

# When His Eyes Opened

Chapter 2450

□ □ □

Chapter 2450

“Why hasn’t dad come back so late?” After converting the time, Gloria frowned, “You ask the driver to go and look!”

“I called the driver, and the driver said that the private room door was closed and there were bodyguards guarding the door, so he couldn’t get in.” Mrs. Wiens worried, “I won’t be able to sleep if your dad doesn’t come back. I’m worried about what’s going on.”

“Mom, don’t worry. If something really happened, Dad won’t hide it from you. I’ll definitely tell you in advance.” Gloria said this because her parents’ feelings were in her mind.

“That’s not necessarily true. Your father has someone outside, and his heart is long away from me.” Mrs. Wiens told the piercing truth, “It’s just that your father is more traditional. As long as I don’t file for divorce, he won’t take it lightly. Gloria, your father doesn’t worry, and don’t you let your mother worry? I hope that you will come back soon and spend more time with me. “

Gloria did not expect that the parents who she thought were loving, had a long time ago.

Gloria: “Mom, why don’t you divorce my father?”

“Divorce? What good will divorce do to me? If the third child gives birth to your father, and your father loses his mind and gives all the property to the child of the third child, what should we do?”

Gloria felt very uncomfortable after hearing these words.

“Gloria, what I told you, you must not tell the outside world. Don’t go to your father to tell it. He is still good to us. To maintain this kind of marriage, I don’t expect anything else.” Mrs. Wiens said, “Don’t tell your brother and sister this either. They don’t know, and I don’t want to tell them.”

Gloria: “Mom, why did you tell me?”

“Your brother, I just want him to be better at work. I don’t want him to know about these family chores. If he knows, he will definitely quarrel with your father.” Mrs. Wiens sighed, “Your sister is too young, I will definitely not talk to her about this. Gloria, you were originally the most caring child of your mother, but you want to cause such trouble for that Lorenzo.”

“Mom, I promised you that I would not implicate you. I just want to know what happened. It wasn’t Avery who did it.” Gloria said.

If Gloria wanted to avenge Lorenzo, she didn’t dare to act rashly.

Gloria could ignore her own life, but her family was her weakness.

“It’s good that you have a sense of balance in your heart. Before you do anything, you must think about it.” Mrs. Wiens sighed, “I pamper you now, but it doesn’t mean that your father will always pamper you. Be prepared to return to Yonroeville at any time!”

.....

Schaffer family.

Avery and Tammy came to see Gwen together.

“Tammy, I’m really happy when you come to see me. But I’m really fine.” Gwen took a day off today, looking good and in good

spirits, “Ben consulted a gynecologist from another hospital today, and others saw it. After my laboratory test, I said that as long

as I take the medicine well and don’t exercise vigorously, it’s fine.”

Tammy: “It’s a false alarm! It’s fine!”

“It doesn’t mean that my child is fine.” Gwen said calmly, “The expert said that if I take medicine and don’t exercise vigorously, the child still can’t keep it, which means that the embryo itself is not qualified. No matter how careful I am, it is futile.”

Tammy: “...”

“So, Look carefully! This time the doctor prescribed capsules, and I ate them on time. Whether the child can be saved depends

on the will of God.” Gwen had a calm smile on her face, “The wedding will continue. I won’t wear high heels at that time. I won’t

go to the honeymoon anymore. After the ceremony, I will go home and rest. I promise not to be tired.”

This was what she had discussed with Ben.

Ben: “I have a strong hunch that this child will definitely be born smoothly. Because this time Gwen’s attitude is completely

different from last time. Last time Gwen refused to have a child, this time Gwen wants a child. I can definitely feel the mother’s love for it.”
