

Chapter 102

After that, Fade Chen beat Charlotte Gao violently, especially her face. Fade Chen punched her several times and this caused her face to become swollen.

For this vicious woman, Fade Chen would not be kind to her.

Charlotte Gao was beaten and she shouted wildly, "I am a celebrity. My company and my fans will never let you live in peace because of this beating. I can assure you that they will never leave you alone."

Seeing this, Fade Chen snorted and said, "At this moment of time, you are still showing off your identity as a celebrity. Since you value this identity so much, then I will never let you be one."

With this, Fade Chen took out his mobile phone, dialed a phone number and asked, "There is a person named Charlotte Gao here. You do know her, right? From now on, I don't want to see her in the entertainment industry anymore. Can you do it?"

When Charlotte Gao heard this, she yelled with her red swollen cheeks, "Who do you think you are? You want to end my career with just a word? Dream on! Today's matter is definitely not over yet. I, Charlotte Gao, will definitely..."

Before Charlotte Gao finished speaking, a voice

came in. "Brother Chen is my friend. If he wants to end your career, it's just a matter of a word."

"Who are you..." Charlotte Gao shouted and turned to look at the entrance of the backstage, only to see a fat young man walking in.

Suddenly, she was stunned. "Young Master Huang, why are you here?"

It was Scott Huang, the young master of the entertainment industry in Bay City.

Scott Huang glared at Charlotte Gao and said in a cold voice, "How dare you are to trouble my Brother Fade. Why do you think I'm here?"

"Brother Chen?" Charlotte Gao couldn't think clearly. She looked at Fade Chen with an incredible expression, "Young Master Huang, is he the Brother Fade that..."

"He is." Scott Huang said coldly, "Charlotte Gao, you've been blinded by lard recently. How dare you hit my Brother Chen? You're courting for your own death."

At this moment, Charlotte Gao finally came to her senses. Only then did she understand why Yuri Zhang, a poor student like her, could let those stars come and to support her. It turned out that everything that happened was because of Fade Chen.

In an instant, Charlotte Gao felt a chill all over her

body. She quickly apologized, "Young Master Huang, Brother Fade, I was wrong, I..."

Fade Chen coughed and interrupted Charlotte Gao's words. At the same time, he frowned unhappily.

Scott Huang understood and looked at Charlotte Gao coldly, saying, "From now on, you don't have to come to the entertainment industry of Bay City. There is no place for you."

This sentence made Charlotte Gao feel like she had been struck by lightning, and she was stunned. Because she knew that Scott Huang's words were not a joke, but a real fact that could cut off her future.

As long as this news spread, Charlotte Gao, could never be a celebrity in Bay City in the future.

For a moment, Charlotte Gao felt cold all over her body, as if she had fallen into a bottomless abyss. She was stunned and almost fainted.

On the other side, Leonard Zhu, who was lying on the ground, secretly climbed to the exit and was ready to escape.

However, Fade Chen shouted coldly, "Where do you think you are going?" Immediately, Leonard Zhu was petrified and dared not to move.

Looking at Fade Chen who was walking toward him, Leonard Zhu gritted his teeth and said, "Fade, if you dare to touch me. Even if you have Scott Huang's

support, my father will not leave you alone.."

After that, Leonard Zhu looked at Scott Huang again and shouted, "Scott, I am not afraid of you. If you let him to leave immediately. I will not pursue this matter."

Scott Huang looked at Leonard Zhu, shook his head in amusement, and said, "Leonard, shame on you. You called yourself the rich of Bay City. But, you didn't even figure out the most basic thing!"

"What do you mean?" Leonard Zhu was puzzled.

Scott Huang said, "What do I mean? It means that you don't know who this great man is at all."

"This great man?" Leonard Zhu's face changed and he suddenly looked at Fade Chen. "Aren't you his backer? What kind of man is he?"

Scott Huang smiled and said, "I'm not qualified to be Brother Chen's backer. If Brother Fade is willing to accept me as a busboy. I can already celebrate."

"What!" Leonard Zhu was shocked. "Is he so powerful? Who is he?"

"Who is he?" Scott Huang said, "Leonard, you are really a fool. You don't even know Brother Chen, but you still dare to come out and make trouble. You are an idiot looking for death."

"Brother Chen? Brother Chen, this name..." Leonard Zhu chewed on this name and seemed to have thought of something.

At this time, his mobile phone rang, and Leonard Zhu picked up the phone instantly. "Hello..."

"Leonard, it's me, Yasmin! I have an urgent matter..."
A woman's voice came from the other end of the phone.

When Leonard Zhu heard the name, he was immediately impatient and was about to hang up the phone. "How many times have I told you? Abort the baby. Don't..."

Then, Yasmin Huang said in a hurry, "Leonard, it's not about the child. It's about Fade, the one that Momo brought with her..."

"Fade!" Leonard Zhu trembled when he heard the name. He couldn't help glancing at Fade Chen and immediately asked, "What, what's the matter?"

Yasmin Huang hurriedly said, "Leonard, don't trouble Fade anymore. Don't provoke him. Don't think about revenge!"

Hearing this, Leonard Zhu felt a chill in his heart. Yasmin Huang's words had arrived late. "What do you mean?"

Yasmin Huang said, "Leonard, Fade is not an ordinary person. I heard that he is very influential in the country. Even Young Master Wei of the North Bay City has to call him Brother Chen when he sees him. Don't..."

Upon hearing this, Leonard Zhu was stunned and

completely dumbfounded.

Young Master Wei of the North Bay City, Tom Wei of Long Enterprise, he is such a big shot, but he still needs to call Fade Chen, Brother Fade when he met him.

This, this is simply...

At this time, Leonard Zhu finally understood the meaning of Yasmin Huang's words.

For a moment, Leonard Zhu felt dizzy and cold in his heart. He held his last breath and said, "Yasmin, if you had known Fade's identity, why didn't you tell me earlier?"

On the other side of the phone, Yasmin Huang felt wronged and said, "I didn't know it until recently, and I was beaten up. Besides, I wanted to go to your house, but they didn't let me in. I called you, but no one answered. So..."

Hearing this, Leonard Zhu remembered that during the period when he was recuperating in the hospital bed, the phone was turned off. So he missed this important message.

At this moment, Leonard Zhu looked up at Fade Chen again and felt that the man in front of him had turned into a giant and looked very tall.

Leonard Zhu forced a smile and approached Fade Chen, saying, "Brother Fade, I'm blinded but I knew my mistake now. I was wrong. I will change it. There

will be no next time. You are such a generous and kind-hearted man. Please forgive me."

Fade Chen said coldly, "Destroy one of your arms and then get lost!"

Chapter 103

Leonard Zhu's expression froze and he hesitated for a moment. Then, he clenched his teeth, picked up a stick, held it in his right hand, and slammed it into his left arm.

With a crisp sound, Leonard Zhu screamed out loud. His forehead was dripping with sweat, blue veins stood out, and his eyes were bloodshot.

Obviously, this was not an easy job, especially for Leonard Zhu, a pampered young master.

Holding onto his left arm, Leonard Zhu slightly raised his head and looked at Fade Chen. Seeing Fade Chen nod slightly, he immediately rushed out as if he had been granted amnesty.

After Leonard Zhu left, Charlotte Gao was even more disappointed. Even Young Master Zhu was afraid of Fade Chen. Surely, she had no chance to turn over. From now on, her career in the entertainment industry would cease to exist, even in the whole of Bay City.

Thinking of this, Charlotte Gao couldn't breathe and fainted.

Fade Chen frowned when he saw Charlotte Gao fainted but still left with a group of people.

However, when he walked to the door, he seemed to

have thought of something and suddenly turned around. Fade Chen looked at Director Huang, who was lying on the ground pretending to faint, and said coldly, "Director Huang, you don't have to go to work tomorrow at Bay City University."

After that, Fade Chen and the others strode away.

Director Huang, who was lying on the ground, felt a chill in his heart. He wanted to cry but had no tears. Looking at Teacher Xu, who went out with Fade Chen, he knew that he had lost completely. He had not only lost the competition with Teacher Xu, but also his work, and there was no possibility of second chance.

After leaving school, Fade Chen and others found a barbecue restaurant at the side of the road and ate with beer.

At the dinner table, Scott Huang kept praising Yuri Zhang while eating, saying that the celebrities would not stop calling him after they returned, that Yuri Zhang was born to be a star, so he must sign her contract and train her well.

Scott Huang gave Yuri Zhang an opportunity on the spot and asked her if she wanted to be a star. As long as she want to do it, Scott Huang will immediately sign her and try his best to train her.

Such straightforward praises made Yuri Zhang shy. She didn't say a word, just lowered her head and ate the food on the table. She was too shy to respond.

As for Momo Soo, when she heard that Yuri Zhang had the opportunity to be a star, she suddenly became excited. She kept glancing at Yuri Zhang and persuade her in a low voice. Finally, after a meal, Yuri Zhang could not help but be moved.

After all, she was a young girl in her prime age. Everyone had dreamed of becoming a star, and everyone wanted to be pursued by the public. However, Yuri Zhang was introverted and shy, plus her family welfare wasn't that good, so although she was moved, she did not agree on the spot, but said that she would go back and think about it.

In this regard, Fade Chen had no objection. He thought it was good to follow Yuri Zhang's idea. No matter what her decision is, she could just inform Scott Huang about it.

After midnight, they said goodbye to each other and went home. Fade Chen walked Momo Soo and Yuri Zhang back to the rented house outside the school.

Seeing the two women enter the room, Fade Chen waved goodbye, took out the car key, and was ready to drive home.

At this time, Yuri Zhang rushed out. She stopped Fade Chen and said, "Brother Chen, wait a minute!"

"What's wrong, Yuri?" Fade Chen turned his head and said with a smile, looking at the blushing Yuri Zhang.

Yuri Zhang pointed to the car key in Fade Chen's

hand and said, "Brother Chen, are you driving home now?"

"Yeah!" Fade Chen said.

Yuri Zhang shook her head and said, "Brother Chen, you've drank a lot. You can't drive. It's dangerous."

Fade Chen waved his hand indifferently and said with a smile, "It's okay. It's just two bottles of beer. I can't get drunk with this little liquor."

Yuri Zhang, however, looked serious. She stood in front of Fade Chen and said solemnly, "Brother Chen, it is illegal to drive after drinking. Moreover, it's late at night. It's too dangerous for you to go back like this."

Looking at the serious Yuri Zhang, Fade Chen scratched his head and said with a smile, "Yuri, you don't let me return home but it is so late already. Where should I rest? I can't sleep here."

Fade Chen said casually, but he didn't expect that Yuri Zhang's pretty face turned red. After hesitating for a while, she blushed and nodded to Fade Chen, saying, "Brother Chen, you can sleep here!"

"Ah!" At this time, Fade Chen was shocked. He looked at the shy beauty in front of him. His mind was all over the place, and he couldn't help thinking of some plot in some movies.

Yuri Zhang seemed to perceive the ambiguity in her words and hurriedly explained, "Brother Chen, I have

no other meaning. I mean, I can sleep with Momo. You can sleep in my room."

Fade Chen touched his head, looked at the sincere eyes of the little beauty, nodded and said, "Well, I'll rest here for a night. As long as you two little beauties don't mind."

Then, Fade Chen followed Yuri Zhang back to the room. Yuri Zhang then explained to Momo casually.

After listening, Momo rolled her dark eyes and jumped to Fade Chen. She held Fade Chen's arm and said with a smile, "Brother-in-law, are you planning to sleep here today?"

Fade Chen looked at Momo and felt that something was wrong. But he still nodded and said, "Yuri said that it was dangerous to drive after having a drink, so she asked me to rest here for a night."

"Oh..." Momo Soo rolled her eyes and dragged the tone. She took out her mobile phone and looked at Fade Chen with a smile. "Brother-in-law, then I'll call my sister and tell her that you'll sleep with us tonight."

Hearing this, Fade Chen almost fell to the ground. He quickly grabbed Momo Soo's mobile phone and said with a smile, "Momo, there's no need to call, no need."

Momo looked puzzled and said, "Brother-in-law, why is there no need to call? It's so late. You haven't

returned yet. What if my sister is worried?"

Fade Chen was speechless and said, "No, I will tell your sister."

Momo picked up the phone again and said, "Brother-in-law, it's different if you say it. It's more convenient for me to say it."

"Momo, don't, don't!" Fade Chen was anxious. He couldn't imagine how Quin Lin would react if she heard Momo telling her that her husband was going to sleep with them tonight.

"Why not? Brother-in-law!" Momo Soo pretended to not understand.

"I'm afraid that your sister will misunderstand, I'll call so that she won't think too much!" Fade Chen held Momo Soo's mobile phone.

"What's the misunderstanding? It's nothing to us, it's just brother-in-law sleeping together with us." Momo Soo said again, deliberately emphasizing the words "sleeping together". At the same time, her big watery eyes rolled, and there was a smile at the corner of her mouth.

Fade Chen realized that the little girl was teasing him. He gritted his teeth and raised his palm. "Momo, you dare to tease me, I'll teach you a lesson."

Momo ran around in the house, running and shouting, "Help, brother-in-law wants to hit me,

19:24

brother-in-law wants to beat me!"

Fade Chen's was helpless whenever he meets with Momo Soo. "This little girl!"

Chapter 104

After debating with Momo Soo for a long time, Fade Chen finally convinced Momo Soo not to call Quin Lin with a bribery of fulfilling one of her wishes.

Fade Chen was relieved. Then he called his wife and was about to talk about the matter of not going back at night. Unexpectedly, his wife's mobile phone was turned off when he called her.

Looking at the time, Fade Chen found that it was already past ten o'clock in the night. According to Quin Lin's daily routine, she had already turned off her mobile phone and went to sleep.

Fade Chen had no choice but to hang up the phone and decided to explain it to Quin Lin earlier tomorrow.

After washing up, Momo Soo slept in the same bed as Yuri Zhang, while Fade Chen slept in Yuri Zhang's room.

Compared to Momo Soo's room, Yuri Zhang's room was much simpler. There were not many cosmetics or toys. Apart from a bed, there was only a desk and a simple wardrobe.

The things on the bed were also the same old hand-made style. Although they were simple, they were very neat and clean with tiny creases. It was obvious

that Yuri Zhang had changed them for Fade Chen.

Fade Chen immediately lay down. Then, he felt his body fall into the softness of the bed, and there was a faint fragrance on the pillow. Fade Chen felt calm and comfortable. He closed his eyes and soon fell asleep.

At night, in a daze, Fade Chen heard some noise, faintly accompanied by a suppressed grunt.

Fade Chen woke up immediately.

Fade Chen opened his eyes, with the moonlight that came in through the window. He saw a figure creeping in the room.

Fade Chen was alert. His relaxed body suddenly became tense. He held his breath and his eyes moved with the figure in the house.

The figure moved gently in the room, afraid to wake Fade Chen up. The figure walked gently to the wardrobe and opened the door of the wardrobe. The figure groped inside and seemed to be looking for something.

But a few minutes later, the figure seemed to not find anything. Instead, the figure stood for a while with hands covering the abdomen. Then, the figure gently closed the wardrobe and crept to the bed. The figure seemed to hesitate, and then stretched out a hand towards the bed.

"Thief, killer?"

Fade Chen was extremely alert. With the movement of the figure, his tight body bounced up from the bed.

Before the figure could react, Fade Chen covered the man's mouth with one hand and slammed the man's chest with the other hand, causing the man to fall heavily onto the bed.

Fade Chen was very powerful. After holding the figure down, he immediately raised his fist and was ready to fight.

But when Fade Chen pressed his hand on the chest of the figure, he suddenly felt something was wrong. At the same time, a muffled groan was heard from the mouth covered by Fade Chen's hand.

"A woman!" Fade Chen was shocked. He turned on the lamp at the bedside and looked at the figure pressed down by him.

The lamp beside the bed emitted a soft warm yellow light, Fade Chen was stunned when he saw the figure clearly, and his face was full of surprise.

Because this figure was not someone else. It was Yuri Zhang.

At this moment, she was wearing a thin pyjamas and her mouth was covered by Fade Chen's hand. Her cheeks were red and her eyes were full of tears. She was like a delicate flower.

"Yuri, why are you here?" Fade Chen released his

hand from her mouth and asked in surprise.

Yuri Zhang immediately took a few deep breaths, and then her face turned redder. She glanced at Fade Chen, and her eyes immediately flashed over, whispering, "Brother Chen, you, your hand!"

"Ah, my hand? This... oh... Ahem!" Fade Chen looked down and found that his hand which covers Yuri Zhang mouth moved away, but his other hand remained the same position all this while.

"I'm sorry! Yuri, I didn't mean it. I thought it was a bad guy, so..." Fade Chen quickly moved his hand away, got up from Yuri Zhang, and explained.

Yuri Zhang's face was red. She lowered her head and adjusted her pyjamas which were messed up by Fade Chen. She whispered, "It doesn't matter. Yes, it's my fault. I broke in at midnight, so it's natural that you misunderstood."

At this point, Fade Chen thought of Yuri Zhang's action just now and asked, "Yuri, why did you come here in the middle of the night? Are you looking for something?"

When Fade Chen asked this, Yuri Zhang's face turned redder. Her eyes flickered and she lowered her head. "No, nothing. I'm fine. Brother Chen, go to sleep. I'm leaving now."

While Yuri Zhang spoke, she quickly got up from the bed and wanted to leave.

However, when Yuri Zhang was halfway through, her cheeks suddenly twitched and she moaned in pain. She covered her stomach with both hands and fell onto the bed again.

When Fade Chen saw this, his eyes narrowed. He rushed forward and said with concern, "Yuri, you are ill."

"I..." Yuri Zhang blushed and looked a little embarrassed to speak.

Fade Chen looked at her painful look with his hands covering her abdomen. How could he not understand what had happened at this moment? "Yuri, are you having your period?"

"Yes!" Yuri Zhang nodded shyly and answered. Then she explained in a lower voice, "I, I came to the room to find something to change."

Fade Chen naturally understood what she was mentioning. He turned over the bed. "Have you found it? Where is it?"

When Yuri Zhang saw this, her cheeks turned redder. She quickly shook her head and said, "I think I've run out of it. It's fine, I'll just endure it."

As soon as she finished speaking, a sharp pain came, which made Yuri Zhang's pretty face suddenly frown. She bent down like a shrimp.

Seeing this, Fade Chen held Yuri Zhang down and said seriously, "How can you tolerate this? Lie down

quickly, I'll treat you."

With this, Fade Chen pressed Yuri Zhang's shoulders with both hands, guiding her to the bed. Then, his eyes shifted to Yuri Zhang's sleeping pants, finding a bright red color.

Yuri Zhang was shy again, and her cheeks began to heat up. She whispered, "Brother Chen, no need. I, I will go and borrow from Momo."

Fade Chen held Yuri Zhang down and said seriously, "This is not a problem of changing things. You have a period cramp. It's an illness. It needs to be treated!"

Yuri Zhang whispered, "Is this an illness? I'll be fine after I endure it."

Hearing this, Fade Chen looked at Yuri Zhang who was dressed simply. Somehow, he felt a little emotional.

His voice became soft and explained, "Yuri, this is an illness. You can't endure it. Otherwise, if you endure a minor illness it'll turn and become a serious illness in the future. At that time, you will be in trouble."

Looking at Fade Chen's caring eyes and gentle words, Yuri Zhang felt a warm feeling gushing out of her heart.

Chapter 105

"I know, Brother Chen. I won't do it again next time."
Yuri Zhang whispered.

Seeing this, Fade Chen purposefully put on an angry expression and shouted in a low voice, "What next time? Now, you should treat yourself well. Lie down and I'll treat you."

Yuri Zhang looked at Fade Chen in surprise and said, "Brother Chen, you know how to treat illness?"

Fade Chen suddenly laughed and said, "Of course. Yuri, it's not that I'm bragging, but my medical skills are one of the best. Only a few people in the world can surpass me."

"Really?" Yuri Zhang looked at Fade Chen with a look of disbelief.

"Little girl, are you really doubting your Brother Chen?" Fade Chen snorted, "If you don't believe me, then I will immediately show you how I cure your illness."

While speaking, Fade Chen reached out his hands to Yuri Zhang's lower abdomen.

Seeing this, Yuri Zhang instinctively felt shy. She bent her body to avoid Fade Chen's big hand.

Seeing this, Fade Chen held Yuri Zhang down and

said, "Yuri, you can't avoid my hand! Don't worry, Brother Chen's medical skills are very good. I'll cure you in a while. It won't hurt any more."

"Really?" Yuri Zhang blushed.

"Try it if you don't believe me!" While speaking, Fade Chen lifted the hem of Yuri Zhang's pajamas.

Looking at the white skin and slender waist, Fade Chen felt his heart beat racing and swallowed hard. He widened his eyes and said, "Yuri, I'm going to give you a massage. Please endure it!"

"Yes!" Yuri Zhang's body had never been exposed to a young man like this. Not only her cheeks but also all her skin began to turn red and hot.

Seeing Yuri Zhang's shy expression, Fade Chen felt a little hot in his heart and couldn't help swallowing again. He quickly calmed down and rubbed his hands quickly.

After rubbing his palms, Fade Chen pressed his hands down and began to massage them.

Unconsciously, Yuri Zhang felt that the pain in her abdomen had eased a lot, and her body was sweating with Fade Chen's massage.

Moreover, because of Fade Chen's massage action, the pajamas that were lifted had moved up a long distance. As a result, Yuri Zhang's breasts were half exposed, which made Fade Chen stare at it from time to time.

Seeing Fade Chen's strange eyes, Yuri Zhang was very shy at that time. She quickly pulled her clothes and wanted to get up, saying, "Brother Chen, I'm no longer in pain. It's all right. You can rest!"

Fade Chen quickly pressed Yuri Zhang down and said seriously, "It's not cured yet! You don't feel pain now, it's just to cure your illness today. The real problem has not been solved yet. Lie down!"

Yuri Zhang could only lie down with a shy face. She felt a surge of heat coming in. Not only her abdomen but also her whole body felt much more relaxed, as if she was bathing in a hot spring, comfortable and relaxed. She couldn't help but hum.

Hearing this voice, Fade Chen's heat rose again.

Fade Chen moved faster and continued to massage. A quarter of an hour later, Fade Chen took a deep breath, retreated his hands and said to Yuri Zhang, "Yuri, it's over!"

Yuri Zhang was immersed in the comfort. After a few seconds, she came to her senses. When she saw Fade Chen's straight eyes, she suddenly felt extremely shy. She quickly sat up from the bed, pulled down her pajamas, lowered her head and said, "Well, uh, thank you, Brother Chen. I, I feel completely better. I, I am going to sleep. Brother Chen, you rest too!"

Fade Chen's eyes moved away from her reluctantly, then he nodded and said, "Well, you should rest

early!"

With this, Fade Chen was ready to open the door and send Yuri Zhang away.

But at this moment, the door was opened outside, and then Momo Soo's confused voice sounded. "Yuri, where are you? Are you in the bathroom?"

Yuri Zhang, who was about to go out, suddenly stayed where she was. Her cheeks were flushed and she don't know what should she do.

At this time, Momo Soo seemed to have walked to the bathroom. She opened the door and looked at it. She muttered, "She's not in here? It's strange. Where is Yuri?"

Momo Soo walked around the living room and then moved towards Yuri Zhang's room.

Suddenly, the two in the room became nervous.

Fade Chen scratched his head and scratched his ears. He was shouting in his heart, "Why is that whenever I did something, I will be misunderstood. Oh my!"

Beside him, Yuri Zhang was even more shy and nervous. Her whole body was completely stiff and she stood there, not knowing what to do.

At this moment, Su Mo had already walked to the door of the room. She knocked on the door gently and said, "Brother-in-law, are you there? Are you awake?"

Fade Chen's scalp tingled and he didn't know how to answer. He was ready to pretend to fall asleep.

"Brother-in-law, you must be awake! I saw that the lights in your room were all on!" Momo Su said.

Fade Chen looked at the dim lamp and suddenly patted his head. He almost wanted to throw the lamp away.

"Brother-in-law, talk to me? Yuri is gone. She's not in the room, is she?" Momo Soo said.

Suddenly, Fade Chen was so scared that he almost jumped up. Yuri Zhang's face was redder. Her heart was beating so fast that even Fade Chen could hear it clearly.

"Brother-in-law, what's wrong with you? Is it true? Is Yuri with you?" Momo Soo said in surprise.

Fade Chen made a gesture of silence to Yuri Zhang, then coughed and said, "Momo, it's so late. Why don't you sleep?"

"Brother-in-law, you are really awake!" Momo Soo said, "I woke up and found that Yuri was gone. Do you know where she is?"

Fade Chen said in surprise, "Ah, Yuri is missing."

"Well, I've looked at the bathroom, kitchen, and the balcony, but I didn't see her. Is she here?" Momo Soo said.

Fade Chen quickly denied, "Of course not. How

19:25

could Yuri be here with me? Maybe, maybe she went out!"

Chapter 106

"Went out? Why? Where would she be going at late night?" Momo Soo was confused.

Fade Chen felt that his head was going to burst. He said it in a dry voice, "Maybe something happened, who knows! Don't worry about it. Go to sleep."

Momo Soo didn't move but said stubbornly, "Brother-in-law, why don't you worry about Yuri Zhang at all? It's so late now, and a girl went missing. How can you say not worry about anything?"

Fade Chen was speechless and could not think of a better reason to explain it. He could only vaguely say, "Yuri has always been very careful and stable. She will be fine. It's getting late now, you still have to attend class tomorrow. Go to bed early!"

"Brother-in-law, I felt something suspicious about you!" Momo Soo paused for a few seconds and suddenly spoke out which startled Fade Chen with her voice, "You usually don't act like this. Are you hiding something from me?"

"How come? Momo, don't think too much! Go to sleep!" Fade Chen said in a hurry.

"No, brother-in-law! You're acting weird today. Open the door and let me in." Fade Chen patted the door.

Fade Chen didn't dare to open the door. "Momo, it's

late. You're a girl. Why did you come into my room? It's not good."

Momo Soo said with unconcerned tone, "You are my brother-in-law. It's not a bad thing for me to enter your room. Besides, it's not as if you hadn't seen it before. You didn't say anything bad at that time, but now you are so twisted."

Hearing this, Yuri Zhang stunned and looked surprised at Fade Chen with her dark eyes.

Fade Chen felt that his mind was about to burst. He quickly waved his hand to Yuri Zhang and whispered, "It's a misunderstanding, a misunderstanding." Then he turned away and shouted to Momo Soo, "Momo, don't talk nonsense."

However, Momo Soo seemed to be flirting with Fade Chen and said, "Brother-in-law, I didn't talk nonsense. The last time you came home at night, you rushed into the bathroom and saw me in the shower. Have you forgotten what you promised me to do?"

Yuri Zhang, who had just cleared up her doubts, stared at Fade Chen again.

Fade Chen didn't know how to explain, so he just waved his hand once again and didn't say anything.

Meanwhile, outside, Momo So was still patting on the door. "Brother-in-law, let me in! You're pushing me around, aren't you? Yuri Zhang is in your room, right? What are you trying to do to Yuri?!"

As soon as Momo uttered those words, Fade Chen and Yuri Zhang were both shocked. They looked at each other and blushed.

Fade Chen hurriedly said, "How is it possible? Momo, don't think too much."

Momo Soo still insists, "I don't overthink. Brother-in-law, if you don't open the door, it means that you have a guilty conscience. I will tell my sister that you slept with us and bullied my classmates in the middle of the night."

"Momo, don't talk nonsense! Your sister gonna kill me if you do so!" Fade Chen tried to weep but failed to shed a tear.

"Then, open the door and let me have a check, if Yuri Zhang is in your room." Momo Soo said.

Fade Chen was going crazy. Looking at Yuri Zhang who was completely stunned, then he whispered, "Yuri, why don't you hide? She's not going to stop until she is done with the inspection."

Yuri Zhang nodded, then Fade Chen looked around the room and he was going to cry again.

The interior design of the room was simple. There was no hiding place. There was only a small wardrobe, which was that kind of composite board. Hiding in it might not be able to withstand the weight of a person. The bottom of the bed can be the hiding place, but it was one that was almost

certain to be examined, and could not be concealed at all.

Fade Chen was still looking for a place to hide for Yuri Zhang. Outside the door, Momo Soo was patted the door again and urged him. She even took out her mobile phone and called to threaten him. "Brother-in-law, if you don't open the door, I'll call my sister!"

"No, Momo, don't mess around!" Fade Chen's forehead was full of sweat, and his eyes scanned the room once again, but still couldn't find a place to hide. At last, he stopped his view on the bed, and his eyes lit up. He whispered to Yuri Zhang, "Yuri, get into the bed and cover yourself with the quilt, and don't make any noise."

Yuri Zhang was in a complete daze, and just followed what Fade Chen's order. She nodded and sat down on the bed and got under the quilt.

Fade Chen tidied up the bed, covered Yuri Zhang nicely, and was about to open the door. At this moment, he saw the slippers beside the bed, his scalp tingled. He quickly picked them up and stuffed them into the bedside table.

Then, Fade Chen walked to the door and gently opened it. He quickly rushed back and once lay back on the bed. He coughed and said, "Momo, the door is open. You can come in now!"

Momo Soo pushed the door open with a suspicious look. After entering, she quickly scanned through

room, but there was no sign of Yuri Zhang. Then she began to walk inside.

"Brother-in-law, you really don't know where Yuri Zhang is?" Momo Soo walked towards the wardrobe while chatting with Fade Chen. She pretended to be casual and opened the wardrobe.

Seeing that there was no one inside, Momo Soo turned away with disappointment.

Seeing Momo's expression, Fade Chen was about going crazy and thinking this little girl insisted on catching something on him. However, Fade Chen act normal and said, "Didn't I tell you all about it? I don't know where Yuri Zhang is!"

"Oh, really?" Momo Soo still looking incredulous and paced to the bedside, then glanced at the bed. She deliberately knocked down a small hairpin on the bedside table, bent over to pick up the hairpin, pull up the bed sheet, and looked under the bed.

As a result, it was empty. Momo Soo's facial expression changed and she muttered to herself, "Is Yuri Zhang really not here?"

"Momo, it's late at night. What are you doing? Go back to bed now!" Fade Chen said.

However, Momo Soo still unwilling to leave. She continued to look around the room. When she found that there was really no other places to hide in the room, she could not help but be suspicious. She

turned around and walked to the door.

Fade Chen let out a sigh of relief and moved instinctively.

However, he forgot that there was someone under the quilt. Yuri Zhang, who was hiding under the quilt, curled up together and tried to narrow the space as much as possible, and almost all of her body was attached to Fade Chen in order to hide from Momo Soo.

Fade Chen accidentally moved and touched on the place where he shouldn't have touched, causing Yuri Zhang to make a very slight noise.

Fade Chen responded quickly with few fake cough to cover up the sound.

But at this moment, Momo Soo seemed to have noticed something unusual and stopped at the door. Then, she turned around, looked at the bed and began to look at it suspiciously.

Fade Chen's heart tightened and he thought that something bad was going to happen. The sweat on his forehead began to drop.

Chapter 107

In secret, the hands under the quilt moved gently, and it made Yuri stuck close to Fade who was trying to cover up the traces of her body, so that Momo Soo could not see it.

Momo Soo walked to the bedside of Fade Chen. Looking at Fade Chen who was full of sweat on his head, she asked confusedly, "Brother-in-law, why are you sweating?"

Fade Chen laughed humorlessly and said, "It's hot! Summer has not yet passed, and I didn't expect it to be quite hot at night."

Momo Soo rolled her eyes and immediately asked, "If it's hot, why are you still covering yourself with such a thick quilt? Aren't you afraid of getting prickly heat?"

Fade Chen was speechless while his mouth moved. He really didn't know how to explain it.

Meanwhile, under the quilt, Yuri Zhang was very nervous too.

At this moment, Momo Soo's hand reached out for the quilt, as if it was for Fade Chen, and said, "Brother-in-law, look, there is more sweat on your head. Don't cover the quilt anymore. Let me lift it for you."

As she spoke, Momo Soo's hand had already grabbed the corner of the quilt and was about to pull it away.

Fade Chen act quickly and held the quilt with his hand and shooked his head. "No! Momo, no!"

Momo Soo stared at Fade Chen, she held the quilt with both hands tightly without letting it off. With a doubtful look on her face, she said, "Brother-in-law, why are you rejecting? Is there any secret hidden under the quilt? Or is there anyone underneath it?"

These words made Fade Chen's heart beat even faster. Yuri Zhang was also shocked. She hugged onto Fade Chen's waist and completely lay on his body due to the nervousness.

"Momo, don't mess around. Go to sleep. What secret can there be under my quilt?" Fade Chen wiped off the sweat from his forehead and said to Momo Soo with a smile.

Momo Soo was even more suspicious, so she used her hands to lift the corner of the quilt with some strength.

Fade Chen was so anxious that his heart almost beaten out from his mouth.

At this critical moment, he suddenly had an idea. He let go of his hands and put them behind his head. Then he leaned on the bed back and looked at Momo Soo with a relaxed smile. He said, "Momo,

you really wanted to lift the quilt, and don't be regret it for doing it!"

"Hmmm? Regret? Why would I regret it?" Momo Soo was confused, but she stopped.

Seeing that his plan worked, Fade Chen became calmer. He rolled his eyes and said with a smile, "Momo, there is a big secret under my quilt!"

"What is the big secret about?" Momo Soo was even more curious and confused.

Fade Chen lowered his voice with a smirk, then he waved to Momo Soo and said, "Come closer, I'll tell you."

Momo Soo was full of curiosity. She came over and asked, "Brother-in-law, hurry up and tell me!"

Fade Chen whispered, "Momo, I like to sleep naked. So, I am not wearing anything right now. If you lift the quilt, I'm not the one to suffer a loss!"

Momo Soo was stunned after hearing and her face quickly turned red. She stared at Fade Chen and spat, "Brother-in-law, you, why are you such a hooligan?"

Fade Chen spread out his hands and said innocently, "Momo, how do I look like a hooligan? You came to knock at the door in the middle of the night and insisted on coming into my room. I hurried to put on my clothes, but I didn't have time to wear them. If it weren't for you, I wouldn't cover myself with such a

thick quilt in such a hot day!"

Fade Chen deliberately grabbed a corner of the quilt, lifted it up purposely, and said, "Oh, I've covered it for so long. It's really hot!"

"Brother-in-law, you are a hooligan!" Momo Soo glared at Fade Chen and quickly loosened her grip. Then she turned her head and ran out of the room, slamming the door.

Fade Chen finally able to let out a sigh of relief. He quickly got up and locked the door. Then, he lifted the quilt and allow Yuri Zhang to come out.

At this point, Yuri Zhang was sweating all over. Her long hair was sticking to her forehead. Her pajamas were wet with sweat, sticking to her tender skin, revealing a faint scenery. Her pretty face was redder than ever. It was unknown whether it was because of shyness or heat.

"Momo is gone, it's all right now!" Fade Chen comforted Yuri Zhang. However, when he finished his words, he felt that something was wrong. Why did it look like there's something shady going on between him and Yuri Zhang.

Yuri Zhang was full of shyness and she didn't dare to look at Fade Chen. This was because the two who had been under the quilt just now were only separated by two layers of pajamas and their bodies were almost stick together.

Yuri Zhang lowered her head and found out that her pajamas were soaked and affixed to her body. She blushed and her cheeks were so hot that it almost smoked.

Yuri Zhang lowered her head and walked to the door. "Fade Chen, I'm leaving."

Fade Chen quickly reached out to stop Yuri Zhang and said, "Momo had just left and hasn't slept yet. It wouldn't be nice if she found out. You can't leave until she's asleep!"

Yuri Zhang was stunned for a sec and then nodded. She stood still where she was, and using her hands covering over her soggy wet pajamas. She felt overwhelmed.

Fade Chen felt itchy in his throat. He couldn't help but kept salivating. His body started to feel a little hot, and seemed to have a reaction at the same time.

Fade Chen couldn't help but felt embarrassed. He quickly looked away from Yuri Zhang and said, "Yuri Zhang, how about this? You can have a rest on the bed and wait until Momo falls asleep before you can go out."

Speaking of resting on the bed, two of them seemed to have uncontrollably recalled the scene on the bed, then their cheeks turned red and hot.

Fade Chen felt that he could not control himself

anymore. If this continued, he might really lose his control.

So, Fade Chen went to the door and said to Yuri Zhang, "Yuri Zhang, you can take a rest inside and close the door. I'll go to the bathroom."

After that, Fade Chen opened the door and made a few probing observation. After making sure that Momo Soo was not around, he went out quickly.

After getting into the bathroom, Fade Chen splashed cold water on his head a few times. He suppressed the anger in his heart, and then muttered to himself, "Fade Chen, ever since getting a taste of my wife, my sense of control is getting worse!"

At the thought of his wife, Fade Chen burst into tears again. As his nominal wife, not to mention having sex with her, they have never even slept in the same room before!

Living together with such a beautiful wife whom one can only dream of but was unable to reach. It would be harder to bear than to be single every day!

For a moment, Fade Chen was full of tears!

Chapter 108

Fade Chen stayed in the bathroom for about 15 minutes. After making sure that Momo Soo was asleep, he quietly came to the door of the room, knocked on the door, then slowly entered into the room.

Then, they discussed together and found a reason for Yuri Zhang. To say that Yuri Zhang's menstruation came at midnight and she went out to the convenience store to buy supplies.

After the verbal agreement, Yuri Zhang tiptoed walk out of the room and reached the gate. She deliberately opened and closed the door to make a noise. Then, she stomped towards Momo Soo's room.

After seeing Yuri Zhang entered into her room, it was a relief for Fade Chen. He closed the door and lay back on the bed, ready to continue to sleep.

As he lay in bed, Fade Chen found himself in a tragedy.

His thoughts were completely out of control. When he thought of the bed, he eventually linked it to the scene where Yuri Zhang and him were in bed just now. The heat that had been suppressed by cold water in the bathroom started to burn up again.

So, in the middle of the night, Fade Chen couldn't fall asleep at all. He kept his eye widely open due to insomnia. He then started to count sheeps to let himself fell asleep.

At seven o'clock in the morning, the two little beauties got up. After washing up, they were ready to go to class.

Fade Chen also got up with dark circles and greeted the two girls, then, he was ready to leave. However, when Yuri Zhang saw Fade Chen, a dusky blush rose to her cheek, she became even shyer than before. She didn't dare to look at Fade Chen's eyes at all. She lowered her head and hurried past with a blushing face.

Fortunately, Momo Soo seemed to believe Yuri Zhang's words and did not notice anything unusual. At this point, Fade Chen felt relieved.

The three went out together. The two girls went to school, while Fade Chen was ready to drive his car to go to work directly.

On the way, Fade Chen took out his mobile phone and called his wife to explain what happened last night.

When the phone was connected, Quin Lin's cold voice came from the other side as soon as Fade Chen called her "Honey". "Where are you?"

Fade Chen's heart skipped a beat. He sped up while

explaining, "Honey, I was at Momo's school for their art festival last night. By the time it was over, it was already late and I drank some wine, so I couldn't drive back. Then, I stayed at the hotel for one night. Honey, I'm sorry. I didn't tell you in advance. I'm on my way to the office now."

On the other end of the phone was stunned for a moment, and then continued coldly, "You don't have to go to the company. Come home now!"

"Go home? Honey, aren't you going to work today?" Fade Chen asked doubtfully.

Quin Lin did not explain anything and said, "You have only 30 minutes. Time waits for no man."

"Yes, Honey, I will be right there." Fade Chen said firmly.

After hanging up the phone, Fade Chen speed up his car as fast as possible, turning the luxury car into an agile fish, flexibly shuttling through the morning rush of traffic.

Twenty minutes later, the car stopped in the villa courtyard at home.

"Honey, I'm back!" Fade Chen entered the house and shouted, but to find out that his wife was not in the living room. He only saw Housekeeper Wong preparing breakfast in the kitchen alone.

When Fade Chen was still wondering, Quin Lin's voice came from upstairs. "The room upstairs, you

come up!"

Hearing this, Fade Chen was slightly stunned, and then a burst of heat in the heart. He was overjoyed. "My wife took the initiative to let me go to her room. Is she..."

Fade Chen was looking forward and his face lit up with expectations to enter into Quin Lin's room, he immediately saw Quin Lin sitting in front of the dressing table to make up.

Quin Lin always knew how to dress up herself, normally, she would be wearing professional suits and a light layer of makeup. At this moment, Quin Lin was wearing a casual formal dress, with a delicate makeup on her face. Her eyebrows and eyeliner had been set, which made her look more delicate and beautiful.

Moreover, Quin Lin, who usually does not wear any jewelry, wore a small and exquisite white platinum necklace on her neck. She was also holding a pair of exquisite platinum earrings, groping her ears as she prepared to put them on.

Fade Chen somehow felt a little jealous. He wanted to ask what happened to his wife today and why she dressed up so formally.

However, before he could ask, Quin Lin spread her hand, handed the earrings to Fade Chen and said, "Help me with it!"

"Huh?" Fade Chen looked at Quin Lin in surprise.

Quin Lin explained calmly, "I haven't worn earrings for a long time, and the ear holes are almost blocked. I can't handle it, can you help me?"

"Oh, okay, let me do it!" Fade Chen was overjoyed, the jealousy was gone after that.

"My wife asked me to help her with the earrings. It's impossible to do this kind of thing at ordinary times!"

Was his wife dressed up for him today? Was she going to have a romantic date with me? Or was it a special day that his wife wanted to spend with him?

The more he thought about it, the happier he became. Fade Chen felt his heart seemed to be flowing with honey, he felt very sweet.

At this moment, Quin Lin said coldly, "Hurry up, it's getting late!"

Fade Chen immediately restrained himself, pinched the small earring in his right hand, and pinched Quin Lin's soft earlobe with his left hand. Then, he began to wear the earrings.

As a result, Fade Chen underestimated the difficulty of dressing up a woman.

Fade Chen pinched the earrings with his right hand and aimed at the tip of the earring hole, then, he began to poke it hard.

However, Quin Lin had not been wearing any earrings for a long time. At this time, he was about to get mad, using such a forceful poke caused his wife to frown in pain and she let out a muffled groan.

This time, Fade Chen did not dare to use too much strength. Instead, he aimed at the ear hole with the tip of the earrings carefully, then rotate it left and right by testing it.

Fade Chen asked while worrying about hurting his wife.

At this moment, Housekeeper Wong, who walked to the door of the room and was ready to call them to come down for breakfast, accidentally overheard the conversation in the room. She was stunned for a moment and then showed an unexpected look. Then, she turned around and quietly walked downstairs. "I didn't expect that Fade Chen and Quin Lin would be so loving in the early morning..."

Chapter 109

After helping his wife with her earrings, they went downstairs to have breakfast together. As a result, they saw Housekeeper Wong's expression changed and there seemed to be an uncontrollable smile on her face.

Suddenly, Fade Chen was curious and couldn't help but asked, "Housekeeper Wong, did anything good happened to you?"

Housekeeper Wong waved her hand and said no. Then, she continued with her work, but the smile on her mouth could not be suppressed.

So then, Fade Chen did not continue to ask, so he just began to enjoy his breakfast.

Quin Lin, who sat opposite of Fade Chen, took a bite of some food and then answered a phone call. She nodded and said, "Okay, I'll be there soon."

Fade Chen pricked up his ears to catch the sound on the other side of the phone. He seemed to hear a man's voice vaguely. The man said something like, "Looking forward to meeting President Lin." Then he hung up politely.

As soon as she put down the phone, Fade Chen was keenly aware that Quin Lin was smiling and seemed to be very happy.

Suddenly, Fade Chen's heart began to beat wildly, and he couldn't help but think wild thoughts.

"Who is she talking to?" He thought it in his mind.

"Who is that man? It seems like my wife value that man very much."

"My wife even took leave from her work, she rarely dress up so nicely in order to meet the man. Is it possible that my wife and the man..."

Fade Chen didn't dare to think too much. The more he thought about it, the more confused he became. He kept glancing at Quin Lin, and he didn't feel so good about eating.

Quin Lin noticed Fade Chen's unusual movement and said, "What's wrong with you? Why do you stop eating?"

"Well, nothing!" Fade Chen quickly took a few sips of porridge, but his heart became more chaotic as he looked at his wife's eyes that kept glancing at her mobile phone.

Finally, Fade Chen couldn't help but put down his bowl and chopsticks, looked at Quin Lin and asked, "Honey, who was the one who just called you?"

Quin Lin seemed surprised. She glanced at Fade Chen and said calmly, "A friend!"

"Friend?" Fade Chen frowned slightly. It seemed that Quin Lin rarely used the word "friend".

He felt even more confused. He paused for a moment and could not help asking, "Honey, you are not going to the company because you going to see that friend today?"

"Yes!" Quin Lin replied flatly.

Fade Chen felt his heart beating wildly and he was a little excited. He suppressed the excitement in his heart and pretended to be careless. He asked, "Is that friend a man?"

"Yes!" Quin Lin looked up at Fade Chen and nodded.

This time, Fade Chen's heart was in a mess. His mind constantly guessing the relationship between his wife and this so-called "friend" and who he was!

Just as Fade Chen was lost in his thoughts, Quin Lin put down her bowl and chopsticks, wiped her mouth, then got up and said, "I've finished my meal. I'm going out."

Fade Chen quickly got up. Seeing his wife leave, he couldn't help but felt a little nervous. He quickly picked up the pace and followed her, "Babe, don't you want to take me with you?"

Quin Lin looked at Fade Chen and said calmly, "I have something to talk about with my friend. You don't understand!"

These words made Fade Chen's heart skip a beat. He hurriedly said, "Then honey, you asked me to come back, can't be specially asking me to wear the

earrings for you?"

Quin Lin nodded and said, "Yes, It was!"

Then, she walked directly to the garage, and it seemed that she was ready to drive out.

Fade Chen felt nervous and wanted to cry but had no tears. He quickly chased after her and said with a smile, "Honey, I'm free anyway. How about going with you?"

Quin Lin asked curiously, "What are you going to do?"

"Well, I am going to be your bodyguard." Fade Chen casually found an excuse. "Honey, you are a one of the most notable bosses in Bay City. You wouldn't know how many people are going to be watching you. It's dangerous to go out casually. I can be your personal guard."

Quin Lin shook her head and said, "No, my friend is very safe. There won't be any accidents."

The more Quin Lin behaved like this, the more worried Fade Chen was. He continued to pester her and said, "Honey, having more bodyguards are more secure. Besides, you will feel bored on the way going there alone. I can chat with you!"

"No, I don't like chatting!" Quin Lin said, "It's getting late. I'm leaving."

Quin Lin got in the car, started the vehicle, and drove out quickly.

After leaving him behind, Fade Chen became more anxious. He gritted his teeth and didn't care about his outfit, then he got into a Mercedes-Benz next to him and drove out of the villa to catch up with his wife's car.

Fade Chen murmured while driving, "Hmmm, that man. You'd better not have any improper thoughts of my wife, otherwise... humph!"

Ahead of him, Quin Lin, who was driving, looked at the car behind her through the rear view mirror. The corners of her mouth lifted slightly, revealing a faint smile.

The cars raced for a while and finally arrived at a high-end villa area in the suburbs of Bay City. It stopped in front of a luxury villa by the lake.

Quin Lin got out of the car, and Fade Chen followed her. At the door of the villa, a woman in her thirties stood at the door. There was a smile on the corner of the woman's mouth, and a small mole between her left eyebrow, which made the woman felt more amorous and more charming. It turned out to be Mindy Wu, the daughter of Mr. Wu.

Mindy Wu saw the two coming over and greeted them with a smile.

After simple shake hands and greeting Quin Lin, Mindy Wu glanced at Fade Chen and turned her eyes. The natural charm immediately flowed out, making Fade Chen's heart trembled. He thought that

this woman was really a demon.

"Welcome, both of you. Please come in." Mindy Wu welcomed the two of them into the house. It seemed that she had already known that they would come. Quin Lin did not say anything special and signaled for Fade Chen to come with her.

Fade Chen finally understood after seeing this scene. In the morning, his wife's cold attitude at the dining table was completely deliberately teasing him. She had planned for him to follow her.

Actually, it was set up by his wife which made Fade Chen felt uneasy and crankily among a jumble of thought after all these while.

However, being trapped by his wife, Fade Chen felt happy too. This showed that his wife still cared about him very much.

Just as Fade Chen was thinking, a gentle and deep man's voice sounded, "Welcome, President Lin. Come in!"

Fade Chen looked up and saw a man in his thirties walking out. The man was dressed in a casual suit, and his hair was combed neatly. With a smile on his face, he turned around and welcomed Quin Lin into the house.

Both his appearance and action made him look very self-restraint and elegant.

However, when Fade Chen saw the smile on his wife,

and his scalp tingled again. He stared at the man with vigilance in his eyes and clenched his fists.

Chapter 110

Feeling Fade Chen's gaze, the man turned his head slightly and said with a smile, "This must be Mr. Chen, right? Welcome, please come in!"

Fade Chen looked at the man with a serious expression. The man reached out his right hand and continued with a smile, "Mr. Chen, don't you remember me?"

"Huh?" Fade Chen was confused. He couldn't remember knowing this man in front of him.

The man smiled and said, "Mr. Chen, you had called me before."

Fade Chen still couldn't recall. Mindy Wu moved closer and leaned over. A overwhelming but not unpleasant rose fragrance soon filled Fade Chen's mouth and nose, his skin itched.

"Mr. Chen, this is my brother, Charles Wu. He is a businessman in Long City." Mindy Wu's fragrant rushed into Fade Chen's ears and made him jumped.

Then, he immediately remembered this person. Charles Wu was the owner of Galaxy Plaza Mall at Long City. When Edward Xu and Howard Zhang gave him troubles at the mall last time, Fade Chen had called Mr.Wu to contact Charles Wu, who finally solved the problem.

With this thought, Fade Chen reached out and shook Charles Wu's hand, "President Wu, it's you. Thank you for your help last time."

Charles Wu shook his head gently and smiled, "Mr. Chen, you're too polite. My father owes his life to you. My help was not a big deal. Instead, I might have to trouble Mr. Chen again later."

"President Wu, don't mention it!" Fade Chen reciprocated.

Charles Wu looked at Quin Lin and said to Fade Chen, "Mr. Chen, I have something to discuss with President Lin. I'll see you later!"

As they spoke, Charles Wu and Quin Lin walked into a study room.

Although Fade Chen knew who Charles Wu is, he still couldn't help but feel a little jealous.

On the other hand, a playful voice said, "Mr. Chen, I didn't know you get jealous too!"

Fade Chen turned his head and touched his nose. He tried to cover up by saying, "I am just simply looking around."

Mindy Wu flashed a charming smile and she shuddered with flattery. Then, she leaned closer to Fade Chen and chirped, "Mr. Chen, don't worry. My brother and President Lin are just talking business. They have nothing going on."

"I know, I know!" Fade Chen was relieved and

nodded quickly.

Then he asked, "Miss Wu, what did President Wu mean by saying that he will have to trouble me?"

Mindy Wu turned her gaze, "At the party last time, Mr. Chen showed your magical medical skills and saved my father once. Later, my brother heard about the incident and took the time to return to Bay City to make an appointment to see you and your wife. He wanted to thank Mr. Chen for saving our father's life, and at the same time, to have the opportunity to discuss about business collaboration with President Lin. During this period, my brother has some minor health problems and he would like Mr. Chen to look into it."

"Oh consulting his health!" Fade Chen was relieved and nodded cheerfully. "No problem. I will check President Wu's pulse later."

Mindy Wu smiled and welcomed Fade Chen into the house. "We've been chatting for so long at the door. Please forgive me, Mr. Chen, please come in and have a seat."

Fade Chen nodded and walked alongside Mindy Wu into the villa. As soon as he entered, he saw a petite figure rushing towards him. At the same time, a tender voice cried, "Brother Superman, you're here!"

Following the voice, a girl with a pair of big rounded eyes, soft silky black hair with an adorable kitty hairpin on her hair appeared. It was really the little

girl - Fish Song.

Fish Song threw herself into Fade Chen's arms and giggled, "Brother Superman, you've finally come to see me. I haven't seen you for a long time. I miss you. I also want you to take me to have steak!"

The little girl's bubbly voice made Fade Chen burst into laughter. He picked up the little girl, touched her head lovingly, and said, "I've missed you too, little fish."

Mindy Wu who was standing at the side, smiled with content as she saw how much her daughter adored Fade Chen. She scanned the young guy up and down.

At the living room, Mindy Wu served up some snacks and tea for Fade Chen and chatted with him for a while.

In the end, it was Fish Song who couldn't sit still. After a while, she pestered Fade Chen to go out and play. Fade Chen naturally agreed and took Little Fish to play by the grassy lakeside not far away from the villa.

The little girl happily played with the flowers and plants under the willow tree while Fade Chen enjoyed the cool breeze and scenic view of the lake.

After a while, Fade Chen suddenly noticed several suspicious silhouettes coming out of a small hill and carefully moving towards a villa at the other

side, using the bushes as cover.

Fade Chen frowned seeing this. He got up and was about to check it out when two security guards riding the electric patrol car passed by. Fade Chen was alarmed and said to the security guards, "Look over there!"

He pointed in the direction of the sneaky figures.

The two security guards turned their heads and their expressions changed. They hurriedly picked up the walkie-talkie and to alert their colleagues.

In less than three minutes, more than a dozen security guards rushed over, successfully caught those sneaky figures, and then dragged them out.

The security guard who drove the patrol car just now walked over to thank Fade Chen, "Thank you, brother, for being alert just now! Otherwise, those people would have really taken advantage of this opportunity."

Fade Chen waved and said, "It's okay. Just a small matter."

The security guard took a look at Fish Song, who was playing beside Fade Chen, and was instantly surprised. The way he looked at Fade Chen immediately full of respects and changed his address to him. "Sir, are you from the Wu family?"

Fade Chen smiled and replied. "No, I'm here as a guest."

"You must be extraordinary to have the chance to visit the Wu family!" The security guard sighed with admiration.

After all, even in this high-end community, the Wu family was considered a top notch family. Just the villa by the lake itself was worth more than 10 million yuan, no ordinary wealthy family could own it.

Fade Chen understood his thoughts, so he changed the topic casually and said, "Who are those people just now? Thieves?"

The security guard shook his head and said, "They are not thieves. It would be so much easier for us if they are just thieves. These people are reporters and small businessmen."

"Reporter and businessman?" Fade Chen was a little surprised.

The security guard explained, "The people who live in this area are all from first-class society. Many of them are celebrities and businessmen, so the reporters and paparazzi of some small publishing houses will sneak in to take photographs secretly. Meanwhile, some businessmen will find opportunities to strike deals or appeal for investment with these big bosses. It's not easy for us to confront these people directly and if we hand them over to the police, at most, they will just be reprimanded. The next time they come, we can only

19:27

catch them again. There is really no good way to deal with them."

"I see! It's not easy for you!" Fade Chen agreed.

Chapter 111

The security guard found Fade Chen easy to talk with, so he continued to say, "Actually, these people are considered fine. If caught, just drive them away. It's just a little troublesome that's all. There are some who are really hard to deal with."

"There are other more difficult people?" Fade Chen enquired.

The security guard nodded and complained, "Bro, you don't know our predicament as security guards. If we encounter the reporters and small businessmen like those just now, we can drive them away directly. But if it was those famous businessmen and big shots, it would be trouble for us."

"There are famous businessmen and big shots sneaking over too?" Fade Chen was a little astonished.

The security guard continued, "Of course they didn't come by sneaking in, they just barge in directly. Sometimes, however, it isn't appropriate for the master of the villa to come forward and decline these people outrightly, so instead, we are sent to take the blame and suffer in silence from both parties."

Having heard what the security guard had shared, Fade Chen finally understood. He patted the security guard on the shoulder and comforted him, "Bro, thanks for your hard work."

The two continued to chat randomly. Suddenly, a distress call came from the security guard's walkie-talkie, "Jude, where have you been? Come quickly!"

The security guard quickly replied, "I'm at the lake. Captain, what's wrong?"

The captain said, "Faye Xu is here again. Your brother is injured and our people are treating him. Come here quickly."

"What? My brother has been assaulted?" The security guard, Jude, looked anxious and blurted, "Captain, I'll be there right away."

Hearing Jude's conversation, Fade Chen immediately said, "Jude, I'll go and have a look too."

"Bro, you..." The security guard looked at Fade Chen.

Fade Chen picked Fish Song up as he caught up with Jude and explained, "I am a doctor. I heard that someone is injured."

"A doctor? That's wonderful. Bro, thank you." The security guard said gratefully.

Later, Fade Chen with Fish Song in arms, followed the security guard Jude and rushed to the security room at the entrance of the villa.

At this moment, a crowd had gathered at the door of the security room. Seven or eight security guards surrounded a Ferrari, and the owner of the luxurious car was a middle-aged woman in her forties, Faye Xu, as mentioned by security captain earlier.

Faye Xu was undeterred even when facing so many of the security guards, instead, she became more arrogant and shouted at them. She even assaulted the security guard. They dare not harm this woman although the security guards were angry.

"Jude, you're here. Go and see your brother." A middle-aged security captain said to Jude.

Jude immediately squeezed into the crowd with Fade Chen followed closely behind. Then, they saw a man in a security uniform lying on the ground in front of the Ferrari. His head had hit the concrete floor, and blood was oozing out. The man was already unconscious.

Seeing this, Jude was instantly restless, he shouted, "Brother, wake up! Brother..."

The security captain urged, "Jude, please take your brother to the hospital quickly!"

"Yes, the hospital!" Jude murmured, and he bent down to get his brother.

But as soon as he bent down, the middle-aged woman in her forties suddenly shrieked. She rushed over and stood in front of Jude, fuming, "Who gives

you the permission to move him? Get out of here and don't touch him."

"This is my brother, he is injured!" Jude roared, his eyes red.

But Faye Xu boasted, "I don't care who he is. He damaged my car. So he can't leave until he pays."

Faye Xu pointed at a dent on the car hood and shouted in disdain, "Do you know how much my car costs? Let me tell you, at least two hundred thousand yuan to repair this damage. No compensation, no leaving."

After that, Faye Xu stood in front of Jude's brother to prevent anyone from carrying him away. Jude's brother was still bleeding profusely.

By then Jude's eyes were crossed with exasperation, but he couldn't do anything with the woman. He compromised by saying, "We will pay for it. But my brother is injured now and must be treated immediately. I will give you the money later."

"Give it later? As a security guard, do you even earn 3,000 yuan a month? How are you pay give me?" Faye Xu scorned.

"I... I will pay." Jude looked at his bleeding brother and said anxiously, "Please let my brother go to the hospital, or he will be in danger."

"Pay me now or don't leave." Faye Xu crossed her arms in front of her chest looking cocky. She had no

intention of letting this slip.

The security guards around grew angrier and started to speak up.

"This is a life and death situation, how can you do this?"

"That's right. Saving life is more important, we can discuss about the money later."

"Besides, Jax was at no fault at all. She made the mistake first, so why should we be the one paying for it?"

After hearing this, Faye suddenly jumped and shot at everyone in contempt, "What nonsense are you guys talking about? So you damaged my car and I'm supposed to bear the responsibility now!"

"Talk about a matter of life and death. Let me tell you, you security guards' lives aren't even worth as much as my pet dog. Who cares if you live or die."

"Today, if you don't compensate me, don't take him away."

Even though everyone was furious, they couldn't do anything about it.

Jude's eyes swelled with tears at the sight of his brother, whose lips had turned pale due to excessive loss of blood.

Right then, Fade Chen stepped out and pushed the woman away. Then, he bent down and began to feel

for the pulse of Jude's brother.

Fade Chen's action caused Faye Xu to stagger and she almost fell. Regaining her balance, she turned around and pounced at Fade Chen, "How dare you pushed me. I'll beat you to death!"

Faye Xu lunged forward and raised her foot in attempt to kick Fade Chen.

Fade Chen shot her a dagger stare and thundered, "Get lost!"

The thunderous roar made Faye Xu shuddered. She froze dead on the spot in fear.

Fade Chen was quick to diagnose Jude's brother and confirmed that his unconsciousness was the result of losing too much blood. He then maneuvered his Chi in his palm and carefully pressed it on the wound at the back of Jax's head.

At the same time, his other hand quickly pointed at Jax's neck and chest respectively.

Soon, Jude's brother stopped bleeding, and his condition stabilized. Then, Fade Chen got up and said, "I've stopped the bleeding, send him to the hospital for blood transfusion fast."

"Alright, thank you brother!" Jude and several other security guards quickly lifted his brother. They were about to put him into the car.

Chapter 112

But at that instance, Faye Xu recovered from the momentary shock, and her expression distorted. She dashed over and cried, "You can't leave. You can't leave unless you pay!"

"You..." Jude was so angry that he lifted his fist about to punch. The security guards beside him quickly restrained him.

Faye Xu grew bolder so she said, "I tell you, if you don't pay up, he can't leave even if he has to die here today."

The security captain got hold of the enraged Jude, and came forward, "President Xu, you have to be reasonable in this matter. The damage of your car was caused by the boom gate when you broke through the checkpoint forcibly. He had come over to let you stop for inspection, but you knocked him down. In terms of responsibility, it is obvious that you hold a bigger responsibility."

"I have bigger responsibility? What a joke. You guys did not perform your duty well when lowering the boom gate which damaged my car. Then he was the one who rushed to my car himself. I'm not responsible for that. He deserves it himself. " Faye Xu explained.

Even the security captain who had a good temper, was angry at the woman by then. "President Xu, how can you say that? Jax stopped you because you didn't have any prior appointment and still insisted on barging in to get business deals."

Hearing this, all hell broke loose. Faye Xu shouted angrily with her hands on her hips, "An appointment? You must be joking. With who I am, who needs an appointment? What's wrong with me coming in? How dare you ask me to make an appointment and stop me. You are just a bunch of rubbish."

Furious and red-eyed, the security guards clenched their fists and shook in anger, to hold themselves from hurting anyone.

Faye Xu sneered and continue to challenge, "What? You want to hit me? Let me tell you this, if it's just the car, it will only be hundreds of thousands of yuan. But if you dare to even touch me, it won't just be hundreds of thousands of yuan anymore. All of you added up wouldn't even be enough to pay me."

After she said that she scanned across the angry faces of the security guards with disgust, showing no intention of giving way.

The security guards were outraged, but they were worried of the compensation they might face, so they could only glare at the woman.

Faye Xu did not back down and her ego continued to expand. Jude was at the verge of crying as his

brother's condition worsen.

A man emerged and approached Faye Xu. His voice icy cold, "Get out of the way!"

Faye Xu recognized the young man as the one who treated Jax just now. He was in his early twenties, dressed in a boring style, and held a little girl covered with mud and weed.

Faye Xu immediately judged the identity of the person in front of her. He was most probably a relative of the security guard or some lower-ranking staff here, who was bringing his child there to spend the summer vacation, and so happened to know a few medical tricks. She was absolutely certain that this man was not some relatives of the communities here, let alone living here.

After ascertaining Fade Chen's identity, Faye Xu sneered, "Who do you think you are, asking me to leave! Why don't you get lost!"

Fade Chen's eyes turned frigid. Without a word, he swung his hand and slapped Faye Xu in the face.

Faye Xu's cheek swelled instantly. The force sent her spinning and she fell to the ground.

"You, how dare you hit me. I'm telling you this, you're done, you are so dead." Faye Xu wailed.

Fade Chen did not stop there. He continued to kick Faye Xu and sent her flying, eventually landing on her own Ferrari. The huge force smashed the

windscreen of her car.

Then, Fade Chen said to Jude, "Jude, take your brother to the hospital!"

Jude was grateful but at the same time had a worried look on his face as he glanced over at the luxury car and the b*tch. "Brother, you..."

Fade Chen dismissed it and said, "Don't worry. Everything will be fine, just leave it to me."

Little Fish too waved her hands sweetly, "Don't worry. Brother Superman is really incredible. He can solve anything. There won't be any problem."

The little girl patted her chest for a show of confidence and assurance. This made the security guards grin. Then they immediately put Jax into the car and rushed to the hospital.

At the same time, Faye Xu scrambled to her feet, her face was covered with blood and a few pieces of glass debris stuck on her body. She glared at Fade Chen, whipped out her mobile phone and began to make a call, "Honey, I am at the Moon Lake Villas. I was being assaulted by a bumpkin. My car was broken too. Please come here quickly. And remember to bring people along. I will teach this bumpkin a good lesson."

Next to him, the security captain looked worried. He quietly approached Fade Chen and whispered, "Brother, thank you for your help just now. But you

better leave before those men come."

"Why?" Fade Chen asked.

The security captain hurried on and said, "Didn't you notice that the woman has called someone."

"Is she influential?" Fade Chen asked.

The security captain explained, "She is no ordinary woman. Her husband is Zion Liu, who runs a rather large scale drug business in Bay City. His net worth is more than one billion yuan. One of the richest in Bay City.

"This couple is shrewish and ill-mannered. They often use unethical methods and like to take advantage of when doing business. Therefore, they don't get along well with the other top businessmen in Bay City."

"But in our Bay City, or even in the nearby cities, their business is the largest. Therefore, many have no choice but to cooperate with them. We also don't want to offend them directly. Thus, every time Faye Xu comes to our villa to try to use special connections, the master of the villa, reluctant to dismiss her himself, would send our security guards to deal with her."

"We have stopped her for several occasions before and there had been some conflicts. I didn't expect that things would end up this way with Jade injured."

After listening to the story, Fade Chen had some

understanding of Faye Xu. He nodded and said, "I see."

When the security captain realized that Fade Chen was still standing at the same spot and didn't seem to have any intention of leaving, he grew impatient, "Young man, I have told you this much. But why haven't you get it? We can't afford to offend these people. Even if the people in this villa can, but they won't. So, you should get out of here quickly! It'll be too late when they arrive."

Before Fade Chen opened his mouth, Faye Xu wiped the blood on her face. She came over and glared pointedly at Fade Chen and said, "Are you thinking of escaping? No way! This bumpkin and you bunch of security guards don't even think about leaving today. Just wait and see!"

Fade Chen was calm. He ignored Faye Xu but instead, turned to the security captain to reassure him.

Chapter 113

Little Fish Song who was next to him skipped out happily, still holding a small fistful of soil, she said to Faye Xu, "Brother Superman is not a bumpkin. You are a mean woman!"

Faye Xu couldn't believe that even a child had the guts to scold her. Annoyed by that, she raised her hand, about to plant a slap on Fish Song, she said, "Get out of here, you wild child from the countryside!"

Fade Chen watched in fury. Faye Xu's behavior towards Fish Song was uncalled for. How could anyone do that to a child. Fade Chen's body jolted, instantly a shadow darted towards where Fish Song was.

Before Faye Xu's slap could reach the target, Fade Chen returned a slap and it landed on her other cheek, causing it to immediately swell up. She stumbled back and fell clumsily to the ground.

"Kid, how dare you hit my wife? I see you don't want to live anymore!"

There came a roar right at that moment. Then, Fade Chen saw a sturdy Land Rover heading towards his direction. It completely ignored the boom gate at the entrance, crashed right through it, and sped

directly towards Fade Chen.

The vehicle braked abruptly in front of Fade Chen, and down came a stout, middle-aged man with a big gold chain. He stared at Fade Chen with a piercing look, and the flesh on his face shook as he walked.

Behind the man, several cars pulled over. More than a dozen young men dressed like gangsters came out of the cars hastily.

The security captain had fear in his eyes when he saw the entourage. "This is Faye Xu's husband, Zion Liu," he mumbled.

Fade Chen nodded and looked at the man. To him, this guy didn't have the slightest look of a businessman but instead looked completely like a hooligan.

Zion Liu helped Faye Xu up. Both her cheeks were swollen and her face bloodied. Faye Xu then pointed at Fade Chen and her car and murmured something. One didn't need to guess what her accusations on Fade Chen would be.

Afterwards, Zion Liu's face trembled uncontrollably. He ordered his men in anger, "Beat him!"

In an instance, more than a dozen punks behind Zion Liu charged forward. The atmosphere was so intense that it almost sent the security captain running away in fear. In the end, he clenched his mouth and decided to stand alongside Fade Chen.

Fade Chen glanced at the security captain with a smile. Then he looked at the dozens of punks who had rushed over, took a step forward and was ready to face them.

Behind him, the security captain shouted worriedly, "Brother, don't act hastily!"

On the other hand, Zion Liu and Faye Xu glared at their direction with vengeful eyes.

"You're looking for trouble for touching my wife!"

"Honey, not only him, but we must also teach those security guards a lesson!"

"Don't worry. I won't let anyone escape!"

As the couple were talking, there was a sudden commotion that sounded like slappings mingled with screams.

When Zion Liu and Faye Xu heard the clamor, their smiles brightened and they muttered, "Humph, beat the sh*t out of that guy. Let's see what else he can do..."

But the moment the two turned their heads, their jaws dropped. The screams were not from Fade Chen, but they were coming from Zion Liu's men.

Fade Chen had completely transformed into a vicious wolf amongst a herd of sheep. His punches and kicks left Zion Liu's men no chance to retaliate.

In less than three minutes, only two of the gangsters

were still standing. Not to mention that they were already all bruised and could hardly hold themselves together.

Faye Xu's eyes narrowed with hatred. Her eyes perused the area and fell on Fish Song who was clapping her tiny hands and cheering in a tender voice.

Faye Xu walked over to Fish Song intending to pick her up.

Fish Song squealed and this captured Fade Chen's attention.

Fade Chen was furious when he saw that the woman had taken it upon Little Fish. He kicked the last punk hard and then flicked his fingertip slightly. A blast of energy burst out through the air and hit Faye Xu straight. The woman was blasted off the ground then fell back down, wailing.

Zion Liu was angry to see his wife being bullied. He let out a cry and threw his fists at Fade Chen. In the end, he suffered the same fate as his men. With just a punch, Zion Liu was sent flying and fell right next to his wife, groaning in pain.

Fade Chen strolled to the front of the couple while holding Fish Song in hand. He looked at their resentful eyes and said coldly, "Giving up yet?"

Although Faye Xu was terrified at that moment, she resented and said in a slightly trembling voice, "You

are a bumpkin. You assaulted us. I'll see how you can pay for this!"

Zion Liu also said coldly, "Kid, with these men of mine injured and their medical expenses amounting to at least hundreds of thousands, including the expenses repairing the car. You should be prepared to go to jail!"

The security captain quivered nervously just hearing the huge amount of money.

This time, Fade Chen shook his head scornfully and said, "It's just money you want? I have plenty!"

"You bumpkin, you're just bragging! You dare to say you are not short of money? Just take a good look at your attitude," Faye Xu jeered.

Zion Liu said coldly, "Kid, it won't be just a matter of money. Even if you managed to gather all the money, with our status, I will make sure you have no place in Bay City in the future."

"Oh Really?" Fade Chen was indifferent. He didn't take it seriously at all. Instead, he gave them both another hard slap respectively.

They didn't expect such treatment from Fade Chen even then. They screamed, "Kid, you're dead. I'm gonna kill you."

Just as the two were screaming, a woman called, "Little Fish, are you there?"

As the woman approached, Faye Xu's face lit up.

She exclaimed, "Miss Wu, Miss Wu, it's me, Faye Xu!"

It WAS Mindy Wu. She had followed the commotion and came over when she didn't see Faye Chen and Fish Song anywhere as she came out to look for them.

Upon hearing the voice, she turned and recognized Faye Xu. She acknowledged casually and said, "Oh, President Xu!" Then she continued to walk towards Fish Song.

Faye Xu got up hastily and ran after her. "Miss Wu, don't go there. There is a ruthless bumpkin with a wild child over there. Don't go there or you might get hurt."

Mindy Wu frowned but kept silent.

Faye Xu thought that Mindy Wu had believed her so she quickly added, "Miss Wu, I have come to visit you and Mr. Wu several times before, but I didn't get to meet either of you. I wonder, how's your consideration for our factory plant approval..."

Before Faye Xu finished her sentence, the little girl whom she had regarded as a wild child hopped over and threw herself into Mindy Wu's arms, "Mom!"

When Miss Wu saw the so-called country bumpkin, she smiled and nodded, "Mr. Chen".

All of a sudden, Faye Xu was dumbfounded. Her words halted midway.

Chapter 114

"President Wu, you, you know him?" Faye Xu asked Mindy Wu, clinging desperately on her final hope.

Mindy Wu nodded and said, "Mr. Chen is an honored guest of my family. What's the matter?"

Faye Xu's face immediately turned pale. She took a few steps back, hurriedly waved her hand and dismissed, "No, nothing."

But at this time, Fade Chen snorted and stated, "President Xu, this isn't what you said just now. You had ramped the barrier, hit a man and assaulted people, oh and verbally abused us. It doesn't look like nothing to me?"

Faye Xu looked quickly at Fade Chen, eager to mend the wrongs. She bowed respectfully and pleaded, "Mr. Chen, it was all a misunderstanding just now. It was my fault. I hope you don't take it to heart and forgive me this once, I will..."

Fade Chen waved his hand in disgust and interrupted coldly, "You want me to spare you this once? If I hadn't showed up, would you have spared these security guards?"

Mindy Wu's brows knitted in a frown. She asked Fade Chen, "Mr. Chen, what just happened?"

Fade Chen subsequently told Mindy Wu the whole

story of Faye Xu and Zion Liu's outrageous behaviors. Faye Xu and Zion Liu's faces turned as white as a sheet.

Additionally, Little Fish who was in Mindy's arms, also intercepted from time to time.

"Mommy, this aunty is a bad person. She scolded me and Brother Superman."

"Also, she wanted to hit me, saying that I am a wild kid."

Suddenly, Mindy Wu's face darkened. She glimpsed at Faye Xu coldly and said, "President Xu, how many times have I told you that my father has retired and is no longer the mayor. It's useless for you to look for us. But you insisted on coming here again and again, and now even did such an unreasonable thing."

"I think, President Xu, you should reflect on yourself now. As for the land approval, I think you should leave the thought aside."

Faye Xu's face turned pale. Her body shook hard and she almost tripped.

Although Mr. Wu had retired, but due to his many years of service as the mayor of Bay City, he still enjoyed a strong connection. Furthermore, he had a son who was a successful businessman in the provincial capital of Long City. Even in retirement, he still had a big influence.

This was the very reason Faye Xu came to him many times, to seek Mr. Wu's help to settle the land issue.

But now, Mindy Wu's words had almost cut off their intention of getting the land approved. After all, with Mr. Wu's status, if he even mentioned this matter slightly, the relevant departments of Bay City would naturally consider the impact, and it would be impossible for Faye Xu's company to get approval for the land.

Faye Xu seemed to have suffered a huge blow from this realization and her face fell blank. She had lost her wits even more so compared to when she was beaten by Fade Chen.

With a pleading face, she almost knelt in front of Mindy Wu and Fade Chen asking for another chance.

It was impossible for Mindy Wu and Fade Chen to forgive such people. So naturally, they turned the couple down coldly and proceeded to leave.

Knowing that there's no chance, Faye Xu collapsed to the ground. Her husband, Zion Liu, still in resentment, picked Faye Xu up and growled, "Dear, get up. Don't beg anymore. At most, we won't build a new factory. With our company's current scale and profit, we will still live well."

Faye Xu's eyes lit up to her husband's comfort. Seeing that there's still hope.

But at that moment, a fit female figure came over and inadvertently glimpsed at Faye Xu and Zion Liu. She was a little surprised, "President Xu, President Liu, why are you here?"

Faye Xu and Zion Liu saw Quin Lin standing in front of them. They were taken aback too, and responded, "President Lin, you're here too! What a coincidence!"

They were very respectful towards Quin Lin, even more respectful than when greeting Mindy Wu. There was a reason for that of course. Mindy Wu and Mr. Wu could only affect the land approval for their company, but Quin Lin's Fei Enterprises Holdings Inc could directly affect their company's turnover.

70% of the chemical raw materials they produced were supplied to Fei Enterprises Holdings Inc for the production of all kinds of cosmetic products. Fei Enterprises Holdings Inc was their company's largest client.

If Mindy Wu would affect the business expansion of their company, then Quin Lin would affect the business operation and survival of their company.

The stakes were obvious. So it was not difficult to understand their respects for Quin Lin.

At this point, Fade Chen saw the conversation between Quin Lin and Fade Xu. He could not help but asked, "Dear wife, do you know them?"

Quin Lin nodded and said, "They are our supplier."

Faye Xu and Zion Liu, who had initially wanted to enhance their relationship with Quin Lin, were now completely stunned when they heard the word "wife" from Fade Chen's mouth. They were paralyzed and stared in utter disbelief at Fade Chen, clad in a plain outfit, in contrast to Quin Lin, who was finely dressed.

Fade Chen scowled upon hearing that.

Quin Lin questioned, "What's wrong?"

Fade Chen explained without hiding anything from Quin Lin. After hearing from Fade, Quin Lin appeared agitated. Then she looked at Faye Xu and Zion Liu coldly, "President Xu, President Liu, from next month onwards, you don't need to supply to us anymore."

Faye Xu and Zion Liu were now completely dumbfounded. They hurriedly pleaded, "President Lin, we have been long time business partners for the past five years. This..."

Quin Lin waved her hand, obviously in displeasure and interrupted them. "Say no more. I've made up my mind. Please go back and prepare the necessary documents and procedures."

The two were stumped. They could never look at Fade Chen the same again. They had not expected that the young man they thought was from the countryside, was actually the honorable guest of the

Wu family and Quin Lin's husband.

Because of him, they lost the possibility of a land approval, followed by their biggest client. This could possibly be the death penalty for their company.

In seconds, the two slumped to the ground, muttering.

Fade Chen and the others were not in the mood to argue further with the two. After informing the security captain that they would help them, they turned and left.

Zion Liu looked at the back of Fade Chen leaving, the regret and sadness in his eyes gradually turned into resentment. He whispered through gritted teeth, "Fade Chen, I won't let you go for what you've done to us."

"Honey, what are you going to do?" Faye Xu instantly asked.

Zion Liu's eyes showed a sliver of fierceness as he said, "I will call my brothers in the gang. Since he is merciless, then don't blame me for being ungrateful. He destroyed my business, I want him dead!"

Faye Xu gritted her teeth and said with a grudge, "Not only him, but also that idiot security guard. Had he not created trouble and stopped my car, all this wouldn't have happened."

She had no sense of remorse and completely put the blame on others.

Chapter 115

"Okay, killing one or two makes no big difference." Zion Liu now had a fierce look in his eyes while he devised a plan, "After killing them, we will sell the factory and move abroad. Anyway, our remaining assets are enough for us to be carefree for the rest of our lives." Zion Liu said.

Faye Xu finally cheered up and nodded vigorously.

But just as they were discussing, Fade Chen who had walked some distance ahead suddenly stopped. He turned to them and said coldly, "Before you engage the people from the gang, you'd better check out the name 'Brother Fade'."

After that, Fade Chen turned and continued on.

Zion Liu and Faye Xu felt a sudden chill ran down their backs. A little surprised.

Faye Xu was concerned, "Did he hear us? Will he call the police?"

Zion Liu clenched his jaw and replied, "So what? We're just planning and haven't done anything yet. It's useless for him to call the police."

"Then what does he mean by 'Brother Fade'?" Faye Xu was still a little worried.

Zion Liu said, "What Brother Fade. he's just scaring

us. There are many individuals in the gang who go by the name Brother Fade. He just wants to mislead us to prevent us from doing anything."

With this, Zion Liu and Faye Xu got up and returned to their cars. Then, Zion Liu took out his phone and dialed a number. "Mr. Hu, I have a business for you, are you keen?"

Then, Zion Liu briefed the other party about his plan and request over the phone.

The other party agreed immediately after the brief.

Finally, when he was about to hang up the phone, Faye Xu suddenly remembered about "Brother Fade". She quickly reminded Zion, "Please ask Mr. Hu if he knows any Brother Fade?"

Zion Liu didn't care much about it, but he asked anyway, "Mr. Hu, the person we want to kill mentioned a name in the underworld, called 'Brother Fade'. Do you know this name?"

"Brother Fade?" Mr. Hu on the other side of the phone was silent for a while, as if searching for this name.

On the other end, Zion Liu half-heartedly said to his wife, "See, I told you that kid was just trying to scare us. It took Mr. Hu so long to think yet he has not heard of this name before. He is definitely not someone important."

Faye Xu nodded in relieved, a smile crept over her

face.

But just then, Mr. Hu's anxious voice came from the other end of the phone. "Are you sure that person is talking about 'Brother Fade'?"

"Yeah? What's wrong, Mr. Hu?" Zion Liu was a little puzzled with Mr. Hu's sudden reaction.

Mr. Hu did not answer, but his voice trembled a little. He continued to ask, "Is the person you mentioned very young, looks a bit frail and dressed in simple attire?"

"Yes, that's the kid." Zion Liu nodded. Then, he was confused. "I really don't know how that kid got so lucky as he actually knows Mindy Wu and is also Quin Lin's husband. He's really..."

"What? He knows Miss Wu and is the husband of President Lin. Is he called Fade Chen?" Mr. Hu raised his voice in anxiety.

"It seems so." Zion Liu sensed that something was amiss.

Presently, Mr. Hu who heard the name, started to swear and shout, "F**k, Zion Liu, if you are fucking looking for trouble, don't drag me with you."

Zion Liu didn't understand why Mr. Hu suddenly changed his tone of voice. He prompted, "Mr. Hu, are you crazy? I am offering you a business where you can make money. Yet you cursed me!"

Mr. Hu was so angry he exclaimed. His voice was so

loud that Faye Xu, who was beside Zion, could hear it clearly. "Make money? Make money my arse. Do you want me to die? Do you know who Fade Chen is?"

"Who is he? Don't tell me he's also from the underworld? Is he very powerful?" Zion Liu was a little apprehensive, he asked with his heart in his mouth.

Mr. Hu yelled, "Very powerful? Well let me tell you, he's not merely very powerful, he's extraordinarily powerful!"

"What?" Zion Liu began to fear.

Mr. Hu continued to shout, "You know Young Master Wei?"

"Of course I know? Young Master Wei of North Bay City, Uncle Long's nephew, the second-in-command of Long Enterprise, an absolute big shot in the underworld." Zion Liu quickly added. "But how's Fade Chen related to Young Master Wei?"

Mr. Hu thundered. "How? I tell you, even for Young Master Wei, he had to call Fade Chen 'Brother Fade' humbly. Now, do you know why he has asked you to look up the name?"

"What!" Zion Liu blurted in surprise, cold beads of sweats drenched his forehead. "Even Young Master Wei calls him Brother Fade? How, how is this possible?"

"Impossible? Zion Liu, I am telling you this, if you dare to provoke Brother Fade, and if Young Master Wei finds out about this matter, you are as good as dead," Mr. Hu screeched.

Zion Liu was really distressed at this point. The thought of Fade Chen's identity sent chills through his heart. "I didn't know! Mr. Hu, you must help me. How can I fix this!"

"How would I know? Now I still owe Young Master Wei an explanation! I wish you the best of luck!" Mr. Hu slammed the phone down angrily, the only sound then was a dead tone.

Inside the car, Zion Liu was in absolute horror. The mixture of sweat and blood on his head dripped continuously, and his whole body shook in fear.

Faye Xu, who was next to him, was also in a panic. She couldn't sit still and kept pestering. "What should we do? I didn't expect him to be a big shot. What should we do? What should we do now?"

Zion Liu was anxious and irritable. He suddenly slapped Faye Xu on the face and roared, "How do I know what to do? It's you, you b*tch. If you hadn't insisted on barging into the residence, I would not have encountered such a thing!"

Faye Xu was not an easy-going person as well. The slap from Zion Liu at this moment immediately brought out her b*tchy personality. She flapped her hands and scratched Zion Liu's face. "I came here

for you, and also for the company's land approval. Now you put the blame on me instead. Zion Liu, you idiot!"

There was a serious wrangle inside the car. The couple was wrestling with each other. Passers-by were very surprised to witness that. There were puzzled but mostly showed a ridiculous expressions on their faces.

As for Zion Liu and Faye Xu, they were destined to suffer in tragedy the moment they offended Fade Chen. Losing Fei Enterprises Holdings Inc. as the client was just the beginning. Even without Fade Chen's order, the people in the gang would also finish the job for him.

They were destined to pay a heavy price for their arrogance.

On the other hand, Fade Chen and the others had returned to the Wu family's villa. After chatting for a while, they had lunch together. A short break after, Fade Chen was ready to treat Charles Wu.

Chapter 116

Charles Wu nodded at Fade Chen and smiled, "Mr. Chen, hope you don't find this too troublesome."

Fade Chen got to know during mealtime that the meeting his wife had with Charles Wu this time was to discuss about the collaboration between Fei Enterprises Holdings Inc and Galaxy Plaza Mall. He felt relieved after clearing the doubts and worries he had in his heart earlier.

Fade Chen smiled at Charles Wu and said, "President Wu, you're too polite. If it weren't for your help last time, we would have been in trouble."

Charles Wu shook his head gently and continued, "Mr. Chen, you're too polite. What happened at Galaxy Plaza Mall last time was due to our poor people management, which then created difficulty for Fei Enterprises Holdings Inc. I am the one who should apologize to you."

Looking at the two of them, Mindy Wu smiled gracefully and said, "Brother, Mr. Chen. Are you guys done appeasing each other? When are you guys going to get to the main agenda of the day?"

Charles Wu smiled shyly and said, "I'm sorry!"

Fade Chen pointed to a room specially prepared by Mindy Wu for the consultation, "President Wu,

please!"

As they spoke and was on the way walking to the guest room, suddenly there was a braking sound outside the house, then came a young man's voice, "Uncle Charles, why didn't you tell me that you're in Bay City? I was coming here too. We should've come together!"

Charles Wu was stunned, and swiftly, a strange expression flashed across his face, but his smile returned later and he said to Fade Chen, "A friend is here. Mr. Chen, please wait for a moment."

Fade Chen nodded. Then he saw a young man, about twenty-four or twenty-five years old, strode into the villa. The man was dressed in a traditional Chinese costume which was eye-catching. He was holding a folding fan in his hand, but his expression was somewhat carefree.

The man extended out his hand and greeted Mindy Wu in a friendly manner. Then he walked to Charles Wu smiling brightly, "Uncle Charles, I hope you don't mind me coming without informing?"

Charles Wu smiled, "Of course I don't mind. Please sit down!"

Charles Wu invited the young man to sit down and then introduced him to Fade Chen, "Mr. Chen, this is Caesar Du."

Then, he introduced Fade Chen to Caesar Du, "This

is Fade Chen, a young and very talented man in Bay City."

"Hello! My name is Caesar Du of Du Medical Center in Long City. What do you do, Mr. Chen?" Caesar Du reached out to Fade Chen with a smile on his face, especially when he mentioned about the Du Medical Center, his eyes glimmered with excitement.

The arrogance that came from a young man from a wealthy family didn't bother Fade Chen at all. He said casually, "Hello, I am Fade Chen. I work in a company as a doctor."

"Doctor!" Hearing the word, Caesar Du's eyes gleamed at Fade Chen. "You are also a doctor? Do you practice western medicine or traditional Chinese medicine?"

Fade Chen was not used to Caesar Du's friendliness. Next to him, Mindy Wu walked to Fade Chen and explained to him in a low voice, "The Du Medicine Center is a traditional Chinese medicine clinic that has a history of more than a hundred years in Long City. The person in charge of the clinic is Jason Du, the current famous veteran Chinese doctor in the district. He is known as 'Three Needles Du'. It is said that he only needs three needles to cure diseases. Mr. Du has many friends amongst the rich and powerful."

"Caesar Du is Mr. Du's grandson. He is talented and has inherited Mr. Du's medical skills. He is called

'Young Three Needles' in the district, and is very enthusiastic about medical skills, thus his exaggerated behavior. Mr. Chen, please forgive him." Mindy Wu's warm breath fell onto Fade Chen's ear as she spoke.

Fade Chen felt a tingling sensation on his ears. He nodded and looked at Caesar Du saying, "I'm a Chinese Medicine practitioner."

"You are also a doctor for Chinese Medicine." Caesar Du's eyes lit up with excitement, "Find some time and we can have a little challenge."

Fade Chen responded casually, "Hmm, I guess we can do that!"

Then Caesar Du turned to Charles Wu and said, "Uncle Charles, looking at the time, I believed you have had lunch already. Come, let's go out for a walk. I've found something good and my grandfather insisted that I bring it back. Uncle Charles, please help me with some opinions."

With this, Caesar Du grasped Charles Wu and left.

Charles Wu coughed and said, "Caesar, I still have something to do, so I can't go."

"What's the matter? How long will it take? I'll wait for you." Caesar Du sat down instantly, picked up the teacup and began to drink it.

Charles Wu's glance wandered from Fade Chen and then to Caesar Du, he was a little embarrassed.

Fade Chen felt a little weird and wanted to explain. But Mindy Wu came over again and explained softly, "Caesar Du was my brother's attending doctor when he was in the district. Only he and Mr. Du would know my brother's illness. As for Caesar Du, he has always been confident about his medical skills, so..."

Fade Chen immediately understood what Mindy Wu meant without further explanation. It seemed that Charles Wu had secretly sought him out for treatment without telling Caesar Du. There could be dispute if Caesar Du finds out.

Just when Fade Chen was about to hint Charles Wu to find another time for treatment, Charles admitted to Caesar Du, "Caesar, here's the thing. My old illness is back recently. I know that Fade Chen is a doctor, so I let him come for a consultation for me."

Hearing this, Caesar Du's face immediately changed. His smile faded into a serious look. He looked at Charles Wu and Fade Chen and said, "Uncle Charles, I understand your illness makes you very uncomfortable. But this condition can't be cured quickly. It can only be treated little by little."

"I'm not preventing you from seeing a doctor, but grandpa and I have already customized a full treatment plan for you. If you ask other doctors in the midst of the treatment, I'm worried that it will disrupt my treatment plan. By then, not only can you not recover, but your condition might worsen. It will

Fade Chen felt a little weird and wanted to explain. But Mindy Wu came over again and explained softly, "Caesar Du was my brother's attending doctor when he was in the district. Only he and Mr. Du would know my brother's illness. As for Caesar Du, he has always been confident about his medical skills, so..."

Fade Chen immediately understood what Mindy Wu meant without further explanation. It seemed that Charles Wu had secretly sought him out for treatment without telling Caesar Du. There could be dispute if Caesar Du finds out.

Just when Fade Chen was about to hint Charles Wu to find another time for treatment, Charles admitted to Caesar Du, "Caesar, here's the thing. My old illness is back recently. I know that Fade Chen is a doctor, so I let him come for a consultation for me."

Hearing this, Caesar Du's face immediately changed. His smile faded into a serious look. He looked at Charles Wu and Fade Chen and said, "Uncle Charles, I understand your illness makes you very uncomfortable. But this condition can't be cured quickly. It can only be treated little by little."

"I'm not preventing you from seeing a doctor, but grandpa and I have already customized a full treatment plan for you. If you ask other doctors in the midst of the treatment, I'm worried that it will disrupt my treatment plan. By then, not only can you not recover, but your condition might worsen. It will

be more difficult for us to treat you later." Caesar Du was very stern when it was about the illness.

Charles Wu looked a little embarrassed by now. His illness was not very serious, but it was very troublesome, and had affected his daily life and work. Moreover, he still had not recovered for more than half a year of treatment, so when he heard that Fade Chen had cured Mr. Wu, his father, he decided to see Fade. He thought that changing a doctor would probably see some results.

Unexpectedly, Caesar Du was in town, and it was something Caesar Du was most sensitive about... medical skills.

Seeing that Charles Wu did not speak, Caesar Du continued, but this time he was aiming at Fade Chen, "Mr. Chen, please don't blame me for speaking abruptly. I hope you don't intervene with Uncle Charles's illness."

His words made Fade Chen frowned uneasily. This young man was generally nice, but in terms of medical skills, perhaps due to the fact that he was born into a famous family of medical practitioners, this made him seemed a bit overconfident and even conceited.

In this case, Fade Chen decided be straight-forward, "You don't let others intervene with an illness you can't cure. What sort of reasoning is this? Are you afraid that I will take away your business?"

Caesar Du raised his eyebrows and flipped the wide sleeves of his traditional Chinese clothing. There was a look of displeasure on his serious face.

Chapter 117

His eyes locked on Fade Chen and said in a deep voice, "Dr. Chen, I don't mean to disrespect, but I'm the heir of the Du Medicine Center and the prodigy of the Three Needles Du. Such an illness is a challenge, I doubt that you can succeed."

Fade Chen snorted, "Others can't cure what you couldn't cure? You are too arrogant!"

Caesar Du boasted, "My grandfather Jason Du is touted as one of the few 'National Medical Saints' of the country's traditional medicine circle. I have learned at least 60% of my grandfather's medical skills so I think I can live up to the reputation!"

"National Medical Saint?" Fade Chen was baffled.

Mindy Wu quickly explained softly, "The National Medicine Saint, is an honorable title given as an appreciation to Chinese medicine, recognized by the country's officials and individuals from the medical industry. In the whole Chinese medicine circle, there are less than 20 people who have this title. It can be said that any National Medical Saint is considered as the top of the top in Chinese medicine."

Fade Chen nodded, finally understood Caesar Du's outrageous behaviour. However, he did not plan to back off. He scoffed, "What does your grandfather's

National Medical Saint title get to do with you?"

Fade's words touched Caesar Du's weakness and his face become distorted.

After all, although he was called "Three Needles Junior", it was a spill-over of his grandfather's title the "Threes Needles Du". Therefore, in the Chinese medicine circle, many people questioned his medical skills and level. He had only but shared his grandfather's glory, in order to enjoy such fame and status.

This perception made Caesar Du unsatisfied and annoyed. So when Fade Chen hit his weakest link, his eyes burned with anger.

"Are you doubting my medical skills?" Caesar Du said coldly.

Fade Chen replied lightly, "Medical skills are not inherited or learned through bragging! Whether one is capable or not, one has to try it first."

The strife between them was growing rapidly.

Charles Wu noticed the twist of event, quickly stood up and said, "It's all my fault. You two are both talented young people. Let's stop quarreling. I..."

Charles Wu wanted to persuade the two, but with Caesar Du's attitude and Fade Chen's sarcasm, Caesar was reluctant to let it slide. He stated, "Uncle Charles, this is no longer about your illness. It's my personal and the Du family's honor. Since Dr. Chen

belittled my medical skills, dare I ask how about your medical skills?"

Fade Chen said blandly, "I don't praise my medical skills by speaking, I show it. The patients will know if the illness is cured or not"

His words were yet another mockery, Caesar Du's face twisted even more. "Since Dr. Chen is so confident, I dare you on a challenge?"

"How do we compete?" Fade Chen asked flatly.

Caesar Du took a look at Charles Wu then said, "Considering that we are going to treat Uncle Charles' illness, then let's treat him on the spot and see who gives the most effective outcome. Naturally, the winner will emerge."

"Sure!" Fade Chen accepted.

Caesar Du did not expect Fade Chen would agree so effortlessly. He was a little surprised, but he squinted and continued, "If I win, you have to apologize to me for what you said just now. I won't tolerate anyone insulting my medical skills and reputation."

"Okay!" Fade Chen still looked collected. "But what if you lose?"

"I won't lose!" Caesar Du said confidently. He paused for a moment and then said, "If I lose within the normal circumstances, I'll agree to any of your condition."

"Okay, let's start!" Fade Chen nodded.

Caesar Du also nodded, then looked at Charles Wu and said, "Uncle Charles, sorry to trouble you."

After that, Caesar Du looked at Fade Chen and explained, "I have been treating Uncle Charles for months so I am familiar with his condition. In order to be fair, I will tell you about Uncle Charles' vital condition now."

Fade Chen dismissed him, saying "There's no need, I can diagnose the condition myself."

"You..." Caesar Du did not expect a company's doctor in a small district would be so cocky. "Don't regret it if you lose."

"I'm not you!" Fade Chen grinned and then waved his hand. "You first!"

Caesar Du glared at Fade Chen, then together with Charles Wu, he walked into the guest room which was prepared earlier.

About 15 minutes later, Caesar Du came out, a confident smile hung on his face. He looked at Fade Chen and said, "It's your turn."

Fade Chen did not say anything. He walked into the room and closed the door.

Inside the room, Charles Wu saw Fade Chen entered. Feeling a little embarrassed, he said, "Fade, I'm really sorry about today..."

Fade Chen chuckled, "President Wu, it's okay. It's not your fault. Let's get started!"

Then, Fade Chen held Charles Wu's wrist and began to feel his pulse.

In less than half a minute, Fade Chen smiled, turned towards the door and shouted, "Caesar Du, please come in!"

"Fade, this is..." Charles Wu asked in confusion.

Seconds later, Caesar Du pushed through the door and entered. He didn't understand why Fade Chen had called him in, it was only less than a minute since he entered. Has he surrendered?

"Do you want to give up?" Caesar Du raised his eyebrows at Fade Chen.

Fade Chen scanned the two puzzled individuals then shook his head gently. He followed by saying, "The reason I asked you to come in is to let you bear witness to my treatment on the spot. This is to prevent you from denying your failure later and accuse me of playing tricks."

"Hmph, I am not that kind of person!" Caesar Du snorted, "Besides, can you really cure it?"

Charles Wu also looked at Fade Chen skeptically. "Fade, can you really cure my illness?"

Fade Chen nodded with a gentle smile, "90% chance of success." In fact, Fade Chen was 100% capable of curing this kind of illness, but he only said 90% to

avoid appearing cocky.

There was a twinkle in Charles Wu's eyes.

Caesar Du clenched his lips tight, "Swank."

Fade Chen didn't say anything afterward. He just looked at Charles Wu and said, "President Wu's symptom is itches all over the body, especially in the areas like the underarms and groin. When it starts, it feels like thousands of ants crawling. It's very uncomfortable. Am I right?"

Upon hearing this, Charles Wu gripped Fade Chen's hand and exclaimed, "That's right! My illness is not really a serious one, but it just itches, that's all. But god knows how many hospitals I've gone to and how many drugs I've taken, but the effects were not much. On the contrary, the itch is getting worse. At times, I had to stop my meeting halfway when the itch attacked. The worst was when I was in the midst of discussion with clients, I had no choice but to endure it. Recently, it has gotten so dreadful that I'm beginning to lose control of it."

Caesar Du hadn't expected Fade Chen to accurately described Charles Wu's conditions in such a short time. He was slightly surprised.

However, he was only slightly surprised. In his opinion, an ordinary Chinese medicine practitioner could do the same. A specific treatment was still needed. Moreover, Fade had probably asked Charles Wu directly about these symptoms before. It was

19:29

nothing extraordinary.

Chapter 118

Fade Chen glanced at Caesar Du and understood what he was thinking. He voiced out, "Based on Caesar Du's diagnosis, the itch was caused by the body's damp-heat syndrome. So his treatment method is to find a way to get rid of the dampness and heat."

"If I've guessed it right, when Caesar Du treated President Wu just now, you acupunctured several of President Wu's acupoints, namely the acupoints at these locations; the 2nd lumbar vertebrae, the nasolabial fold, the yin meridian, and the elbow. These acupoints have the effect of expelling dampness and heat, and with strengthened stimulation for a short period of time, it can achieve a therapeutic effect." Fade Chen explained.

Charles Wu listened as Fade Chen explained with experience. He didn't know if Fade was right, so he turned his eyes to Caesar Du.

At this moment, Caesar Du's face had turned astonished. This was because Fade Chen had accurately detailed Caesar's acupuncture points and effects. Had he not confirm that Fade Chen was absent during his treatment, Caesar would have probably thought that Fade Chen had peeped at his treatment process.

Although it was somewhat unexpected and hard to accept, Caesar Du nodded at Charles Wu and said, "Dr. Chen, you have said it precisely."

This time, even Charles Wu was a little surprised. After all, when he came to see Fade Chen, it was his last resort. It would be great if there would be an improvement. But he hadn't expected Fade Chen to exceed his expectations. Even Three Needles Junior was shocked.

Charles Wu began to see hope, and he looked at Fade Chen with eyes full of hope.

Fade Chen smiled faintly and continued. He peered at Caesar Du once again and said, "If I'm right, these are the prescriptions Dr. Du usually gave to President Wu."

"Five grams of Kudzu, three grams of *Prunellae Vulgaris*, two grams of *Rhizoma Smilacis Glabrae*; one gram of *Cortex Erythrinae*, two grams of *Herba Taxilli*, one gram of *Atractylodes Rhizome*; one gram of Chinese Magnoliavine, two grams of Biota Seed; and three grams of Prince Ginseng..."

"Amongst them, the main effects of Kudzu, *Prunellae Vulgaris*, and *Rhizoma Smilacis Glabrae* are to clear heat; the *Cortex Erythrinae*, *Herba Taxilli*, and *Atractylodes Rhizome* are to dispel dampness; As for Chinese Magnoliavine and Biota Seed, they are used to soothe President Wu's itch and calm his nerves; Lastly, the Prince Ginseng is to nourish his

stomach and invigorate his spleen."

After saying this, President Wu was amazed. He didn't know Chinese medicine, but after taking the herbs for a long time, he vaguely remembered a few familiar names in Caesar Du's prescription.

Caesar Du, on the other hand, was completely shocked. He looked at Fade Chen, his lips quivered, then he rubbed his eyes and said, "You, how do you know my prescription?"

These words reaffirmed the accuracy of Fade Chen's explanation. He not only named the herbs used, but also told the exact amount prescribed and their respective medicinal effects.

Such an accurate result shocked Caesar Du. He looked at Fade Chen and stammered, "Who, who are you?"

Fade Chen smiled but did not answer.

Charles Wu saw Caesar Du's expression and knew that he had met an expert. His heart rejoiced. He looked at Fade Chen and asked, "Dr. Chen, can my illness be cured?"

Fade Chen nodded and said, "Of course, and I'm going to cure you right now."

"It can be cured on the spot? Really?" Charles Wu was surprised and in disbelief.

Caesar Du came back to senses. Once he heard Fade Chen could cure on the spot, he couldn't help

but advised, "Although this disease is not serious, it is not easy to cure. Otherwise, I wouldn't have spent more than half a year treating it. Moreover, few of the times, it was under my grandfather guidance."

Fade Chen shook his head and said flatly, "That's because you're not experienced enough. Please don't blame the complications of the illness."

"You..." It was the first time someone referred Caesar Du as inexperienced, moreover, it came from a Chinese medicine doctor younger than him.

Fade Chen grinned at Caesar Du, "If you are not convinced, just watch me cure President Wu."

While speaking, Fade Chen picked up the silver needles on the small table next to him.

President Wu quickly move to take off his clothes so as to let Fade Chen use the needles. However, Fade Chen stopped him and said, "You don't need to take off your clothes. I'll just insert a few needles on the wrist."

"Acupuncture on the wrist?" President Wu was puzzled.

Caesar Du also had a look of suspicion on his face and he said, "The symptoms of this dampness and heat syndrome that caused itchiness were at the underarms, groin areas and the like, the root of the symptoms should be in the muscles. What's the use of inserting the needles on the wrist?"

Fade Chen did not explain immediately. Instead, he pinched the silver needle, ran the internal core energy, or better known as, Chi, in his body, transferred the core energy into the silver needle, and then quickly poked into the meridians of the wrist. Then, he almost immediately mobilized the internal Chi to the root of the illness.

Fade Chen had practiced "Kong Fu of Jiu Yang " to the extreme level. The internal core energy in his body was intense and hot. When the Qi reached the focal point, the root of his illness was completely scorched. Naturally, Charles Wu's illness was cured.

In less than five minutes, Charles Wu felt a hot and slighting burning sensation at the areas where it itched. Then, the sensation slowly subsided, and he felt his body became lighter. The itch that used to be everywhere had been eliminated and he felt completely relieved.

"I, I don't feel itchy anymore!" Charles Wu's face was lit up with astonishment. He even clumsily scratched his body a few times just to confirm. "It really doesn't itch at all. It's all recovered."

Caesar Du was just as surprised. He rushed over, grasped Charles Wu's wrist and felt his pulse.

A few minutes later, Caesar Du's surprise turned into shock. He couldn't believe it and frowned, "You, you really cured Uncle Charles' illness?"

"What do you think?" Fade Chen looked at Caesar

Du.

Even if Caesar Du was reluctant to admit it, he had to face the reality. His face crumpled while nodding and confirmed the result of Fade Chen's treatment.

Then, he looked at Fade Chen with keen eyes and asked, "How, how did you cure Uncle Charles's illness? And why inserting needles on the wrist works?"

Fade Chen sighed and said, "The meridians of the human body in traditional Chinese medicine are all connected. Although I inserted the needles on the wrist, I can move the core energy to where the problem was through the meridians."

"Of course I know the connection of the meridians, but that doesn't mean you can simply..." Caesar Du frowned. But suddenly, he realized something and darted a surprised look at Fade Chen. "Did you just say that you transferred Chi through the needles?"

"Yes, I cured President Wu's illness by torching the root of his illness with my vigor energy," Fade Chen said calmly.

"Vigor energy! You have achieved vigor energy? How is that possible? You're very young" Caesar Du was appalled. He was even more stunned now compared to the moment when Fade Chen pointed out his prescription accurately.

Chapter 119

Traditional Chinese medicine represented both traditional medicines and skills, it's one of the Five Arts of Chinese Metaphysics - Mountain, Medicine, Destiny, Physiognomy, and Divination, which involves the martial arts, Qigong, observation of appearance, practice of divination and so on.

Since ancient times, those who knew of these skills were scarce. In addition, there were many propaganda that over-exaggerated the skills, and many imposters used the skills to deceive others. Therefore, to many, these traditional skills had become superstition and tricks.

However, as the descendant of a Chinese medicine family, Caesar Du clearly knew the existence of the Five Arts of Chinese Metaphysics. Amongst them, some of these skills were mythical and even difficult to explain, although not as over-the-top as what was described in films and novels.

For example, one of the medical skills he was good at was related to Qigong. Some traditional Chinese medicine practitioners with excellent medical skills could generate vital energy within their bodies after years of mastery and persistence. The use of vigor energy to support the Chinese medicine treatment produced better results compared to normal

treatment.

However, it was not easy to cultivate the vital energy in the body and to master the use of vigor energy to cure diseases. Many veteran Chinese medicine doctors took a lifetime yet still failed to reach the level of transferring vital energy through the needles. Amongst the doctors who were recognized as National Medical Saint, not all had reached this realm.

Take Caesar Du's grandfather Jason Du as an example. He had been studying medicine for more than 60 years and practicing medicine for more than 50 years. He was diligent in cultivating his physique, insisted on training, and supplemented with various herbs to achieve good health. But until now, in his seventies, he had only merely reached the threshold of the vigor energy, but still could not use the energy to cure diseases.

Yet now, Fade Chen, a young Chinese medicine doctor in his early twenties, was able to use his vigor energy skillfully to treat diseases. It is clear why Caesar Du was shocked and amazed.

"Have you really reached the realm of the mobilizing Qi in acupuncture?" Caesar Du was still in disbelief.

Fade Chen did not explain, instead, he stretched out his right hand and gently placed it above the wooden table without touching the surface of the table, leaving a gap of three or four centimeters.

"Ha!"

Suddenly, Fade Chen shouted, and the wooden table below his palm made a squeaky sound and shook once. Then, Fade Chen withdrew his palm.

Caesar Du quickly walked over, stretched his neck and noticed an obvious handprint, with five fingers clearly seen, on the smooth surface of the table. At this point, his final doubt about Fade Chen disappeared. He looked at Fade Chen, stunned, "Not only have you reached the level of transferring vital energy through the needles, but you are also a master of martial arts."

As for Charles Wu, although he didn't know Chinese medicine nor understood what vital energy acupuncture was, but as a successful businessman in Long City, he had many competent bodyguards. However, none of these bodyguards, of whom were hired at a high price, were as good as Fade Chen.

In an instance, Charles Wu's perception towards Fade Chen shifted again. A young man in his early twenties was not only a brilliant Chinese medicine practitioner but also a martial arts master. His potential was limitless.

Fade Chen smiled at the both them, then turned his attention to Caesar Du and said impassively, "You lost this challenge. Are you convinced?"

Caesar Du suddenly took a step forward, kneeled on one knee, gave Fade Chen a hold fist salute and

apologized, "Mr. Chen, I was ignorant and had offended you. Please forgive me. I shall fulfill any of your conditions. You may tell me now."

Fade Chen was rather satisfied with Caesar Du's attitude. He nodded lightly and reached out to help Caesar Du on his feet. "You're already considered quite good to have achieved such medical skills at such a young age. But because you're born into a famous family, everything seems to go smoothly for you since childhood. This has made you a little arrogant and even conceited. You have to change this! You have to know that there's always someone better than you. Just because your grandfather is the National Medical Saint, doesn't mean you are the same."

"Thank you for your lesson, Mr. Chen. I will change and improve my attitude!" Caesar Du said with respect.

Fade Chen nodded and said, "Yes. No need to be so polite, you can just call me by my name."

This guy was really an amicable person. Since Fade Chen didn't blame him, he immediately came up to Fade Chen and pestered him, "Brother Fade, how about calling you Brother Fade in the future?"

"I believe you're older than me!" Fade Chen was speechless.

However, Caesar Du was not at all concerned, he flipped the wide sleeves of his traditional Chinese

costume and then continued, "Brother Fade, your medical skills are better than mine, and not to mention you are a master in martial arts. Just these give me all the reasons to call you brother."

"Okay then, you can call however you like," Fade Chen replied.

"Okay, Brother Fade." Caesar Du said. "By the way, Brother Fade, how did you learn your medical skills? Can you teach me a thing or two?"

Fade Chen glared at Caesar and advised, "You have to master your foundation first. Don't try to run when you have not learned how to walk."

"Yes, Brother Fade!" Caesar Du answered in a serious manner with the hold fist salute. Then, he seemed to have recalled something, he said with assurance, "Brother Fade, I lost to you just now. If you have any requests, just tell me. I will try my best within my means to do it."

Initially, Fade Chen wanted to say that he didn't have any requests. After all, the purpose of this competition was to treat Charles Wu's illness, and at the same time to teach Caesar Du a lesson. Now that he had achieved his goals, there was no need for any request.

However, just as Fade Chen was about to decline, he suddenly thought of something. Next, he took a piece of paper and wrote some names before handed it over to Caesar Du and explained. "Your

family owns a clinic in Long City. Since your network is wider, can you help me find these herbs and some stuffs? After you have found them, I am willing to pay for them."

Caesar Du picked up the paper and saw that they were all names that he didn't recognize. He couldn't help but be awestruck by Brother Fade's knowledge. He promised wholeheartedly, "Brother Fade, please don't talk money with me. This will be my gift to you when I find them."

Fade Chen did not linger on the money issue. After all, the herbs and stuffs written were basically rare herbs for his own mastery and his wife's treatment for her cold nature. At present, these herbs were rare and difficult to find, so he had asked Caesar Du to help keep an eye for him.

Right at that moment, Caesar Du's mobile phone vibrated. There was a message. He took it out and instantly exclaimed "Oh, no!". Then he turned to Charles Wu and said, "I almost forgot about the thing I came here for. It's getting late. Uncle Charles, please help me to give some opinions!"

Charles Wu said, "Caesar, I still have something to do at home. This..."

Caesar Du fidgeted, "Uncle Charles, this is something good that grandfather had insisted that I must get it! I came to Bay City in a hurry. Master Qiao and the others are not around to help me. At

19:30

my level, I can't differentiate its authenticity. Uncle Charles, you are an expert, you must help me!"

Chapter 120

Charles Wu hesitated for a moment, and then his eyes lit up as he turned to Fade Chen, and said to Caesar Du, "Caesar, my level is just a seasoned hobbyist, not a real master! Speaking of masters, Fade is good at both medicine and martial arts, he would definitely be familiar with the thing. Why don't you let Fade go with you?"

"Yes! With Brother Fade's skills, he should have good eyes for inspection as well." Caesar Du exclaimed with excitement. He looked at Fade Chen with pleading eyes and said, "Brother Fade, you must help me this time. Otherwise, I will be beaten to death by grandfather when I go home."

Fade Chen was speechless. But since he had just asked Caesar's help to find the rare herbs, he didn't mind helping him on trivial matter.

So, Fade Chen said, "If you want my help, tell me what's the matter first."

"Brother Fade, it's like this..."

Caesar Du told Fade Chen the whole story, and Fade Chen was quick to comprehend the whole event.

It turned out that Caesar Du's grandfather, Mr. Du shared the same hobby as Charles Wu. Both liked to collect old things, which were not limited to just

antiques, but also things with legends and magical power.

For example, a futon left behind by a Taoist monk, a jade pendant blessed by a master, the holy grail in the Vatican, and angel wings to name a few.

They believed that these things had miraculous powers and had the ability to maintain health and give protection, so they had been searching everywhere in the world. But of course, for so many years, most of the things they had found were antiques with no special effects, some were even fake. Fortunately, the two families were very wealthy, and money was not a problem for them, thus, their quests continued.

This time, Mr. Du heard news in Long City that someone had dug out an old item at Bay City. Rumour had it that this amazing item possessed special power for wound healing. Therefore, Mr. Du immediately asked Caesar Du to come to Long City in order to bid for this treasure.

Over the years, Mr. Du had heard of many magical effects from items. But no one could guarantee the authenticity of the item, so he needed someone to help him identify it.

Caesar Du came in a hurry this time, Master Qiao and others who had confirmed to help identify when they were in Long City, couldn't make it. So when Caesar Du learned that Charles Wu was in Bay City,

he came to ask Charles Wu for advice. Although Charles Wu's ability was not as good as the professional Master Qiao, but he would certainly be better than young Caesar Du.

Now that Charles Wu had refused to do it, Fade Chen seemed like the ideal candidate.

Hearing that, Fade Chen didn't know whether to laugh or cry.

He didn't expect for a well-known Chinese medicine doctor like Mr. Du, and an outstanding entrepreneur like Charles Wu, would believe in these things even though Fade Chen knew that some things did have special effects.

However, these things were most certainly created by the top masters. If these things really did surface, it would be the fight amongst the masters, while ordinary people would not have the chance to even try their luck.

However, judging from their looks, it was probably not the time to persuade them to give up. The so-called treasure this time was likely to be fake as well. Fade Chen decided to help Caesar Du in case he got scammed. "Like this, I'll go with you!"

"Brother Fade, you've agreed. That's great!" Caesar Du leaped with excitement, as if he could rush over to hug and kiss Fade Chen.

"Well, it's getting late. Let's go now and come back

early," Fade Chen said.

"Yes, go early and come back early!" Caesar Du cheered. Then, the three of them walked out of the bedroom together.

Outside the room, Mindy Wu and Quin Lin had been worried. Then they saw the three coming out smiling, contrary from earlier on when Caesar Du and Fade Chen were quarreling. At this moment, they were chatting and laughing, as if they had been friends for many years.

For a moment, the two women looked at each other in confusion and shock.

Caesar Du smirked, "Ms. Wu, President Lin, I was too arrogant and ignorant at the competition just now. I was wrong. Now, I am Brother Fade's avid follower."

Fade Chen also explained to Quin Lin about Caesar Du's request for help.

Later, the two got into Caesar Du's car and sped off.

Not long after, the car stopped in front of a two-storey building. Caesar Du and Fade Chen got off the car and walked inside.

There were two strong-looking young men guarding at the door and were looking at them warily. Caesar Du made a phone call to confirm his identity. Then, the two young men immediately stepped aside to let them through the door.

When they entered the building, Fade Chen could

see two rows of wooden chairs on both sides of the main hall at a glance. In front of them was a casual landscape painting that looked dated.

Presently, most of the seats from the two rows were already occupied with people.

When Caesar Du walked in, a man in a suit, who looked around twenty-eight or twenty-nine years old on the left, suddenly beamed, "Three Needles Junior, you are here!"

Caesar Du took a look at the man, with a look of surprise, he said, "Donny Liang, why are you here? Hey, if you call me Three Needles Junior again, I will reap your mouth to pieces!" Caesar Du retaliated without hesitation.

"Caesar Du, since you have been here, why can't I be here?" Donny Liang snorted, but he did not call him Three Needles Junior anymore.

Caesar Du ushered Fade Chen to sit down before he sat down himself. Then, he turned to Fade and explained in a low voice.

"This fella's name is Donny Liang, from Long City. His grandfather is the president of Long City's antique association. He and my grandfather frequently compete with each other on antique, resulting in countless conflicts."

"This time the news came so quickly that it hasn't been spread around in Long City. I didn't expect

Donny Liang to get the news too and see him here."

Fade Chen nodded and glanced over at Donny Liang. He studied the guy from top to bottom and found nothing special about him, just an arrogant chap from a rich family.

However, beside Donny Liang sat an old man in a Chinese Tang costume. His hair already turned silver and he had a white beard.

The old man's eyes were half-closed as he leaned against the chair impassively. He exuded the temperament of a master.

"This man is a formidable martial artist," Fade Chen made a quick judgment of this old man.

Then, he blinked at Caesar and asked, "Who's that?"

Only then Caesar Du noticed the old man next to Donny Liang. He was slightly surprised but continued to explain, "I haven't seen him before, but I am guessing he is Donny Liang's temporary inspector. After all, we were all in a hurry to come here."

Donny Liang spotted Caesar Du staring at the old man, he smirked. "Caesar Du, what are you looking at? Are you jealous that I managed to get an inspector?"

"Oh, by the way, I didn't see your inspector with you when you came in?" Donny Liang deliberately provoked him. His eyes swept over Fade Chen, and

then he pretended to be surprised and pronounced sheepishly, "Caesar Du, don't tell me this kid is your inspector?"

Chapter 121

When Caesar Du heard what he said, he could not help but shout angrily, "Donny, shut up if you don't understand. Brother Fade is not someone you can simply offend!"

"Woah, Brother Fade!" Donny Liang said sarcastically, "Caesar, I think you're getting worse. How ridiculous it is to call a kid brother and bring him as your teacher!"

"Donny Liang, are you looking for a fight?" Caesar Du suddenly stood up, rolled up his sleeves and was ready to fight.

At this time, an old man with a crutch beside him persuaded, "Caesar, we are here to see the treasure. Don't hurt the harmony for something irrelevant. The treasure is more important."

Then, the old man looked at Donny Liang and said, "You're right. It's meaningless to argue with each other. Stop this argument now."

Donny Liang and Ceasar Du glared at each other and then sat down with a snort.

Then, Ceasar Du explained in a low voice in Fade Chen's ear.

Mr. Hu, the old man in the crutch, was the president of the local Antique Association in Bay City. His

seniority was very high and his speech was not treated lightly. The news of this treasure was first known by him, and then it reached Caesar Du's ears.

Mr. Hu looked around and saw that all the bidders were here. He stood up and said, "Since everyone is here, let's begin. Mr. Yuan, please bring it out!"

Then, a farmer-like man dressed in plain clothes walked out with a red cloth bag in his arms.

He looked around the people in the room. There was vigilance in his eyes. His eyes flickered, and he seemed to be a little scared.

Seeing this, Mr. Hu smiled and said, "Mr. Yuan, it's not the first time for us to meet each other. These are all the people in the association. The credibility is good. Don't worry. As long as it's good stuff, we will definitely give you your money."

"Really? Don't lie to me. I am a farmer and don't understand your tricks. I just want to sell it for money." Mr. Yuan, the old farmer said while still holding the red cloth bag tightly in his hands.

Hearing this, everyone couldn't help but smile. Someone persuaded the old farmer to rest assured, and someone showed his identity and said that he would not lie.

Donny Liang, on the other hand, acted more directly at the moment. He took out two stacks of money and threw them in front of Mr. Yuan. He sneered and

said, "All of us have at least hundreds of thousands of money. How could we lie to you? What a joke."

"This twenty thousand yuan is my deposit. Later, if I buy it from you, I will deduct twenty thousand yuan at the price. If I don't buy it, the money will belong to you," Donny Liang said impatiently.

Although Donny Liang's attitude was a little bad, but the money was real. Immediately, the old farmer relaxed his vigilance and put the money into his arms with a smile. Then, he placed the bag on the table. Under everyone's attention, he carefully opened the red cloth.

For a moment, everyone looked over and saw a palm-sized Buddha statue in the red cloth.

The whole body of the statue was carved out of stone, with some flaws on its surface and even some cracks. There were some soil and moss inside, which seemed to have been dug out not long ago.

The lines of the stone Buddha were rough, and the carving skills were not very good. It seemed to be worthless. But at this moment, when everyone walked to the side of the stone Buddha, they felt a refreshing breath coming in. After taking a breath, they seemed to feel light-hearted.

"This is some good stuff!" The boss's eyes lit up and his face was full of expectation.

"Master Qin, what do you think of this?" Although Mr. Hu was the president of the Antique Association, he still needed a professional to identify these antiques. So, he turned to an old man in a Taoist robe beside him and asked for advice. Obviously, the man was the stone and gems specialist that Mr. Hu brought along.

"This is a good thing. I'll have it." Donny Liang shouted casually and provocatively looked at Ceasar Du.

Ceasar Du glared at Donny Liang. He wanted to say directly that he was determined to compete with Donny Liang. But when he thought of Fade Chen who sat next to him, he turned his head and asked in a low voice, "Brother Fade, what do you think about this?"

Fade Chen thought for a moment. When he looked at the stone Buddha for the first time, he was shocked. Because there was a stream of Spiritual Qi on the stone Buddha, he thought that it was a rare treasure.

But after careful observation, Fade Chen immediately realized something fishy. The Spiritual Qi on the stone Buddha was not fake, but the material and age of this stone Buddha was very ordinary.

Generally speaking, the Spiritual Qi on a stone Buddha could only be achieved after many years of

cultivation by a Taoist master. However, the stone Buddha itself was less than five years old, so it could not be a treasure raised by a Taoist master.

However, the Spiritual Qi on the stone Buddha was real. There was only one explanation. Someone tainted the ordinary stone Buddha with a layer of Spiritual Qi on it.

When it was first tainted, this layer of Spiritual Qi was obvious and the effect will be good. But after some time, the Spiritual Qi would dissipate. After all, the stone Buddha was not raised by a Taoist Master. At that time, the stone Buddha would become an ordinary stone statue without any special effect.

In such a situation, Fade Chen could almost be sure that this thing was completely a fake, a scam made by someone deliberately. However, this scam was a little unusual. After all, Spiritual Qi could not be made by ordinary people. Mr. Yuan, who looked like an old farmer, was at most an experienced cheater. It was impossible for him to produce Spiritual Qi.

That meant that Mr. Yuan had companions, and there was a master, who could stain the stone Buddha with a layer of Spiritual Qi.

Thinking of this, Fade Chen could not help but be a little alert. He glanced at everyone.

At this moment, seeing that Fade Chen did not speak for a long time, Caesar Du could not help asking, "Brother Fade, what did you see?"

Before Fade Chen could speak, Donny Liang sneered, "He's just an ordinary man, what can he see?"

"If the boy can list down all the dynasties in ancient times, he is already good enough. Let alone to identify antique treasures. Haha!" Donny Liang said cockily.

Hearing this, Caesar Du's face darkened, he was furious and wanted to refute Donny Liang.

Fade Chen patted Caesar Du's shoulder gently and said blandly, "Don't be agitated. I'll explain later."

After seeing Fade Chen's strength, Caesar Du had great trust in Fade Chen. He immediately nodded and agreed.

Seeing this, Donny Liang sneered and said, "Caesar is too soft. Is there anyone else who wants to see? If not, I will bid down this good thing. I am determined to get it!"

Mr. Hu chuckled, knocked on the crutch and said, "Donny, have some patience. Since everyone is here, let's give all of you a chance to look at it first."

After that, Mr. Hu twisted his body and looked at the old man in the Taoist robe next to him. He said politely, "Master Qin, please!"

Chapter 122

As soon as Mr. Hu finished speaking, Master Qin nodded and walk over.

Master Qin wore a wide bright yellow Taoist robe and held a horsetail whisk in his hand. His hair was combed into a bun on top of his head. With a white beard, he looked like an immortal.

Master Qin first circled around the stone Buddha a few times, and then he stopped in front of it. Holding the horsetail whisk in his right hand, he gently brushed it over the stone Buddha and took out a piece of rune paper with his left hand. He breathed out a breath, lit the rune paper, and turned around the stone Buddha several times.

Suddenly, the bright yellow flame on the rune paper became fierce as it approached the stone Buddha. The flame turned green and instantly burned up the rune paper.

"This is a precious stone!" Master Qin's eyes lit up and he shouted with excitement.

At this moment, the rich people who were in the auction saw this and their eyes were shining. They were surprised and excited to see this magical scene of Master Qin, and they couldn't help but praise him.

Mr. Hu saw this and knocked on the crutch with a smile. He said with a proud look on his face.

"Master Qin was an expert I specially invited from the temple. Master Qin has been cultivating in the temple for more than 30 years and is famous for his geomancy. In recent years, Master Qin has cast out evil spirits and opened the altar to pray. All of these are efficacious. You can be called a master!"

When the rich people heard this, they couldn't help but nod. On one hand, they respected Mr. Hu's words, and on the other hand, Master Qin did perform well just now, which surprised them a lot.

For a moment, the atmosphere in the room suddenly became passionate. Some rich people were ready to compete and bid for the treasures.

But at this time, Donny Liang, who was sitting on the chair, sneered and said with disdain, "Mr. Hu, I respect you very much. But it's ridiculous for me to trust so-called Master Qin."

Mr. Hu didn't expect that Donny Liang would say so. His face darkened and he said unhappily, "Donny, why would you say that?"

Donny Liang snorted, glanced disdainfully at Master Qin, and then said scornfully, "Not everyone is qualified to be called a master."

No matter how well-mannered Master Qin was, he couldn't help but be angry at the moment. He glared

at Donny Liang and shouted, "Boy, you said that I am not qualified to be a master, but who do you think you are?"

Donny Liang laughed and said, "Since I did not learn any of this, of course, I am not a master. It's just that you are not strong enough and no skills in this, but you pretend to be a master. Isn't it ridiculous?"

"I'm not strong enough?" Master Qin was so angry that his face turned red. "I don't know which master is Mr. Liang referring to, please invite him here so I can have a look at him!"

Donny Liang waved his hand and turned to look at the old man in a traditional Chinese suit behind him, saying, "Thank you, Master Xie."

Hearing the sound, the old man who was closing his eyes beside Donny Liang stood up and raised his eyelids. When he opened his eyes, there was a glimmer of light.

Seeing this, Master Qin's face changed and he took a few steps back.

Master Xie glanced at Master Qin and said slowly, "Is it you who call yourself a master?"

Master Qin stabilized himself and said, "So what if it's me?"

"You are not qualified!" Master Xie sneered. Before Master Qin could speak, Master Xie pointed at the stone Buddha and asked, "If you call yourself a

master, I will ask you a few questions."

"Just ask away!" Master Qin shook his robe, raised his head slightly, and looked angry. Obviously, he wanted to regain his dignity.

Master Xie paused and asked, "What's so special about this stone Buddha?"

Hearing this, Master Qin's face lit up with delight and said, "The stone Buddha has spirituality. I think it is a treasure that has been nurtured by the powerful monk for many years. It has the effect of health-preserving, vigorous, and refreshing. It has a great effect on human's physical and mental health."

After listening to Master Qin's words, many rich people's eyes lit up and they became more excited.

But at this moment, when Master Xie heard this, he sneered and said, "If it's just the function of keeping health and strengthening the body and waking up the mind. I'd rather buy some health products to consume. What's the use of this stone Buddha?"

"You..." Master Qin pointed at Master Xie angrily. "You're being unreasonable."

"I'm being unreasonable?" Master Xie sneered and suddenly changed his expression. "That's because you don't know what is the stone Buddha true specialty. You can't see the real strength of this stone Buddha."

"The real strength of this stone Buddha?" Everyone

was curious and looked at Master Xie.

Master Xie quickly walked to the side of the stone Buddha and stared at it. Suddenly, he shouted, and his hands changed rapidly. He pinched out several incantations, and a white breath spurted out of his palm, directly gushing into the stone Buddha.

Suddenly, the stone Buddha on the table buzzed and vibrated. A layer of golden light suddenly emitted from the surface of the stone Buddha. In the light, one could faintly see the solemn Buddha statue, the flying of a heavenly woman, and the roars of auspicious beasts.

For a moment, everyone felt that the room seemed to be lit up, and the sound of Buddha was loud in their ears. They were shocked as if they had been cleansed by Buddhism, and their hearts became ethereal and solemn.

"This, this is..." Seeing this, everyone's face changed dramatically and looked at the Buddha statue in disbelief.

Master Qin's expression changed as well. He exclaimed in surprise, "This is a Buddha treasure!"

Master Xie smiled and said, "You know the Buddha treasure? You're not completely a waste then."

After that, Master Xie's shouted, "But, more than that! There are even more powerful things in it!"

"Something more powerful?" Everyone was

surprised and curious. They all stared intently at the stone Buddha and Master Xie.

"Give it to me!" Master Xie waved his hand, and a servant came over with an old hen in his hand. The old hen's neck was cut and blood dripped from it.

"What is he doing?" Everyone was confused.

Master Xie pinched the old hen with one hand and stroked the stone Buddha with the other hand. He waved a golden light in his palm and touched the old hen's neck.

A few seconds later, Master Xie's hand moved away. The old hen's bleeding wound was healed at this moment. It fluttered its wings and escaped from Master Xie's hand. It giggled and ran out of the hall.

Seeing this, everyone was completely dumbfounded. They did not expect such a magical thing to happen.

Even Master Qin was shocked at this moment. He shook his head in disbelief and said, "What, what's going on?"

Master Xie put his hands behind his back and said, "This stone Buddha is not only a personal object of the eminent monk, but also a well-nurtured Buddha treasure. The Buddha's light is restrained and the Spiritual Qi is overflowing. The effect of strengthening the body and waking up the mind is just a small part of the real power."

"The real effect is what I just showed. The wound is healed and the body is restored. If you can use it, you may even save your life. It can be said that this Buddha treasure is equivalent to the magical medicine to bring a dying man back to life." Master Xie said.

Chapter 123

As soon as he said that, all the rich people in the hall widened their eyes. Their breathing became rapid, and the temperature in the hall seemed to have rose.

Looking at the passionate crowd, Master Xie sneered and looked at Master Qin, "Now, do you still dare to call yourself a master in front of me?" Master Xie asked.

Master Qin's face was full of bitterness, but he cannot do anything as he had just been defeated. He bowed to Master Xie and said, "I was too ignorant to notice the presence of a true master. I should not show off my incompetence in front of you. I apologize."

After that, Master Qin bowed his head and went back. He lamented in his heart, but he had no other way. After all, Master Xie was more powerful. No matter how he reprimanded him, he could only accept it.

Master Qin sighed, but the surrounding rich people's faces were bright with excitement. They can't take their eyes off at the stone Buddha. Some of them kept looking at Master Xie, apparently thinking about how to befriend such a true master.

Mr. Hu, who invited Master Qin, was not in the mood to care about Master Qin at the moment. He comforted him with some words and then stared at the stone Buddha with keen eyes. The hand holding the crutch trembled slightly and made a sound on the ground.

Even Caesar Du, who was beside Fade Chen, was extremely excited at this time. He muttered, "Treasure, it's a real treasure! This time, no matter what, we must take this treasure down!"

Seeing this, Fade Chen couldn't help but sigh. At this moment, he could confirm that Mr. Yuan's accomplices with the old farmer were Donny Liang and Master Xie.

Although the scene just now was wonderful, it was just a trick after all. What's more, what Master Xie said later was way too over. He mentioned something about saving a dying man, just like the things in the myth.

Usually, this group of rich people would not believe in this kind of bullshit. But what Master Xie did really shocked everyone and made everyone ignore the unreasonable part of his words. On the contrary, the more he boasted, the more everyone thought it was true.

Although Caesar Du was excited, he did not forget about Fade Chen. He turned his head and asked, "Brother Fade, what do you think?"

Fade Chen shook his head and wanted to tell Caesar Du not to bid.

However, before he could say anything, Donny Liang sneered, "Caesar Du, what's wrong? The 'master' beside you shook his head and sighed. Are you not agreeing what Master Xie said?"

He deliberately stressed the word "master" with irony.

The rich also couldn't help but look over. Their eyes were full of suspicion. Obviously, they didn't trust Fade Chen.

Caesar Du's face darkened with embarrassment. He struggled to refute, "Donny, what are you talking about? When did my Brother Fade say that?"

The two men were about to quarrel again. At this moment, Mr. Hu coughed gently and said, "Donny, stop talking about it. Caesar, this man beside you will still need to learn from the master. Young people should be calmer!"

Speaking of the master, Mr. Hu looked at Master Xie, indicating that Fade Chen was not qualified on such an occasion, so he should not make a statement that could cause misunderstanding.

The crowd also nodded at this moment, apparently agreeing with Mr. Hu's words.

Donny Liang smiled proudly.

Caesar Du's face was awkward, and he pouted, but

he couldn't say anything. On one hand, Mr. Hu was a senior, so he should respect him. On the other hand, Master Xie's skill just now was really amazing.

Seeing that Caesar Du did not speak, Mr. Hu coughed and said, "Since the item has been identified and everyone thinks it is a good thing. Then, let's begin the bidding!"

"Mr. Yuan, what's your minimum price?" Mr. Hu asked.

The old farmer looked nervous and said, "I, I don't know how much I should start with. I don't know how much this thing is worth. This, this master knows, he, he..."

When Mr. Hu saw the old farmer pointing at Master Xie, he looked over and asked, "Master Xie, Mr. Yuan asks for your opinion. Is it convenient for you to tell us the price?"

After that, Mr. Hu looked at the rich again and asked, "If Master Xie is the one who set the price, does any of you have any opinions?"

"No problem!"

"Of course we believe in you, Master Xie!"

"We will definitely believe in you."

Master Xie saw this and walked out with his hands clasped behind his back. He said slowly, "Since everyone trusts me, then I'll tell you."

"Three years ago, I was invited by the richest man in Jade City to go to the Jade City Treasure Auction House to identify a treasure. It was also a Buddha treasure, and the final price of the deal was more than 50 million yuan. It was taken by the richest man in Jade City!"

After a pause, Master Xie continued, "This Buddha treasure is better than the one in Jade City."

After that, Master Xie left. Many rich people around him suddenly brightened their eyes with excitement.

It was a great honor to bid down a Buddha treasure that was even more powerful than the richest man in Jade City! Moreover, this Buddha treasure had the magical effect of healing wounds, which was even more priceless.

No matter what, they had to buy this treasure.

At this moment, many rich people were ready to take action.

"Fifty million yuan!" Someone bid directly.

"Sixty million yuan! Mr. Wang, you are too stingy. Didn't you heard that Master Xie said this Buddha treasure is better than the one in Jade City." Someone laughed.

" Sixty-five million yuan!"

"Seventy million yuan!"

The price soon rose to eighty million yuan. Caesar

Du couldn't help feeling anxious and was ready to bid.

But at this moment, Fade Chen gently shook his head at Caesar Du and said, "Don't bid this object!"

Although Caesar Du was puzzled, looking at Fade Chen's serious eyes, he put down his raised hand.

At this time, Donny Liang, who had just bid ninety million yuan, couldn't help mocking, "Caesar, what's wrong with you? Today, you invited a fake master to identify the treasure, and turned into a coward yourself. Why don't you bid?"

Caesar Du gritted his teeth in anger, but when he saw Fade Chen shaking his head next to him, he still held back his anger and did not bid.

Donny Liang didn't give up and continued to satirize, "Oh, your master is really good at acting and shaking his head? What do you mean this time? You don't like our price? Or do you think it's worthless?"

As soon as he said this, there was a burst of laughter. At the same time, someone also said for Donny Liang, "Young Master Liang, maybe this young man has seen that Master Qin and Master Xie have taken action, and yet he didn't have time to show himself, so he is somewhat regretful!"

"Oh, I see!" Donny Liang suddenly understood. "It's my mistake, my mistake. It turns out that you want to show your strength but we didn't give you a

chance!"

"Well, let's stop bidding and let the young master show himself!" Donny Liang deliberately said in a sarcastic tone.

Chapter 124

After that, Donny Liang purposefully looked at Caesar Du.

Caesar Du then turned to look at Fade Chen. In such an occasion, he was insulted by Donny Liang, his deadly enemy. Of course, Caesar Du was angry. He also wanted Fade Chen to beat Donny Liang in the face.

But after all, it depends on Fade Chen whether he would take action or not, so Caesar Du looked at Fade Chen with a blank face.

Fade Chen glanced at Donny Liang and Master Xie with a cocky smile on their faces, and his eyes flashed a hint of sternness. Originally, he didn't want to do anything today, he came because he did not want Caesar Du to be cheated.

However, Donny Liang's repeated provocation irritated Fade Chen.

"Since you don't know what's good or bad for yourself, don't blame me for revealing your scam."

Thinking of this, Fade Chen nodded, stood up, and said loudly, "Since you said so, I'll show you!"

"You'll show us? Woah, this guy seriously thought that he himself is a master." The sarcastic man heard this and laughed again.

"Caesar, take care of your people. This is not a place for you young people to mess around." Mr. Hu's tone was a bit heavy, and he said to Caesar Du.

Donny Liang, on the other hand, was in a good mood at the moment. He deliberately said, "Since this master wants to show off, then let him have a try. Or else some people won't accept that they have been defeated at that time!"

As he spoke, Donny Liang glanced at Caesar Du.

Caesar Du was furious, but Fade Chen patted him on the shoulder and took the initiative to walk to the stone Buddha.

Seeing this, Master Xie, who had closed his eyes, leaned against the chair, then, he slowly opened his eyes and glanced at Fade Chen. He sneered and said disdainfully, "Previously, Master Qin is able to sense something. This guy, a mortal, will never be able to sense anything from it."

After that, Master Xie closed his eyes again, and it seemed that he didn't look at Fade Chen.

Other rich people and their master couldn't help but shook their heads at this moment, showing sarcasm and disappointment.

Fade Chen turned a blind eye to them, circled around the stone Buddha, and then said loudly.

"Speaking of which, the stone Buddha is surrounded by Spiritual Qi, which does have the effect of

strengthening the body and awakening the brain. The ability shown by Master Xie just now is also true. Generally speaking, the stone Buddha is not bad."

When they heard Fade Chen's words, they could not help but look suspicious of him.

"Does this guy really understand?"

"What do you know? What he said was what Master Qin and Master Xie just said."

"I see. This guy only paraphrase the sentence. He almost fooled me."

"Boy, if you are merely repeating what the previous master had mention, then don't waste everyone's time."

...

Fade Chen did not care about their words. After a pause, he glanced around the crowd and suddenly said, "Although this stone Buddha is somewhat effective, it is not worth your price at all. Let alone seventy or eighty million yuan, even seven or eight hundred thousand yuan is not worth to buy the stone Buddha. It's a waste to buy this kind of thing."

Everyone was shocked by his words.

Master Xie, who was resting with his eyes closed, suddenly opened his eyes and slapped on the chair armrest, shouting angrily, "Kid, what are you talking about?"

Donny Liang's face changed, and then he shouted, "Caesar, this is the master that you brought. It's okay if he doesn't have any skills. But now he is talking nonsense. Are you kidding us?"

Even Mr. Hu and others could not stand it any longer. They all shook their heads and looked at Fade Chen unkindly.

Although Caesar Du was also surprised by Fade Chen's words, he trusted Fade Chen very much. At this moment, he gritted his teeth and stood up. He looked at the crowd and shouted, "Why do you say that Brother Fade is talking nonsense? Perhaps, Brother Fade is right."

"What a joke, a kid's nonsense. How can it be comparable to the appraisal of Master Xie?" Donny Liang said loudly at Caesar Du.

Mr. Hu also shook his head at this time and said to Caesar Du, "Caesar, you are still young in this field. Go back and learn more from your father!"

Faced with these doubts and curses, Fade Chen did not refute at all. He just raised his right hand, suddenly gathered a touch of internal vital force, and directly patted on the stone Buddha.

Suddenly, the golden light shone brightly on the surface of the stone Buddha. The whole room became bright and the air seemed to become refreshing.

"Kid, what are you doing?"

"He activated the Buddha treasure!"

"Kid, you can't mess around with such a treasure!"

...

Fade Chen bellowed, "Have you noticed anything different?"

Hearing Fade Chen's words, Caesar Du calmed down first. After feeling it for a while, he was surprised and exclaimed, "This is different from the situation when Master Xie activated it just now! There is nothing this time!"

Hearing Caesar Du's words, the others immediately realized the difference. Although the current Buddha statue was also shining brightly, it did not have the magical effect just now.

For a moment, the rich people couldn't help but looked puzzled.

"What's going on?"

"How is it different?"

.....

Fade Chen looked at the confused crowd and stopped. The golden stone Buddha suddenly returned to its original appearance. Then he focused his eyes and snapped, "Why? The reason is simple, because this so-called Buddha treasure is simply a fake!"

Master Xie and Donny Liang were enraged and shouted.

"Nonsense!"

"Crazy man, what nonsense are you saying!"

Fade Chen sneered and said, "Why are you so agitated? Does this have something to do with you?"

Master Xie and Donny Liang couldn't sit still. They suddenly stood up and were about to rush over to fight with Fade Chen.

"You are slandering me. You are talking nonsense." Donny Liang shouted.

"Kid, what nonsense are you talking about. How dare you insult my name! You're courting death!" Master Xie snarled.

Fade Chen looked calm. He looked at Master Xie and said coldly, "Since you said I was talking nonsense. You said the stone Buddha is real. So, do you dare to prove it to everyone and stimulate the stone Buddha?"

After that, Fade Chen folded his arms in front of his chest and looked at Master Xie with a sneer.

The spiritual energy on the stone Buddha was not much originally. Master Xie showed it before and consumed a lot of it. Just now, Fade Chen activated the spiritual energy again and consumed all the spiritual energy on the stone Buddha. There was nothing much left on the stone Buddha.

The current stone Buddha was just a stone without any value.

Of course, Master Xie could feel that the Spiritual Qi on the stone Buddha had been completely consumed. So he naturally could not demonstrate it.

Therefore, he stared at Fade Chen with cold eyes. The hatred in his eyes was as if he wanted to kill Fade Chen, but he didn't dare to do it.

Chapter 125

Seeing this, the rich couldn't help but be more suspicious.

"That boy is rude. Master Xie, please show him again and seal his mouth!"

"Yeah, we didn't see it clearly just now. Why don't you demonstrate it again, Master Xie?"

"Donny Liang, talk to Master Xie!"

...

Almost all the rich made a sound, but Master Xie was still motionless, showing no intention of showing the power of the stone Buddha. On the contrary, the sweat on their faces increased, and they seemed to be very nervous.

Seeing this, everyone's heart missed a beat, and their doubts were getting heavier and heavier.

Someone muttered, "Is the stone Buddha really fake? Then what's the situation of Master Xie's demonstration just now?"

Fade Chen chuckled and said loudly, "This so-called Buddha treasure is tainted with some Spiritual Qi on the stone figure. Spiritual Qi has the effect of strengthening the body and awakening the mind. As for the demonstration, Master Xie activated the

Spiritual Qi to produce light, and then used some tricks to create the wonderful scene you just saw."

"But now, Master Xie doesn't dare to show it. That's because I just used up all the Spiritual Qi on the stone Buddha. Without Spiritual Qi, it can't produce any miracle again. How would he dare to show it again!" Fade Chen said.

After saying that, Fade Chen raised his right palm and slap on the stone Buddha with a snap. He split the stone Buddha in half with one palm.

Suddenly, the stone Buddha turned into a pile of gray gravel.

Mr. Hu and others were experienced experts in the circle. When they saw that the stone was obviously a new one, they immediately realized that the Buddha statue was fake.

Mr. Yuan, who dressed like an old farmer, squatted on the ground with sweat all over his head. He was trembling and extremely nervous.

Seeing that everyone was looking at him, Mr. Yuan quickly waved his hand and pointed to Master Xie and Donny Liang. He said, "It's none of my business. It's them who asked me to deceive you with this fake Buddha. They are the mastermind. I don't know anything else."

Under such circumstances, no matter how poor is the judgment of the rich, at this moment, they

understood that this was completely a scam set up by Donny Liang, Master Xie, and Mr. Yuan.

Thinking of the price of tens of millions of yuan just now, the rich could not help but feel scared. Even with their inheritance, tens of millions of dollars would still not be a small amount. Then the fear turned into anger and they glared at Donny Liang and Master Xie.

Mr. Hu snorted, looked at Donny Liang and Master Xie, and said in a cold voice, "Donny Liang, how do you want to explain this matter?"

Donny Liang looked anxious and his mouth moved, but he couldn't explain it. He could only turn to look at Master Xie beside him.

Master Xie looked up at Mr. Hu and the others who were full of anger. There was not a trace of fear on his face. Instead, he laugh and put his hands behind his back, looking very calm. "Explanation? You want me to explain? What a joke. Even if I lie to you, what can you do to me?"

The crowd did not expect Master Xie to be so arrogant. He admitted to be lying, but he still did not admit his mistake.

Mr. Hu shouted angrily at once. He stamped his crutch heavily on the ground and shouted, "Guards, arrest them!"

With a crash, seven or eight strong bodyguards

appeared behind Mr. Hu in an instant. Looking at their strong bodies, one could tell that they were definitely not ordinary people.

Mr. Yuan, who looked like an old farmer, was scared to the ground. He was just a small liar. If he provoked such a rich man, the consequences would be unimaginable.

Donny Liang's face turned a bit distressed. Although his grandfather was the president of the provincial antique association, his power and status were not lower than those here in the hall. But this time, he was the one lying. If the matter was exposed, his grandfather would be affected.

Even at this moment of time, when Master Xie saw the seven or eight bodyguards rushing toward him, he showed a sneer on his face with no fear at all.

"Catch him!" Mr. Hu frowned and shouted. Immediately, seven or eight bodyguards pounced on him.

The bodyguard was about to catch Master Xie. But at this moment, Master Xie snorted, took out a one-foot-long wooden sword from his arms, and then quickly pointed it with his left hand.

In an instant, a light shone brightly, and a layer of golden light emitted from the surface of the wooden sword. In the light, roars of tigers and lions rose up to the sky, as if thousands of beasts were running, bringing a great pressure.

The bodyguards were covered by the light and shocked by the virtual shadow. All of a sudden, their bodies sank and they were pressed to the ground, with their teeth, eyes, and ears bleeding.

Seeing this, many rich people were scared out of their wits and stared at the scene in front of them with their mouths agape.

Master Qin, next to Mr. Hu, was shocked at this moment. He looked at Master Xie and said, "This, this is the aura of Genuine Vitality. You, are you an Earth Class Master?"

"I didn't expect that I could actually see a real Earth Class Master. This, this is really..." Master Qin was so excited that he couldn't speak.

When people around heard the words "an Earth Class Master", they were all shocked. After all, in Bay City, the strength of a big shot like Jimmy Wei was only at the Late-stage of Yellow Class.

Not to mention the Earth Class masters, there was almost no one, even a Profound Class master in Bay City. Such a master was too far away from everyone. At this time, he really appeared in front of everyone, which surprised these rich people.

At the same time, their hearts were full of despair. Being targeted by an Earth Class master, they had no ability to resist.

Master Xie smiled confidently and snorted, "You

know the aura of Genuine Vitality. It's your honor to die in my hands today!"

After that, Master Xie's eyes turned and fell on Fade Chen. His expression was extremely resentful, and his eyes were so gloomy. "Boy, you've ruined my plan. You'd better die here today!"

Master Xie waved his hand, and the wooden sword in his hand shone again, bursting out a dazzling light. It stabbed at Fade Chen with an unstoppable force.

As the crisis approached, everyone could not help but feel anxious.

However, facing Master Xie's attack, Fade Chen was calm and put his hands behind his back, as if he had not seen Master Xie's attack at all.

"Escape!"

"Run!"

...

The crowd exclaimed. Even Caesar Du, who was confident in Fade Chen's strength, also rushed to Fade Chen with a pale face when he heard that Master Xie was an "an Earth Class Master". He said, "Brother Fade, hide quickly!"

Master Xie smirked and looked at Fade Chen. "Boy, you've asked for it!"

When the wooden sword was about to stab Fade

Chen, with his hands behind his back, Fade Chen suddenly raised his head.

In the face of the oncoming wooden sword, Fade Chen's eyes flashed a glimmer of light. Then he raised his right hand and faced the sharp wooden sword.

Chapter 126

Master Xie sneered at Fade Chen's action and said, "Kid, using your bare hands to catch my wooden sword. You're asking for trouble!"

"Stab him!" Master Xie commanded and wrenched his gaze at Fade Chen's palm.

But just as the wooden sword was approaching his palm, something shocking happened. The sharp wooden sword flashed with streams of light, abruptly stopped in front of Fade Chen's palm.

"What, what's going on?" Everyone was stunned.

Master Xie was also stunned and in disbelief.

Both of his hands continuously shot out a few beams of light into the wooden sword to maneuver the wooden sword towards Fade Chen.

However, before the wooden sword could strike, Fade Chen gently grasped the wooden sword in his hand. He examined it and nodded, "The wood material is not bad, but the refining skill is rather poor."

Master Xie turned white. He hurriedly mobilized his Qi in an attempt to take back the wooden sword. But the wooden sword only shook in Fade Chen's grip, yet unable to break free. Finally, as Fade Chen clenched it hard, the sword lost contact with its

master completely and was taken by Fade Chen.

"Who, who are you?" Master Xie feared that he had met a master. His face, a horrified look. He shot out a stream of light and retreated desperately.

Fade Chen caught his movement and shouted coldly, "Trying to escape?"

He snorted and threw the wooden sword he had just possessed into the air. He moved his hands rapidly and shot out several beams of light into the wooden sword. The wooden sword instantly let out a ray of light and suddenly catapulted to the sky, dashing towards Master Xie.

"Boom!"

Master Xie, who had just fled to the living room entrance, felt a strong wind whizzed by his ear. He turned his head in time to witness the wooden sword, grazed pass his ear and penetrated the door. The sword completely pierced through the ten centimeters thick wooden door.

Master Xie slumped to the ground, too afraid to move then. He looked at Fade Chen with horror in his eyes. "Sword-commanding skill. You, you..."

Fade Chen waved his hand. He did not give Master Xie a chance to continue, but ordered him instead, "Get over here!"

Master Xie was so scared he was trembling. He clambered to Fade Chen's feet, crouched beside his

feet as quiet as a mouse.

"Tell me the details of your scam!" Fade Chen said with an icy cold tone.

Master Xie did not dare to hide the truth. He nodded profusely and then narrated the whole incident.

Master Xie and Donny Liang met half a month ago. At that time, Master Xie had just stepped into the industry and wanted to make some money. However, he didn't want to just do small business and make small cash. Donny Liang on the other hand, had just lost to Caesar Du in a dispute. So he came up with a plan and devised the scam of using fake goods for treasures to deceive the rich.

With Master Xie's ability and Donny Liang's identity, the news spread quickly. Almost no one doubted the authenticity of the news. The deceptions especially created by Master Xie had absolutely stunned these rich people.

Had it not for Fade Chen's sudden appearance, Master Xie and Donny Liang's deception would have been a success.

After listening to the truth, the rich people instantly burst into anger. They glared at Donny Liang with fury. Caesar Du was notably furious at this point because Master Xie had confessed that Donny Liang's main target this time was Caesar Du.

Therefore, he had deliberately chosen a time when

Mr. Du would be busy and arranged the event to take place in Bay City, which was located away from Long City. This would make it difficult for Caesar to engage a master in time and therefore, could be easily deceived.

"I was wrong, I was wrong! Please, spare me once!" Donny Liang realized that the scam had been exposed and even Master Xie was defeated. He had no courage to retaliate so he quickly knelt down to beg for mercy.

The rich wanted to reap this guy into pieces, but considering that he was the grandson of Shawn Liang, the president of the Long City Antique Association, they had to give him some face. For a moment, everyone turned to Fade Chen. "Master Chen has helped us solved the scam. We shall let Master Chen deal with this fella."

"Master Chen, I was wrong, I know I was wrong!" Donny Liang kowtowed to Fade Chen, so hard that his forehead was bleeding.

Fade Chen snorted and said, "That's not your attitude just now!"

Donny Liang quickly defended, saying, "I did not recognize you just now. It's my fault, I'm so sorry!"

Fade Chen thought for a while and said coldly, "For your grandfather's sake, I will spare your life this time. But you have to pay for your intention to deceive."

"I'll pay, I'll pay, no matter at what cost!" Donny Liang hastened.

Fade Chen scowled, "If I've remembered correctly, the final auction price for the stone Buddha was 90 million! Since that's the case, then you shall buy the stone Buddha!"

"What..." Donny Liang was dumbfounded.

"You're not willing?" Fade Chen glared at Donny Liang.

Donny Liang quickly shook his head and said, "Yes, I do. I am willing to buy that stone Buddha, but, Master Chen, I don't have so much money at the moment, so, I..."

Fade Chen waved his hand and declared, "I'll give you half a month to raise the money. After you have accumulated it, you can pass it to Caesar Du first. If I don't see the money after the deadline, I think you'll clearly know the consequences."

"No, I will do it. Definitely!" Donny Liang nodded quickly.

"Get out!" Fade Chen dismissed him and drove Donny Liang out of the hall. At the same time, he glared at Master Xie who was next to his feet and said, "Go outside and wait."

Master Xie scrambled out in a hurry.

Inside the house, all the rich people were now gathered around Fade Chen, mumbling their

gratitudes and words of flattery. After all, he was more powerful than the "Earth Class Master", Master Xie. It was definitely not a bad thing to be friends with Fade.

Even Mr. Hu, who was the most senior there stood up unsteadily and bowed to Fade Chen with much efforts. "Master Chen, I didn't know your identity just now, and didn't mean to offend you. Please forgive me, Master Chen!"

Fade Chen waved his hand lightly to express that it was not of concern, that immediately made Mr. Hu let out a sigh of relief.

At this time, the shocked Master Qin cupped his hands to show respect to Fade Chen, and then asked cautiously, "Master Chen, you just defeated Master Xie. He is an Earth Class master. I wonder which realm are you at. Are you already a Heaven Class master?"

When mentioned about "Heaven Class" master, everyone could not help but gasped. After all, to them, an Earth Class master was already something beyond their imagination, and Heaven Class master would almost be legendary.

In the whole country, there were only very few Heaven Class masters. They existed almost only within noble families, and government officials. These people were definitely more rare than the giant panda.

At this moment, everyone glanced at Fade Chen with anticipation and excitement.

Chapter 127

Fade Chen did not answer directly, but said, "Master Xie is not an Earth Level Master. He is at the advanced stage of Yellow Level, which is the lowest level in martial arts practice."

"What? Not an Earth Level master?"

"Only at advanced stage of Yellow Level? This, this is impossible!"

"But then he used his true vital energy to suppress those bodyguards!"

...

The rich people heard Fade Chen's words and immediately inquired in disbelief.

Fade Chen shook his head gently and explained, "Martial arts warriors are divided into four levels, namely Heaven, Earth, Black, and Yellow. Amongst them, masters of the Black and Yellow level, have cultivated the internal vital energy. Once they enter the Earth level, their internal vital energy can be transformed into the purer, true vital energy, which can be released from the body with various magical effects. Once they have cultivated the true vital energy and become an Earth Level Master, they can be regarded as the elites and has great ability to protect themselves even when alone."

Although these rich people were not martial arts practitioners, they had their own bodyguards who practiced martial arts, so they could clearly understand the strength of a martial artist. After listening to Fade Chen's detailed explanation, they nodded in agreement and looked at Fade Chen to wait for him to continue.

Fade Chen paused slightly and continued, "The true vital energy is richer and purer compared to the internal vital energy. It can be released from the body. So when you saw Master Xie's gesture just now, you misunderstood that as the true vital energy, and therefore thought he was an Earth Level Master."

"In fact, the true vital energy can be released, but not all of the energy released is true vital energy. As you know, there are many unknown existences in the path of martial arts. In addition, the ancient martial arts practice has a long history, and there are just too many unknown methods."

"Master Xie had only used some of the tricks of traditional Taoist magic, coupled with some special elements to expand his internal vital energy in order to create a heavy suffocating effect. In fact, what he had used just now was the internal vital energy. You couldn't notice it because you were already scared."

After Fade Chen's explanation, the rich people nodded awkwardly. Being amongst the rich and

elite, they felt humiliated to be deceived like this.

In reality, even the warriors at the advanced stage of the Yellow Level were absolutely masters in the eyes of these rich people. Therefore, it was normal that they couldn't distinguish the levels.

"Thank you, Master Chen!" They thanked Fade Chen.

Then, someone suddenly remembered something and asked Fade Chen, "Master Chen, so which level are you at?"

For a moment, everyone looked at Fade Chen skeptically. Since Master Xie was not an Earth Level Master, then Master Chen, who defeated Master Xie, naturally would not be a Heaven Level Master.

However, what they didn't know was that although Master Xie was not an Earth Level Master, Fade Chen was indeed a Heaven Level master, in fact, he was at the pinnacle of its level.

But then, even if Fade Chen said that he was a Heaven Level Master, they would probably doubt him. Therefore, Fade Chen chose to keep silent.

When everyone noticed Fade Chen did not say a word, they thought that Fade Chen was too embarrassed to admit that he wasn't a Heaven Level Master. After all, everyone expected him to be one, but then, Fade Chen was probably just a master at the advanced or pinnacle stage of the Yellow Level. Although still considered very good, it was still far

from what was expected.

Therefore, Mr. Hu, who was a veteran, quickly laughed and changed the topic.

The group of people chatted for a while. After exchanging their contacts, they took their leave respectively.

Fade Chen and Caesar Du left together. On the way out, Caesar Du once again expressed his gratitude towards Fade but was gently refused by Fade. He bid Caesar Du goodbye and asked him to leave, while he still had something to deal with.

Although Caesar Du was confused, since Fade Chen had voiced out, he drove away obediently.

Fade Chen strolled around for a while with his hands behind his back. Then he turned into an alley and broke the silence, "Come out!"

Master Xie immediately appeared behind Fade Chen, his face showed only respect.

Fade Chen took out the wooden sword that was used by Master Xie just now and asked, "Where did you get this sword?"

Master Xie looked at Fade Chen in perplex. Why would someone like Master Chen be interested in his not so valuable wooden sword? But since Master Chen asked, he replied without hesitation, "Master Chen, I requested someone to make this sword."

"You asked someone to make it?" Fade Chen

frowned and then asked, "Where did you get the material for this sword? Did you provide it yourself or it was chosen by the creator?"

Master Xie was stunned, he continued to explain, "I provided the material. Three years ago, I was picking herbs in the mountains and stumbled upon a piece of yellow wood. At that time, I noticed that the wood had a clear wood grain and emanated faint wood scent. The wood was also very hard."

"I thought it was some sort of valuable wood from plants such as yellow pear trees, rosewood and so on, so I thought of selling it for money. But when I got back, I found someone to identify it and discovered that it was just a piece of hard ordinary wood."

"Later, when I was ready to throw the wood away, my friend suggested that although the wood was not so valuable, it was tough and a good material for making swords. So he made me a wooden sword."

After Master Xie finished speaking, he looked at Fade Chen uneasily and asked cautiously, "Master Chen, is there something wrong with this sword?"

Fade Chen shook his head and said, "There's nothing wrong. The only thing is you're ignorant and as a result, wasted a piece of treasure"

"This wooden sword is a treasure?" Master Xie looked surprised.

Fade Chen said, "The wooden sword is very common, but the material for making the wooden sword is good stuff. The wood is not yellow pear tree, but Rudraksha wood."

"Rudraksha wood!" Master Xie was shocked. As confused as he was, he still knew what Rudraksha meant, especially the rare one. It was the legendary sacred tree of Buddhism. "Is it really Rudraksha Tree?"

"Why would I lie to you?" Fade Chen snorted and then said, "Besides, without the reinforcement of the Rudraksha wood, do you think your puny power could create the life-like illusions of the Buddha and the Divine Maiden?"

"Ahem, this —" Master Xie blushed and felt a little embarrassed. When he first used his internal energy to render the image of Buddha and the Divine Maiden, the effect was unexpectedly good, it made him thought that his strength had improved, and he was ecstatic for quite a while. Unexpectedly, he now knew that it was not his own progress, but the power of the wood.

"Master Chen, this... this wooden sword is for you. Only masters like Master Chen deserves to use this kind of treasure." Master Xie swallowed hard. Although he was reluctant, he still presented the wooden sword to Fade Chen with both hands.

Chapter 128

Fade Chen waved his hands and said, "You can keep it for yourself. Although this is a good sword, it is nothing to me."

Master Xie stared at Fade Chen for a few seconds to make sure that Fade Chen was not testing him, then he put away the wooden sword with joy. He was much more careful than before.

"Then, Master Chen, you —" Since Fade Chen didn't want the wooden sword but had called him over, he must have some other intentions.

Fade Chen said, "I need to go to the location where you found the wood. Do you still remember that place?"

Master Xie nodded repeatedly and said, "I remember. I remember. I went there once last year."

"Very well, I am occupied recently. But when I need it, I will ask you to take me there. Do you understand?" Fade Chen said.

"Understood, understood!" Master Xie nodded quickly, and then asked hesitantly, "Master Chen, so, I, can I go now?"

Fade Chen nodded. Master Xie turned around with a grin on his face. He was scheming on something.

However, before his second step, there was a sudden strong gust of wind coming from behind him. Master Xie had just turned his head when he saw Fade Chen shot a red beam into his back. His body felt hot for a moment and then returned to normal.

Master Xie's expression changed instantly and his voice trembled. He looked at Fade Chen and said, "Master Chen, I, I..."

Fade Chen waved and said, "Don't be afraid. You won't die now."

"Now!" Master Xie caught the key word and gulped.

Fade Chen said, "I have injected a trace of poison into your body. You will be fine within half a year. But if you don't find the antidote by half a year, there will only be one outcome, you will die."

"Ah!" Master Xie now shocked and scared and began to tremble violently.

"Don't worry. As long as you are obedient and don't have any unnecessary plot twist within these six months, I will come and look for you. After you take me to that place, I will give you the antidote," Fade Chen said coolly.

Master Xie calmed down a little, but his heart was still thumping, he was at the verge of crying.

Fade Chen was too lazy to bother about him, so he just turned around and left. "Stay alert in the next six

months. I will call you at any time."

Master Xie was depressed. As a martial warrior at the advanced stage of the Yellow Level, he could have pretended to be a master in front of ordinary people and enjoyed a good, comfortable life. But he ended up becoming Fade Chen's servant who had to respond whenever he was called, and at the same time worried about his dear life.

While Master Xie was muttering in his heart, Fade Chen paused and advised in a cold voice, "Of course, you can choose to not believe me and escape. But you will be responsible for your own consequences later."

After that, Fade Chen strode away without looking back, leaving Master Xie with a worried face. After a sigh, he decided to be a servant for half a year, not risking his life.

At this moment, Fade Chen inadvertently observed the scene behind him. Knowing that Master Xie had accepted his fate, he raised the corners of his mouth and smiled.

The poison he mentioned just now was just to deceive people. After all, under normal circumstances, he would not carry the poison with him. As for the red beam, it was just the scorching true vital energy of Fade Chen, who practiced the "Kung Fu of Jiu Yang".

Fade Chen's intention to control Master Xie, was so

that he could find more precious treasures following the trail of the Rudraksha wood.

It was known that if there was a Rudraksha wood, there would be a Rudraksha tree nearby. And if there was a tree, it would be very likely to find the Rudraksha seeds. The seeds were the real essence of the tree.

If fully aged, the Rudraksha seeds would be very beneficial even for a master like Fade Chen. The Rudraksha seed could help with Qi cultivation, treatment for illnesses, weapon refining, and many more.

Putting aside the issue of the Rudraksha seed for the time being, when Fade Chen returned to the villa, his wife, Quin Lin was already home.

Although Quin Lin did not ask, Fade Chen still briefly summarized for her, the series of events that happened when he and Caesar Du went to bid for the treasure, which was found to be a scam at the end. Although she did not say anything, when she finally went upstairs, the side of her lips curved upwards to show her approval of Fade Chen's actions.

As days went on, the story of the stone Buddha deception gradually spread within the circle of antique collectors in Bay City, and Fade Chen the Master Chen became famous in the circle.

However, compared to the influence and change as

a result of the meeting between Quin Lin and Charles Wu, Fade Chen's influence was not as significant.

After half a day's discussion, Charles Wu and Quin Lin had officially reached an agreement, and Fei Enterprises Holdings Inc and Galaxy Plaza Mall had reached a strategic partnership.

The Galaxy Plaza Mall would completely let go of the threshold and profit margins for Fei Enterprises Holdings Inc's products to penetrate the shopping mall. At the same time, it also increased the distribution scale of Fei Enterprises Holdings Inc's products. On the other hand, Fei Enterprises Holdings Inc would award Galaxy Plaza Mall, its sole distributorship for the company's hot-selling products to the mall, including a limited amount of its exclusive health elixir to be supplied to the VIP counter at the Galaxy Plaza Mall.

In less than a week, the result of the cooperation between the two business giants was evident.

The market share of Fei Enterprises Holdings Inc in Bay City increased by fifteen percent as a result of this strong collaboration. The brand image was also enhanced.

Contrary to the rise of Fei Enterprises Holdings Inc, its closest competitor, Shang Enterprises Holdings, who was originally at the second place in the cosmetic market share, was badly hit following the

strategic move of Fei Enterprises Holdings Inc. Shang Enterprises Holdings' market share took a plunge and the profit was significantly diminished.

The stock price of Shang Enterprises dropped by 20 percent. Everyone within the organisation were grim. Leonard Zhu's father, Xavier Zhu, instantly looked like he had aged a few years.

On the other hand, Galaxy Plaza Mall began to develop rapidly in Bay City. Its business expanded from the initial commercial real estate to the residential real estate. In a short period of time, it actually went from zero to owning a huge chunk of the economy in Bay City.

This made the biggest real estate company in Bay City, the Hans Real Estate jumped to their feet. Howard Zhang, who had not been seen for a long time, suddenly showed up again. He even came to Quin Lin's villa to seek Quin Lin's help to connect him with Galaxy Plaza Mall, to make compromise with the company.

However, when Charles Wu and Quin Lin decided to collaborate, they had already expected this. Under such a good situation, none would take the initiative to pull out, so Howard Zhang did not stand a chance and was directly being driven away.

As a result, the glamorous No.1 young master of Bay City, left with a somber face.

Howard Zhang himself was also a tragedy. Since he

was taught a lesson by Fade Chen at Mr. Wu's banquet that time, his ego was badly wounded. So he had planned to stay at home and lay low for a while until the matter subsided.

However, just as he was about to make a come back, his plan was disrupted by the collaboration of Galaxy Plaza Mall and Fei Enterprises Holdings Inc, once again taking a huge blow.

Chapter 129

The drama in the business world continued, but Fade Chen was not an expert in the industry, so he didn't get involved. As usual, he went to the company's medical room every day.

On this day, Fade Chen went to work as usual, but in the office corridor, he encountered an unexpected individual. It was Lily Wei, who had been on leave for more than half a month. She had just showed up today.

Compared to last time, Manager Wei did not put up a cold-looking face this time. When she saw Fade Chen, Lily Wei nodded at him and gave him a rare smile.

Surprised, Fade Chen returned the smile. Fade Chen thought of asking about how she was doing. After all, they had been through many things together during this period and were friends.

However, when Fade Chen was still organizing his words and wondering how to start a conversation, Lily Wei took the initiative to approach him and asked softly, "Fade, do you have some time after work? I would like to treat you to a meal!"

"Ah!" Fade Chen was surprised but he quickly nodded and said, "Yes, of course, I have time.

Manager Wei is treating, so even if I don't have the time, I have to make time!"

Lily Wei gently acknowledged and smiled, "Then I'll wait for you at the basement parking after work!"

"Okay!" Fade Chen nodded, and Lily Wei moved on. Just like before, her high heels clicking, and the fresh lily fragrance lingered around Fade Chen. But Fade Chen's sharp observation caught a slight change to Lily's expression. She didn't look as good as before.

After work, Fade Chen swiftly packed up his belongings and proceeded to the basement parking. He got into Lily Wei's car. They drove out of the company, and headed for the busy commercial street in the city center.

Lily Wei had already booked a table at a high-end Chinese restaurant upon arriving.

After the dishes were served, Lily Wei poured Fade Chen and herself each a glass of white wine.

Then, she picked up the glass and said to Fade Chen, "Fade Chen, I'm sorry about what happened before. Today, I purposely invited you here to formally apologize to you!"

After that, Lily Wei tilted her head and emptied the glass of white wine.

Although Lily Wei was capable of drinking, it was still a little difficult for her to down a full glass of

wine. As soon as she did that, Lily Wei's face turned a shade of pink and her body swayed slightly. A mixture of wine and the fragrance of lilies from her body lingered in the air forming an intoxicating fragrance.

"Fade Chen, you have secretly protected me and even blocked the bullet for me. But I've misunderstood you. I owe you an apology. This glass is my toast to you!" While speaking, Lily Wei poured another glass of wine and emptied it at one go.

Before Fade Chen could stop her, Lily Wei poured herself another glass, she lifted the glass, "Fade Chen, the earlier glass was for my apology, and this glass is for my gratitude. Thank you for saving my mother. If it weren't for you, my mother would still..."

With this, Lily Wei again tilted her head upwards and was about to gulp down the wine again.

Fade Chen that Lily Wei had begun to sway, so he quickly grabbed Lily Wei's wrist and took the wine glass from her hand. He said, "Manager Wei, you can't drink like this. If you continue drinking, you will be drunk."

Lily Wei reached out to snatch the wine glass from Fade Chen's hand and lamented, "Fade Chen, please let me drink it. I need to drink to get the feeling off my chest. I feel so guilty."

Fade Chen would not let go of the wine glass. He

tilted the glass and poured away the wine. Then he threw the bottle of white wine to the side. He got up, put his hands on Lily Wei's shoulders to settle her onto the seat and said, "Manager Wei, if you really want to thank me, drinking is not the way."

"Then, then, how do you want me to thank you?" Lily Wei's cheeks were red, her eyes blurry. Her delicate lips slightly parted and streams of fragrance rushed into Fade Chen's mouth and nose, he felt his body warming up.

"How can you thank me?" Fade Chen rolled his eyes and his gaze fell on Lily Wei. He scanned this charming girl up and down.

He looked at Lily Wei daringly, as if his eyes could pierce through her body.

Lily Wei caught Fade Chen's gaze, her body suddenly became stiff. She instinctively frowned, and almost wanted to show her temper. But then she twitched her eyebrows, bit her lip slightly, and held herself down. She did not move and let Fade Chen's blazing gaze perused all over her.

"I've come up with an idea to let you thank me properly!" Fade Chen suddenly stood up and leaned over to Lily Wei. His head almost touched Lily Wei's forehead. The corners of his mouth lifted slightly and he glanced at Lily Wei with a sinister smile.

Lily Wei instantly grabbed her collar, looked at Fade Chen with alert, and said, "What, what do you want

to do? I, I want to thank you, but there are some things I don't do."

"Really?" Fade Chen frowned and looked unhappy. "That wasn't what you said just now! Then, I can't feel your sincerity!"

"Fade Chen, you, don't cross the line. I won't agree to any excessive demand." Looking at Fade Chen's piercing eyes, Lily Wei felt a little flustered. She wanted to get up, but perhaps it was because of the wine or the pressure of Fade Chen's presence, she felt that she could not even move.

"Too much? Manager Wei, can you tell me what is too much?" Fade Chen glanced at Lily Wei again and asked.

Lily Wei bit her crimson lips, and her eyes almost teary. "Fade Chen, apart from my body. I can promise you anything you want."

Fade Chen frowned, "But, the gratitude is related to your body?"

"Fade Chen, you're shameless." Lily Wei didn't expect Fade Chen to request her to thank him with her body. She was so angry that she shouted, "You'd better give up. It's absolutely impossible."

After saying that, Lily Wei shielded her collar with her hands, her expression nervous. She was getting on her feet, ready to retaliate and leave at any time.

Seeing this, Fade Chen stepped back and then

started to pile a generous amount of food into Lily Wei's bowl, saying, "Manager Wei, what I want, is for you to eat more."

"What?" Lily Wei was still in a daze. It wasn't the kind of request she had expected.

Fade Chen sighed and said, "Manager Wei, you have been exhausted during this period and lost a lot of weight. So I asked you to eat more and take care of yourself. However, Manager Wei seemed to have misunderstood my intention for something else."

"Alas, it's hard to be a nice person!" Fade Chen touched his forehead and lamented.

Lily Wei blushed. She knew Fade Chen was teasing her, she turned her beautiful eyes and glared at Fade Chen, then pouted, "Who allowed you to do that just now? You deserve to be misunderstood! Humph!"

With a snort, Lily Wei picked up the food Fade Chen had put into her bowl and started eating.

Chapter 130

After eating a few mouthfuls of food, a thought struck Lily Wei. She put down her chopsticks and turned to Fade Chen and asked, "Am I really thin?"

Fade Chen paused for a moment, and then glanced over at Lily Wei, his eyes fixed on a certain spot. He stared at her for a few seconds then nodded and said earnestly, "Yes, they are not as big as they used to be!"

Lily Wei didn't understand what Fade Chen was talking about at first. But when she followed his gaze, her pretty face suddenly turned red. She covered her chest, swallowed hard and scolded, "Fade Chen, you're a jerk!"

"Manager Wei, why do I get scolded for telling the truth. Nowadays, good deeds don't get rewarded!" Fade Chen complained bitterly. Then he took a piece of papaya from the fruit plate and gave it to Lily Wei, urging, "Eat more, they can still be recovered."

"You..." Lily Wei turned all red. She darted a look at Fade Chen, but began to munch the papaya hastily.

Fade Chen chuckled. Then poured Lily Wei a glass of water and handed it over with a smile. "Slow down, don't choke! After all, they don't just grow overnight. It can't be rushed."

Lily Wei rolled her eyes at Fade Chen, took the water, and took a sip. Then her face gradually turned serious and said, "Fade Chen, to be honest, I had misunderstood you for what happened before. Obviously, you did it for me. But in the end, I still..."

Fade Chen smiled and brushed it off. He looked at Lily Wei and said, "Manager Wei, let's just leave the past behind. Besides, I didn't take it to heart at all, so you don't need to say thank you."

"Really?" Lily Wei looked quizzically at Fade Chen.

Fade Chen smiled and shrugged, "Looks like no one believes in honesty now. Manager Wei, are you forcing a reward on me? Or, you could marry me!"

"You wish!" Lily Wei's eyes rolled skyward. Then, she pondered on something and decided to satisfy her curiosity, "By the way, Fade Chen, you have extraordinary ability and also excellent medical skills. Why are you willing to hold just a small doctor position in our company? With your capability, you could have achieved anything greater than now."

"Well..." Fade Chen scratched his head. For a moment, he didn't know how to answer. After all, he had decided to stay in Fei Enterprises Holdings Inc for multiple reasons.

Watching Fade Chen's expression, Lily Wei remembered. She said meekly, "I almost forgot that you are Quin Lin's husband. It's normal for you to stay in the company."

"It's normal for you to assume an ordinary role for a beautiful woman like Quin Lin. I should've guessed that." Lily Wei grabbed a glass of water and raised her glass to Fade Chen.

Although her expression was well concealed, Fade Chen still noticed the slight change in her expression.

However, it was really hard to explain his relationship with Quin Lin. Fade Chen could only lift a glass of water and clinked it with Lily Wei. "Cheers!"

Both of them were in their own thoughts. They casually took a sip of water and then put down their glasses.

At this moment, came a surprised voice. "Lil, you are here!"

Fade Chen and Lily Wei turned to the direction of the voice.

The voice was from a young man in his mid-20s. The man was wearing a tight fitted T-shirt, and his defined muscles bulged out giving him a strong, brawny appearance.

Behind the muscular man were four or five young men in sportswear and all of them sporting short hair. They seemed to be from a martial arts club.

"Lil, didn't you say that you have to work overtime today and don't have time after work?" The man

walked to the table and questioned Lily Wei in a somewhat aggressive tone.

Lily Wei's eyebrows knitted in a frown and then said blandly, "The company had decided not to work overtime. Also, I hope you can call my full name."

"No more overtime! That's great. I just made a few new friends. Lil, come and have dinner together!" The muscle man pulled a smile, ignoring Lily Wei's annoyance to the nickname.

Fade Chen frowned at the sight of the man. Lily Wei had obviously displayed her refusal through her words and attitude. But the muscle man didn't notice or pretended not to see the cues. At this moment, he continued to try to please her.

Lily Wei gestured towards Fade Chen and said, "Thank you, but no need. My colleague and I have already eaten."

Finally, the muscle man leveled a glowering look at Fade Chen. Then, he narrowed his eyes and smirked. He reached out his big palm and patted Fade Chen on the shoulder. "Lil, I see that your colleague is feeling a little unwell, and is leaving soon."

As he spoke, he exerted force into his palm, and pressed down heavily onto Fade Chen's shoulder.

Fade Chen's expression suddenly changed, anger crept over his face. Although the strength of this muscle man could not hurt him, as he was a master,

but if it were to be an ordinary person, the force would have dislocated his shoulder.

At the thought of that, Fade Chen gently shrugged his shoulder and sent a force back to the muscle man. He blurted coldly, "I'm all good. Don't worry about me, sir."

Muscle man did not expect that someone thin and small like Fade Chen, could resist his strength and even fought back. He was suddenly caught off guard.

However, after the surprise, the muscle man snorted and showed an angry face. He exerted his force again on Fade Chen, but this time more assertive than before.

This had really provoked Fade Chen. He grabbed the muscle man at the wrist and removed the big hand from his shoulder. At the same time, his eyes were cold and his voice frigid. "Hey man, your behavior is very rude."

Lily Wei had also realized that the muscle man was doing something to Fade Chen at this moment. Furious, she bashed, "Duncan Wei, what are you doing to my friend?"

The muscle man scoffed, "Nothing, just giving someone a warning. Don't try to get something that one doesn't deserve, and get out of here as soon as possible!"

As he spoke, the muscle man applied more force and held down Fade Chen's right hand forcibly.

He exerted a lot of force this time, and with him standing in a condescending position, he had an advantage. He was confident that this time, Fade Chen's shoulder would be dislocated. This fella should've known not to compete with him for a woman.

Just as the muscle man was full of confidence, Fade Chen's face turned cold. His right hand that was holding the muscle man's wrist, firmly sustained the muscle man's tremendous downward force.

"Hey..." Seeing that his attack did not succeed, the muscle man was a little surprised. But before he came to realization, Fade Chen snorted and twisted the muscle man's wrist.

Suddenly, Fade Chen twisted off the muscle man's wrist following a crisp, bone breaking sound. He let out a bloodcurdling howl, holding his wrist, and screamed. He glared at Fade Chen fiercely, "How dare you hurt me?"

Chapter 131

Fade Chen snorted and did not reply anything. He just increased the strength of his hand, which made the muscle man scream in pain and burst into tears.

"It hurts, it hurts, it hurts!" The muscle man cried with tears and snot all over his face. "Let me go, do you even know who I am?"

The young men of the martial arts club behind the muscle man saw he was beaten and immediately surrounded him with fury eyes, ready to attack Fade Chen.

Fade Chen snorted at them and said coldly, "If you want to die, just do it!"

They were scared by Fade Chen's cold gaze and trembled. Then they turned around and ran away without looking back.

At this moment, the muscle man had been so painful that he collapsed to the ground. He no longer dared to say anything malicious and turned to beg for mercy. "I was wrong, I was wrong. Please, let me go!"

Fade Chen did not respond, but looked at Lily Wei with a questioning look in his eyes. Obviously, this muscle man knew Lily Wei, so Fade Chen needed to ask for Lily Wei's opinion.

Lily Wei looked at the muscle man unpleasantly and said coldly, "Duncan Wei, you are the one who is impolite to my friend initially, you deserve it."

"Yes, I deserve it!" The muscle man grimaced in pain. At this moment, he was not in the mood to make a fool of himself. He nodded quickly. "I deserve it. I will not retaliate. I will never."

After hearing this, Lily Wei's eyes softened a little, and then she nodded to Fade Chen.

Fade Chen immediately let go of his hand and the muscle man quickly covered his right wrist, the muscles on his face were twitching. He got up and glanced at Fade Chen with hatred in his eyes. His mouth moved, but he didn't utter anything in the end. He quickly turned and left.

Fade Chen's eyes turned cold as he said, "He won't let it go!"

Hearing this, Lily Wei was surprised and wanted to stop the muscle man. But then she shook her head, sighed softly, and said to Fade Chen, "Fade Chen, I'm sorry. I got you involved in this matter."

Fade Chen shook his head and said, "It's nothing."

"The muscle man, is he after you?"

Lily Wei sighed softly and said, "I guess you can say that but we're not close with each other."

"Eh?"

"He's Duncan Wei, a disciple of a master my dad invited from the south." Lily Wei said in a soft voice.

"Jimmy Wei, Uncle Long!" Hearing Lily Wei called him father, Fade Chen was a little surprised, but then he felt relieved. It seemed that Lily Wei's mother had recovered from her injury, so both of them are reunited. "Why did Uncle Long invite masters? Isn't he a master himself?"

Lily Wei sighed softly and explained, "Tom Wei should have told you that my father killed the other's boss when he was competing with his enemy. But the other's boss's brother escaped. Now, he is back. Besides, he gave my dad an order to kill him."

"It's a hunting order!" Fade Chen narrowed his eyes.

"The man personally sent the hunting order to my father's bedroom. On the full-moon night in three days, he officially come to my father for revenge. That is the day his brother died." Lily Wei said.

"Is that man very powerful?" Fade Chen asked.

Lily Wei nodded and said, "My father's villa was arranged with several security guards, but the other party actually sneaked in soundlessly. No one discovered them. It can be seen that the other party is a master."

"My dad hired an investigator and got obtained some clues. It is said that the man has been abroad for a few years, and now he came back. It is very

likely that you have made great progress, and you are very likely to reach the peak of the yellow level." Lily Wei said with some worries, "The top of the yellow level, such a master, in the whole of Bay City, is probably only the old man of Wan family."

"My father is a master at the late stage of the yellow stage. Although he is only a small realm away from that man, there is still a big gap between his strength. In order to protect himself, my father asked someone to help him. He invited a master at the late stage of the yellow class from Sanjue Mountain in the south. The master is called Thomas Qiao. He just arrived the day before yesterday. Just now, Duncan Wei, the disciple of Thomas Qiao, also has the strength of the middle stage of the yellow class."

"Two experts at the Advanced Stage of the Yellow Class, I'm afraid it's still a little difficult to deal with a master at the peak of the Yellow Class!" Fade Chen could not help but say.

In his impression, it was not a big problem to fight ten people with each higher realm. Therefore, it might be difficult for two masters at the Advanced Stage of the Yellow Class to deal with a master at the peak of the Yellow Class.

Lily Wei said, "I don't understand these. But my dad said that it's very difficult to invite a master at the peak of the Yellow Level. It's not about money at all."

In such a short period of time, the masters he can invite are at the same level as Thomas Qiao."

"He said that Thomas Qiao is very powerful. Although he is at the late stage of the yellow class, he is very close to the peak of it. Moreover, my father has secretly arranged some helpers. If we attack him together, there should be a chance of success."

Hearing this, Fade Chen shook his head secretly. Jimmy Wei and Thomas Qiao had underestimated the strength of a master at the peak of the Yellow Level. Regardless of the truth of Thomas Qiao's words, even if he was only one step away from the peak of the Yellow Level, there was still a gap. This gap was difficult to bridge with numbers.

Thinking of this, Fade Chen looked at Lily Wei and said, "Well, tell Uncle Long. I'll go that night. After all, Uncle Long and Tom Wei helped me a lot. I should help at this time."

"You want to help?!" Lily Wei was a little surprised, but then she looked worried and said, "However, my father's enemy is a master at the peak of the Yellow Class. If you go, it's too dangerous."

Although on the roof of the building, Fade Chen showed the magic of receiving bullets with bare hands, Lily Wei, who knew nothing about the strength of martial arts, could not see Fade Chen's strength at all. In her eyes, Fade Chen was powerful,

but after all, he was only in his early twenties, just about the same as her cousin, Tom Wei. This kind of strength was not bad in the younger generation, but it was not enough to deal with a master at the peak of the yellow level.

Fade Chen smiled and said, "Don't worry. Warriors at that level can't hurt me."

"But..." Lily Wei was still worried.

Fade Chen smiled and reached out to pinch Lily Wei's face gently. He said with a smile, "Don't worry, I will protect myself and not let Manager Wei worry about me."

Lily Wei did not expect Fade Chen to do such a thing. She was stunned, and then she blushed and looked shy. She glared at Fade Chen and said, "Who is worried about you? You care about your dignity, and you deserve to be in danger! Hum!"

"Oh, my heart aches! In order to help, Manager Wei said that I deserve it. Alas!" Fade Chen covered his heart with his hands and looked sad.

Seeing Fade Chen behave like this, Lily Wei couldn't help but laugh. She picked up a piece of meat and stuffed it into Fade Chen's mouth. "Well, you're too old. Don't act like a child. Hurry up and eat. The food is getting cold."

Chapter 132

Fade Chen took a bite of the meat and chewed it with his eyes squint. He looked rejoiced and said, "The food fed by Manager Wei was really tasty and delicious!"

After eating, Fade Chen smiled and leaned over again. He squinted his eyes and said, "Beautiful Lily, feed me once again!"

Lily Wei picked up a small sip and stuffed it into Fade Chen's mouth. She stared at him with her beautiful big eyes and said, "Hmmm, eat it. I'll make you feel bloated!"

Fade Chen swallowed all the dishes in one gulp and then drank half a glass of water. He patted his chest and burped, then he said with a look of enjoyment, "The dishes fed by beautiful Lily were so delectable, it was such a joy."

"You are have such a glib tongue!" Lily Wei lowered her head and said. Her cheeks were blushed, and the smile on her face could not hide but exposed.

After a tumultuous meal with Lily Wei, their relationship became better and closer than before. Instead of having a cold look with serious businesslike attitude she had, Lily Wei coquettish stared at Fade Chen, who occasionally made jokes

on her, then she blushed.

Having a little girl-like shy look, coupled with Lily Wei's graceful figure, which made it so special. Fade Chen's eyes lit up and his heart was burning up after seeing.

After sending Lily Wei to the rented apartment near company, Fade Chen drove home. On the way, he called Tom Wei and asked on regarding the enemy's attack in three days later.

When Tom Wei knew that Fade Chen was willing to take action, he was so delighted. After all, in his point of view, Fade Chen has great strength, at least he was not much worse than his uncle. Having such a master, with additional of Thomas Qiao and uncle Long himself, the three masters at the late stage of the yellow stage had improved a lot.

Three days soon arrived, the 15th day of the lunar month, it was a full-moon night.

In the evening, Tom Wei personally drove over to fetch Fade Chen to the villa of the Wei family.

The car stopped in the courtyard, and Tom Wei took Fade Chen to the backyard of the villa. There was a large lawn in the backyard, overlooking scenery under the mountain. There was a huge swimming pool near to the courtyard wall. Not only did the scenery looked nice, but also acted as an excellent defense place that was well fortified. It was the place that Uncle Long chose to confront the enemy.

When Tom Wei took Fade Chen to the backyard, there were already numerous people in the backyard.

Among them, there were a lot of bodyguards dressed in black and armored with guns in their hands. They were setting up a defense line under the command of a middle-aged man in his fifties. Jimmy Wei was also helping to set up the defense line.

Noticing the noise, the man turned around and glanced at Fade Chen. His eyes turned cold.

At the sight of this man, Fade Chen couldn't help but to stare at him. This middle-aged man had short hair, muscular strength, and looked very strong, similar to the muscular man, Duncan Wei.

"That's Thomas Qiao, a master from San Jue Mountain that my uncle invited from the south." Tom Wei close up to Fade Chen and explained in a low voice in Fade Chen's ear.

Fade Chen nodded slightly and it seems like he became more familiar to Thomas Qiao after the explanation. He noticed Thomas Qiao's strength was indeed good at the late stage of the yellow level, not too far from the peak of the yellow stage. But, if he and Jimmy Wei are going to be able to defend themselves against a top player of the yellow order, that's a bit of a reluctant.

Thomas Qiao looked at Fade Chen from head to

toes, then turned and looked at Jimmy Wei and said, "Jimmy, this is..."

Jimmy Wei with an unflattering face then smiled at Thomas Qiao. He then quickly walked over, glared at Tom Wei, and whispered, "What are you doing?"

Tom Wei pouted and said with some dissatisfaction, "Uncle, I have told you that Fade is a master of martial arts. He is very strong and powerful. This time, Fade Chen is willing to help us out, so we have a greater chance of winning."

"Nonsense. Do you know how powerful the enemy it is? You are trying to harm Fade Chen. It's still early, you should send Fade back home quickly. And you too, don't come back tonight." Jimmy Wei did not believe in Tom Wei's words at all. He shouted at Tom Wei, which was also a kind of protection for him.

After all, in his opinion, Fade Chen was too young. Even if he had the strength, he would not be very powerful. Besides, the last time Fade Chen cured his wife, he showed his outstanding medical.

It took a lot of time for a young man in his early twenties to reach that realm in medical skills. Where did he have time to spare for martial arts?

Tom Wei still wanted to explain, but Jimmy Wei didn't believe it at all.

At this time, Fade Chen smiled and said, "Uncle

Long, don't blame on Tom Wei. I asked him if I could come over.

After all, Fade Chen was his benefactor, and now it was because of his kindness. Jimmy Wei softened his tone, but still tried to persuade him, "Fade, I know you are kind, but this time, the enemy is not an ordinary person. It's too dangerous, I..."

Before Jimmy Wei could finished his words, a muscular man came in with a cast on his right hand. It was Duncan Wei, who had a conflict with Fade Chen in the restaurant earlier that day.

When he saw Fade Chen, he immediately shouted with resentment, "Why are you here?"

When Thomas Qiao saw the resentment on his disciple's face, he couldn't help but frowned and asked, "Duncan, what's going on? Do you know him?"

Duncan Wei gnashed his teeth with hatred and said coldly, "My right hand was broken by him."

"What!" Thomas Qiao's face turn darkened and his expression turned cold.

Jimmy Wei and Tom Wei also turned to look at Fade Chen with inquiring and questioning look.

Fade Chen nodded and said, "He asked for it. He provoked me first."

Upon hearing this, Thomas Qiao's face turn darkened and his expression became more

darkened a little. He lowered his voice and asked, "Hey kid, what did you say?"

Jimmy Wei suddenly felt awkward after seeing this. The enemy had not yet arrived, but they were already fighting amongst themselves.

However, Fade Chen was his benefactor. No matter what, he had to be protected. Hence, Jimmy Wei grinned and said to Thomas Qiao, "Thomas, I think this is a misunderstanding. I'll treat you tomorrow, let's have a drink together and talk things over. We'll be alright."

"It's not a misunderstanding. He..." Duncan Wei shouted in dissatisfaction. But, before he could finish his words, his master, Thomas Qiao stopped him. Then he said to Jimmy Wei in a low voice, "Since Jimmy Wei has spoken, let's put this matter aside and focus on the big matter first. However, as an apprentice to me, Thomas Qiao, not everyone can bully my disciple!"

With a cold snort, Thomas Qiao glared at Fade Chen with a warning look.

Fade Chen did not take it seriously and remained silent. On the other hand, Jimmy Wei hurried over to appease Fade Chen. "Fade, this matter is really, I..."

Fade Chen smiled and shook his head, saying, "Uncle Long, you don't have to explain. I understood. Big matter came first. I'm okay with it."

Upon hearing this, Jimmy Wei patted Fade Chen on the shoulder and said with a smile, "Thank you for your understanding, Fade Chen. Please be safe. I will go get to busy now."

Chapter 133

Jimmy Wei headed to work, while Tom Wei felt a little embarrassed and said to Fade Chen, "Fade, I have told my uncle that you are very powerful, but he..."

Fade Chen understood and he waved his hand then said, "These are not important. The most important thing is to guard against that master."

Tom Wei suddenly became serious too. He nodded and said, "Fade Chen, you are also a superior. Do you think you can defeat that person with your current arrangement?"

Fade Chen shook his head and said rudely, "If your information is correct, that the opponent is really an elite master of the yellow class with having such team, then, it is difficult to defeat the opponent as well as ensure the safety of Uncle Long under a well protection."

"What!" Tom Wei was a little surprised. Although he had expected Fade Chen to say that they had insufficient on-site strength, but he did not expect that Fade Chen would say that the strength of the site was not only insufficient but fundamentally insufficient.

Fade Chen pointed to the guards who were hiding

with guns in their hands and said, "These guards seem to be very well-protected, but when the elite master of the yellow class appeared, not to mention whether they have the chance to shoot, even if they shoot, it is also definitely a big problem whether they are able to aim it well. These guards can't stop the opponent for ten seconds."

"Fade Chen, is it really that bad? This is my uncle's elite master!" Tom Wei wiped the sweat from his forehead.

Fade Chen shook his head and said, "It's not about them, but it is because they are not a realm of rivals. Among ordinary people, they are considered decent, but they are not good enough for martial artists at the same level."

"Erm, Fade Chen, what should we do?" Tom Wei asked with some concern.

Fade Chen said, "We can't count on these people. However, you don't have to worry as long as I'm here."

Tom Wei felt relieved with the promise made by Fade Chen.

Just then, a sneer came from the side, "What a maniac!"

Fade Chen and Tom Wei turned their heads together, following the voice, they saw none other than Duncan Wei, who had his hand broken by Fade Chen.

With cast plaster on his right hand, he looked at Fade Chen with a disdainful sneer, "You're just a kid. You don't have the right to talk nonsense about it."

Tom Wei was not happy and said, "Duncan Wei, please mind your words. Fade is my friend."

Duncan Wei sneered and said sarcastically, "Friend? I think he just knows how to talk crap. The security measures in the villa were arranged by my master. What right does he have to say that my master's arrangements are not well prepared?"

Tom Wei said on behalf of Fade Chen, "You can't imagine Brother Fade's strength at all. Not to mention about you, even your master may not be able to defeat Fade."

"My master is not his opponent? What a joke. That's ridiculous." Duncan Wei laughed and glanced at Fade Chen and Tom Wei, then scanned them from head to toe. At last, his sight stopped at Fade Chen with a warning look and said coldly, "Hey kid, I won't argue with you for what happened just now. But you'd better not come to join in the security of the villa today, otherwise, don't blame me for being rude."

Fade Chen looked calm and said, "I don't want to join in the fun. But with the current situation, it can't protect Uncle Long."

"What did you just say?" Duncan Wei stared at Fade Chen fiercely.

Fade Chen's tone was indifferent and continued, "I'm just telling the truth. You have no idea of the true strength of the elite master of the yellow class at all. With your current arrangement, you are not the opponent for the elite master of the yellow class."

"What a joke! My master, Thomas Qiao is a master from San Jue Mountain. His martial arts have reached the peak of the advanced stage of the yellow class, and there is only a little distance away for him to reach the peak. And also, with the help of the middle stage yellow class strength, and so many security guards, how can the elite master of the yellow class not be defeated?" Duncan Wei said proudly.

Fade Chen glanced at him and said, "The gap between a master at the Advanced Stage of the yellow class and an elite master of the yellow class is much larger than you think. Not to mention your master, even if Uncle Long and your master worked together, two masters at the Advanced Stage of the yellow class can't defeat the opponent at all. These bodyguards are not worth mentioning and are totally useless after all."

Chen Fei glanced at the plaster on Duncan Wei's right hand and said, "As for you, you are worse than these bodyguards."

"You..." Duncan Wei had always been confident. He was less than 30 years old, and his strength at the

mid-stage of Yellow Class would be called as a master wherever he went. But then, he was mocked by a young man in this small place, which made Duncan Wei furious. "Hey kid, I showed respect for Uncle Long, but don't think I really dare not to challenge you?"

Fade Chen sneered and said, "You're challenging with me? You seem to have forgotten how your wrist was broken."

"You... I was careless that day and was attacked by you. Otherwise, I..." Duncan Wei was so furious that the face turned red and defended herself.

The dispute drew the attention of Thomas Qiao and Jimmy Wei.

Thomas Qiao glanced at Fade Chen and showed a look of dissatisfaction. Then he asked Duncan Wei, "Duncan, what's happening?"

Duncan Wei glared at Fade Chen angrily and said, "Master, Fade Chen is too arrogant. I was helping to set up the bodyguards here, but he came over and started gesticulating at them. After a while, he said that these bodyguards were all rubbish and useless. Later, he said that you are incapable of defeating the enemy."

"He even said it without shame that, Master, even you are not his opponent!" Duncan Wei said in an exaggerated tone and told the story.

Hearing this, Thomas Qiao couldn't help but frowned. He looked at Fade Chen, snorted and said, "Hey boy, you don't like my setup? So tell me yourself, how is it arranged to ward off the enemy?"

Fade Chen shook his head and said, "With these people, no matter how they set up, they can't defeat the enemy?"

Thomas Qiao sneered and said, "After all, it turns out to be just a guy who talks crap. Everyone can say that, but not everyone has the ability to solve the problem."

Fade Chen was not affected by Thomas Qiao's sarcasm at all. He said, "I said that there are not enough people now, but I didn't say that I can't do it!"

"So, you have a backup plan?" Thomas Qiao said coldly with a tone full of sarcasm.

Fade Chen nodded and said, "I'm the one behind it. With my strength, I'm not afraid of the elite master of the yellow class!"

Thomas Qiao burst out laughter after hearing that. He looked at Jimmy Wei and said, "Jimmy Wei, you've heard this too. A kid who hasn't even grown up, just said that we can't defeat the enemy. Now he said that he's here, there's no need to fear enemies. This is the first time I've heard such a funny joke!"

Chapter 134

Jimmy Wei smiled awkwardly, he could not ridicule Fade Chen with Thomas Qiao. After all, Fade Chen was his wife's lifesaver. But he had nothing to say to help Fade Chen refute Thomas Qiao. He also thought that although Thomas Qiao's words were not pleasant, it was meaningful, what Fade Chen just said was too much.

Jimmy Wei softened his smile and said to Tom Wei in a low voice, "Take Fade into the house to rest. No matter what happens later, don't come out."

Tom Wei wanted to defend, but Fade Chen shook his head, nodded to Jimmy Wei, and then took the initiative to walk into the villa.

Upon seeing this, Tom Wei immediately followed.

Behind him, Duncan Wei satirized rudely, "Master Chen, when the enemy comes, we will count on your back-up!"

Beside him, Thomas Qiao shook his head, looked at Wei Jimmy Wei and said with some dissatisfaction, "Brother Wei, although I am confident in my own strength, this time, after all, it is a master at the peak of the Yellow Class. We should take good care of our preparations, I don't want my arrangement to be disrupted."

Obviously, Thomas Qiao was very dissatisfied with Fade Chen's arrival.

Jimmy Wei had a request from others, so he could not say anything at this moment. He smiled apologetically and said, "Thomas Qiao, you have worked hard. This matter is really an accident."

While speaking, Jimmy Wei changed the topic to the enemy and asked with a worried look, "Brother Qiao, can we really deal with a master at the peak of the Yellow Class?"

Thomas Qiao said nothing but smiled.

His disciple, Duncan Wei, said at this moment, "Uncle Long, don't be fooled by that kid's words. It's said that the gap between a master at the peak of the Yellow Class and a master at the late stage of the Yellow Class is very big. It's just a gap of a small realm. No matter how big it is, it can't be that much."

"What's more, my master is not much worse than a master at the peak of the Yellow Class. With these bodyguards' arrangement, there is no problem to defeat the enemy."

Thomas Qiao also smiled confidently at Jimmy Wei and said, "Jimmy Wei, don't worry. The enemy of this time is nothing to be afraid of."

By hearing what they said, Jimmy Wei felt relieved and accompanied them to continue to arrange security work.

At this time, Tom Wei, who returned to the room, still felt somewhat indignant. "Fade Chen, the master and disciple just mocked you, why didn't you refute?"

Fade Chen smiled and said, "How can I do that? Fight with them or just argue with them? No matter what, it's not good and this matter is related to the safety of your uncle after all."

"Did we really have no other choices but to let them mock us?" Tom Wei said unhappily.

Fade Chen leaned back on the sofa and said, "Don't worry, there is a chance. When the enemy comes, I will naturally take action."

"Are you sure that Thomas Qiao and Duncan Wei are no match for the enemies?" Tom Wei asked.

Fade Chen solemnly said, "Absolutely not."

As time went by, the sky was completely dark. A full moon rose up to the sky, scattering silver light to the earth. At this moment, the whole world seemed to be very quiet.

In the backyard of the villa, Thomas Qiao checked the security arrangements again, then sat on the chair and looked at the bright lights at the foot of the mountain with burning eyes.

Jimmy Wei sat next to Thomas Qiao, but his position had obviously been specially calculated and would not be directly attacked. It was also easy

for Thomas Qiao to protect him.

It was late at night, but it was still quiet in the backyard of the villa. There was no movement and no trace of enemies could be seen at all.

Duncan Wei, who was a little impatient, couldn't help muttering when saw the situation. "Is that guy a liar? He won't come at all or he was scared away when he found out my master was here."

Upon hearing this, Jimmy Wei torrent frowned and thought in his heart that it was impossible. He wanted to make a sound to remind Duncan Wei not to let down his guard.

At this moment, a burst of birds were startled and flew up from the trees beside the wall of the villa. They rushed to the night sky and formed black shadows under the bright moonlight.

Just as the shadow of the birds was shaking, a figure jumped high. Under the moonlight, the figure blended with the shadow of the birds, creating a different atmosphere of chill.

"He's coming here!" Thomas Qiao instantly reacted, bounced up from the chair, tensed his muscles, and stood up.

And at this moment, Jimmy Wei also got stunned. He stood up suddenly and looked at the black figure in the night sky.

The figure rose to the highest point of the air and

then fell down like a big bird. The place where he landed was exactly the huge swimming pool inside the courtyard wall.

If he stepped into the swimming pool, he would definitely be affected.

So, Thomas Qiao waved his arm and gave signals to Duncan Wei. He ordered the bodyguards to prepare to take action and to start immediately when the figure falls into the swimming pool.

But just as the black shadow was about to fall into the pool, their eyes narrowed and their faces turned serious. The black shadow landed on the surface of the pool, but he did not fall into the water as they expected. Instead, he stepped gently on the surface of the water and rushed over directly.

Seeing this, Thomas Qiao's face changed and he said in a serious tone, "The opponent's strength is stronger than I expected. I'm afraid that he has entered the peak of the Yellow Class for several years."

Hearing this, Jimmy Wei's face changed and became more gloomy.

On the contrary, the black shadow landed on the grass. He looked around and said, "Jimmy Wei, I haven't seen you for so many years. I didn't expect that the brave elder brother Long has turned into a coward!"

Jimmy Wei frowned and he was dissatisfied, but he did not say anything. Instead, he stared at the man in front of him with furious eyes. The man looked in his forties. He was not tall, but his face was covered with seven or eight horrible scars.

The scars crawled on his face like centipedes, making him look gloomy and horrible, with more terrible temperament.

"Jimmy Wei is under my protection. If you leave now, I won't attack you!" Thomas Qiao took a step forward and looked at the black shadow in front of him in a deep voice. He tightened his arms and seemed ready to attack at any time.

Behind Thomas Qiao, Duncan Wei, with several bodyguards in black, was also ready at this moment, nervously staring at the black shadow less than ten meters away.

The black shadow laughed disdainfully and said, "You expect that you are able to defeat me with your level! Ridiculous, ridiculous!"

The muscles on Thomas Qiao's face twitched a few times, and he looked furious.

Chapter 135

When he saw his master humiliated, Duncan Wei jumped out from behind him. Pointing at the black figure, he directly yelled, "How dare you scold my master! You are looking for death!"

"Arrogant boy!" The black figure heard the words and his voice suddenly became cold. He directly stood where he was and slapped him hard.

Suddenly, everyone felt a black shadow flashed in front of them, and then with a crisp sound, Duncan Wei's whole body was directly slapped to the ground, and a red hand print appeared on his face.

Duncan Wei had never been humiliated like this. He got angry and stood up from the ground. Pointing at the black figure angrily, he shouted to the bodyguard behind him, "Shoot him! Shoot him to death!"

Suddenly, the black-clothed bodyguard moved and stretched his arm to his waist, ready to pull out the pistol to shoot the black figure.

But at this moment, the black figure moved at a much faster speed.

He shook his wrist slightly, and a silver light flashed in his hand. Immediately, the black figure swayed and rushed into the bodyguard crowd. The silver light drew an arc with the black figure and passed

through the crowd, bringing screams.

In less than a few seconds, the black figure returned to the distance.

At this time, Thomas Qiao and Jimmy Wei heard a miserable howl behind them. They turned their heads and saw the bodyguards who were ready to shoot with guns covered their wrists and fell to the ground painfully.

Their hands, which were ready to hold guns, were cut off from their wrists, and blood gushed out.

Looking at the black figure again, under the bright moonlight, it could be vaguely distinguished that the silver light in his hand was a small sharp blade. Under the silver moonlight, the blade was shining with cold light. The slowly falling blood at the tip of the blade made everyone feel a chill from the heart.

The black figure slightly turned his wrist, and the blade disappeared without a trace. He said in a low voice, "Jimmy Wei, I follow the rules of the underworld and seek revenge on you. But you break the rules and take the shot. You are looking for trouble."

Jimmy Wei's heart trembled, and then he said angrily, "Kevin Huang, since you're here, why don't you take revenge?"

The black figure named Kevin Huang smiled and shook his head. He looked at Jimmy Wei and said,

"Jimmy Wei, it seems that after so many years of a comfortable life, you have lost the passion you used to have!"

All of a sudden, he said in a low voice with coldness and endless hatred, "Jimmy Wei, I thought it was enough to kill you alone. But since you broke the rules and started shooting, don't blame me for being rude."

Jimmy Wei's heart skipped a beat. "Kevin Huang, what on earth do you want to do?"

Kevin Huang sneered and said, "Jimmy Wei, do you need me to make it clear? You have a wife, a daughter, and a nephew. Do you need me to tell you their names one by one?"

Hearing this, Jimmy Wei's face changed greatly. He was anxious and rushed out and shouted, "Kevin Huang, Take your revenge only on me, it's none of my family's business. Don't touch them!"

"It's none of their business?" Kevin Huang snorted, "My brother was killed by you, and my sister-in-law and nephew died because of this. Don't you think it's ridiculous that you tell me not to kill your family?"

Jimmy Wei quickly said, "I know the rules of the underworld. Don't let our mistakes drag our families. Your sister-in-law and nephew, I didn't do anything to them back then."

Kevin Huang sneered and said, "Do you think I will

believe your words? Even if you didn't kill them directly, they died because of you!"

At that time, Edwin Huang, who was Kevin Huang's eldest brother, fought with Jimmy Wei for territory, but was eventually defeated and killed by Jimmy Wei. At that time, Jimmy Wei did not touch his wife and children, but sent them to another city to live in seclusion.

However, Edwin Huang's enemy was not only Jimmy Wei alone. After knowing Edwin Huang's death, his enemy secretly found his wife and children and killed them. It was too late for Jimmy Wei to send people there after hearing the news.

For this matter, he felt that he had a clear conscience. But he also knew that no matter how he explained, the heart of Kevin Huang was filled with hatred, it was just an excuse.

The explanation was useless. At this moment, a fight was inevitable.

Jimmy Wei jittery roared, directly facing the black figure, and said in a low voice, "Kevin Huang, I know that you have had some adventures over the years, and your strength has made great progress. But I, Jimmy Wei, am not idle. If that's it, then let's fight!"

Kevin Huang sneered and said, "Fight! With your level? It's just a dead end!"

Jimmy Wei didn't expect that Kevin Huang would

ignore him so recklessly. He couldn't help but be angry.

At this moment, Thomas Qiao snorted and stood up. He looked at the black figure and said in a low voice, "What about involving me?"

While speaking, Thomas Qiao did not hide his strength but burst out an internal force and stirred up a strong wind in the backyard of the villa.

Duncan Wei also stood up at this moment. Upon seeing this, he couldn't help but be overjoyed and cheered for his master. "Master, beat that guy to death."

The combination of Thomas Qiao and Jimmy Wei, two mature masters at the late-stage of Yellow Class, this strength was almost invincible in Bay City.

But at this moment, when the black figure saw this, the sneer at the corner of his mouth did not fade away. Instead, it became stronger. "Jimmy Wei, is this the helper you invited? With such strength, you want to fight with me. It seems that you really know nothing about strength!"

"Arrogant!" Thomas Qiao shouted and took the lead to attack the black shadow. With a heavy punch, he slammed the black figure with a strong wind.

On the other side, Jimmy Wei also moved. His legs were very good. He swept out and fiercely swept the

black figure's waist.

Obviously, they had gone through some training, but when they cooperated with each other at this moment, they actually had a tacit understanding and had a good momentum.

But at this moment, when the black figure, Kevin Huang, saw this scene, he shook his head with a sneer and said, "What a cheap trick!"

"You're courting death!"

Thomas Qiao had the strength of the advanced stage of the yellow level. He was respected as a master and treated respectfully whenever he went. He had never been ignored like this, hence, he couldn't help but be furious. With the whistling wind of his fists, he exerted 100% of his strength and smashed fiercely to the face of the black figure.

At the same time, Jimmy Wei gritted his teeth and used all his strength. He widened his eyes and fiercely swept toward Kevin Huang's waist.

As they were about to attack Kevin Huang, he moved and flashed.

But he didn't dodge, instead, he directly rushed up against the two men's attack. He stretched out his hands to grab Thomas Qiao's arm and at the legs of Jimmy Wei. "Ignorance, let me show you the strength of a master at the peak of the Yellow Level!"
