

Chapter 826 Defeat!

Mochizuki Kawa and Qin Fei engaged in a ferocious battle.

The instant their punch and kick made contact, it felt as though asteroids were colliding with the earth.

Air currents and water swept out, causing even the boundless snow to scatter!

Qin Fei suddenly halted as the air currents exploded in the air.

Moments later, his right arm was broken by Mochizuki Kawa's incredible kick.

"AHHH!"

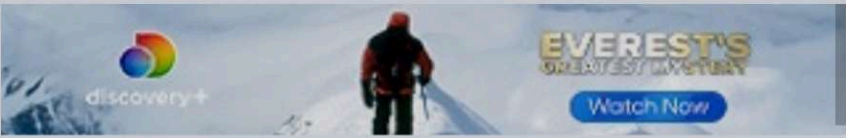

An agonizing scream rang through the air.

Qin Fei's entire body flew backward due to inertia.

However, Mochizuki Kawa did not stop after kicking Qin Fei successfully.

Instead, he gathered his energy and kicked Qin Fei aggressively again.

His kick landed on Qin Fei without hesitation

Chapter 826 Defeat!

with such speed that he was like the autumn wind as it swept up all leaves in its wake!

Mochizuki Kawa kicked twice with an overwhelming force and completely destroyed Qin Fei's defense.

His second kick even landed squarely on Qin Fei's chest.

BAM!

Bone broke as blood and flesh flew through the air.

Qin Fei's rib broke crisply when the kick landed on him.

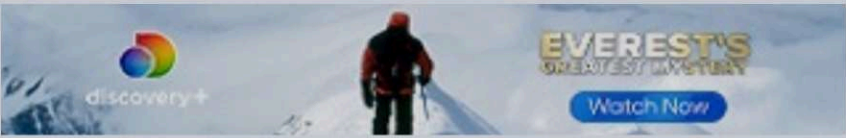

In an instant, his chest visibly sank like a balloon deflating.

This time, Qin Fei didn't even have the time to scream.

Mochizuki Kawa kicked him into the lake.

Qin Fei kept coughing fresh blood and mushy bits of his internal organs.

SWISH!

Chapter 826 Defeat!

The water surged like a tsunami.

Waves of water gushed upwards like stones piercing through the air.

And swept away all the snow in its path.

All that was left on the lake was vivid blood red when the audience turned to look again.

Water and snow scattered everywhere.

Everything fell into a deathly silence at Dongchang Lake.

All the people were stunned.

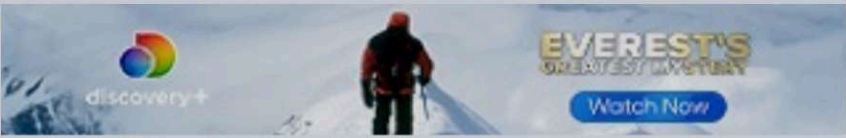

The people who wanted to support Qin Fei as the new leader of Jiangdong all fell quiet.

It was as though they were chickens that had suddenly gotten gripped by their necks. They lost their voices as they stood there with their mouths wide open.

Wang Jie-Xi stood petrified too.

He kept staring in disbelief.

All his laughter and high spirits instantly

Chapter 826 Defeat!

dissipated!

Things had clearly progressed beyond everyone's expectations.

Qin Fei could walk on water and claimed he would rip the Sword God apart like a dog. No one expected him to fail to survive even one blow from Mochizuki Kawa.

The first blow broke his arm!

And the second strike crushed his chest!

The fight had barely begun. Yet after two blows and in a few breaths, Qin Fei, the so-called grandmaster's disciple, got kicked to death by Mochizuki Kawa!

Shit!

"Are you joking?"

"So that was the so-called grandmaster's disciple?"

"Was this his idea of defeating Mochizuki Kawa like a dog?"

"He looks like a fool to me!"

Chapter 826 Defeat!

After trembling in shock for a long time, Li Er, Lei San, and the others turned livid and scolded Wang Jie-Xi angrily.

The prick!

The enemy hadn't even finished an entire move. All it took was two kicks to kill Qin Fei.

How could a useless man like him volunteer his services? How could he have the cheek to covet the title of King of Jiangdong? How could he have the guts to belittle Mr Chu?

Who gave him the guts to do all that?

Li Er, Lei San, and the others almost died of anger.

They placed so much hope in Qin Fei, but he turned out to be a fool and publicly embarrassed Jiangdong, so they were certainly infuriated.

“Haha!”

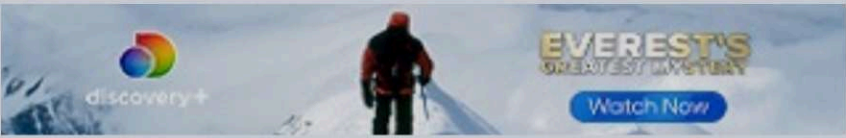

“Master Lei, it looks like Jiangdong is famous for having plenty of cowards and idiots!”

“He was such a show-off, but look what became of him.”

“It seems he’s just a fool.”

“He didn’t make it through a single move before dying from two kicks.”

“How can a useless man like him claim to defeat the Sword God like a dog?”

“Haha!”

“I can’t stand it anymore. I’m dying from laughter here.”

Sure enough, all the martial artists standing around Dongchang Lake who came from all over the country to watch the battle convulsed in laughter after a brief silence.

They were laughing so hard that tears almost trickled down their faces.

Jiangdong had clearly become a laughingstock after one single fight.

“Haha! Do you want to make an idiot like him the King of Jiangdong? Then all of you are worse than idiots.”

Chapter 826 Defeat!

Su Qian couldn't suppress herself and burst out laughing.

She sneered uninhibitedly at the people of Jiangdong.

The people who kept swaggering before Su Qian earlier went speechless.

The bald man who behaved the most cockily instantly looked angry and felt disgraced.

The bald man felt particularly annoyed.

After sucking up to Qin Fei for so long, Qin Fei turned out to be an idiot.

He almost felt like dying when Su Qian ridiculed him to the face.

"Wang Jie-Xi, fuck you!"

"How could you recommend a fighter like this?"

"Damn you!"

"That fool did more harm than good!"

"No wonder Mr Chu doesn't like you."

Chapter 826 Defeat!

“You dumbass! If I were Mr Chu, I would’ve slaughtered you ages ago!”

“Your stupid nephew has disgraced Jiangdong!”

Li Er and the others felt completely embarrassed and vented all their fury on Wang Jie-Xi.

They almost wanted to kick Wang Jie-Xi to death!

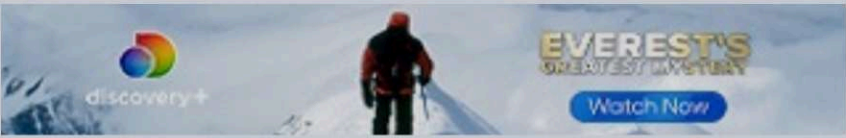

If Qin Fei could at least hold off one move from Mochizuki Kawa, Jiangdong wouldn't have ended up so disgraced.

“Damn! If I knew this was going to happen, I would never have agreed to let the idiot fight! He’s completely useless and did nothing but disgrace us!” roared Lei San in fury quietly in his heart.

After all, the battle was an embarrassment to both Jiangdong and its leaders.

How could they ever hold their heads up high again outside Jiangdong?

Wang Jie-Xi forcibly restrained the sadness

of losing his kin and argued, “Yes, I admit that my nephew wasn’t strong enough. However, no matter how weak he was, he was at least brave enough to fight. He lived a heroic life and died valiantly! He’s still better than cowards who run and hide, right?”

Wang Jie-Xi spoke coldly with an underlying meaning in his words.

Just as they argued by the lake, Suzumiya Eigetsu smiled and congratulated reverently, “Congrats, Master. You have triumphed over yet another martial arts expert in China!”

Instead, Mochizuki Kawa shook his head and said in disdain, “He’s a nobody. It sullied my hands to have to kill him. I didn’t expect Chinese martial arts to become so weak after 30 years. All they have are ambitious martial artists who are useless and have no real talent.”

Then he turned to look at Xu Lei once again. “Miss Xu, that nobody is dead. Now, it is your turn. I told you that you would die in his place if he didn’t turn up. You can only blame yourself for entrusting your life to the wrong man.”

Chapter 826 Defeat!

Mochizuki Kawa twitched his lips, and coldness swept through his eyes.

Just as Mochizuki Kawa was about to kill Xu Lei, something happened.

“You arrogant bastard! How dare you touch the Dragon Master’s woman?!”

A deep angry voice quietly echoed through the air.

An incredibly burly silhouette suddenly leaped out from beside Dongchang Lake.

He walked across the lake as though he were walking on land.

Then he went towards a boat nearby and pushed off it gently.

His hefty body floated effortlessly through the air as he threw his fist angrily towards Mochizuki Kawa.

“That’s... Shan?”

Qing Tan was protecting Qiu Mu-Cheng when she went into shock instantly from seeing the man.

Tong Shan was supposed to be with Ye Fan, so she was shocked to see him here.

Qing Tan was unaware that Ye Fan had already transferred Tong Shan from Jiangdong to Yanjing after he recovered to protect Xu Lei secretly.

Since Xu Lei’s life was at stake, Tong Shan couldn’t stand by and do nothing, so he attempted to save her.

“Hmm? Is someone else here to fight too? They are mere ants. No matter how many of them come, it makes no difference. They are just sending themselves to their deaths.”

Mochizuki Kawa frowned instantly after getting interrupted.

Then Mochizuki Kawa shook his head and laughed contemptuously.

He waved his sleeve, and internal energy surged towards Tong Shan like a sword.

BAM!

A dull rumble rang, but Tong Shan surprisingly survived Mochizuki Kawa’s blow.

Instead, the force of Mochizuki Kawa’s Aoki Sword Technique got deflected by Tong Shan’s punch.

Waves of energy spread through Dongchang Lake and even caused the snow around them to get bounced away.

“Hmm? Is this the Invincible Technique? How are you related to the indestructible

Chapter 827 The Vicious Mochizuki Kawa

grandmaster, Li Cheng-Xiang?" asked Mochizuki Kawa deeply in surprise as he turned to look at Tong Shan.

There were two kinds of martial arts: internal and external.

Internal martial artists cultivated internal energy, while external martial artists focused on physical training.

And the Invincible Technique was a physical martial arts skill.

The indestructible Li Cheng-Xiang, whom Mochizuki Kawa mentioned, was an Invincible Technique expert who became a martial arts grandmaster.

Word had it that Li Cheng-Xiang's single blow was as heavy as a ton!

He was as strong as iron and had a completely indestructible physique!

Ordinary people were incapable of getting past his defense at all, let alone harm him.

However, the Invincible Technique was exceptionally demanding and wasn't meant

for everyone.

So Mochizuki Kawa was shocked to encounter this burly chap using the physical martial arts technique.

However, Tong Shan ignored him.

After he deflected Mochizuki Kawa's Aoki Sword Technique energy, he pounced on the chance to charge towards the boat at the lake's center and reached out for Xu Lei.

But Suzumiya Eigetsu was guarding Xu Lei. How could Tong Shan take her away so easily?

"Get lost!" roared Tong Shan deeply. He hurled a hefty punch towards Suzumiya Eigetsu again.

Despite Suzumiya Eigetsu's petite appearance, she was the Sword God's disciple after all. How could she be an easy target?

The instant Tong Shan punched Suzumiya Eigetsu, she quietly dealt a counter-attack swiftly and effortlessly.

Chapter 827 The Vicious Mochizuki Kawa

BAM!

The fist and palm collided.

Wind raged everywhere, causing the snow to swirl.

Amid the powerful attack, the boat with Suzumiya Eigetsu and Xu Lei on it even went backward.

Tong Shan halted from the blow.

His body came plunging down from midair.

PAK PAK!

Tong Shan jumped on the lake surface, leaving a spray of water in its wake.

Then he rebounded and chased after Xu Lei again.

“Although you have good technique, your level is too low. You are not even a grandmaster. How dare you attempt to save the woman? It’s simply wishful thinking!”

Mochizuki Kawa seemed to have lost his patience.

He was disinterested in wasting time on a bunch of nobodies.

After he shouted sinisterly, he jumped onto the lake and raised a huge wave behind him.

Water kept shooting into the air.

The water went straight for Tong Shan like countless swords converging towards him.

Mochizuki Kawa's attack was shockingly swift!

Tong Shan was incapable of evading the attack, and the sword-like water came right for him.

The sound of sword clang could be heard as Mochizuki Kawa's internal energy penetrated his body.

Tong Shan instantly bled from multiple injuries under Mochizuki Kawa's powerful attack.

He felt as though he had been cut by a thousand knives!

Vividly colored blood instantly gushed

everywhere.

Tong Shan was familiar with this move.

Hua Ying-Long once used the same attack to injure him critically in Yanjing.

Although Tong Shan merely suffered a water attack, it was far more powerful than Hua Ying-Long's blow since Mochizuki Kawa performed the technique.

Almost instantly, Tong Shan suffered grave injuries.

His body plummeted from mid-air towards the lake like a broken kite.

However, Mochizuki Kawa did not let Tong Shan off just like that.

Mochizuki Kawa jumped into the air after injuring him seriously with the water attack.

BAM!

A whip kick landed mercilessly on Tong Shan's chest.

"Shan!" shouted Qing Tan in shock.

Chapter 827 The Vicious Mochizuki Kawa

PFFTT!

Blood instantly spewed from Tong Shan's mouth.

Mochizuki Kawa was a grandmaster level expert, so his attacks were incredibly powerful.

In an instant, Tong Shan's chest sank in as his ribs broke. The kick sent him propelling very far like a cannon.

Concrete pillars by the lake broke from the impact with a rumble. One of the pillars even pierced right through Tong Shan's shoulder.

His bright red blood gushed out without restraint.

"Oh my god..."

"This...this..."

Everyone was stunned.

He Yu-Rou's face turned pale and lost all color. The bloody scene even sent Tian Xiu-Xiu screaming in terror.

Chen Ao and the others panicked as their eyes quivered in shock.

He was so vicious!

Mochizuki Kawa was simply too vicious.

Each one of his attacks hit their marks and were fatal.

He had already kicked Qin Fei to death with two blows. Now he had injured Tong Shan critically with a few attacks.

“Is this what it means to be a true martial arts master? Is life worth nothing in his eyes?”

There was a moment when Qiu Mu-Cheng suddenly realized why Ye Fan rarely talked to her about the martial arts circles.

The martial arts world was too bloodthirsty and cruel that it was completely beyond the grasp of a frail ordinary woman like her.

Qiu Mu-Cheng trembled with fear in her eyes and almost slumped onto the ground.

Even the typically taciturn Qing Tan ran

towards Tong Shan worriedly with her eyes red.

“Shan, hang in there! Hang in there! Dragon Master will come and save you. He will help you seek revenge,” said Qing Tan with tears welling in her eyes. She held the fatally injured and blood-soaked Tong Shan in her arms and looked at him with grief in her eyes.

Qing Tan and Tong Shan were both Ye Fan’s subordinates from the Dragon God Hall.

They trained together for a long time, so Tong Shan was like a brother to her.

Despite her cold exterior, she had feelings for him.

Since Tong Shan was like a brother to Qing Tan, she felt sad seeing him at the brink of death.

Instead, Mochizuki Kawa merely glanced in contempt.

Like they were merely ants.

Mochizuki Kawa kept up a lofty attitude the

whole time.

Be it Qin Fei, Tong Shan, or even Mr Chu, Mochizuki Kawa never gave a hoot about them.

These people were no different from ants for a man who stood at the pinnacle of power.

The main reason he visited the country was to redress the humiliation Ye Qing-Tian had inflicted on him.

Ye Fan was just another nobody whom he happened to have to kill along the way.

If Ye Fan came, he would simply kill him.

If Ye Fan didn't turn up, he would just send his woman to her death.
