

Chapter 1293

He was a voracious man after all!

Especially being a young and powerful man, how could he not enjoy the pleasures of more than one woman? Sometimes, even if he did not seek them out himself, there would be people who needed his help who personally sent women into his bed.

Delicate ones, timid ones who flinched at his touch, pitiful ones, enchanting ones, and sexy ones... Sean Ford had enjoyed every single one of them.

Later, with age and the incident on Star Island, after he got himself both a wife and a mistress, he stopped his womanizing ways.

And now, meeting Jennie again, inexplicably, the old man in his 60s felt a stir in his heart. Once the man's heart stirred for a woman, he would try his best to prove his abilities.

"Child, don't be afraid! I'm here to support you even if that woman bullied you! I have been friends with your mother since we were both children. I love your mother very much. That's why I will definitely avenge you." Sean clapped his chest and promised them.

them.

"Thank you, Uncle Ford." Lori immediately expressed her gratitude.

"The two of you should go home now. I will provide you with a satisfactory explanation." Sean promised.

"Okay, thank you, Seany." It was creepy and cringy to hear a 50-year-old old woman whine with tears in her eyes like she was still the six-year-old girl who had fallen in love with him.

But to Sean, it was like music to his ears.

Jennie and her daughter had barely taken two steps away when Sean called out to them again. "Wait..."

Tears swam in Jennie's eyes, as if they were about to flow out of her at any moment. She looked at him prettily. "Seany, what is it?"

Sean took out a card from his pocket. "There are a million dollars in this card. Keep it."

Delight coursed through her heart. But on the surface, she remained calm and collected. "Thank you... Thank you, Seany." Her voice sounded even sweeter now.

Sean: "..."

Sean: "..."

His heart, among other things, throbbed.

"..."

"Seany, you don't know, even though I was living abroad for the past few years, but..."

At this point, Jennie's tears flowed out of her eye sockets again. Even Jennie herself was proud of her acting. All these years, besides the harm her first boyfriend brought her, her life had always been good. When Old Master Shaw's wife was alive, because she loved her niece, she would send her ten or twenty million dollars. How could she and her daughter spend so much money? The two of them owned many pieces of property abroad. Their lifestyle was way more luxurious than the common man on the street.

However, at this moment, when Jennie received the one million dollars that Sean gave her, she was still delighted. Who would reject the offer of money?

Maybe at the same time that her daughter got involved with Sebastian, she herself could dig her claws into Sean. The more she thought about it, the happier she felt. She could almost scream with glee at that point.

could dig her claws into Sean. The more she thought about it, the happier she felt. She could almost scream with glee at that point.

"Uhm... Seany, whenever you're free, can I invite you... Invite you and your wife, and my uncle and the entire Shaw family, so both the Shaw family and Ford family could gather together?"

"Of course! It's high time that the Ford family and the Shaw family gathered together!" Sean agreed immediately. He was eager for the day to arrive, so happy he could almost fly!

Then, he patted his chest and promised. "When the time comes, I'll ask Sabrina to apologize to you in public, and if she doesn't, I'll break her legs into pieces!"
