

## Chapter 61

At this moment, Fade Chen who was in the car almost vomited in disgust. He didn't expect this woman to be so shameless. She wanted to fawn the rich with her child, but she still wanted someone else to be her back-up plan.

At the thought of this, Fade Chen did not want to stay any longer and was ready to drive away. But a thought suddenly flashed through his mind. "Housekeeper Wong takes Jordan Qi to come for a blind date, and Yasmin is also having a blind date. Could it be..."

Thinking of this, Fade Chen was not in a hurry to drive anymore. He looked up and saw that the two women had already entered the western restaurant next to him. Then, Fade Chen got out of the car and looked inside the restaurant. Soon, he found that Housekeeper Wong and Jordan Qi were sitting by the window, and the two women were sitting opposite them. Obviously, they were the pair going through the blind date.

"D\*mn it, how dare you lie to the people around me." Fade Chen's heart surged with anger when he walked into the restaurant.

However, halfway there, Fade Chen calmed down. He knew that if he rushed over and drove her away

immediately, it would not be good. Perhaps he would be misunderstood by Housekeeper Wong and Jordan Qi. Therefore, the best way was to endure his anger for the time being. When Yasmin Huang showed her true colours, he would expose the woman.

So, Fade Chen found a seat near their table and sat down. He ordered something and then listened to the situation there.

Both sides seemed to have finished introducing themselves. When Yasmin Huang heard that Jordan had a salary of 6,00 dollars per month, she could not help but frown and seemed to be a little unsatisfied.

Housekeeper Wong noticed this and quickly put in a good word, saying, "My son's team leader values him very much. Recently, his leader promised him that he will be promoted, and his salary will also increased. It is estimated that it will be 8,00 dollars a month later."

Upon hearing this, Yasmin Huang curled up her lip noncommittally. Obviously, she did not care about the salary rise at all.

Then, two of them talked for a while and got to know each other's lives more. Of course, almost all the talking on Jordan Qi's side was done by Housekeeper Wong. Jordan Qi lowered his head slightly, and no one knew what he was thinking about.

While Yasmin Huang chatted with the short-haired woman, she didn't forget to order some food. 500 dollars for a steak, 800 dollars for some caviar, 1,000 dollars for a bottle of red wine, and she ordered them without hesitation. If it weren't for his mother, Jordan Qi would have stood up and left immediately.

After chatting for a while, the two girls were also half full. They winked at each other, then picked up their bags and said, "Auntie, sorry, I'll leave for awhile to use the restroom."

After the two women left, Housekeeper Wong quickly asked her son, "Son, what do you think of this girl? I think she is not bad. Although she is a little fat, but she looks good. She is also a student from a famous university."

Jordan Qi shook his head and said, "Mom, I don't think we are suitable for each other."

Yasmin Huang and the short-haired woman had already entered the restroom, and Fade Chen could not continue to listen to them. He quickly got up, walked to the restroom, and stood at the door of the men's restroom. Fade Chen could clearly hear the conversation between the two women on the other side.

"This man is not good. He looks ordinary and wears a pair of thick glasses. He doesn't have a good taste. I don't think he's even 1.75 meters tall. He is

not a good option." Yasmin Huang said discontentedly.

The short-haired woman persuaded, "Don't be so picky. The most important thing now is to find someone to guarantee your life."

Yasmin Huang said unhappily, "Six hundred dollars a month, even if it is raised to eight hundred dollars, it will also be not enough. What can I guarantee with that little money? It's not even enough for me to do a facial treatment."

The short-haired woman said, "Yasmin, lower down your standard. Do you think everyone can be as rich as Leonard Zhu? He can take out tens of thousands dollars at a time! The salary of 6,000 dollars is already good in Bay City, it is several hundred dollars higher than the average salary!"

"That's too low. What's more, this man is dull and doesn't know anything about fun. It's more depressing to be with him than to be a nun." Yasmin Huang said.

The short-haired woman sighed and said, "Yasmin, isn't this an emergency? If you wait any longer, the baby in your tummy will be noticed. Let's find a man for you first. We can just change things later when we meet the right person."

These words seemed to touch Yasmin Huang. She sighed and said, "Okay then, that nerd got lucky, humph!"

After that, the two women walked out. On the other side, Fade Chen was so angry that his lungs were going to explode. This b\*\*ch was really shameless. She was obviously toying with Jordan Qi, but was still not satisfied with Jordan Qi's quality, she was a total b\*\*ch.

Resisting the urge to hit her, Fade Chen came out of the restroom and returned to his seat.

Next to her, the short-haired woman glanced at Yasmin Huang, then gently coughed and said, "Auntie, Yasmin just told me that she thinks Jordan is not bad, so she can try to date him."

"Good, good, that's great." Housekeeper Wong was so excited that she nudged her son next to her. Jordan Qi snorted and said nothing more.

The short-haired woman said, "Auntie, you've seen what Yasmin is like. She's very good and there are many suitors pursing her. So if she were to have a relationship with Jordan Qi, I hope you understand some conditions in advance."

Housekeeper Wong's face twitched, but she still nodded and said with a smile, "What conditions? Tell me."

Yasmin Huang frowned slightly, as if she was still not satisfied with meeting such a man. Yasmin Huang said, "To be honest, Jordan Qi's requirements are just ordinary, barely meeting my requirements. But there are a few conditions that are necessary.

First, my family has a registered permanent residence in Bay City, and yours is in the rural area. There is a difference, so there must be a wedding gift of at least two hundred thousand dollars."

"Second, it's about houses. Within the third Ring of Bay City, I must be given a house with at least 2 bedrooms and 2 living rooms. I won't accept any loan and my name should be written on the property ownership certificate."

"Third, personally I prefer peace and quiet, and I'm not used to living with elders. So after we're together, I hope auntie and uncle can come here once a month at most."

"Fourth, before we get married officially, Jordan Qi can't touch me. My family is conservative and I must be a virgin until I get married."

"What, d\*mn it, a sl\*t who has been played for so many times. And she says that her family is conservative and she wants to keep her body pure. It's ridiculous." These rude demands made Fade Chen full of anger and almost go ballistic.

Even with Jordan Qi's good character, he could no longer continue listening to what Yasmin Huang said at this moment. With a gloomy face, he pulled his mother up and stood up, saying, "Mom, let's go."

When Yasmin Huang saw this, she raised her eyebrows and said unhappily, "What do you mean? To be honest, with your condition, I am agreeing to

talk to you because I think highly of you. Who do you think you are? You don't have money, you don't have appearance, you are just a nerd. Hum!"

"You..." Jordan Qi was so angry that his cheeks turned red and he was about to leave.

## Chapter 62

But Housekeeper Wong stopped him and advised him earnestly, "Jordan, don't be so agitated. Let's sit down and discuss about it. I think Yasmin is a good girl. Two of you can have a talk." Housekeeper Wong was really anxious about her son's marriage and was still persuading him at this time.

Jordan Qi had no choice but to sit down. But when he looked at Yasmin Huang, his face was obviously not happy. He said, "I can't agree with your conditions, especially the third one."

When Yasmin Huang heard this, she frowned and was about to swear. But the short-haired woman beside her stopped her and persuaded her in a low voice. She said that it was not easy to find another man, so just bear with it.

After hearing this, Yasmin Huang thought for a while and said, "Your parents can come here more often. Three times a month! But the other three conditions must be met."

Jordan Qi wanted to refuse, but Housekeeper Wong stopped him and said earnestly, "Girl, my family's conditions may not be as good as your requirements. But I have been working for many years, and I still have some savings. We will solve the problems of houses and betrothal gifts."

"Mom, that's your pension money. How can I..." Jordan said.

Housekeeper Wong pulled her son's arm and said to Yasmin Huang, "Miss, this is the best I can do. If you really want to talk to my Jordan, then talk it out."

Yasmin Huang was thinking about it and seemed to be a little unsatisfied with the conditions. The short-haired woman next to her was still trying to persuade her.

A moment later, Yasmin Huang seemed to have made a decision and said, "For the sake of your sincerity, I can promise to date you. But you'll need to give me half of the gift money now. I have to prepare in advance."

"About this, we can raise the money!" Housekeeper Wong said.

Upon hearing this, Yasmin Huang's eyes lit up with joy. She nodded and was about to agree.

At this moment, Fade Chen could no longer sit down. Housekeeper Wong's money would be all cheated by this bitch.

Immediately, Fade Chen rushed out and slapped Yasmin Huang on the face. He scolded, "Bitch, you are cheating money from my brother. Do you have a death wish?"

Yasmin Huang was stunned and looked at Fade Chen in a daze.

Jordan Qi and Housekeeper Wong also looked at Fade Chen in surprise. "Sir, you, why are you here? And, this is..."

Fade Chen looked at the mother and son and said, "Housekeeper Wong, she is not a good person. She is not suitable for Jordan."

At this moment, Yasmin Huang also came to her senses. When she saw that it was Fade Chen who had just hit her, she was so angry that her eyes turned red. She said, "How dare you hit me? I'll kill you."

Then Yasmin Huang rushed towards Fade Chen like a crazy woman.

"How dare you!" Fade Chen shouted coldly, and his eyes were full with anger. Yasmin Huang was scared. Thinking of how Fade Chen knocked Leonard Zhu and Coach Hu to the ground in the afternoon, she suddenly dared not move.

The short-haired woman was smart. It seemed that the hard way won't work in this situation. Suddenly, she rolled her eyes and pretended to be pitiful. She said to Housekeeper Wong, "Auntie, if your son doesn't want to go on a blind date, just say it. Now, you have asked someone to beat my friend up. What does that mean? We can't go on with this."

After all, Housekeeper Wong was anxious about her son's marriage. Hearing this, she immediately became desperate. She quickly stopped them and

looked at Fade Chen. She wanted to speak but stopped.

Fade Chen sighed. He knew that if he did not make it clear, he might cause Housekeeper Wong's misunderstanding. So he sat down and said to Housekeeper Wong, "Housekeeper Wong, I went to Momo's school in the afternoon and saw this girl there. She is not a good person. She is pregnant now with another man's child. Now she is trying to meet a man on a blind date because she is looking for a back up plan."

"What!" Eventhough Housekeeper Wong was anxious about her son's marriage, she couldn't tolerate such a thing. Immediately, her eyes turned red. The well-behaved Jordan Qi also stared at Yasmin Huang and said, "Is that true? Are you pregnant?"

Yasmin Huang panicked, but it was impossible for her to admit this kind of thing in public. She quickly denied, "Nonsense, this is slander. If you don't want to continue the discussion, just say it. Why did you insult me this way?"

"You are still being stubborn!" Fade Chen snorted, took out his mobile phone, opened the recording, and played the conversation between the short-haired woman and Yasmin Huang in the restroom just now.

When those shameless words played out clearly,

Housekeeper Wong and Jordan's faces darkened. Housekeeper Wong's fingers trembled with anger. She pointed to Yasmin Huang and said, "You, what evil woman are you? You lied to my son, you..."

Since the scandal had been exposed, Yasmin Huang did not care about her reputation anymore at this moment. She pointed at Jordan and said to Housekeeper Wong, "You old lady, why don't you see what kind of person your son is? His salary of six thousand dollars a month is just too little! If it weren't for him to be a just-in-case, I would have never take a fancy to him. Don't be ridiculous."

"I don't want to marry you. Old lady, listen up. It's not that I'm not worthy of deserving your son, but for a person like your son. I will never like him. He's a poor man without money." Yasmin Huang scolded them without hesitation.

Immediately, there was a heated discussion around. Many people pointed at Yasmin Huang, and some of them cursed at her.

However, a woman like Yasmin Huang did not care about such things. How could she know what shame was? She ignored all the scolding from the people.

But Housekeeper Wong and Jordan Qi, who were called poor people, couldn't help but sigh and collapse helplessly, because they were indeed not rich.

Seeing this, Fade Chen was furious. Then he thought

of something and his eyes lit up. He said to Jordan, "Jordan, I have a job here, a million dollars a year. Would you like to do it?"

"Ah, one million dollars, this..." Jordan Qi was surprised and his face was full of disbelief.

Yasmin Huang was also stunned for a moment, and then she said sarcastically, "An annual salary of a million dollars. You can brag about it. You are just a thug, and you dare try to introduce a high-paying job to others. You should know your own limits even if you want to lie to others."

Fade Chen did not care about Yasmin Huang's sarcasm. He looked at Jordan Qi and said, "This job is in production and manufacturing, similar to your previous work. If you agree, you can take up the job tomorrow."

"You are still pretending. You can continue to act. A group of poor people, saying that your annual salary is a million dollars. It's ridiculous." Yasmin Huang criticized again.

Housekeeper Wong and Jordan Qi also looked at Fade Chen in disbelief and said, "Sir, is this true?"

"Housekeeper Wong, have I ever lied to you? Of course it's true!" Fade Chen nodded solemnly, then took out an employee card and handed it directly to Jordan, saying, "This is an employee card. You can start work tomorrow."

"Wow, they are really a group of actors. The props have even been prepared in advance, but unfortunately, I will not believe you." Yasmin Huang said sarcastically.

## Chapter 63

As soon as Yasmin Huang finished her words, there was a burst of surprise around her.

"That, that's the employee card of Fei Enterprises Holdings Inc."

"Fei Enterprises Holdings Inc is a big company. The benefits they offer to their staff is very good."

"Look carefully. The card is marked with an L6, which means that's the sixth grade position in Fei Enterprises Holdings Inc and is among the supervisors. That kind of position absolutely comes with an annual salary of hundreds thousands of dollars in Fei Enterprises Holdings Inc."

"This buddy is so lucky. I want to enter Fei Enterprises Holdings Inc too. I don't need a million dollars a year. I'll be satisfied with an annual salary of 100,000 dollars a year."

Hearing the discussion around them, Yasmin Huang and the short-haired woman's faces couldn't help changing, and their eyes began to flash. They thought in their hearts, "Could it be real? Is the annual salary real?"

Jordan excitedly took the card and said to Fade Chen, "Thank you, thank you, I..."

Fade Chen patted him on the shoulder and said, "Say

no more. I believe in Housekeeper Wong and I also believe in your personality and working ability. I am responsible for the projects in that department. You can go to work tomorrow."

The employment that Fade Chen mentioned was the production management at the health-preserving wine factory. Jordan Qi was an expert. After getting familiar with the process, Fade could hand the factory over to him, and then he would not need to oversee the work there in future.

"Yes, I will do it well." Jordan nodded and said seriously, and then the employment was confirmed.

Everyone was envious, and many young single girls even secretly winked at Jordan.

Fade Chen knew that Housekeeper Wong and Jordan were not used to this kind of situation, so he didn't say much and quickly took them out of the western restaurant. He asked them to get in the car and told them about Yasmin Huang in detail.

Hearing this, the two of them couldn't help sighing. Especially Housekeeper Wong, with a guilty look on her face, she looked at Fade Chen and said, "Sir, I'm sorry, I was..."

Fade Chen waved his hand and said with a smile, "Housekeeper Wong, don't be sorry. You were cheated. It's good to figure it out. Jordan is an excellent man. Don't worry about his marriage. Take your time. He'll meet someone suitable."

After this matter, Housekeeper Wong figured it out. She nodded, looked at her son, and said, "Well, you can handle this by yourself."

At this moment, Yasmin Huang and the short-haired woman in the restaurant were listening to the discussion around them, looking at the expressions of the people around them. They were not sure about what they were feeling.

Yasmin Huang could be shameless and didn't care about the sarcasm of the crowd. But when she thought about how she didn't get her "second-in-line" with an annual salary of a million dollars, she felt as if she was slapped in the face, she suddenly felt a sense of regret.

However, Yasmin still said, "Hmph, it's just a million dollars. Compared with Leonard Zhu, it's much worse. His property is several billion dollars in value, a million dollars is just nothing."

Not to mention the others, even Yasmin Huang herself could not be convinced. After all, a rich young man like Leonard would not really marry her.

With a gloomy face, both of them were about to leave the western restaurant.

But at this time, the waiter came over with a smile and said, "Hello, the cost of your table tonight is 5630 dollars, but we'll give you a discount and charge you 5,600 dollars."

"What? 5600 dollars? So expensive?" Yasmin Huang shouted in surprise.

Sounds of sarcasm were heard. A man said sarcastically, "Didn't someone just say a few billion dollars? And a million dollars is just a small sum of money. Why? Can't you afford a few thousands?"

Yasmin Huang was ashamed and angry, and her cheeks were red. She pointed outside and said to the waiter, "They are the ones who ordered these. Ask from them if you want the money."

The waiter smiled and said, "The things on the table seem to have been eaten by you two. They just drank some water."

Hearing this, Yasmin Huang and the short-haired woman looked embarrassed. Just now, they thought that the other party would pay for them, so they ordered some expensive dishes without hesitation. Unexpectedly, they had spent their own money.

"Miss, do you want to pay with cash or credit card? You can pay by e-wallet too." The waitress still smiled and asked.

Yasmin Huang was so angry, but she still had to take out her wallet and settle the bill with a gloomy face.

As soon as she walked out of the restaurant, the short-haired woman felt too embarrassed to stay. She found an excuse and left.

Yasmin Huang was getting angrier and angrier as

she walked. She didn't expect that she would suffer losses twice from Fade Chen today, and the losses was getting bigger.

The anger and resentment in her heart grew stronger and stronger. She couldn't help but take out her mobile phone and dialed a number, saying, "Hello, Brother Niu, I'm Yasmin."

"Uh, I'm the one who watched a movie with Master Zhu the last time. Yes, yes. Recently, I've encountered some minor trouble. I heard that Brother Niu knows of someone who can fight, so I want to ask you a favor from you to help me find some people to teach a guy a lesson."

"Okay, okay. Thank you for your arrangement, Brother Niu. I'm on the shopping street. I'll wait for you."

After hanging up the phone, Yasmin Huang smiled with revenge. She secretly gritted her teeth and said, "Fade Chen, so what if you're rich and knww some kung fu! When Brother Niu's people arrive, you will suffer."

Soon, in less than a quarter of an hour, Yasmin Huang saw a group of aggressive men coming out towards the restaurant. The leader was a burly man with a tattoo on his face. His fierce expression made Yasmin Huang's heart beat fast.

However, when she thought that the strong man was going to teach Fade Chen a lesson, the uneasiness

in Yasmin Huang's heart suddenly turned into a pleasure of revenge.

"Did you call?" The strong man stared at Yasmin Huang and asked.

Yasmin Huang nodded quickly and said, "Yes, it's me."

"The person you want us to beat up is Fade Chen? Does he look like this?" The tattooed man took out a photo.

Yasmin Huang looked at him and said excitedly, "It's him, it's him. Please teach him a good lesson. It's best to break his legs and see how arrogant he will be in the future."

The tattooed man put away the photo, turned his head and waved to the people behind him, saying, "Yes, that's the one. Go ahead."

Yasmin Huang nodded and was ready to see the strong men take action. However, she found that the strong men were coming toward her. They held her down, covered her with a sack, and carried her away.

"What, what's going on? Are you mistaken? It's Fade Chen you are supposed to beat up, not me. I'm the one calling for it!" Yasmin Huang shouted in the sack.

The tattooed man sneered and punched Yasmin Huang to shut her mouth. Then he snorted, "Deal with Fade Chen? It seems that you don't know what

you are doing!"

"Take her away!" Following the order, a group of strong men carried Yasmin Huang away.

Half an hour later, Yasmin Huang, who was covered with wounds, was thrown back to the entrance of Bay City University in the sack. Then, she was found by the security guards and sent to the infirmary.

## Chapter 64

Lying on the hospital bed, Yasmin Huang moved her body slightly and suddenly felt a sharp pain all over, as if she was going to break apart.

But what Yasmin Huang didn't know was that those men had already been merciful to her because she was just a student. Otherwise, if they had really followed the rules of the underworld, she would be fortunate even if they had just broken her legs or hands.

Tears fell from her eyes silently. Yasmin Huang couldn't help but sniff in pain. She didn't understand why she had been beaten up like this.

At this time, the door of the ward creaked open. Louise Lee came in and saw Yasmin Huang on the bed. Her first sentence was not to greet Yasmin with concern, but to ask nervously, "Did you look for trouble with Fade?"

Yasmin Huang's face twitched. She frowned and said, "Louise, are you still talking about this at times like this?"

But Louise Lee looked nervous and continued to ask, "Tell me, did you or did you not?"

Yasmin Huang said impatiently, "Yes, I did look for trouble with Fade. Are you satisfied now?" She told

Louise how she had been beaten up for no reason when she had asked for people to go and beat Fade Chen up.

After hearing this, Louise Lee's face turned pale immediately. She looked at Yasmin Huang as if she was looking at a dead person and said, "You, you don't know what you are doing! You are looking for death! Do you know Fade's status in this place? How dare you provoke him!"

"What's his status? He's just a little thug. What position can he have?" Yasmin Huang shouted.

Louise Lee said coldly, "A little thug? But those people that you called to beat Fade dared not do anything. A little thug but he can teach you a lesson without making a sound? Do you still believe that he's just a little?"

Yasmin Huang's face turned serious, and she felt a faint uneasiness in her heart, but she still did not want to believe this. She shouted, "Even if he has some status around here, so what? When Master Zhu knows that I have been beaten up, he will definitely teach him a lesson. When that time comes, Master Zhu..."

"Don't talk about Master Zhu anymore. Let me tell you, if you go and find trouble again, even Leonard's father Xavier Zhu won't be able to make a difference, let alone Leonard Zhu," Louise Lee shouted.

"Louise, I think you must be really scared. What nonsense are you talking about?" Yasmin Huang did not understand why Louise Lee, who was usually bold and daring, had become so timid.

"I don't want to say too much. I only want to tell you one thing. Earlier this year when the semester started, at the hotel outside the school, even the Young Master Wei of North Bay City called Fade Chen as Brother Chen. If you want to carry on with whatever you're doing, you'd better think carefully about it." Louise Lee got up to leave, turning away quickly.

Yasmin Huang was stunned and came to her senses after a long time. "Young Master Wei of the North Bay City, is it Tom of Long Enterprise? Even he needs to call Fade Chen as Brother Chen. Who is he? Who is he really?" Yasmin Huang shouted, but Louise Lee had gone.

The more Yasmin Huang thought about it, the more frightened she felt. She was a native of Bay City, and usually followed people like Leonard Zhu around. Naturally, she was very clear about the power balance in Bay City. Needless to say, the name of Long Enterprise from the North Bay City was enough to make people tremble.

As the second-in-command of Long Enterprise, Tom Wei was only second in line to Uncle Long of North Bay City. His status was much higher than that of

Leonard Zhu, who was just a rich young man. How could such a powerful person call such a young thug as Brother Chen? Was Fade Chen even more powerful than Tom Wei was?

For a moment, Yasmin Huang's heart was cold. She now realized who she had been dealing with. She finally understood why Louise Lee had repeatedly warned her not to provoke Fade Chen. She then realized that it was fortunate enough that she could still lie on the bed with her four limbs intact.

Fade Chen did not know what Yasmin Huang had done behind his back. He had returned to the villa with Housekeeper Wong and Jordan Qi. He comforted them quickly and then everyone went to wash up and go to bed.

The next day, Fade Chen brought Jordan Qi to the company and showed him the manufacturing process and also other things that needed attention regarding the production of the health-preserving wine. Jordan was indeed a professional, and soon he started his work. Along the way, he solved some minor problems in the production line, which improved the quality of the health-preserving wine.

After settling Jordan in, it was already noon. Momo Soo called Fade Chen on the phone and said that she encountered something strange. Yasmin Huang had taken the initiative to call her and apologize to her. Yasmin Huang also asked her to send a

message to Fade Chen to express her apology and promised that she would never provoke Fade Chen again in future.

Although Fade Chen did not know what had happened, he was relieved that Yasmin Huang had finally decided to not stir any more trouble for him. Fade Chen chatted with Momo Soo for a while and finally hung up the phone when it was time for work in the afternoon.

After putting on his white coat, Fade Chen came to the medical room and went back to work. But when he looked towards the empty seat next to him, he couldn't help but whisper, "Didn't Xenia say that she would go out to buy something at noon? Why hasn't she come back yet?"

After more than 20 minutes, Xenia Xu still had not come back to work. Fade Chen could not help but feel a little strange. He picked up his mobile phone and was ready to call and ask her about the situation. After all, Xenia Xu was his direct subordinate.

Before Fade Chen could dial the number, his phone vibrated. When he saw the caller ID, it was Xenia Xu.

"So this girl still knows to call me and ask for leave!" Fade Chen muttered and picked up the phone.

However, before he could speak, Xenia Xu's cry came from the other end of the phone. "Doctor Chen, I, I have hit someone!"

"What? You hit someone? Are you injured? Have you been sent to the hospital?" Fade Chen asked in a hurry.

Perhaps because of panic, Xenia Xu's words were incoherent. "No, no, Dr. Chen. I didn't hit anyone. But they insisted that I hit someone. I didn't..."

Although her words were messy, Fade Chen quickly noticed something unusual. His heart thumped and he said, "Xenia, is someone blackmailing you?"

"Yes!" Xenia Xu said, "An old woman insisted on lying in front of my car. She said I hit her."

When she said that, Fade Chen heard an old woman's crying and cursing voice coming from the phone, including a man's shouting.

Xenia Xu was really scared and immediately burst into tears.

Fade Chen quickly comforted her, "Don't worry, Xenia. Tell me where you are and I'll be right there. Don't act rashly. I'll take care of it."

"Okay, I will." Xenia Xu answered and then texted the address to Fade Chen.

Fade Chen hung up the phone and then applied for leave from Lily Wei on the RTX. Then he took off his white coat, ran downstairs, and rushed to the place where the accident happened.

The accident occurred not far from the company. It was on an old street two blocks away. Fade Chen

07:32

ran fast and arrived in less than ten minutes.

07:32

## Chapter 65

By the time Fade Chen arrived, a lot of onlookers were already around. Everyone pointed at the scene and was talking about it. Many people were taking pictures with their mobile phones, but there was one thing in common, they were at least more than ten meters away from the accident spot. Obviously, they were worried that they would be blamed for anything.

Fade Chen walked into the crowd and saw what was going on.

Xenia Xu's pink electric bike lay at the side of the road. Next to it, a burly 30-year-old man was shouting at Xenia Xu and kept asking her to pay as a compensation.

In front of the electric bike lay an old lady in her fifties or sixties. She held the front wheel of the electric bike in one hand and covered her waist with the other hand. She kept groaning, "Ouch, my waist. I have been hit by someone. Young people nowadays don't even know how to slow down when riding a bike. Even if they have injured someone, they wouldn't admit it. They want to run away!"

Xenia Xu's face was full of anxiety and anger. She said, "Auntie, I didn't hit you. Why do you wrong me?"

As soon as she spoke, the burly man suddenly came up and roared at Xenia Xu, "If you didn't hit her, how did my mother fall down? Did she run under your bike herself?"

"When I was passing here, my bike was not even at half the speed. It was auntie who suddenly rushed over. I didn't even touch her and she fell in front of my bike on her own." Xenia Xu explained.

The burly man shouted, "What do you mean by 'You did not even touch her'? If not, how would my mother fall to the ground?"

"Little girl, why don't you admit that you've hit someone with your bike? I'm so old already, I'll get hurt easily even with a small knock!" The old lady on the ground seized the opportunity to complain.

"Auntie, I didn't, I..." Xenia Xu was anxious.

But the man was faster. He rolled up his sleeves and forced Xenia Xu to stand in front of him. He said, "It's a fact that my mother was knocked down by you. You can't escape the blame. Just tell me what you plan to do about it."

"I, I didn't..." Xenia Xu's eyes were filled with tears.

"How dare you! Don't try to escape!" The burly man shouted, which scared Xenia Xu, she was like a timid sheep and curled up in fear.

"I tell you, my mother was hit, and you have to be responsible. The medical expenses are at least

50,000 dollars." This guy immediately asked for such a big sum and roared at Xenia Xu.

"I don't have money, I..." Xenia Xu said in horror.

"If you don't have money, call someone who has it. I don't care what method you use. You must send me the money within an hour. Otherwise, I will lock you up in prison." The man threatened.

Xenia Xu had never experienced such a thing before. She was so scared that tears fell from her eyes. She squatted on the ground and began to cry.

The man did not have any sympathy. He reached out his hand to pull Xenia up, and shouted at the same time, "Don't pretend to be pitiful. Call someone for the money now, or..."

"Let her go!" A roar interrupted the burly man.

The man turned around and saw a handsome young man walking towards him. He frowned and shouted, "Who are you? What a nosy man!"

Xenia Xu looked up and was surprised. She stood up and rushed to Fade Chen. She cried, "Doctor Chen, you're here. I... They..."

Fade Chen brought Xenia Xu's delicate body into his embrace and patted her gently. He comforted her softly, "Xenia, I'm here. Don't be afraid. I know everything."

Observing their movements, the burly man snorted and said, "A friend! That's great. Your friend hit my

mother and she has no money to compensate us. You can compensate us on her behalf. 50,000 dollars"

Fade Chen's face turned cold. Ignoring the burly man, he turned his eyes to the woman on the ground and shouted coldly, "Hey you, again! Get up on your own, or I'll pull you up. You have conned me the last time, but now you're conning the people around me!"

It turned out that the old lady was not a random lady. It was the same one who had cheated him of 10,000 dollars when Fade Chen had just come to Bay City from TianWu Mountain. Unexpectedly, today he met her again and this time she even brought her son out to con other people.

The old lady was stunned. She looked at Fade Chen a few times, but obviously did not remember who he was. After all, she had conned quite a lot of people, so how could she remember him clearly? Moreover, even if it was true, she had the perfect escape, which was to deny it regardless of any circumstance.

"I don't understand what you are talking about. I don't know you at all! Oh, I am so miserable. I was hit by someone without any compensation and now I am threatened by others! Oh, my waist, my waist is broken!" The old lady said.

"Boy, how dare you threaten my mother? I'll kill you!"

The burly man came over and punched Fade Chen.

"You're courting your own death!" Fade Chen's eyes darkened and he kicked out. In an instant, the burly man was sent flying and fell heavily on ground.

Seeing this, the old woman shouted even louder. She rolled on the ground and cried so loudly as if her heart was torn apart. "Ah, you hit me! And now you've even gotten someone to beat up my son! Help!"

"Shut up!" Fade Chen walked to the old lady, raised his right foot, and roared.

However, the old lady was not afraid at all. Instead, she shouted even more loudly with her lousy acting skills. "Murder! Someone is going to murder me!"

When the passers-by saw this situation, they couldn't help but retreat a few meters and sigh inconspicuously at the same time. These kinds of elderly blackmailers were too difficult to deal with. If you reasoned with them, they would not accept it. If they really started to fight, they would get injured, and perhaps the faked injury would become real.

Therefore, in such situations, many people could only admit that they were unlucky and just compensate the blackmailer with some money. But now, Fade Chen had hit the burly man. Obviously, he did not make the best choice. Many passers-by could not help but shake their heads and sigh, thinking that this young man was too impulsive. He

would suffer more losses later.

Xenia Xu was also anxious at this moment. She was afraid that Fade Chen would be angry and beat the old lady up. Then things would be complicated.

Just then, Fade Chen raised his right foot but did not step on the old lady. He snorted coldly and ignored the old lady. He went over to the other side and kicked the burly man who had just gotten up from the ground. Then, as if he were picking up a kitten, Fade Chen picked the man up and threw him down beside the old woman.

The burly man was usually a ruthless person. He had never been bullied like this. He was suddenly angry. He gritted his teeth, stood up and waved his fist. He was going to fight with Fade Chen.

## Chapter 66

How could Fade Chen give the burly man any chance? As long as he lifted his leg, Fade kicked the guy to the ground. Moreover, his kick was very accurate. It was not fatal, but it could bring great pain. Immediately, the guy grimaced in pain, and sweat dripped down his forehead.

When the old lady saw her son being beaten up, she immediately shouted even louder and howled like a high-pitched speaker, "We're being beaten up! We will be killed, help!"

"Shut up!" Fade Chen roared, but the old lady shouted even louder.

Seeing this, Fade Chen slapped the old woman's son, making his cheeks red and swollen like steamed buns.

"Ah, you hit my son, you're killing him!" The old lady was still shouting.

Fade Chen did not say anything. He slapped the man again, which made the man's cheek more swollen. After that, Fade Chen stared at the old lady with a fierce look.

"Ah, you..." The old lady was also scared. She looked at Fade Chen. As soon as she spoke, Fade Chen immediately slapped her son on the face. "Keep

shouting. If you shout, I will slap your son in the face." Fade Chen said.

"I..."

"Slap!"

"Hit..."

"Slap!"

"Kill..."

"Slap!"

After a few slaps, the old lady's son couldn't bear it anymore before the old woman wanted to admit defeat. He cried, "Mom, stop talking. I can't stand it. Stop talking."

Looking at her son's bruised face, the old lady was angry and anxious, but she dared not speak again. She could only glare at Fade Chen.

Fade Chen didn't care about her eyes and shouted coldly, "Stand up and tell me what happened just now."

The old lady was still hesitating, but Fade Chen did not hesitate in giving her son another slap. The old lady was scared and quickly got up from the ground. She moved faster than the young man and did not seem to be injured at all.

"Say, did the bike hit you, or are you blackmailing us for money?" Fade Chen stared at the old lady coldly.

The expression on the old lady's face was uncertain,

but when she saw Fade Chen's hand raising to give her son another slap on his swollen cheek, she slowly said, "Yes, I was blackmailing you. The bike didn't hit me at all. At that time, the situation was like this..."

Then, the old lady told the whole truth. Next to her, Xenia Xu took her mobile phone out and recorded everything on video.

After that, the old lady looked at Fade Chen carefully and said, "I, I've explained everything. Can we leave now?"

"Leave? Is it that simple?" Fade Chen snorted, and the two trembled with fear.

"You, what else do you want?" The old lady was resisting the urge to make a fuss and asked quickly.

Fade Chen said, "You should return the 10,000 dollars that you cheated from me before!"

Hearing about the money, the old lady's face suddenly twitched and she looked hesitant. As a result, Fade Chen slapped her son again without hesitation, and her son immediately screamed.

The old lady did not dare to wait anymore. She quickly said, "I'll give the money back to you. I'll give it back to you right away." Then, she quickly took out a stack of money and handed it to Fade Chen respectfully.

Fade Chen put away the money and snorted. He

kicked the son and shouted angrily, "Get lost!"

Instantly, the two of them scrambled away with pale faces.

Seeing this scene, all the passers-by were shocked.

"D\*mn, this buddy is so fierce, and he actually handled that blackmailing woman. It's a miracle!"

"The wicked have to be tortured by the wicked! When they meet someone more ruthless, they will be scared."

"That's right. It felt so good when he slapped him just now! I myself couldn't wait to rush forward and slap him."

"It's not that simple. This mother-and-son pair had been doing this for a long time. I'm afraid they won't let this go so easily."

"Yes, I heard that they all have connections with someone powerful in the area. Young man, little girl, you'd better leave now. If they call someone later, you will suffer."

Hearing this, Xenia Xu's smiling face suddenly showed a hint of worry. She said to Fade Chen, "Doctor Chen, let's go."

"Xenia, don't worry. As long as I'm here, no one can help them." Fade Chen smiled and picked up the electric bike calmly. Then he took out a towel and wiped it carefully, looking very confident.

When the passers-by saw this, they could not help but shake their heads and sigh.

"This young man is still too young. He thinks he can fight. He is overconfident."

"Yes, those gangs are not easy to deal with. He will regret later."

Just as they were sighing, noisy footsteps quickly approached them. People looked in the direction of the sounds and saw more than a dozen gangsters with tattoos rushing over, including the old lady and her son who had just left.

When the two saw that Fade Chen was still cleaning the bike in the same place, the burly man said with vicious look in his eyes, "It's him! Brother Bald, it's him who hit me. I must teach him a good lesson."

Seeing this scene, the passers-by looked scared and stepped back a few steps and secretly shook their head.

"It's too late. It's too late to escape now."

"It's inevitable that these two young people will be beaten!"

"I hope they can learn some lessons this time. Don't be so confident."

Amongst the crowd's discussion, the old lady and her son took the lead and rushed over to Fade Chen with more than ten people with them. They stared at Fade Chen fiercely and said, "Kid, you hit me just

now. I'm gonna double back the pain to you now."

After that, the old lady's son roared and was about to attack Fade Chen. "Beat him!"

But at this time, when he rushed towards Fade Chen, he found that the gangsters behind him did not follow him at all. He alone rushed over and was slapped in the face by Fade Chen again. He turned around and fell to the ground.

Sitting on the ground, he was a little confused. He turned to look at the bald strong man behind him and said, "Brother Bald, why didn't you come?"

At this moment, the bald man glared at the burly man. Then he squeezed out a smile and approached Fade Chen. He nodded and bowed respectfully, "Mr. Chen, I didn't expect to meet you so coincidentally."

"Are you coming to beat me up?" Fade Chen said as he held his hands in front of his chest, looked at the bald man. His eyes fell between the two legs of the bald man and glanced back at the man's face. This bald man was none other than the bald gangster who stopped Fade Chen and Lily Wei on the road some time ago.

## Chapter 67

Looking at Fade Chen's eyes, the bald man couldn't help but close his legs tightly, he could still feel a dull pain between his thighs. After all, Lily Wei's attack between his legs the previous time had almost destroyed his happiness on the bed for the rest of his life.

Thinking about what they had done to him, the bald man started shivering. He shook his head rapidly and said, "Mr Chen, don't take me wrong, please. How could I ever hit you?"

"Good that you didn't plan to!" Fade Chen said lightly while continuing to rub the bike.

But the old lady didn't understand what was going on at the moment. She started shouting, "Why aren't you guys taking any actions, I paid you to work and not to talk."

Hearing this, the bald man slapped the old lady on the face without hesitation and said disdainfully, "Shut up! How dare you disrespect Mr. Chen! Do you want to die?"

The old lady was used to being demanding. At this point, when she had been hit, she immediately fell to the ground and began to make a fuss, "You b\*stard, you don't keep your words. If you don't do anything

after taking my money, you will be cursed...Go hell."

At this moment, the bald man was so furious that he wanted to beat the old woman up badly. Finally, the old woman's son sensed something was wrong and quickly asked cautiously, "Brother Bald, does this man have any special identity?"

The bald man resisted the urge to slap him, gritted his teeth and muttered, "Special identity? Let me tell you, Mr. Chen over here is the person that Master Wei of Long Enterprise mentioned, he is the one that cannot be provoked. Do you understand?"

"Master Wei!" The man trembled and looked frightened. He glanced at Fade Chen in horror, then turned back and whispered, "Is it true?"

The bald man snorted, he said, "If you don't believe me, you can try to provoke him. We will see what Master Wei will do to you when he finds out."

The man was so scared that his face turned pale. He didn't dare say anything more and rushed over to stop his mother, as she was still shouting. He helped her up and whispered to her. All of sudden, the old lady's face turned extremely pale. Although she had just stood up, she almost fell to the ground again.

"Mr. Chen, I'm sorry. We were wrong." Holding his mother, the man stood before Fade Chen and apologized in terror.

Fade Chen glanced at the two of them and then said

to the bald head guy, "From now on, if this woman comes out to extort people again, just break one of his legs. If four limbs are not enough then just make it five and if it still isn't enough, just cut off his fingers."

"Yes, Mr. Chen, I will do it!" The bald man nodded quickly and looked at the man.

The man felt a chill all over his body and couldn't help but close his legs together. The old lady lowered her head and didn't dare to even breathe. She did not make any noise at all at this point.

All the passers-by around were dumbfounded when they saw the situation. Especially those who had said that Fade Chen would be dead earlier, at this moment, all of them were stunned and looked at the bald man treated Fade Chen so respectfully. The muscles on their faces were still twitching.

When Fade Chen cleaned the bike, he climbed on the bike and said to Xenia Xu, "Xenia, come on. You're late for work."

Xenia Xu sat down. Fade Chen quickly pulled her arms around his waist. Then he grinned and said, "I drive very fast. Hold me tightly."

Xenia Xu blushed and held Fade Chen's waist tightly with her arms. She felt an indescribable sense of security.

Then Fade Chen started the bike and was about to

get going. Seeing this, the bald man and the old lady all breathed sighs of relief.

However, they drove not more than two meters away, and the bike suddenly stopped again. This time, their hearts unexpectedly pounded vigorously and almost leapt out of their throats.

At this time, Xenia Xu, who had knocked into Fade Chen's back because of the sudden braking, coyly hit Fade Chen in the back and said in a delicate voice, "Doctor Chen, you are so bad!"

"Xenia, I didn't mean it. Look, there's a ditch ahead!" Fade Chen pointed to a distance less than one centimetre long on the ground and spoke very seriously.

Then, the bald man and the others saw Fade Chen riding the bike away. In the back seat, the lovely girl, Xenia Xu repeatedly slammed into Fade Chen's back, making him express such comfort and satisfaction.

Immediately, the group of people stunned at the spot gradually came to their senses. They had been dumbfounded, but now Fade Chen was disappearing into the distance on the motorcycle.

It took almost half an hour for Fade Chen to return to the office when it would have just taken ten minutes by car. When he finally arrived at the office, he still felt a little overwhelmed.

After parking the bike, Xenia Xu was in a rush to get out of the car. She stood beside Fade Chen with a blushing face and said in a delicate voice, "Doctor Chen, you bullied me!"

Fade Chen immediately shouted that he was innocent. "How could that be? Xenia, don't take me wrong."

"No!" Xenia Xu wrinkled her nose and said shyly with a rosy smile, "How could you ride a motorcycle that way, Doctor Chen? You kept stopping and going."

"Xenia, you've got me wrong. There must be something wrong with your bike. My back is almost swollen by all that impact along the way." Fade Chen stared at Xenia Xu's chest and said without blushing.

"Doctor Chen, you are so naughty, you bully me!. Hum!" Looking at Fade Chen's eyes, Xenia Xu blushed immediately. She snorted and stomped upstairs.

"Xenia Xu's shape was almost on par with Manager Wei!" Fade Chen put his hands in his pockets, whistling, and went upstairs happily.

Back in the medical centre, Xenia Xu rushed in and closed the door firmly. She didn't want to meet Fade Chen at all. Fade Chen was so bored that he could only play solitaire on the computer.

Soon, it was time to get off work. When Fade Chen was about to pack his stuff and go home, the closed

door to the medical center finally opened, and Xenia Xu poked her head out.

Seeing Xenia Xu's cautious look, Fade Chen couldn't help but laugh. "Xenia, you're finally out. Otherwise, I'm going to think that you've been eaten by a wolf in there."

"There is no big gray wolf in the medicine room. Dr. Chen, do you think I am a child?" Xenia Xu came out and wrinkled her nose, she looked adorable.

Fade Chen glanced at her chest with shimmering eyes. "Xenia Xu, of course you're not a child. A child would not be as big as you."

"Ah!" When Xenia Xu saw Fade Chen's eyes, she immediately exclaimed and covered her chest with her hands. Her face was red. She glared at Fade Chen and said, "Doctor Chen, you are making fun of me again."

"Alright, enough of joking. It's time to get off work, Xenia Xu you may go off now." Fade Chen said with a smile.

## Chapter 68

Xenia Xu blushed and she seemed hesitant. However, when she saw that Fade Chen was about to go out, she suddenly said, "Doctor Chen, wait a minute. I would like to treat you for dinner."

"Oh!" Fade Chen was surprised and then grinned, "Xenia, why? Isn't is a date?"

Xenia Xu immediately blushed and said, "Of course not. Please don't overthink, Dr. Chen. I just wanted to express my gratitude since you helped me in the afternoon"

"Well, I see. As my lovely colleague invites me to dinner, I have to say yes." Chen Fei smiled and said, "Let's go. I'm starving."

"Alright!" The young lady smiled and quickly began to pack up.

Forty minutes later, they arrived in a street full of restaurants.

After parking the bike, the two of them walked halfway down the street. Fade Chen decided to get some casual snacks, but Xenia Xu insisted that they go to a proper restaurant.

They walked into the restaurant and called for the waiter to order food. Suddenly, they heard a woman saying. "Hey, Xenia, are you dining here too?"

Xenia Xu turned her head and saw a fashionable young girl with heavy makeup flashing her eyes at them with a smile.

"Christine Fan, what a coincidence!" Xenia Xu greeted her with a smile and introduced Fade Chen at the same time, "This is my classmate."

"Waiter, I'm going to change my seat. When other guests come, let them sit here." Christine Fan moved immediately to Xenia Xu's table and said with a smile, "Xenia Xu, we have graduated for a year and I haven't seen you around. Are you still working in Bay City?"

"Yeah, I'm still working at Fei Enterprises Holdings Inc." Xenia Xu said softly, but her tone wasn't too welcoming.

When Christine Fan heard this, her eyes brightened, and she sighed with emotion, "Hey, Xenia, you are really good! You've joined a big company as soon as you graduated. The work is easy and it's also a privileged work there. I've been working as a nurse in the city hospital for a year. I finally just got promoted after such a long time."

This woman seemed to be complaining about her job, but the meaning behind her words made Fade Chen frown. He understood why Xenia Xu didn't like to speak with her.

"Really? You've been promoted. Congratulations," Xenia Xu said blandly, without a hint of envy.

Christine Fan couldn't help but frown slightly, and her expression was a little bit disappointed. At that moment, the crisp snap of the leather shoes sounded, and a man in his early thirties, dressed carefully, came over.

Seeing him, Christine Fan immediately smiled and waved to the man, saying, "Zach, come here."

The man came over and glanced at Fade Chen and Xenia Xu. He was clearly surprised and smiled as his eyes landed on Xenia Xu.

"Why did you change your seat?" The man sat opposite Christine and asked.

Christine Fan looked at Xenia Xu and said, "I met my ex-classmate. Come over and have a chat."

When Zach Wang heard the word "classmate", he couldn't help looking at Xenia Xu again. With a bright smile on his face, he took the initiative to reach out his hand and said, "Hello, I am Zach. Christine's colleague at the city hospital."

Xenia Xu felt uncomfortable when Zach Wang looked at her. Instead of reaching out her hand, she picked up her teacup and said lightly, "I'm Xenia, Christine's classmate."

Zach Wang was trying to chat further, but the waiter came over with the food. Fade Chen asked Xenia Xu to start having her dinner and intimately picked up some food for her. Xenia Xu smiled, looking very

satisfied.

Seeing this, Zach Wang's face darkened. He looked at over at Christine Fan and whispered, "Christine, your classmate is lovely. You're going to help me to get her and I'm going to give you a promotion."

Christine Fan was a little distressed about that. After all, she had put in so much effort in Zach Wang for several months in order to get a promotion. Unexpectedly, Zach Wang quickly changed his feelings the moment he laid his eyes on Xenia Xu.

She was frustrated. She wanted to make trouble, but she also realized that her appearance was not as good as Xenia Xu's. If she refused directly, Zach Wang would fire her from the hospital. Therefore, she could only help Zach Wang take on Xenia Xu and get some benefits for herself.

But at this moment, they didn't notice that Fade Chen had heard all of the whispers, which made Fade Chen's expression turn cold.

Christine Fan did not notice Fade Chen, but began to assist Zach Wang to chat with Xenia Xu with excitement. "Xenia, Fei Enterprises Holdings Inc is good for now, however, the position is not so suitable for you. You can't get a raise working there. Moreover, working in a hospital seems to be more stable. Have you ever thought about changing your job?"

Without waiting for Xenia Xu's reply, Christine Fan

immediately pointed at Zach Wang and said, "Xenia, Zach is the Director of the Department of Orthopedics at the city hospital. He can assist you in changing your job with just a quick word and transfer you to the city hospital. You know, ..."

Xenia Xu realized Christine Fan's intention and interrupted her quickly. She said blandly, "No, thank you. I am happy working here."

At this time, Fade Chen took the opportunity to pick up some food and whispered what he had just heard to Xenia Xu.

Seeing how intimate they were, Zach Wang could not help but squint his eyes. He looked at Fade Chen and said, "This is..."

Xenia Xu glanced at Fade Chen and blushed slightly. Then she said, "Fade Chen is my boyfriend." Xenia and Fade knew that the pair before them had evil intentions, hence she decided to have Fade Chen pretend to be her boyfriend.

Once Zach Wang heard this, his expression looked a little bit hideous. He glanced at Christine Fan.

Christine Fan understood what was happening. She raised her glass and said to Xenia Xu, "Xenia, how long have you been together? Why haven't I heard of him?"

Xenia Xu said, "Fade Chen is my colleague. We've been together for months."

"Your colleague?" Zach Wang looked at Fade Chen.  
"Mr. Chen is also a medical student? Which medical college did you graduate from?"

Christine Fan said, "Director Wang is a doctoral student at the Bay City Medical Institute. He has overseas study experience. So he became the director of the department at the university despite being so young."

Ignoring the other party's bragging, Fade Chen said humbly, "I haven't studied at any university. I only learned a little Chinese Traditional Medical knowledge on my own."

"Chinese Traditional Medical knowledge?" Zach Wang curled his lips disdainfully and then said, "Oh, since when the requirements of Fei Enterprises Holdings Inc has dropped so low! Mr. Chen is not joking, is he?"

Christine Fan spoke, "Xenia, you are kind and innocent. Don't be cheated by someone, or it will be too late to regret."

Xenia Xu shook her head and said, "Thank you. I can distinguish good and bad by myself."

After that, she fed Fade Chen with food intimately and they continued with their dinner.
