"Uncle, what are you doing?!" Ji Youyou screamed. She was so frightened that she shrank back into a corner with a look of terror upon her face.

Zhang Han had already climbed onto her bed and with a dissolute smile on his face, he said, "Youyou, I never realized this before, but you look so gorgeous. Since somebody has bedded you in the city, I can do that as well, right? Don't worry, I'll definitely treat you well..."

"Ahh! Don't come near me!" Ji Youyou shouted in panic and continued screaming at the top of her lungs.

"How dare you scream?!" Zhang Han was enraged, not expecting the timid Ji Youyou to put up such a strong fight. Thereafter, he quickly gave her a slap to the face. "Who allowed you to scream?! Who let you do that?!"

*Slap! Slap! Slap!*

Ji Youyou was seeing stars by now; she was so terrified that she hugged her body tightly as tears streamed down her face.

"Do you have a deathwish?! You have slept with so many men in the city, yet you

## Chapter 181 Yin Number One Is Going to Die

pretend to be a chaste woman in front of me?! Don't think that I don't know what happened to you. In fact, I knew what happened ever since you returned for the past few days; you had the same appearance as your mother back then. After she was bedded by so many men in the city, they treated her like a pair of used shoes and abandoned her. Don't think I can't tell from your appearance! I can't believe that you would let the people in the city take advantage of you, yet you refuse to allow me to do that!" Zhang Han grabbed her wrist and pulled her toward him. At the same time, he ripped her shirt apart. "I'll bed you today and nobody can stop me!"

"Uncle... Please don't! I beg you, please let me go..." Ji Youyou cried as she tried to hold onto the singlet on her upper body.

"Beg me? If you want to beg for mercy, then you should satisfy me first..." Zhang Han gave her another slap and pried away her hands.

"No!" Ji Youyou cried bitterly. She had lived here since she was a child, and although her aunt was mean to her, and her uncle would beat her up occasionally, they had never done this to her before.

## Chapter 181 Yin Number One Is Going to Die

What Ji Youyou did not know was that back then when she wore a mask to cover up her face, her uncle would look at her acne-covered face in disgust. In addition to that, she did not return home ever since she went to university. But during her one year absence, her overall appearance had improved by leaps and bounds.

Because of that, Zhang Han was getting more excited by the minute.

“Zhang Han, what are you doing?!”

At this moment, Li Chenghong ran back with her daughter, Zhang Ying, when she heard screams coming from the house.

Zhang Han turned his head to see Li Chenghong with a ferocious look on his face. “She tried to seduce me! Do you think I can help it? I have provided for her for so many years, and yet she wouldn’t allow me to sleep with her for just one night? Since she is going to be Li Laocai’s son’s woman soon, it would be a waste if I don’t bed her first!”

“Let go of her!” Li Chenghong was pissed.

“Aunt Li, please save me!” Ji Youyou wailed.

## Chapter 181 Yin Number One Is Going to Die

“Get lost! If you continue to meddle in my business, I will kill you!” Zhang Han kicked Li Chenghong away.

Li Chenghong fell onto the floor, her face looking flushed and pale at the same time.

“Mom!” Zhang Ying quickly helped Li Chenghong up.

“Aunt Li...” Ji Youyou was so frightened that she shrank back to the corner of the walls again.

“It is useless to call your aunt!” bellowed Zhang Han as he gritted his teeth and grabbed Ji Youyou.

Li Chenghong’s expression underwent a series of changes, thereupon she looked at Ji Youyou’s face and spat at her. Following that, she pointed at Ji Youyou with a stern expression on her face and yelled, “Ji Youyou, I can’t believe you learned how to seduce other people’s husbands after being in the city for more than a year. You reap what you sow, so accept this as your retribution!”

“I did not seduce him!” Ji Youyou cried bitterly.

## Chapter 181 Yin Number One Is Going to Die

Li Chenghong turned around and left while dragging her daughter away.

Ji Youyou lost all hope in that instant and fell into a daze. Seeing this, Zhang Han laughed. "You lecherous b\*tch, let's see who else you can turn to for help this time!"

"Please don't!" Ji Youyou screamed shrilly.

Her screams penetrated the walls of the house and could be heard outside.

Yin Number One, who was standing outside the courtyard, was shocked when he heard her screams. He quickly pushed away Zhang Lian, who was blocking the entrance, and rushed inside the house.

"What do you think you are doing?" Zhang Lian's expression changed dramatically. "Dad, somebody entered our house!"

Yin Number One ignored all these as he kicked down the door, only to see Zhang Han ripping off Ji Youyou's clothes.

"You're going to hell for this!" Yin Number One bellowed in rage through gritted teeth and launched himself toward Zhang Han.

Zhang Han turned his head and was scared out of his wits when he saw Yin Number One's figure. "Who are you?!"

Yin Number One's kick landed directly on Zhang Han's crotch, and the force of the kick sent him flying before slamming against the door. Then, with one hand, Yin Number One grabbed his hair and slammed his head against the door frame.

"Miss Ji!" Yin Number One ignored Zhang Han for the moment and quickly turned to Ji Youyou.

With that single glance, Yin Number One felt his entire head was going to explode.

Ji Youyou's entire body was covered with wounds, and some of the blood in the wounds were starting to congeal. It was shocking to look at, especially the wounds at the back of her hands; they looked like they were starting to fester.

"This..."

"Yin Number One!" Ji Youyou recognized him and cried out, thereafter she tried to reach out her hand to grab his sleeve.

"Don't worry..." Yin Number One's eyes

## Chapter 181 Yin Number One Is Going to Die

were bloodshot.

“You are courting your own death!” Zhang Han had pulled himself up by now. The pain in his crotch was unbearable; he was afraid that he would be rendered impotent from the kick earlier. “Zhang Lian, go and call for help quickly! Call Li Laocai’s men here and tell them that somebody is here to snatch his daughter-in-law!”

Yin Number One gritted his teeth and gave Zhang Han another kick. This time, the kick sent Zhang Han flying out of the house.

“How dare you touch me?! How dare you?!” bellowed Zhang Han.

“Miss Ji, let’s go.” Yin Number One was starting to tear up. Even though he was a muscular man in his thirties, he couldn’t help but feel distress after seeing the way they treated a young lady like her.

At the moment, a series of footsteps were heard outside the house. Li Laocai’s men came running back although they had just left!

Yin Number One’s gaze was cold when he launched himself toward them. He then

## Chapter 181 Yin Number One Is Going to Die

whipped out a dagger from his ankles and slashed the person who was in front of him.

Zhang Lian's face turned pale as the dagger slashed toward him. However, Zhang Lian was nothing more than a sacrificial lamb in Yin Number One's eyes.

His dagger had ripped Zhang Lian's abdomen open in an instant.

"Zhang Lian!" Zhang Han's eyes widened as he screamed.

"Zhang Lian! Oh my God, my son!" Li Chenghong was scared out of her wits.

"You must beat him to death, Li Laocai! He wants to snatch away your daughter-in-law! Come quickly and beat him to death!" Zhang Han quickly shouted when he saw that Li Laocai wasn't moving at all.

"Beat him to death! How dare he hurt my son?! I want him dead!" Li Chenghong looked at Yin Number One ferociously as she screamed.

*Bang! Bang! Bang!*

At that moment, three gunshots were fired,

## Chapter 181 Yin Number One Is Going to Die

and it was akin to an explosion in the courtyard.

Yin Number One had already jumped away the moment Li Laocai raised the gun in his hand. However, the other two bullets had already found their mark on his body. Although it was a homemade gun from the village, its firepower wasn't something to be trifled with.

"Yin Number One!" Ji Youyou's eyes widened.

"How dare you snatch my son's wife?! I'll kill you!" Li Laocai huffed as he took a step forward and stepped on Yin Number One's head with his gun pointed toward the latter's skull.

"Stop!" Ji Youyou screamed as she rushed out of the room.

Li Laocai lifted his head with a ferocious look on his face as he glared at Ji Youyou. "Stop where you are now and don't move! If you dare to move, I will kill you immediately!"

Ji Youyou started to tremble.

"Ji Youyou, how dare you move?! Li Laocai already ordered you not to move. How dare you disobey his orders? Are you trying to get us all killed?" Zhang Ying was so frightened that she started to cry. She looked like a mess.

The gun in Li Laocai's hands was pressed against Yin Number One's head as he glared at him ferociously. "Who is he? How dare he act so brazenly in Yellow Ocean Village?! How dare he try to snatch my daughter-in-law?!"

"He must be somebody in the city that she..." Zhang Han started cursing.

"He is her lecturer in the city!" Li Chenghong reacted as she held onto Zhang Han with an anxious look on her face. "Ji Youyou must have notified her

lecturer, otherwise why would he be here? You know, kids in the city are wild and intelligent. She might be thinking of going back there to study."

"She wants to go back to study?" Li Laocai's face started to twitch. "What is the point? Can you make a living out of studying? You guys are all a bunch of good-for-nothing people. All of you are courting your death!"

"Please let him go! I beg you! Please!" Tears started to stream down Ji Youyou's face.

Yin Number One gritted his teeth as he sucked in a deep breath and said, "Miss Ji, you shouldn't beg anyone. As soon as the Young Master arrives, this group of people will meet their death..."

"How dare you speak?!" Li Laocai stepped on Yin Number One's head. "Did I give you the permission to do so? Believe it or not, I will kill you now!"

"If I die, you might regret it for the rest of your life..." Yin Number One spat out some blood.

"Regret?! Hah! I have never regretted a

single thing in my life!" Li Laocai gnashed his teeth together fiercely as he started crushing Yin Number One's face. Then, he said in a vicious manner, "You will rue the day you tried to make me regret my decision! Lock him up in the water prison! I want to see how he would make me regret doing that!"

"Ok!" Zhang Han quickly nodded his head.

Ji Youyou collapsed on the floor in that instant with a look of despair on her face.

Li Laocai finally turned his head and glared at Li Chenghong. "Let me tell you this. I want her as my daughter-in-law and that is final. I will ask my men to take her away in a week as it is the best time to get married. If anything happens to her, your whole family shall die!"

Zhang Han looked pale as he quickly nodded his head. "Yes! Ok! We will make sure nothing happens to her. We won't let anyone harm a single hair on her body."

Li Laocai turned his head as he licked the corner of his mouth. Then, he walked outside.

Yin Number One was tied up by several

## Chapter 182 Ji Youyou Is Getting Married

people as they dragged him outside like a dead dog.

Yin Number One would not end up in this miserable state under normal circumstances, however he did not expect the people in the village to have guns with them. They really were a bunch of insane people.

Dawn broke as rays of sunlight flitted through the windows, bringing about an extraordinary sense of warmth.

Tang Yin had just awoken. Following that, he tried to call Yin Number One again.

“The number you have dialed is not in service...”

Tang Yin hung up the phone. He had a bad feeling about this as he quickly called Pei Ruo’s number.

“Have you sent your men to find Yin Number One yet?”

“I sent Scorpio over two days ago. There is still no news from him,” answered Pei Ruo.

“Can you send more men over? I have a bad feeling about this. If there is still no

## Chapter 182 Ji Youyou Is Getting Married

news by this afternoon, I will go there personally,” said Tang Yin in a low voice.

“The jade exhibition will be held in the morning. You can’t delay it anymore. If you can’t wait, you should at least hold it off until the exhibition is finished before going there,” answered Pei Ruo.

Tang Yin nodded his head. Then, he hung up the phone and went to the washroom to clean himself up.

After everything was done, Tang Yin put on a suit and went downstairs.

Pei Ruo had already arrived the moment he drove his car out.

“This is the information that you need to go through for the jade exhibition this time. You can read through it first.” Pei Ruo sat in the driver seat and started the engine of the car.

Tang Yin glanced through the information. Eventually, he had a rough idea in his mind.

“After Tong Junyou took action, other than a few old, well-known jewelry stores—like Zhang Hanzhong’s Garden’s Jewelries—the rest of the jewelry stores have all been

## Chapter 182 Ji Youyou Is Getting Married

eliminated. Lin Liguó was lucky as he had obtained Tong Junyou's trust. Moreover, he was the one who led the overall operation," explained Pei Ruo to Tang Yin as she drove the car.

"Oh?" Tang Yin still remembered Lin Liguó. He did not expect Lin Liguó's luck to be that good.

"Most of the initiatives were taken by Lin Liguó for the jade exhibition this time. I heard that Master Lu is bringing his recent masterpiece here, and he has a high chance of placing first." Pei Ruo looked at Tang Yin as she said solemnly, "We must pay attention this time, otherwise we will be beaten down by our rivals. If that happens, Lin Liguó would stop at nothing to run us out of business. We would continuously be on the passive side..."

Tang Yin nodded his head, but his eyes looked dull.

The situation was indeed as described by Pei Ruo. If they could not obtain a good result in the jade exhibition this time, they would be on the passive side when it came to developing the jade artifact business in the future.

## Chapter 182 Ji Youyou Is Getting Married

Pei Ruo drove the car down the fly-over and stopped outside the entrance of the exhibition.

Tang Yin got down from the car and lifted his head to look at the exhibition center. Then, he nodded his head gently.

Tang Yin had been to this exhibition center a few times before, not as a participant of an exhibition, but purely as a tourist doing some sightseeing,

“It's on the third floor. You can go ahead first. Mr. Shen will arrive soon.” Pei Ruo got down the car and flung the work permit at Tang Yin.

Tang Yin put it on and walked inside the exhibition center first.

The exhibition center in Wuhan had always been a landmark in Wuhan. It had just been constructed in recent years, thus many basic facilities were available inside.

Tang Yin entered the exhibition center and saw several security guards and staff checking the working permits in an orderly manner.

He went through the security checks and

## Chapter 182 Ji Youyou Is Getting Married

arrived at the third floor.

The exhibition would start at 9 a.m., therefore Tang Yin was slightly early. There were only a few people at the venue, testing and setting up the equipment there.

Tang Yin walked to the front row and stood in front of an exhibition booth as he nodded to himself in secret.

Mr. Shen had long thought of participating in the jade exhibition. As such, he had reserved the best booth in this exhibition a long time ago. Moreover, Mr. Shen's reputation had boosted the popularity of this exhibition.

Just as Tang Yin turned around to call for Pei Ruo after taking a look at the booth, a dozen staff appeared in the distance.

The exhibition workers, who were led by a leader, walked to Tang Yin's booth. Then, the leader pointed at the booth and said, "This is the one. Tear it down and move it to the last row..."

Tang Yin was stunned. This was the booth for his store. How could they tear it down?

“Wait a minute!” Tang Yin quickly interrupted them. Then, he said, “Why do you want to tear down this booth?”

“What are you doing here?” The leader frowned. “This is the rules of our venue. Do we need to report to you if we want to tear it down?”

Tang Yin was stunned for a moment. “As far as I know, I spent a huge amount of money to buy this place...”

“You spent some money? Hah! Other than money, you have to see whether we are willing to rent out this space to you or not...” said the leader in a cold voice as he looked at Tang Yin haughtily. “Since this space belongs to you, I will notify you now. We cannot allow you to use this space anymore...”

“Wait a moment...” Tang Yin was pissed as he looked at Pei Ruo directly. “Pei Ruo, this booth...”

The moment the words were out of his mouth, Pei Ruo’s phone rang. She picked up her phone and looked at it. Then, she quickly answered the call. Her expression turned dark as the conversation progressed.

“What’s wrong?” Tang Yin sensed that something wasn’t right by the look on Pei Ruo’s face.

“Tang Yin, Scorpio has reported back. Ji Youyou is getting married today...”

Tang Yin was stunned. He stood completely still as iciness spread to his hands and feet. Blood gushed to his face, making him flush. "How is that possible? Ji Youyou hasn't even graduated. How is it possible for her to get married? Who is she marrying?"

"I..." Pei Ruo slightly moved her lips. "I'm not too sure about that. I heard that there's a thug in their village who forced Ji Youyou to marry him..."

As soon as Tang Yin heard the news, his face became solemn and he turned around to walk downstairs.

"Tang Yin, are you going there now?" Pei Ruo asked from behind him.

Tang Yin paused, clenched his fists and said, "I have to go! I'll leave everything here to you. I'm sure that you won't let me down!"

"Alright!" Pei Ruo nodded her head, a hint of melancholy flashing in her eyes.

Tang Yin's face turned paler as he ran downstairs with quick and heavy steps. By the time he walked out of the exhibition hall, he had taken out his phone and called

## Chapter 183 Forced Marriage

Pei He. "I need some men. The more, the better. Follow me to Yellow Ocean Village..."

"Roger that. The men will head there immediately!" Pei He knew something serious had happened judging from Tang Yin's anxious voice.

Tang Yin got into his car and floored the accelerator frantically. The high speed caused the car to almost drift and it flew toward the flyover.

Taking out his Bluetooth earbuds, he dialed Scorpio's number and asked through gritted teeth, "What's going on?"

"Young Master, the entrance of the village is blocked. I heard from the villagers that the son of the village thug is getting married today, and Miss Ji Youyou is the bride! Other than that, I also heard that a stranger, who came to the village a few days ago, was locked up in the water prison, and had been tortured there these few days. I'm guessing that person is Yin Number One..."

"Hold on, I'll be there in a minute!" Tang Yin took a deep breath, his face extremely dark.

## Chapter 183 Forced Marriage

A loud engine roar could be heard on the express highway.

Meanwhile, a majestic wedding ceremony was taking place in Yellow Ocean Village.

The bride was Ji Youyou and the bridegroom was the son of Li Laocai—Li Yanlin.

Li Yanlin had always been a problematic youth. A few years back, he was arrested for stabbing and crippling the son of the town mayor while drunk. Although Li Laocai had tried to use his connections with the authorities, Li Yanlin was jailed for three years. He was released only a few days ago.

It was all a coincidence that Li Yanlin bumped into Ji Youyou, who had rushed back from Wuhan in her dispirited state, on the third day he was released from prison. Ji Youyou wasn't wearing her mask at that time, thus her beauty attracted Li Yanlin at first sight.

According to the initial thoughts of Li Yanlin, he wanted to break into her house to bring her home by force. However, as soon as he thought of the suffering he experienced in jail for the past three years,

## Chapter 183 Forced Marriage

he gave up those thoughts and thought of proposing a marriage instead.

Li Laocai had some influence in the village. He was also involved in some dirty business so no one in the village dared to go against his wishes. Nevertheless, it turned out that Ji Youyou's family requested for 600,000 as a betrothal gift when Li Laocai went to propose a marriage for his son.

That night, Li Yanlin thought of abducting Ji Youyou from Zhang Family instead, but he was stopped by Li Laocai. Li Laocai said that there would not be a problem to send the 600,000 in betrothal gifts as the Zhang Family had to return the money too after the marriage. It was just like placing a deposit of 600,000 in the Zhang Family's hands.

Li Yanlin felt much better as he heard those words.

After a few days of being kept on the edge of his seat, the wedding day finally arrived.

A sweet melody played through the speakers of the village, filling every corner in the village.

## Chapter 183 Forced Marriage

In the Zhang Family's yard, Zhang Han turned his head away in anger after taking a glance at JiYouyou's room, a gloomy expression on his face.

For the past few days, due to the injury on his legs added with the threat he received from Li Laocai, Zhang Han didn't have the guts to touch Ji Youyou. He only gave her some food every day and didn't even bother to glance at her.

Now that she was about to be married off, resentment rose in his heart when he remembered that he didn't get to take advantage of Ji Youyou

"How's the preparation? Li Laocai's people are coming soon!" Zhang Han yelled impatiently.

"We're done! What are you rushing for?" Zhang Ying replied in annoyance as well and pushed the door open.

Ji Youyou sat in the room in a white wedding dress. She looked at herself in the mirror, tears pooling in her dull, soulless eyes.

"Don't waste any more time. They will be here very soon..." Zhang Han scolded.

## Chapter 183 Forced Marriage

*Slam!*

The door of the Zhang Family's house was kicked open by Li Yanlin from outside.

A suit hung crookedly on Li Yanlin's frame, making him look like a loafer. As soon as he walked through the door, he scolded, "Where is she? Are the people here all dead? Come out now!"

Zhang Han quickly forced a smile. "She is fixing her make-up..."

"Make-up my \*ss!" As Li Yanlin mumbled, he entered the room and his eyes lit up immediately when he saw Ji Youyou, who was sitting on a stool.

Even though Ji Youyou looked washed out from the ill-treatment she had received these few days, her flawless temperament made her look outstanding compared to the millions of beauties.

Ji Youyou was wearing light make-up. Her large glistening eyes would easily make all men fall in love with her.

"Wow, look at my pretty woman!" Li Yanlin grinned and grabbed Ji Youyou's wrist at once.

## Chapter 183 Forced Marriage

Ji Youyou trembled and looked flustered. She quickly stood up and took a step backward.

“Do you want to die?” Looking at Ji Youyou’s recoiling figure, fury immediately rose within Li Yanlin. He raised his hand and slapped her face.

The loud sound of the slap seemed to make the walls tremble.

“Ah!” Ji Youyou shivered tremendously and fell limply onto the ground at once.

“It’s an honor to be chosen by me! How dare you want to get away from me? Who gave you the permission to do so?” Li Yanlin growled angrily at her.

Her body trembled and she shrank in the corner in fear. Tears had filled her eyes, and she muttered, “Money...”

“Money? Are you still thinking of money?” Li Yanlin smoldered in rage. He raised his leg, about to kick her.

“Young Master Li, this...” Zhang Han quickly went over. With a forced smile, he said, “Well, it’s your wedding day today. It’s not good for you to start a fight here!”

## Chapter 183 Forced Marriage

Besides, I've talked to your father about the betrothal gift..."

"You only think of money..." Li Yanlin scolded and turned to tell the men beside him, "Take out the money!"

A man came forward and threw a box onto the ground. Piles of notes could be seen in the box.

A jubilant expression burst out on Zhang Han's face. He pounced forward to grab the money immediately and laughed foolishly. "Young Master Li is certainly a trustworthy fellow! You really are a man of your word!"

"Follow me..." Li Yanlin didn't bother to look at Zhang Han and kept staring at Ji Youyou coldly.

Ji Youyou looked at the money with the tears swirling in her eyes. "500,000 of this money belongs to me. I want to clear my debt..."

"Clear your debt? Our family deserves all this money since we have been raising you for so many years. And you still think of using this money to clear your debt? Are you crazy?!" Zhang Ying exclaimed, her

Ji Youyou trembled as she heard those words. Tears streamed down her face as she said, "We came to an agreement before this. I want to pay off the debt with this money..."

"Pay your \*ss! All this money belongs to me!" Zhang Han scolded and quickly kept all the money.

Ji Youyou felt a buzzing in her brain and everything turned dark before her eyes.

*How could this be?*

She was the one who requested for the money because she wanted to return it to Tang Yin. How could these people be so unreasonable?

"Keep it quick!" Li Hongcheng added on at the side.

Tears swirled in Ji Youyou's eyes and she said, "Aunt Li, if you insist on taking all the money, then I won't marry him!"

"You're not going to marry him?" Li Chenghong was stunned.

"Not going to marry me?" Li Yanlin's eyes widened and fury flashed in his eyes. "Who

## Chapter 184 Scorpio in Wuhan

are you to decide whether or not you're going to marry me? I'm already here and now you f\*cking say that you don't want to marry me? Are you pulling my leg? Damn, even if you die today, you have to do that on soil belonging to the Li Family ..."

As he finished his words, Li Yanlin grasped Ji Youyou's hair brutally and dragged her out of the house.

"Ah..." Ji Youyou felt her scalp hurt from having her hair pulled violently and screamed in shock.

"Yes, drag her away!" Zhang Han roared angrily.

"That's right. We don't have such a person in our family..." Zhang Ying added.

With a smirk on the corner of his lips, Li Yanlin dragged Ji Youyou out of the courtyard all the way from the house.

When the villagers saw this scene happening in front of them, they frowned and their expressions turned stony. They had seen brides who cried when they left their houses, but they had never seen a bride who was dragged out by her hair.

## Chapter 184 Scorpio in Wuhan

Looking at this scene, many of the villagers felt sorry for her.

“Get into the car; we’re going home!” Li Yanlin pushed Ji Youyou into the car by her hair and even kicked her twice before the car left.

Her body littered with bruises, Ji Youyou’s spirits were even more crushed than before.

The music played again as the bride got into the car.

Besides Ji Youyou, the whole village seemed to be shrouded by a jubilant atmosphere.

Standing outside the village, Scorpio’s face was tremendously gloomy. After taking a glance at the time, he began to feel nervous. About one hour had passed, yet Tang Yin was still not here.

“Mr. Scorpio...” A man who ran out from the village. “Mr. Scorpio, I heard from the others that someone dragged Miss Ji Youyou out from the house and they are heading back to the Li Family’s house for the wedding vows ceremony...”

## Chapter 184 Scorpio in Wuhan

“Wedding vows?” Scorpio jolted in shock. He said fiercely through gritted teeth, “These people have to die!”

“What should we do, Mr. Scorpio?”

Scorpio stared at the distant village seriously and grinded his teeth. “Fellow comrades, since we’ve accepted this case, we can’t leave without finishing the job! Before we left, we had vowed to do our best in front of Mr. Pei! As long as we’re doing this type of business, we have to carry out our promises!”

“Mr. Scorpio, we have not more than twenty people here while the opponents have so many people there! Moreover, I saw some of them even have their men guarding them.” one of the lackeys voiced out.

Scorpio’s face turned dark and said, “You may go back now if you don’t wish to follow me. My principle is to do whatever I have promised; only then I can face my own conscience for being in this industry!”

“Mr. Scorpio, I’m with you...”

“Mr. Scorpio, I’ll follow you!”

## Chapter 184 Scorpio in Wuhan

“Whoever wants to follow me, get into the car! Otherwise, leave now!” Scorpio didn’t make things difficult for anyone. He only got into a MPV and sat at the driver seat. Licking the corner of his lips, he started the car.

The whole village was completely sealed off as if standing guard. Hence, Scorpio increased the speed until it could go up no more and rushed to the village at maximum speed the whole way.

*Terrible things might happen if we arrive late.*

He knew how important Ji Youyou was to Tang Yin, and he was very clear about what he should do about this matter.

“What’s your business here?”

“Stop. You better stop the car now...”

At the entrance of the village, two men stood in the way and pointed at Scorpio with the wooden sticks in their hands.

Scorpio smirked evilly. “Brat, knock it off! It’s useless to play all these tricks on me...”

As soon as he finished his sentence, he

## Chapter 184 Scorpio in Wuhan

floored the accelerator and the car dashed toward them at lightning speed.

“Stop the car...”

Scorpio had no intention to do so; he directly smashed through the wooden fence to enter the village.

“Men, how long has it been since we had a little action? Ready your weapons! We’re going to check out this village and make a huge fuss here today!” Scorpio laughed heartily as the car sped into the village.

“Where did this car come from?”

“Why is it so fast?”

“Who is so rude as to barge in with a car while the Li Family is having a wedding ceremony here today?”

Everyone saw the MPV dash into the village swiftly, heading straight toward the courtyard of Li Laocai’s house.

“Who’s that?”

“What is he doing here?”

“He’s f\*cking courting death! How dare he

barge in here with his car?"

The crowd in Li Laocai's courtyard burst into chaos. Li Laocai came out, his whole face trembling in fury.

Scorpio sneered and kicked open the car door. Holding a watermelon knife in his hand, he looked up at Li Laocai. "The only reason I'm here is to remind your family that Miss Ji Youyou is not someone who you disgusting b\*stards can lay your filthy hands on as you wish..."

"Who the f\*ck are you? I haven't heard of anyone in Yellow Ocean Village whom my family has no right to marry!" Li Laocai sneered. Knowing that something was off, he signaled at the men around him.

A group of men besieged Scorpio, brandishing all kinds of weapons.

Scorpio gave an evil smile after looking around and took a few steps forward. "Li Laocai, is it? You don't have to know who I am. Release Ji Youyou immediately, and I might spare your life..."

"Who the hell are you? Why would I release her just because you told me to? If you can't give a satisfying explanation, don't

## Chapter 184 Scorpio in Wuhan

you ever think of leaving this courtyard alive..." Anger rose in Li Yanlin and he walked out with a kitchen knife in his hand too, looking as if he was going to chop someone up.

"I, Scorpio from Wuhan, want you to let her go now!" Scorpio's facial expression hardened. He raised his knife and pointed it at Li Laocai.

Li Laocai grinded his teeth angrily and asked, "Who the f\*ck are you?"

"I'm asking you one last time—are you going to let her go?" Scorpio's face turned extremely stern.

The entire courtyard turned silent. Countless gazes were fixed on him, wondering who this busybody was.

"I don't care who he is! Even if he's the king of heaven, I'll kill him too..." Li Yanlin couldn't hold in his anger anymore and roared furiously.

"Since you don't want to let her go, all of you are going to die!" Scorpio squinted his eyes.

"Let her go your \*ss! Attack!" Li Yanlin

## Chapter 184 Scorpio in Wuhan

growled and sprinted forward, kitchen knife in hand.

“Damn!” With an angry roar, Scorpio swung his knife at Li Laocai.

Li Laocai stepped backward frantically, rage seeming to burst from his eyes. “Get all your weapons and slaughter these people! F\*ck you! How dare you to seek trouble here? I don’t care if you really are from Wuhan. I have so many connections in Wuhan. Even if you are killed here today, no one in Wuhan would dare to comment on it too...” Li Laocai yelled loudly.

Armed with weapons, the surrounding men rushed toward Scorpio with fierce expressions.

A man came forward to block Scorpio from approaching Li Laocai, but he was cut severely as soon as he went near Scorpio. Li Laocai finally couldn’t help himself from pulling out his gun. “Son, give a call to Mr. Yu in Wuhan and ask him to help us. I’m going to kill this brat today!”

*Bang...*

The sound of a gunshot sent shivers down to everyone’s spine in the courtyard.

Handmade pipe guns were chunky and occasionally burdensome. The only upside to it was its power.

Under this situation, Li Laocai's gunshot managed to scare everyone in the area.

Scorpio was completely focused on kniving him. When Li Laocai raised his gun, Scorpio had already ducked down next to Li Yanlin. Although Scorpio was quick to react, he was still slower than the gun.

Although he ducked to the ground, the bullet still managed to tear through his shoulder, splattering blood all over the scene.

"Mr. Scorpio!"

"Mr. Scorpio..."

"This bunch of f\*ckers!" Scorpio's bloodshot eyes widened with rage. His hand reached out to Li Yanlin's ankle and he pulled him to the ground as well.

Li Laocai did not have enough time to reload his pipe gun. He roared, "Kill these f\*ckers! I'll take full responsibility if anything happens! Get more men over; I want all of them dead!"

## Chapter 185 Got Into A Big Mess

His men started rushing over to grab Scorpio.

Slashing up to four men with his knife, Scorpio staggered back. Li Yanlin broke out of his grip and immediately rushed back to his house.

The best thing to do right now was to call for backup.

“I want him dead!” Li Laocai roared. He realized that the men that Scorpio brought were better than his men.

After all, they were mostly involved in gang activities in Wuhan. Naturally, they would be more ruthless than these village gangsters.

In less than five minutes, more than seven men had fallen. The ones left over were starting to hesitate before attacking.

*These people are really gutsy, putting their lives on the line.*

“Kill them! I want all of their heads!” Li Laocai’s hands were trembling as he reloaded his pipe gun as he howled, “Get more men! I want everyone in the village here! No one shall be exempted from this!”

## Chapter 185 Got Into A Big Mess

Someone ran out of the courtyard and started shouting, seemingly looking for more men to join the fight.

Scorpio continued stabbing more men. His stoic expression along with the blood splattered on his face from when he pulled out his knife from countless bodies made him look like the devil's incarnate.

There were too many people in the courtyard. No matter how many men they injured, more of them kept on coming.

Finally, Li Laocai finished reloading his pipe gun and lifted it.

"Watch out!" Scorpio roared.

Li Laocai gritted his teeth and started aiming. Then, he pulled the trigger with a bang.

He did not aim at Scorpio, for he knew that Scorpio had great reflexes and he might miss. Hence, he aimed at someone else instead.

The bullet landed on another person's neck, blood spurting like a geyser as his neck became a piece of badly mutilated flesh.

## Chapter 185 Got Into A Big Mess

“Yao!”

“Yao!”

Scorpio felt his world crumbling before him. He watched as Yao fell to the ground after getting shot, choking on his own blood.

“Yao!” Scorpio roared, his entire body shaking badly.

“Yao...”

Everyone left was enraged. Their expressions changed when they saw what happened.

“God damn it! I want these f\*ckers dead!” Scorpio exploded. He stabbed a man in the stomach before yanking the knife out and sending it into the body of another man.

“Who let you act all obnoxious here?! Tell me who! You’re all going to die! Die!” Li Laocai started reloading again as he cursed, “You dare to mess with Yellow Ocean Village?! You’re all going to die!”

“It’s over for you—none of you will live today!” Scorpio slowly took his knife and

glared at Li Laocai as he said word by word.

Li Laocai got sudden chills when he stared into Scorpio's eyes. Although he had experienced many dangers before, he still got chills when he looked into those eyes.

Right at that moment, Li Yanlin ran out from the house. "Father, Uncle Cheng wants to speak to you..."

Li Laocai was taken aback; his hand trembled as he reloaded his gun and he took the phone. "Mr. Yu, some men came over to stir up trouble at Yellow Ocean Village. I need your help—"

"Tell me who the f\*ck went over?!" Yu Chengguang roared from the other side of the phone.

Li Laocai immediately tensed up. "H-He said his name is Scorpio and he's here to take my daughter-in-law, Ji Youyou, back..."

"Scorpio? Ji Youyou?" Yu Chengguang's voice was cold and distant. "You better start begging on your knees and lay in that grave that you have dug yourself! You better not drag me into the mess that you've caused! Don't put the blame on me

## Chapter 185 Got Into A Big Mess

when you're the one causing it!"

"Mr. Yu..." Li Laocai was taken aback.

However, Yu Chengguang had already hung up.

Li Yanlin was confused too. "Father, what is wrong with Mr. Yu?"

Li Laocai looked grim as he gulped. "Son, I think we might have offended people we shouldn't have..."

Li Yanlin had a sudden shiver. "Father, I met this man named Wang Hao a few days back. Let me give him a call..."

Li Laocai was still in a trance.

Li Yanlin made the call. "Mr. Wang, something happened. A Scorpio from Wuhan came over to get my fiance, Ji Youyou..."

"Ji Youyou?" Wang Hao freaked when he heard that name. "I don't know you at all. If you let it leak that I was involved I will destroy your entire family!"

"Mr. Wang! Mr. Wang?" Li Yanlin was confused, however Wang Hao had already

hung up on him.

Li Laocai was shaking. Overhearing his son, he finally realized that he had got into trouble.

"Father, what should we do?" Li Yanlin turned pale.

Li Laocai gulped, murderous intent flashing through his eyes. "What are you afraid of? Worse comes to worst, we kill everyone including Ji Youyou and flee."

"Yes! Kill them all and kill Ji Youyou!" Li Yanlin came back to his senses.

Li Laocai finished reloading his gun again. This time, he aimed at Scorpio.

Although Scorpio had fast reflexes, he became slower after fighting so many men for a long period of time.

"Die!" Li Laocai fumed, his face flushed. "Go to hell! Even if the grim reaper comes, he won't be able to touch me!"

*Bang!*

A gunshot rang after he finished his words.

Scorpio felt a sharp pain in his lower abdomen, making him stagger and fall. The lower half of his body was badly mangled.

“Mr. Scorpio!”

“Mr. Scorpio!”

Many of his men’s eyes reddened as they rushed forward to him.

Scorpio knelt on the ground while clutching his stomach, his face turning ghastly pale.

“Mr. Scorpio...”

“What are you guys afraid of?” Scorpio yelled, murderous intent filled his gaze. “We must honor Mr. Pei no matter what! If I really die here today, I will die with no regrets!”

“Mr. Scorpio!” The men’s eyes were all reddish.

“Since you have no regrets, I’ll let you die here today!” Li Yanlin rushed forward with a knife, the tip speeding toward Scorpio.

## Chapter 186 Crushing Someone To Death

Scorpio's expression changed abruptly as he tried to block the attack by grabbing the knife.

The blade slashed through his fingers and stabbed into his stomach. Although the wound wasn't deep, it added salt to his initial wounds.

Many other villagers started pouring in and threw kicks and punches at Scorpio and his men.

"You guys are so dead! When I die, I will bring all of you to hell with me!" Scorpio cursed, his face bloody.

"Who dares to curse me to death?!" Li Yanlin roared as he took his knife and swung it toward Scorpio with all his might.

If the knife hit its target, Scorpio would certainly die this time.

"Kill me? Who can kill me?" Li Yanlin bellowed, having gone completely insane,

Chapter 186 Crushing Someone To Death

his knife descending forcefully.

*Bang!*

Right then, one of the walls that ringed the courtyard was knocked over.

Many of the villagers who were still attacking Scorpio and the others jumped back from the wall's collapse.

Two Hummers stopped in front of the courtyard and more than ten men came out.

All of them wielded guns, their faces grim.

Tang Yin was the first to exit the car. His face was dark as his eyes swept his surroundings.

“Young Master...” Scorpio called out. He gave a melancholic smile before falling backward.

Tang Yin immediately ran to catch Scorpio,

## Chapter 186 Crushing Someone To Death

his eyes red. "Please, don't die; I still need you to be by my side when we conquer and experience every part of the world..."

Scorpio just gave a forlorn smile.

"Please don't go!" Tang Yin gritted his teeth, his heart aching with despair.

Scorpio's men were strewn all over the ground. More than three of them had sustained heavy injuries while the others, although not as severe, still sported various other injuries. The one who was hurt the most badly was Yao. That gunshot had nearly severed Yao's neck into two. Right now, he laid on the ground, breath no longer filling his lungs.

Tang Yin clenched his fists in anger and turned to Li Laocai.

Outside the courtyard, engine noises could be heard. Around ten more Hummers stopped at the entrance and more than a hundred men walked over.

## Chapter 186 Crushing Someone To Death

Right after that, around 20 vans stopped in front of Li Laocai's house, finally followed by 6 buses.

In no time, more than a thousand men had gathered around Li Laocai's courtyard, completely surrounding his house. All of them bore guns and were sizing up the people in the courtyard.

The villagers were dumbfounded. They had never seen a force as imposing as this. With more than a thousand people gathering around a courtyard, not even a fly had a chance at escape. Those with a little more courage dropped their weapons and wiped their cold sweat while the others fell to the ground, overwhelmed with terror.

Li Laocai suddenly recalled something. He started trembling and hurriedly tried to reload his gun. At that moment, Tang Yin rushed over to him in a flash and knocked him to the ground with a swift kick, causing his pipe gun to fly from his grip.

## Chapter 186 Crushing Someone To Death

“Get someone to tend to Scorpio and the others. I want you guys to surround the entire village.” Tang Yin’s voice rang as if the devil himself had spoken.

Li Laocai’s body shook. He tried to get up to hide in his house.

However, Tang Yin was one step ahead; he stomped on his feet, crushing them.

Li Laocai fell back to the ground, petrified. “W-Who are you guys? What do you guys want?”

“Me?” Tang Yin smirked, murderous intent clear in his gaze. “What do you think I want?”

“Please don’t... I was wrong... I know a few people in Wuhan...”

“Oh?” Tang Yin glared coldly. He grasped Li Laocai by his hair and lifted him up. “You know a few people? Who are they? Let me think... Do you know Tong Junyou? Pei

He?”

Li Laocai's face turned pale as he kept shaking his head.

“You don't know them?” Tang Yin clenched his fist. Then, he pulled Li Laocai's head and slammed it into the door frame.

With a loud bang, a huge hole was made in the wooden door frame. Blood gushed out of Li Laocai's head, but Tang Yin did not plan on letting him off hook yet. Grabbing his head again, he smashed him into the wall.

*Bang!* Fresh blood spilt onto the ground. Li Laocai's face was so bloodied he couldn't even open his eyes.

“Please don't...”

“Die!” Tang Yin grabbed his hair and sent his head into the wall again.

Li Laocai's body had gone limp after being

slammed into the wall for more than seven times, his eyes rolled back from the impact.

“Stop...please... I know powerful people too...” Li Laocai pleaded as his body trembled weakly on the ground.

“You know powerful people?” Tang Yin’s voice sounded like a monster’s..

“I...”

Before Li Laocai could finish, Tang Yin raised his leg and slammed it against his chest. “No powerful person you know will be able to save you today!”

“Argh!” Li Laocai yelled, the impact sending him rolling on the ground. He finally understood what Scorpio meant—the guy in front of him was merciless. It seems as if he didn’t plan to keep him alive.

“Talk, won’t you? Didn’t you say that you

## Chapter 186 Crushing Someone To Death

know some powerful people? Is the grim reaper one of them?" Tang Yin slowly raised his leg and slammed it down hard again.

*Crack!*

One of Li Laocai's ribs broke with a sickening crunch from Tang Yin's kick.

Li Laocai rolled on the ground in pain and pleaded, "I-I have done wrong!"

"Young Master..." Right then, one of the men came out of the house, supporting Ji Youyou who had been beaten up badly.

Ji Youyou's eyes were dull, her hair was messy, and she spotted an injury on her forehead from where she was hit by a cane. Her face was completely bruised and her arms were bloodied and battered. Although they were healing, it would most likely leave scars.

Tang Yin felt as if someone had punched

him in the gut when he saw Ji Youyou.

“Tang Yin...” Ji Youyou tensed when she saw Tang Yin. Tears started flowing as she wobbled and fell to the ground.

Tang Yin fought to keep the tears welling in his eyes from flowing as he rushed to pull Ji Youyou into his embrace softly. He was afraid that her body wouldn't be able to handle any more force and crumble into pieces.

“This is all my fault!” Tang Yin slowly patted Ji Youyou's back.

Ji Youyou relaxed as she huddled in Tang Yin's embrace and bawled.

Tang Yin took a deep breath and stared at his men. It took him a long time before he could finally get Ji Youyou to leave.

Li Laocai gritted his teeth in pain, cold sweat all over his forehead. He was terrified when he locked gazes with Tang

Yin.

“Not me... It wasn't me! It was the couple from the Zhang Family! They were the one abusing her! She was already like this when I brought her over; it really wasn't me!”

Even now, Li Laocai was still trying to put the blame on others as he howled for mercy.

“Get the couple from Zhang family over,” Tang Yin turned around and ordered.

Some of his men then left the courtyard and headed over to get the Zhang Family.

Tang Yin turned back and looked at Li Laocai. “Where is Yin Number One?”

“Yin Number One...” Li Laocai paused; he felt his heart drop, his eyes filled with utter terror.

“Yin Number One is in the water prison in

the garage..." one of the men came up and whispered.

Tang Yin looked toward the garage and saw someone carrying another figure out from the garage.

Yin Number One no longer looked human. His wounds were starting to rot from being immersed in the water for too long, giving off a putrid smell. The blood scab on his chest had already fallen off but was starting to get infected from going untreated for too long.

Tang Yin felt his heart break when he saw the state that Yin Number One was in. Yin Number One and Yin Number Two had been with him for five years already. Just a few days back, something had happened to Yin Number Two; now Yin Number One was in such a state.

"It wasn't me... This wasn't my fault. My son was the one torturing him these few days!" Li Laocai could see the murderous

glint flash across Tang Yin's eyes the moment he saw Yin Number One.

"No, it wasn't me!" Li Yanlin fell to his knees.

Tang Yin turned back and glared at Li Yanlin.

"I'm sorry! I'm sorry!" Li Yanlin knelt on the ground and kept on kowtowing in utter despair. "I didn't know Ji Youyou was your woman. If I knew earlier I wouldn't have laid a finger on her!"

Tang Yin slowly walked over to Li Yanlin. Although he didn't say anything, everyone could see that Tang Yin wanted to murder him.

Right then, one of the men walked in and whispered in Tang Yin's ear, "It seems like the villagers are extracting drugs..."

Tang Yin nodded; something else shone in his eyes.

"I really didn't know! Please give me a chance; I will do anything you ask me too!" Li Yanlin continued kowtowing, blood kept flowing from the wound on his forehead.

Right then, everyone in the courtyard was terrified. They didn't expect for Li Laochai and his family, who always acted high and mighty, to be so petrified. How could these villagers, who had been working in the fields all their lives, understand the

meaning behind Tang Yin's expression?

"I'm truly sorry. Please forgive me..." Li Yanlin cried.

Tang Yin grabbed his neck with one hand, his gaze cold. "I heard that... You hit Ji Youyou?"

"I-It wasn't on purpose! I really didn't know..." Li Yanlin looked petrified.

"Which hand was it?" Tang Yin lowered his gaze, his face stoic.

"I didn't—"

"I'm asking you which hand was it?!" Tang Yin gritted his teeth and applied more force.

"M-My right hand!" Li Yanlin felt suffocated.

Tang Yin grabbed his right hand and squeezed it hard. Then, a sickening crunch echoed throughout the lawn.

"Argh!" Li Yanlin howled like a pig up for slaughter.

Everyone in the courtyard blanched at his

miserable howl.

*How is he so ruthless?*

*Breaking someone's arm just like that?*

"You kicked her too?" Tang Yin narrowed his eyes.

"I..." Li Yanlin's voice was shaky.

Tang Yin raised his foot before slamming it down with full force onto Li Yanlin.

*Crack!*

"Argh!" Li Yanlin fell to the ground, convulsing. Tang Yin had broken his left calf with that kick. Beads of cold sweat formed on Li Yanlin's forehead as he cried out, "Please don't... Please! I will admit to everything! I beg you! I know I'm wrong. Please report to the police and let them deal with me!"

"You finally realized that you were wrong?" Tang Yin towered over him. "But that's no use though! You're already an adult. You should learn to take responsibility for your actions! Plus, I feel like calling the police is too kind a punishment for you..."

## Chapter 187 Evil Will Be Rewarded With Evil

"Don't come closer...Please don't!" Li Yanlin was scared sh\*tless as his body shook uncontrollably. He was in sheer terror. Li Yanlin had been the village bully ever since he was a kid. Even when he had stabbed the mayor's son, he wasn't terrified to this point.

"If I don't come closer, what's the point of me wasting my time coming over here?" Tang Yin slowly inched closer—looking for all the world like the devil himself—before planting his leg harshly on his chest.

*C-crack!*

Li Yanlin's entire rib cage was crushed. His eyes widened in disbelief but he could no longer inhale enough breath for him to even scream.

Tang Yin narrowed his eyes. The anger within him slowly subsided as he inhaled deeply.

Right then, the crowd outside the courtyard erupted into commotion. A man clad in black hurriedly took out his phone to record the scene and sent it.

*Tang Yin kicked someone to death!*

## Chapter 187 Evil Will Be Rewarded With Evil

If this news were to be spread out, it would surely make the headlines.

Among the crowd, someone pushed Zhang Han and his family into the courtyard.

Zhang Han stood in the front, followed by Li Lihong and lastly Zhang Ying and Zhang Lian.

All four of them looked ghastly pale when they entered.

Tang Yin turned around and gave them a look. "These people are from the Zhang Family?"

"That's right..." One of the men nodded lightly.

"How dare you guys bring us here! How dare you!" Zhang Ying accused, one of her hands holding a phone while she pointed at Tang Yin with the other.

Tang Yin tilted his head slightly when he noticed the phone in her grasp. "Where did you get that phone?"

Zhang Ying noticed that something wasn't right as she hid the phone behind her

back. "I'm asking you—how could you just drag us here? Do you even know where this is? What right do you have to take us all?"

Tang Yin was next to her in a flash. He grabbed Zhang Ying by her neck and lifted her up. "I'm asking you—where did you get that phone?"

"What do you want?!" Zhang Ying was shocked and terrified. Her face twisted with agony from Tang Yin's hand suffocating her. "What do you want?! This phone is mine!"

"Release my daughter! What are you doing?!" Li Chenghong pounced on him.

Tang Yin lifted his leg and slammed it mercilessly against Li Chenghong's stomach, causing her to fly and smack into the wall on the other side of the courtyard.

Li Chenghong spat blood from the impact. Her eyes lost focus.

"You—"

Tang Yin couldn't bother even sparing her a glance. Instead, he glared at Zhang Ying. "I'm asking you once again. Where did you

## Chapter 187 Evil Will Be Rewarded With Evil

get the phone?"

"M-My sister gave it to me!" Zhang Ying was so afraid all colour drained out of her face and her eyes reddened.

"That's impossible! How could she give away the present that I got her?" Tang Yin mumbled to himself. Then, a murderous glint shone in his eyes again. "Or was it you that snatched it away from her?"

"I didn't do anything..." Zhang Ying was so terrified of Tang Yin that she started shaking uncontrollably.

Tang Yin loosened his grip on her neck before grabbing her wrist abruptly.

*Crack!*

Zhang Ying's wrist was forcefully dislocated by Tang Yin. She howled in pain as she took a few steps back from him.

However, Tang Yin reached out and grabbed her by her hair and raised his hand, where it found its mark on her cheeks.

Continuous slaps landed on Zhang Ying's face. With each slap, her whole body

## Chapter 187 Evil Will Be Rewarded With Evil

trembled and her eyes clouded over.

The slaps echoed through the entire lawn.

Outside the courtyard, the man in black continued snapping pictures and sending them with his phone.

On the other hand, at Venture Capital Finance in Wuhan City.

Tong Junyou was looking at a contract when someone knocked and entered his office.

Secretary Qi came in and said dutifully, "President Tong, I have something that I hope you can take a look at!"

Tong Junyou was surprised. "What is it?"

"This!" Secretary Qi passed his phone over.

Tong Junyou scanned it before his eyes shone with interest. "Alright. I want you to contact every media outlet and get them to release this after twenty minutes at the same time. Get them to release it with a title along the lines of 'Rich tycoon bullying civilian: Who can get justice for them?'"

## Chapter 188 The Trap Was Ready

"Alright, I'll get it done!" Secretary Qi nodded.

Tong Junyou nodded and chuckled coldly. "As arrogant as always... Tang Yin. Here I thought you could be more patient so that you wouldn't expose your identity this year. Who knew you couldn't keep it in? I guess you can't blame me this time..."

As Tong Junyou chuckled, he turned to look at his contract with Rodan.

At Yellow Ocean Village, Tang Yin didn't realize that Tong Junyou had already made his move on him. Tang Yin held Zhang Ying to the ground and snatched Ji Youyou's phone from her.

"Do you like using this phone?" Tang Yin tilted his head as he gave Zhang Ying a cold stare.

Zhang Ying was terrified, her body trembling and cheeks swollen.

"I'm talking to you! If you like it that much, why don't I use it on you!" Tang Yin grabbed the phone and slammed it to her head, ripping a wound that was nearly two inches long.

"Argh!" Zhang Ying held her head, rolling back and forth on the ground.

Everyone in the lawn was so frightened; they did not dare to speak nor let out a single breath. Nobody expected Tang Yin to be so ruthless.

## Chapter 188 The Trap Was Ready

At this moment, a man walked toward Tang Yin's side and whispered something.

Tang Yin nodded and switched his focus onto Li Chenghong.

Li Chenghong shivered with fear as she met Tang Yin's gaze, her face turning pale.

"You lashed Youyou 93 times in total... Why don't I return 10 lashes with every lash you gave?" Tang Yin tilted his head as he gave the suggestion.

"Please don't..." Li Chenghong's facial expression changed drastically.

"Don't worry, you won't bear the punishment alone. Your whole family will be punished too." Tang Yin let out a sinister laughter before taking his cane and lashing on Zhang Lian's body.

"Zhang Lian! My son!" Li Chenghong cried out. She wanted to grab hold of Zhang Lian but Tang Yin had already pulled apart his clothing and swung the cane on his body, causing blood to splatter everywhere.

His flesh underneath was exposed as his skin was lashed apart.

With this stroke, Zhang Lian fell on the ground and howled in pain.

"My poor son!" Li Chenghong cried out.

Tang Yin raised his cane and swung it on Zhang Lian again.

"You fiend! You will get karma for this!" Li Chenghong brawled. She couldn't get up due to the pain in her stomach.

Tang Yin's kick on her was too harsh. It wouldn't be surprising if her organs were injured.

*Smack!*

The cane was swung again.

"Argh! Please let me go... I haven't done anything wrong!" Zhang Lian howled, crying out in pain.

Everyone was scared speechless. The timid ones would have peed their pants.

Li Yanlin was beaten to death while Zhang Ying was literally half dead. At this moment, Li Chenghong had sustained heavy injuries and Zhang Lian was being tortured into excruciating pain.

Glancing through the surrounding, Tang Yin brought down the cane once again.

*Smack! Smack! Smack!*

After this many strokes, Zhang Lian was close

to losing his life. Even if he survived, it would be hard for him to recover completely.

*What a fiend!*

*He's a real monster!*

Even those brought in by Tang Yin felt chills on the back of their heads.

Tang Yin gripped his cane and switched his focus to Zhang Han.

Zhang Han immediately fell onto his knees with *athud*. "I-I am Ji Youyou's uncle. I've raised her since she was young, so I deserve some credit from all my hard work. Please let me go!"

"Uncle? An uncle would prey on his niece?" Tang Yin accused.

Zhang Han's body went limp as he knew he was done for.

They had offended the grim reaper himself!

If he knew this would happen, he wouldn't have done what he did in the beginning no matter what.

*Smack!* Tang Yin whipped his cane on Zhang Han.

Zhang Han's flesh splattered apart from the lash as he howled in pain.

## Chapter 188 The Trap Was Ready

Tang Yin stepped on his chest as he took out his dagger. Aiming at his crotch, Tang Yin threw his dagger towards it.

“Argh!” Zhang Han shrieked in excruciating pain. The clarity in his eyes slowly faded as he lost his consciousness to the intolerable pain he felt in his crotch.

“If you can't control it, what's the point of having it?” With the cane in his hand, Tang Yin raised his arm and instructed his men, “I want everyone here to be caned! Not a single person can be exempted! Start canning now!”

His men huddled around everyone as he finished giving out his orders.

Li Laocai looked up in sorrow and despair. He knew there was no way he would survive this. So, he decided to muster all his energy before slamming his head right to the wall with a loud bang, and soon, blood started pouring.

Li Laocai suicided in the lawn. His eyes peering at Tang Yin in his final moment, as if to express his unwillingness to die under his hands.

Tang Yin was staring coldly at what happened with an indifferent expression.

*Everyone here deserves to die!*

“Are the police here?” Tang Yin handed the cane to a man next to him.

## Chapter 188 The Trap Was Ready

"They're on their way!"

Tang Yin nodded as he entered the vehicle. The lawn was filled with people screaming and shouting.

None of the villagers who joined the fight were exempted; they all were restrained by Tang Yin in one fell swoop.

Li Chenghong and her family huddled together as they watched Tang Yin leave in his vehicle. However, everything was left the same as their fate remained unchanged.

Having passed the cane to his men, every one of them were sure to be caned without doubt.

In the car, Tang Yin's heart ached as he held Ji Youyou's hand tightly.

Although Ji Youyou had received basic medical treatment, the injuries on her body had not recovered yet. She murmured when she saw him entering the vehicle. "Tang Yin..."

"Don't worry!" Tang Yin sighed. "I listened to you and didn't hire killers. But I can't say for sure what would happen in the future."

Ji Youyou nodded her head lightly, seemingly distant. "After all, they brought me up..."

Tang Yin did not reply, only letting out a sigh.

## Chapter 188 The Trap Was Ready

At this moment, every news reporting media in Wuhan City was reporting the same news.

The news about how a young master attacked people in Yellow Ocean Village outside Wuhan City and a picture of a man being kicked to death was attached. This became the headline of every news reporting media.

It was obvious that Tang Yin was the young master and the man kicked to death was Li Yanlin.

The citizens and online community of Wuhan City caught themselves in a heated discussion. The public was outraged when they saw the picture of Tang Yin kicking the man to death.

“Who is that guy? Where did he get such courage to do something like this?”

“Catch him and shoot him to death. This kind of person deserves to die more than a hundred times!”

“Let him die... We must let him die!”

“The police must catch him and sentence him to death! A person like him doesn't deserve to live!”

In a blink of an eye, the heated discussion caused emotions of the netizens of Wuhan City to blast into new heights.

Tang Yin didn't know anything about it. He urged his driver to drive faster so that they could arrive at Wuhan Charity Hospital as soon as possible.

Some of the people were heavily injured that they might not be able to make it if they weren't tended to immediately.

However, the police had started moving out to every main road of Wuhan City.

It was a rare sight to see someone like a young master kick a man to death. This incident had put Wuhan City in a bad light and strong dissatisfaction was incited amongst the citizens.

A long line of police convoys was stationed at the entrance of Wuhan City.

Secretary Qi went out of the car and looked at the police officers before smiling and greeted, "Officer Du, I didn't expect to see you as the one leading the team today! I feel more assured now that I know you're here!"

"This case is serious, so I had to show up this time," Officer Du explained in a stern tone.

Secretary Qi nodded as his smile deepened. "This is indeed a serious case. The pictures were so grotesque. Even I feel bad if the citizens do not get a proper explanation. Officer Du, from what I've heard, this man is cunning.

Will you be able to take him down?"

Du Haibin was taken aback before answering arrogantly, "I don't care who it is. If they dare mess around in the city, he won't be getting away from the police!"

"That's great! That's great!" Secretary Qi chuckled. As he stared into the distance, he saw a convoy was driving towards this direction.

*He's here! Tang Yin! Let's see how you get out this time!*

## Chapter 189 Captured

Looking from afar, Tang Yin frowned as he noticed patrol cars amongst the convoy lined up in front.

*Ring ring ring!*

At this moment, his phone rang.

Pei He's voice could be heard from the other side of the phone. "Young Master, something happened! Someone recorded your actions in Yellow Ocean Village and now the media is publishing articles about you! If I'm not wrong, the police force is dispatched to arrest you!"

"How did that happen?" Tang Yin's facial expression changed.

"It seems like there were snitches among my men!" said Pei He as he blamed himself.

Tang Yin narrowed his eyes in thought before letting out a chuckle. "It's fine. Do you have any connections with people working in the media industry?"

"I have a few!" said Pei He.

"Alright. I'll send you pictures later. Just follow what I ask you to do!" Tang Yin informed Pei He before hanging up. When he saw Secretary Qi and the others, he finally understood what was going on.

Du Haibin glanced at Secretary Qi, with an

arrogant face.

Du Haibin had developed his own style of not yielding to anyone after many years of serving in the police force; he would hold on to his views no matter who the person was.

The convoy from afar was approaching rapidly.

Police officers immediately blocked their way off. Several police officers held their guns out and aimed at the vehicle approaching from afar.

Tang Yin, who was in the vehicle, looked especially unconcerned at the situation ahead.

“Young Master...”

“Don't worry, I'll try and talk to them. If we still can't get away, I want you guys to get down and try to record everything that's happening without anyone realizing!” Tang Yin asked to stop, and he got off the bus.

“Alright!”

“Put down your weapons! Put your hands behind your head! I want everyone in the vehicle out now!” The police officer's words were heard from a loudspeaker on the patrol car afar.

Tang Yin stared from afar, took a deep breath, and put his hands behind his head, then yelled, “There are casualties in the vehicle right now.

They can't get down!"

"I said, get everyone out of the car! Right now! Immediately!" Du Haibin looked triggered.

Tang Yin was enraged. "There are casualties—"

"Even the casualties have to get out this moment, right now!" Du Haibin shouted.

Tang Yin gritted his teeth before taking a deep breath. Then, he signaled his men in the bus with a wink.

"Tang Yin, stay on the ground and do not attempt anything stupid! Otherwise, don't blame me for being merciless!" Du Haibin called out again before gesturing to the officers around him.

Immediately, more than ten officers surrounded and pointed their guns toward him.

Tang Yin did not move, and deep down, he felt gloomy. "There are casualties in the vehicle. They need to be sent to the hospital immediately, otherwise..."

"We don't need anyone to tell us what to do! You better watch yourself!" said Du Haibin with an ice-cold look.

Tang Yin's face turned dark, but he didn't struggle when the officers approached. They held him and cuffed him from the back before

taking him to one of the closer patrol cars.

Du Haibin snorted when he saw Tang Yin. "He's just another hoodlum! He could probably stir up some trouble elsewhere, but when confronted by the police, he can't do anything but wait to be arrested!"

"But of course!" Secretary Qi laughed before taking out his phone to snap a few pictures. From the pictures he took, one could see that the officers had already held Tang Yin against the bonnet of the vehicle.

Tang Yin was pissed off. This was exactly the expression Secretary Qi had hoped for.

Moments later, everyone got off of the vehicle.

Scorpio, who sustained heavy injuries, Yin Yi, who had his life hanging by a thread, as well as the men under Scorpio. Of course, the most heart-wrenching moment was when Ji Youyou was brought down. She was so weak she couldn't even stand properly.

"I told you we have casualties that need immediate medical attention!" Tang Yin yelled with frustration.

"Stay put!" Du Haibin instructed coldly before turning to the other officers and said, "Check their injuries, and get someone to send them to the hospital if medical attention is needed!"

## Chapter 189 Captured

“Check? Can't you see their lives are in danger?”  
Tang Yin shouted furiously.

“I told you to stay put! We are the police force  
and we don't need you to tell us what to do!” Du  
Haibin warned.

Tang Yin gritted his teeth with hatred, watching  
as the officers checked their injuries before  
nodding at Du Haibin.

Secretary Qi chuckled and left after seeing  
what happened.

He had already posted the pictures to the  
internet by the time he left.

Within a span of ten minutes, the news of a  
young master getting arrested had spread  
through the whole of Wuhan City.

On the internet, netizens cheered on the  
polices' efficacy as they continued to curse  
Tang Yin. Upon Tang Yin's arrest, every one of  
them celebrated the news with joy. Some of  
them even said that this was the best news  
they had received this year.

“Alright guys, time to celebrate!”

“People like him deserve to end up like this!  
Cheers to the police officers!”

“He deserved it! We must let him suffer! He  
can't just get away like this!”

## Chapter 189 Captured

“He should just die! It doesn’t make sense for someone like him to be alive!”

Hate comments about Tang Yin flooded the internet; some of the netizens even prepared anti-violence pennants, hoping to deliver them to Officer Du.

Tang Yin did not know about it. This moment, he was sitting in the patrol car, cuffed with metal handcuffs.

Two police officers with stoic expressions were guarding Tang Yin.

Tang Yin was held in a very uncomfortable position. He wanted to reposition himself but was held in place by the officers.

“You better stay put!” Du Haibin’s voice could be heard from the front seat as he mocked, “It doesn’t matter how great of a background you have, or how powerful whoever the person is backing you up. The moment you fall into my hands, you better behave. Otherwise, I can’t guarantee what might happen to you!”

Tang Yin's face turned cold. “I demand to know the reason why I was arrested.”

“Reason?” Du Haibin was bewildered for a moment before breaking into laughter. “You actually need a reason? Do you know how funny you sound right now? What other reason do you need when you murdered somebody?”

## Chapter 189 Captured

"There's a reason for that..." Tang Yin growled.

"I don't care about whatever reason you have but you can stop thinking otherwise now." Du Haibin turned around and glared at Tang Yin. "I'm warning you, even if you threaten me with that young master status of yours, I'm not afraid of you."

Tang Yin's face turned cold as he clenched his fists.

When the patrol car arrived at the station, a huge crowd of reporters was already stationed, waiting for their arrival.

Many reporters rushed when they saw the patrol car, shoving their mics up front. "Officer Du, may I ask if he is the suspect?"

Lu Haibin smiled as he straightened his shirts. "He is not a suspect but a criminal. A heinous criminal! What happened today had brought light to a terribly influenced country. However, we will promise that we will do our best to catch the criminal!"

"Officer Du, it seems that you've made a great contribution." The reporter grinned.

Du Haibin smiled. "I don't think this counts as a great contribution, but I can assure everyone that I won't tolerate the existence of someone like him! It is only fair that a person like this receives fair judgement! I'll make sure he won't

be able to get away once I set eyes on him!”

“Could you explain in detail?”

“I’m sorry, I have work to tend to!” Officer Du smiled before turning away.

Cameras upon cameras were aimed at Tang Yin's direction. Although his face was covered, many still managed to get several photos.

“Bring him back to the station!” Officer Du waved.

More than ten officers held Tang Yin as they entered the police station.

However, the moment Tang Yin was brought into the police station, a personal media account in Wuhan City released a shocking statement. ‘Yellow Ocean Village outside of Wuhan City was found to be a drug breeding ground. The breeding ground was destroyed, and more than 20 unidentifiable bodies were discovered, all by a single man!’

## Chapter 190 A Turn of Events

As soon as the news was released, all hell broke loose in the whole of Wuhan.

*Yellow Ocean Village?*

*Isn't that place just over a hundred miles away from Wuhan?*

*Drug manufacturing?*

*How is that possible?*

Everyone quickly turned their attention to the news, whereupon they saw shocking images of the drug manufacturing den. However, that was not the main point as what shocked them more was that there were a dozen bodies piled behind the den.

The rate of decomposition of these bodies were not consistent; some of them had decomposed into skeletons whereas some of them still had remnants of rotting flesh.

At the bottom part of the news, there was a notebook with a few names written on it.

*Wang Mengting, Li Ru, Lin Yafen...*

The list of names shocked everyone.

“Isn't Wang Mengting the girl who disappeared two years ago?”

“Yes, it's her! And Li Ru vanished three months

## Chapter 190 A Turn of Events

ago. Until today, the police have yet to find her...”

“What the hell is that place?! Damn it! How could such people exist...”

Instantly, there was a change in the tide of the public opinion; everyone who was discussing about the murder that was committed by a Young Master from a prestigious family was now discussing about the drug manufacturing den in the Yellow Ocean Village.

Just then, another news title was released—*Do You Know Who Uncovered the Yellow Ocean Village?*

Everyone’s heart skipped a beat and hurriedly inquired around.

“It must have been a hero! Only a hero could have done such a thing!”

“Yes, that’s right! Only a hero would be capable of doing something like this! Who is he? Tell us now! We should commend him...”

“He’s Wuhan’s hero...”

In the first instance, countless netizens and people of Wuhan were enquiring around about the identity of the hero. The people of Wuhan were especially concerned as they knew that Yellow Ocean Village wasn’t far from Wuhan and the missing girls were all local.

## Chapter 190 A Turn of Events

Considering that the police had not been able to crack the case after all this time—which could have raised the question of a possible conspiracy—the person who uncovered the drug manufacturing den had done the people of Wuhan a great contribution.

A strong public opinion rose as everyone was expressing their views on the matter loudly.

More than ten minutes later, a picture appeared on all the major mass media.

It was a picture of Tang Yin raising his leg and kicking Li Yanlin to death with a caption below saying, “Yes, that’s right! This is the guy! He was the one who kicked the village bully to death and found the drug manufacturing den inside the bully’s family’s warehouse...”

As soon as this news was released, all citizens of Wuhan and the netizens instantly kept quiet.

The countless scoldings from earlier were still ringing beside their ears; they could still hear themselves asking for help to get justice for the public and execute the Young Master from the prestigious family. In just an hour, everyone had come to realize that it was the same Young Master who had helped to uncover Wuhan’s drug manufacturing den.

The whole world seemed to have quietened down with the netizens laying low and the people of Wuhan keeping silent.

It was no longer rowdy and everyone had started to feel guilty.

After approximately ten minutes, a number of bloggers had released a long essay. The contents of the essay was simple, but the sequence of the events that took place was complicated. To be more specific, it was a story of how Tang Yin ended up in the drug manufacturing den because of his girlfriend and how he chased after those people with his men. The two parties then had a conflict on-site whereby four of the rescuers were shot by the men who were involved in the drug manufacturing with their homemade guns, leaving Mr. Tang no choice but to attack the bully.

It was only then that the netizens and the people of Wuhan came round and truly understood the whole story of what happened.

"I'm so sorry! I was wrong about him! He's a real man! I apologize for scolding Mr. Tang earlier..."

"I criticized him too! I feel so sorry toward Mr. Tang..."

"Mr. Tang is a real man! He is Wuhan's hero! We seriously need to do some self-reflection and not be influenced by some unethical mass media..."

Almost instantly, the whole of Wuhan's mass

media and the internet were flooded with all sorts of apologies.

Before this, Tang Yin was thrown into a passive state because of the public anger toward the Young Master of the prestigious family. However, after this news was released, there was an instant turn of events as the public opinion of Wuhan changed drastically.

The change was mostly driven by guilt which then slowly turned into support.

However, the news that ignited the support Tang Yin was receiving now was nothing compared to the news released half an hour later that blew up the internet.

It was a piece of news with just a video and no words.

The video showed Tang Yin being shouted at by the policemen to get out of the car and put both his hands at the back of his head.

A commotion could be heard coming from the video.

“There are injured people in the car, so they can’t get out!”

“I said, everyone out of the car!”

“But there are people who are injured...”

## Chapter 190 A Turn of Events

“I don’t care whether or not anyone’s injured, just get out of the car! Squat down and don’t move, or else don’t blame me for what I’m about to do next!”

“There’s wounded people in the car and it’s best to send them to the hospital immediately...”

“Our police team doesn’t need anyone giving us instructions when we are doing our job! So, everyone... Just get out of the car... Right now! Immediately!”

Following that, everyone saw Scorpio and Yin Number One being carried out of the car. Then, they saw Ji Youyou being escorted out of the car as well, and that instantly sparked fire once again.

“What was with the policemen? Those people were already seriously injured, yet the policemen were forcing them to get out of the car?”

“Hadn’t they just uncovered a drug manufacturing den? Were they the ones who were injured by the bullies?”

“How could they be treated like this? Was this how they were rewarded for finding the bodies of the missing girls?”

“The policemen were not able to crack the case themselves, yet they dared to apprehend the people who had helped them solve the case?”

## Chapter 190 A Turn of Events

A storm involving the public opinion of the people in Wuhan was brewing and most of the citizens were affected emotionally, especially after they saw the video of Tang Yin's arrest. Just an hour ago, the video had been shared around by the mass media as they sang high praises to the police officers for apprehending a murderer. Looking back, the mass media were just bullsh\*tting and framing an innocent man!

Many people were starting to bash the comments of others on the previous news and some were even criticizing the Police Bureau in the comments section of their website as well as questioning them about their ethics and compassion.

The major upheaval on the internet and the displeasure of the people of Wuhan alarmed the Mayor of Wuhan in no time.

Deputy Mayor Wang immediately picked up the phone to call Chief Lin from the Police Bureau.

"What in the world happened and what the hell were you guys doing?"

Chief Lin was scared out of his wits. "Well, we were..."

"It's bad enough that you guys arrested the guy who helped you crack the case that all of you failed to solve, yet you guys still flaunted yourselves in front of the reporters?! And you

## Chapter 190 A Turn of Events

guys even dared to call yourselves heroes?! How shameless of you! Let me tell you this... If you can't give the public an explanation to this incident, you better pack your bags and leave!" Deputy Mayor Wang was extremely infuriated by the incident; he was well-known for his bad temper since he enlisted many years ago.

"Okay! I understand!" Chief Lin hurriedly nodded and hung up the phone. Then, he slammed the table in anger and shouted, "Someone! Follow me to the precinct right now! I'd like to see what that smug Du Haibin is up to!"

Tang Yin, who was in the police station, did not know that he had become a so-called hero. In fact, he was completely clueless about everything that had just happened.

Currently, he sat on the chair and looked at Du Haibin who was not too far from him.

"Let me ask you something: what is your motive behind the murder?"

"To rescue someone!" answered Tang Yin.

"To rescue someone? Who were you rescuing?" asked Du Haibin as he stared coldly at Tang Yin.

Tang Yin took a deep breath and said, "I was rescuing my girlfriend! She was mistreated by those people and had almost lost her life. If I did not appear in time to save her, she would

## Chapter 190 A Turn of Events

have been a goner!”

“I’m advising you to be honest with me!” Du Haibin warned as he stared indifferently at Tang Yin. He then wore a mocking look on his face as he said, “I’ve seen many Young Masters like you and none of them turn out to be good! Just tell me... Did you kill him in a fight for a woman’s favor?”

“I told you that I was there to save someone!” answered Tang Yin coldly.

“Are you still trying to lie to me?” Du Haibin grabbed Tang Yin by his collar and viciously stared at him.

“I’m warning you to let go of me right now as there are consequences that you won’t be able to bear later on...” warned Tang Yin with a face as cold as ice.

“Well then, let me tell you this: there are no consequences in this world that I can’t afford to bear!” shouted Du Haibin in anger.
