

## Chapter 737

Dead silence befell the scene.

Everyone knew it was still a battle without suspense.

Darius was strong and burly.

In terms of height, figure, strength, and momentum, he had already outclassed Chuck.

It was impossible for Chuck to win!

At most, Chuck would be a toy for Darius to play with.

"Within three moves, the guy must die!"

"I don't think that's necessary. With Darius' strength, one punch is enough to beat him to death!"

Darius' subordinates were relaxed and talking excitedly.

Chuck was not bad, but their boss would personally fight him.

This way, at least Chuck was not a complete good-for-nothing!

Their eyes met.

The two of them drew closer to each other.

The knife in Chuck's hand was still dripping with blood.

It was as silent as death for a few seconds.

The atmosphere was ignited by Darius' sinister laughter!

"You are just a piece of trash in my eyes! Well, I'll take you out today!"

Whoosh!

Darius clenched his fist. As he punched out, a terrifying force descended on Chuck.

It seemed like a single punch was enough to kill him!

By smashing his head!

"Wow, what a terrifying punch! I think that punch could kill a cow!" One of the guests exclaimed.

It was horrendous. They were completely frightened.

Facing this punch, Chuck's face was calm, and he did not retreat.

Indeed, Chuck did not deny the power of Darius' punch. However, fighting involved attack technique, speed, and power. They were all equally important.

At the moment when Darius made his move...

Chuck had already attacked!

With his knife.

The knife Sofia gave to Chuck was incredibly sharp, causing Darius' face to twitch. No matter how strong his body was trained, he could not resist a sharp knife.

Darius laughed sinisterly. He gave up on the attack and dodged.

However!

When he withdrew, Chuck had jumped up and made a flying kick.

Bang! Bang! Bang!

What kind of sound was that?

The audience burst into an uproar.

One step at a time, the strong Darius stumbled with his hands on the ground. He actually backed up and got kicked back!

"What? Darius retreated? How is that possible?"

For a moment, all the people in the lobby couldn't believe their eyes and gasped!

Some people even wiped their eyes, thinking that they were hallucinating.

But they weren't.

Darius stood firm, with a ferocious look. How could he retreat?

After Chuck attacked, he landed on the ground steadily. He picked up his knife immediately and attacked again!

Darius dodged again.

Bang!

Another flying kick!

Stumbling, Darius was kicked in the stomach. With a thud, he crashed onto a table, and the things on the table all fell to the floor.

"Darius was kicked in the air again... What's going on?"

Bewilderment appeared on the face of every one of Darius' men.

They couldn't understand it!

Shouldn't Darius have smashed Chuck to death with a single punch?

How did it turn out like this?

"D\*mn! You're courting death!"

The voices of doubts angered Darius.

He didn't expect Chuck to attack him in this way!

He could only defend!

He also didn't expect Chuck's kick to be that strong either.

He couldn't help but step back!

Boom!

With tremendous anger, Darius rushed towards Chuck like a truck.

However, it was another incredible scene!

"Are you a cow? Bumping around like that?" Chuck said coldly.

Karen had told Chuck that fighting skills were extremely important in the battle. For example, withstanding the enemy's power was useful when facing someone with brute force.

Striking first was Chuck's way of dealing with such brute force!

Swoosh!

Chuck's knife was shaking. So what if Darius' fist was powerful?

The sharp feeling shocked Darius!

Boom!

A punch!

Chuck punched Darius in the stomach again.

Darius was astonished. His body had been trained for a long time, and he could bear tremendous strength.

However, Chuck's punch had hurt him!

Why? He didn't understand.

Karen taught Chuck how to attack the weaknesses of the human body and to kill his enemy in one move if it was possible.

Now, Chuck's fist had landed on Darius' stomach. The most painful part of a human's body.

"Ahem!"

Darius was stunned. He felt the pain in his body and couldn't believe it!

Bang!

Another flying kick!

In this second, the only thing Darius could do was to keep retreating...

He hit the table again and fell to the floor in a heap.

The entire audience was dead silent.

No one spoke because they were all dumbfounded.

It was a perfect counter-kill. They were witnesses to this fightback!

"F\*ck!" Darius felt enraged.

All of a sudden, when he got up, he saw Chuck waving at him. He was shocked again.

A hint of sharp pain emerged!

He was stunned and slowly looked down. There was something in his chest. It was a knife, and he was bleeding...

A knife was actually stabbed in his chest?

Darius felt disoriented and afraid. Death was upon him!

Chuck walked up to him and scoffed, "You underestimated me. Fighting me with your bare hands?"

Pfft!

Chuck grabbed the knife while Darius pleaded with a pale face. "No. Please don't pull the knife out..."

If Chuck pulled it out, he would definitely die!

The whole lobby made no sound. Everyone was shocked to the extreme!

In their imagination, Darius should have killed Chuck with one punch. However, in less than a minute, Darius was beaten backwards and down to a disadvantage. At this moment, he was actually begging for mercy. Darius was now on his last legs.

No one expected the ending to be like this.

"I told you, I'll show you what you did wrong," Chuck said coldly.

"Don't." Darius was seized by fear.

How could he be so vulnerable? Darius regretted not

taking out his weapon to fight. He didn't even expect Chuck's knife to be so sharp, and even though he was wearing body armor, he was still pierced through.

"Let me tell you. This place is mine, got it?" Chuck said.

Hearing this, Darius was startled. "What did you say?"

"You still don't understand? Since you're the boss here, don't you know that someone bought this place?"

"Who are you?" At this moment, Darius' face was distorted. He was overwhelmed by shock!

"My mom bought it, so now you know what you've done wrong. Don't worry, I'll let you go in peace!"

Chuck pulled out his knife.

Darius immediately fell into fear and regret. What on earth had he done?

However, it was useless. Blood flowed out from his heart. He collapsed to the ground.

The pungent smell of blood made everyone come to their senses, and slowly...

Only then did everyone realize that this battle was already over, and the ending was completely out of their expectations.

"Darius is dead? Our boss is dead?"

"It's impossible. How could Darius die?"

"F\*ck, he killed Boss! Let's attack together and kill him! We have to avenge our boss!"

The hundreds of mercenaries came to their senses! They were furious to the extreme! How could Darius die?

All the men surrounded Chuck. They wanted to kill Chuck!

The guests in the hotel were at a loss. This foreign guy actually killed Darius?

It was a tight encirclement. The anger from hundreds of mercenaries. If it was any ordinary person, they would have been scared out of their wits. However, Chuck remained unmoved. He wasn't afraid, and his expression didn't change!

Because Chuck had taken something out of his pocket!
