

Chapter 880 His Final Backing

Miyamoto Nakanosuke and the others bowed in unison and begged for Ye Fan's forgiveness.

However, Ye Fan gently laughed when he heard what they said.

"If you had such a great attitude in the beginning, would things end up like this?"

Ye Fan smiled as he spoke calmly in a teasing tone.

"Yes yes. You are right, Sir. I offended you in a moment of folly, so the Miyamoto clan deserves this."

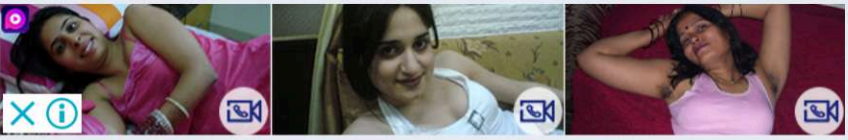

Miyamoto Nakanosuke nodded profusely and appeased Ye Fan patiently.

Miyamoto Nakanosuke's body even trembled as he spoke to Ye Fan.

This young man was a killing machine.

Miyamoto Nakanosuke was genuinely worried that Ye Fan might slaughter him.

His heart was also filled with regret.

## Chapter 880 His Final Backing

If he had known how powerful Ye Fan was, he would never have sent Nakamura and the others out to kill him.

The Miyamoto clan had remained an influential family in Japan for generations with the support of the Mikawa Group. There were barely any other people in Japan who could pit themselves against the Miyamoto clan in terms of power.

So they were accustomed to doing as they pleased.

Hence, the first thought that struck them after getting offended was revenge.

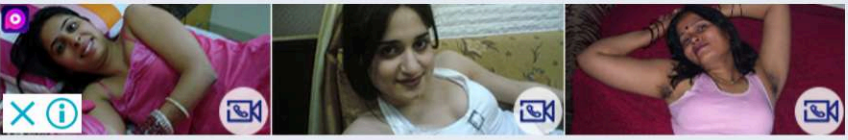

But they unexpectedly learned that Ye Fan couldn't be beaten.

The Miyamoto clan was completely embarrassed and suffered severe loss.

Anayama was dead. Half the snipers they painstakingly groomed had died too.

It took years to groom talent like that.

There was always money to be made. However, it was much harder to groom new

talent.

“Sir, since I have already handed the stupid boy over to you, the feud between us ought to come to an end. From now on, I hope we can steer clear of each other’s business!” said Miyamoto Nakanosuke deeply as he hoped to put an end to this conflict.

However, Ye Fan shook his head and laughed.

“Come to an end? Do you think that’s possible?”

Ye Fan laughed gently.

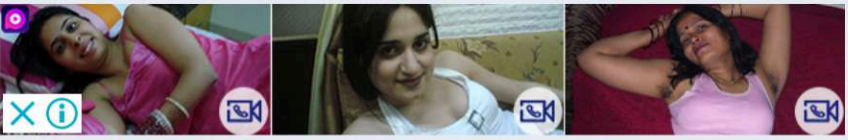

Everyone was dumbfounded.

Miyamoto Nakanosuke’s face instantly sank.

“Sir, please don’t go too far. We have already bowed and submitted to you and I’ve also handed my son over. What else do you want?”

Miyamoto Nakanosuke’s voice was filled with fury.

“Am I being a bully now?” Ye Fan laughed

instead. “Let me ask you this. If I were the one who got defeated today, what would you do with me? Would you forgive me because I asked nicely?”

“Well....” Miyamoto Nakanosuke was stunned.

Ye Fan was right. If Ye Fan were the one who got defeated, Miyamoto Nakanosuke certainly wouldn’t let him off lightly.

He might even kill Ye Fan’s entire family.

An army couldn’t be controlled with kindness.

The Miyamoto clan didn’t reach this status because of benevolence.

Every one of the families within the six groups had stained their hands with their enemies’ blood.

It was survival of the fittest.

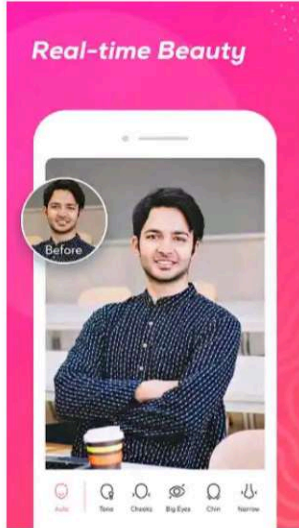

The world was a cruel place after all!

Moreover, Miyamoto Nakanosuke wanted to kill him.

## Chapter 880 His Final Backing

If Ye Fan wasn't strong enough, he would be a dead man now.

So why would Ye Fan let them off lightly just because they apologized?

"But...but I already handed my son over. Isn't that enough?"

"Certainly not!" The moment Miyamoto Nakanosuke finished his sentence, Ye Fan's angry voice rang out, "You were the one who sent them to kill me, so you must die!"

What?

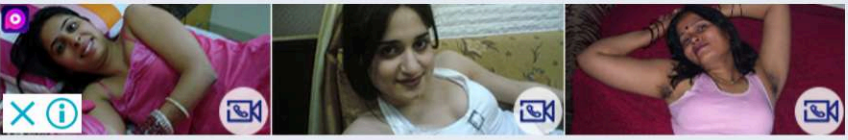

Everyone was instantly shocked.

Miyamoto Nakanosuke's face was filled with terror.

They thought the young man would quit while he was ahead, considering how powerful the Miyamoto family was in Japan.

But they didn't expect him to be so domineering.

Or that Ye Fan would make Miyamoto Nakanosuke pay with his life!

## Chapter 880 His Final Backing

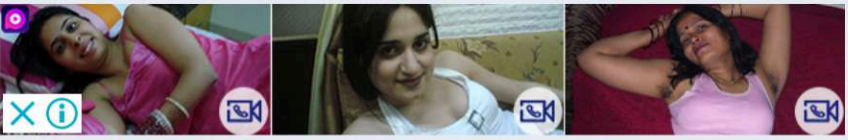

“You want to kill me? How...how dare you! Do you even know what you are saying? I am the Vice-Chairman of Mikawa Group’s executive committee! If you kill me, you are disregarding the group! The group is controlled by dozens of clans and controls half the nation’s economy. You have my word that the group will avenge me if you kill me. You are just one man. Are you able to oppose the Miyamoto clan and half the country's elite families, which is made up of more than a hundred clans? Regardless of how big the world is, you will have nowhere to hide when the time comes!” warned Miyamoto Nakanosuke with his face pale.

Mikawa Group’s executive committee was lofty and untouchable.

The members of the Mikawa Group executive committee made an agreement once. If any of its members suffered insult, they would all come to its aid.

So if Ye Fan really killed Miyamoto Nakanosuke, Mikawa Group's powers would combine forces to seek revenge on him.

“Yes, exactly. Sir, don’t be rash. Since the head of the clan has already apologized, you

should quit while you are ahead. Or else, if you really end up offending Mikawa Group, then you will have to suffer the attack of many more powers. There is probably no one in the world who can pit themselves against them.”

Everyone kept persuading Ye Fan.

Even Suzumiya Eigetsu said, “Master, why don’t you let him off? The Miyamoto family has the backing of Mikawa Group, so they are already showing their sincerity by apologizing. There’s no need to push them too far. Or else, you might end up endangering yourself.”

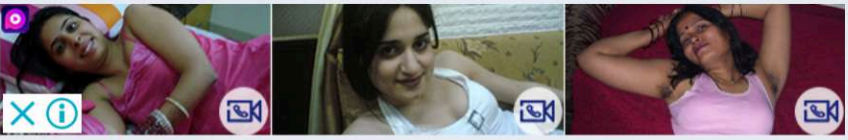

Since Suzumiya Eigetsu was born in Japan, she knew about the six groups.

They had forces throughout the country in every industry.

If they wanted, they could even call in the army.

Mikawa Group might be the weakest of the six groups, but if all the families combined their forces, they were unstoppable.

## Chapter 880 His Final Backing

“Why? Do you think that I am afraid of Mikawa Group too?”

Ye Fan shook his head and laughed instead.

His words were arrogant and contemptuous.

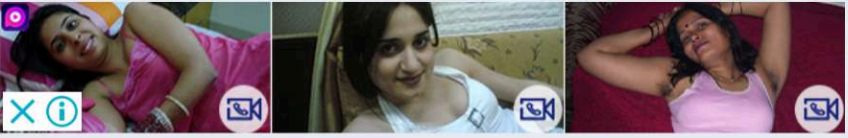

“Regardless of how powerful they are, can they surpass the Chu family? No matter how strong they are, can they rival a supreme grandmaster? If even the most powerful family in the world fails to threaten me, what makes you think I will fear Mikawa Group? Today, even if the President of Mikawa Group stands before me, I will kill him all the same!”

Ye Fan laughed proudly.

His resounding voice sounded thunderous. All Suzumiya Eigetsu could hear were Ye Fan’s soul-stirring words.

Ye Fan ignored the advice of the people. But just as he was about to kill Miyamoto Nakanosuke, a stern voice rang from behind him.

“Do you want to kill me too? Do you not give a damn about the Chu family? You sure talk

big! Do you really think that you don't have to fear the Mikawa Group if you destroy the Miyamoto family? Are you really that fearless?"

A deep voice quietly rang from behind them.

Despite the few words he said, his voice was so imposing and proud.

Everyone turned quizzically.

In an instant, their eyes landed on him.

From a distance, a middle-aged man was walking over to them slowly.

He wasn't dressed in a suit. Instead, he wore a loose-fitting gym suit and a pair of Nikes.

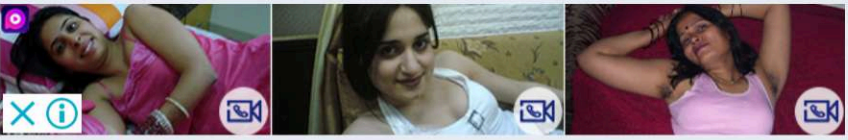

His outfit deeply contrasted all the elite who turned up in suits.

However, he was undisguisedly brilliant despite the outfit.

Sometimes, one could tell who was in power based on how they spoke and acted.

Just like this middle-aged man before them. He had a broad forehead, stern eyes, and a well-chiseled face. Yet, he had an innately imposing aura.

"Is...Is the President here?"

## Chapter 881 The Arrival of a Giant

All the guests went into shock.

Their pupils instantly enlarged.

“What? The President? Are you talking about the International Head of Kanaiwa Committee and leader of Mikawa Group?”

“Heavens! He hasn’t appeared in public for almost ten years, right? Why did this deity finally show up now?”

Many of the people inhaled deeply in shock when they learn who he was. They couldn't help sighing in surprise one after another.

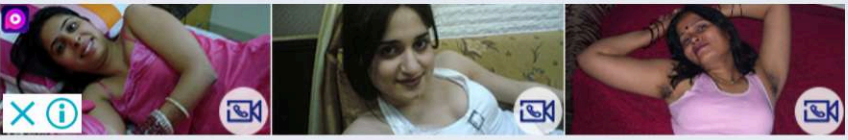

All countries and powers needed someone respectable and powerful standing at its helm in order to flourish.

Only organizations with good leaders were capable of becoming strong and competitive.

It was the same for businesses like Mikawa Group.

If they didn't have a strong foundation, Mikawa Group would end up splintered, and people would act on selfish impulses. This

would lead them to their deaths sooner or later.

If they had a respectable leader, it boded well for the company's future.

And the man before them was none other than the leader of Mikawa Group.

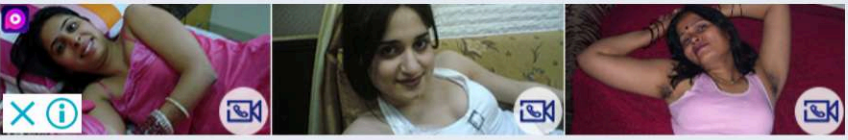

He held absolute power over the business.

“I heard the President of Mikawa Group is an absolute mystery. He rose to stardom out of the blue and singlehandedly reorganized Mikawa Group while it was in a state of disunity and made a name for himself. Then he went behind the scenes after he became president and never appeared publicly again. The year before, the new city mayor visited him out of respect when he first took office. However, he didn't even get past the gates, let alone see him. I didn't think the President of Mikawa Group would show up now.”

The crowd went into a commotion.

Everyone kept gossiping among themselves.

Their words were filled with great admiration and reverence.

## Chapter 881 The Arrival of a Giant

After all, just his status as President of the Mikawa Group alone was enough to surpass everyone here.

“Damn! Even the President is here? Now the Chinese kid is dead meat! Why didn’t he quit while he was ahead? He could have saved his own ass and even brag for the rest of his life about how he made the head of the Miyamoto clan bow to him.”

“Did he have to act tough and demand Mr Miyamoto to pay with his life? But so what? He ended up forcing the President of Mikawa Group to turn up. Let’s see what he’s going to do now.”

“He had such great cards but idiotically made a mess of it! He’s a dumbass.”

Everyone reeled from the surprise of the President’s sudden appearance as they looked at Ye Fan mockingly.

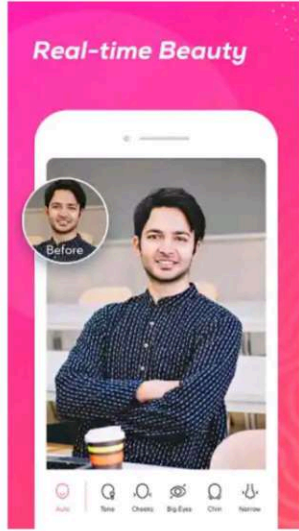

Some of them shook their heads and cursed at him.

Others felt he was an idiot.

If he had agreed to the Miyamoto clan’s

request for a truce, he could have left unscathed.

Now he would end up losing everything.

"Haha! The President finally turned up! He is destined to die! Shizuka, you can give up now. The pauper is dead meat. Even the gods can't save him. After he dies, Grandpa will punish you for your betrayal, you traitor! He will drive you out of the clan."

A few minutes ago, Chiike Tsubame was in despair.

She thought that her grandfather and the entire Miyamoto clan was going to perish at the Chinese youth's hands.

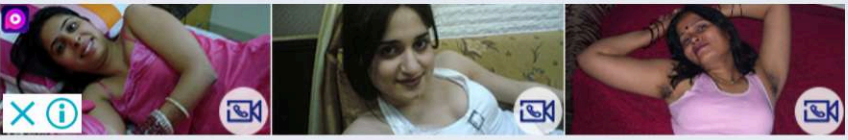

They unexpectedly found a way out of their desperate situation!

The President of the Mikawa Group suddenly turned up at the crux.

This was the President they were talking about!

The leader of Mikawa Group!

## Chapter 881 The Arrival of a Giant

With a word, he could move 60% of the nation's finances around.

It would be a piece a cake for a giant like him to destroy this brat from China!

So Chiike Tsubame felt there was no way Ye Fan could escape now.

Chiike Tsubame smiled uninhibitedly like a villain who had just won.

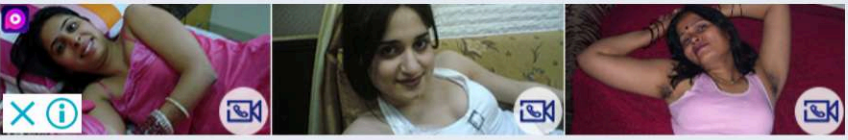

Now that the president of Mikawa Group was here, it instantly changed their fates.

Although Miyamoto Nakanosuke was the Vice-Chairman of Mikawa Group, he only held power within his family. He couldn't control the other forces within the business.

However, the President of Mikawa Group had much wider power and had control over all their subsidiaries.

He was 100 times more powerful than Miyamoto Nakanosuke.

So everyone thought Ye Fan was bound to die now that he was interfering.

## Chapter 881 The Arrival of a Giant

“Mr Iwai, you are finally here. If you come any later, I would have gotten slaughtered by him!”

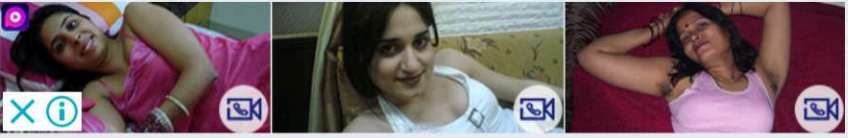

Sure enough, Miyamoto Nakanosuke shed his respectful attitude towards Ye Fan. He walked up to the middle-aged man and complained as he angrily told him what Ye Fan had done.

“This kid from China humiliated the Miyamoto clan. He even insulted you and Mikawa Group. He claims that he could trample Mikawa Group if he pleased! Mr Iwai, we have to kill him. If he manages to leave unscathed, how can Mikawa Group ever hold its head up in Japan? We will probably become a laughingstock!” Miyamoto Nakanosuke exaggerated as he kept instigating the middle-aged man to kill Ye Fan.

The middle-aged man nodded. “Okay, I get it. Stand down. Leave it to me.”

The middle-aged man spoke calmly and with composure.

He sounded as though he was dealing with something trivial.

## Chapter 881 The Arrival of a Giant

Then he turned his head and looked at Ye Fan.

“Young man, I heard you wanted to kill the Vice-Chairman of Mikawa Group. I also heard that you don't give a hoot about the number one elite family in the world, the Chu family. I can't put my finger on it. Are you arrogant or simply oblivious?” The middle-aged man shook his head and smiled.

“You are too young after all. You are inexperienced and narrow-minded. Let me give you a word of warning. The universe is a big, marvelous place, but sadly, your world is very small.”
