

## Chapter 841

Upon seeing this, Lin Rui suddenly became furious, his eyes sinking, and shouted, "Look for the

dead !" "Give me death." With a stern drink, Lin Rui's fist hit Chen Fei's right index finger.

Majestic strength rushed in and seemed to shatter Chen Fei's index finger and even his right arm directly. But the next scene completely made Lin Rui look silly.

Because Lin Rui used almost all his strength to punch a finger on Chen Fei, he was blocked.

At this moment, he felt that his fist was not a finger, but a wall, a wall of extremely hard steel, which made him unable to enter.

"How come, this--you--" Lin Rui looked shocked at Chen Fei with a shocked look on his face.

Chen Fei shook his head lightly and said coldly, "Is this the right strength?"

"You—" Lin Rui gritted his teeth, almost trying to use the power of breastfeeding, and wanted to bombard Chen Fei.

But he had just exerted his strength, and Chen Fei's fingers gently nodded forward. At this moment, a tremendous amount of force poured out, making Lin Rui feel unstoppable, and his body was directly hit and flew out, hitting hard on the wall of the booth, spraying a sip of blood, and then slowly sliding down.

The blood in his mouth hadn't spit out yet, and Chen Fei had already stepped forward. Condescending, he looked coldly at Lin Rui sitting on the ground and said, "What does it mean to say that your Master asked me to leave Xiwu City?"

Lin Rui said: "It doesn't mean that my Master cannot see you. " "

I could not understand? "Chen Fei eyes squint slightly, then corrected himself and said," is it because, Skull and Bones man, in your teacher's home in Korea! so, he could not understand me? "

mentioned the Skull and Bones, Lin Rui's eyes flickered and immediately denied: "What skeleton meeting, I don't know what you're talking about. It's my old man who is older and doesn't like trouble, so I don't want you to come to Westwood City to disturb his quietness. "

"He doesn't like to make trouble, so he rolls into the mountain and goes to live alone. He counts something to let Mr. Chen leave." Yue Hongan sneered.

"You dare to insult my Master, I--" Lin Rui stared at Yue Hongan fiercely, but before he finished, Chen Fei squatted down, grabbed his neck, and asked aloud, "Say, Skeleton Club People, there are several people in Han's family now. Yue Qiaoyu's body is still not in it? "

" What do you say, I don't understand. I don't know what a skeleton meeting, I-- "Lin Rui is still denying.

Chen Fei directly pulled Lin Rui's neck up and said coldly: "I don't want to waste time listening to you lying. If you don't say anything now, I will kill you and go directly to Han's."

"My Master He The strength is not bad, you go to death. "Lin Rui stared.

As soon as Chen Fei's eyes were cold, he didn't say much, and his right hand pressed hard again, and directly lifted Lin Rui by the neck.

Suddenly, Lin Rui felt a suffocation, the breath in his chest was squeezed out a little, his cheeks were constantly red, and the scene in front of him seemed to be unclear.

"There are five seconds left. If you don't speak, you will have no chance." Chen Fei said coldly.

"Five, four--"

The sound of the countdown, like the pace of death, approached Lin Rui step by step.

Lin Rui felt the breath of death. At this moment, he was really afraid, struggling and said: "I said, I

said-- " Chen Fei released his right hand and dropped Lin Rui on the ground, coldly said: "Say!"

Lin Rui Touching his neck, he coughed violently for a while, and then said: "I don't know what the skull you said will be, but there are indeed a few people with skull masks, who often appear in the Han family. Recently, the two people still Brought back a body, that is what you said about Yue Qiaoyu. "

The information was confirmed, and Chen Fei's eyes sank. Then I captured the two words mentioned in the other party's words, "What do you mean often? Before that, your Master was also connected with the Skeleton Society?"

Lin Rui looked slightly stunned, but paused, but Or he immediately said: "It is true that since Master accepted me and his disciples as apprentices three years ago. People with skull masks came and went in the Han family one after another."

Hearing this, Chen Fei frowned. It seems that the arrangement of the skeletons in Xiwu City is earlier than I thought. The other party did not escape at random, but established their own stronghold in Xiwu City. Now it seems that Han Zhijun's manor must be.

"In the past three years, the Skull and Bones people have come to Han Zhijun's house, what did they do specifically, what did they talk about?" Chen Fei asked.

Lin Rui shook his head and said, "I don't know."

"If you don't tell the truth, you--" Yue Hongan shouted angrily.

Lin Rui quickly waved his hands and explained: "I really don't know. Those who come with skull masks come to meet with Master every time. When they talk about things, they always carry me and his brother. We I don't know what they are talking about. "

Chen Fei stared at Lin Rui's eyes and felt he didn't seem to be lying. Suddenly silenced for a while, and then thought of something, he continued to ask: "What did you and your brother do for Han Zhijun in the past three years?"

Wen Yan, Lin Rui's face was stiff, and his face was a little ugly, and his words rose. , Do not want to speak.

"Say!" Chen Fei snorted.

Lin Rui was startled, and could only say: "At the beginning, my master asked me and my brother to catch some people for him."

"Some people? Who?" Chen Fei continued to ask.

Lin Ruidao said: "In the beginning, I just caught the homeless or the lonely old people in the countryside. They disappeared, and no one would notice them. Later, Master asked us to catch some young ones, and we also found opportunities. I caught some. "

" You, this is human trafficking. How dare you do such a thing. "Jiao Lao shouted angrily.

Chen Fei looked gloomy and vaguely realized what was happening, "Where did the people you caught go?"

Lin Rui shook his head and said, "I don't know, every time we catch people, we close In the manor. After a few days, they disappeared. It should have been taken away by those with skull masks. "

Chen Fei was silent for a while, thinking of Yue Qiaoyu secretly grabbing for the skeleton society to improve his strength Human things. Presumably, this is the same for Han Zhijun.

Thinking of this, Chen Fei showed a gloomy anger, with a killing intention in his eyes, looked at Lin Rui.

Lin Rui looked at Chen Fei's terrifying eyes and couldn't help but shudder, and quickly begged for mercy: "I know so much, and the rest, I really don't know. Please, don't kill me, I--"

At this moment, when a ringing of the phone rang, Lin Rui looked at the name "Luo Chao" on the electric display as if he had suddenly thought of something, and could not help but change his face.

#### Chapter 842

"Luo Chao, Han Zhijun's second disciple." Boss Jiao said, at this time, Lin Rui's eyes flickered even more.

Chen Fei naturally realized this, stared at Lin Rui, and said coldly: "Answer the phone, hands-free!"

"I--" Lin Rui was trembling, but when he saw Chen Fei's murderous look, he was still connected. The phone turned on the hands-free.

On the other end of the phone, there was a voice that was a little dangling. "Brother, why did you answer the phone for so long! Didn't you get those few guys from other places, Brother?"

Lin Rui gave Chen Fei a glance of fear. , And then vaguely said: "I'm almost done."

"Oh, that's good. Brother, I'm done on my side, and now I'm on my way back. When we come back, our brother and sister will have a drink." Luo Chao said.

"Well, yes!" Lin Rui's forehead sweated down.

Luo Chao on the other end of the phone was somewhat puzzled and said, "Brother, what's wrong with you? Feel like talking, are you in trouble? Shouldn't it be the boss Jiao and the two outsiders? Not obedient. It 's just a direct meal. "

" I, I—well—I know! "Lin Rui glanced at the cold eyes of the three people in front of him, and somehow did not know how to respond.

At this time, there was a woman's voice over the phone. Immediately, it was Luo Chao's screaming, "point Lao Tzu, be good, don't move. Otherwise, Lao Tzu will give you the spot."

Listening to the faint voice, Yue Hongan and Jiao Boss frowned. Chen Fei felt a bit wrong.

At this moment, Luo Chao's flaunting voice rang, and said to Lin Rui: "Brother, this time Master gave me a really beautiful job! This little girl named Yang Miaomiao really looks good. It's not if Master is in a hurry, I will find a place to handle her now. "

"I don't know what Master wants this little girl to do. Doesn't his old man become a strong man and has that thought." Luo Chao joked.

Lin Rui at the moment, when Yang Miaomiao said the words, he had already seen Chen Fei's angry and cold voice. Suddenly, Lin Rui trembled all over, and his voice trembled

: "Brother, don't-- " Luo Chao would have misunderstood Lin Rui's meaning and smiled: "Brother, don't be so serious! Of course, I know Master He The old man would n't mean that, it was just a joke. The arrest of this little girl must have something to do with the last thing. After all, her father 's situation, the experiment we had originally scheduled, was interrupted. So— "

Speaking of which, Chen Fei has basically guessed what it is. He held back the anger in his heart, looked coldly at Lin Rui, and moved his mouth, without a voice: "Stabilize him, bring it over."

Lin Rui sweated like a rain, his face showed a terrified look, but still Luo Chao, speaking to the other end of the phone, said: "

Brother, otherwise, you will bring someone to my side. Wait to come back with me." "Brother, I'm almost at the master's house. What are you doing now?" . Wait until you come back, we will see you again. "Luo Chao said.

Lin Rui also wanted to make excuses, but for a while he could not find a suitable reason.

At this time, Chen Fei nodded to him coldly. Lin Rui immediately said: "Well, I will go back in a while."

"Well, brother, goodbye." Luo Chao hung up the phone.

The phone just hung up, Chen Fei immediately focused on the boss and Yue Hongan said: "Prepare for the car, let's go to Hanjia Manor." The

two changed their looks , but immediately went out to prepare for the car.

Chen Fei grabbed Lin Rui's clothes, lifted him up, walked out, and said in a cold voice: "Say, what happened to Yang Miaomiao?"

Lin Rui, at this moment, dare to hide something, quickly panicked and said: "Before, when we gave Master a arrest. Let me and my brother do something."

"Master asked us to attack some designated people, Put a little bug to bite them. Then observe their follow-up reaction, and record it as if you are doing an experiment. "Upon

hearing this, Chen Fei immediately thought of the process of Yang Hongqi falling ill. After returning from work on the mountain, he found that he had been bitten by a bug before he fell ill.

Now, Lin Rui talks about the bug biting people, and Chen Fei immediately connected them together.

For a time, an anger rose from his heart, Chen Fei looked at Lin Rui coldly, said coldly: "You didn't say, you don't know, you don't know what your master and Skeleton Association are doing?"

Lin Rui quickly begging for mercy: "I, I only know this thing about the experiment. I don't really know what the experiment is and what their purpose is."

"I don't know!" Chen Fei held Lin Rui's arm with his left hand. With a hard twist, a sudden click sounded, and Lin Rui's left arm shattered a broken bone directly, making a very miserable sound.

Chen Fei also asked, at this time, boss Jiao and Yue Hongan are ready to come over.

Chen Fei then referred to Lin Rui, threw him into the car, and then boarded the car himself, coldly said: "Hanjia Manor." The

car started and ran towards Hanjia Manor.

At the moment, Luo Chao whistled and drove the car into the manor.

Stopping the car, he took the bound Yang Miaomiao out of the car and walked towards the main house deep in the manor.

In the lobby of the main house, a curtain separates the world inside and outside. In the inner room, a figure sits on the futon, closing his eyes and meditating, meditating with breath, the smoke around the incense burner, and the mist is misty.

But at this moment, as Luo Chao walked in, the man opened his eyes, and a blood-like scarlet color appeared. Suddenly, the temperament of the master who was just now practicing shattered into nowhere.

"I'm back!" Said the shadow quietly.

Luo Chao bowed to the inner room, and Yang Miaomiao threw aside, and said, "Master, I'm back. I've already captured the person you want."

"Well, yes, people hand over Me." The shadow said.

"Yes!" Luo Chao pushed Yang Miaomiao behind the curtain, and then saw two people take Yang Miaomiao away.

Suddenly, Luo Chao showed a pity in his eyes, which seemed a bit reluctant.

"Is there anything else?" The shadow said quietly.

Luo Chao quickly recover the look of sadness in the eyes, and said:. "No, nothing but, on my way back, and brothers through the remark when he spoke, his tone seems a bit strange.."

"Some blame the accident on his side? Is it?" Said the shadow.

Luo Chao said: "This is not the case. After all, Brother is an expert at the early stage of Xuan-level. How can something happen to a few ordinary people. It's just that I feel that his tone is a little strange. It's just because I think about it, Master. Don't worry. "

#### Chapter 843

Han Zhijun nodded, just about to wave Luo Chao back.

But at this moment, suddenly, a "boom" loud noise suddenly sounded, directly shaking the entire Hanjia Manor as if it were an earthquake.

"What's the matter?" Luo Chao's face changed, and he looked outside.

But at this time, Han Zhijun behind the curtain, his face sinking, seemed to feel something.

"Master, let me see what is going on?" Luo Chao got up and left.

At this moment, a loud roar came: "Han Zhijun, get out of me."

Upon hearing this voice, Luo Chao instantly changed his face, with a touch of anger on his face, and turned his head to look at the figure behind the curtain, saying: "Master, let me teach this arrogant man. I dare to come to Hanjia Manor to make trouble, I think he is tired of living."

The figure behind the curtain groaned slightly and said, "Go!

" Yes, Master! "Luo Chao rushed out.

After the curtain, Han Zhijun took out a red domino and rubbed it in his hands. Immediately, his eyes were cold, and he whispered: "Who dares to spoil my good deeds, I must ask him to pay the price."

After that, Han Zhijun's domino burst into a scarlet light, and then he got up and left.

At this time, at the door of Hanjia Manor. Chen Fei directed the car that directly knocked open the door of the Han family out of the rubble.

Immediately, Luo Chao took a group of men and surrounded him with great force.

"Who so much courage, the courage to Han manor trouble. I'd like to see what stuff you?" Luo Chao has been deformed look to the front, waving ordered the Road, "go and get them to pull me out."

Group Suddenly, the men came around. But, without waiting for them to start, the car door opened, and a few people came out of it.

As soon as Luo Chao saw these people, his eyes changed, and the expression on his face changed accordingly.

"Boss Jiao, Mr. Yue. What do you mean, hit the door of my Han family, do you want to be against us?" Luo Chao asked sharply.

But at the moment, Jiao Boss and Yue Hongan ignored Luo Chao's question at all. Instead, they all looked at Chen Fei, standing respectfully on both sides of him.

Upon seeing this, Luo Chao's eyes narrowed slightly, and there was a hint of doubt in his eyes. "Who are you? Dare to come here to make trouble?"

Chen Fei looked at Luo Chao coldly, without any extra words, he was dying directly from the car. Lin Rui raised it, then threw it to the ground, coldly said: "Where is Yang Miaomiao?"

Luo Chao couldn't help but change his face when he saw Lin Rui, and then heard Chen Fei mention Yang Miaomiao. Luo Chao immediately understood Chen Fei's identity, and at the same time figured out what the weird tone was when Lin Rui and himself called.

Suddenly, Luo Chao looked very gloomy, staring at Chen Fei, and said, "Dare you hurt my brother!"

"I ask you, where is Yang Miaomiao? Call me immediately." Chen Fei asked coldly.

Luo Chao did not answer, but waved his hand and ordered his men

to say: "Go back to Brother Brother." And he himself stared at Chen Fei fiercely, with a somber tone, "Your kid, dare to give my brother With such a heavy hand,

you— "The next man came over and wanted to carry Lin Rui in." But at this time, Chen Fei directly stepped on Lin Rui's back, stepped him directly on the ground, and then said in a cold voice: "Did I let you lift people?"

The people suddenly felt a huge force down Pressed down, under the combined force of several people, Lin Rui was still unable to lift.

Upon seeing this, Luo Chao's expression was even colder, staring at Chen Fei fiercely, and said, "Remove your dirty feet from my brother immediately, otherwise, you will have only one way to die."

Chen Fei didn't move, his right foot was still stepping on Lin Rui's back, staring coldly at Luo Chao, saying: "Hand Yang Miaomiao out, otherwise, he-die! I will give you ten seconds to consider."

"You dare to move my brother, I will break you to pieces," Luo Chao said ruthlessly.

"Ten,

nine-- " Chen Fei looked cold and ignored the threat of Luo Chao, and the cold sound began to count down.

At the same time, the force on Chen Fei's feet continued to increase, pressing Lin Rui's body to the ground. The cheeks were squeezed with irregular slate, and the skin was punctured, bleeding out.

Upon seeing this, Luo Chao stepped forward and said, "Release my brother immediately, I--"

"Six

, Five-- " The countdown continues, and the force on Chen Fei's feet is getting stronger and stronger. Lin Rui made a painful muffling sound due to the squeeze of great force, and his mouth kept spitting out blood.

"You're looking for death, I'm going to kill you!" Luo Chao slammed and punched directly, rushing towards Chen Fei.

"Three, two, one!"

"It's time!"

Chen Fei's voice seemed as if there was no emotion, and when he counted to the end, his right foot lifted up, gathered strength, and stepped down heavily.

Luo Chao saw it, glared at him, and shouted, "Stop, you dare to kill my brother. I killed the little girl."

However, his threat was still useless. Chen Fei's right foot lifted down now.

This foot, condensed with Zhenyuan's breath, with the force of a thousand-jin boulder, fell hard and hit Lin Rui's back heavily.

Suddenly, a snapping sound sounded, and Lin Rui's mouth spurted a spit of blood, his cheeks pressed against the stone slab, a piece of blood and flesh was blurred, and he was deformed so that he could not see the appearance.

The expression in his eyes quickly passed, and finally turned into a dead ashes, completely lost its brilliance.

Lin Rui, an early warrior of the Xuan class, a famous master in Xiwu City, died.

Luo Chao looked at this scene, his eyes were round, his eyes were scarlet, his eyes were full of bloodshot eyes, and he rushed toward Chen Fei with hatred, "You killed my brother, you killed my brother. I want to kill you, Breaking your tens of thousands of corpses to avenge my brother. "

Roaring, Luo Chao gritted his teeth and rushed towards Chen Fei. Almost all of his mid-level metaphysical strength broke out, and he bombarded Chen Fei fiercely.

But when he rushed to the hand in front of Chen Fei, Chen Fei just raised his right hand, took a volley shot, and fell on Luo Chao.

Suddenly, a "bang" made a loud noise, Luo Chao was photographed on the ground. His face knocked fiercely on the hard stone slab, the teeth in his mouth broke a lot, a bite of blood, and his face was even covered with blood stains.

"Ah!" Luo Chao screamed, struggling to get up from the ground.

But at the moment, Chen Fei's right foot stepped on his back. The voice was cold, "Ten seconds to make a decision for you. Hand over Yang Miaomiao, otherwise, you-die!"

"Ten, nine- "

A scene very similar to the one just happened again.

At this moment, when Luo Chao personally felt the great force from Chen Fei's right foot, he felt the pressure that became more and more heavy with the countdown. Only then can he feel the despair and fear of Brother Lin Rui.

Chapter 844

"No, don't kill me." Feeling the threat of death, Luo Chao panicked and struggled to yell.

"Seven or

six-- " However, the force on Chen Fei's feet still did not stop, and the countdown continued, "I said, hand over Yang Miaomiao."

"I have handed Yang Miaomiao to my master." Luo Chao said.

"Then let Han Zhijun hand over the people, otherwise, you still have to die." Chen Fei said coldly.

Luo Chao heard that, his face sank, and he was about to start yelling.

At this moment, a black figure walked out with a thick voice, and said: "

Some of you are too much to come here as guests !" Hearing the sound, Chen Fei and several of them, All eyes looked at the past.

I saw a man in black, his hands behind his back, and came out with a serious look.

Seeing the man, Luo Chao spit out blood immediately and shouted, "Master, save me.

Master-- " Chen Fei also looked at the man, his eyes narrowed, and he said, "You are Han Zhijun?"

"I am "The man nodded and continued to come closer."

At this moment, the boss Jiao's expression looked very excited, staring at Han Zhijun, his lips trembling, and said, "This, how is this possible? How could this be

, this-- " Looking at Jiao Boss' abnormal appearance, Yue Hongan couldn't help it. He asked aloud, "What's wrong? Is there something wrong?"

Jiao boss said excitedly: "Of course something is wrong, too wrong. Han Zhijun, at least seventy years old, but he looks like that, he is seventy years old. What it looks like. Moreover, three years ago, when he came back, he was full of white hair, and rickets were extremely weak. Now what, how has it become like this! "

After listening to what Jiao Boss said, Yue Hongan and Chen Fei suddenly remembered that Boss Jiao did say that Han Zhijun was very old, and he came back to recover after he was injured when he was injured. At that time, some people even said that he could not live for three years.

But looking at the person in front of him now, it doesn't match what Jiao Boss described before.

Because, the Han Zhijun in front of him had a straight body, dark hair, and only cheeks in his forties or forties, and even had a ruddy luster. It looked completely like a middle-aged man, unlike the seventies. The appearance of an old man.

"Seven-year-old, how this president? And he too old before, this is not well maintenance problems, ah!" Even Yuehong An, at the moment are somewhat amazed, "Is he able to rejuvenate not?"

Said the person The unintentional listener intended, Chen Fei narrowed his eyes and stared at Han Zhijun with a serious expression, faintly, with an invisible anger.

Because of Han Zhijun's situation, Chen Fei thought of some taboo methods. From ancient times to the present, there is no shortage of people all over the world who want to rejuvenate and pursue longevity. They tried their best to use various means, and their only purpose was to extend their life.

Among them, the most cruel and bloodiest method. There is nothing like extending the lives of others with the lives of others.

This cruel method has long been regarded as a major enemy by the martial arts people, and they have been jointly blocked and included in the list of taboo laws. If someone is practicing, they will be wiped out together.

Now, Han Zhijun's rejuvenation, and the means that the skeleton will use the blood, let Chen Fei think of these things.

At the moment, Han Zhijun looked at Chen Fei and said in a deep voice: "Release my apprentice."

Chen Fei looked coldly at Han Zhijun and said, "Hand over Yang Miaomiao."

Han Zhijun snorted and said, "I'm not I 'm talking to you about conditions, I 'm ordering you. "

Chen Feimu didn't change his color, staring coldly at Han Zhijun: "I'm also ordering you. You don't surrender Yang Miaomiao, you and your apprentice, die together."

"The young man is very arrogant. Do you think I am old Han Zhijun Is it possible to act arbitrarily? "Han Zhijun burst into a rage, and his body burst into a majestic momentum.

The breath was turbulent, and they oppressed Chen Fei directly.

Yue Hongan and Jiao Boss felt this momentum, his face suddenly changed, his body was pressed back a few steps, and his face quickly swelled with strength.

"This, this momentum. It is definitely the momentum of the late Xuan level."

"Han Zhijun was the strongest, only the mid-level Xuan level. After injury and return, the strength has increased in recent years."

"My strength, Isn't this kind of ants you can imagine. "Han Zhijun laughed wildly, oppressed," Dare to offend me, Han Zhijun, you, you all deserve to die! "

Han Zhijun approached, the more magnificent momentum, overwhelming Yue Hongan and Jiao boss. He was out of breath, his legs were soft, and he almost fell to the ground.

Just when they were about to bear it, Chen Fei waved his hands and gave a real breath and enveloped them.

Suddenly, the two felt lightly, as if all the heavy burdens on their backs were removed.

Han Zhijun saw it, his eyes glared, and there was a look of surprise in his eyes. "It can resist my coercion and have some strength. But even so, you still have to die."

Li roared, Han Zhijun was crazy about Chen Fei. When the attack came, the breath seemed to be like a sword with a handle, and a crazy thorn pierced Chen Fei.

"Broken!" But at this moment Chen Fei, drinking lightly, waved a red streamer.

The streamer flew out and collided with Han Zhijun's breath. In an instant, Han Zhijun's breath was like glass, and was directly smashed by Chen Fei's red streamer.

The streamer is like a sword and continues to fly toward Han Zhijun.

Han Zhijun did not expect his offensive to be so easily broken by Chen Fei, he was shocked. Seeing the streamer flying by, he hurriedly breathed out several breaths, blocking the streamer, and then quickly backed away, trying to escape.

"Want to escape, do you think it is possible?" Chen Fei snorted, taking a step forward.

It was such a simple action, but it seemed to have crossed the space of heaven and earth, and directly shortened the distance of several tens of meters. Chen Fei appeared behind Han Zhijun, with one palm falling into the air.

Feeling the horror of the terror, Han Zhijun was shocked, his eyes were horrified, and he desperately wanted to dodge.

But he found that he couldn't escape the lock of Chen Fei's palm. He seemed to be able to watch this palm and shoot him.

At this critical moment, his eyes were ruthless, he drew out a red domino, infused a real breath, and gritted his teeth: "You forced me!"

"Go to death!" Han Zhijun screamed hard, hands. The dominoes suddenly burst into a dazzling red light.

The light flickered and quickly turned into a huge red monster, spraying a red mist, roaring towards Chen Fei.

## Chapter 845

Seeing this monster that was five or six meters high, Yue Hongan and Jiao Boss, even Luo Chao, were all dumbfounded and looked at this scene unbelievably.

"Hey, what is this thing? How could such a thing appear?"

"Mr. Chen is in danger!" For

a time, the two looked so blue that they couldn't help worrying about Chen Fei.

On Han Zhijun's face, there was a smug grin on his face, and he gritted his teeth and said, "Dare to move me, you will all die for me. Ha ha ha!" In the

mad laugh, Chen Fei looked at the huge red monster that was throwing at himself. There was no surprise on his face. On the contrary, he was somewhat disappointed, shook his head, and he sighed, "Is it still the same, isn't there anything new?"

"Boy, what are you talking about?" Han Zhijun was shocked and his face sank.

Chen Fei light: "I say you this means of attack, too old-fashioned, not worth mentioning, absolutely no threat to me a little."

"Bluster, but my skull adults left me, you How could it be— "Han Zhijun didn't believe it.

Chen Fei didn't explain. He waved his right hand directly into the sky, and a real air burst into a red streamer, like a flame, rushing into the red monster.

The monster was hit by the streamer and suddenly made a "zizi" sound, just like the sound of liquid dripping on a red iron plate.

With the sound, the huge monster is constantly twisted and deformed, and the breath is continuously burned by the red streamer. In the end, the entire monster was directly burned away, turned into a mist, and completely dissipated in the air.

Seeing this scene, Han Zhijun was dumbfounded and looked at the space where the monster dissipated. He murmured, "How is this possible? This is not true, this will not be true. That's a treasure given to me by Skeleton adults, How could it be broken so easily "

Chen Fei withdrew his raised right arm and walked toward Han Zhijun with a cold voice: "It seems that those people did not tell you, who am I?"

Han Zhijun heard the words, and his face sank, saying: "You don't Was it the Yue family's thug? You want to bring back Yue Qiaoyu's body. So I came to Xiwu City. "

Chen Fei heard, shook his head and looked at Han Zhijun with a sneer. It 's self-righteous. "

"What, you said that I was used as a tool by someone, it's impossible? Master Skull, they wouldn't lie to me, they definitely wouldn't—" Han Zhijun was a little crazy, "I drank the medicine given to me, it nourished the wound, I also became younger, and my strength was restored. Skeleton adults did not lie to me, are you lying to me?"

"I lie to you?" Chen Fei sneered, "Do you think they gave you really good things?"

"Don't they? You don't want to mislead me." Han Zhijun said.

Chen Fei said coldly: "Mislead you? If you don't believe it, cut yourself a wound and see what your blood looks like. And, when you are practicing, don't you feel the breath on your body is getting more and more

getting colder?" "I, I-no!" Han Zhijun couldn't believe it, but his eyes fell on a wound on his body involuntarily.

Blood flowed out of the wound.

At the beginning, the blood was still bright red, but it didn't take long. The bright red blood began to gradually fade into a pink-like color. It seemed that the blood was diluted with water.

"This, how could this be?" Han Zhijun was shocked, apparently not expecting his blood to look like this.

Chen Fei Shen said: "Forcibly prolonging life, rejuvenating and rejuvenating children, there are only a few ways to achieve it. One is to break into the god level, the sublime sublimation, the temperament is restrained, can nourish the body and make people look younger.

"One is to find a top-level elixir that moisturizes the body and eliminates impurities, thereby becoming younger."

"You are neither of these two methods. Then, only the last method is left!" Chen Fei Shen said, "That's the method of blood sacrifice that is regarded as taboo by the martial arts world. Use others' blood and life to extend your life."

"The reason why you can become so young is this method." "Come on!" Chen Fei said coldly.

Han Zhijun's body was shocked, his complexion changed greatly, instinctively retorted: "I, I haven't."

"No, your current situation has completely sold you off." Chen Feidao.

Han Zhijun heard the words, his face dimmed, and his expression was fierce: "What if it was used this way? I didn't commit suicide. The drugs I got were all given to me by Skeleton

Masters. And, no matter what, I My life has been extended, and my strength has increased. This is an irrefutable fact. "

" Fact? "Chen Fei sneered and looked at Han Zhijun with a sneer." It's the simplest one that you lived for so many years. I did n't understand the truth. "

" What is the truth? "

" There is no free lunch in the world. "Chen Fei said," Why do you think the adults in your mouth will give you drugs for no reason? Longevity allows you to increase your strength. Could they really be so kind and helpful to help you? "

This question made Han Zhijun's face sink, and his expression suddenly became cold.

However, he was still looking for reasons, saying: "I, my cooperation with Skeleton Skeleton is mutually beneficial. I help them catch people and provide them with materials. He will provide me with medicine. This is equivalent Exchange. "

" Equivalent exchange? "Chen Fei sneered." You imagine that those Skeleton adults are so powerful, why should you help catch people and ask you to provide material. They can't do this thing themselves. Are you there? "

"Here, I--" Han Zhijun was asked at once, his body froze in place, unable to speak for a while.

Chen Fei snorted and said, "I'll tell you. The reason why they provide you with medicines will extend your lifespan and restore your strength. That's because, in their eyes, it's just a big medicine."

"What, I'm a drug, how is this possible?" Han Zhijun panicked, quickly shook his head, his face unbelief.

Chen Feidao: "If you don't believe it, you can feel it for yourself. Is there a small pimple in the blood of your heart. If you stimulate it with Zhenyuan, you will find anomalies."

Han Zhijun was bloodless, trying to follow Chen Fei's statement stimulated the blood-colored ball in the heart and veins of the body with the true breath.

Suddenly, a burst of breath erupted on the Scarlet Ball, and the blood flow inside Han Zhijun was accelerated. When the accelerated blood passes through the position of the heart ball, the ball continuously draws a breath of air from the blood, and the color of the blood fades accordingly.

At this time, Han Zhijun was stupid, his face changed drastically, and he almost fell down to sit on the ground. "How could this be! They even treated me like this, I--"

Chen Fei coldly snorted: "Master Skull in your mouth, just you It's just a living experiment of medicine. Use the medicine they gave to your blood veins to absorb your own blood veins and condense into the small ball. When your blood veins are drained, they will come over and cut open your heart , Remove the bloody balls from them and become the medicine they really pursue. "

Han Zhijun heard the expression, his expression on his face was so dreadful and his expression changed for a while. Finally, he suddenly raised his head and looked at Chen Fei: "Why do I believe what you say!"

Chen Fei said coldly: "Do you believe what I say, I don't care. I only care about Yang Miao Miao, you hand over the person now. "

Han Zhijun's face sank and hesitated for a while, as if he was considering whether to hand over Yang Miaomiao.

"My patience is limited." Chen Fei said coldly.

Han Zhijun finally seemed to figure out something, nodded, and said, "Yes, I am willing to hand over Yang Miaomiao, just ask you to let my mentor and disciple leave."

"First hand in." Chen Fei's voice was cold.

Han Zhijun sighed, with a somber expression, said: "Yes, you come with me."

Chen Fei followed behind Han Zhijun and walked into the main house. Behind him, Jiao Boss and Yue Hongan set up the dying Luo Chao and immediately followed.

A group of people walked into the house and came to a side hut. Han Zhijun fumbled to open an institution, and a door appeared at the location of the wall. Han Zhijun took the lead and went in. "The people you want are inside."

Everyone followed in and went in.

The passage leads to the bottom direction, and it is gloomy and damp inside, with a disgusting bloody smell.

On both sides of the aisle, there are small cells like prison cells, all of which have thick iron doors.

Most of the rooms are closed at the moment, but the doors of some rooms are open to see the scene inside.

There was hardly anything else in the room except for a mat on the ground. It's just that there are some blood stains on these mats, and some even clumps of flesh that don't know anything. Ants flies around these flakes continuously, exuding a disgusting breath.

Continue to move forward, the sight of the people more and more shocked them.

Some cabins are still closed. Through the iron gate, you can see the people inside are looming, one by one completely lost their spirits, sitting on the mat dull.

Some people are swollen all over, covered with various lumps, almost no human appearance.

There are also people filled with various catheters, some unknown drugs, along the catheter, into the human body.

Such scenes, even the well-known Yue Hongan and Jiao Boss, now look dull, and some can't stop wanting to vomit.

At the moment, Chen Fei looked very gloomy, looking at Han Zhijun, and said coldly: "This is what you said, you didn't do anything bad?"

Han Zhijun shook his body, and then began to justify: "This, these are not what I want It was done by the Skeleton

Masters, I just grabbed them and locked it here. " " It's only! "Chen Fei had already revealed a killing intention in his eyes, if he hadn't seen Yang Miaomiao yet, he Now Han Zhijun has been beheaded.

"Where are the people?" Chen Fei asked coldly.

"I'm here soon, right in front." Han Zhijun pointed to a small room at the end of the aisle.

Chen Fei walked over very quickly. The small room was similar to other homes, with a person inside, Yang Miaomiao. It's just that Yang Miaomiao was just caught in, so he wasn't tortured as terrifying as those just now.

"Miao Miao, I'm here!" Chen Fei shouted, then immediately opened the locked iron door with a palm and walked into the cell. "Miao Miao, don't be afraid, Brother Chen is here."

Chen Fei went in and wanted to pull Yang Miaomiao up.

But at this moment, Yang Miaomiao sitting on the ground suddenly jumped up, a red light appeared in his eyes, and two hands grabbed Chen Fei fiercely.

"Miao Miao, what are you doing!" Chen Fei was shocked when he saw this.

At this time, Han Zhijun outside the iron gate turned away and ran away. Before boss Jiao and Yue Hongan had time to react, they felt a dark shadow passing by, and the other party flashed by.

"Mr. Chen, bad!" Jiao Boss and Yue Hongan exclaimed.

At this moment, Chen Fei, controlled Yang Miaomiao, and when she looked at her scarlet eyes, she immediately understood. Yang Miaomiao was drugged by Han Zhijun and temporarily controlled his mind.

In an instant, Chen Fei's right hand gently pinched at Yang Miaomiao's neck, causing her to faint.

Then, Chen Fei held Yang Miaomiao and turned around, looking coldly at the direction of Han Zhijun's escape, and said coldly: "Want to escape! Can you escape?"

Several people turned around and returned to the entrance.

Immediately, they discovered that the entrance had been sealed and no similar opening mechanism could be found around it.

Boss Jiao and Yue Hongan patted the entrance and found that it looked like a thick wall. Suddenly, the two looked pale.

"This door is very sturdy, I'm afraid it won't open in a short time."

"Are we trapped here?"

Chen

Fei came over and said coldly, "I'm coming!" Immediately, Chen Fei condensed his right palm and patted in the direction of Shimen.

At this moment, the dying Luo Chao showed a smile on his mouth, and said, "This master room and stone door are specially made by my master. It is not only a thick wall, but also three layers of one centimeter thick. Steel plate. This stone door, even if it was bombarded with a bazooka, could not explode a few shells. If you want to use the palm of your hand to blow the stone door away, it is simply a delusion. "

" You are here to bury me! "Luo Chao laughed. .

But at this moment, Chen Fei's right hand, with a thud, slammed on the stone gate.

Then, with a loud bang, the entire basement shook like an earthquake.

Then, a scene that caused Luo Chao's laughter to stop abruptly happened. The stone gate in his mouth was so thick that he couldn't even open it, but Chen Fei opened it directly with a palm.

Moreover, the entire stone gate was directly blasted out, smashing a lot of furniture in the main house.

"This, this—" Luo Chao felt a little weird and shocked. "What the hell are you? How could you have such a strong power?"

Chen Fei ignored him and walked out quickly.

When Yang Miaomiao passed out to Yue Hongan, Chen Fei narrowed his eyes and felt Han Zhijun's breath, ready to pursue.

#### Chapter 847

But at this moment, a roaring wind came quickly.

As soon as Chen Fei's eyes were cold, he suddenly looked up, and then he saw a scarlet iron arrow, spinning rapidly, shooting from the opposite side of the side door, towards his eyebrows.

"Humph!"

Chen Fei snorted coldly and directly reached out with his right hand, holding it out of thin air. He caught this iron arrow in his hands with great accuracy.

Then, Chen Fei threw his backhand hard, and Tiejian shot at the side door with a faster speed.

With a "bang", the iron arrow with great force directly smashed and burst the thick wooden door.

After the wooden door, a figure flashed out and stood in the courtyard. No one else was Han Zhijun who had just fled.

Seeing Han Zhijun, Chen Fei narrowed his eyes and said in a cold voice: "You are so brave, you dare to stay and don't run away. Then, take your life!"

Chen Fei's right hand waved a red streamer, North Korean army attacked.

But almost at the moment when Chen Fei shot, a black burst of energy burst out, hitting Chen Fei's red streamer, and burst directly in the air.

Then, the two figures flashed out and stood in front of Han Zhijun.

Han Zhijun looked at Chen Fei with a confident smile on his face at this time, and said, "It's not me who is so bold. It's you. Because the two adults have already come, it's you who is going to die."

With Han Zhijun In the words of Chen Fei, the eyes of several of them naturally fell on the two figures beside Han Zhijun.

The two had black robes, and one of them had a black and white skull mask familiar to Chen Fei. The other person is wearing a skull mask decorated with flame patterns.

It was the black and white skull mask man who shot and attacked him just now.

"People in the Skeleton Society!" Chen Fei narrowed his eyes and looked at the two with a somber expression.

Han Zhijun looked very proud and explained: "When Luo Chao just came back, he told me that Lin Rui was a little strange there. I thought that you would come. So, I notified the two adults at that time. . Now, you are dead. "

Chen Fei looked at Han Zhijun, who was very proud, and felt a little sad, sneered:" You are all their blind medicine, you think they will save your life when they come. " Did you

mention the big medicine ? Han Zhijun couldn't help but look stiff, and a strange look appeared on his face. Immediately, he looked at Chen Fei with a firm tone: "You never want to lie to me, the so-called big medicine in your mouth is simply a scam."

Chen Fei did not bother to explain to the self-deceived guy like Han Zhijun, but to Eyes turned to these two skull mask men.

"Why do you guys at the Skull and Bones Society take away the body of Yue Qiaoyu? Also, what purpose do you start with Yang Miaomiao?" Chen Fei stared at them.

The black and white skull mask snorted

coldly , disdainful: "Do you think we will answer your question?" Chen Fei coldly said: "You will answer. Because, you do not answer now, wait, I will also fight It 's up to you to answer obediently. "

This sentence came out, not waiting for the two skeleton mask men to speak. Han Zhijun on the excitement of the channel: "court death guy, dare disrespectful to the adults adult skull strength than you can imagine angered two adults, you wait by the go die..."

Black and white skull mask M , One step forward, a tone of command, said: "Now, hand over the little girl. Perhaps, if I am happy, I will save you a life."

"What if I don't pay?" Chen Fei coldly said Road.

"Then you die!" During the speech, the male figure in black and white skull mask moved. The body pulled out a residual image, with a sharp light, bursting out a vigorous force, like countless swords, fierce. Shot towards Chen Fei.

Seeing the other party's attack, Chen Fei shook his head softly and said coldly: "It's unbearable."

Chen Fei then raised his right hand, swayed a light curtain, and shot at the black and white skull mask man.

The light curtain soared into the sky, blooming a dazzling brilliance, with a shocking breath. Towards the oncoming innumerable sword breath, directly enveloped away.

The sharp sword breath, 咻咻 came out of the air, it seems to break all the block. But when they met Chen Fei's light curtain, they broke apart instantly, turned into countless light spots, and scattered in the air.

"Why, my attack--" The black and white skull mask saw the man, and he couldn't help being surprised, his face showing shock.

However, his tone changed and he immediately found a black domino and threw it towards Chen Fei. "Go to death." The

domino burst into a black mist in the air and quickly condensed into a black monster. This monster is nearly ten meters high, with a huge body, with an extremely oppressive momentum, much larger than the monster that Han Zhijun's dominoes condensed just now.

"Sir, you are dead, you are dead." Han Zhijun said.

But at the moment of Chen Fei, but some down-hearted shook his head, looked at the huge monster hit in the air, lightly: "? Over and over again has been this trick, you Skull and Bones, do not be tired of it." "What

did you say ? "The black and white skull mask male heard the words, revealing a look of consternation.

Chen Feidao: "I was saying that this domino monster looks fierce. But in fact, it is to store some refined blood in the domino, and then use the real breath to excite it. It looks scary, actually, also It 's just a bigger model, not worth mentioning. "

"Crazy things, you are looking for death!" The black and white skull mask male shouted sharply, commanding a huge monster and rushed towards Chen Fei.

At this time, Chen Fei, just like before, raised his right hand and took a volley shot.

The domino monster was photographed, and the huge body was a slap, then "snapped", violently exploded, turned into countless mists, and disappeared in the air.

Scattering the monster with a palm, this scene made the black and white skull mask man startled and exclaimed: "How is it possible, you in the end--"

Chen Fei's eyes were fixed before he finished speaking, his right hand pointed into a sword, a sharp blade He cut directly to him, "No more nonsense, you go to die."

Feeling the horror of the blade, the black and white skull mask man could not help but startled, and then quickly backed away.

At the same time, the man in the flame skull mask, who had been quiet for a long time, also moved at the moment, struck a sharp blade, and greeted Chen Fei's sharp blade.

The two energies touched together, and a violent impact occurred, the breath surging, the impact continued, and finally both dissipated in the air. Chen Fei's attack seemed to be blocked by the opponent.

#### Chapter 848

The black and white skull mask male suddenly relieved, and then respectfully thanked the flame skull mask male bowed: "Thank you Master Fire Skeleton for his help." The

flame skull mask male nodded gently, said lightly: "You are not him Your opponent,

step back . " Then, he stepped out and looked at Chen Fei, said:" Young man, you are too arrogant. More than a dozen people in my skeleton society have died in your hands. "

Chen Fei heard the words, but showed a look of interest, saying: "Oh, knowing my past, it seems that I am familiar with me!"

"That is of course. Because, I came here today to come to kill you." Flame skull mask male.

The conversation between the two people surprised Han Zhijun and the man with the black and white skull mask, and looked at Chen Fei with some surprise.

"Master Fire Skull knows him?"

" Did he ever fight with our Skeleton before?"

This Fire Skeleton Master seemed to be in a hurry, nodded, and said, "That's natural, because he is Chen Fei."

Mentioning the name Chen Fei, Han Zhijun is still a little confused, with a puzzled look on his face.

But the black and white skull mask male changed his face and was surprised: "

Master Fire Skeleton, you said Chen Fei. It was not long ago that the wedding of the Yue family took place, which finally forced the Yue family to bow down!" With Luo Chao 's apprenticeship, they could n't help but wonder, "What forced the Yue family to bow down, which Yue family?"

"Yuxi province, in addition to the Yue family in Yuqing city, what Yue family?" At this time, Jiao Boss Aloud.

"What, the Yue family in Yuqing City! He, he could actually make the Yue family in Yuqing city bow down. How is this possible?" Han Zhijun and Luo Chao were directly shocked when they heard this.

At this time, Huo Skeleton nodded and said lightly: "Yes, that is Chen Fei."

Confirming Chen Fei's identity, including the black and white skull mask male, several people on the other side were shocked. The color in his eyes flashed a dreadful light.

Only the fire skull, still indifferent at the moment, has no fear at all.

Seeing this, Chen Fei said, "Since I know my identity, then you haven't rolled over from the crime of

punishment ." The black and white skull mask male and Han Zhijun's apprentice and apprentice, they couldn't help but tremble, they already have in mind The meaning of retreat looked at the Fire Skull with questioning eyes.

However, the Fire Skeleton did not mean to retreat at the moment, but a sneer appeared on the corner of his mouth, and said to Chen Fei: "You can force the Yue Family to bow, it is really good."

"However, for my Skull will. Your strength It 's not worth mentioning. Next, I 'll show you how I killed you! "As the words

just started, the Fire Skull suddenly exploded with a magnificent momentum and oppressed Chen Fei. Just because of this momentum, Han Zhijun surprised them, and then showed a happy color, "This, this momentum, I am afraid at least the strong level of the Xuan level peak level. Lord Fire Skull, will win."

"Just Is this strength? Not enough to see! "Chen Fei said lightly, his body burst into vigour, and he directly oscillated out, pressing down the momentum of the fire skeleton without falling.

The Fire Skull snorted coldly, and his hands moved again and again, and a bunch of bright red flames gathered in his hands. "This is just the beginning, and then, it's moving." The

voice just fell, the breath of the Fire Skeleton's hand, condensed Formed into a flame skeleton, suffocating a suffocating horror flame, and struck Chen Fei.

This flame skull can't help but burn and injure people, and the flames that are swallowed are also mixed with a mist of black mist, with a terrible corrosive toxicity.

"Take me this trick and perish!" The sound of Fire Skull with a confident look, it seemed that even the flame cheeks on his face were smiling.

But at the moment, Chen Fei didn't have any fear, but instead shook his head and sneered coldly: "What kind of tricks do you use, and you just play with fire in front of me, that's what the class is

doing ." "I will show you, What is a real fire attack. "Chen Fei snorted loudly, and a fiery red flame burst out of him suddenly.

You should know that the practice of Chen Fei's practice is Jiuyang Burning Heaven, but it is the top practice of Zhiyang. The true spirit of this exercise alone has the blazing fire attribute.

As a result, it is a bit ridiculous that the fire skeleton is now playing with fire in front of Chen Fei.

Before the words fell, Chen Fei's red vitality condensed in the air into a flaming phoenix god bird, raised a clear chirping sound in the sky, and then flapped his wings, striking towards the fire skeleton.

"What's this--" Fire Skeleton saw it and couldn't help but be overwhelmed. He madly urged the true spirit to gather his own flame Skeleton and greeted the Phoenix God Bird.

"Boom!" The

two collided together, the golden flame emanating from the god bird directly engulfed the other's flame skeleton, and the almost blinking kung fu burned out. Then, the bird swooped and hit the fire skull hard, causing him to explode and spit out a big mouthful of blood.

In such a scene, both the black and white skull mask male and Han Zhijun could not help but be shocked, and a horrified look appeared on their faces.

The fire at the moment of the skull, fast and stable figure, Chen Fei looked at, the eyes flashed a hint of dismay of color, teeth and whispered:. "You force me to use this trick of"

being whispered, fire The skeleton flashed, and a small red axe was drawn out, injecting the true spirit, and then lifted into the air, and slashed towards Chen Fei.

The small red axe quickly grew in the air, and the blade of the axe burst with a red flame, just like a burning mountain, booming. The entire Hanjia Manor cannot withstand this huge pressure.

In the manor, some wooden buildings have been ignited by the high temperature of the axe at the moment, and they crackled up.

Feeling the power of this flaming giant axe, Jiao Boss and Yue Hongan behind Chen Fei could not help but be surprised, and his body retreated.

Chen Fei also showed a look of surprise, and looked up at the giant axe in the air, "This kind of momentum should not be able to be cast by the Xuan level peak realm. This axe is a little strange-

and at this time, The fire skull that launched this violent blow suddenly reached out and grabbed Han Zhijun not far away.

Han Zhijun couldn't help but be shocked, "Master Fire Skeleton, you, what are you doing?"

Fire Skull said coldly, "This Chen Fei, the strength is beyond estimates. I was injured by him, and I need medicine to restore the injury. Originally, I'm going to raise you for a while, but now, I can't wait."

#### Chapter 849

Han Zhijun heard the news, and suddenly looked pale, thinking of what Chen Fei said just now, he was just a blind remedy.

Suddenly, Han Zhijun yelled in horror, "Adult, don't. No, don't kill me--" The

Fire Skull was unmoved, coldly said: "I spent so much blood, I raised you for three years, let you Rejuvenate and restore your strength. Now, it's time for you to dedicate to me."

"

No- " Han Zhijun's last scream, the fire skeleton reached out his right hand and directly tore Han Zhijun's clothes and flesh, grab His heart.

Immediately, he vigorously grabbed Han Zhijun's heart, pulled it out, and then shoved it in his hand.

The blood, with the bursting heart residue, slipped out of the fingers of the fire skeleton. In the end, there was only a small red bean-sized ball in the hands of the Fire Skeleton.

Fire Skull looked at the small red ball, and a grin appeared at the corner of his mouth, saying: "Although this medicine is not mature yet, the effect is not the best time, but it is also good. After taking this medicine, Chen Fei, you should wait to die."

After talking, the Fire Skull ignored the small ball and was still stained with blood, and directly looked up, put the pill into the mouth, and swallowed it down.

Immediately, the Fire Skull shook his body, a blush appeared on his face, and a strong, bloody smell radiated from his body. He was pale and injured just now. In a very short period of time, he turned to a ruddy complexion, as if he were more magnificent than before.

Seeing this bloody and cruel scene, Luo Chao was trembling all over, his face pale, and his body was completely paralyzed on the ground. The whole person was directly scared and stupid

. The black and white skull mask male, looking at this scene at this time, also trembles in his body, a flash of panic flashed in his eyes under the mask.

But at this time, the large giant axe, with a billowing flame, roared more than just like a mountain under general oppression.

Chen Fei, who frowned slightly, stared at the giant axe under constant pressure in the air, his eyes slightly frozen, and then a cold drink, his hands turned quickly.

In an instant, a piece of red light fluttered around Chen Fei's fingertips, and finally condensed into a large red net formed by the condensing of true vitality.

Chen Fei flicked his hands, and a large net composed of red streamers spread out in the air, facing the other party's giant red axe.

The sharp axe of the giant axe burning the flame cut on the net, and then a bomb did not cut the net.

On the contrary, with the movement of Chen Fei's fingertips, the big net kept turning in the air, entwining the giant axe one by one.

A large net composed of red streamers completely wrapped the giant axe into a huge red silkworm cocoon. Immediately, Chen Fei pulled hard with both hands.

The giant axe in the air, like a kite, is entangled in a large red net and will be pulled over by Chen Fei.

Here, the fire skull that had just healed, aware of Chen Fei's movements, couldn't help being surprised, and then hurriedly moved, hitting several streamers, merged into the giant axe, and controlled the giant axe to fly towards himself, "Want to snatch me You are too delusional to deliberately treasure. "

However, just when the fire skeleton's voice just fell, Chen Fei coldly fixed his eyes, his hands violently, a red light surged from his palm, along the red wire Spread to the entire big net.

Then, Chen Fei pulled hard. The big net suddenly brought an unstoppable force, and pulled the giant axe fiercely.

The Fire Skeleton felt this great power, and was shocked, and quickly ran the breath, trying to pull the giant axe back.

But he still underestimated Chen Fei's terror force. The huge breath made him feel unstoppable. The whole body seemed to be pulled away.

Seeing that it was almost impossible to control, the Fire Skeleton could only abandon the control of the giant axe. Then there was a look of anger in his eyes, a flame appeared in the palm of his hand, and his figure moved, and the flame of the palm rushed towards Chen Fei's heart.

The Fire Skeleton let go of its control of the giant axe, and the giant axe immediately flew towards Chen Fei in the air, and at the same time it kept getting smaller.

At this moment, Chen Fei seems to have completely focused his attention on the giant axe, and has not noticed the fire skull that was attacking himself.

Behind him, Yue Hongan and Jiao Boss were shocked

when they saw this scene, and hurriedly shouted: "Mr. Chen, be careful--" But when they shouted, the Fire Skeleton had reached Chen Fei, palming the beating flame, With a terrible killing intent, he shot him fiercely towards Chen Fei's heart.

At the moment, Chen Fei was looking up at the giant axe flying above his head, reaching for the giant axe in his hand. The chest position is empty, without any defense at all.

"Haha, you, let me die." Huo Skeleton laughed with pride, and the flame slammed into Chen Fei's heart.

This flame, with a burning and corrosive nature, as long as it contaminated Chen Fei's skin, it took less than three seconds to burn and corrode his skin and open a big hole, and finally ignited and burned his heart Corroded to death.

Therefore, when the flame of the palm touched the clothes in front of Chen Feixin's mouth, the corner of the fire skull's mouth raised, and it seemed that he had seen Chen Feixin's mouth burned and died.

However, at the moment when the flame touched, Chen Fei burst into a red streamer at the position of his heart. The streamer engulfs the flame of the fire skeleton in an instant, and then spreads quickly onto the arm of the fire skeleton.

The fire skeleton suddenly felt that his right arm was burning fast, and the flesh continuously turned into piles of ashes at a visible speed, falling to the ground and being blown away by the wind.

The severe pain caused the fire skeleton to scream. There was a pained and amazed expression on his face, and he gritted his teeth and said: "How can this be the case, why?"

At this moment, Chen Fei had already got a smaller axe and had it in his pocket. Then he looked at the fire skull in front of him and said lightly: "I said, don't play with fire in front of me."

"Who the hell are you?" The fire skull screamed.

Chen Fei did not answer, but reminded faintly: "If you don't cut off your right arm in time now, you will be completely burned in less than ten seconds."

"I--" Fire Skull One Startled, he immediately saw the flames that had spread to his elbows. He gritted his teeth fiercely, and his left hand condensed an air blade. He chopped off his right arm and cut off the right arm. Then quickly clicked on the right arm fracture to stop the blood.

At this time, the right arm, which was stained with blood, fell to the ground, and for three seconds, the flame was instantly burned into a cloud of ashes.

## Chapter 850

The Fire Skeleton just stopped the blood. At this moment, Chen Fei's cold voice rang out: "Has the blood stopped? If it stopped, then come with me. I have something to ask you."

"You--" Fire Skull's face froze, and he took a step back.

Seeing this, Chen Fei snorted and slapped in the direction of the fire skeleton. Suddenly, a two-meter-high stone behind the Fire Skeleton was directly crushed and turned into countless debris, which was scattered in the air, "If you want to escape, this stone is your end."

"You know, The reason why you are still alive now. Not because of you, but because I do n't want you to die now." Chen Fei said coldly.

Huo Skeleton's face changed a lot, his eyes hesitated for a while, but in the end he didn't dare to escape, obediently followed in the footsteps of Chen Fei and walked towards Han Zhijun's main house.

Behind him, the male with black and white skull masks did not dare to have any idea of running away, and followed him step by step.

A group of people sat down in the main house to find a place. Chen Fei waved and said to the duo: "Take off your mask." The

two of them dare not take the skull mask off their faces.

Chen Fei immediately saw the two men's appearance. The male and female black and white skull masks were in their early thirties, with ordinary looks. The Fire Skull is slightly older, about 35 to 56 years old, with thin cheeks and a little red flame on the forehead.

"First of all, talk about the identity and strength of the two of you, and the purpose here." Chen Fei ordered.

The black and white skull mask male opened his mouth and said, "My name is Qi Lai, the late strength of the Xuan class is the local team leader of the Skull and Bones Association."

"He is my boss." After that, the black and white skull mask male pointed to the fire beside him. Skeleton, added a sentence.

The Fire Skeleton then introduced: "My name is Lan Yong, the level of mysterious pinnacle. I am the captain of the local Skeleton Association."

"Talking about your purpose here, and where is Yue Qiaoyu's body?" Chen Fei asked.

Fire Skeleton said: "We were originally entrenched here, using Han Zhijun to continuously grab people for experiments. Some time ago, our superiors heard from us that we had arranged a task to go to the Yue's house to bring Yue Qiaoyu's body back, You bring it in and ask us to kill you. "

" Of course, the superior also said that if you can catch you alive, it would be best. "Huo Skeleton added.

Chen Fei heard that, frowning for a moment, and then said: "So, Yue Qiaoyu's body is useless for you, just a prop that attracts me here."

"That's it, Yue Qiaoyu itself is relying on our skeleton society Drugs to enhance his strength, he has no effect. "Fire Skull said.

Chen Fei continued to ask: "You said that your skeleton will catch people to do experiments, what kind of experiment are you doing?"

Huo Skeleton said: "It is a kind of blood vein experiment. The superior asked us to catch people with these special blood veins. Find someone who meets the superior. The people whose bloodline requires them take their blood and condense into medicine. "

" Drug! "Chen Fei frowned," The medicine you gave to Han Zhijun was made using this method! "

Huo Skeleton nodded and said: "It is true. However, the medicine given to Han Zhijun is only the most basic coagulation pill of our Skull and Bones Association. There are more advanced medicines in our Skull and Bones Association. The most top-level medicines can be taken after taking one. Longevity and longevity for ten years. After taking one, you can directly break from the Xuan-level realm to the prefecture-level realm. "

" Is there such a magical drug? "Jiao Boss and Yue Hongan heard their eyes straightened now.

Chen Fei's face was heavy, and his expression looked very cold. After all, the most basic coagulation pill given to Han Zhijun by the other party was made by many people. Those high-level drugs in the mouth of the Fire Skeleton don't know how many innocent people's lives must be sacrificed to make them.

Chen Fei noticed a strange mood, skull fire quickly explained: ".. These advanced drugs, I just heard from superiors over the question but I have never seen, after all, my level is still too low,"

Chen Fei cold Humming, I continued to ask: "What kind of organization is your

Skeleton Association? How do you contact your superior?" Huo Skeleton said: "We and the superior are in one-line contact. Only the superior can actively contact the lower and lower Unable to take the initiative to contact the superior. Our tasks and resources are all directly ordered by the superior. "

" So, I only know the situation of me and my subordinate. The above situation is nothing. I don't know the skeleton Will

know the situation inside the superior. " " Do you really not understand? "Chen Fei asked with a deep voice.

Huo Skeleton shook his head quickly and said, "I really don't know."

Chen Fei stared at Huo Skeleton's eyes, feeling he didn't seem to be lying. After being silent for a moment, then said in a cold voice: "Now, take me to your local base." How

dare the Fire Skull say nothing, and then took Chen Fei out.

The base is in the deeper mountains of Hanjia Manor, and a few wooden cabins look very simple.

When Chen Fei arrived, the log cabin was empty, and even everything was taken away. All that could not be taken away were destroyed, and no traces could be seen.

Seeing this, Chen Fei froze, staring at the Fire Skeleton, with a murderous intention in his eyes, "How could it be like this?" The

Fire Skeleton quickly waved his hands and explained in panic: "Mr. Chen, I, I There was no ventilation. When I left, everything here was still good. I do n't know, how could it be like this? "

Chen Fei's eyes were cold and his heart sank.

This Skeleton Society seems to be more complicated and tighter than expected. They just subdued the two of them, and as a result, they got the news and immediately destroyed the traces so that they could not find a clue.

After searching in the base and making sure that there is no clue. Chen Fei turned and looked at Qi Lai and Lan Yong coldly, his right hand raised.

Seeing this, the two were suddenly shocked and quickly begged for mercy.

"Mr. Chen, what you want us to say, we have all said. Please, spare our lives."

"Mr. Chen spares our lives. " Chen

Fei said coldly: "How many lives have you killed, to spare you, Do you think it is possible? "The

two saw Chen Fei's determined killing intention, and suddenly showed a decisive color in his eyes, then looked at each other, turned and ran wildly, trying to escape.

"Can you escape?" Chen Fei saw it, shook his head, and patted out with a palm.

"Boom", the two were photographed with a palm and fell hundreds of meters away. Then, Chen Fei gently flicked his fingertips, struck two flames, and fell on the two, quickly burning them into a ball of ashes.
