

# Nothing to Give but My Heart Chapter 139-144

## Chapter 139

Seeing her take a step back, Curtis's eyes darkened a little: "Am I the devil?"

"Huh?" Ana Shen didn't understand what he meant, looking up at him puzzled.

Curtis smiled bitterly: "If I am not the devil, why are you so afraid of me?"

Ana Shen: "...Sorry, big brother."

She wasn't afraid of him, she was just afraid that Walter would make trouble when he ran into him. That man... Although he didn't like her, his possessiveness was really strong.

Because she was wearing the title of Ye Er young lady.

"It's okay, Big Brother doesn't blame you." Curtis Ye smiled softly at her and whispered: "Let me come here, you go upstairs first."

Hearing that, Ana Shen's face changed slightly, "How can this be, I can do it myself, brother, go ahead."

Thinking of the last time he helped her in the cafeteria, Ana Shen didn't have time to thank him that time, and she hid after seeing him now. Ana Shen felt a little sad, so she lowered her voice and said, "That's right. Thank you for the thing in the cafeteria this time."

"You don't need to care about this. Later, Walter went to pick you up, right?" Curtis Ye smiled slightly: "Walter still cares about your younger siblings."

Speaking of Walter, Ana Shen realized that she was no longer in the meeting room.

Maybe he doesn't want to see her now, right?

Ana Shen was depressed, she laughed at herself in her heart, "Well, maybe."

Seeing that she was in a bad mood, Curtis said with concern: "What's the matter? Why did Walter treat you this way? Did you quarrel?"

"No, I don't know how to say it, it's more complicated."

Curtis saw that her facial features were all wrinkled in distress. This look fell into his eyes and felt cute and tight. He couldn't help but reached out and rubbed Ana Shen's head, "Don't worry, girls still want sunshine. Some, smile more."

This intimate action made Ana Shen stunned for a few seconds before reacting, and then took two steps back, "Thank you, brother, I know."

"I will stay free from get off work? I heard that eating sweets will make you feel better. The last cake..."

When it comes to sweets, Ana Shen's face becomes a little ugly, "That big brother...I don't want to deceive you, so I think I should tell you the truth."

"Ok?"

"Actually I don't eat sweets. The cake last time... I gave it to my friend, brother, would you mind?"

Ana Shen thinks it is better to make it clear, so that someday he will give her cakes on a whim, or take her to eat desserts, which will be wasted.

Curtis probably didn't expect that she would be so sincere. At first, she was stunned for a while, then suddenly laughed, and once again stretched out her hand to rub her head: "Sister, I am very happy."

Ana Shen: "???"

"You are willing to share your true thoughts with me, which makes me very happy."

Curtis Ye put his hands on her head, and his voice was as gentle as the wind: "It's okay, you don't like sweets, then what flavor do you like?"

Ana Shen glanced at him and thought about it seriously: "Spicy? No, brother, I'm going to work first."

After speaking, Ana Shen left the meeting room holding the coffee cup as if to escape.

As a result, she ran into Walter outside the door. Ana Shen took two steps back in fright. In an instant, all the cups fell to the ground, because she was holding so much in her hand that she made a loud noise.

But at this time everyone was almost gone. Hearing the sound and looking back, he found that it was Ana Shen who had dropped the cup and left.

Curtis Ye, who was in the conference room, heard the movement and quickly rushed out, "Sisters? Are you okay?"

Curtis quickly dragged Ana Shen away from the crime scene. The ground was full of debris, "Be careful, don't hurt your feet."

When Walter saw this scene, his thin lips curled up coldly.

“The eldest brother is very concerned about his younger siblings.”

Hearing, Curtis looked up at him, his eyes seemed helpless: “Walter, how can you let your younger brother and sister do this alone?”

“Ye Clan doesn’t raise idlers, what can she do?” Walter sneered.

Curtis frowned slightly, “As far as I know, she contacted the Han Group and she compiled the materials for this meeting, right? You said she can’t do anything, that’s not quite right. My younger siblings are very good. Assistant. Walter must not overkill.”

“Oh, it seems that Big Brother knows his wife’s abilities better than my husband?”

“Walter, why do you speak so badly? Don’t you know what kind of person your eldest brother is?”

The hostility in Walter’s eyes became more serious: “What kind of person is Big Brother, I really don’t know.”

Walter has become particularly terrible since I opened up my explanation with him that night. Talking to Curtis Ye at this time is also all kinds of thorns. Ana Shen thought about it, and finally got away from Curtis Ye’s hand.

She still shouldn’t cause trouble to Curtis.

It is very possible that Walter would be so rude to him now because of Curtis Ye’s close relationship with her.

“Big brother, I’m really fine. Go and work. I’ll clean here.”

“Brother and sister...”

“I beg you, brother!” Ana Shen’s voice became heavy, and Curtis Ye’s eagerness to move forward stopped like this. He gave Ana Shen a helpless look, and then looked in the direction of Walter. , And finally sighed helplessly.

“Okay, then I’ll go first. Walter, brother and sister, you have something to say well.”

After Curtis left, Ana Shen seemed to be relieved, squatting down to pick up the pieces on the ground, putting them in the tray one by one, and picking them up silently in front of Walter.

This scene made Walter squinted his eyes dangerously. He felt unhappy, and when he was about to reprimand her for not knowing how to use a broom, Ana Shen’s hand was suddenly pierced by the fragments.

Her complexion changed, but she did not exclaim, because Walter was still watching, she simply shook the blood on her hand and continued to pick up the pieces.

So that Walter would say that she was selling poorly.

She didn’t want to be insulted by him anymore.

I didn’t want Walter to suddenly roll the wheelchair in front of her, and then suddenly squeezed her arm and pulled her up. Ana Shen exclaimed and his wrist was clasped.

“Did you see that your hands bleed?” Walter asked in a vicious voice.

“Look, I saw...” Ana Shen stammered, trying to pull her hand back: “But that’s none of your business.”

“It’s none of my business?” Walter’s eyes were a bit more fierce than a wolf. He put her injured finger in her mouth and sucked, and Ana Shen’s face

suddenly turned red, anxiously trying to withdraw her hand: "Ye, Walter, what are you doing? Quickly let me go!"

The b\*d's tongue was so greasy that he sucked the blood off her fingers.

After a long time, Walter let go of her, and smiled evilly: "Spit has the effect of stopping bleeding, you should thank me."

## Chapter 140

Ana Shen blushed and pulled her hand back, staring at Walter bitterly.

"Who wants you to help me stop the bleeding? Damn it!"

Walter snorted coldly, "What? Do you still want others to stop the bleeding?"

Ana Shen didn't bother to argue with him. If she went on to prevent the atmosphere from becoming worse, she wanted to squat down to pick up things, but Walter scolded, "Does your brain grow to display? So many pieces only know how to use it. hand?"

"..." Ana Shen suddenly raised her head: "Do you agree with me to use a broom?"

When she squatted down to pick up the debris with her hands for the first time, she thought that Walter had deliberately tortured her. It should be that he wanted her to pick it up with her hands, so even if she went to pick up the broom, it was of no use.

Unexpectedly, he actually let her use a broom.

Walter narrowed his eyes dangerously, his hostility was extremely heavy: "What did you say?"

“No.” Ana Shen stood up abruptly, turned around to get the broom, if he agreed, she would not be stupid enough to use her hands.

When she returned, Ana Shen only saw Walter’s back.

As soon as he left, the icy breath of the scene left with him, and the surrounding temperature returned to normal. Ana Shen quickly cleaned up the debris on the ground. It happened that the cleaning aunty mopped the floor to this side. He couldn’t help but be surprised when he saw this scene. Calling: “Oh, how do you young people work now? You broke so many cups. Hey. Looking at the young and powerful, in fact, they are not as good as us old people.”

Ana Shen put down the broom awkwardly and left.

When she got off work, Jessica came to her, and then asked her quietly.

“I heard that Mr. Walter embarrassed you during the meeting in the morning. You are such a dish? How long has it taken you to fall out of favor.”

Ana Shen: “...”

Jessica: “Let me tell you, men are all interested in this set, don’t cherish those who get the hands, and then go to please another new woman in a humble manner. Is it necessary? Besides, our Mr. Walter is still disabled. , I don’t think he should be so picky. It would be nice to have you.”

Hearing this, Ana Shen was helpless: “Are you hurting me or comforting me?”

“All of them!” Jessica smiled and put her arms around her and said: “While hurting you, but also comforting you, but you are too unbelievable. I think you should be more upbeat. It’s a good idea to dominate earlier.”

Ana Shen: “...You really think too much!”

Jessica wanted to say something more, but a figure suddenly appeared in front of him, so she and Ana Shen had to stop.

Jessica looked at the person in front of her with some surprise.

“Night, night vice president!”

Curtis smiled at Jessica, and that smile instantly warmed Jessica’s heart. She lowered her eyes and looked shy.

Curtis Ye looked at Ana Shen, “Are you free?”

Ana Shen was stunned for a while, but did not react for a long time.

“What’s the matter?” she asked.

Curtis looked at her with a smile and said nothing. Ana Shen was not a stupid person, she could only look at Jessica and whispered: “You go back first, and I will tell you tomorrow.”

“Oh.” Jessica nodded, then winked at Ana Shen for a while before leaving.

When Jessica left, Curtis took out the car key: “Let’s go, I’ll treat you to dinner.”

what? Before Ana Shen could react, Curtis turned and left. She stood there for a long while before following. Many people in the company looked at him. Ana Shen tangled her fingers and followed. She said behind her head: “That... Brother, I’m not hungry.”

Hearing, Curtis Ye smiled lowly: “Don’t worry, it’s not a place to fill you up.”

Ana Shen: “...but...”

“It’s just a meal, don’t you let the big brother do his best?”

Well, when he said that, Ana Shen suddenly felt that she was really too much, and she didn’t do anything, she just cared about asking her for a meal, but she repeatedly rejected others.

Following him to the underground parking lot, Curtis gently opened the door for her, and when she bent down to get into the car, he stretched out a hand to block the door to prevent her from touching her head.

After Ana Shen sat in, Curtis Ye bent down and fastened his seat belt.

He leaned very close, and the masculine breath of his body got into her breath, so Ana Shen subconsciously held his breath nervously, and didn’t react until she fastened the seat belt. She should have worn it by herself. !

But Curtis had already bypassed the body and opened the door to sit in the driver’s seat. Ana Shen sighed in her heart that he was really a very gentle and gentleman.

“You said you don’t like sweet and spicy food. Then the big brother will take you to eat spicy boiled fish?”

Spicy boiled fish?

Ana Shen’s eyes lit up when she heard the word, and she subconsciously swallowed, but she still said in embarrassment, “Big brother, how do you know I like this?”

“I asked the assistant to check your preferences, and you’ll know it naturally.” Curtis Ye said, and wanted to reach out and rub her head.

It was just that the distance between the two was not so close, and when he put his hand over, Ana Shen subconsciously hid aside, so Curtis could not touch her head.

His hand paused in the air, then put it back.

“Is the elder brother behaving improperly, so you are afraid of elder brother?”

“No, no.” Ana Shen shook her head: “I’m just worried – Walter will make trouble for you. I don’t want to cause trouble to Big Brother, so...”

“It’s okay.” Curtis Ye smiled faintly: “Remember that I told you that Walter was cold and warm. Besides, you were wronged in the secretary’s office today. I think you have been very aggrieved during the time you came to the night house. There is little smile, you must be unhappy, right?”

Happy?

It seems that Ana Shen hasn’t known what emotion this is for a long time.

Since she married Ben Lin, she didn’t know what happiness was, let alone marrying to Yejia after divorce. Many times, it was a hell for her.

How terrible.

Thinking of this, Ana Shen closed her eyes and said in a calm voice: “It doesn’t matter whether you are happy or not, I am used to it.”

Hearing, Curtis smiled faintly, and her tone seemed to be tinged with melancholy: “It’s not a good habit to get used to being unhappy, brothers and sisters... Girls still have to laugh more, especially if you are so young. It’s not a good thing for you to keep your face miserable, and it will also affect your body.”

Smile more...

Ana Shen smiled bitterly.

“I don’t mean this kind of smile, but the kind of smile from the heart.”

Ana Shen couldn’t laugh, she said helplessly: “Big brother, don’t make me embarrassing.”

“Hmm.” Curtis really didn’t embarrass her anymore. The car went all the way without b4495d62, and soon reached the destination. When Curtis took her in, Ana Shen kept following behind him, trying to follow him. She kept her distance.

Then he glanced aside from time to time, always looking guilty of conscience until he entered the box.

boom!

Ana Shen suddenly ran into Curtis Ye’s back.

## **Chapter 141**

Ana Shen recovered, rubbing her nose and stepped back two steps.

“I’m sorry, brother, I didn’t expect you to stop suddenly.”

Curtis glanced back at her gently, and said softly, “It’s okay, you just don’t hurt.”

Of course she... doesn’t hurt anymore.

After the two of them sat down, Curtis ordered a lot of her favorite foods.

Ana Shen sighed at the care and thoughtfulness of the man in front of her, but at the same time she began to have a guilty conscience, always feeling that she shouldn't have dinner with Curtis Ye,

But then she thought again, they were just eating a meal, and she didn't have any other thoughts. What was her guilty conscience?

These thoughts disappeared completely when the spicy water boiled fish was served.

Ana Shen likes to eat boiled fish, but there is nothing to eat with her.

And she could not finish eating, so when she smelled the familiar aroma, Ana Shen suddenly remembered that she hadn't eaten it for many years.

She picked up a piece of fish and put it in the bowl, and suddenly smiled: "I haven't eaten this for a long time. By the way, can you eat spicy food with me? Is it okay to eat this with me?"

The misty mist enveloped Curtis's handsome facial features, making his eyebrows look gentler, and his smile was light: "It's okay, I can eat any taste."

The reason why Ana Shen asks is because many people don't know how to eat spicy, let alone spicy. This kind of freshly cooked food is even more spicy and sour, and Ana Shen was afraid that her stomach can't stand it.

"Brother, if you really can't eat, don't eat it forcefully."

Curtis: "Eat, brother and sister, brother is really fine."

Ana Shen was relieved. At first, she was eating carefully, but then after looking at the person opposite, she was sure that he was also picking the fishbone seriously, and she started eating with confidence.

On the other side, Karla Han also entered this shop accompanied by a few celebrities.

After asking for a box, several people walked up with Karla Han.

The Han family is also well-known in Beich, and Karla Han is the daughter of the daughter who was lost and recovered. Everyone knows that this is the famous pearl of the Han family, so they are willing to hold her.

For example, at this moment, the two daughters of Jiang's group changed Karla Han's arm and said softly, "Karla, this boiled fish is very famous. I don't know if you have come here before. Today I'll give you a treat and you can order whatever you like."

Probably Karla Han used to live a hard life before. Although she has become an eldest lady at the moment, she felt that the other party was mocking herself when she heard such words. She suddenly sneered: "What is it? Have I ever eaten here before? , Are you ridiculing my downfall when I was not the eldest of the Han family?"

The man's face changed immediately, and he explained in a low voice: "Karla, I didn't mean that."

"Who asked you to call my name? This lady's name is also worthy of you?"

Karla Han looked like a normal person only in front of Ana Shen, but when she got up here, she became arrogant and unreasonable, completely two people.

The man was too scared to speak anymore.

One of them stepped forward and snorted coldly: "Miss Stella, don't pick her up. Her family is going bankrupt recently. I guess I just want to cheat you. Let's go to the second floor to eat."

So the man was left behind, and the others kept walking up the second floor.

Karla Han is still unhappy. From the day when she saw the information, she was upset until now. Her temper was not small at first, but now it is all kinds of fire.

When passing by a box, Karla Han suddenly saw a familiar figure.

She stopped for a while, then looked in.

It was Ana Shen. When Karla Han was about to take a step out, the people around her suddenly asked, "Miss Stella, what's wrong with you?"

Hearing, Karla Han suddenly recovered and shook her head: "It's nothing, let's go."

She followed everyone into the box, but after sitting down, she suddenly thought of something. The person sitting opposite Ana Shen just now seemed to be a man...

And it seems familiar?

Who is he? With whom did Ana Shen come here to eat boiled fish?

Thinking of this, Karla Han decided to find out, so she got up and said to the others: "Sit down for a while, and I will go to the bathroom."

"Karla, let me go with you."

"No, don't follow me."

Karla Han glared at the man, and then went out.

After she left, several people suddenly became angry.

“She really thought that she was a daughter of a daughter, she looked like a dog, and it was disgusting to look at her.”

“That is, if she is not Han’s daughter, I will ignore her.”

“When there is a chance in the future, we must make a trip to let her know that we are not easy to mess with.”

“Come on, you guys, when people are here, you are holding stinky feet one by one. Now when they are gone, they start talking behind their backs, and don’t look at what they are like.”

Karla Han didn’t know these things. After she left the box, she went to the box that she passed by just now.

The door of the box was not closed, and she saw Ana Shen sitting inside at a glance.

And now it happened to see the man opposite.

It turned out to be Curtis Ye.

How could Ana be with Curtis Ye? Karla Han was wondering, suddenly Curtis Ye, who was sitting opposite, poured a glass of spicy juice to Ana Shen: “Eat so much spicy, drink this to defeat the fire.”

Between his eyebrows and eyes were gentle and considerate, Karla Han could see that there was something wrong.

Is it possible that Curtis Ye likes Ana? He wants to attack his younger siblings?

After realizing this idea, Karla Han's face became difficult to look. Just as she was about to rush in and pull Ana Shen away, a thought suddenly formed in her mind, which stopped her steps.

After a while, Karla Han took back her steps.

She blinked.

If... Curtis is really interested in Ana Shen, wouldn't it be a good thing to keep them together? and...

An idea grew in Karla Han's heart.

In this case, she can tell Ana Shen that the owner of that suit is actually Curtis Ye, who just perfected them both?

As soon as he thought, Karla Han could no longer control her actions. She took out the phone and turned on the camera and pointed it at the two people inside. After finding time to take a photo, she put the phone away and leaned against the corner.

Her heart was beating so hard, Karla Han closed her eyes.

Ana, don't blame me... I too... for your good.

Walter is moody and crippled. If you are a second-married person following him, he will definitely not treat you well, but it is not better to follow Curtis Ye.

Karla Han fell into self-hypnosis and said a lot of good things to Ana Shen in her heart, and then she slowly relaxed in her heart.

No way, because she stole Ana Shen's identity, Ana Shen is the only person in her world who feels guilty.

After this incident was over, Karla Han vowed that she would do better to Ana Shen.

So Karla Han told those friends that she would not go back and let them eat by themselves.

Then here Karla Han asked the waiter to open a private room next to Ana Shen for hers and sit down and wait.

## **Chapter 142**

After waiting for more than half an hour, Ana Shen and Curtis Ye finally finished eating, and they passed in front of the box of Karla Han.

Seeing this, Karla Han quickly grabbed her bag and got up to follow.

She followed behind them, took out the phone and took another photo, and then hid again, like a thief.

Following the two to the parking lot, Karla Han took a lot of photos.

Ana Shen, who had never looked back, stopped suddenly and glanced behind intentionally or unintentionally.

Curtis Ye stopped, "What's the matter?"

Ana Shen glanced at the empty parking lot and said strangely: "How do I feel as if someone is following us?"

Hearing that, Curtis also glanced around, did not see anyone, and whispered: "Where is anyone? Is it wrong?"

Hearing what he said, Ana Shen also felt that she might have read it wrong, so she hummed.

“Maybe I was wrong.”

“Let’s go, go back, it’s not too early. I will be back late, Walter should be angry.” Curtis Ye opened the car door and put his palm on the car. When Ana Shen got in, he hid in the corner. Panting for breath, Karla Han took out the phone again to take this scene.

Curtis seemed to be aware of it, and glanced at where Karla Han was.

Karla Han was so scared that she hid behind the pillar, her heart pounding.

Has she been discovered? Then, will the photos she took today be taken back...how will she explain to Ana if she will confront him?

Karla Han was so confused, and after a while, heard the sound of the car leaving.

She just came out from behind the pillar and looked at the leaving car.

Curtis...Have you seen her?

“Big brother, thank you today.”

After the car arrived at Yejia, Ana Shen unfastened her seat belt, and then thanked Curtis Ye.

Curtis smiled and spoke softly, “Family, this is nothing, you can go in.”

“Thank you, brother, and then I’m leaving now!”

After speaking, Ana Shen opened the door and left the parking garage.

Because of the reason to eat boiled fish, Ana Shen was all sweaty. After returning to the room, she took a shower directly, just to get rid of the smell of her body.

When she came out of the shower, Walter had not returned.

When Ana Shen went to get a towel to wipe her hair, he found that the quilt on the floor was completely missing.

Her face changed, and she turned her head and glanced at the room, only a quilt was left on Walter's bed.

Unacceptable!

Ana Shen went directly to the maid to inquire.

The maid's face paled when she saw her, "The second young lady...the quilt...is dirty, so we took it and washed it."

"Is it washed?" Ana Shen widened her eyes: "But I didn't ask you to wash it for me?"

"I'm sorry, the second young lady, we also found that the quilt was dirty when we were cleaning the room, so we did it for you. Don't be angry, the second young lady."

Forget it, Ana Shen didn't bother to care about it, so she could only turn to say: "can you give me two quilts again?"

Did you come to get it yesterday, should you have it today?

It turned out that the maid still stammered: “Second young lady, I’m afraid it won’t work.”

“Why?”

“The quilt... hasn’t been done yet.”

She said haltingly, obviously lacking confidence, and she did not dare to look directly at Ana Shen.

Ana Shen almost laughed angrily when she heard it.

All the quilts did not work, and today they took away the only remaining bed she used, Ana Shen was helpless: “There are no quilts, then she will go to sleep with Walter at night?”

The maid took two steps back in fright when she heard the words, and almost collapsed in front of Ana Shen.

“Don’t you, see Second Young lady, isn’t there a bed in the room? Just sleep with the Second Young Master.”

Ana Shen: “...”

Will she sleep with Walter? Totally impossible!

“Did Walter tell you to do this and say that?”

“No.” The maid shook her head and nodded under Ana Shen’s gaze: “The second young master said that the second young grandmother’s quilt was dirty and let us clean it. As for the latter sentence...they said it themselves. .”

She scratched her hair and said with difficulty: “The second young grandma and the second young master are husband and wife. Sleeping...isn't it normal to sleep in the same bed?”

Yes, it is normal for a couple to sleep in the same bed.

But she and Walter are not real husband and wife.

They are just contracted couples.

As soon as the time is up, she will have to leave the night house immediately, plus they have never slept together before, except for those special few times.

But this is undoubtedly a humiliation for Ana Shen.

“Can't you really give me a quilt?” Ana Shen asked hard.

The maid looked terrified: “Second young lady, I...”

“I see. I don't want to embarrass you. Go down.”

The maid fled.

After she left, Ana Shen went into the bathroom and looked at her messy hair in the mirror.

This face has no beauty at all, and the hair is not treated. What qualifications does she have to be someone else's heart based on this? It's just because of the sexual relationship that the way of getting along changed.

She Ana Shen also has dignity. She would rather not get it in exchange for it.

After wiping her hair clean, Ana Shen changed clean clothes, and then went out.

When she was in the elevator, she just met Walter and came back. The eyes of the two met in the air. This time, without waiting for Walter to look away, Ana Shen moved away automatically, and then moved to the side to let him come out first.

Phillip pushed Walter out and asked strangely, "Assistant Shen, are you going out at this time?"

Ana Shen nodded in response, "Something happened."

They got out of the elevator, Ana Shen entered the elevator, Walter frowned, and suddenly remembered something. When she first wanted to stop her, the elevator door was already closed.

Phillip pushed him as he walked and said, "Mr. Walter, what happened to you and Assistant Shen? I don't think Assistant Shen looked at you just now, and what is she going to do at this late hour?"

Walter: "..."

"Young night, it's better..."

"To shut up."

Walter exuded an icy breath, and Phillip successfully shut up his mouth and said nothing.

After Ana Shen left Yejia, he went out alone to buy quilts in a nearby shopping mall, including bed sheets and pillows.

Fortunately, she still has a little extra money, enough to buy these.

After she bought the quilt and returned to Yejia, she opened the room and met Walter's cold eyes. Ana Shen subconsciously grasped the quilt pillow in her hand for a few minutes, took off her shoes and moved inward.

After seeing what was in her hand, Walter sneered: "You really do everything, so it hurts you to sleep in the same bed as mine?"

Ana Shen's steps paused, and then she silently walked over and opened the quilt on the bed, and only answered Walter's words after laying it out.

"Don't let the maid collect my quilt in the future, I may not be able to survive the remaining five months..."

## **Chapter 143**

Can't last the remaining five months?

At first, Walter hadn't realized what she meant, but after a while, he suddenly realized that she was referring to the agreement signed by the two.

In an instant, Walter became furious, and said angrily: "You still remember that agreement now?"

Ana Shen had her back to him, her shoulders visibly flinched when she heard these words, and she nodded a moment later.

How could she forget that agreement?

That agreement was tantamount to drawing an insurmountable line between her and Walter. As long as there was this agreement, she would know to restrain her heart and prevent it from continuing to move like this.

“So, did you have a temper with me because of that agreement?” Walter seemed to realize something, his tone became light.

“...No.” Ana Shen’s words cut off the last light in Walter’s heart.

The eyes that had been lit up dimmed at this moment, as if tens of thousands of Xingchen were suddenly covered by dark clouds, and the surroundings were all overshadowed.

Ana Shen could feel the breath of the person behind him getting colder, and the surrounding temperature also dropped. She had already fixed the quilt here, and simply lay down.

Both of them in the room were relatively speechless.

Ana Shen also suffered from insomnia tonight, or the smell of the new quilt didn’t make her sleep well all night, and she did not fall asleep until the early morning.

In her sleep, there seemed to be a wolf staring at her fiercely. Ana Shen was staring at her back and her whole body was shaking. How could a wolf stare at her?

She subconsciously wanted to step back, but she took a step back and realized that there was an endless abyss behind her. She stepped on the air and fell backward.

Ana Shen woke up suddenly, a cold sweat all over her body.

When she opened her eyes, Ana Shen felt that the surrounding atmosphere was not right. Her eyes rolled around, and she suddenly ran into a pair of wolf-like eyes with cold light. The person’s eyes were scarred and bloodshot like blood. Yin Hong is exactly the same as in her dream.

And the owner of these eyes is...

Walter!

Ana Shen grabbed the quilt abruptly and sat up. She turned out to be extremely sleepy after seeing Walter's appearance at this moment, and she didn't feel sleepy at all.

She don't understand, he now looks like a ferocious wolf, ready to pounce on her and bite her into pieces at any time.

"You, what are you doing?"

Don't sleep well, come here to see her?

Walter stared at her with scarlet eyes: "Second married woman, you dare to cuckold me?"

"What are you talking about?" Ana Shen was so startled as soon as she woke up, her heart beating wildly.

Snapped...

A bunch of photos were thrown in front of Ana Shen. Ana Shen didn't know what it was at first, so she glanced at the photos carefully, and then picked them up.

After seeing the photo clearly, Ana Shen suddenly widened her eyes and looked at the people inside incredulously.

Isn't that when she and Curtis Ye had hot pot yesterday? Why... How come you were photographed?

No wonder she always felt that someone was following her yesterday afternoon. It turned out that this was not her illusion!

“Who gave you these photos?” Ana Shen asked anxiously.

Walter smiled fiercely: “Are you worried?”

Ana Shen lifted the quilt and stood up: “It’s not like this, don’t just believe these photos, I...”

“The photo is fake?” Walter sneered, “Huh?”

“It’s not fake, but it’s definitely not what you think. I was just having a meal with Big Brother. I didn’t cockle you.”

She walked to Walter and tried to explain. Walter raised his big hand and dragged her into his arms. The fiery big palm firmly pinched her waist and pinched her chin with one hand.

“This time it’s for dinner, what’s next time? Open the room and go to bed?” The hostility in his eyes was very heavy, and the anger on his body was almost burning Ana Shen.

“Walter, let me go. You don’t say these things to insult me. The eldest brother and I were innocent, just having a meal together.”

“Really?” Walter sneered, and the strength of the hand pinching her chin gradually increased: “A woman like you dare to be innocent? If I don’t teach you a lesson, you really don’t know how to get it right. Own position.”

“You hurt me, let go...well.”

As soon as she said the next words, her lips were roughly blocked by Walter.

He kissed her again!

Ana Shen's eyes widened and twisted her body to try to break free from him, but she was sitting on Walter's lap. The struggle at this moment was undoubtedly adding fuel to the fire, her soft body rubbing against Walter through the thin cloth. Xuan's body ignited the fire so easily.

His kiss aggravated a bit, his breath became muddy, and he pinched her waist with one hand, and violently tore her pajamas with the other.

Sizzle

Ana Shen's pajamas suddenly saw a ghost.

She wanted to exclaim, but all the noise she made was swallowed by Walter.

The tooth was picked up by him, and the tip of his tongue came in. When he touched her, Ana Shen's whole body shook suddenly, like an electric shock, the numb feeling slowly extended from the edge of the atrium to the surroundings.

Ana Shen wanted to push him away, but he pinched her waist with great strength, and held her tightly inch by inch until there was no gap between the two of them.

Such Walter scared Ana Shen, like a devil.

He tore her until all the clothes on her body fell to the ground, then backed his lips and tongue, panting against her head, and said, "Say, do you want me?"

His strong plundering made Ana Shen dizzy and confused. Hearing his mute question at this moment, she recovered her senses, biting her lower lip and staring at Walter without speaking.

There was no space between the two of them, and he deliberately pressed her against her: "Say."

I have to say that Walter's skills are really superb. Ana Shen's body has been able to change by his teasing. At this moment, he stimulated her like this again, and she almost couldn't help but scream.

Walter's dark eyes ignited a strong desire, and his handsome facial features revealed an evil charm in this charming scene, "Don't you?"

Ana Shen bit her lower lip stubbornly and stared at him stubbornly. The expression in her eyes seemed to say, "I won't tell you, I won't tell you to kill me!"

"Okay." Walter's voice became muted a bit: "It's okay if you don't say it, so let's keep a little bit more energy to shout."

Ana Shen: "...". When she first realized what he meant, Walter had already been buried in her body.

The unexpected intrusion made Ana Shen exclaimed, followed by a violent dash, and a broken voice smoothly overflowed from her mouth.

Walter reached his goal and sneered close to her earlobe: "It's so nice, let's call it a few more times."

The success of his words made Ana Shen blush, and even her earlobes became pink and tender. Walter felt cute, so he took a bite.

"Ah... Walter, you... please let me go quickly."

"Let go, are you sure?" He curled up Ana Shen's toes.

## Chapter 144

This fierceness lasted for an unknown amount of time. Ana Shen only felt that the whole person was not his own. All of her body senses were controlled by Walter, and finally the whole person lay on him in confusion, not knowing the direction.

After a long time, Walter pulled away, buckled her arm and pushed her onto the quilt next to him, with a cold smile on his lips.

The ruthless look of this sling looks like a scumbag.

“Second married woman, your body is really lewd.”

Ana Shen’s back touched the soft quilt, too tired, she closed her eyes subconsciously, and Walter’s indifferent voice suddenly sounded.

Just like in the winter, she was suddenly splashed with cold water, so that she was completely clear from the foot.

Ana Shen opened her eyes, and what caught her eyes was Walter’s playful smile. She was taken aback for a moment, suddenly got up and grabbed the quilt to cover her body, and looked at him shamefully.

Walter stretched out his hand to pinch her chin, and Ana Shen struggled a few times and couldn’t break away, so she could only stare at him.

“Take care of your body. I will check it every night from now on. If I find that you are unfaithful and unclean...”

He didn’t go on with the following words, but only those that were obviously threatening.

“Walter, why are you doing this to me? You say check and check? What do you think of me?”

After the charming, all that left was shame, and those words that Walter said hurt Ana Shen’s heart.

With red eyes, she asked Walter loudly.

Seeing her red eyes, Walter felt a little unbearable, but the corner of his eyes saw those photos again, so Walter remembered that she and Curtis Ye were talking and laughing together to eat hot pot yesterday, even As he walked together, he inexplicably caught fire in his heart.

So what Walter said was more like a poisoned arrow.

“Why? Just because you are the woman sent to my bed by your Shen family, is this reason enough?”

The only bit of blood on Ana Shen’s face faded away. She was probably too angry. Instead, there was no expression on her face. She just looked at Walter pale, her pale lips trembled.

She didn’t speak any more, and after a moment she lowered her eyes, looking like she was unlovable.

Yes, what qualifications does she have to resist?

From the day she replaced Erika Shen to marry Yejia, her fate was doomed.

If Walter does not sign a half-year contract with her, she will have to stay with Walter for the rest of her life, unless he is willing to divorce her.

Thinking of this, Ana Shen closed her eyes sadly, then turned over and wrapped herself in the quilt.

She didn't want to care about Walter anymore, bastard.

The tears slipped silently along the corners of the eyes, and instantly sank into the pillow and disappeared.

Ana Shen didn't know what was happening behind her, but she could only vaguely hear the sound of Xixi Suosuo's dressing. After a while, there was the sound of wheels rolling until the wheels disappeared.

Ana Shen was sure that Walter had really left.

It's been a long time since she came to Ye's house, and for the first time she shed so many tears, like a broken string, all the sparsely can't be collected, there is a faint pain somewhere, and the swelling and pain on the lips. The marks he left on her body clearly reminded her of this humiliation.

After lying down for a long time, Ana Shen suddenly felt uncomfortable in her lower abdomen. She could only hold her hands up and go to the bathroom, only to find that her inner part was stained with blood.

At first, Ana Shen thought she was the eldest aunt.

But thinking about it is not right, she is pregnant, how could the aunt come again?

It was said that during the first three months of pregnancy, special attention should be paid to having sex. She actually forgot about it.

Thinking of this, Ana Shen hurried to pack up her things and change clothes to go to the hospital for registration despite her sore legs.

After the doctor checked her condition, the expression on her face was a bit complicated: “You have only been pregnant for two months, right?”

Ana Shen nodded.

“Where is your husband?”

Hearing that, Ana Shen’s expression changed, and she said in a dull manner: “He, he is busy with work.”

The doctor can see that her complexion is not very good, and her tone is a bit more complicated: “The number of intercourse between husband and wife in the first three months of pregnancy must be paid attention to, and it should not be too intense. In addition, your body is already weak. If it happens, I can’t guarantee the safety of your child.”

Ana Shen: “...” She nodded awkwardly: “I know, I will pay attention to it later.”

“I will prescribe some anti-fetal medicine for you later. When I go back, I will take it on time, pay attention to diet and rest. If it doesn’t work, don’t have s\*x, you know?” At the end, the doctor probably saw Ana Shen’s dilemma. Added a sentence: “As a mother, you must protect your children, you know?”

“Thank you doctor!” Ana Shen glanced at her gratefully, and after taking the medicine, Ana Shen left the hospital.

She just ran into Ben Lin when she came out of the hospital.

Ben Lin stopped the car and ran towards her, smiling: “What a coincidence, Ana, I didn’t expect to run into you here. What are you doing in the hospital?”

Seeing Ben Lin, Ana Shen remembered the past. Her eyes became cold and she didn’t want to pay attention to him and left.

Who knew that Ben Lin got tangled up, took her hand and said cordially: “Ana, don’t ignore me, I have something to tell you.”

Ana Shen’s face was not good, and she threw away his hands and said, “I have nothing to say to you.”

“But I have something to tell you, Ana, give me a chance. Let’s go to the coffee shop nearby.”

Hearing, Ana Shen’s steps, go to a nearby coffee shop?

She laughed: “Am I a treat?”

The expression on Ben Lin’s face suddenly became very colorful: “When, of course not, I invite you.”

“No need.” Ana Shen sneered back a few steps: “Ben Lin, please figure out one thing. I have divorced you and we don’t have any relationship anymore. Don’t follow me anymore.”

After speaking, Ana Shen turned around and left. Originally, she thought she had spoken clearly enough, but she underestimated the shamelessness of Ben Lin. She didn’t expect him to step forward and follow up again, “Who said we no longer have any relation. Anyway, what did you check in the hospital just now?”

When Ana Shen heard it, she almost fell forward.

Does Ben Lin know?

“What do you care about me checking? Ben Lin, you don’t need to care about my affairs, don’t follow me anymore!”

She quickened her pace, hoping to leave here soon.

Ben Lin caught up with her, grabbed her arm roughly, and shouted: “Ana Shen, you still dare to pretend to Laozi, are you pregnant? Whose child is in the belly?”

His face turned a little purple: “I haven’t touched you, right? You are actually pregnant? Ana Shen, are you stealing people behind my back?”

Ana Shen: “...”

There were also some passers-by looking at them with strange eyes, but Ben Lin didn’t feel ashamed at all, on the contrary, the more he talked about it, the more rampant he was.

“Unexpectedly, you looked like a good woman on the surface, but didn’t expect you to play this. Was it the man you met last time? When did you get in love with him?”
