

After returning to the room, Maggie sent a message to Eric in a gloomy mood: [I heard that you met my mother today, my mother praised you for being handsome. Forgive my clumsiness, I really don't see where you have anything to do with handsome.]

Eric heard the news reminder, so he hung up the video call.

Seeing the message from Maggie, he let out a cold drink in his throat. His fingers quickly jumped on the screen, and replied: [My mother said that she had a videocall with you just now, saying that you are a true woman. The proof is that you don't have an Adam's apple. Can you do magic? The last time we met, your Adam's apple was bigger than an egg!]

Maggie: [If I don't have an Adam's apple, you're going to have s-e-x with me?]

Eric: [You think too much!]

Maggie: [That's it! You don't care if I have an Adam's apple or not. You quickly make it clear to your mother that you don't like me anymore. I'm still young, I don't want to fall in love, and I don't want to get married.]

Eric: [If I could control my mother, would I come to you on a blind date? You are so powerful, why didn't you tell your mother clearly? Your mother took the initiative to ask me out, and then took the initiative to make a videocall for my mother, aren't you more active?]

Maggie: [My mother has high blood pressure!]

Eric: [My mother has depression!]

Maggie: [? ? ?]

Eric: [? ? ? ? ? ?]

Maggie: [Is your mother really depressed?]

Eric: [Do you think I will curse my mother?]

His mother suffered from depression when he was seriously ill.

Maggie: [Alright! Seeing how beautiful your aunt is and how good-looking she is when she smiles, I really don't see your mother suffering from depression.]

Eric: [Your mother is in good spirits and high spirits, and you can't tell that she has high blood pressure.]

Maggie: [Eric, there is no point in arguing, can you find a way to solve the problem?]

After being silent for a while, Eric replied: [See you again! I'm going to slap your Adam's apple to my mom!]

This will make his mother die. He believed that his mother would not force him to find a man.

Seeing his news, Maggie was silent for a while, and then replied: [Even if I don't have an Adam's apple, you have to find a way to make your mother give up on me!]

Eric: [When the time comes to meet, then act accordingly!]

Maggie: [When will we meet?]

Eric: [The day after tomorrow. That's when we'll get it all sorted out!]

WHEN HIS EYES OPENED

Chapter 2194

"That's what I said, but there is still a big risk." The doctor frowned, "If it wasn't for Wesley looking for me, I really don't want to do such a thing. Obviously, Miss Tate can perform this operation on you."

When Elliot heard Avery's name, the peace on his face disappeared.

"Since you promised Wesley, the risk will naturally be borne by Wesley." Elliot said, and glanced at Wesley, "After I die, Avery will work hard for you."

Wesley was in a bad mood. After listening to his words, the mood was even worse.

"I will bear all the follow-up responsibilities. You can rest assured." Wesley assured the doctor.

The doctor: "Hey! Wesley, why do you have to do this? It's really a thankless loss! If your father knew about it, he would definitely..."

"Don't talk about it. I can't help it either." Wesley thought to himself Suffering, who knows?

Shea was just outside the door of the ward. If Wesley didn't listen to Shea, the future would be even more difficult.

"I know. Hey! Let's do the surgery today! Let's take a CT scan and I'll see the film!" Elliot said, got off the bed immediately, very cooperative.

Seeing his quick action, the doctor was stunned for a moment: "Mr. Foster, you're doing well now, isn't it bad to live like this?"

Elliot's expression didn't change: "Go get a CT scan!"

The doctor: "Okay! But I suggest You'd better think about it before the surgery..."

Elliot: "If I haven't figured it out, I won't let Wesley find someone to operate on me."

Doctor: "Okay! Mr. Foster, you are really not afraid of death!"

Elliot: "For a healthy person Said, living is a kind of enjoyment. For a person like me, living is only painful."

Doctor: “Hey! I won’t advise you. You are such a smart person, why do you need others to help you make decisions.”

Elliot said with After the doctor left, Wesley walked up to Shea.

Shea’s mood was very low. Although she didn’t cry or make trouble, she was completely out of spirits.

“Shea, sit down for a while!” Wesley took her hand and walked to the bench next to him to sit down, “This is your brother’s own decision. He will never be in pain again, this is also a relief. “

Layla and the others will have no father in the future. Avery will also have no husband.” Shea lowered her head and said in frustration, “I don’t have a brother anymore.”

Wesley: “Have you ever thought that in order to save Robert, you Almost died, and they thought they lost you forever. They are in the same pain as you are now, but their lives go on... Shea, you can be like them too.”

“Wesley!” Shea raised her head and looked at his face, “If my brother dies, I will never be happy again. If I will never be happy again in life, it’s better to die...”

“If you die, I will never be happy again.” What about Maria?” Wesley choked, “Shea, our daughter will be three years old soon, how cute she is! Don’t you love her?”

After breakfast, Avery plans to visit Calvin’s wife.

According to the data, Calvin's wife resigned from the hospital a few years ago and has not worked since then.

Just as Avery was about to go out, the phone rang.

"Eric." Avery answered the phone, "How is your blind date?"

Eric: "Are you free now? I want to meet and chat with you."

Avery glanced at the time, even if she was going to visit Calvin's wife, it's too early now.

Avery: "Okay! Have you eaten breakfast?"

Eric: "I'm full after a cup of coffee."

"Don't drink coffee on an empty stomach next time. Be careful that your stomach can't stand it. Let's meet outside. I'll treat you to breakfast." Avery said.

Eric: "Okay."

Half an hour later, the two met in a tea restaurant.

After ordering, the waiter left.

Eric took off his mask. He picked up the water glass and took a sip of water.

"Eric, looking at you, you don't seem to be very happy." Avery glanced at him, "Have you met your blind date?"

"Well. This person is a man, but for a while, he's a woman, I don't know if he is a man or a woman." Eric complained to Avery, "I made an appointment with him to meet tomorrow. My mother forced me, I regret it now, and I don't want to go and see him. I still want Frank to help me meet him."

"Did you ask your assistant to go there last time you met someone?" Avery asked in surprise.

Eric: "Well. I really don't want to show up."

"I understand your feelings. Now that you haven't really shown up, things are difficult to solve. I'm afraid that things will be more difficult to solve if you show up." Avery helped him analyze.

Eric: "I thought so too. But my mother actually said that even if I can't be a lover with that person, I can be friends. I don't lack friends at all."

Avery: "Then what are you going to do tomorrow? Do you really let the assistant go to the appointment? In fact, you can also go together, you can just observe in secret."

"I think so too. So I chose to meet him at an outdoor music festival. When there are many people, I can hide in the crowd and watch, What the h-e-l-l is going on with him?" Eric said here, took out a music festival ticket, "Would you like to go together? We can go to listen to music together."

Avery took the music festival ticket and glanced at it...
