

“It is all about survival of the fittest. In martial arts circles, duels are a matter of life and death! Conflicts in martial arts circles have always been cruel! Your foolish kindness is useless in our world. Moreover, Mochizuki Kawa asked for it. From the moment he stepped onto our country and wreaked havoc in Jiangdong, took Xu Lei hostage, and hurt Tong Shan gravely, it was already destined that we will fight to the death.”

Ye Fan’s voice echoed angrily through the air.

Ye Fan never liked to repay evil deeds with kindness.

If Ye Fan repaid his evil with kindness, then how should he repay kindness?

“In my books, kindness is kindness, and revenge is revenge. Kindness should be repaid with loyalty, and wickedness should be paid with blood!”

At the drop of his voice, internal energy exploded in the air.

Ye Fan smashed his fist once again.

Everyone was dumbstruck. They looked into the distance as they watched the old man

get finished off.

Instead, Mochizuki Kawa unexpectedly did nothing to retaliate.

After he hacked his sword blindly in the air a few times, he turned to run madly.

By the time Ye Fan's blows have reached Mochizuki Kawa, their power had already decreased a little.

Mochizuki Kawa spat blood when the attack landed on him, but it wasn't deadly.

Instead, he managed to run even faster after taking Ye Fan's blow.

Very quickly, he disappeared from sight.

"Crap!"

"I thought he was going to fight it out."

"So Mochizuki Kawa was trying to run?"

"I got excited for nothing!"

Everyone's eyes twitched in shock as they watched Mochizuki Kawa take off.

They thought that Mochizuki Kawa was a true man and would rather die than submit

to Ye Fan.

From the looks of it now, they thought too highly of him!

The moment Mochizuki Kawa climbed out of the rubble, he had already decided to run.

Mochizuki Kawa acted as though he wanted to fight to the death to make Ye Fan lower his guard and make it easier for him to escape.

At the same time, he was waiting for Ye Fan to make a move.

So he could use the force of his blow and run off even more quickly.

He certainly planned everything meticulously.

“That cunning old bastard.”

“You call that kind of man a Sword God?”

“How could you just run?”

“He didn't even care about his disciple.”

Fang Shao-Hong and Lu Tian-He's faces darkened as they cursed him speechlessly in their hearts with their eyes twitching.

“Run? You think you can escape?”

Ye Fan was particularly surprised by Mochizuki Kawa’s reaction.

He clearly didn't see that coming.

However, he had no intention of letting Mochizuki Kawa off.

Ye Fan had reason enough to kill him for taking Xu Lei hostage and hurting Tong Shan gravely.

So Ye Fan attacked swiftly and darted towards Mochizuki Kawa.

However, Tong Shan could no longer tolerate his injuries even though Ye Fan had secured his pulse. He trembled before coughing out black blood.

Qing Tan’s screams penetrated through the crowd.

“Shan, Shan! Are you okay? Don't die! Dragon Master, you have to save him!”

Qin Tan’s tragic cries made Ye Fan stop chasing after Mochizuki Kawa in the end.

It was crucial for him to save Tong Shan now.

“Mochizuki Kawa, I will let you live a little longer. In the future, I will visit Japan and take your life!” said Ye Fan coldly in a deep voice as he looked towards Mochizuki Kawa.

Snow continued to flutter down the skies.

Mochizuki Kawa’s angry roar could be vaguely heard in the distance through the snow and wind.

“You only became a hero because there are no other heroes in your generation. Ye Fan, I will remember this. One day, I will come back.”

HUUU!

The biting cold wind left snow twirling in the air and made Mochizuki Kawa’s angry words dissipate.

The Sword God of Japan ran off pathetically in the end.

However, Mochizuki Kawa knew that even if he escaped death, Ye Fan was now a hero.

Ye Fan used his blood and dignity to become a hero!

Mr Chu’s name was truly going to make a

mark in the Chinese martial arts circles this time.

30 years ago, Ye Qing-Tian made a name for himself in China after defeating Mochizuki Kawa and became the top martial artist in the country.

30 years later, Mochizuki Kawa unexpectedly helped to make Ye Fan a hero when he came to China again.

The mighty Sword God of Japan was relegated to being nothing but a stepping stone twice in a row in China.

Mochizuki Kawa must have certainly felt like coughing blood in his heart while he ran.

Or else, he wouldn't have angrily shouted that Ye Fan only became a hero because there were no other heroes in his generation.

Ye Fan jumped into the air after he decided not to give chase to Mochizuki Kawa. He brought Xu Lei back to shore before hurrying over to Tong Shan.

Ye Fan trembled slightly when he saw how weak Tong Shan looked.

“Young...Young Master, I'm so-sorry. I couldn't protect Miss...Xu...Xu. I've

disappointed you.”

Even at this stage, all Tong Shan could feel now was remorse for failing Ye Fan.

“Disappointment my ass! Hang in there! Do you hear me?” scolded Ye Fan deeply. Then he told Qing Tan to bring him back to Mufan Group’s branch office in Jingzhou.

Tong Shan was gravely injured. His internal injuries were particularly serious. It was impossible for an ordinary hospital to treat injuries inflicted in martial arts.

Ye Fan used his internal energy to help force some of the Aoki Sword Technique energy out of Tong Shan.

“Hurry up, Qing Tan. Put Tong Shan inside the car.”

Ye Fan quickly got a car and sent Tong Shan off.

Dongchang Lake reverted to silence when he left.

Lei San got people to clear out the place. The martial artists who came to see the battle had left too.

However, they turned to look in the direction

Ye Fan left and sighed.

“I didn't think Mr Chu would end up winning.”

“Lei San, a dragon has risen in Jiangdong.”

“After this battle, everyone in the martial arts circle will know about Mr Chu!”

“From now on, Mr Chu is a hero.”

“He might even become the second God of War in the future.”

Shock and lament swept through their minds. They felt inferior in comparison to Ye Fan, and all kinds of emotions surged through their hearts.

“He became so powerful at such a young age.”

“To think that after practicing martial arts for all our lives, old men like us can't compare to him.”

Everyone left one after another as they sighed.

However, He Yu-Rou remained standing at Dongchang Lake in her green dress. She was in a daze and gazed at Ye Fan from behind as he left.

“Hehehe! Yu-Rou stop staring. Mr Chu is long gone. Look at the daze you’re in. You’re probably mesmerized by him, right?”

A voice suddenly laughed next to her ear.

It was Tian Xiu-Xiu and the others. Tian Xiu-Xiu smiled at He Yu-Rou and teased her.

He Yu-Rou's face turned red instantly after Tian Xiu-Xiu saw right through her.

She lowered her face and said shyly, "Xiuxiu, how can you say that? Mr Chu is already married. How can I..."

Tian Xiu-Xiu interrupted He Yu-Rou before she could finish, "So what? Mr Chu is the King of Jiangdong and a true hero. Don't people like this always have a few girlfriends? Yu-Rou, If you like him, then you should court him bravely. I support you. Moreover, other than Mr Chu, who else deserves to be with a beauty like you? Just think about it. If you become his partner, your husband will be the King of Jiangdong while your father is committee secretary of this province. Then you will truly be the Queen of Jiangdong. You will be second only to one!"

Tian Xiu-Xiu chuckled as she spoke gently. Her suggestion certainly sounded enticing.

But He Yu-Rou shook her head. "How can someone as brilliant as him like me?"

"Oh my! How can you put yourself down like that? You are pretty good too! In terms of figure, looks, and background, you are peerless. If I were a man, I would have fallen for you ages ago. Don't worry about getting

yourself acquainted with Mr Chu. Wen-Fei and I will help you. Wen-Fei knows Mr Chu. Right, Wen-Fei?" said Tian Xiu-Xiu as she turned to ask Chu Wen-Fei.

"No, I...I don't know him. I don't know him and have absolutely nothing to do with Ye Fan."

Chu Wen-Fei was probably too startled by Ye Fan's incredible power that he continued to linger in fear.

Chu Wen-Fei seemed to have gone crazy and shook his head nonstop when he heard Tian Xiu-Xiu asking him. He refused to admit he knew Ye Fan.

Chu Wen-Fei's face went pale before he turned to leave quickly.

He appeared worried that Ye Fan might take notice of them.

After all, Chu Wen-Fei knew Ye Fan, but he made enemies of him because of Qiu Mu-Ying.

He would only die a quicker death because of this relationship!

"Wen-Fei! Wen-Fei...Where are you going? Wen-Fei..."

Chu Wen-Fei's abnormal behavior left everyone bewildered. Tian Xiu-Xiu gave chase worriedly.

However, He Yu-Rou clearly wasn't in the mood to care about Chu Wen-Fei. The only thing in her mind was the imposing image of Ye Fan when he turned the tables and saved them all!

"Is his name Ye Fan?" muttered the young lady to herself while she gazed at the sky.

Even after many years, He Yu-Rou would keenly remember his imposing aura, glory, and every expression whenever she thought about today!

"He was like a ray of light which unintentionally entered my world and lit me up for the rest of my life."

He Yu-Rou wrote those words down in her diary that night.

However, the male protagonist was absolutely clueless.

Then again, what could possibly happen if he did?

He didn't even know the girl.

He Yu-Rou didn't even amount to a normal chance encounter to Ye Fan.

All he cared about now was Tong Shan, Qiu Mu-Cheng, and the others close to his heart.

After he stabilized Tong Shan's injuries, Ye Fan got someone to send him to the hospital for further treatment.

Tong Shan had suffered fatal internal injuries, and there was a serious penetrating wound on his left arm.

External injuries like this required surgery in the hospital.

However, Tong Shan would lose his arm even if he managed to live.

Ye Fan stood by the bed and watched Tong Shan breathing weakly with bandages all over him. He was so furious that he hurled a punch on the wall.

In an instant, a gaping dent was left in the steel-reinforced concrete wall.

"Tong Shan, are you a bloody idiot? Mochizuki Kawa is a renowned martial artist who has been a grandmaster for decades. Only you could be dumb enough to charge towards him when you are not his match!"

shouted Ye Fan furiously.

His deep angry voice reverberated through the room.

Even the nurses in the corridor were shocked by the commotion and came over to scold Ye Fan in disdain, "Why are you shouting? Can't you see the sign on the wall? You have to be quiet!"

But before she finished her words, the atmosphere in the room froze over.

Li Er, Lei San, and the others were present and almost pissed in their pants.

Lei San walked over and slapped the nurse in shock!

"You reckless idiot! How can you insult Mr Chu? Hurry up and get lost!" scolded Lei San sternly.

The young nurse covered her face with her eyes red as tears welled up in her eyes. She exploded like an angry cat after Lei San slapped her. She shouted sternly, "How dare you hit me? Even my father has never beaten me before! You are done for! My father is the hospital director! I will tell him to chase you out now!" roared the young nurse furiously in a particularly shrill voice.

Lei San and the others were unmoved and just looked at her expressionlessly.

“No wonder she’s so arrogant. It's because she is the hospital director’s daughter.”

“There's no need for you to call him. I will call him right now.”

Then Lei San made a call and suppressed his fury as he said deeply, “If you want your daughter to live, come over and take her immediately.”

Moments later, a middle-aged man in a white coat rushed over hurriedly.

“Dad, they slapped me. You have to do something about it,” said the nurse bitterly.

But once she said that, the man unexpectedly slapped her and scolded her fiercely, “You dumbass! Do you want to die? Hurry up and apologize to them! An idiotic daughter like you is bound to get me killed one day!”

The moment the hospital director received the phone call, he almost pissed in his pants.

He knew how influential the men sitting in the room were. These were men who had

the mayor at their beck and call.

He couldn't afford to offend any of them.

This episode wrapped up with their father and daughter apologizing fearfully.

It was the nurse's first day as an intern, and Ye Fan and the others had taught her how cruel life was.

However, it was only a minor episode.

Ye Fan didn't even bother to look at them.

His eyes remained plastered on Tong Shan.

The foolish Tong Shan didn't feel frightened or guilty when Ye Fan scolded him. Instead, he chuckled happily.

However, the more he laughed, the guiltier Ye Fan felt.

If he hadn't assigned Tong Shan to protect Xu Lei, how could he have ended up like this?
