“Pain, happiness, wealth, family... All these are just parts of a person’s life. Everyone is the master of their own destiny. Therefore, life is a reincarnation by itself. Sir, I don’t know what you have experienced in the past. However, I do know that life is not always bleak and sorrowful. There is bound to be a silver lining. Only then can humans improve themselves instead of complaining about all the injustice they suffered,” Chen Hao told Taban his philosophy.

Perhaps, in the beginning, Chen Hao could not understand the meaning behind this test.

However, Chen Hao finally discovered and understood the meaning behind it.

This test wasn’t merely a test of his understanding of life; it was so that he could help Taban with his problems as well.

Moreover, the scenes played on the screen in front of him were all about Taban’s life as a human being.

Everyone should enjoy the pleasures that life had to offer while they could. Moreover, one should allow joy, sorrow, parting, and reunion to come and go naturally.

Ping! With that, everything returned to normal.

Taban then appeared before Chen Hao once again.

“For centuries, I’ve waited for someone who could help me solve my internal problems, and now it

has finally been resolved! You are right! This is how humans continue their progress—by the process of constant reincarnation.

Congratulations! You've passed the second test!" Taban said as he looked at Chen Hao with a smile before he announced the final result.

When Chen Hao heard that he had passed the test, he felt delighted.

"However, your life is different. You've grown by gaining and losing certain things in life, but you should prepare yourself as certain things and certain people will eventually leave you one day," Taban reminded Chen Hao again.

Chen Hao was shocked when he heard Taban's words. Needless to say, he understood the meaning behind Taban's words; the latter seemed to have already seen his future.

However, Chen Hao didn't ask about the details.

He didn't wish to know about the future because his fate was in his own hands. Therefore, there was no reason for him to change it deliberately.

Because with every move a person made, it would result in a ripple effect in a person's destiny.

"Yes. I understand, sir," Chen Hao said as he looked at Taban and nodded.

"Okay! Let's enter the third stage of the test then," Taban said as he looked at Chen Hao.

With that, he waved his hands before Chen Hao

could answer. In an instant, the scene changed once again.

At the moment, a figure appeared in front of Chen Hao.

The figure approached him slowly, and once it got close, only then did Chen Hao see its actual appearance.

Chen Hao was startled when he saw the figure's true identity.

The person in front of him was none other than Zhen Ji!

Zhen Ji walked toward Chen Hao, thereafter she looked at him with a smile.

"Chen Hao!" Zhen Ji called out to Chen Hao in a gentle voice.

"Zhen Ji! W-Why are you here?" Chen Hao asked in surprise, puzzled at the moment.

"Chen Hao, let's stay in Extreme Yin Land together, alright?" Zhen Ji looked at Chen Hao and suggested.

"What? Stay here? Why? Why do we have to stay here?" Chen Hao asked Zhen Ji in confusion.

"Don't you want to be with me?" Zhen Ji's expression darkened in that instant as she stared at Chen Hao.

Just as Chen Hao was about to answer her, he

paused.

Then, he suddenly regained his senses. He knew everything was just superficial, and this was a mere delusion. The Zhen Ji in front of him wasn't a real person; instead, she was just an illusion.

"No. I won't stay here! Because all these are nothing but illusions!" After pausing for a moment, Chen Hao lifted his head and fixed his gaze upon the fake Zhen Ji as he uttered those words.

With that, Chen Hao used his strong willpower to break the illusion. In that instant, everything returned to normal.

Taban was extremely surprised; he hadn't expected Chen Hao's willpower to be that strong.

"You're really powerful. I've never seen anybody with willpower as strong as yours in my life!" Taban praised Chen Hao again as he looked at him.

"Thank you for the compliment, sir. This stage is a test of my willpower, right?" Chen Hao questioned Taban in amusement.

When Taban heard this, he smiled and nodded without denial. "You're right! I'm indeed testing your willpower! To my surprise, your performance was way beyond my expectations. You broke the illusion spell easily and managed to pass this test!" Taban looked at Chen Hao as he spoke one word at a time.

Apart from Chen Hao himself, Taban was also surprised that Chen Hao actually passed this stage. He didn't expect Chen Hao to break the illusion spell in such a short time to pass the test. It was extremely remarkable.

"Sir, how many stages are there in total?" Chen Hao asked as he looked at Taban.

He wanted to know how many stages were in this test since Taban didn't inform him.

"There are five stages in total, and you've passed three stages consecutively. Therefore, there are only two stages left. However, the last two stages are the crucial part of the test; they are also the most difficult. So, do prepare yourself for it!"

Taban answered Chen Hao before kindly reminding Chen Hao again.

"Don't worry, sir. I'm prepared. I'll definitely pass these tests," Chen Hao said with confidence.

"Great! Let's proceed to the fourth stage then," Taban said as he nodded. Then, the surroundings changed once more.

This time, a table was placed in front of Chen Hao.

There was a pen and paper on the table along with three boxes.

Chen Hao walked toward the table to inspect it.

He then noticed that three names were written on top of the three boxes, and they were none other

than Lei Lie, Zhen Ji, and Yu Xin.

“Chen Hao, you have to choose one of these four people to lose his or her life. Only by doing so can you obtain the key to open the doors to the territory of the Malevolent Demon Tribe.” Taban’s voice came from the surroundings.

“Erm...” When Chen Hao heard this, he was instantly dumbfounded.

He didn’t know how to make a choice because he wasn’t willing to choose any of them.

“Do I really have to choose to sacrifice a person before obtaining the key to open the doors to the Malevolent Demon Tribe’s territory?” Chen Hao frowned as he asked Taban in a loud voice.

“That’s right! This is the condition!” Taban didn’t hesitate as he answered with determination.

Chen Hao finally understood why Taban said the last two stages were difficult; this was the reason.

“Chen Hao, make up your mind. You have no choice but to make a decision. Don’t you want to obtain the key to open the doors to the territory of the Malevolent Demon Tribe?” Taban continued prompting Chen Hao by using the key to the territory of the Malevolent Demon Tribe as a reward.

When Chen Hao heard him, he instantly understood.

Chen Hao realized that he didn’t have to choose

between these three people.

“I understand, sir. I choose myself!” Chen Hao answered loudly.

After Chen Hao answered, without a single doubt at that, he took up the pen to write his name on the paper.
