Chapter 2507

Lucas asked: “Siena, who bullied you?”

“I’m fine.” Siena didn’t want to pass on negative emotions to others.

She took the down jacket out of the bag.

“Young Master, I used the remaining money to buy you a down jacket. You can wear this down jacket when you go out in the

future!” Siena handed the clothes to him, “It was bought with your money, you don’t need to tell me thank you. “

“I asked who bullied you!” Lucas frowned, and threw the down jacket onto the sofa beside him without even looking at it.

“Young Master, it’s my own private matter, and I won’t affect my work.” Siena put down her schoolbag and planned to put it in the shoe cabinet.

“Your mother-in-law is dead, and now you are alone. Apart from working and studying, what other personal affairs do you have?”

Lucas looked at her schoolbag and said, “Your schoolbag is a little dirty today.”

Let Siena’s psychological defense collapse.

She knelt down, covered her face with her hands, and cried out, “They took away the bracelet my mother-in-law gave me. It was my relic from my mother-in-law...My mother-in-law said that the bracelet was worthless, but that bracelet was very important to me...”

“Who snatched the bracelet?” Lucas walked up to her and looked down at her, “You were robbed?”

“No.” Siena lowered her head and choked with sobs, “I owe them money. I haven’t paid it back...”

Lucas: “How much is owed? Why do you owe money?”

“Oweed more than \$20,000.. ...My mother-in-law borrowed all her medical expenses from them.” Siena reached out to wipe away the tears from the corners of her eyes, looked up at him pitifully, “Young Master, don’t worry, I can pay it back. Madam said to double my salary in the future, as long as you don’t fire me, I can pay it off next year.”

“They stole your mother-in-law’s bracelet, will they return it to you?” Lucas didn’t expect her debt to be like this. Sure enough, the hemp rope was specially broken at the fine point, and bad luck only found the poor.

“I asked them to pay me back when I paid off the debt, they agreed.” Siena said here, her voice lowered again, “but they may not pay me back.”

“Don’t cry.” Lucas’s Adam’s apple rolled, and he didn’t know how to comfort her, so he could only change the topic with other topics, “I’m hungry, let’s cook.”

Siena immediately responded and stood up, “I’ll go to the back kitchen to get the food. “

Lucas: “No need. Just eat what you bought last night. Go and heat it up.”

“Oh...okay.” Siena quickly heated up the food, brought it to the table, and asked anxiously, “Young Master, why did the down jacket I bought for you disappear?” Could it be thrown away?

Lucas: “I took it to my room.”

Siena: “Oh...is the size right? If it doesn’t fit, you can change it.”

Lucas: “It fits.”

“That’s good.” Siena breathed a sigh of relief, “Eat it I...”

“Let’s eat together!” Lucas said, “I have something to tell you.”

Siena sat down in the dining chair and looked at him nervously: “Young Master, what’s the matter? You don’t want to drive me away, do you? If you really don’t want to see me again, I won’t blame you...I know the scar on my face is disgusting...”

“My dad found a teacher for me to come home to help me make up lessons.” Lucas seemed not to have heard her, and said to himself, “I don’t like studying, and I don’t like making up lessons. But the teacher my dad found for me will come home in the afternoon.”

Siena was stunned.

“When the time comes, you will accompany me to make up lessons.” Lucas made a request.
