

## CHAPTER 381 - 390

As soon as Liu Sheng left, Wang Shaohua came out of the reception room. The arrogance just now disappeared again and became dejected again.

"Boy, are you playing tricks again?" Wang Shaohua looks at Wu Tian with a gnashing of teeth.

Just now, we have negotiated the acquisition agreement with Xinsheng group and are preparing to sign a contract. Unexpectedly, the investors of Xinsheng group announced the withdrawal of capital.

At that time, I felt that something was strange. After listening to the dialogue between Wu Tian and Liu Sheng, I realized that Wu Tian was playing tricks behind the scenes.

"Yes, it's me." Wu Tian chuckled and slowly opened his mouth: "you are the prey I shot down. Do you honor others to enjoy it?"

"Do you mean we can only cooperate with you

"Yes, you have no choice now."

"Believe it or not, I will not cooperate with you even if I let strange fish go bankrupt?" Wang Shaohua clenched his teeth and bones and threatened him fiercely.

"I said, you are my prey now, you have no right to choose life and death."

"What would you do if I didn't cooperate with you?"

"I'm sure it won't be long before you and your family get into big trouble, and then you'll ask me."

"You..." Facing the threat, Wang Shaohua was speechless.

He now believes that Wu Tian has the strength to make Qiyu collapse in a short time, and let investors of Xinsheng group withdraw their capital in a short time, which is not what ordinary people can do.

In his opinion, Wu Tian has an amazing force behind him. This force is very strong, and he has no ability to fight against it.

For the sake of the well-being of his family and for the rest of his life, Wang Shaohua had to compromise: "OK, I promise to cooperate with your company."

"No, I don't want to work with your company now." Wu Tian shrugged his shoulders in a way that I didn't care.

"You..."

The corner of Wang Shaohua's mouth was so fierce that he held out a sentence: "what do you want?"

"When a cat catches a mouse, it usually doesn't eat it in one bite."

"You want to play with me?"

"Yes."

"How else do you want to play?"

"I want to hear boss Wang learn how to bark."

"Boy, don't bully people too much."

"Don't be angry, boss Wang. You're kidding." Wu Tian put away his funny smile and said, "OK, let's talk about the purchase price."

"Now, at the price you agreed with me." Wang Shaohua now has no bargaining chips, can only agree to sell at a low price.

Wu Tian is about to die. I can't sell it now.

"No!"

Wu Tian stretched out his index finger and shook it. "This price is too high, I can't accept it."

"What? Is the price of cabbage too high

"Yes."

"This price is what you said before."

"Before that, I've changed my mind now."

"You..." Wang Shaohua was so angry that he couldn't find any way to get the boy in front of him. "How much do you want to pay?"

"20% lower than before."

"You are a robbery."

"Boss Wang, do you have any choice now?"

"I..." Wang Shaohua was asked speechless, and finally had to nod: "OK, I agree."

Yes, he really has no choice now. He is held on his neck with a knife. How can he choose.

"Boss Wang, have a good cooperation." Wu Tian stretched out his right hand with a smile.

Wang Shaohua gritted his teeth and held out his hand for a long time before shaking hands with Wu Tian. At this time, he was not happy at all, and even ten thousand grass mud horses galloped by.

"Well, Mr. Sun, you go in and sign a contract with boss Wang." Wu Tian retracted his arm, turned his head and told Sun Sheng.

"Yes." Sun Sheng nodded, unable to hide the excitement and excitement in his heart, followed Wang Shaohua into the reception room.

He may have never dreamed that he would eventually buy strange fish live at such a low price. It's really a bargain.

"Hoo!"

Wu Tian stood outside the reception room with a sigh of relief. He took a cigarette from his pocket and lit it. He started smoking.

Just when I was smoking half of my cigarette, I saw the floor manager named Zhao Jie running over with two security guards.

"My God, you're still smoking here." Seeing the smoke in the corridor, Zhao Jieqi's face turned pale.

"You're not my wife. Why do you care about my smoking?" Wu Tian joked. From the beginning, he was very fond of the girl.

"You Rogue. " Zhao Jie small face a red, bite teeth warning way: "I remind you for the last time, quickly put out the smoke in your hand."

"What if I don't die?"

"Then don't blame me for being rude to you."

"Is it?" Wu Tian vomited a mouthful of smoke and looked at the two security guards. "Do you want those two guards to attack me?" Not waiting for Zhao Jie to answer, the two security guards nearby had already lost patience, "don't talk nonsense with this boy, deal with this kind of rascal directly."

After saying this, the two security guards rushed to Wu Tian together.

"Well, just get rid of him. Don't hit him." At the critical moment, Zhao Jie can't help but remind the two security guards.

After hearing this, Wu Tian's heart was warm and said with a smile: "Zhao Jie beauty, you don't love me so much, do you care about me?"

"You, you, you..." Zhao Jie's tongue knotted.

I didn't expect it was this time. The guy in front of me was still in the mood to smile. It was so annoying.

Two security guards rushed up and clamped Wu Tian's body, one left and one right. They found that the boy was very powerful and could not be dragged away no matter how hard he tried.

The two security guards looked at each other and immediately made a decision: "let's fight this boy first."

After saying this, the two security guards are ready to fight Wu Tian.

"Stop it!"

Just then, the door of the reception room opened, and Wang Shaohua came out. Seeing that the security guard was ready to fight Wu Tian, he hastened to stop him.

At present, I just signed a contract with seafood TV, and the funds for the acquisition have not been in place. I'm afraid that money will not be easy to get if Wu Tian is called.

At the sight of boss Wang, the two security guards were scared to listen.

Zhao Jie stepped forward and hastened to explain: "this gentleman smokes here. After several times of persuasion, he didn't listen to me. He was prepared to let the security guard take him away from the company."

"Don't say he smokes here. Now even if he burns down the company, you have no right to ask." Wang Shaohua glared at Zhao Jie and said coldly.

"Boss Wang, didn't you say that smoking is not allowed on this floor?"

"that was before. Has the final say."

"He?" Zhao Jie looked at Wu Tian with a puzzled face. He frowns and puzzled: "how can we has the final say of our company?"

"Let me introduce you." Wang Shaohua pointed to Wu Tian and said, "his name is Wu Tian. From today on, he is the boss of your strange fish live broadcast."

"What? He Is it the boss? " Zhao Jie opened her mouth in disbelief and even thought that she had heard something wrong.

"Just a moment ago, Wu Tian has wholly owned the acquisition of strange fish live." Wang Shaohua gritted his teeth and announced in public: "that is to say, from now on, I have nothing to do with strange fish live. Wu Tiancai is the boss of strange fish live broadcast."

With these words, Wang Shaohua left here with a disheartened face.

Zhao Jie and the two security guards were stunned at the same place. They all opened their mouths in disbelief.

I didn't expect that the young boy in front of him even bought strange fish live and became the big boss of strange fish company.

Don't understand, such a young fool, how can the money buy such a big company?

No wonder this boy dares not to obey the rules and smoke in the executive floor. It turns out that he is the new boss of strange fish.

After the micro Leng, the two security guards responded and rushed to Wu Tian to apologize, "boss Wu, we don't know that you are the new boss of Qiyu company. Please forgive me for offending me just now."

"Those who don't know are innocent. I don't blame you." Wu Tian waved his hand freely. He was in a good mood today and didn't bother to see the security guard.

"Thank you, boss Wu." The two security guards nodded their thanks like an amnesty.

"Do you want to stay here and work?"

"Of course."

"Well, if you continue with your previous positions, your wages will not change and your benefits will double."

"Thank you, boss Wu." After the two security guards said thanks, they swore: "we will definitely follow boss Wu to death and never betray."

"It's too fake." Wu Tian smiles bitterly and shakes his head, and says to the two people, "you can go back to work. Don't worry. Your salary will not be less."

"Yes, yes, yes." After the security response, he left here and returned to his post.

After the security guard left, Wu Tian stepped closer to Zhao Jie and reprimanded him: "how brave, dare to contradict the boss."

"You What do you want?" Zhao Jie retreats in fear, biting her mouth, and looks like she wants to cry without tears.

She did not expect that the boy in front of her eyes would become a strange fish boss and her immediate boss.

I offended boss Wu just now. I asked the security guard to do something to boss Wu. This time, I've made a big mistake. I can't avoid being scolded by the new boss.

"I don't eat people. What do you give back?" Looking at Zhao Jie who is scared away by himself, Wu Tian can't help but laugh secretly.

"Boss Wu is too close to me. I'm afraid."

"What are you afraid of?"

"Afraid of you Touch my body. " Zhao Jie bit her lips awkwardly, and is forced to continue to retreat.

"What happened to your body?"

"That..." Zhao Jie swallows saliva, boldly reminds a way: "boss Wu, please respect yourself."

"I don't care." Wu Tian stopped and said to Zhao Jie, "even if you are beautiful and make mistakes, I will punish you as well."

"I am punished."

"Accept any punishment?"

"Yes."

"Well, I'll punish you for a striptease."

"You..." Zhao Jie's face was red and her face was slightly white.

I didn't expect the new boss to be so rude. He didn't look like a boss at all. It's a bit annoying.

"What? No? "

"According to the company's regulations, there is no such punishment."

"now I am the boss, and the company has the final say." Wu Tian put his hands in his pocket and said: "the company's previous rules are all invalid."

"If boss Wu has to force me to take off my clothes, I have to resign." Zhao Jie gritted her teeth and replied with a firm voice.

"Well, then you quit."

"I..." Zhao Jie gnaws her teeth and turns away.

She didn't want to leave the company, but she had no way to meet such a rogue boss.

Just a short walk away, Wu Tian said again, "Zhao Jie, I'll re employ you as the boss of Qiyu. From now on, you are the Secretary of the general manager to assist Sun Sheng in his administrative work."

Hearing this, Zhao Jie suddenly stopped and turned to look at Wu Tian? What do you say

"I'll just say it for the last time." Wu Tian slightly raised his head and said with a serious tone that he had never had before: "from now on, I will employ you as the Secretary of the general manager."

"You just fired me and now you make me Secretary to the general manager?" Zhao Jie blinked two big eyes, some incredible mouth.

She didn't do the striptease according to boss Wu's instructions. It's reasonable to say that boss Wu was very angry. How did she suddenly get promoted?

I really don't understand. What kind of medicine does the new boss sell in the gourd?

Wu Tian didn't say anything. Liu Sheng, next to him, stepped forward and explained with a smile, "boss Wu just fired you. That's just a small punishment for you."

"Then why did he make me Secretary to the general manager?" Zhao Jie's eyes are even more confused.

"Because you passed the interview, you were excellent." "Interview? What interview? "

"Since boss Wu met you, he has been testing you and found that you have a good character, high professional quality and integrity, and excellent in all aspects." Sun Sheng explained with a smile.

"Just molested me. Was that an interview?"

"Yes."

"Er..." Zhao Jie looked up at Wu Tian for a few seconds. She could not help but murmured: "this guy is really a weirdo."

After living for more than 20 years and working in several companies, it is the first time to meet such a wonderful interview.

"Who is the weirdo?" Wu Tian Mou color a cold, light voice reproaches a way.

"No I didn't say you. " Zhao Jie was scared and quickly lowered her head. She didn't expect that such a small voice was heard by boss Wu.

"Miss Zhao, would you like to come to Qiyu live as the Secretary of the general manager?"

"Certainly." Zhao Jie nods hard, for this is not bad, but it is desirable.

Before, I was just a small floor administrator, belonging to the logistics department. I didn't expect to become the Secretary of the general manager all of a sudden, which is equivalent to flying to the branch and becoming a Phoenix.

She did not understand up to now, how can boss Wu take a fancy to her such a small role.

Mingming offended boss Wu. Mingming was against boss Wu, but he was promoted in the end.

"Well, from now on, you are the Secretary to the general manager." Wu Tian said this, and then asked, "as a secretary, how do you think the company is going to deal with the crisis now?"

"At present, the top priority is to solve the internal contradictions and pacify the employees and those anchors and creditors." Zhao Jie thought for a moment and said.

"Good." Wu Tian nodded with satisfaction, "go, now go and solve the trouble you said."

Sun Sheng and Zhao Jie followed quickly.

Until entering the elevator, Zhao Jie said the secret worry in her heart: "at present, those creditors and anchors are making a lot of trouble. I'm afraid it's not easy to stabilize their emotions."

"Then why do you think they want to make trouble?"

"For money."

"Money is only one aspect. They are mainly worried that the company is going to go bankrupt. All their efforts will be wasted, so they are in a panic."

"Boss Wu has a point." Zhao Jie nodded with approval, and then said, "what good way does boss Wang have?"

"Kill the chicken and respect the monkey." Wu Tian gave a four word answer.

"Oh Zhao Jie nodded, and she was very curious about how boss Wu would solve the current dilemma.

Three people take the elevator downstairs, found the hall is still in chaos, everyone is looking for money from the financial department.

In this case, the finance department was in a mess because there was no money in the company's accounts, and even the public relations department was helpless and could only let the situation continue to develop.

Wu Tian glanced at the chaotic hall and winked at Chao Sun Sheng.

Sun Sheng nodded and went directly to the front of the hall. He slapped his hands on the table and roared: "everyone, be quiet."

"Who are you? How can you talk here All of them pointed their spearheads at Sun Sheng.

I'm Sun Sheng, general manager of seafood TV. This time I'm going to announce a big news to you. " Sun Sheng finished saying this, took out the purchase contract he had just signed from his pocket and announced aloud: "just now, our boss Wu Tian has wholly purchased Qiyu live broadcast, becoming the new boss of Qiyu company."

As soon as the words came out, the scene was filled with instant frying, and all of them couldn't help talking.

"Now let's invite Wu Tian, the new boss of Qiyu live broadcast, to speak for us." Sun Sheng put the contract aside.

Under the gaze of the crowd, Wu Tian slowly walked to the front of the stage and glanced at the crowd. Then he said, "I am Wu Tian, the new boss of Qiyu company."

"Since you are the new boss of strange fish company, please pay off the money you owe us." All the people under the stage pointed the spearhead at Wu Tian and demanded debts one after another.

"Don't worry. All the money you want is on the way. Send it right away." Wu Tian looks at the crowd with a smile.

"Really? Are you lying to us? " All the people were quarrelling and doubting whether this was true or not.

"Two more minutes..."

"No, we don't want to wait a minute now." The leading troublemakers are the former partners and trade unions of Qiyu.

They knew how bad strange fish was now, and they only wanted to get the money so as not to lose a lot.

"If you don't want to wait, you can continue to make trouble, or you can burn the strange fish with a torch. I want to see where you ask for money," Wu Tianleng roared.

This makes people calm a lot, if continue to make trouble, it will not do them any good.

"Well, then we'll wait." The crowd gradually quieted down and waited a few more minutes. If they couldn't get the money, it would be too late.

Wait less than two minutes, see Long Yun and green dragon with four black bodyguards approached the company hall.

Each of the four bodyguards in black, each carrying a large suitcase and wearing sunglasses, was forced to approach Wu Tian.

The momentum alone is enough to shock the audience.

Everyone's eyes fell on a few large suitcases, wondering if it contained money.

"Young master, the money is here." Long Yun walked to Wu Tian with long legs and spewed out a sentence without expression.

She received a phone call from the young master half an hour ago, asking her to prepare 40 million banknotes and take them to the strange fish company.

"Good." Wu Tian nodded with satisfaction, raised his hand and said, "open the suitcase."

He deliberately asked Secretary Long to prepare money to let everyone see his strength and tell everyone that Wu Tian was not short of money.

"Yes After Long Yun answers, let four bodyguards in black open the suitcase.

After the suitcase was opened, the brand-new banknotes burst out, especially dazzling in the strong light.

Wu took out a lot of money, which surprised the boss.

It can be seen that boss Wu is a strong local rich man, which is recognized by all people.

"Since I can buy strange fish live, it proves that I have this strength. I never need money." Wu Tian said this and continued: "if you want to get money, you should line up. Everyone has a share."

After that, we all lined up in a hurry, waiting for wages, and the partners also queued up for settlement.

"But I must remind you." Wu Tian suddenly closed his smile and changed his tone: "after you receive your salary today, you will have nothing to do with our strange fish live broadcast. That is to say, as long as the anchor who receives salary today, the two platforms of strange fish and seafood will not have any cooperation with you in the future."

"We get paid, you block us?"

"Yes."

"Wages are the income of our labor, and it is natural for us to receive wages. Why should you ban us?"

"According to the contract, the salary is paid on time on the 15th of each month. If you ask for the salary in advance, it is tantamount to" forcing the palace ". Who are you going to kill Wu Tian was just a smiling tiger and suddenly became tough.

"This..."

The anchors on the scene were boiling in an instant.

Now Qiyu live broadcast and seafood TV are the two largest live broadcasting platforms in China. If they are blocked by both platforms, how can they mix up in the future?For a moment, the anchors began to have scruples.

"Ladies and gentlemen, I'll give you time to think about it first." Wu Tian said this, suddenly tone a cold: "financial, first those troublemakers pay wages, let them roll out of the strange fish."

On hearing this, the staff were scared and begged for mercy: "boss Wu, we are possessed for a while. We will stop making trouble. Please give us another chance."

"I'm sorry, I'm a man with clear rewards and punishments. If I make a mistake, I'll be punished." Wu Tian's tone is very tough, there is no room for discussion, "pay these employees first, let them go."

This is the so-called "killing the chicken and honoring the monkey" by taking the employees first, so as to convince the anchors.

After all, the employees are a small number, most of them are middle-level management, so driving them out has little impact on the company.

What's more, strange fish live broadcast also needs to communicate with seafood TV. Keeping these disobedient employees is not conducive to future development. It just takes this opportunity to fire them and kill two birds with one stone.

"I'm sorry, boss Wu. We really know that we are wrong. Please give us another chance..." The employees pleaded with each other and didn't want to leave the strange fish.

After all, strange fish live is a big company. If it is fired like this, it will be difficult to find a similar job in Luzhou.

But Wu Tian was very tough and didn't give them any chance.

Those troublemakers had to receive wages and severance pay, and left the strange fish with a

disheartened face, and felt extremely regretful.

After the troublemakers were driven away, the scene was quiet and everyone was frightened by the new boss's tough measures.

Seeing that the situation was not good, those partners were scared to plead: "boss Wu, we didn't know anything before. When the company encountered a crisis, we ran to make trouble. Now we know that we were wrong and decided to make a change."

They hope to cooperate with big companies like Qiyu.

It was heard that the strange fish capital chain was broken and faced with bankruptcy. They were afraid that the funds of the strange fish cooperation would float, so they came together to ask for money.

Now I know that boss Wu is a rich local tyrant, so there is nothing to be afraid of. He simply takes the initiative to soften up and hopes to continue cooperation.

"I don't like you who are not sincere partners." Wu Tian waved his hand and said to the financial department, "settle accounts for them, and never cooperate in the future."

Another move is to kill the chicken and respect the monkey, but this knife is killed on the partner.

Similarly, this is not only to shock the anchor, but also to abandon these bad partners.

As long as he has money, he will never be short of partners, such as this kind of dishonest

partners are naturally not allowed to stay.

On hearing this, those partners became dejected, and this time it was completely over.

The heart incomparably regrets, but has the bitterness to be unable to say, finally understood what is self inflicted.

The partners took the settlement payment and left the hall of strange fish company dejectedly.

The rest are the anchor and guild of strange fish company. They are the main force of strange fish, and the platform depends on them to make money.

"You still want to go. I won't keep it." Wu Tian glanced at the crowd and said without expression: "but that's the same sentence. Once you get out of the live broadcast of strange fish, you will be jointly banned by strange fish and seafood, and will never cooperate."

This is like a nail, hard nailed in the hearts of the anchors.

Just now everyone has seen boss Wu's tough tactics. The troublemakers and partners have been kicked out, and they will never have a chance to cooperate with strange fish in the future.

The anchors know that once they are jointly banned by strange fish live broadcast and seafood

TV, they will lose their iron rice bowls.

Most of the anchors were shocked. There were also a few brave anchors who couldn't help bargaining: "boss Wu, let's stay, but we should increase the share of gifts we reward by one point."

"I remember you, Jiang Meizi, the top anchor of strange fish. You did well in the live broadcast ceremony before." Wu Tian recognized the female anchor in front of him and asked with a smile, "are you bargaining with me?"

"Yes, I want to improve the treatment of all the anchors." Jiang Meizi raised her head and said with a certain hardness.

In the strange fish live broadcast, she was deeply appreciated by Wang Shaohua. She had a high status and great influence in the strange fish.

"What qualifications do you have to bargain with me?" Wu Tian doesn't like this female anchor named Jiang Meizi very much.

This woman's condition is very good, the flow is also very good, but after all, she was trained by Wang Shaohua. Other people's fat dogs must not be able to raise a family.

"Boss Wu, you fired the troublemakers or even cancelled the cooperation with those partners. That was done to show us on purpose." Jiang Meizi is worthy of being a wise man. She broke the mystery in a word.

"So what?"

"You two moves are really tough enough, let us all have scruples." Speaking of this, Jiang Meizi's

tone changed: "but don't forget, we anchors are the main force of strange fish. If we all run away, what do you think will happen?"

"If there is no anchor for the live broadcast of strange fish, the platform will be completely paralyzed and the strange fish will go to extinction."

"Boss Wu is really a smart man." Jiang Meizi chuckled, squinted and threatened: "if boss Wu doesn't give us a higher share ratio, I'll take all the anchors and start a new business. I think I can do it with my influence."

After this, most of the anchors nodded in agreement.

They are usually deeply influenced by Jiang Meizi. In addition, Jiang Meizi struggles with the new boss in order to improve the treatment of everyone. Naturally, they are willing to support them.

"Miss Jiang, you are still too young." Wu Tian grinned and put his hands in his pockets. He was proud of the audience. "A little strange fish live broadcast is just a drop in the ocean for me. I have many industries. Even if the strange fish collapses, it has no impact on me at all, but the collapse of the strange fish is fatal to you."

"So you'd rather close down the strange fish live broadcast than increase the share ratio for us."

"Yes, I'm never threatened by anyone." Wu Tian said here and changed his tone: "if you all leave, I will introduce the bottom anchor from seafood TV, and I will soon replace you."

"I don't believe it."

"You can try it."

"Gudong..." After swallowing a few mouthfuls of saliva, Jiang Meizi made a decision for a long time: "OK, let's all run away. I'll see how the strange fish can support us. Let's go."

With this she turned and walked out of the hall.

After a few steps, she suddenly stopped. She found that other anchors were standing in the same place, and no one wanted to go with her.

Nowadays, no one wants to live with money, and no one wants to drink with Jiang Meizi.

As Wu Tian said, if they leave now, many small anchors of seafood TV will come to replace them, and all their previous efforts will be in vain.

"What do you mean?" Seeing other anchors standing still, Jiang Meizi has a feeling of being played.

She thought that she could take all the people away from her influence by drinking charisma in the strange fish, but she was disappointed. No one was willing to go with her.

All the anchors hung their heads and didn't speak.

"You..." Jiang Meizi clenched her fists and wanted to tear up the faces of these anchors. These people are really ungrateful. They promised to go with her just now, but they betrayed her in the twinkling of an eye.

"Miss Jiang, you are so conceited." Wu Tian pursed a smile, for this kind of result already in anticipation, "remember a word, the arm can never twist the thigh."

"I..."

Meizi decided to bite my teeth again

"It's not a supermarket. You can stay if you want." With a big wave of his hand, Wu Tian immediately made a decision: "from today on, the live broadcast of strange fish and seafood TV will permanently ban Jiang Meizi and will never cooperate."

As soon as the words came out, the scene was filled with regret.

I didn't expect that boss Wu was so hard-working that even the top anchor like Jiang Meizi was blocked.

After seeing boss Wu's hard line, everyone was trembling. I'm afraid no one will fight against boss Wu again.

"You, you, you..." Jiang Meizi's mouth was full of anger. Unexpectedly, Wu Tian didn't give her face at all and kicked her out of the strange fish live broadcast.

"As an anchor like you, we can cultivate a lot of strange fish. If you leave the live broadcast of strange fish, you will soon lose your value. I'm afraid it will be worthless at that time."

"Yes." Jiangmeizi woke up and took the initiative to please her before she changed her attitude: "boss Wu, I'm sorry, I didn't know anything just now, could you..."

"No!"

Wu Tian spit out two words mercilessly, pointing to the gate and saying, "the door is over there, please."

"You I... " Jiang Meizi also wanted to plead. Seeing that Wu Tian was so tough, she swallowed what she wanted to say.

I didn't expect that in just a few minutes, she was swept out of the house by the strange fish live broadcast, and all these years' efforts were in vain.

In the future, no matter which platform to go to, the influence and traffic can not be as big as now, which indicates that she is likely to fade out of people's vision.

It's fake to say that you don't regret it, but what's the use of regret now?

The company was kicked out of the hall, so the fish was out of the ordinary.

Other anchor all secretly feel sorry, did not expect the strange fish to be popular first sister to fall on this, has become the history of strange fish forever.

This event has taught all the anchors a lesson. Let's recognize the fact that the arm can never be twisted into the thigh. Never use your own strength to fight against boss Wu.

After driving Jiang Meizi away, Wu Tian glanced at the remaining anchors and asked, "who else would like to leave with her?"

The anchorperson on the scene all shrunk their heads and did not dare to speak, for fear of being swept out by the new boss.

"Do you want to stay in the strange fish live?" Wu Tian asked again in a gentle tone.

"Yes On the spot, the anchor nodded one after another, saying that they would like to stay in the strange fish live broadcast.

"Well, since we are willing to stay, we will be one family in the future." Wu Tian glanced down at a group of anchors and immediately announced: "from today on, the reward share of gifts you receive on the platform will be increased by 20%

As soon as this word came out, the scene was boiling. Everyone was very surprised. Unexpectedly, the new boss proposed to increase the proportion of shares.

Just now, Jiang Meizi proposed to increase the share ratio by 10%, but was expelled from the company by boss Wu.

Now that the boss has no idea about how to increase the proportion of the two, Meizi has no idea?

"It's no big deal to increase the share ratio. Only if you make money can the company develop

healthily." Seeing the dazed eyes of the anchors, Wu Tian explained with a smile: "no matter what appeals or suggestions you have, you can bring them to me. It's no big deal. But remember one thing, don't threaten me. I've never been threatened by anyone."

It suddenly dawned on everyone that just now Chiang Meizi threatened boss Wu, who not only did not promise to increase her share, but also drove her out of the strange fish.

It seems that boss Wu was trying to drive Jiang Meizi away just now, so as to give everyone a strong hand.

It's really a big move, and I've convinced all the anchors.

"Thank you, boss Wu." After the micro Leng, the anchors have to thank, and said: "in the future, we are willing to follow boss Wu, good development in strange fish live."

In any case, boss Wu raised their share ratio by 20%, and they should be grateful.

From this kind of large-scale writing, we can see that boss Wu is a good boss worthy of following. At least, he is willing to lay capital for the anchors, which is much better than Wang Shaohua.

"OK, everybody go busy, when time comes, a lot of your salary will be sent to your account." Wu Tian finished saying this and motioned for everyone to leave.

The anchorps were chatting and laughing. This time, for all the anchors, it was an unprecedented ups and downs.

After the anchors left, the rest of the company hall gradually returned to calm.

Wu Tian glanced at the remaining employees of the company and said, "when the company encountered difficulties, you didn't fall into trouble. You are the best employees. Do you want to continue with me?"

"Yes." The staff yelled in unison.

The leadership that Wu showed just now is what everyone wants to see.

"Good." Wu Tian nodded with satisfaction and encouraged him: "as long as you are willing to work hard with me, we will make a lot of money together and strive to make Qiyu and seafood TV develop into the top live broadcasting platform in China."

"Pa Pa Pa Pa Pa!"

After this, the scene applause thunderous, everybody raises the hand non-stop applause.

"All right." Wu Tian pressed his hand and motioned for silence. Then he said, "let me introduce you to Mr. Sun of seafood TV. Later, he will take over the live broadcast of strange fish. He is the general manager of strange fish company."

"Pa pa pa pa..."

They applauded again.

"In addition." After everyone's applause, Wu Tian continued to announce: "Zhao Jie has

performed well, and I have decided to appoint her as the general manager secretary of Qiyu company."

Everyone also applauded to express support, more is envious, did not expect that the small floor administrator suddenly flew up the branches into a Golden Phoenix.

"What else do you have to say?" After announcing the appointment, Wu looked at the employees.

"Boss Wu, our network has been paralyzed, but the technicians have just been fired. What should we do?" The head of network technology asked.

"Don't worry, I've already had the network repaired, and now it's ready. As for the technicians you mentioned, Mr. Sun will be transferred from seafood TV."

"That's good." After hearing this, everyone felt relieved, and then the financial department raised a new question: "our capital chain is broken, many banks cancel cooperation?"

"Don't worry, I have never been short of money, there is no problem of capital chain fracture, because I am the capital chain." Wu Tian raised his head and said in a loud voice.

He is behind the scenes to control the broken capital chain. He can cut off the capital chain, and naturally he can connect the broken capital chain. What's more, for him now, he has a lot of money in his hand, which can fully support the sustainable development of the live broadcasting company.

"Good." Seeing that boss Wu is so rich and powerful, the employees are inspired and excited.

"If nothing else, everyone goes back to work." Wu Tian waved his hand and let everyone go.

The hall was completely calm, and the staff went back to work as if nothing had happened.

Seeing the scene in front of her, Zhao Jie couldn't help but murmured: "boss Wu, I didn't expect you to be so powerful. In just half an hour, we could calm down the internal and external troubles and let the strange fish company get back on track."

"Secretary Zhao, look at your little eyes, it seems that you are infatuated with me." Wu Tian shook his arm and couldn't help joking.

"I don't have one." Zhao Jie blushed and hung her head in embarrassment.

"Well, go ahead and get used to the secretary job as soon as possible." Wu Tian said with a smile.

"Good!" Zhao Jie smiles and leaves here.

Only Wu Tian and Sun Sheng are left in the hall.

Wu Tian took out two cigarettes, handed one of them to Sun Sheng, and asked with a smile, "Mr. Sun, I'll give you the live broadcast of strange fish and the TV of seafood. What are you going to do next?"

"I plan to open up the two platforms, integrate resources, and let the two develop together." Sun Sheng said what he thought.

"Yes, but not at all."

"What do you mean?"

"Our first step is to get through the two platforms and integrate resources. We can't let the two platforms develop together." Wu Tian lit his cigarette and took a puff. He continued, "if we develop synchronously, there will be a fight between the left and the right, which is not conducive to long-term development."

"What does boss Wu mean?"

"We should integrate the two first and then separate them, so as to achieve differentiated development." Wu Tian looked up at the distance.

"Good!" With a wave of his arm, sun Shengzhen couldn't help feeling: "boss Wu is really far sighted."

They discussed the current task and future development direction of strange fish live broadcast. Until it was getting dark in the afternoon, Wu Tiantian left Qiyu company.

Next, the strange fish company was handed over to Sun Sheng for management and control. With sun's talent and experience, I believe that we will soon be able to put strange fish live on the right track.

Take Qinglong and Longyun back to aifeibao, and find that the hall is empty, and there is no one.

"What about them?" Wu Tian takes a look at the room and turns to ask Longyun about the whereabouts of several women.

"I don't know." Long Yun cold spit out three words, and then added: "there seems to be a sound upstairs."

"I'll go up and have a look." As soon as he went upstairs, he heard laughter coming from Shen Xue's room.

Close to find that the door is not locked, carefully push open the door, see Shen Xue and Su Ruyun crazy in the room.

The two women are now in a good relationship and have long been sisters.

At the moment, they were fighting in bed. They scratched each other's bodies with two small hands. They behaved boldly and rudely. Their clothes and skirts were all in a mess.

Seeing the beautiful scenery in the room, Wu Tian's two eyes are wide, which is really a feast for the eyes.

I didn't expect that Xiao Xue, who is very restrained on weekdays, would be so crazy. She also didn't expect that the violent policewoman would be so reckless.

Crazy for a while, the two girls seem to be too tired, so lying on the bed.

From Wu Tian's point of view, I can just enjoy the most beautiful scenery under the two women's skirts, which is really eye watering.

"Light snow." After resting for a while, Su Ruyun suddenly asked, "did you do it with Wu Tian?"

"What have you done?" For this kind of inexplicable question, Shen Xueyi time did not respond.

"Did you have sex with Wu Tian Tian?"

"Don't talk nonsense." Shen Xue's pretty face turned red, and quickly refuted: "I've been pure and clean until now, but I've never been touched by any man."

"True or false?"

"True, of course?"

"You really haven't done it with Wu Tian?"

"No

"Like Wu Tian, that big hooligan, will let go of you this kind of excellent little lamb?"

"Don't say that about Wu Tian." Shen Xue turned her eyes slightly and argued for Wu Tian:  
"although he likes to joke, in fact, he is a serious man."

"Stinky girl, help him talk so quickly?"

"I'm telling the truth."

"I don't believe it anyway. I don't believe you've never been cheated by him." Su Ruyun leaned over and looked at Shen Xue suspiciously.

"How can you believe it?"

"Come on, let my sister examine you." Su Ruyun said this, and turned over and rode on Shen Xue's body. Her big hand was not polite and stretched out to tear Shen Xue's dress.

After a while, Shen Xue's clothes and skirts were torn off, showing a beautiful scenery.

Shen Xue didn't show weakness. She scratched Su Ruyun's skirt with two small hands, which soon broke her skirt.

In this way, the two women continued to fight in bed, and their delicate laughter soon came from the room.

After some madness, the two women can be said to have a great Spring Festival, and most of their clothes and skirts fell off, which made them look very unsightly.

"Gudong..."

Wu Tian, who was hiding outside the door, was able to feast his eyes on the wonderful scene in the room. His eyes almost didn't stare out.

I never imagined that the two goddesses were so crazy in the room that they made people's eyes drop.

They didn't know that there was a man peeping outside the door at the moment. If they did, they would die of shame.

Crazy for a long time, Shen Xuelei's atmosphere straight panting, had to open his mouth to surrender: "don't make trouble, I admit defeat."

"Then tell me honestly, have you ever done anything with Wu Tian?" Su Ruyun grabs Shen Xue's skirt with one hand and continues to ask in a playful tone.

"No, really not." Shen Xue shook her head weakly and rejected.

I don't know whether it's because of madness or shyness. At this time, my cheeks are flushed, just like being stained with blood.

"Stinky, do you want to do it with him?" Su Ruyun asked this question with a bad smile.

Who would have thought that the daily violence policewoman flower, in private, should be so open, asked this kind of blushing heart beating question.

"I..."

Shen Xue hesitated for a few seconds, and finally shook her head with a red face: "I don't want to."

"Cheap girl, you even dream of calling Wu Tian's name, I don't believe you don't want to."

"Don't talk nonsense, who called his name."

"Stinky girl, I'll see you're tough." After saying this, Su Ruyun reached out to Shen Xue again and continued to scratch her.

"Ah

Shen Xuejiao called out, holding her body in her hands. "Sister Su, I'm wrong. Stop..."

"I want you to be worse than dead today." "Cluck, cluck..."

Once again, there were two pictures of women in the room.

Even outside the door of Wu Tian are some blush, looking at this picture, the heart inexplicably some impulse.

No, I can't read it any more. I'm afraid I'll do something shameless to these two women on impulse.

"Cough!"

Wu took two steps back and coughed hard, giving such a hint that he reached out and pushed the door open.

Hearing the sound of cough, the two women were scared out of their wits, and quickly stopped the madness and covered their dishevelled bodies with quilts.

Wu Tian, who broke into the room, pretended to be exaggerating and exclaimed, "my God, officer Su, what are you doing?"

"No Nothing." Shen Xue wrapped her body tightly with a quilt, and her face was blushing with shame.

What a shame. I didn't expect that Wu Tian could see the scene of madness with Su Ruyun.

Not to mention the thin skinned Shen Xue, even Su Ruyun felt embarrassed and shy, and her cheeks were crimson and hot.

"And said nothing." Wu Tian pointed to the messy clothes on the ground and said with a bad smile: "in the daytime, you take off your clothes in bed."

"No, it was just us..." Shen Xue's face is getting red, and she doesn't know how to explain it.

"Police officer Xiao Xue and Su, I didn't expect that you were lily, doing such shady things in the room." Wu Tian looks at Er Nu with disdain.

Being misunderstood as lily, Shen Xue was worried and quickly explained, "it's not like you think. We didn't do anything. We just played."

"Don't lie to me. You are lilies." Wu Tian finished saying this, and his eyes fell on Su Ruyun, "I didn't expect officer Su's taste was so heavy that he was even interested in women."

"I..."

Su Ruyun pretty face already blushed, biting teeth, indignant retort: "I am Lily, it's none of your business, get out of here."

"My God, are you really lilies?"

"So what." Su Ruyun looks indifferent.

Shen Xue, who was beside her, quickly shook her head and retorted, "I'm not, I really am not..."

After all, the man she likes in her heart is Wu Tian, but she doesn't want to be misunderstood by Wu Tian about her sexual orientation.

"What are you two women doing in bed, undressed?" Wu Tian continues to question aggressively.

"We..."

Shen Xue was so anxious that she explained incoherently: "it's not what you think. We're just It's fun, really. "

"Are you normal?"

"Normal."

"Do you like men or women?"

"Men."

"What kind of man do you like?"

"I..." Shen Xue looks up at Wu Tian and swallows it back to her mouth. Her cheeks are flushed.

"OK, Xiaoxue, I believe you have a normal orientation." Wu Tian finished saying this, but he could not help but persuade him: "stay away from officer su. After all, she is a lily."

"Asshole, who do you call Lily?" Su Ruyun immediately got angry and asked.

"Didn't you just admit that you are a lily?"

"I..." Su Ruyun held back for a long time before he came up with a sentence: "I am not lily, it has nothing to do with you."

"I'm just worried you've stained the snow." Wu Tian joked with a smile.

Shen Xue is worried that the two people will quarrel again, and quickly opens his mouth to rescue him: "Wu Tian, I can prove that sister Shen's orientation is normal, not lily."

"That girl is not normal at all. She is not interested in men."

"How do you know sister Shen is not interested in men?"

"Last time I took advantage of her for a long time, Su Ruyun didn't react at all." Wu Tian said with a smile.

Just finished saying this, Su Ruyun immediately got angry and scolded in an angry voice: "shameless bastard, say one more word, believe me or not, I'll tear your smelly mouth."

"Here, tear one and I'll see." Wu Tian deliberately put his mouth together, a face of provocative smile.

I don't know why, every time I see officer Su so irascible, he can't help but want to molest.

Don't say, this girl looks very beautiful when she is angry, which makes people have a desire to conquer.

"Looking for death." Su Ruyun was a hot tempered man. When he was provoked by this kind of provocation, he jumped at Wu Tian.

When she opened the quilt, she remembered that her dress was ragged and her important parts were gone.

Before he started, he quickly retracted into the quilt and cursed with a red face: "object, you bastard, you deliberately irritate me and take the opportunity to look at my body."

"I didn't expect officer Su to be afraid." Wu Tian said this and laughed shamelessly.

"Asshole, get out of here." Su Ruyun wrapped her body tightly with a quilt and roared with a red face.

"I'm not going out." Wu Tian holds his chest in both hands and leans his body against the cupboard. He teases with a bad smile.

"You I... " Su Ruyun was so angry that she would go crazy when she met such a cheeky guy.

Now her clothes are ragged and she can't get out of the bed. She can only endure being teased by Wu Tian. She has no way but to be angry.

Even Shen Xue couldn't look down. He said to Wu Tian angrily, "you go out quickly. We need to change clothes."

Seeing Wu Tian's eyes staring at sister Su, she was angry and wanted to dig out her eyes.

"Xiaoxue, do you want me to change it for you?"

"No, get out of here."

"All right." See light snow really some angry, Wu Tian had to obediently exit the room.

Just out of the room, he thought of what, again opened the door, "snow..."

"Ah

They were interrupted by the screams of two women.

The second daughter has opened the quilt and is about to get out of bed to change clothes. Unexpectedly, Wu Tian pushes the door open again.

The two girls were scared to rush into the bed, red face angry curse: "Stinky rascal, go out quickly."

"Oh, yes." Wu Tian regained consciousness and said with a smile, "Xiao Xue, I'll make dinner for us later."

"Well, get out of here." Shen Xue's pretty face is even redder than tomatoes. She feels shy and uneasy at the thought of being looked at by Wu Tian.

Besides being shy, she was more angry. Wu Tian not only looked at her body, but also su Ruyun's body.

"OK, I'll go now." Wu Tian nodded with a smile. Before he went out, he also said, "officer Xiao Xue and officer Su, you have a good figure. You are fat and thin. Each has his own merits."

Then he closed the door and turned away.

Seeing the door close, Su Ruyun got out of the bed and rushed to lock the door as fast as possible.

Su Ruyun gritted her teeth and complained to Shen Xue: "look at the man you like. It's just a hooligan."

"Wu Tianping is not like this. He is just a little presumptuous in front of you." Shen Xue flattened his mouth.

She also did not understand why Wu Tian liked to tease officer Su every time. As long as he met, his eyes became very bad and his hands were not honest. Usually in front of secretary long and Huang Lan are serious, only occasionally joking, no excessive behavior.

"If you speak for him, he is a beast." Su Ruyun scolded this, gritted her teeth and murmured: "one day, I will pickle this beast."

"Ah? Are you going to pickle him? " Seeing officer Su's gnashing teeth, Shen Xue was shocked.

"What? Heartache? "

"Sister Su, although Wu Tian does evil to you, he is not guilty to death. You can never kill him."

"I'm just making angry remarks. I'm afraid of you." Su Ruyun stroked her hair, but she said, "I don't have the ability to pickle him. What's more, he is so hard in the backstage of the city. I'm ordered to protect him. How dare I pickle him?"

"Give me a fright." Shen Xue patted her chest and felt relieved after listening to this explanation.

"I don't know what kind of ecstasy you were infused with by Wu Tian. You are really hopeless." Su Ruyun complained and began to change clothes.

"I..." Shen Xue opened her mouth and didn't know how to explain it.

Even she did not understand, do not know how inexplicably fell in love with Wu Tian, confused by this man, unable to extricate themselves.

"Don't be coy and change your clothes." Su Ruyun changed a suit of sportswear, then found a casual suit and handed it to Shen Xue.

"Oh Shen Xue nodded and took the clothes and put them on.

The two women changed their clothes, cleaned them up, and soon returned to their former appearance. They went downstairs arm in arm.

Wu Tian was downstairs playing with his mobile phone. When he saw the two girls go downstairs, he put away his mobile phone and said, "Hi, you changed your clothes so quickly?"

The second daughter rolled her eyes slightly and did not speak. She felt embarrassed when she thought of what happened in the room just now.

"By the way, Xiaoxue, how do you wear this casual dress?" Seeing that the second daughter did not speak, Wu Tian took the initiative to welcome her.

"This is sister Su's dress. What's the matter?" Shen Xuening eyebrows puzzled way.

"You don't look good in casual wear."

"Ah?" Shen Xue sniffed awkwardly, "what kind of clothes do I wear?"

"You don't wear anything. It's best to see."

"Go!" Shen Xue's pretty face turned red, and he didn't have a good airway: "smelly Wu Tian, can you be serious?"

"I'm telling the truth." Wu Tian changed to a serious one and said, "when you don't wear clothes, the lines are perfect and the proportion is symmetrical. It's much better than wearing clothes."

"You..." Shen Xue was blushed by these words.

"Don't talk to such hooligans." Su Ruyun glared at Wu Tian fiercely and then took Shen Xue to

the kitchen.

With the help of Su Ruyun, Shen Xue quickly prepared a delicious meal, and the four began to eat.

Every time Xiao Xue cooked, Wu Tian ate so much that he almost burst his belly.

After dinner has arrived at eight o'clock in the evening. Seeing that Lan Jie hasn't gone home, she calls quickly to inquire about the situation.

Knowing that Lan Jie went back to the Huang family, he settled down and shut himself into the study after taking a bath and began to read.

While he was reading carefully, there was a quick knock on the door outside the study. He went to open the door and saw Long Yun standing outside the door in his nightdress.

Secretary Long's body is very hot, put on this kind of nightdress, simply can't block the front of the body that smear of enchantment, beautiful and attractive.

Staring at Leng Yan's moving Secretary long, she admires her eyes and says, "Secretary long, why don't you sleep so late?"

"Young master, I have something to do with you." Secretary long has been used to that pair of

bad eyes, expressionless cold voice said.

"Empty lonely cold, want to let Ben accompany you?"

"Young master, please respect yourself."

"It's boring." Wu Tian put away his smile, retreated to his desk and sat down. "Come on, what can I do for you to find a book?"

"Mr. Wu called just now."

"Grandfather called?"

"Yes." Long Yun walked into the study, locked the door and walked to the desk with long legs. "Mr. Wu called and wanted to see you."

"Grandfather wants to see me?" Hearing this, Wu Tian was very excited.

I have lived in my twenties, and I have never seen my grandfather until now. I just know from my family records that my grandfather is a great man.

To tell you the truth, he wanted to see his grandfather for a long time. He wanted to meet the famous head of the Wu family.

"The Wu family meeting will be held in three days. The old man wants to see you before the family meeting."

"Great." Wu Tianrub stood up from the chair, stretched out his hand and hugged Longyun's arm. "I can finally see my grandfather. I can finally see my grandfather."

"Young master..."

Long Yun slightly frown, have a few painful remind way: "young master, can you loosen the hand first?"

"Sorry!" Wu Tian finds himself over excited and quickly releases Secretary Long's arm.

Long Yun kneaded her painful arm and then said, "Mr. Wu is waiting in Kyoto. Young master, let's get ready. We'll leave for Kyoto early tomorrow morning."

"Well, I'm going to bring a present for my grandfather." Wu Tian walked back and forth in the study, turned to Long Yun and asked, "what does grandfather like?"

"I don't know."

What does my grandfather like to eat

"I don't know."

"Fool, why don't you know anything?"

"I've only met the old man on two sides."

"Forget it." Wu Tian thought for a second and said, "in my grandfather's capacity, there should be nothing lacking. I intend to give him a special gift."

"A picture." Wu Tian answered this, turned to Long Yun and said, "OK, you go to sleep first."

"Yes." After Long Yun answers a voice, then exited the study.

Wu Tian couldn't hide his excitement and excitement, pacing back and forth in his study, thinking about the picture of meeting his grandfather in his mind.

He didn't go to sleep until very late. He got up very early the next day. After saying goodbye to his daughters, he went to Tianmu technology and Tianhao hotel to explain to Li Mu and sun Xiaohao.

I arranged for the company and the hotel, and went to Wanjie and Qiyu company by the way, and arranged the work almost the same.

After lunch, he took a plane to Kyoto with Long Yun.

Kyoto is the capital of China, the economic, cultural and political center of China, and the foundation of the Wu family.

It is much more prosperous than Luzhou. There are many high-rise buildings, luxury cars and

people on both sides of the road.

The urban pattern of Kyoto is more than ten times larger than that of Luzhou. Needless to say, the pace of life is also many times faster.

Only Wu Tian and Long Yun came to Kyoto this time. Originally, Wu Tian wanted to bring Qinglong with him, but he was stopped by Secretary long.

This time, my grandfather asked them to keep a low profile and follow the light car, and try not to attract other people's attention.

"Young master, I've arranged my accommodation." Long Yun said this, to the taxi driver reported an address.

Half an hour later, the taxi stopped in front of an Express Hotel.

Looking at this humble Hotel, Wu Tian frowned slightly: "Secretary long, we come all the way here to stay?" "Low key."

"All right." For the residence, Wu Tian didn't have any high requirements, "go ahead and lead the way."

"Please!" Long Yun stretched out his hand and made a gesture of invitation. He took Wu Tian into the hotel and came to a very ordinary small room on the third floor.

Although the room is simple, it is still clean, and there are all kinds of toiletries inside.

After entering the room, Wu Tian couldn't wait to ask, "when are we going to see Grandpa?"

"Wait for notice."

"For what notice?"

"Wait for Mr. Wu's notice."

"So much trouble?" Wu Tian frowned.

I thought I could see my grandfather right away when I came to Kyoto. It seems that he thought the problem too simple.

"Yes, the old man will inform us when he has arranged. Please wait patiently." Long Yun comforts the way.

"ok! "

Since this is my grandfather's arrangement, Wu Tian has nothing to say, "go back to your room. I don't want to take a bath."

"I don't have a room. This time I live with the young master."

"Ah?" Wu Tian thought he had heard something wrong. He was surprised and said, "do you want to live with Ben Shao?"

"Yes."

"We don't need to be so thrifty."

"This is Mr. Wu's arrangement. "

"Grandfather asked you to live with me?" Wu Tian expressed doubts.

As a grandfather, how can a secretary be arranged to live with the young master of the Wu family?

"Yes Long Yun nodded and said without expression: "from now on, our relationship is lovers, not masters and servants."

"Is that what my grandfather arranged?"

"Yes."

"Why did grandfather arrange this

"Mr. Wu asked us to pretend to be lovers, mainly to hide people's eyes, avoid exposing the identity of the young master, and facilitate me to take care of the young master." Long Yun gives such an answer.

"So grandfather didn't want me to be exposed?"

"Yes." Long Yun nodded and said in a serious tone: "young master, you must keep a low profile and never expose your identity, so as not to cause death?"

"Is it so serious?"

"The current situation of the Wu family is quite complicated. Many people are eyeing the position of the master of the family. You are the successor of Mr. Wu. Naturally, you will become a thorn in the eye of everyone, so you need to be very careful." Long Yun explained the reason patiently.

"I see." After listening to this explanation, Wu Tian understood the relationship between them.

In short, before the successor did not succeed, any descendants of the Wu family who were valued by the master would become public enemies.

"Mr. Wu's arrangement is to avoid exposing your identity and causing unnecessary troubles and threats."

"My grandfather is very kind." Wu Tian didn't expect his grandfather to be so cautious. He said with a smile, "since my grandfather arranged this way, I'll try my best to pretend to be a couple with you."

"From now on, we'll change our address. I can't call you young master any more, nor can you call me Secretary long."

"Bellon, call me."

"Cough!" Long Yun coughed fiercely, almost not choked to death by his own saliva.

"What? Don't like the title? "

"It's a bit awkward. You'd better call me by my name. It's more natural."

"ok! " Wu Tian nodded and pointed to the two beds. "Shall we sleep in the same room tonight?"

"Yes."

"That's not safe." Wu Tian scared with both hands to protect the body, as if afraid of being ruined.

"....."

See young master this kind of performance, Long Yun immediately some cry laugh not, difficult not become young master still afraid by her strong not?

If it was not for the old man's special arrangement, how could she and the young master pretend to be lovers, let alone live in the same room, it was she who should be worried about.

"Long Yun, you can be safe in the evening. Don't take advantage of this." Wu Tian said this and

went into the bathroom with his body in his arms.

Soon, there was a crash in the bathroom.

Listening to the sound of bath in the bathroom, Long Yun is a little nervous. She is still living in the same room with a man for the first time. I don't know how to get through this evening.

After taking a bath, Wu Tian came out with his arms bare.

Seeing the young master's white male body, Long Yun's pretty face turned red and hurriedly turned his back.

"Dragon secret Yun, would you like to take a bath Wu Tian wiped his wet hair and asked casually.

"No washing." Long Yun resolutely refused.

"Suck!" Wu Tian put his nose together and took a few breaths on Longyun. He complained, "you don't take a bath. The smell is a little heavy."

"What's the smell?"

"It's so sweet."

"You..." Long Yun looks embarrassed, full of anger.

Wu Tian put on the towel and quickly put on his clothes. "By the way, what are we going to do next?"

"Eat."

"Go, eat out." Wu Tian just felt hungry, so he stretched out and went out.

Out of the room, to follow out of the Long Yun said: "go quickly, come and hold my arm."

"Why?"

"Aren't we lovers? Of course we should hold each other."

"Good!" Long Yun swallows saliva and goes to put his arm around Wu Tian, but the action is a little stiff.

"Stupid, that's it." Wu Tian stretched out his hand, clasped her waist, and hugged her body.

"You..." Being hugged by the young master so domineering, Long Yun's body is slightly uncomfortable, and her cheeks are inexplicably hot.

But she didn't say much. After all, she was pretending to be a couple with the young master, so she could only let him hold his body tightly.

They left the hotel with their bodies in their arms and came to a restaurant opposite.

After ordering a few dishes, they sat and waited for the dishes without saying a word. They didn't look like lovers.

"Long Yun, are you indifferent in that respect?" Seeing Secretary Long's icy appearance, Wu Tian put his head together and asked in a low voice.

"No Long Yun spits out two words.

"Is it?" Wu Tian stretched out his hand and put his arm around Longyun's waist again. "I want to see if you are indifferent."

Finish saying this, big hand is unscrupulous to do mischief.

"Oh Long Yun Jiao called out, pretty face quickly became crimson and hot, biting his teeth and whispering, "young master, please respect yourself."

"I'm not your master now. We're in a relationship now." Wu Tianli, no matter how many, intends to take this opportunity to train Secretary long.

"Ah

Long Yun didn't expect that the young master was so presumptuous, where he could stand such tossing and turning. He scolded in a low voice: "young master, stop it quickly. Don't do this."

"What if I don't stop?"

"You..." Long Yun is on the verge of collapse.

If you kick the man's anger in front of her, you'll kick her.

After gnashing her teeth for a long time, she cried in a low voice with a flushed face: "young master, I beg you, stop now." "ok! "

Wu Tian just let go of Long Yun, the corner of his mouth raised a bad smile: "it turns out that you are not indifferent."

"You..." Long Yun bowed his head, shame shameless, how can she stand on this shameless young master.

At this time, the waiter brought the meal to the table.

Wu Tian began to gobble up without saying a word. However, the Dragon Yun beside him was tossed by the young master and couldn't eat it at all.

After dinner, Wu Tian began to propose, "we had a hard time in Kyoto. Do you want to go there?"

"I don't want to go anywhere. I just want to go back to the hotel now." Long Yun soon returned to her former cold appearance.

"Can't wait?"

"I don't mean that."

"I'm just kidding you. Don't always have a bad face. Let's go. I'll take you to the hospital." Wu Tian can't help but break up and take long Yun's arm to go outside.

Encounter this kind of overbearing young master, Long Yun is really can't help crying and laughing, out of the restaurant can't help but ask: "let's go to the hospital why?"

"Let the doctor check for you to see if your brain is short of tendons, otherwise you will always have a bad face."

"You..." Meet this kind of love to hurt others young master, Long Yun really don't know what to say.

Fortunately, the young master did not really take her to the hospital, but took her to a nearby cinema.

After buying tickets, they go to the cinema. In the cinema, they just hold hands and there is no intersection.

After watching the movie and walking out of the cinema, Wu Tian can't help asking, "Long Yun, are you the first time to come to the cinema?"

"Yes."

"How do you feel?"

"Boring!"

"Shit!" Wu weather's direct burst of vulgarity, originally wanted to take this woman to experience the feeling of love, but the woman felt bored.

With the strange eyes staring at the woman's body, he glanced at her and doubted, "Long Yun, are you a woman after all?"

"Nonsense."

"Why aren't you a little feminine?"

"I don't know."

"I've never met a woman like you." Wu Tian complains secretly and takes long Yun to the hotel.

They walked back to the hotel hand in hand along the original road. At the beginning, there was nothing wrong with them. As they walked, Long Yun felt the hot and itchy palms, as if they were bitten by ants.

Long Yun shrunk arm, red face low voice entreaty way: "can I release my hand?"

"What? Do you feel it? " Seeing the red face of secretary long, Wu Tian couldn't help laughing.

"No

"What blushes without you?"

"I just Long Yun bit his mouth and didn't know how to explain it for a while.

Also do not know how to return a responsibility, the body inexplicably becomes some irritable disorder.

Before being bullied by the young master, I didn't feel it. How could I suddenly become restless and have a kind of inexplicable desire in my heart.

She had lived for more than 20 years and had never felt this before. She could not help but wonder whether the young master had touched her.

"No Wu Tian suddenly noticed that Secretary Long's face was flushed with passion, and even his eyes were much hotter than usual.

At this time, the Dragon secretary is particularly attractive, staring at a few eyes, Wu Tian can't help joking: "Long Yun, you only have a feminine taste like this now."

"I don't feel well. Let's go back to the hotel quickly." Long Yun bit teeth, forced to bear the desire in the heart, quickly walked towards the direction of the hotel.

After a few steps, two young men stepped forward to block their way.

They met the two men in the cinema just now, sitting on the left side of Long Yun.

When I was in the cinema just now, the two men were staring at Long Yun's body and swallowing saliva. They were almost like two hungry greedy cats. They just didn't expect that these two men even came along.

Do not want to know, these two people are covetous dragon secretary's beauty.

"Where are you going, gentlemen?" Two men around, one of the slightly fat man skin smile meat do not smile asked.

"It's none of your business. Get out of the way." Wu Tian Mou color a cold, impatient roar a way.

"Oh, silly boy, you are young, and you have a good temper." The fat man rubbed his chin with his hand and said to Wu Tian, "you can go. Leave this woman."

"Why should I stay with you?"

"She's our prey. We've drugged her." The little fat man glanced at Long Yun with his greedy eyes, and said with a bad smile: "you see, this girl is ready to move, waiting for our brothers to

serve."

"Shameless!" Long Yun cursed out two words.

No wonder the body felt so restless, it was the two men in front of the drug.

I just don't understand. She didn't eat anything in the cinema. She didn't even talk to two men. How could she be drugged by them?

"Big girl, now call us shameless. Later you will ask us to love you, ha ha..." The man said this, on the cheeky smile.

"Pa!"

Wu Tian raised his hand and slapped him in the face of the man and scolded, "you two bastards, you are more shameless than me."

After a long time of trouble, Secretary Long was secretly drugged. It's no wonder that she has become such a charming and moving figure.

"Boy, if you know what you're doing, get out of here, and don't stop us from enjoying big girls." The fat man shook his fist and threatened impatiently.

"This big girl is mine. I'm afraid you don't have that ability if you want it." The corner of Wu Tian's mouth picked up, slowly put away his smile, and his eyes became colder and sharper.

"Boy, you're toasting, don't you?"

"I don't eat any wine."

"Good boy, since you want to die, don't blame our brothers for their ruthlessness." After finishing this, the fat man threw his fist at Wu Tian.

When his fist was about to approach, Wu Tian suddenly put out his hand, grabbed the man's fist and twisted it hard.

Just listen to the "click" sound, the man's arm was directly broken.

Later, Wu Tian punches and kicks at the man, only beating the man to pieces and making a scream like a pig.

"It's your turn." After beating this man, Wu Tian looks at the man next to him.

"Plop!"

The man's legs are soft, and he kneels down on the ground directly. He is scared to death by Wu Tian's cruel means.

At first, I saw Wu Tian's delicate skin and tender flesh, and thought that this boy was a soft persimmon. I didn't expect that his skill was so strong and his means were more cruel and terrifying than the devil.

The man kneels on the ground, frightened quickly kowtow to beg for mercy: "elder brother, elder brother, I am wrong, please spare my dog life."

"There is no way for me to let you go." Wu Tian hates this kind of guy who poisons behind his back. He swings his fist and kicks at him.

The violence soon broke the two men's heads.

Seeing that the fight was almost over, Wu Tian stepped on the fat man's head and asked in a cold voice, "when did you give me the medicine for my woman?"

"I said, I said." "I took advantage of her inattention and applied ointment on her chair. The ointment came into contact with her skin and slowly infiltrated into the body along the pores of her body..." "Son of a bitch." After hearing this, Wu Tian waved his hand and smashed the man two fists. Then he asked Secretary Long Yun, "what are you going to do with these two scum?"

"It's hard." At this time, Longyun has been red, a pair of sad appearance.

Seeing the appearance of secretary long, Wu Tian quickly grasped her shoulder and said, "Hello, are you ok?"

"Don't touch me." Like an electric shock, Long Yun pushes Wu Tian away and takes several steps back.

"You seem to be very toxic." Wu Tian finished saying this, turned back to the two men and asked, "what's the antidote?"

"There is no antidote to this poison. It can only be detoxified by the body of the opposite sex."

"Shit!" Wu Tian was angry again and punched and kicked the two men again.

"Stop fighting." Long Yun bit his teeth and said to Wu Tian, "come on, let's go back to the hotel."

"If you dare to harm women again, I will kill you." Wu Tian scolded the two men fiercely and then took Secretary Long back to the hotel.

Long Secretary's toxicity has already spread in the body, in a room, she went into the bed, with the quilt tightly wrapped in the body.

Seeing Secretary Long's pain, Wu Tian was not happy. "Hello, do you want me to take you to the hospital?"

"Get out, get out of here." Long Yun looked up at Wu Tian and quickly turned his head to the right.

Now when she sees Wu Tian, she has a strong impulse.

She knew that she would lose her mind soon, and she would rush to the young master like a wolf.

"I'm out. What do you do?" Wu Tian had never encountered such a situation, and he was helpless.

"Get out of here. If I don't see you, I'll be OK." Long Yun is biting her teeth and struggling to support her. Now she is on the verge of collapse.

"Then I'll wait outside and call me if you can." Wu Tian looks at Long Yun uneasily and turns out of the room.

"Ah..."

Just out of the room, I heard Secretary Long's scream.

Worried about Secretary Long's accident, Wu Tian hurried back to the room. As soon as he entered the door, he saw Long Yun rushing up and entangled her with a seductive snake like body.

I didn't expect that the usually cold dragon secretary was so feminine and his body twisted like a goblin.
