Chapter 2425

Everyone: “.....”

Ben secretly ate a woman’s menstrual medicine, didn’t know how to describe his behavior.

“No wonder you coaxed me so quickly after the quarrel. It turned out to be because you stole my medicine.”

Gwen was

inexplicably moved, her nose was sour, and her unpleasant feelings towards Ben disappeared without a trace...

“Gwen, I’m really worried about your body, it has nothing to do with having children. Do you believe me?” Ben saw that she was moved, and immediately expressed his attitude and determination, “I don’t care about others, I only care about you. Because you are my wife.”

Gwen burst into tears.

Ben took Gwen into his arms and comforted her.

The other four showed varying degrees of embarrassment.

An hour later, the dinner was over.

On the way home, Avery was very emotional.

Avery: "Husband, do you still remember when the two of us were in love before, and there was a time when we were like them, always quarreling."

Elliot thought for a while and replied, "Just for a while? What should I do? Do you think it's been a while?"

Avery glared at Elliot with cold eyes.

Elliot: "I don't think quarreling is a bad thing. As long as we can reconcile in the end, the previous quarrels are valuable and

meaningful. Everyone is a unique individual. Because of love, two people must learn to compromise and round themselves up.

Don't you think it's great?"

Avery: "But some couples don't quarrel. When I was in college, a classmate and her boyfriend never quarreled."

"They just didn't quarrel in front of you." Elliot said calmly.

"Is that so? Husband, you are so experienced? Where did your experience come from?" Avery had known

Elliot for so many

years, and she proud herself on knowing him very well.

"You don't need experience. The situation you mentioned may exist, but it's rare. I don't envy that situation at all, I just like you."

Elliot said stubbornly.

Avery was amused by his serious appearance: “You are typically unable to eat grapes, grapes say grapes, and grapes are sour.”

“No.” Elliot stared at her affectionately with his deep eyes, “I just think Hello. Even when you quarrel with me, I feel hello.”

Avery: “...”

Who could resist this?

Although Avery’s thoughts were the same as Elliot, it took courage to say these words from her mouth.

“Husband, I won’t quarrel with you anymore.” Avery put her hands around his neck and pecked his lips lightly, “Actually, every time I quarrel with you and see you so angry, I feel very distressed. “

Elliot: “I thought you liked seeing me angry!”

Avery: “Uh... when you’re angry, you’re out of your mind. I can’t be alone, can I? Besides, you always make me angry. If you

used to have the mind and tolerance that you have now, and the two of us can fight less than half of the fight.”

“You’re playing fifty big boards each, which is fair.”

Elliot put his arms around her waist and chuckled lightly.

“Of course I’m fair! It’s all over, there’s nothing to turn over.” Avery rested her head on his neck, absorbing the faint unique breath

of his body, “Husband, how’s your assistant recruiting?  
When you recruit your assistant, let’s invite our new  
assistant to dinner!”
