

“Mmm?” Xu Haoran opened his eyes wide.

“What happened? Not nice?” Xu Muqing quickly asked with concern.

Xu Haoran didn't answer her and slurped up all the noodles into his mouth instead.

Looking at Xu Haoran's exaggerating stance, Xu Muqing dubiously ate her noodles too.

Xu Muqing was amazed and said, “Darling, your noodles taste so good! You are as good as Mother now.”

“I think brother-in-law's cooking is better than mum,” Xu Haoran interrupted with a mouthful of noodles.

“It looks so plain, but I'm not sure why it tastes so good. Sis, you are so blessed. Brother-in-law not only takes care of you in the office; he can even take care of your meals now!”

Xu Muqing was shy to hear what Xu Haoran had said.

She was supposed to take care of Li Hang's meals, but now it was reversed.

When she thought about how he had finished up her awful food, she felt so sweet

inside.

Xu Muqing swore to herself, not only she had to keep up with Li Hang on her career, but she also needed to improve on her cooking skills.

She was determined to polish up her cooking skills to capture Li Hang's stomach before other women could snatch him away!

After the meal, Li Hang let Chen Guo send Xu Muqing to the office.

At the same time, Li Erniu was waiting for him at the villa community entrance in his BMW.

Xu Haoran saw Li Erniu's BMW and was amazed. "Where did you get this car?" he asked.

"It's a gift from boss."

Xu Haoran then turned around and gazed at Li Hang. He quickly put up a pleasant smile and said, "Brother-in-law, can you buy one for me too?"

Li Hang nodded, "Sure. If you can reach Li Erniu's standards, I'll get one exactly like this for you."

“What standards?” Xu Haoran asked with his eyes sparkling.

Li Hang grinned without saying a word and brought Xu Haoran to the training ground straightaway.

This place had been constructed as a professional training ground by Liu Delun.

There were high walls at the periphery and security guards at the entrance.

Inside were all the professional training facilities set up according to Li Hang's standards.

For team members who had reached the standard as per required in a training station, Li Hang would give them material gifts as rewards.

This was how Li Erniu got his BMW which costed more than four hundred thousand.

Xu Haoran was shocked to see men and women in desperate training at the training ground. They looked like beasts as they sweated in the rain.

Are they human? They are just like wild beasts.

“Hey!” Xu Haoran exclaimed as he saw a familiar face in the crowd. It was Auntie Lei Feifei from next door.

Lei Feifei wore a sturdy outfit.

She was the oldest among all the members, but when she worked hard, her capabilities were way beyond others.

Everyone at the training ground knew Lei Feifei was courting Li Erniu.

Lei Feifei, the notorious woman gangster in Sheng City, was training here as hard as the other members, and looking for a breakthrough in herself.

She had some tremendous improvements after several excessive trainings lately.

When she saw Li Erniu come down from his car, she roared, “Li Erniu, come here. I am going to beat you in the pulling tires exercise today. If I lose, you're on top, and I'll take the bottom tonight.”

Everyone laughed at what she said.

“What are you guys laughing at? It's my pleasure if I can sleep with him, but he keeps on rejecting me. We are housemates and sleep in a bunk bed, okay?” Lei Feifei

shouted back to her teammates.

When the team members were laughing and joking, a car which came at full speed crashed into the fence and stopped in front of the training ground.

The car door was opened and three men appeared.

The whole atmosphere at the training ground was suddenly tensed up. What a vigorous energy they brought to the place!

When the three men stood in a line, they looked like a high mountain.

People would back down and look at them with respect.

However, all the team members, even the newly joined ones, clenched their fists tightly and glared at them.

Hei Hu, who stood in the middle, scoffed and said, "People say Ning Province is a restricted area. I thought it is a dangerous place too, but guess I'm wrong. What I see now are nothing but a few small potatoes."

Arrogant!

Scorned and disdained!

"Who is Li Hang? Come out now!" Hei Hu yelled.

The team members instantly roared back to Hei Hu like fiery beasts.

Li Hang was like a god in the eyes of all the team members.

Li Erniu, Wang Xiaoqi, and Yang Shanqi stood up to the front.

Lei Feifei was there too, and she stood

beside Li Erniu.

“The three of them look quite strong. You guys need to be careful. If my guess serves me right, they are the Hei Hu Brothers who were famous twenty years ago.”

Hei Hu smiled in despise and said, “I didn't expect someone to have recognized us in a small place like this. Hey lady, you look not bad with your figure. I'll just let you live today if you crawl over here now and lick my toenail!”

“Pooh! With just the three of you? How dare you puff up your arrogance here?”

Both sides were so intense right now.

Clap! Clap! Clap!

Li Hang clapped his hands suddenly.

Although the training ground was big, and people stood apart from each other, they could hear Li Hang's words clearly even from a distance.

“Three of them are invited from Shanghai to become your sandbags today. But please remember to restrain yourselves and don't beat them to death, okay?” Li Hang said calmly.

“Arrogant lad, you have a death wish?” the man who stood beside Hei Hu yelled.

“Go to hell!” he yelled and lunged forward to Li Hang like a tanker as he struck out his fist to hit Li Hang in the face.

Band

A loud thud reverberated in everyone's ears.

Li Hang blocked the blow with just one hand. Hei Hu and his brothers were shocked to see that.

Li Hang then used one of his fingers to snap at the guy's forehead.

The man suddenly shouted and was flung into the air before he fell down beside Hei Hu.

Hei Hu looked at Li Hang inexplicably. He had underestimated Li Hang just now, but now he felt tiny in front of him.

If he was a mountain, then Li Hang was Mount Everest, the highest mountain in the world.

He was beyond his reach.

Scary!

Why is he such a scary man?

They had not met an opponent like him for the past 40 years.

Clap! Clap! Clap!

Li Hang clapped his hands softly and said to Hei Hu and his brothers, “Three of you are lucky today because your opponent is not me, but my teammates. So please fight with my teammates now; they will challenge you one by one!”

Chapter 243 Just Fight

“Three people in a group. If you guys can beat ten groups, you can leave this place.”

Previously, Hei Hu would have sneered at Li Hang and thought he was just someone who acted out of his league. But now, he was not too sure about it. He did not even dare to look at Li Hang in the eyes now.

He turned over and looked around.

Li Hang's team members, who looked as soft as a flock of sheep just now, suddenly looked like a pack of wolves!

They were full of vigorous energy now! Especially Li Erniu's group. Three of them seemed to have transformed into some kind of beasts.

Hei Hu and his brothers suddenly felt a bit lucky that their opponent was not Li Hang. But the feeling was soon gone when the fight started.

Both sides were in a pitched fight!

Wang Xiaoqi was the weakest among the three of them. However, he was not easy to get beaten. Three of them were getting stronger as they fought along.

At first, Hei Hu and his brothers were able to suppress Li Erniu's group, but after a while, they had run out of strength.

Li Erniu's group was too hard to be beaten. They were ruthless and fought like a machine. No matter how many times they were knocked down, they would still rise and stand on their feet to fight again.

Li Erniu and his teammates were getting stronger, whereas Hei Hu and his brothers were getting weaker.

What's more dreadful was that Li Hang was right there! He was like a teacher and instructor to his teammates as he pointed out their mistakes during their fight. He also taught them about fighting strategies.

“Let me teach you about the 'Heaven and Earth' formation now. Its origin was from the Warring States Period. In the ancient military's formation, five people were divided into a group, and each person in the group

Li Hang instructed Li Erniu, Yang Shangqi and Wang Xiaoqi into the formation.

Li Erniu and his two teammates were already very tough and hard to fight with, but with Li Hang's formation, the three of them were almost unbeatable.

They switched their position from time to time, and their opponents had no way to invade or hurt them.

A fist after another and a kick followed by another one.

Three of them were more in rapport now after being instructed by Li Hang.

On the other hand, Hei Hu and his brothers were tired and aggrieved.

Before Hei Hu could finish his sentence, Wang Xiaoqi punched him hard.

“Don't talk too much nonsense! Just fight! Ten groups mean ten groups!”

Li Hang let Li Erniu's team exit the ring and exchange for the next team.

Hei Hu and his brothers thought they could finally take a rest.

Another three team members were up for the next round.

They looked insignificant and small at first. But as they fought, they became as ruthless as Li Erniu's group.

Shanghai. In the Qian Family's mansion.

Qian Shenghao went home gloomily and found that Qian Jiaping and Sun Manli were not back yet.

When he walked past Qian Jiaping's room, a servant was making the bed stealthily.

“What are you doing there?”

The servant was shocked to hear Qian Shenghao's voice all of a sudden, and she quickly put something into her pockets.

“Master, you are back?” she turned over and stuttered.

“What did you put in your pocket? Take it out now!” Qiang Shenghao roared to his servant.

A glare from Qiang Shenghao made the servant tremble uncontrollably.

“Master, I didn't steal anything,” said the servant and she immediately knelt in front of Qian Shenghao.

“I found this diamond earring from young master's bed,” the servant said and took out an earring from her pocket. She handed it over to Qiang Shenghao cautiously.

Qian Shenghao scowled when he saw the earring. This was the diamond earring he gave to Sun Manli on her birthday last month.

All this while, Sun Manli had been wearing them, but how did it end up on his eldest son Qian Jiaping's bed?

Qian Shenghao was not at home these few days. Could it be that...

At the same time, he heard Sun Manli and Qian Jiaping talking downstairs.

He walked down and stood at the bottom of the staircase. He saw Su Manli and Qian Jiaping walking in together closely.

Qian Jiaping even helped Sun Manli to carry her coat and her branded bag.

When their fingers brushed, both of them gazed at each other with a smile.

Qian Shenghao had seen this scenario before. But he was exceptionally agitated to see them like this today.

Qian Jiaping was slightly stunned to see Qian Shenghao by the stairway.

“Father, you are early today. What a rare case!” he said with a broad smile.

“I just came back from the hospital with Mother. The doctors said that brother is getting better, so we decided to contact some specialists from overseas,” Qian Jiaping continued.

Qian Shenghao didn't pay any attention to

He then sat on the sofa and looked at Qian Jiaping gloomily, "Shouldn't Hei Hu and his brothers be back by now?"

Qian Jiaping nodded his head and dialed Hei Hu's number immediately.

At that moment, there was a mobile ringing outside the door.

Qian Jiaping laughed, "Should be them at the door. Hei Hu is indeed Father's most reliable assistant. He is so efficient."

The door opened and a few bodyguards carried Hei Hu and his brothers into the house.

"What happened?" Qian Shenghao stood up immediately. He couldn't believe Hei Hu and his brothers were lying motionless on the ground.

All of them were hurt and their bones were all broken.

Hei Hu's condition was better than his brothers. At least he could still move his left hand.

He pointed to Qian Jiaping slowly and said, "Young master, why did you do this to us?"

Qian Jiaping could not hear what Hei Hu was talking so he went up closer to him.

Before Qian Jiaping could say anything, Qiang Shenghao grabbed him by his shoulder and strongly pushed him away.

Qian Shenghao knelt slowly beside Hei Hu and asked, "What happened? Tell me."

"Mr. Qian, Ning Province is such a scary place! It is definitely a restricted area for strangers. Whoever goes there will be dead!" Hei Hu answered.

Fear was seen in Hei Hu's eyes when he mentioned Ning Province just now.

Qian Shenghao scowled and asked, "Li Hang beat you up like this?"

"It's not Li Hang. It's his men! Mr. Qian, don't go to Ning Province. Never go there and don't listen to young master, don't listen to him!" cried Hei Hu. He was so agitated that he fainted abruptly.

Qian Shenghao moved closer to Qian Jiaping, and Qian Jiaping took a few steps back away from his father.

“Father, you can't just listen to Hei Hu's side! I only sent them to Ning Province as you told me to. I don't know anything else.”

Qian Jiaping certainly knew him. He was the man who instigated Qian Jiazhe all this while. His name was Zhang Youli.

Qian Jiaping didn't expect Stray Dog to act up so fast. But to get away from trouble now, he shook his head and said, "I don't know him."

"You don't know him? Alright, if you don't know him, then I guess he's useless now," said Qian Shenghao as he grabbed a glass and smashed it hard onto the floor.

Sun Manli was shocked to hear what Li Hang had said.

Qian Jiaxin, Qian family's youngest master. He was only six years old now. Indeed, his biological father was not Qian Shenghao!

No one knew this secret as his biological father was dead.

How did he find out?

“What, what do you want?” Sun Manli asked intensely.

“If you do not wish for Master Qian to get this document, you have to follow my instructions right now!”

Sun Manli quickly ran down the stairs in her high stilettos after the call.

Su Manli was afraid that his youngest son's identity would be exposed.

Qian Jiaping was worried that his sexual orientation would be made known to the public.

Qian Jiaping was wearing a bathrobe, and he looked like he just had a shower.

He quickly took a look at the corridors and grabbed Sun Manli inside before he closed his door hurriedly.

“It's Liu's place. I bought it for him,” answered Qian Jiaping when they were inside the apartment.

back.

Just because she knew Qian Jiaping was not into women and would never get married or have any children, she gradually let her guard down against him.

A man with no heirs would not cause her any harm.

The fact that Qian Jiaping was not into women was probably the reason why their relationship as mother and son were more like friends or a mother-daughter relationship.

That was also the reason Qian Jiaping and Sun Manli were so close to each other, closer than any other mother and son would be.

However, their closeness in the views of other people was peculiar and not normal.

Qian Jiaping led Sun Manli to the living room and asked, "Mother, why are you here?"

At the moment, Sun Manli's phone rang again.

Sun Manli answered her phone at once, "I am here in the apartment as you told me to, hand me the document immediately now!"

Li Hang said calmly over the phone, "It's in the drawer under the coffee table. Hope you guys have a wonderful night and don't fight with each other ya?"

Sun Manli hung up hurriedly. She quickly walked to the coffee table and took out a document file.

She sighed with relief when she finally retrieved the document.

"Mother, what's inside? Let me take a look," Qian Jiaping said as he moved closer to take the document from Sun Manli.

Sun Manli pushed Qian Jiaping away and replied, "It's nothing related to you. Someone just deliberately put in here."

Qian Jiaping did not believe Sun Manli. He scowled and said, "If someone put it here, it should be related to me. Let me take a look."

"No, you can't!"

Both of them fought for the document on the sofa.

Suddenly, Qian Jiaping pressed himself on top of Su Manli.

And right at that moment, the door was kicked open.

Sun Manli and Qian Jiaping turned their heads at the same time and were shocked!

It's Qian Shenghao! He was standing there right outside the door!

Qian Jiaping jumped up from the sofa immediately and spoke hastily, "Father, let me explain. It's not what you think it is."

Qian Shenghao kept quiet and simply stared at Qian Jiaping who was in a bathrobe and Su Manli in her messy clothes.

“Mr. Qian, I also found this,” Stray Dog said while he handed a diamond earring to Qian Shenghao.

Qian Shenghao was infuriated when he saw the diamond earring.

He suddenly lunged at Qian Jiaping and slapped him hard on his face.

His slap was so loud that it echoed across the room.

It was a hard blow and Qian Jiaping's chin joint was broken instantly.

Qian Jiaping's mouth was skewed as his body knocked against the wall before falling beside Qian Shenghao's leg.

“Do you think I am not aware of what you are doing behind my back all this while? Do you think I have no clue that you want to take revenge for your mum and grandfather? You think I don't know that you want to replace me so badly that you even instigated the Sun family?”

“No, no,” murmured Qian Jiaping. Qian Jiaping's mouth was beaten so badly, he could not even open his mouth to speak clearly.

Qian Jiaping looked at Sun Manli for help.

But Sun Manli had no time to worry about Qian Jiaping now. She just wanted to get rid of the document in her hand so that Qian Shenghao would never see it.

Qian Shenghao stepped harder and harder on Qian Jiaping until his rib was about to break.

He took his knife and stabbed Qian Jiaping's chest in one bash. So fast and clean!

Qian Jiaping trembled violently and fresh blood kept splattering out from his mouth.

“Father....” Qian Jiaping wanted to say something, but Qian Shenghao choked his throat with his grip.

He then pulled out the bloody knife from Qian Jiaping's chest and thrust it in again!

“Shhh, be quiet and behave like your Mother: just go quietly.”

After that, Qian Shenghao twisted Qian Jiaping's neck and threw him out of the window too.

Qian Shenghao turned and walked to the door.

Stray Dog asked, “Young master's school lessons are almost over. Are you going to pick him up yourself, or should I send someone to fetch him?”

Qian Shenghao answered calmly, "I will go myself but let's just stop by the hospital first."

At the VIP ward, Qian Jiazhe was lying on his bed and staring at the ceiling.

When he heard footsteps approaching, he sat up and saw that it was his father, Qian Shenghao.

"Father, you have to take revenge for me. Send your men to Ning Province and kill Li Hang now! I want him dead. I want his whole family dead!"

Qian Shenghao nodded his head as he sat down beside Qian Jiazhe.

He then pulled out all the tubes attached to Qian Jiazhe one by one.

"What are you doing, Father? What are you going to do?"

Qian Shenghao ignored Qian Jiazhe and took a syringe from his bodyguard.

He then injected it into Qian Jiazhe's vein.

“Father, what is this? Special medicine? Will I get better after the shot?”

Qian Jiazhe was thrilled at first, but when he saw Stray Dog carrying a box with some English letters written on top, he almost wetted his pants.

Qian Jiazhe recognized the box.

He screamed, “Father, I'm your son. I'm your real son! You can't kill me! You can't!”

Qian Jiazhe recognized the box because he was the one who brought it back from abroad.

It was a special kind of medicine that could cause skin ulceration when injected into the body. The person would eventually die in pain slowly.

He had used it to kill several people before, and the last shot which Stray Dog was taking now was the one he wanted to use on Li Hang.

Qian Shenghao walked out from the VIP ward expressionlessly.

Stray Dog scoffed, "If Mr. Qian says that you are not his son, that means you are not! He asked me to tell you: farewell and rest in peace."

Qian Jiazhe's eyes widened. Out of a sudden, his eyes were bloody red.

His blue veins stood out, and his skin started to fester.

Stray Dog could hear Qian Jiazhe's horrifying screams from inside the ward even with the door closed.

Meanwhile, at Angel's Kindergarten.

The youngest master of the Qian family, Qian Jiaxin was on the back of a little boy.

He had a stick in his hand, and he was beating the little boy's head repeatedly. "Faster! Go faster!" he yelled.

Qian Jiaxin was playing happily with his horseback riding. Followed behind him were a few of his sidekicks.

He was the little tyrant in the kindergarten, and he got to do whatever that he wanted!

At that moment, a pretty, young teacher who was holding two books in her hands walked by.

Qian Jiabin quickly ran over and tugged her skirt down.

The teacher screamed and ran away hurriedly.

“If you run away now, I will ask my bodyguards to go to your hostel tonight, rip off your clothes and play with you until the next morning.”

Qian Jiabin's voice was delicate and clear, but what came out from his mouth was not something that a six years old child would say.

After a while, Qian Shenghao arrived in his luxury car.

He nodded with a smile when he saw his son bullying his classmates and teachers from his car window.

“That's my son. His character shows at a young age. Good, very good! I will foster him from now on so that he will become the next overlord of the city soon!”

Qian Shenghao then came out from the car.

“Sir, a man asked me to send this to you,” the delivery man said. He handed the file to Qian Shenghao and drove away.

Qian Shenghao knitted his eyebrows and took a look at the document.

“Murder!!”

Somewhere among the crowd, Stray Dog glared at Qian Jiaxin who had gone mad.

With a cold smile, he disappeared.

The Qian family was finished!

Bringing over a dozen trusted men, Stray Dog headed straight for Ning Province.

Not long after, Shanghai would undergo great changes!

The sudden brakes of the car made Stray Dog bump his head onto the seat in front of him.

But on the passenger seat was a beautiful woman with long hair and a curvaceous figure. She was wearing a mask.

Well, she was believed to be beautiful because even a mask couldn't hide her features.

Especially her eyes; with a bat of her lashes, it was as if they could speak.

“Sir, we were in the wrong. Please forgive us.”

Her voice was beautiful too. She sounded like some soft melody.

“It's fine. Just be careful. Not everyone would be as kind as me.”

Saying that, Stray Dog turned to leave.

“Sir, are you heading to Ning Province?”

The masked woman thanked him and sped towards Ning Province.

“But even if Ning Province is a forbidden territory, it can't keep the Wu family's third young master out!”

“I'll do whatever I want in a small place like Ning Province!”

“They're better not come after me. If they do...” Wu Wentao harrumphed, “Master Zhuo will easily break their limbs and hang their bodies on a telephone pole!”

Gu Yanxi immediately paled at the sight of the two men.

She quickly said to Xu Muqing, "Don't fight them. Master Zhuo is here too. He's really scary."

"He once took down dozen men all by himself. I saw it with my own eyes."

"Hurry up and tell your husband not to go there. It's really dangerous!"

Xu Muqing smiled confidently, "Don't worry. My husband is pretty strong too."

Wu Wentao had spotted Gu Yanxi too.

He let out a laugh, "You wench! Did you think I wouldn't find you if you hid in this doghouse?"

"I have a mission for you guys."

Several came down for a face-off but were beaten to the ground one by one.

Wang Xiaoqi was grabbed in the throat by one of the Squad members. He was lifted entirely off the ground.

A complete defeat!

This was the first time Li Erniu and the others had lost this badly!

Wu Wentao stretched out his hands and looked around, "Where is he?" "Why haven't I seen that piece of trash Li Hang yet? Hahaha...!"

This was followed by muffled screams.

Once again, Li Erniu and his team were thrown out.

Meanwhile, Chen Guo was kicked in the belly by a Squad member and she flew towards the main door.

He walked slowly.

Yet, the sounds of his less-than-\$200 casual leather shoes stepping on the ground echoed throughout the entire warehouse.

Clack.

Clack.

Then, a Squad member suddenly let out a cry, "What a bluff!" "Die!"

"Paiyun Palm!"

There it was!

The Paiyun Palm!

It was a unique ability passed down from the Wu family.

It was also a skill that had to be mastered by every member of the Squad!

The member suddenly disappeared, and in the blink of an eye, he was already in front of Li Hang.

With his light palm followed by a fierce breeze, he aimed towards Li Hang's face.

Bam! The attack was easily blocked by Li Hang.

A flip of the palm.

Surging of winds.

Li Hang's hands made the same movements as the Squad members.

With a slight tremor followed by a powerful force, Li Hang's palm slapped heavily onto the man's chest.

A cold breeze blew into the building through its windows, at the same time engulfing Li Hang's body.

Slap!

Wu Zhirong slapped Wu Wenchang across the face.

"Wimp!" "To think that I, Wu Zhirong, have a wimp like you for a grandson!"

Wu Wenchang no longer dared to speak after getting slapped.

This was the first time he felt such bloodlust coming from Wu Zhirong.

As Wu Zhengde looked at his headstrong father, he could only let out a deep sigh.

"In any case, it's fine as long as Li Hang isn't from the Capital's Li family."

"As for the crocodiles down South, we'll just

With a big wave of the hand, Wu Zhirong shouted, “Move out!” “I want Li Hang and his entire family to die with my grandson!”

A burly man stood out.

Wu Hai - the second son of Wu Zhirong and his concubine.

He was the ruler of Gu Su City's underground world.

At the same time, he was the most powerful man in the Wu family aside from Wu Zhirong!

Wu Hai was like a dark cloud, cast in the skies of the entire Gu Su City.

People feared the name Wu Hai.

Any parent who mentioned that name would cause their misbehaving child to be struck with terror!

“Before it gets dark today, gather all the men and cleanse Ning Province!”

Upon Wu Zhirong's command, Wu Hai wore a vicious smile on his face.

He had long grown tired of Gu Su City.

Wu Hai was like a tiger trapped in a cage.

He couldn't wait to get out and unleash his fangs and claws.

To go on a rampage! To let loose in the jungle!

Ning Province, here I come!

Flash floods!

Tsunami!

That was what it felt like as the elite groups of Gu Su City's underground world began to move out.

There were also massive numbers of thugs that the Wu family had spent a lot of effort and resources to train.

Hundreds of men gathered in a factory by Gu Su City's southern suburbs.

They were all powerful and filled with murderous instincts.

Before departing, Wu Hai even held a meeting!

He stood on a platform, with no megaphone

in his hands.

But every word he said was as loud as thunder!

“All of you know that my nephew has died.”

“As his uncle, of course I want to avenge him.”

“It's just that killing Li Hang and his family really wouldn't be enough for our numbers.”

“We're heading there in such a large group.”

“We can't just let the ones in front do the killing, while everyone else behind watches, can we?”

Once those words fell, there was immediately a response.

“Boss, we're going to swallow Ning Province whole anyway. We may as well go the whole nine yards.”

“At the same time, we can kill all those who resisted against us and present them as gifts to Grandpa Wu.”

“Besides, we're going all the way to that place.”

“How could we not even grab ourselves a couple of women at that?”

“Killing people and screwing women - isn't that what we do best?”

The crowd roared with excitement.

They were like a herd of beasts.

The men roared as they removed the chains on their necks.

They couldn't wait to head to Ning Province at full throttle.

To unleash their wilderness.

To fulfil their desires!

Wu Hai glanced around and asked the subordinate nearby.

“It's been so long. Why haven't two more groups arrived?” “Hurry up and give them a call! The brothers are starving already!”

Honk! Honk!

Suddenly, a long-distance bus showed up.

It slowly stopped in front of the factory door.

Out of the car came several dozen men.

They stood in three rows.

Leading each row weren't just any other men.

They were Li Erniu, Yang Shanqi and Stray Dog.

And a crafty-looking Wang Xiaoqi standing behind.

Seeing the unfamiliar faces, Wu Hai couldn't help but ask, "Where are you from?"

Li Erniu replied, "From Ning Province."

Stray Dog: "Your graves have been dug."

Wang Xiaoqi: "We'll take you there!"

Yang Shanqi: "..."

Seeing Yang Shanqi remain silent, Wang Xiaoqi elbowed him. "Say something too, Mr. Yang! Or at least let out a fart!"

Yang Shanqi kept thinking. He really couldn't think of what to say.

He couldn't even let out a fart.

He immediately sprinted forward with his team.

"Kill!"

After being quiet all the while, Yang Shanqi finally let out a roar.

"Kill!!!"

Battle cries filled the entire place.

"Hahaha!" "We haven't even gone there, and here you are sending yourselves to your deaths!" "My brothers, kill them all!"

War!

An intense war!

They had just started fighting.

The Wu family certainly had the upper hand in terms of numbers.

But soon they all turned into hay!

Stash by stash, they fell.

They could no longer laugh.

Nor did they even have the time to cry.

Screams!

There was nothing but screams of pain!

The men Li Erniu had brought over were the best among the best!

With the three men in the lead, they were like sharp daggers stabbing at all the enemies ahead!

They were invincible!

They were fearless!

Yet, seeing the henchmen got beaten one by one, Wu Hai continued to sit leisurely on his chair.

He stared in disdain as he crossed his legs.

Just then, he spotted a white Mercedes Benz coming from afar.

Out of the car came a man.

Li Hang!

Wu Hai immediately jumped up the moment he saw the man.

“Heheh, the boss has finally showed up!”

“Since you’re that desperate to die, then I’ll grant your wish!”

Wu Hai leaped into the air.

He flew past everyone.

Bam!

Landing heavily on the ground, he smirked with a cold look in his eyes!

Right now, Wu Hai was the tiger that had left its cage!

He wanted to hunt!

Little words were spoken.

Nor were there many complicated prologues.

Wu Hai moved!

As he roared like a tiger, every rock he stepped on crushed into pieces!

Bam!

Pow!

Whack!

Wu Hai's fists landed on Li Hang continuously.

The more he attacked, the more excited and insane he became.

“Hahahaha! This is delightful! This is too good!”

“Who would've thought Ning Province had an ace like you?”
