

Lv Hua was caught by surprise initially.

He had no idea what had happened.

Where did all these fans suddenly come from?

Lv Hua was puzzled, but he mostly felt delighted and smug.

Lv Hua had no idea that he had already gained such international renown.

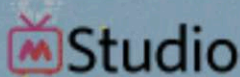

Even the European martial artists knew Lv Hua's name.

His fame had completely surpassed Kong Ming's.

"Hua, you are a hit. After this trip to South America, you are going to be famous in the global martial arts circle."

Lu Yan-Xi couldn't help feeling happy for Lv Hua when she found out how famous he was becoming in the martial arts world. The admiration she had for him undoubtedly increased.

"Haha! Yan-Xi is right. Your single-handed

defeat of the Indian martial artists' at the restaurant was enough to make you famous. From now on, even I probably have to call you 'Mr Lv'," congratulated Kong Ming.

Kong Ming had to admit how surprised he was by Lv Hua's abilities.

Even Kong Ming hadn't been confident enough to defeat all those Indian martial artists on his own.

In other words, this young man in his early 30s was even more powerful than Kong Ming.

Despite his status as his elder, he could not help feeling impressed by Lv Hua.

"Elder Kong, you are too kind. Even if I become a grandmaster one day, I don't deserve such respect from someone as reputable as you. Please continue to call me 'Hua'," said Lv Hua politely.

Kong Ming was undoubtedly flattered by Lv Hua.

"Although you are talented, you are humble and kind. Such temperament will take you

far in life. In comparison to the cocky but useless Ye Fan, you are far more outstanding. No wonder the lass completely fell for you in a matter of days,” said Kong Ming as he stroked his beard and laughed.

Lu Yan-Xi instantly blushed and said shyly, “Elder Kong, what are you saying? When did I ever say so?”

“See? Look at how you are blushing.” Kong Ming chuckled as he said, “Don’t be shy. In the martial arts world, people ought to be bold. If you truly love each other, I don’t mind playing matchmaker for you two.”

Kong Ming laughed again.

Lu Yan-Xi’s face blushed even harder in embarrassment.

Lv Hua started to feel like he was floating.

All a man sought in life was reputation, women, and wealth.

Now Lv Hua had gained reputation and the admiration of a beauty like Lu Yan-Xi.

In a matter of days, Lv Hua had good repute

and a woman.

He couldn't help feeling as though he was reaching the pinnacle of his life.

However, a cold wind suddenly swept from up ahead just as Lv Hua bathed in the glory of his success.

Countless fallen leaves swept in the wind.

The atmosphere became inexplicably cold in an instant.

“What's happening?”

“What's going on here?”

Lv Hua and the others naturally noticed something amiss.

They raised their heads and noticed several silhouettes walking out from the depths of the rainforest.

These people swiftly turned up in front of Lv Hua and the others.

Despite how powerful Kong Ming was, he couldn't help feeling intimidated by their

strength the moment they turned up.

These people were super strong!

That was the first thought that popped up in Kong Ming's mind.

"Since we are outnumbered, we should fall back and come up with some plans." Out of concern, Kong Ming ordered them to fall back and avoid head-on conflict with these people.

To their surprise, these people seemed out to get them. They swiftly cut off their escape path and stopped the three of them from leaving.

"My friends, I don't think we have ever met before. So why are you blocking our path?" asked Kong Ming deeply. Lu Yan-Xi and Lv Hua instantly raised their guard.

These people who had come out of nowhere ignored Kong Ming and glanced at all three of them before asking deeply, "Which one of you is Lv Hua?"

What the...?

Chapter 1258 Unexpected Disaster

“You’re looking for me?”

Lv Hua was caught by surprise before laughing.

It appeared they were here because they were impressed by Lv Hua.

This wasn’t the first lot of admirers.

A bunch of other foreign martial artists had approached him to befriend him earlier when they found out he was Lv Hua.

Hence, Lv Hua automatically assumed these people wanted to rub shoulders with him too.

Amid his smugness, Lv Hua straightened his clothing and said loftily, “I’m Lv Hua. You can call me Mr Lv. Are you here to get acquainted with me too? If you want to buy me dinner, then it has got to wait. Too many people have asked me out for dinner after this, so you’ve got to get in line.”

Lv Hua spoke with his hands behind him and was incapable of concealing his cockiness.

The men came closer the moment Lv Hua

finished his sentence.

The leader even reached his hand out.

“There’s no need to shake my hand since I don’t like formalities.” Lv Hua assumed these people wanted to shake hands and pay their respect, so he shook his head pretentiously as he rejected them.

Their eyes’ twitched when they heard what Lv Hua said. They looked at Lv Hua like they were looking at some idiot.

The leader couldn’t stand it any longer. He raised his hand and hit Lv Hua’s face until it went sideways.

“Shake hands with you? Shake my ass! You must be an idiot, right? Men, tie him up and take him away!” ordered their leader. The men swarmed over and apprehended Lv Hua at the speed of lightning.

Lv Hua was stunned.

“W-what are you doing? I am Lv Hua! How dare you touch me...”

PAK!

Chapter 1258 Unexpected Disaster

Before Lv Hua could finish his sentence, the leader slapped Lv Hua so hard that it broke his tooth.

“You sure talk a lot! Quit yapping. Or else, I will slap you until your face turns to pulp. Take him away!” yelled the leader sternly.

“Stop!”

“Let him go!”

Lu Yan-Xi and Kong Ming finally realized they were up to no good, so they instantly moved in on them.

But how could they surpass Chu Sect’s martial artists?

After a brief fight, Kong Ming and Lu Yan-Xi were captured by them too.

“There’s more? Take them all!”

Lv Hua and the others were instantly dragged off like dogs, just as they were bathing in Lv Hua’s glory.

“Lv Hua, what have you done? How did you offend these people?” asked Kong Ming furiously after his face was beaten until it became bruised.

After their initial fight, Kong Ming realized that these five men could rival him.

That meant all five of them were imminent grandmasters!

Considering how powerful they were, they might stand a chance even against a true grandmaster.

Hence, the mastermind who was capable of ordering martial artists like them must be immensely powerful.

“Elder Kong, I don’t know either. I don’t know them at all.”

Lv Hua was on the brink of tears. He was wondering what the hell was going on.

He had been beaten to a pulp without warning, apprehended like a dog, and getting sent to only god knew where.

This must be what people meant by an

unexpected disaster.

Lv Hua and the others were swiftly encircled by a hill on the periphery of the rainforest.

A handsome young man stood behind a table drinking tea.

The dashing young man was none other than Chu Qi-Tian.

“Kneel now!”

A loud roar came before someone kicked Lv Hua in the knees and forced him on his knees.

“You prick! Let me go! Who are you? How could you touch China’s martial artists? War God Castle won’t let you off for this! You won’t be able to withstand the fury of the God of War!” Lv Hua yelled indignantly with blood in his mouth. He felt furious about being forced to kneel publicly.

“War God Castle and the God of War?”

Chu Qi-Tian shook his head as he scoffed at Lv Hua.

Chapter 1259 The Indignant Lv Hua

“Anyone else might feel threatened by what you said. Sadly, it isn’t enough to scare me. I am unafraid of the entire martial arts circle, let alone one tiny God of War.”

“Damn you! Anyone can talk big. Do you think I’ll believe you? Barely anyone else in the world can outdo the Chinese martial arts circle. How can a punk like you speak so arrogantly?” scolded Lv Hua angrily.

Chu Qi-Tian ignored him. Instead, he waved his hand and ordered an old man standing behind him, “Elder Lian, teach him a lesson.”

“Yes, Young Master,” acknowledged the old man before walking over.

In an instant, immense internal energy radiated from the old man.

Boundless internal energy like that of a dragon surged from him.

“His internal energy is as vast as that of a dragon’s.”

“I-is he a...”

“A grandmaster!”

Chapter 1259 The Indignant Lv Hua

Lv Hua and the others almost pissed in their pants. They didn't expect to see a grandmaster here.

Even more shocking was how respectful and meek the grandmaster was to this young man.

“Who are you? Why did you capture me when there are no vendettas between us?”

Lv Hua finally started feeling afraid.

He was fearful of this grandmaster but even more intimidated by this young man's background.

“It doesn't matter who I am. The important thing here is that you are Lv Hua. All these years, you are the first who dares to steal what I want.” Chu Qi-Tian laughed gently with a teacup in hand.

He looked at them intriguingly like a ravenous wolf that was admiring its prey.

However, the cold look in his eyes felt absolutely chilling.

Lv Hua was at a loss. He had no idea what

Chapter 1259 The Indignant Lv Hua

Chu Qi-Tian was talking about.

“Take what is yours? When have I stolen anything from you? I haven’t even seen you before!” Lv Hua was bewildered.

“Are you going to keep pretending? Since you had the balls to steal my spirit energy fruit, why don’t you have the guts to admit it? I don’t want to make things hard for you either. If you hand them over, I can let you leave unscathed. What say you?” Chu Qi-Tian held the teacup as he looked at Lv Hua with a smile.

Lv Hua was even more lost. “Spirit energy fruit? What on earth are you talking about? I haven’t even found the tree. How could I possess the spirit energy fruit?”

Lv Hua was on the brink of tears. He was clueless about what Chu Tian-Qi was saying.

Chu Qi-Tian’s face turned icy cold when he heard Lv Hua’s denial.

He slammed the teacup in his hand hard on the table with a clang.

“Do you want to do it the hard way? In that

case, don't blame me for being rude. Men, frisk him. If you can't find it on him, then beat him up until he hands them over," yelled Chu Qi-Tian furiously.

He was never a patient man, especially to small fry like them.

To Chu Qi-Tian, it was a waste of time to even speak to someone at Lv Hua's level.

"AHHH! That hurts!"

"How dare you hit me, asshole? Damn, it hurts."

"Just you wait. When we get back to China, my clan isn't going to let you off easy."

"AHH! My face! Stop! Stop hitting me."

"Please stop hitting me. I really didn't steal the spirit energy fruit."

"AHHH! Please let me off. I really never laid eyes on any spirit energy fruit before."

Lv Hua initially acted tough when Chu Qi-Tian's men started to beat him up.

Chapter 1259 The Indignant Lv Hua

However, he caved in before long.

He begged Chu Qi-Tian nonstop with tears and snot on his face.

He looked so pathetic that he had lost all his earlier charm.

“Are you going to keep pretending? It seems you are a tough one to crack! Keep beating him. Hang him up and beat him to death. Also, do the same to his accomplices. Let’s see how long they can keep their mouths shut for.”

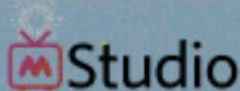

Chu Qi-Tian was outraged.

He was the young master of the mighty Chu clan. How could he fail to squeeze information out of these nobodies?

“Stop! I am the president of the Martial Arts Association of Southwest China. How dare you humiliate me?”

“You bloody little idiots, how dare you?”

Kong Ming and Lu Yan-Xi were implicated by Lv Hua. They ended up hung up on trees and beaten up by Chu Tian-Qi’s subordinates

with iron whips like dogs.

“Hua, if you really took them, just hand them over.”

“Or else, we might really die because of this.”

After some time, Kong Ming and Lu Yan-Xi could no longer bear the torture and begged Lv Hua bitterly.

Lu Yan-Xi was beaten badly too. Perhaps out of fear or pain, tears kept trickling from her eyes.

She had been spoiled since young and grew up under her father’s protection, so she had never suffered any hardship before.

Now her life was at stake after suffering such torture. She couldn’t withstand it and her tears couldn’t stop falling.

She suddenly regretted her actions. If she had taken Ye Fan’s advice and steered clear of Lv Hua, she wouldn’t have gotten implicated.

“Elder Kong, I really didn’t take any! Shouldn’t you know full well whether I did? Oh god!

Why won't any of you believe me?" Lv Hua was so indignant that he almost cried.

He could resign himself to the fate of getting beaten up if he did take the spirit energy fruit.

However, he hadn't even seen any spirit energy fruit, but these people kept insisting that he had taken it.

Heavens, what was going on?
