

Chapter 11

Holden glanced at James and said, "I will chop off your hand if you dare to touch her..."

James: What's the situation?

Henry Gu's cold black eyes hidden behind his golden glasses flushed a little smile, "James, don't worry, sit down and watch the show."

James could only hold back his doubts so he sat down, he won't dare to speak a word anymore as he was afraid of Holden, since he was a child.

Elena was here to attend an appointment, and of course Yuna was here too. Last time Elena had done something wrong, this time Yuna wanted to see with her own eyes that the mission is accomplished without any hiccups.

President Wang was getting late, Yuna smiled and said quickly, "Mr. Wang, the last time it was Elena's fault so I brought her to admit her mistake."

President Wang snorted coldly, "The last time she almost killed me trying to be playful, could this mistake be written off with a simple apology with that ease?"

That big wolf dog licked Mr. Wang that day, and the sharp teeth almost bit him off, and Mr. Wang almost peed in his pants.

As long as he thought of the embarrassing scene at the time, Mr. Wang wanted to beat Elena to death.

"President Wang, what do you want?"

"This apology is too insincere, so let Elena drink these bottles of wine first."

Yuna just wanted to agree, but Elena spoke, "I don't know how to drink, whoever promised this meeting will drink."

"You...!" Yuna held back the anger in her heart and smiled exquisitely, "Mr. Wang, why don't you show some flexibility... and allow her to apologize in an easy way?"

Receiving Yuna's hint, President Wang's squinted eyes quickly turned on to Elena's slender figure, "Well, let Elena take the stage to do a pole dance for me, and the last thing will be undone. "

Pole dancing?

Yuna's eyes lit up. This is good. Pole dancing is a go-go dance. It is those unscrupulous women who jump to seduce men.

Her two daughters are both famous ladies of Darenvil, so they don't touch such things at all.

"Elena, you have to show sincerity when you come to apologize. You don't need to drink alcohol, but you have to go on stage for a pole dance." Yuna smiled maliciously.

How could Elena not know what Yuna was thinking, but she curled her lips and agreed, "Okay, I'm going..."

Elena stepped onto the stage.

At this time, it was still the sound of heavy metal music. Elena was wearing a white dress tonight.

She held the steel pipe with her slender hands. She leaped forward, and her slender body suddenly revolved in an arc in the air.

There was a loud voice in the bar just now, and now all eyes were attracted to the stage. Everyone looks at the Elena wrapped around the steel pipe. She is spinning, jumping, dancing, and her flexible body is folded out. Various graceful poses.

Her pole dancing is not gorgeous, but fairy.

Soon, the pole dance ended, and Elena fell on the ground, and the crowd who had slowed down rang out with a wave of applause.

This performance is so good, I have never seen it before.

Elena came back, and Mr. Wang was already fascinated and drooling, "Elena, I didn't expect your dance to be so good. I didn't care about the last time, but you have to go back to the room with me.

Let's talk about Xia's medical capital injection.

Elena danced her hands and feet, and a thin layer of fragrant sweat appeared. She looked at Mr. Wang's look of anger, "Okay, Mr. Wang will lead the way, I'll go with you."

Yuna's eyes became vicious. I didn't expect Elena's dance to be so good after so many years.

She wanted to take the opportunity to humiliate her, but she didn't expect that...

Yuna will never forget that Elena, the former little princess of the Xia family, has been smart since she was a child. At that time, her dance teacher taught palm dance. Her daughter Jasmine came back to practice hard every night. Elena could dance on tiptoe.

The nine-year-old girl already had the power to cover the city.

Waiting for a few more years, she did not forget how to be elegant?

Yuna thought that Elena had been raised in the countryside these years, but she really disappointed her.

Yuna has never felt such a strong urge, wanting to destroy a person so much!

Tonight, she will definitely not let Elena escape again.

In the room, Henry was stunned, "After her, there will probably be no more pole dancing in this bar."

Henry stretched his thin lips into a playful arc, "This Xia family is quite interesting. Since Elena was asked to marry him, they wanted to bully Holden. The family is so sick, so they turned their head and let Elena come out to sleep with a man. This skill of selling daughter, I doubt if Elena is the biological daughter of the Xia family."

"big brother, Elena has entered the room with that President Wang. President Wang is holding a green hat. Would you like to wear it?"

Holden slowly vomited a puff of smoke out of his mouth, and then threw the cigarette butt in the ashtray. He glanced at James, "Don't talk if you can't bear what is coming for you."

James hailed twice, "big brother, as long as you give me an order, I will go and beat that boss Wang to the floor now."

Holden got up, "Let's take a look again."

After speaking, he left.

"Hey brother, didn't you say to take a look? Where are you going, I have had someone install surveillance in the room."

Holden's stiff body has disappeared from sight.

"Brother Henry, what's going on with your big brother? My big brother has been a vegetarian all these years, but I have never seen any woman. Is it possible that my big brother is in love with this Elena and wants her to fall in love?"

Henry put down the wine glass in his hand, "Be bolder, your big brother probably wants to open it up."

James: I rely on you!

At the door of the luxurious box, Yuna warned, "Elena, I hope you don't play tricks this time, and wait for President Wang to get the capital injection. I will guard the door to see if you can fly out with wings."

Elena faintly curled her red lips, and the show just started. How could she leave?

Elena entered the room.

President Wang couldn't wait to rush over, "Little beauty, let me kiss you now."

Elena avoided it perfectly, "Mr. Wang, don't worry, I can't escape, I'll take a bath first."

"Wash together."

When President Wang followed, Elena entered the bathroom and directly locked the door.

But the next second, Elena's slender hand moved, because there were people in this shower room!

With a silver needle in her hand, Elena turned around and pierced that person.

At this time, a big, well-knotted hand quickly clasped her slender wrist and directly pressed her against the wall, "Mrs. Lu, you are really passionate about me."

Chapter 12

The familiar low-alcohol voice rang in his ears.

Elena's pupils shrank, Holden?

She raised her eyes, and as expected, Holden's handsome and delicate face was wirelessly magnified in her sight.

"Why are you here?" Elena was extremely shocked, she really didn't expect him to appear here suddenly.

Holden buckled her slender wrists against the wall, and his tall body took a step closer, blocking her slender figure against the wall and his chest, "If I don't come again, it will be too late for everything."

"What do you mean?" Elena didn't react for a while.

Holden raised a heroic sword eyebrow, "Pretend to me? Who is the man outside?"

Elena knew that he had misunderstood, she quickly explained in a low voice, "I have nothing to do with that Mr. Wang, I am here just to deal with some things."

"Oh, do you need to go on stage for pole dancing?"

"I..." Elena twisted her eyebrows, "Mr. Lu, you are a bit mixed in your words today, don't we have a peace agreement? Tha we will not interfere in each other's private affairs..."

In the next second, his vision went dark, and Holden directly kissed her red lips.

Elena's slender body trembled twice in a panic, and quickly struggled, "Mr. Lu, you are a bit too much."

Holden dropped his handsome eyelids and imprisoned her in his arms. "Does our peace agreement also include that I can't kiss you. Now I kiss you, what are you going to do with me?"

"..."

He is playing a rogue character, right?

"Mr. Lu, let me go first!"

Elena reached his fine chest and pushed him hard, and suddenly heard a knock on the door while struggling, and Wang's voice came from outside, "Elena, what are you doing inside, I seem to have heard an abnormal sound."

Elena breathed tightly, so scared that she didn't dare to move, "...I accidentally fell and it is okay."

"Then you wash it faster, I can't wait."

"Got it."

Elena was busy socializing with Mr. Wang outside. At this moment, she felt Holden's thin lips follow her veil, and then got in.

His lips softened and he kissed her.

He had kissed her accidentally in the car last time, but they were all behind the veil, but now it is different, he really kissed her.

Elena's nervous little head instantly became blank with a "boom". She seemed to smell the clean and clear man's breath on her face. He smoked, still the breath lingering with the faint smell of tobacco.

Holden didn't close his eyes. He looked straight at the girl's beautiful and dazzling eyes. Her eyes shrank suddenly, and the water slammed like a frightened deer. The purity was beyond compare.

He remembered the way she was moving her body, pole dancing on the stage a while ago. The delicate grace of the weak willow figure had fascinated how many men she was unaware. She was the demon girl mentioned in the books.

The housekeeper asked, what magic power does she have?

The girl he met on that train, for the girl who married him, at first he just held a wait-and-see attitude.

But now what flashed through his head was her beauty, intelligence, calmness, and dazzling eyes.

She is sometimes playful, sometimes cunning, like a little fox.

But for love affairs, she is clean and beautiful like a piece of white paper.

When Holden was a little confused and infatuated, Elena suddenly opened her mouth and bit the corner of his lips severely.

hiss.

When Holden let go of her, he felt that the corner of his lips was bitten, and he had already tasted a faint smell of blood.

“Are you a puppy? You like to bite so much.” Holden raised his hand and stroked the corner of his bitten lips.

Elena was very angry, she snorted, “Who let you bully me!”

Seeing the girl’s brows and eyebrows showing a bit of anger because of his attitude, Holden’s originally depressed heart suddenly became soft, “Then I apologize to you, I’m sorry.”

Elena looked at him, “Mr. Lu, let’s make it clear. Don’t worry, I’m still acting as Mrs. Lu. It’s absolutely impossible for me to cuckold you, but other men like me, yes. I have thoughts, this is not my fault, so this cannot be a reason for you to bully me suspiciously.”

Holden felt that he had been taught a lesson. He chuckled his lips amusedly. “According to you, I can’t be jealous anymore?”

Eat your...Jealousy?

These two words made Elena stagnate, so his various behaviors just now were just because he was jealous?

She never thought that he would be jealous for her.

At this time, the manager Wang outside was urging again, “Elena, are you alright? If you don’t come out, I’ll come in, let’s take a bath like the migratory ducks.”

President Wang smiled wretchedly from outside the bathroom.

Holden slipped into his trouser pocket with one hand, and slowly narrowed his deep narrow eyes. He stepped on his long legs and was about to go out.

Seeing him going out to fight, Elena quickly grabbed him, "Mr. Lu, what are you doing?"

Holden sneered, "I haven't thought about bathing with you like migratory ducks. Why can he?"

Elena blushed pretty, and said quietly, "Don't be angry, Mr. Lu, I will vent your anger for you later."

"Leave this person to me."

"No, Mr. Lu, as I said before, I don't want to rely on others to make myself timid and weak, so I will solve my problem by myself. You should not interfere." Elena insisted.

Holden glanced at her without speaking.

"You stay here first, I'm going out." Elena opened the door of the shower room and walked out.

President Wang really couldn't wait. Elena came out when he was about to enter the bathroom. "Elena, why didn't you take a bath?"

Elena twitched her red lips, "I suddenly don't want to wash my body."

"All right, we will wash together later, Little Beauty, come on." President Wang rushed forward.

Yuna outside the door kept guarding, fearing that another accident would happen, so Yuna put her ear on the door panel and listened.

Suddenly there was no movement in the room.

A few seconds later, there was a bang, there was an abnormal noise.

what happened?

Elena promised to come to the appointment and promised too readily. Yuna always felt that there was something fishy. Now that she heard the abnormal noise, she quickly hit the door and pushed open the door of the room.

"President Wang, what happened?"

There is no one in the room.

No one on the bed.

Yuna felt very strange. When she turned around, Mr. Wang, who had taken off her jacket, suddenly rushed forward and hugged her. "Little beauty, come and have fun with the uncle."

Yuna was thrown onto the bed. When she was dazed, the beastly head Wang had already torn off the buttons of her clothes.

Chapter 13

What!

Yuna screamed and quickly kicked Mr. Wang off her body, "Mr. Wang, let me go, you see who I am, I am not Elena, you have found the wrong person!"

President Wang seemed to have lost his mind and kept pulling Yuna's clothes, "Little beauty, don't struggle, the more you struggle, the more excited I will be hahaha."

"Let go of me! Help, help!" Yuna shouted.

With a "bang" at this time, the door of the room was knocked open, and a group of uniformed police rushed in, "We received a report call saying that you are doing p0rn0graphic transactions here, and now we want to take you back for investigation!"

The police subdued Mr. Wang.

Frightened, Yuna quickly sorted her clothes, "What is a p0rn0graphic deal, we don't have one, let's not go to the police station!"

"Please cooperate with the investigation and take it away!"

Yuna didn't know what was going on. She was forcibly tortured by the police, and when she passed the bar hall, everyone surrounded her.

When Yuna was a young movie queen, she married Zander and slowly retired from the entertainment circle, but she was still an old drama celebrity praised by everyone.

Someone recognized her soon.

Look, that woman is Yuna!

Oh my God, what happened to Yuna and why was she taken away?

You haven't seen it yet. I heard that she and a mall boss were in a room and were arrested.

The fat man in front is her lover.

Hurry up and take out your phone to take pictures, this news is really amazing!

In recent years, Yuna has spent a lot of money in public relations, and has always maintained her reputation. Now she is arrested on the allegations of p0rn0graphic transactions, and the surrounding people who are on the spot are still taking pictures of the

faces with their mobile phones. She immediately collapsed and screamed, "Don't take pictures Don't take pictures!"

At this time Zander was having dinner with a few bosses in a six-star hotel. The bosses smiled and said, "Where is Mrs. Xia, why didn't Mrs. Xia come out today?"

Yuna was in the entertainment industry when she was young. She had a lot of contacts and courted many exquisite faces. After marrying Zander, she became Zander's right-hand. She often participated in social entertainment and attracted a lot of sponsorships for Xia's medical treatment.

Zander smiled, "My wife has something to deal with today, so she won't come over."

Everyone praised, "Mr. Xia, in recent years, a generation of actresses are willing to be your good helper, she is really a good wife, she must admire you!"

Zander loved vanity and his own face the most. When the words were uttered, he immediately smiled proudly, and his face was bright.

At this time, a string of melodious cell phone bells rang and the call came. Mr. Xia, did Mrs. Xia call to check the post? Don't leave, let us know, so as to prove your innocence.

Zander was really in a good mood to be in such a mess. He answered the phone and pressed the speakerphone, "Hey."

The voice from that end was quickly passed over, and it was clearly passed to everyone's ears through hands-free, "Hello, is it Zander, your wife Yuna has been arrested in the hotel room for alleged p0rn0graphy, please bring a lawyer. Come to do the formalities."

Alleged...p0rn0graphic transaction?

Zander was stiff.

At this time, the bosses had already taken out their mobile phones, and the news that Yuna had participated in p0rn0graphic transactions had spread all over the Internet, and the news appeared on google search at the top.

In the photo, Yuna's clothes were disheveled and she roared in collapsing scene, while President Wang in front didn't even put on his shirt.

Netizens are leaving messages.

Unexpectedly, Yuna, the famous actress, was so old, and secretly went to a room with a man.

Yuna is in the entertainment industry, how clean she can be, and if you take a look at her history, you will find that she was a junior professional when she was young.

Yuna seems to be married, and she suddenly sympathizes with her husband.

The bosses met with a glance and wanted to laugh, but when they saw Zander's livid face, they held back, "Mr. Xia, go quickly and bring Mrs. Xia back."

Both Yuna and Mr. Wang were brought in, and soon Zander brought a lawyer.

After the lawyer completed the formalities, Zander came to Yuna and said solemnly, "Let's go."

Yuna followed Zander all the way out of the hall. She pulled Zander's sleeves and said bitterly, "Zander, I want to tell you something, all of this is Elena's conspiracy. She pretended to go to the appointment. In fact, she designed to frame me!"

Zander looked at Yuna gloomily, "You mean that you and Mr. Wang fell on the bed because Elena did it?"

"Yes."

"Your scandal is now a trending hot search, now it has exploded, and the amount of reposted discussion is almost hundreds of millions. Is this also what Elena did?"

Yuna had a vague premonition about the Internet, but she did not expect it to be so serious.

She has been in the entertainment industry for so many years, and she has reached the peak of traffic in this scandal.

Yuna pinched her nails into her hands with hatred, "Yes, Elena did all of this, she..."

Zander raised his hand and slapped Yuna.

Yuna was overturned directly to the ground. Zander beat her so hard that her mouth was bleeding.

Yuna was stunned. She has been very favored for many years of marriage. This is the first time Zander has beaten her.

"Darling, why are you... hitting me?"

Zander gritted his teeth and looked sulky, "Yuna, Elena has just returned from the country, what can she do to do these things? I have treated you well for so many years, and you have paid me back like this? My fame and face I lost everything for you!"

Only then did Yuna realize that she had committed something that is considered taboo by Zander's. Zander loves the respect too much. Now that he has become the laughing stock of others, he naturally wants to cast his anger on her.

"I will let people suppress the news on the Internet. Don't mention Mr. Wang's affairs in the future. Give me peace of mind!"

After speaking, Zander walked away, leaving Yuna alone there.

Yuna bit her teeth out of blood, and she viciously called out a person's name... Elena!

James watched a good show and wanted to clap his hands and admired, "big brother, this man is lucky to have this wife. I am afraid that her stepmother will not have a good life in this lifetime ever again."

Holden put his hands in his trouser pockets, without any unexpected expressions, his wife surprises him every day.

She is like a mystery, slowly attracting him.

"I go first."

Holden was about to leave, but at this moment, an extra figure appeared in front of him, it was...Yoselin.

Yoselin's eyes were exuding bad intentions, but unfortunately she didn't inherit Yuna's scheming. She was spiteful and jealous, and was quite unlovable.

She still didn't know what happened to her parents, because her heart fell on Holden...the handsome.

Yoselin took out a check, "Little white face, this money is for you, so don't talk to Elena anymore!"

Chapter 14

On one side, James suspected that he had auditory hallucinations, little... little white face?

Who?

His big brother?

I f*ck!

Holden glanced at the check with deep, narrow eyes, and then faintly fell on Yoselin's beautiful little face. His low voice did not have the slightest emotional ups and downs. He listened indifferently and distantly, "What do you mean?"

Yoselin had already seen this man in the cake shop that day, and now she saw it again, she still felt shocked. She blushed and looked at the man's unblemished handsome face eagerly,

trying to treat a little white face. A sense of superiority, "I gave you this check. Don't follow Elena in the future. I'll take care of you."

James,

What did he see? For the rest of his life, someone took a check to support his big brother. Is this world that unbelievable, imaginary?

Holden put his hands in his trouser pockets, and the corners of his lips quickly sneered.

He didn't say anything to refuse or humiliate, but Yoselin was flushed by this sneer.

Yoselin didn't know what was wrong with her, she was the daughter of the Xia family, and he was just a little white face, but his gestures spread even a condescending look, which made her feel ashamed.

"You...what are you laughing at?"

Holden raised his sword eyebrows, "It's nothing, it's good to be a little confident, but it's better to go back and look in the mirror."

After talking, Holden pulled off his long legs and left.

All of Yoselin's enthusiasm was extinguished by a large basin of cold water. She was rejected by a little white face?

Is a little white face so arrogant now?

Holden took a step, but stopped, because he saw a beautiful figure in front of him, and it was...Elena.

Elena didn't know when she would be here, she was looking at him with her bright eyes.

James: Hey, what day is it today? The big brother was arrested by this man to marry this girl.

Holden looked at Elena, and after a few seconds he quickly took out the big hand copied in his trouser pocket, "I didn't do anything, you also saw it, she seduce me!"

The man who was cold and inviolable in the last second fell from the altar and complained to Elena in a tone of innocence that could no longer be innocent. This scene almost stunned James, and Yoselin's heart was injured. She was sprinkled with frost immediately.

"Elena, it's you again!" Yoselin gritted her teeth with bitterness while tugging.

Elena walked over, her slender body still blocking Holden's front, "Yoselin, I always think you are a low-profile version of Yuna, but Yuna should feel relieved, because you still have her true biography and like to grab Other people's men!"

"you....."

Elena didn't wait for Yoselin to speak, she took away the check in her hand, "Five hundred thousand? Yes, Yoselin, why do you have so much money? It seems that you really paid the money this time. Now, you like me very much...little white face, right?"

This 500,000 is all Yoselin's savings, and a small part of it was borrowed from friends. She is really infatuated with Holden now, so she has devoted all of it.

Elena tweeted a little regrettably, "It's a pity that time deliberately flows and is ruthless. No amount of money you give is useless. My little white face doesn't like you."

Said Elena turned her head and looked at Holden's handsome face, "Tell her who you are!"

Holden watched the girl's stubborn eyes overflowing, and then drew a curvy arc with his eyes, the curve of her thin lips, and answered three words, "It's Elena's man."

Stringed

Elena's heart jumped. She was already in control of the audience, but when the man spoke, she instantly turned away.

He uttered the phrase "stringent" in a magnetically pleasant voice, which almost missed her heartbeat.

Elena quickly retracted her gaze and looked at Yoselin warningly, "Yoselin, forget it today, next time you try to seduce my man again, don't blame me for being rude to you!"

Elena took Holden's big hand, "Let's go."

James on one side: The wife is also domineering!

Yoselin was about to spit out a mouthful of blood. She had seen Elena's sharp teeth a long time ago, but she did not expect her mouth to be so poisonous.

Holden was led away by Elena, the girl's hands were small and soft, not slippery, Holden moved his fingers, trying to hold her little hand.

But Elena shook off his big hand and snorted, "Mr. Lu, I was originally a theatergoer, but you have to pull me in. I just gave you the show of two women fighting for one man. Are you satisfied?"

Holden curled his lips, "Why do I smell something is sour?"

The sour taste?

Elena smelled it, no.

She reacted in the next second, and he was saying she was jealous.

Elena glared at him sideways, "Mr. Lu, I just helped you, you still don't know what is good or bad."

Holden reached out and pressed her rosy shoulders and pushed her directly against the wall. With a "slap", he put one hand on her side and blocked her, "Dare to talk to me like this, do you really think you can do?" Little white face, so courageous?"

Elena was trapped in his arms at once. This man slammed his face when he didn't agree with her. He was really domineering president. How could she dare to treat him as her little white face?

Elena's voice became quieter, "I don't."

"Don't say no? What does it mean to help me just now, Mrs. Lu, do you have the self-consciousness to drive away the flowers and plants that surround your husband? Isn't it you, the lady of the palace, everything belongs to you?"

"..."

Elena felt inexplicably that what he said seemed to make sense, "But, how do I know if you are interested in other people? It might be Yoselin who married you, I'm just a substitute for marriage."

Holden raised his heroic sword eyebrows, and moved forward with a handsome face, "You still say you are not jealous?"

"I don't have..."

"I heard that girls are jealous for coaxing, should I coax you?"

"Yep?"

Holden lowered his head and lightly kissed her red lips through the veil.

Elena's slender body trembled, why did he...!

Holden rolled his throat and asked her lowly, "Are you still jealous?"

Elena quickly shook her head in fright.

Holden chuckled lowly, "Oh, see, little vinegar jar."

Only then did Elena know that she had been fooled. She admitted in a disguised form that she was jealous, and that she had never lost a fight. That she had been beaten to death by him.

Elena bit her red lips lightly, lowered her body and got out from under his arm, and ran away in a breeze.

Holden slipped his hand into his trouser pocket and followed up with his lips curled.

Chapter 15

Yoselin was hit hard, rejected by her favorite little white face, and humiliated by Elena, she left the bar angrily.

At this moment, a few punks walked in front of her, and they directly surrounded Yoselin. They looked at her squintingly, "Little girl, alone, do you want us to play with you?"

Yoselin is the daughter of the Xia family. She has been well protected since she was a child. She has never encountered this kind of danger. She paled with fright, "Who are you guys, I don't want you to play with me, go away." , Help!"

Yoselin has her own driver. The driver saw Yoselin in danger and ran over, "Hey you! let go of the second lady."

But the two gangsters quickly knocked the driver down and kicked him several times.

Yoselin stopped breathing, "Help, help...Um!"

The bastard directly covered her mouth and dragged her to a dimly lit corner, and then reached out to touch her small face, "This skin is very slippery, it should be slippery all over your body, let's play with you, and give it to you Take some photos as a souvenir, and call you if we miss you hahahaha."

The punks laughed uncleanly.

Yoselin's mouth was covered and couldn't make a sound. She usually hated these low-status men the most. She was going to marry one of the four giants in Darenvil. These dirty men were not worthy of touching her.

Now they were moving thier filthy hands over her face, she felt cold in her bones, trembled in horror, and she pleaded for mercy.

“The little girl wears a short dress. She came to this bar just to hook up with a man. Why don’t we take it off for you now.”

Yoselin was indeed dressed carefully, just for Holden, and now she felt someone was pulling her skirt, she struggled desperately, and her tears came out all at once.

No!

No!

At this time, a nice voice rang in the ear, “Let her go.”

The gangsters let go of their hands, and Yoselin slumped to the ground.

Yoselin’s eyes were hazy with tears, and she raised her head in shock, and saw a handsome figure in front of her. It was... it was James!

Yoselin’s pupils shrank, she knew James, the prince of the Huo family, the little lord of Darenvil, everyone knew about him.

James smoked the cigarette in his hand and came to Yoselin, looking at her condescendingly, “Miss Yose, this is just a small warning for you, don’t worry about people who shouldn’t be worried about, so as not to be annoying.”

After talking he threw the cigarette butt in his hand on to the ground and wiped it out with his shoes, “Let’s go.”

Everyone is gone.

Yoselin sat on the ground awkwardly and gasped, feeling desperate for her life, she didn’t know where she had offended the little lord James.

At this time, a luxury car was galloping by the street. Yoselin raised her eyes, and saw a handsome face in the driving window that was slowly sliding down. It was...Holden.

It turned out to be him!

Back at Green Garden, Elena entered the room, she took out her phone and sent a voice WhatsApp... Usha, thank you this time.

Yuna is an old drama player in the entertainment industry. She has a lot of connections and a strong public relations team. If there is any ill-informed material that has not been exposed, she can handel it. But this time, the matter between her and Mr. Wang can become a trend on Google. The search exploded quickly, relying on one person.

This person is Elena’s best best friend Usha Ye.

Elena played with Usha in the kindergarten, and the two girls got along really well. Later, there was something wrong with Old Xia, and only Usha believed her friend.

When she was nine years old, she was sent back to the country. Usha cried and said goodbye to her. Every holiday in these years, Usha remained in contact with her.

Soon, the reply came, and Elena clicked on it, and Usha's soft and sweet voice came quickly... Elena, are we still looking for formalities between us? Don't worry, this matter is handed over to my gold broker, Zander would not find out anything if he did it himself.

Usha's voice is particularly nice, just the kind that a man will make his bones crisp when he hears it.

Of course, Usha's appearance and voice absolutely match. As the number one beauty in this Forty-Nine City, Usha made her debut in the entertainment industry two years ago and is now a hot four-star.

This time, Usha left no trace. Even though Yuna would doubt it, Zander would never believe that his daughter, who had returned from the countryside, would have the ability to play her shots in the entertainment industry.

Elena was really moved... Usha, when will you return to Darenvil?

Usha raised her eyebrows over there, her voice became a little more coquettish... what, miss me? I heard that you have a new love, how can you still think of me, your old love?

New love?

Elena answered in seconds... I don't.

Usha... You panic, you panic, you panic.

Elena didn't know what to return.

Usha's voice followed immediately... hurry up and tell me honestly, tell me about the little white face you raised.

Sure enough, Usha was talking about Holden

Usha is the number one beauty in Darenvil. Don't look at the aura of the goddess who walks on the red carpet, but she likes gossip in private. It is estimated that someone has already sent the gossip to her ears.

At this moment, the door of the room was suddenly opened, and a tall handsome figure walked in. It was Holden who had returned from the study.

Perhaps because of a guilty conscience, Elena, who was still lying on the bed just now, flicked and sat up.

Holden walked into the room, lifted his slender fingers and unbuttoned the two buttons of the black shirt, revealing the man's delicate collarbone. At this moment, he turned to look at the girl beside the bed. Before Elena had time to look back, she suddenly Crashed into his narrow eyes.

Looking at each other, Holden curled his lips, "Something?"

"No...no." Elena dodged.

At this time, there were two "ding-ding" sounds, and her WhatsApp rang.

Holden's eyes fell on her mobile phone, "Why don't you read the messages?"

"I'll."

Elena clicked on the voice from Usha... Elena, I can trust your vision. Is the little white face you raised with a handsome face and a good temperament, and the key is a strong body?

Listening to Usha uttering the last two words in a very ambiguous tone, Elena's pretty face burned with an embarrassment and almost threw the phone in her hand.

In a hurry, the next voice has been played continuously... strong body, you know, we had a crush whenever we watched Kung Fu movies. We must find a male sturdy figure man with good physical strength.

The room was silent.

Elena stuffed her phone into the quilt, wishing to find a hole to drill.

It's nothing abnormal to discuss this among best friends, but it's embarrassing to be heard by the person involved.

"Um... Mr. Lu, I'll go... take a shower..."

Elena ran into the bathroom in a hurry.

She was standing in front of the washstand to get the towel, only feeling that her fingertips were hot. At this moment, she saw Holden in the bright mirror. He walked over with steady steps, half leaning against the pockets of his trousers. By the door.

Chapter 16

Elena looked at him, the tall and leggy man stood against the light, and the bright light coated his handsome three-dimensional profile with gold rims. The man in the black shirt was a little bit more abstinent than usual.

Elena glanced down quickly. He wore an expensive, cold black belt around his waist, which outlined a narrow waistline. Well... it was from Usha's mouth...The male sturdy waist.

God, what is she thinking?

Realizing that she had been taken away by Usha, Elena quickly stopped her cranky thinking and asked in her usual tone, "Mr. Lu, what are you doing standing there?"

Holden looked at the shattered water in the girl's sparkling eyes, raised his eyebrows and said, "I seem to see a small chubby cat meowing there."

What...what?

Holden, "Called chubby."

When these two words fell, Elena's small face blushed, and she directly smashed the towel in her hand onto the man's handsome face.

Holden did not hide, the towel fell on his face and fell on the carpet. He rolled out a magnetic laughter from his throat, laughing at her.

Elena stretched out her hand to close the bathroom door.

But his knees were half bent and he pressed the door, "Are you angry?"

Elena snorted and ignored him.

"I'm flying abroad for business trips, and I won't be here these days."

Elena quickly raised her eyes, is he going on a business trip?

This is his first business trip.

Elena stopped being emotional, "When will you leave?"

"Leave today, later."

"So fast...then you pay attention to your rest, don't be too tired."

"Nothing else to tell me?"

Elena thought for a while, there was nothing to say, so she shook her head, "Nothing..."

Holden clasped her slender wrist and gently tugged, Elena's slender body slammed directly into his arms.

Elena quickly stood up straight, "Mr. Lu, what are you doing..."

Before he finished speaking, he took her little hand and placed it on his delicate waist.

The soft palm of the hand touched his strong and muscular muscles through the thin cloth, and it was full of man's strength. Elena only felt that her fingertips were electrified and quickly ignited. She was frightened. Retract.

But Holden pressed her, not allowing her to back down, his thin lips pressed against her red ears and he lowered his voice, "Is that what you want?"

Elena knew that he had remembered all the voice messages he heard after all, and her heart became even more embarrassed, "Mr. Lu, we were joking, let me go!"

At this time, the knock on the door also sounded, and Freddy's respectful voice came from outside the door, "Master, the special plane is ready, it's time to set off."

Holden let go of Elena, "You are not allowed to look at those in the future. If you have any problems that can't be solved, please call me."

After that, Holden left.

Elena took a bath and went to bed. She took out her mobile phone and changed the topic of discussion with Usha. Usha finally sent a message... Elena, I will be filming a scene abroad for a while, Yuna's previous performances I think I need to dig it. This is an old fox. It will take some time to dig it.

With such a girlfriend by her side, Elena immediately returned to a big past.

When it was time to fall asleep, Elena couldn't go to sleep. When she closed her eyes, Holden took her in his arms when he was parting, and pressed her hand to make her touch his waist. He had to ask that in her ear... yes. Do you want it?

He is very confident!

Also, what does it mean to stop watching those in the future?

She really didn't watch it, just...that's the day of her 18th birthday, Usha mysteriously pulled her into the room and showed her a movie. this was never repeated ever again.

He finally said that if there is any problem that cannot be solved, call him.

Elena closed her eyes and suddenly felt relieved, she curled her lips and fell asleep.

She went to bed late last night, so Elena woke up late the next day, but was awakened by a string of melodious cell phone ringtones.

Someone called her.

Elena opened her wistful eyes to touch the phone, and then switched on by pressing the key, "Hey."

Yuna's soft-spoken voice passed over, "Hey, Elena, it's me, I didn't interrupt you from rest? Did I?"

The quarrel between Yuna and Mr. Wang can be described as a serious injury, and now she deliberately let go of her voice, but Elena heard a bit of resentment, but she tried her best to endure it, Elena was in a good mood, and she responded sweetly. Said, "Auntie, are you looking for something to do with me?"

"Elena, it's like this. Today is Yoselin's birthday. We have a birthday for Yoselin. We want to invite you to participate. Are you free tonight?"

Yuna has invited them. It must be a banquet, but Elena feels that she has no reason to retreat without fighting. "When you have time, Auntie, you can tell me the address. I will go there on time in the evening."

"That's great, Elena, Yoselin's birthday was held at the Dorsett Six-Star Hotel."

"A Dorsett six-star hotel?"

"Yeah, Elena, this Dorsett six-star hotel is the best hotel in Darenvil, and it is also an industry under the name of Lu, the number one wealthy family in Darenvil. Generally, the gatherings of dignitaries in Darenvil are there. The country attaches great importance to it. I have spent a lot of money to book a luxurious private room there. Elena, you have just returned from the country, and you must have never seen the Dorsett Hotel. You can have a good experience tonight."

Elena was about to laugh. It turned out that Yuna made this call to show off.

On the day she came back to Darenvil from the countryside, she had seen the Dorsett six-star hotel in the car. It was located in the most prosperous part of Darenvil.

The driver told her that this is the Dorsett Hotel, owned by the richest man in the city.

Yoselin's birthday was held at the Imperial Hotel. Zander has spent a lot of money to show his love for the daughter. Yuna is indeed a proud woman.

“I haven’t really had a chance to see the legendary Dorsett Hotel, so auntie, we will see you tonight.”

Elena hung up the phone and got up, she opened the locker room.

When she married in, a separate locker room was prepared for her in this room. This was the first time she came in, looking for an evening dress.

But Elena was stunned when she walked in. Rows of hangers were hung with a dazzling array of big-name dresses, high-heeled crystal shoes in a window, and bags in a separate one.

This is probably... the locker room in all women’s dreams.

Elena opened a closet, and her face blushed.

There are various styles of silk lace pajamas hanging in this closet, pure, s3xy, and everything.

Who prepared this?

Could it be... his taste?

Usha said that the more serious the surface, the man with a sense of abstinence wrapped in his neatly ironed shirt and trousers, the more he desires.

Elena quickly closed the closet, then picked out a long skirt and put it on, and went to the Dorsett six-star hotel later that day.

Chapter 17

Dorsett six-star hotel.

Elena entered the hall and wanted to take the elevator upstairs, but then an acquaintance came, Zheneria.

“Elena, are you here? Take a good look. This is the Dorsett six-star hotel. If it weren’t for Yoselin to ask you to come today for her birthday, you would not be entering to such a high-class place in your life!” Zheneria arrogantly Smiled.

Elena pressed the elevator button, pretending to sigh, “Whose pup is this, the chain is not locked, just let it out to bite people.”

Zheneria’s expression changed, “You!”

Soon Zheneria saw the white lace dress worn by Elena. She was surprised and quickly said, "Elena, where did your skirt come from? This is the global luxury brand MOO. This skirt is MOO's catwalk outfit for Milan Fashion Week this summer. I saw it in fashion magazines two days ago. How did you buy it?"

Zheneria is MOO's true love fan. Not only her, with every season of MOO's new ladies arrivals the ladies in Darenvil will spend a lot of money to buy through various channels, as long as anyone buys it, they will definitely show off.

It's a pity that MOO's compelling style is too high and its value is too expensive. It has been taking the high-end luxury route, and it is also limited. So there are too few people who can handle MOO.

Zheneria didn't buy a skirt.

Now that MOO's catwalk model was worn by Elena, a hillbilly, she was really shocked.

Of course Elena also knew that this was a MOO. She was wondering if she told Zheneria that she not only had one of this MOO, but also a box at home, would Zheneria faint on the spot?

However, MOO was prepared by Holden for her, it was not her own, and it was not suitable for attacking others.

Seeing the shock and envy of Zheneria's eyeballs coming out, Elena walked into the elevator, she smiled faintly, "Want to know? I wouldn't tell you."

Zheneria's mood is too complicated. She really hates Elena, especially looking at the slender and graceful figure of Elena, her jealous eyes burst into flames, "Elena, you sure I wear a high imitation."

Speaking of Zheneria also entering the elevator, she stretched out her hand, pulled Elena's long skirt and tore it forcefully.

Along with the sound of the fabric cracking, Elena's long skirt broke immediately.

Elena's bright pupils were suddenly cold, "Zheneria, what are you doing?"

Zheneria smiled confidently, "Elena, what are you talking about, I don't understand, but I didn't do anything. If you said I tore your skirt, do you have any proof?"

Elena stepped forward, grabbed Zheneria's skirt and tore it.

hiss.

Zheneria's skirt was also torn.

“Elena, you!” Zheneria turned into an anger ball. She didn’t expect Elena to be not only witty, but also so scornful, so she directly returned.

Elena sneered. She always felt that sometimes it was necessary to do something, “Have you ever seen a mad dog make sense? NO, I was bitten by a mad dog, I should pick up the stick and beat it back!”

Zheneria was almost mad, she was crushed to death by this hillbilly who she despised like any thing.

At this time the elevator arrived and the door opened, and Yuna greeted her quickly, “Elena, why did your skirt break? How can you participate in the birthday if you wear a broken skirt? Then, go upstairs and change your skirt, and prepare upstairs. There are several spare skirts, you can choose whichever looks good.”

Elena went upstairs, and there were really some beautiful skirts hanging in the room upstairs.

At this time, a maid said, “Miss Elena, this dress is the most beautiful, you can choose this dress.”

Elena took a look. The skirt in the maid’s hand was a pink princess dress with diamonds, and it was also MOO’s. It looked like the kind of birthday princess wears.

A smile flashed in Elena’s bright eyes, and she picked up another skirt, “I don’t like that one too much, I’d better wear this skirt.”

The maid was anxious, “Miss Elena, this dress is much better than yours, you wear this one.”

Elena looked at the maid, “It’s just a skirt, why are you in a hurry?”

The maid was a little guilty when Elena looked at it like this. She always felt that Miss Elena’s eyes were too clean, black and white, and not stained with dust, as if she had seen something through.

The maid sneered, “I don’t have one, I just want Miss Elena to go there in a beautiful dress, so that everyone can praise you.”

Elena nodded, “Oh, since you have said that, how can I live up to this kindness? Just wear this skirt. I’ll change my clothes. You wait outside.”

On this birthday, Zander really paid a lot of money today, and invited Darenvil’s celebrity, thier daughters, and wealthy wives to come over, and the scene laughed with low eyes and continued cheers.

Today's little princess Yoselin was surrounded by a group of daughters. Seeing Yuna down, Yoselin quickly ran over and took Yuna's arm, and asked in a low voice, "How's it going? Mom, Elena wears that princess. Is it that skirt?"

Yuna nodded with a smile, "I wear it."

"Great. Thanks to Elena's food, we must kill her today. It's a pity that she is wearing MOO princess dress, I haven't worn MOO's dress yet."

Yuna nodded her head, "I can't bear to let the child be overwhelmed by the wolf. When Elena's reputation is stinky, Mom will find a way to get you a MOO skirt."

Yoselin was happy, clinging to Yuna and acting like a baby, "Mom, you are so kind to me."

"Okay, get ready, Elena will be down soon, and the show is about to begin!"

Yoselin returned to her friends. At this time, her friend asked, "Yoselin, I heard that you bought a MOO princess dress, waiting to wear it on your birthday. Why don't you change it? Let us have a look of Envy."

"That's Yoslin, MOO's princess dress must be so beautiful."

Yoselin smiled, "Don't worry, I will change it now."

At this time Zheneria grabbed Yoselin's hand, "Yoselin, look, Elena is downstairs."

Elena really went downstairs. She was wearing that MOO princess dress. She was lined with a pink long skirt. She was slender and moist. The style of the waist was pinched with the waist that was gripped. She had a pure and slender temperament. She was really 20-year-old. The princess.

The hall that was still talking and laughing just now quieted down at some point, and all eyes fell on Elena's body.

The eyes of everyone flashed with surprise.

Yoselin tugged a fist. Although Elena wore a MOO princess dress in her plan, she was jealous of Elena's upside-down appearance and wished Elena to disappear.

Chapter 18

Yuna stared at Elena viciously, she felt that this MOO princess dress was tailor-made for Elena, her temperament was too clear and beautiful, even if she didn't do anything, she could easily become the focus of the scene.

If there hadn't been the changes in the Xia family ten years ago, Elena would now be the first lady in Darenvil.

Elena and Usha were so pompous back then. The place where their private cars entered and exited was surrounded by the dark and oppressive princes. Everyone wanted to witness how amazing they were.

Yuna took a deep breath and quickly put on a loving face. Now the first lady in Darenvil is her daughter Jasmine!

Yuna stepped forward and held Elena's little hand affectionately, "Elena, you have changed your dress, come, let me introduce some friends to you... Wait a minute, why is your dress like this? Familiar, isn't this... the princess dress that Yoselin is going to wear tonight?"

Elena didn't have any unexpected expressions, she knew that the show was about to begin.

Yoselin looked at Elena, "Elena, why did you wear my princess dress? Today is my birthday. This MOO princess dress is a birthday gift from my mom."

At this time, Zheneria quickly said, "Elena, you are too much, today is Yoselin's birthday, do you even want to grab her princess dress?"

These ladies and daughters knew that Yoselin had a MOO princess dress, so the discussion immediately opened.

What's going on with Elena? Does she want to snatch Yoselin's MOO princess dress? It's so selfish and vain.

I saw that she had just returned from the country, and she was shocked to see the MOO princess dress suddenly, can't wait to take it for herself, a hick is really not on the table, shameful!

Everyone's gazes looking at Elena became bad.

At this time, Zander came over and experienced the previous things. He really didn't want any more accidents to make him lose face, so he looked at Elena with an ugly expression and reprimanded, "Elena, today is Yoselin's. For your birthday, do you even want to grab her princess dress? Sending you to the country these years, you really have no education at all. Go upstairs and change your skirts instead of going downstairs."

Zander's father personally came down to stamp Elena's lack of education, and thought she was embarrassed and told her not to go downstairs, which made Yuna and Yoselin happy.

Yoselin pinched her thigh, her eyes quickly turned red, and she was crying as she felt wronged, "Dad, forget about this. After all, Elena and I are sisters. I hope everyone on my birthday Happy, I'll give this princess dress to Elena."

Speaking of Yoselin, she shed two tears very upright.

Now all the rich wives and ladies' daughters looked at Elena with contempt. Today is Yoslin's birthday. This Elena didn't know if she came to smash the place on purpose, and even made Yoslin cry. Yoslin is too kind, if I am sure to let Elena take off the MOO princess dress. Leave, don't want to see her at all!

The scene has been firmly controlled. This MOO princess dress can't be worn on Elena again, and Yuna is very satisfied.

However, Yuna still said in embarrassment, "Elena, why don't you go upstairs first..."

Elena never made a sound. At this time, she gently raised her eyebrows and said in a low voice, "My skirt is not Yoselin's."

This word exploded in the crowd. Yuna had a bad feeling and quickly said, "Elena, I can understand you, but if you quibble it any more, it's really too much."

Elena showed some grievances and timidity, but insisted on repeating, "This skirt is not Yoslin's, it's just...MOO high imitation."

what?

MOO high imitation?

Everyone is a fan of MOO, so someone stepped forward to verify the princess dress on Elena.

"This princess dress is really...high imitation, parallel imports." Someone came to a conclusion.

what?

Yuna and Yoselin only felt like a bolt from the blue sky, and Yoselin ran forward immediately and asked incredulously, "Is it wrong? Is it really a high imitation?"

"You can't read it wrong, this princess dress is very high-quality imitation, it can almost be fake, but MOO's dress is inlaid with pure handmade gold thread, this dress does not."

With such an explanation, everyone can see the trickiness of this princess dress.

Everyone looked at each other, "It turns out that Elena didn't wear Yoselin's princess dress. We misunderstood her, but... why did she wear a high imitation dress to participate?"

Elena didn't seem to hear these people's words. She drooped down her slender body, "Today is Yoselin's birthday. Auntie called me and told me to wear better, but I don't have a good dress, so I spend Money bought a MOO high imitation, but the stock is only this princess dress."

Saying that Elena raised her eyes to look at Zander. After her grievance and softness, she showed sadness and sorrow. "Dad, I don't want to lose face, and I don't expect you to favor Yoselin. Butterfly's princess dress, I just...but I have been in the country for so many years and really want to blend in with you."

Elena's emotional words instantly reversed the situation, and those rich wives and celebrity daughters were sighing and sympathizing.

What's the matter with the Xia family, the princess dress matter is not clear, and the father has his own daughter without education.

You see that Yoselin's aggrieved tears have fallen, but it's just a princess dress. What a big matter, she is really spoiled, hypocritical.

The key is Yuna. She has a deep heart. Elena gave in as a daughter to marry according to her wish. She pretends to be a kind mother, but she is reluctant to buy a dress for Elena.

Look at Yoselin today. The extravagance of Butterfly's birthday is indeed an act of the same mother, the stepmother!

This situation turned around so fast that Yuna was caught off guard. She didn't know why the MOO princess dress she bought became a high imitation?

Zander lost face again, his face turned pale, and Yoselin ran out of all the acting skills in her life and the tears she shed were still hanging on her face. Now it has become a strong evidence of spoiled self-willedness. She is crying.

Yoselin wanted to fight back, "This princess dress is obviously..."

Yuna quickly yelled, "Shut up!"

Yuna glared at Yoselin, idiot, and said that this high imitation princess dress was bought by her, Yuna, who believes it?

Not only do they not believe it, but everyone will also question why Yoselin is so sure. Yoselin can't always say that she knows everything, because this is planting a mistake?

Yuna could only knock down her teeth and swallow her blood together, only then did she know that Elena had put another one on her face.

Chapter 19

After all, Yuna is an old drama player. This birthday can't be just like that. She adjusted her mood and went to pull Elena's little hand, "Elena, this matter is not good for us..."

She took the initiative to apologize and admit her mistake. If Elena didn't let her down the steps, then she would have the upper hand again.

It's a pity that Yuna understands the truth, and Elena also understands that some people are willing to act, but she wants to tear down the stage, so she quickly withdrew her little hand, "It's all because of me that made everyone so unpleasant. Have fun all of you. ,I go first."

Elena left sensibly.

Yuna's hand froze in the air and had not taken it back, this time she was really going to vomit blood!

Elena went out of the lobby and took out her mobile phone. Usha's WhatsApp had already been sent... how about it, did you mess up the venue?

Elena... huh.

Usha... Elena is really awesome!

When Elena came back to Darenvil from the countryside, Usha had already started following Yuna's movements in the entertainment industry. This time Yuna used some contacts to buy a MOO princess dress, and Usha told her immediately.

Elena checked the time, and Yoselin's birthday was coming soon. Although she didn't know what Yuna had planned, she had asked Usha to replace the MOO princess dress with a high imitation.

Usha is now the hottest four-star in the entertainment industry, and even foreign media commented that her appearance is the pinnacle of the domestic entertainment. She is beautiful, demon, fairy, and sweet. It is the spring of her youth.

So Usha has added a variety of luxury endorsements since her debut. She is the global spokesperson of MOO, and she is the first to wear new products every season.

Both the agent and the team around Usha are from gold medalist cadre. It is easy to change Yuna's MOO princess dress to a high imitation.

Elena sent a "Hey, give you a little red flower" emoticon. At this moment, her footsteps slowly stagnated and stopped.

A handsome figure walked in front of her, Pollard Su.

The Su family is one of the four giants in Darenvil. Back then, the Su and Xia family were even more family-mates. When Elena's mom was alive, she booked a baby kiss with the Su family. Pollard was Elena's fiance.

Pollard was wearing a British style windbreaker, handsome and gentle, and he stopped and looked at her.

Elena received her phone, but didn't stop, and she passed him and wanted to leave.

But Pollard stretched out his hand and grabbed her slender wrist, "Elena, why pretend not to know me?"

Elena drew back her bright wrist forcefully, "I have nothing to talk with you."

She will never forget that grandpa fell down the stairs ten years ago. He was the witness who stood up and said that he watched her push grandpa down!

The Pollard in Elena's memory is very warm. They have known each other since childhood. They were childhood sweethearts. Mummy was still there and she liked Pollard very much.

Mommy will hold her in one hand and Pollard in the other, and take them out to play together.

Pollard is a business genius. In these years, the Su family has monopolized all the medical market in his hands, and the Su family has become one of the four giants in Darenvil.

Pollard looked at Elena, "Elena, you don't want to talk to me, then who do you want to talk to, talk to your ghost husband in Green Garden?"

"Pollard, this is my personal business, so you won't worry about it."

"Elena, I am your fiancee."

"How do I remember that ten years ago when you stepped up and pushed me into the abyss, I already gave you the Su family's engagement token?"

Elena will never forget the feeling of being stabbed from the back by someone close to her. Pollard, as a witness, made her indefensible, as she was in the abyss, which also changed her life's destiny.

On that day, she returned the engagement token to him, and the relationship between the two ended.

Pollard furrowed his sword eyebrows, and the corners of his lips curled out the arc of evil, "Elena, you are mine, why marry the ghost husband of Green Garden, can that ghost husband satisfy you?"

Elena raised her hand and slapped Pollard forcefully.

With a snap, Pollard was hit on half of his handsome face.

The atmosphere between the two people became silent and stagnant.

Elena fisted, "Pollard, you are not such a person in my memory. Keep a little good for yourself, and don't let yourself become so bad!"

Pollard turned his handsome face back, his expression sullen and cold, "Elena, don't pretend to be ice and jade in front of me, I have forgotten that you are already dirty, and I will not want others to wear the broken shoes. "

"..."

Elena felt that Pollard was a bit nervous. Where was she dirty? He changed his girlfriend in the same way as changing clothes in the past few years. She still didn't think he was dirty!

"By the way, one more thing, I have a new fiancée now, and you know this fiancée too."

Elena really didn't have much interest in who his fiancée was, but hearing him say this, Elena had guesses.

At this time, many people came over, and Yoselin's sweet figure plunged directly into Pollard's arms, "Pollard, you are here, I have waited for you for a long time, and thought you are not coming."

Pollard regained his gentle appearance and squeezed Yoselin's face, "Fool, why wouldn't I come for your birthday? This is my birthday present for you."

Pollard had an extra string of diamond necklaces in his hand and put the diamond necklace directly into Yoselin's neck, "Do you like this birthday gift?"

Yoselin's eyes lit up, and this diamond necklace seemed very valuable at a glance, "Wow, I like it so much, Pollard, thank you."

Yoselin stood on tiptoe and quickly kissed Pollard.

Zander and Yuna are here. The Su family is the top giant in Darenvil. Pollard's airborne Yoselin's birthday is tomorrow's entertainment headline booking.

Zander swept away the haze of these days, and said with a somewhat flattering smile, "Man, Yoselin has been waiting for you for your birthday today.

Pollard hugged Yoselin in his arms, "Uncle Xia, I have asked the secretary to inject Xia's medical care. If you have any difficulties in the future, you can directly mention it to me."

The short chain of Xia's medical funds was easily solved because of Pollard.

Yuna straightened her waist and her face was radiant. She deliberately looked at Elena, "Elena, I forgot to introduce you, Pollard, now he is Yoselin's fiance. You will definitely wish Pollard and Yoselin Right?"

Only then did Elena know the most important reason why Zander was willing to pay for Yoselin's birthday, because Yoselin hooked him a golden turtle son-in-law.

Elena looked at Pollard, and she saw the refreshing desire for revenge in Pollard's eyes.

Pollard became Yoselin's fiancé, and the eyes of the distinguished guests at the scene changed, all kinds of envy and flattery.

Pollard and Miss Yoselin are really a match made in heaven. Those in the past were just clouds, evanescent, and vanishing.

Chapter 20

In this sea city ten years ago, there were not only the legend of Romeo and Juliet, but also the legend of Elena and Pollard, the golden boy and jade girl.

So everyone at the scene knew that Elena was once Pollard's fiancée, but a man's feelings were like turning a book, and that changed. Now Yoselin has become Pollard's fiancée, the young wife of the Su family, everyone He quickly turned the rudder into the wind and used the phrase "the past was all clouds".

Originally, Elena had already fought a beautiful turnaround in the hall just now, but now Pollard was killed out of the air. Although these VIPs sympathized with her, their bodies honestly stood on Yoselin's side.

At this time, the three members of the Xia family had their tails up to the sky.

Elena's slender body stood upright, beautiful and attractive, she slowly raised her red lips in the eyes of everyone, "Although it is funny looking at the things that I have thrown away and picked up as treasures by someone. , But I still wish you forever, because you are indeed a good match."

After speaking, Elena left.

Everyone,

Comparing Pollard to something that she has used and thrown away, it is daring of Miss Elena to say something like this.

Yoselin's triumphant expression froze as a result. She didn't know whether she should be proud or not.

Elena left the Dorsett six-star hotel. Pollard came out with his arms around Yoselin. Yoselin quickly took Pollard's arm and acted like a baby, "Hey Pollard, Elena is so pitiful, there is no car here. Pick her up, why don't we pity her and give her a ride."

Pollard glanced at Elena, "Since Yoslin said, get in the car and I will see you off."

Elena refused, "No need."

"Why?" Yoselin felt that she was the real little princess now with Pollard, so she immediately turned her head and looked at Zander very aggrievedly, "Dad, I kindly asked Elena to get in the car together, but she refused. , I will go to the candlelight dinner with Pollard later?"

Zander really treats Yoselin as a princess, because he needs a son in law like Pollard so much. His requirement for his daughter is to marry into the four giants of Darenvil. No one can destroy this marriage, especially Elena.

Zander said solemnly, "Elena, why are you playing with my temper, get in the car quickly, don't delay Pollard and Yoselin!"

Yuna is the one who is most proud of, she smiled, "Elena, this is an imperial six-star hotel. You can't get a taxi at the door. Don't fight for the face, let Pollard and Yoselin send you a ride. "

Elena thinks this family is really strange. She smiled and gave Yoselin a meaningful look. "Although I can't get a check for half a million, I still have a way to go back by myself. Advice If someone sees me, take a detour, or I will..."

Yoselin's complexion changed suddenly, and Elena took out the half-million cheque to say something!

If Pollard and her parents knew that she had taken half a million cheques to cover Elena's little white face, and not only failed, but was also humiliated by some gangsters afterwards, then she would be out of luck.

Yoselin admitted that she had been fascinated by that little white face, but she has adored Pollard since she was a child, and vowed to marry Pollard and become a rich young woman in the Su family.

Pollard is her ultimate goal.

Yoselin, who was braided by Elena, quickly lost her arrogant haughtiness. She pulled Pollard, "Pollard, let's go."

At this time, the manager of the Dorsett Hotel came out and asked politely, "Excuse me, who is Miss Xia?"

The manager of the Dorsett Hotel suddenly came out and everyone was shocked.

Everyone knows that the Dorsett Hotel is an industry under the name of the Lu family. The Lu family, the largest wealthy family in Darenvil, has been living in legends. It is quite mysterious and low-key. Even the dignitaries of Darenvil need to make an advance

appointment in this imperial hotel. The international cutting-edge service, naturally everyone rarely sees the manager of the Dorsett Hotel.

Yuna was the first to react, she quickly pulled Yoselin, "Hello manager, Miss Xia is here!"

Zander was very excited because of the Lu family. "Yes, Miss Xia is here, manager, why are you asking for my daughter?"

The manager of the Dorsett Hotel came to Pollard and Yoselin, and first greeted Pollard politely and with respect, "Sir, hello."

The manager's calm and pleasant look, even in front of Pollard, did not show any flattery at all. At first glance, he was someone who had seen the world.

Pollard slipped into his pants pocket with one hand and nodded.

The manager then set his gaze on Yoselin's face, "Excuse me, are you Miss Xia?"

Yoselin didn't know what big prize she had won today. Even the manager of the Imperial Hotel came to see her personally. She first glanced at Elena very proudly, and then looked at the manager sweetly, "Manager, Hello, I am Yoselin Xia."

"Yoselin?" The manager shook his head, "I'm sorry, I am not looking for you, I am looking for Miss Elena Xia."

As soon as the words came out, the whole audience was gasping for air.

Looking for... Elena?

Elena trembled, unexpectedly she was being looking for.

Yuna quickly said, "Manager, did you make a mistake, the Yoselin is Miss Xia, what are you looking Elena for?"

The manager didn't even look at Yuna, but walked to Elena's face. The polite look just now suddenly became more respectful, "Presumably this is Miss Xia?"

Elena nodded, "Hello, I am Elena, are you looking for me?"

The manager smiled and said, "Miss Xia, hello, because considering that it is not convenient to take a taxi here, we have prepared a car for you."

Speaking of an extended Rolls-Royce Phantom luxury car, it stopped.

The manager opened the rear door respectfully, "Miss Xia, please."

Gosh.

Rolls-Royce Phantom.

This world's top luxury car actually came to pick up Elena? !

Elena also looked suspiciously at the manager, who smiled mysteriously, "Miss Xia, please, I will send you back to Green Garden."

In everyone's eyes, Elena sat on the Rolls Royce Phantom and galloped away.

The manager watched the luxury car, and waited for the luxury car to disappear completely before turning back. At this time Zander quickly stopped him, "Manager, hello, what is going on?"

The manager resumed his polite look, "I'm sorry Mr. Xia, this is our president's private matter, I don't know too much."

The manager left, but what he said left a major message.

Isn't the president of this regal hotel... the young master of Lu family?

When did Elena and Mr. Lu meet? What is the relationship?

Zander's expression changed unpredictably, and Yuna snorted, "Zander, Elena has just returned from the countryside, how could it be that she knows President Lu? But I think Elena is really good at hooking up men. Not long ago, she just took care of a little white face, and now she is playing mystery here at the Imperial Hotel, which is exactly the same as her mother."

As soon as Yuna finished speaking, Zander raised his hand and gave Yuna a slap in the face.

Yuna was directly beaten up.

Zander's expression was as dark and horrible as never before, and he gritted his teeth and warned, "First see what you are. If you shouldn't mention it, just keep your mouth shut!"

Yuna was shocked on the spot, even Yoselin was at a loss.

Pollard didn't have any emotions, just glanced at Zander's faintly, and then turned his gaze to the direction Elena was going away, his gaze became distant.

Rolls-Royce sent Elena back to Green Garden, where Elena and Usha exchanged messages.

Usha... You mean President Lu sent you back?

Elena... I'm afraid this is the case.

Usha... Elena takes care of my nervous mind quickly, how many new friends do you have? That mysterious President Lu is already your servant under your skirt?

Elena was thinking all the way about how she got involved with the President Lu. She suddenly remembered a question that she had been neglecting all the time, Holden... isn't it just... What?

He...he

Elena... My ghost husband's surname is Lu.

Usha at the other end did not immediately come to the news, I think she was shocked, two minutes later Usha sent a picture of both going to the hot spring, she wear a swimsuit.

What do you want this for?

Although Elena had doubts, she still turned out the album and sent a photo from the past.

A few seconds later, Elena was stunned. What did she do, she actually sent the photo to...Holden!
