

Chapter 3709

“Yeah! Why would my fiance do something like that?!”

“He told everyone to let you off the hook for the sake of the country and its people, too!”

“He’s such a generous man! Don’t you think it’s shameful to slander him like that?!”

“Besides, it’s your problem that Amber and the others were forced to be in deep sleep! That has nothing to do with us!”

“Don’t think you can say whatever you want just because you have some fighters with you!”

Clap, clap, clap!

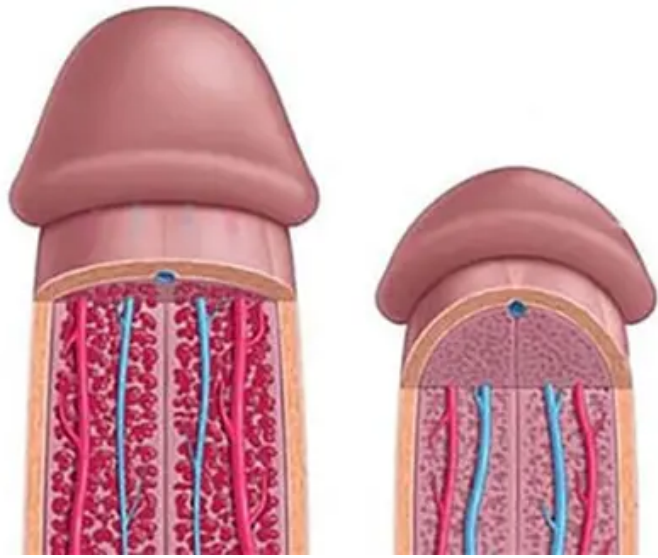

Harvey clapped, his face filled with admiration.

“No wonder everyone’s calling you two the world’s best cheating couple!”

“Looks like it’s all true, after all!”

“It’s my

first time seeing someone lie through their teeth like that.”

Koen's face darkened instantly.

"You'll pay for saying things like that, Harvey!"

"Have you thought of the consequences for saying that without proof?!"

Harvey smiled.

"Proof? Didn't you two idiots already give that to me?"

"When did I say that Amber and the others were poisoned? When did I say they're in deep sleep?"

"I only told you I'm here to get back at you for what you've done."

"Yet, somehow, you know they're in a deep sleep."

"You must've known what was going to happen when you took action, right?"

Koen and Emily's expressions changed immediately after hearing Harvey's words.

They didn't expect Harvey to set up a trap for them in such a way.

The guests all froze; they were quite shocked by what was taking place.

'Did Koen and Emily really lay their hands on the young talents?'

'This is treason!'

"You call this word game proof?!"

Koen quickly regained his calm and laughed coldly.

"I'm not scared to tell you that I had my men inside Martial Hall so I can take my revenge on you!"

"That's why I knew that the young talents were poisoned!"

"I admit that my actions are despicable, but there's no chance you can use this against me!"

"I'm starting to suspect you're actually the one conspiring with the enemy!"

"To enjoy all the glory and riches, you're in truth already on the same boat with the Indians!"

"You poisoned Amber and the others, and now you're here shifting blame to me?!"

"It's my first time seeing someone this shameless!"

"Let me tell you something! The Martial Arts Alliance will be here anytime soon!"

"Rather than putting the blame on me, why don't you think of a way *to* explain the situation to them instead?!"

Naturally, it didn't matter if the people believed the accusations or not.

As long as Koen didn't admit to the faults, there wouldn't be any loose ends.

"Right! This doesn't mean anything!"

Emily stood up for her fiance.

"Stop slandering Koen! You think you can just ruin his reputation with some word games?! *Do* you think everyone's as naive as you?!"

"You better surrender while you can, kid. Admit to your crimes, including you conspiring with the enemy!"

"If not, you'll die a horrible death once someone finds out!"

Harvey flashed the couple, who were busy running their mouths, a faint smile.

"It doesn't matter if you admit to it or not."

"That said, I do have proof right now."
