

## Chapter 2279

Ren Yingying is quick-witted, she is afraid that Bai Yunfei will have a set of faces and a set of things on the back, so she deliberately exhorts a few words.

How many days away?

Hearing this, Wen Chouchou was stunned, and looked at each other with Sun Dasheng.

In the next second, Sun Dasheng couldn't help but said: "So suddenly, where are you going? Do you need help?"

"No."

Ren Yingying smiled lightly and shook her head: "This is my own business, you

don't need it. Worry, I will be back soon."

The

voice fell, and Ren Yingying walked out of the hall quickly.

What can you say about the matter with Bai Yunfei?

This...

Seeing this situation, Wen Chouchou, Sun Dasheng and others were completely deceived.

What the hell is it, so urgent.

Whoosh!

Not long after I left, I saw a petite and charming figure and walked quickly into

the hall. It was Xiao Xi.

"Xiao Xi!"

Seeing Xiao Xi, Wen Chou Chou reacted with a look of concern: "It's so late, why did you come back from outside?"

Xiao Xi didn't have time to explain, pulling Wen Chou Chou and asked: "Brother Wen, you see Is Sister Yingying yet?"

"Just left!" Wen Chou Chou smiled bitterly.

When the voice fell, Sun Dasheng said: "She just said that she will go out for a few days, and she wants us to strengthen the defense of the family, not to mention the specifics."

What?

At this moment, Xiao Xi was taken aback for a moment, and then became anxious: "It's broken, it must be something wrong."

Then, Xiao Xi looked around and continued: "I just followed Yingying sister and went to the north of the city. In a ruined temple, she met Bai Yunfei at that time." After

speaking, Xiao Xi explained in detail what she saw at the time.

what?

Upon learning of these circumstances, whether it was Wen Chouchou or Sun

Dasheng and others, they were all stunned.

Ren Yingying met Bai Yunfei privately?

This time broke, that Bai Yunfei was Demon Venerable's subordinate, very despicable and sinister.

The more Wen Chou Chou thought about it, the more wrong he was. At that time, he didn't have time to think about it, so he hurriedly shouted: "Quickly, everyone should set off immediately, and we must chase my younger siblings back anyway." When

he said this, Wen Chou Chou was full of anxiety.

He firmly believes in Yingying's behavior

and will not become friends with Bai Yunfei. The only explanation is what method Bai Yunfei uses to coerce Ren Yingying into doing something.

When the voice fell, Sun Dasheng and others set off one after another.

.....

On the other side, King Guangping led an army of 300,000 and finally arrived outside Feilongguan after a few hours of marching.

Because the expert Bai Yunfei said hadn't appeared yet, King Quang Binh didn't rush to attack the city, but ordered the army to camp in the wilderness ten miles away from the city.

At this time, the sky was still dark, the camp was brightly lit, and soldiers were patrolling everywhere from time to time.

Whoosh!

At this moment, a slender figure flew from a distance and gently landed in the camp.

A black tights showed the charming curves to the fullest, with a black mask on his face, and the exposed eyes were shining like stars in the sky.

It is Ren Yingying.

"Who?"

"Stop and don't move." As

soon as Ren Yingying appeared, he immediately alarmed the surrounding soldiers, who yelled and surrounded them.

At the same time, King Quang Binh heard the movement and walked out quickly.

"who are you."

Because Ren Yingying wearing masks, King Ping Kwong moment did not recognize, he was coldly snapped: "I dare to trespass apocalypse Camp, court death it?"

Shabu shabu ...

Ren Yingying not the slightest mood swings, coldly: "Bai Yunfei asked me to come."

Upon hearing this, King

Quang Ping was taken aback for a moment, and then he waved his hand quickly: "Retreat, retreat." As he said, King Quang Ping accompanied the smiling face and said to Ren Yingying to please: "It turns out that the 'superior' is here, hurry up, please come in soon."

Ren Yingying nodded, and at the invitation of King Guangping, entered the camp.

"Sir!"

After seating into the tent, King Ping wide look of eager, directed Ren Yingying said: "I apocalypse army is ready at any time the siege, I do not know you can

have a detailed operational plan?"

In my heart wide King Ping , Bai Yunfei's fancy, is not the general generation.

At this moment, he still didn't know that the sexy woman in front of him was Ren Yingying.

"Since it's ready, it's fine to siege the city tomorrow morning. What battle plan is needed?" Ren Yingying responded lightly.

## Chapter 2280

What?

Siege directly tomorrow morning?

Hearing this, King Quang Binh was stunned and couldn't help muttering secretly, this 'superior' sent by Bai Yunfei was too cold and confident, right? The battle plan was not deployed...

"What?"

Jian Guang Ping Wang's expression changed, Ren Yingying was beautifully locked, and coldly said: "Do you have any objections?" When saying this, Ren Yingying's expression was cold, but his eyes could not hide a trace of coldness.

Seriously, Ren Yingying wanted to kill King Quang Binh directly.

Especially thinking of the tragic death of her father, Ren Yingying couldn't control her anger, but in the end she resisted it.

"Don't dare, don't dare." Quang Binh Wang smirked, not daring to question any more.

Although there was some doubt about the abilities of this'superior', there shouldn't be any problems thinking that she was sent by Bai Yunfei.

In the next second, King Quang Binh immediately called in all the generals and said: "Give my order, the whole army will rest, and the city can be attacked

tomorrow morning."

"Yes." The

voice fell, and a dozen generals responded in unison.

After a few hours, the sky was slightly bright.

Convened by the king of Guangping, the 300,000 Yulin Army was ready to go, and saw the battle flags like clouds and spears, and the atmosphere of killing filled the world.

At this moment, Feilong Pass, a few miles away, was also waiting.

The tower was full of archers, hundreds of thousands of defenders, and they also

formed a formation outside the city. In the high sky above the tower, a graceful figure quietly suspended there, cold and arrogant, and the whole body was filled with things that could not be blasphemy. breath.

It is the world-famous God of Water Gonggong.

At the beginning, the Raksha tribe crossed the wild and treacherous territory and triggered the Great War of Nine Provinces. Yang Jian and other continents temporarily put aside their grievances and fend off the enemy together. Finally, Yang Jian died in battle. Since then, Gonggong has returned to Beiyong mainland and no longer participates in the arena Disputes.

However, Gonggong's strength was

tyrannical, and he was soon elected as the Generalissimo to guard the safety of the Beiyang Continent.

This time, King Guangping led an army of 300,000 Apocalypse to invade the Beiyang Continent. After the Gonggong learned the news, he came to Feilongguan as soon as possible to deploy defenses.

Hearing...At

this moment, I saw an army of 300,000 apocalypses coming quickly under the leadership of King Quang Binh. For a time, above the wilderness, the dust was flying, shocking people.

"Come, here, they are here..."

"The Apocalypse army is here."

Seeing this scene, the defending soldiers standing on the tower were inexplicably panicked and talked a lot.

Speaking of it, the Beiyang Continent is powerful, and these defenders didn't need to be so nervous before, but now they are guarding the Flying Dragon Pass with less than 100,000 troops.

But the Apocalypse army has 300,000, which is twice as many. How can you not panic?

"What are you panicking?"

Hearing the following discussion, I worked together to repair my eyebrows and frowned, and shouted in an angry voice: "Feilong Pass has not been lost yet,

what are you nervous about? All cheer up, these hundreds of thousands of apocalyptic troops are just crowded It's just a little bit, nothing to worry about." When

talking about this, Gong Gong looked at the slowly approaching King Quang Binh from a distance, with contempt in his eyes.

In her heart, the Guangping King was so strong, she didn't care at all.

The Gonggong plan was ready, and after the war started, he directly took the life of King Guangping. As long as King Guangping died, the 300,000 Apocalypse army would be defeated.

At this time, the King of Guangping and the 300,000 army had arrived in front of

the Feilong Pass.

Hiss, is it her?

At this moment, seeing Gonggong floating above the air, King Guangping was taken aback for a moment, and then couldn't help taking a breath of air-conditioning.

He thought that the guard at the Flying Dragon Pass was just an ordinary general, but he did not expect that it would be the Water God Co-Working. You know, Co-Working has lived for nearly a thousand years, and its strength is unfathomable, second only to Yang Jian.

King Quang Binh was confident about his own strength, but facing Gonggong, he had no chance of winning at all.

"Your Excellency."

Under stress, wide King Ping Ren Yingying can not help but directed at the road behind him: "guardian dragon off, is reputed in the world of water god Gong Gong, to deal with her, which I do not grasp ah."

Say these At the time, King Quang Binh couldn't hide his anxiety.

## Chapter 2281

At this time, Ren Yingying still wears a mask. Seeing Wang Guangping's uneasy look, he snorted in his heart and said calmly: "What are you panicking? If she wants to make a move next time, you just have to face it. At a critical time, I I will come to help you."

The King of Quang Binh was really persuaded, and he was afraid of being like this when he encountered someone who was stronger than himself.

Huh....

Upon hearing this, King Guangping exhaled deeply, wiped the cold sweat from his forehead, and said with a smile: "That's great, when you have a chance, you must

make a move."

Ren Yingying was too lazy. Paying attention, just nodded.

Of course Ren Yingying knew that King Quang Binh was not an opponent of Gonggong. What I said just now was to deliberately want King Quang Binh to suffer.

Of course, Ren Yingying wouldn't let Gonggong kill King Guangping. After all, he had agreed to Bai Yunfei before and assisted King Guangping to break the Beiyong Imperial City.

Whoosh.

At this moment, I saw Gonggong's beautiful body flashing, coming in the air

and looking at King Guangping condescendingly: "King Guangping, you really have eaten the courage of the bear heart and the leopard, come to invade my Beiyang mainland. I thought about it. Consequences?" The

voice is not loud, but majestic.

Gudong.

King Quang Binh couldn't help swallowing his saliva, resisting the tension in his heart, and sneered at Gonggong: "Gonggong, you don't put on airs in front of me. If you don't have full confidence, I won't come."

"I persuade you. You surrender early, so as not to wait until the city is broken, and it hurts innocent people." Hmm

!

Hearing this, Gonggong's exquisite face was extremely ugly in an instant, and his anger was rising.

For many years, Gonggong has been revered as the god of water by the world, and his status is high. Even if Yang Jian saw it, he would have to be courteous. When was he threatened so much?

"good very good."

At this time, the corners of Gonggong's mouth curled up, revealing a sneer, looking at King Guangping's gaze, with absolute contempt: "You are really kind, then I will see and see how you will break the Flying Dragon Pass later. "

But before the start of the war, I will weigh your strength. Take the move!" The

voice fell, and Gonggong came out gracefully and came straight to the King of Quang Binh.

Hum!

The Gonggong speed was very fast, and in the blink of an eye, he was in front of King Guangping. At that time, the internal force was urging, and a powerful breath burst out. The air in the surrounding kilometer is distorted.

The strong breath makes the suppressed people flustered.

Immediately afterwards, Gonggong

raised his jade hand and called to King Guangping with a palm.

Hiss... such

a powerful force.

Feeling the fluctuating breath of Gonggong's outbreak, King Quang Binh's complexion changed drastically. At that time, there was no time to dodge, so he gritted his teeth and waved his palm to meet him.

The king of Guangping at this time did not dare to be careless, this palm almost urged all the internal forces.

boom!

When the two palms collided, King

Quang Binh only felt an incomparably vast force coming. At that time, he snorted and the volley was shaken back more than a hundred meters.

When he landed, King Quang Binh stood unsteadily, and staggered back more than a dozen steps before stabilizing his figure, his face was pale, and the blood in his body was surging, but he still gritted his teeth to resist.

Mad!

After steadying his figure, King Quang Binh looked at Gonggong closely, and his heart was shocked.

This Gonggong's strength is simply too terrifying, he urged all the internal forces to barely block her from a palm!

Wow...

At the same time, the surrounding 300,000 apocalyptic army was shocked one by one.

This Gonggong's strength is so terrifying that it wounded your Majesty in one move. Can you break the Flying Dragon Pass today?

Under tension, many soldiers couldn't help but worry about King Quang Binh.

However, the guard soldiers at Feilong Pass on the opposite side were excited, and shouted excitedly one by one.

"Haha, this is the strength of Emperor Apocalypse?"

"It's shameful to dare to attack Feilongguan with this strength."

"Hahaha..." The

laughter kept coming, and King Quang Ping's face flushed and embarrassed. Extremely, I can't wait to find a seam to drill in.

Ma De is really embarrassed. The emperor of his dignified Apocalypse Continent was injured by a woman. If this spreads out, how can he unify Kyushu in the future?

While embarrassed, there was a call in my heart.

Why didn't the 'superior' sent by Bai

Yunfei still take action?

## Chapter 2282

Thinking of this, King Guangping looked behind him subconsciously. At this look, his heart was cold for a while, and he saw where Ren Yingying stood before, where is there a figure?

It's over, the master is gone?

For a while, King Guangping was like an ant on a hot pot, almost crying.

At this time, King Quang Binh did not know that Ren Yingying did not leave, but hid it.

The purpose of this is to let Gonggong learn more and teach King Quang Binh, and secondly, to find the right time to attack.

"The strength is much stronger than I thought?" At

this time, Gong Gong looked at King Guangping condescendingly, and mocked: "It's not bad to be able to block my palm."

Kacha!

When the voice fell, Gonggong raised his hand, holding a blue long sword tightly.

This blue long sword is a purple-ranked weapon in the Beiyong Imperial Palace Hyogo. According to legend, it was a gift specially made by Houyi for the Empress Chang'e, but Empress Chang'e didn't like it very much, so she placed it in the army. In the library.

When Gong Gong was elected as the Generalissimo, he took this sword out.

Hum!

At this moment, as soon as the blue long sword came out, the surrounding temperature seemed to drop sharply!

Gudong!

Feeling the killing intent permeating Gonggong's body, King Quang Binh's face was pale, he couldn't help swallowing his saliva, and his forehead was sweating constantly.

Oops, this Gonggong is ready to make a killer move, I'm afraid I can't stop it.

"King Guangping, use all your skills."

Gonggong's red lips lightly opened, and with a wave of his jade hand, the sky suddenly tore, and then, a dazzling complexion tore through the world and burst towards King Guangping. Come.

It was a sword shadow, a sword shadow condensed entirely from internal forces, nearly a hundred meters long, and its power was amazing.

hiss...

Seeing this, the 300,000 Apocalypse troops present were all inhaling air-conditioning. At the same time, some of the leaders wanted to come and help, but the rapid lightning of the sword shadow was too late.

Ma De, this trick cannot be stopped, will he die?

When King Quang Binh was frightened, he had no time to think about it, so he urged all his internal forces and drew out his long sword to resist.

Bang!

The blue sword shadow smashed the long sword in the hands of King Guangping, and saw that the long sword shattered in an instant. Then, King Guangping let out a miserable howl and was directly shocked out, flying a full 100 meters away. Then he fell heavily on the wilderness.

At the moment he landed, King Guangping's face was tragic, a mouthful

of blood spurted out, and his breath was extremely weak.

When resisting Gonggong's power just now, King Quang Binh had already consumed a lot of his internal strength. At this time, he was completely unable to resist Gonggong's skills.

After all, Shui Shen Gonggong is a figure who has been famous for nearly a thousand years, and her background is not comparable to the King of Quang Binh.

"Your Majesty..."

Seeing this scene, 300,000 Apocalypse soldiers shouted in exclamation. Then, those generals wanted to rush over, but were afraid of the strength of the co-workers, and they did not dare to

approach.

And Ren Yingying, who was hiding in the dark, sneered even more.

In the original martial arts contest, the king of Quang Binh killed his father, and the hatred was as deep as the sea. Now he is taught by Gonggong to relieve his hatred.

"With this strength, you dare to attack the Feilong Pass without embarrassment?" At

this moment, Gong Gong descended gracefully, his delicate face full of contempt, and then walked step by step.

The king of Quang Binh was shocked and swallowed secretly, crying without

tears!

Mad, did you die like this?

No, you can't just die in Feilongguan. I haven't unified the mainland of Kyushu, so I can't die like this.

"Your Excellency!"

Seeing the co-worker approaching, King Quang Binh was anxious, and rushed to the surroundings: "If you don't make a move, I'll be dead. I beg you to show up for help."

When he shouted out this, King Quang Binh was panicked again. , Is anxious again, almost crying.

Speaking of it, after becoming the

emperor of the Apocalypse Continent, King Quang Binh's mood became increasingly arrogant. He would never ask for help in front of so many people, but the situation in front of you, if you don't ask an expert to come out, you will dead.

Dignity and face are important, not life.

Expert?

Hearing the shout of King Guangping, Gonggong was beautiful and locked tight, and then sneered and mocked: "Even if Da Luo Jinxian comes today, he will not be able to save you." When

he said this, Gonggong's face was cold, but his heart was secretly funny.

This king of Guangping was beaten up

silly, and even imagined that there would be an expert to save him.

## Chapter 2283

In contempt, Gonggong stopped talking nonsense, speeded up, and pierced Guangping Wang's heart with a sword.

It's over.

Faced with this situation, King Quang Binh suddenly despaired.

Hum!

However, at this critical moment, in the direction behind Gong Gong, there was a breath fluctuation, and then, a charming figure burst out with lightning.

She is slim and slender, dressed in black, with a mask on her face, revealing a pair of autumnal eyes.

It is Ren Yingying!

Originally, Ren Yingying wanted to continue to hide in the dark so that Gong Gong could teach the King of Quang Ping a lot, but he saw that King Quang Ping's life was lost immediately, and depressed, she had to show up to help.

Because once King Quang Binh died, Bai Yunfei would not give her a secret book to solve the backlash of the devil soul.

who?

Suddenly feeling the danger coming from behind, Gonggong's heart trembled, and he quickly looked back.

Seeing Ren Yingying, Gonggong was

secretly surprised.

What a strong breath, when did the mainland of Kyushu have such a strong woman?

Because Ren Yingying was wearing a mask, Gong Gong didn't recognize it for a while, but was shocked.

Haha...

and King Quang Binh was very excited. The tension and fear before was swept away, his face was full of smiles, and he exclaimed with excitement: "Your Excellency, you have finally appeared, hurry, hurry up and deal with this altogether. Gong, as long as you defeat her, Feilong Pass will be broken in a moment."

Ren Yingying ignored it.

She wished that King Guangping would immediately die in the hands of Gonggong, but in order to get the secret book in Bai Yunfei's hands, she could only help him temporarily.

In the blink of an eye, Ren Yingying rushed behind Gonggong. At that time, the power of the demon soul exploded, and the surrounding air suddenly twisted and changed.

This... is

this the power of the demon soul?

Feeling the power of that powerful demon soul, Gong Gong's body was

shocked, and his exquisite face flashed with shock and anger. As the world-famous water god, working together with a lot of knowledge, you can recognize it at once, the other party is displaying the power of the devil soul.

In the next second, Gonggong shouted at Guangping Wangjiao: "Kuangpingwang, have you colluded with the demons, have you thought about the consequences?"

At this time, Gonggong was filled with anger.

Before Bai Yunfei snatched the magic mirror that sealed the devil from the ghost world, and then helped the devil to respect and shape the body, and then launched a battle between the rivers and lakes, and the people who got it were not

live.

It can be said that Bai Yunfei and the Mozu are the enemies of the entire Kyushu.

At this time, Gonggong did not expect that the King of Guangping would find a helper from the Mozu.

"Haha..."

Feeling the anger of Gonggong, although King Quang Binh was a little flustered, he still laughed and said: "Co-worker, Gonggong, you have been famous for nearly a thousand years, and you haven't seen the situation clearly yet? I tell you, Not only I joined the Demon Clan, but the entire Apocalypse Royal Family has also joined the Demon Clan."

If King Quang Binh didn't dare to provoke and work together like this five minutes ago, he was only nervous, but now it's different. Your Excellency has already taken action. I just waited to watch the battle.

"Despicable and shameless!" For a while, Gong Gong was furious.

"Gonggong!" At

this time, Ren Yingying was behind Gonggong and said coldly: "Today's Feilong Pass must be broken, you give up." The

voice fell, and the power of Ren Yingying's demon soul broke out, and she slapped her after Gonggong. Back.

With this palm, Ren Yingying didn't use her full strength. You must know that she and Gong Gong did not have a deep hatred. At this time, she only wanted her to recognize the reality and voluntarily surrendered Feilong Pass, but didn't want to kill her.

"Grand Marshal, be careful!"

Seeing this scene, the guard soldiers on the tower couldn't help but speak, and they all sweated for the co-workers.

Although they did not recognize Ren Yingying's identity, they could feel that the strength of this sexy beauty was far more terrifying than King Quang Binh.

"I'm afraid you won't make it?"

Gonggong reacted quickly, turning around, raising his hand and colliding with Ren Yingying's palms!

boom!

The moment the two palms collided, only a loud noise came out, and then, a tyrannical wave of internal force swept the audience!

Immediately afterwards, both Ren Yingying and Gonggong were shocked, and at the same time they were stunned by the sky.

Obviously, both sides are evenly matched in this palm.

However, in Gonggong's heart, she was

secretly shocked, because she mobilized all the internal forces with the palm just now, but only drew a tie with the other party.
