Chapter 1954

Avery grabbed Hayden's arm with one hand and tried to stand up from the wheelchair.

"Mom, do you want to go down?" Hayden supported his mother with both hands and carefully helped her get down from the wheelchair, "This basement has been completely dug up. We can see the whole basement from here."

Qin An Ann stretched her neck and stared.

"This side is the first entrance, and that side is the manhole cover." Hayden pointed Avery's direction, "Mom, Elliot will not be there until we find you."

"Where did he go? When did he go? Who took him away?" Avery looked at Hayden and asked a series of questions.

Hayden: "I don't know. But one thing is certain, Elliot was taken away from the first entrance. Because the manhole cover was welded to death."

"Have you found Sasha?" Avery endured, "This liar who tells a lot of lies! If I see her, I have to kill her myself!"

"Mom, she didn't go back to her hometown. Maybe she's not in Yonroeville anymore." Hayden helped his mother to sit down in the wheelchair, "Layla called me and asked when I and you will go home. I said we will be back soon."

“Hayden, I don’t want to go back.” Avery said, “Your dad may still be suffering... He may still be waiting for us to find him... I can’t give up on him...”

“No one gave up on him.” Hayden Correcting his mother’s words, “These houses were leveled and the basement was dug up, all because of the determination to find him.”

Hayden continued to add, “Mom, if you don’t go back, Uncle Mike will be able to hide it. If Layla and Robert know what happened to you, the two of them will definitely cry together.”

Avery lowered her head, not knowing how to answer her son’s words.

She didn’t want to leave here, but she didn’t want to leave the child alone.

Her heart was conflicted and divided, and she wished to jump out of the wheelchair now and find Elliot all over the world, but she was so weak now that she couldn’t exert any strength.

After a while, there was a roar from behind.

A helicopter circled behind them and landed slowly.

“Mom, let’s go back to Aryadelle first!” Hayden coaxed his mother patiently, “If you care so much about Elliot, I will send someone to look for it together.”

Avery listened to her son’s words and felt sad: “Hayden, he is youy Dad. He is not our enemy. I thought I could fool myself by pretending I wasn’t there! But I found that I couldn’t fool myself! If he was still alive, I would never quarrel with him again, never with him again separated, let alone anger him on purpose. I want to be with him forever!”

Hayden didn’t expect his mother to say these words to him.

“Avery, since you love him so much, then you should go back to Aryadelle first, take good care of your body, and take care of your children.” Nick walked over to her and looked at her haggard and sad appearance, “Once we find Elliot’s If he falls, he will be found at any cost and sent back to you.”

Avery had no other choice.

They all said that Elliot was no longer in Yonroeville. It would be useless for her to stay here.

When she was put into the helicopter, a thought suddenly flashed through her mind.

“Will Elliot be taken away like this?” She said sternly, “You said that he couldn’t be found at the airport or the station... Then is it possible that he was also taken away by a helicopter?”

But if Elliot left more information in Yonroeville, they wouldn’t be able to find him completely.

“This possibility is not ruled out.” Chad answered, “The special plane will have a record when it flew over the territory of Yonroeville. I will ask someone to check the flight records of the special plane in Yonroeville in the past few days.”

The helicopter arrived after nearly ten hours of flight in Aryadelle.

After Avery got off the plane, he saw the ambulance coming to pick him up.

“I’m not going to the hospital.” Avery resisted, “I’ll be on the drip at home.”

“Okay, listen to you.” Mike told the ambulance to leave.

Listening to her voice, although it is not as clear and loud as usual, but she can speak, it shows that the problem is not serious.

When His Eyes Opened Chapter 1955 by naijdate.com

Chapter 1955

On the way back, Mike rubbed his palms. After hesitating for a moment, he said to Avery: “I haven’t told Layla yet... But Layla has already noticed that something happened to you. I let her Come pick you up with me, she won’t come.”

Avery’s lips moved, but she couldn’t make a sound.

Even if they hide it from the child, one day the child will see it from the mouths of others and on the news.

Foster family.

Mrs. Cooper cooked a table full of sumptuous dishes and waited eagerly at the gate of the courtyard.

Layla and Robert were pestering in the living room. The siblings did not play with toys and did not eat.

Robert wanted to go into the yard, but Layla grabbed his hand and wouldn’t let him out.

Layla was in a bad mood and wanted someone to accompany her.

In recent days, she has been secretly calling her mother and father, but she has never gotten through.

She asked Mike why she still couldn't get through to her parents. Mike was vague and avoided talking about it. She's not a three-year-old who doesn't understand anything, and she's not a fool.

She couldn't contact her parents for such a long time, it must be because her parents had an accident. But yesterday Mike told her that her mother was coming back.

While she was happy, she asked Mike, is Dad coming back too? As a result, Mike said only that her mother was coming back.

Mike almost didn't tell her directly that her father is not coming back!

As for why Elliot didn't come back, Mike can't tell you. Because he's afraid Layla won't be able to accept it if Layla knows the truth.

After the black car appeared at the gate of the courtyard, the bodyguard opened the gate.

The car drove slowly into the front yard.

"Dad!" Seeing the car coming in, Robert ran away from Layla like a fly and ran towards the yard.

Robert thought that Mom and Dad came back together, so the little guy was very happy.

"Stinky brother! Dad didn't come back!" Layla ran out after him.

The door opened, Hayden got out of the car first and went to the trunk to get a wheelchair.

Mike helped Avery out of the car.

Robert was curious when he saw the wheelchair. His big bright eyes stared at the wheelchair without blinking.

“Mom, why are you in a wheelchair?” Layla walked up to her mother, stared at her face, and looked carefully, “Are you sick again? Where’s my dad?”

Avery thought about to tell the truth to her child when she was in the car.

“Your father is gone.” Avery took a deep breath, and the moment she said this, her voice became hoarse, “I don’t know where he is now, or if he is still alive... Layla, I’m sorry, I lost your father.”

“Avery, how can you say that? This matter has nothing to do with you.” Chad was afraid that Layla would misunderstand Avery, and immediately explained to her, “Layla, you Mom and Dad were led to a basement by bad guys. They were trapped in that basement with no food, no water, no signal. When your brother found your mom, we found out that your dad was gone.”

Layla heard the full story After that, tears welled up.

When His Eyes Opened Chapter 1956 by naijdate.com

Chapter 1956

“Sister, what’s the matter?” Robert saw her sister crying, and immediately grabbed her sister’s hand and shook it.

“Daddy’s gone! Daddy may be dead!” Layla cried, throwing Robert’s hand away and running towards the house.

Robert screamed and cried with a ‘wow’.

Mike immediately picked Robert up and said to Hayden, “Go and coax Layla.”

Hayden strode into the room.

Chad pushed Avery to follow Hayden.

After entering the living room, the two children were quickly soothed.

Hayden told Layla that his mother almost died, and she was rescued after a long time. She hoped that Layla would be more sensible and not cry in front of her mother.

Layla held back her tears.

When Robert saw that his sister was not crying, he naturally stopped crying. But the little guy’s mouth twitched, looking very pitiful.

Mrs. Cooper endured the heartache and greeted everyone to have dinner in the dining room.

Avery had no appetite. But she didn't want to affect other people's meals.

"Avery, I cooked porridge specially for you." Mrs. Cooper asked Mike about Avery's experience a few days ago.

Avery's current body was not suitable for major supplementation.

She could only start with liquid food, and gradually returned to normal state a little bit. After returning to normal, she can take supplements.

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

"Thank you." Avery picked up the small spoon, lowered her eyes, and ate porridge bit by bit.

"Mom, can't you eat meat?" Layla took a closer look at her mother and found that her mother had lost a lot of weight, and she must have suffered a lot.

"Layla, your mother can't eat meat right now." Mike explained, "She can only eat some porridge and noodles, and she can eat meat after a while."

Layla listened, and two lines of tears rolled down. She reached out quickly and wiped away the tears.

"Layla, mom is all right." Avery saw that her daughter felt sorry for her, and her heart was particularly heavy, "when mom is healed, mom will go and find dad."

"Mom, my brother told me that now a lot of people are sent to find Dad... You stay at home and don't go anywhere...I don't want you to get hurt again." Layla choked, her chest heaving quickly, "I don't have a dad anymore and now I can't be without my mother anymore."

The daughter's cry made Avery put down the spoon.

“Mom, let me feed you!” When Hayden saw her put down the spoon, he immediately opened his mouth.

“Mom can eat it by herself.” Avery looked at her son, “Hayden, your mother hasn’t said thank you to you yet. But if it wasn’t for you, your mother wouldn’t be able to come back alive now.”

“Mom, this is what I should do. Don’t follow me to say thank you.” Hayden said guiltily, “I’m going to be late, if I had gone earlier, maybe Elliot would still be inside...”

Hayden saw her mother heartbroken and heartbroken over Elliot’s affairs these days, his attitude changed subtly.

Instead of watching her mother suffer so much, it’s better to find Elliot.

No matter how much they quarrel, it’s better than now that his mother has no desire to survive at all.

Hayden completely believed that if it wasn’t for their children, his mother would probably die with Elliot.

“Woooooo...I want my dad! I want my dad back!” Robert suddenly burst into tears after listening to their words.

When His Eyes Opened Chapter 1957 by naijdate.com

Chapter 1957

Mrs. Cooper immediately carried Robert and left the dining room.

Avery drank the porridge in the bowl with difficulty, and the moment she put down the bowl and chopsticks, another servant came over.

“Avery, let me take you back to your room!”

Although Hayden is very filial, it is not convenient for Hayden to take care of Avery when she takes a shower.

A week later.

Katalina came to her cousin Norah’s house for dinner.

It was Norah who took the initiative to invite Katalina over.

Last time Katalina accidentally overheard her talking on the phone. Although Katalina said she forgot to hear something, Norah still felt guilty about it.

“Katalina, are you still getting used to this week of school?” Norah ordered a meal early in the restaurant and delivered it to her home.

“The first week was fine. The main thing is to build a good relationship with the students.” Katalina looked at the table full of delicious food and said in surprise, “Cousin, if you ordered so many dishes, the two of us will definitely not be able to finish it.”

Norah: “You eat more. Just throw it away if you can’t finish eating it.”

“It’s too wasteful.” Katalina picked up the chopsticks and ate, “I thought I would not get along with Layla, but I didn’t expect things to go smoothly than I thought.”

Norah raised her eyebrows and listened to her carefully.

“Isn’t she bad grades? I leave her to tutor for a while after school every day. Not only did she not reject my proposal, but she also came to my office every day after school to tutor.” Katalina said, “But she doesn’t seem to be very happy. I asked her, but she didn’t say anything.”

“There was an accident at her house.” Norah said lightly, “Her father is gone. It’s been half a month since the accident, and no one has been found yet.”

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

“Ah?” Katalina was taken aback, “When such a big thing happened, why wasn’t it reported in the news?”

“Her father had an accident in Yonroeville.” Norah picked up the red wine glass and took a sip. “Also, the news that ordinary people can see is what others want us to see. Even if this incident happened in Aryadelle, As long as the people around Elliot don’t want to expose this incident, the media will not dare to report it.”

“Oh...that’s it! No wonder his bodyguards are getting more and more mourned. Such a thing.” Katalina suddenly lost her appetite.

Norah: “You eat! Don’t be polite to me.”

“Cousin, if something happened to Elliot, will it have any effect on you?” Katalina looked at Norah’s appearance and asked with concern, “Will it affect your work? After all, you are Elliot recruited...”

“I was indeed recruited by Elliot. But everything I did after taking office was my achievement. No one dared to deny my credit.” Norah said indifferently, “And I have signed a gambling agreement with Sterling Group, even if Elliot dies, the agreement will still take effect.”

“Cousin, are you sad?” Katalina unscrewed the mineral water at hand and took a sip, “I heard from my aunt that you like Elliot very much.”

“Whether I liked him or not in the past, he never liked me. As a person, once I recognize the reality, I will cut through the mess and cut off the irrational side. Only in this way I can avoid harm myself.” Norah said slightly drunk, “You are still young, you may not be able to be as decisive as I am. You will understand when you have been hurt a few times.”

“Cousin, I think you are very good. You only know your goals and live a clear life.” Katalina poured herself a glass of wine and toasted Norah, “Cousin, I think you will be very successful in the future.”

Norah: “Are you more successful than Elliot?”

Katalina was stunned for a moment, then Embarrassed: “Cousin, I don’t know how successful Elliot is...”

“Why don’t you know? Haven’t you seen the house he lives in? I can’t afford the mansion he lives in now. I’m afraid I can’t even afford his toilet.” Norah laughed at himself, “But I will definitely be able to afford it in the future.”

Katalina: “Well. Cousin, I’m sure you can.”

After lunch, Katalina left.

Norah drank some wine and felt a little dizzy.

She leaned on the sofa, propped her head in one hand, held her mobile phone in the other, and dialed the assistant: “I told you about my cousin last time, and I found that she likes to pretend to be confused.”

When His Eyes Opened Chapter 1958 by naijdate.com

Chapter 1958

The assistant answered immediately: “Ms. Jones, what do you mean?”

“She overheard me on the phone before... Obviously she overheard at the door of my room on purpose, but she said she was listening accidentally.” After that, Norah turned on the music on her mobile phone in the bedroom, and she couldn’t hear the sound when she walked to the living room.

Only standing outside her bedroom door could she hear a single sound.

“Maybe she is more curious!” The assistant said, “she is your cousin, not Avery’s cousin. I believe she is on your side.”

“I’m uncomfortable, but her mouth is sweet.” Norah felt that she might be thinking too much, “It’s mainly because I didn’t know her well before, but she was even less familiar with Avery.”

The assistant: “Anyway, you are relatives. The previous generation, your parents are familiar!”

Norah: “Yeah.”

“Ms. Jones, did she overhear something very important?” The assistant asked.

Norah became more awake and said lazily, “It’s not too important, but I pay more attention to privacy.”

The assistant: "That's fine."

"Well." Norah hung up the phone and walked towards the room.

Elliot hasn't heard from him for so long, most likely he's dead.

Although Avery is not dead, there has been no news of her recently.

Losing her beloved, she is more uncomfortable living now than dying.

Thinking of this, Norah's mouth raised a smug smile.

Foster family.

After a week of recuperation, Avery was no longer in a wheelchair.

Hayden saw that his mother was almost recovering, so he was ready to leave for Bridgedale.

"Mom, you are resting at home, I will go to the airport by myself." Hayden put on his schoolbag and was ready to go out.

"I'll take you to the airport!" Avery was reluctant to part with his son, but Hayden's studies and the dream maker group are both in Bridgedale, and Hayden must go back.

"Mom, when I go back to Bridgedale, I will send someone to find Elliot in Bridgedale." Hayden promised his mother.

"Well."

"Mom, stay at home and don't run around, okay?" Hayden was afraid that Avery would run around to find Elliot.

Her body is just recovering now, and if something happens again, her body will definitely not be able to bear it.

“Hayden, you don’t have to worry about me so much.” Avery accompanies his son to the car, “I will be more careful in my work in the future, and I won’t let the bad guys take advantage of it again.”

Hayden heard the meaning of his mother’s words.

After sending Hayden to the airport, Avery returned home.

When she came back from Yonroeville, Chad said that he would check the special plane that stopped in Yonroeville on the days when the accident happened.

Today, Chad sent her the form.

Chad not only found out the model and flight number of the special plane, but also the owners of these private planes.

Avery looked at the form, and one of the special planes was from Bridgedale, but the special plane stayed in Yonroeville for a few days when they had an accident.

The owner of this private jet is the owner of a pharmaceutical group in Bridgedale.

Avery frowned.

This pharmaceutical group is well-known in Bridgedale, and Avery heard of its name a long time ago.

She seems to know someone who is related to this pharmaceutical group.

Sitting on the sofa, Avery thought about it for a while, and gradually remembered that when she was a graduate student, there was a classmate who was called Young Master because his father was the boss of that pharmaceutical group.

But Avery couldn’t remember the male classmate’s name and appearance, let alone the male classmate’s contact information.

When His Eyes Opened Chapter 1959 by naijdate.com

Chapter 1959

Avery found Wesley's mobile phone, clicked on his number, and dialed it.

Wesley quickly answered her call.

"Avery, I heard that Hayden returned to Bridgedale today. Has he left?"

"Well. Just left." Avery said, "Brother Wesley, when I was a graduate student, was there a classmate whose family was from MH Medicine?"

Wesley thought for a moment and replied, " Yes. At the beginning, Professor Hough didn't want to accept him, but his father came to see Professor Hough several times, and also asked Professor Hough's family. Professor Hough couldn't be bothered, so he accepted him."

"Brother Wesley, do you have his contact information? I have something to look for." Avery said eagerly.

"Why are you looking for him? If you insist on looking for him, I can help you find his contact information." Wesley asked in confusion.

Avery told Wesley her thoughts truthfully.

"I'm going to inquire about that classmate's contact information." Wesley felt that her suspicions were not unreasonable.

If Elliot was taken away by a private plane, no matter how hard they checked, it would be difficult to find out the news.

Bridgedale.

Wanda has been very happy recently. She was a guest on a local TV station a while ago. Because of her straightforward and bold way of speaking, she became popular after the show was broadcast.

The show invited her to be a resident guest, but Wanda was still thinking about it. In addition, the recent encounter between Elliot and Avery made her overjoyed, as if she had a second spring.

Elliot is dead, Avery has no backstage, and it is impossible to ride on her head again in the future.

Wanda no longer has to be afraid of anyone, she can do whatever she wants in the future, and she can say whatever she wants.

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

Even, it is not impossible for Wanda to return to Aryadelle to start a new business. However, after considering the energy and time needed to start a new business, she decided to agree to the invitation of the TV station to be a resident guest of the talk show.

Mainly because Wanda is not short of money now, even if she does not work in the future, she will be able to spend the rest of her life very nourishing and prosperous.

After Wanda replied to the TV station, the phone received a message. She had asked someone to go to Rishawaka to find out about Billy, but now, the information finally came.

The person who inquired about Billy's information collected all the people named Billy in Rishawaka, made a large document, and sent it over.

The moment Wanda opened the document, her eyes dazzled.

Angered, she dialed the phone.

“I spent so much money for you to inquire, and you gave me such a result?”

“Ms. Tate, we don’t know which Billy is the boss of the Dream Makers Group! These data, but I got through the Rishawaka. The high-level officials here have obtained their internal data... All the Billys living in Rishawaka have been sent to you.”

“Haha! I just glanced at it, and there are hundreds of Billys! How do you ask me to find it?”

“Hundreds are not too much.” The other party quibble, “You watch dozens of them every day, and you can finish them in less than a week. Not all cats and dogs can meet the conditions, I believe you will soon find it.”

Wanda took a deep breath and wanted to slap him, but felt that what he said was not unreasonable.

“By the way, there is a funny thing.” The other party suddenly smiled and said, “When we were looking for Billy, we found that Rishawaka also issued an ID card to a virtual person.”

“Virtual person?” Wanda looked surprised, “What virtual human?”

“It’s a robot! The funny thing is, this robot is also called Billy. Its full name is Billy Hadajette.”

“Billy Hadajette?” Wanda raised a doubt in her heart.

This Billy Hadajette...is a virtual person, but was issued an ID card by the government of Rishawaka!

What a ridiculous thing!

But...after thinking about it, Wanda feels creepy again.

When His Eyes Opened Chapter 1960 by naijdate.com

Chapter 1960

Only living people can be issued ID cards!

Issuing an ID card to a virtual person?

Who is the person who developed this virtual human? Must have a pivotal position in Rishawaka, right? Otherwise, how to persuade the government to issue ID cards to virtual people?

“Do you know what the name Billy Hadajette means locally?” Because the other party was more interested in this matter, he inquired a lot.

Wanda: “I’m already very dissatisfied with your ability to do things. If you sell things again, I will never look for you again!”

“Ms. Tate, in order to do things for you, I have tried my best, with all kinds of twists and turns.... Rishawaka, if you don’t have a hard relationship at all, you won’t be able to get the list I sent you. You’ve been your wife in Bridgedale for a long time, don’t you understand what’s going on outside?”

Wanda justified the loss and held back her breath: “What does the name of that virtual person mean?”

“This name has two meanings, one means the rising sun, and the other means revenge.”

“Revenge?” Wanda thought Shocked, as if someone was going to ask her for her life.

“I heard about it in Rishawaka. I don’t know what it means. I heard that this virtual person has things that ordinary people have. It also has a special image! It seems to be the image of a man.”

“Oh, Do you know who designed this virtual person?” Wanda became more and more interested in this news.

“How do I know this? I didn’t ask. You only asked me to find someone named Billy, but didn’t ask me to investigate this avatar!”

“Then I’ll pay you more, and you can ask about this avatar again.” Wanda had a strong premonition in her heart.

This virtual person may be the big boss of the Dream Makers Group!

Of course, this virtual man was just launched by the big boss behind the scenes. The real big boss is the one who developed and manipulated this virtual man.

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

“Ms. Tate, don’t you suspect that the boss of the dream maker is this virtual person? That’s impossible, right? I treat these two things as two things, and I just shared this funny news with you just now.”

“I don’t think it’s funny at all. Sometimes the more impossible things are, the more likely they are the truth.” Wanda said, “I’m more and more curious about who is behind the scenes.”

“Okay. It’s the same price as before, I’ll investigate the background of this avatar for you.”

Wanda: “You’re really a lion!”

“I’m still in Rishawaka, if the price can’t be agreed, then you can find someone else.”

Wanda took a deep breath: “I’ll call you the deposit later! You investigate and tell me as soon as possible.”

“When will you call in the money, and I will start working?”

Wanda hung up the phone and The deposit is paid.

The phone call made her happy. She opened the document that the person had just sent and read it again.

She wondered if her guess was accurate.

If no one else matches, the final result that remains, even if it is bizarre, will be the correct answer.

Aryadelle.

After Wesley got the contact information of the second young master of MH Medicine, he sent the number directly to Avery.

Avery received the number, thanked him, and asked: [What’s his name?]

Wesley: [His name is Emilio. He had been studying with Professor Hough for a year and never came. You can be forgiven for not being impressed by him.]

When His Eyes Opened Chapter 1961 by naijdate.com

Chapter 1961

Avery: [Okay, thank you, Brother Wesley.]

Wesley: [Don't thank me. I wish I could be of help. I don't know where Shea heard about this. She has been overwhelmed by tea and food for the past two days, so I don't know how to persuade her.]

Avery: [I'll be fine when I find Elliot. I can definitely get him back.]

Wesley: [Don't put too much pressure on yourself.]

Avery: [I have no pressure. Brother Wesley, take good care of Shea. If I have the whereabouts of Elliot, I will tell you as soon as possible.]

Wesley: [Hmm.]

After sending a message to Wesley, Avery saved Emilio's number, and then sent a message to say hello.

She was afraid that she would rashly call and the other party would not answer when she saw that it was an unfamiliar number.

Unexpectedly, not long after Emilio sent the message, he sent a message back to the convenience.

Emilio: [Avery! Of course I remember you! You were a man of the moment! Even if you leave medical school, you are still the queen of topics. Over the years, I have eaten your melons a lot.]

Avery looked at his strange words, and suddenly came to her mind how cheap Emilio was when he was a graduate student. In fact, he is not a bad person, he is more flamboyant and dazzling.

Avery remembered that Emilio had bought food and gifts for her colleagues several times. Because she didn't like his behavior, she rejected his kindness several times. Emilio directly said that Avery was a boring and ignorant woman, even if she got high medical achievements will not be liked by men later.

Avery could only bear the breath because she wanted to ask him, and replied to him with the wind and the rain: Is it convenient for you to talk on the phone now? I have something to ask you.

Emilio saw her news and called her immediately.

Seeing his phone call, Avery took a deep breath and warned herself not to get angry before picking up the phone.

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

“Avery, the sun is really coming out from the west. You must not have saved my number, right? Who did you ask to get my number?” Emilio's voice came from a high-pitched voice.

Listening to his arrogant tone, Avery knew that his life was definitely not bad.

Avery: “Wesley asked for it for me.”

Emilio: “Hahahaha! Him! I thought that if you weren't with Elliot, you would be with him. After all, he took good care of you back then! Everyone said in private that he was there. Chasing you...”

“Emilio, don't talk nonsense. Wesley is married and has children now, this kind of joke is not funny at all!” Avery said solemnly, “Don't mention the

past. I'm looking for you today because I found your father's private jet, which flew to Yonroeville about ten days ago, do you know about it?"

"You are so cruel to me, even if I know, I don't want to tell you." Emilio felt aggrieved.

"I... am I fierce?" Avery thought for a while, and felt that her attitude was fine, "Emilio, if you can't speak well, then I will go to Bridgedale and find your father directly."

Hey! My dad is very busy, so he may not meet you." Emilio interrupted her immediately, "My dad did fly to Yonroeville a while ago. Because our family has business in Yonroeville. Why do you ask this?"

"Elliot is missing. I suspect that he was taken away by a special plane. Because we searched all over Yonroeville, but couldn't find any trace of him." Avery said.

Emilio: "Oh."

Facing his indifferent reaction, Avery was puzzled: "Emilio, have you heard your dad talk about Elliot recently?"

"I heard it!" Emilio replied, "I heard that Elliot is gone."

"What else?" Avery asked.

"Do you suspect that my dad kidnapped Elliot?" Emilio asked without answering, "The special plane that flew to Yonroeville a while ago couldn't be ours, right?"

When His Eyes Opened Chapter 1962 by naijdate.com

Chapter 1962

“Because I am familiar with Bridgedale, and I remember that you used to be my classmate, so I will ask you first.” Avery replied, “I will also ask about other special planes one by one.”

“That way Ah! Aren’t you and Elliot divorced? He is missing now, what does it have to do with you? You are so eager to find him, do you still like him?” Emilio is like a questioning machine, with constant questions, “Since you still like him, why do you want to divorce?”

“Even if we get divorced, he is my ex-husband and the father of my child! No matter what happens to him, even if I don’t like him anymore, I won’t stand by!” Avery said. When she got excited, her voice couldn’t help raising.

Emilio: “You are really a kind and righteous woman. When are you coming to Bridgedale? I’ll invite you to dinner.”

“No need.” Avery refused.

Since Emilio couldn’t provide useful information, there was no need to keep in touch.

“I just praised you for being affectionate and righteous, but you turned your face and didn’t recognize anyone.” Emilio sighed, “My father has a lot of connections. If you want to find Elliot, maybe I can help?”

Avery: “Wait for your help. I’ll thank you again.”

Emilio: “Don’t be so realistic! We two are old classmates...”

“I’ve been in kindergarten for three years! You’ve only been a classmate for one year.” Avery refuted the title of ‘old classmate’, “If you can really provide useful clues, I will definitely thank you sincerely.”

“Just thank you? If I have other requirements, can you satisfy me?” Emilio questioned her.

Avery didn’t think much about his question.

Because now as long as she can find Elliot, she is willing to give anything.

“Of course. As long as you can help me find Elliot, I ask you to mention it!” Avery promised.

“Avery, you are such a stupid woman! For a man, are you worth it? Do you know that you promise me a lot of money? You promised me just now, and I can record it!” Emilio put away his cynical attitude and said seriously, “If I really found Elliot, and I’ll see how you regret it.”

“Let’s talk when you find Elliot! I will never regret what I say!” Avery said, after thinking for a while, “I remember that you have a elder brother in your family, your father is more partial to your elder brother... I don’t know if I remember correctly? If you help me find Elliot, I can give you a lot of money.”

“Avery, how much money can you have? Haha! My dad is really partial to my eldest brother, because my eldest brother was born by his wife, and I’m just his illegitimate child outside, and I can’t stand on the stage. But that was the past, and now my dad treats me much better.” Emilio said these things, not really. Feeling ashamed, “People can’t choose their origin, but they can change their destiny.”

“Have you changed your destiny?” Avery seemed to be in control of his future life after listening to his arrogant tone.

Emilio: “I dare not say that it has changed completely...”

“Since you haven’t completely changed, why don’t you need money? You help me find Elliot’s whereabouts, and if you find it, I will definitely give you a lot of money! “

Emilio: “...”

“I have other things to do, so I won’t talk.” Avery hung up the phone after finishing speaking.

Mrs. Cooper saw Avery put down her phone and immediately came over with a bowl of chicken soup.

Mrs. Cooper: “Avery, you have a bowl of soup to rest first.”

“Well. Where are Layla and Robert? Why are they so quiet?” After Avery finished speaking, Layla led Robert over.

“Mom, who did you call just now?” Layla had been overhearing Avery talking on the phone just now.

“It’s one of your mother’s former classmates. your mother asked him to help her find your father.” Avery took a sip of soup, then smiled at the two children, “The soup is delicious, you two should have some too.”

“Mom, my brother and I drank just now.” Layla walked over to her mother and sat down. After hesitating for a while, she said, “Mom, I will study hard in the future.”

When His Eyes Opened Chapter 1963 by naijdate.com

Chapter 1963

“Why did you say this suddenly?” Avery looked at her daughter.

“Dad always wanted me to study hard, but I deliberately angered him, didn’t study hard, and failed every exam...” Layla said here, her eyes were red, “I thought my father would Stay with me, no matter how angry I make him, he won’t leave me...I’m so sorry.”

“Layla, don’t cry. Your dad always knew you loved him in your heart. And no matter what. It’s you, Robert, and Hayden, he loves all of you.”

“I know...he never gets mad at us. I really like Dad...I used to be afraid he would know. I like him, so I never say anything like that, woohoo! Mom, I miss Dad so much, I really miss him so much.” Layla plunged her head into her mother’s arms, tears streaming down her face.

Avery handed the soup bowl to Mrs. Cooper, and patted her daughter’s back with her free hand.

“Layla, Mom promises you, Mom will get Dad back. Whether he’s dead or alive, he has to come back to us.”

“I don’t want Dad to die. I want him to come back alive. I can’t live without Dad. I haven’t told him yet, I like him very much, he is a good dad...I never praised him, if he comes back, I must praise him well.” Layla choked.

Avery: “Yeah. Mom too. When he comes back, mom will praise him too.”

Robert looked at her mother hugging her sister and pouted, “I want to hug too.”

Avery immediately stretched out another hand and hugged Robert: “We all have to be strong. Because Dad is also very strong to overcome difficulties now... He must be trying to find a way to come back to us...”

The weekend passed in a flash.

On Monday morning, Avery sent Robert to kindergarten before sending Layla to school.

Katalina didn’t expect that Avery would personally send Layla to school today.

After the two met, Avery took the initiative to say hello to Katalina: “Hello, Ms. Larson. I’m LAyla’s mother Avery. We talked on the phone before.”

Katalina: “Hello, Miss Tate. I heard that something happened to your family.”

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

“Who did you listen to?” Avery interrupted her.

“I...I listened to my cousin.”

“How did your cousin tell you?” Avery asked.

Katalina was a little nervous when she saw her sharp eyes, “I told my cousin that Layla didn’t seem to be happy these days, so my cousin told me that Layla’s father was gone...”

“Well, your cousin isn’t sad?” Avery answered casually.

She said this because Norah had pursued Elliot before.

“It’s not...my cousin...she is a very rational person. After you returned to Aryadelle, my cousin knew that she had no hope for Elliot.” Katalina said here, the class bell rang, “Miss Tate, it’s class. I’ll take Layla to the classroom first. Regarding Layla’s study, we can contact by mobile phone.”

Katalina’s words kept echoing in her mind.

Elliot disappeared, and his life and death were unknown, but Norah was not sad.

Even if it’s just a normal colleague relationship, it won’t be so heartless, unless it has a grudge against the other party.

Could it be that Norah regarded Elliot as an enemy if she couldn’t get him?

When His Eyes Opened Chapter 1964 by naijdate.com

Chapter 1964

On the way home, Avery said to the bodyguard: “When you came to pick up Layla every night, did you find anything unusual about this teacher Larson?”

Bodyguard: “Yes. She is very enthusiastic about Layla. Layla’s poor academic performance, we can pay Layla for tutoring, but she insists on tutoring her for free.”

Avery fell into deep thought after listening to the bodyguard’s words.

When she got in touch with Katalina just now, she felt that she was a very simple girl.

If she had a palace, she wouldn’t have answered Avery’s question so quickly just now.

Norah was her own cousin after all, no matter whether they knew each other or not, she wouldn’t betray her cousin.

“When she makes up lessons for Layla in the future, you will be watching. Don’t let her have the opportunity to be alone with Layla.” Avery instructed the bodyguard.

“I know. I’ve been watching while she makes up for Layla. So far, she hasn’t shown anything. As long as she dares to show anything unusual to Layla, I’ll take her... The bodyguard said here and made a ‘click’ gesture.

Avery saw that the bodyguard was like a frightened bird, so she said:
“Don’t be too obvious. This will startle the snake. If Teacher Larson is not a bad person, we will make her heart cold.”

The bodyguard didn’t care: “My duty is to Protect Layla. As long as you can protect Layla and offend others, I don’t care. “

Avery did not refute.

The bodyguard’s words can’t be faulted.

Bridgedale.

Wanda participated in the TV station’s second program recording.

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

This time, in order to make herself even more popular, she made a big splash in the show.

“Tell me something you don’t even dare to think about... I already know who the boss behind the Dream Makers Group is.” Wanda sat on the stage, receiving the gazes of all the guests and the audience, “I put a lot of effort into getting this news! But I’m not sure if my guess is true, so I can’t tell everyone on the show for the time being. When my guess is confirmed, I’ll tell you as soon as possible Everyone.”

“If I say this, will I offend the dreamer’s boss?” Wanda folded her hands and looked at the camera with an apologetic smile, “If the dreamer’s boss can watch this episode, I hope Don’t be angry. We are interested in you mainly because we think you are too powerful and want to pay tribute to you and learn from you. And I won’t say your real name on the show...”

“That’s right, This time, I asked someone to go to Rishawaka to inquire about the owner of the dream maker, and I accidentally got an interesting gossip, and I especially want to share it with you.” Wanda seemed to have

changed the topic, “You know that Rishawaka has issued an identity to a virtual person. Is there any evidence?”

Another guest answered curiously: “I have vaguely heard about this matter, but I have no specific understanding.”

“I heard that the virtual person is a robot, with appearance, gender, and age. Of course, these are all set for him by the person who developed it. In my opinion, a robot is a robot, how can it be regarded as a real person? Unless...” Wanda said.

“Unless what?” someone answered.

“Unless it is of great use to get an ID card for it. Otherwise, who would bother to get an ID card for a virtual person? Right?” Wanda squinted and said her opinion.

After the show was over, someone streamed the unedited video of the scene.

The employees of the Dream Makers Group saw Wanda’s speech at the scene, and there were many discussions.

—“Isn’t this Wanda just beating around the bush and saying that our boss is that virtual person?”

—“I think she means the same.”

—“Even if our boss is really the avatar, it doesn’t matter. Our real boss must be the engineer who made this avatar!”

—“Who among you sent this video to the boss?”

—“I dare not ...I sent the email to the boss the day before yesterday, and the boss has not replied to me yet.”

“Then I will send it! Maybe Wanda, an old woman, can blow up our boss!”

When His Eyes Opened Chapter 1965 by naijdate.com

Chapter 1965

Before going to bed at night, Hayden saw Wanda's video.

Unexpectedly, Wanda has some means to find it so quickly.

However, Wanda won't be able to dance for long.

He never forgot his grandmother's death.

The time is... ripe.

The next morning.

Wanda received a call from an informant.

The other party has found out who developed Billy Hadajette.

"Ms. Tate, a person from Bridgedale developed this robot. This person from Bridgedale is called Steven Lafrance. He is a professor at a university in Bridgedale. You can find his information by doing a little research in Bridgedale yourself.

"Steven Lafrance?" Wanda sat up from the bed, "Then I'll meet him today."

"I'm still investigating the appearance of this robot... Before tonight, I'll put the details of the robot I'll send it to you."

"Okay." Wanda sighed with relief, "You're efficient enough this time."

“You give the money fast, and I’ll be fast. Do you still think this robot is the boss of the dream maker?”

How can a robot be the boss of the dream maker? The boss of the dream maker is the man behind the robot. This robot is just a shell! I suspect the man behind the robot, and it’s not a good idea! Otherwise, why spend so much money on it?” You have to move out of this robot to be the company boss?”

“Your suspicion is justified, but I can’t dig deeper information. I advise you not to dig further. What good is it for you to offend that kind of person? Don’t kill yourself.” The other party reminded.

“I’m measured! Even if I know the secret behind it, I can’t be stupid enough to share it with everyone for free.” After Wanda finished speaking, she hung up the phone.

After breakfast, Wanda dressed up and went out to find Steven Lafrance.

The two met at a coffee shop near the university.

Wanda was a little surprised after seeing Steven Lafrance.

Because Steven Lafrance is quite old, he does not seem to be someone who has the energy to start a business.

Therefore, the boss of the Dream Maker Group should be someone else.

“Ms. Tate, the robot you mentioned was indeed developed by me, but after I developed that robot, I sold it to a wealthy businessman in Rishawaka,” Steven Lafrance explained.

“Rich businessman? Which rich businessman?” Wanda asked.

“Sorry, I signed a non-disclosure agreement with the other party. I’m sorry I can’t tell you the other party’s information.” Steven Lafrance said politely,

“Ms. Tate, why you suddenly interested in this robot?”

Wanda: “Because it is the name of the Dream Makers’s Boss! Don’t tell me you don’t know about this.”

Steven Lafrance: “Ms. Tate, I don’t care who the boss of the Dream Makers Group is. I’m about to retire, and I don’t have the energy to care about other things.”

“Since In this case, there is no need to drink that coffee.” Wanda got up from the chair and strode out of the cafe.

When she came out of the cafe, her phone rang.

The informant sent her pictures of the robot.

After she clicked on the photo and saw what the robot looked like, she screamed in fright, and then fainted!

When His Eyes Opened Chapter 1966 by naijdate.com

Chapter 1966

Steven looked at everything in the cafe, but he did not go out. Because Wanda is really rude.

After a while, a well-meaning passerby called an ambulance for Wanda. As a result, when the ambulance arrived, she suddenly woke up.

Wanda refused the ambulance and strode towards the parking lot next to her.

Steven saw Wanda driving away, then took out his mobile phone and dialed Hayden's number.

Steven: "Wanda meet me just now and asked me about the robot."

"Why did you see her?" Hayden's voice came.

"I only heard about her evil deeds from her mouth before, but I saw her today and found that you didn't wrong her." Steven finished his coffee and went to the cashier to settle the bill.

Hayden: "The bad things she's done can't be said for days or nights. I'll just take my grandmother's death, because it's the most unforgivable thing."

Steven: "Well, when are you going to take revenge?"

Hayden: "Come on..."

Aryadelle.

Primary School.

Bodyguards come to pick Layla from school.

The bodyguards did not wait at the school gate, but came directly to Layla's classroom gate.

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

Katalina saw the bodyguard coming, and greeted him with a smile: "I told Layla's mother today that I will tutor Layla for 40 minutes every night from now on."

"You want to make money from my boss? You give Layla Tutoring, can I get a higher salary than outside?" The bodyguard said, "If you just want to earn my boss's money, well, if you have other intentions, I advise you to weigh yourself. Otherwise, I don't know how you died in the end."

Katalina was stunned by the bodyguard's words.

"I...I just want to help my students improve their academic performance...I don't want to collect extra money." Katalina defended herself, "If you don't believe me, ask Layla's mother, we don't talk about money."

The bodyguard: "Do you want her to take the initiative to send you money?"

Katalina: "No! If she takes the initiative to send me money, I definitely won't. Our school can't accept gifts, let alone red envelopes. .You really misunderstood me. I really want to help Layla improve her academic performance... Besides, my family is not here, I rent a house by myself, and it's boring after work every day...If you stay with me for one more hour, my life will be a little more fulfilling."

Bodyguard: "..."

"My family is quite rich." Katalina saw that the bodyguard still refused to believe in herself, so she could only tell the truth, "My family started a company in Bridgedale for decades. The pocket money my dad gave me every month was six figures."

Bodyguard: "..."

Katalina: "I choose to be a Teacher, it's because I love this industry."

"Sick." The bodyguard felt that she was either lying or that she was out of her mind.

Layla came out of the classroom with her schoolbag on her back and saw the bodyguard and the head teacher standing together. At that moment, she felt that they were a good match.

The two are tall and short, with black and white skin, one has a serious expression, the other has a lively expression... Obviously they are two completely different people, but they don't feel inconsistent at all when they stand together.

"Layla, if you don't want to tutor in my office, I can take you to my house for tutoring. My house is just outside the school, and it's just two steps away." Katalina walked in front of Layla and spoke enthusiastically.

"Teacher Larson, why are you being so kind to me?" Layla was a little unnatural.

She didn't really want to let Katalina help her with tutoring.

The reason why she stayed at school for tutoring the week before was because of her father's affairs, which made her feel uncomfortable and did not want to go home to be emotional.

But now her mother has coaxed her.

When His Eyes Opened Chapter 1967 by naijdate.com

Chapter 1967

Her academic performance looks poor, there is a reason why she deliberately failed the exam. As long as she takes the exam well in the future, her score will definitely improve.

“She said that her family is very rich, with six-figure pocket money a month. She came to be a teacher because she loves it, and she made up for you just because she was lonely and bored after get off work... Layla, do you believe it?” The bodyguard asked.

Layla was stunned for a moment, and then said, “I think Teacher Larson really looks rich.”

“Why didn’t I see that?” The bodyguard’s eyes widened, and he looked Katalina up and down.

“I feel it. Because Teacher Larson has a good temperament and is completely different from Norah.” Layla said, “Teacher Larson, I don’t like your cousin, do you know about this?”

Katalina said with embarrassment, “Yes. My cousin said it.”

“Then you are still willing to make up for me?” Layla didn’t expect Katalina to be so honest.

“The time I spend with my cousin is not as long as the time I spend with you.” Katalina took them to her rental house, “Since I can be your teacher, I

think it's a kind of fate. So I won't Your relationship with my cousin affects how I think of you."

"What do you think of me then?" Layla asked.

Katalina said, "You are very smart, you know everything. And you are beautiful and polite. A girl like you is very attractive."

Layla was embarrassed to be praised: "Teacher Larson, what do you think of my uncle bodyguard? Katalina cleared her throat and said, "He's a bit fierce, but I understand. His job requires him to be a little bit fiercer, so that the bad guys don't dare to approach. He is responsible for his work and is a good bodyguard."

Layla secretly Glanced at the bodyguard. The bodyguard blushed awkwardly.

After an hour.

The bodyguard took Layla home.

"Uncle Aqi, are you still single?" Layla turned on the gossip mode, "What do you think of Teacher Larson?"

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

Aqi, the bodyguard said, "Layla, she is Norah's cousin, I look at her just like Norah, not pleasing to the eye."

Layla: "But I think Teacher Larson is a good person."

The bodyguard: "Layla, you are still young, your heart is very complicated, you can't understand."

"You can understand but you haven't found a girlfriend yet." Layla said. She glanced at the snacks at hand, "Teacher Larson gave me so many snacks, I don't like them, you can eat them!"

“You don’t like them, why don’t you refuse?” The bodyguards didn’t like snacks very much either.

“Teacher Larson was kind enough to send me, why would I be so embarrassed to refuse?”

“Forget it, I’ll eat it! What if it’s poisonous?” The bodyguard spoke cautiously.

Back home, Avery took Layla’s schoolbag over to watch her tuition tonight.

“Layla, doesn’t your teacher Larson teach foreign languages? Why does she even help you with math?” Avery took the workbook and walked to the dining room.

Layla: “Mom, I’m in elementary school now. Maths shouldn’t be too difficult for you, right?”

“Oh, yes.” Avery flipped through her workbook again, “Teacher Larson gave you a lot of attention.”

I think Teacher Larson may like Uncle Aqi a little.”

Avery: “???”

Layla: “I saw her peeking at Uncle Aqi, Mom, so she likes it?”

Avery: “Aqi knows this something?”

“He said he didn’t like Teacher Larson because she was Norah’s cousin.” Layla expressed her thoughts, “I think Teacher Larson is different from Norah. Teacher Larson looks very simple...”

At this moment, Avery’s cell phone rang.

Avery strode towards the living room, picked up the phone, and saw Wanda’s call.

When His Eyes Opened Chapter 1968 by naijdate.com

Chapter 1968

Avery took the call from Wanda without thinking.

“Avery, tell me, what’s going on with that robot named Billy?! What the h-e-l-l is going on with it?!” Wanda’s roar was deafening.

Avery took the phone away.

“Avery! You talk! You f*cking talk!” Wanda didn’t hear Avery’s answer, as if she was crazy.

Avery was afraid that she would lose control by talking to Wanda, so she took her mobile phone and walked out.

“Wanda, what are you talking about? I don’t understand.” Avery replied.

“You don’t understand?! You’re pretending!” Wanda let out an angry shout from her throat, “You must know the Dream Maker Group! You must know the people there! Avery, I really underestimate you! If not I saw your father’s photo today, and I f*cking thought you were in such a miserable life!”

“Have you seen my father’s photo? Where did you see it?” Avery installed, ignorant of it and asked calmly.

“I found someone to investigate Billy in Rishawaka! I found out that the boss of the Dream Makers Group is probably Billy the Robot! And the person I was looking for showed me what a robot looks like... that’s clearly

you Dad's appearance when he was young! And this Billy's full name is revenge, do you want revenge? Who are you looking for revenge for? Looking for me?!"

Wanda was frightened and fainted at the time, precisely because she saw the robot. Jack Tate looks exactly the same.

The person who developed this robot definitely knows Jack Tate!

Because Jack Tate has been dead for many years, who will remember him? It could only be Avery or someone around Avery.

If the boss behind the Dream Makers Group is really Billy the Robot, then the real boss of the Dream Makers Group may be Avery and the people around Avery.

As long as she thought of this, Wanda felt her neck being restrained, and she couldn't breathe.

"Wanda, can you send me the photo? I haven't seen my dad's photo for a long time." Avery said casually, "Do you think it's possible that my dad was resurrected?"

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

"You... ..what nonsense are you talking about?! Your father is already dead! I saw him cremated with my own eyes, how did he come back to life?!" Wanda was shocked and dizzy at this bold assumption.

"It's also possible that you're hallucinating. I've never heard of a robot that looks like my dad. I've never seen it! You see my dad, and my dad must know about the crazy things you do. I'm here to ask you for your life." Avery cursed.

"Don't scare me! I, Wanda, didn't get scared! Your father is already dead! Now this robot, you deliberately designed it to look like your father... Your father's wish before his death was The driverless car was created, and now

the Dream Makers Group has created it! So you used your father's appearance, which was a dream for your father! You are really a good and filial daughter!"

"Wanda, since you said that For this sake, I can only admit it." Avery said here, the conversation changed, "I am not only a good daughter who is filial to my father, but also a good daughter of my mother. Now I have fulfilled my father's dream. I came down to avenge my mother."

Wanda: "Hehehehe... It's really you! I didn't expect you to have such great ability! How do you want to avenge your mother?! You want to hit the car with a car. Are you going to kill me? Say it!"

"Guess it slowly." Avery hung up the phone after saying this.

She wants to make Wanda panic and fear, and to let Wanda taste the torment.

...

The next day.

After the bodyguard Aqi picked up Layla from school, together with Katalina, they went to her rental house for tutoring.

Layla didn't feel like a light bulb yesterday, but today they looked like a couple in dark clothes.

When they arrived at Katalina's rental house, Layla offered to write her homework first, and then show it to Katalina when she was done.

When His Eyes Opened Chapter 1969 by naijdate.com

Chapter 1969

“You two don’t look at me, or I’ll be nervous and prone to mistakes.” Layla spoke to them both.

“Okay...Aqi, come with me.” Katalina said to The bodyguard.

“Who told you to call my name?” The bodyguard was very uncomfortable.

“I think Layla calls you Uncle Aqi, don’t I call you Aqi? Then what should I call you?” Katalina walked out of the study and came to the living room, “I have a lot of snacks here, I can’t finish them, you can get them later. Why don’t you go? Just think it’s helping me.”

“You have too much money to burn? You can’t eat it, why don’t you buy so much?” The bodyguard remembered the snacks that Layla gave him last night. I find it awkward for men to eat snacks.

“I’m bored by myself, so I go out shopping, but I always have to buy things... I buy a little bit every day, so my family can’t put them down.” Katalina said, took out two large bags of snacks, put them away In front of the bodyguard, “Take these back!”

The bodyguard: “...”

“By the way, has Layla’s father found it? I think Layla is in a better mood.” Katalina poured him a glass water, then sat down on the sofa and chatted with him.

“Are you looking for information for your cousin?” The bodyguard glared at her.

Katalina said, “...I care about the parents of the students myself, not my cousin. I swear!”

The bodyguard: “You want to imitate your cousin and seduce my boss, right?!”

Katalina: “...Actually, I prefer You’re like that.”

Bodyguard: “???”

Katalina: “Let me show you a movie I’ve been chasing recently, which is the story of a rich girl and her bodyguard.”

The bodyguard stepped back, feeling that this woman was poisonous!

“If you don’t think about me maliciously, I won’t tease you.” Katalina saw his blushing face, put away her phone, and defended herself, “I won’t be anyone’s pawn. Even if my cousin wants to use me, I won’t listen to her. I have my pride. I don’t even listen to my parents, so how can I listen to outsiders?”

Katalina continued: “Besides, my cousin has long since given up on Elliot. She only wants to pursue a career now. Need me to do anything for her. But...”

“But what?” The bodyguard looked at her defensively.

“Tell me what happened to your boss and when it happened, maybe I can help you go to my cousin’s place to find out.” Katalina said, “My cousin calls me to her place every weekend for dinner.”

The bodyguard: “You went to your cousin’s place to inquire about my boss? Why do you think your cousin knows more?”

“Why do you think my cousin doesn’t know? Of course, I’m not sure if my cousin knows, but I think My cousin is very good...she told me what happened to your boss.”

The bodyguard turned his head quickly, thinking, Norah, that scheming girl, might really know something.

An hour later, the bodyguard took Layla back to Foster’s house.

The bodyguard: “Miss Tate, I have something to report to you.”

Avery glanced at the bodyguard, then followed him to the yard.

Layla put down her schoolbag, washed her hands, walked to the dining room, glanced at the dishes on the table, and pouted: “Grandma Cooper, why are all vegetarian dishes today? I want to eat meat.”

“Layla, you can’t eat meat today.” Mrs. Cooper said, looking outside.

When His Eyes Opened Chapter 1970 by naijdate.com

Chapter 1970

“Why can’t we eat meat? Our family eats meat every day!” Layla was puzzled and looked outside following Mrs. Cooper’s eyes.

“Today is your grandmother’s death anniversary. Your mother said to be vegetarian today to commemorate your grandmother.” Mrs. Cooper explained, “Layla, do you remember your grandmother?”

“I... Of course I remember my grandmother.” Layla said so, but in fact, her grandmother’s appearance in her heart was very light.

Grandma died too long ago.

She was too young at the time, and although Layla cried for her grandmother’s death at the time, the grief had long since faded away.

“Although there is no meat today, I put sugar. You can try it.” Mrs. Cooper coaxed, “I’ll make something delicious for you tomorrow morning.”

“I don’t like meat that much either.” Layla said, “I don’t need to eat meat.”

“Well. What did Aqi ask your mother for? It’s so mysterious.” Mrs. Cooper asked Layla in a low voice.

“I don’t know either. He didn’t tell me anything. I was doing homework in Teacher Larson’s study today, and he and Teacher Larson were staying in the living room. I heard the two of them chatting for a long time, I don’t know what they talked.” Layla took a bite of her meal.

Mrs. Cooper: “Aqi and you, Teacher Larson, are so speculative?”

Layla: “Teacher Larson sent two big packets of snacks to Uncle Aqi today...Mrs. Cooper, does Teacher Larson like Uncle Aqi?”

Mrs. Cooper: “It should be! Aqi looks like a talent, but it’s a bit dark... Your Teacher Larson has a good eye.”

Layla: “I also think Uncle Aqi is very handsome. But Uncle Aqi doesn’t seem to like Teacher Larson. Because Teacher Larson is Norah’s cousin, Uncle Aqi hates it very much.”

“Aqi didn’t do what he did. He really should be more careful. What if your Teacher Larson really has bad intentions?” Mrs. Cooper said, “Layla, your father shouldn’t have had an accident. We must keep this lesson in mind. In the future, apart from your relatives, you must not trust anyone at will.”

Aqi relayed to Avery what Katalina said to him today.

“Miss Tate, I don’t know if I should believe what she said. I didn’t tell her everything about my boss.”

“Does Katalina really say that?” Avery was very surprised.

Katalina actually wanted to help them by going to Norah’s place to collect information.

“It’s absolutely true. She looks like she doesn’t understand anything, but she actually said such complicated things. I feel like she might want to lie to us.” Aqi’s conditioned reflex felt that Katalina was the bait thrown by Norah.

“Aqi, don’t rush to deny her.” Avery frowned slightly, “Even if this is Norah’s plan, I would like to see what Norah will do in the future.”

Aqi said, “You mean, let me go to Act with Katalina?”

Avery said, “Yes. If she continues to talk to you about this topic tomorrow, you can follow her words. Let’s see what information she can get from Norah.”

Aqi: “Oh, okay...”

“Aqi, you look a little nervous.” Avery said, “If Katalina really wants to help us, it must be because of you.”

Aqi: “Miss Tate, don’t talk nonsense.”

Avery: “She sent me a message about Layla the past two days, and she had a chance to tell me about it. But she didn’t tell me. She told you that she wanted you to remember it. She’s good.”

“Even if she doesn’t have bad intentions, she wants to help us find the boss, but with her ability, she may not be able to help.” Aqi calmly said, “Miss Tate, we don’t need to hold her too much confidence. Besides, who knows if the boss’s business has anything to do with Norah. When Katalina said those words to me, it felt like she was fishing.”

“If she’s just catching your fish, think about it carefully and don’t be affected by other factors. Katalina may or may not be with Norah. If you’re interested in her, you can decide after getting to know her.” Avery reminded.

Aqi: “Miss Tate, are you all so casual when you fall in love? I’ve only known her for a few days!”

Avery: “I met your boss after we got married.”

Aqi: “... “

When His Eyes Opened Chapter 1971 by naijdate.com

Chapter 1971

Wanda's mind is restless, and it is difficult to sit and lie down. She felt that the sky above her head was about to collapse.

Even if Avery is not the boss of the Dream Makers Group, she has a deep relationship with the Dream Makers Group.

She originally thought that without Elliot's backer, she would have a hard time in the future, but as a result, she climbed onto the thick thigh of the Dream Makers Group.

The most terrifying thing is that Avery said that she wanted to seek revenge on her.

Wanda felt as if there was a gun invisibly, with the muzzle pointed at her temple. She looked around and felt that nowhere was safe.

She walked quickly to the window, closed it, and locked it. She went to the door again and put the safety bolt on.

After confirming that the doors and windows were closed, a layer of sweat appeared on her forehead.

She picked up the water glass and took a glass of water to drink. But there was still a steady stream of hot sweat coming out of the back.

She put down the water glass, picked up the remote control of the air conditioner, set the temperature to the lowest level, then entered the

bedroom, opened the wardrobe, took clean pajamas from it, and entered the bathroom to take a shower.

An hour later, her mood calmed down a little. She decided to make a will.

She has a lot of money in her hands, but her only daughter has long been killed. She doesn't want her money to be taken away by people she hates after her death, so she must distribute the property before her death.

After coming out of the bathroom, Wanda changed into a long red dress, and took a pistol from the safe and put it in her bag before she dared to leave the house.

She took the elevator to the underground garage. She has an ordinary luxury car and a new dreamer's car.

Now she knows that the dream maker has a close relationship with Avery, so she doesn't plan to drive the dream maker's car anymore.

The Dream Maker's car is completely connected to the Internet and is controlled by the Dream Maker Group. If the Dream Maker Group wants her to die, it can directly drive the car into the river, or let the car hit other cars.

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

She got into her other car and drove it out of the underground garage. She came to the law firm and found a lawyer she knew well.

"Do you know Avery? She's going to kill me." Wanda's fingers holding the phone could not stop shaking, "She is now hooking up with the boss of the Dream Makers Group, and she wants to avenge her mother by killing me."

The lawyer: "Ms. Tate, do you have any evidence?"

"Yes!" Wanda slammed her mobile phone on the table and said excitedly, "I have a recording of the call. Avery said it to me herself on the phone. I'm coming to you, I just want you to testify for me. If I die next, it must be

Avery who killed me. Even if Avery did not kill me personally, Avery must have killed me by others! I can do as much as you want. For you, as long as you can sue Avery after I have killed. Even if you can't let her die, you must let her be ruined and let everyone know that she killed me!"

The law firm stayed for about two hours.

When Wanda came out of the lawyer, it was already dark.

She got into the car and drove it back.

Five minutes after the car drove out, her cell phone rang. She narrowed her eyes and looked at the phone screen.

She saw that there was an unfamiliar number on the screen, and this number was 44444444...

When His Eyes Opened Chapter 1972 by naijdate.com

Chapter 1972

Wanda looked at this number, her eyes were scarlet as if they were about to bleed.

Revenge... It was Avery who came to seek her revenge!

Wanda wanted to call a bodyguard, but she usually only brings bodyguards when she goes outside to attend events and places with many people.

Wanda wanted to hang up the phone, but her fingers seemed to be reluctant and pressed the answer button. After she pressed the answer button, it was too late for her to hang up the phone. Because...she heard Jack Tate's voice.

"Laura, today is our big day. It's also the fifth anniversary of our love. I'm so happy! Are you happy?" Jack Tate's voice was very penetrating and entered Wanda's ears.

Wanda stared at the phone screen absentmindedly.

"Jack, I'm as happy as you are." Laura's voice came from joy, "This is only our first five years, and we will have many more five years in the future."

Laura continued, "Thank you, thank you so much. You accompany me from nothing to the present! When I was most lost and suffering, you were by my side to comfort me and take care of me. Without you, I would not be where I am now. In front of all my relatives and friends, You solemnly promise that in my life, Jack, even if I fail everyone, I will never fail you! If I break my promise, let God punish me!"

...

This was Jack Tate and Laura's wedding, The two took the oath made by all their relatives and friends.

How ironic!

Jack cheated on Wanda shortly after marrying Laura.

Wanda's daughter was only a little younger than Avery.

Perhaps Jack Tate's death in middle age was God's punishment for him.

Listening to their voices, Wanda seemed to see bits and pieces of the past.

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

She saw how she seduced Jack, how she got pregnant out of wedlock, how she used the child in her womb to force Jack to divorce Laura and marry her.

She also saw how she drove Laura away from the Tate family, and how she treated their daughter Avery harshly...

"Today, it's Laura's death day... it's also you... Wanda.The anniversary of her death." A system mechanical male voice suddenly came, scaring Wanda's body out of control.

She stepped on the accelerator with one foot, originally trying to avoid the fuel tanker coming in front, but in a panic, she slammed into it!

'Bang' with a loud bang!

After the car hit the fuel tanker, it was hit and flew out!

The surrounding vehicles stopped one after another, and the surrounding pedestrians screamed and watched this scene...

When the ambulance arrived, the blood in the carriage had already stained the ground red.

The car was severely damaged and deformed, and it took some effort for the police to lift Wanda out of the driver's seat.

After a while, Wanda was taken to the hospital by ambulance.

.....

Hayden called Mike.

After Mike answered the phone, he looked at Hayden.

Mike: "Wanda was sent to the hospital for rescue."

"Not dead?" Hayden frowned, not satisfied with the result.

Mike said, "Don't worry. Her car crashed like that. Even if she doesn't die now, she probably won't live for long. Your grandmother has been dead for so long, but Wanda has been happy until now. This time, even if she is lucky enough to get one back She will never be able to return to her normal life again. The rest of her life will be unbearably painful."

"I prefer Wanda to die rather than make her feel unbearable." Hayden pursed his thin lips tightly.

Mike said, "Let's see if she can survive tonight! After dinner, I'll go to the hospital to find out."

Hayden took a few bites and put down the tableware.

When His Eyes Opened Chapter 1973 by naijdate.com

Chapter 1973

Hayden has no appetite.

“You only eat this much? Wanda will definitely die, you have to be careful...” Mike advised.

“I miss my grandmother.” Hayden said the reason, “If my grandmother still alive, my mother would definitely be happier over the years. I would be happier too.”

Mike: “Do you remember your grandmother? I thought you have forgotten...”

“Of course I remember my grandmother. My grandmother was the best person in the world for me.” Hayden remembered a little more than Layla.

Hayden remembered all the fondness his grandmother had for him and Layla. At that time, his mother went out early and came back late every day, and it was his grandmother who took him and Layla at home.

Because he and Layla have different personalities from other children, they were not sent to kindergarten.

grandmother tried every way to cook delicious food for them at home and played with them. Even if they were different from other children, grandmother never thought they had a problem.

“You are better than me. Your mother hurts and your grandmother hurts. In my memory, the best relationship with me when I was a child was a little yellow dog...and it’s a stray dog...” Mike Sighed, “I can’t eat it either.”

Hayden: “My grandmother always praises me.”

Mike: “Every time that dog sees me, she always wagging its tail happily at me.”

“How can a dog compare to my grandmother?” Hayden glared at Mike.

Mike: “I didn’t compare the two of them together. Besides, all things have spirits. We are human beings in this life, maybe we will be dogs in the next life. Don’t look down on dogs.”

Hayden: “...”

Three Hours later, news came from the hospital that Wanda had died because of the ineffective rescue.

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

Mike immediately called Avery about the news.

Avery answered the phone and asked the bodyguard to drive him to the cemetery.

After waiting for so many years, it is finally today.

Avery was going to tell her mother the news herself.

An hour later, the car stopped in the cemetery. Avery got out of the car holding a bunch of orchids.

She came to her mother’s cemetery and put down the flowers.

“Mom, I came to see you today.” Avery looked at the photo on her mother’s tombstone, as if her mother was standing in front of her, listening to her

whispering kindly, “I’m here to tell you today that Wanda is dead. Bad news, she’s finally dead...but even if she’s dead, it won’t make up for the pain of losing you.”

“Mom, it’s a pity that you didn’t see Hayden and Layla as they are now. The two of them have already Not a problem child, Layla is now a well-known child star in Aryadelle, and she is smart and sensible, and never gives me a headache. Hayden is also, not only does he not let me worry, but he is also very business-minded. Dad’s unfulfilled dream was rejected and It’s done by Hayden. If only you were alive! You will be proud of Hayden and Layla, and we can repay you well...”

Avery said here, her eyes couldn’t stop getting wet.

“Mom, I should have been very happy to get my revenge. But I feel so sad! Elliot has been missing for more than half a month, and he still hasn’t been found... Others think he is dead, but I don’t believe it! He said he wanted to take care of our children and bring them up. He couldn’t leave me and the children behind, how could he be willing? Mom, please bless him, bless him still alive...if He died, how should I spend the rest of my life.”

After staying in the cemetery for more than an hour, Avery returned to the car. Now that she has avenged her mother, she can concentrate on finding Elliot.

Emilio asked her to meet, but she has not replied yet.

Because Emilio did not explain the reason for dating her.

After serious thinking, Avery decided to meet Emilio. She checked other special planes that stopped in Yonroeville when she and Elliot had an accident.

There was one plane for transporting goods, and another plane for transporting athletes to participate in the competition... After investigation, only the plane of MH Medicine was more meaningful for investigation.

When His Eyes Opened Chapter 1974 by naijdate.com

Chapter 1974

Foster Family.

Several cars were parked in the yard.

After Avery got out of the car, Tammy and Shea came out.

Seeing them, the corners of Avery's mouth rose unconsciously.

Recently, she was in a bad mood and didn't want to see people, and they didn't come.

The tacit understanding between good friends is sometimes deeper than the tacit understanding between lovers.

"Avery, have you gone to see your mother?" Tammy walked up to her, smiling brightly, "I heard that Wanda died, this is great news to celebrate."

"Well. When did you come?" Avery took Tammy with one hand and Shea with the other, and entered the room.

"Mike said in the group that Wanda was dead. I thought you must be in a good mood today, so I asked Shea to see you together." Tammy took Avery and sat down on the sofa.

Mrs. Cooper immediately came over with a bowl of tonic soup and handed it to Avery, "You can have lunch after sitting for a while."

“Do you two want soup? Mrs. Cooper’s soup is very delicious...” Avery held the soup bowl and asked the two of them.

“As soon as the two of us came over, Mrs. Cooper gave us a drink. We’re all full, so hurry up and drink!” Tammy said with a smile, “Mike said Wanda died in a car accident, but I think... ..There must be his and Hayden’s credit. This Wanda should have sent her to h-e-l-l a long time ago!”

“Wanda was too snobby before, I’m afraid that it will be difficult to deal with rashly.” Avery expressed her thoughts.

“How can it be so hard to deal with? You had Elliot backing you up before. Even if you kill Wanda yourself, nothing will happen.” Tammy took her words and forgot the word ‘Elliot’ carry.

Avery’s face suddenly turned cold.

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

Tammy realized that she had said the wrong thing and wanted to save her, but Avery spoke first: “You are right. It’s my own problem. If I had been softer to Elliot, don’t always argue with him and treat him more with a little trust, I can absolutely ask him to avenge me.”

“Avery, you...” Tammy didn’t expect her to say that.

“Now that Elliot has gone, I’ve come to my senses. My feelings for him are far deeper than I imagined. If I could have predicted that he would have an accident this year, I would cherish every day in the past.” Avery held Soup bowl, said.

“Avery, my brother is definitely not dead. He promised me that he would not die in front of me.” Shea said. These days, Shea has lost a lot of weight due to poor appetite and lack of sleep. But she always believed that Elliot was still alive.

“Well, I also believe that Elliot is still alive. I will not stop looking for him.” Avery said, pressing down the depression in her heart, “Let’s talk about happy topics!”

“The little boys in the class are afraid of my daughter.” Tammy shared, “She only went to school for a week, so she beat up the three little boys in the class and cried. Before she went to school, I was worried that she would be bullied. Now it seems that I think too much.”

“Why did Kara beat someone?” Avery asked.

“For example, the little boy peeks at the girl going to the toilet. The little boy doesn’t wash his hands and wipes others’ bodies after eating, and the little boy takes off his pants when he takes a nap. She feels hot eyes...” Tammy couldn’t help but laugh, “I really taught her not to hit people casually. But she reasoned with others, and others didn’t like to listen to them, so she did it.”

Avery: “It’s quite your style.”

When His Eyes Opened Chapter 1975 by naijdate.com

Chapter 1975

“Avery, don’t you think Jun was a little kid? According to my mother-in-law, Jun liked to fight when he was a child. My parents said that I was a little princess when I was a child...”

Avery really didn’t expect such a contrast.

“Kara is a combination of me and Jun! It’s reasonable to be reasonable, but she is too impatient.” Tammy said, took a banana from the fruit plate, and peeled it slowly, “Shea, last time my mother-in-law fell and hurt her waist. It seems that she can’t be tired anymore. You can send Maria to the nursery near your home.”

Shea nodded: “I have already sent to the nursery. Every day Crying at school, crying after school...but the teacher said that she didn’t cry so much when she was in school.”

“It’s like this with children. After a while, she’ll get used to school life.” Tammy comforted.

“Shea, when did your mother-in-law fall? Did she fall seriously?” Avery was completely unaware of this.

“What happened after you and Elliot went to Yonroeville. You’ve been in the hospital for a week!” Tammy said, “but don’t worry, auntie has been discharged from the hospital now, so it must be less serious.”

Avery frowned deeply, “Shea, I’ll go back with you later, and I’ll go see your mother-in-law.”

Shea: “Okay.”

“How is Brother Wesley’s work? Is it going well?” Avery realized that Wesley cared too little about his friends.

Every time Avery looked for Wesley, she only contacted him when she needed his help.

Shea said, “I don’t know if his work is going well... Every time I ask him if he is working hard, he always says that he won’t tell me bad news. I really miss it. If you can make money yourself, you don’t have to work as hard as Wesley.”

Tammy patted Shea’s head: “You really feel sorry for your husband. If you really don’t want him to work, you can tell him. When the two of you got married, Elliot should have given their family a large sum of money, right?”

Tammy knew that Elliot could not be mentioned, and did not deliberately say anything about Elliot, but Elliot had already penetrated their lives.

“My brother gave me a sum of money, and asked me not to give it to my parents-in-law, nor to Wesley.” Shea said truthfully, “The money is in my hands, I want Wesley to help me save it, but Wesley doesn’t want to.”

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

“You don’t even listen to your brother’s words. He asked you to take it yourself, so you can take it yourself... Even if Wesley treats you well, you can’t keep the money for him.” Tammy said. She was a little anxious after hearing her words, “I’ll give you a safe the other day, and you can store your valuables in the safe. You just need to remember the password of the safe.”

“But I believe Wesley, just like believing in my brother.” In Shea’s clear eyes, there was persistence that belongs to her.

Avery: “Tammy, every couple’s situation is different. Love should always be like her and Wesley.”

Tammy: “I’m afraid that Wesley will fail Shea in the future.”

Avery: “If Wesley dares to fail Shea in the future, it belongs to Shea. I will definitely help Shea to get it back. Since they are in love and harmony now, we don’t have to worry too much.”

After lunch, the three went to Wesley’s house together to visit Wesley’s mother.

Wesley’s mother still needs bed rest, but there is no problem getting out of bed.

“Avery, when such a big thing happened in your family, I’m really touched that you can still come to see me.” Sandra said, “I’m fine now, I hope you can find Elliot’s whereabouts soon. Wesley told me that Shea always wiped away her tears secretly, Shea was anxious, and Wesley was anxious too.”

Avery wanted to say something, but suddenly the phone in her bag rang.

When His Eyes Opened Chapter 1976 by naijdate.com

Chapter 1976

Avery took out her mobile phone and saw that it was a call from Bridgedale.

She immediately exited the room and answered the phone.

“Excuse me, are you Miss Avery?”

Avery: “I am. Who are you?”

“I am Ms. Wanda’s lawyer. Where are you now? Are you heard about Ms. Wanda’s death?”

Avery: “I heard, what’s the matter?”

Wanda’s lawyer: “Ms. Wanda said before she died that if she died, then the murderer must be you. I don’t know if you have anything to say.”

Avery: “It’s ridiculous, even if I’m not a student. As for the law, I also know that whoever advocates will give evidence. She said that I killed her. Do you have any evidence? Besides, Wanda is in Bridgedale, and I am in Aryadelle, how did I kill her?”

Wanda’s lawyer: “Although you are in Aryadelle, you can buy a murderer and kill someone.”

Avery: “If you can’t produce evidence to prove that I bought a murderer, I can sue you for libel. I’ll give you a week, if you can’t produce any

evidence, then you can wait for the receipt. Lawyer's letter."

Wanda's lawyer: "Miss Tate, since I dare to call you and say this, it is naturally because I have evidence in my hand...Miss Tate, as far as I know, your child is in Bridgedale, you should come to Bridgedale as soon as possible, otherwise, if this incident becomes serious, it may affect your child."

Avery hung up the phone.

Tammy came out, saw her face was cold, and immediately asked with concern: "Avery, whose phone is it? Could it be that Wanda has come back to life?"

Avery shook her head: "If she die, she will die, and if she die, she will come back to life. It's only in TV dramas."

"That's good!" Tammy breathed a sigh of relief, "Who called you?"

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

"Wanda's lawyer." Avery said this, and quickly adjusted her emotions, "Wanda told her lawyer that if she died, then the murderer must be me. So her lawyer will sue me on her behalf. I have to go to Bridgedale to deal with this matter."

"D*mn it! Wanda is a poisonous woman. Avery, why don't you go to Bridgedale? You stay in Aryadelle, anyway, Aryadelle and Bridgedale There is no extradition agreement between countries. Before, every time Wanda committed a crime in Aryadelle, didn't she immediately go to Bridgedale to take refuge?" Tammy didn't want Avery to get in any trouble, so she gave her own advice.

"Tammy, I didn't do anything wrong. I don't need to hide. Wanda can ask a lawyer to sue me, or I can ask a lawyer to defend me." Avery has decided to go to Bridgedale to solve this matter, and by the way, see wanted to meet

Emilio, “Her lawyer said that there is evidence that I killed the person, but it’s just to scare me. I didn’t participate in the whole process.”

“But you didn’t participate, Hayden and the others may not have participated, right? If it is found out that it was Hayden Wouldn’t what they do... affect them too?” Tammy was suddenly afraid that this matter would make a big difference.

If Elliot was here, Tammy would never worry about them.

But now without Elliot, Avery always feel that there is no one who can support the overall situation.

“Then I’ll go to Bridgedale.” Avery said, “Tammy, you don’t have to worry. Wanda is no longer the high-spirited Wanda we used to be, and we are not what we used to be.”

“Okay, okay! I know no matter what you do. Okay, you will go. Then you can solve the problem with peace of mind. Layla and Robert, we will watch them and you don’t have to worry about them.”

After coming out of Wesley’s house, Avery returned to Foster’s house and simply cleaned up Luggage, went out to the airport.

Listening to what Wanda’s lawyer said, if she doesn’t go to Bridgedale to resolve the matter as soon as possible, they plan to make it bigger.

Otherwise Wanda’s lawyer wouldn’t say that it would affect her child.

.....

In the evening.

The bodyguard picked up Layla from school, and by the way, he told Layla that Your mother went to Bridgedale.

“Why did my mother suddenly go to Bridgedale?” Layla frowned.

The bodyguard: “Wanda is dead.”

Layla: “Ah?! Really? Is this old w*tch really dead?!”

Chapter 1977

The bodyguard: “Yeah. So your mom went over to deal with a little thing. Come back when it’s settled.”

“Oh...my mom won’t be in danger?” Layla asked.

The bodyguard: “Probably not. She went to Bridgedale. Your brother and your uncle Mike will take care of her.”

Layla: “Teacher Larson got off work at one o’clock and she gave me the key to her house, let’s go to her house first.”

The two of them knew each other well and came to Katalina’s rental house.

The bodyguard opened the door and saw a person sitting on the sofa in the living room.

This person, by coincidence, they know each other.

Norah was entrusted by her aunt to come to Katalina’s house to see Katalina’s life.

Unexpectedly, Layla and Foster family’s bodyguard would appear here.

Seeing Norah, Layla turned around and left without thinking.

But the bodyguard held her back.

The bodyguard still haven't figured out if the disappearance of the boss has anything to do with Norah. What if it does?

"Miss Jones, what a coincidence." The bodyguard led Layla, entered the room, and closed the door by the way.

After the two of them came in, Norah became a little uncomfortable.

Norah adjusted several times before finally letting herself pull out a smile.

This chapter is provided by naijdate.com. Visit naijdate.com for daily update.

Norah: "Layla, long time no see."

Layla pretended not to hear, took her schoolbag, and went to the study to do her homework.

Norah saw that Layla was so impolite, and the expression on her face was a little bit unbearable.

"Miss Jones, after my boss's accident, Layla is like this. You don't have to care about like a child." The bodyguard spoke up, leading to Elliot's disappearance.

"Well, I can understand. I'm also very sad when Elliot's accident happened. I wanted to come to visit, but I thought that Layla and Avery didn't welcome me, so I didn't go there." Norah said calmly, "By the way, how do you have the key to my cousin's house? She gave it to you?"

The bodyguard: "Yes. She helps Layla with tuition every night. Doesn't you know?"

"I thought it was at home." Norah was very surprised and could not hide her anger, "My cousin has just entered the society, she can be really stupid. She has no defense at all."

The bodyguard: "Miss Jones, you thinks that Layla and I are bad people for your cousin. Should you guard against us?"

“I didn’t say that.” Norah’s expression turned gloomy, she picked up her bag and strode towards the door.

When the door opened, Norah happened to meet Katalina who was returning from get off work.

“However, what’s the matter with you? You can make up lessons for Layla, why did you let them come to your house? Do you want to cling to Foster’s house for your own benefit?” Norah closed the door behind her, but inside the room, there was still Norah’s voice could be heard.

Norah continued, “The Foster family is no longer the beautiful Foster family it used to be! Elliot is dead, and now the entire Foster family has no leader, but you are so flattering to them, your brain is flooded, right? You said a word of the words I said to you. Didn’t you listen?”

“Cousin, didn’t you say that Elliot just disappeared?” Katalina blushed and retorted in a low voice, “You said he died, but he really died?”

Norah took a deep breath and lowered her voice: “I said he’s dead, he’s dead! You go in immediately and drive them out!”

Norah’s voice was settled, and the door behind her opened—

When His Eyes Opened Chapter 1978 by naijdate.com

Chapter 1978

Layla's angry little face appeared in front of them both.

"Your father died!" Layla's chest rose and fell rapidly, her eyes staring fiercely at Norah's face, "If you say my father is dead, I'll say your father is dead. You bad woman! You and Wanda's old w*tch Same, my heart is broken!"

If Layla's father can come back, she must tell Norah how bad she is.

When the time comes, let Dad fire this bad woman and let this bad woman go as far as she can!

Norah didn't expect Layla's mouth to be so vicious.

"Miss Jones, you said in such a sure tone just now that my boss is dead, do you know the inside story?" The bodyguard asked Norah before he could speak, "Or, is my boss's death related to you?"

"You Bloody mouthful! I just wanted to persuade my cousin to stay away from you, so I casually told her to scare her. How do I know if Elliot is dead? You guys are so unreasonable and vicious. Do you have a part-time job? I'll go directly to open a killer company, and see who gives more money, and I'll do things for whoever, isn't it faster to get money?"

Norah glared at the bodyguard with a speechless expression, and then left in anger.

After Norah left, Katalina looked at the bodyguard and Layla with embarrassment.

Katalina: “I’m sorry! I didn’t know my cousin would come to me. She didn’t tell me.”

Bodyguard: “You’re right. Your cousin is so sure that my boss is dead, she must know something.”

“My father not dead! My mother said that!” Layla retorted the bodyguard.

“Layla, don’t be angry. I think what your mother said must be true. My cousin knows a little more.” Katalina saw that Layla was about to burst into tears, so she immediately followed her words.

Layla came out with her schoolbag: “Teacher Larson, I’m not doing my homework with you today! I’m going home!”

Layla finished speaking and strode away.

The bodyguard immediately followed Layla.

After getting into the car, Layla wiped the tears from her face with her hands.

Seeing her so sad, the bodyguard immediately apologized: “Layla, I’m sorry.”

“Why are you apologizing to me? You didn’t offend me.” Layla said, her eyes were wet again, “My dad has been missing for so long and I haven’t been found. I know he may really be dead. Mom doesn’t want to face this outcome, and I don’t want to face this outcome. If Dad didn’t die, Dad would definitely come back. Even if it’s temporarily inconvenient for him to come back, he’ll definitely find a way to contact us. “

Bodyguard: “Layla, no matter whether your father is alive or dead now, we must find his whereabouts as soon as possible. I talked to your mother last night, and your mother asked me to cut in from your teacher Larson, see. Can you find out if this matter has anything to do with Norah?”

“Oh...”

“I’ll find you, Teacher Larson, after I take you back later.”

“Oh... .” The bodyguard got Layla’s consent, and after sending Layla to her home, they drove to Katalina’s rental house.

Katalina didn’t expect the bodyguard to come back, which was a bit unexpected, but she still opened the door to let him in.

“Why are you crying?” The bodyguard stood at the door, hesitating whether to go in.

Katalina’s eyes were red and swollen from crying, and she looked very embarrassed.

“Nothing... My cousin called my mother and sued me.” Katalina walked to the sofa in the living room and sat down.

The bodyguard strode into the room and closed the door.

When His Eyes Opened Chapter 1979 by naijdate.com

Chapter 1979

The bodyguard: “And then?”

“My mother asked me to resign and go back.” Katalina stared blankly ahead without focusing, “In their eyes, no matter how old I am, I must listen to them. As long as I don’t listen to them, that is unfilial.”

“So you are planning to quit your job and go home?” The bodyguard didn’t want to hear her talk about family affairs.

Katalina: “I don’t want to go home. If I go home, my parents will let me marry a man I don’t like...”

“What age is this, and such a thing?” The bodyguard was shocked by her remarks.

“No matter what age, this kind of thing will never disappear.” Katalina smiled bitterly, “My dad is old, my brother is still young, and his ability is average. If my dad wants to stabilize his class, he can only rely on business marriage to ensure his status.”

The bodyguard: “Oh, I don’t understand the troubles of your rich family.”

Katalina sighed: “My parents used to look down on my cousin’s family because my cousin’s family was very poor. Now my cousin is very capable, earns a lot of money, and can manage Tate Industries. The attitude of my parents towards my cousin has changed drastically, and now they trust her more than me. It’s not my cousin, but my own incompetence.”

“What’s wrong with your cousin? She even cares about your personal affairs. I came to your house with Layla, so how could she be so embarrassed?” The bodyguard scoffed, “When she used to chase my boss, she was a caring, dog-legged person. She nodded and bowed when she saw the servants of the Foster family, for fear that others would not know what she was thinking about.”

“Because your boss rejected her, so she...” Katalina paused when she said this.

“So what about her?” The bodyguard asked, “If you don’t plan to quit your job and go home and be married by your parents to a man you don’t like, then you only have one choice now.”

“What choice?” Katalina looked up at him.

“That is to get on our ship. As long as you can provide useful clues to help us find my boss, Avery will definitely thank you. No matter how powerful Norah is, can Avery be as powerful?”

“I... I’m a little confused right now. Let me think about it! If I don’t listen to my parents, they will definitely cut ties with me... I don’t have the courage to do that.” Katalina struggled.

“Are you afraid that after you cut ties with your family, your parents will no longer give you six-figure pocket money every month?” The bodyguard teased, “If that’s the case, then go back and get married!”

Katalina was told by him The central matter, but she didn’t know how to refute it, so she went back to the bedroom with red eyes and closed the bedroom door.

.....

Foster family.

After Layla ate dinner, she was still very uncomfortable.

Her mother was still on the plane and the phone was off.

Her uncle, Mike and brother were far away from her, and there was no way for her to stand up for her.

So after hesitating for a while, she dialed Chad's number.

Chad answered the phone in seconds: "Layla, you called me, what's the matter?"

"I have something to do." Layla was gloomy, "I saw Norah today. I heard her say that my father is dead. I didn't like her in the first place, and I don't like her even more now. If my dad was here, I would definitely let my dad fire her right away."

Chad listened to Layla's words and understood Layla's meaning.

Chad: "Why did she say your father is dead?"

"I overheard what she told her cousin. Her cousin is my current class teacher." Layla said angrily, "Even if my father really died, I wouldn't want to hear her say that! Woohoo!"

Layla finished crying.

"Layla, I remember what you said. Your Uncle Schaffer will be back soon. When he comes back, I will discuss with him as soon as possible to see how to deal with Norah." Chad said distressedly, "Layla Come on, don't cry."

"...Uncle Schaffer found my dad?" Layla asked in a nasal voice.

When His Eyes Opened Chapter 1980 by naijdate.com

Chapter 1980

Chad replied, “No. Your father should not be in Yonroeville. Your father is such a big living person, as long as he is still alive, we will definitely find him.”

“What if my father dies? Is he dead so we can’t find him?” Layla was pessimistic.

“Layla, if your father really dies, then you must be strong. Because your mother will definitely suffer more than you. Besides your mother, you have to set an example for your brother.” Chad didn’t want to say this words, but these words blurted out.

As Layla said, they searched for Elliot for so long and couldn’t find Elliot’s whereabouts. Elliot might really be dead.

They just don’t want to accept this reality.

Chad: “Although I say this, I still firmly believe that your father is still alive. Your father is a very smart and wise man. No matter how dangerous or difficult he encounters, he can always save it. I have worked by his side for so many years, I have seen that he has encountered all kinds of troubles, and he can always solve them easily.”

Chad comforted Layla, and he was comforting himself.

.....

Bridgedale.

After Avery landed, she first turned on her mobile phone and dialed Layla.

Avery: “Layla, your mother came to Bridgedale. Because things were a little sudden, so your mother didn’t have time to tell you.”

“Uncle Chad told me.” Layla said angrily, “Mom, I miss you so much.”

“Mom I know. But your mother came here because there are some things to deal with. When mother mother is done, she will go back to Aryadelle immediately.” Avery coaxed softly, “Layla, I will let Uncle Mike go back to accompany you, okay?”

“Forget it! we all have our own things to do, and I have to go to class every day.” Although Layla felt uncomfortable, she was not an unreasonable child, “Mom, Norah is a villain. She said that my father died and said So sure, as if she saw my dad’s body! I think my dad may have been killed by her.”

The expression on Avery’s face was startled.

Avery: “Layla, we don’t have any evidence right now, so don’t startle the snake.”

“But I’ve already scare the snake.” Layla murmured, “I scolded her today. She’s going to die of anger.”

Avery: “It’s okay...if She really did this thing, and we will definitely find evidence. As long as we find evidence, I will make her pay dearly!”

“Mom, you have to be careful. I’m afraid something happens to you too... If you Something happened too, then my brother and I are orphans.” Layla thought of this, and sadness came from it.

Avery: “Mom won’t make you orphans. Layla, trust mom.”

Layla: “Well, mom, I trust you.”

After talking to her daughter on the phone, Avery saw Mike who came to pick up the plane.

Mike received Avery and immediately said, “I have found the best lawyer in Bridgedale for you. You go home for dinner and have a good rest. I will accompany you to see the lawyer tomorrow.”

“Mike, what do you think? Is it possible that Norah did what happened to Elliot?” Avery’s mind kept echoing what her daughter said.

“Of course it is possible. Don’t underestimate Norah.” Mike said, “Norah has no family background to rely on. She has reached her current position by herself. Without a little brain and courage, she will never succeed. “

Avery: “Norah said that Elliot was dead. If she didn’t know what was going on, how could she say such a thing? She is indeed suspicious.”

“Norah can’t run away. Finish this matter first, then go check Norah.” Mike said, “You asked me to check the beauty and medicine a few days ago. I have already printed out the information that I found, and you can read it when you get home. But I suggest you go to bed and watch it again, because it is about this family. The dog-blood incident is really...too many!”

When His Eyes Opened Chapter 1981 by naijdate.com

Chapter 1981

Mike said incessantly: “I have printed such a big stack. I don’t know, I thought I wrote a book.”

“Is it such an exaggeration?” Avery raised her eyebrows slightly.

“It’s such an exaggeration. I used to think that the situation in Foster family was quite complicated. Now I checked the information of the owner of the MH Group, and I realized that the Foster family was nothing compared to the Jones family. The founder of the MH Group is Travis Jones. This man is awesome!”

Avery: “Are you talking about his business acumen?”

Mike: “No. I’m talking about his ability to reproduce.”

Avery: “...”

She immediately understood what Mike meant...

She has seen in the news before that most wealthy families pursue more children and more grandchildren, so women who marry into wealthy families basically have to have children nonstop, including many well-known actresses who marry wealthy businessmen.

“This Travis Jones is 73 years old this year, but he is still very strong and still holds the position of chairman of the MH Group. He has married

eleven wives...and gave birth to dozens of children..Do you think cattle are not cattle?"

Avery opened her eyes: "I have a classmate who is Travis Jones's son, and I only know that this classmate has an older brother."

"So what I said is that Travis was born dozens of years old. I didn't say that Travis still has dozens of children." Mike explained in a low voice, "When you go back and see the information I have compiled, you will know how bizarre this family's melons are."

Avery couldn't bear it anymore and went back On the way, took her mobile phone and searched for Travis Jones.

When she clicked on Travis Jones's introduction, it didn't say that he married eleven wives, nor that he had dozens of children, only that his eldest son was named Caleb Jones, the second son Emilio Jones, and several daughters later.

The rest of the introduction is Travis's entrepreneurial experience.

Avery took a cursory glance. Travis has been participating in various activities and projects over the years. He seems to be very busy. However, he is now 73 years old and can maintain such a strong body. He must also pay attention to exercise and maintenance.

When Avery got home, the nanny brought the meal to the table.

Avery had no appetite at first, but when she smelled the fragrance of the vegetables, her stomach screamed immediately.

"It's all your favorite dishes. Only when you're full will you have the strength to find Elliot." Mike pulled her into the dining chair and sat down.

"Can I get him back? It's been almost a month." Avery muttered while holding chopsticks.

“Definitely can be found! I don’t believe that someone took Elliot and just wanted to kill him.” Mike expressed his opinion, “Elliot is a recognized business genius in the world. Besides, in his brain, It is estimated that there are a lot of secrets. If we arrest him, just to kill him, then we will find his body long ago. As long as we don’t find his body for a day, it can show that he may still be alive.”

Avery: “I thought so too. But Norah’s words made me a little shaken.”

“Although Norah is powerful, she may not be as powerful as we think. If she is really powerful, why didn’t she start a company by herself?” Mike comforted.

“Well...” Avery picked up the chopsticks and took a mouthful of rice. She chewed slowly, but her brain was running at high speed.

“Mike, is Norah Jones related to Travis Jones? Because they are both surnamed Jones.”

When His Eyes Opened Chapter 1982 by naijdate.com

Chapter 1982

Mike was stunned. According to the information he found, Norah Jones and Travis Jones were not related.

However, both of them are surnamed Jones, which is a bit of a coincidence.

Avery said, “”Maybe I’m thinking too much. There are so many people surnamed Jones in this world, how can they all be connected?”

“Don’t think about this for now. Eat! You didn’t tell me before that if you think too much while eating, it’s easy to get indigestion.” Mike said when her saw her brows furrowed.

Avery: “Um.”

After eating, Avery went back to the room to wash up. On the plane, she couldn’t sleep, she was very tired at the moment.

After taking a shower, she went to lie down on the bed, and before closing her eyes, she saw the large stack of documents that Mike said.

She wanted to reach out and take a look at it, but she was too tired to obey.

After a while, she fell asleep.

The next day, the sun was high and the sun was shining brightly.

Mike walked to the door of Avery’s room and knocked on the door.

Avery immediately opened the door.

“I thought you were still sleeping!” Mike looked at her neatly dressed and in high spirits, and it looked like she had been up for a while.

“I went to bed early last night and woke up very early today.” Avery came out of the room, “I was fascinated by the information you gave me about the Jones family.”

“Isn’t it particularly wonderful? I don’t think professional screenwriters dare to make it up like this.” Mike’s eyes lit up when he talked about this topic.

“These things have not been announced to the public, how did you find out?” Avery wondered.

Mike: “The official registration! I just need to sneak into the official system...”

“Understood...Did you have breakfast?” Avery asked, “Didn’t you say yesterday that you were going to see a lawyer today?”

“I ate. I thought you were sleeping, so I didn’t ask you to eat with me. I originally made an appointment with the lawyer to see you in the morning, but I postponed it until noon.”

Avery: “I got up at six o’clock this morning. I was afraid of disturbing you, so I stayed in the room all the time.”

Mike: “Haha, then I’ll call the lawyer to see if he’s free now.”

“Well.” Avery walked towards the dining room.

The nanny immediately brought the breakfast reserved for her to the table.

Mike finished the phone call quickly.

“Avery, the lawyer said that he come to our side right now. Come to the house to talk, are you alright?”

“It’s okay.” Avery finished breakfast, and not long after, the lawyer came over.

When His Eyes Opened Chapter 1983 by naijdate.com

Chapter 1983

“Hello, Miss Tate.” The lawyer took the initiative to greet Avery, “I met Wanda’s lawyer yesterday. I understand that the evidence they have now is mainly the phone call between you and Wanda before she died. The phone confessed to killing her.”

“Bullsh*t. I know exactly what I said. I did tell her on the phone that I was going to avenge my mother, but I didn’t say I was going to kill her. Unless she admits that she killed my mother The murderer!” Avery said here and turned on the phone, “I recorded the call, you can listen to my conversation with her.”

She turned on the phone, turned on the recording, and the voice suddenly flowed out——

Wanda: [I, Wanda, didn’t get scared! Your father is already dead! Now this robot, you deliberately designed it to look like your father... Your father’s wish was to create a driverless car, and now the Dream Makers Group has made it! So you used your father’s appearance to make your father’s dream come true! You are such a good and filial daughter!]

Avery: [Wanda, since you said it for this sake, I can only admit it. Not only am I a good daughter who obeys my father, I am also a good daughter to my mother. Now that I have fulfilled my father’s dream, the next step is to avenge my mother.]

Wanda: [Hehehehe... Sure enough, it's you! I didn't expect you to have so much patience! How do you want to avenge your mother? ! Are you going to hit me with your car? Say it!]

Avery: [Guess slowly.]

After the recording was played, the lawyer grinned: "Ms. Tate, you did not say by name that you wanted to seek revenge against Ms. Wanda, let alone kill Ms. Wanda with a car. Besides, you have evidence of your alibi. In this case, you don't have to come forward, just entrust me with full authority."

"Then it's hard for you." Avery didn't want to waste time on this matter, "Wanda wanted to hold me back, I understand her feelings, but this matter really doesn't depend on me. "

"Actually, the police have also conducted a detailed investigation. The result of the current investigation is that Wanda parked the car illegally on the road before she died... From the surveillance screen at the intersection, it can be seen that before she died, she picked up a car. The phone, after receiving that phone call, she was very frightened, which led to the car accident in the back."

"Have you found out whose call she answered?" Avery asked.

"No. But no matter who she answers the phone, her traffic violation comes first, and she doesn't care." The lawyer replied.

Avery: "Um."

After chatting with the lawyer, Avery sent the lawyer out.

The lawyer: "Miss Tate stay, and if there is any progress in the future, I will notify you as soon as possible."

After the lawyer left, Avery went back indoors against the scorching sun.

“I told you on the phone that there is absolutely no need for you to come here specially because of this.” Mike said lightly, “We’re doing business, don’t you worry?”

“I came here, not entirely because of Wanda.” Avery glanced at the time, “I used to be classmates with Travis’s second son Emilio. He has been asking me to meet, and I came here this time to meet him.”

“What did he ask you to do?” In Mike’s heart, the alarm bell rang, “Could this guy have plans for you?”

“Even if he has plans for me, I have to go see him.” Avery said word by word, “The information you found shows that Travis has a total of 31 children, but only 9 survived. Travis made a fortune very early, don’t you think it’s strange why the survival rate of Jones’s children is so low?”

“Strange! Of course I think it’s strange. But it’s not my family’s business, I’m strange, I won’t waste my precious time for this kind of thing.” Mike said casually, “It’s such a shameful thing in a wealthy family. There are more. Don’t think that only the Jones family is so scary...”

“I don’t want to care about other people’s family affairs. But when Elliot and I had an accident, Travis’s private plane happened to be in Yonroeville. Two days before I was rescued, his private plane just flew away. We couldn’t find Elliot anywhere. So, I can only suspect that Travis may have taken Elliot away.”

Mike nodded: “There are no other clues now. We can only investigate the Jones family first. But when you go to see the second son of the Jones family, I must accompany you.”

“No need. I’ll ask the bodyguard to accompany me.” Avery said, “If you have nothing to do, you can go back to Aryadelle.”

“I have a lot of work to do. You may not believe it. The company’s order volume has been lined up for two years... If we don’t expand the scale of production, there is no way to meet the market demand.” Mike said, his head has been started to hurt, “Forget it, I’ll go to the company!”

After Mike left, Avery was also ready to go out.

She and Emilio made an appointment for lunch today.
