

## Chapter 3646

“What? Are you going to give up? Or are you planning to see how far you can go?”

Jeff’s face was gloomy.

“You should know, I have enough people to deal with you! They’ll tire you out if they hav to!”

“Not bad. You have a lot of strong people with you.”

Harvey smiled calmly.

“But since I knew you were planning to do this to me in the first place, why would you assume I’d come here alone?”

Jeff froze. Then, he glared furiously at Elanor.

“You useless wench!”

Bam!

Almost at the same time, the door of Eclipse Building was kicked open. A hundred people

in robes and face masks swarmed in immediately.

They were all holding swords, looking very calm.

Rachel was standing in the middle of them.

They quickly scattered around Harvey, ready to confront the experts of the Bauer family.

“Longmen’s Law Enforcement?”

“Rachel?”

Jeff chuckled coldly.

“Are you all insane?!”

“Did you forget who I am?”

“How dare you cause trouble with your men here! Who do you think you are?”

“I didn’t want to come in the first place...”

Rachel flashed Jeff a faint smile.

“But since you’re using Longmen’s men to do your bidding...”

“I’d let down the head of Law Enforcement if I didn’t appear!”

“The head of Law Enforcement?”

Jeff laughed.

“I don’t know who that person is, but you did remind me of something!”

“There’s something that I forgot about.”

“I’m sure it’ll have some use right now!”

Jeff took out a badge from his pocket, and slammed it on the table.

The words “Longmen’s Law Enforcement” were etched on the shiny golden badge.

“You see that? Do you?!”

Jeff burst out laughing maniacally.

“This is the Law Enforcement Badge! The holder of the badge has the same authority as the head of Law Enforcement!”

“I order you people to kill Harvey right now!”

Jeff was filled with absolute confidence.

Clearly, he already knew Harvey was planning to get Rachel to support him.

That was why he kept this trump card until the most crucial moment. 2

According to Longmen's Law Enforcement's principles, they would have no choice but to obey the badge itself, no matter right or wrong.

Yet, not only Rachel did not do anything, but she had a mocking expression when she saw the badge.

Her subordinates behind her were showing the same look as well.

"What's this? Are you all trying to revolt?"

"Did you forget your own rules?"

"Kill Harvey! Do you understand me?!"

"I'll report this to the elders if you don't! I'll make sure that you all get punished for this!" Harvey smiled.

"Enough nonsense, Young Master Bauer."

"No amount of screaming will make these people budge."

"It doesn't matter if your badge is real or not!"

"Compared to an inanimate object like that, it'd be better if they listened to their head, right?"

"What do you mean by that?"

Jeff chuckled coldly once more. 1

"Well, where's the head? I don't even see him!"
