director Huang at the moment has a very respectful attitude towards Chen Fei and Wei Ling.

The two entered the TV station. Director Huang explained the process of recording the program in detail, and asked some things to pay attention to, and then began to record.

Chen Fei did not want to leave the country, so he did not participate in this recording. While waiting, he hung out on the TV station alone.

The building of the TV station is a bit old, and the office is a little crowded. Many of the equipment are also old equipment a few years ago. It can be seen from these that the influence of wireless TV stations has been much worse than before.

However, occasionally I can see one or two stars that make Chen Fei feel a little familiar, and there are some posters and videos that cause memories, but it makes Chen Fei quite interested and wandered on the TV station in detail.

Chapter 946

After more than an hour of shopping, Chen Fei felt a little tired, so he sat down in the lounge, took a cup of hot tea, and drank slowly.

When Chen Fei was drinking tea, he glanced inadvertently, and suddenly saw a reporter in a small office diagonally opposite him, with a video camera, interviewing people in front of him.

This kind of interview scene is quite common in TV stations. Originally, it should not have attracted Chen Fei's attention.

However, the three people interviewed at this moment made Chen Fei have to pay attention.

Because, they are Wenni Anthony, who is very familiar with Chen Fei, and their son, the little fat man Eric.

At the beginning, in the kindergarten in Longjiang, Chen Fei and Wen Ni had a conflict because of the little fish. Later, because of the fat man Eric's illness, Winnie and Anthony went to Chen Fei's sincerity pharmacy again, and finally was taught by Chen Fei to cure Eric.

As a result, I did not expect the two to return to Xiangjiang. However, he vigorously advertised in the TV media that he was treated unfairly in Longjiang City. The Tucaocheng Pharmacy was bad, and even named Chen Fei as a quack, and all kinds of dirty water splashed.

At that time, Chen Fei, who was still in Longjiang City, asked Wei Ling to make some clarification reports. Then, because of Qiu Han's affairs, Chen Fei did not care about such trivial matters.

Now, the three of them have appeared on the TV station again, and it seems that they are still conducting interviews and reports, and they have to remind Chen Fei of what they reported.

So, Chen Fei put down the teacup, and quietly approached the past.

The office is small, just a piece of glass separated from the big room. Therefore, the sound insulation effect is naturally not very good.

When Chen Fei was two or three meters away from the office, he could hear the voice inside.

A female reporter in her mid-thirties, holding a microphone and talking to Winnie Anthony in a chat.

And the content of their conversation was not unexpected, it was exactly what they had done in Longjiang City before.

At this moment, the female reporter nodded her head and just heard Winnie and Anthony, and then said: "Miss Winnie, Mr. Anthony, according to your statement, the Chengjiang Pharmacy in Longjiang City has such a bad attitude towards you. The doctor's medical skills are also so bad. Then in the end, did you let them see your son for treatment?" "The

two were stunned, and then Winnie's eyes rolled quickly, explaining quickly:" At that time, we let him see our son. But it's because the situation is urgent, and we have no other way. We can't help but let him see it. "

" How about the effect after the other party has seen it? "The reporter asked again.

Winnie glanced at Anthony, then waved her hand and smiled, "What effect can a quack doctor in a continent have. That is to stop the blood. In the end, we rushed back to Xiangjiang overnight, and asked our doctor in Xiangjiang, this Only my son was cured. "The

reporter said:" In that way, the doctors in the mainland not only made a bad attitude, deliberately made you difficult, but also had poor medical skills. "

" You can say that. "Winnie nodded. .

Next to it, Anthony added: "Xiangjiang 's Western medicine is more than ten times that of that person."

Winnie continued: "It can even be said that if it were not for the

quack to deliberately make things difficult, my son 's condition would not become so Serious. After returning to Xiangjiang, it took a lot of effort to cure. "

Outside, Chen Fei heard these words, his face was somber and his face was full of anger.

The couple, Winnie and Anthony, didn't know how to be grateful. The result was not only not grateful, but also deliberately lied and vilified him, even saying that Eric's condition was aggravated by his reason.

For a time, Chen Fei almost exploded.

At this time, the reporter asked again: "The two of them clarified the news published in the Xiangjiang newspaper some time ago, and the last sentence of the doctor Chen, saying that your son Eric had better finish the medicine. Otherwise, you will regret it. What do you think about it? "

Winnie waved her hand and smiled:" The so-called clarification is nothing but a quack of quacks. "

" As for the last sentence, That's totally the barking of the defeated dog, I didn't care about it at all. "Winnie said.

Anthony then smiled and added: "Dr. Chen is so arrogant, so many doctors in Xiangjiang, he even said that he would not take his medicine, we would regret it, it is unreasonable. I actually think that after taking the medicine he prescribed, I will really regret it. "The

reporter nodded and continued:" The two, what was the main reason for the exposure? "

Wen Ni said:" We mainly want to expose these mainlanders to the Xiangjiang people. Their ugly faces and their shameless behavior. At the same time, as husbands and

wives, our husband and wife are also defending our rights and interests. We hope that mainland officials can give us a satisfactory answer. "

" Thank you two-"reporters Head, keeps recording what, and looks quite satisfied.

It was at this time that Chen Fei outside could no longer bear the nonsense and wanton slandering of the couple.

Chen Fei pushed open the office door, stepped forward, and slammed:
"Shameless, do you say enough?"

The three people in the office were startled by this call, and immediately turned their heads together. To Chen Fei.

The female reporter frowned for a while and waved her dissatisfaction: "Who are you? Who let you break in, immediately give me out."

And Winnie and Anthony, when they saw Chen Fei, changed their faces and were surprised : "Why are you? How did you come to Xiangjiang?" The

female reporter found an exception and could not help but ask Wen Ni: "Miss Wen Ni, he

is-- " Wen Ni looked sullen and said, "He is our dragon. The quack doctor named Chen Fei met in Jiangshi. "

" It's him. "The female reporter was stunned.

At this time, Chen Fei stared coldly at the two, and said coldly: "I don't come to Xiangjiang, how do you know that you two shameless people will even revenge."

Wen Ni's complexion changed, and then she raised her face and made a noise Dao: "What kind of enemies will revenge, we are just telling the truth!"

Chen Fei coldly said : "Is your son Eric, healed me?"

"My son's condition, you just took a few shots. The rest We are back to Xiangjiang and asked to be healed. It has nothing to do with you. "Wen Ni denied.

Chen Fei smiled. "It's just a few needles. It's very light. In that case, if it weren't for me, your son was killed. You now say that my acupuncture has no effect."

Chapter 947

Wen Ni sneered coldly: "Oh, it's all your empty words, why should we believe it. Besides, isn't it true that your bad attitude towards us?"

Chen Fei coldly said: "I treat you Bad attitude? You ask yourself, who was in the queue at the hospital for unreasonable reasons. "

Hearing this, the female reporter couldn't help but change her face, as if she found something, she asked: "What is the line, what is the trouble? " , Do you have an inner affair? "

Wen Ni quickly said: "There is no inner affair, this is all nonsense of the surname Chen. "

After that, Wen Ni looked at Chen Fei, coldly said: "The surname Chen, you have to figure out Well, here is Xiangjiang, not Longjiang, not where you are kidnapped. Where did you come from? "

Anthony also said ironically, "If we still don't leave now, are we going to call the police to catch you? "

Chen Fei looked at the complacent duo and took another look. The little fat man Eric who sat quietly between them dumbfounded and said, "It seems that you really take my previous warning as a deaf ear. "

Warning!" Stunned, then, Winnie disdain said, "Oh, that warning, it is simply a fraud. You open the medicine, we return to Hong Kong after, immediately lost."

Chen Fei heard this, could not help but shook his head, then a feeling of He looked like Eric, the little fat man, and said: "Poor boy, there are such a pair of fool-like parents. Doomed to suffer the pain he should not have suffered."

"What do you say!" Winnie Frowning, displeased, "You are cursing my home Eric."

Anthony was even more angry, staring at Chen Fei fiercely, said: "Do you know this behavior, in Xiangjiang, we can call the police You caught it. "

Chen Fei didn't want to explain anything to them. He sneered directly and said, "Then wait and see, you will regret it soon."

After that, Chen Fei looked at the female reporter and grabbed the camera directly.

Upon seeing this, the female reporter was shocked and rushed directly, vigilantly: "What are you doing?"

Chen Fei frowned: "All the things the couple said are lies. They are all lies. They are not allowed. Broadcast. "The

female reporter hugged the camera and stared at Chen Fei, saying: " You have no right to move our TV station, and you have no right to interfere with the programs broadcast on our TV station. This is not yours, this is the Xiangjiang, we are a place of free speech. "

Chen Fei said coldly: " Oh, free speech in your mouth, can anyone talk nonsense and then report it? "The

female reporter firmly said: " You have no evidence to prove that Winnie Miss, they are telling lies? "

Chen Fei asked, " What evidence do you have to prove that they are not telling lies? "

" This-- "The female reporter was choked, speechless, and said directly, " I they believe. " "

believe? "Chen Fei sneered, " so, your so-called freedom of speech, completely according to your personal preferences and judgment. you think is right, just as news reports, you do not believe , As it heeded skip This is your so-called Hong Kong reporters do. " ?

Female reporter retorted: "... I have my own judgment, you have no right to interfere in short, I will not let you touch my stuff "

for This kind of reporter has set a stand in advance from the bottom of his heart and looks down on mainlanders. Chen Fei knows that it is unreasonable to reason with them, because people do not believe you from the bottom of their hearts.

However, Chen Fei was too lazy to reason with her. He took the camera directly and grabbed it with a little force. Suddenly, there was a clicking sound and the camera was crushed directly.

Female reporter was shocked, and Chen Fei rushed to be hard, Chen Fei frowning direct her aside, cold shouted: "Do not think I do not hit a woman, you dare mess, I even learned with you,"

a female reporter knew physical strength Chen Fei could n't match it, so he stepped back, his eyes fierce, and said, "Even if you ruined my camera, I also have interview records, and I will publish the corresponding reports."

Chen Fei frowned, his face showing. A touch of displeasure.

At this moment, Director Huang came with Wei Ling and said with a smile: "Mr. Chen, why are you here?" During the

speech, Director Huang went closer and found a broken camera , And Chen Fei's gloomy eyes, suddenly secretly bad, quickly asked: "Xiao Liu, what happened?"

Xiao Liu was naturally the female reporter, she quickly complained: "Taiwan Director Huang, this mainland comes The guy directly destroyed the program I just recorded and wanted to use force to stop me from reporting his negative news. "

Huang Taichang heard the words and couldn't help being surprised. He looked at Chen Fei.

Chen Fei said coldly: "I just prevent your TV station from reporting false news."

Wei Ling looked at Winnie and Anthony and suddenly understood what was going on. So, immediately told Director Huang the story of the incident.

After listening to this, Director Huang suddenly gloomed, and shouted at the female reporter: "Xiao Liu, you are completely nonsense. Mr. Chen has clarified this matter, how can you still report this kind of fake news? Apologize to Mr. Chen for admitting mistakes. "The

female reporter was stubborn and looked at Director Huang, without giving in." Director Huang, that's just his side. How can you be so arbitrary. "

"And, the reason why you are so partial to him. It's just because of the matter that Shenxian Water interviewed."

"Xiao Liu, you are too presumptuous." Huang Taichang shouted angrily, "Apologize quickly, otherwise, you don't have to go on."

The female reporter became more and more determined and dropped her work permit directly. She said to Huang Tai, "If you don't do it, you won't do it. Big deal, I'm a freelance reporter. Even so, I will report this matter firmly. "

Even if the reporters and the media in Xiangjiang are all eroded, I will guarantee my opinion and fight for the final freedom." The female reporter's expression of emotion and excitement was not found at all. At the moment, Winnie and Anthony's faces , Something strange.

Chen Fei looked at the female reporter and felt ridiculous and sad.

She has her own persistence, but fundamentally, she does not guarantee the basic objectivity and fairness of a reporter.

Insisting on the already skewed direction will only go further and further.

For such people, Chen Fei really do not want to say anything, just shook his head, Huang Taiwan Long said: "Let her go, so she knew he was wrong when'll regret it."

Female reporter heard this, but a With a firm face, he looked at Chen Fei like a big devil and said, "I will not regret it. I will not fear power. Even if you use any means, I will not succumb. I must be relevant. The news report came out. "

Chen Fei felt that she was already unreasonable, so she didn't want to say anything.

Seeing this, the female reporter seemed to strengthen her resolve more and looked at Winnie and Anthony, and said: "Miss Winnie, Mr. Anthony, do you have time next? I will give you a separate interview. "

" Here, we-- "Winnie was hesitant.

At this moment, Anthony suddenly exclaimed, "Eric, baby, what's the matter with you?"

Winnie heard this, looked down, and found that her son, Eric, had a nose and mouth bleeding, and his eyes were white. On the ground, his body twitched.

Chapter 948

Suddenly, Winnie was shocked, she quickly leaned down and shouted in panic, "Baby, what's the matter with you? Baby, are you okay."

Everyone at the scene was anxious, and the female reporter quickly took out her mobile phone. Out of the way: "I'll call an ambulance."

Winnie heard it, and then took out her phone, said: "I'm not worried about the ordinary doctor, I called Dr. Marcus. He is a famous physician in Xiangjiang. "The

female reporter apparently also heard of Marcus's name. Hearing that Winnie could invite Marcus, she put down her mobile phone, helped to get a tissue, and wiped the blood for Eric.

However, at this time, Chen Fei stood aside and said coldly: "Marcus will not come. And, even if you call Marcus, he can't cure your son's illness."

Wen Niyi Hearing this, he immediately glared at Chen Fei with an unhappy expression: "What the hell are you talking about, how do you know that Dr. Marcus will not come?"

Anthony also stared at Chen Fei fiercely, and said: "Marcus The doctor's medical skills are not what you can imagine. "

Chen Fei waved his hand and snorted," Then wait and see, then, you will have no regrets. "

Winnie and Anthony were busy dealing with their son, did not say what.

The female reporter, with an expression of embarrassment at the moment, glared at Chen Fei and said: "Do you still have a little sympathy? The children of other people are ill. You don't even need to help. You are still ridiculous. This is the face of your mainland people? "As

soon as this word came out, Chen Fei was suddenly angry and drank directly at the female reporter." What do you know? You don't know anything, just point the river of self-righteousness. "

"You ask them the husband and wife. The first time, who cured their son. Moreover, if they did not violate my instructions, the child's illness should have been cured now, and it would never happen now. Thing. "Chen Fei said coldly.

Female reporters are hate a moment, then looking for a stifled, then the channel: "These are just your excuse, I do not believe,"

Chen Fei Leng Heng soon. "Believe it or not love you."

Then, Chen Fei also ignore female reporter, but looked at the body of Eric convulsions have become more serious, and very anxious to Winnie and Anthony asked: "after you return to Hong Kong, in the end gave him taking any medicine?"

duo leng Then, he looked at Chen Fei with distrust, "What do you mean?"

Chen Fei sneered coldly, "I look at the innocent part of the child, and I want to give you another chance, if you don't cherish yourself, Then do n't blame me. "The

female reporter said at the moment: "Two, do n't be fooled by him, or wait for Dr. Marcus to come. "

Chen Fei did n't justify anything, just looked at Winnie and Anthony coldly. , Said aloud: "What's the matter about me treating your son? You know it in your own heart. It doesn't matter if you lie to yourself and deceive yourself. If it hurts the innocent life of a child, it's sin."

Wen Yan, two Man's face is not Have sank.

After all, they knew in their hearts that Eric was cured by Chen Fei. For a time, the two hesitated.

They wanted to let Chen Fei see Eric, but now this situation is in front of a female reporter. They don't want to hit their faces.

Just when they were hesitating, suddenly a phone call came, and Winnie answered the phone, and there immediately said: "I am right next to the TV station, and now I come in, where are you?"

Wen Ni heard the words, and was immediately overjoyed, quickly reported the position. Then, with a proud look on her face, she looked at Chen Fei.

The female reporter also seemed to have guessed the content of the phone and said, "Is Dr. Marcus here? Let me greet him!"

A foreign man who looked like a 28-year-old walked in. "Who is Miss Winnie": eyes swept him straight out of channels

Winnie hastened to meet the past, the result seems a man, suddenly some strange, stunned in the place, "You are -"

this foreign When the man saw this, he couldn't help but show his displeasure, frowned lightly, and then said: "My name is Parker, and he is a student of Dr. Marcus. My teacher has something to do with him and he can't come. Let me come here."

Winnie Hearing the words, his face changed slightly, but then he smiled and hurriedly welcomed: "It turned out to be Dr. Parker, I know you! You are a high student of Dr. Marcus. He mentioned you to us before and said, You 've got at least 70% of his true biography, and it 's not impossible to surpass him in the future. "

These slightly fart words made Parker listen very comfortably, with a smile on his face, nodded and said. "Don't delay time, where is the patient? I'll take a look."

Winnie and Anthony quickly took Parker to Eric.

At this time, the female reporter Xiao Liu looked at Chen Fei with a mocking expression and said: "Some people just said that Dr. Marcus can't come? How do you explain it now?"

Chen Fei said lightly: "Now Isn't it true that Marcus didn't come? "The

female reporter said," That's because Dr. Marcus is temporarily in trouble. He can't come, so he has a substitution. This and not coming are completely two concepts. You are a liar, I must expose you. "

Chen Fei was too lazy to explain the entanglement with this female reporter, and snorted directly, saying: "Then what you do next, you can see for yourself."

"The arrogant and cold-blooded guy." Bian, it seems to want to see if there is any place I can help.

At the moment, Winnie and Anthony asked Parker to check Eric. At the beginning, Parker was still confident.

However, after inspecting Eric with various instruments, his face became more and more gloomy. Eventually, frowning shook his head and said, "How could this be?"

Wen Ni heard the words, and quickly said: "Dr. Parker, how is my son's condition?"

Parker frowned: "You gave your son what to eat?" What, his illness, how could it be so serious?"

"Ah, serious!" Winnie and Anthony were shocked at the same time, and hurriedly explained, "We did not give him anything unusual to eat, after returning from Longjiang City, We pay close attention to our son's diet, and we ..."

"How could this happen? According to the current situation, your son's condition may not last for half a month. And, it is difficult to find a cure." Dr. Parker Out channel.

"What, half a month!" Winnie was shocked.

Anthony also exclaimed, "My son can only live for half a month! Dr. Parker, this is impossible. How could this be?"

Chapter 949

Parker looked at Winnie and Anthony, who were almost excited, almost frowned, and then coldly said: "I can understand your current mood, but this is the case. Your son's condition, it's very serious and must be treated immediately." At

this time, Winnie and Anthony really panicked and quickly begged: "Dr. Parker, please, save our son. We will satisfy you no matter what price we pay."

Parker shook his head and said, "It's not that I don't want to save your son, but that I'm really powerless. I have never seen this illness, and I can't be cured."

"How could it be! Dr. Parker, You are a student of Dr. Marcus!" Anthony said excitedly.

Winnie seemed to think of something immediately, and quickly said: "Dr. Marcus will surely be cured, Dr. Parker, please, please inform Dr. Marcus, let him come over to help."

Parker shook his head, positive To speak.

At this moment, Chen Fei snorted and said: "Don't bother, I have already said that. Even if Marcus came, there is no way to cure the disease."

Wen Yan, Winnie Anthony and the female The reporter, at the same time showing anger, stared at Chen Fei.

And Dr. Parker was shocked at the moment, only to notice that there was another person in the corner.

The female reporter was displeased at the moment and shouted to Chen Fei: "You just don't save people, you are still ridiculous here. You talk nonsense again, I asked the security guard to drive you out."

Huang Taichang shouted coldly: "Little Liu Do not be rude to Mr. Chen Fei. "The female reporter is dissatisfied and is about to refute.

But at this moment, when Dr. Parker heard the name Chen Fei, he narrowed his eyes and fixed his eyes. Then he was shocked and shouted, "Why are you?"

Chen Fei looked at Parker and said lightly: "You recognize me."

Parker's face suddenly became respectful and frightened, and said: "I followed the teacher and met Mr. Chen!"

At this time, Wen Ni said to Parker: "Dr. Parker, please, please contact Dr. Marcus. Please, save my son."

Parker shook his head and said to Winnie: "Since Dr. Chen said that my teacher can't cure So, it 's useless to call my teacher. "

" Why! "Winnie couldn't believe it.

The female reporter Xiao Liu couldn't help saying: "Dr. Parker, he's a liar. Don't listen to his nonsense, go and ask Dr. Marcus to come over. After all, this is a life!"

Parker glared at them. , And then said: "I already said, even if my teacher came over, it would be useless. Moreover, my teacher can't even come by now."

"How could it be? How much does Dr. Marcus ask him for, and even if we are ruined, Will definitely get together. "Winnie and Anthony said.

The female reporter also said: "I can still call for donations."

Parker said coldly: "This is not a question of how much consultation. Because my teacher Marcus has just found out liver cancer and has now returned to English to prepare for surgery. How can the teacher come here at this time? "

Upon hearing this, Winnie and Anthony were suddenly thundered, and the whole person was almost paralyzed on the ground with a look of despair.

However, at this time, Parker's face changed and pointed to Chen Fei, saying to them: "You don't have to be so desperate, just now

Dr. Chen even spoke, then it shows that he must have his own opinion. "

" Ask him for help! "

All of them changed their faces, and Winnie and Anthony showed tangled faces.

The female reporter Xiao Liu had an unbelieving expression and was a little excited: "Dr. Parker, he is just a liar from the Mainland. You said to ask him for help. What's this--"

"You talk nonsense!" Parker directly With a cold drink, the female reporter was interrupted, and then shouted, "Dr. Chen is definitely a top-notch doctor. The medical skills far exceed me and my master."

"Beyond Dr. Marcus, how is it possible?" Winnie Several people, all with a look of disbelief.

Upon seeing this, Parker explained in a cold voice: "There are a group of guys who don't know Taishan. My teacher Marcus' liver cancer, he didn't know it himself, and the result was that this Dr. Chen pointed out for him."

"What ! "Several people were surprised.

And Parker continued: "Moreover, in addition, Mr. Browning of Meilian Beauty Co., Ltd. recently suffered from a medical condition that was cured by Mr. Chen. In addition, there is also the mother of the big star Ms. Anita. Dr. Chen was cured. "

" You don't know, how many senior executives of Xiangjiang are seeking a relationship and want Dr. Chen to treat them. "Parker sneered.

After hearing these words, almost everyone on the scene was stunned.

"Mr. Browning, Ms. Anita, even went to see him for treatment, this, this--" For a time, they were almost surprised to shut their mouths.

At this time, Parker said: "I can say that in Xiangjiang, no one except Dr. Chen can cure this child's disease."

After that, Parker got up, looked at them, and said coldly: "Take Come down, you can do it yourself. "

Immediately, Parker left.

At this moment, Winnie and they were silent for a while, unable to speak for a while.

The female reporter Xiao Liu frowned, and it seemed difficult to believe that Chen Fei was so powerful.

Both Winnie and Anthony's expressions changed at this time. After all, they knew in their hearts that when Eric first became ill, he was cured by Chen Fei. Now when Parker says so, they will naturally believe it.

Turning his head to look at his trembling son, the two came to Chen Fei with a crying voice and said, "Doctor Chen, please, save our son."

Chen Fei looked at them coldly. Tao: "Don't you think it's too late to plead now?"

Winnie and Anthony changed their faces, and then kneeled in front of Chen Fei, pleading with a snot and tears, "Chen Doctor, we know the wrong thing, we really know the wrong thing. Please, give us another chance to save Eric. "

Chen Fei's discoloration is still cold," Last time, it seems that you said the same thing! "

" Begging Dr. Chen, begging Dr. Chen! "The two of them had no choice at this moment, they could only kick their heads at Chen Fei.

Chen Fei did not move at all, it was not his cold blood. But this couple is really too much. Chen Fei once gave them a chance, but they did not know to cherish it. Now, wanting another chance is not that simple.

Looking at the two who had bleeding on their foreheads, the female reporter Xiao Liu next to him suddenly showed an unbearable look, staring at Chen Fei vigorously, and said: "Why are you so cold-blooded, they all seek success That's it, are you still unwilling to help? "

.

Chapter 950

Chen Fei Leng Heng heard, glared female reporter, "You just told me cynical, wanton slander time, this attitude is not! Moreover, it is easy to ask you approach it?"

A female reporter was choking a little, but still Terrier Speaking out of the neck, "It's a big deal, I apologize to you, and admit that I just spoke too much!" The

female reporter looked reluctantly and prepared to bow down and apologize to Chen Fei.

Chen Fei snorted and said, "I apologize like this, I can't

stand it , and I don't want to accept it." During the speech, the female reporter felt an invisible force holding herself up.

She didn't care about studying what the power was, and then she looked at Chen Fei arrogantly, saying, "Why are you so stingy? Didn't Winnie and Anthony sneer at you? Now this is one Life, do you really have to stand by and watch. "

" Ironized a few words, just? "Chen Fei sneered and glared at the female reporter, said," You said it lightly. Ask yourself what they did. ""

Wen Yan, the female reporter could not help but stunned, then looked at Winnie and Anthony, with a light of inquiry in her eyes.

Winnie and Anthony changed their faces, and it was difficult for them to speak.

But at this moment, Eric wowed and spit out blood.

At this moment, the two of them panicked, and hurriedly said: "We said, we all said--"

Then, the two began to tell the whole story.

The female reporters on the side listened to the duo's narration, their faces constantly changing, and bursts of exclamation and exclamation from time to time.

"How can you do this?"

"Here, this is clearly your fault first!"

"You are raking and slandering!"

"This is completely your fictitious and false content!"

..... In

a burst of exclamation, the female reporter finished listening The duo's accounts were somber, and at the moment they were speechless.

Chen Fei snorted at the moment and said again: "I saved them once, but they not only did not know gratitude, but also revenge on me. In this case, do you think it is appropriate?"

Winnie and Anthony said nothing. He could only keep kowtowing, "I'm wrong, we're wrong, there will never be a second time."

The female reporter next to her face was also changing for a while, looking at Chen Fei, saying: "They Something is wrong, but the child is innocent after all, you— "

" The child is innocent, am I not innocent? "Chen Fei snorted and stared at the female reporter," I kindly save people, but the result is a bad attitude. poor quack medicine

title, and was even called a liar. Others insisted that believe them to report my news. I ask, who is going to save my innocence and reputation? "

some asked, suddenly Anthony and daughter Winnie The reporter was flushed.

The female reporter shook her lips and looked at Chen Fei, saying: "I, I was wrong. The report just now was that I was too impulsive, I apologize to you."

"Is it just too impulsive?" Chen Fei snorted , "You clearly discriminate against our mainlanders in your heart. When things are not clear, you presume a position in your heart and then report what you see toward your position. People like you,

I'm not qualified to be a reporter at all. " " I- "The female reporter wanted to refute anything

, but was speechless.

At this time, Director Huang also said in a cold voice: "Xiao Liu, you have made too much of this mistake. From now on, you are expelled from the TV station." The

female reporter was speechless and could only nod her head. , Silently said: "I accept the expulsion."

"At the same time, I once again apologized to Dr. Chen, I was really wrong." During the speech, female reporter Xiao Liu bowed and apologized to Chen Fei.

Chen Fei did not look at her, but got up, a posture about to leave.

Upon seeing this, Winnie and Anthony were really anxious. They knelt on the ground and moved to embrace Chen Fei's legs, crying and begging.

Chen Fei was slightly shocked and directly shocked the two.

The two were almost desperate.

At this time, Wei Ling looked at the little fat man Alec who was about to faint, and his face showed an unbearable color, and he whispered to Chen Fei: "Chen Fei, child

he-- " Chen Fei glanced at Wei Ling, Immediately stopped, turned to look at Winnie and Anthony, Shen said: "Actually, to save them, it is not impossible. However, I have several conditions."

"What conditions! No matter what conditions you have, Dr. Chen , As long as we can save our son, we all agree. "Winnie and Anthony quickly said.

Chen Fei raised a finger and said in a cold voice: "The first condition is that for the previous report, you should make clear the whole process of the matter in the public media,

clarify the matter, and apologize to me and the Chinese medicine practitioners in the mainland. "

Winnie and Anthony nodded quickly, said:" We apologize, we must apologize. "

Chen Fei then raised his second finger, said:" The second condition is that you can cure your son. But the pain he suffered, It will be replaced by you. The child is innocent, but you are not innocent. "

The two stared at each other for a moment, then clenched their teeth and nodded: "We are willing."

Chen Fei then withdrew his right hand and said, "Since that is the case, then I will give you another chance. Remember, this is absolutely It 's the last chance, and there can never be another time. "

" There will never be another time, absolutely not. "Winnie and Anthony nodded quickly.

At this moment, Chen Fei touched the silver needle and walked to Eric. Winnie and Anthony quickly gave way and stood aside.

Chen Fei checked Eric's pulse and frowned, saying, "The situation is even worse than I expected."

Winnie and Anthony heard the words, and they looked tight.

However, at this time Chen Fei had already started the needle. The silver needle swiftly moved on Eric's body, the tricks were complicated, and the movements were faster or slower, as if dancing, and it was dazzling.

A quarter of an hour later, Chen Fei closed the needle and said, "Yes."

Immediately, everyone looked at the little fat man Eric. He found that the little fat man's complexion had improved a lot, and he was almost unconscious, sober now.

Such a wonderful effect made Winnie and Anthony overjoyed and thanked quickly.

The female reporter Xiao Liu was shocked. Now I think of my prejudice and distrust of Chen Fei before, I can't help but cheeks warm, almost want to find a ground seam to get in.

After collecting the silver needle, Chen Fei wrote a prescription and handed it to Winnie and Eric, saying: "This time, according to this prescription, it will be cured after taking it for a month. If you throw away the prescription again, you will not have to take it. This is the second time. "

" It must not, it will not. "The two said quickly, and then carefully collected the prescription. Thank you again to Chen Fei.
