

## Chapter 2951

Quincy wore a long princess dress and was sitting on a throne. A few people were seated beside her. It was Yennie, Xenia and the other Oracles.

Below them, Dax, Yvette and the others were tied up tightly.

A day ago, Quincy captured Dax and the others. She had sent an announcement about the capture to the community to force Darryl to appear. However, Darryl still had not appeared. This made Quincy furious, so she brought everyone to the Royal Training Hall for an interrogation.

At that moment, Quincy was looking at Dax as she questioned coldly, "Dax, let me ask you; where is Darryl now?"

"I don't know!" Dax replied impatiently.

Then, he looked straight at Quincy and continued, "Quincy, aren't you Princess Long of the South Cloud World and engaged to Darryl? Shouldn't you know exactly what kind of person he is? I would believe you if you said he injured the Oracle by mistake, but to say he violated the Oracle; it's impossible."

Quincy's exquisite face change immediately when she heard what he said.

At the same time, a royal guard who was standing aside could not help but shout, "Nonsense! How dare you speak to Princess Long in such a way!"

As he spoke, he pulled out a soft belt and hit Dax. The soft belt was made from cold iron and tendons of spiritual animals with thorns all over it.

Slan!

After they heard the sharp sound of the belt, a bloody wound appeared on Dax's back as fresh blood oozed out, soaking his entire shirt instantly!

Dax clenched his teeth and did not shout as his eyes burned with rage as he stared at Quincy.

'Quincy is crazy!' Yvette and the others were in shock.

They wished to rush over to stop him, but their hands and legs were tied up. They could not move at all.

"Are you saying I've wrongly accused Darryl? I have proof of the event from both of the Oracles. We did not accuse him. I know you were brothers with Darryl, but he cannot be spared from causing the death of the Oracle. I assure you that I will release all of you once you tell me Darryl's whereabouts," Quincy said coldly.

Dax shook his head; he clenched his teeth and said, " Darryl would never do such a thing. Besides, we don't even know where he is now."

At that moment, Darryl was inside the Universe Calabash and the Universe Calabash was with Ambrose. Dax, Yvette and the others know that.

However, Quincy was confident that Darryl killed the Oracle. How could they tell her that!

" You insist on protecting Darryl, right? Keep hitting him until he talks!" Quincy shouted, her body trembling with anger.

Then, the guard standing behind Dax swung his belt again.

Slap!

The loud sound of the whip echoed through the hall as the whip shocked Dax. He clenched his teeth tightly, trying not to shout, but his face was full of sweat.

Earlier, Dax would not have been bothered by such cruel torture. However, he had no internal energy and was just like an ordinary person, so there was no way he could stand this torture.

" Stop hitting him!"

" Stop it!"

Yvette, Ambrose and the others shouted. However, Quincy pretended that she did not hear anything at all. Yennie, Xenia and the other Oracles who were seated at both sides of the hall looked cold and emotionless.

' Darryl caused the death of our sister; these people are all his loved ones, so we must not let them go easily, ' they thought.

Sigh!

When she saw Dax's back was wounded terribly, Jackie sighed in relief and said slowly, " Dax, you are famous in the community; why are you so stubborn? Darryl committed a crime; he should bear the punishment accordingly. Who else do you want to die in vain for him? "

" I ... " Dax clenched his teeth, looking determined. " As I've said before, Darryl would never do something like that. Never ... "

Furious, Quincy ordered the guard to continue whipping Dax.

Bang!

Suddenly, a shining ray of life exploded from Ambrose's waist as unique energy filled the Royal Training Hall.

Then, the ray disappeared and four shadows appeared in front of everyone.

## Chapter 2952

Two men and two women appeared. The two men looked smart and cool. However, one of them also had a spiritual and Taoism aura. It was Darryl and Lu Dongbin.

Meanwhile, the two ladies looked identical. Both had exquisite facial features and attractive figures. They exuded a spiritual aura and one of them looked cold while the other was gentle and soft.

The two women were Bonnie and Yuri.

They followed them out after they joined forces to send Darryl and Lu Dongbin out of the Illusion Virtual World.

' What's going on?' Darryl was stunned when he saw what was in front of him.

The grand and silent hall in front of him was the Royal Training Hall of the South Cloud World. On either side of the throne were the Oracles, Yennie and Xenia; both had tried to kill him. There were another six beautiful women who were as pretty as fairies.

He also saw Yvette and the others were tied up and Dax's back was covered in blood. It was obvious he had been tortured.

At that moment, the entire Royal Training Hall was in complete silence.

' Where did Darryl come from? And he was with Lu Dongbin!' everyone wondered.

Quincy was the first to come to her senses. She stood up immediately and pointed at Darryl as she shouted, "Darryl! You're a loser and you're finally willing to appear now?"

At the same time, Yennie and the other Oracles, who were sitting at both sides, were staring angrily at Darryl.

Sigh!

Darryl took a deep breath as he stared straight at Quincy, trembling. " Quincy, what's going on? Why did you capture Dax and the others, your own family, and torturing him?"

Darryl had so many questions running through his mind and he was enraged. He clenched his fists tight when he saw how much Dax had suffered.

" Who are you calling family? Our engagement has been called off. Your cruelty killed Oracle Cynthia; you deserve to die for your crime!" Quincy said with disgust on her face.

Then, Xenia pointed at Darryl as she shouted, " You despicable criminal! I'll execute you as revenge for Cynthia!"

Yennie and the other Oracles nodded their heads unanimously; they were extremely emotional.

Darryl felt a pain in his heart and his eyes were incredibly blood red. He looked at Xenia and the others, then clenched his teeth as he said, " Oracle Xenia, right? I have already said earlier that I did not cause the death of Cynthia; someone framed me."

' Is something wrong with Oracle Xenia's memory? It's obvious that there was something fishy with the earlier situation, but she still insists I was the one who killed Cynthia,' he thought.

" Framed? Cynthia told us herself before she committed suicide that it was you. How could that be wrong?" Bonnie shouted.

Lu Dongbin was incredibly surprised to see what was happening.

What is going on? Quincy called off the engagement and Darryl caused the death of another Oracle? " he thought.

He stepped forward and said to Quincy, " Princess Long, both Sect Master Darby and yourself are respectable people. Please speak properly and don't strain the situation. "

Although he did not know the situation in detail, Lu Dongbin trusted Darryl's character.

Quincy calmed herself down and spoke politely, " Master Lu, Darryl is a despicable person. Don't be deceived by him. Besides, this has nothing to do with you, so I hope you won't interfere! "

Usually, Quincy would have never spoken so politely to anyone, but Lu Dongbin was different. He was the Master of Taoism and was well respected by people across the world. She had to show him some respect.

What ...

When he heard that, Lu Dongbin still wanted to speak for Darryl, but he was not sure what else to say.

At that moment, Darryl did not want to waste any more time. " Since you are so sure that I caused the death of Oracle Cynthia, I will not say anything further. But, no matter what, this is my own matter, so let Dax and the others go. Otherwise, don't blame me for not being polite here."

## Chapter 2953

' I can accept Quincy calling off the engagement but will not accept the fact that she captured the others and tortured Dax,' Darryl thought.

The entire Royal Training Hall was in an uproar when they heard that. ' Darryl must be out of his mind to speak to Princess Long in such a manner.'

Quincy blushed as she trembled. Then, she stood up abruptly and shouted as she pointed at him, " You think you have the right to negotiate with me? Take him down."

Whoosh.

After she spoke, all the royal guards activated their internal energy and surrounded Darryl.

" Come, whoever wants to die!" Darryl shouted loudly as he raised his hands and held the Heavenly Halberd tightly in his hands.

The guards were intimidated when they felt the aura Darryl exuded. None of them dared to make a move.

Quincy was furious when she saw that and decided to do it herself.

However, Xenia shouted, " Devil, how dare you act so presumptuously in the palace! You really think no one can fight you?"

Bang!

After she spoke, Xenia's body charged directly towards Darryl.

Darryl was shocked when he saw Xenia approaching him. He quickly went into full alert to be ready for her attack.

Bang! Bang! Bang!

In the blink of an eye, Darryl battled intensely with Xenie. He still had a chance to attack her initially, but he was starting to lose control as he faced Xenia's incredible controlling power. Darryl still had the opportunity to attack at the beginning.

Lu Dongbin wanted to take action to stop them when he saw that, but Quincy had already told him to mind his own business, so he controlled himself.

Yuri started to be worried when she saw Darryl was losing control and said to Bonnie, " Bonnie, go help quickly. I'll rescue the rest."

Yuri's plan was for Bonnie to help Darryl handle Xenia while she rescued Dax and the others. Then, they would be able to retreat together. However, Bonnie was pretending not to hear anything and her expression was cold.

Bonnie was not willing to be Darryl's maid in her heart. She was delighted when she saw Darryl was in trouble, so she was not going to help.

Not only did Bonnie not want to help, but she was also hoping Oracle Xenia would kill Darryl. Then, she would not have to be his anymore.

" You ..." Yuri stomped her feet when she saw Bonnie was not budging.

She flew into the air and went towards Xenia and shouted at Darryl, " Let me handle her; go save your family!"

Bang!

A strong aura exploded from Yuri and the entire Royal Training hall was blinded by a shining ray of lights.

She then raised her gentle hand and punched Xenia. Then, Yuri raised her hand and punched Xenia.

Everyone was shocked.

Such strong power. Who is this woman? '

Also ... what is her relationship with Darryl?'

Soon, Xenia regained her thoughts. She bit her lips tightly, turned her body and went to meet Yuri's attack.

' Darryl is such a despicable person that caused my sister's death. Whoever is with him is not good as well,' she thought.

## Chapter 2954

Sigh!

All the royal guards were stunned with their eyes wide open as they stared at Yuri, unable to control themselves.

The eight Oracles were unique goddesses, especially the fairy aura inside them. It made it difficult to forget after looking at them. However, the lady in front of them was more attractive.

She had exquisite features, a sexy figure and an especially special aura that made people fall for her.

Beautiful. Attractive. Gorgeous. It was as if the best words in the world were not enough to describe her beauty.

At that time, the guards still did not know that Yuri was not human, and in fact, was a fairy produced in the Illusion Virtual World.

At that moment, as Yuri saw Xenia approaching, she uttered a few words, "Don't you dare harm him with me here today!"

Her voice was soft and sweet, but strong.

Bang!

Then, a terrifyingly powerful aura exploded from Yuri's body and froze the air in the entire Royal Training Hall. The unexpected aura filled every corner of the main hall, worrying everyone.

Yennie and the other Oracles were especially anxious as their bodies trembled and they felt shocked inside.

The lady in front of them looked gentle and weak, but she had such powerful energy. On top of that, the spiritual energy she released was pure beyond description.

Xenia's beautiful brows locked tight, feeling worried for no reason. ' Where did this bastard Darryl get help from? Her aura is just too scary.

Bang!

When Xenia was still mumbling discreetly when Yuri charged at her and punched her.

Xenia was shocked when she felt Yuri's strong energy. She was not able to avoid the attack and could only activate her energy to fight her. At that moment, Xenia dared not take the risk and activated almost all of her energy to defend herself

Bang!

Yuri and Xenia's palms crashed into each other, causing a strong exploding vibration. Xenia felt unimaginable energy pass through her body as it happened and was thrown a dozen meters away in the air from the vibration. She landed at the entrance of the hall, her face looking pale.

“ How did that happen?’ She stared blankly at Yuri after she stabilized her body, her eyes filled with shock.

This lady is so powerful; it was terrifying. I activated all my energy and I can barely defend her punch! Who is she? ' she thought.

At the same time, Yuri and other Oracles stood up instantly. They looked closely at Yuri in disbelief and worry, at the same time, for Xenia.

Sigh!

Darryl, on the other hand, sighed in relief discreetly when he saw that.

' Sh \* t! I'm lucky I brought Yuri along when I left the Illusion Virtual World. Otherwise, it would not have been easy for me to handle, ' he thought

No matter what, Xenia and the Oracles were all from the Godly region.

" Darryl, don't worry, I'm here!" Yuri turned her head and looked at Darryl with a big smile as she spoke.

She was so innocent and pure. However, since Darryl was her man, she had a duty to protect him and ensure his safety.

Darryl felt warm in his heart when he heard that as a smile appeared on his face, " Thank you very much!"

Then he remembered something and continued, " Yuri, these Oracles aren't bad people. We just had a misunderstanding, so don't be too hard on them and don't injure them, please."

He felt conflicted telling her that. Xenia insisted I killed Oracle Cynthia without even investigating it. This is disturbing. However, it would be even more difficult for me to clear my name if our relationship is strained. '

Yuri obeyed Darryl's orders as she nodded her head immediately

## Chapter 2955

" You!" Xenia stared at Darryl, enraged and her face red.

" This bastard asked his companion to spare us? He's just humiliating me. I'm one of the Nine Saint Oracles and I will not be humiliated in such a way,' she thought.

At the same time, Yennie and the rest of the oracles looked awful. ' Darryl is so arrogant. Even if Yuri is really powerful, we don't need her to spare us.'

At that time, Yuri looked seriously at Xenia. "Younger Sister, Darryl has given his order, so I will not harm you. However, you better give up and stop fighting Darryl. "

It would have been better if Yuri did not mention that. Xenia's facial expression changed and she was about to explode.' Darryl killed my sister and you tell me to stop fighting against him? I won't stand for this!

" I don't care who you are; you can't cover for him. He killed my sister, so I'll kill him today no matter what it takes! But, since you want to butt into other people's business, then you shall die with him," Xenia said, glaring at Yuri.

Then, Xenia bit her lips tightly and leaped into the air, charging directly at Yuri!

She was one of the Nine Saint Oracles; how could she be underestimated like that in front of so many people. How would she stand such humiliation?

" Xenia, we shall come and help you," Yennie and the other Oracles shouted as they leaped into the air.

In an instant, Yuri was surrounded by eight figures.

' Sh \* t! They are attacking together?' Darryl was shocked and started to get worried.

" Yuri, be careful!" he shouted.

The identities of the Nine Saint Oracles were unique and their power must not be underestimated. No matter how strong Yuri was, there was no way for her to handle eight of them.

Yuri felt so sweet in her heart when she felt Darryl's care for her.

The next second, Yuri smiled sweetly at Darryl. "Don't worry about me!"

Then, her face turned serious when she saw the eight Oracles flying at her. " All of you want to bully me, who's alone? I'm not afraid of you; show me what you've got!"

Her voice was gentle and did not sound arrogant, but incredibly confident.

Bang!

After she spoke, an incredibly strong spiritual energy exploded from Yuri's body. At that instant, the air at the entire South Cloud World palace was twisted.

The huge commotion led many of the royal city citizens to come out and look in the direction of the royal palace.

' What is that?' they wondered.

The situation was really intense in the Royal Training Hall. The energy that exploded from Yuri's body pressured everyone to feel terrified!

Bang!

At that moment, Yuri raised her hand slowly and with the sharp sound a treasured sword as white as snow appeared in her hand.

The treasured sword was a few centimeters shorter than an ordinary sword and was surrounded by spiritual auras, shining an attractive ray.

The sword was formed with Yuri's spiritual energy and it was also where the essence of her energy came from.

Bang. Bang. Bang.

In the blink of an eye, Yuri flew out of the Royal Training Hall, high into the air and started battling intensely with the eight Oracles.

Everyone stared at them in the air, full of nerves.

Yuri moved swiftly and she was not affected by the fight at all even though she was surrounded by the eight Oracles. She was still skillful and at ease.

In contrast, Xenia and the other Oracles were panicking and losing control, as if they were afraid of the treasured sword in Yuri's hand.

A few minutes later, Xenia started to get worried and shouted, " My sisters, form the Spirit Elimination Formation!"

Whoosh, Whoosh. Whoosh.

After she spoke, Yennie and the other Oracles moved quickly, separated into eight directions and surrounded Yuri, so she was in the middle.

## Chapter 2956

Darryl's body trembled when he saw that as a smile appeared on his face at the same time. ' There isn't a formation in this world that I don't know. Although the Nine Saint Oracles are special, wouldn't they be showing off in front of the expert by creating formations?'

Darryl had a plan to identify the flaws in the formation then inform Yuri.

Xenia is bullying Yuri as there are so many people, so there is nothing wrong with me shouting to help Yuri too. I've never seen this formation before, ' he thought as he observed carefully.

Darryl furrowed his brows in complete shock.

At that moment, Darryl saw the eight Oracles'figures were closely connected and there was almost no weakness to penetrate through at all. It was incredibly mysterious each time their bodies changed.

Darryl still had not figured out a flaw in the formation after observing for a while. He wanted to cry but had no tears. ' I have underestimated them. The eight Oracles are from the Godly Region. How will I solve a formation from the Godly Region?'

The formation the eight Oracles executed was the Spirit Elimination Formation from the Godly Region. The formation was mysterious and could have a thousand different changes. It was unidentifiable and unexpected, so naturally, Darryl knew nothing about it.

Lu Dongbin, who was at the side, was squeezing his eyes in awe. ' That formation is incredibly powerful. I'm afraid fairy Yuri will be in trouble this time.'

At that moment, Yuri was trapped in the middle of the formation in the air as she faced the formation the eight Oracles created. She tried many ways to escape, but she could not get through. She was starting to get worried.

Although Yuri was a fairy, just like Bonnie, she was not aware of the formation at all. Earlier in the Illusion Virtual World, Darryl used the stone formation to trap Bonnie, forcing her to surrender. Yuri was out of ideas at this moment as she faced the Spirit Elimination Formation by the eight Oracles.

Darryl started to get worried when he saw the situation was becoming unfavorable.

The next second, he turned and looked at Bonnie. Darryl blinked and ordered immediately, " Bonnie, go help immediately!"

Bonnie and Yuri were fairies but were on opposing sides of good and evil. They had just joined forces to help Darryl and Lu Dongbin escape. With Bonnie's help, they would definitely be able to defeat the eight Oracles.

Bonnie had just stood there observing coldly the moment the battle began. When she heard Darryl calling her name, she remained emotionless.

" Why should I help her?" she replied casually.

Bonnie had battled Yuri for thousands of years in the Illusion Virtual World. She felt delighted when she saw Yuri in trouble. Why would she help her?

Darryl was stunned and ordered angrily, " I don't need to give you a reason. You are my maid, so you have to go when I ask you to!"

' Bonnie dares disobey me. She is rude. I need to teach her properly once this matter is settled,' he thought.

The more Bonnie refused to follow his orders, the more worried Darryl became.

" I may be your maid, but I did not agree to obeying all your orders. So, I'm not going to help her," Bonnie said calmly.

While both of them were fairies, Bonnie was cruel, cold and more cunning than Yuri.

" You ..." Darryl wanted to shout at her, but he was worried he would make Bonnie angry.

One must know that Bonnie's ability was as scary as Yuri's.

There is no benefit for me at all if our relationship is strained, ' Darryl thought as he took a deep breath to calm himself down.

Then, a smile appeared on his face as he said to Bonnie, " I know in your heart you think Yuri is your life-long enemy. But, think about it; if something happens to Yuri right now, there would be no one left for you to fight. Both of you still have not decided who is the winner or loser."

When she heard that, Bonnie locked her beautiful brows and went silent, she doubted herself instantly.

## **Chapter 2957**

' If anything happens to Yuri that means I won't have any contenders. What is the point then?' Bonnie thought.

Then, she leaped into the air to join the battle.

" If you're going to harm Yuri, you answer to me!" Bonnie shouted as she released her energy..

Bang!

Following the vibration of an extremely strong aura, Bonnie was seen holding a long, blood red blade. The blade was burning like a flame of fire. The temperature of the palace rose substantially.

The blade carried Bonnie's energy essence and while Yuri's white jade sword was pure, Bonnie's was evil.

Yuri's white jade sword represented kindness and justice, while Bonnie's long Blade represented evil and cruelty.

Sigh!

Darryl sighed in relief, feeling delighted. He was lucky Bonnie was a fairy and innocent, so she was easily tricked. Otherwise, Yuri would be in trouble.

Quincy and the other guards were all in shock when they saw that. The guards could not stop looking between Bonnie and Yuri.

Both the ladies looked exactly the same. Not only that, their power was really terrifying too. However, no one had ever heard of such powerful twins in all of The Nine Continent. It was unbelievable and incredible.

Although still in shock, the men were all enjoying the sight.

Whether it was the eight Oracles or Yuri or Bonnie, the women were goddesses that only appeared once in a thousand years. As they battled in the air, their alluring figures were exposed and made the men's minds go blank.

Yuri felt more relaxed after Bonnie joined in. However, the Spirit Elimination Formation was so unique, after a while, both Bonnie and Yuri felt it was really hard for them to breakthrough successfully.

Bonnie was impatient and after a few rounds, she yelled, " All of you are just flashing here and there; that's so annoying. Get lost, all of you!"

Bang!

After she spoke, the air around Bonnie twisted. Then, the energy of the entire palace was sucked out and directed into Bonnie's long, blood blade. Bonnie was getting ready to shoot out her entire energy.

Yuri was really kind and did not want to harm the eight Oracles, so she had been reserving her power as Darryl had ordered her not to harm the Oracles.

However, Bonnie was different and she was cruel in nature. When she realized she was not going to break through the formation, she decided to use all her energy.

" This ... what technique is this?" everyone wondered as they stared closely at Bonnie, worried.

Everyone saw that after the blade in Bonnie's hand absorbed the aura from the atmosphere, an incredibly terrifying energy was forming!

" Hurry, hide quickly!" Lu Dongbin shouted suddenly with a dark look on his face.

He was a Taoism Master from the Taoism Sect. He knew Bonnie's background, so of course, he knew how terrifying the energy she was about to explode.

Whoosh!

Then, Quincy and the other guards retreated. Master Lu had warned everyone, so no one dared to be brave.

Quincy bit her lips, unable to hide her feelings of amazement as she asked Lu Dongbin, " Master Lu, who are the two women helping Darryl?"

Sigh!

Lu Dongbin took a deep breath and replied, feeling conflicted. " Princess Long, these two ladies' backgrounds are not ordinary. They are not someone that an ordinary person can provoke. They're "

However, before he could finish, he was interrupted by a loud vibration that sounded like thunder.

## Chapter 2958

Bang!

Bonnie waved her long, blood-red blade with a cold look in her eyes. In an instant, a striking blood-colored shadow of lights cracked through the sky and earth and struck at the eight Oracles.

The lights charged like thunder and at the speed of lightning. It sliced through the air and blood colored cracks formed as it passed. Even the clear sky had turned dark in an instant.

Xenia and the other Oracles trembled at the sight. They were terrified. Then, they started activating their internal energy and formed a protective shield around them.

Bang! Bang! Bang!

A bloody shadow of light crashed into the protective shield and cracked it instantly. The Oracles ' trembled and were thrown back from the vibration, leaving them pale and weak.

At that moment, the entire palace was in complete silence. Everyone felt a chill up their spines as their minds buzzed.

This is too scary. Even though the eight Oracles joined forces, they still could not defeat the beautiful lady in red! they thought.

Quincy's brows were locked tightly, feeling incredibly shocked.

As for Xenia, Yennie and the other Oracles, they were incredibly shocked and angry too.

' ' With our joint power, there should be no one in all The Nine Continent that can defeat us. But, we were just injured by a strange woman. How can we seek revenge from Darryl in the future?' the Oracles thought with a conflicted expression.

They were furious and angry, as well as unwilling to accept the fact they did not win.

Finally, Xenia was the first to regain her thoughts. She looked at Bonnie and Yuri, " You two! Who are you people? Why do you want to help evil by helping Darryl?"

Xenia accepted that she was defeated. However, she wanted to find out the relationship between the two ladies and Darryl, no matter what.

She would not let Cynthia die in vain.

Yuri landed gracefully and stood intimately beside Darryl. “ Darryl is my man and he's great. Why do you say he's an evil person?”

Then, Bonnie replied too, “ I'm his maid. I have no other relationship with him apart from that.

As she spoke, she did not forget to glare at Yuri.

In Bonnie's heart, a fairy was formed from the spirit of sky and earth; they were supreme. However, Yuri chose to be with a regular human being and it was really humiliating.

Everyone was stunned by their responses. These twins are Darryl's wife and his maid? How can that be? Darryl is an evil person and despicable. What good does he have?’

What made everyone curious was that Bonnie and Yuri looked exactly the same. It was obvious that they were twins, but their relationship was not harmonious.

Despite all that, both of them were willing to stay by Darryl's side. That was really unbelievable.

Finally, Xenia gathered her thoughts and glared at Darryl as she said, “ He caused my sister's death. He is so despicable and evil. He is the most evil person in the world. We are doing the community a favor by killing him!”

The other Oracles beside her nodded in agreement.

' Sh \* t!' Darryl was furious when he heard those words. The anger that was burning in his heart continued to rise.

" I've already said before that I did not cause Oracle Cynthia's death. She was trapped in the New World palace at that time and I was the one who rescued her. If I wanted to harm her, why would I do something as unnecessary as taking her out of the palace?

“ A month ago, someone framed me for violating Chang Er and wanting to be the North Moana Emperor. I have no evidence to prove my innocence and it caused my reputation to be tarnished in The Nine Continent. I have already accepted that! But before the truth was out, you already captured my family and tortured them. Have you done good then?" he ranted.

## Chapter 2959

“ Let me reiterate; I had nothing to do with Cynthia's death. But I swear I'll find out who killed her!” Darryl's words shocked everyone and carried weight.

In an instant, everyone stared blankly at Darryl, speechless. There was pin-drop silence in the entire palace.

Meanwhile, Xenia, Yennie and the other Oracles were feeling mixed emotions.

Quincy, who was standing at the main hall entrance, was biting her lips tightly as her heartbeat hastened. ' Did I ... did I misunderstand Darryl?'

“ I, Darryl Darby, have never done anything against the community of The Nine Continent, as well as the citizens of the world,” Darryl said, his voice echoing throughout the entire hall as he activated his energy in his abdomen.

“ Dax is my brother, and you have tortured him horribly!” Darryl's eyes were blood red and he was about to lose his mind. “ I'm taking them away with me. Whoever dares to stop me, is my mortal enemy!”

After he spoke, Darryl held Dax up and walked out of the palace. Then, he pulled Dax up and walked out of the palace, with Bonnie and Yuri following closely behind as they protected Yvette and the others.

At that moment, everyone was left stunned and unable to speak for a long time. The guards around them dared not even take a breath.

The aura that Darryl displayed just now shocked the entire hall. Anyone who stopped him would die.

...

Meanwhile, Zhang Jue had been meditating day and night at the Eternal Life Island. His power had finally recovered completely.

At that moment, Zhang Jue opened his eyes slowly and there was a sinister, cold look in his eyes. ' Paul, you despicable bastard. How dare you ambush me? I'll make you beg for your life.'

Then, he activated his energy in his abdomen, leaped into the air and headed for the mainland.

After flying for just a few kilometers, Zhang Jue furrowed his brow when he saw a small island located not far from the Eternal Life Island. Smoke floated up into the sky from the island and it was obvious there were people living there.

His eyes turned cold the moment he saw it. 'This place is so near the Eternal Life Island. The people living there must be related to the Eternal Life Sect.'

Then, he turned and landed directly on the small island. Once he landed, he saw the beautiful surroundings of the small island. There were a few huts beside the shore and Zhang Jue headed straight for them.

" Freeze!" someone shouted the moment Zhang Jue arrived in front of the small hut.

Then, a smart-looking young man came out of the hut; his face was on full alert. Behind the man was a beautiful lady.

The young man was Chester's son, Neil Wilson and the beautiful lady was his mother, Shelly Sullivan.

Three months ago, they received news that Chester had died when others harmed him. Shelly was devastated and completely gave up hope, so she brought her son to an abandoned island not far away from the Eternal Life Island to live in seclusion.

Neil had only been an innocent three-year-old baby when Quincy captured all the World Universe sects. Ten years have passed since then and he has become a young man.

" Who are you?" Neil looked Zhang Jue up and down.

Neil could feel the incredible power oozing off the person in front of him. However, he was Chester's son and had grown up at the Eternal Life Palace Sect since he was little, so he was fearless.

Zhang Jue did not reply directly, and instead, he asked coldly, " Who are you? What is Your relationship with the Eternal Life Palace Sect?"

If the mother and son were family or friends of Paul, he planned to kill them.

## **Chapter 2960**

Neil looked at Zhang Jue, alert. " You answer my question first!"

This person's power is beyond imagination. I need to be extra careful, ' he thought.

Zhang Jue furrowed his brows as he looked curiously at Neil." You're brave, young man. You dare to speak to me in such a way! "

He was an arrogant person. If anyone spoke to him like that, he would have slapped them without hesitation. However, when he saw how fearless and young Neil was, he started to admire him.

The next second, Zhang Jue smiled lightly." I will never change my name. I'm Zhang Jue! "

' Zhang Jue ?!' Neil's heart skipped a beat, feeling stunned.

At the same time, Shelly's body trembled as she stared straight at Zhang Jue. She was shocked and furious.

" You're Zhang Jue? You ... why are you not dead?" Shelly shouted after coming to her senses.

Shelly's body was trembling and her heart was a mess.

During the day, Paul ordered someone to send a message saying that he had captured Zhang Jue and killed him. His body was buried at the Eternal Life Island and Shelly was relieved when she heard that.

Her husband got his revenge and there was nothing else for her to worry about. However, Shelly never imagined that Zhang Jue was alive and that he found her and her son where they lived in seclusion.

At that moment, Neil also regathered his thoughts. His eyes were blood-red as he locked his gaze on Zhang Jue. " It's you! You caused my father's death!"

Neil clenched his fists firmly when he said that.

" Your father? Who is your father?" Zhang Jue squeezed his brows, his face full of doubt.

He had never met Neil and his mother, so he was still not aware that they were Chester's family.

Sigh!

Neil took a deep breath and said each Word clearly. " My father is the Sect Master of the Eternal Life Palace Sect, Chester Wilson. You captured my father and the Carter family, locked them at the main altar of the Endless Sky Organization and forced them to surrender. You also caused my father to die at the cliff; everyone in The Nine Continent knows about this! Don't think you're leaving here alive."

Then, Neil leaped into the air, charging at Zhang Jue. At the same time, a strong aura exploded from his body as the air around him twisted. It was terrifying!

Being Chester's only son, Neil was also a rare talent in cultivation. He was only sixteen years old but already achieved level three Martial Emperor state.

" Neil ..." Shelly shouted, her heart trembling.

Although her son was not weak, he was facing the infamous Zhang Jue. He was famous for thousands of years and his foundation was not something Neil could be compared to. How would Neil battle him alone ?!

Feeling worried, Shelly wanted to run over to stop them, but she was too weak. In addition, Neil was just too fast and there was no way she could do it.

' Chester's son!' Zhang Jue furrowed his brow when he saw Neil charging at him.

He was not worried at all.

" You're seeking revenge for your father? That's interesting," Zhang Jue said coldly, his tone teasing.

Then, he raised his right hand slowly and casually waved his palm to meet Neil's attack.

Neil felt Zhang Jue's power and dared not take any risks. He activated all his energy and roared, " Die!"

## Chapter 2961

Bang!

Their palms met and Neil felt a strong wave of energy hit him. He moaned as he was sent flying a dozen meters away from the vibration. He turned pale when he landed and the blood aura in their bodies boiled.

After he stabilized his body, Neil looked at Zhang Jue in shock. ' Sh \* t, Zhang Jue's power is really scary. Just a casual hit from him, and I had to use all my energy in order to defend myself. His power is so extraordinary; how will I be able to seek revenge for my father ?!'

At that same time, Shelly was really worried. After she shouted, she ran quickly to hold Neil. " Neil, are you okay ?!"

Neil shook his head as he continued to stare at Zhang Jue, unable to hide his shock and need for vengeance.

" Young man, you are no match for me. Acting recklessly is just asking for death!" Zhang Jue looked proud as he said slowly.

He looked conflicted and continued, " I can tell you one thing. I did not kill your father."

" What?" Neil and Shelly looked at each other, stunned.

The next second, Neil could not help but ask, " Then, who did?"

Zhang Jue looked calm. " It was the current Sect Master of the Eternal Life Palace Sect, Paul. This person is a bastard. He is despicable and cruel. He pretended to be loyal to me in order to save his own life. He then promised me that he would observe Chester's actions discreetly.

" Later, Darryl led the New World Grand Army to surround the main altar of the Endless Sky Organization with the intention to save the Carter family. Chester took that chance release the Carter family. Paul was responsible for stopping him at that time. In the end, he pushed your father off the cliff behind the mountain.

" After he killed your father, Paul did not report back to me. He ran away during the chaos and returned to the Eternal Life Island to be the Sect Master."

Then, he became furious and had an icy look in his gaze. " I believe you know what happened after that. Paul confused everyone by accusing me of killing Chester. But he was the real culprit!"

After they heard that, Neil and Shelly were completely stunned. They stood there and were not able to speak for a long time.

The real culprit that caused Chester's death is Paul?

However ... Zhang Jue is a person with many evil plans. He is not a good person, so can I trust him?

Neil gathered his thoughts and questioned Zhang Jue, " This is just hearsay with no evidence. Who knows, you may be trying to instigate my relationship with Paul!"

The truth was, Neil did not have any relationship with Paul at all. During the years Chester was the Sect Master, he even had disputes with Paul. Although their relationship was not good, they were still part of the Eternal Life Palace Sect and part of the same group.

As for Zhang Jue, he was a notorious evil person in The Nine Continent.

Zhang Jue was stunned when he faced Neil's questioning. He then laughed loudly into the sky.

" I do everything the way I like and I'm a genuine person. There is no need for me to lie to a baby like you." Zhang Jue laughed coldly, looking arrogant. " If I did it, I would admit it even if I would be despised by the whole world. However, I really didn't cause your father's death."

Then, he stood up with his hands behind his back, looking tall and arrogant.

When they heard that, Neil and Shelly went silent again.

A few minutes later, Shelly regained her thoughts. Her exquisite face was filled with anger. " Paul is so despicable. He promised to seek revenge for my husband, when he is the real culprit."

Neil clenched his fists and said fiercely, " Such a despicable person became the Sect Master. That is the greatest joke of the Eternal Life Palace Sect."

At that moment, the mother and son finally understood.

Although Zhang Jue was not a good person, he was still famous and arrogant. If he were the real culprit, he would not waste his energy explaining. Also, with his power, it would be so simple to take action against the mother and son. He would not need to waste time speaking to them at all.

## Chapter 2962

A smile appeared on Zhang Jue's face when he looked at the expression changes of the mother and son.

" Young man, do you want to seek revenge for your father?" he said, looking at Neil.

" What do you mean?" Neil asked, stunned.

" Ha-ha! You're not a match for Paul with Your current abilities. You must know he controls the entire Eternal Life Palace!" Zhang Jue smiled then his tone changed and he continued, " If you become my apprentice, you'll be able to kill him and get your revenge once your power increases."

The truth was, with Zhang Jue's power, he could easily kill Paul once he found him.

However, in Zhang Jue's heart, Paul ambushed him and took away the Sky Breaking Axe, which was so despicable. It would be too kind just to kill him. If he took Neil as his apprentice then helped him to take back the Eternal Life Palace, Paul would definitely be devastated. That would be the best punishment for him.

Most importantly, once Neil kills Paul and becomes the Sect Master, the Eternal Life Sect would be under his control as he would be Neil's master.

When he heard that, Neil's body trembled and he was stunned instantly. ' Did I hear that correctly? Zhang Jue wants to take me on as his apprentice?

At the same time, Shelly was also stunned. Her exquisite face was filled with doubts and questions.

The next second, Neil regained his thoughts and he looked determined, "No!"

His word was crystal clear without any doubts!

Neil knew Zhang Jue was really powerful. If he were to be his apprentice, his power would increase substantially. It would be easier for him to seek revenge for his father when he located Paul.

However, Zhang Jue created chaos in the world and has committed evil deeds in the community. If I became his apprentice, wouldn't that make me like him? " he thought.

Since Neil was young, Chester had taught him that you must always remain fair and honest as a cultivator and never mix with evil powers. How could he become Zhang Jue's apprentice?

Zhang Jue looked terrible. He was famous and almost everyone in the community that knew him was afraid of him. Countless people dreamt of being his disciple. Neil just rejected him and if that news spread, what would happen to his reputation?

The atmosphere on the entire little island turned tense in an instant.

At that moment, Shelly regained her thoughts and said to Zhang Jue," We appreciate Your kindness. However, we are from very different parties, so you won't need to worry about our quest for revenge. "

" Really? I'll do what I want. It's not up to you to decide if you want to be my apprentice!" Zhang Jue replied, smiling fakely, but inside, his heart was dark and cold.

As the leader of the Yellow Turban Rebellion and then the Sect Master of the Endless Sky Organization, there was nothing he could not achieve!

Whoosh!

After he spoke, Zhang Jue's body sprinted directly towards Shelly.

" What are you trying to do?" Neil was shocked and furious. He never imagined that Zhang Jue would just take action without any indication.

After an angry roar, Neil wanted to stop Zhang Jue, but he was just too fast and there was no way for him to be able to make it.

Zhang Jue arrived in front of Shelly in the blink of an eye and laughed as he spoke. " Madam Sullivan, I beg your pardon!"

He then sealed her acupoint. Shelly's body was seen trembling and she was not able to move a muscle.

Then, Zhang Jue pulled out a pill and forced it into Shelly's mouth.

Gulp!

At that moment, Shelly was terrified. Before she could react, the pill went down into her stomach immediately.

" You ... what did you feed me?" Shelly looked at Zhang Jue angrily and was shocked.

At the same time, Neil's eyes were blood-red as he shouted at Zhang Jue, " How dare you harm my mother ?! I will never forgive you!"

## Chapter 2963

Neil was about to take action, but he controlled himself as he was worried for his mother's safety.

" What are you worried about? Madam Sullivan won't die for now. I just gave her the Dark Day Pill," Zhang Jue said, smiling.

Zhang Jue forced Shelly to consume the Dark Day Pill! The Dark Day Pill was cultivated using the Immortal Pure Scripture as its foundation. It was really similar to the Heaven Cult Elixir by the Grandmaster Heaven Cult, but it had an even more evil effect.

" Dark Day Pill?" Neil's brows locked and he was terrified.

He was still young and still did not know what the Dark Day Pill was.

As for Shelly, her body trembled and her incredibly beautiful face was pale.

Neil did not know what the Dark Day Pill was, but Shelly knew it. When Megan became the Sect Master of the Emei Sect, she threatened all the sects by getting them to consume the Dark Day Pill. That was how she got the seat as the Alliance Master.

' Every major sect had no cure for the Dark Day Pill. How are Neil and I going to solve it? ' she thought, devastated.

Zhang Jue smiled at Neil." Young man, if Your mother does not have the antidote within six months of consuming the Dark Day Pill, she Will suffer a horrible death. Even your father's brother, Darryl, would not have the cure, understand?"

When he heard that, Neil's facial expression changed as he clenched his teeth. " Zhang Jue ... what do you want?"

Zhang Jue's face looked subtle. " It's simple- be my apprentice. You must listen to me for everything in the future. Otherwise, you shall wait to pack up your mother's dead body later!"

Then, his tone changed. " Once you become my apprentice, you will learn the Immortal Pure Scripture from me. You will then be able to produce the antidote for your mother."

Neil's entire body was shaking. " You used such a way to force me to be your apprentice; how are you different from Paul?"

When Zhang Jue heard Neil comparing him to Paul, Zhang Jue's face turned dark as he said coldly. " Even if my method may not be honorable, I am genuine but he is fake. Don't use this to try to instigate me. It will never work! It's only your line of thought whether to be my apprentice. If you become my apprentice, your power will increase significantly. Killing Paul and seeking revenge for your father will be a simple task. If you think you are so talented that you can produce the antidote of the Dark Day Pill, then just forget what I said earlier!"

Then, he walked to the side and sat on a rattan chair, feeling relaxed.

At that moment, Neil stood there with a look of uncertainty on his face. He felt conflicted. "Should I become his apprentice or not? If I become his apprentice, I'll betray my father's teachings. But if I don't, my mother's life will be in danger in six months."

Finally, Neil took a deep breath, looked closely at Zhang Jue and said, " Alright. I'll be Your apprentice! "

Then, he took two steps forward and was ready to kneel to him.

However, at that moment, Shelly stopped him, looking worried. " Neil, you cannot be his apprentice! "

Her husband was an honorable man his whole life. He led the Eternal Life Palace Sect to defeat evil people in the community and changed the other sects' view on Eternal Life Palace Sect. If his son became Zhang Jue's apprentice, her husband would not die in peace.

Neil clenched his teeth as tears pooled in his eyes. " Mother, I can't let you die! I must kill Paul to seek revenge for my father!"

Neil was determined when he said that.

Shelly was really worried when she heard that, but she did not know how to respond.

## Chapter 2964

Bang!

Neil remained silent as he walked forward and knelt to Zhang Jue. " My Master, please accept a bow from your apprentice."

Neil held back his trepidation and sounded sincere. He did not want to be Zhang Jue's apprentice at all, but he had no choice. His mother's life was in his hands.

His father had died; there would be no reason to live if he lost his mum too.

Zhang Jue was delighted when he saw Neil had finally agreed to be his apprentice. He could not help but laugh loudly as he waved his hand and said, " Great! Good apprentice, stand up now."

Neil stood up

Zhang Jue was delighted as he looked at Neil. From today onwards, you must cultivate with me wholeheartedly without slacking, understand? "

Zhang Jue intended to force Neil to be his apprentice so he could control the Eternal Life Palace Sect. Neil also had an exceptional talent for cultivation.

Zhang Jue was really happy from the bottom of his heart to be able to have such an apprentice.

Neil dared not disobey him as he nodded and agreed, " I understand, Master."

Slap! Slap!

Zhang Jue looked pleased as he walked over and released Shelly's acupoints. " I beg your pardon Madam Sullivan! Don't worry, I will train Neil well."

After he said that, Zhang Jue left the small island with Neil.

...

Meanwhile, two ghost soldiers were dragging a body through the dark purgatory at Ghost World.

It was Chester. His body was covered in wounds and he was incredibly weak.

Two days ago, he was sent to the ghost world after he was captured. At that moment, the King of the Dead was furious and punished him on the spot. Then, he ordered him to be sent to purgatory.

The two ghost soldiers tied Chester to a Stone pillar then left.

Chester was injured and his whole body was in pain. He almost had no energy to speak. However, he was still conscious, but he felt completely hopeless in his heart.

He would never be able to see daylight again after being sentenced to purgatory.

At that moment, Chester shut his eyes as he felt the creepy and cold aura around him. He lost all hope.

" Darryl, Dax, I really have to say goodbye to you forever," he said.

" Ha-ha ..." a cold laugh came from not too far away. " I never imagined the infamous Sect Master Wilson of The Nine Continent would end up like this."

Chester felt a shock in his heart. He turned his head and was stunned instantly.

In a dark corner, he saw a weak figure who had been tortured terribly. However, his eyes still shined with resistance.

It was Donoghue.

Chester was shocked and sad the moment he saw Donoghue. What a coincidence that he was locked together with Donoghue.

When Chester was the King of the Dead's envoy, he noticed Donoghue when he patrolled purgatory. Donoghue had asked Chester to free him, but Chester rejected him.

At that moment, he had never imagined that he would meet Donoghue again after he ofended the King of the Dead and was sent to purgatory.

Donoghue's eyes ridiculed him. " Chester, I asked for your help earlier, but you were so determined. Now you've ended up just like me. Chester took a deep breath and ignored him!

## Chapter 2965

When Chester ignored him, Donoghue became furious." Chester, stop acting honorable! You're already in this state. "

Chester continued to ignore him. Donoghue was Darryl's greatest enemy; he was despicable and deviant. Chester did not wish to speak to such a person.

Sigh!

Donoghue felt there was no point when he saw that and so he stopped humiliating him.

The next second, Donoghue thought of something. " Chester, do you want to escape?"

What?!? Chester's heart skipped a beat.

" What do you mean?" he said calmly.

A smile appeared on Donoghue's face as he said seriously, " I know you're Darryl's brother, so you see me as your enemy too. However, after I died at the Valley of Death of the Wild Deserted Secret Region, my vengeance with you ended."

Donoghue took a deep breath and continued, " I told you earlier, the King of the Dead was ambitious and aggressive. I know some of his secrets too, but it's too bad that you don't believe me!"

When he heard that, Chester sighed in silence.

A few seconds later, Chester looked at Donoghue, " You have a way to escape?"

Chester hated Donoghue from the bottom of his heart. However, after thinking about it, once Donoghue had died, whatever problems he had with Darryl should be over. At that moment, Donoghue was still trapped in purgatory and there was no reason for Donoghue to lie to him.

Donoghue smiled and said slowly, " Of course I do!"

" Tell me quickly!" Chester was really emotional, his eyes filled with desperation.

" What's the hurry?" Donoghue looked around carefully to ensure there were no ghost soldiers around. " You must agree to two conditions if you want me to tell you the way out of here!"

Chester's brows locked tightly and he was alert instantly.

' Donoghue offered to help me; he must be up to no good,' he thought.

" Don't worry; my conditions won't go against your principal!" Donoghue felt frustrated when he saw Chester's reaction.

" Fine, tell me!" Chester took a deep breath and said.

' If they're not against my principles, I'll agree even if there are 200 conditions,' he thought, feeling chilly at the thought of being trapped in purgatory to suffer forever.

Most importantly, Chester still missed The Nine Continents and Darryl, Dax and the others.

Donoghue became emotional when he saw Chester agreed. " Firstly, you must take me with you. Secondly, once you return to The Nine Continent, you need to find a body for me. I'm just an empty, lost soul and I need a body to be resurrected.'

Chester had a silent thought and then nodded as he said, " Fine!"

The two conditions were not too much to ask.

" You're the King of the Dead's envoy and you have a Soul Contract with him, so your body is special. You just need to bite the tip of Your tongue now and drip the blood onto the shackles. Then, you will regain your freedom," Donoghue said.

When he said that, Donoghue was really serious. With him being trapped in purgatory for more than three years, he learned a lot about the Ghost World.

Chester was really excited when he heard that. He followed Donoghue's solution immediately. He bit the tip of his tongue and dripped the blood onto the shackles.

Whoosh!

The next second, the seal on the shackles was released.

' It works!' Chester was delighted.

He removed the shackles, then immediately released Donoghue and stored him in the envoy token in his body. Each envoy of the King of the Dead had a specialized envoy token.

The envoy token not only represented the identity of the envoys of the King of the Dead, it also had the power to absorb lost souls.

After Chester was sent to purgatory, his envoy token was not taken away from him. This was the best place to store Donoghue at that moment. No matter what, Donoghue did not have a body. It would be really difficult for him to leave the Ghost World in the form of a soul.

After he stored Donoghue in the token, Chester avoided the ghost soldiers and left purgatory secretly.

As an envoy to the King of the Dead, Chester was very familiar with the geography of the Ghost World. Although the journey was dangerous and he bumped into many patrolling ghost soldiers, he managed to escape safely.

After half an hour, Chester took Donoghue and managed to return to The Nine Continent successfully.

## **Chapter 2966**

Donoghue was standing on top of a hill and took a deep breath. He looked at the expanse of land in front of him as if he returned to a new world.

Although he was only trapped in purgatory for half a day time, the torture he suffered during that time was unimaginable for a normal person.

He never imagined he could still escape. Chester thought he would never be able to return to The Nine Continent and he never imagined he would escape purgatory.

On top of that, Donoghue was the one who helped him escape Donoghue.

Donoghue, who was in the token, was overcome with emotions. He laughed, " Ha-ha! Sh \* t, I finally left that terrible place."

" Thank you, Sect Master Wilson!" Donoghue said sincerely.

Chester smiled calmly when he heard that. " You don't have to thank me. If you hadn't shown me the way, I wouldn't have been able to escape purgatory."

Although Donoghue was in the envoy token, that did not stop him from communicating with Chester. Chester was still an envoy and could clearly feel what was going on in the token.

As he spoke, Chester looked around then squeezed his brows. " I've carried out the first condition of bringing you back to The Nine Continent. To complete the second condition, I'll need to slow down for a moment. I needed to recover my energy first."

Due to the various tortures he suffered, Chester was extremely weak.

Donoghue smiled and replied, " Naturally. You are a man of his words, so I'll trust you."

If this was three years ago, Donoghue would have never been so polite to Chester. However, after the incident, both of them reached a unique understanding.

Donoghue knew his future was in Chester's hands. If anything happened to Chester, he would not have a chance to be resurrected. All their efforts would be wasted.

Sigh!

At that moment, Chester did not speak further. Instead, he looked around and realized they were at the border between the New World and the Great East. He immediately headed northeast.

He remembered there was a valley not far away. The situation was complicated there and there was no sun at that place the whole year round, so it was really dark.

Even though they had escaped from the Ghost World, Chester still had a soul contract with the King of the Dead that had not ended. The energy that he

needed to cultivate was still dark energy, so he needed to be in a dark place in order to cultivate for his recovery.

Soon, Chester saw a valley filled with wild grass, abandoned. It was afternoon and the sun was shining brightly, but the valley was dark and cold. This was the perfect place for Chester to cultivate.

However, Chester was not happy at all. ' What's the point of getting stronger without ending the Soul Contract with the King of the Dead? I still won't live like an ordinary person.'

Chester sighed and asked, " Donoghue, you mentioned you know some secrets about the King of the Dead?"

He was not actually interested in the King's secret at all, but he wanted to understand the King more in order to end the Soul Contract.

Donoghue replied quickly, " That's right. You weren't interested earlier, but now you want to know?"

Chester did not speak but kept his silence. Chester did not respond and Donoghue smiled when he saw Chester was silent.

" The King of the Dead's biggest secret is that he wants to conquer The Nine Continent. Do you know what he needs in order to do that?" Donoghue explained.

" What?" Chester asked.

Donoghue's tone turned serious and he said, " He needs to be stronger. He's the King of the Dead and the leader of the Ghost World. He can't come to The Nine Continent. Those are the rules of the sky and earth. He needs to have the power to alter the rules of the sky and earth. I heard he was prepared to take action against the Nine Saint Oracles from the Godly Region. They have an innate spiritual aura that, if absorbed, would help his power reach unimaginable levels. Then, he would be able to travel between The Nine Continent and the Ghost World."

## Chapter 2967

' What? The King of the Dead wants to act against the Nine Saint Oracles?'  
Chester's heart trembled

When Donoghue saw Chester's reaction, he asked, "Sect Master Wilson, do you know the Nine Saint Oracles?"

"I know them a little!" Chester replied.

Although he appeared calm, his eyes were filled with mixed emotions.

A few days ago, Chester met Oracle Yennie when he bumped into Darryl. Later, Chester bid farewell to Darryl as he left with Yennie to look for other Oracles.

When they bumped into Xenia, he was almost beaten to death as Xenia claimed Darryl had killed another Oracle. If the other envoys had not arrived coincidentally, he most likely would not be around anymore.

Although it had been a few days ago, Chester was still terrified when he remembered the situation.

Chester was mature and knew Darryl well. He would never believe Darryl would do something to harm the Oracles.

Bang!

Suddenly he felt a strong aura come from the sky as they spoke. Then, a man flew in as fast as lightning.

What? There are still people coming to such a secluded place? ' Chester wondered as he turned his head unconsciously to look and his expression changed instantly.

It was a man with a strong aura.

The man was around thirty years of age, his facial features were sharp and his eyes were cruel. His entire body released an evil aura.

It was Florian Darby.

When Florian saw Chester, he was stunned too.

When he violated Oracle Cynthia, Florian absorbed her evolving soul. The only thing was, he could not merge the energy together completely because he cultivated the Mysterious Godly Scripture, which was an evil technique. The technique was rejecting Cynthia's young soul.

For the past few days, Florian had been frustrated because of that. When he passed the valley, he realized there was a dark aura in that area and it was the perfect place to cultivate. With the help of the environment, he should be able to control the evolving soul inside him. Then, he would be able to merge the energy successfully. In his excitement, he had rushed to look for a place to cultivate. He never imagined he would bump into Chester.

Florian came to his senses and looked at Chester as he teased, " Tsk. Tsk. Well, if it isn't the infamous Sect Master Wilson. How are you doing? I heard you fell off a cliff in the Endless Sky Organization and there was a large chance you died. I didn't think you'd still be alive. Ha-ha-ha! You are lucky."

Three years ago, Florian would never dare to speak to Chester in such a manner. He was still the Sect Master of the Eternal Life Palace Sect and was powerful. However, now Florian could see Chester was pale and extremely weak. He was barely staying alive while Florian's power had increased substantially. He even obtained the power of an evolving soul. Nevertheless, he was not weaker than Chester.

Chester took a deep breath and retorted without reservation, " Florian, you bastard! You're still alive, so how can I die in front of you?"

' Sh \* t, I'm so angry to see Florian,' he thought.

It was all because of Florian that Darryl was misunderstood by the community and accused of violating his brother and sister and killing his grandfather.

At that moment, Donoghue, who was hiding in the envoy token, squeezed his brows too. 'Florian? Why did we bump into this guy ?!'

## **Chapter 2968**

During the years Donoghue was the Westrington Emperor, Florian had surrendered to him. However, Donoghue never liked him; a man who would betray his family did not deserve his respect.

At that moment, Florian sauntered over with an arrogant look on his face. " Chester, I like this place. You need to leave immediately."

He wanted to kill Chester. No matter what, Chester was Darryl's brother and the most important thing to him was to merge the evolving soul in his body.

Chester looked upset and thought, ' Florian is despicable. He saw I'm weak and now he wants to take advantage of me.'

Chester said coldly, " What if I don't leave? "

Chester just wanted to regain his energy as fast as possible. How was he going to leave easily?

" You are rude! " Florian replied as a murderous glint flashed through his eyes.

Then, he charged at Chester.

Bang!

Florian's punch used the Mysterious Godly Scripture technique. The sky turned dark in an instant as he passed by as dark clouds covered their heads.

Chester was stunned when he saw Florian charging at him and the power exploding from his body.

Shit, he's trying to bully me thinking I'm weak ?!' he thought, feeling shocked and angry.

There was no way for Chester to avoid the attack, so all he could do was activate his internal energy to defend himself as he did not want to act recklessly.

Bang!

In the next second, their palms crashed into each other causing a strong explosion. Chester felt the powerful energy hit him, sending him flying immediately. He moaned and vomited blood when he crashed into the ground.

When he got back to his feet, Chester looked at Florian in shock. Florian has become much stronger in the last three years. He was starting to get worried.

' I still haven't recovered. There's no way I can defeat him. What am I going to do?' Chester thought.

Donoghue, who was hiding inside the envoy token, asked, " What's wrong? Sect Master, are you alright?"

He was not able to see what was going on as he was inside the token, but he could feel that Chester was fighting with Florian. While Donoghue had no relationship with Chester and they even had their own problems in the past, at that moment, Donoghue's fate was in his hands. He needed to rely on

Chester to find a body for his resurrection. He would not be able to resurrect if anything happened to Chester.

" I'm fine!" Chester took a deep breath and replied.

He looked calm, but he felt hopeless in his heart. Florian and Darryl had a horrible feud. I'm Darryl's brother, so he won't let me go easily. '

Florian laughed as he looked up at the sky when he saw Chester's expression change. He was delighted. " Chester, you've finally met Your end. Say your last words now because you won't get another chance! "

For the past few years, Florian had been using Darryl's identity to commit evil acts in the community. He wanted to destroy Darryl's reputation. Since he bumped into Chester, he was not going to let him go so easily.

" Florian, you are vile. It won't be so easy to kill me! " Chester replied coldly.

Florian became upset when he heard that.' Sh \*t! I wasn't as strong three years ago, so I didn't dare to offend Chester. But I'm much stronger now and he still wants to humiliate me. I can't accept that!

" I think you're not going to feel scared till you see your own grave. Let me grant your wish since you insist on dying!" Florian shouted coldly.

Bang!

Florian's face turned ugly as he pulled out a long blade. A terrifying shadow emerged from the blade and sliced through the sky and earth as she charged at Chester.

## **Chapter 2969**

When Chester saw the shadow of the blade was about to slice him, he mumbled to himself and raised both his hands.

Then, a black mist started to form around his body and covered the entire valley.

Whoosh. Whoosh. Whoosh.

The next second, a few floating figures raced out of the black mist. They wore long White robes and looked incredibly pale. Their eyes were also hollow and they exuded a deadly aura.

Chester had summoned a few lost souls around the valley. It was still daytime, so it was difficult for the souls to appear, but it was easy for Chester to call for them as he was the King of the Dead's envoy.

Whoosh!

In the blink of an eye, the lost souls gathered into a formation and surrounded Florian. The formation was called the Lock Soul Formation and the King of the Dead created it.

Florian's heart trembled when he saw that and he was stunned.

' What is going on? Why are there people appearing suddenly? What is this?' he thought.

Florian had not realized that Chester was no longer human and the technique he executed was from the Ghost World. He had no knowledge of the formation at all and did not know how the lost souls came. He was panicking.

Sigh!

Chester sighed in relief when he saw Florian was trapped in the Lock Soul Formation. However, his eyes still looked worried.

One must know that calling for the lost souls to form the Lock Soul Formation really consumed a lot of energy. Calling for the lost souls to form the Lock Soul Formation consumed a lot of energy. He had reached his limit and could barely stand. His body was shaking and he was about to fall. However, he clenched his teeth to hang on, knowing he would be in big trouble if he did not control Florian.

Inside the envoy token, Donoghue was becoming anxious. He could feel the battle was becoming more intense. However, Chester was already weak and it was not looking good for them.

"Chester!"

Trapped in the formation, Florian was enraged and distressed.

" You always call someone from the honorable sect, but you're using such a terrible way to trap me. Don't you feel ashamed?" he shouted.

' Sh \* t, I can definitely defeat Chester with my power, but now I'm trapped by a few figures. I'm going to be the laughing stock when this gets out to the community,' he thought.

Chester ignored him and continued to recite the formulas to control the lost souls surrounding Florian.

In the beginning, Florian was secretly worried, but soon he realized that the people surrounding him were not really a threat even though they looked scary. Unfortunately, he was not able to find the right time to escape, so he continued being surrounded.

Chester started looking worse and worse as he stood outside the formation. He was already weak to begin with, but summoning the lost souls had completely exhausted him. He was barely hanging on.

Bang!

Finally, Florian found his opportunity to escape. He waved his long blade to chase away a lost soul and took that opportunity to run out of the formation.

"Chester!"

The moment he came out of the formation, he stared at Chester and teased, "Chester, you think a simple trap can stop me? You're too naive."

Then, he activated his internal energy and punched Chester. Chester was shocked to see Florian had escaped from the Lock Soul Formation.

He was not able to activate the full power of the Lock Soul Formation and Florian was also cultivating evil techniques, so the formation did not have any controlling effect on him.

## **Chapter 2970**

Bang!

Florian was too fast for Chester and it was too late for him to dodge the attack. Florian landed a punch on Chester's body, causing Chester to vomit blood and flying away from the incredible force.

Bang!

Chester was thrown over a hundred meters away as he sprayed blood like it was raining before he finally crashed into the ground. The pain he felt was so intense, he almost fainted. He felt almost all of his rib bones were broken and the sharp pain was going to make him faint.

' I'm lucky I have a Soul Contract with the King of the Dead, so my body is special. Otherwise, that punch would have sent my soul away," he thought.

Florian stared closely at Chester and was delighted as he said, " I asked you to leave, but you refused. So don't blame me for anything since you insist on dying."

Then, he slowly walked towards Chester!

' Is this the end? But ... I refuse to die at the hands of such a vile person!' Chester thought.

Bang!

At that critical moment, an incredible devilish aura exuded from Chester's waist. Then, an imaginary figure flew out and charged at Florian.

It was Donoghue.

Feeling Chester's condition, Donoghue was worried; he could not help but dashed out. Donoghue became worried when he felt Chester's condition and could not help but rush out. ' I won't be able to be resurrected if anything happens to Chester.

A resurrection goes against nature and there was no one else in The Nine Continent who could help Donoghue apart from Chester because he was the King of the Dead's envoy.

After he rushed out from the envoy token, he was stunned by what he saw. ' Sh \* t! Florian is so powerful now!

Donoghue saw Chester was severely injured, his body covered in blood and his breathing was weak. As for Florian, he was delighted and his body was surrounded with a killing aura.

At that same time, Florian saw Donoghue too. However, at that moment, Donoghue was only a lost soul; his body was almost invisible, Florian could not see him clearly.

Florian spotted Donoghue too. However, Donoghue was only a lost soul and his body was almost invisible, so Florian could not see him clearly.

" You are ... " Florian only uttered two words before Donoghue turned into a ray of light and infiltrated Florian's mind.

Bang!

Florian had no time to react at all as his body trembled. He felt another soul in his body and the soul was swallowing him quickly.

Donoghue was preparing to possess Florian's body to be resurrected. However, Florian was not dead yet, so his soul had yet to leave his body. This was why Donoghue was swallowing Florian's soul. This act was known as a body conquest.

“ Ah!” Florian shouted as his soul was being swallowed.

His mind was in great pain and it was thousands of times greater than any pain he had ever experienced before.

Given Florian's power, it was difficult for Donoghue to possess his body. However, Florian had not successfully merged Oracle Cynthia's evolving soul, which was a problema for him.

Also, Florian was totally focused on Chester, so he never expected a third party to ambush him.

“ Ah. So painful, so painful.ah!" " Ah! The pain. It's horrible!" Florian hugged his head and rolled on the ground, screaming in intense pain.

His entire body was releasing an evil aura, causing the air around him to twist.

Sigh!

Chester took a deep breath when he saw that. He looked calm, but he was amazed inside. A body conquest was prohibited in the community as it was too cruel.

## **Chapter 2971**

However, Chester did not pity him at all.

Florian had done many evil things; it was Good for him to have Donoghue take over his body. Even though Donoghue was just as evil, he was not as despicable as Florian.

Most importantly, Chester and Donoghue were in the same boat. Naturally, Chester would not stop Donoghue when he noticed that he had conquered Florian's body.

" Get lost! Get out of my body. Argh!" Florian roared angrily. He had completely lost his mind; he had turned crazy. " Who are you? Why did you ambush me?"

" Haha!"

After he spoke, Donoghue's voice echoed in Florian's mind. " Master Darby, you were so polite when you went to Westrington palace to surrender to me. Three years have passed; you are so arrogant now.

What?

Florian's facial expression turned cold when he heard that.

' That ... that is Donoghue's voice, isn't he dead? Shouldn't his soul be in the Ghost World? Why would he be with Chester? '

" Master Darby! "

Just as Florian was still in shock, he Heard Donoghue's voice again. He sounded ashamed. "I was locked and tortured in the purgatory Ghost World for three years; I need to find a body for my resurrection."

" Your body will serve the purpose. Let me use it!"

When he said that last sentence, Donoghue increased the speed of his body conquest.

" Donoghue! "

Florian controlled his pain as he roared; his eyes were incredibly red. " You thief. You caused my wife's death. I can't let you resurrect. Come out and fight me if you dare!"

Florian was incredibly furious and shocked.

'Donoghue is so despicable; he wanted to take over my body! I have just obtained the nascent soul and yet to merge it completely; I can't die like this.'

Florian's body trembled when he thought of his wife's death again.

In the beginning, Florian was still defending his body fiercely as he battled with Donoghue. Eventually, he could not stand it anymore. Donoghue had completely swallowed his soul.

Gulp!

It lasted for about ten minutes before Florian's soul was completely consumed. His sight darkened, and he fainted.

" Sect Master Wilson!"

It was at that moment that they heard Donoghue's voice from Florian's body. He sounded excited. " I'm done. I now require Your help, Sect Master Wilson."

Although he had conquered Florian's body, Donoghue still did not have the right to use the body due to the Sky and Earth rule. As such, he could not open his eyes. He would need Chester's help

Yes!

Chester nodded and walked forward slowly. He hovered his hands on Donoghue's head and started chanting the formula.

Chester was chanting the Ghost World's Yin Yang Reverse Secret Technique. That was quite similar to the Taoism Master chant for a peaceful death. After he executed the Yin Yang Reverse Secret Technique, Donoghue would be able to control the body, replacing Florian completely.

Additionally, it was due to his knowledge of the Yin Yang Reverse Secret Technique that Donoghue had sought Chester's assistance at the critical moment. Otherwise, even if he had captured Florian's body, it would be pointless if no one performed the Yin Yang Reverse Secret Technique.

Sigh!

A few minutes later, Chester chanted the last word in the formula. Florian's eyes opened gradually; he looked incredibly emotional and excited.

Yes, at that moment, Donoghue had completely taken over Florian's body, replacing him completely.

At that moment, Donoghue was incredibly emotional. He laughed loudly toward Chester. "This is great. I am alive again! Thank you, Sect Master Wilson!"

Chester forced a smile. " Congratulations to you. However, I must tell you something. Since you are alive again, you will have to forget any feud you have. Be a good person that does not cause any problem to the community."

Chester's voice was soft when he said that; he had no energy at all. One would not be able to hear him if one did not pay any attention.

He had depleted most of his internal energy, and Florian had injured him. On top of that, he had executed the Yin Yang Reverse Secret Technique for Donoghue. So, at that moment, Chester was incredibly weak. Even an ordinary person would be able to defeat him, let alone a cultivator.

## Chapter 2972

Sigh!

Chester did not overthink when Donoghue left. He sat cross-legged and started to cultivate for his recovery.

...

On the other end, after Darryl led Yvette and others away from the royal city, they walked for two hours before arriving at a valley.

The valley was peaceful and quiet. Darryl felt that it was a good place when he passed by earlier. It was secluded; it was an excellent place for Yvette and the others to rest.

Once they arrived, Darryl led the effort in building a few simple tents.

Yuri and Bonnie were fairies from the Illusion Virtual World. It was their first trip to the Nine Mainland; they were interested in everything,

Bonnie was cold and arrogant; she seldom spoke. Yuri was kind and gentle; she was not proud, and she blended in well with everyone quickly.

" Master Lu!"

After he got everyone settled, Darryl looked for Lu Dongbin and said sincerely, " Master Lu, please help to restore my family's power!"

When they were at the Illusion Virtual World, Lu Gongbin mentioned that he could cure everyone in the Carter family. Darryl had kept that in mind.

Sigh.

Lu Dongbin touched his beard when he felt the desperation in Darryl's voice. He smiled gently. " I have a way, but I require many medicines and ingredients."

He listed the names of items he needed.

Darryl took the list and looked at it; he was stunned.

There were more than ten types of medicines on the list. Half of them were spiritual herbs. He had many of them, but he still needed quite a few more on the list.

' Sh \* t! I don't have enough spiritual herbs. What should I do?'

They were still quite near to the South Cloud World's royal city. The city was always busy, so the medicine shops would definitely have the spiritual herbs he needed. However, he had just caused chaos at the royal palace, so they must have fully secured the entire city. He would never be able to enter it.

As he thought about it, Darryl furrowed his brows tightly; he was worried.

" Darryl!"

At that moment, Debra walked forward slowly and said softly, " I've heard about the Flying Cloud Mountain at the southeast side of the royal city. It was high up in the clouds. There are many rare spiritual herbs there, so perhaps we can search there."

Darryl's eyes blinked when he heard that. He smiled and said, " Look at me, I was so worried that I can't buy the herbs when we can go find it ourselves."

He was prepared to leave

However, before he left, Darryl ordered Yuri and Bonnie to stay there to protect everyone else who had lost their internal energy. They could not rely only on Lu Dongbin to face the enemies if any appeared.

He was relieved with his decision to leave Yuri and Bonnie with the group.

" Darryl, let me go with you!"

Yvette smiled gently and said, " I know many kinds of spiritual herbs. I can help you to gather some."

She sounded soft and gentle; her eyes shone with anticipation.

So many years had passed, and she had not had the chance to spend some time alone with Darryl.

" Fine!" Darryl nodded.

Then, they bid farewell to everyone and headed toward the direction of the Flying Cloud Mountain.

...

On the other end, at the New World royal palace!

The Serene Hall was where the emperor rested; it was quiet and peaceful.

At that moment, Lord Kenny was sitting crossed -leg on a soft bed in the hall. All the Windows were shut; it looked creepy. Lord Kenny had also given special orders for the Serene Hall to be listed as a forbidden area. No one could go near the area without permission.

Ever since he consumed Envoy Hansel's pill and became the King of the Dead's puppet, Lord Kenny had changed into a completely different person.

Bang!

Suddenly, a strong dark aura emerged, followed by a dark shadow that gradually entered the Serene Hall. His face was pale and blank, and his entire body emitted a dark aura.

It was Envoy Hansel.

Sigh!
