

CHAPTER 71:

"Miss Shen, don't get me wrong." Waiting for Wu Tian to answer, Liu Fugui, next to him, said, "Xiao Hao is my child."

"Oh, it's uncle Liu's child." Hearing this, Shen Xue was happy.

At first, seeing the little boy so close to Wu Tian, he thought it was Wu Tian's illegitimate son. His mood suddenly sank to the bottom.

After learning that the little boy was the driver's uncle's child, his mood suddenly brightened.

"Xiaoxue, can you make a children's meal for Xiao hao?" Wu Tian tried to ask.

"No problem, of course."

Shen Xue walked over, holding a small Hao face, "you are so cute, tell aunt, what's your name?"

"Liu Xiaohao, you can call me Haohao."

"How nice." Seeing such a lovely child, Shen Xue was amused and introduced: "my name is Shen Xue. I'm your father's friend."

"Hello, auntie."

"Well, what do you want to eat? Tell your aunt, and she will make it for you."

"I want strawberry cake."

"OK, auntie, I'll make it for you. Wait." Shen Xue scraped Xiao Hao's nose, got up and said to Liu Fugui, "uncle Liu, wait a moment. I'm going to make food for Haohao."

"Do whatever you want. Don't be too troublesome."

"No trouble, soon." Shen Xue takes a look at Wu Tian and quickly walks to the kitchen.

Shen Xue just left, Wu Tian's cell phone rang in his pocket.

It was Liu Jun who called.

"Uncle Liu, I'm just going to call you out for dinner," he said with a smile

"Let's talk about dinner another day. I'm busy investing recently." At the other end of the phone, Liu Jun's tone was serious and kind.

"Does uncle Liu have any new investment projects?"

"Yes, I have recently taken a few pieces of land and want you to invest in it for me"

"where is the plot?"

"Emerald garden."

"This is a good location."

"Don't worry, the position I'm looking for will never be bad. It's much more reliable than your investment in Tianmu technology. You can make a steady profit without losing money." At the other end of the phone, Liu Jun's tone was very confident.

"The land price in this area must be very high."

"That's because I'm short of money recently. I want you to work with me. If you're interested, why don't you come and have a look? Let's talk about the details of cooperation."

"Don't look." After a little meditation, Wu Tian said to the mobile phone: "I believe uncle Liu's vision will not be bad. In this way, I will invest 100 million yuan."

It's just that the restaurant has made money recently. It's better to put it in the real estate.

"You really have the courage to throw in 100 million yuan without looking at it. Ha ha..." At the other end of the phone came Liu Jun's hearty laughter.

"This is my trust in uncle Liu."

"Good boy, since you can trust me, I will never let you down."

"When it comes to investment, I will ask the Secretary to contact you. I will not participate in the specific management matters. I will become a shopkeeper and wait for the dividend."

"Well, that's settled."

"Goodbye, uncle Liu." Wu Tian said this and hung up his cell phone.

Just after the phone call, I saw Shen Xue come out with two set meals.

One is the children's set meal specially made for Haohao, and the other is the most popular Chinese meal set meal in the restaurant.

The two sets are elaborately made, which makes people have a good appetite.

"Haohao, this is specially made by my aunt for you. Have a taste." Shen Xue pushes the children's set meal to Xiao Hao.

"Thank you, auntie."

After Xiao Hao said thanks, he ate it up.

Maybe it's too delicious. It will soon make my face dirty.

Shen Xue took a paper towel to help Xiao Hao wipe his face and said with a smile, "eat slowly, don't worry."

"It's delicious." Xiao Hao didn't care so much. He took a big bite.

"Hee hee!"

Seeing Xiao Hao eat so happy, Shen Xue is also very happy.

He pushed another set of Chinese food and said to Wu Tian and Liu Fugui, "uncle Liu, you can eat it too!"

"Ah

After Liu Fugui answered, he picked up his chopsticks and ate.

It was not too hungry, but the taste of the food was so beautiful that it soon became indifferent to the image.

After several people finished their meal, Xiao Hao wiped a dirty mouth and couldn't help boasting to Shen Xue: "Auntie, the meal you cooked is really delicious."

"Thank you for the compliment." The smile on Shen Xue's face is more brilliant than flowers.

"Auntie is not only beautiful, but also delicious in cooking."

"Hao Hao's mouth is so sweet, so sensible."

"Uncle!" Xiao Hao turned his head and looked at Wu Tian and said: "I think you should marry aunt Shen Xue home so that she can cook for you every day." "Cough!"

Wu Tian coughed a few times. He didn't expect Hao Hao was so young that he could say such a thing.

"Don't Don't talk nonsense Shen Xue glanced at Wu Tian and lowered his head with a red face.

She did not expect that the child could say this, and her heart was suddenly ashamed.

Next to Liu Fugui hastily began to reprimand his son, "Hao Hao, don't be big or small, after this kind of words are not allowed to say."

"Rich and noble uncle, the child speaks freely, don't be angry."

"This child, must have watched too much TV. Don't take it to heart. I'll take Haohao to the car first." Liu Fugui said this and took Haohao out of the restaurant.

In order to ease the embarrassment, Shen Xue said without words: "Haohao is really cute, clever and sensible."

"It seems that you like children very much."

"Yes, I like children very much."

"If you like children, have one yourself."

"I can't give birth to any one!" Shen Xuegang finished saying this to regret, pretty face blushed again.

Wu Tian grabbed his head and boldly joked, "if you want to have a baby, I can help you."

"Go, who wants your help." Hearing this, Shen Xue's cheek is red, and she is embarrassed to look up at Wu Tian.

I don't know what's going on. I'm talking about it. It's such a shame to have children.

"You're kidding. Don't get angry." Wu Tian knows that enough is enough. If the joke is too much, it will only make each other more embarrassed.

"Cough!"

Shen Xue coughed gently and took the initiative to change the topic: "by the way, who is the woman you brought to eat before?"

I have seen Wu Tian bring a woman with sunglasses to the restaurant twice.

Each time they were intimate and ambiguous, and she felt unhappy every time she saw them.

"The woman's name is Huang Lan. She is a famous singer in the entertainment industry." Wu Tian explained.

"You are so good that you can even get a beautiful singer." Shen Xue pouted her lips, and her heart was obviously angry.

"Don't get me wrong. Huang Lan and I are just business partners."

"Are you two really just working together?"

"Of course."

"I thought you were that kind of relationship." Shen Xue bit her mouth and felt better.

CHAPTER 72:

Wu Tian chats with Shen Xue. Seeing that the girl is in a good mood, they agree to go to the driving school to learn a car another day.

From Fuyuan restaurant, he first sent Xiao Hao to school, and then went to Tianmu technology company.

As soon as I entered the company hall, I saw Li Mu running over with his secretary. He was very

excited and said, "good news, great news, boss Wu."

"What's the good news?" Wu Tian asked with a smile.

"Several owners came to our company to discuss game cooperation."

"Is it?"

"Many owners are interested in our weekly mobile games. Some want to invest in the development of peripheral products of the game, some want to buy the copyright of animation adapted from the game, and the boss wants to implant advertising in the game..."

"Great." Hearing the news, Wu Tian was very excited.

"Several bosses have made an appointment to meet. Let's split up." Li Mu said this, then turned to the Secretary and said, "you take boss Wu to talk about the game copyright and advertising contract, and I will talk about the contract of derivatives around the game."

"Yes After the Secretary answered, he took Wu Tian out of the company.

They went to different places to discuss cooperation.

These contracts were all made by the other party to cooperate with Tianmu science and Technology Co., Ltd., and the progress was very smooth. Five contracts were signed in the

afternoon.

The total contract amount exceeded 200 million and the total profit exceeded 50 million.

For this result, Wu Tian and Li Mu are very surprised, did not expect that the profit of weekly mobile tour is so amazing.

This is only initial cooperation, and there must be more cooperation in the future.

The three returned to the company with five contracts, ready to share the good news with all the employees.

As soon as they entered the office, they found the company very busy.

Zhao Yiming is clamoring to drive yuan Wangchun and others out of the company.

"What's going on?" After Wu Tian entered the company, he asked Zhou Cheng about the situation.

"Alas

Zhou Cheng sighed and began to explain: "Mr. Zhao and manager yuan are at odds. He and his technicians should be expelled from the company."

"Why?"

"Zhao always did not want to let the company do the game board, the game has a natural resistance heart."

"I see." After Wu Tian learned about the situation, he stepped forward to Zhao Yiming, "Mr. Zhao, I asked him to do the game board in the company. If you have anything, you can rush me."

"Boss Wu, you're here just in time." Zhao Yiming shook his collar and said, "according to the agreement, if Zhou Zhou's mobile tour makes less than 30 million yuan in half a month, boss Wu will lose the right to manage the company. Today, it's just half a month. This is the agreement we signed."

After that, Zhao Yiming directly put the agreement out, probably because he was worried that Wu Tian would default on his account.

"Yes, I forgot if you didn't tell me."

Wu Tianyi slapped his brains and asked Zhao Yiming with a smile: "if Zhou Zhou's mobile tour profits 30 million yuan, president Zhao will lose the management right in the company later, right?"

"Of course."

"That's good." Wu Tian turned to Zhou Cheng and asked, "Xiao Zhou, how much money do you make from recharging

"The game recharges the net income 2 million."

"Not bad." Wu Tian nodded with satisfaction. He was very satisfied with his income.

The revenue from recharging alone has reached more than 2 million yuan, and with the new contract signed today, the total profit has exceeded 50 million yuan.

Next to Zhao Yiming can't help but remind: "boss Wu, weekly mobile tour profit more than 2 million, from our agreed 30 million can still be far from."

Zhao Yiming holds his chest in both hands and looks as if he is waiting to see a good play. He wants to see how Wu Tian ends this time.

"We have made a total profit of more than 50 million yuan, including revenue from copyright, advertising and derivatives." Wu Tian said with a smile.

"Boss Wu is really a joke."

Zhao Yiming sneered and sarcastically said, "the revenue you are talking about is just a beautiful fantasy, they don't exist at all."

"Of course."

"Where are they?"

"Here it is." Wu Tian took out the contract to Zhao Yiming, "Mr. Zhao, look at these contracts."

"My God

Zhao Yiming took over the contract and looked at it, and was immediately dumbfounded.

I didn't expect that the company even signed five cooperation contracts related to weekly mobile games. The total value of the contracts exceeded 200 million and the profit exceeded 50 million.

I never imagined that the profit of a mobile game is higher than that of Tianmu technology.

"Mr. Zhao, how do you feel?" Wu Tian takes back the contract from Zhao Yiming and asks with a smile.

"I..."

Zhao Yiming's mouth corner is merciless, the whole old face is worse than pig liver.

Did not expect to be despised by him a mobile game, he strongly opposed to the development of the game, even by Wu Tian played such a big effect.

I really don't understand, a seemingly bad hand game, how can Wu Tian toss out this effect?"Mr. Zhao, according to our previous gambling agreement, you lost." Wu Tian patted Zhao Yiming on the shoulder, "from now on, your position in the company is invalid, and you have no management authority in Tianmu technology."

“.....”

Zhao Yiming's legs are soft and his body is shaking. He has stepped back several times.

Eyes empty and powerless looking ahead.

As one of the founders of Tianmu technology, I have been infiltrating the market for more than ten years, but I didn't expect to lose to a little boy in the end.

"But Mr. Zhao, you can rest assured that the shares in your hands are still in your hands, and you can go home for the aged ahead of time." Wu Tian made a gesture of invitation.

"You..."

Zhao Yiming gnaws his teeth and turns away reluctantly.

At this time, he was like a defeated rooster, dejected without any trace of vitality.

After seeing Zhao Yiming off, Wu Tian announced in public: "our weekly mobile tour has been a great success, and more than 200 million contracts have been signed."

"OK, pa pa pa..."

After that, the office was boiling.

All the staff couldn't help cheering, as if they had won a battle, and their morale was extremely

high.

"The success of the weekly mobile tour is inseparable from the efforts of each of our employees. Everyone has a bonus, although the salary of this month is paid together." Wu Tian announced again.

After that, the employees cheered again.

Everyone works hard to make money, and the bonus is the real thing.

"In addition, from today on, Zhao Yiming is no longer a vice president. At the same time, the company has set up a game department with Yuan Wangchun as the Department Manager and Zhou Cheng as the technical consultant." Wu Tian put the matter into practice.

"Pa pa pa pa..."

There was a big round of applause in the office.

Wu Tian pressed his hand and motioned for silence. Then he said, "in order to celebrate the success of Zhouzhou's mobile tour, I invite you to have a dinner outside."

"Good..."

The staff cheered in unison.

After that, Wu Tian announced a half day holiday and took everyone to the hotel outside for dinner.

Not only did Zhou Zhou and Zhou's mobile tour achieve initial success, but also Zhao Yiming, who was stereotyped, was forced out of the company and lost the right of management.

At this point, all the rights of the company are concentrated on Wu Tian and Li Mu, which facilitates the long-term development of Tianmu technology.

CHAPTER 73:

Under the leadership of Wu Tian, a group of people came to the four-star hotel near the company. After ordering dishes, they began to drink and chat.

Li Mu asked everyone to speak freely and put forward his opinions and suggestions on the company. He could also express his own opinions on any good money making ideas.

Despite the fact that we are usually technical men of science and technology, after a few drinks, the atmosphere is soon ignited, and the employees who seldom talk at ordinary times also talk.

For the development of the company, everyone has their own ideas.

Wu Tian did not speak all the time, listening to the ideas and opinions of the employees, secretly thinking about the next layout of the company.

After all the staff had said, Li Mu tried to ask Wu Tian, "boss Wu, what do you think?"

"What you said just now is very good." Wu Tian glanced at the crowd and said in a serious tone: "our main business remains unchanged. We mainly focus on mobile phone software development, while developing mobile games as a breakthrough."

"I agree with boss Wu's proposal." Li Mu nodded with approval, and then said: "under the leadership of boss Wu, Zhou Zhou's mobile tour has achieved good results, and boss Wu has made great contributions."

"The success of Zhouzhou mobile tour is not the credit of one person, but the result of the unity of all." Wu Tian said here, his tone slightly changed: "but we can't be proud of this achievement. There are still bigger challenges ahead."

"OK, Pa Pa Pa!"

Li Mu took the lead in clapping.

Other employees applauded.

Wu Tian pressed his hands and said with a smile, "don't be so serious when we come out for dinner today. Let's eat and drink. Come on, drink."

After saying this, Wu Tian grabbed the glass on the table and drank it.

Other employees were drinking.

Soon, the waiter brought the dishes to the table in turn.

Everyone picked up chopsticks to enjoy delicious food, drink and chat, and the atmosphere in the private room was peaceful.

Wu Tian drank two glasses of wine and said to Li Mu with a smile, "we have created a hot game. I think we should take advantage of the situation and continue to develop this kind of mobile game."

"I have the same idea." Li Mu nodded with approval.

Since the game led by Wu Tian is popular, he has great trust in boss Wu and supports him more than before.

"When I played the game before, I found that many landlords were willing to spend money on the game." Wu Tian rubbed his chin with his hand and said without expression: "I want to design a game for local tyrants."

"Good idea."

"The local tyrants are easy to make money. Just grasp their pain points and find ways to motivate them to spend money on the game..."

"I have." Zhou Cheng, sitting next to him, couldn't help saying, "I developed a game when I was in college, which was a mobile game for local tyrants."

"To what extent?"

"The infrastructure is ready."

"Let me see."

"It's in the company's computer."

"Let's have a quick meal and go back to the company after dinner." Wu Tian finished saying this and ate it with a vengeance.

After a few simple meals, they left the restaurant and returned to the company in a hurry.

Zhou Cheng opens the computer and finds the mobile game developed before from the file.

The game only makes the underlying architecture, which is a semi-finished product.

Wu Tian naturally did not understand this kind of thing.

After staring at Yuan Wangchun, he turned his head and asked, "what do you think, old Yuan?"

"No way!"

Yuan Wangchun looked at it a few times, then shook his head and rejected it: "his game

structure is unreasonable, the picture is a little rough, and it does not conform to the current aesthetic."

"Hey, hey

Zhou Cheng grabs his head with a simple smile: "at that time, lack of experience, coupled with limited experience and funds, so it was made like this."

"But it's a good idea, and we can build on it." Yuan Wangchun added.

"Well, Lao yuan and Xiao Zhou, you will work overtime tonight and work out the basic things." Wu Tian said this, then added: "the principle of this game is very simple, is to find a way to satisfy the vanity of the local tyrants."

"Well, we'll do it now."

Zhou Cheng and Yuan Wangchun said they could do it, and the two technical giants immediately started to work. They made game engines and developed infrastructure.

What we do now is to improve the game before Zhou Cheng, with modeling and animation effects at the same time.

Wu Tian and Li Mu did not leave. They accompanied them in the office and made coffee by themselves.

After repeated modifications, busy until midnight, finally finished the code, completed the model animation.

Yuan Wangchun and Zhou Cheng have one thing in common, that is, the pursuit of perfection is not close at all at the bottom.

Comparatively speaking, Zhou Cheng's basic skills are more solid, Yuan Wangchun has more leadership ability and can grasp the general direction.

Their cooperation is also quite tacit.

"How are you doing?" Seeing that they stopped, Wu Tian rushed to ask about the situation. "At present, after the basic modeling is completed, the next step is to do UI interface and sound." Zhou Cheng explained.

"How long will it take?"

"It's hard to say. It will take a week at the earliest."

"Well, this game is for you to do." Wu Tian put his arm around Yuan Wangchun and Zhou Cheng's shoulders and encouraged him: "this is the first project of the game department. We must make a name for the new department."

"Don't worry, we will live up to expectations."

"It's getting late. I'll let the driver drive you home." Wu Tian quickly took out his mobile phone to call Uncle Fugui.

Zhou Cheng and Yuan Wangchun were sent back first, and Wu Tian was the last to leave the

company.

There was no word all night.

The next day.

After getting up, Wu Tian goes to the company to inquire about the development of the new game.

Knowing that everything was going well, I was relieved.

After that, he went to school and finished teacher Mu's courses and several required courses. Wu Tian was ready to leave.

When he passed the martial arts club, he suddenly remembered Gu Xiaoman. The girl asked him to go to the martial arts club to help him a few days ago.

After thinking about it, Gu Xiaoman used to treat him well. He plans to enter the martial arts club to have a look at the situation. He should repay Gu Xiaoman!

The martial arts club is a large-scale club in the University of technology, with more than 60 members, most of them are showy fists and legs, and there are not many members with real strength.

As soon as Wu Tianyi entered the martial arts club, he was surrounded by a group of members and ridiculed. Various insults came one after another.

Before that, those members often bullied Wu Tian. They took pleasure in bullying new people and the weak.

Looking at the whole martial arts club, Wu Tian is a waste in everyone's eyes. He is weak and weak, and even those female members can't beat him.

"Wu Tian, you are here at last."

When Wu Tian was ridiculed by all the members, Gu Xiaoman rushed over and said happily, "I thought you didn't come."

"I happen to have time today. I'll drop in and have a look." Seeing this girl, Wu Tian was in a good mood.

If it wasn't for Gu Xiaoman, a kind-hearted girl in the martial arts club, he would not have come to such a place.

The whole martial arts club is smoky, and there is no atmosphere of the club, which makes people feel uncomfortable.

CHAPTER 74:

"See what has changed in our community?" Gu Xiaoman put his hands behind him and asked with a smile.

Wu Tian looked at the martial arts club for a while, and finally put his eyes on Gu Xiaoman. "I found that President Gu has become more beautiful than before."

"Glib." Gu Xiaoman blushed and angry.

Although she knew it was a joke, she was still happy, sweeter than honey.

"President Gu, didn't you ask me to help? What can I do for you?" Wu Tianke airway.

"I just want you to come to the club." Gu Xiaoman crooked his head and suggested with a smile:
"go, I'll show you around."

"Good!" Wu Tian follows Gu Xiaoman towards the club.

Did not go far, heard behind him came a crafty cry: "Wu Tian, come here, come quickly."

Looking back, I saw a tall man waving to him.

Before Zhong Tao was a member of his club, he often bullied others.

Wu Tian is too lazy to pay attention to this boy and follows Gu Xiaoman.

Zhong Tao could be angry, trotted over, pointed to Wu Tian's nose and scolded: "I called you for a long time, are you deaf?"

"What can I do for you?" Wu Tian asked coldly, but he was not happy in his heart.

He didn't want to worry about being bullied by this boy before. Who knows he is still aggressive.

"You don't come to every activity. Do you know how many times you've been absent?"

"It doesn't seem to have anything to do with you."

"You..." The corner of the mouth of Zhong Tao's gas is merciless.

I didn't expect Wu Tian to be so tough now and dare to talk to him so unscrupulously.

After gnashing his teeth for a long time, he ordered impatiently, "Wu Tian, come here quickly to help sweep the floor."

"No way." Gu Xiaoman rushed to protect Wu Tian's body. He said earnestly, "he is my guest today. He can't sweep the floor."

"President Gu, I didn't expect you to protect Wu Tian so much."

"Yes, I will protect him."

"You don't like this boy, do you?"

"You I... " Gu Xiaoman's face flushed with anger, but he couldn't say a word.

"It seems that President Gu's spring is coming, and he will be attracted to such a silly boy. Ha ha..." After saying this, Zhong Tao burst out laughing.

When he laughed, the other members laughed.

In fact, Gu Xiaoman is just the honorary vice president of the martial arts club, equivalent to Secretary and so on.

With the title of vice president, she usually has no real power, and those members don't take her seriously.

Humiliations like this happen from time to time.

"Zhong Tao, you..." Gu Xiaoman clenched his fist in anger, but there was no way to take these cheeky guys.

If you bite your teeth, you can only bear it.

However, Wu Tian could not bear it. He replied to Zhong Tao, "can you not be so cheap?"

"Boy, you dare to call me mean. You are impatient to live." Zhong Tao is irritable by nature.

Hearing the swearing, he threw his fist at Wu Tian's head, trying to teach the boy a lesson.

Seeing his fist smashed over, Wu Tian's body deviated and dodged the fist attack at a very fast speed.

"Plop!"

It was too hard for him to fall on the ground.

"Poof!"

Seeing Zhong Tao fall, Gu Xiaoman can't help laughing.

I didn't expect Wu Tian to be so clever. If he ran away, he would make Zhong Tao fall and eat shit.

Seeing Zhong Tao fall into such a mess, she secretly relieved herself.

It took Zhong Tao a long time to get up from the ground, pointed to Wu Tian's nose and exclaimed, "what's your ability to use Yin moves? If you have the ability to fight in the arena, let's fight alone."

He wanted to take advantage of this opportunity to teach Wu Tian a lesson.

"You want to fight with me, don't you?"

"Yes."

"Well, whoever loses will learn to bark." Wu Tian proposed such a condition.

In the past, he was often humiliated by Zhong Tao. He just took this opportunity to avenge his revenge. This is called tit for tat.

"Boy, that's what you said." Zhong Tao quickly stepped onto the challenge arena and yelled, "Wu Tian wants to fight with me. He says that whoever loses will learn to bark like a dog."

"Ha ha ha..."

As soon as the words came out, a burst of laughter came from the scene.

Everyone is laughing at Wu Tian's extravagance and competing with Zhong Tao. This NIMA is looking for abuse.

Everyone knows that Zhong Tao has great strength in the martial arts club, and Wu Tianze is the most useless waste of the martial arts club.

There was no suspense about the outcome of the contest.

Wu Tian stepped onto the ring and looked at Zhong Tao with a smile. "Are you ready?"

"Come on

Zhong Tao hooked up his fingers and exclaimed: "don't be afraid. I'll be gentle to you later." "Don't talk nonsense, do it!" Wu Tian approaches Zhong Tao step by step, and his eyes are full of ruthlessness.

Everyone was waiting for a good show. They could not wait to see Wu Tian being abused.

Only Gu Xiaoman is worried. She is worried about Wu Tian and that the boy is damaged by Zhong Tao.

But at present, in addition to worrying and anxious, there is no reason to stop the two people from fighting.

Under Gu Xiaoman's anxious wait, Zhong Tao takes the lead and hits Wu Tian with a long fist.

The force of the fist was fierce and the speed was so fast that he was about to approach Wu Tian's head. As a result, he was short and avoided the attack in a clever way.

At the same time, Wu Tian turns and walks sideways and kicks hard.

"Bang!"

This leg is just strong, directly kicks in Zhong Tao's abdomen, kicks him to the ground, the pain howls unceasingly.

Gu Xiaoman's eyes suddenly brightened, and the expression on his face became extremely exaggerated.

I didn't expect that Wu Tian, who was weak before, suddenly became so strong and defeated Zhong Tao with only two moves.

A period of time did not see, Wu Tian seems to have undergone a completely new change.

The martial arts moves are fierce, swift and unexpected. Two random moves will make people enjoy themselves.

Thanks to her previous worry that Wu Tian would be tyrannized, it seems that this kind of worry is totally unnecessary. Wu Tian is not the silly boy who was bullied before.

She was very pleased to see Wu Tian become stronger.

All the members were speechless. Unexpectedly, Wu Tian, a weak man, beat Zhong Tao with only two moves.

I wanted to see Wu Tian being tyrannized, but the ending was a surprise.

Once the weak have now become so strong and impressive that no one dares to underestimate it.

The laughter had long gone.

At this time, everyone's eyes were full of surprise.

All very surprised, before that weak boy, how suddenly become strong?

It took Zhong Tao a long time to get up from the ground.

At this time, there is no arrogance and domineering before. There is a little fear and uneasiness in Wu Tian's eyes.

He may have never dreamed that before that weak chicken suddenly became so powerful that the momentum reflected from his body made him secretly afraid.

CHAPTER 75:

When everyone was in a daze, Wu Tiantian took two steps forward and looked at Zhong Tao with a smile: "shall we continue to compete?"

"No No more. " Zhong Tao is unwilling to bite his teeth.

With his current strength, he is not Wu Tian's opponent at all, and he is just asking for trouble.

He didn't know how the boy's skill had improved so fast that he was several grades better than him.

"So you gave up?"

"I Give up. " So far, Zhong Tao can only admit defeat.

"Since you lose, should you keep your promise?"

"I..."

"It was agreed that whoever lost would bark like a dog. Do you want to play tricks?"

"This..." Zhong Tao almost died of depression.

If he had known that the boy had become so powerful, he would not have agreed to such a bet.

Now it's better to lose the game, and he's no man inside or outside.

If you learn to bark in public, you will be laughed at to death.

But if you cheat on me, how can he stay in the martial arts club in the future?

"Come on, bark like a dog." Gu Xiaoman couldn't help but shout.

She has long been fed up with Zhong Tao's style, and can't wait to let this guy make a fool of himself in public, so as to relieve her anger.

As soon as her voice dropped, the other members of the club were shouting: "Zhong Tao, if you

are a big man, you should learn to bark as soon as possible."

Those members were also watching the excitement, and they were shouting to let Zhong Tao learn from the dog.

Under pressure, Zhong Tao finally had to compromise: "OK, I'll learn."

"Wangwangwang..."

He was angry for a long time, and then he gave a few calls.

"Ha ha ha..."

When the dog barked, the members of the audience laughed.

The happiest is Gu Xiaoman. She smiles with her mouth covered, and she is in a very happy mood.

"I didn't expect you to be so professional in dog barking. It's really nice." Seeing that everyone was happy, Wu Tian couldn't help mending his knife.

"You..."

Zhong Tao's face is green, his face is red and his neck is thick. He may explode at any time.

If it wasn't because he couldn't win the fight, he would go up and beat Wu Tian into mud and feed it to the dog to relieve his anger.

When everyone was happy and funny, a boy in military uniform walked into the club.

He is the vice president of the martial arts club Mao Wang, the first master of the martial arts club, his whole body is full of sinister momentum.

As soon as Mao Wang appeared, the hall became quiet.

"Boy, you wait." Zhong Tao glared at Wu Tian fiercely and quickly walked toward Mao Wang.
"Chairman Mao, I was beaten."

"Who hit you?" Mao Wang's face sank and asked in an urgent voice.

"It's Wu Tian."

"He?" Mao Wang looked up at Wu Tian, who was standing on the stage. He felt incredible, even incredible.

Wu Tian is not an official member of the martial arts club, but a small role of sweeping the floor and doing chores.

On such a small role, he usually despised, today can still play the pillar of the community?

"Chairman Mao, Wu Tian doesn't know where he learned the evil martial arts. Now he has some skills. You have to avenge me." Zhong Tao wronged Bala's entreaty.

"I'll meet him." Mao Wang pushed aside Zhong Tao and walked quickly towards the arena.

After he came to the stage, he scanned Wu Tian's eyes and said, "I hear you've become better?"

"Average!"

"Then I'll see it." Mao Wang shook his military uniform and defiantly said, "I want to compete with you."

As soon as this was said, the members of the club were boiling. They didn't expect that Chairman Mao proposed to compete with Wu Tian.

Chairman Mao is the first master of the club. He has been trained in the martial arts school before and has a hard skill of real talent.

Wu Tian's skilful Kung Fu is definitely not an opponent.

In everyone's opinion, Wu Tian will not agree to this unfair contest.

"Well, I'll compare with you." Just when everyone thought that Wu Tian would recognize him, Wu Tian agreed to the contest.

As soon as the words came out, the scene became more boiling.

Gu Xiaoman's face turned white. She didn't expect Wu Tian to be so bold and dare to compete with Mao Wang.

Even if Wu Tian has some skills, he is not Mao Wang's opponent. To agree to such an unfair duel is sheer bravado.

"Do you really want to compete with me?" Even Mao Wang was surprised. He didn't expect Wu Tian to fight.

"Than!" Wu Tian bit his teeth.

For this competition, he is not sure that he can defeat the opponent, after all, the opponent is really strong.

But now, he can only be tough.

The purpose of practicing martial arts with Qinglong is not to shrink back when meeting a strong enemy.

Through this kind of actual combat, he can also test his own learning achievements and improve his experience. "Good boy, today I want to let you know what a master is." Mao Wang is ready to fight with his long shirt.

"Then I'll have a good experience." Wu Tian did not show weakness, shaking his arm to set the

position.

Seeing his opponent's fist, he smashed it as fast as he could.

The two fists hit each other, and Wu Tian was directly shocked and stepped back several steps. Fortunately, he straightened himself in time and didn't fall down.

It seems that there is still some gap between his strength and Mao Wang. If he confronts hard, he is definitely not an opponent.

Seeing his opponent attack again, Wu Tian shrinks and dodges the attack.

Without a hit, Mao Wang punches again and attacks Wu Tian continuously.

Wu Tian didn't confront him, but dodged. Seeing that his opponent was impatient, he suddenly gave a spin kick, and at the same time, he smashed his left hook.

This is a killer mace taught by Qinglong. After learning it for more than half a month, it can finally come into use today.

This move worked. When Mao Wang was impatient and careless, Wu Tiantian attacked together and directly threw Qi Zhenfei off the arena.

Boom!

Seeing that Chairman Mao was turned over by Wu tiangan, the members under the stage instantly burst into a pot, and their eyes widened, which seemed incredible.

I didn't expect this to happen.

I didn't expect that Wu Tian, who seems to be weak, is so strong that even President Mao is not an opponent.

This competition instantly overturned everyone's impression of Wu Tian, but he didn't expect that the boy was an expert who was hidden.

Wu Tian's eyes at the scene are no longer half of disdain and disdain, are exaggerated, eyes with a look of worship.

Even Gu Xiaoman also widened his eyes, which seemed inconceivable. Unexpectedly, Wu Tian defeated Chairman Mao in this contest.

In the past, I always thought that Wu Tian had no ability. He looked weak and was always bullied by members.

I didn't expect to shock the whole audience on stage this time, and she couldn't help but look at her with a new look.

Zhong Tao, who stood behind waiting to see the good play, was like a fool. He didn't expect that even Chairman Mao was not Wu Tian's opponent.

He wanted to see Chairman Mao teach Wu Tian a lesson, but he was disappointed.

Wu Tian succeeded in counterattack again, and instantly became the focus of the audience and

became the idol in everyone's eyes. It can be said that Wu Tian was out of the limelight.

To see that once can only sweep the floor of the silly boy to become king, his heart is not taste.

CHAPTER 76:

It took Mao Wang a long time to get up from the ground, his eyes full of anger and unwillingness.

All blame him for being too careless and underestimating Wu Tian's strength before he lost the contest.

Now, if you lose, you have to admit defeat.

However, Wu tianxie Mei's skill really makes him marvel. He hasn't seen him for a long time. This boy is obviously stronger than before.

"Wu Tian, you are cruel. I lost this time." Mao Wang bit his teeth and gave up to Wu Tian in public.

"Yield!" Wu Tian was relieved.

Just now, he also won in danger. If it was not for the carelessness of his opponent's love enemy, he could hardly win by surprise moves.

It seems that in the future, we have to strengthen training. Only by practicing diligently and diligently can we improve our own strength.

"Wu Tian is very kind." Gu Xiaoman just regained his mind and couldn't help clapping.

In the past, she would always protect Wu Tian. This time, Wu Tian's performance was very perfect, which could be regarded as a face fight for her.

"Pa pa pa pa..."

All the members applauded and were deeply convinced by Wu Tian's strength, and they all secretly recognized him.

"Wu Tian, why don't you join our Wushu Club and become an official member?" After the applause, Gu Xiaoman couldn't help but propose.

Members all agreed and hoped that Wu Tian could join the club and become an official member.

"Forget it. I'm not interested in joining a martial arts club." Wu Tian shrugged his shoulders and didn't show much interest in the martial arts club.

At present, the leader of the martial arts club is a rich second generation. The whole club is in a mess by the rich second generation. There is no atmosphere that the club should have.

"But We really want you to join us. "

"President Gu, thank you for your kindness. Let's talk about it later. I'll go first." Wu Tian said goodbye to Gu Xiaoman with a gentle smile, and then walked outside the community hall.

When I came to the gate of the club, I saw a man in a suit leading some of his entourage towards the hall.

The suit man's name is Zheng Shaofeng, the president of the martial arts club.

Wushu Club has three presidents, Zheng Shaofeng is the chief executive, he is in charge of Wushu clubs, and everything has the final say.

He became the president of the martial arts club because he spent money to sponsor it. His skill was similar to that of a rookie.

Mao Wang is a vice president with strong skills and real talents. He is mainly responsible for the daily training of members.

Gu Xiaoman is the nominal vice president. She has no real power and is mainly responsible for organizing various activities and logistics of the association.

"Stop!"

Zheng Shaofeng blocked Wu Tian's way at the gate. He was upset and said, "if you want to come here, you can go if you want."

He can't bear to see Gu Xiaoman walking too close to Wu Tian, so he wants to find fault and teach the boy a lesson, so he wants to be vicious.

When the primary election Gu Xiaoman as vice president, because of the girl's ideas.

But the girl didn't have a cold for him. Instead, she took special care of Wu Tian. They were often bored with each other.

"What do you want?"

"On my turf, of course, with fists."

"What? Is president Zheng going to compete with me

"You don't deserve to be compared with me." Zheng Shaofeng sneered, waved to Mao Wang and said, "Chairman Mao, teach this boy a good lesson in the arena for me."

He has just arrived at the club hall. He doesn't know that Mao Wang has already compared with Wu Tian on the challenge arena.

"President Zheng." Mao Wang ran over, attached to Zheng Shaofeng's ear and whispered, "I've just had a contest with Wu Tian on the challenge arena."

"What happened?"

"I lost."

"Ah?" Zheng Shaofeng was shocked and retreated several steps.

He didn't expect that Mao Wang, the first expert of the martial arts club, would lose to Wu Tian, such a silly boy. It was really the sun that hit the West.

In my impression, Wu Tian used to be a weak trash. How could he suddenly become so powerful?

However, looking at Mao Wang's serious expression, it is not like a joke. It must be that Wu Tian has become stronger.

Originally he wanted to teach Wu Tian a lesson in public, but now he suddenly changed his mind, "Wu Tian, you can go now."

"Goodbye!" Wu tianlenglenglengleng left these two words and walked quickly to the outside of the community hall.

If Gu Xiaoman was not here, he would not have come to such a place.

"Wu Tian, I'll see you off." Gu Xiaoman finished saying this, ready to go out with Wu Tian, but was blocked by Zheng Shaofeng. "You are the woman I like, don't go out with this boy."

"But I don't like you." Gu Xiaoman summoned up the courage to respond.

Last time Wu Tian was right. He should learn to refuse a man he doesn't like. He can't be indecisive.

"You can't help it." Zheng Shaofeng some brazen block in front of Gu Xiaoman, "whether you like it or not, you can't escape my palm."

"You..."

Gu Xiaoman timidly shrunk his body and called for help to Wu Tian: "Wu Tian, Wu Tian..." Wu Tian didn't go far. When he heard the cry, he rushed back to the club hall and took Gu Xiaoman's arm. "Don't worry about him. Let's go."

He wanted to take Gu Xiaoman away by force.

But after two steps, he was blocked by Zheng Shaofeng again. "Wu Tian, Gu Xiaoman is a member of our martial arts club. Why should you take her away?"

"It's a big deal. She resigned as vice president of your martial arts club." Wu Tian didn't agree with him.

Now the martial arts club is being made a mess by Zheng Shaofeng and others. It is meaningless to stay in such a place.

"Then you ask her if she would like to leave the martial arts club." Zheng Shaofeng put his hands into his pocket and ate Gu Xiaoman's appearance.

"Sorry, I can't leave the martial arts club." Gu Xiaoman retracted his arm and explained with embarrassment: "my father used to be a coach of the martial arts club, and he had deep

feelings for this place. He made me stay in the martial arts club all the time."

"I see."

Wu Tian nodded.

For a long time, it was because of Gu Xiaoman's father that the girl had to stay in the martial arts club.

After a little meditation, Wu Tian couldn't help sighing: "things have changed for a long time. If your father knew that the martial arts club had become such a miserable situation, he would certainly suffer."

"Alas Gu Xiaoman sighed heavily and his expression was extremely complicated.

She doesn't want the martial arts club to be like this, but she can't control the ending.

"President Gu, do you want to revive the martial arts club?" Wu Tian suddenly came up with such a bold idea.

He knew that Gu Xiaoman and her father had deep feelings for the martial arts club and wanted to help her revive it.

"I want to dream, but..." Gu Xiaoman all kinds of rogue head down.

How difficult is it to revive the martial arts club? It can not be achieved by just one cavity of blood. It needs money.

"To revive the martial arts club, the first step is to eradicate the cancer and remove Zheng Shaofeng, the president." Wu Tian pointed his spearhead at Zheng Shaofeng.

The martial arts club has become so decadent that Zheng Shaofeng has committed a heinous crime. He has no leadership except fighting with broken girls.

Under his leadership, the Wushu Club is getting worse every day.

If it goes on like this, the martial arts club will collapse sooner or later.

CHAPTER 77:

"That won't do." Gu Xiaoman shook his head in a hurry and retorted: "all the funds of our association are paid by the director of Zheng society. If we remove the position of President Zheng, we will lose the sponsorship."

If there is no sponsorship fee, the club will not work at all.

Let alone attract members, I'm afraid the maintenance and daily activities of the club can't be held normally.

"Silly boy, it's not so easy to dismiss me." Zheng Shaofeng shook his sleeve and exclaimed, "I sponsor the martial arts club for 100000 yuan every quarter. To put it bluntly, I bought it with real money. Without my money, the martial arts club would have been paralyzed."

"I'll pay for it."

"You?"

Zheng Shaofeng looked at Wu Tian with that kind of disdainful eyes for a long time, then he couldn't help laughing.

When he laughed, other members of the club followed him.

After laughing for a long time, Zheng Shaofeng couldn't help but strike: "you are so poor that you don't even have money to eat. How can you sponsor the martial arts club?"

Other members nodded in agreement.

We've got along with Wu Tian before. We all know that the boy is so poor that he doesn't even have money to eat.

Now the boy suddenly proposes to sponsor the martial arts club, which is not funny.

"I plan to sponsor the martial arts club for 500000 yuan, which is the operating cost of the club." Wu Tian immediately decided to sponsor 500000 yuan.

One is to help Gu Xiaoman. On the other hand, he doesn't want to see the martial arts club sink and degenerate completely.

"Ha ha ha..."

Zheng Shaofeng and the members on the scene seemed to hear a big joke, and they couldn't help laughing.

The atmosphere in the community hall is very active.

Gu Xiaoman quickly took Wu Tian's arm to one side and whispered, "I know you want to help me, but this matter can't be arrogant."

She knew that Wu Tian's family conditions were very poor. Before that, in order to pursue Li Meng, she often went out to work to earn money.

I don't want to drag Wu Tian down because of the affairs in the club.

"You don't have to worry about money. I have my own way." Wu Tian comforted him and turned to Zheng Shaofeng and said, "I'll sponsor the martial arts club for 500000 yuan. I hope you can quit the club. How about that?"

"Well, if you can take out 500000 yuan, I will immediately quit the position of president and quit the martial arts club. I will never step into the club again." Zheng Shaofeng exclaimed.

He doesn't believe this kid can give half a million.

Such a poor boy, let alone 500000 yuan, I'm afraid that even 50000 yuan can't come out.

"That's what you said." Wu Tian chuckled and took out the check directly from his pocket and filled in the amount of 500000 yuan.

"Poof!"

Seeing Wu Tian write a check, Zheng Shaofeng couldn't help laughing. He sneered and said, "you're the poor one. You're so pretentious to write a check."

"Do you suspect that my check is false?"

"It must be fake. Even if the check is real, it's a bad check. There's no money in it."

"Is it?"

"If there's one, you can take out half a million cash and let us all have a look."

"Well, I'll give you that wish." Wu Tian finished saying this, he took out his mobile phone and dialed Qinglong's phone. He ordered a few words and then hung up.

After the phone call, he stood still and waited.

Zheng Shaofeng and the members of the club are all smiling. We have to see how the boy ends up?

After waiting for more than ten minutes, Qinglong rushed over with a small suitcase in his hand. Without saying a word, he handed the drum shaped suitcase to Wu Tian.

Wu Tian shook the suitcase in his hand and said with a smile, "it contains 500000 yuan."

"If you had half a million dollars there, I would have eaten the suitcase." Zheng Shaofeng craned his neck and yelled.

He didn't believe that Wu Tian had so much money. Not only did he not believe it, but no one at the scene believed it.

"Then you'll see." Wu Tian put the suitcase on the ground and opened the lid neatly.

When the suitcase was opened, it was full of banknotes.

"Wow

The scene sounded a neat cry of surprise, and everyone was staring at the brand-new bills in the suitcase.

To tell you the truth, it's the first time we've seen so much money. We can't help but open our eyes.

Especially those girls, looking at the money, just like the greedy cat saw the fish straight swallow saliva.

I didn't expect that Wu Tian Tian would take out so much money at once. It would be several hundred thousand at least.

Isn't Wu Tian a poor ghost? Isn't this guy even broke for dinner?

Why did you suddenly take out so much money?

Everyone at the scene was shocked. The eyes were full of shock and surprise. The seeds of the brain were buzzing.

Even Gu Xiaoman was stunned. She didn't expect that Wu Tian, who had family difficulties before, suddenly became so rich.

She didn't know why Wu Tian was suddenly so rich, but one thing can be sure that Wu Tian has changed. It's no longer the poor loser who was bullied before.

"Gudong!"

Seeing Wu Tian take out so much cash, Zheng Shaofeng was so surprised that he almost didn't stare out of his eyes.

If he had not seen it with his own eyes, he couldn't believe it. The rustic country bumpkin took out hundreds of thousands of cash at once.

Paralyzed, isn't this kid a pauper? How did you suddenly become so rich?

"President Zheng, this is 500000 cash. Would you like to count it?" Wu Tian pushed the suitcase

over and asked with a smile.

"No more."

Zheng Shaofeng bit his teeth. At this moment, he only felt that his face was severely slapped, which was burning and stinging.

Never thought that he would be slapped in the face with half a million cash by a hairy boy.

"What President Zheng said before is still true?"

"What words?"

"You don't have a good memory. It seems that I need to remind you." Wu Tian put the suitcase away and reminded him with a smile, "you said just now that if I could take out 500000 yuan, you would resign as president and never step into the club again."

"I..."

Zheng Shaofeng bit his teeth, and finally nodded his head reluctantly: "of course, my words count."

In the past, I spent money to sponsor the martial arts club. First, it was for pretending to be forced. The most important reason was Gu Xiaoman.

If you quit the martial arts club this time, I'm afraid there will be no more opportunities in the future.

But it's hard to go back on what he said in public.

"So from now on, Zheng Shaofeng has nothing to do with the martial arts club." Speaking of this, Wu Tian reached out and made a gesture of invitation, "you are not welcome here, you can go."

"It's easier to ask God than to send God, but it's not so easy to let me go." Zheng Shaofeng bit his teeth and became ferocious.

"What else do you want?"

"I want to beat you." Zheng Shaofeng waved his right hand and ordered the bodyguard behind him: "give me a cruel and cruel meal to this boy."

Wu Tian made him embarrassed in public. He lost face in front of Gu Xiaoman. He had to avenge him.

Anyway, now that he has quit the martial arts school, there is no need to take into account so much. Take this opportunity to teach Wu Tian a good lesson.

"Yes

The four bodyguards got the order and went to Wu Tianwei together.

CHAPTER 78:

For a moment, the atmosphere in the club became tense.

Seeing the four bodyguards start at the same time, everyone can't help but pinch a cold sweat for Wu Tian, and feel sympathy in their hearts.

At the critical moment, Gu Xiaoman rushed to protect in front of Wu Tian and scolded Zheng Shaofeng: "what skill do you have to cheat more than you have?"

"I like to cheat the less with more." Zheng Shaofeng raised his head and said: "if this boy doesn't want to be beaten, he will kneel down and kowtow to me."

"I'm afraid that major Zheng will kowtow and beg for mercy later." Wu Tian protects Gu Xiaoman behind his back, and does not show weakness.

"Hum!"

Zheng Shaofeng swung his sleeve, "silly boy, when he is dying, he dares to shout with me. I'll see you later."

With these words, he ordered the bodyguard again, "give me a fight."

Four bodyguards were ordered to rush forward.

Wu Tian stands still. At the critical moment, Qinglong waves his fist and attacks the four bodyguards.

The four bodyguards were obviously trained professionally and were not weak.

It's a pity that they met a fierce death fighter like Qinglong. Compared with Qinglong, they are still a little far behind.

After a fight, the four bodyguards were quickly overturned by the green dragon and fell to the ground, howling and unable to get up for a long time.

All the members were stupid eyes. They didn't expect Wu Tian's men to be so powerful. They even out four bodyguards on the second day of the third day.

This is the real master. I don't know where Wu Tian got such a powerful master. Everyone can't help but whisper.

Gu Xiaoman, standing on the side, breathed a sigh of relief.

Originally, she was worried that Wu Tian would be abused. She did not expect that the people Wu Tian brought was so powerful that she was really surprised.

Zheng Shaofeng was the most surprised at the scene.

I didn't expect that Wu Tian's men were so tough that they flattened his four bodyguards with

only a few moves.

At this time, Zheng Shaofeng didn't have the arrogance and arrogance just now. His face was stiff and white, and his legs were slightly trembling.

It seems that he has met a tough character today.

"Zheng Shao, your bodyguards are just like this." Wu Tian looks at Zheng Shaofeng with a smile, and moves two fists at the same time, ready to start at any time.

"Gudong!"

Zheng Shaofeng swallows saliva, scared back a step, "you What do you want? "

"Guess!"

"You'd better not fight Ah

Before he finished speaking, Wu Tian hit him with his fist.

The blow hit Zheng Shaofeng on the nose. He let out a scream and his nose was swollen.

"Congratulations, you're right." The corners of Wu Tian's mouth rose, and a smile of harmless human and animal life arose.

"Gentlemen, don't do anything, we We have something to say... "

"No gentleman, not me."

"You What do you want? "

"I want to beat you." Wu Tian smashed his fist again.

The fist was not powerful enough to directly knock out two front teeth on Zheng Shaofeng's mouth, and blood flowed out of his mouth.

After this blow, he warned coldly, "stay away from Gu Xiaoman in the future. Don't let me see you again. Get out."

Zheng Shaofeng shrinks his neck, covers his mouth, turns around and runs away. He is afraid that he will be beaten by Wu Tian.

Four bodyguards also quickly fled from here, and the hall soon returned to calm.

Driving away Zheng Shaofeng and others, Wu Tian again set his eyes on Zhong Tao and Mao Wang, "don't go, still want me to do it?"

"Let's go. We're going." Zhong Tao and Mao Wang are scared to flee here.

At the thought of Wu Tian's powerful skills and cruel means, they were frightened and shivered with cold sweat on their back.

They have been in the martial arts club for several years and have never met such a terrible guy as Wu Tian. Now they just want to run for their lives.

In this way, the three scum of the martial arts club were all driven away by Wu Tian.

Peace soon returned to the museum.

Gu Xiaoman stepped on small broken steps to Wu Tian and said happily, "you were really a man just now."

At this time, her eyes at Wu Tian are very bright.

She used to take care of Wu Tian, but she didn't expect that today's Wu Tian is guarding her like a man.

"Is it?" Wu Tian grabs his head awkwardly. Facing the praise of a beautiful woman, he feels uncomfortable.

"Thank you for helping me out just now."

"You're welcome." Wu Tian waved his hand magnanimously, and at the same time, he lifted the small suitcase with 500000 yuan on the ground. "These money are the funds that I sponsor the martial arts club."

"Where did you get so much money?"

"Don't worry about it. Take it and run the martial arts club well."

"On behalf of all members of the martial arts club, thank you." Gu Xiaoman bows and thanks and reaches out to take over the suitcase.

But she didn't expect that the suitcase was so heavy that it suddenly sank and fell directly from her hand. The body's center of gravity is unstable and almost falls.

Fortunately, Wu Tianyan's hand was quick. He hugged Gu Xiaoman's body and said, "are you ok?"

"I'm fine." Gu Xiaoman stood firm and found that the upper part of his waist was tightly held by Wu Tian.

Her pretty face a red, hastened to push away the hands, gently rebuked: "your bad hand, where to catch?"

"Sorry, I didn't mean to." Wu Tianwei apologized in a hurry.

Amitabha, sin and sin.

Just now he was worried that Gu Xiaoman would fall down. He caught the wrong place in a hurry. He did not mean to.

"Pay attention next time." Gu Xiaoman took a look at his hands, and his pretty face is still red.

"It's not convenient to carry cash. I'll ask Qinglong to take you to deposit the money in your

account later." In order to resolve the embarrassment, Wu Tian took the initiative to change the topic.

"Well!"

Gu Xiaoman stroked his hair at the corner of his ear, and suddenly his eyes brightened. He suggested, "you can sponsor the martial arts club for so much money. Why don't you be our president? Zheng Shaofeng has been kicked. We just lack a president."

"I think it's appropriate for you to be president, so I won't get involved." Wu Tianwei declined.

The main reason is that he is too busy now. He is not only busy studying, but also busy investing and making money. He has no time to take care of the martial arts club.

"I can't handle the affairs of the martial arts club by myself. I'd like to ask for your opinions."

Gu Xiaoman said here, turned to the members and asked: "let Wu Tian be president, do you have any opinion?"

"No The members answered in unison.

We have seen Wu Tian's ability just now, and are deeply impressed by his strength, and they all secretly admire him in their hearts.

Such a strong skill is definitely qualified for the post of president of the martial arts club. What's more, Wu Tian has sponsored 500000 yuan, so we will naturally support it.

"Look, everyone supports you to be the president of the martial arts club, so don't refuse."
Seeing this result, Gu Xiaoman is extremely proud.

At present, there is no more suitable candidate than Wu Tian. Wu Tian is the only one to be the president.

"This All right

However, Wu Tian couldn't find any reason to refuse, so he had to promise: "OK, I'll take the post of president of Wushu Club for the time being."

He also has some feelings for the martial arts club. He just took this opportunity to carry forward the martial arts club.

CHAPTER 79:

"Great. From now on, you are our new president." Gu Xiaoman is excited and excited to find Wu Tian as a good president.

He led Wu Tian to the arena and said in a loud voice, "let's welcome the new president."

"Pa pa pa pa..."

Warm applause broke out in the museum.

After the applause, Gu Xiaoman said again: "next, let's invite the new president to speak for us."

"Cough!"

Wu Tianqing cleared his throat and said in a loud voice, "thank you for your trust and support. Let's unite as one, unite as one, and carry forward the martial arts club..."

After a simple and popular opening speech, Wu Tian once again promised: "I will invest another 700000 yuan to decorate the martial arts club venues and add new equipment, and improve the food and living conditions of the martial arts club."

"OK, pa pa pa..."

The scene again heard warm applause, one wave higher than another.

"At the same time."

Wu Tian stopped for a moment and then said, "we need to hire a group of professional coaches to teach you more martial arts routines and improve the level of all members."

"From now on, our martial arts club will carry out a rigorous assessment on new members. Only when they meet certain conditions can they join in."

Wu Tian said a lot of specific plans and details in one breath.

Since he has promised to take over the martial arts club, he must lead everyone to do a good job and do some practical things for the martial arts club.

"The president is mighty!"

The members of the audience cried out in unison.

In this series of new investment and stimulation, all members are full of enthusiasm and enthusiasm.

We are all ready to work with the new president to make the martial arts club more and more influential.

"Well, let's go first. Next, I'll ask President Gu to formulate detailed rules and plans." With these words, Wu Tian dismissed them.

Gu Xiaoman stepped forward quickly and said with a smile, "you just like a marshal commanding thousands of troops. You are in the world with great momentum."

"Handsome or not?"

"Handsome."

"Do you like it?"

"Cough!" Gu Xiaoman coughed two times and avoided the topic: "president Wu, I'll take you to the office."

Said, twist small waist body to take the lead toward the office.

"This girl!"

Wu Tian smiles bitterly, shakes his head, and steps in.

Suddenly found that Gu Xiaoman this girl is also very lovely, gentle personality, especially easy to make people close.

The office area is not big, but the decoration is exquisite. There are desks and sofas, and a large root carving.

Wu Tian swayed around the office for two times, went to his desk and sat down. "Tell me where you need money in the future."

"The head of Wu society is really rich and generous." Gu Xiaoman pulled his hair around the corner of his ear and said with a licking smile.

"Yes, we don't need money."

Wu Tian leaned on the chair and looked at Gu Xiaoman with a spoiled face. "No matter what difficulties you encounter, please tell me, I will try to help you settle it."

"Thank you, President Wu."

"You're welcome."

"By the way, why do you have to pay so much to revive the martial arts club?"

"For you."

"For me?" Hearing this, Gu Xiaoman heart inexplicably tight, whispered: "why for me?"

"Because..."

Wu Tian got up and slowly approached Gu Xiaoman. He said vaguely, "I'm interested in you."

"Gudong..."

Gu Xiaoman swallows his saliva hard, his heart is speeding up, his shaking steps are slowly shrinking back, and his breath is straight.

Wu Tian continues to approach, has been Gu Xiaoman forced to the corner of the wall, stretched out his hand on the wall, "girl, do you want from me?"

"No No Gu Xiaoman shakes his head, a little uneasy in his eyes, but he has a trace of expectation.

At this time, her heart is complicated, and she doesn't know whether to promise or refuse.

"Is it?"

Wu Tian bravely, slowly put his head together, very strong toward the soft mouth near.

"You..."

Gu Xiaoman shook his fist and didn't know what to do for a while.

Seeing that handsome face closer and closer, she was nervous, slightly closed her eyes, heart beating wildly.

After waiting for a long time, his mouth was not invaded by Wu Tian. He slowly opened his eyes and found that the man looked at her in a funny way. He said, "Hey, why don't you resist?"

"Disgusting!"

Gu Xiaoman pushes Wu Tian away with anger on his face.

It was not until then that she realized that the boy was deliberately teasing her, which made her feel particularly embarrassed.

"I'm sorry, I was just joking with you." Wu Tian finds himself in trouble and apologizes in a hurry.

He is to see the girl's gentle character, intends to make the girl happy with the little ruffian posture, but he almost set fire to herself. "It's not funny at all." Gu Xiaoman didn't like to roll a white eye, the heart can't help but blame himself.

Why did she give in so easily just now?

Will Wu Tian feel that she is a casual girl just now?

Tired to death, why care about Wu Tian's opinion of her?

"Well, if it's OK, I'll go first." Wu Tian finds the atmosphere in the office particularly awkward, and makes an excuse at will, so he runs away from here.

He felt a little excited at the thought of what had happened in the office.

Originally, I wanted to tease Gu Xiaoman. I didn't expect that the girl would quietly cater to himself. Is that girl interesting to him?

Oh, maybe he is too thoughtful!

It's already 6:00 p.m. to leave the martial arts club with Qinglong.

Wu came back to drink two cups of liquor

"Thank you, boss." Qinglong grabs the wine cup and drinks it. The strong liquor fills his mouth, which makes him feel excited.

Wu Tian poured half a cup of wine to Qinglong and said with a smile, "we are brothers. You are welcome at home."

"Boss Wu, it's my greatest honor in Qinglong's life to follow you." Qinglong raised his glass in both hands and said respectfully, "I respect you."

"Dry!"

After clinking the glass, Wu Tian held the glass and drank it.

Qinglong filled their glasses and said with a smile, "boss Wu is really different. He is rich and powerful. He can persist in studying hard and practice martial arts hard. It's really valuable."

"Flattery?"

"No, I never flatter the dragon."

"I didn't expect that the green dragon who doesn't flatter will praise others, ha ha..."

"Boss Wu is hardworking, studious and open-minded. He is bold and resourceful. I admire him from the bottom of my heart." Qinglong said here and raised his glass again: "dry!"

"Dry!"

Wu Tian drank a large mouthful of white wine and couldn't help but ask: "you said that I have so many advantages. What are my shortcomings?"

"The biggest drawback of boss Wu is that he doesn't understand women's mind."

"Do you understand?"

"I..." Qinglong grabs his head awkwardly, "I don't understand."

"You don't understand it yourself. You still teach me a lesson. You'd better drink your bar. Ha ha..."

CHAPTER 80:

Wu Tian and Qinglong continue to drink and go to bed late.

In the morning of the next morning, Wu Tianshui was awakened by a rush of cell phone ring. He felt out his mobile phone and saw that the caller ID was a strange local number.

Hesitated for a few seconds, then connected to the phone, said to the mobile phone: "Hello, Hello, who are you looking for?"

"Brother Xiaotian." On the other end of the phone came the girl's voice of jiaonuo, which was so wonderful as the crisp Yingjiao Ming.

"You are..."

Wu Tianyi didn't recognize it for a while.

"Hee hee!"

There was a burst of hearty laughter on the phone. After laughing, the girl only said, "brother Xiaotian, why can't you even hear my voice?"

"You are Yang Lin Wu Tian recognized the voice on the phone.

This voice is not other people, it is his little sister Yang Lin who grew up together since childhood, a cute little girl.

Hearing this familiar and clever voice, he felt very happy, and his memory flew back to the hour later.

Soon, Yang Lin's complaint came from the phone: "I thought my brother had forgotten me!"

"Even if I forget the whole world, I will not forget the most lovely sister Yang Lin in our family." Wu Tian flattered him and then asked, "how do you know my mobile phone number?"

The previous number has been shut down. This is his new mobile phone number.

"I inquired about it for a long time, and finally I inquired from Aunt Wang."

"Is it?"

"Brother Xiaotian, you haven't come back to see me for a long time."

"I'm sorry, I've been too busy lately." Wu Tian explained, and then asked, "lin'er, do you have anything to do with me?"

"Oh, by the way, your old house needs to be demolished. I can't get in touch with your family. I can only call you."

"Demolition?" Hearing this, Wu Tianming was somewhat surprised.

I didn't expect that my old house in the suburbs should be demolished.

In the past, I was looking forward to the stars and the moon, and I was looking forward to my house demolition, hoping to get a large amount of demolition money.

But now that he was told that the demolition was to be carried out, he was extremely calm, without any trace of excitement.

Today is different from the past.

His current status and status, not poor money, demolition money that little money, he simply do not look up to.

"Yes, brother Xiaotian, please come back and deal with it." At the other end of the phone, Yang Lin's voice has always been cute, full of vitality.

"Well, I'll ask for leave and come back in a moment."

"Brother Xiaotian, I'm waiting for you at home." On the phone, Yang Lin's voice is obviously a little excited.

"Just came back to see our lovely little Yang Lin Wu Tian said this and hung up his cell phone.

Then, he dialed Muran teacher's phone, a pair of clever language airway: "teacher mu, I want to ask you for a day off."

"Why are you off?"

On the other end of the phone, Mr. Mu's voice was still so severe.

In front of the students, she always carries the teacher's airs, high above, serious.

"I have something to deal with back home." Wu Tian perfunctorily said that he didn't want to explain the demolition of his hometown to the teacher so clearly.

"Deal with what?"

"At home."

"As a student, you should focus on your studies. Let your family deal with family affairs. Your task is to study hard..."

Muran chattering education up, a say is endless.

Wu Tian was a little annoyed and couldn't help interrupting: "Mr. mu, last time I was in the office, I accidentally touched Mr. Mu's body..."

"Shut up!"

Mu Ran's tone suddenly became excited and whispered, "isn't that something that you don't mention?"

Mention that matter, Muran teacher showed a bit of a little woman posture.

"My mouth is not very tight. If Mr. Mu has to force me to go to school today, I may say something wrong." Wu Tian swallows saliva and bravely says to the telephone.

"Son of a bitch, are you threatening me?"

"I dare not."

"You..." Silence for a long time, Muran just angrily threw out a sentence: "forget it, since you have something today, then I allow your leave."

"Thank you, Mr. mu."

"Don't talk about it again."

"Well, I'll take your advice." Wu Tian said this and hung up his mobile phone with a smile.

Although Mr. Mu is usually ferocious, in fact, he is very conservative. He is afraid that unexpected ambiguous contact with his students will spread out.

After calling, Wu Tian got up to wash his face and brush his teeth. Then he went to the supermarket outside to buy some presents, and he took Qinglong back to his hometown.

It was intended to let uncle Fu take them back.

However, considering Haohao's holidays these days, Wu Tian arranges uncle Fu to accompany his wife and Haohao to travel together.

In this way, he went back to his hometown by car with Qinglong. My hometown is located in Qingshan street, the largest village in Dongcheng District. There are low-rise buildings everywhere. The environment is extremely dirty and messy.

There is no big change here, but the surrounding environment is worse, and the stinky garbage is very pungent.

The neighbors who live here are still there. When they see Wu Tian, they say hello to him one after another.

Seeing these old neighborhoods and neighbors, Wu Tian's nose is a little sour.

Living in this place for such a long time, I have already had feelings that are hard to give up.

Walking along the old roadway for a distance, Wu Tian stops in front of a low courtyard.

This is the old house of his family, which has gone through countless years of ups and downs, and still can not stand.

He reached out and pushed open the door. There were several big trees in the yard, beside which there were some big stones that had been ground flat.

Five hours later, Wu Tian often played on the big stone, which he had climbed into.

"Hoo!"

Looking at the familiar environment in the yard, Wu Tian raised his head and took a long breath. His dark thoughts surged in his heart.

All the beautiful memories of childhood emerge in the brain, and the whole person seems extremely excited, even some excited.

After walking around the room, Wu Tian found that a letter was pressed on the cabinet with

inkpad, which was covered with thick dust.

He picked up the letter and opened it. He found that it was his father. To be exact, it should be a letter left by his adoptive father.

Because I learned from my grandfather that his father was not his own father, but someone arranged by his grandfather to take care of him here. His parents had already passed away.

Open the letter and see the following contents:

"young master, when you see this letter, you must have known the truth. Yes, I am not your biological father, but your adoptive father. I will stay here to take care of you according to the instructions of the father and son..."

"Getting along with the young master made me realize the value of kinship. This period of time is the happiest Shi Guang in my life."

"I can't bear to leave the young master, but I can't help but do so. I hope that the young master can make great progress in the rest of his life and live up to his cultivation and expectation."

"When the young master becomes famous, I hope to have a chance to see you again..."
