

Bam!

He was fast!

Too fast!

It was overwhelming!

So quick that no one could cover their ears in time!

The successive banging noises reverberated in everyone's ears.

Before they could react, the powerful head of the Wu family, Wu Zhirong, had already crashed through three blocks of walls.

He even crashed into the Wu family's ancestral tablets!

That spot enshrined the ranks of dozens of the Wu family ancestors.

But now, the ranks were all destroyed.

The Wu family patriarch--the top fighter in the Wu family--collapsed on top of the broken tablets as blood flowed out of him.

His chest bones were completely sunken!

Trembling, Wu Zhirong lifted a finger and

pointed it towards Li Hang, “Y-you... You...”

Before he could even finish his words, his hand fell to the ground.

Wu Wenchang rushed over and checked Wu Zhirong's pulse, only then did he breathe a sigh of relief and give Wu Zhengde a nod.

Shuddering!

Terrified!

On ordinary days, the Wu family elders and elites stood tall and proud.

But in an instant, they now cowered like monkeys in the cold wind.

They all lowered their heads, not daring to look at Li Hang.

Li Hang expressionlessly scanned the room, then turned to leave.

“Wait!”

Wu Zhengde suddenly shouted as he rushed to the hall entrance.

“May I know why you're doing all this?” “Is it because you have the support of some large family from the South?”

Li Hang turned to face Wu Zhengde, "You're a smart man. I don't think I need to tell you much. Figure it out yourself."

"I win people over by virtue."

"Pfft."

Once Li Hang said that, Wang Xiaoqi, who stood behind, held back a laugh.

Li Erniu quickly gave him a kick.

Li Hang continued, "I do not attack unless I am attacked."

"I've said this clearly before."

"Ning Province is a forbidden territory. Without my permission, no one from any prominent family may enter."

"Those who dare may enter, but without leaving something behind, I won't let them get out unharmed."

"I hope you members of the Wu family will remember what I've just said."

"If anyone of you didn't hear me well and still decide to cause trouble..."

"Then I wouldn't mind wiping out your entire

family.”

Li Hang spoke very nonchalantly, but his words sent chills down Wu Zhengde's spine.

When facing Li Hang, he felt like he was beneath a towering mountain.

He could only look up in order to see Li Hang.

Wu Zhengde had never met such a person before!

Damage to the Wu family had been done.

As head of the family, the most important thing to do was to minimize their losses.

Weighing all the options, Wu Zhengde declared, “From now on, the Wu family shall not enter Ning Province!”

“P-Please rest assured, Mr. Li!”

Li Hang briefly responded with a grunt as he left with Li Erniu and the others.

A few steps in, Li Hang suddenly stopped and slowly turned.

Wu Zhengde, who had breathed a sigh of relief, suddenly tensed up again.

*Is he going to make some unreasonable demands?*

*Did he suddenly change his mind?*

*Is he not going to let us go?*

*What should I do? What can I do to prevent our family from being wiped out?*

Wu Zhengde struggled inside as he began to come up with countermeasures.

All that panic only to hear Li Hang ask, “By the way, are there any snacks here in Gu Su that girls can enjoy for supper?”

“Huh?”

Wu Zhengde and everyone in the house became dumbfounded.
