

Chapter 2429

Mad!

Seeing this situation, Cheng Yi was very annoyed and hurried to catch up.

In a blink of an eye, ten minutes later, Cheng Yi's arrows all fell through, and none of them hit the male deer.

"Brother!"

At this time, Yueqing finally couldn't help it, Xiumei lightly said, "Can you do it?"

At the same time, Yue Feng also secretly shook his head.

This Cheng Yi was so stupid that he couldn't even catch a male deer, and he

even dared to speak up.

Uh....

Cheng Yi was embarrassed, scratched his head and smiled bitterly: "Junior sister, don't worry, this male deer is too clever, it's really not easy to catch, but it's okay, it's almost no physical strength to be chased by me."

Yueqing pouted, "Forget it, or let Brother Afeng try it."

As he said, Yueqing took Yue Feng's hand, and his eyes were full of expectation: "Brother Afeng, if you use animal language, you will definitely be able to catch it."

Haha...

Hearing this, Yue Feng couldn't help but laughed, shook his head and said: "This method is feasible, but it must not be used."

"Why?" Yueqing asked curiously.

Yue Feng took a deep breath and said solemnly: "Think about it, if I use animal language to tell him, 'Come here, let me eat you.' You said, will it come over? Wouldn't it run faster? "

When he said this, Yue Feng was very funny.

This Yueqing is really naive, but it's also quite cute.

Puff...

Hearing this, Yueqing couldn't help but laughed, and nodded: "Yeah, why didn't I expect it, huh..."

Seeing the two talking and laughing, Cheng Yi didn't fight, and said coldly: "I can't even catch it, can he catch it? What a little ring."

After that, Cheng Yi threw the bow and arrow in front of Yue Feng: "Come on, you come and try."

He said so, but Cheng Yi's face was full of contempt.

In his heart, he couldn't catch that male deer, let alone Yue Feng.

"I don't need this." Yue Feng said lightly,

without looking at the bows and arrows on the ground, and then picked up some branches around, and then inserted the branches in the open space not far away.

After doing this, Yue Feng plucked a lot of night grasses. These night grasses, stained with night dew, are all deer's favorites to eat.

Putting Ye Cao between those branches, Yue Feng retreated far away.

This...

Seeing this scene, Yueqing was stunned, and saw the branches, which looked messy, but after careful consideration, it seemed a little mysterious.

"Bullshit!"

Cheng Yi smiled even more disdainfully, and mocked: "Just use these branches to catch the deer? How about children playing?"

The male deer had been chased for a long time without catching it, and this kid, with some branches, wanted to trap it, which was simply whimsical.

Ha ha..

Hearing the mockery, Yue Feng ignored it, but quietly hid behind the tree and waited.

At this time, Cheng Yi was still taunting, and was interrupted by Yueqing.

"Brother." Yue Qing said in a low voice, "Regardless of whether Big Brother

Afeng's method is successful, don't talk about it, I think it's quite interesting."

With that said, Yueqing also hid behind the tree.

Cheng Yi sneered and waited for Yue Feng to make a fool of himself.

Soon, one minute passed, and no male deer came over.

five minutes.

ten minutes.

Just when Cheng Yi waited impatiently, suddenly, he saw the male deer slowly approaching, as if smelling the scent of night grass, he entered among the branches inserted by Yue Feng.

"Brother, look." At this moment, Yueqing was very excited, and whispered to Cheng Yi, "That male deer was really attracted."

Ha ha...

Cheng Yi also froze, but quickly sneered: "What can I do if it is attracted? It's just some branches, can it be trapped?..."

The words were not finished, and the next scene stunned Cause suddenly.

I saw that the male deer, after entering the branches, was like a drug, and instantly lost its way.

Yes, the branches of Yue Feng's pendulum are a fascinating formation.

Whoosh!

At this moment, Yue Feng quickly rushed over, and after entering the ecstasy formation, he cut a palm on the male deer's hemp bone, and suddenly the male deer screamed, and his body slumped directly to the ground.

"Wow!"

Seeing this scene, Yueqing was stunned, looking at Yue Feng's gaze, full of admiration: "Big Brother Afeng, you are amazing."

Chapter 2430

While talking, Yueqing held Yue Feng's arm with curiosity in his eyes: "How on earth did you do it? How did the male deer just get in and couldn't get out?"

This man is really unfathomable, as if he is omnipotent.

Yue Feng showed a smile and slowly said: "It's nothing, these branches seem to be very random, but in fact they contain the principles of mutual growth and mutual restraint among the five elements."

Yue Feng didn't say too much, after all, Yueqing didn't understand the formation method, and she didn't understand too much.

Hearing this, Yueqing still worships incomparably despite his half-knowledge.

"cut!"

At this time, Cheng Yi was relieved, his face was full of disdain: "The five elements are all deceptive. The male deer had no energy to chase before, so I was trapped in those branches. The kid just picked up a bargain."

After that, Cheng Yi pulled Yueqing away: "Junior sister, you have forgotten what I said again. Men and women can't give or receive kisses."

Huh!

Hearing this, Yueqing blushed and let go, and at the same time couldn't help but

said: "Brother, you are not convinced. This male deer was obviously caught by Afeng, how could it be a bargain?"

Having said this, Yueqing greeted Yue Feng and said, "Big Brother Afeng, let's go back to roast deer and eat it, starving to death."

"Okay!" Yue Feng smiled and nodded, then walked over, carried the deer up, and completely put Cheng Yi aside.

To be honest, Cheng Yi's attitude made Yue Feng very unhappy.

Obviously he didn't have the abilities, and he had to show it in front of the younger sister, but he lost face and refused to admit it.

However, Yueqing had been helping Yue Feng to speak, making Yue Feng feel very happy, so he didn't care about it.

While talking and laughing, Yue Feng and Yueqing walked towards the dilapidated temple.

"Ugh?"

Seeing this scene, Cheng Yi was anxious and angry, and hurriedly shouted: "Junior sister, wait for me, this time I can successfully catch the deer, I also have credit."

With that, Cheng Yi hurried to catch up.

.....

At this moment, on the other side,

Fengzhuang.

In the hall, Ji Hongshang sat there, her delicate and charming face was full of gloom, and at the same time it was a bit weak. Even though the fight against Zheng Chunqiu during the day had the upper hand, it also caused the disorder of the power of the magic soul in the body. .

For Ji Hongshang, this is not worth the gain.

Failing to kill Zheng Chunqiu and letting the opponent go is really shameless.

"metropolitan."

At this moment, Yuan Tong walked quickly into the hall and said excitedly: "I have checked the whereabouts of Zheng

Chunqiu and his party. They are in a dilapidated monastery with a dozen exceptions."

As he said, Yuantong wiped the sweat from his face.

"well!"

Hearing this, Ji Hongshang showed a sneer, and slowly stood up and said: "This Zheng Chunqiu really didn't leave. With his ability, he still wants to save their Danzong elder? Huh, I'll take this Danzong operation tonight. , I want the Five Poison Sects to be famous throughout the Dongao Continent, and no one dares to provoke them."

With that said, Ji Hongshang said to Yuantong: "Summon a thousand elite

disciples immediately and follow me to destroy Zheng Chunqiu."

At this time, Ji Hongshang was full of viciousness.

Speaking of, during the day, Ji Hongshang planned to kill Zheng Chunqiu on the spot. However, the power of the demon soul in his body was disturbed and had to give up temporarily. Now, knowing that Zheng Chunqiu has not returned to the altar of Danzong, Ji Hongshang Naturally will not miss the opportunity.

"Yes, Sovereign." Yuan Tong responded when he heard the order, and then walked out quickly to prepare.

A few minutes later, Yuan Tong and a thousand elite disciples, led by Ji

Hongshang, quickly headed towards the dilapidated temple.

.....

On the other side, in the dilapidated temple.

The three Yue Feng surrounded the bonfire and started roasting venison.

Yueqing seldom walked around the rivers and lakes, and had no experience in survival in the wild. He sat aside, waiting with his cheeks in his hands, Yue Feng and Cheng Yi each roasted a deer leg.

I saw that Cheng Yi's baking technique was so-so, and it burned a lot in a short while.

But Yue Feng didn't rush, and Xiao Xi was in the wild back then, and Xiao Xi cooked every time. Over time, Yue Feng also learned a lot of cooking and barbecue skills.

I have to say that Yue Feng's craftsmanship is very good. After a while, I saw that the deer legs were roasted golden and the meat was full of fragrance.

Chapter 2431

Wow!

Yueqing was already too hungry. At this moment, he smelled the smell of meat and his eyes lit up, but he felt that the gluttons in his stomach hadn't been hooked out: "It smells good."

While talking, his eyes were fixed on the roasted deer leg in Yue Feng's hand, his appearance was very cute.

Haha...

Seeing her appearance, Yue Feng couldn't help laughing, and then handed the deer leg over: "Try it, I haven't grilled anything in the wild for a long time."

Yueqing took the roasted deer leg with a smile, and tasted it. It was only tender and delicious. He exclaimed again and again: "It's so fragrant, so delicious, Brother Afeng, you are good at everything, so amazing."

Hearing the praise, Yue Feng smiled and nodded: "If it tastes delicious, eat more."

Mad.

Seeing this scene, Cheng Yi, who was sitting on the side, suddenly became unhappy, and quickly passed the roasted deer leg in his hand, looking forward to it: "Junior sister, mine is more delicious, you taste it."

Yueqing glanced at it and muttered: "It's all baked black, it doesn't taste good at

first sight, you should eat it yourself."

Uh....

Seeing that Yueqing was a little disgusted, Cheng Yi was very embarrassed, and at the same time he was suffocated. At that time, he stood up angrily, walked outside the door, and chewed on his roasted deer legs.

As a result, the roasted deer legs were battered in many places, and Cheng Yi couldn't eat it himself.

Mad!

The more and more Cheng Yi thought about it, the more he became angry, and wanted to go back to trouble Yue Feng, but couldn't think of a reason, so he had

to take a walk around the temple to relieve the depression in his heart.

rustle....

As a result, as soon as he walked outside the gate of the monastery, he heard a rustling sound from the grass in the corner. Cheng Yi hurriedly walked over and was stunned by the moonlight to look at it.

I saw that in the grass, there was a half-meter-long centipede crawling slowly. The carapace was reddish-brown, and there were looming ring marks on it. Nearly a hundred outriggers were squirming, making the scalp numb. .

This...

This is a red ring centipede?

However, while Cheng Yi was shocked, he was also a little bit inexplicably excited. He learned medicine from his master for several years and knew all kinds of poisonous insects in the Kyushu Continent.

The red-ringed centipede in front of him seemed to be very large, but it was not poisonous at all, and it was still a rare medicinal material used as medicine.

Haha...

I didn't expect to come out for a walk and find a big baby.

Excited, Cheng Yi walked over quickly, picked up the red-ringed centipede with a

branch, and put it in a bamboo basket. Over the years, Master prepared a rare elixir, but the red-ringed centipede was missing. Unexpectedly, I caught one so easily.

If the master knew, he would be very happy.

Thinking in his heart, Cheng Yi carried the bamboo basket and rushed back to the room excitedly.

In the room at this time, Yue Feng and Yue Qing had eaten enough and were chatting and laughing.

"Junior Sister!"

At this time, Cao Cao walked in quickly, and said excitedly: "Guess what I caught

just now?" He said, still looking mysterious.

"What is it?" Yueqing asked curiously.

"Hehe."

Cheng Yi smiled first, and then took out the red ring centipede in the bamboo basket: "Sister sister, look at what this is? Master has been preparing elixir for the past two years, but the red ring centipede is missing. Hey, I was killed today. I caught it by accident."

After saying this, Cheng Yi couldn't say so proudly: "How is it? Brother is not good?"

What?

Hearing this, Yueqing's tender body was

shocked, very surprised, because Cheng Yi was right. In the past two years, Master has been looking for red ring centipedes, but there are many places.

Then Yueqing took a closer look, and was too excited at the time: "It's really a red ring centipede, brother, you are awesome, if you caught such a big one, Master would be very happy if he saw it."

When the last sentence fell, Yueqing would walk over to pick up the red ring centipede in Yi's hand.

"Be careful, don't touch it!"

However, at this moment, Yue Feng, who had been sitting there, suddenly stood up and stopped Yueqing.

Yueqing was startled, and quickly retracted his hand, looking back at Yue Feng, his delicate face was full of suspiciousness: "What's the matter? Big Brother Afeng?"

Is this kid sick?

Cheng Yi was full of anger, and couldn't help but yell at Yue Feng: "What are you doing in a shock?"

Chapter 2432

Stupid!

Yue Feng cursed secretly and pointed at the red ring centipede in Cheng Yi's hand: "This thing is very poisonous, you should put it away quickly and don't get hurt."

Yue Feng had studied medicine with Shennong, and he could tell at a glance that there was something wrong with this red-ringed centipede.

What? poisonous?

Hearing this, Cheng Yi was taken aback at first, and then smirked: "Boy, do you know what this is? This is called a red ring centipede. It looks big, but it's not poisonous at all."

"Yup."

As soon as the voice fell, Yueqing couldn't help but open his mouth to Yue Feng:
"Brother Afeng, you haven't learned medical skills, so you probably don't know what this is. Brother is right. This kind of red-ringed centipede is big in size. It looks scary, you don't have to panic."

At this time, Yueqing also thought that Yue Feng was making a fuss.

"Junior Sister!"

At this moment, Cheng Yi looked impatient, and said to Yueqing: "This kid doesn't understand medical theory at all. Why are you explaining so much to him?"

In his eyes, Yue Feng is a liar, except for luck, he has nothing.

Hehe, I don't understand?

Hearing this, Yue Feng couldn't help but laugh. My master is Shennong, who is known as the ancestor of medicine. He really wants to talk about medical theory. You don't deserve shoes for me.

Thinking about it, Yue Feng didn't bother to pay attention to him.

In the next second, Yue Feng smiled at Yueqing slightly: "What you said is not bad. This thing is indeed called a red-ringed centipede, but a normal red-ringed centipede has a light blue abdomen. That's because it is active in humid places all year round. It is caused by absorbing

the cold underground."

As he said, Yue Feng pointed to the red-ringed centipede in Chengyi's hand: "And this one has the same reddish-brown abdomen as the carapace. Obviously, it did not grow in the wild, but was raised and tamed by man."

"Also, the environment around this temple is not suitable for the growth of red-ringed centipedes. It is suspicious that such a big one suddenly appeared."

The remarks are well-founded and hard to refute.

This...

Hearing this, Yue Qing was stunned, staring blankly at Yue Feng's

speechlessness, shocked and admired in her heart.

The habits and growth environment of the red ring centipede, he said exactly.

Could it be.... There is really a problem with this red ring centipede?

With this in mind, Yueqing couldn't help but said to Cheng Yi: "Brother, if you don't listen to Brother Afeng, please let it go, just in case..."

"To shut up!"

However, before finishing speaking, Cheng Yi interrupted him, and said displeased: "Junior sister, I think you are really confused. What can this kid know if he hasn't studied medicine? Do you

believe in nonsense?"

After that, Cheng Yi turned his eyes and sneered at Yue Feng: "Boy, I think you are deliberately frightening me. When I release the red-ringed centipede, you will quietly catch it back and sell it, right?"

This kid is a liar, it must be so.

really interesting.

At this moment, Yue Feng suddenly smiled in anger, with a calm expression: "Although this red-ringed centipede is a good thing, I still don't like it. Anyway, I have already said what I should say. It is your own business whether you listen to it or not. child."

Yue Feng wasn't bragging, even the four

major congenital spirit beasts had a connection with him, so naturally he couldn't look down on a red-ringed centipede.

The last word fell, Yue Feng lay there leisurely, closing his eyes and resting.

"Ha ha..."

Seeing Yue Feng's appearance, Cheng Yi thought he was pretending, and sneered at the time, and said contemptuously:

"Okay, what do you kid think, I know very well in my heart, don't follow me."

With that said, Cheng Yi put the red ring centipede back into the bamboo basket, and when he rescued the master, he asked him to make an elixir.

laugh...

However, before putting it in, I saw the red-ringed centipede, its long body suddenly arched, and then, a spray of venom was sprayed from the tail, centered on Cheng Yi's face.

"what!"

At that time, Cheng Yi yelled and threw off the red ring centipede like an electric shock. He covered his face and fell to the ground, his body trembling constantly, like a sieve.

"Brother!"

Seeing this scene, Yueqing was shocked, and rushed over to help Cheng Yi up.

However, when he arrived, Yueqing's face was pale when he saw Cheng Yi's state, and his eyes were full of panic and fear. I saw that Cheng Yi's face turned reddish brown under the attack of the poison, which was very scary.

Chapter 2433

This... this red ringed centipede is really poisonous.

And it is very toxic.

For a while, Yueqing was too panicked, his eyes flushed, his face was anxious, and he wanted to reach out to pull Cheng Yi, but he didn't have the courage.

Who knows if this poison is contagious.

"you..."

At this time, Cheng Yi covered his face with one hand, enduring the pain, and pointed at Yue Feng with the other finger: "You made the ghost, right? Otherwise, how do you know it is poisonous?"

When he said this, Cheng Yi's eyes were blood red, and he couldn't wait to clamp Yue Feng.

This kid, just can tell the origin of the red ring centipede, the poisonous red ring centipede must have something to do with him, maybe it was because he deliberately caused it to harm people.

"Brother!"

Hearing this, Yueqing stomped his feet in a hurry: "How come you are still against Big Brother Afeng? He reminded you just now that you didn't listen."

At this time, Yueqing was almost crying. The brother was really too narrow-minded.

Ugh.

At the same time, Yue Feng also sighed and looked at Cheng Yi and shook his head: "I originally planned to try to save you, but I didn't expect you to target me everywhere. Forget it, life and death, this kind of poisonous taste, Take it slowly."

"Ha ha...."

Cheng Yi laughed miserably, and yelled at Yueqing in a self-righteous manner: "Junior sister, you heard, he knows how to detoxify, and what does it mean? He got this poisonous red-ringed centipede."

"This person is unpredictable, he is not a good person, you quickly find the antidote from him, and then kill him."

This person is really hopeless.

Seeing this, Yue Feng secretly shook his head, his expression extremely indifferent.

He didn't worry that Yueqing would do it on himself, after all, she was kind-hearted and could see good and evil clearly.

"Brother!"

Sure enough, hearing Cheng Yi's words, Yueqing was so angry that the suburbs trembled. At that time, he stomped his feet: "If you are still like this, I don't care about you. You can live and die by yourself."

When the voice fell, Yueqing was about to turn around and leave.

Seeing this scene, Cheng Yi suddenly panicked, and hurriedly shouted: "Junior sister, don't go."

Afterwards, Cheng Yi apologized to Yue Feng: "Brother Afeng, I was wrong. I shouldn't have treated you like that before. I promise I won't do it in the future."

When apologizing, Cheng Yi seemed sincere, but he was extremely reluctant in his heart.

Yue Feng smiled and did not respond.

At this time, the poison on Cheng Yi's face had spread to his neck. He was so panicked that he cautiously asked Yue Feng, "Can you really help me detoxify?"

"Yeah." Yue Feng nodded.

"it is good!"

Cheng Yi took a deep breath and said suspiciously: "If you really help me detoxify, I will never go against you again, and I will sincerely apologize to you."

To be honest, if it had been half an hour ago, Cheng Yi wouldn't have said softly to Yue Feng.

But there is no way. I am very poisoned now. If I drag it down, I'm afraid my life will be gone. I can only try it.

"Ha ha.."

Hearing this, Yue Feng smiled slightly, shook his head and said: "You have

already apologized just now, and it's boring to apologize, so let's do it, if I successfully detoxify you, you will respect me when you see me in the future. Call the master, how?"

To be honest, with Yue Feng's personality, he is too lazy to manage Chengyi's life and death, but in any case, he is a senior brother from Yueqing, and he really wants to see the dead, and it can't be justified.

However, Cheng Yi was narrow-minded, which was really hateful, and Yue Feng decided to completely suppress his dignity.

Such people need to be severely treated.

"you..."

As soon as he finished speaking, Cheng Yi was furious and glared at Yue Feng: "Don't be too much, you want me to call your master? What qualifications do you have?" Ma De, a liar, dare to humiliate himself.

Feeling Cheng Yi's anger, Yue Feng didn't panic at all, stretched his waist, and said slowly: "If you don't want to, I didn't force you, it's getting late, I still want to get a good night's sleep. "

When the last word fell, Yue Feng was about to lie down and rest.

"Big Brother Afeng."

Seeing this, Yueqing hurried over and bit his lips and pleaded: "My brother is small-minded, don't be familiar with him, hurry

up and save him."

While talking, Yue Qing took Yue Feng's arm and shook it gently.
