

Chen Hao heard the voice and turned around.

He saw a beautiful, tall girl with skin as white as snow standing in front of him. She was dressed in skinny denim cropped pants, a t-shirt and a pair of high heels.

She was crossing her arms and looking at Chen Hao disdainfully.

“Chen Hao, you really are something, aren’t you? You actually bought a 300,000 luxury item while clinging on to the student subsidies provided by our department. Let me tell you, based on this matter alone, you can forget all about the student subsidies this year,” she coldly stated.

“Jiang Weiwei, the shopping card was given to Chen Hao by those people as a way of thanking him for saving their daughter. What reasons do you have to cancel Chen Hao’s student subsidy? Don’t think you are so high and mighty just because you are the President of the student council.”

Dorm leader, Yang Hui, couldn’t help but

utter those words when he saw the girl with the ice-cold aura in front of him .

“This is none of your business. The applications for Chen Hao’s student subsidy are provided by our student council every year. That was because he was an honest person. But now, he actually bought a 300,000 bag. Currently, everybody in the entire department—even the entire campus—knows that there is a big idiot in our department!”

“He tainted our department’s reputation! His student subsidies can be canceled based on this offense alone!”

Jiang Weiwei looked at Chen Hao in disgust. Obviously, after Han Siyu’s live streaming last night, nearly everyone in the campus knew that he had bought the bag.

In addition to that, she was President of the student council.

And she happened to be one of the few female Presidents in the entire campus.

She came from a well-to-do family and

was a very sociable person. She was quite close to most of the rich and powerful students in her department, and the entire campus.

She was even close to the lecturers from different departments.

She had the classic 'big sister' personality.

Hence, she looked down upon losers like Chen Hao who did not have the money nor the power.

However, Chen Hao had a special characteristic. That was, he was quite an obedient person. In the past, Jiang Weiwei often used the student subsidy as leverage to order Chen Hao around, while the rest of the poor students slogged away like slaves to provide free labor to Jiang Weiwei.

This was the reason why Yang Hui did not see eye-to-eye with Jiang Weiwei.

"Hmph, Chen Hao, what should we do about this?"

Jiang Weiwei crossed her arms and looked at him haughtily.

Chen Hao frowned. To be honest, he did not need the student subsidies anymore.

But the bottom line was, although Jiang Weiwei looked down upon him and bullied him, the student subsidies he received in the past did indeed come from her.

Chen Hao asked, "What do you want?"

"Hmph, what do I want? If you want to continue receiving the student subsidies, you have to do one more thing for me. As for smearing our department's reputation, I can put that behind us!"

Jiang Weiwei was talking about the incident whereby Chen Hao was called an idiot for buying that bag.

When Jiang Weiwei recalled it, she felt so much hatred.

Firstly, she hated how this poor loser got so lucky that he was given that VIP shopping card.

Secondly, she hated the fact that Chen Hao actually gave away a 360,000 bag as a birthday gift to another person.

A freaking 360,000!

If he gave it to her, then wouldn't that boost her ego?

However, Chen Hao did not even try to please her. Then fine, let's see how you live without your student subsidies.

Idiot!

Jiang Weiwei scolded in her heart.

"What do you want me to do?"

On the other hand, Chen Hao looked indifferent.

"Simple. Next week our department will be organizing a huge event. The venue needs tidying up, so you can go and sweep the entire venue. Then, I can continue to help you apply for your student subsidies! I have already gotten a permit for you to leave the class, so you don't have to go for

your morning lectures today. Don't say I didn't take care of you!"

Jiang Weiwei threw the permit at Chen Hao for him to bring along.

Then, she gave him a slight glance, turned on her heels and walked away.

"Damn it, this woman really knows how to push people around!"

Yang Hui scolded.

His roommate Li Rui was also angered by her. "Hao, don't be scared. You don't have to go there. Do you know how big the venue is? How could she let you clean up that place?! Let's go to class!"

He gave Chen Hao a pat on his shoulders.

"But if he doesn't go, what will happen to his student subsidies?"

His friends started to get worried.

Finally, Yang Hui clapped his hands and said,

“It’s alright, let us all go to the venue and help Hao with the clean up!”

“Alright, that is a good idea!”

His roommates nodded their heads.

There was a warm feeling in Chen Hao’s heart.

It was true. This was the reason why Chen Hao still remained optimistic although he had been humiliated so many times in college for the past three years.

Because of his poverty, he had gotten to know some really good friends who were like brothers to him.

Brothers who sincerely cared about him.

However, how could he allow them to bear the punishment with him?

To be honest, Chen Hao really wanted to tell them that he was actually a rich second generation heir.

However, Chen Hao did not know whether

his friendship with them would last if he were to tell them about this.

Because in his heart, this friendship was the real treasure!

“It’s ok guys, I will go by myself. It’s not the first time I’ve cleaned up a big venue. You are not as skilled as I am so you might cause me more trouble instead!”

After thinking about it, Chen Hao decided to keep his identity a secret temporarily.

So he answered their suggestions in a joking manner.

After uttering those words, he walked toward the venue.

“Chen Hao, why are you late? Who do you think you are? Do you think that you are so high and mighty just because you bought that bag?”

The moment Chen Hao stepped into the venue, he heard Jiang Weiwei’s cold voice, which was full of contempt.

“Hahaha!”

The guys and girls who were rehearsing there broke into peals of laughter when they heard the remark.

Because there was an event next week, the department’s performance team, led by Jiang Weiwei, was rehearsing.

“Don’t put it that way. After all, how could we compare ourselves to the person who spent 360,000 to buy a bag!”

“You’re right, you better be careful of what you say, President, Chen Hao will use his money to slap you in the face until you start crying in the future!”

A group of girls snickered while looking in the direction of Chen Hao.

On the other hand, the guys continued to mock Chen Hao in a roundabout way. Their eyes were full of ridicule.

They were actually jealous of Chen Hao’s luck.

If they were to receive 360,000, then they would have been able to buy the bag and get the president, Jiang Weiwei, into their beds.

Chen Hao ignored them as he did not wish to say anything.

At that moment, just when he was preparing to sweep up the mess they left behind, a tall guy walked over and pushed Chen Hao away roughly. "Scram, don't block my way. Did you really think you were a f*cking rich person? What an idiot!"

Chen Hao nearly fell down.

His name was Wang Yang. Chen Hao obviously knew him. He was the Vice President of the student council and the leader of the basketball team.

His family was in the trading business and he was super rich.

He had ridiculed Chen Hao many times in the past.

"Wang Yang, why are you late?"

Jiang Weiwei initially looked cold.

But after seeing Wang Yang, she didn't look displeased.

This was because Jiang Weiwei really liked Wang Yang's rugged style. He was tall and handsome and good at basketball. Apart from that, his family was rich.

It wasn't hard for him to get a girl's attention.

At the same time, the girls who were in the performing arts group looked at Wang Yang with desire.

"Oh, don't mention it already. This morning I went to modify my car!"

Wang Yang unscrewed the cap of the mineral water and took a sip.

"Car? You bought a car?"

Some of the girls asked in surprise.

"Haha, it's just an A6 Audi model. I only use it for practice!"

Wang Yang laughed heartily.

“Wow!!!”

All the girls were envious.

Even Jiang Weiwei, who had high expectations, was slightly moved. “Is it a domestic car or an imported one?”

Actually, it did not matter whether it was domestic or imported, it was already very awesome.

“It’s an imported car. Thanks to my father’s friend, it was sold at approximately 100,000 less than the original price! Haha!” Wang Yang smiled lightly.

At this moment, even Jiang Weiwei looked impressed.

Chen Hao was sweeping the floor. When he heard that Wang Yang had bought a car, he couldn’t help but listen to the conversation.

In fact, it had always been a small dream of Chen Hao to buy a car.

It did not matter what type of car it was, as long as it was a car!

Why was it a dream? Because before this, Chen Hao's dreams of buying a car could only remain a dream. Hence, he was curiously listening to their conversation.

Of course, he was not paying attention to what he was doing at that moment.

He did not know that he was actually sweeping the broom under a girl's skirt. She happened to be sitting below the rostrum.

"Ah!"

Until the girl gave a piercing scream.

Chen Hao accidentally swept the girl's feet.

She was wearing a pair of white-colored shoes and she also had fair legs. She was paying attention to Wang Yang, who was talking about his car.

She was paying full attention to him.

She did not expect the dirty looking broom to sweep across her shoes, thereby smearing a layer of dust upon them.

In that instant, she couldn't help but scream in surprise.

Her screams obviously attracted the attention of Wang Yang and Jiang Weiwei.

"Tongxin, what's wrong?"

Jiang Weiwei hurriedly came over and asked with concern.

Wang Yang dashed over instantly.

"It's nothing!"

Su Tongxin pushed her hair back and crouched down slightly. She took out a wet napkin and wanted to clean the layer of dust off her shoes. But unexpectedly, the more she cleaned, the dirtier it got.

Su Tongxin was extremely fastidious. She couldn't help but frown.

"Chen Hao, did you dirty her shoes?"

Jiang Weiwei immediately glared at him.

She looked angry.

On the other hand, Wang Yang's face was full of rage.

"F*ck you! You poor b*stard, do you know how much Tongxin's shoes cost? Even if I sold you off, you wouldn't be able to pay her back!"

After finishing his sentence, he grabbed hold of Chen Hao's collar.

"It's ok. It's not his fault!"

When Su Tongxin saw Wang Yang about to

start a fight, she quickly stood up to put a stop to it.

Actually, Su Tongxin had her eyes on Chen Hao for quite some time. She noticed that he was different from the rest of the people.

She could see that he was really quite poor.

That was why he was bossed around by Wang Yang and the rest of the gang.

However, Su Tongxin did not see the slightest look of inferiority in his eyes due to his poverty, instead he looked indifferent.

Especially when she saw Chen Hao's honest-looking face, she couldn't be angry at him even if she wanted to.

Hence, when Su Tongxin saw that Chen Hao was going to get beaten up, she quickly stood up to stop the fight.

"Tongxin, don't worry, the least I can do is force this poor b*stard to buy you another

pair of shoes!”

Wang Yang said viciously.

Su Tongxin wasn't from the Chinese Language Department, but the Broadcasting Department next door.

However, she and Jiang Weiwei were childhood friends and they were very close.

They came here specifically to hang out today.

Wang Yang liked Jiang Weiwei. However, he liked Jiang Weiwei's best friend Su Tongxin even more by comparison.

“It's fine, it's really fine. I will go back to my dormitory to change into a new one!”

Su Tongxin quickly said.

She even nodded her head in Chen Hao's direction.

“Count yourself lucky!” Wang Yang was satisfied with his performance today in

front of the two pretty girls today.

At that moment, he looked at Su Tongxin who was preparing to leave. “Oh right, Tongxin. After you have finished changing your shoes, let’s go out for a gathering. Everybody must be so tired from practicing these few days. It’s my treat today at Charming Orchard!”

“Wow! Charming Orchard? I heard that the fruit salads and the steaks there are very delicious, but it is super expensive!”

“Yang, we would like to go too!”

When they heard of the Charming Orchard, the group of girls started cheering in that instant.

“Ok!” Wang Yang clapped his hands.

Jiang Weiwei took Su Tongxin’s arms and smiled. “Tongxin, we will be waiting for you outside your dormitory!”

Su Tongxin obviously did not want to go.

However, Wang Yang nearly got into a fight

with Chen Hao just now because of her and it seemed like everybody wanted to go to Charming Orchard.

If she were to reject them now, then wouldn't she ruin everybody's fun?

Su Tongxin nodded her head.

"Ok, I will go get the car! I will be waiting for all of you!"

Wang Yang's scheme was a success. After giving Chen Hao a glance, he then walked out happily.

At this moment, Jiang Weiwei glared at Chen Hao. "Chen Hao, what are you looking at? Why? Did you think you could come along? Let me tell you this, we are not finished with your student subsidy issue yet. You better stay here and clean up this venue properly. If it's not cleaned after I return, hehe, we will see about that!"

What the hell!

Chen Hao listened to Wang Yang and Jiang Weiwei taking turns ridiculing him.

Actually, he was very pissed.

However, if he were to lose his temper now, other than getting a vicious beating from Wang Yang, he wouldn't get anything in the end.

He wasn't a weakling. It was just that it would be an unwise decision to lose his temper if he knew he was going to get beaten up for it.

"Let's go, Tongxin. Let's go and try out Wang Yang's A6!"

After giving Chen Hao a disdainful look, Jiang Weiwei took Su Tongxin's arm and left.

The rest of the students also went out one after another.

One car would definitely not be enough to fit them all. However, Chen Hao did not know how they were going to get there.

While cleaning the mess they made, Chen Hao thought to himself.

Was it time to get a car for himself?

He continued to ponder it.

It was nearly noon by the time he was finished with his cleaning duties.

At this moment, Chen Hao's mobile phone rang.

It was a call from his dorm leader, Yang Hui.

"Chen, are you done yet?"

Chen Hao nodded his head. "Yes, I'm done!"

"Damn it, who does Jiang Weiwei think she is? If she dares to break your agreement and revoke your student subsidies this time, after discussing amongst ourselves, we have decided that we will bring up this matter to the Department Head!"

A warm feeling spread across his heart.

"No worries dorm leader!"

"Oh that's right, Chen, if you have nothing

to do now, let's go for a roommates gathering together this afternoon!"

Yang Hui changed the topic so suddenly. Especially the last few words were almost said in a whisper.

There was even a slight hint of embarrassment in his tone.

Chen Hao, who knew Yang Hui very well, immediately noticed it.

This guy had always spoken his mind, but why was he speaking this way now?

"Is somebody else going too?" Chen Hao couldn't help but smile bitterly and ask.

"Bingo! Chen, do you remember Zhao Yifan's roommate, Xu Xia? She was sitting next to Zhao Yifan at Ma Xiaonan's birthday party yesterday."

All the pretty girls from Zhao Yifan's dormitory came to the birthday party yesterday.

Chen Hao did have an inkling of who Xu

Xia was. She had short hair and had a cute, innocent look.

However, she was the same as Zhao Yifan. She did give him a few disdainful looks yesterday.

But she did not speak much and was quite a steady person.

“I know her! Why? Did you ask her out?”
Chen Hao was surprised.

“Hehe, this morning when I went back to class, I happened to bump into her along the way. She lost her mobile phone in the cafeteria, so I went back to help her look for it. Luckily I am close with the boss of the cafeteria there. I managed to gain access to the security cameras and found it successfully!”

“This is destiny. Actually when I saw her yesterday, I was interested in her. Then, I plucked up my courage to ask her out for lunch at noon today. She immediately agreed!”

Yang Hui said excitedly.

To be honest, after listening to his words, Chen Hao was very happy for Yang Hui.

But because of the situation with Zhao Yifan, Chen Hao really did not want to stay with Zhao Yifan and her group of friends. It was mainly because he could not stand their disdainful looks!

“Then that’s great. Why don’t you all go then? I don’t want to become the third wheel in your relationship. I wish you all the best!” Chen Hao smiled and said.

“Damn it, go to hell. Chen, where is your sense of loyalty? We are all going. Besides, Ma Xiaonan is coming as well. In addition to that, there is a really important person tagging along. This time, Xiaonan sincerely wants to fix the both of you up. If you seize this opportunity, you can turn your situation around!”

Yang Hui was also thinking about Chen Hao.

“A really important person?”

Chen Hao thought about it for a while and

Chapter 16 Attending the Gathering

he immediately understood. “Damn, don’t tell me Zhao Yifan is going too?”

Wait! I Have Something to Say!

Chen Hao didn't know how to feel about Zhao Yifan.

Although she was gorgeous and had an excellent disposition, Chen Hao did not like her 'despise the poor and curry favor with the rich' behavior.

He wasn't sure what Xiao Nan was thinking about. Why did she want to bring the both of them together so badly?

Hence, in order to avoid further embarrassment, he really did not want to go.

However, he could not hold his own against Yang Hui's advice.

He did not want to ruin his friends' fun, hence he agreed to go.

The Bright Star Western Restaurant was chosen as the location of the gathering.

Yang Hui obviously could not afford to go to the type of hotel that Xu Nan and Lu Chen went to. They were rich second generation heirs, but he wasn't.

A total of six people from the girl's dormitory including Zhao Yifan and Xu Xia came to the gathering.

In addition to Ma Xiaonan, six people from Chen Hao's dormitory came too.

However, Chen Hao did not go together with Yang Hui as he needed to make a trip back to the dormitory.

"In my opinion, the 12 of us including Xiao Nan and the 5 people from Yang Hui's dormitory is enough for this gathering!"

Zhao Yifan sat on her seat swaying her legs while drinking some juice.

The meaning behind her words were evident.

She had quite a good impression of Yang Hui. He was relatively mature in handling things.

The only thing was, Yang Hui's parents were only ordinary high school teachers. Based on this, he did not meet Zhao Yifan's criteria.

“Yes, you are right, Chen Hao shouldn’t be allowed to come! The moment I see him, I will think about that incident! It’s so damn humorous!”

Xu Xia added jokingly.

“Ok, ok! Yifan and Xu Xia, don’t hate Chen Hao that much. He really is a good person. You will understand this after spending some time with him for a while!”

Ma Xiaonan said with a smile.

“Yes, Chen is a great person...”

Yang Hui and the rest of them said, one after another.

“Haha, a good person? If he really was a good person, then he wouldn’t let the 12 of us sit here and wait for him. What do you say, Xu Xia?”

Zhao Yifan coldly harrumphed.

“Hey, Chen Hao’s here!”

Ma Xiaonan stood up and waved at Chen

Hao who was standing at the entrance to come over.

“I apologize for my tardiness. I had to go back to the dorm to make a phone call to settle some things!”

Chen Hao smiled.

Ma Xiaonan was sitting opposite Zhao Yifan.

In that instant, her gaze shifted and she stood up and dragged Chen Hao to her seat. “Chen Hao, sit here!”

Could Ma Xiaonan be more obvious?

However, he did not whine about it and sat down.

“Lin Jiao, let’s change our seats!”

Unexpectedly, the moment Chen Hao took his seat, Zhao Yifan pulled a long face and said that to her best friend.

“Yifan, I don’t want to exchange my seats with you. I don’t want to sit near this poor

loser! Everybody would think he was my boyfriend!”

“What? Wouldn’t you be glad if Chen Hao was your boyfriend? Look at him, he was willing to part with a 300,000 bag! Haha!”

“You’re right, Jiao, if you were to meet a guy like Chen Hao, you should just go to him. Hahaha!”

Lin Jiao looked gorgeous. She was very skilled in her makeup.

Besides, she was covered from head to toe in branded apparels and accessories.

Naturally, she looked down upon Chen Hao.

When she heard her roommates teasing her, she was nearly speechless. “Oh, since you think he is so great, you might as well let him be your boyfriend then!”

“Ah! we surrender, we surrender!”

Upon hearing this, the girls did not dare to joke around anymore.

Obviously, they were very sensitive to the words Chen Hao and boyfriend, as if they would be ridiculed if Chen Hao was their boyfriend.

But they could only bear with it.

Although it was beyond reason, it was still within Chen Hao's expectations that Zhao Yifan would refuse to sit with him.

"Xiaonan, I will sit at the corner here! Come over here quickly and take a seat!"

Chen Hao couldn't help but smile bitterly in his heart. He felt like a pestilence in the girls' eyes.

Other second generation heirs with 30,000 to 50,000 in their hands could toot their own horns in front of beautiful girls and catch the girls' attention.

He had countless assets under his name, but why could he not get any girl's attention?

Chen Hao had thought about using his own money to toot his own horn, but he

did not know how!

Sigh!

With that, Chen Hao stood aside.

Ma Xiaonan initially wanted to advise him because she really wanted to mend their relationship. Both of them were her best friends!

“Yifan?”

At this moment, a voice rang beside Chen Hao’s table.

A tall, handsome guy dressed in branded casual wear stood in front of the crowd.

He looked at Zhao Yifan. His gaze was filled with surprise and joy.

“Are you Zhuang Qiang?”

Zhao Yifan also looked surprised. She straightened her hair and stood up with a smile on her face.

“Yes I am. Yifan, I haven’t seen you in two

years. You are getting more beautiful by the day. I nearly did not recognize you at all!" Zhuang Qiang smiled.

"By the way Zhuang Qiang, I thought your father sent you abroad for your studies. When did you return?"

"I came back the day before yesterday. I happened to ask someone for your contact number. That's right, have you guys settled the issue at the Imperial KTV? It was Lei, our classmate from high school, who called and told me about this. He said you met with some trouble there!"

Zhuang Qiang smiled and said.

Zhao Yifan was so surprised that she covered her mouth.

Even Zhao Yifan's roommates suddenly looked as if they understood something.

"Ah! Zhuang Qiang, was it you? Did you help us out yesterday?"

Zhao Yifan looked surprised and happy at the same time.

Yesterday, Zhuang Qiang really wanted to help and he did indeed ask his father to give Li Feihong a call.

But Li Feihong did not pick it up.

So at that moment, he did not think too much when he heard Zhao Yifan ask him whether he helped them out or not.

He said, "Yes, yes. I did ask my father to ask around!"

Zhao Yifan was thrilled. At the same time, there was a flash of pride across her face.

Women would always be the most prideful creatures on Earth!

So everything's settled. All their doubts were clear. It turned out the person who made the call that day wasn't Ning Fan nor was it their friends. The only person who was able to make Li Feihong act that way was none other than her childhood friend, Zhuang Qiang.

In the past, Zhuang Qiang's father and her father were comrades in arms. Hence, her

relationship with Zhuang Qiang was very good.

However, Zhuang Qiang's family business grew too big and thus he was sent abroad to study.

Since then, they did not contact each other anymore.

She did not expect him to give everyone such a big surprise upon his return.

In addition to that, if he was able to make Li Feihong act that way, could you imagine the might of Zhuang Qiang's family?!

"Zhuang Qiang, no matter what, thank you very much!"

Zhao Yifan was beside herself with joy.

Seeing Zhao Yifan act that way, Chen Hao was incredulous.

Damn, I've just gotten rid of Ning Fan, and Zhuang Qiang comes along to steal my victory?

Chen Hao really wanted to tell them that it was him! It was him who made that call to save them!

But other than allowing Zhao Yifan and the rest of them to treat him with even more disdain, he would not get anything from it.

But most importantly, Chen Hao did not want to associate himself too much with Zhao Yifan.

At that moment, they could do whatever they wanted!

“Yes, I came to attend one of the gatherings organized by our classmates from high school. It’s just upstairs. Yifan, I will go up to give them a toast and come downstairs later. You can introduce me to your friends later!”

With that, Zhuang Qiang gave the girls a slight bow. He looked like a gentleman. Then he slowly left, leaving behind a group of dumbstruck girls.

Wow! He’s so cool!

“Yifan, Yifan, do tell, what’s the background of your childhood friend?”

“Does he have a girlfriend?”

Lin Jiao and the rest of the group were very curious.

Zhao Yifan proudly said, “This Zhuang Qiang is an amazing guy. Did you guys know about the Prosperous Food Group? That belongs to his family. It is one of the biggest names in the food industry!”

“Damn, it is among the top 100 listed companies among the businesses in Jin Ling. Their power is truly formidable!”

Lin Jiao and the rest of them said in awe.

“Didn’t the news report that there was something wrong with Prosperous Group’s capital flow a few days ago?”

Chen Hao was listening quietly in the corner, but after listening to them chattering away, he wanted to join in the conversation too.

But the moment he said those words, the entire atmosphere froze.

Especially Zhao Yifan. She was glaring at him sternly.

“What do you mean? Isn’t it normal to have capital flow problems? Why are you ridiculing him?”

“Hmph, some people are like that. They are so envious of others that they would take advantage of other people’s weaknesses. It’s really disgusting!”

Lin Jiao said condescendingly.

In that instant, Chen Hao’s words nearly caused a war to break out...

“Yifan!”

A student was walking behind Zhuang Qiang and both of them came downstairs.

“Yifan, you don’t look happy. What happened?”

Zhuang Qiang walked down the staircase with two hands in his pockets.

Looking at Zhao Yifan, who had become prettier compared to when they last met two years ago, Zhuang Qiang could feel his heart thumping.

“Nothing. I just felt disgusted!”

Zhao Yifan glared at Chen Hao and said coldly.

“That’s right. Who does he think he is? He always talks nonsense!”

Lin Jiao and the other pretty girls seemed to hate him equally as much.

They glared at Chen Hao.

Zhuang Qiang also took a glance at Chen Hao.

When he entered the room, he noticed that there was bad blood between Zhao Yifan

and Chen Hao.

Looking at the situation, both of them seemed to have quarreled.

Don't tell me that this guy is flirting with Zhao Yifan?

Hehe, how could that be possible?

Zhuang Qiang quickly scanned Chen Hao's clothing; it only totaled up to about 150. It was impossible that something was going on between Yifan and him.

"If it's a misunderstanding, we can talk it out! All of you are classmates, so you should get along well with each other!"

Zhuang Qiang smiled brightly and his gaze stopped at Chen Hao.

"Hey friend, my name is Zhuang Qiang. I'm Zhao Yifan's childhood friend. Nice to meet you!"

After saying that, Zhuang Qiang reached out his hand and wanted to shake hands with him. A golden Rolex watch could be

spotted on his wrist as his sleeves hiked up.

This golden watch was not an ordinary item. It cost at least 100,000.

All the girls couldn't stop staring at the watch.

Chen Hao looked at Zhuang Qiang, doubting his sincerity.

As he was about to reach his hand out, he heard Zhuang Qiang ask in surprise, "Wow, my friend. What is the brand of the shirt that you're wearing? I just came back from abroad, but I've never seen this design before!"

Zhuang Qiang stared at Chen Hao's shirt, pretending to be surprised.

His lips lifted slightly, full of mockery.

He could sense that Zhao Yifan was not friendly to this guy.

Why don't I play along and mock him for a while.

“Hehe, it’s just an ordinary brand!”

Chen Hao knew that he did it purposely with bad intention.

But Chen Hao didn’t bother about him.

To be frank, Chen Hao was thinking of using his sister’s VIP shopping card to buy some clothes, but the minimum expense was 300,000! It made him feel profligate.

“Oh I see, ordinary brand huh? Li Hao, have you seen this brand before? You’ve always been in the country all this while!”

Zhaung Qiang looked at his mate from high school.

The guy named Li Hao had blond hair and he was quite fair.

Actually, as soon as he came here, his sight was wandering on the pretty girls whose beauty stood out among the others, like Zhao Yifan, Xu Xia and Lin Jiao.

Listening to Zhuang Qiang, Li Hao understood his intention behind the words.

Li Hao shook his head and laughed. “I really have never seen this brand before. Let me look it up on Google.”

Two of them asked seriously, as if they were really learning something new.

In fact, they were actually mocking Chen Hao.

Chen Hao didn't feel embarrassed because of that.

However, Zhao Yifan and the girls vented their spleen while looking at Chen Hao.

“Hmph! Looking down on others? You deserve the scoffing now, poor loser!”

Lin Jiao laughed softly.

Being a student who studied abroad, his tactful mockery is much better than a direct insult. He is so cool!

Zhao Yifan thought.

Obviously, Zhuang Qiang targeted Chen Hao because of her. He did not make his

insults obvious, unlike Xu Nan.

Zhuang Qiang mocked him in a way that people couldn't tell it.

This made Zhao Yifan happy because she thought that Zhuang Qiang was wise and because of what he had done for her.

“Zhuang Qiang, let me introduce my friends to you!”

After glancing at Chen Hao, Zhao Yifan immediately introduced her friends to Zhuang Qiang.

Zhuang Qiang introduced his highschool friend, Li Hao, to them too. Li Hao's family ran a training institute. It was a famous training franchising company on Jin Ling Commercial Street.

Everyone took their seats.

Zhuang Qiang sat opposite of Zhao Yifan, naturally.

As for Li Hao, he seemed to take an interest in Xu Xia and Lin Jiao.

His sight was fixed on the two of them. While conversing, he kept showing off with the help of Zhuang Qiang.

The main characters today were actually Yang Hui and Xu Xia.

No one ever thought that Zhao Yifan's childhood friend would appear and join them, snatching away his opportunity.

Yang Hui felt unhappy about it.

Of course Chen Hao had noticed that.

Seeing his friend's opportunity being snatched away, Chen Hao couldn't stay out of business.

Fortunately, he already had a plan.

Before this, Chen Hao had called Li Zhenguo in his dorm, telling him to arrange a visit to the Hot Spring Villa with his friends today.

This was to support Yang Hui, so that he could gain more admiration from Xu Xia!

Moreover, Ma Xiaonan had always wanted to visit the villa.

Chen Hao looked at the guy named Li Hao. Knowing that Xu Xia was invited out by Yang Hui for dinner, Li Hao kept pestering him.

Li Hao asked about Yang Hui's family background.

In other words, he was trying to say: is your family as rich as mine?

Chen Hao was about to mention the trip to Hot Spring Villa.

But Zhuang Qiang suddenly interrupted and said, "Oh right. I heard about the news as soon as I came back. I believe all of you know that the Ning family at the Jing Ling Commercial Street went bankrupt. Sigh, it was too bad for them. My dad was actually an acquaintance of Mr. Ning, so I asked my dad to acquire Ming Huang Restaurant!"

Zhao Yifan and the other girls were startled.

Regarding the Ning family's affair, of course they knew every detail.

Because Ning Fan was with them when it happened!

However, upon hearing that Zhuang Qiang's family was going to take over Ming Huang Restaurant, all the girls made up their minds to make friends with Zhuang Qiang.

Zhao Yifan nodded. "Actually, we knew Ning Fan too. We heard that he offended a big boss behind the scenes, and then the whole family's business went bankrupt overnight! Ming Huang Restaurant, which had always been their main source of income, was forced to move out of Jin Ling Commercial Street! Why? Is Uncle Zhuang taking over the business?"

Zhuang Qiang saw all the girls looking at him.

All of a sudden, his vanity was greatly satisfied.

He nodded his head. "Yeah, my dad is

planning to do so. Anyhow, all of us know that business on Jin Ling Commercial Street is booming, so no one would doubt the business value there! Not to mention that my dad always goes to Jin Ling Commercial Street. He is also a regular customer of Hot Spring Villa!”

“Hot Spring Villa!”

Everyone was excited once they heard the name of Hot Spring Villa.

Zhuang Qiang nodded his head again and smiled. “Why? Have you been there before?”

She thought about the embarrassment that Ning Fan caused when he mentioned the resort.

But Zhao Yifan didn’t intend to hide from Zhuang Qiang.

She told him everything that happened with Ning Fan that day.

After listening to her, Zhuang Qiang laughed and said, “I never thought Ning

Fan would end up in this situation. But Yifan, since you didn't get to go to the villa, I'll bring you there this time. I just have to give my dad a call!"

"Woah! Zhuang Qiang, really?"

Lin Jiao asked in a lovely tone.

"Of course! Excuse me for a while, I'll call my dad now!" Zhuang Qiang dialed a number once he finished his words.

After explaining the situation, he hung up the phone.

"Why don't we leave now? I'm afraid there will be a lot of customers in the afternoon, then it will be difficult for my dad to make an appointment!"

"Yes! Sure!"

All the girls agreed.

"Great. Then Li Hao will drive there too. We go in two cars!"

After Zhuang Qiang finished speaking, Li

Hao went to get his car happily.

“Zhuang Qiang, two cars should be enough to bring 7 of us including Xiaonan. But how about them...”

Zhao Yifan pointed at Chen Hao, Yang Hui and the rest of them.

Zhuang Qiang asked them, “None of you drove here?”

Yang Hui’s face turned red. He shook his head and said, “It’s okay. We are not joining.”

Ma Xiaonan felt so bad because she was stuck in the middle. “I’m not going if they are not going.”

Chen Hao really didn’t want to put Ma Xiaonan in an awkward situation every time. He knew that she really wanted to visit the resort.

Chen Hao immediately said, “Xiaonan, you go with them first. We have ordered a table of food. We’ll meet you there once we finish eating!”

Chen Hao purposely said this so that Zhao Yifan and Xu Xia could hear him.

Yang Hui has ordered a table of food, and you are leaving now without even eating any of it. How could you be so inconsiderate?

Zhao Yifan, who was observant, understood his words and immediately scorned, "Oh, you are going there later? Do you think you can enter the resort later without Zhuang Qiang? It's just a table of food, so do you need to be so stingy? Or shall I help you pay for the meal?"

Yang Hui shook his hand and said, "You don't have to. Forget about us, just go. Xu Xia, see you next time!"

Yang Hui took a quick glance at Xu Xia.

I was about to say see you later. But Zhao Yifan is right, how would I be able to enter the villa later? Yang Hui thought.

Then, Zhao Yifan and the girls left in excitement, hoping that it wouldn't be another embarrassing event like the other

day.

After they left, Yang Hui looked at the dishes on the table.

He was disappointed.

“Hui, don’t be upset. We’re going to the villa later as I said!”

Chen Hui tapped on Yang Hui’s shoulder.

Yang Hui smiled bitterly. “I know you’re trying to cheer me up. Thank you for that. There is so much food left, so let’s not waste them. After we finish eating, let’s go back to our dorm and sleep!”

Chen Hao knew that Yang Hui thought he was just talking nonsense to cheer him up.

Chen Hao smiled, thinking that he shouldn’t hide from them anymore. To be frank, he was the reason why Yang Hui and his friends were being laughed at and bullied all the time.

Chen Hao felt bad about it too.

Immediately he took out his phone and called Li Zhenguo. “Zhenguo, I’m going to the Hot Spring Villa with my friends later. Can you arrange two cars to send us there?”

Li Zhenguo replied respectfully, “Roger, Mr. Chen. Where are you now?”

Chen Hao told him the address and location.

Yang Hui and the others looked at Chen Hao in surprise.

“Damn, Chen, who did you call just now?”

Yang Hui knew that Chen Hao was an honest person.

In spite of his vanity.

He would not have deceived them by making such a phone call after those people left.

Everyone wondered what happened.

Is it true that Chen can bring us to the Hot Spring Villa?

How is that possible?

Listening to Yang Hui's question, Chen Hao didn't say anything but smile.

He was trying to tell them: Soon, you'll know!

"Excuse me, sir. Will you still be dining here, or..."

A pretty waitress came to them and asked politely.

Although she was trying to be polite, she

couldn't hide her scornful attitude.

Of course she knew who was the one who ordered the food.

Looking at the current situation, she knew that all the pretty girls had left with the two rich young masters.

Meanwhile, all the customers in the restaurant looked at Chen Hao, Yang Hui and the others with smiles on their faces.

They felt humiliated, as if their girlfriends were being snatched away in front of everyone.

That was why the pretty waitress came over to ask them if they were still having meals in the restaurant. If not, they should quickly pay the bill at the front counter.

“No. Please help us pack all the food. We'll bring it over and have it in the Hot Spring Villa.”

Of course Chen Hao could recognize the disdain in their eyes.

Seeing that Yang Hui was so upset, none of them had the mood to continue eating here.

But it was indeed wasteful to leave a table of food here.

The pretty waitress and people who sat near them laughed profusely when they heard what Chen Hao said.

“F*ck, is this dude a fool?”

“Who does he think he is? It’s just a table of food and they still want to pack it? And they want to bring it over to the Hot Spring Villa?”

“Don’t they know that one main course in Hot Spring Villa cost more than the table of food they ordered here? Haha...”

“I guess they are just seeking validation after the pretty girls they invited have all left with other guys. College students nowadays only care about their pride. They are not shameful at all when they brag about themselves!”

The people around were mocking them in whispers.

This made Yang Hui and the others feel awkward. They couldn't help but keep quiet with their heads down.

The waitress rolled her eyes and looked at Chen Hao with derision. "In that case, who would like to pay the bill?"

"Me!"

Yang Hui said immediately.

This table of food cost as much as 800.

It was half of Yang Hui's monthly living expenses.

Chen Hao packed the food on the table into plastic bags.

He ignored the laughters and scorns from the others.

Broom...

Meanwhile, three luxury cars drove toward

the restaurant and stopped right in front of the entrance.

“Woah! There are three Rolls-Royce Phantom!”

“Damn, who’s the rich guy? This car cost millions each!”

“Not only the car model is incredible. Look at the car number plates!”

The car number plates of these three Rolls-Royce Phantom were special sequence numbers of 6, 8 and 9, which were 66666, 88888 and 99999.

These special sequences of car number plates cost about one or two millions!

Soon, the cars outside gained the attention from all the customers in the restaurant.

Even the waitress was astonished.

Is the owner of the cars coming to our restaurant to have a meal? Will I gain attention if I am the one who welcomes the cars’ owner?

She quickly tidied her uniform and trotted to the door.

Let's see if the owner is here to have a meal.

Three men got out of the cars.

Three of them were in their tidy black suits with sunglasses and earphones.

They looked exactly like the bodyguards of VIPs on TV.

They retained a very strong and solemn aura.

"Sir, how can I help..."

The pretty waitress welcomed them immediately.

However, the men didn't even look at her and went straight to Chen Hao who was packing the food.

"Mr. Chen!"

Three of them bowed with 90 degrees and

greeted him politely.

“What? Mr. Chen?”

“They called the fool who boasted just now as Mr. Chen?”

Everyone in the restaurant was dumbfounded.

Yang Hui and the others were even more surprised.

What’s going on?

Is Chen Hao that awesome?

Chen Hao had finished packing the food on the table.

“Alright, Hui, let’s go to the resort by car.”

“Mr. Chen, we’ll take these!”

A few bodyguards rushed to his side and took the food from Chen Hao.

Yang Hui and the others followed Chen Hao out unbelievably.

“Mr. Chen... Have a good day!”

Upon reaching the entrance, the pretty waitress greeted him in a hurry with a pale face.

Chen Hao only nodded his head.

His face was blushing as well.

The stares from the public made him uneasy.

They got into the cars quickly and were on their way to Hot Spring Villa.

In the car, Yang Hui couldn't stop himself from asking Chen Hao, “Chen Hao, what's going on?”

Chen Hao felt it was too early to tell them everything. He said, “Hui, I'll slowly explain this matter later on. But remember, your business is my business. I will make them regret the embarrassment you suffered today!”

Yang Hui and the rest stopped asking but nodded their heads in surprise.

Soon, they reached the villa.

Initially, the drivers were supposed to take Chen Hao and his friends to the VIP room for dinner. They even arranged a lot of entertaining activities for them.

But Chen Hao noticed that Yang Hui and the rest were tense with the bodyguards around.

In fact, Chen Hao felt uneasy too.

Chen Hao let the drivers go back once they reached their destination. They planned to have dinner after exploring the villa.

“Damn! Chen, you’re so cool! You really brought us to this villa as you said!”

Li Rui couldn’t keep from admiring him while walking around the villa.

“Hehe, I am acquainted with the CEO here! Order whatever you want! Enjoy yourselves to the full!”

Chen Hao said smilingly.

“Ah! I know now! Chen, let me guess. The CEO that you mentioned is the dad of the girl that you saved the other day. And he is also the one who gave you the VIP Shopping Card as gratitude, am I right?”

“Well, I guess so...”

Those cards were indeed sent to him by Li Zhenguo upon his sister’s order.

Yang Hui and the rest finally understood.

They felt safe to enjoy themselves.

The villa was extremely huge, and it took up the space of half of the mountain.

The view around the villa compound was breathtaking, but there wasn’t much for them to do.

The hot spring and the restaurant were actually inside the resort.

After becoming familiar with the surroundings, Chen Hao said, “Let’s go in. We’ll have dinner first, then we can take a bath in the hot spring!”

“I’ve checked online, they mentioned that people were prohibited to enter the resort if they did not plan to consume in the resort, is that true?”

Li Rui asked curiously.

Actually, it was enough for him to just have a look around the villa compound.

He knew that not everyone could stroll around the villa compound.

“Don’t worry!”

Chen Hao gave him a smile. This villa was run by his sister, but it was registered under his name.

So he wasn’t worried about it.

There was a plain-looking bridge connecting the villa compound, which was the outer section, and the inner section of the resort.

While Chen Hao and his friends entered the inner section, they met Zhao Yifan and the other girls who were taking photos.

“Look! It’s Chen Hao and his friends! How did they enter the resort?”

Lin Jiao recognized them at once and said surprisingly.

Zhao Yifan was having a conversation with Zhuang Qiang.

Hearing Lin Jiao, she frowned and turned to look at their direction.

Indeed, it was them.

“How did they enter the resort?” Zhao Yifan asked in surprise.

Wait! I Have Something to Say!

“Damn! Don't tell me you snuck in from somewhere else?”

Li Hao asked.

He threw a malicious look at Chen Hao and the others.

That was what crossed the mind of Zhao Yifan and the group of girls as well.

Think about it.

Hot Spring Villa was such a high class place. How could anyone come and go as they wished?

Even Zhuang Qiang, who was of such high status, had to continuously call his father to connect with someone on the inside, and only then were they let in by the guards and allowed access into the villa.

Despite that, they were only allowed access to the villa outer compound.

“Damn! If they really snuck in, that would be so embarrassing!”

“Embarrassing would be the least of our concerns. If the guards find out that they know us, wouldn't we get chased out as well?”

The group of ladies stared at Chen Hao distastefully. At the same time, they muttered in panic.

“Yang Hui, how did you all enter this place?”

Xu Xia kept silent.

She walked over toward Yang Hui and quietly asked.

It seemed like she was concerned for Yang Hui.

“We came in from the front entrance!”
Chen Hao explained.

Yang Hui also nodded while looking at Xu Xia.

“Haha, front entrance? Do you think the guards are that blind?”

Lin Jiao, who had been flirtatious all this while, snapped at Chen Hao.

She swore to god that if she was chased out due to Chen Hao, she would slap him ten times!

Viciously!

Zhao Yifan also knew the severe consequences of sneaking in.

She stopped in front of Chen Hao and solemnly said, "Chen Hao, I hope you can tell us the truth. If you really snuck in just for the sake of your pride, I can let Zhuang Qiang know in advance. Who knows, maybe he can think of a way to help you!"

"Yes. That way things wont go out of hand!"

Zhuang Qiang agreed with Zhao Yifan.

He thought, Zhao Yifan's group of friends were a bunch of weirdos.

"Um..."

Chen Hao listened to them ramble on and on.

He was really speechless.

I walked in from the front entrance, so what other truths do they want?

In order to satisfy them, do I have to tell them that I climbed in from a doghole?

“I am telling the truth. If you all are willing to, we can always hang out and have fun inside the villa. We could have a meal and experience the hot springs!”

The only reason Chen Hao said this was due to Ma Xiaonan.

In reality, Ma Xiaonan, who was next to him, was feeling anxious.

She was afraid that Chen Hao would get into trouble.

However, his good intentions were not appreciated. Instead, the group of people looked at Chen Hao as if he was an idiot.

“What did you say? You still want to enter the inner section of the villa? Why don't you take a look at yourself in the mirror? Someone like you? Can't you see the guards who are standing there?”

Lin Jiao furiously reproached.

“Exactly. Even Zhuang Qing could not bring so many of us inside. What makes you think that you can?”

The group of girls chided.

“Haha, there are fourteen of us. Ignoring the cost of the meal, just by soaking in the hot springs would cost more than 150,000. If you were to include the cost of the meal, that would at least be in the range of 200,000 to 300,000! If there were fewer of us, I could still work something out. However, with so many of us, it would also be very tight on my budget!”

Zhuang Qiang threw a bitter smile at Chen Hao.

Zhao Yifan was very touched as Zhuang Qiang was so kind toward them.

At the same time, she got even more speechless at Chen Hao.

“It's okay. Why dont we come again in the future? Let's leave in order to avoid this awkward situation!”

“No way! Why should we leave because of this loser!”

“Exactly! Zhao Yifan, we rarely have such opportunities to come in and visit!”

All of a sudden, everyone's gaze was on Chen Hao. They all stared angrily at him.

That was exactly the effect Zhao Yifan wanted.

She wanted to force Chen Hao to leave.

Chen Hao bitterly smiled and shook his head. “If you are willing to follow me in, then by all means!”

He looked at Ma Xiaonan and said, “Xiaonan, do you believe me? If you believe me, then come along with me!”

Ma Xiaonan gritted her teeth and ultimately nodded.

Chen Hao then brought the few of them to cross the bridge and walked toward the inner section.

“Haha, wait for them to get punished! If anything happens later, they’d better not drag us into it. Such an embarrassment!”

Lin Jiao looked on, speechless.

“This guy sure knows how to joke around!”

Zhuang Qiang simply stood there and enjoyed the show as well.

However, what happened next blew their mind.

Wherever Chen Hao went, he could come and go as he wished.

The group of guards even bowed when they saw Chen Hao.

“What is going on?” Zhuang Qiang was in disbelief.

Lin Jiao's mouth fell wide open and she had to cover it with her hands.

She thought that Chen Hao would get beaten up and she had been secretly delighted about it.

Yet, he was able to walk in casually.

The group of ladies had confused looks on their faces.

Even more so for Zhao Yifan. If she had not seen this with her own eyes, she would not have believed it.

In her eyes, Chen Hao was always the poor loser that was to be looked down on.

She knew that Xiaonan had the intention of helping them build a closer relationship.

However, from the day of the bag incident until now, Zhao Yifan had felt that he was an ultimate loser.

She was fed up with him whenever they met.

Yet now, he could roam freely at Hot Springs Villa.

Even Zhuang Qiang did not have the authority to bring so many people into the villa.

“Yifan, what do we do now?”

Lin Jiao stared at Chen Hao’s distancing shadow and she was not willing to accept the situation that had just unfolded.

Zhao Yifan glanced at Zhuang Qiang and Li Hao, who were next to her. She had a questioning look on her face.

Zhuang Qiang’s father could pressure Li Feihong from the Imperial KTV to bow down and submit to them. Hence, if his father was willing to help, this wouldn’t be a problem as well!

Zhuang Qiang’s expression changed.

It could be said that Chen Hao just slapped their faces and made a joke out of them.

If Zhuang Qiang followed Chen Hao right now, he would definitely be treated as a joke!

What should I do?

I will call my father again!

I don't want to be made fun of in front of Zhao Yifan.

Thus, he took out his phone and called his father and narrated the situation.

Zhuang Qiang's father was also someone who prioritized reputation. Upon hearing that his son had been made fun of through monetary means, he could not stand it.

He immediately promised that he would fund Zhuang Qiang another 100,000 in order to gain his reputation back.

Although it was a huge sum of money, it was a matter of their reputation!

"Whatever, nothing special about that. Yifan, let's go inside as well. I will bring everyone into the inner section of Hot

Springs Villa!”

Zhuang Qiang squeezed the words out of his mouth.

“Great! Zhuang Qiang is so cool! Yes, we cannot be put down by the poor dude and be made fun of!”

Lin Jiao and the others started cheering.

Each person’s entrance fee already cost around 10,000, excluding the hot springs, dining service and other entertainment options like golf.

The eight of them spent 80,000 just like that.

“So what if they were inside? They would merely be passersby here. On the other hand, I would still be able to treat you all to a game of bowling!”

Zhuang Qiang threw a glance at Li Hao. They also lost their cool and spent the 80,000.

Worst come to worst, they would spend all

150,000!

Bowling should be the cheapest activity in the villa. At least it was cheaper than having a meal!

Everyone followed Zhuang Qiang inside.

The inner section was really worlds apart compared to the outer section. It was like visiting a completely different planet.

No wonder all the rich businessmen from out of town treated the Hot Springs Resort like heaven. It really felt and looked like heaven.

Zhao Yifan was still in shock.

Being mocked by Chen Hao left a lasting effect and it had only subsided a little

“Ah! Take a look there! What do you all see?”

At this moment, Lin Jiao, who was touching up her makeup in order to take a selfie, spotted a loft. The loft was elegant and it was located right on top of the most

beautiful Hot Spring waterfall.

There were people having a meal inside.

The surrounding water started to turn into mist and slowly rose. There was even a rainbow in the background.

From the eyes of the people above, it looked as if they were dining on top of the clouds.

It was such a beautiful sight.

Zhao Yifan also noticed how beautiful it was. She wished that she was the one having a meal up there. That way, she would be the centre of attention and everyone would be envious of her.

“That’s Ru Wei cafe!”

Zhuang Qiang also could not help but be envious about it.

“Brother Qiang, what is Ru Wei Cafe? It doesn't sound special at all? Is it very expensive?”

Lin Jiao and the group of girls asked.

“Doesn't sound special? Very expensive? It is more than just expensive! Putting the cost of the meal aside, do you know how much it cost just to enter Ru Wei Cafe? It costs 300,000!”

Upon hearing that, everyone was shocked.

Entering this place alone cost 300,000?

Oh my god!

Zhuang Qiang knew more than that. He said, “Not only do you have to be rich, you would also have to be of a certain status before being allowed to enter. Therefore, people who are allowed to dine in there must be wealthy businessmen. Huge business tycoons would utilize that area in order to have a meal together.”

Zhao Yifan was devastated.

“Hey, that's not right! Yifan and Zhuang Qiang, take a look at the people dining there! Why does it look like Chen Hao and his dorm mates?”

Lin Jiao stared for a long while and finally saw what was out of place.

Xu Xia who was beside her also nodded.
“Yes, I saw Yang Hui as well!”

Zhao Yifan’s heart sank. She followed Zhuang Qiang, Li Hao and the others to get a closer look.

They could make out the silhouette of Chen Hao and the others.

“Impossible!”

Zhao Yifan could not believe it. How could this poor dude be in there?

Absolutely impossible!

Ring—

Just then, Zhao Yifan’s phone rang.

Ma Xiaonan was the one who called.

“Yifan, why did you all take so long? The food has been served already. I can spot all of you, come on up! The view up here is

breathhtaking!”

As she was talking over the phone, Zhao Yifan could see her waving from the loft. She was signalling for them to go up!

“My god. It really is Chen Hao, Xiaonan and the others... how...”

Lin Jiao gulped. This was so unreal!

Zhuang Qiang and Li Hao turned purple. Their faces have been thrown out of the window today!

“Yifan, let’s go. Let’s go up now!”

Lin Jiao could not wait to head up. Most importantly, the rest of the rich and famous visitors in the villa were staring at them in envy.

Their narcissistic needs were fulfilled and she felt inflated.

Zhao Yifan bit on her lips. “Alright! Let’s go up!”

She had to find out what was going on

with Chen Hao! Otherwise, she would not be able to sleep well from today onward.

Li Hao, on the other hand, looked nervously at Zhuang Qiang. He said, "Zhuang Qiang, this poor dude is actually so powerful. I think we should make a move. Let's not try to court his friends anymore."

Li Hao was already afraid.

Zhuang Qiang snorted. "Damn! What are you afraid of! I don't believe he is this powerful! Let's go up and check out the situation!"

Above the clouds.

Chen Hao, Yang Hui, Xiaonan and the rest of them were seated together.

They were enjoying the beautiful scenery surrounding them.

As for Ma Xiaonan's astonishment, Chen Hao gave her a runaround.

Chen Hao did not expect Zhenguo to give him such a huge favor.

It must cost a lot to dine in this place.

Then again, he thought of the fact that the entire villa was owned by him and his sister. That gave Chen Hao a different sensation of excitement.

At this moment, Zhao Yifan and the rest of the girls came up.

Zhao Yifan had a ghastly expression.

After all, she had always treated Chen Hao as a poor loser and looked down on him.

Yet, now she felt as if she had to actually respect Chen Hao.

That made Zhao Yifan feel extremely uncomfortable.

“Chen Hao! How could you afford to come up here?”

As soon as she saw him, the first thing Zhao Yifan blurted out was the burning question in her mind. It was also the question that scared her the most.

She was afraid Chen Hao would tell her he was rich.

That would make Zhao Yifan even more uncomfortable.

“Exactly! Chen Hao, how could you afford this place? This place is very expensive!”

Lin Jiao's tone became much more polite and even had a slight hint of shyness.

Zhuang Qiang and Li Hao also wanted to hear his explanation.

Chen Hao smiled and replied, "Oh, I just so happen to know the General Manager here. Thus, he invited me over here for a meal and I could bring my friends along!"

What?

Everyone looked confused.

Even if Chen Hao knew the General Manager, wasn't this a bit too grand?

Zhao Yifan stared at Chen Hao.

Ma Xiaonan could not help but tell the truth.

She narrated how Chen Hao met with the General Manager and how they all came to the villa.

Zhao Yifan heaved a sigh of relief.

She asked, "Xiaonan, did you mean that Chen Hao saved the daughter of the General Manager? So the only reason he could purchase the famous and expensive Hermès bag as well as having this meal in the most luxurious area of the villa was all

because of that?

Ma Xiaonan nodded her head. "Yes, Chen Hao got lucky. Good-heartedness often meets with recompense!"

Phew, that gave me a scare!

Zhao Yifan felt relieved.

Even Zhuang Qiang and the others heaved a sigh of relief.

Although Chen Hao was enjoying better treatment currently compared to them, who were rich second generation heirs, all these were just to return him a favor. After today, Chen Hao would still remain a poor loser.

After everything was cleared up, Zhao Yifan and the group of girls felt better.

Despite that, Chen Hao could tell that Zhao Yifan was not appreciative. However, she did not seem to despise him as much as before.

In her eyes, her presence was already

saving Chen Hao's face.

Chen Hao merely smiled in response to all of that.

“Have a look at that! Is that an oil painting? It looks like an oil painting from a famous master abroad! Is that real?”

All of them ate and drank, relaxing and enjoying themselves.

Then, Lin Jiao's gaze fixated on four paintings each of a different style on the four pillars within the loft.

One of them was an antique oil painting. It was painted by a famous painter, well known in the history of other foreign countries.

Lin Jiao recognized it at first glance.

“It should be real...” Chen Hao smiled.

Barely anything was fake in this villa.

After all, a lot of money was invested.

“What do you mean it should be real? It is real!”

Upon hearing what Chen Hao said, Zhuang Qiang scorned.

He used to study abroad.

It was his strength to examine certain famous foreign works.

What a poor dude this Chen Hao is. He had the ability to treat all of us yet he made me spend 80,000 to 90,000.

And it was all for nothing!

Zhuang Qiang had no choice but to regain his reputation from elsewhere!

He confidently said,

“The beginning auction price of this painting has reached 1 million overseas. It is extremely valuable! The other three paintings within the loft of the villa are all rather expensive as well. Why else do you think it's so expensive to dine in here?”

“Oh my god! Beginning price of at least 1 million?!”

The group of girls were amazed.

Lin Jiao was even more excited. “I have to take a picture with this photo! A photo with all these famous paintings that cost a few million!”

Everyone burst into laughter.

Chen Hao stood up and took down the precious painting. “If you all want to take a look, just take it down and have a look!”

“Hey, hey, hey! My god! Chen Hao, can you keep your hands to yourself? Damn! If you spoil the painting, who would be able to compensate for it?”

Zhuang Qiang stared angrily at Chen Hao.

Li Hao also sneered. “The manager only invited you for a meal. Do you think you are actually the host of this place?”

Zhao Yifan kept quiet but she was looking at Chen Hao.

She shook her head in disappointment.

Be it carrying himself or in terms of knowledge, Chen Hao was way behind compared to Zhuang Qiang.

No matter where he was, the vibe he transmitted was just unsightly! Far too unsightly!

Chen Hao's intention of taking the painting down was to improve their relationship.

Instead, he was interpreted as being careless.

Oh well, whatever.

Chen Hao wanted to hang the oil painting back.

Who would have known that his hands would tremble and he did not manage to hang the painting securely. Coupled with that, a strong breeze blew in.

As such, the oil painting slipped out of his hands. It was blown out by the wind and fell straight into the waterfall below!

"Ah!"

The group of girls screamed upon seeing what transpired.

Even Zhao Yifan could not sit still and stood up in shock.

Oh god, this oil painting is screwed.

That's 1 million down the drain!

Everyone subconsciously gulped.

Only Zhuang Qiang and Li Hao were laughing within their hearts. Damn! An oil painting that cost 1 million is gone just like that! The manager owes you a favor and the favor was returned by treating you to a meal here. Let us see how you handle this after messing up the painting!

Haha!

"Chen Hao, why don't we make a move instead? Since we are almost done eating!"

Ma Xiaonan asked carefully.

If they continued to stay here, Chen Hao would not be able to avoid paying the 1 million!

“Oh no, this is not good! Take a look downstairs! There are people coming up!”

Lin Jiao nervously said while pointing down.

Chen Hao also looked.

He saw Li Zhenguo with a few waiters. They had expensive alcohol on their trays and were walking up toward them.

Chen Hao guessed that they were here to propose a toast.

Chen Hao felt speechless.

He had already informed Li Zhenguo not to expose his identity as it was not the right time. Why was he here to propose a toast?

Very soon, Li Zhenguo arrived.

Zhuang Qiang naturally recognized Li Zhenguo.

“General... General Manager Li!”

Zhuang Qiang stuttered.

He did not expect the manager Chen Hao was talking about was Li Zhenguo, the tycoon of Jin Ling city!

Zhao Yifan was also shocked and she dared not open her mouth.

Chen Hao is so lucky!

Li Zhenguo nodded as a sign of regards toward them.

His gaze landed on Chen Hao and he respectfully said, “Chen...”

He suddenly recalled that Chen Hao had reminded him not to expose his identity.

As such, Li Zhenguo quickly rephrased and said, “Chen Hao, what are your thoughts on today's arrangement? How do you feel? Are you satisfied?”

Chen Hao nodded and smiled.

At this moment, Zhuang Qiang gulped and said, "G-General Manager Li, Chen Hao messed up your oil painting. It fell into the water below!"

"Yes, General Manager Li. It's Chen Hao's fault! He insisted on removing the oil painting. In the end, the painting slipped and fell!"

Lin Jiao quickly pleaded innocence as well.

In a hurry, Ma Xiaonan explained, "But General Manager Li, Chen Hao did not do that on purpose!"

Yang Hui also stood on Chen Hao's side. That was 1 million! How could he ever compensate that amount?

Li Zhenguo was very intelligent. How could he not have understood the situation?

Looks like not all of them are Young Master Chen's friends. It's also obvious Young Master had not revealed his identity.

Young Master Chen has always been conservative and maintained a low profile. Looks like he does not want to gloat and brag about things.

Li Zhenguo was not stupid. Furthermore, coupled with Chen Hao's previous reminder, he was not going to expose Chen Hao's identity just like that.

His expression changed.

"What! That oil painting was thrown down the loft?" Li Zhenguo trembled with rage and looked terrified. He looked as if he was very concerned about the oil painting!

The atmosphere became tense.

Ma Xiaonan quickly apologized. "General Manager Li, we are truly sorry!"

"Chen Hao, that famous painting costs 1 million... Moreover, my boss exceptionally likes this painting. How am I supposed to explain what happened?"

Li Zhenguo stared solemnly at Chen Hao.

Chen Hao knew that Li Zhenguo was trying to give him a graceful way of backing out of this predicament. This was the only way without exposing his identity.

Haha... Li Zhenguo is such an interesting person.

Chen Hao then acted as if he was in remorse.

“General Manager Li, I did not expect this to happen as well! You cannot fault me for this!”

“You are not to blame?” Li Zhenguo frowned.

Lin Jiao, who was standing beside Chen Hao, thought that he wanted to put the blame on her. She quickly said, “Chen Hao, it was you! The painting slipped out of your hands! Stop trying to put the blame on others!”

“Exactly! Have the courage to admit your mistake! Are you still a man?”

The group of girls also looked at him in

disdain.

"I am guessing he is afraid of having to pay 1 million, and that's why he is trying to lay blame on others!" Li Hao also sneered.

At the end of the meal, Chen Hao did not manage to close the gap between them. Instead, all he received were envious looks from them!

Chen Hao smiled bitterly.

Yet, he had to continue faking it. "General Manager Li, let me explain to you. I did take down the painting but you cannot fault me because there was a strong breeze. I was going to hang the painting back but the wind knocked the painting out of my hands!"

"Haha! He is actually trying to push the blame onto the sky and the air!"

The group of people expressed their contempt.

Zhuang Qiang also said, "Chen Hao, you are such a coward. You put the blame on

the wind?! You really have a way of trying to get out of things!"

Li Zhenguo put on a front, as if he was deep in thought.

After some time, he patted his own head. "Chen Hao, I finally understood what happened. Looks like I have misunderstood you. This painting was blown down by the wind! You are really not to be blamed!"

"Yes. You all hung the painting here and the breeze was so strong!" Chen Hao followed up and said.

"Yes, yes. If you had not reminded me, I would have forgotten about that. Looks like we are responsible for this mistake!"

What?

Everyone's mouth fell open.

Just like that, Li Zhenguo was convinced?

Zhuang Qiang felt as if there was a bone wedged in his throat. It felt extremely

uncomfortable.

Zhao Yifan and the rest were even more confused.

“Alright. Since things have been cleared up, we should make a move! Thank you General Manager Li for your hospitality.”

Chen Hao grinned.

The show Li Zhenguo put on was really funny.

After everyone left, they all threw a confused look at Chen Hao.

Zhao Yifan felt that there was something amiss with Chen Hao.

“Chen Hao, you are so amazing! Just like that, you convinced General Manager Li who seemed very concerned about the painting!”

Ma Xiaonan was in admiration.

Zhao Yifan merely stood there and listened.

She was extremely confused. Was that the truth? Is that all there is to it?

Even after they reached their dormitories, Zhao Yifan and the rest of the girls were feeling glum.

Nobody would have felt that bad if Chen Hao, being a poor loser, had won the lottery with a cash price of about 100,000.

However, not only did he buy a luxury bag, he even dined in the top restaurant in Hot Spring Villa.

Besides that, it was a painting that cost 1 million. How could he have persuaded Li Zhenguo with just a few words?

It was impossible!

“Yifan, what do you think of today's incident?”

Zhao Yifan sat on her bed listening to the question posed by Lin Jiao, who was removing her makeup. She frowned.

“I have no idea, maybe we're overthinking. Didn't Xu Xia call Yang Hui again just now to confirm that the reason why General Manager Li was so courteous to Chen Hao

was because he saved his daughter?”

“Regarding that painting incident, I guessed Li Zhenguo was trying to find a reason not to make things difficult for Chen Hao. Chen Hao did rescue his daughter and that itself is a massive favor already!”

Zhao Yifan reasoned.

“Then it makes perfect sense. Hmph! I thought that Chen Hao suddenly became rich today. I nearly had the shock of my life!” Lin Jiao gave a long sigh.

“Why don’t you continue calling him Brother Chen Hao?”

A group of girls teased.

“Who would call him that. Damn it, how could he waste a favor just like that. If I had that kind of favor, I would have asked General Manager Li to arrange a position for me. That way, I would not have to worry anymore!”

“It’s true. Chen Hao, on the other hand,

used up his favor completely in just one day. Sigh, I really worry about his IQ!”

The girls chattered away.

Zhao Yifan was enjoying the conversation. The more Chen Hao suffered, the more relaxed she felt.

It was a very strange feeling indeed...

However, Chen Hao did not think too much about it. The moment they got back to their rooms, all of them fell asleep in an instant because they enjoyed themselves too much today.

The next day, when they were preparing to go to class, he saw Yang Hui and the rest of them in the dormitory. They were putting money into envelopes and writing their names on the envelopes.

Chen Hao looked at the group messages and found out that the class monitor had tagged all their classmates in the group chat, telling them that their tuition fees were due today.

“Chen Hao, for your tuition fees, will you be waiting for the student subsidies for another half a month? Or...?”

Actually, Yang Hui wanted to ask if General Manager Li had given Chen Hao some cash to pay for his tuition fees or something along those lines.

However, when he recalled the painting that was worth 1 million, he did not ask any further.

He was afraid that his best friend Chen Hao had gone back to being just a poor boy.

Chen Hao smiled and said, “Don’t worry, I still have some money left. It’s enough to pay for my tuition fees. Oh by the way, you guys can go to the classroom to pay first, because I need to withdraw some money!”

Chen Hao didn’t seem to be lying.

Yang Hui thought that he really did have some money left.

Thus, he felt relieved.

Chen Hao arrived at the bank located at the campus entrance.

“I would like to withdraw 5,000!”

Chen Hao gave them the card through the window.

As a result, the service staff inside was stunned.

She picked up Chen Hao’s bank card and looked it over from the front and back.

Finally she asked Chen Hao in surprise,

“What’s wrong with your card? The card services were changed by somebody!”

His card services were changed?

Chen Hao was stunned.

Actually, the female service staff noticed that Chen Hao’s attire looked quite ordinary. He looked like a poor student at one glance.

Hence, her tone was a bit impatient.

However, other than a few VIP customers, only a few people could alter their banking card services.

She explained, "Yes, your banking card underwent some major changes in the UnionPay service. You can only withdraw a minimum of 200,000 at once. You cannot withdraw 5,000 at all!"

The female service staff gave him a once-over.

No matter how she looked at this student in front of her, he did not look like a rich person at all.

So, who set up his bank card?

Chen Hao knew who did it in an instant.

Other than his sister Chen Xiao, who else could it be?

My dear sister, is it so wrong to be thrifty? Damn it, how could she set a minimum limit for my bank card. Does she want our family to go bankrupt?!

He immediately called his sister.

Very soon, his call was answered.

“Sister, did you do anything to my bank card?”

“Yes I did. I adjusted the minimum withdrawal amount. I had no choice. This is because you are not behaving like a rich kid. My dear brother, with the way you are now, how are you going to establish a foothold in our family? You should slowly adjust to this kind of lifestyle!”

Chen Hao was stunned into silence.

“Oh, by the way. I would have given you a call today if you had not called me. Other than the bank card, I have also set some minimum withdrawal limits for you recently. Do you still remember the shopping cards that I gave you?”

“There’s still approximately 10,000,000 worth of credit inside. I have set the end of this month as the expiry date. In other words, if you do not spend all the money in these shopping cards by then, then that

10,000,000 will end up in another person's pockets!"

"Damn it!!!"

Chen Hao's eyes nearly turned red.

Such cruelty!

Such cruelty!

She was essentially forcing him to bankrupt the entire family!

"You better grow up fast. Don't let your sister and parents worry about getting you out of the shadows of poverty..."

With that, his sister hung up the phone.

"What's wrong with you? Do you want to withdraw your money or not? If you do not want to do that, don't waste our time!"

Unbeknownst to him, there were already 5 to 6 students standing behind him. All of them wanted to withdraw their money.

The person who uttered those words was

a well-dressed guy who had his arms around a pretty female student. He cast a look of disdain in the direction of Chen Hao.

The tuition fees were due today, thus a lot of students came here to withdraw money.

Seeing Chen Hao on the phone for such a long time and looking at his attire, anybody could see that he had definitely ran out of money and was currently calling his parents to amass some.

“Gosh, how long do you need to gather the money? Our classes are starting soon. Haha!” A girl asked with disdain, with a boy’s arm around her waist.

“I’ll withdraw now!”

He had no choice since more and more students were coming to the bank.

Chen Hao thought that he would better hurry. He would withdraw 200,000 first.

Then, he informed the service staff at the bank counter.

The female service staff was a bit skeptical.

However, she punched in the amount.

Following that, her computer display showed that the withdrawal was a success!

The female service staff's eyes gleamed in that instant.

200,000!

I'll be damned. He's filthy rich!

"Sir, it's done!"

The female service staff straightened her hair and stood up to service him as a way of expressing her respect toward Chen Hao. She took two bundles of money and put it into the money counter.

Whirl! Whirl! Whirl!

The machines whirled.

It was all cash!

All the students who were in the hall were stunned.

The couple behind Chen Hao had their mouths wide open. Their mouths were so wide that you could stuff two eggs inside there.

Just now, they were taunting him to withdraw his money quickly as though he didn't have enough.

But now it seemed that it wasn't true!

Quite a number of female students were giving him some strange looks.

As if saying, Here handsome, look at me, please look at me!

Chen Hao touched his nose embarrassingly.

He noticed that there was a lot of money and he did not have anything to put it in.

He saw a black-colored rubbish bag in the dustbin in front of the counter. It was changed recently and was still brand new.

He took it directly.

“You... Are you using this?”

The female service staff looked at him in surprise.

Was the world of the rich different?

“Yes!”

Chen Hao did not say anything more. He packed the 200,000 cash into the plastic bag. Then, he picked up his bank and ID card and left the bank.

“Oh my God, look at him. He was urging that guy just now. Is his family as rich as him?”

The moment Chen Hao left, the entire hall was abuzz with noise.

The girl behind Chen Hao just now even gave the guy a punch in disdain.

The male student could only look at Chen Hao's retreating figure and said viciously,

“F*ck, what kind of wealthy person dresses like this!”

Even though Chen Hao hurriedly returned to the classroom so that he could pay his tuition fees on time, he was still late.

“I’m here!”

Chen Hao stood at the entrance of the classroom.

A young, pretty tutor named Meng Cairu gave Chen Hao a glance.

“Ah! I thought you would be too scared to come after knowing that the tuition fees are due today.”

After that, she looked at the rubbish bag that Chen Hao was holding in his hands. “What’s that? Are you picking up trash for income since you do not have enough money for your tuition fees?”

“Hahaha...”

The moment Meng Cairu uttered those words, everybody in the classroom started

roaring with laughter.

Chen Hao did not say anything.

His tutor had always acted so. She really despised the poor and curried favor with the rich.

To put it this way, Meng Cairu had a good relationship with Xu Nan and a few of the richer students in class.

She would usually go out to sing with them.

Even if Xu Nan and the rest of them played truant or skipped their exams, they would still be able to get high grades.

They did not even need to apply for a day off.

However, if Chen Hao did all these things, Meng Cairu would expel him from college if he skipped classes without applying for a leave first. Although he was exaggerating the situation, that was pretty much the truth!

“Looking at you, I know that you have to rely on the student subsidies again, right? Why didn’t Jiang Weiwei report to me? Let me tell you this, Chen Hao. If you cannot pay your tuition fees by the end of the month, you would still have to drop out automatically even if you are in your third year of college!”

Meng Cairu coldly stated, “Ok, you can take your trash and go back to your seat! Such an embarrassment!”

Meng Cairu had heard about Chen Hao’s previous incidents. Hence, at that moment, faced with Chen Hao’s worrying IQ, she could not get too angry about it.

Pfft!

Xu Nan, Blondie and the rest of the gang were covering their mouths as they laughed.

Chen Hao looked apathetic. “Ms.Meng, who said that I would drag till the month’s end to make my payment. I specifically came here today to pay my tuition fees!”

“What? Is he really paying his fees today?”
Everyone questioned in disbelief.

Meng Cairu looked surprised.

Even Yang Xia, who was sitting in the middle of the classroom, rolled her eyes at him.

“Chen Hao, don't tell me you brought 10 or 1 banknotes again. You had us counting the money for nearly half a day!”

Meng Cairu said worriedly.

Last semester, everybody was shocked when Chen Hao paid his tuition fees.

As he wasn't successful in applying for the student subsidies, Chen Hao gathered all his savings that he had earned from his part time jobs to pay his tuition fees. He had caused quite a stir in his entire department.

What the f*ck. Does such a poor person even exist?

Meng Cairu was really worried that the

same incident would happen again. As their tutor, she would be so embarrassed!

“Sigh, Ms. Meng, looks like we have to expend some effort again! I am worried about my right hand as this is the hand that was suppose to be use on dining and gaming!”

Xu Nan, Blondie and the rest of them pretended to look pained as they swung their right hands around while walking up the stage, indicating that they were prepared to help the tutor count the money.

When in reality, they wanted to ridicule Chen Hao.

Yang Xia didn't want to look at him. As his ex-girlfriend, she felt so embarrassed!

“Haha, if you guys are willing to count it, then you can count it slowly. Let me know when you are done!”

There was a hint of anger on Chen Hao's face.

He threw the rubbish bag onto the podium coldly.

Thud!

The money in the rubbish bag scattered throughout the podium.

“What?”

All the students in the class were stunned.

Xu Nan, who was standing on the podium and was preparing to ridicule Chen Hao, had an incredulous look on his face.

How did Chen Hao get so rich?

Meng Cairu's lips parted slightly. She felt her breath quickened.

Even Yang Xia, who was at the bottom of the podium, looked shocked.

At one glance, these cash amounted to approximately a few hundred thousand.

“Chen Hao... where did you get this money from?”

Meng Cairu calmed herself and asked.

“That's right Chen Hao , there is at least 200,000 here.”

Several female students near the podium couldn't help but ask.

"Yes, there is 200,000 here. As to where I obtained it... It's from a lottery!"

Chen Hao said.

Of course, he could not tell them about the minimum withdrawal amount that his sister set for him. He knew that they would still treat him like an idiot even if he explained it to them.

Chen Hao definitely would not show off his wealth, unless the situation demanded it, like now.

"You've won the lottery!?"

Chen Hao's words caused quite a stir in the classroom.

Xu Nan, Blondie and the rest of the gang on stage were looking like a bunch of idiots.

They wanted to ridicule Chen Hao in the beginning, but now he had thrown 200,000 at their faces for them to count.

They really deserved it.

They continued to stand on the stage as they were too embarrassed to walk down.

Yang Xia anxiously asked, "Chen Hao, how much did you win?"

Her breathing was fast.

She was afraid that he had won a few million. If that was true, she wanted to jump off the building.

No! Absolutely not!

As somebody who was dumped by her, how could he have such good fortune?!

No!!!

Chen Hao smiled calmly. "Not much, not much!"

"How much is not much? 200,000?"

Meng Cairu looked at Chen Hao questioningly.

"Whatever you say..." said Chen Hao.

? ? ?

Everyone was dumbfounded.

What did he mean, "Whatever you say"?

The classroom was in an uproar as the students anxiously guessed how much Chen Hao won.

This was because most of the students there, including Meng Cairu, had always looked down on Chen Hao.

He was a poor dude who deserved to be derided and mocked at.

However, now that he had won the lottery, many people's self-esteem could not bear it.

But mostly, they were just jealous!

"5,000, it should be easy to count right?"

Chen Hao gave the dumbfounded Xu Nan a cold glance.

Then he took out another 5,000 and flung

it in front of Meng Cairu.

Then, he turned to the rest of the students and asked, "Who can lend me their bags?"

Since he had revealed that he was rich, Chen Hao did not plan on being a wimp anymore. He decided that he would be like Xu Nan and his gang. Since he had money, he would be firm with his request.

Chen Hao wanted to borrow a bag to put the money in!

"Chen Hao, use mine!"

"Chen Hao, use mine, I am not using my bag now anyway!"

"Chen Hao, Chen Hao..."

Many students clamoured for his attention at once. They wanted to lend him their bags.

Chen Hao finally borrowed one.

He put the rest of the 190,000 into the bag.

“Why does he look so smug? It’s only 200,000. Did he even need to show off his money? He even took out the f*cking 200,000 in cash. He’s really an upstart, such a country bumpkin!”

Xu Nan and blondie spat out viciously.

Yang Xia looked at Chen Hao uncomfortably. She wanted to say something to him but was too embarrassed to do so. Oh my God, it’s so frustrating!

If she had dumped him a few days later, Yang Xia was sure that Chen Hao would spend all the 200,000 on her.

“Chen Hao, you are so lucky. Besides, you are pretty popular right now. All the students here are willing to lend you things like bags. Since you are so rich now, don’t you want to treat everyone to a meal?”

At this moment, Meng Cairu said out of jealousy from the podium.

“You’re right, Young Master Chen. Since you’ve won 200,000, you should treat us to

a meal!"

"We are not sure whether our Young Master Chen is willing to or not. We have been classmates for three years already, don't we get to share this glory with you?" Some girls tried to persuade him.

Chen Hao thought, Since I told them that I won the lottery, if I did not treat them to a meal, wouldn't that make them unhappy?

Chen Hao initially only wanted to treat his roommates and Xiao Nan to a fancy meal.

But now...

Chen Hao said, "No problem, tonight is my treat. Those who wish to come can tag along!"

What Chen Hao really meant was, if you think that you are close to me, then you can come along.

"Yeah!"

Many people in the class started cheering.

Chen Hao smiled bitterly and carried his money back to his seat.

This morning's class had become more interesting.

More and more people started to surround Chen Hao.

All of them wanted to know how much Chen Hao won.

But Chen Hao managed to dodge their questions.

Hence, some of them started feeling anxious!

"Xu Nan, what's our plan tonight? Are we still going? This guy is excluding us intentionally!"

Blondie said viciously.

Anybody would feel antsy if the person you had always bullied and looked down on was suddenly doing better than you.

Blondie was that kind of person.

“Haha, we should go! We definitely have to go! Let's bleed that kid's wallet dry tonight...”

Looking at Chen Hao, Xu Nan smiled while rubbing his chin.

Blondie instantly understood. “Clever, very clever indeed!”

It was noon already.

Chen Hao prepared to go out to book a restaurant.

As the saying goes, you should keep the goodies within the family.

Hence, Chen Hao naturally went to a restaurant that was owned by him on Jin Ling Commercial Street.

If the restaurant was too high-end, he was afraid that his classmates would call him a pretentious b*stard. 200,000 was definitely not enough. Although the money that he spent would eventually end up in his pockets, it would be too far-fetched.

Hence, Chen Hao found a relatively less expensive place that was similar to Ming Huang Restaurant in terms of status on Jin Ling Commercial Street. The restaurant's name was 'Homecook Kitchen Restaurant'.

The moment he entered the restaurant, Chen Hao saw a few familiar faces.

"Manager Zhao, our expenditure today is not bad huh? Each of us spent approximately 1,880. The next time we come here, you ought to give us a discount..."

"Haha, no problem, Young Master Wang. The next time you come here, we will definitely give you a discount!"

"Wang Yang is really gaining a lot of respect!"

"Of course! Do you know who Wang Yang is? He drives an Audi A6 and even uses it for practice only. The restaurant he frequents is also a 5-star restaurant like this Homecook Kitchen Restaurant. Hehe, whoever marries Young Master Wang, he

or she will truly be dignified!”

“Weiwei, we were able to come here today because Wang Yang fancies you...”

Chen Hao took a look and saw that the group of people consisted of the President and Vice President of the student council, Jiang Weiwei and Wang Yang, and Jiang Weiwei's other friends.

They were all looking at Wang Yang with admiration.

“Welcome sir!”

Chen Hao wanted to avoid them initially, especially Jiang Weiwei, whose mouth was like a cannon. She would ridicule people wherever she went.

He silently thought to himself that what a coincidence it was to bump into them. He was about to leave to look for another restaurant but the waiter had a sharp eye. He immediately bowed to Chen Hao, his voice ringing loud and clear.

That attracted Wang Yang and the group's

attention.

The moment they turned their heads, their eyes gleamed.

“Chen Hao!”

Jiang Weiwei shouted in surprise, then asked with contempt, “What are you doing in Homecook Kitchen Restaurant?”

In her eyes, Chen Hao was the type of person who would work hard and struggle every day for money. To the extent that if he did not think of a way to earn money today, he would go hungry tomorrow.

So how could he possibly come to a high-end place like this?

“Maybe he came here for a part-time job!”

“I’ll be damned. Our department is having a class this afternoon and he came here to work?”

“Haha, I think that he slipped out secretly. Was it because he knew that his student subsidies were a hopeless cause? That’s

why he is looking for a part-time job to earn some money. Or else he would be expelled from college!”

Four or five of the girls obviously knew who Chen Hao was and started laughing scornfully.

Jiang Weiwei's gaze was cold. She interrogated, “Chen Hao, how dare you skip classes just to work part-time. Believe it or not, I am going to tell the department to take disciplinary action. So that even if you earned the money, you would not have enough credits to graduate!”

Wang Yang was sneering.

Chen Hao relied on his good grades and didn't bother to greet him whenever he bumped into him. Wang Yang wanted to see how this person could continue to survive in their department.

“I didn't come here for a part-time job. I only came here to book a private room!”

When he heard Jiang Weiwei and her group ridiculing him one after another,

Chen Hao was mad.

He casually replied to them and did not plan to walk away anymore.

He went directly to the front counter.

“What? You? You want to book a private room?”

Jiang Weiwei and her group of friends were stunned. The look of hatred on their faces became even more obvious...

Wait! I Have Something to Say!

“You? Chen Hao? You want to book a room in this restaurant? Do you know how much it costs?”

Jiang Weiwei looked at Chen Hao scornfully, as if she was looking at an idiot.

Is this dude crazy? Does he think that he can afford a meal in Homecook Kitchen Restaurant?

“Miss, do you know him?”

The manager smiled at Jiang Weiwei while asking her.

To be honest, judging by his clothing, Chen Hao really didn't look like he could afford to eat here.

The price range of the packages here was from 888 to 18,800.

The most expensive package which cost 18,800 was the price for booking a private room, excluding the food and drinks.

Having meals in the Homecook Kitchen Restaurant on Jin Ling Commercial Street

was all about taste and class!

The 888 package could only afford the buyer a seat in the lobby.

Depending on which package one picked, the seating and the level of service would of course be different.

The lowest-priced package was actually good enough for Chen Hao.

This manager didn't look snobbish. She asked the question simply because she was curious. She could tell that they were acquaintances.

"Of course we know him. This fellow is a poor loser who is very popular in Jin Ling College. He is so poor that he can't even afford his lunch and tuition fees."

"That's right. We can't believe he is here for dinner in Homecook Kitchen Restaurant!" said the two pretty girls sitting behind.

Wang Yang shook his head and smiled bitterly. "Weiwei, don't be so mean. What if Chen Hao was here to run Xu Nan's errand,

which is to book a private room?”

“Oh right!”

The manager smiled at Chen Hao then and asked, “Sir, are you booking the room under your name or under your friend’s name? I don’t mean any offense, I just want to get your confirmation. And which package do you want?”

Chen Hao looked at this manager. She was considered polite compared to the others.

He nodded his head and said, “I’m making the reservation under my name. I’m having guests tonight, and I need three tables.”

“Damn, under your name? And you’re having guests? Hehehe...”

Jiang Weiwei crossed her arms.

Although they had paid their bills, they didn’t want to leave. They wanted to know if Chen Hao really made the reservation.

Chen Hao didn’t care about them at all.

Chen Hao heard that Jiang Weiwei and her friends had the 1,888 package dinner.

But Chen Hao thought that the dishes weren't enough for them after scanning through the menu of this package.

If I want to treat them to a better meal, I should get a more expensive package.

He made up his mind and immediately said, "I'll go for the 3,888 package. I need three nice private rooms!"

"Ok sir. You have to pay at least 10,000 as a deposit."

The manager smiled gently.

Jiang Weiwei and the others were stunned.

This b*stard took the package which is more expensive than Wang Yang's? And he even booked three private rooms!

Are you going to eat only potatoes after booking such an expensive package?

Insane! He's mad!

Does he have enough money?

What is he bragging about?

Chen Hao didn't even look at them. He took out 10,000 from his bag directly and placed it in front of the manager.

Jiang Weiwei was taken aback. "Fine. Since you are able to afford eating here, you don't have to think about applying for student subsidies anymore! Let's see how you are going to pay for the tuition fees!"

"Thank you for the concern. Regarding the tuition fees, I've paid it already."

Chen Hao had nothing to say to her

No doubt that she was pretty, but she was too arrogant and she despised the poor.

Contrastingly, the girl named Su Xintong whom he met in the hall was quite nice.

That girl left a great impression on him. She was pretty and quiet.

Just looking at her could make Chen Hao's heart accelerate.

Too bad that she wasn't here today.

Jiang Weiwei widened her eyes. "Pardon me? You paid the tuition fees? And you just spent 10,000? Does that mean you have tens of thousands? How... how could that be?"

"Oh, I won the lottery!"

Chen Hao had no choice but to lie. If he didn't explain, he would never hear the end of this. He used the same lie.

"Won a lottery? How much have you won?"

Jiang Weiwei asked impatiently.

Chen Hao's behavior is too abnormal. He is being too generous in spending money.

It cost him 10,000 just to book three rooms.

Moreover, the food and drinks are not included yet.

Of course they have to spend on the food and drinks if they are eating in the restaurant.

In that case, three tables will cost him around 60,000.

Therefore, I'm pretty sure that Chen Hao won more than 100,000. No, judging from his arrogance in spending, he should have won at least 200,000 or even more!

"Erm, not much, it's all here!"

Chen Hao laughed awkwardly and turned away to leave, carrying his bag.

Why should I waste my time here explaining to Jiang Weiwei? I really don't want to have anything to do with her.

"Hmph! What's the big deal of winning a lottery? You're nothing compared to the descendants from rich families."

Jiang Weiwei was displeased because Chen Hao was being snobbish and ignoring her.

“Hehe, Weiwei, there’s no need to be angry at him! Let me tell Xu Nan about this later and he will surely teach him a lesson!”

Wang Yang said coldly.

“That’s right, he only won a few hundred thousand. Why is he being so arrogant? No one cares about his money!”

Jiang Weiwei’s friends scoffed.

But Jiang Weiwei had made up her mind to investigate the matter. She wanted to know how much money he won by all means!

She felt so uneasy about it!

In the meantime, Chen Hao had gone back to his college in a taxi.

His afternoon lecture was a pleasant one as he could feel the people around him stopped looking at him distastefully.

In fact, there was a sense of jealousy from a small group of people.

“Chen Hao, which restaurant have you booked? Don’t tell us it’s a normal low-class restaurant?”

After the lecture ended, Xu Nan, Blondie and his gang came to him and asked.

Most of the classmates in the lecture hall looked at Chen Hao curiously too.

Chen Hao laughed and said, “No way, this is my first treat, so it has to be grand. I have reserved tables in Homecook Kitchen Restaurant!”

“What? Homecook Kitchen Restaurant?”

Xu Nan was stunned.

The other classmates also stared at him in surprise.

“Chen Hao, do you mean the Homecook Kitchen Restaurant on Jin Ling Commercial Street?”

Yang Xia strode toward him and asked coldly.

Homecook Kitchen Restaurant was a five-star restaurant. To reserve a table, it cost up to 20,000 excluding the food and drinks.

Chen Hao had only won 200,000 for his lottery. He had to spend at least half of it if he was going to treat everyone.

Despite the fact that Yang Xia was no longer Chen Hao's girlfriend, she felt anguished that Chen Hao had spent 100,000.

She wasn't distressed that Chen Hao was going to spend such a huge amount of money. She was distressed solely because it was a big amount. Just like how disturbed she felt when Chen Hao bought a bag that cost 360,000.

Yang Xia thought that this money was supposed to be spent on her one day.

"Yes, that's the place!"

Chen Hao smiled.

"Motherf*cker, are you crazy?"

Yang Xia growled and looked at him like he was a moron.

“Hehe, Young Master Chen is so benevolent! Oh Young Master Chen, can we bring our girlfriends or boyfriends along?”

Although Xu Nan was behaving reverently, it didn't hide his contempt toward Chen Hao.

Yang Hui then spoke up, “Damn, aren't you ashamed to even accept Chen Hao's invite?”

“Yang Hui, we're happy that Chen Hao has won the lottery. Since it's his treat, how could we not accept it?”

Xu Nan laughed.

Chen Hao had no choice but said, “Sure, it's alright if you want to come. Your girlfriends are welcomed too!”

Chen Hao knew what Xu Nan was up to. However, he just let Xu Nan be since he had promised to treat them.

“Hurray!”

Everyone in the class was jubilant.

In contrast, Yang Xia looked indifferent. Chen Hao didn't seem to mind how much he was spending but she was irritated when she thought about the money that could have been hers.

Chen Hao was really annoying her!

Fine!

Since it's your treat, I'll bring along Lu Chen to enjoy the food and drinks there.

I'll eat as much as possible until you become penniless tonight!

I don't have to feel uneasy about you winning the 200,000 lottery by then.

Yang Xia thought.

Xu Nan had the same thought as well.

After the discussion, someone went to inform Lu Chen. The counselor, Meng

Cairu was there as well.

She drove Xu Nan and the others there.

Chen Hao, Yang Hui and the others booked a car ride on Uber to Homecook Kitchen Restaurant.

“Hell, he really booked the Homecook Kitchen Restaurant!”

Xu Nan did not expect that.

So be it, he thought. It’s in line with my plan anyway.

“Mr. Chen, I’m afraid that three rooms are not enough as you have so many guests. I believe you will need one more room!”

The manager came to Chen Hao and said in a hurry.

“Alright then. Add one more room please.” This was the first time he was profligate after knowing he was a descendant of a wealthy family.

“Chen Hao, if you are adding one more

room, it should be the deluxe room since our counselor is here too, don't you think so?"

Xu Nan grinned at Chen Hao.

"That's right. The counselor is our senior. How can she be on the same level as us, the ordinary students?"

Xu Nan and the gang kicked up the fuss.

While Meng Cairu crossed her arms and waited for Chen Hao's response.

Yang Hui and his friends held themselves from arguing with Xu Nan and the gang since the counselor was here too.

Chen Hao was about to nod when Lu Chen stepped in and sneered, "No doubt that you should add another deluxe room for the sake of the counselor. Chen Hao, if you can't afford it, how about we split the bill for the deluxe room? You won't have to feel bad about your money then."

Lu Chen derided.

As he wasn't in the same class as Chen Hao, he didn't dare to be as brazen as Xu Nan.

If they split the bill for the deluxe room, not only could Lu Chen let Chen Hao spend more money on food and drinks, he would also be able to satisfy his own ego.

It was all about his own pride!

Indeed, Meng Cairu looked at Lu Chen in full admiration at this moment.

Yang Xia felt proud of him too.

At the end of the day, a loser upstart will always be a loser.

Look at how my Lu Chen behaves, he is indeed the descendant of a rich family!

"Split the bill? I'm fine with that if you insist."

Chen Hao smiled nonchalantly. Since Lu Chen wanted to challenge him, he didn't mind taking up the challenge. Anyhow, he was the owner of this restaurant...

Chen Hao then added a deluxe room with a price starting at 18,800.

The people who were seated in the deluxe rooms were naturally the well-known students in the class.

Xu Nan, Blondie and the gang; Yang Xia, Lu Chen, Meng Cairu; Chen Hao's roommates and Ma Xiaonan.

Other students could only go to the rooms that cost 3,888.

"Young Master Lu, since we're splitting the bills of this room, who shall be the one to order?"

Chen Hao asked with a smile.

"Haha, don't you have any manners? Lu Chen is the guest today. Although we are going to split the bills, Young Master Lu should be the one to order first. Why? Are you afraid that he would order too much and you can't afford to pay your share?"

Yang Xia said contemptuously.

Of course Lu Chen had to order it first. Yang Xia was afraid that Chen Hao would order cheap food like hot and sour potato shreds.

If that was the case, the plan to spend all his money would not work.

In fact, Lu Chen had already discussed with Xu Nan and his friends while they were in the car.

Other than paying 60,000 to 80,000 for the room booking, they wanted to make Chen Hao pay another 70,000 to 80,000.

They wanted Chen Hao to spend 150,000 to 160,000 or even more.

Therefore, adding another room and splitting the bills were all part of Lu Chen's plan.

He wanted to join forces with Xu Nan to fight Chen Hao with their wealth.

It should be a piece of cake!

"Okay! Then you order first!" Chen Hao

smiled wryly.

Yang Hui, who was on the side, kept tugging at Chen Hao to remind him. But Chen Hao shook his head at them, indicating that they didn't have to worry. He knew his limits.

"Then I will skip the courtesy!"

Lu Chen took the menu and looked at the last page first.

The signature dishes were usually at the back. The further below it was, the more expensive it would be.

"One Australian big lobster! And one Australian abalone!"

While talking, Xu Nan and the gang looked at Chen Hao cheerfully. They wanted to see his tangled face.

However, there was no sign of fear on Chen Hao's face.

Although Lu Chen was placing the order, he was actually calculating silently.

After all, he only had 20,000 or 30,000 with him, which was a few months' worth of his pocket money while Xu Nan had around 10,000. They had a total of 40,000.

In other words, today's quota shouldn't exceed 80,000.

Else, he would be digging his own grave.

Lu Chen reasonably ordered a few expensive dishes on the back of the menu.

After calculating, it was almost 30,000. The rest can be spent on alcohol and drinks.

He then passed the menu to Chen Hao coldly.

He had to make Chen Hao spend most of his money today with all his might. Otherwise, he would be uncomfortable.

“What? You only ordered a few signature dishes? These four dishes don't even exceed 20,000!”

Chen Hao chuckled.

“What do you mean? If you are so daring, why don't you pick two more signature dishes from these four pages? Our Lu Chen doesn't care. I'm afraid you wouldn't dare to do so!”

As soon as Yang Xia saw Chen Hao sneering at Lu Chen, she immediately challenged him.

The tutor Meng Cairu was swiping her phone at the side. She shook her head slightly.

Chen Hao is really stupid. He doesn't know the height of the world at all. How can you compete with Lu Chen with that little money you have?

“By the way, waiter, how many signature dishes are there in these four pages?”

The waiter smiled and said, “Sir, there are twenty dishes in total. They are all the top dishes in our restaurant. These dishes are exclusive in the deluxe room. Usually, only the tycoons would order four dishes at the same time. The price is already 10,000 to 20,000! Do you have any common dishes

that you want to order?”

“Oh I see!”

Chen Hao closed the menu.

“Well then, just serve all the signature dishes on the last four pages of the menu! All twenty dishes. We'll order again if we need to!” he said.

“What?!”

The waiter's eyes widened and the ordering gadget in his hand fell to the ground.

Twenty dishes totaled 100,000!

Damn!

We have never served food like this before!

“My God, Chen Hao, are you sick? These 20 dishes, plus the room it will cost nearly 120,000!”

Xu Nan was shocked.

Lu Chen was worried too. His money was limited as he had just calculated.

I was thinking of playing with Chen Hao slowly but I didn't expect Chen Hao to be so ruthless!

Xu Nan noticed Lu Chen's expression change. He had become silent.

Chen Hao asked with a smile, "How is it Young Master Lu? That's all with the dishes. Let's order some drinks. Why are you quiet? You don't think it's too expensive, do you? Haha."

"Do I think it's expensive? In your dreams! I'm just afraid that 200,000 isn't enough for you to pay for the other three rooms! Then we'll all be disgraced!"

Lu Chen retorted furiously.

How can I be ridiculed by a poor loser who is looked down by everyone?

I can't stand it!

"That's right, Chen Hao, don't you know

your limits? Lu Chen is only paying his share of the bill for this deluxe room. Don't forget that there are three rooms downstairs. Although they didn't order the signature dishes, the food and drinks for each table will cost you more than 20,000!"

"You will suffer because of your pride. With only 200,000, why even bother coming to this commercial street? It's not even enough to pay for dinner at Homecook Kitchen Restaurant!"

Some of the girls who were close to Yang Xia began to worry.

"Rest assured, of course I know my limits. Young Master Lu will split the bills with me, so there shouldn't be any problem. Okay, since Young Master Lu has no problem with it, let's order drinks then!"

"By the way, any recommendation on the red wine you have here?" Chen Hao turned to the waiter and asked.

"We have a vintage 1995 collection. It costs about 10,000 per bottle! It's considered as high-grade wine... "

As he noticed Chen Hao being so generous, the waiter directly recommended the expensive one.

Firstly, it was to let Chen Hao retreat from difficulties, because these dishes were too expensive.

Secondly, it was fine if he chose not to. The sales would be added to his commission anyhow.

10,000 per bottle?

When Xu Nan and Lu Chen heard this, they were already sweating.

Even Meng Cairu and Yang Xia were surprised.

"Chen Hao, let me tell you, you'd better count the money in your pocket. Make sure you have enough money to pay for these!"

Yang Xia was afraid of spending money to this extent.

She was afraid that Chen Hao would have

an impulse to order two bottles of the expensive red wine.

"Bring me a box!"

Chen Hao's words terrified everyone on the spot.

There were 6 bottles in a box.

That's another 60,000!

My God!
