

Yu Yun wasn't going to pull the windows open.

She didn't want anyone to know that she was training with Ye Fan.

Besides, they had to be naked from the waist up during their training.

Yu Yan had thought it an absolute nightmare when she had to let Ye Fan see her naked form. She didn't want anyone else to be privy to that sight.

Every time they practiced Dragon God Body, she would ensure that the door and the windows were locked and that no one would be able to catch a glimpse of their semi-nudity.

She wasn't going to open the windows like Ye Fan had asked her to.

He was right though. The weather that night seemed to be warmer than usual.

Her fair shoulders were glistening faintly with sweat.

They didn't think much of it though and

thought that it was the heat that was making them sweat.

It was June, after all.

The weather was supposed to grow warmer in China now.

Yu Yun slipped her dress down and let it fall around her waist. Then, she climbed barefooted onto the bed.

They had their backs towards each other like they always had. Yu Yun's naked shoulder gradually inched towards Ye Fan's.

They activated the Dragon God Body inside them, calmed their minds and got ready to start their training.

Yu Yun was bewildered when she realized that she couldn't focus at all.

Waves of heat and agitation stirred inside her and left her restless.

She tried to focus on her Dragon God Body but felt the latter move in fits and starts.

Ye Fan was faring no better.

Chapter 1024 Turn Back Before It's Too Late

He had begun to sweat heavily. Beads of sweat rolled down his forehead as his usual composure abandoned him and left him in a state of restlessness like Yu Yun.

“This is strange. What’s going on? Why do I feel so restless tonight?” The crease furrowing Ye Fan’s brow deepened.

A growing heat churned inside him as an unnamable, unspeakable desire unfurled within him.

It was then that Yu Yun’s alluring form came into contact with Ye Fan’s skin.

They shuddered instantly as something electrifying passed through their bodies.

White noise exploded in Ye Fan’s head.

His reason abandoned him momentarily.

“Something’s wrong. It’s not the weather.”

Ye Fan realized then that something was out of place. His body shuddered again and his eyes widened slightly.

“It can’t be...” A thought struck him then. He

yelled at Yu Yun. “Yu Yun, which bottle did you take from the cabinet? Is it the red or white bottle? Yu Yun? Come on, say something!”

His voice was filled with nervousness as he questioned Yu Yun frantically.

No one answered him.

All he heard was the sound of soft, heated panting.

Then, something soft leaned into his back.

A pair of soft and slim arms encircled Ye Fan tightly.

A heated cheek pressed itself against Ye Fan’s back.

“Shit! This is bad!”

Ye Fan shuddered and instinctively leaned back before he leaped off the bed as if it were a bed of burning hot coals.

It was obvious what had happened.

“That idiot! She must have taken the red

bottle. That's aphrodisiac!"

Ye Fan was going to wet his pants and burst into tears at the same time.

The old Madam Chu had hidden herself away in the old Chu family mansion all these years. Besides taking care of the old family home, her only pastime was the concoction of all manners of potions and medicines.

The aphrodisiac was clearly one of those types of medicines that she had brewed.

Ye Fan had mistakenly eaten the contents of that red bottle when he had been a kid.

He had been alone in a house then, with no pretty girls and only a huge dog to keep him company.

Under the effects of the aphrodisiac, Ye Fan had found the stupid dog attractive and pretty.

Luckily, the old lady had returned home in time to stop him from doing anything stupid.

The incident had left an indelible impression on Ye Fan. The image of the red bottle had

been seared into his brain.

That was why he had reminded Yu Yun repeatedly not to take the red bottle. She was not to touch the red bottle at all.

Who could have expected that idiot to do the exact opposite?

“I can’t believe this is happening to me!” Ye Fan was on the verge of tears.

Yu Yun had leaned into Ye Fan again.

She had eaten most of the dishes today and was more heavily drugged than Ye Fan.

She wasn’t blindfolded like Ye Fan was. The temporary loss of vision helped Ye Fan in controlling his urges.

Despite the nearly unbearable urges assailing his mind, he still managed to hold on to his senses.

Yu Yun, on the other hand, wasn’t doing as well.

Her eyes had glazed over and a bright blush stained her cheeks.

She seemed to have lost her reason completely. She threw her arms around Ye Fan as she pressed her form into his back and kept leaning further into him until her lips finally found his.

Her tongue slipped between Ye Fan's lips.

Their lips smashed into each other's as they engaged in a hot and wet kiss.

Ye Fan shuddered violently.

"Shit. No, I can't do this. Yu Yun, you have to come to your senses!"

Ye Fan was in the midst of a fierce struggle with his own urges. He had been fighting intense throes of desire before Yu Yan had touched him. The bodily contact nearly drove him mad.

"I have to leave right now, before I do something truly terrible."

Ye Fan steeled himself as he cast the sinful thoughts in his mind into a dark corner, shoved Yu Yun aside, then yanked the blindfold off so that he could make a hasty escape.

But as the blindfold fell away from Ye Fan's eyes, the sight of Yu Yun's alluring naked form appeared before Ye Fan's eyes.

The sight was like a spark that kindled the flames of desire inside him and set him aflame.

The last remnants of Ye Fan's reason were overpowered by the effects of the aphrodisiac that instant. Ye Fan finally snapped.

He lunged at Yu Yun and pulled her into his arms. Their lips crashed into each other as Ye Fan's hands explored the curves of Yu Yun's naked body.

He must have brushed his fingers over a sensitive spot because she trembled suddenly. Her eyes regained a hint of clarity momentarily.

Her face flushed redder when she realized what was going on.

Yu Yun tried to rein in the heated desire that she was experiencing, biting her lips hard as she struggled to speak with a shaky voice. "Ye Fan...if you insult my honor, I'll...I'll kill

you, then kill myself!”

The fleeting moment of clarity passed and a glazed look appeared in her eyes again the next moment. She pressed herself against Ye Fan and snaked her arms around his neck. Their lips and tongues locked in a passionate kiss as she hungered for more.

Ye Fan's reason caved under Yu Yun's hungry kisses.

He returned the kisses of the woman in her arms, reached out and pulled her dress off her before lifting her onto the bed.

As they were about to commit the unthinkable, something cold landed on Ye Fan's hand.

She was crying.

Her crystalline tears were cold like the moonlight.

The sight of tears staining Yu Yun's beautiful face yanked Ye Fan out of his stupor.

He clenched his jaw and through sheer willpower alone shoved down the

Chapter 1025 Everybody Leaves

After leaving Yu Yun's room, Ye Fan raced to the cabinet where the medicine was kept, found a bottle of something that could clear his mind and spirit and emptied half a bottle of it in a hurry.

The aphrodisiac that the old Madam Chu had concocted was meant for martial artists. There was no specific antidote that cured its effects.

Whatever Ye Fan had just taken could help to soothe his raging urges but it wasn't a cure. It could only ease the effects of the aphrodisiac.

But for someone like Ye Fan, that was enough.

He had, through sheer willpower, gotten the raging urges churning inside him under control.

"My god, finally, some relief!" Ye Fan let loose a long sigh of relief. He raced into the courtyard, filled a bucket of water from the well and splashed the freezing water over his face. He felt so much better instantly.

The waves of heat that had assailed him

earlier had receded significantly.

After the brief respite, Ye Fan was struck by the sudden realization that Yu Yun was still suffering the effects of the aphrodisiac.

This wasn't the time to take a break. Ye Fan hurried back to Yu Yun's room and fed her the medicine that he had taken moments ago.

The flush brightening Yu Yun's cheeks faded away shortly.

The glazed look in her eyes faded as well and was replaced by bright, clear eyes.

"Are you alright?"

Ye Fan picked up the dress that Yu Yun had taken off and draped it over her shoulders. Then, he got her another glass of water.

There was a sudden glint of something sharp and cold.

The glacial blue gleam of a blade swept across the room.

Its ivory sharp tip rested against Ye Fan's

neck.

“You shameless scoundrel, you deserve a thousand deaths!” Words dripping with cold fury rang out in the room.

They were filled with a murderous rage that longed to assume physical form so that it could kill Ye Fan a million times with its own hands.

No one could understand how Yu Yun felt at this moment.

The chastity that she had protected so carefully was gone and it was all Ye Fan’s fault.

She had felt terrible when Ye Fan had seen her naked form. It had taken her a long time before she stopped feeling the urge to kill Ye Fan.

And now, she had... Yu Yun had not expected something like this to happen between her and Ye Fan...

She couldn’t bear to remember what had happened.

What mattered the most to a woman was her chastity and honor.

Even though Ye Fan couldn't be blamed for what had transpired tonight, he had still been the one who had dishonored her.

No one would blame her if she killed Ye Fan.

Yet, she stopped herself at the very last moment.

She didn't know why she had done so. She had killed countless men without even batting an eyelid. Yet she couldn't make herself kill Ye Fan.

"Leave. I don't ever want to see you again."

Yu Yun pulled her sword back. Her red eyes glimmered faintly in the night.

She turned away so that she wouldn't have to see Ye Fan.

Ye Fan opened his mouth. After a long moment, he choked back the words that he had had on the tip of his tongue.

He left the room.

His heart stung from guilt's faint but insistent needling.

Women were always the ones who suffered when such incidents happened and word of them spread.

Ye Fan was partly responsible for what had happened.

He shouldn't have told Yu Yun to get the salt.

Everything was too late now.

What had happened, had happened.

Fortunately, Ye Fan had stopped himself in the nick of time and prevented himself from committing a grave mistake.

That had prevented the entire incident from turning into a complete tragedy.

Ye Fan returned to his room but failed to get any sleep. In the end, he decided to practice the Dragon God Body in his own room.

He was elated to discover a marked progress over the course of one day.

Chapter 1025 Everybody Leaves

The power of the Yin Dragon inside him had grown exponentially.

He was overjoyed when he realized that his Dragon God Body now possessed the healing properties of the Yin Dragon Body.

The gradual growth in power had led to a transformation in the very essence of his Dragon God Body.

Over the course of their training, Ye Fan and Yu Yun had absorbed a considerable portion of the Dragon God's power that resided in the other person's body.

What had transpired tonight had been wildly inappropriate, yet it was undeniable that the kisses that they had exchanged had boosted the Dragon God's power that resided inside them and transformed the very essence of their respective Dragon God Body.

In fact, one could say that Ye Fan now possessed the Yin Dragon Body.

His old injuries were beginning to heal themselves at a rapid speed.

The night passed steadily and ended.

Ye Fan did not return to the military camp the next day. Old Madam Chu was not done with her new prescription. Ye Fan intended to wait for her new prescription before he returned to the camp.

He wasn't particularly worried about his recruits.

He had given them instructions on how to go about their training.

They simply had to follow his instructions dutifully.

They didn't really need him to be there.

They didn't need his supervision.

He hated supervising other people.

As a master, all you should do was to guide your disciples on the right path. The rest should be up to them.

Those who always needed someone to make sure that they trained and learned all the time would never become strong or powerful.

Chapter 1025 Everybody Leaves

Ye Fan stayed at the old Chu family mansion for the next three days.

He never saw Yu Yun during those three days.

She had not left her room since that night.

Ye Fan wasn't going to approach her.

He kept himself busy. Since he had the Yin Dragon Body now, he could focus his energies on healing the stubborn injuries that had plagued him.

The fourth day arrived.

The skies were still dark. In the distant east, a narrow band of pale light colored the edge of the horizon.

It was the sole streak of light amidst the blanket of darkness enveloping the earth.

A sudden wind stirred in the old Chu family mansion's courtyard.

Waves of incredible power surged from a room suddenly, rushing outwards and flooding the mansion in a tsunami of power.

It was a long while before the storm finally ceased.

A few minutes later, the door that had been firmly shut for the past few days finally opened.

A beautiful woman stepped out of the room.

The hems of her purple dress fluttered softly while the loose strands of her hair stirred lightly in the wind.

Her lips were red like fire and her eyes as dark as the night.

Her beauty was beyond this world and something that appeared to come from the heavens. She was like a deity who had descended upon the earth, an epitome of grace and perfection!

Hanging on her neck was a jade pendant that glowed with a faint blue light.

Her features were flawless, her beauty surpassed by none on this earth.

to her physical perfection. In fact, they dared not show themselves for fear of embarrassment.

Everything seemed a shade dimmer in comparison to her bright, luminant beauty.

With her flawless beauty and her grace, this young woman told the world and its people what elegance and poise truly were, and what beauty truly looked like.

“Are you ready to leave now?” An old lady’s kind voice drifted out from the darkness ahead of her.

Old Madam Chu had somehow appeared out of nowhere.

The young woman nodded and hummed softly in agreement.

Her voice sounded cold and had an edge of indifference and authority to it.

She walked out of the courtyard and headed for the door.

“Have something to eat before you leave. The rascal set some food aside for you and

told me to warm the dishes up for you when you're out."

The old lady didn't seem to be angered by the young woman's distant and cold attitude.

She knew that this was the true personality of the head of Chu Sect.

The Yu Yun whom they had known vanished the moment when her full strength was restored to her.
