

## Chapter 21

"Brothers, let me give you a seat. I'll take your seat."

His words were not worm-like, but there was an undeniable meaning in them.

It was obvious that he was used to giving orders to others.

Xiao Fei slightly lifted his eyelids and glanced at him. It was a very handsome young man in a white suit.

The other party's eyes did not look at Xiao Fei, but looked at Su Han and Lin Syue with a smile. "I didn't expect that the two campus bellees, who were on the same level as each other in Luo City University, should reunite after so many years. It's not easy."

"Senior Zhou, I haven't seen you for a long time." Su Hanyue responded with a polite smile.

Lin Syue also smiled slightly. "Senior Zhou, nice to meet you."

Although the two women responded politely, they obviously didn't like this senior brother Zhou very much, and their smiles were very fake. Especially when they found that this senior brother Zhou had asked Xiao Fei to give him a

seat, they frowned.

However, they did not speak because they knew that the man in front of them did not need their help.

"Haha, the three of us were influential figures in the school at that time. We took charge of the Students' Union together and were called Mr. Sanyuan of the Student's Union. I didn't expect that we would meet here. It's really fate."

There was an excited smile on Senior Zhou's face. He seemed to think of the details of the three people in Luo Cheng University, and his eyes sparkled with a strange light.

In the past, when he was still in Luo City University, he didn't know Su Han's soft and Lin Syue's identity and didn't take advantage of their relationship in time. After knowing the identities of the two girls, he couldn't regret it.

However, to his surprise, he saw two girls at the auction, which made him extremely excited. He was determined to seize the opportunity.

While thinking, he found that the guy sitting between the two girls was still sitting. He suddenly felt unhappy and knocked on the table. "Buddy, I asked you to change your seat. Didn't you hear me?"

"How did you hear that?" Xiao Fei glanced at him and sat still.

"Get out of my way when you hear that. I don't want to say it again." Senior Zhou glanced at Xiao Fei and said arrogantly.

When he was in school, his performance was outstanding because of his good grades. He had been a monitor since he was a child. When he was in college, he was even the president of the student union. After graduation, he was also very successful in his business. Now he was already the boss of a listed company.

He had always been used to being arrogant.

In his opinion, if he let this seemingly unknown guy give up the position, the other side must give way.

Because the invitation card in his hand was a platinum card. The status of the invitation card in Luo Cheng's auction was far higher than that of the ordinary golden invitation card.

"Why should I give my position to you?" Xiao Fei put down the auction booklet in his hand and looked up at Senior Zhou.

"You're still not convinced."

Hearing this, Senior Zhou was immediately unhappy. He looked at Xiao Fei with a sneer and took out his platinum invitation card. "As the owner of the platinum invitation card, I have the privilege to choose my seat in Luo Cheng's auction."

As he said this, he seemed to see the admiration in the eyes of Lin Syue and Su Hanyue. He became more and more proud in his heart. "I heard that not long ago, at the entrance of Luo Cheng's auction, there was a gold invitation holder. Because he offended a black invitation holder, he was banned to enter Luo Cheng's auction. You should know what I mean."

He did not know how much effort he had spent to get the platinum invitation card, but he had found countless connections to get it.

When he just arrived at Luo Cheng's auction, he heard that the person holding the black invitation card made it impossible for him to enter Luo Cheng's auction for the rest of his life.

His heart was even more excited, and he understood the function of his platinum invitation card.

After all, the black invitation card was too few. Therefore, in Luo Cheng's auction, as long as he did not offend the owner of the black invitation card, he had the highest status.

"I don't understand."

However, when senior Zhou thought that this guy must have understood what he meant and cleverly gave himself a seat, he saw that this guy was still sitting there motionless.

He was angry. "I have never seen a blockhead

like you. I have to tell you clearly that I am the owner of the platinum invitation. Now, I command you, I want your seat. Give it to me immediately."

His words alarmed the staff next to him.

A beautiful lady in a cheongsam came up and asked softly, "May I ask if you need any help?"

"The owner of the platinum invitation has the privilege to choose his seat, right?" Senior Zhou was overjoyed and asked in a hurry.

"Yes." The woman in the cheongsam responded with a smile.

"Well, now, I want his seat." Senior Zhou pointed to Xiao Fei.

With a proud look, he looked at Xiao Fei. He wanted to see that Xiao Fei was scared by him, so he quickly apologized and gave up the seat to him.

However, Xiao Fei still did not move. Instead, he looked at the beautiful woman in the cheongsam and said, "Tell Luo Tian Dong that this person makes me very unhappy."

Senior Zhou, "..."

He realized that something was wrong. It seemed that this guy was too calm.

"Could it be that he is also the owner of the platinum invitation?"

Thinking of this, he immediately shook his

head and thought it was impossible.

"Don't pretend. Although you know Han Rou and Sisi, do you really think the host of Luo Cheng's auction will listen to you?"

"I'll tell you. I'm still a gentle and happy senior. Moreover, I have a platinum invitation card. If Boss Luo of Luo Cheng's auction comes, he will definitely stand on my side."

"....."

At the same time as senior brother Zhou mocked, he saw Luo Tian Dong coming from not far away. He immediately cheered up and hurriedly greeted, "Hello, Mr. Luo, I'm Little Zhou..."

"What happened?"

Luo Tian Dong didn't even look at his hospitality. Instead, he looked at Xiao Fei respectfully and bowed 90 degrees to him. "Dear gentleman, do you need any help?"

His tone of voice was extremely respectful.

Senior Zhou, "..."

He was stunned and felt that his whole person was in trouble. Although he was holding a platinum invitation card, he was nothing when facing Luo Tianning. He had to find a way to get in touch with Luo Tianchuan.

However, Luo Tian Dong actually bowed 90 degrees to this guy in front of him?

"He said that he has the power to drive me away." Xiao Fei looked at Luo Tian Dong without any emotion in his eyes.

"I'm sorry, Sir. It's our fault. I'll take care of it right now." After Luo Tian Dong heard this, his face changed and he quickly bowed to apologize.

This scene made Senior Zhou's face become extremely ugly.

He was not stupid, not Chong Chu. The object of his arrogance was likely to be the holder of the black invitation!

"It's over..."

He felt sad in his heart and looked at Su Han and Lin Syue. "These two classmates in college can help me."

However, when the two ladies saw that he had targeted 'Ye Qing' as soon as he appeared, they were very unhappy. Naturally, they would not be able to help him at this time.

"Sir, I'm on behalf of Luo Cheng's auction. Now, please cancel all your qualifications to enter Luo Cheng's auction."

At this time, Luo Tian Dong had already stepped forward and looked at Luo Tian Dong with an expressionless face.

At the same time, two security guards of the auction came over and "handed" the platinum

invitation card in Senior Zhou's hand, and then made a gesture of "please".

"Sir, please."

"I, I... How could this happen?"

Senior Zhou was stupid. He only felt that his whole person was stunned.

The change between the front and the back was too great.

He had thought that he had a platinum invitation card and was entitled to the privilege of Luo Cheng's auction. He just wanted to sit in the middle of the two women, but he didn't expect that he was in trouble now.

In all of Luo Cheng's auctions in the world, there were not many people who could get the Supreme Black Card invitation card. He never thought that he would meet one.

He was despondent and full of despair and regret, but it was useless. Even if he had the platinum invitation card, it was not a big deal in front of the owner of the black invitation card.

"Sir, I'm very sorry for what happened. As a compensation for you, I'll give you 30% of the auction price for what you bought at Luo Cheng's auction. What do you think?"

Before he could get far away, he heard Luo TianWhite's apologetic voice.

“.....”

In this regard, Senior Zhou was extremely shocked. How much loss would Luo Cheng lose in the auction if he took a 30% discount for all the items?

He did not dare to stay any longer, for fear that Luo Cheng would cut him into pieces in order to vent his anger.

Even Su Hanrou and Lin Ziyue looked at Xiao Fei in surprise. Luo Cheng had given him a 30% discount for all the items that were auctioned.

In this case, if Xiao Fei took more expensive items, Luo Cheng's auction would be in vain.

However, Luo Tian Dong did not blink his eyes and looked at Xiao Fei respectfully. It seemed that he cared more about whether Xiao Fei was happy or not, which surprised the two girls.

At this time, the auction of Luo Cheng's auction officially began.

## Chapter 22

Money was nothing more than drifting clouds.

As the host of the auction came to the stage, the venue, which was originally in a mess, suddenly quieted down.

Everyone came to the auction to get something valuable. Now, the auction officially began, and it was the time for them to prepare.

"Welcome to Luo Cheng's auction. Today, as the opening ceremony, I'd like to present a video of the town's antiques, paintings, and paintings."

"This is the Mountain River Map, an eternal famous painting."

As soon as the master's voice fell, a beautiful lady in a cheongsam handed over the auction items.

"Sure enough, it's the authentic Map of Mountains and Rivers. In the future, Luo Cheng will protect the auction. It won't be wrong."

"I've heard about it in my early years. It's the birth of this map. I didn't expect it to be true."

"My old master likes this painting very much. Please don't grab it from me."

"..."

As everyone was talking about it, the host said, "Everyone, the starting price is 8 million yuan, and each raise should be no less than 10,000 yuan. Now let's start the auction."

"810,000,000."

"1,100,000,000."

"....."

As the crowd began to bid, Xiao Fei sat still, but Su Hanyue was a little moved and began to bid, "Ten million yuan."

"12 million."

However, when Su Hanyue finished the bidding, a complacent voice was heard immediately. It was Lin Hanyue's voice.

Su Hanyue frowned. She didn't expect Lin Syue would really compete with her. However, the highest bidder got it at the auction. She had no choice but to continue to bid.

"Twelve million and five hundred thousand dollars."

"15 million."

Lin Syue continued to connect. She glanced at Su Hanyue with a proud look. "Miss Su, I also like this picture very much, so I won't stand on ceremony."

"The highest bidder wins at the auction."

Su Hanyue said with a straight face, and then continued to bid.

"16 million."

"17 million."

"..."

At this moment, the people in the field had already discovered the two women's competition. For a moment, many bidders all threw up to watch the two women's competition.

No matter if it was because they found that the two girls were competing with each other, or because there was a Dong Yi family behind the two girls, these bidders did not want to participate in it.

"30 million."

However, when the two women were competing, Xiao Fei suddenly raised his hand.

"What?" Su Mo was surprised.

The two women looked at Xiao Fei in surprise. They didn't expect that Xiao Fei would intervene at this moment.

"Since Brother Ye likes it, then I won't snatch it."

Lin Syue gave up on the spot.

After thinking for a while, Su Hanyue realized that 30 million yuan was more than what she

could bear. She had to give up, and her face darkened slightly.

"30 million once!"

"30 million twice!"

"30 million thrice!"

Deal!

According to the program, the host made a final decision with his hammer, and this picture was bought by Xiao Fei.

This way, Xiao Fei would truly be seen by everyone.

In the crowd, someone frowned and looked at Xiao Fei. "Isn't this guy the guy who made a big fuss at Lin Syue's birthday party last night? Why is he here?"

"Lin Siyue is sitting beside him as well. This is really weird. However, let alone he can't have anything to do with the Lin family, even if he has a good relationship with the Lin family, so what? He dared to hurt Qi Ming and threatened to let my grandfather come to apologize. Then he would be dead."

There was a young man named Lu Tianfeng, who belonged to the Donghang Sect.

He looked cold and made up his mind. Next, no matter what Xiao wanted to take, he would destroy it.

"You dare to offend my Lu family. Next, I will let you stand on the ground of hatred."

He sneered and paid attention to Xiao Fei. He was just waiting for Xiao Fei to take part in the auction again, and then he would suppress him severely.

However, what made him depressed was that Xiao Fei did not participate in the auction in the following items, which made him make up his mind to suppress Xiao Fei hard at the auction.

"Bastard."

He had the feeling of punching in the air, and he felt extremely uncomfortable.

"Everyone, the next auction is a villa. It's one of the two most luxurious villas in the top area of the Yun Ding Mountain Village. As we all know, the villa of the Yun Ding Mountain Village covers a higher area and is more precious. This villa is located on the top of the mountain and overlooking the world. It's a symbol of status. Starting from the auction, the starting price is 30 million."

Finally, it was the turn of the auction of the Xiao family's villa.

"Three thousand and five million. No one can compete with me. Otherwise, it will be against Lu Tianfeng and the Lu Family." In depression, Lu Tianfeng said directly.

This time, his purpose was to get this villa.

This villa was originally sold by its former owner, Zhang Duanming, in order to repay the 30 million debts he owed to him. The auction was just a program.

Everyone in the field, who originally wanted to participate in the auction, shook their heads and gave up after hearing Lu Tianfeng's words.

"Xiao Family's villa."

Su Hanyue's eyes were slightly gloomy, and she whispered to herself, "If... if I have enough money, I can buy it..."

Although the Su family was a prestigious family, it was not a business tycoon. As for her, she had been running the company for only a few years, so she could not participate in the auction of the Xiao family's villa.

"Three thousand and five million for the first time. Is there any higher price?"

"75 million for the second time!"

The host began to bid. Everyone was silent, while Lu Tianfeng showed a proud look on his face.

"Fifty million!"

At this time, an abrupt voice sounded.

"What?"

"There is someone who dares to cut off the

Hu of the young master of the Lu Family."

"Who is he?"

"..."

Everyone was shocked. They didn't expect that someone actually dared to risk offending the Lu Family to participate in the auction of this villa.

"Bastard, I haven't targeted you yet, but you dare to confront me. You are looking for death." Lu Tianfeng stood up in anger and looked at Xiao Fei with a gloomy face.

"This gentleman bid fifty million yuan. Is there any other price?"

The hostess's voice came.

"Five thousand five million."

Lu Tianfeng bid again. In the end, he looked at Xiao Fei with cold eyes. "This is what the Lu Family wants. Who dares to rob me?"

He didn't believe that the other party really dared to continue to offend the Lu family.

"100 million!"

However, as soon as he finished speaking, Xiao Fei raised his hand for the second time.

"Bastard, you are looking for death. How dare you compete with me in public."

Lu Tianfeng was so angry that his whole body was trembling. He reached out and pointed at

Xiao Fei.

"Who the hell is he? He dares to go against the Lu Family."

"Those who don't know are fearless. I don't know the name of the Lu family. He dared to compete with Master Lu in public. This guy is really stupid."

"....."

Everyone sighed. They only knew that this guy didn't know the name of the Lu Family at all, or he was courting death.

"200 million."

However, at this moment, Xiao Fei spoke again.

He glanced at Lu Tianfeng. "If you want to, continue to bid, otherwise, get out."

"You... well, you dare to offend me, Lu Tianfeng. You have to figure out what the consequences will be." Lu Tianfeng was so angry that his whole body trembled.

"Sorry, I really want to know what the consequences will be if I offend Lu Tianfeng." Xiao Fei glanced at him faintly.

He did not fly into a rage as Lu Tianfeng did. Instead, he looked calm and his words were calm, but everyone was silent.

If this person really dared to take Lu Tianfeng

seriously, he might have some confidence in it.

"Congratulations, Mr. Wang. You've earned this villa at a price of 200 million yuan."

When the host spoke, his voice was trembling. "Oh my god, although this villa is of extraordinary value, 100 million yuan has already reached the sky. Now, it is actually doubled directly. It is too exciting."

"200 million yuan, hehe, do you really think the money is blank paper?"

At this time, Lu Tianfeng calmed down and looked at Xiao Fei with a gloomy face. "I can't afford to pay for the random price at Luo Cheng's auction. The consequences are not lighter than offending my Lu Family."

"The money belongs to me. It's just a number," Xiao Fei said flatly.

"It's a good number. I'd like to see if you can really take out 200 million yuan."

Lu Tianfeng sneered and pointed to the assistant beside him. "This is my young master's financial master. Do you dare to check the accounts on the spot?"

As a child of the Lu Family, it was difficult for him to pay 200 million yuan at a time. He didn't believe that this unknown guy could really pay 200 million yuan at a time to buy a villa.

Xiao Fei looked at Xiao Qi, who stood up and

handed out a black card with a calm look. "The black card jointly released by the international bank association is limited to 50 in the world. It can overdraft 10 billion in any bank in the world at any time or at any time. Do you want to check it?"

A faint smile appeared at the corner of his mouth as he glanced at the Treasurer.

"He just took a black card and blew the awesome card. Who do you think he is?" The chief of Lu Tianfeng's face was full of disdain.

"Can you let me have a look at this card?" At this time, Luo Tian Dong came forward and looked at Xiao Qi with a respectful smile on his face.

"Please go ahead." Xiao Qi directly threw the card to him.

His actions, not to mention Lu Tianfeng's financial master, even the other people in the field shook their heads. If he was really so awesome as he said, how could he be so casually thrown away?

Lin Mengya thought that she was just talking nonsense.

"Mr. Luo, as the owner of Luo Cheng's auction and the descendant of the Luo family, has seen all kinds of cards. How dare you lie to him? You're dead."

Lu Tianfeng sneered.

However, the next moment, Luo Tian Dong shook his body and handed the card to Xiao Qi with both hands. "I've heard that there are only 50 black cards in the world, but I can't see them. Now I finally get what I want. Thank you for your help."

"What?"

Lu Tianfeng's face changed greatly. "Luo Tian Dong, are you serious? His card must be fake. It can't be the 50 black cards in the world."

How could an unknown guy have a limited-edition black card that could overdraft tens of millions of yuan at any time?

After all, even if it was the Lu Family, their total property was less than 10 billion.

"Are you doubting me? Are you doubting the credibility of Luo Cheng's auction?" Luo Tian Dong glanced at Lu Tianfeng calmly.

"No, not..."

This glance caused Lu Tianfeng's expression to change at a speed visible to the naked eye. His eyes were filled with shock and disbelief. In the end, he sat down in a state of disappointment.

No one dared to deny the reputation of Luo Cheng's auction.

"Swoosh!"

Everyone in the field was shocked.

The black cards jointly issued by the global

bank association were limited to 50 in the world and overdraw 10 billion at any time and at any time!

How imposing it was!

This was not what ordinary rich people could get. Even the Lu Family, a wealthy family in Luo City, had never got such a black card.

On the other hand, Xiao Fei's expression remained unchanged as usual. It was true that heaven and earth had collapsed but their colors did not change at all. No one could compare to him in terms of bearing.

Next, the auction continued. Although everyone was still bidding, the atmosphere in the field was not as good as before.

After the jade pendant was presented, Xiao Fei waved his hand. No one dared to bid for it at the price of two million dollars.

Until the end of the auction, everyone was still shocked.

## Chapter 23

"Even if he has a black card worth ten billion yuan, so what? This is Luo City. He dares to hurt Qi Ming and is against me. He is dead."

"Not everyone is like a dragon crossing the river. Without enough strength, he dares to be arrogant. He's just a fat sheep."

"....."

Outside the Yinxiang Building, Lu Tianfeng was sitting in a luxury supercar. His face was cold and his eyes were fixed on the gate of the building.

On the left and right side of his supercars, followed by more than a dozen heavy trucks. Each motorcycle had two helmets that wrapped up his whole body tightly.

In order to deal with Xiao Fei, he rushed out when Xiao Fei was about to hand over the items. He took his men, who had been waiting for a long time, and waited for Xiao Fei to come out. Then he followed him and found an opportunity to kill him.

"Young Master, who is he? How dare he use so many of us?"

A young man next to the sports car asked carefully.

"How is Qi Ming?" Lu Tianfeng did not answer immediately, but asked.

"Master Ming's feet are disabled. In the future, you can only set up the artificial limb to walk." The young man whispered.

"Tell Qi Ming that he will support me to be the family head in the future, and I will avenge him." Lu Tianfeng said with no expression.

"This..."

After hearing this, the young man immediately understood. "I see. The person I have to deal with later is the one who hurt Master Ming yesterday. Young Master, you are really wise."

"What about the traffic that you arranged?"

Lu Tianfeng asked again.

"It has been arranged. At that time, there will be a pincer attack from the front and back. Two heavy trucks will definitely squeeze him into minced meat." The young man continued to answer.

"Okay, let's wait for them to come out."

Lu Tianfeng's look was indescribably excited. "No matter who that guy is, he dared to humiliate me in public. I want his life."

"When I come to Luo City, it's a dragon, and he'll also cross my legs for me."

The Lu family, a rich and powerful family in

Luo City, had such a powerful background that they could deal with any outsider.

As a direct descendant of the Lu family, Lu Tianfeng had enough strength to deal with anyone.

"He's out."

Just then, the voice of his subordinate came over, and Lu Tianfeng's face suddenly showed excitement. He quickly looked at the Yin Xiang Building and saw Xiao Fei coming out under the guidance of Xiao Qi, Su Han and Lin Syue, one on the left and the other on the right.

"He is a character who can make Su Hanrou and Lin Ziyue stay with him."

With a sinister smile on his face, Lu Tianfeng sneered and said, "But so what? He will die immediately. The ten billion assets in the black card will be mine soon."

He was so excited when he thought of the black card that could overdraft ten billion at any time in the other party's hand.

As long as he got the black card, even if he didn't have the support of the Lu Family, he could set up a gateway and establish a wealthy family that was not weaker than the Lu Family.

Moreover, Lu Qiming was disabled, and he became the most favorable competitor for the Lu Family's Master. When he became the Master of

the Lu Family, with the help of 10 billion black cards, he would definitely be able to lead the Lu Family to become the No.1 wealthy family in Luo City.

At that time, Lu Tianfeng's name would be recorded in the family history, which would be well-known for thousands of years.

At the thought of this, he was so excited that he wanted to shout out loud.

"Watch carefully. Just wait for them to get in the car, and then follow them. Find a remote place and kill him."

"Yes."

A group of people were nervously staring at Xiao Fei and his team.

At this moment, Xiao Fei, Su Hanyin, and Lin Siyue walked together, with Xiao Qi holding the property deed of Xiao Family's villa and the Map of Mountain and River in his hand.

"Ding..."

At this time, Lin Siyue's phone rang. She gave Xiao Fei an apologetic look and picked up the phone.

"Hello, brother, what, you need to go to the hospital, but... okay, I'll be there right away."

After hanging up the phone, she looked at Xiao Fei apologetically. "Brother Ye, I have

something to do at home. I have to go first. Can you give me the phone?"

"Okay." Xiao Fei nodded with a smile and looked at Xiao Qi, who quickly put a business card on the ground with a group of mobile phone numbers on it.

"Thank you, Brother Ye."

Lin Syue quickly took it, with a happy look on her face. At the same time, she arrogantly glanced at Su Hanyue, with unparalleled pride, as if she had won Su Hanyue.

"Then I'll go first. Let's call each other."

She made a phone call and left with a smile.

Soon, she got into a red supercar and drove away.

In the whole process, Xiao Fei always had a smile on his face, but in Su Hanyue's view, this smile seemed to be a little stiff...

"Brother Ye, I'm going to leave, too," Su Hanyue said softly.

"Are you free tonight? Let's have dinner together." Xiao Fei took the initiative to invite him.

"Ah..."

Su Hanyue didn't expect that Xiao Fei would invite her to dinner. She was stunned for a moment.

"What's wrong? Is it very unexpected?" Xiao Fei touched his nose and thought, "Does it mean that even if I invite her to dinner, does this girl feel very horrible?"

"No, no."

Su Hanyue quickly shook her head. "I was just too surprised. I didn't expect you to specially invite me to dinner together. Even Lin Syue doesn't have such an honor..."

"That's settled then," Xiao Fei said with a smile.

"But, but I can't. I have something to deal with in the company these days, so I'm busy. How about this? In a few days, when I take out the time, I'll make an appointment with you?" Su Hanyue said apologetically.

"Okay, contact me when you have time."

Xiao Fei did not think that this was Su Hanrou's excuse. Instead, he took out a business card. This business card was completely different from the one he gave to Lin Syue before.

It was black and gold with a lifelike black dragon carved on it. At the same time, on the other side, there was a word "Wang" and a seal on it. Under the seal, there was a row of numbers with nineteen digits.

"This is my phone number. No matter what it is, you can come to me at any time," Xiao Fei said

seriously.

"This..."

Su Hanyue was puzzled. "This 19digit number, is it a phone number?"

"Yes, you can call me now."

Xiao Fei nodded with a smile.

"It's so strange. I've never heard of a 19digit number."

Su Hanyue did not make a real call to verify it. Instead, she looked at Xiao Fei with curiosity. "But the number you gave Lin Syue is different from this group..."

"Miss Su, I'm the only one who gave Lin Siyu my number. This is the real business card of Prince Yu. Keep it with you. This business card is of great use," Xiao Qi said with a smile.

He sighed in his heart that the weight of this business card was much more than that of the black card which was worth ten billion yuan.

Many people in the world were eager to get such a business card, but they couldn't get it. If Su Hanyue knew the value of this business card, what would happen?

"Ah..."

Su Hanyue was a little confused.

"From now on, the confusion in your heart will be known." Xiao Fei just smiled and nodded. At

the same time, he habitually reached out and gently touched Su Hanrou's head.

When his hand touched Su Hanyue's head, she was stunned.

"This..."

She widened her eyes and looked at Xiao Fei. Her eyes were full of incredulity, and a sealed memory appeared in her mind.

Her body trembled slightly. This, this scene was very similar, but the person in front of her was not the same person as before.

"Sorry."

Xiao Fei saw the change in Su Hanrou's expression and thought that she was frightened by his usual movements. He apologized and quickly withdrew his hand.

With his hands behind his back, he looked at Su Hanyue and whispered, "Hanrou, go back and let Xiao Qi send you."

"No, I have a car."

Su Hanyue recovered and waved her hand, but she hurriedly turned around and left. She moved in a hurry, as if she wanted to escape.

Only Xiao Fei, with his hands behind his back and a noble and extraordinary temperament, watched Su Hanrou enter the car. He didn't withdraw his eyes until she started the car and

left.

"Your Highness, did Miss Su recognize you?"

Xiao Qi, who was standing by the side, asked curiously.

"Not yet."

Xiao Fei shook his head, hesitated for a moment, and whispered, "However, the habitual action of touching her head just now made her a little suspicious."

As he said, he whispered to himself, "Soon, when I take revenge, I won't hide it from you."

Although the voice was small, it was gentle.

Seeing this, Xiao Qi couldn't help but show his curiosity on his face. As a high-ranking king, he had always been high and mighty. His temperament was unparalleled and he was cold and ruthless. When had he ever shown such a gentle scene?

As the saying goes, an iron-hearted man is gentle. No matter what kind of hero you are, you can't escape the grace of a beauty. Maybe that's the case.

## Chapter 24

"Lu Tianfeng has brought his men to keep an eye on us."

In the business car, Xiao Fei was sitting in the passenger seat. He looked at the motorcade not far away with a sneer on his face.

"That guy is courting death."

Xiao Qi's voice was cold. He looked at Lu Tianfeng and others who were hiding not far away, as if they were looking at a dead person.

"A mere Donghang should dare to make trouble for the prince shamelessly. He must be courting his own death."

"Oh, it seems to be discovered by them, it's a little interesting."

At the same time, Lu Tianfeng, who was not far away, also noticed Xiao Fei and Xiao Qi's gaze. However, not only was he not nervous, but he smiled smugly. He stretched out his hand and made a gesture of cutting his neck.

"He's really arrogant."

Xiao Fei couldn't help laughing.

"Your Highness, do you want to make your move now?" Xiao Qi asked.

"Let's set off first. We'll see what they've done

later."

Xiao Fei ordered.

"Yes."

The car started slowly and drove forward. Instead of slowing down specially, they slowed down so that Lu Tianfeng and the others could follow up.

"Young Master, the two guys seem to slow down deliberately. They want us to follow them on purpose."

At this moment, a motorcycle was coming from the side of Lu Tianfeng's sports car. A young man in the car said with a smile, "I'm afraid they have prepared something. Young Master, you'd better avoid it first."

"You think too highly of them. What means do they have?"

Lu Tianfeng smiled disdainfully. "Don't worry. As long as we are well-prepared, no one can do anything to us in Luo City, not even those millennium families, not to mention just two outsiders. We just follow the original plan."

boom! boom! boom! boom! boom! boom!

With this, he stepped on the gas pedal, and the sports car rushed to Xiao Fei's business car at the fastest speed. He laughed and looked at Xiao Fei with his head tilted. "Have you thought about how to die?"

Xiao Fei looked at Lu Tianfeng calmly. "Who gave you the courage to say this?"

"In Luo City, there is nothing that Lu Tianfeng can't do. Speaking of which, I would like to thank you for helping me destroy Lu Qiming. Otherwise, Lu Qiming is the best candidate for the Master of the Lu Family. If he is disabled, the Master of the Lu Family can only be me. As a thank you, I will let you die a little more freely."

Lu Tianfeng said with a laugh.

Xiao Fei sighed, "What a pity."

"What is it?" Lu Tianfeng was very upset to see Xiao Fei so calm.

"You're going to die soon."

Xiao Fei turned his head and glanced at Lu Tianfeng, who was driving the luxury supercar and walking side by side with him. He slowly took out a cigarette and lit it.

His eyes were deep. He looked at the front and said to Xiao Qi, "Go to the suburbs."

"Okay."

Xiao Qi laughed and stepped on the gas pedal. Suddenly, the commercial vehicle, which was originally gentle, rushed out at the fastest speed.

"If you want to run away, there's no way."

Lu Tianfeng was furious when he saw this. He

shouted to his men, "Catch up with them and kill them."

"Yes."

No matter if it was the supercar of Lu Tianfeng or his dozen or so heavy motorcycle, they all roared and caught up.

"Didi..."

Suddenly, they passed a crossroad and waited for a red light. On the opposite side, a heavy truck rushed over and crushed directly toward the business car.

"Is that car crazy?"

"Sh\*t, he wants to kill me on purpose. Run."

"....."

Around them, many people, who were also waiting for the red light, changed their faces when they saw this scene and madly abandoned the car to escape.

Only the business car Xiao Fei was in was silent. The next moment, it seemed to be crushed and crushed by the big truck.

Behind him, Lu Tianfeng and his men saw this scene from a distance, and he was a little puzzled. "F\*ck, it's too simple to kill that guy."

It was a pity that he was able to kill his opponent so easily. It was too easy for him to do so, and he wasted all the other means he had

prepared.

"No, the black card has not been taken yet. If it is crushed just like this, if it explodes, the black card will be gone, won't it?"

All of a sudden, Lu Tianfeng thought of a question that was not sincere. He was so shocked that he broke out in a cold sweat. He shouted in a hurry, "Hurry up, throw up, let him throw up. F\*ck, my black card."

However, the heavy truck had already rushed to the front of the business car. It was so fast that it couldn't stop even if it stopped immediately.

"It's over."

Lu Tianfeng sat on the spot in a daze, feeling that life was not interesting at all.

He even forgot that he should get the black card first and then destroy it.

"Boom!"

However, just at this moment, when the fast-moving heavy truck reached the middle of the crossroad, it suddenly seemed to have failed and started to self-detonate and explode.

For a moment, flames and smoke were all over the sky. The whole car stopped abruptly, and no one was hurt.

"Phew..."

Seeing this scene, everyone breathed a sigh

of relief. Even Lu Tianfeng burst out laughing. "Well, God is helping me. Listen, follow me later. When there's no one around, grab the black cards in their hands first and then kill them. If I lose the black cards, I'll exchange your lives for them."

At the end of the sentence, it was already a fierce voice.

"Yes."

The group of men quickly responded through the walkie-talkie.

"Young Master, they're going to run away."

Suddenly, Lu Tianfeng's men shouted.

Lu Tianfeng looked up and saw that the business car, regardless of the explosion of the truck, passed directly from the side and drove to the distance. He was in a hurry and quickly shouted, "Chase him quickly."

He hurried to catch up with her.

Fortunately, although the business car was fast, it did not run away on purpose. Instead, it retreated to the remote suburbs where there were few people.

"Knowing that I will die for sure, so I chose the burial place, right?" Lu Tianfeng got out of the car and looked at the commercial vehicle that was spurting out with a laugh.

Next to him, twenty or thirty of his men also

followed him with a cold look.

In a short period of time, they surrounded the commercial vehicle in the center.

"Xiao Qi, send them to hell."

Xiao Fei lit a cigarette slowly and said lightly.

"Yes."

With excitement on her face, Xiao Qi directly opened the car door and went out.

"You came out alone, and your master didn't dare to show up, did she? Haha, she thought that she could escape from the grasp in the car. What a naive guy."

Lu Tianfeng laughed and looked at Xiao Qi. He waved his hand and said, "It's useless to keep this guy. Cut him to death directly."

"Yes."

A group of his men took out their knives, sticks, and other weapons and rushed toward Xiao Qi.

"There are dozens of my men. Although they are not masters, they are holding knives and sticks and other sharp weapons. Not to mention dealing with you, even if there are more people, they will be hacked to death."

"Go to hell, hahahaha."

Lu Tianfeng laughed and looked at Xiao Qi. It seemed that Xiao Qi had been chopped into

pieces by his men.

"Ignorant and stupid guys never know how small they are when they don't see the vastness of heaven and earth."

Bang! Bang! Bang!

Xiao Qi sneered. The next moment, he moved forward and rushed into the crowd in an instant. He didn't even need to move his hands. He just kicked and kicked the dozens of guys to the ground in less than a moment.

"Hiss..."

"How, how could this be possible?"

Lu Tianfeng's laughter suddenly stopped. It was incredible that dozens of his men were knocked down in such a short time.

"Ignorant guy, even if you die, you won't know. What you are facing is something that you and the entire Lu family will never be able to imagine." With a sinister smile on his face, Xiao Qi strolled toward Lu Tianfeng.

"You, don't come over. I am the direct descendant of the Lu family. My grandfather is the leader of the Lu family. If you dare to do anything to me, you will definitely die."

"My Lu Family will never let you off."

Lu Tianfeng's face turned pale and his body trembled. Suddenly, he turned around and rushed

toward his sports car.

However, it was too late for him to escape.

Xiao Qi's body suddenly approached. With a wave of his right hand, he rolled up a knife on the ground and lifted it up with his hand.

"Puff!"

There was a flash of blood, and it suddenly appeared.

In the western sky, the setting sun was like blood.

He didn't know when Xiao Fei had gotten out of the car and looked around.

As far as he could see, maple leaves were everywhere, as if there were countless red waves.

It was so bright!

## Chapter 25

"Two or three days have passed. Is there anyone from the Lu family, the Liu family, and Liu Yuxin coming over to apologize?"

A cigarette was burnt out and the cigarette was extinguished. Xiao Fei looked at Xiao Qi.

"They didn't do anything."

Xiao Qi responded.

"It seems that I should find time to visit these three families."

The deadline of a certain day had passed. Now, three days had passed, and the Lu family, the Liu family, and Liu Yuxin had no news about it. Obviously, they took what they said seriously.

"Your Highness, it's just a matter of dealing with these three families. There's no need for you to do it yourself. I'll just let Li Gang do it."

Xiao Qi hesitated and said, "Although they went back first, several brothers and sisters specially asked me to take good care of you before leaving. If they know that I let you do it in person, they will beat me to death."

"The ten of you are like brothers and sisters. How could you be beaten to death?"

Xiao Fei turned his head and looked at Xiao

Qi with a faint smile. "Well, don't talk nonsense. When they keep you with me, you can rest assured. Moreover, with me around, what are you afraid of?"

"But, but..."

Xiao Qi said with a bitter face, "Your Highness, you are high and mighty. Why do you come to deal with that kind of nonentities in person?"

"All right, all right, don't talk nonsense. I'm just doing some exercise."

Xiao Fei smiled faintly.

"Ahem, well, Your Highness, do you have to use a car?"

Xiao Qi suddenly rushed to the business car, sat in the driver's seat, and drove to Xiao Fei with a smile. "Your Highness, before entering Dong Han, you said that soldiers and generals can't use our strength easily. We are in the suburbs, more than ten kilometers away from the city. Do you want to run back?"

A wicked smile bloomed on his face, and he just looked at Xiao Fei with a smile.

"Kid, you dare to joke with me."

Xiao Fei shook his head. He had no choice but to open the door and sit in the driver's seat. He glared at him and said, "Drive, let's go back first."

"Okay."

Xiao Qi smiled proudly and drove to the city.

.....

In the VIP room of the No.1 Hospital in Luo City, Huang Tianqi's right hand disappeared along with his shoulder, only covered with layers of white gauze, still bleeding.

He had already woken up. His face was pale, without a trace of blood. He looked up at the ceiling with no emotion in his eyes, as if life had lost all meaning.

"Hiss..."

They were surrounded by the members of Huang's Family, and so were Lin Xiaotian's family.

Especially, seeing this scene, Lin Siyu, who had just arrived, immediately covered her mouth, stepped back a few steps with a pale face, and her eyes were full of horror. "What, how could this be?"

Although she got the news that Huang Tianqi went to the hospital with his men to deal with Xiao Fei on the night of the banquet, she did not know what kind of injury he had been injured.

These days, although Lin Haotian also asked her to come to the hospital, she was so angry that she didn't want to go out because of the engagement banquet. Until today, she agreed to come to see Huang's father and son.

At this moment, when she really saw the miserable state of Huang Tianqi, she was so scared that her face turned pale and she could not stand still.

It was such a tragic thing to have one hand on his shoulder disappear.

Moreover, the most important thing was that Huang Dahua, the only child of Huang Tianqi, was lying in the heavy ward next door and had not been completely out of control.

Overnight, the father and son of Huang's Family were both lying in the hospital. What a tragedy!

"Old Huang, Siyue is here to see you."

Lin Haotian said softly, "Don't think too much about other things. As long as people live, everything can be solved. At that time, there will be revenge and resentment."

"Yes, Uncle Huang, you must be careful."

Lin Shimo also persuaded him.

"World highway... How is it going?" Their words made Huang Tianqi's eyes turn a few times, and he seemed to have recovered his senses. He said in a hoarse voice.

"You've recovered well. As long as you take good care of yourself, there won't be any sequelae." Huang Tianqi's wife said.

Her eyes were red and swollen from crying.

Her husband and son were all seriously injured in the hospital. If it was an ordinary woman, she would have been unable to withstand such a blow. Only if she came from a big family and had a strong heart, she would be able to stand up.

"Old Huang, I have already told my family that they will help us take revenge."

Huang Tianqi's wife, who was originally known as the broom, was from the Zheng Family. At this moment, she was sad and fierce.

"We'll talk about it later. Now, I'm sleepy. You take good care of World Tree. You must make him recover."

Huang Tianqi's voice was hoarse and low. After that, he closed his eyes directly.

From the beginning to the end, he didn't say a word to Lin Haotian. Obviously, after this incident, he didn't believe Lin Haotian anymore.

"Then let's not disturb Old Huang's rest."

Lin Haotian was not angry, but walked out of the ward with his children.

In the past few days, Lin Haotian came to visit Huang Tianqi every day. The treatment he met was the same, but he was happy to be free.

"Sister, don't you want to go to see the World

Light Spinel?"

When they went to the elevator and were about to leave, Lin Shimo frowned and looked at his sister Lin Syue.

"No need."

Before Lin Syue could speak, Lin Haotian shook his head and said, "The Huang family has already broken up with us, and your sister's engagement with Huang Dahua hasn't succeeded yet. From now on, don't make them a couple."

"Ah..."

Hearing this, Lin Jiahao was stunned. "Dad, okay, but is this okay?"

Lin Haotian glared at him. "Bastard, you don't have a brain. You don't even know this kind of thing?"

"I, I..."

Lin Shimo was speechless.

On the contrary, Lin Siyue whispered, "Dad, when Uncle Huang recovers, I'm afraid that Huang's Family will vent their anger on us. We should make some preparations first."

"Your sister is more than a hundred times smarter than you."

After hearing this, Lin Haotian was gratified and angry. He glared at Lin Shhao and scolded him. Then, he said, "Let's go back first. By the way,

Siyue, do you have any contact information with that Ye Qing?"

"Yes, not long ago, I just separated from him, and he gave me a business card." When it came to Ye Qing, Lin Syue's face suddenly burst into a happy smile.

The three of them walked into the elevator. There was no one in the elevator. Lin Haotian continued to ask, "Is it really him who saved you three years ago?"

Three years ago, his daughter was out for some fun, but she encountered pirates. Later, when she was saved by a noble, she could come back safely. This matter was very sensational at that time, and Lin Haotian had also asked Lin Syue in detail.

He didn't mean it. If the man who appeared yesterday was really the man that his daughter had mentioned, then, the other party was definitely not simple.

"Yes, that's him."

Lin Siyue's face lit up. "Dad, he didn't come to Luo City specially for me, but I can see that he really likes me."

"It's good that you have a good impression of him. As for Huang Dahua, you don't have to contact him anymore in the future. You can find a chance to contact him."

Lin Haotian nodded, his eyes shining.

Although the alliance with the Huang Family was gone, if his daughter could get along well with Ye Qing, it might be a good chance for the Lin Family to make a carp jumping over the dragon's gate.

"Dad, you misunderstood me. In my heart, I really like Brother Ye."

However, Lin Siyue said with a coquettish face.

"Okay, okay. Of course, I know that you like him, so I asked you to get in touch with him more. If you can be with him, it will be the best."

Lin Haotian laughed.

"Well, I will definitely seize the opportunity." Lin Syue was shy and firm at the same time.

Lin Jiahao was stunned. How could his father and sister abandon Huang's Family in such a short time?

"Shihao, I know you have a good relationship with Huang Bhua, but you should think about everything from the perspective of the overall situation instead of thinking about your so-called brotherhood."

Lin Haotian said in a deep voice.

"Yes, I got it."

Lin Shimo nodded and left with a heavy look

in his eyes.
