

Nothing to Give but My Heart Chapter 157-162

Chapter 157

In the meeting room

The personnel were almost there, and the department head brought Ana to arrive late.

When Ana Shen walked in with the head of the department, everyone couldn't help but cast their eyes. After several tossings, all the seniors in the room could be regarded as knowing Ana.

When she went back and asked for a few sentences, she knew a series of things happened between Ana Shen and Walter after joining the company.

In addition, they have seen Ana Shen many times in the conference room. Although it was indeed tossed by the president at the beginning, everyone is not blind. How can you not understand the ups and downs of people's emotions if you can sit in a high-level position???

Just the last time Victor Han came to talk about cooperation, as long as he is not blind, he can see Walter's attitude towards Ana.

It's just... it may care if you really care, but it's really annoying as well.

Otherwise, how could he be demoted to the bottom in front of the entire company.

The head of the department is a man in his forties, thin, with long face and eyes, and a somewhat pointed mouth. He still looks gentle with glasses, but he doesn't look good.

"Xu Liao, you are late! I wonder if the president likes being late the most?"

Someone reminded him that Xu Liao's eyes changed, and he immediately said: "It's not that I am willing to be late, but the materials for this meeting have not been sorted out yet!"

Hearing, everyone was in an uproar.

"What's the matter? Didn't you inform her to organize the information yesterday? Why hasn't it been done today? When is this?"

"Yes, the information from our department was also sent yesterday, what's the matter with you?"

Xu Liao suffocated, then looked at the indifferent face of the protagonist, Walter, the man with a black aura, and suddenly pulled Ana behind him!

"Everyone, she messed up all the information."

what? Is it her business again? Everyone was puzzled and all looked at Ana Shen who was pushed out.

Walter's face was expressionless, but his cold gaze passed the supervisor's hand over Ana's slender arm.

Her skin was fair and she was wearing a sleeveless skirt. When she was dragged by the supervisor, a red mark appeared on her fair arm.

This woman, knowing that she has delicate skin and tender flesh, does not know to cover it up, huh.

“She just came to our department. I wanted to see how she was capable. Who knew she had applied for the materials for this meeting. I saw that she was full of confidence, so I agreed to let her sort them out. It hasn’t been sorted out. Mr. Walter, I’m sorry, I can’t help it!”

I have been putting the pot lid on top of Ana’s head in various ways, and the following sentence is that she has no way of discipline and is hypocritical.

No one responded for a long time after the voice fell. The other high-level officials didn’t know how to react and couldn’t figure out the thoughts of the person in the main seat, so naturally they didn’t speak much.

Ana was also calm, holding the bag in her hand, her pretty face was expressionless.

She does not seem to worry about the situation at all.

“You are indeed incapable of discipline.” Suddenly, a gentle but stern voice rang.

A man in a white shirt stood up, his calm gaze fell on Xu Liao’s face.

Xu Liao suddenly felt a wave of pressure, and his waist pressed down unconsciously, “Ye, night vice president.”

Curtis’s voice was steady: “You also said that she is a newcomer, but the project information this time is very important. You know that this is for the meeting. Even if you want to see her ability, you have to look for it. The substitute is chosen so as not to be prepared, but you blindly entrust one thing to a newcomer. Now that something happens, you not only fail to lead by

example, you are also sloppy. Xu Liao, do you think you are not sitting securely in this position now? “

What he said was reasonable and well-founded. He turned Xu Liao's face to pale, and he immediately realized what he had done. He looked at Curtis's eyes with a little bit of terror, but then he looked at the man in the main seat. , Still intently, seems to not care about this matter at all.

So Xu Liao gained confidence again, and went on to say: “What the vice president said is that I didn't think well, but this time...”

“What? Do you want to shirk responsibility this time?”

Xu Liao lowered his head: “No, I dare not!”

“What about the information?” Suddenly, a voice with infinite chill suddenly sounded, shocking the high-level audience watching the show, and hurriedly straightened his back and sat upright.

Walter's gaze fell straight on Ana's fair face, with a bad tone: “On the first day of demotion, if you don't want to make progress, you have caused such a big trouble. How do you plan to make up for it?”

Hearing, Ana, who had been standing silent for a long time, finally looked at Walter.

Compared with the previous few days, his eyes were very cold when she saw him, and she felt as if she was in an ice cave just when his eyes met.

Ana knew that it was his words that hurt her, she didn't beg him to forgive her, but... she also wanted to find a chance to explain.

The two of them stared at each other in the air for a long time before Ana said: “I am not thinking about making progress.”

Walter's expression was cold, staring at her without saying a word.

Ana said again: "I didn't cause trouble either."

Everyone didn't know what she meant. At this moment, Ana put her bag on the table, and then turned over the palm of her hand. A small and exquisite U disk was lying in her white palm.

"I have sorted out the information, but that computer was too old and suddenly shut down automatically."

"Fortunately, I have the habit of saving to a USB flash drive."

Ana held up the U disk for everyone to see, then stepped forward, inserted it into the interface, and then started playing it for everyone to watch.

"This is what I compiled. Please give me some time. I will print it now and send it to you."

High-level people: "..."

Nani? Didn't you say that the good information has not been sorted out? What is going on here?

And Xu Liao, who pushed Ana Shen out, saw that the information had been sorted out, his face changed in an instant, and he walked to Ana's side: "Why didn't you say that you had a backup? It made me foolish."

Ana looked indifferent: "Supervisor, you didn't ask me."

Xu Liao: "..."

“You just asked me to come to the office with you, and didn’t say what the reason was. From entering the office, I never had the opportunity to explain to you.” Ana said again, and she blinked her eyes faintly, as if she was particularly innocent.

Xu Liao was vomiting blood with anger.

The high-level people on the side looked at Xu Liao’s gaze a little speechless, Phillip, who stood behind Walter, couldn’t help being excited and applauded for Ana.

Good job!

Fight back beautifully!

Let him see the real face of a big man Xu Liao!

Of course Ana knew that those people were waiting to see her making a fool, and Walter, he also wanted to see her making a fool of herself.

She just refused to let it!

She Ana is not a person who is kneading, even if she is more bullied after returning, she still has to fight back!

Chapter 158

Curtis looked at Ana with a gentle and agitating smile in his eyes, and couldn’t help but silently compliment her in his heart.

It seems that this girl is not as helpless as he imagined.

He said at the right time: “Director Su, you keep saying that she is inadequate. I didn’t expect that you didn’t even give her a chance to explain. If I were as rash as you, how about questioning your ability?”

Xu Liao’s body began to tremble, and the vice president of the night spoke. What should he do?

Xu Liao looked over towards Walter.

Walter looked at Ana coldly, and she was still printing the materials there, step by step, calmly and calmly.

Walter’s gaze unconsciously glanced at Curtis Ye, and when he saw the man looking at the woman with awe-inspiring smile, his heart burst into flames, and then he sneered: “I played smart on the first day of demotion. The opportunity to explain is still sophistry. It doesn’t take time to print the information? Five minutes have been lost because of your mistakes.”

“Walter, this is also an emergency, you just...”

Don’t worry about these words, they were interrupted by Walter before they had time to say them.

“Deduct the first quarter bonus.”

Walter’s eyes were cold and ruthless, falling on Ana and Xu Liao.

“Yeshi, you don’t need to play tricks or tricks in front of me, and next time, kick out Yeshi directly.”

Facing Walter’s stern gaze, Xu Liao couldn’t straighten his waist anymore. Coupled with his coercive words, it made him sweat.

Ana Shen has always had this attitude since she married him. She is almost used to it now, so compared to Xu Liao's pale face, she looks much calmer.

When she was speaking, she had already printed the information, and then put it in the folder and sent it to everyone one by one.

"What I have sent to you now is the project materials I have compiled. Please check it out."

Although Ana doesn't understand why the most common employee position can manage such important information, but... she is not qualified to interrogate!

Perhaps, this is a hurdle that Walter deliberately set up, deliberately embarrassing her!

So, except for the first ten minutes that was interrupted, the meeting went smoothly. Ana seemed to be used to the previous things. After finishing the information, she brewed coffee for everyone. The whole process was handy.

When the meeting was over and everyone gradually dispersed, Ana Shen was not in a hurry to leave.

Xu Liao lowered his voice and said, "Come out with me!"

Ana didn't speak, she looked at the man in the wheelchair.

Although she was demoted, she still wanted to explain to him that what she said that day was really unintentional!

"Newcomer, did you hear that?" Xu Liao's threatening voice rang behind her ears, and Ana Shen realized that he was very close, and moved a few steps aside in disgust: "Supervisor, you can leave first. , I still have something to do."

Xu Liao heard: "What do you want to do? Stay and sue me?"

Hearing, Ana was helpless: "I won't do such a dishonest thing. I stay here only for personal matters."

Private matter? Xu Liao gritted his teeth: "You are not allowed to talk about personal matters during work hours. You are now a member of my department and must listen to me."

After speaking, he squeezed Ana's hand hard, and when he reached her arm, he found that the skin of her arm was as delicate as a baby, and he was taken aback for a while, and then he glanced at her unconsciously.

"Let go of me!" Ana Shen shook her hand vigorously, Xu Liao was touched by the slippery tenderness just now, and he coughed slightly now: "That's it, I'll go out and wait for you, and you come Hurry up."

Xu Liao left after speaking.

Ana and the others were almost gone, so they walked towards Walter.

"That...what happened yesterday..." Ana whispered.

Walter's cell phone rang at this moment, and he picked it up indifferently, "What's the matter?"

Ana watched him answer the phone, and stopped talking when he reached his lips.

Then she saw him nodding in response, and after hanging up the phone, she said to Phillip: "Go."

Phillip glanced at Ana awkwardly, winked at her, and then pushed Walter away.

From beginning to end, he didn't look at her again.

Ana Shen who talked to him was like a clown.

Completely ignored by others.

Ana stood there, silently tightening, loosening, clenching, then loosening... clenching again.

"Brother and sister."

A gentle voice sounded behind him, and Ana Shen looked back and saw Curtis Ye.

He hasn't left yet?

Ana, who had been paying attention to Walter, didn't notice the existence of Curtis Ye at all.

Curtis naturally saw the surprise in her eyes, and probably guessed what she was thinking, and couldn't help but smile: "Am I so inexistent in your eyes?"

"I'm sorry, brother, I have something to do, let's go now!" After speaking, Ana Shen packed up her things and left the office.

When she left, she could feel a gaze following her all the time. Ana's heart was so complicated that she could only put aside those messy thoughts and not think about it.

After returning to the department, she saw the sad eyes of Cui Minli and Gao Yun as soon as she entered the door.

Obviously there is no schadenfreude when she left before, and it seems that they are disappointed that their goals have not been achieved.

Ana Shen walked back to her seat calmly, but when she was about to sit down, she found that her seat had been splashed with water, and she almost didn't notice it.

"As expected, she is a woman who can climb into the CEO's bed. She has a really deep scheming. She pretends to create a chance for us and then goes to the toilet, but actually backs up everything on the USB flash drive."

"Exactly! I don't know how simple you are!"

"she did it on purpose! Right?"

Ana Shen drew out the tissues, calmly sucked the water from the seat and sat down, then slowly said, "I plug the USB flash drive into the computer. You are blind and didn't see it. You can't do everything. Blame me. ?"

"You!" When Gao Yun heard this, his face changed a lot and he wanted to step forward, and he wanted to beat her.

Cui Minli hurriedly reached out to stop her: "Gao Yun, don't be impulsive, the last time Sister Qiangwei beat her and didn't find any good fruit, let's not be the first bird!"

Gao Yun held back his temper and said coldly: "It will be long in the future, as long as you stay in this department for one day, I won't make you feel better!"

Ana lifted her lips: "Okay, wait and see."

“Humph.”

The two shook their heads and left.

When eating at noon, Jessica went directly to the department to look for her, and Ana Shen was still a little strange: “Didn’t you tell me to stay away from you? Why...”

Jessica blinked, “You really believe it when I say it casually? Are we friends? How could I really let you stay away from me? Let’s go and eat.”

With that said, Jessica went forward to take her arm and pulled her towards the cafeteria, regardless of other people’s gazes.

Ana was stunned, at this moment... her heart was warm.

Chapter 159

After the two sat down, Jessica immediately said: “I have heard about the meeting room, Ana, you are so amazing!”

The first time I heard Jessica boasting about her, Ana Shen was a little embarrassed, and said embarrassingly: “What’s great, it’s nothing.”

“I thought you would cry because of being bullied. I didn’t expect you to fight back on the first day you went, and you fought back so beautifully. Now the supervisor and those who want to see your jokes are probably going to be shocked. Up.”

Ana : “...” She said worriedly: “Now there are so many people in the company who want to see me making a fool of myself. If you stay with me, you may be hurt.”

Jessica grinned and said: "It's nothing, I'm from the Finance Department, and my father is the head of the Finance Department. They dare not do anything to me."

Ana : "There is this kind of operation?"

"Yes, do you know that everyone's salary in the company is paid by me~ Haha."

Ana Shen probably understands that Jessica is everyone's food parent.

"Although I won't deduct their wages casually, I can owe them their wages~ Do you know that many of the big cities are moonlight people, who keep the payday every month. Once I take a little thought After a day or two, they all have to cry."

Ana: "It's amazing."

"So I will cover you in the future, so don't worry about it~"

After the two had lunch, Ana returned to her seat. Her computer was indeed a bit aging, so she took time to get it.

Ana was still sitting when she heard footsteps behind her.

She frowned slightly, and when she looked back, she saw Xu Liao walking towards her. He also held a cup of coffee in his hand and placed it in front of Ana Shen, "That...what's your name?"

When Xu Liao wanted to call her, she realized that he didn't know her name, because she was demoted and did not follow a formal procedure. People said that the plug was stuffed in, so there is no file record yet.

Ana glanced at him coldly, did not answer his question, just glanced at the cup of coffee.

“Does the supervisor have anything to do with me?”

The supervisor rubbed his hands and said with a smile: “It doesn’t matter if you don’t say your name. You just came here, so I’ll call you Xiaoni.”

Ana Shen: “...” Does Xiao Ni have anything to do with her just coming here?

“The supervisor can call me Xiao Shen.”

She didn’t want to tell her name to the person who looked bad and tried to harm her in the morning.

“Little Shen? Little Shen sounds great!” Xu Liao took a step forward with a smile, and pointed to the cup of coffee: “I brought it especially for you. Drink it quickly.”

Ana: “Supervisor, what exactly are you looking for?”

“It’s not a big deal.” Xu Liao rubbed his hands and walked closer to her. Ana’s expression changed slightly. She quickly stepped back to keep a distance from him, and then looked at the wretched emotions in his eyes. Ana Shen suddenly understood something.

She stood still and shouted coldly: “Don’t come here!”

When Xu Liao was drunk, she actually stood still on the spot, but he was not angry, just kept looking at her white arms and slender neck, and at her eyes.

“Actually, Xiao Shen, you were demoted, and you have offended a lot in the company before? Everyone wants to see you being cheated and harmful. Do

you know the rose in the design department? Before you came She asked me to take good care of you. Can you understand what I mean?"

Ana didn't speak.

Xu Liao continued: "But I think their behavior is really wrong. How could they harm a girl as cute as you? Just because they like nightclubs and can't climb high, but do you have a chance to get close? It really shouldn't be."

These words made Ana frown: "What are you trying to say?"

"I just want to protect you. I didn't listen to what Qiangwei said to me. The incident in the morning was purely an accident, but Xiao Shen, I promise you that this will not happen again in the future."

As he talked, he approached Ana. Ana knew what was in his mind and sneered: "You can go one step further and try."

Xu Liao paused, standing still and smiling.

"Little Shen, have you ever heard the saying that the person who knows current affairs is Junjie? You have now been demoted to my department. As long as I am willing to protect you, you will be less bullied and detours in the future? ,Is it not good?"

Seeing that Ana did not answer, Xu Liao continued to bewilder: "Although I can't compare to the president, but after all, the president no longer wants you, right? You might as well just follow me. Although I am not as powerful and rich as the president, I promise, I won't just abandon you, how about?"

Ana: "..."

Unexpectedly, his real purpose was actually this.

“Xiao Shen, you should think about it carefully. Those who know the current affairs are handsome, but I don’t force you to make you think about it for two days.”

After speaking, Xu Liao turned around and left without waiting for Ana to speak again.

After he left, Ana rolled her eyes subconsciously. Is this uncle neurotic? She didn’t even want to be Walter’s mistress, how could she still be his mistress?

Because Xu Liao stayed here for a long time, Ana suddenly felt that the air here became muddy because of her.

She didn’t want to stay any longer, she packed her things and left first.

Before work time, she went to Jessica to chat.

Ana Shen went directly to the finance department, but received a message from Karla Han, asking her to go to the roadside of the company. She passed by and brought her a gift.

Ana Shen saw that Jessica hadn’t come out, so she went downstairs directly.

After standing on the side of the road for a while, Karla Han’s car came over.

Opening the car door, Karla Han handed her a bag.

“Ana, I bought it for you specially, you can go back to open it at night.”

“Why did you buy something for me suddenly?” Ana looked at the bag in a puzzled way, it seemed very expensive, and she didn’t know what she bought.

Karla Han's eyes flinched, and she smiled awkwardly: "What are you doing? Can't I think of you when I bought it for myself? So I brought you a copy, don't you dislike me?"

"There is no dislike." Ana gave her a white glance: "You know, how could I dislike you, you just made this trip."

"It's nothing, I will try my best to treat you Ana!"

Ana: "...Why? Did you do this behind my back?"

Karla Han's face turned pale, and quickly explained: "What are you talking about? Why did Karla Han, my Karla Han, have done anything wrong with you? Ana, you are more and more sarcasm now, right? Humph."

"No, thank you."

"Humph, who wants you to thank you, I'm leaving first."

"Ana!"

Jessica's voice came from behind, and Ana looked back and found that Jessica was walking towards this side.

"Your friend?" Karla Han glanced at Jessica in the distance, and then asked.

Ana nodded: "A girl in the company treats me very well."

"All right, then I will see you in two days."

As soon as Karla Han left, Jessica also came close to Ana's side, poked her head out and looked at the direction Karla Han was leaving: "Hey, that bitch-looking woman is the one I saw on WeChat before. One?"

Chapter 160

The expression on Ana's face suddenly became difficult to look at when she said that she was bitter.

"Jessica, what are you talking about?"

Jessica reacted: "Yes, I can't say it in front of you."

She giggled and didn't care at all, "Why are you running out? Is your friend looking for you?"

"Yeah." Ana's expression was a little better when she heard her say the word "friend". She looked down at the bag in her hand and said, "Said that she brought me something."

"What is it?" Jessica took a look at the bag, and couldn't help but wow out, "LV this year's latest model, wow, thanks to your friend who is so rich, Ana."

Ana had no idea about the brand, and didn't know how much it was worth. Just looking at Jessica's eyes shining brightly, she probably knew that this was a valuable bag, so she took a look and said, "So If it's expensive, I'll give it back to her some time."

"Why do you want to pay it back?" Jessica glanced at her and suddenly said: "Suddenly gave you such a valuable thing, did she do something to sorry you?"

Hearing that, Ana Shen's heart shook for a while, but Jessica would unexpectedly meet her previous thoughts.

Although she just said those words casually.

Karla Han, who was in front of you, is very close to her, but she never say that they always give things to each other, and Karla Han will not buy all kinds of expensive gifts for her. Now it is the first time to give such an expensive gift suddenly.

“You are talking nonsense again!” Ana raised her face, really angry.

Jessica hurriedly smiled and apologized: “I’m sorry, I just made a joke casually, don’t be so angry.”

Ana was really angry, turned around and left, Jessica hurried to catch up, “Ana, don’t be angry with me, I’m really just joking, I have no intentions.”

As she walked, Ana’s steps suddenly stopped.

Because she suddenly saw a familiar figure standing in front of the company entrance, digging into the company, but was stopped by the security guards.

But that figure, Ana knows, is particularly familiar. Ana hasn’t seen it for a long time, Mother Shen!

Ana’s expression suddenly became complicated, and she stood still and stared at her.

Didn’t you let her get out of Shen’s house? Why are you still looking for her at the company now?

Is it because... I feel sorry for her, so I came to her to apologize? Or, mother Shen missed her because she hadn’t been home for too long.

Thinking of this, Ana felt a little better.

As she was thinking, the man turned his head and happened to meet Ana's gaze.

Then, Mother Shen put on a smile on her face and quickly walked towards Ana.

"Jessica, I met an acquaintance, you go in first." Before Shen's mother came over, Ana handed the bag in her hand to Jessica and asked her to take it for her. Jessica saw that her expression was wrong, so she went ahead. Left then.

Mother Shen quickly arrived in front of Ana with a smile on her face.

"Qiqina, you really work here, people in your company are not allowed to enter."

Ana's voice was hoarse, unable to make a sound, just staring at her blankly.

Mother Shen was a little guilty by the look in her eyes, she didn't open her eyes unconsciously, and coughed slightly: "Um... let's find a place to sit."

Coffee shop nearby because this is an elite area of business, it is also near the Yee Group, which is led by the North, so even the cafes nearby are very high-end. It is the first time for Shen's mother to enter such a cafe and sit and enjoy it. She couldn't help sighing when the air-conditioning coolness and the feel of the leather sofa felt.

"Is this the life of the rich?"

Ana didn't speak, but took a deep breath, then took a sip of coffee.

I hope it can moisturize that dry throat.

After a while, Mother Shen continued: “Ana, you are enjoying yourself now, do you come to this cafe for coffee every day?”

How could Ana be here? Before she could answer, Mother Shen continued: “You have a good time, Mom is happy too!”

With a choking throat, Ana was even more speechless.

Originally, the love she had received since childhood was very small, so she worked hard to do everything well in many cases, hoping that her mother could praise her more. This time, she had to get the kindness of Shen’s mother who was so kind for her. Ana suddenly couldn’t hold back her emotions.

It’s just that she didn’t wait for her to fully reveal these emotions. Mother Shen gave her an uneasily glance, and then whispered: “I thought that marrying you into the night’s house would harm you. I didn’t expect it to be now. Made you. Ana, can you give mom some money?”

The emotion that was just coming up from Ana was stuck, she stared at the person in front of her blankly.

Mother Shen gave a light cough, “I plan to change your sister to a good school so that she can learn more, but there is no more to support at home, so I hope you...”

“So, this is actually the purpose of your coming today?” Ana finally spoke, but her voice was terribly dry and dumb, and her tone was trembling.

“Ana, don’t blame your mother for saying this, you see you are all Hengfu now, is there anything wrong with everyone being lucky? The marriage was originally your sister’s, and these blessings should also be your sister Heng’s. But now these are all given to you, you are already married so well, what’s wrong with helping your sister?”

Lest she would refuse, Mother Shen began to talk about her endlessly.

“I thought.. I left home for so long, you really came to see me this time.” Ana Shen murmured, her eyes a little red: “Do you think I will marry until the night? Home is really happy? What you see with your eyes today, you think I enjoy it, don’t you? Have you ever thought about how I’m full or not, how is my life? Have you ever Asked me?”

“You can marry the first night in Beich, how could you have a bad time? Ana, you are rich now and want to leave us alone?”

“The First Night in the North City.” Ana laughed, her voice full of self-deprecating: “It’s really the first night, if it’s so good, why did you let me marry him?”

Having said this, Ana raised her eyes and looked at Mother Shen steadily, “Can you tell me, if Yejia is really so good, why don’t you let Erika Shen marry?”

Suddenly, Mother Shen was speechless, looking at Ana Shen awkwardly.

“Ana, Mom didn’t mean that. Mom really didn’t think so much before. If you blame your mother, will your mother apologize you? It’s just...”

Before she could finish her words, she was interrupted by Ana Shen.

“The same is your daughter, just because I was divorced, you let me marry her to Yejia instead of her. At that time... the mother’s heart was really good for me?, not for Erika Shen. Do you stand against the disaster?”

Chapter 161

“Resist the disaster?” Mother Shen’s face became difficult to look, “Ana, how could you think of mom like this? Mom doesn’t think so, you also know that

you are my daughter, how can I be willing to let you give the moon. Is it difficult for the moon to resist disasters?”

“Really?” The smile on Ana’s lips was extremely bitter. Her hands under the table were also tightly twisted, and her fingertips were carved into her skin, but the pain on this hand was not enough. On the half of that heart.

“I remember the original words of my mother clearly... You said that the Shen family cannot be ruined by both daughters. Your precious daughter, Erika Shen, has always been the best dressed since she was a child, and she has taken the best courses. It’s your daughter, but I’m different. What I had to do is take care of her and let her. I think it’s okay for me to be a sister. This is what I should do. But... I was divorced and go home mother She didn’t feel sorry for me at all, and forced me to marry Yejia instead of herself. At that time, my mother knew that the person I was going to marry was disabled. If you could not bear to let Erika Shen marry, you let me marry.”

Mother Shen’s eyes began to become flustered. She explained: “This is different from the past, don’t you have a good life now? You see that the company you work in is so big, you live in such a big house, and you can still sit here now. Drink coffee in rich places, what else are you dissatisfied with?”

Ana put away her tears, “If my mother had known that there would be a day like today, would she let me marry?”

“Of course...Don’t say anything about this, anyway, you’re doing well now! Isn’t that all right? Why do you have to care about the past?”

Mother Shen became impatient, especially when she saw Ana Shen’s red eyes, she felt upset, she could only say coldly, “Anyway, I’m here to tell you this today that give your Mom one hundred thousand yuan.”

Ana didn’t speak.

“I’m telling you, your sister has already learned this point. If you don’t continue to learn now, then she will be ruined in the future. You are an elder sister, and you should consider it for your sister!”

Ana looked at her firmly, and suddenly asked.

“Mother, am I really your biological daughter?”

Hearing, Mother Shen widened her eyes suspiciously and looked at Ana incredulously.

“How can you say such a thing? I raised you by myself, so you...doubt me!”

“If Erika Shen and I are both your biological daughters, then why...you haven’t treated me well since I was a child, mother, I am also an ordinary person, and I had also interests.”

Mother Shen was so angry that she covered her chest, and her face was pale and panted: “Okay, my good daughter, she actually started to question me as a mother... OK, OK... You all have stiff wings now. Now, me, I’m leaving.”

With that, Mother Shen got up and wanted to go outside, but she was breathing hard, and she fell back.

“Mom!” Ana Shen was startled, and quickly got up to support her.

Mother Shen pretended to push her weakly: “You, you unfilial daughter, you let me go, I want to leave here... You are all grown up now. If you have a family, you don’t want my old mother, I won’t stay in this world again, woooo...”

Mother Shen complained and even cried, and the noise caused many people to watch and then began to whisper.

The waiter came over: “Madam, we refuse to make noise here, may I ask what happened? Is there anything we can help?”

Ana knew that this was a high-end coffee shop. Mother Shen’s troubles here had a great influence. When asked in public like this, her white face was instantly red, and she apologized embarrassingly: “Sorry, I took her away immediately. .”

Then she helped Mother Shen to go out: “Mom, I will take you out of here first.”

“I do not want to go!”

Mother Shen sat down directly on the ground like a shrew, and scolded, “You all have stiff wings now. I have worked so hard to give you such a big contribution. That’s how you rewarded me! Have you ever treated me? As your mother?”

Shen Mu’s style is a strange behavior in any place, let alone in this high-end coffee shop.

Ana was embarrassed, and didn’t want her to continue to lose face here, so she could only step forward to help her.

“I’ll give you as much as you want, but you have to leave here with me first.”

Hearing, Mother Shen’s eyes lit up: “What you said is true?”

“Well, get up first.”

At this time, Mother Shen did not struggle any more, but left the cafe together with Ana’s support.

Ana could feel the contempt in the waiter's eyes when they left.

The two stood on the crowded street, Ana's expression was calm, but Shen's mother was full of eagerness: "Ana, are you really willing to give me money? Then how much can you give? It's better to give more. Nowadays at home It's not too good financial conditions at home, you..."

"Mother." Ana interrupted her and said softly: "What if I say I can't get it out?"

She owes the company money all by herself. Where can she lend her extra spare money to Mother Shen?

When Mother Shen heard this, she immediately crossed her eyebrows and said coldly: "What do you mean? You said in the coffee shop that you can give me money, but you are now retorting?" After she said that, she noticed that her attitude was too aggressive, so she hurried. She

Changed her words: "Ana, Mom didn't want to exploit you. You see, when you were with Ben Lin, Ben Lin had no money, and I never asked you to borrow money, right? But now things are different, you are now it's been a good life. You can't live a good life on your own and let us suffer, right? Ana, mom only needs one hundred thousand yuan. If you have a lot of money, you can give me one hundred and fifty thousand."

Ana: "...As long as one hundred thousand yuan? One hundred and fifty thousand yuan?"

Mother Shen didn't understand the meaning of her words, she thought she didn't think the money was much, and she still had a smug look on her face.

"Yeah, isn't it not too much at all? It's only a little bit for you, so Ana, if you feel less, you can give mom more, and both mom and dad will be grateful to you."

“Heh...” Ana Shen’s smile and eyes were very bitter: “Yes, as long as you give you one hundred thousand or one hundred fifty thousand, your family will be grateful to you.”

Shen mother nodded vigorously: “Right, right.”

“But I don’t have one, mother, if I can, I would like to help you, but what if I don’t have the money? What do you want me to do?”

Speaking of the end, Ana even shouted out a small roar, and the sudden outbreak made Mother Shen’s eyes widened in shock.

“Do you really think that I have a good life by marrying Yejia? You haven’t worried about me this month? When I went home, you didn’t ask me a single sentence, or even a sentence whether I was able to live well. Now when you meet, you are asking for money, mother...Why don’t I give you my life?”

Mother Shen’s eyes widened and she covered her chest in disbelief.

“Stop acting, I’m serious. Now I only have this life. If your mother thinks that your life is worth money, maybe... I can take it.”

Chapter 162

Mother Shen stared at her blankly for a long time.

“You...It seems that you want to piss me off, you will be satisfied.”

Ana stood still, staring at her steadily.

“Mother asked me for 150,000, isn’t it also like killing me?”

“...Okay, it doesn't need to be one hundred and fifty thousand! That one hundred thousand! Or fifty thousand!”

“Mother, you really look at me too high.”

“Ana , I raised you so much, did you repay me like this? It's only tens of thousands of dollars, and you don't want to give it to me? Do you want to be an unfilially daughter?”

Ana Shen didn't speak, but her hand hanging beside her kept tightening. She bit her lower lip firmly, letting the strange sight of the street fall on her face.

Forget it, others can see what they like.

It's just that she really can't get the money now.

“Talk to you!” Mother Shen stepped forward and pulled her clothes vigorously: “Look at what you wear, and see what you use every day. Isn't this something I won for you, you white-eyed wolf, have a good life? you don't want my parents anymore.”

She scolded loudly, and Ana closed her eyes and let her pull.

Suddenly, a pair of big hands took her over and resisted all the attacks of Mother Shen.

“Auntie, please don't be like this.” A gentle voice rang above her head, and Ana opened her eyes quickly, staring at the person coming.

It's Curtis Ye...

Why is he here?

“You, who are you?” Mother Shen looked at the man who suddenly appeared to protect Ana behind her. He was looking very expensive and looked extraordinary in everything he wore.

Mother Shen narrowed her eyes and looked at him: “Are you Ana’s husband?”

Ana was taken aback for a moment, and anxiously explained: “Mom, he is not...”

Hearing, Curtis Ye was a little startled and smiled lightly: “So you are Ana’s mother.”

Ana Shen looked at Curtis Ye in amazement. What did he mean by this? Why not deny it!

“Yeah, I am Ana’s mother. Are you her husband?” Mother Shen’s smile became flattering, “That’s it, it’s a bit difficult at home recently, so I asked Ana to borrow some money first, but who Knowing that this girl is stubborn, tell me that she doesn’t... how is this possible? She is married to your night house, isn’t she... usually there should be a lot of pocket money, right? Besides, she has a job...”

But before Mother Shen could finish her words, Curtis Ye smiled and asked, “Excuse me, how much does Auntie want to borrow?”

Mother Shen quickly said the number of words she wanted.

“Not much, only two hundred thousand!”

“Mom! You just said clearly!” Ana couldn’t help but interrupt her shrilly.

Mother Shen gave Ana a fierce look.

Curtis smiled and protected Ana behind her, preventing her from speaking, then took out his wallet and drew a card from it and handed it to Mother Shen.

“Auntie, there are three hundred thousand in this card. If you are in a hurry to spend money, use it first. The code is six or seven.”

Ana, who was dragged behind by Curtis Ye, came out anxiously when she heard the number and wanted to withdraw the bank card. Who knew that Shen’s mother had taken it away first, and she was already overjoyed at this moment. ,

“My son-in-law is sensible! Thank you, Ana, you really married a good husband!”

After that, Shen’s mother was afraid that Ana would come up to grab the money, and quickly stepped back and said: “I still have an urgent matter, so I’ll leave first, and I will see you another day.”

After Shen mother ran across a street corner, she suddenly realized.

Surprisingly, didn’t Ana marry a disabled person? Why was that man standing just now?

Forget it, I have 300,000 anyway, what do I want to do in the future?

On the other side, Ana stood there with a dead heart, Curtis Ye turned and looked at her.

“Well, your mother has gone.”

“Why did you give her 300,000?” Ana Shen asked lifelessly, she raised her head, her beautiful eyes depression: “Do you know what the concept of 300,000 is? Do you know that I will pay Sorry for you? Do you know what she will do with 300,000?”

Curtis was startled by the melancholy color in her eyes, and after a while he smiled faintly.

“What’s the matter, if I help you, elder brother is very happy. Moreover, eldest brother didn’t want you to pay it back.”

Ana took a step back, her beautiful eyes staring.

“How is it possible not to pay back? I hate owing favors to others. Since my mother took your money, then I have to pay it back on her behalf!”

One take is 300,000 yuan, now it’s good...

The smile on Curtis’s face was a bit bitter: “Are you blaming Big Brother?”

Ana stared at him tightly without speaking.

Ye Rin’s cold eyes showed worry, “Then you have to forgive big brother, big brother doesn’t want to see you beating and scolding again, it is really distressing to look at, little fool!”

After speaking, Curtis reached out and rubbed his head.

“ ... ”

Ana stood frozen in place, looking at him incredulously.

What’s the matter with this pampering tone... Ana saw that his eyes were bottomless, and his gentle pampering appearance seemed to contain a more complex emotion.

what is that???

When Ana reacted, he took a big step back, staring at him with a little horror, Curtis Ye's hand stopped in the air like this, froze, and then took it back for a long time.

The smile faded from the corner of his lips: "It's the elder brother that is not good, but the eldest brother is only treating you as a family member. Don't put pressure on yourself. The 300,000 yuan is a meeting gift for my younger brothers and sisters. "

Ana giving 300,000 yuan as a meeting gift, big brother is really generous."

Curtis Ye couldn't hear how obvious the sarcasm was in these words.

Ana Shen clenched her fists: "The meeting ceremony is no longer necessary. I will slowly return the 300,000 yuan to Big Brother."

After speaking, Ana turned around and left.

"Brother Sister..." Curtis tried to stop her, but Ana quickly left the place as if she hadn't heard it.

Ana entered the company as usual, and her face became serious after entering the elevator.

Since she came to Yejia, her life has been very uneven. Not to mention the money she owes to the company, she also owes Walter. She originally thought that working hard and winning projects could earn bonuses. Who knew she was banished by Walter again. Job.

Now... it is really hard to make money again.

Suddenly, Ana thought of the mall contract that Walter had given her.

If it were not for this desperate moment, Ana had really forgotten the mall contract. ,

At that time he bought the entire mall and gave her the contract, but she was embarrassed to accept it, and she didn't want the contract, so she hid the contract under the box.

Now it seems... it's time for her to go to the mall.

When she got off from work, Ana Shen went directly to the mall.

When she came to the clothing store last time, the waiter saw her as soon as she entered the store, and was happy.

“Miss Shen, you are finally here!”

Ana: “...”

Has she been looking forward to coming by herself?
