

Master Lin stared at Li Hang in spite.

“How dare you cripple my arm? You will not get away with this!”

Li Hang ignored his threat as he seized Master Lin’s left hand.

The crackling sound of his broken bones could be heard as his now crippled arms was twisted in distortion.

Next, Li Hang threw a kick at Master Lin and he flew right out.

Master Lin could not manage get up this time.

Bloods gushed out from his mouth and he passed out immediately after.

Upon seeing that, Zhang Quanwu’s face became pale. While compressing his bloody wound, he yelled at Li Hang.

“Hey, don’t get cocky just yet!”

“My men have got your wife!”

“I only have to make a phone call and your wife will be thrashed by my men until she is dead!”

Li Hang frowned at his words as he immediately grabbed Zhang Quanwu's arm and snapped it like as if he was breaking a sweet corn into two.

"Crack!"

"Ah!!!"

In the meantime, Xu Muqing was driving Xu Xiaoyang home.

The father and daughter duo had been working overtime daily since they started their own company.

Although they were always busy with their work but they felt a sense of fulfillment and that made them happy.

As they turned into a corner from their usual route, a van suddenly came into sight.

Xu Muqing was shocked and she quickly stepped on the brake.

The door of the van was opened.

Zhang Pengfei walked down with an apologetic look, "I'm sorry, I think my car has broken down. Would you please detour?"

Xu Muqing had no choice but to reverse her

car and used the other route.

Not far away from that street, inside an alley.

Li Erniu and seven men had a gang of thugs from Sheng City surrounded and cornered.

A group of men was seen lying on the ground behind them.

Their leader, "Tiger" who was well known for being brutal in Sheng City, was beaten up with a swollen face.

All his men had bruises on their body and their faces were twitching in pain.

Their eyes were full of terror.

This group of people is horrible!

They are inhuman!

The thing that was unbelievable was the fact that there was a woman among the group.

This woman had a pretty face.

She looked like the kind of gentle and delicate woman who would snuggle up to man asking for money or designer handbags or even a hug.

However, her fists were as solid as a rock.

She was tougher than men when it came to fighting.

The tiger carried the title of “Iron Fist” in Sheng City.

Yet it seemed like his iron fist was no match for the woman’s as the bone of his fists were shattered after he fought with that woman.

At the same time, a van was parked in front of the alley.

Lei Feifei was sitting in the car.

The she-wolf from Ning Province was staring at the bunch of people with a sinister look.

“Iron Fist” was notorious in Sheng City.

The 30 over cubs under him were also known for being brutal.

“Iron Fist” was also one Zhang Quanwu’s most trusted fighter.

However, this prominent syndicate of the underworld in Sheng City was defeated by a nobody like Li Erniu.

Chapter 51 Inhuman

Lei Feifei would like to know where they came from.

Who turned them into a tenacious fighter?

Not long after, another van arrived at the scene.

As soon as the door of the van opened, Li Hang stepped out slowly.

It's him?!

Lei Feifei did not expect Li Hang to be there.

What is the relationship between Li Hang and these people?

Li Hang looked as though he was a resident nearby, coming out for a brisk walk. He walked towards the tiger.

Li Erniu and his men greeted Li Hang as they saw him. "Big brother!"

Big brother?

Lei Feifei stared at them.

She suddenly came to a realization.

No wonder they fought so well, they were trained by Li Hang!

Li Hang walked up to the tiger with a calm expression.

"Erniu."

“Big brother.”

“I want you to fight one on one with the tiger. If he wins, we will let them off. If he loses, everyone will lose an arm and a leg.”

“Yes!”

Li Hang turned to leave. Soon, the tiger was heard screaming in pain from the alley.

From then onwards, his nickname was changed to “Frail Cat”.

At midnight, Huang Youguang was awoken from discomfort and nightmare yet again.

He was yelling in his room.

Huang Zhen had just stepped out of the room after comforting Huang Guangyou.

It was then the housekeeper hurriedly came over from the living room.

“Sir, 3rd master has returned home.”

“Oh, 3rd master wrapped things up so quickly?”

Huang Zhen was delighted.

The housekeeper’s facial expression was

unpleasant.

She dared not speak, thus she brought Huang Zhen to the living room.

Once Huang Zhen entered the living room, he caught an awful smell filling the air. The smell was similar to the excrement of barnyard fowls.

Huang Zheng pinched his nose with a frown. He saw a few men lying in the living room.

Those men were covered in the excrement of barnyard fowls. There were also feathers stuck on their body.

“What’s going on?” Huang Zhen was shocked.

The housekeeper quickly explained, “They were thrown out of a truck that carried live stocks. The truck had stopped in front of our villa.”

“The driver said that this was a native product of Ning Province.”

Zhang Quanwu, one of the Big Four in Sheng City was lying on the sofa looking completely knocked out.

“My brother!”

Huang Zheng was surprised and he rushed towards him.

“My brother, who did this to you?”

Huang Zhen held his stepbrother in his arms. His eyes was filled with rage as he body shook in anger.

“Big brother, Liu... Liu Delun, Xu Xiaoyang and ...” Zhang Quanwu passed out before he could finish his words.

“Liu Delun! Xu Xiaoyang! Just you wait!”

The tiger who was lying on the floor murmured, “And also Li Erniu...”

Inside a rented room in Ning Province.

“Li Erniu, let go of me you bastard!”

“Bam!”

Li Erniu threw Lei Feifei onto a bed. Her clothes were ripped.

Lei Feifei covered her nose as she fell on the bed.

She always thought that a man’s bed must be smelly but Li Erniu’s bed turned out to be very clean.

The quilt was neatly folded it looked like a piece of tofu.

The room was small, however it was neatly decorated and there was no peculiar smell in the air.

“Hey, what do you want?”

Lei Feifei stared at Li Erniu angrily who stood beside her like a wooden block.

“Big Brother said you can leave after your legs are capable of walking.”

“I’ll go for training in daytime. You can watch from the side. At night, you’ll sleep on the bed while I sleep on the floor”

Lei Feifei raised her head, “What if I say no?”

“Big Brother said, if you resist, I’ll strip your clothes off and throw you to the fresh market.”

“You...”

Early next morning, the secretary rapidly entered the CEO’s office at Taian Corporation.

“Sir, President Huang is here to see you.”

“Who is this President Huang of Ning Province? I’m not meeting him. Ask him to leave.”

The past 2 days had got Cui Haifeng going crazy.

There was a lot to deal with in the office.

“It’s President Huang from Sheng City.” The secretary replied.

A few minutes later, the sound of rapid footsteps was heard from corridor.

Cui Haifeng and Cui Tianci, the father and son duo ran into the meeting room.

“Hey, brother Huang. What brings you here?”

“Uncle, you’re here.”

There were 6 prominent clans in Sheng City and Huang family was ranked the fifth.

Although their ranking was not high, yet they managed to get whatever they want in Sheng City.

They were even more superior in Ning Province.

Cui Haifeng and their so-called Cui Family was not comparable to Huang family at all.

The person sitting in the meeting room was Huangke, Huang Zhen's younger brother.

Huangke was the second son of the family, thus he was an important figure.

Cui Haifeng and his son were overjoyed at his arrival.

After a brief greeting, Huangke went straight to the point, "Brother Cui, I heard you are familiar with Lingxiao group's CEO, Xu Xiaoyang?"

Cui Haifeng sneered, "Of course, I know him so well that I could rip him apart!"

Cui Haifeng gritted his teeth.

"Brother, did you know? The reason Xu

Xiaoyang became a CEO was because he sold off his own daughter!”

“Definitely not a good fella!”

Huangke said calmly, “I do not consider a modest company like Lingxiao Group a competitor, since their business coverage is limited.”

“However...” Huangke continued, “Once they get bigger, your Taian Corporation will be in trouble.”

“You’re right, brother. However, I’m helpless right now!”

“Xu Xiaoyang and her daughter were very malicious.”

“Brother, you know that an honest man like me is not capable of fighting against them.”

“You can’t, however, I can.”

Cui Haifeng’s eyes were lit up by his words.

“What do you mean, brother?”

“I’ll tell you the truth. The reason I’m here is to go after Lingxiao Group.”

“My elder brother is planning to take over the

whole Lingxiao group before going after Liu Delun's Tianyi Group."

"If President Cui is willing to help us, rest assured you will receive a handsome reward from Huang family."

"I heard that President Cui always wanted to expand your business in Sheng City."

"But due to the lack of connections in Sheng City, your attempts were unsuccessful?"

Cui Haifeng immediately replied, "Brother, I'll do whatever you say!"

"I will teach Xu Xiaoyang a lesson! It's time he learns some manners..."

Huangke smiled and nodded his head, "Well, then we're all set."

"Before sunset today, I'll shut down the tiny Lingxiao Group.

.....

Ever since the collective resignation from the employees, the remaining comrades in Lingxiao Group was united and everyone worked hard to straighten things up.

As the general manager, Xu Muqing buried

her head in piles after piles of documents every day.

It was at this time someone had knocked on Xu Muqing's office door.

She was used to the rhythm of her secretary, Zhang Xiaoping knocking on the door, thus she did not even raise her head to see who it was, "Please come in."

Zhang Xiaoping hurriedly walked in and said, "President, I've got bad news!"

"The people from Audit Department came and claimed that we've have failed most of the assessment. We've been ordered to cease operations!"

Xu Muqing suddenly looked up with a shocking expression flashed across her beautiful face.

“That’s impossible. I audited myself and I did not overlook any part of the procedure!”

While she was still talking, Xu Muqing brought Zhang Xiaoping to the reception room in a hurry.

“Where is your CEO?”

“I have been waiting here for three minutes now!”

A man’s voice was heard in the reception room before they arrived.

Xu Muqing quickly pushed the door open and walked into the room.

They saw a man with two sidekicks. They appeared cocky as they sat on the couch in the reception room.

Realizing that Xu Muqing had arrived, the man looked up and said apathetically, “So, you are the President of Lingxiao Group?”

“Yes, I am.”

When Xu Muqing was talking, she saw the

name tag on the man's chest.

His name was Zou Sulong and he was a team leader of the Department of Supervision.

"Pop!"

Zou Sulong dropped the documents in his hand on the coffee table.

"This is the report for the suspension of business operations and its' subsequent recalibration of business model. Please take some time to review it."

Once he finished talking, he stood up right away and walked towards the door.

Although he had an air of superiority, he wasn't walking fast.

When he passed by Xu Muqing, he intentionally gazed at her gorgeous face several times as well.

Zou Sulong was already plotting up a plan in his mind as he was about to reach the door.

When I count to three, this woman will turn around to stop me.

If I give her some hints, I might just get lucky

to sleep with the woman tonight.

Hehe, such a fine woman like her are rare these days!

Zou Sulong silently counted to three and as he had predicted, Xu Muqing spoke up to him, "Sir, since we did not overlook any part of the procedure, why do you want us to suspend our business for recalibration?"

Zou Sulong rebuked, "Are you blind? Isn't this clearly stated in the report?"

"But we have indeed completed all the necessary procedures. You may take a look if you don't believe me."

Xu Muqing respectfully handed over the document passed by Zhang Xiaoping to Zou Sulong.

Zou Sulong grabbed the document and threw them right away to the corner.

"Let me tell you this. The investigation report clearly states that your Group has internal problems."

"No matter what kind of evidence you have with you, those are useless!"

Zhang Xiaoping who was beside them

quickly picked up the document and said anxiously, "These documents were audited by the statutory departments. Why are they not accepted now? I would like to have a word with your leader."

Zou Solong sneered, "Be my guest!"

"Let me tell you this. No one can resolve this matter!"

Zou Sulong was cursing at their ignorance on his mind.

He had already visited them personally to lay out the matters before them, yet they still had the guts to argue with him.

If they had worked based on facts and reasons, then there would be no way for them to seize illegal profits for their own benefits.

At this moment, a staff member rushed to the room and whispered in Xu Muqing's ear.

Xu Muqing immediately told Zou Sulong, "The one whom I would like to argue with happens to be our guest today. Would you please come with us?"

"Sure! I would like to see who has the guts to put on airs before me!"

Zou Sulong waved his hand.

“Lead the way!”

In the staff's break room on the third floor.

As the Chairman, Xu Xiaoyang was personally welcoming several leaders who came to inspect his corporation.

Those who often read the newspapers could easily identify these high-ranking leaders.

Particularly the person who was standing next to Xu Xiaoyang.

His surname was Qi. All citizens in Ning Province knew very well that he cared for the citizens as though they were his own blood.

He was in his everyday outfit with a sense of bookish charm. He was polite, elegant yet dignified when he was speaking.

He could well be the "Greatest Man of Ning Province"!

The entire Ning Province was under his jurisdiction!

The reason that he was here today was because he obtained an unusual piece of information on the grapevine.

This piece of information was obtained through a note handed over to him secretly by the Board Chairman of the Association of

Banks of Ning Province.

After reading the note, he was so excited that he could barely sleep at all for three days.

He thought about it over and over again and finally found the perfect opportunity to inspect the company.

At this time, Li Hang was lounging comfortably on a chair in the common room.

When Xu Xiaoyang walked in and saw Li Hang lounging, he quickly winked at Li Hang.

When he saw Li Hang was not responding to his wink, Xu Xiaoyang quickly walked up to him and gently nudged him with his foot.

“The guests are coming in. Why are you still here?”

Leader Qi had already walked into the break room before Li Hang could utter a single word.

“This is the staff’s break room. Looks like we have disturbed their rest.”

Leader Qi looked at Li Hang as he thought of the topics to talk about with Li Hang.

Suddenly, a man was heard yelling in the distance.

“Who is that leader that you were bragging about? Ask him out! I want to see who dares stop me from enforcing the law!”

Zou Sulong arrogantly swaggered into the room while yelling, “Which one of you is the leader? Show yourself!”

His arms were on his waists as he exuded an air of arrogance and majesty.

Leader Qi and the other leaders behind him turned to look towards the direction of the voice.

All eyes were on Zou Sulong.

“Eh, Han Ju, this person looks very familiar. Isn't he from your department?”

Zou Sulong's arrogance was diminished the moment he saw Han Ju.

He was completely petrified!

“Han... Han... Han... Han... Han...”

Zou Sulong stuttered in horror as he seemed to be unable to get his words out right.

This was because the man standing before him was his highest superior in rank.

In the meantime, Xu Muqing was seen coming in.

She bowed politely to Leader Qi and everyone as she said, "My beloved guests, I regret to inform you that our Group have been ordered to suspend our business operations for recalibration. As such, we are unable to accommodate all of you at the moment. This was specifically commanded by Leader Zou right next to me here."

"Our operation is suspended? Let's go home then."

Li Hang stood up right away as he spoke.

Although Li Hang seemed very calm...

But Leader Qi was being thrown for a loop!

The person standing before us was a living God!

How could the corporation that was backed by him possibly go wrong?

Even the leaders of the provincial capital did not know that the living God was here in Ning Province.

If the big shots of the province knew about it, they would all rush to here desperately!

With the living God around to back up Lingxiao Group, why should anyone worry that Ning Province might not develop and prosper?

Every citizen of Ning Province would be blessed by him!

Leader Qi quickly asked, "Why is the corporation being suspended for recalibration?"

Xu Muqing replied, "We are not sure. We have completed all the procedures as required. But Leader Zou handed us the documents with the order."

Leader Qi turned around and stared at Leader Han, "Is this document signed by you?"

“No, absolutely not!”

Although he was unsure about the backstory of Lingxiao Group, but at this moment, Han Ju felt like strangling Zou Sulong to death.

Nevertheless, considering the fact that Lingxiao group was regarded highly by the top leaders, it is quite unlikely for the group to be slapped with such an order to suspend for recalibration.

Furthermore, they had postponed all their meetings just to visit Lingxiao Group today.

“Zou Sulong, do you care to explain what on earth is going on here?”

Zou Sulong was seeing so many leaders for the first time in his life!

He stuttered in panic, “It’s... it’s Director Lin who signed the document and I was just executing his order.”

Zou Sulong dared not continue as he could clearly feel Han Ju’s wrath in his eyes!

“Bring Lin Weidong over here now!”

“If he is unable to give a substantial explanation, I will skin him alive!”

Han Ju served in the military before and was known to be tough and unyielding.

Zou Sulong ran out of the break room in panic and took his phone out to call Lin Weidong.

Meanwhile, Lin Weidong was sitting in his office while chatting with Huang Ke.

There were two gift boxes filled with tea leaves by Lin Weidong's side.

However, the tea leaves were rather heavy!

While the two were chatting casually, Lin Weidong's phone rang.

He saw the call was from Zou Sulong. He immediately smiled at Huang Ke.

"My men are very efficient in doing our work. Just look at that. He only left for less than half an hour and things have already been settled."

Huang Ke nodded and replied, "Director Lin's effectiveness in work is indeed highly reputed, or else I won't be looking for you."

Both of them smiled at each other.

Then, Lin Weidong picked up his phone.

“I did not expect a swift response from you. I assume they have compromised, haven’t they?”

“Di...director, things are not looking very good. We are busted!”

After a brief explanation from Zou Sulong, Lin Weidong’s phone slipped out of his hand.

Soon after that, several officers in uniform came in.

“Lin Weidong, you are under arrest on suspicions of bribery and abuse of power!”

An officer with eagle eyes noticed the tea leaves at Lin Weidong’s side. He unpacked the tea leaves and found dozens of cash buried inside.

Lin Weidong was petrified as he fell to the couch.

Huang Ke stood up quietly as he attempted to leave the place.

When he reached the door, two officers were blocking his way.

“Please come with us!”

Leader Qi wiped out the villains in a swift.

Nevertheless, he still looked dispirited.

After leaving the tower of Lingxiao Group, he said something to those around him.

“From now on, everyone must pay more attention to Lingxiao Group.”

“If there is any problem, report to me directly.”

“Let me say this straight out.”

He paused for a moment while looking up at the slightly old building in front of them.

“This will be the starting point for our Ning Province to stride towards becoming a cosmopolitan metropolis!”

.....

Meanwhile in the President’s Office of Taian Group.

Cui Tianci hurriedly stomped into the office and said, “Bad news, dad!”

Cui Haifeng had been in the industry for many years. He had always maintained a positive mindset.

Cui Haifeng was very confident on the

upcoming project due to his close alliance with the Huang family recently and of course, the promise of Lin Weidong.

He spoke leisurely with a Huanghelou cigarette jutting between his lips, "My boy, how many times have I told you this?"

"If you want to be a successful entrepreneur, you have to remain calm at all times."

"Even if it is the end of the world, you have to face it with peace of mind."

Cui Haifeng took a drag on his cigarette and indulged himself in relaxation.

"Well, what's going on?"

“Dad, I just got the news that Lin Weidong was arrested!”

“What?!” Cui Haifeng was completely stunned as he stared at Cui Tianci in disbelief.

Cui Tianci continued, “And Director Lin.”

“Both of them were arrested in the office!”

“It was said that the money given by Huang Ke to Director Lin was discovered on the spot by law enforcement officers.”

“What are we going to do? We had sent a lot of gifts to Director Lin before.”

“Will he sell us out?”

Cui Haifeng did not realize that his Huanghelou cigarette had slipped out of his fingers.

He was spacing out as he stared at Cui Tianci. It was only until the cigarette butt had scorched his skin that he recovered his senses as he squeaked in pain, “Ah!”

“Dad, what are we going to do now?”

Cui Haifeng thought about it again and again until he finally uttered the words, “Wait for

it!”

“Wait for what?”

“Wait for your grandma’s reply”

“As long as she’s alive, the Cui family will never fall!”

.....

After several attempts, Huang Zhen could finally bail his younger brother out.

Once they entered their house, Huang Ke kneeled before his older brother Huang Zhen.

“Brother, I did not complete the task. I had failed our family and I am deeply ashamed of myself!”

Huang Zhen patted consolingly on Huang Ke’s shoulder and said, “This has nothing to do with you, instead our enemy was simply too cunning.”

“Brother, rest assured. I will assemble my men right away to march towards Ning Province.”

“This time, I will bring Xu Xiaoyang’s head here!”

Huang Zhen shook his head and said, "Yes, you have to make a trip to Ning Province."

"But not to fight against them."

"Instead, bring Guang to find the best doctor."

"Find a doctor?"

Huang Zhen said in a deep voice, "I had looked for every renowned doctor in our provincial capital and they could do nothing to cure Guang's legs."

"I received a call from the President of the Provincial Hospital."

"He said that a specialist from Mi Country will arrive in Ning Province two days later. He is able to cure Guang's legs."

"So, pull yourself together within these two days."

"Once Guang recovers from his illness, I will deal with Lingxiao Group personally!"

Huang Zhen's eyes were filled with intense hatred.

Huang Ke could feel the chills down his spine.

He had never seen such an expression on his brother's face for so many years.

He knew that once his nephew's legs are recovered, this would mean the end for Lingxiao Group and the whole family of Xu Xiaoyang!

Cui Haifeng received a phone call from Huang Ke before Huang Lamei woke up.

"My brother, have you heard that an orthopedic specialist from Mi Country is coming to the hospital in your city?"

Cui Haifeng nodded while holding his phone, "Yes, I have heard of it."

"Everyone in the Ning Province who has orthopedic conditions is lining up to consult with the specialist."

"Some even said that this specialist has a renowned reputation for his expertise, so much so that even the presidents will have to make an appointment for consultation!"

The phone call by the Huang family came at just the right time.

"Help me grease the wheels with the consultation appointment at the hospital. My nephew must be placed in the first on

the waiting list.”

“Once it is done, my brother will transfer a company in the provincial city to your Group directly.”

“Sure, you can consider it done!”

Cui Haifeng put down his phone and clenched his fists with excitement.

Usually, he would ask Cui Tianci to do such a job.

But this time, to be on the safe side, he personally rushed to the hospital in the city.

Meanwhile, in Xu Xiaoyang’s residence in Sunny community.

Even though Xu Xiaoyang was the Chairman of the Group while Xu Muqing was the President, the family still lived in this cozy and modest neighborhood.

Although their house was not spacious, but everyone had a room to themselves.

More importantly, Xu Xiaoyang and Xu Muqing both felt that this Group was developed entirely by Li Hang himself.

Hence, the father and daughter duo felt that

they do not deserve the benefits. So, they would never spend Li Hang's money.

With such thoughts in mind, the father and daughter duo worked extremely hard at their jobs.

Lingxiao Group soon rose to prominence in the city of Ning Province.

"Mom, time to have lunch!"

Xu Haoran glanced at Liu Yufen who was picking her clothes in the living room.

Xu Xiaoyang came out from his room when he heard the noise.

He saw Liu Yufen dressing herself up, which was a rare sight. He couldn't help but ask asked, "Is there any important occasion?"

Liu Yufen was a bit distressed and said, "My granduncle's birthday is coming up in a few days."

"It will be his eightieth birthday celebration and he asked all relatives to be present."

Xu Muqing who was rather relaxed became slightly tensed once she heard that they have to be at their granduncle's place.

After seeing this, Li Hang couldn't help but ask, "What's the matter?"

Xu Muqing shook her head lightly without saying a word.

"Brother-in-law, my sister is clearly bothered by something."

Xu Haoran went closer and whispered in Li Hang's ear, "Brother-in-law, I saw you have been sleeping on the floor for several days already. When will you be able to climb up to my sister's bed?"

"Our whole family will be going back to the village for birthday celebration, and you must grab this opportunity!"

Xu Haoran glanced at Xu Muqing cunningly.

He then whispered, "Brother-in-law, you

shouldn't think that my sister is a lovely flower and therefore overly cherish her."

"Women are like eggs. Their shells are hard yet fragile. Once you knock on them then they will break easily."

"But, once the egg is peeled, you will see that its surface is crystal clear and as white as snow. If you peel it further then you will see that everything is yellow..."

"Ah! Ah!"

Before Xu Haoran could finish his words, Xu Muqing had already stretched out her slender and fair arms towards him.

She swiftly tugged on Xu Haoran's sideburns as he bared his teeth in pain.

"Sister, sister, I was wrong. Stop pulling, you are hurting me!"

Liu Yufen came over and scolded Xu Haoran gently, "You are always talking nonsense."

Xu Xiaoyang continued right after Liu Yufen scolded him.

Meanwhile, Li Hang said to Xu Xiaoyang, "Dad, the renowned orthopedist whom I have mentioned to you before will be

coming to Ning Province the day after tomorrow.”

Xu Xiaoyang did not say anything but only nodded repeatedly while stuffing the rice into his mouth eagerly.

He was so excited that he had forgotten to eat it together with the other dishes.

“Dad, try this dish.” Xu Muqing picked up a piece of braised pork for Xu Xiaoyang.

“Hang, try this dish.” Liu Yufen scooped some tofu for Li Hang.

Xu Haoran looked up and asked, “Mom, sister, what about me?”

Liu Yufen and Xu Muqing replied at the same time, “Eat your white rice!”

Xu Haoran dejectedly sat on one side of the table and sighed, “I am just a fish with pickled cabbage.”

“Sour, terrible, and unnecessary...”

The specialist of Mi Country was coming to the largest private hospital in Ning Province.

The leadership of the hospital took high regards of his visit as they cordoned off

many areas in the hospital.

At this moment, a Rolls-Royce pulled to a stop at the entrance of the hospital.

A group of professional medical personnel from the provincial city got Huang Youguang out of the luxury car and placed his legs gently on a wheelchair.

Cui Haifeng and the President of the hospital had been waiting here for quite some time.

After greeting Cui Haifeng and a few others, Huang Ke immediately asked, "Is the specialist from Mi Country ready?"

"All set, the doctor is already waiting in the operating theatre!"

In order to treat Huang Youguang, Cui Haifeng had spent several millions to grease the wheels!

All of a sudden, a Mercedes-Benz arrived at the entrance.

Li Hang and his family got out of the car.

"What are you doing here?"

Cui Haifeng and Cui Tianci blocked Li Hang's

way.

Cui Tianci could not help but sneered when he saw Xu Xiaoyang sitting on a wheelchair as well.

“Well, well, it appears that this crippled man from the Xu family is coming to see the orthopedist too.”

“What a shame. The orthopedist will only attend to my cousin today! Step aside!”

Although the president of the hospital did not reveal the true identity of Li Hang, they were truly impressed by his prowess!

Only they knew that Li Hang was the true expert!

“Chairman Xu, the Operating Theatre Number 2 is all set.”

“Doctor Zhang is waiting for us. Let us move immediately.”

Once he heard Director Yang mentioned that the surname of the doctor who will perform surgery on Xu Xiaoyang was Zhang, Cui Haifeng laughed.

“Well, well, Xu Xiaoyang, you are the Chairman of the Board.”

“How could you ask some mediocre doctors to perform the surgery on you?”

“What if Doctor Zhang couldn’t cure your legs but exacerbate your condition instead?”

“Seeing as we are acquaintances, I might show you some mercy if you beg me now.”

“I might consider to help slot you in for the specialist from Mi Country.”

Xu Xiaoyang looked at Cui Haifeng.

His face was stone-cold.

“I can solve my own problems!”

“President Cui, why don’t you just mind your own business?”

Li Hang and the others pushed Xu Xiaoyang’s wheelchair and left.

Cui Haifeng sneered in disdain as he watched Xu Xiaoyang and his family left.

Once Huang Youguang’s legs are recovered, he will leave Ning Province to venture into new businesses in another province.

When the day came, Xu Xiaoyang and Liu Delun would be just a nobody!

Once he returned from the provincial city, these people would merely be some worthless creatures!

And he could destroy them with the snap of a finger!

Outside the Operating Theatre Number 2, a handsome foreigner with blonde hair, blue eyes and a white coat was standing there.

He rushed towards them once he saw Li Hang.

He wanted to bow to him in respect, but immediately realized something in Li Hang's gaze.

He quickly changed it to giving him a big hug.

"Yo, Hang, it's been a long time since we last met. I have missed you so much!"

This foreign doctor spoke fluent Mandarin.

Xu Muqing and her family were dazed when they saw the foreign doctor.

Li Hang told them that this doctor's surname

was Zhang.

They instinctively assumed that the doctor is of a Chinese descendant.

But they've never thought that he was an absolute westerner inside out.

The doctor greeted Xu Xiaoyang and the rest, "How are you, I am Zhang Cuishan. Li Hang and I are best friends!"

Xu Muqing tugged Li Hang's sleeves and asked gently, "Aren't you going to perform the surgery?"

Li Hang smiled and said, "Yes, of course it's me."

"Then, why did you invite this foreign doctor?"

Li Hang gave her a mysterious smile, "He is an expert in a particular field."

"A particular field?" Xu Muqing was confused.

On the other hand, Li Hang told Xu Muqing before that he had known this doctor since they were young. They even lived on the streets and begged for food together in the past.

Xu Muqing tugged Li Hang's sleeves and asked gently once again, "Weren't you both hobos before?"

"So, you wandered overseas and ended up being a hobo there?"

Zhang Cuishan was eager to explain before Li Hang could open his mouth.

"You might be curious as to how we knew each other?"

"It was a wintry and snowy day and we were suffering from hunger and cold."

"On that day, the sky was grey and the ground was white."

"We were shivering in a corner when he gave me a piece of chocolate..."

"Alright, that's enough talking. Let's perform the surgery now!"

As Li Hang stared fiercely at Zhang Cuishan, he immediately shut his mouth and stopped talking.

Xu Xiaoyang was pushed by the medical personnel into the operating theatre while Li Hang strode into the room.

After the door of the operating theatre slowing shut behind them, Xu Muqing turned around and stared at it as she murmured, "What a liar."

Zhang Cuishan was standing there and looking at Xu Muqing in a strange way.

"Is there anything wrong, Doctor Zhang?" Xu Muqing asked in confusion.

Zhang Cuishan said with a smile, "Miss Xu, you are indeed the happiest woman on earth."

“Hmm?” When Xu Muqing wanted to ask Zhang Cuishan why, he had already left towards Operating Theater Number One upstairs.

Meanwhile, inside Operating Theater Number One.

Huang Youguang had been lifted by the medical personnel onto the operating table.

At this moment, a tall beautiful female doctor who had brown curly hair and blue eyes walked into the room.

Huang Youguang brightened up once he saw this beautiful female doctor.

This woman looked very flirtatious and sexy. She was kind of woman which no man could hold himself together after looking at her.

Huang Youguang was not able to suppress his wistful thoughts for the woman.

He thought to himself that once the surgery is over, he must have the doctor served him well while being hospitalized.

He had slept with a lot of flirtatious and sexy woman before, but a foreign woman was a first!

Huang Guangyou's manhood slowly rose up at the thought of it.

The brown-haired woman couldn't help but smirked at the sight.

She spoke in an indistinct Mandarin, "What a manly little man. Such a shame to dismember it."

Huang Youguang could not hear what the lady said. He had his mind on the sexy and attractive lips of the sexy woman.

However, the lady's voice sounded a bit coarse which was inconsistent with her sexy look.

But the rougher her voice is, the stronger her sexual desire would be.

Hehe! It's going to be fun when I stay in the hospital.

As Huang Guangyou was feeling excited about it, the female doctor said to the nurse beside her, "Anesthesia."

The pain caused by the injection into his spine soon subsided.

Huang Guangyou initially thought that he would pass out due to the effects of

anesthesia.

But he felt really strange that even though the anesthesia had worked, he had no desire of sleeping at all, instead he was very much sober.

What's going on?

Shouldn't I pass out once I am anesthetized?

If I do not pass out, does that mean I will be able to witness the procedure?

Huang Guangyou was a little frightened at that point.

Meanwhile, Zhang Cuishan entered Operating Theater Number One as well.

The two foreign doctors gave each other a knowing smile.

The female doctor asked the nurse beside her to take off Huang Guangyou's clothes, including his underwear.

The female doctor flipped his manhood gently with her hand in glove as she said with a smile,

“Young man, allow me to introduce myself.”

“My English name is rather long. You can just call me Christina.”

“I have a Chinese name as well.”

“As my husband’s surname is Zhang, I now bear the same surname.”

“My name is Zhang Susu.”

Zhang Susu turned around and looked at Zhang Cuishan beside him as she spoke, “This is my husband, Zhang Cuishan.”

“We are both the finest orthopedists and neurologists in the field.”

“But at the same time, we have another identity.”

“I am the President of the Thailand Sex Reassignment Surgery Association.”

“My husband is also an expert in the field of sex reassignment surgery in the Mi Country. We are glad to be of service to you.”

“Now please be relaxed, and you will usher in a new life after five hours!”

Huang Guangyou stared at them in shock. He wanted to scream loudly!

But now he did not have the strength to even blink his eyes!

Zhang Susu moved closer and whispered in Huang Youguang's ear.

Her sexy and rosy lips slowly opened.

And she said in a slightly rough voice, "Let me tell you a little secret. I was once a man like you."

"Don't resist it. Open your mind to embrace it."

"You will soon realize that being a woman is a lot more fun than being a man"

Xu Xiaoyang's surgery was completed in about two hours.

The surgery was a success, and Xu Xiaoyang would be discharged in a week.

Inside the VIP patient ward in the hospital, Li Hang was reminding Liu Yufen about the nursing procedures.

Not long after that, the door of the patient ward was opened.

A graceful and sexy looking Zhang Susu in a white robe walked into the ward. She had a gorgeous face with heavy makeup.

The minute Zhang Susu saw Li Hang, she could not help but gave Li Hang the eye.

"Li, it's been a long time. You are more handsome than the last time I saw you."

Xu Muqing immediately turned around when she heard it.

She looked at Li Hang in surprise and bewilderment.

Even Liu Yufen and Xu Xiaoyang were puzzled when they looked at this sexy and flirtatious female doctor.

Zhang Cuishan introduced her to everyone, "This is my wife, Christina."

After realizing that she was Zhang Cuishan's wife, Xu Xiaoyang and Liu Yufen heaved a sigh of relief.

Christina exuded a strong sense of womanly charm. She would be a threat to Li Hang and Xu Muqing's marriage if Li Hang had had a relationship with her in the past!

Zhang Cuishan and his wife did not intend to stay here for long.

They were here because Li Hang asked for their help to deal with Huang Guangyou.

It was all under Li Hang's evil plan.

The couple left before dinner.

Li Hang brought Xu Muqing to a nearby restaurant.

When they were at dinner, Li Hang noticed that Xu Muqing looked gloomy and was clearly upset.

"What's wrong?"

Xu Muqing did not say a word while while she fiddled with the rice in her bowl.

Li Hang's lips quirked and he laughed.

He intentionally raised his nose as he sniffed the air dramatically, "What a sour smell."

Xu Muqing's delicate and beautiful nose moved slightly.

"Really? I didn't smell it."

Li Hang tilted his face close to hers and said with a smile, "How could there be none? I smelled a heavy sense of jealousy."

Xu Muqing pouted her lips as she turned her face to the side to ignore Li Hang's remarks.

"I wasn't jealous. We are only husband and wife in name."

"Hence, I don't have the control over you. You can do whatever as you please."

Xu Muqing enunciated each word slowly.

Her lips were pouted as she spoke. She looked so lovely that he almost could not resist kissing them.

Li Hang cunningly looked at Xu Muqing and said, "I have a little secret. Do you want to hear it?"

“I don’t.”

“But this little secret has something to do with that sexy Christina!”

“Humph! I’m not interested in knowing about your romance.”

Xu Muqing’s jealous expression looked particularly adorable to Li Hang.

Nevertheless, he would not want his adorable wife to be jealous for the rest of the day.

And so, he said to her softly, “I gave her the name Christina, but his old name was John.”

Xu Muqing raised her eyebrows as she turned to Li Hang and said, “Isn’t John the name of a man?”

“Absolutely, he used to be a man.”

Xu Muqing covered her mouth in surprise when she heard it and said, “Ah! How is that possible? She... She is a real beauty.”

“Who dares call herself a beauty before my beautiful wife?”

Xu Muqing looked at Li Hang as she rolled her eyes and said, “Why didn’t you tell me

earlier?”

“I have misunderstood you over this. You are so annoying!.”

Li Hang pretended that he did not hear it. He tilted his ear closer to her and said, “What did you say? I didn’t hear you clearly.”

Just as Li Hang was teasing Xu Muqing, she kissed Li Hang on the cheek gently with her plump lips.

Li Hang was stunned like a crashed computer.

“Dad can finally walk like a normal human being and so this is your reward.”

As Xu Muqing spoke, she blushed and her impeccable face became so rosy.

She was blossoming like flowers.

Li Hang turned around and pointed at his thick lips.

“Kiss me again here.”

Before he knew it, a piece of sweet and sour spare ribs picked up by Xu Muqing using her chopsticks had already kissed him by the lips.

After leaving the operation theatre, Huang Guangyou was privately transported to the finest private hospital in Sheng City.

As the effects of anesthesia had not worn off for a long time, he only managed to wake up at night.

Huang Youguang who had just woke up turned to his helpers as he said naturally, "I want to pee."

When the medical personnel took off Huang Youguang's underwear, a young female nurse suddenly screamed!

Huang Zhen also rushed into the room with his wife.

The husband and wife were petrified when they saw what was in between their son's legs.

Meanwhile, Cui Haifeng and the President of the Hospital were having a feast in a five-star hotel.

Cui Haifeng was finally connected with the Huang family. He was extremely joyous as he will soon venture into new businesses in the Sheng City.

When the two were drinking gleefully, Cui Tianci rushed into the room.

"Oh no!"

Cui Haifeng frowned as he looked at Cui Tian Ci, "My son, why are you always so jittery?"

“How many times have I told you this no matter what happens, you have to remain calm at all times.”

Cui Haifeng who was a bit tipsy at the time waved at Cui Tianci, “Come over here. Have a drink and then tell me what happened.”

Cui Haifeng stood up and poured a glass of wine for Cui Tianci.

“Dad, some terrible things had happened, yet you are still in the mood for drinking!”

Cui Tianci was extremely nervous.

“If you don’t drink, I will!”

When Cui Haifeng lifted his glass, his phone in the pocket rang.

Cui Haifeng took out his phone and noticed that it was Huang Zhen’s call.

“My brother Zhen, is there anything I can do for you?”

Cui Haifeng was tipsy already. He was all smiles.

In the past, Huang Zhen’s call meant nothing to him.

Even if they met in person, he would never bother him.

But now, times had changed!

However, Huang Zhen was yelling in extreme anger over the phone.

“Cui Haifeng, you son of a bitch! Just you wait! I will make sure that your entire Cui family will perish!!!”

He hung up his phone once he finished scolding.

His yell woke Cui Haifeng up all of a sudden.

He asked Cui Tianci right away, “What is actually going on?”

“Dad, I just received a news.”

“Doctor Zhang who performed surgery on my cousin didn’t only cure his legs, but also performed a sex reassignment surgery on him!”

“The Huang family’s only son, that is my cousin Youguang, has now become a woman!”

“Crack!”

Cui Haifeng's glass in his hand fell to the ground. The wine splashed all over the place.

Cui Haifeng was petrified as he fell back lifelessly to the chair.

"We're screwed! We're really screwed!"

"Dad, you have to find a way! The Huang family might have already begun their plans to kill us all."

"What else can I do?!"

Cui Haifeng roared in anger.

“Xu Xiaoyang! Xu Xiaoyang must be behind all these”

“Xu Xiaoyang, you son of a bitch! I should have taken his life back then!”

The President of the hospital stood up to leave immediately when he realized that their conversation was sensitive.

“Ring, Ring, Ring...”

Cui Haifeng’s phone rang suddenly.

He sprang from his seat in surprise.

The call was from the hospital.

Cui Haifeng quickly answered the call upon seeing the caller ID.

He spoke anxiously to the person on the other end of the call.

After his phone call, he immediately dragged Cui Tianci along towards the exit.

“Dad, where are we going?”

“Your grandma is awake. We have to rush to the hospital!”

They arrived at the VIP suite of the hospital ten minutes later.

“Pow!” Cui Haifeng and Cui Tianci kneeled before Huang Lamei who had just woken up.

“Mom, you have to help us!”

“Mom, Xu Xiaoyang is driving us to the brink!”

Huang Lamei was stone-faced.

As a matter of fact, she was supposed to rehabilitate in the VIP suite.

But the incoming bad news exacerbated her illness which caused her to pass out for the second time.

She had only recovered her consciousness just now.

Lying on her bed, she stared at Cui Haifeng coldly and asked him in a rough voice.

“What’s going on?”

Cui Haifeng quickly recounted the incidents that have happened during Huang Lamei’s coma.

“Xu Xiaoyang and Liu Delun have now joined

forces to attack our Group.”

“Two days ago, Xu Xiaoyang had plotted Director Lin’s arrest.”

“Director Lin was arrested?” Huang Lamei asked in shock.

“Yes, Xu Xiaoyang and that bitch, Xu Muqing were behind all of these!”

While Cui Haifeng complained to her in tears, Cui Tianci also made up stories to back him up.

Huang Lamei raised her hand in a sudden and said, “Stop rambling. Just tell me what’s the situation now in our Group?”

“Mom, our Group is now on the verge of collapsing!”

“Just today, Xu Xiaoyang managed to engage a renowned orthopedist from overseas through unknown means.”

“While the doctor successfully cured Huang Guangyou’s legs, he also performed a sex reassignment surgery on him!”

“Huang Zhen is enraged and he threatened to destroy our family once and for all!”

“Mom, since you are his aunt. Please talk some sense into him.”

Huang Lamei suddenly flipped her blanket open.

She removed the medical tubes attached to her body.

“Mom, please don’t do anything foolish.”

Cui Haifeng moved forward to stop her.

Huang Lamei pushed Cui Haifeng away and to him fiercely, “How can I count on you anymore when you can’t even handle a crippled man?”

“Get the car ready. We are going to the Su family’s house in Sheng City.”

There were six prominent families in Sheng City.

They are the Su Family, Xu Family, Wang Family, Lin Family, Huang Family and Miao Family.

Among all, the Su family was recognized as the top family in Sheng City!

Rumor had it that the Su family came from the four prominent families in the Capital!

They arrived at the living room of the Su family's manor in Jiang Province.

Huang Lamei, who was revered by the people in Ning Province, was waiting anxiously with her son and grandson.

An old man with silver white hair was seated on his Rosewood furniture opposite of Huang Lamei.

He is the head of the Su family household, Su Zhengguo.

"I'm more or less clear with your predicament. Considering our years of friendship, I won't leave you stranded."

Huang Lamei heaved a sigh of relief when she had gotten Su Zhengguo's assurance.

She repeatedly thanked him, "I really appreciate what you are doing for us, Su."

In fact, Su Zhengguo had courted Huang Lamei in the past.

They had been in a relationship when they were both young.

"You don't have to return to Ning Province anymore. Let me deal with the Huang family."

"I understand that Taian Group is keen to hold a footing in Sheng City. I happen to have a project on hand which may help you with that."

Huang Lamei and her family left the manor with jubilation after knowing that they have the opportunity to tap into the businesses in Sheng City.

Shortly after they left, a side door next to the living room was opened.

A handsome young man in a suit and glasses came in.

This handsome young man was Su

Zhengguo's eldest grandson. He was Su Zhenghua, also known as the most sought-after bachelor in Jiang Province.

"That is very wise of you, grandpa! Ning Province is a very strategic place."

"With this golden opportunity, we can finally penetrate into the economy of Ning Province."

"Soon we shall be in control of the economic lifeline of the entire Ning Province!"

Su Zhengguo laughed as he stroked his beard in triumph, "Ning Province is ideal for development for its' strategic location. I have decided to send you to Ning Province to remodel Taian Group."

"Rest assured, grandpa. I will not let you down!"

Something suddenly came across Su Zhengguo's mind as he said calmly, "By the way, based on Huang Lamei's account, it appears that Xu Xiaoyang and his daughter are quite capable. Let's see if we can rope them in."

Su Fanghua was known as the womanizer in Ning Province.

He was able to conquer any lady whom he had set his eyes on.

He was now a free man who enjoyed the companionship of dozens of beauties.

Having been surrounded by beauties all this time, it's not a bad idea at all to be with an ordinary girl for a change.

Sui Fanghua smiled cunningly and replied, "Yes, I will do as you say!"

.....

Liu Yufen's hometown was located in a suburb of Ning Province.

The remote village was located near the sea and it was relatively underdeveloped.

Once they exited the expressway, they were on a rundown and slightly congested highway.

These old houses held the sweetest memories for Liu Yufen.

As they passed by the buildings, Liu Yufen would introduce them to Xu Muqing.

"Qing, that building over there was my high school."

“Your uncle is now a teacher in that school!”

“I have dreamed of becoming a teacher too when I was young.”

“But in the end, your father and I got married and we moved to the city.”

Li Hang drove past the school’s entrance.

There were dozens of men and women holding banners in protest at this time.

Liu Yufen was quick to notice that her brother, Liu Dongqing was in the crowd.

“Hang, pull over the car.”

Liu Yufen quickly got out of the car and rushed towards the school entrance.

She said to Liu Dongqing, “Brother, what are all of you doing here?”

Liu Dongqing looked like an honest man dressed casually with a pair of black framed glasses.

When Liu Dongqing saw her, a smile lit up on his face.

However, he soon drove Liu Yufen away.

“Don’t come here! Go now! Leave this place!”

“This has nothing to do with all of you. Run along now!”

Before Liu Yufen could ask him more, he quickly rushed her off the scene.

Meanwhile, a middle-aged lady arrived in her electric bike.

She passed a bamboo basket to Liu Dongqing and fixed her gaze at Liu Yufen firmly.

She thought Liu Yufen looked rather familiar, yet she was unable to recall who she was.

Liu Yufen looked well-groomed and elegant with her dress.

She must come from a rich family.

She did not recall having such a friend.

Meanwhile, Xu Muqing came over and greeted the middle-aged woman, "Hello, aunty!"

Apparently, the middle-aged woman was Xu Muqing's aunt, He Yueqin.

It was until then He Yueqin had recognized Liu Yufen.

Upon He Yueqin and Liu Dongqing insistence, Xu Muqing and her family went to her uncle's house with her aunt.

Liu Dongqing's house was comprised of four four-sided rooms.

In front of their house, an old lady with silver white hair was lounging under the sun.

She had a bamboo batten on her lap as she was busy picking out bamboo shoots with her calloused hands.

“Grandma!”

Xu Muqing called out to her right after the car door was opened.

The old lady looked up once she heard her voice.

Her blurry eyes suddenly glittered with excitement.

“Qing! My beloved Qing is back!”

The old lady set down her bamboo batten as she stood up and tottered towards Xu Muqing.

She didn't mind the dust on her grandmother's clothes instead she spread out her arms to give her a tight hug.

Li Hang got out of the car and smiled warmly.

The family sat down and chatted in the living room.

Liu Yufen's mom had a son and a daughter.

Liu Dongqing was the eldest son in the family.

Due to the financial hardship at home, Liu

Dongqing got married later than his sister Liu Yufen.

Liu Dongqing's daughter, Liu Nuannuan was now a high school junior and will soon take the national college entrance examination.

Liu Yufen asked He Yueqin some questions once they sat down.

"My sister-in-law, why did my brother protest in front of the school entrance?"

"I saw many teachers around too. What's going on?"

He Yueqin heaved a sigh.

She told Liu Yufen that the school where Liu Dongqing worked in, had been transformed from a public school to a private school.

Once it was transformed into a private school, the number of students had been decreasing year by year.

Life got tougher for everyone.

Not long ago, when the old principal was admitted to the hospital, Su Group from Sheng City had duped his son into selling the school for a minimal compensation.

Su Group planned to transform the school into a small commercial area.

They did not even bother to relocate the teachers and students.

That was why Liu Dongqing and some other teachers were holding banners in protest.

Xu Xiaoyang heaved a long sigh when he heard about this.

He shook his head and said, "There is no use in protesting because the Su family has a prominent status in Jiang Province."

"They have a wide range of businesses all over Jiang Province."

"They have also established connections at various ranks."

"Transforming a school into a commercial zone is a matter of public controversy. Their bold approach in handling the matter suggests that they have already greased the wheels in the relevant departments."

"Uncle's protest will be a futile attempt."

He Yueqin took a glance at the Mercedes-Benz in the yard as she spoke.

She was about to say something when her grandma let out a scream.

Grandma lost control of her bladder while she was talking to Xu Muqing.

Liu Yufen and He Yueqin immediately brought grandma to the bathroom to clean her up.

Tears started to well up in Xu Muqing eyes as she said, "Dad, grandma's health condition seems to be deteriorating."

Xu Xiaoyang nodded and replied, "Your grandma has worked hard her whole life, yet she had to suffer from this disease when she was old. Life is so unfair!"

Li Hang pulled Xu Haoran aside and asked him softly, "What's wrong with grandma?"

Xu Haoran scratched the back of his head as he shook it cluelessly.

"I'm not sure about it. I've heard my parents talk about it before and it is likely to be Alzheimer's."

Li Hang's eyebrows twitched.

Although there was no cure for Alzheimer's but Li Hang could probably do something to help with his expertise.

He could help to relief her symptoms which would enable her to be more clear-headed.

At this time, grandma returned to join them after she changed into fresh clothes.

"Oh, whose Mercedes-Benz is this? Why is it parked here?"

A woman's shrill voice was heard coming from outside the courtyard.

Li Hang turned and looked over. He saw a plump, middle-aged woman coming down from her Volkswagen. She had a face full of heavy make-up and she was dressed gorgeously from head to toe.

"Cousin! Long time no see. What's with the pale complexion of yours? Why do you look

as thin as rake?"

The plump, middle-aged woman was Liu Honghua. She was Liu Yufen's uncle's daughter.

She walked up to Liu Yufen while her pot belly swayed.

"Your clothes looked so tacky. Those who don't know you would think you work in a factory."

What Liu Honghua didn't know was, the clothes worn by Liu Yufen cost over a hundred thousand!

Xu Haoran dragged Li Hang to a side as he whispered to him, "Brother-in-law, that annoying woman right there is my granduncle's daughter. She had always bullied my mum since young."

As she pointed to the Mercedes-Benz, Liu Honghua asked He Yueqin, "If I'm not mistaken, this car belongs to Xiaohai from next door, right? I heard from them a few days ago that he had earned some big bucks in recent years and he is now a big boss."

As she spoke, Liu Honghua looked at Xu Xiaoyang and clicked her tongue several

times.

"My brother-in-law! I don't mean to be rude, but don't you come from a prominent family yourself?"

"Why are you dressed so sloppily to attend my father's birthday celebration?"

"Just look at yourself. What is that you're wearing?"

"It doesn't look like a suit, nor does it look like a Chinese tunic suit. No boss would dress like you."

Xu Haoran sprang from his sit as he was about to speak, but Liu Yufen immediately held him back and shook her head at him.

Liu Honghua turned to look at him and shook her head in disdain.

She didn't even bother to speak with him before she turned to Xu Muqing.

"Qingqing, I've heard of your plight from others."

"During your dad's toughest times, he had found you husband who is addicted to gambling."

“But don't you worry, I am on your side.”

“This time round, I have found you an excellent candidate!”

Right then, Liu Honghua waved towards the Volkswagen.

Out of the car came a plump young man with a huge belly.

He had a suit on, but his belly was so fat that he couldn't fasten the buttons on his suit.

“Qingqing, you may not heard of the Su family since you are from Ning Province.”

“But let me tell you this. They are the wealthiest family in Jiangzhou. They have businesses spanning over many provinces and cities. To put it simply, they are bloody rich!”

As he spoke, the man was already standing behind Liu Honghua.

“This man right here is from the Su family. Although he is the son of one of the mistresses, but he still carries the Su family bloodline.”

“Not only that, he’s currently the Vice President of Su Corporation’s Human Resource Department.”

“And guess what? His monthly salary is around this figure.” Liu Honghua said as she gestured the number ‘three’ with her chubby fingers.

Xu Haoran smiled, “Aunty, are you saying that he earns 3 million a month?”

“Shhh! What are you talking about, you little brat?! Who do you think he is? Bill Gartz?”

“It’s Bill Gates.” Grandma, who had been sitting and listening to their conversation the whole time, spoke up.

Li Hang couldn’t help but give the old lady a thumbs-up.

Earlier on, Li Hang had given the old lady a therapeutic head massage.

The massage aimed to sooth her meridians and ease the blood flows in order to stimulate her brains.

It was not known how much it could do to

help grandma, but at the very least her visions were clearer now.

Grandma put up a gentle smile as she pat on Li Hang's arms gently with her calloused palms.

"You're such a good son-in-law."

Xu Xiaoyang corrected her politely, "Mom, this is Hang. He is your grandson-in-law."

What happened next was mind-blowing.

The old lady replied, "You're my son-in-law and he's your son-in-law. It's the same... All the same..."

Xu Xiaoyang and Liu Yufen looked at each other in surprise.

Since when had the old lady become so alert?

As soon as Liu Honghua heard that, her thick brows furrowed.

"Oh, so this is the loafer who does nothing but eat and drink all day..."

"No offense brother-in-law, but how could

you guys bring him in here?”

“It’s my dad’s birthday today! If this guy enters to our house, people might think a beggar had come to ask for food!”

“Aunty, you have clearly crossed the line!”

Xu Muqing became furious.

She could accept the mockeries and insults on her family.

But the one thing she couldn’t bear with was Liu Honghua looking down on Li Hang!

“Ah, why do you stand up for this kind of husband?”

“You foolish woman! How could you raise your voice at me for someone like him! Have a proper look at this big boss right here!”

“He is from the Su family. The highest ranking family in the Sheng City!”

Honk,honk!

Just then, a black Mercedes-Benz arrived.

Chapter 67 Worst Aunty Ever

A middle-aged man exited the car.

“Whoa, Xiaohai, did you buy two Mercedes at once? You sure are getting richer nowadays, aren’t you? This white one probably cost you more, right? I could spot it shimmering from afar.”

Upon hearing what Liu Honghua said, Xiaohai smiled and waved his hand, “Oh no, this white Mercedes is imported. There’s no way I can afford it!”

“The import tax and duty could easily cost you at least six to seven hundred thousand dollars.”

“Then whose car is it?”

Right at that moment, Li Hang handed the car keys over to Xu Haoran, who was right beside him.

Xu Haoran walked towards the Mercedes as he opened the door and shut it again.

Liu Honghua was stunned for a moment.

Finally, they got to strike back after all these years!

Liu Honghua refused to believe that the Xu family could afford the luxury car.

She sneered, “We must not be superficial! Don’t go broke trying to look rich!”

Chapter 68 The Poor Get Poorer

“This is why you guys will remain poor for the rest of your lives! Serves you right!”

After saying that, Liu Honghua left with the Su family.

Around 2pm in the noon, everyone packed up and prepared to head towards Granduncle’s place.

Li Hang saw grandma was still seated on the small stool in front of the house, so he asked, “Isn’t grandma going too?”

Xu Xiaoyang shook his head gently, “Your granduncle refused to let her attend. He thinks she’ll embarrass him.”

Granduncle’s birthday party was held in his own house.

He had 20 tables set up for the event. Many guests were in attendance to congratulate him.

Since the place was nearby, Li Hang and the others walked over via a small pathway.

Just as they picked an empty table and sat down, Liu Honghua, who was just close by,

suddenly yelled at them.

“Why are you guys in this table!?”

“Is this table for you!?”

It was loud enough to attract everyone’s attention.

“This spot is for the VIPs. You guys should go sit there where it is less noticable!”

Liu Honghua yelled as she pointed at a table in the corner which was right beside the toilet.

Just then, a few balding middle-aged men swaggered towards them.

One of them was Liu Honghua’s husband.

Liu Honghua’s husband was the leader of one of the Departments in his company.

He had always looked down on Liu Dongqing’s family.

He asked in a hostile manner, “What’s going on? You let them have the VIPs’ table?”

Chapter 68 The Poor Get Poorer

Liu Honghua hurriedly said, "I'll ask them to leave now."

She turned and glared at them, "What are you waiting for? Hurry up and move!"

Xu Xiaoyang and Liu Dongqing prepared to get up upon hearing her demands.

However, Li Hang raised his arms as he gently rested them on both the elders' shoulders to signify that they stay put.

He got them back to their seats eventually.

Li Hang glanced at Liu Honghua coldly, "And what if we don't want to get up?"

"You are a good-for-nothing! Who do you think you are to put on airs here!?"

"Had I not pitied you, you wouldn't even have a single seat here!"

Liu Honghua picked up a bamboo basket containing all the guests' red envelopes.

She rummaged through the basket as she searched for the thinnest piece of envelope.

Chapter 68 The Poor Get Poorer

She opened it up and found only one piece of red paper.

“Take a look, everyone! This is the red envelope they sent!”

“It’s just a piece of red paper with no money inside!”

“They came here just to scrounge for free food!”

The whole room burst into laughter.

“Are you kidding me? The 80-year-old man only got a piece of paper for his birthday!”

“Every family has a poor relative, but I’ve never seen one this poor! What a cheapskate!”

“Tsk tsk tsk... If I were them, I’d have run off long ago! I can’t believe they still had the audacity to remain here!”

The granduncle, who was initially joyful stood up from his seat as he angrily stormed over with his cane.

“Get out of here!”

Chapter 68 The Poor Get Poorer

“You are not my relatives!”

Li Hang said flatly in indifference: “This red paper is a gift list for granduncle.”

“A gift list?” Liu Honghua sneered.

She unfolded the piece of paper and announced with disdain, “Listen up, everyone! I shall read the contents of this piece of paper which he claims to be a gift list!”

“A golden longevity peach statue, a pair of jade bracelets, a Mercedes-Benz, eight hundred dollars in cash...”

“Oh god, I can’t read on! I can’t read on anymore!”

“Gosh, I’ve never seen someone this shameless in my entire life!”

Chapter 69 The Gift List

The crowd began to jeer at them.

“Get lost!”

“What a shame!”

“If I were to have this kind of relatives, I’d definitely cut ties with them!”

Liu Honghua stared at him with disdain.

“Longevity peach? Jade bracelets? Show me where are they?!”

Just then, a car pulled to a stop before the crowd.

Zhang Pengfei got off the car. He held in his hands a pure Gold Longevity Peach statue which was around the size of a washbowl.

The moment he got out, everyone noticed the height of the car was visibly raised.

Just how heavy could that Gold Longevity Peach be?!

Following behind him was a man holding a sandalwood tray with a pair of jade bracelets placed on it.

Chapter 69 The Gift List

The spectacle was then followed up by the arrival of two muscular men in black.

They each carried a briefcase with them.

Both cases were opened right in front of the crowd and there were stacks of cash inside!

Eight hundred dollars in cash!

What about the Mercedes-Benz?

The crowd was expecting more from the show as they anticipated the arrival of the Mercedes-Benz.

Suddenly, a van stopped in front of Liu Dongqing's house.

A group of gangsters got off from the car with a fierce look.

"Old hag! Where's Liu Dongqing!?"

The old lady shook her head at them.

"Let's just barge in, boss! That coward is probably hiding inside!"

She stood up and lifted her arms in a bid to

stop the gangsters from entering the house.

“You can’t go in.”

Her voice was soft, but there was a firm look in her eyes.

“Smash this Mercedes! That coward would surely show up!”

“Got it!”

The group of gangsters retrieved some iron rods from the van. Just as they were about to smash the car, the old lady blocked their path with her arms again.

She had infuriated the gangsters as one of them grabbed her by the collar: “Do you really think I dare not lay a finger on you, old hag!?”

He shook the old lady vigorously.

She was so fragile she looked like she could break any second.

“You can’t smash it!”

“That’s my granddaughter’s car. I won’t let

you touch it!”

“Get out of my way!”

The gangster shouted angrily and pushed her away.

Li Hang rushed over right on time. He reached out to catch the old lady before she could fall to the ground.

“My dear son-in-law, why are you back?”

The old lady smiled at Li Hang.

The moment the leader of the gangster met Li Hang’s gaze, his legs instantly felt weak as he slumped on the floor.

“Y-y-you...”

His voice trembled!

He was terrified!

Just then, Liu Erniu quickly drove over too.

Five brawny, aggressive-looking men got out of the car.

“Boss, what should we do with these guys?”

“Have them each decapitate an arm and a leg, then throw them into the river behind!”

“Roger that, boss!”

Within seconds, Li Erniu and the five men pounced on them!

The gangsters were beaten to a pulp as and the sounds of wailing echoed along the streets.

After helping the old lady into his Mercedes-Benz, Li Hang personally drove her to granduncle’s birthday party.

Meanwhile, granduncle stood in front of the Peach with his cane supporting him.

He was thrilled by the sight as he couldn’t take his eyes off it.

He couldn’t wait to take the Big Gold Peach back home and enshrine it!

He recalled there was also going to be a Mercedes-Benz.

Even if he was already too old to drive, how magnificent would it feel to sit in one!

The old man felt so contented at his gifts.

Very soon, the Mercedes-Benz arrived.

He couldn't help but threw himself at it.

Chapter 70 Happy Birthday Grandma

Whenever he saw big bosses riding around in their Mercedes-Benz, he couldn't help but feel envious. He wished that he could sit in one too one day.

Who would've thought that on his birthday, he would receive one from his family!

With the support of his daughter Liu Honghua, he tottered over.

Li Hang got out of the car.

But, he didn't say anything to his granduncle.

Instead, he went straight to the back of the car and opened the door.

Li Hang helped grandma, who was all-smiles, out of the car.

Upon seeing the old lady, granduncle yelled, "Why is she here!?"

"Take her away at once! Now!"

He became furious at her presence.

"Come on, Dad! Don't be mad! It's so rare for us to receive so many gifts."

Chapter 70 Happy Birthday Grandma

“Dad, since you won’t need these bracelets, why not just let me have them?”

Without anyone realizing, Liu Honghua had already taken the jade bracelets.

“Put them down!” Li Hang spit out coldly.

Granduncle smiled, “Those bracelets were for me anyway, so I’ll give them to my daughter. Let her have them.”

“Who said they were for you?”

“Huh?”

All the guests were stunned.

Li Haoran, Xu Xiaoyang and the others walked over.

Without a hint of courtesy, Li Haoran snatched the jade bracelets from Liu Honghua’s hands.

“Aunty, don’t you think it’d be difficult to slide these bracelets in your pig hooves?”

Liu Honghua yelled at him, “Aren’t these for my dad? If not, who are they for?”

Chapter 70 Happy Birthday Grandma

With Liu Yufen on the left and He Yueqin on the right, they slid each bracelet in grandma's wrists.

The bracelets fit perfectly!

Then, Li Erniu and the rest stood neatly in a row.

They held the Longevity Peach and the cash up high and shouted in unison.

"Grandma!"

"Happy birthdayyyy!"

All the guests were stunned.

"What's going on?"

"Is today someone else's birthday too?"

"SURPRISE!! The gift list was actually for grandma!"

Liu Yufen's eyes had already turned red.

"Happy birthday, Mom!"

She took a red handkerchief out of her

pocket.

Inside it was a gold ring.

She placed the ring on grandma's rough finger.

While doing so, tears were already streaming down Liu Yufen's exquisite face.

Xu Muqing held Li Hang's hands tightly.

She asked gratefully with tears in her eyes, "How did you know that it's Grandma's birthday today?"

The golden ring was bought by Liu Yufen a few days back with the money she had saved up over the years.

It was also thanks to her that Li Hang found out it was grandma's birthday today.

grandma, especially after she started having Alzheimer's. There was hardly any interaction between the two families.

It was precisely because of this that Xu Muqing would become upset on her granduncle's birthday every year.

Li Hang would do anything to keep Xu Muqing happy at all cost, even if it meant offending others.

That is her granduncle!

"Since we're not welcomed here, let's go somewhere else to celebrate grandma's birthday instead!"

With Li Hang's declaration, Xu Xiaoyang and Liu Dongqing's families immediately got into their cars and headed towards Liu Dongqing's home.

When they arrived, there were already four tables full of food and drinks in Liu Dongqing's yard.

Many neighbors who were regularly close with grandma had already been sitting there for a while!
