

“President Lin, your company has deliberately slandered my name; I demand an explanation from your side!”

Hu Yue was furious. The whole of Trending on Weibo was filled with the accusatory news about her; this was clearly a smear campaign against her.

She didn’t know how to treat anyone, and that much was true. Plus, whatever she said before were just empty promises.

Even so, that was her own business. She thought that Lu Chen’s attack on her was done on purpose. If she handled this badly, her public persona would be gone

with the wind.

If that persona was gone, her popularity would plummet and she might even be shelved.

"Slandering your name?" Lin Yijun's brows furrowed and she looked at Hu Yue in confusion.

She didn't even know what she did to Hu Yue.

"Look at this, President Lin. Is this not your doing?" Hu Yue threw her phone angrily at Lin Yijun.

"I remember it clearly. Your husband called and bought the whole Trending on Weibo just so all of you can slander me. We

heard it clearly, so don't try to deny it!" Hu Yue harrumphed angrily.

"Why should we deny it?" Lu Chen looked derisively at Hu Yue.

"Indeed, I did that on purpose, because you are too arrogant. How dare you do whatever you want on my turf? Who do you think you are? And that's right, I'm going to destroy you completely today!"

*"Hmph, you think you're so great just because you have money? Just wait for our lawyer's letter!"* Hu Yue snorted loudly.

"You can say that if your company manages to survive. If my guess is

correct, your boss would be calling you in about a minute or so!" Lu Chen derided.

Hu Yue was about to retort when her phone suddenly rang, thereupon Lin Yijun handed the phone back to her. Hu Yue looked at the caller ID; it was her company's manager!

As such, Hu Yue had a bad feeling about this. *Did this guy really manage to threaten the company?*

"Miss Wang..." Hu Yue said warily as she didn't know what was going on. If what Lu Chen said was true, that would be the end of her.

“Are you out of your mind, Hu Yue?! How dare you offend the boss of Yi Qi Technology? Do you want to bankrupt the whole company?” Hu Yue had just spoken two words when her manager bombarded her with shouts and reprimands.

“Huh? What do you mean, Miss Wang? I didn’t offend the boss of Yi Qi Technology. I don’t even know who he is!” Hu Yue glanced at Lu Chen in shock; she was starting to question his identity.

Even if she was an idiot, she could guess that Lu Chen was the boss of Yi Qi Technology.

He wouldn’t be this powerful

otherwise.

When he said he would buy all the top spots in Trending on Weibo, he did it in just a few minutes.

When he claimed that he would make Hu Yue's company go bankrupt, in not less than ten minutes, her company called her and yelled at her for offending those whom she shouldn't.

If all the clues aligned, this average Joe in front of her must be the boss of Yi Qi Technology.

"What do I mean? Are you deaf?! I said you offended the boss of Yi Qi Technology, and now they want us bankrupt. The only way to save

Hu Yue's spirits were shaken; she didn't expect this to happen at all.

She was a top-tier star who had droves upon droves of adoring fans; she couldn't kneel and apologize!

If she did that, that would be the end of the line for her road to stardom.

Her expression contorted especially when she saw countless reporters gushing in; she assumed that Lu Chen must have arranged all of this.

Her guess was correct. Lu Chen

did tell all these reporters to come today.

He had never seen any star being this arrogant, especially on his turf.

Destroying Hu Yue's road to stardom was as easy as saying 'ABC' to Lu Chen, but she infuriated him.

"Haven't you apologized yet? Has the boss of Yi Qi Technology forgiven you? Do you know that our company's share prices dropped by 20 percent in just two minutes? And it's still dropping! The most important thing is that our

company's account was hacked and 500 million worth of funds has been transferred away just like that! Beg President Lu to stop right away, otherwise our company is finished! Do you hear me? If you don't, we'll immediately shelve you!"

Her manager's roar messed up Hu Yue's mind.

On one hand, her agency was at risk; on the other stood the man she hated.

Moreover, she had to kneel before the man that she loathed right now.

The most despicable thing he did was calling the reporters here. If she kneeled down today, she could never dream of ever making a comeback.

“This is bad, Yueyue. The whole entertainment industry is saying that you’re a horrible person. All the top directors said that they will never hire you again, and your previous director even said that he was blind for hiring a scum like you!”

Assistant Liu came over in a panic with a phone in hand to show Hu Yue what was happening on the Internet.

the comments from the top directors and almost fainted from it.

Everyone was going to shelve her!

Hu Yue couldn't care about her dignity now that the situation had taken a turn for the worse. As such, she quickly ran up to Lu Chen and kneeled before him.

"I'm sorry, President Lu. I was wrong! Please have mercy on me! Please don't take it out on a shallow woman like me!" Hu Yue was scared; she was really terrified.

She used to be arrogant, even to the boss of Dong Jia Electronics,

Lin Yijun. That was because she thought her company was better than Dong Jia Electronics, and seeing how she was her company's cash cow, she thought that they would fight Dong Jia Electronics just to protect her.

But when it came to Yi Qi Technology, Hu Yue's Company was nothing more than a piece of junk.

Hu Yue had always known that Yi Qi Technology was strong, but she could only imagine their strength.

But today, she finally saw how powerful the boss of Yi Qi Technology's boss was and now understood what it meant to have

absolute power and dominance.

Lu Chen only needed to make one call to drag a top star like her down to earth.

He only had to make one call to destroy her entire company.

"Have mercy?"

Lu Chen looked at Hu Yue mockingly, not having even the slightest bit of sympathy toward her.

"Once I make my move, there is no turning back. Security, throw her out."

The moment he made that order, a

few security guards rushed in to drag Hu Yue away.

It was only then did Assistant Liu regain her senses.

Hu Yue was finished!

Her money bag was done for!

“Don’t touch me! I can get out myself!”

Noticing a pair of security guards coming toward her, Hu Yue quickly made her way to the exit.

Lu Chen stood up and looked at the reporters, then signaled Lin Tong to give each of them a red packet.

Chapter 366 President Lu, Please Have Mercy

If these reporters were to 'embellish' this story, the chances of Hu Yue making a comeback would be zero to none.
