

After Chen Hao finished his sentence, he went to check on his car.

He would be lying if he said that he was not upset, but there was no point crying over spilled milk, Moreover, it happened at the birthday feast of Su Tongxin's grandma, so Su Tingxin would be embarrassed if he asked for their compensation.

Most importantly, he would find it awkward as well.

He could only keep silent and let it slide.

Thus, Chen Hao dismissed them. He was planning to repair his car at a car repair shop.

"Who do you think you are? Do you think you have the power to conclude this incident?"

"Do you really think that you are Young Master Chen of Jin Ling Street? When you rise to that level, maybe you'll have the rights to interrupt in this matter."

“Exactly. If we leave now, we will be the culprit who absconded from an accident involving a large sum of money. We might face severe penalties. Don’t you have any common sense about laws?”

At once, the cousins as well as the aunts and uncles of Su Tongxin started to jeer at Chen Hao, especially Su Ying, who sneered, “He’s just an uneducated hick. Why bother talking to him about the awareness of the law?”

“Enough about him. He won’t be of any help in this situation. We shouldn’t waste our time on him. Instead, let’s try to use our connections to solve this issue.”

Tang Ran glanced at Chen Hao indifferently and redirected everyone’s attention to the car.

“Tang Ran is right. Since it has already happened, we should not avoid it. Sigh, if we really run out of solutions, I’ll try to contact Director Chu of the Business Management Association. Your grandfather is a friend of his, so perhaps he knows the owner of this car,” Grandma

Su said.

Some people started dialing.

Li Jiannan refused to be outdone. He tried to contact his connection to identify the owner of the car.

Chen Hao smiled bitterly and shook his head.

If he allowed this to cascade, everyone would be in an awkward situation.

Sigh!

Chen Hao sighed and took out his car key.

biubiu!!!

Beep! Beep!

The car beeped.

The headlights flickered.

“Ah!”

Everyone was astounded.

Then, they saw Chen Hao slowly approach the car.

He pressed a button on the key once again.

Buzz Buzz!

The Lamborghini made some whirring noises. The skylight opened automatically and the race car converted into a roadster.

Chen Hao took out half a bottle of mineral water from the seat compartment and took a drink.

He was extremely thirsty.

He took a few gulps of water, wiped his mouth and said, "I said, it's not a big deal. All of you should hurry off to the feast."

However, none of them answered Chen Hao. Chen Hao only received moments of deathly silence.

Clank!

Suddenly, Li Jiannan's phone fell to the

floor from his loosened grip while he was in the process of dialing numbers.

Gulp!

Su Qi and his girlfriend who were standing at a side swallowed their saliva simultaneously.

Su Ying's chest was heaving intensely. Her jaws were slightly opened, signifying that she was undergoing a tremendous surge of emotions in her heart.

Tang Ran was standing beside Chen Hao. Her expression was indescribable and she was gaping at Chen Hao shockingly.

Even Grandma Su was stunned.

Everybody was stunned like deers in a headlight.

“This car... belongs to Chen Hao?”

Someone broke the silence.

To be accurate, someone represented the crowd in expressing their astonishment.

Su Tongxin also asked surprisingly, "Chen Hao, is that your car?"

"Of course, it's mine. Didn't I tell you that I would give you a ride and take you for a spin these few days?" Chen Hao responded.

Su Tongxin recalled what Chen Hao said before.

On the day of the test, when Chen Hao was sending her back to her dorm, Chen Hao mentioned that he would drive her around in a luxurious car these few days.

And she even replied, "I'm looking forward to it!"

What else did Chen Hao say? He said that he was a descendant of a wealthy family.

Her response was, "Young Master Chen, I'll be waiting for that day."

At that moment, Su Tongxin was just joking with Chen Hao.

But now, Su Tongxin felt like she was in a

dream when Chen Hao opened the door of the Lamborghini.

“Chen Hao, is this really your car? I don’t believe it!!!”

Su Ying finally got back to her senses. She felt that she was slapped brutally and the pain was driving her insane.

Chen Hao, you are just a poor loser, a loser who won some money.

How could you afford such an expensive car?

18 million!

How rich does he have to be?

Impossible!!!

She dashed forward and curtly flipped through the vehicle license in the car.

Flap!

After she finished reading it, Su Ying was at a loss for reaction. The license fell onto

the floor.

She was completely stupefied.

“You shouldn’t have thrown it even if you didn’t want to read it.” Chen Hao smiled bitterly.

“Some people are just ignorant. Their parents are just the same, ignorant! Chen Hao, quickly tell aunty how did you get to know our Tong Xin.”

Wang Huimin rushed to pick up the vehicle license and took a glance. She beamed with joy at once and held onto Chen Hao’s wrist dearly, as if she was holding her own son.

“Aunty, we met during the driving lessons!” Chen Hao replied.

“See, I was right that our Tongxin has good foresight. Frankly speaking, Chen Hao, when I saw you for the first time, I knew that you were extraordinary. Even Zhuang Qiang and Wang Yang are not your match!”

“Well...”

Chen Hao was embarrassed by the flattery.

It seemed like she had completely forgotten that she chased him out of the house previously!

“Exactly, Chen Hao. We are truly sorry for this accident. I can’t believe Muyang crashed into your car!”

Grandma Su was radiant with euphoria.

She walked toward Chen Hao and said smilingly.

She was truly terrified when the crash happened.

Unexpectedly, the owner of this luxurious car was actually the boyfriend of her granddaughter.

In conclusion, other than a small group of people who could not accept the fact that Chen Hao was a wealthy person, most of the people strived to approach Chen Hao.

However, Chen Hao left the feast early

because he was rushing to repair his car.

“Chen Hao, I’ll be going to the college this afternoon. Why don’t I go with you to repair your car?” Su Tongxin asked lively.

She was hit with surprise and delight today.

Either way, she was oddly excited.

“Sure, I promised to give you a ride anyway. Hop on!”

When Su Tongxin left with Chen Hao, Grandma Su felt that it was the best gift that she had received on her birthday.

Chen Hao was driving along the highway.

“Chen Hao, are you really the son of a wealthy family? Hey, how dare you lie to me? Oh, and don’t tell me you are the supreme Young Master Chen of Jin Ling Commercial Street!”

In the car, Su Tongxin bombarded Chen Hao with questions.

Chen Hao didn't know what to tell her.

They had indeed guessed correctly. He was the Young Master Chen.

But did he really want to reveal his identity? It would only lead to one outcome –he would not be able to continue his study in this college.

Hence, Chen Hao decided to deny it.

He shook his head and responded, “Do you wish that I am the Young Master Chen?”

“No! Because if you are Young Master Chen, we won't be in the same league anymore. I will lose you as a dear friend!”

“Well, I'm not. What's more, how will Young Master Chen drive a car that costs only 10 or 20 million? And if you didn't help me with my attire today, I wouldn't even know how to dress up nicely!”

“I just won a lottery, a huge sum of money!” Chen Hao answered perfunctorily.

“You are right. Then you'll still be my best

friend, Chen Hao!" Su Tongxin said gleefully.

Chen Hao realized that even though Su Tongxin was intelligent, she would never consider a problem in a complex way.

If it were other girls, they would have probably insisted on getting a definite answer.

But Su Tongxin did not enquire further after Chen Hao told her that he was not the Young Master Chen.

Perhaps the status and wealthiness of Chen Hao did not matter to her.

When Chen Hao drove his car to the car dealer shop, Wang Qiang gathered the most expert technicians to repair his car.

While waiting for the repair to be done, Chen Hao brought Su Tongxin for a walk.

"I'll buy you some milk tea!" Chen hao said with a grin. While they were strolling, they passed by a milk tea cafe on the street.

“How nice of you, but I remember that I owe you a milk tea. I’ll buy you one instead. Consider it as a token of appreciation for pretending to be my boyfriend.”

The thought of milk tea reminded Su Tongxin of their first encounter.

She walked to the milk tea cafe immediately.

Chen Hao did not decline. He waited at a side and thought, But I don’t think a milk tea is enough to pay for the debt you owe me!

Chen Hao was standing by the roadside when all of a sudden, he heard a scream for help.

“Help! Help!”

Chen Hao looked to the direction of the sound. A short distance ahead, a woman was screaming hysterically beside the city moat of Jin Ling City.

Chen Hao was alarmed by the screams.

He dashed there without any delay.

The area around the city moat was bleak and desolate. There were no park or recreational facilities.

That woman's face was covered in tears and her clothes were drenched.

As soon as she saw Chen Hao, she almost kneeled down. "Quick, please rescue my daughter!"

She was fine-looking. Judging from the jewelry she wore, it seemed like she was someone reputable.

She pointed at the river frantically. Chen Hao saw a little girl flailing in the water.

It was clear that this woman rushed to rescue her daughter when her daughter fell into the water. However, this woman could not swim, causing her to scream for help gracelessly.

Chen Hao noticed that the struggles of the

little girl had faltered and she was sinking under the water.

He knew that the little girl didn't have much time.

Without hesitation, he ran forward and jumped into the river.

Chen Hao lived in a small village at the outskirts of town when he was young. There was a river in the village where Chen Hao learned to swim.

Fortunately, this area of the city moat was not deep.

On top of that, the little girl might have learned some basic swimming skills previously, so Chen Hao managed to rescue the little girl.

When the little girl was dragged out of the water, she coughed out some water. Her face was red due to the suffocation.

Her mother was worried to death. She patted on the little girl's back while thanking Chen Hao repeatedly.

“We should call 120!”

“Absolutely, the girl is too young. Geez, how could you let your child go near the water without your supervision?”

Several residents came after they heard the noises.

Some of them were busy calling for aid while a few women reproached the young mother.

“Please don’t blame my mother. Uncles and aunties, it’s not my mother’s fault, it was me who insisted on putting the wishing boat into the river. My mother did not do anything wrong!” The little girl, named Tian, defended her mother when she heard that her mother was being criticized.

“What an obedient child!”

“Indeed, such a sweetie. Madam, you should keep an eye on your child. If it wasn’t for this young man, the consequences might have been disastrous!”

“Young man, you’re a hero!”

The residents looked at the bedraggled Chen Hao with laud.

The mother held the hand of the frail little girl and brought her to Chen Hao.

“Young man, thank you so much. What is your name and where do you live?” She asked for Chen Hao’s address so that she could reward him.

Chen Hao understood, but he refused to accept any reward. Chen Hao believed that most of the people would do the same if they were in his place. Thus, he waved his hands and rejected.

“No worries, it’s better if you send your daughter to the hospital as soon as possible!”

Chen Hao gradually walked out of the crowd while he was speaking.

“Big brother, can we meet again?” Tian suddenly spoke feebly. She felt like she was at the brim of death just moments

ago. She was petrified but Chen Hao had jumped to her rescue regardless of his own safety and it brought a light of hope to her. Hence, she asked him softly.

“We will!” Chen Hao did not want to let the little girl down. He smiled and left, ignoring the calls of the young mother.

This incident was just a short interlude.

Chen Hao ran back to the roadside.

It had been 20 minutes since Su Tongxin went to buy milk tea.

Su Tongxin must have completed her purchase now.

However, there was no sight of Su Tongxin at the roadside.

Huh?

Why did she take so long to buy a drink?

He took out his phone. It was all wet. He realized it had switched off due to the water.

Perhaps Su Tongxin went back to the car dealer shop alone after she failed to reach me.

He went to search for her in the milk tea cafe but she was not there.

Chen Hao could only return to the car dealer shop to try his luck.

At this moment, Wang Qiang called him.

He called to inform Chen Hao that the car repair had been completed.

40 minutes was sufficient for a few professional technicians to replace the damaged parts of the car.

“Manager Wang, did the girl who came with me go back to this shop?”

“Huh? She’s not here! After she left with you, she did not come back! What happened, Young Master Chen? Is there any trouble? I’ll be at your service!”

“Thanks, Manager Wang. It’s nothing!”

Chen Hao hung up the phone. He was perplexed. That's strange, where would Su Tongxin have gone?

It was not possible that she had gone back. She would not leave without him.

She was not here, and she was not at the car dealer shop either.

Where else could she go?

Chen Hao searched for her nearby, but she was nowhere to be found.

After an hour of searching, Chen Hao started to panic.

Su Tongxin went out with him, could it be that she had met with trouble? He hadn't thought that it was possible because he was just nearby all this while.

But his effort was fruitless.

The more Chen Hao thought, the more cold sweat seeped out.

Chen Hao had no choice but to return to

the car dealer shop. He wanted to see if he could turn on his phone.

After a few attempts, the phone was turned on.

The notifications showed that Su Tongxin had called him several times and even messaged him.

Unfortunately, his phone was turned off.

Chen Hao quickly returned her calls. To his dismay, Su Tongxin was unreachable.

What happened?

Chen Hao could no longer remain calm.

He called Su Tongxin's house but was told that she had not returned home!

Something was wrong!

Chen Hao raised his head abruptly.

Everything was out of control!

"Manager Wang, do you know the manager

of the milk tea cafe? I need to check on the surveillance camera! Quick!” Chen Hao stood up immediately.

Wang Qiang stayed beside Chen Hao ever since Chen Hao came back to the shop.

When he heard that Young Master Chen’s girlfriend might be in trouble, he did not delay in reacting.

He nodded hastily and said that he knew the manager. He then led Chen Hao to the milk tea cafe.

After inspecting the surveillance camera’s playback, Chen Hao was clear of the entire incident.

It happened two hours ago.

After Su Tongxin bought the milk tea, she realized that Chen Hao was not there.

She quickly called Chen Hao, but his phone was not in service.

Su Tongxin was anxious.

She squatted at the side and waited for 10 minutes, but Chen Hao did not appear.

At this moment, a black Passat stopped beside Su Tongxin.

A young man with a cap got out of the car.

“Are you Su Tongxin?” the man asked smilingly.

Su Tongxin nodded. “And you are?”

“Hi, I am an Uber driver. Young Master Chen had something important to attend to so he left earlier. He informed me to send you back to Yun Gui Community,” the man with the duckbill cap said with a smile.

While he was speaking, he glanced toward the direction of the city moat without anyone noticing.

“Oh, thank you. I’ll give Chen Hao another call. Why did he turn off his phone?”

To be honest, when the man mentioned Chen Hao and her name, Su Tongxin did

not suspect any further.

She was not sure of Chen Hao's background, but he must have had an emergency since he left without a word. He was probably worried about her safety, hence he had called someone to fetch her back.

On top of that, this man knew she stayed in Yun Gui Community. Chen Hao must have told him that.

With all this information, Su Tongxin did not doubt him.

However, she felt uneasy that she was unable to contact Chen Hao but none of the calls she made reached him.

"Miss Su Tongxin, are you coming? I have another errand to run!" The driver pressed her.

"Oh, let's go! Just send me home first!"

Su Tongxin did not want to waste the time of others. She got into the car.

She was slightly mad at Chen Hao for leaving without a call.

I know how to take a taxi home!

The car left.

10 minutes later, Chen Hao appeared in his drenched clothes.

“Stop! Rewind the video! Enlarge the face of the driver!” Chen Hao suddenly shouted.

The owner of the milk tea cafe did not know the identity of Chen Hao, but he did not dare to snub Chen Hao since Manager Wang, who was the bigwig in this area, treated Chen Hao reverently.

He obeyed Chen Hao’s instruction to rewind and enlarge the face of the driver.

Chen Hao carefully observed the driver.

The driver’s face was hidden under the cap and he had some stubble at the corner of his lips.

But Chen Hao recognized the driver.

Ning Fan!

Chen Hao recognized that the man in the surveillance video was Ning Fan from the Ning Family after he enlarged the screen.

No matter how hard Ning Fan tried to disguise himself, Chen Hao could still recognize the smile of Ning Fan.

Ning Fan was the biggest culprit who caused the breakup of Chen Hao and Yang Xia.

Moreover, Ning Fan had been targeting Chen Hao during Ma Xiaonan's birthday party and at Imperial KTV. Out of anger, Chen Hao had contacted Li Zhenguo to give Ning Fan a lesson.

However, his elder sister found out about this incident. Instead of a small lesson, she made the entire Ning Family go bankrupt.

In the end, Ning Fan was brought away by someone from the entrance of Hot Spring Villa.

Henceforth, the Ning Family was destroyed. They surrendered Ming Huang Restaurant and Zhuang Family took over the business.

Ning Fan became a pauper from a rich heir overnight.

He did not even know how it happened.

But now... why did Ning Fan abduct Su Tongxin?

Chen Hao was bewildered.

Did he abduct her solely to extort money?

According to this situation, it did not seem to be like that.

In the video, he told Su Tongxin something which convinced her to get into his car.

Furthermore, Chen Hao noticed a detail.

When Ning Fan was talking to Su Tongxin, he was peeping at the direction where I left.

It looked like he was worried that I might return suddenly.

If that was the case, did Ning Fan plan this abduction with the motive to blackmail me?

The only logical reason for Ning Fan's actions was he had figured out that I was the reason for his family's bankruptcy and he plotted to take revenge on me.

Regardless of his motives, Chen Hao was certain that Su Tongxin was in danger, great danger!

Chen Hao was racking his brain for a countermeasure.

At this moment, Chen Hao's phone rang.

It was from an unidentified number.

Chen Hao immediately picked up the call.

"Hello, Chen Hao, or should I call you Young Master Chen? Do you remember me?" A callous and smug voice came from the other end.

“Ning Fan, it really is you!” Chen Hao recognized his voice the second he heard him.

“Not bad, I didn’t expect that I would be remembered by a young master like you. Isn’t it dramatic? Chen Hao, we thought you were just a poor loser in the past. Who knew that you were a wealthy person and the owner of Jin Ling Commercial Street! I thought my dad was powerful, but he was just your employee! If I hadn’t eavesdropped the conversation between Li Zhenguo and you over the phone when I planned to take revenge on Li Zhenguo, I would have never known that you were the culprit who destroyed my family with just one word!”

“But Young Master Chen, why did you fuss over me since you were so wealthy? It’s true that I made Lu Chen snatch your girlfriend, I was wrong! But how could you destroy my family, leaving me with nothing? How could you be so cruel?!”

Chen Hao responded calmly, “I thought I was cruel too at first. But I don’t think so now!”

“Ning Fan, regardless, this is our business. Tongxin is innocent, let her go. I’ll meet you and I’ll agree to all your conditions!”

“Chen Hao, how arrogant of you to speak like that! Indeed, I plotted to take revenge on you. Initially, my plan was to crash my car into you and we would perish together. But when I thought about it, I felt that it was too boring. Now that I have a beautiful girl beside me now, it would be worth it if I could have some fun with her! Chen Hao, isn’t she your girlfriend? Come, I’ll let you listen to her voice!”

“Chen Hao, don’t come for me! He is a psychopath!”

“Don’t come!” Su Tongxin sobbed uncontrollably while speaking.

Chen Hao was extremely anxious.

Although he was just pretending to be Su Tongxin’s boyfriend, he was the one who brought her out.

And Su Tongxin was abducted because Ning Fan wanted to take revenge on him.

It was all because of him.

“Chen Hao, if you want to save your girlfriend, meet me at the abandoned building in South City. Don't try to contact Li Zhenguo, it's useless. If they come, I'll kill your girlfriend and we'll die together! Meet me within an hour!”

Toot toot...!

Ning Fan ended the call.

Chen Hao's face was ashen.

He was right! His identity was exposed and it caught Ning Fan's attention. Then Ning Fan went insane and plotted this plan against him to wreak vengeance.

Chen Hao was certain that Ning Fan would do anything to get back at him but his strength alone was not enough to fight against Ning Fan.

He had to seek help from Li Zhenguo to settle this issue.

Chen Hao quickly called Li Zhenguo and Li

Zhenguo put great attention on this matter.

Li Zhenguo emphasized repeatedly that Chen Hao should wait for his arrival before taking any actions.

He warned Chen Hao not to act recklessly. If Chen Hao was harmed in any way, he would have to resign from his position, or even bid farewell to this world!

Chen Hao hung up the phone before Li Zhenguo could finish his sentence.

He rushed back to the car dealer shop with Wang Qiang, and told Wang Qiang to wait for Li Zhenguo at the shop. He had to leave now.

“Look, isn’t that Chen Hao?”

“Damn, it really is him! Why is he here at the Lamborghini shop?”

“I heard that the shop is hiring for sales representatives. Perhaps he came to apply for the position. Didn’t he know that the shop has extremely high requirements for

their candidates?”

“Exactly. Look at him, he reeks of poverty even though he won a lottery. Disgusting! He’s too disgusting for my eyes!”

Chen Hao was not prepared for the ridicule when he stepped into the shop.

Chen Hao had mixed feelings. He took a glance at them.

It was Zhuang Qiang and his classmate, Li Hao. They had brought their pretty girlfriends to look at the cars.

Most importantly, those who came with them were Li Nian and Zheng Qianqian, who were in the same faculty as Chen Hao.

“Speak of the devil. Cousin, you should have told me that he was the one who dampened your mood in the past. I would have told you all the stories I’ve heard about him!” Li Nian told Li Hao smilingly.

“Indeed! Even I was attracted to Chen Hao some time ago, let alone you, cousin!”

Zheng Qianqian was now Li Nian's girlfriend. Through Li Nian, she met Li Hao, who naturally introduced her to a powerful young master like Zhuang Qiang.

It was an enormous eye-opener for her.

A while back, she was told that Chen Hao was wealthy during a meal with Wang Yang and the others.

Zheng Qianqian was tempted. She tried to approach Chen Hao and even wanted to have a one night stand with him.

However, Chen Hao was cold toward Zheng Qianqian, causing her to be dispirited for a while until she was invited to a gathering by Li Nian. There, she met Li Hao and Young Master Zhuang, and since then, she felt like she had entered a whole new world.

Was this the life of an actual wealthy person?

As for Chen Hao, who won a lottery, he was just a disgusting poor loser!

Zhuang Qiang was glaring at Chen Hao as well.

He said, "Maybe he has spent all his money, and that's why he is looking for a job desperately. Let's not talk about him, I'll tell you more about this Reventón instead!"

They then gathered around the Lamborghini Reventón that was just repaired and expressed their admiration.

Chen Hao ignored them. He was overwhelmed with anxiety about Su Tongxin's safety.

He did not have the time to care about their opinions.

Beep beep!

The car unlocked.

Chen Hao pushed Zheng Qianqian away, who was standing by the door and got into the car.

He started the engine and sped out of the car dealer shop in a flash.

Zhuang Qiang was stupefied. Zheng Qianqian who was about to bellow was also stunned.

In short, all 6 of them stood there in shock.

Chen Hao drove the car away? That car belonged to Chen Hao?

What!!!

How was that possible!!!

Zheng Qianqian felt like she was slapped. "Look! Someone stole the car!" Zheng Qianqian shouted.

"Inform everyone immediately that we are closing our shop today. Dismiss all the staff with less than 5 years of working experience and clear the crowds now! A few important subordinates of Young Master Chen will be arriving shortly!" Wang Qiang instructed his secretary hastily. He did not even glance at Zheng Qianqian and the group.

The secretary hurried off.

Zhuang Qiang and the rest were still standing there in confusion.

Scream!

Suddenly, there were sounds of car braking from the outside.

Almost a dozen Rolls-Royce Phantoms stopped at the entrance of the car dealer shop.

Soon afterward, Li Zhenguo got down from the car and rushed into the shop...

“Li Zhenguo? Uncle Li!”

Zhuang Qiang was astounded to see Li Zhenguo here. But he did not dare to approach Li Zhenguo and greet him when he saw the expression on his face.

Besides,, Zhuang Qiang had not recovered from the impact which Chen Hao gave him.

“General Manager Li!” Wang Qiang greeted him immediately.

“What is the situation now? Where is Young Master Chen?” Li Zhenguo asked hastily.

“Young Master Chen left. He was afraid that it might be too late!” Wang Qiang replied promptly.

“Oh no! Quick, bring me to Young Master Chen! I can’t allow Young Master Chen to be harmed today!”

Li Zhenguo was already leading his group out while speaking. At the same time, Li Zhenguo sent a message to Chen Hao

before leaving the shop. He then carefully took out an equipment with a red button and pressed it...

Zhuang Qiang and Zheng Qianqian were stunned.

“What? Y-Young Master Chen?”

It was clear to them that the Young Master Chen which Li Zhenguo mentioned was Chen Hao!

Chen Hao was Young Master Chen? Young Master Chen was Chen Hao?

They were aghast. Everyone had heard the name 'Young Master Chen of Jin Ling Commercial Street', for the news had spread widely recently.

However, none of them had thought of the possibility that he could be...

Indeed! Chen Hao was rushing when he came into the shop, and he did not even respond to their taunts. He just drove away, and the car that he drove was the Lamborghini Reventón.

That was his car!

They flashed back to the time when Chen Hao booked the most expensive room in Hot Spring Villa and treated everyone to a meal.

He spent his money extravagantly!

How could they not understand that Chen Hao was the Young Master Chen?!

Zhuang Qiang almost sat on the floor in despair.

He asked the sales advisor beside him in disbelief, "Is Chen Hao the Young Master Chen which was mentioned by Manager Wang and General Manager Li? And that car belongs to him?"

The sales advisor nodded in reverence. "Yes, don't you know him?"

The last question was weird.

The sales advisor thought, I was surprised that you had the guts to mock Young Master Chen. I thought you were even

more prestigious than Young Master Chen, but it turns out that you don't have an inkling about the background of Young Master Chen!

"Oh my god!" Zhuang Qiang was completely shocked at this moment.

Zheng Qianqian was extremely embarrassed. The one whom she looked down upon was actually someone she could never reach!

Now, Zheng Qianqian and the others were left with mixed emotions. They almost lost the will to live!

"Why don't we follow them secretly to check if it's a repeated name?" Li Hao and Li Nian suggested simultaneously.

They would rather deceive themselves than accept reality.

"I agree!"

"I agree too!"

"We need to hurry, or else we'll lose them!"

Zhuang Qiang wiped off his cold sweat and got into the car with Li Hao.

Chen Hao was speeding all the way.

He sped through dozens of traffic lights.

Finally, he arrived at the abandoned building mentioned by Ning Fan.

The building was desolate. Only a few levels were built before it was abandoned due to the geography of the land.

It was an issue because behind the building was where the lower reaches of Jin Ling's city moat meets.

The current was extremely rapid.

Long ago, the foundation on which the building was built was distant from the river. However, due to the leaching of the soil into the river, the water level had risen to the foundation.

The building became dilapidated and the project had to be halted!

Chen Hao read about this place in the news once.

“Chen Hao! You arrived early!”

Suddenly, a voice came from the top of the building. It was Ning Fan. He was looking down at Chen Hao from above.

Chen Hao was filled with rage. He did not answer Ning Fan and ran to the top floor instead.

Ning Fan was still wearing a duckbill cap. He was darker and sturdier than before, with stubble on his face. He looked like a city savage.

Beside him, Su Tongxin was tied up tightly and her mouth was gagged with tape.

“Mmmm...”

Su Tongxin shook her head at Chen Hao frantically. She wanted to convey her message—Why are you so foolish?! Why did you come?! Hurry and leave now!

“Let her go! How much money do you

want? I can give them to you!” Chen Hao said indifferently.

“Money? Chen Hao, do you really think that money is the solution to everything? I’ll tell you, money is the thing I abhor the most now! Of course, nothing can surpass the hatred toward you in my heart! I don’t want anything else now, I just want your life!”

“Although I played dirty, my pleasure is all that matters! Young Master Chen! From the chat between me and your girlfriend earlier, I realized that your girlfriend did not have an inkling of your real identity!”

Chen Hao felt that he was facing a maniac who had lost his mind.

Ning Fan was rich in the past. He was puffed up with pride and arrogance and he had no consideration for others.

Now that he was in dire poverty, he went to the extreme.

“Su Tongxin, let me tell you the truth today?! The one standing in front of you, is not just anyone, but the wealthiest person

in Jin Ling, or must I say, the whole country! The entire Jin Ling Commercial Street belongs to him!”

Su Tongxin stared in disbelief after she heard Ning Fan.

She was having doubts earlier, but she was still surprised when her doubts were confirmed.

If that was the truth, Chen Hao was the one who had been helping her family all this while!

“Ning Fan, you better let her go! If you free her, I will give you a sum of money. Otherwise, you’ll regret it!”

“Regret? Chen Hao, I was as deluded as you are now. I thought money was the ultimate solution in this world, but now, I will wake you up from your sweet dream. Money is not all-powerful! I will never let her go! I will make you watch while she falls to her death!”

Ning Fan’s emotions were out of control after he shouted.

He grabbed Su Tongxin and was about to push her off the building.

Buzz!

At this very moment, there were roars coming from the sky, intense and rapid.

Ning Fan, who went berserk, could not believe what he saw.

Even Chen Hao was stunned.

Around 20 to 30 black helicopters had appeared and they were positioning themselves around the building.

They hovered across the sky rapidly and surrounded the building.

Immediately after that, the helicopters shot numerous large nets and the nets connected with each other.

It was a spectacular sight.

If anyone jumped from the building, they would be caught in the nets.

“Chen Hao! You—!”

Ning Fan was outraged and almost spat a mouthful of blood after he saw this sight.

Money was not almighty. Ning Fan could understand this sentence profoundly now.

He wanted to prove to Chen Hao, who was an extremely rich person, that he was right.

But he did not anticipate that this would happen.

More than 20 helicopters? Only 20 minutes had passed since Chen Hao arrived, and it was only 40 minutes ago when he called Chen Hao.

From where did he assemble this many helicopters?

It was impossible to die with the nets surrounding the building now even if they jumped!

Chen Hao was shocked as well.

He did not expect that the message he received from Li Zhenguo on the way here could bring such a jaw-dropping effect.

“Young Master Chen! Please don’t act rashly! You just need to buy some time, just 30 minutes is sufficient! Everything will be fine!”

Li Zhenguo had always handled issues steadily.

There was no reason for Li Zhenguo to lie to him in this situation. Hence, Chen Hao trusted him.

It had been more than 40 minutes since Chen Hao made his way to this building.

Chen Hao had not surrendered but he did not expect that sending more than 20 helicopters here was the solution which Li Zhenguo mentioned!

Chen Hao was dumbfounded by the stupendous sight.

“Ouch!”

Ning Fan, who was lost for reaction, suddenly yelled in pain. He covered his neck and collapsed onto the floor with his whole body trembling. Even at this point, he was glaring at Chen Hao with his red eyes, refusing to resign to his defeat.

Just a few seconds later, a helicopter landed on top of the building.

Li Zhenguo rushed down from the helicopter.

“Young Master Chen, you must be frightened!” Li Zhenguo said hastily.

He was indeed frightened.

Nonetheless, Chen Hao hurried to loosen the rope on Su Tongxin.

He then walked toward Li Zhenguo. “Zhenguo, did you assemble all these helicopters?” Chen Hao asked in surprise.

“Yes, I employed the ultimate support force of the family. I was worried that you might be in danger today. Ahem, I thought that it was time to let you know how

powerful your family is! This will be my last service to you," Li Zhenguo said while smiling bitterly.

Chen Hao and Su Tongxin were slightly frightened but they were safe. As for Ning Fan, he was turned over to the police.

Presently, at the bottom of the building, Zhuang Qiang, Li Hao and the rest had arrived.

They were utterly shocked by the sight.

They were speechless.

Was this the power of Young Master Chen?

There were more than 20 helicopters!

“Zhenguo, what do you mean by your last service?”

Chen Hao was taken aback by the last sentence of Li Zhenguo. As much as he wished to understand more about his family right now, he could not ignore the fact that Li Zhenguo was bidding farewell to him.

“Yes, Young Master Chen. This equipment is used to deploy the family’s ultimate

support force. I used it today because I was afraid that you might be harmed. Even though these helicopters were still a distance away from Ning Fan at that time, he would have been taken down immediately if he had made a move. These forces had considered all possibilities and came up with solutions for each scenario to rescue you.”

“However, it only means that I was derelict in my duty once I summoned them. Hence, I will need to resign from this position immediately,” Li Zhenguo said dejectedly.

Nevertheless, there was no sign of regret on his face!

To be honest, Chen Hao felt that he was to be blamed because he was the reason that this whole incident happened.

His sister was right about never showing any mercy toward an enemy but he did not take it seriously at that moment.

This incident proved that she was right.

He did not get rid of Ning Fan completely

previously, so now, he faced the violent revenge from Ning Fan who had figured out his identity.

Even though Ning Fan was not a threat to them now, the mere thought of this incident scared him still. If he had not bought enough time, Su Tongxin, who was innocent, would have been dead because of him!

Even so, he implicated Li Zhenguo to resign.

“Zhenguo, you don’t have to resign. I’ll explain this to my sister!” Chen Hao said.

Right at this moment, his elder sister, Chen Xiao, called him.

“Chen Hao, are you alright? I hope you are not frightened,” Chen Xiao said in a concerned tone.

“Sister, how did you get the news so fast?”

“Of course! The ultimate support force was deployed, so how could I not know? You have to act with more caution in the

future!”

“I got it. And sister, can Li Zhenguo stay? He did it to save me after all,” Chen Hao asked promptly.

“Impossible. He did not complete the mission I gave him. According to the family rule, he has to resign! It was his job to save you with his life!” Chen Xiao said in an overbearing manner.

Li Zhenguo, who was beside Chen Hao, heard him clearly. He was grateful to Chen Hao. At the same time, he did not feel the least bit angry toward Chen Xiao. Instead, he was even more reverent toward Chen Xiao.

Indeed, whatever he had now was granted by the Chen Family. Even his life was saved by Chen Family, and they made him into what he was today.

But he failed to ensure the young master’s safety and he did not get rid of the hidden threat. He let them down by defaulting in his duty.

“Well, I can’t retain Li Zhenguo, but you can take him in if you want. The family rule did not forbid others from assigning him a new job.”

Chen Xiao thought that Chen Hao would feel guilty if Li Zhenguo was fired because of him, so she gave a suggestion.

“Really?” Chen Hao was delighted.

“Yes, provided that you build your own business. Otherwise, he won’t be able to stay! Once you set up a company, you may employ Li Zhenguo to help you. That’s the only way!”

“No problem!”

Chen Hao was relieved that Li Zhenguo did not have to leave.

Right now, Li Zhenguo was overwhelmed by his gratitude toward Chen Hao.

“Young Master Chen...”

Li Zhenguo could not find any words to describe how grateful he was. He could

only utter these three words sincerely from his heart.

Young Master Chen was not obliged to speak for him, but Young Master Chen was willing to plea on behalf of someone like him.

Li Zhenguo felt that he was unable to repay his kindness.

Henceforth, Chen Hao would be the direct superior of Li Zhenguo!

Li Zhenguo walked beside Chen Hao, preparing to tell him about his family.

“Young Master Chen, we seized a few furtive people downstairs. What should we do about them?”

A man in black approached Chen Hao.

“Let me have a look!” Chen Hao nodded.

Downstairs.

“Let us go! We are Chen Hao’s classmates. You can’t kill us!” Li Nian wailed.

He was still shocked by the spectacular scene earlier. He was afraid that they might kill him.

“Exactly! Did you know that I almost became Chen Hao’s girlfriend? How dare you treat me rudely!” Zheng Qianqian also shouted.

Just a few moments ago on the top of the building, they witnessed how respected Chen Hao was. They were greatly floored.

Zhuang Qiang, Li Hao and the rest behaved themselves at once. Their faces went pale in fright.

“Let them go...” Chen Hao was coming down the stairs.

“Didn’t you hear him? Let us go at once!” Zheng Qianqian screamed.

Chen Hao was really the Young Master Chen of Jin Ling City, the one who owned Jin Ling Commercial Street! My god, this was incredible!

She was too surprised!

Zheng Qianqian felt that she was on cloud nine!

“Chen Hao! Chen Hao! I always knew that you were different from all these people. I was wrong in the past, I really was! I have been trying to get your attention by constantly mocking you, but I did that because I like you, even though you don't like me!”

Zheng Qianqian dashed toward Chen Hao and wormed herself into Chen Hao's favor.

Chen Hao felt goosebumps all over his body.

What?! What an absurd explanation! She mocked me to attract my attention?

“Young Master Chen!”

At this moment, both Zhuang Qiang and Li Hao's new girlfriends, who were at the side, addressed Chen Hao with extreme respect.

They were respectful to the extent that they would do anything and everything

Chen Hao told them to! The scene resembled those of a movie where the big boss could do anything he pleased.

However, some wicked ideas flashed across Chen Hao's mind only a split second.

He had never been a tyrannical person.

"Young Master Chen, what do you want to do with them? In certain times, you can take necessary measurements!"

Li Zhenguo, who was beside him, hinted at Chen Hao. After all, they knew the true identity of Young Master Chen now!

"No no no! Young Master Chen, I mean, Chen Hao, you are still that poor Chen Hao. We don't know you, and we have absolutely forgotten about the incident today!" Zhuang Qiang kneeled down at once and said. He was the cleverest among them, so he immediately understood what Li Zhenguo meant.

"Yes, we don't know that you are Young Master Chen!" Li Hao and Li Nian claimed

loudly.

“It would be great if all of you can forget what happened today. It will prevent troubles in the future!” Chen Hao said calmly and left.

Since they promised to keep whatever happened today a secret, Chen Hao would not get rid of them just because they knew his identity.

The incident today was over without any harm befalling anyone. Li Zhenguo told Chen Hao about his family in private.

Li Zhenguo briefly told Chen Hao that the Chen Family originated from a few centuries ago and they owned innumerable properties and assets!

This caused the Chen Family to establish a long list of family rules, and the procedures to inherit the Chen Family business were even more tedious.

Chen Hao’s life in poverty for the past years was the first test to this inheritance!

In the future, Chen Hao would face countless complicated challenges. Li Zhenguo warned Chen Hao to be fully prepared and embrace the challenges.

.....

After that, Chen Hao sent Su Tongxin back. He then drove to the college and stopped his car nearby the college entrance.

The car attracted the attention of the girls.

Some of them even screamed in excitement.

Chen Hao was used to these reactions.

Honestly, Chen Hao felt that he was acting like a scum. Although he was wealthy now, he still felt uneasy to flaunt in public.

No matter how much he had changed, Chen Hao was still the humble person who yearned for a common yet peaceful life.

He was unwilling to drive this eye-catching car everywhere.

It seemed like he needed to buy himself a house in Jin Ling now.

He could then leave his car in the house and it would be more convenient if he were to set up a company here or carry out other matters.

Most importantly, he could study, rest and enjoy his college life as a normal student!

Chen Hao sat in the car and deliberated his plans.

Suddenly, the class's group chat burst with messages.

"Shocking news! Everyone, look! This is extremely shocking!"

Over ten images were shared to the group chat.

These images created a huge stir in the group chat.

“Unbelievable! These images must be fake, they must be photoshopped! They look like images from Hollywood movies!”

“Absolutely! Look at those helicopters! How magnificent!”

“Isn’t this the abandoned building in South City? Why did so many helicopters fly there and surround the entire building?”

They were discussing intensely in the group chat.

“I am not clear of the actual situation. We were on our way to that area for a picnic when we took these photos. These photos did not capture the real atmosphere. You should experience it at the actual scene! It was extremely spectacular!”

“Amazing! Do you have a video of it?”

“I did not dare to record it! There were many people securing the building. I was afraid that they might notice me, so I just took a few photos and left!”

“That’s too bad!”

Everyone was discussing it.

At this moment, their tutor Meng Cairu, who had not said anything, suddenly interrupted, “This is true. Many people captured the photos of these helicopters flying in teams toward South City in the afternoon. But all these pictures vanished from the internet in less than an hour!”

“These are not military helicopters. They look like private ones. Someone mentioned that these helicopters were welcoming a young master!”

“Damn damn damn!”

The group chat was even more heated. “Which young master? How wealthy is he?”

Chen Hao was scrolling through the

pictures in his car. A bitter smile appeared on his face. These helicopters came for me. If I exposed my identity, how would they react?

It would surely be wickedly interesting...

At this time, Meng Cairu added, "Guys, don't obsess over it. Oh, and don't forget that Han Siyu's battle for the SameCity popular star chart will start in one hour. All of you are her classmates, so we should support her with our presence if we can't offer her monetary support!"

"Look at Han Siyu who is already earning over 10,000 a month even before she graduates. I will watch the livestream of Siyu this afternoon!"

"Alright, Miss!"

"No problem! We will give our fullest support!"

Everyone showed their support.

"Thank you everybody, lots of kisses to all of you! If I can reach a high position in the

battle chart, I will treat everyone to a meal! Love you, my darlings!” Han Siyu sent a voice message to the group chat.

All the dramatic classmates howled at the sweetness of her voice.

Chen Hao also secretly placed his phone to his ear and listened to the coquettish voice of Han Siyu in the car.

At the same time, the image of Han Siyu with fair skin and delicate face appeared in his mind. She was indeed extraordinarily beautiful.

Although Han Siyu despised Chen Hao to the extreme, it was undeniable that he was attracted to this beautiful girl.

Since everyone will be supporting her, I’ll join them too.

Anyway, I still have some 100,000 in the SameCity Live Streaming app. It would be a waste to not spend it since the money is not retrievable.

“@Chen Hao, are you there?”

Meng Cairu suddenly mentioned Chen Hao.

Chen Hao immediately replied to her.

“Since you are not able to support Han Siyu’s livestream, why don’t you gather the underprivileged group in our class to help me move my stuff? I’ll be waiting for you guys at the West Entrance!”

Shit!

Chen Hao was furious when he saw this message.

Meng Cairu was just 25 years old. She was a new tutor who had just graduated from college.

Usually, she despised the poor and curried favour with the rich. She liked to mingle with the wealthy students, and she was more of a friend than a tutor to them.

However, she was stern toward Chen Hao and the other poor students, always acting like a strict tutor to them.

The underprivileged group, as the name suggested, was formed of five or six poor students in the class.

Sadly, Chen Hao was the group leader of the underprivileged group because he was the poorest, yet the most gullible. Also, he did most of the tasks in the group!

Hence, Meng Cairu picked him as the group leader.

Presently, even though Meng Cairu knew that Chen Hao won a lottery and could afford to pay for the tuition fee, she still thought of Chen Hao as a poor student because she was so used to him being poor. When a person had been poor all this while, others would still think that the person was poor although the person might have become wealthy.

Meng Cairu was a typical example of that because to her, Chen Hao did not seem like someone wealthy!

Chen Hao agreed at last despite the fact that he was furious. What do I tell her if I refuse to help?

Chen Hao mentioned all the members in the underprivileged group chat and informed them to gather at the West Entrance.

He then parked his car to a concealed place and went to the West Entrance.

“Chen Hao, why does the tutor always ask us to move stuff around?”

“Exactly. And Chen Hao, didn’t you win the lottery and become wealthy? Why are you still the leader of the underprivileged group?”

The group had only five members including Chen Hao.

Three of them were boys and two were girls.

The boy named Wang Yue was skinny and weak. He had tan skin. He usually did not talk much and was always studying.

One of the girls was named Hao Lanlan. She wore glasses, had fair skin and a small build but she seemed astute.

Even so, due to their background of poor families, they were self-abased. They felt like they were inferior compared to other students.

Hence, they were always quiet.

They only talked when they were with Chen Hao.

It was not because they looked down upon Chen Hao, but because they felt like they were from the same world.

Chen Hao understood Wang Yue and Hao Lanlan were expressing their anger because he was insulted in the class's group chat.

Chen Hao did not say anything although he was also mad.

Perhaps he should find an opportunity to give Meng Cairu a lesson.

"Is everyone here? Hao Lanlan, go to my new lecturer room together with Li Lan and wash the wiping cloths. Chen Hao, Wang Yue and you, the three of you stay here and

move my furniture together with the workers. Follow the instructions of the workers for every matter. Be careful not to damage my furniture!”

Meng Cairu was about to leave after she finished giving instructions.

At this moment, she received a call.

She answered the call in detest. “Jiang Menglian, what do you want? How many times do I have to tell you that I did not report you to the head of department! You should look for the real culprit! Why did you have to... You are the b*tch! Watch your mouth! You and your whole family are b*tches! I can even be the lover of your husband!”

Meng Cairu exploded just after a few sentences of conflict.

Clearly, the caller hurled insults through the phone.

Chen Hao overheard their conversation. Jiang Menglian was also a tutor of a class in their faculty who came in a year earlier

than Meng Cairu.

Both Jiang Menglian and Meng Cairu were the pretty tutors in their department.

Two people of the same quality could not tolerate each other's existence in the same area. Hence, it was natural for them to get into arguments frequently.

Not to mention that Jiang Menglian was now married to a wealthy man. She was slightly ahead in every aspect compared to Meng Cairu. The frequency of their rows had increased.

Meng Cairu must not have felt satisfied even after shouting down the phone. Thus, she glared at Chen Hao coldly. "What are you looking at? Get to work now!"

She left furiously after this sentence.

Chen Hao was enraged. He wished he could punish her violently but there was nothing he could do other than carry out the work as Meng Cairu had instructed.

There were loads of furniture to be moved.

When they finally finished their task, an hour had passed.

Right at this moment, the group chat burst with messages again.

“Hello my darlings, I am starting my livestream now, come quickly. From now till 10pm, I’ll be counting on you guys to support me as the new star anchor of SameCity Live Streaming app.”

Han Siyu mentioned all the members in the group chat.

At once, the group chat and Han Siyu’s live streaming room entered a heated stage.

Chen Hao was also done with the task. He saw Meng Cairu sitting on the bedside and focusing on her phone.

After Chen Hao settled down on a sofa, he entered the live streaming room of Han Siyu as well.

With Han Siyu's invitation, all her classmates and the two or three thousand fans she gained during this period of time rushed into her live streaming room.

Innumerable messages popped up on the public screen.

After she signed the live streaming contract, Han Siyu had learned a lot of things and enhanced her live streaming skills.

She was adept in interacting with the audience as well as performing her talents.

"My darlings, I could really use a round of gifts now! Lots of kisses to all of you!"

"Here is a big kiss for my darlings! Let me sing a song called 'Meow Meow Meow' for my darlings!"

The fans responded, "Wow! Siyu, you are the most beautiful girl! I love your voice!"

"Ordinary Guy! Jiu Jiang! Both our rich bosses! Please show your support to Siyu,

the battle will be starting soon!”

“We are waiting!”

Han Siyu smiled sweetly. She used a filter and she appeared as a kitty.

“Let us learn the meows of cats, meow meow meow meow, I’ll be spoiled in your arms, meow meow meow meow meow...”

Jiu Jiang gifted a rocket!

Jiu Jiang gifted a rocket!

Jiu Jiang gifted a rocket!

At the same time, Jiu Jiang sent the gifts continuously in Han Siyu’s live streaming room.

The interaction in the live streaming room was warm and cordial.

The atmosphere was merry.

Chen Hao was watching the livestream. He actually wanted to send her gifts.

However, he felt that Han Siyu had completely changed her style of performance. Her performance was more money-oriented and her purpose of the livestream was obvious.

He could not find the naturalness in her livestream that she once had.

Chen Hao felt that it would be a waste to send her gifts.

He would wait a while more.

He lifted his head and took a glance. Meng Cairu was watching the livestream attentively.

Hao Lanlan and the rest also gathered around to watch the livestream in envy.

After all, most girls were vain. They would of course be envious.

As for Chen Hao, he felt that Han Siyu's livestream was boring. He left the live streaming room and entered another female anchor's room.

He came across Zuo Qiaoqiao's room.

This female anchor had an audience of almost ten thousand people. She was undeniably beautiful.

No wonder she had a huge army of fans supporting her.

There were loads of comments in Zuo Qiaoqiao's live streaming room. At this moment, she was looking into the camera and retouching her makeup without uttering a word or interacting with the fans.

Nearly 10,000 people were watching Zuo Qiaoqiao while she put on her makeup.

"When will you start performing?" Chen Hao typed on the public screen.

He was looking forward to seeing this beautiful girl dance and sing.

Chen Hao was a member of this live streaming app. Thus, his comments were emphasized on the public screen, and Zuo Qiaoqiao's live streaming screen trembled.

“The one named Ordinary Guy, are you blind?”

Unexpectedly, Zuo Qiaoqiao frowned and bashed Chen Hao. Her attitude was extremely rude.

“Can’t you see that I’m putting on my makeup? Stop prompting! Stay if you want to watch, or else you can leave!” Zuo Qiaoqiao scoffed coldly.

Don’t think that you are so awesome just because you bought a membership. I have seen many types of members and I absolutely hate people who are bossy just because they topped up some money.

Furthermore, she had many VIP fans supporting her. These normal fans were nothing to her.

“I was just asking. Aren’t you an anchor? Shouldn’t you be showing some talent?”

Chen Hao was furious. Who would not be angry if they came to enjoy a livestream but were scolded instead?

However, Chen Hao was muted by the admin of the room right after he commented.

“Get lost! Show my *ss! Ordinary Guy, do you think that you can boss people around just because you have a membership?”
The admin berated bluntly.

At this moment, Zuo Qiaoqiao had finished touching up her makeup. She replied, “Nowadays, some losers on the internet think that they can show off and become somebody once they top up some money. It might be useful to those newbies, but it doesn’t work on me. Get lost!”

“How funny! Qiaoqiao is angry. This Ordinary Guy is such a clown. Doesn't he know that Qiaoqiao is now the most popular anchor in SameCity Live Streaming app?”

“Exactly, Qiaoqiao has over ten VIP fans. I heard that they were the bosses of Jin Ling City! Even Zhuang Yuan, who is the first on the chart, has a Land Rover Range Rover!”

All the fans commented to flatter Zhuang Yuan.

Zhuang Yuan typed, "What happened, Qiaoqiao? Are you lacking gifts? I reloaded 100,000, and I'll surely cheer you up today! You can just kick this poor loser out of the room!"

"Zhuang Yuan is here!"

Zuo Qiaoqiao immediately pushed her makeup to one side once she saw Zhuang Yuan's comment. Her actions were lively and adorable.

"Zhuang Yuan, I was so upset. I thought you've abandoned me!!" Zuo Qiaoqiao said cutely.

"I would never! How could I miss your livestream?"

"Okay!"

While Zuo Qiaoqiao was speaking with an alluring smile, she clicked her mouse.

Swoop!

Chen Hao was sent out of the room.

“Shit!”

Chen Hao could not take it and swore.
He was enraged.

He was utterly furious and frustrated.

He was just trying to enjoy a livestream.
Why was it so difficult? He only said two sentences and the female anchor had kicked him out after they were done insulting him.

He might be the first in history to be kicked out after topping up over 100,000 in this app.

He would have let it go in the past, but now that Chen Hao was using another identity, Ordinary Guy, he was still treated cruelly.
He could not hold it in anymore!

Should he top up some money and make them pay for their actions?

That would be too easy.

To be honest, when he was helping Han Siyu with her livestream, he had thought of something.

He was considering his potential business developments.

His sister had given him early warnings that he needed to manage everything himself in the future.

Hence, Chen Hao was considering investing in small businesses for practice and to enhance his experience.

Presently, Chen Hao had no knowledge about the markets of real estate and commercial street, but he was familiar and knowledgeable about the internet.

He wanted to try investing in a live streaming platform.

However, his consideration was halted due to the incident of Su Tongxin.

But now... this would be a great opportunity to kill two birds with one stone!

Chen Hao then sneaked into the bathroom and called Li Zhenguo.

He informed Li Zhenguo that he wanted to utilize a sum of money to invest in a live streaming platform.

Of course, Li Zhenguo did not oppose his request and even promised that it would be done within an hour.

Chen Hao got out of the bathroom and saw Wang Yue and the rest were watching the livestream with concentration.

“Chen Hao, Chen Hao! The battle has begun! Han Siyu is such a professional. Her gifts have exceeded 20,000! She even defeated two other female anchors!” Wang Yue said excitedly.

Chen Hao nodded and reentered Han Siyu’s live streaming room.

Han Siyu was elated. She had been winning since the battle began and the gifts from the supporters were increasing tremendously. She was extremely satisfied!

“Kisses to all my darlings! I love all of you! Just hang with me for another round and I’ll be promoted to the next stage!” Han Siyu exclaimed delightedly.

“Victory is yours!” The fans chanted consistently.

The rules of the livestream battle were simple. Two pretty female anchors would carry out a video call on the same screen and there would be a bar below each of them, displaying the number of gifts they received. The winner would be the one who received the most gifts.

This competition was designed by the live streaming platform to lure the audience to purchase more gifts.

The battle continued.

Han Siyu was waiting for her contestant without showing any fear, but when the other female anchor appeared, Han Siyu’s smile disappeared.

Chen Hao was also surprised!

This woman was the Zuo Qiaoqiao who kicked him out of her live streaming room earlier.

What a coincidence, Chen Hao thought.

Normally, Zuo Qiaoqiao, who was a much more popular anchor, would not be battling with Han Siyu.

However, Han Siyu's popularity almost reached 7,000 now.

Hence, both of them were grudgingly paired together by the system.

Even so, Han Siyu knew that Zuo Qiaoqiao was more professional.

After all, Zuo Qiaoqiao could be considered as the top female anchor of SameCity Live Streaming app.

She knew that it would be a tough battle for her.

However, Han Siyu did not give up. Regardless of anything, she would give her best in this battle.

“Damn, she’s a newbie. She’s pretty, but she can’t compare to goddess Qiaoqiao! Everyone, finish her off!” The fans of Zuo Qiaoqiao commented.

The fans of Han Siyu refused to be outdone. They pleaded for gifts.

Both parties began their battle. The progression bars below the two anchors started to move intensely.

The public screens of both parties were shown to both anchors’ audiences.

Some of the fans with bad manners started to bash the opponent’s fans.

Despite her fans’ effort, Han Siyu was still incapable to compete with Zuo Qiaoqiao. In just two minutes, her progression bar had lagged far behind Zuo Qiaoqiao’s.

“Newbie, don’t you know the rules? If you had admitted your defeat at the start of the battle like how the other anchors did, I might have interacted with you for a while and boosted your number of fans. But you insisted on digging your own grave!” Zuo

Qiaoqiao sneered.

Han Siyu's face was red with frustration because she was about to lose.

But she had one last chance—Ordinary Guy!

“Ordinary Guy, are you here? I am going to lose. I can tell that you are online. If you are here, will you please reply and support me? I don't want to lose, Ordinary Guy!” Han Siyu sobbed while speaking.

She was overwhelmed by the sadness of her imminent defeat.

She was doing very well and was complacent a few moments ago, but now she was defeated in a second by Zuo Qiaoqiao. She was even humiliated by her opponent in front of her fans.

It made her embarrassed.

Jiu Jiang alone was definitely insufficient to compete with her opponent.

Han Siyu was unable to defend herself.

Words could not describe her aggravation now.

Thus, she thought of her savior, Ordinary Guy! The one who brought miracles to her every time!

At this moment, Zuo Qiaoqiao's public screen had exploded with comments.

"Ordinary Guy? I clicked on his profile. I think he is the same Ordinary Guy who was kicked out by Qiaoqiao just now!"

"Yes, that's him! My god, he came here to show off!"

"Pathetic! Hey, faker, do you have the guts to battle our Zhuang Yuan? We'll show you what a real wealthy person is!"

The fans of the opponent were clamoring.

"Newbie, nothing will change even if you cry your eyes out. Let me tell you, this Ordinary Guy whom you called a wealthy person was kicked out from my room by me earlier. He just came to you as an alternative. He wouldn't dare to talk in

front of me now.” Zuo Qiaoqiao gave a contemptuous look.

Han Siyu almost suffocated from her anger.

She had never been this ashamed before.

“Who is Ordinary Guy?” Chen Hao was about to request to unmute his microphone so that he could blast out, but Meng Cairu had walked in with her slippers and asked.

“I know! Miss Meng, Ordinary Guy is Han Siyu’s earliest VIP fan. It was Ordinary Guy who made it possible for Han Siyu to earn over 10,000 a month for the first time. He is extremely rich!” Wang Yue said.

“You call spending a mere 20,000 rich? I’ve met some VIP fans on bigger live streaming platforms who spend over 100,000! That is what I call wealthy! Sigh, Siyu is definitely defeated. Her opponent has a huge VIP fan!”

Meng Cairu put her phone down.

She had always been paying attention to livestreams.

She knew that this was a career where anyone pretty could make huge earnings. Some could even become famous.

Hence, many girls could not resist the temptation of live streaming.

She responded to Wang Yue calmly. She suddenly spotted Chen Hao who was at the side.

“Chen Hao, who allowed you to sit on my new sofa? Get up now!”

Meng Cairu just realized that the others were sitting on stools. Only Chen Hao was comfortably sitting on her new sofa.

This set of sofas was rather expensive. It costs more than 10,000 per set. She was not willing to let someone like Chen Hao sit on it!

Chen Hao was frightened by Meng Cairu's shout.

Isn't this just a sofa? Why can't I sit on it?

But he knew that Meng Cairu despised him. Hence, Chen Hao did not waste his time to argue with her. He stood up and shifted to another place.

"Hao Lanlan, Wang Yue and the rest can go back now. There's just some cleaning left anyway. Chen Hao can handle it alone!"

"Chen Hao, don't defy me. I'm not picking at you but I'm doing this for your own good. Look, although you became rich after you won a lottery, how long will it last? Look at your attitude now. You aren't as hard-working and studious as before. Hao Lanlan and the others are always studying very hard. So, I am worried about you. I'm afraid that you might fail in your life later on if you continue with your attitude!"

"Do you know what it means to fail in your life?" Meng Cairu said in a scornful tone.

She had always been like this. She was obviously picking at him. However, she

would always have a reason to do so.

Meng Cairu was well-known for despising poor students and currying favor with the rich. She abhorred Chen Hao who was initially poor but became rich all of a sudden because of his luck. She was jealous of his fortune and often wondered why she was not as lucky as Chen Hao, who was looked down upon by everyone.

Meng Cairu's thoughts were apparent although she did not say a word.

Hao Lanlan and the rest were keen to help Chen Hao, but it was clear that Meng Cairu despised him. They could not find any way to help him without offending Meng Cairu, hence they could only leave.

Meng Cairu pointed at several places and instructed Chen Hao to clean them. She then returned to her bedroom.

"Clean? Clean your *ss!"

Chen Hao threw the mop away.

Meng Cairu was obviously picking on him!

He was about to stand up to Meng Cairu when Han Siyu cried even louder in her live streaming room.

“Ordinary Guy, please answer if you’re here! I don’t care what other people say about you, I believe in you! Are you really abandoning me?”

“Absolutely, Ordinary Guy. Just reply to us if you are here! Show Siyu some support so that she will not be defeated so miserably!”

Some of the fans privately messaged Chen Hao desperately.

“Hahaha, that loser, he wouldn’t dare to do it!” Zuo Qiaoqiao taunted.

“Who says I don’t dare to?”

At this moment, Chen Hao finally had the chance to speak.

He typed on the public screen.

“Ordinary Guy is here! Ordinary Guy came!”

The audience cheered loudly.

Swoosh!

Soon afterward, loads of gifts were sent to Han Siyu.

Those gifts cost at least 10,000 each.

With just one person's effort, he managed to turn the tables.

Zuo Qiaoqiao was shocked. What? This Ordinary Guy is really a wealthy person?

He had a hundred thousand too?

"Damn! He must have stolen the money from his parents!"

"How is he so rich? Isn't he faking his wealth?"

"His money must have been stolen from someone! Zhuang Yuan is the real wealthy person!"

"Absolutely! Don't be easily fooled by these false impressions. Some people are willing

to spend a hundred thousand to lure a female anchor. Once the female anchor falls into his trap, it will be over for her! She will lose both her money and dignity! This Ordinary Guy seems like this kind of scammer. Everybody, don't be intimidated by him, he will soon run out of money!"

This scene injured the pride of Zuo Qiaoqiao's fans who mocked Chen Hao earlier. They felt ashamed but some fans promptly consoled them.

Zuo Qiaoqiao also agreed with her fans. "You're right. I've never heard of a wealthy person like Ordinary Guy in SameCity Live Streaming app before!"

Zuo Qiaoqiao was smiling complacently, until she saw a striking announcement which appeared in the entire SameCity Live Streaming app.

Congratulations! Mister Ordinary Guy has funded a hundred million to our app!

Congratulations! Mister Ordinary Guy has funded a hundred million to our app!

“.....”

Everyone was stunned speechless.

This announcement was repeated countless times to ensure all the users of the app could read it. This showed how excited the SameCity Live Streaming Company was!

“Oh my god! A hundred million?” The entire live streaming app exploded.

“What?” Crash!

Chen Hao, who was sitting outside, could hear the crash of a phone falling onto the floor in Meng Cairu’s room.

A hundred million!

Everyone was truly stunned after reading the official announcement.

Zuo Qiaoqiao was consoling herself and preparing to persuade Zhuang Yuan to send her more gifts.

Zhuang Yuan had only spent 10,500 during the battle just now.

The total gifts she received were estimated to be around 30,000.

But Ordinary Guy was giving gifts by the 10,0000s.

On top of that, he had just funded a hundred million to this live streaming platform.

He was even mentioned in the official announcement. He was none other than the Ordinary Guy whom she kicked out!

Zuo Qiaoqiao was filled with regret. He funded a hundred million. He was the actual Croesus!

He must have been fascinated by my beauty when he came to my live streaming room. Thus, he was tactfully asking me when I would be starting my performance.

But why?

Why did I mock him? I even said that he was blind. He was sincerely looking forward to my performance.

He did not leave although I scolded him. But I kicked him out! I kicked an actual Croesus out!

Zuo Qiaoqiao was devoured in regret!

Her fans were rendered speechless. They were brutally proven wrong. It felt like a knife was stabbed straight into their hearts.

Why did they think that they were qualified to mock him? They could never compare to him!

Meng Cairu was shocked by the huge sum of money.

She could not believe that the one who had been supporting Han Siyu was a billionaire. He could even be a trillionaire.

He was spending extravagantly.

To be frank, Meng Cairu was jealous of her student.

She felt that she was prettier and sexier than Han Siyu, but she couldn't understand why she could not find favor with these wealthy people.

She felt that her life was unfair!

Chen Hao looked at the messages on the public screen and smiled.

He felt indifferent.

The only emotion he felt was surprise. He was surprised that Li Zhenguo invested a hundred million.

But with further consideration, he understood. This amount was nothing to his sister. Even a hundred million was a small amount in Li Zhenguo's eyes.

Well, what had been done was done. With some improvements, this live streaming platform might earn him a fortune, doubling a hundred million to two hundred million!

Afterward, SameCity Live Streaming platform was buzzing with activity.

The news of a wealthy person funding a hundred million to the app was spread through the app's forum and other information forums.

Han Siyu had become even more famous due to this news. New audience kept rushing into her live streaming room and it was very packed.

In SameCity Live Streaming app, 10,000 popularity would make an anchor a star anchor.

But now, Han Siyu's popularity had nearly reached 50,000!

Han Siyu was overwhelmed with joy and jumped around during her livestream.

She was in euphoria.

Her VIP fan, Ordinary Guy, became the biggest investor of SameCity Live Streaming platform. She almost exploded with pride!

“Ordinary Guy, which class of the Literature Faculty are you in? May I know your name?”

“Damn! I didn’t know our Literature Faculty had a Croesus. He is so rich! Who could he be?”

Previously, during a livestream, Chen Hao mentioned that he was in the same faculty as Han Siyu, which was the Literature Faculty.

Han Siyu tried to figure out his identity, but she failed.

But now, he was famous.

‘Who was Ordinary Guy?’ had become the hottest topic not just in the Literature Faculty, but the entire college.

He was certainly still a student, but he had the ability to invest a hundred million. How wealthy!

“Oh, does anyone remember the 18 million Lamborghini near the college entrance? Do you guys think that it belongs to Ordinary Guy?”

“Yes! It must be!”

“At first, everyone was blindly guessing but now, we know that he is from our Literature Faculty and is most likely a third-year student!”

“What? Who is he exactly?”

Some of the girls even screamed in their dorms.

These girls were mostly from the Literature Faculty. They were excited that there was an extremely wealthy person in their faculty!

He could be in any class. They were excited by this mere thought!

Some even called their boyfriends to enquire about their family backgrounds. They wanted to find out if their boyfriend was Ordinary Guy!

If any of their boyfriends were Ordinary Guy, didn't it mean that one would... Unfortunately, 'if' did not exist.

In the campus ground.

"Wang Yang, Weiwei, have you heard the news? There is a Croesus in our faculty!"

"I just got the news! Who could he be?" Jiang Weiwei was also anxious to find the Croesus.

She was still single. It would be great if they could meet before graduating, even better if they could fall in love with each other!

Wang Yang crossed his arms and posed like a wise man. "This is difficult to guess. But we can obtain some clue from his username, Ordinary Guy, that it seems like he likes to keep a low profile. If that car belonged to someone who likes to flaunt,

that person would have driven the car around to show off. But if it belonged to Ordinary Guy, who likes a humble life, it corresponds to the present situation. From these clues, we can conclude that the Lamborghini belongs to Ordinary Guy!”

“Your analysis makes sense! Who could be this wealthy in Jin Ling City?” someone asked again.

Wang Yang smiled bitterly and sighed. “I’m not sure about this. There are still many covert wealthy people in Jin Ling!”

Everyone sighed. In short, everyone was excited when they knew that the wealthy Ordinary Guy was from the Literature Faculty, including Meng Cairu.

Chen Hao was listening at the side when Meng Cairu lied to Han Siyu. She said that she might know Ordinary Guy and even asked for the new WeChat ID he gave to Han Siyu.

This scene left Chen Hao with mixed feelings.

As expected, the reality was that everyone loved money. One could be significant because of wealth. Without it, one was just nobody.

Perhaps he wanted to take revenge on Meng Cairu. Thus, Chen Hao wickedly logged into his new account and accepted Meng Cairu's friend request.

"Hi, Ordinary Guy. I heard that you're from our faculty. I am Siyu's tutor and a teacher of our faculty. Have you met me before?" The text was followed by a smiley face.

As soon as he accepted her friend request, Meng Cairu messaged him.

"I've met you before."

"Really? Wow, I'm excited. Well, which class are you in?"

Chen Hao replied with question marks, indicating that he couldn't possibly tell her.

Meng Cairu responded, "Oh wait, I've forgotten that you can't tell. Sigh, you have no idea how often I wonder if you were a

student in my class. I didn't think that there would be such an excellent student in my class!"

Chen Hao said, "Miss Meng, I think that all the students in your class are outstanding. I am just rich. It doesn't mean that I'm an excellent student."

Although his act was immoral, Chen Hao felt that he might be out of his mind because he was oddly entertained.

"It's true, I'm not lying to you. There isn't anyone outstanding in my class, let alone someone as wealthy yet humble like you. But there are a few poor students. There's one who is extremely poor!"

"F*ck!" Chen Hao cursed under his breath.

Chen Hao genuinely wanted to lash out at her. The student who was extremely poor was absolutely him.

In Meng Cairu's heart, he was not only economically poor, but also mentally poor! Everything about him was poor!

To be honest, if he really scolded her, Meng Cairu might even feel happy.

Chen Hao thought about it and decided to let it go. He should control himself.

Slap!

While he was deep in his thoughts, his head was suddenly slapped...

It was Meng Cairu.

She had approached Chen Hao when he was not paying attention. She glared at Chen Hao. "Chen Hao, I don't even know what to say to you. You are becoming more useless each day. You ignored my instructions to clean the place and played with your phone instead. Sigh, do you understand that you are only rich because you won a lottery? Those who are born wealthy are still humble and studying hard! Let me tell you, you don't have what it takes to compete with others. Even worse, your mindset and your habits will cause you to live a mediocre life forever!"

Chen Hao was taunted by Meng Cairu right after she slapped him.

Shit!

If it was not because he added Meng Cairu's personal WeChat ID, he would have spoken up for himself.

However, Chen Hao was wickedly entertained by the completely different attitudes of Meng Cairu toward him in

reality and in WeChat.

He felt like a psycho. At the same time, he felt undeniably satisfied.

In the end, Chen Hao did not rebut. He quickly cleaned Meng Cairu's room and went back to his dorm.

On his way back, Chen Hao received new WeChat messages from Meng Cairu. "Sigh! Ordinary Guy, don't you think that some students were meant to be mediocre? We have a student called Chen Hao in our class. I'm not sure if you've heard of him before, but he is a loser who is extremely poor. One look and you would want to throw up!"

"But he is too lucky. He won a lottery and now he is complacent. However, I can foresee his future through his behavior. He will never succeed in life no matter how hard-working he is! God, I am so worried. Why do I have this kind of student?"

Meng Cairu messaged him continuously to express her displeasure.

Chen Hao was sinfully entertained and furious at the same time.

Meng Cairu, I am your student anyhow. All these years, I've done everything you instructed me to.

But all I am to you is a student who you abhor?

"You b*tch!" Chen Hao replied to her.

"What happened? Ordinary Guy, I know I shouldn't bad-mouth a student as a tutor, but you'll understand me once you meet him. He is nothing more than a good-looking trash!"

Meng Cairu did not dare to rebut in spite of being scolded.

In fact, she was trying hard to explain herself. She was afraid that she might leave a negative impression on Ordinary Guy.

I wonder how she would react if she knew that the student whom she abhors is chatting with her.

Chen Hao smiled.

He ended the conversation perfunctorily and returned to his dorm.

It was Friday and there were no more classes.

Normally, Yang Hui and the rest would loiter at the internet cafe.

However, Han Siyu would be live streaming this afternoon and she insisted that everyone join.

Hence, everyone stayed in their dorms to watch the livestream.

“I think Han Siyu will win this battle! That would mean she will be earning over 100,000 this month! Ordinary Guy is just fantastic! He produced a star anchor with just a move!”

“Han Siyu is now an internet influencer who is making a fortune. But look at us, we haven’t even secured our internship! Sigh...”

Just when Chen Hao stepped into his dorm, he heard the conversation between Yang Hui and Li Rui.

They were envious and jealous at the same time.

They felt ashamed that a girl was earning more than a boy.

Chen Hao had anticipated this outcome.

Due to his investment, Han Siyu was advertised all over the official pages of the app.

This had publicized Han Siyu to a wider audience.

When he left her live streaming room, her popularity had almost exceeded 70,000 people.

With the support of her fans and other VIP fans, she could certainly defeat all her opponents and become the top female anchor of SameCity Live Streaming app.

Barring any unexpected events, she would

be the champion of today's battle.

"Chen Hao, you are back! Oh, we retrieved your parcel when we went down to get ours this afternoon. I think there's a piece of card inside. You should check it out!"

Yang Hui handed him a small parcel while speaking.

Chen Hao was perplexed. He took the parcel and opened it while lying on the bed.

It was an entrance ticket for Yun Gang Golden Beach's Cruise Party.

The sender was Lin Yiyi.

Chen Hao recalled the party which Lin Yiyi mentioned. It was a two-day party that started tomorrow until Sunday night.

The venue was at Yun Gang City!

At this moment, Chen Hao's phone rang.

It was from Lin Yiyi.

“Young Master Chen, did you receive the entrance ticket?”

“I received it. Why didn’t you give it to me straight away? You didn’t have to waste your time and effort to courier it to me.”

“Young Master Chen, I arrived at Yun Gang City yesterday to visit my aunt. That’s when I realized that you haven’t gotten your entrance ticket. I couriered it to you immediately so that they could deliver it to you overnight!”

Ever since Lin Yiyi found out about Chen Hao’s identity, she had been treating Chen Hao with deep reverence.

In actuality, Lin Yiyi was forced by her parents to ingratiate Chen Hao at first.

However, after they got to spend some time together, Lin Yiyi realized that she was attracted to Chen Hao’s unique charm.

He was a rich heir, but he did not behave tyrannically like most of the dandies. In fact, he was ordinary and humble.

Lin Yiyi was tempted to understand more of Chen Hao. Therefore, she was actually glad to invite Chen Hao!

“Are there any places that are fun in Yun Gang other than Golden Beach?”

“There is a lot! Young Master Chen, you just need to come. When you arrive, show them your entrance ticket and they will arrange a hotel room for you. I will meet you there after you settle down!”

“Alright!”

After a discussion, Chen Hao ended the call.

To be honest, Chen Hao had never left his small town in the county seat when he was young. He only got the chance to travel to big cities such as Jin Ling to widen his horizons when he was accepted at Jin Ling College.

Unfortunately, Chen Hao was too poor. He could not afford to visit other cities.

Should I invite Su Tongxin? Chen How

asked in his heart.

Their relationship was slightly more than friends now.

On second thought, Chen Hao gave up on the idea. Su Tongxin was frightened by the incident of Ning Fan, and she was not even present at college today. He should let her rest thoroughly at home.

That night, Chen Hao slept early.

The next day, Chen Hao woke up early in the morning.

Bai Xiaofei and the rest had arrived at Yun Gang one day earlier.

Chen Hao was not familiar with the directions. Therefore, he travelled by train instead of driving there.

At 8am, he arrived at the entrance of Golden Beach.

“Good day, Sir. Kindly show us your entrance ticket!”

Chen Hao was blocked by a beautiful female receptionist at the entrance.

She was asking for his entrance ticket for validation.

Moreover, the female receptionist was sizing Chen Hao up.

Chen Hao was wearing his old clothes that he had just washed. Judging from his attire, the beautiful female receptionist suspected that Chen Hao might be a dolt who came to have a look around.

Hence, she was driving him away with her gaze although her tone was polite.

It seemed like she was saying—You may enter if you have a ticket, otherwise you should leave now!

Chen Hao was aware of the derision in the female receptionist's gaze. He was baffled by the quality of these receptionists who seemed to have the same bad attitude toward him.

He scoffed.

Chen Hao did not back away this time. While showing the ticket to her, he took out his phone to call Bai Xiaofei who was enjoying himself inside.

At the same time, he trotted in.

“You!”

The beautiful female receptionist was enraged by Chen Hao’s disregard but she could not find any issue on the entrance ticket. Although she suspected that he did not belong to this kind of event, she did not have any evidence.

At this moment, the beautiful female receptionist stood upright perturbedly.

A fleet of luxurious cars stopped at the entrance and a group of youngsters got down from the cars.

“I’m excited! Many rich people will be coming here, and we can make more friends! There will be many beautiful rich women too!”

“Behave yourself! Don’t just aim for pretty,

wealthy girls. Don't you have billions of family assets to be inherited? Why are you so hungry for wealthy girls?"

The group walked to the entrance while joking with each other. They took out their entrance tickets.

Suddenly, the boy who was clamoring for wealthy women jumped in anxiety. "Shit, has anyone seen my entrance ticket? How could I have lost it?"

Wait! I Have Something to Say!

Unfortunately, the female receptionist rejected them.

“What’s happening?”

At this moment, a middle-aged man in a suit walked out and saw this group of youngsters.

“Are you Young Master Zhou Ze?”

The middle-aged man was initially indifferent. As soon as he saw the one who lost the ticket, he grinned blissfully.

“Do you remember me? Your father, Mister Zhou Tianhao, and I had a meal in a restaurant at Suzhou. You were there that day too!” The middle-aged manager said with a smile.

“Oh, I remember! If I’m not mistaken, you are the manager of a travel agency, Li Tian!”

“Yes, that’s me! Is everything okay?” Li Tian asked smilingly.

Zhou Ze was an easy-going person, hence

all of them liked to joke with him. One could not easily tell that he was from a wealthy family with billions of assets in Suzhou.

Furthermore, Zhou Ze was obviously the key person in this group of youngsters.

Therefore, they were unwilling to leave when Zhou Ze met with an issue, especially the girls.

“Great, I could really use your help! Manager Li, I lost my entrance ticket on the way here but it’s too troublesome to turn back and search for it. Can you help me get into the beach without a ticket?”

Zhou Ze requested with a smile. He was sure that his problem was solved.

He acted perfunctorily and was about to enter the venue.

“I’m afraid I can’t allow that, Young Master Zhou!” Li Tian stopped him. “If it was any other time, I would be fine with it! But today is an exception! I’ll just tell you frankly, this cruise party may appear to be

a gathering hosted by the dandy of Suzhou, Young Master Huang, for the rich dandies to have a great time. But Young Master Chen of Jin Ling City is the actual guest of Young Master Huang!”

“Young Master Chen?” Zhou Ze and his friends looked at each other.

“Ahem, you might not know who Young Master Chen is, but you must have heard of the Commercial Street in Jin Ling.”

“Of course! That place is known as the gold mine of Jin Ling. The cash flow of that place is unbelievable! I’ve always wanted to visit the Villa, but it is too costly!” Zhou Ze exclaimed.

“Well, not only the Hot Spring Villa, the entire Jin Ling Commercial Street is owned by one person, which is Young Master Chen!”

“What?!” Zhou Ze was astounded.

The beautiful girls beside him were also shocked.

Some of the dandies were indeed wealthy, but that was all their parents' money. It was extremely rare and unbelievable for a dandy like Young Master Chen to run a business of his own, not to mention such a humongous business! Those who were supporting him must be very impressive!

Everyone was astonished.

"That is why we are manning the entrance so strictly, Young Master Zhou. We are afraid that some malicious people might sneak in or some paparazzi might capture photos illegally," Li Tian explained patiently.

"Alright, we'll turn back to search for the ticket!"

Unfortunately, they could not find the ticket anywhere.

"Damn, am I really going to have to miss this party?" Zhou Ze said sadly.

Each person could only get one entrance ticket. The ticket was not for sale, so they could not get one by simply purchasing

another.

At this moment, the face of the female receptionist who had been keeping her silence went red.

She was indeed going to say something, but she did not dare to because Manager Li's warning was too frightening.

She felt apprehensive because she just allowed a suspicious person into the venue just a while ago.

Should she report it?

She was afraid she might be fired if she brought it up. But if she did not, she might have risked everyone's life here at this important party.

If anything went wrong, she could not bear the responsibility even if she died.

Alas, she decided to report it!

The female receptionist said at once, "Manager Li, Young Master Zhou, don't be anxious. Your ticket might have been taken

by someone!”

“What? Who?” Zhou Ze asked hastily.

The female receptionist named Zhang Hong immediately told them about what she saw and her suspicions.

“Why didn’t you inform me immediately? If anything happens, we would be in great trouble, do you understand?” Li Tian said anxiously while slapping his thigh.

He loathed the loser Zhang Hong had just described.

He ordered Zhang Hong to lead him to that person at once.

Zhou Ze and the rest went in as well...

Chen Hao had no idea of this incident.

All he knew was that this Golden Beach was extremely wide and breathtaking.

With the sound of waves in the background, the party at night would be extraordinarily fun.

There was a bungalow hotel with spectacular views of the sea beside him.

Chen Hao was ushered by another male receptionist to his hotel with the entrance ticket in his hand.

Bai Xiaofei had called Chen Hao just now.

They were still sleeping at the hotel, for they did not expect Chen Hao to arrive so early.

They immediately got up and prepared themselves to meet Chen Hao.

“Stand there! Quick, stop him!”

Suddenly, Li Tian dashed toward Chen Hao. He shouted anxiously when he saw that Chen Hao was about to get into the elevator.

Chen Hao saw a group of people running toward him.

He was rather astonished, so he waited for them to see what happened.

“You! Show me your entrance ticket now!”
Li Tian shouted angrily.

To be frank, Chen Hao did not look anything like a wealthy person.

Previously, he was still doubting that he might be wrong, but when he saw Chen Hao’s attire, he was certain that he was not mistaken!

Li Tian ground his teeth in anger.

“Didn’t she check my entrance ticket earlier?” Chen Hao pointed at the female receptionist.

“If we hadn’t checked, how would we have known that a loser like you actually sneaked in?!”

Zhang Hong shouted bluntly, “Young Master Zhou, that’s him! He must have taken your entrance ticket!”

After that, Zhang Hong stomped toward Chen Hao and snatched the ticket from his hand.

“My god, all kinds of people really exist in this world. How can someone be so thick-skinned to sneak into this cruise party?”

A few girls covered their mouths and giggled. The disdain in their eyes were obvious.

Chen Hao finally figured out what happened.

These people stopped him because they suspected that his entrance ticket did not belong to him. Coincidentally, someone had lost their ticket so they presumed that the lost ticket was actually taken by him!

Chen Hao was speechless.

“We should report him to the police. Manager Li, this guy must be hatching some unlawful plots!” The few girls claimed.

Zhang Hong had taken out her phone to call the police.

“There you are, Young Master Chen!” At this moment, Bai Xiaofei and the rest

arrived.

Once they caught sight of Chen Hao, they ran toward him.

“Oh, Young Master Bai, it’s you!” Zhou Ze greeted Bai Xiaofei.

“Good day, Young Master Bai!”

The beautiful girls beside Zhou Ze also greeted Bai Xiaofei in reverence.

Their familys’ assets were worth around 800 or 900 hundred million but these were only a mere one tenth of what Bai Xiaofei’s family owned. Bai Xiaofei’s family had around 7 or 8 billion worth of assets!

“Zhou Ze, you are here too!”

These people attended the same college as Bai Xiaofei. They were all third-year students in Jiang Nan College.

Of course they knew Bai Xiaofei, who was the tyrant in Jiang Nan College.

“Young Master Chen, how did you get to

know them?" Bai Xiaofei asked Chen Hao smilingly.

"I don't know them. They are accusing me of stealing their entrance ticket to sneak in. They want to report me to the police and turn me in!" Chen Hao smiled bitterly.

"What?! Steal their ticket? Which idiot said that?" Bai Xiaofei bellowed.

Zhang Hong was stunned. She had obviously heard of Bai Xiaofei, who was as renowned as Young Master Huang.

But why was Bai Xiaofei treating the loser whom she belittled in such a respectful way?

Most importantly, what did Bai Xiaofei address him as?

Y-Young Master Chen?

"Let me explain, Young Master Bai. There might be some misunderstanding here. We were just suspecting so we wanted to verify his entrance ticket. I'm sure you are well aware of the importance of this cruise

party!”

“Of course I’m aware of it. Li Tian, Zhou Ze and the rest of you, do you know who he is?” Bai Xiaofei pointed at Chen Hao

“He is Chen Hao, the Young Master Chen of Jin Ling Commercial Street! Does he need to verify his ticket?”

“What? He is Young Master Chen?”

Everyone’s jaws dropped when Bai Xiaofei announced Chen Hao’s identity.

“Oh! I am truly sorry, Young Master Chen!”

Zhang Hong’s legs were trembling.

She bowed down to an angle of 90 degrees at once.

It must be true since Bai Xiaofei was the one who revealed it.

“Ahem, Young Master Chen, I am extremely sorry, I really didn’t know that...”

Li Tian gulped anxiously. His attitude

changed to show reverence to Chen Hao, not to mention the girls beside Zhou Ze who mocked Chen Hao earlier. They were all staring at Chen Hao in admiration.

He was the Young Master Chen? The one as rich as Croesus?

Gasp!

Gosh! What did I say and do earlier?

Sigh!

Chen Hao was used to these reactions. He had not planned to hurt their pride in any way. If he wanted to, he would have done it when Zhang Hong stopped him. It would have been too easy.

He came here for the sole reason of enhancing his experience. He did not want to get into any disputes.

Hence, he did not do anything else except smiled. He then followed Bai Xiaofei and the rest into the hotel.

Suddenly, Chen Hao's phone rang again. It

was Lin Yiyi this time.

“Young Master Chen! Have you settled down? I’m afraid I can’t make it to meet you now!”

“What happened? Is there any trouble?” Chen Hao noticed the frustration in Lin Yiyi’s voice.

“Argh! I’m about to go crazy! I’m now at my aunt’s house, but guess what?! My aunt wants to introduce me to a potential boyfriend! I’m really unwilling to, but my aunt won’t let me go! I can’t escape from this! Sigh, Young Master Chen, what should I do?” Lin Yiyi said coquettishly. However, it was obvious that she was also anxious and angry.

“That’s easy, just tell her you have a boyfriend!”

“I told her that I have a boyfriend so I can’t meet other boys but the problem is, my aunt insisted on meeting my boyfriend! Where can I find a boyfriend now? Jeez, what an annoying situation!”

Suddenly, Lin Yiyi lowered her voice.
“Young Master Chen, can you do me a favor?”

Chen Hao widened his eyes in surprise.
“Damn, what do you mean?”

“Are you kidding? I saw you holding it just now!”

They had reached the entrance. One of the dandies was asking him.

“Yes but I had to pee just now, so I stopped the car by the road and peed in the woods. I was holding the ticket in my hand when I got down, but I can’t remember if I brought it back to the car after that. Dang! I must have lost it there!”

It was clear that they were close friends even though they liked to tease him.

Everyone was anxious.

“Let’s search around. At worst, we’ll turn back to get the ticket...”

“It’s quite some distance away!”

They were discussing a solution. They decided to explain to the female receptionist that he had an entrance ticket but it was lost, hoping that he would be allowed to enter.

Chen Hao didn't have to think twice to understand what Lin Yiyi meant.

She was definitely asking him to pretend to be her boyfriend to satisfy her aunt.

Chen Hao was tired of pretending to be someone's boyfriend.

"Young Master Chen, please pretend to be my boyfriend and bear with me. I'm begging you. I feel that Bai Xiaofei and the others are unrefined but you are more mature. You're my best pick. If you don't help me, my aunt would certainly set me up with that boy. I really don't want to meet him!" Lin Yiyi pleaded.

Chen Hao wanted to refuse but he couldn't find a reason to.

Lin Yiyi had helped him several times. This time, she needed his help and it was not something unachievable. It was time for him to return the favor.

"Alright!" Chen Hao nodded.

After he hung up the phone, he didn't go

upstairs. He told Bai Xiaofei and the others to leave first and he took a cab to Lin Yiyi's aunt's home.

Her aunt was quite rich. She had a mansion at Yun Gang City.

When he arrived, Lin Yiyi was already standing at the door waiting for him.

Standing next to Lin Yiyi was a girl about the same age as her.

Looking at this scene, Chen Hao thought that it was very similar to when he visited Su Tongxin's home. Was it a typical scene when pretending to be a boyfriend?

Chen Hao coughed drily, got out of the car and greeted Lin Yiyi.

"Oh my god! Sister, is this your boyfriend Chen Hao? Why did he come in a cab?"

The girl standing next to her was fair-skinned and quite beautiful, but when she looked at Chen Hao, she wore an expression of disdain and disappointment.

It seemed like Lin Yiyi didn't blow Chen Hao's cover.

So this girl knew nothing about him.

Looking at Chen Hao's clothes, he seemed to be nothing more but a poor loser. He even arrived in a cab. What a loser.

She was extremely crestfallen.

"What do you know, Mei? Chen Hao is extremely nice! Why can't he be my boyfriend?"

Lin Yiyi ran over to hold Chen Hao's arm, smiling sweetly.

Sigh, if Young Master Chen was really my boyfriend, that would be great, Lin Yiyi thought.

"Fine, I just hope later when my parents and cousins see him, they won't say anything!" Su Mei pursed her lips, not wanting to look at Chen Hao. She turned and went inside.

Chen Hao froze. "Didn't you say we were

just here to meet your uncle and aunt?
Why are there so many people?"

Lin Yiyi stuck her tongue out. "They only came after I called you. Sorry Young Master Chen, please just help me this time!"

Chen Hao said resignedly, "Fine, just this once!"

Actually, Chen Hao thought the whole thing would be simple. He only needed to greet Lin Yiyi's aunt's family. Then, they would proceed to compare him to the boy they were about to introduce to Lin Yiyi.

At that time, he would only need to show them some of his wealth and he would be able to have the upper hand.

It was that simple. However, many relatives of Lin Yiyi were present and this gave Chen Hao a headache.

The relatives paid a visit because they heard that Lin Yiyi was coming and they had always been close to her. Other than that, they have always had business

dealings with each other and now that Lin Yiyi had found herself a boyfriend, they were curious. Therefore, everyone came.

“Yiyi, is he your boyfriend?”

When they entered the house, the adults barely had time to speak before a group of young teenagers surrounded them.

All of them were sizing Chen Hao up.

There was doubt on everyone’s faces after a while.

Damn, Yiyi was so beautiful but what kind of taste did she have? Obviously, he was way out of her league!

“Yiyi, we wanted to invite you to the cruise party but you rejected us. Hmph, now we know it’s because you wanted to go with your boyfriend!” a girl exclaimed.

“Yes, but now it just so happens that we can go together!” Lin Yiyi laughed, holding Chen Hao's hand and didn't let go.

As for her cousins, they didn't greet Chen

Hao.

Lin Yiyi also knew that they looked down upon Chen Hao.

However, Lin Yiyi did not dare to expose Chen Hao's identity without Chen Hao's consent.

Seeing that Chen Hao was not too angry, Lin Yiyi was relieved.

Chen Hao was not angry but numb to this kind of experience. When participating in these occasions, he would only be silent!

“Well now. Yiyi, have a seat!” A middle-aged woman stood up. She was Lin Yiyi's aunt, Lin Hongxia.

She owned a beauty chain company with an annual profit of tens of millions. Therefore, her skin was very well maintained. Because she had seen many rich people, she was quite unaccustomed to seeing ordinary people like Chen Hao.

“Your name is Chen Hao, right? Where are you from? What does your family do?” Lin

Hongxia asked lightly.

The group of young rich heirs looked at Chen Hao with a sneer.

“Don’t tell me he’s from the countryside and his family farms land?”

“Sigh, I really don't know how Yiyi ended up with such a crude boyfriend with her standards. If he were my boyfriend, I would have jumped from here and died! ”

“Look at him. He didn’t even say a word since he came in. Obviously he hasn’t seen a house as huge as this and it’s making him nervous. He looks like an old lady entering a grand garden. He can’t compete with Wu Qiang!”

“Damn. What are you saying? Him? Competing with Wu Qiang? ”

On one side, several men and women were discussing Chen Hao with arms crossed. On the other hand, as soon as Su Mei heard that someone was comparing Chen Hao to Wu Qiang, she immediately commented with disdain. Who was Wu

Qiang? Wu Qiang would be the guy who Lin Hongxia planned to introduce to Lin Yiyi. His family runs hotel businesses and he was studying in Jiang Nan College in Jin Ling. Not only that, he was also the President of the Student Council of the Management Faculty!

Wu Qiang was a great person. How could this Chen Hao compare?

Several people were talking loudly and Chen Hao heard them all.

He was not angry, just frustrated.

Is it really that important to have money? When did the standard for measuring a person change from moral character to the amount of money someone had?

You can say or do anything as long as you had money and you would always be right. If you don't have money, you're absolutely nothing!

Chen Hao thought of what he had experienced and lamented in his heart.

He turned to Lin Hongxia and replied, “My family lives in a small town in the county and my parents are doing business!” Chen Hao answered honestly.

“Pooh, he really is from a small rural area. His parents probably have a kiosk in town, my god!” Su Mei and the others despised him even more.

Lin Hongxia had not asked Chen Hao to sit down ever since he stepped into her house. After hearing this, she became even angrier and scolded him, “Then how dare you fall in love with our Yiyi? What makes you think that you are qualified? Have you no shame?”

“Auntie, don’t say that!” Lin Yiyi widened her eyes.

She didn’t think that her aunt would say something so cruel.

Do you know who is standing before you? A true heir! His family supports the whole Lin family behind the scenes!

Lin Yiyi was shocked.

But even though he was scolded, Chen Hao was only slightly angered. He was already numb to these voices of disdain from long ago.

Lin Hongxia wanted to scold him some more so that he would back off voluntarily.

At this moment, her phone rang, so she picked up the phone.

“Yes? Wu Qiang? Didn’t I say you can come next time? What? You’re already at the door? Alright, let me come meet you!”

The call was from Wu Qiang. Lin Hongxia had already told him that he didn’t need to

come today. Unexpectedly, Wu Qiang still came.

Lin Hongxia thought that since Lin Yiyi's boyfriend was coming, and though she fancied Wu Qiang more and wanted Lin Yiyi to meet with him so they could unite to become more powerful, what if Yiyi's boyfriend was more excellent and handsome than Wu Qiang?

What if Yiyi's boyfriend was even richer than Wu Qiang?

What if...

All in all, Lin Hongxia thought about countless what ifs, but she didn't expect the current situation to end up in such a way.

She didn't want to think about it anymore.

Yiyi and Chen Hao would have to break up. She would talk to her cousin, who was Lin Yiyi's father, later on. She wanted to know what was going on!

"Whoa, whoa, Wu Qiang is here! Yiyi, Wu

Qiang will also go to the cruise party. You can get to know him more!”

Su Mei and the others had been treating Chen Hao like he was nothing from the start. Now they wanted to bring Wu Qiang and Lin Yiyi together.

Just then, Wu Qiang followed Lin Hongxia in.

“Wu Qiang, you’re looking even more handsome!” As soon as Su Mei saw him, she smiled sweetly.

Wu Qiang stood in front of them, tall and handsome. He wore gold and silver on his wrists. At first sight, one could tell that he was rich.

“Mei, flattery gets you everywhere!” Wu Qiang waved while clutching a watch in his hand. He grinned.

His eyes scanned the room and finally fell on Lin Yiyi, who was as beautiful as a fairy.

“Let me guess. You must be Aunt Lin’s niece, Miss Lin Yiyi. The beautiful Lin Yiyi

from Jin Ling, right?”

In fact, Wu Qiang had met Lin Yiyi a long time ago. Both of them studied in Jiang Nan College. Lin Yiyi was a beautiful girl, so how could he not know about her?

One could say that with just a single look, Wu Qiang had fallen in love with this girl.

She was extremely beautiful, so beautiful that she made his heart tremble!

So, as soon as he heard about the meeting today and that it was deliberately arranged by Aunt Lin, Wu Qiang was really happy. But then she seemed to have changed her mind.

Wu Qiang quickly found out what was happening and the more they didn't let him come, the more he wanted to come!

“Well, yes. Hello!” Lin Yiyi said politely but she immediately stood beside Chen Hao after greeting him.

Am I that unattractive? Wu Qiang's excitement dimmed.

Then he turned his gaze to Chen Hao.

“Are you Yiyi’s boyfriend?” Wu Qiang smiled, giving the impression of being generous and competent.

“Yes, I am!”

“So you studied in Jiang Nan College? But I haven't seen you before! ”

Wu Qiang wore a smile but his smile suggested a hint of superiority.

“I’m not from Jiang Nan College, but from Jin Ling College!”

However, Chen Hao had had plenty of practice by now. Regardless of how people treated him or intimidated him, he could keep his countenance unchanged and his expression calm.

“Jin Ling College, that's cool. By the way, what does your family do? How did you manage to court our goddess Yiyi?”

“Wu Qiang, let me tell you. He’s from the countryside. His family runs a kiosk in

town! Can't you tell from what he's wearing?" Su Mei hurriedly answered.

What was the highest state of ignoring a person? It was when the person was clearly in front of you but you still pretended the person didn't exist.

Normally, one wouldn't say these harsh words in front of another person.

But now, Su Mei didn't even care so one could imagine how much she despised Chen Hao.

"Oh, so you come from the countryside. It's quite a feat for you to study in Jin Ling. By the way, brother, if you have any difficulty in Jin Ling College, you can tell me. My father knows your principal and he can arrange everything with just a word! If you want to apply for student subsidies, you can also contact me. Although I'm from Jiang Nan College, everything is still related! Oh by the way, have you applied for subsidies before? "

As soon as Wu Qiang saw that Su Mei ignored him blatantly, he had already

become contemptuous. So, he didn't really pay attention to his words.

“Yes, I have been applying for three years in a row. Before, I had to pay my tuition with my student subsidies!”

Chen Hao originally wanted to embarrass Lin Yiyi's aunt but now, Chen Hao decided to keep a low profile.

There were three reasons.

First of all, Chen Hao did apply for subsidies and did use it to pay for tuition fees. This was true and there was no need to lie about it.

Secondly, Chen Hao thought that even if he helped Lin Yiyi, he didn't need to help her so thoroughly. Chen Hao could see that Lin Yiyi didn't just want him to pretend to be her boyfriend. She actually wanted to develop their relationship further.

Chen Hao wasn't a narcissist but he could really feel it.

Although Chen Hao liked pretty girls and

he basically liked them as soon as he laid eyes on them, it was due to his nature. He wasn't that much of a scumbag.

He had always wanted to find a girl who really had chemistry with him to be his girlfriend. He wanted them to last forever.

But Lin Yiyi was definitely not that girl. When they first met, Lin Yiyi had collided with him and she had beaten him until he was unrecognizable.

So, Chen Hao didn't want to help her thoroughly.

Thirdly, Chen Hao didn't want to reveal his identity anymore. He was very uncomfortable being in the limelight and being looked at by everyone else, regardless of what they thought.

"Damn, he even paid his tuition fees with his student subsidies for three years! How poor is he?"

"Oh my god! This is really unheard of. He is so poor and so shameless to apply for student subsidies for three years! I would

have died from embarrassment to even apply once!" Su Mei and the other girls discussed.

Lin Hongxia frowned even more. Was Yiyi out of her mind?

Why would she pick this kind of person?

"Haha, it is said that the children of poor families often settle down earlier. Brother, at least you have achieved this. But in the future, if you are short of money, I can lend you some. After all, Yiyi and I are alumni. That means we are friends from now on!" Wu Qiang smiled.

Even though there was a slight hint of contempt in his voice, it was nevertheless detectable.

He was obviously very good at bloodless battles. He ridiculed Chen Hao in public with every sentence that he spoke but no one could pick out any problems.

He was worthy of being the President of the Student Council. His language ability was very strong.

“Thanks but no thanks!” Chen Hao smiled lightly.

“Don't be embarrassed. By the way, brother, since you go to school in Jin Ling City, have you been to the major scenic spots? You have to check out Jin Ling Commercial Street. There is also Hot Spring Villa. Since you are at Jin Ling, you have to visit the Villa. How about this? You can come to me later and I'll take you there. My father knows the owner of a restaurant on the commercial street. If you want to go, I know someone who can bring you in!”

“Oh, Wu Qiang, have you forgotten what Yiyi's job is? If Chen Hao wanted to go, Yiyi would just have to say the word!” Su Mei grinned.

“Oh, you're right! How could I forget? I just assumed that since Chen Hao is poor, he has not been anywhere before. He will probably be going to Jin Ling Commercial Street more often now since he is dating Yiyi!”

“Damn, I forgot all about it! Haha!” Wu

Qiang smacked his head while laughing.

Afterward, Wu Qiang continued to flaunt his connections with the businessmen of Jin Ling.

Of course, he continued to tease Chen Hao.

Chen Hao was angry.

He wanted to tread all over Wu Qiang.

But then he thought, I'll let him flaunt and mock me if it pleases him. What else does he have apart from these?

Therefore, the family lunch was not pleasurable for Chen Hao. They ate and chatted. Time flew by, and it was nearly twilight.

Chen Hao had woken up early this morning and had wasted nearly a day here. He was tired already!

Just then, Su Mei cleared her throat, which shocked Chen Hao.

"Ah, Wu Qiang, Yiyi, it's almost five o'clock. The cruise party is about to start! Let's go!

It's not good to be late! "

"Yes, you're right!"

"It's organized by Young Master Huang after all and we have to show him due respect!" Wu Qiang exclaimed.

"OK, then go quickly. By the way, Wu Qiang, take good care of Su Mei and Yiyi!" Lin Hongxia said hurriedly. She deliberately excluded Chen Hao.

"No problem!" Wu Qiang responded. Then, everyone left for the party one after the other. Some of them drove. As for Chen Hao, under Lin Yiyi's insistence, he got into the BMW 7 Series that Su Mei owned.

Otherwise, they wouldn't have even allowed Chen Hao to get in the car.

During this period of time, Lin Yiyi also grasped Chen Hao's hand tightly, seeming to say—Sorry! Sorry! Sorry! Young Master Chen, I never thought they would act this way. I'm sorry that you had to suffer such a great grievance!

Chen Hao smiled bitterly as a response.

They talked and laughed on the way there and finally arrived at Golden Beach's entrance.

"By the way, Chen Hao, do you have a ticket?" Wu Qiang had been waiting a long time to ask this question, but he wanted to wait until Chen Hao had arrived at Golden Beach. He wanted to embarrass Chen Hao.

"Oh, yes, I have it!" Chen Hao nodded and carefully took out the ticket from his pocket.

"Haha, it must be from Yiyi. Really, why do you treat him so well? Do you know that your actions are harming him instead? He doesn't belong in our world. Why do you have to let him enter our world? Let him live his mediocre life!"

Su Mei usually didn't act like an adult, but by saying this unreservedly, it felt like she was experienced in the worldly ways.

She was very respectful toward Lin Yiyi

normally, however, she finally couldn't stand it anymore.

What was today's occasion? It was a gathering of upstarts brought together by Young Master Huang.

Everyone was somebody.

She understood that her sister might like Chen Hao very much, so she wanted to bring him to see the world, but what if it hurt his pride after seeing so many rich heirs?

"That's it Mei, don't go so far! Always leave some leeway!" Lin Yiyi stomped her feet.

"Alright, stop fighting. Let's just go in and let Chen Hao follow us. If someone asked him questions that he dared not answer, I'll help him out!" Wu Qiang spoke with a sense of justice.

"Hmph, Wu Qiang is the best. He is so competent!" Su Mei complimented him, then rolled her eyes at Chen Hao.

Then, they went in together.

It was five in the afternoon and the shores of Golden Beach were already filled with people. It was much livelier than daytime.

"Wu Qiang, you're here!"

"Mei, you're here as well! Why did you arrive so late? We are barbecuing over here!"

As soon as Wu Qiang arrived, several rich heirs waved at him.

Apparently they knew each other.

"Haha, there are so many friends here. Yiyi, let's go. I'll introduce some of them to you!"

The rich heirs hung out with their best friends and drank alcohol, having a marvelous time!

As for Chen Hao, he didn't want to meet any new friends. He was tired from the day and his brain was about to explode.

He just wanted to find a place to rest and find out where Bai Xiaofei and the others

were.

So he said, "Enjoy yourselves, I'm going to the toilet. Don't mind me!"

Chen Hao turned around and left without waiting for anyone to respond.

"Haha, he's going to the bathroom? Maybe he is afraid that other people would know that he's a poor kid and he felt humiliated!"

"Yeah, he's poor and he should know his limitations. It's better if he didn't participate in this kind of gathering. Now that he's here, he's regretting it!"

The group was muttering among themselves.

Lin Yiyi wanted to go with Chen Hao but she had troubled him enough for the day and she didn't dare to bother him anymore.

"Who is he? Why didn't he tell us if he was going away?" A rich heir was dissatisfied with him.

"Don't mind him, he's just a loser!" Su Mei

said with disdain.

The loser that she was talking about had already reached the other side of the beach.

Chen Hao liked this feeling. He wandered along the beach alone.

Some waiters passing by him were serving wine. Chen Hao took a glass, sat on a recliner and drank in peace.

It was so comfortable and peaceful without the constant chatter in his ears!

Just then, Chen Hao's phone rang.

He took a glance and saw that it was Li Zhenguo.

"Young Master Chen, how's your gathering tonight?"

Chen Hao told Li Zhenguo about the gathering tonight so he knew.

"It's alright!" Chen Hao smiled bitterly.

"Well, that Young Master Huang ought to satisfy you. I don't know if I should tell you this. Let's just say that Young Master Huang, the organizer of this party, actually has a lot to do with your sister. And the purpose of organizing the party this time is obviously because of you!"

"Huh? How come?" Chen Hao was stunned. If he organized this party for him, why was Lin Yiyi the one who gave him the ticket?

Besides, what did the son of the richest man in Suzhou, Young Master Huang, had to do with his elder sister?

"Ahem, it's like this. The reason why the Huang family rose to power was because your sister had given them tremendous support. Young Master Huang's mother is your sister's godmother. Do you understand now?"

Chen Hao didn't expect to have such a relationship. It seemed that after his sister's poverty ended, she had developed Jin Ling—or more accurately, the whole of Jiangnan province—and he only knew a

thing or two.

“As for why I told you this, it’s because the Huang family is very good at flattery, just like how they treated your sister at the beginning. They flattered her after they knew her real identity. At that time, they put on a graceful and noble pretense, acting as though they were eager to help her when she was poor, and as though they were not trying to curry favors with her once she got rich. Because of this, your sister was moved and gave full support to them!”

“But of course, they have always been loyal to Miss Chen Xiao!”

“This time, Young Master Huang must be using the same trick again. Forget about this party, he is just really looking forward to seeing you and showcasing himself to you. Ever since you told me about the party, I've debated for a while if I should tell you this. If I didn't tell you everything I knew, I would feel very sorry!”

“I understand, Zhenguo. Thank you!”

“Don't say that, Young Master Chen. I still want to do more for you!”

After a few more exchanges, Chen Hao hung up the phone.

Chen Hao picked up some things from his conversation with Li Zhenguo and thought that the situation was not as simple as it seemed.

That was, Li Zhenguo seemed to be at odds with the Huang family, implying to him that the Huang family was not as noble as they seemed.

Were they fighting secretly?

To be honest, it was Chen Hao's first encounter with this kind of situation. Anyway, Chen Hao thought it didn't feel right to hurt Li Zhenguo.

Chen Hao sipped wine as he pondered over it.

“Hey look, that man has been watching us play volleyball for a long time. Is he watching us because we're wearing

bikinis? Is he fantasizing about us?"

"Really? Is he really that obscene? "

At this time, Chen Hao heard the voices of several beautiful women.

Coming back to his senses, he saw a group of beautiful women in bikinis on the beach glaring at him and muttering under their breaths...

On Golden Beach, these beautiful women in bikinis were playing volleyball.

Chen Hao was too tired just now so he didn't notice. He lay down nearby and had a rest.

After his call, Chen Hao was lost in thought and might have been unconscious of where his eyes strayed. He was obviously misunderstood by these beautiful women who were playing volleyball.

They had thought that Chen Hao was spying on them and thinking of obscene things.

It was a day out so these beautiful girls dressed revealingly. Some boys looked and they didn't mind, but this boy was too shabby.

Besides, he was staring and ogling them till he spaced out. These girls had experience with these types of boys. They knew what he was thinking and it made them feel disgusted!

“He's disgusting. Look at him. He's getting more and more excited by the second. He's still looking at us!”

“He must be peeping at Xuenuo. She is wearing more revealing clothes today. Just now, a rich heir wanted to take photos, and when he heard that Xuenuo was on good terms with Young Master Huang, he was so scared he ran away!”

“Yes, I think this person is too reckless. Maybe he has already taken our photos and is planning to take them back to the hotel and do something with it at night. My god, it's too disgusting!”

“Xuenuo, what should we do?”

The girls looked at a well-proportioned, fair-skinned sexy girl with hair reaching her waist.

She was indeed beautiful. One could say she was the main attraction on the volleyball court because most boys were gathered over here.

Many boys obviously knew that Xuenuo

and Young Master Huang had a good relationship, so they didn't dare to look at her openly. They had to settle with peeping.

Chen Hao was one of a kind compared to them.

Li Xuenuo combed through her hair and said coldly, "Huh! I've seen too many dirty men. Sisters, let's go and check his cell phone together. If he really took photos of us, we'll kill him today!" Li Xuenuo said icily.

"That's right. If Young Master Huang or rich people at the level of Young Master Bai looked at us, it would be fine, but for such a loser to look at us, it's an insult!"

With that, they went over to Chen Hao.

Chen Hao couldn't run now even if he wanted to.

"You! Have you been peeping at us just now and thinking obscene things? "

A girl with a huge chest questioned him,

her breasts trembling.

"I... I didn't!"

Chen Hao replied innocently. He really didn't pay one bit of attention to them.

He didn't even notice that one of these women who played volleyball was extremely beautiful, or else Chen Hao would have stared.

"You didn't? Who are you kidding? You're even drooling! I've never seen such a disgusting loser. Take your cell phone out and let us have a look!"

"Yeah, take it out, you disgusting man and dirty loser! You better do as we say, or you'll have a hard time when Young Master Huang hears of this!"

The crowd jeered at him.

At that moment, Li Xuenuo was holding her shoulders coldly, looking very proud.

Yes, although Young Master Huang was very famous and had a very good

relationship with herself, so far, Li Xuenuo had not established a clear relationship with Young Master Huang.

She really knew her way around. The easier it was to get something, the less valuable it was.

For the past few years, in the face of Young Master Huang's rampant pursuit, Li Xuenuo had always been reserved, but she had long wanted to be his girlfriend.

Young Master Huang was the son of the richest man in Suzhou. He was really wealthy.

It was just as she thought. The more reserved she was, the more Young Master Huang pursued her.

So now, Li Xuenuo's status was simply too high and many girls saw her as their leader.

"I said I didn't take photos of you!" Chen Hao smiled resignedly. Although this group of girls were very beautiful, they were also very unreasonable.

As for drooling, if a large group of beautiful girls in bikinis were standing in front of an ordinary guy, how was it possible for him to not feel butterflies in his stomach?

It would be awkward for Chen Hao to continue staying there. That was why he wanted to escape!

“You want to run? Sisters, get him!”

In a flash, a few chicks had surrounded Chen Hao, digging their fingers into his head and tearing his clothes apart.

The group of girls had a lot of strength when added up.

Soon, Chen Hao was pinned down to the ground.

Some girls were very bold and even sat on Chen Hao's body. His body was almost covered with girls.

Chen Hao was pinned down on the beach firmly.

“Hmph, how dare you offend me? When

Young Master Huang comes, you will be taught a lesson!" Li Xuenuo smiled icily.

At the same time, some girls rushed over and covered Li Xuenuo's body with a bath towel.

"Damn, there's something going on over there. Some girls are beating up a boy!"

"What? Why?"

"Haha, that boy is a loser. He was peeping at girls in bikinis while they were playing volleyball. The girls didn't want him to see so they got into a conflict and beat him up!"

"Let's go take a look!"

News of the commotion had already spread to the other side of the beach.

Wu Qiang, Su Mei and Lin Yiyi were having their own barbecue here.

When they heard about it, it sparked their interest.

“Yiyi, Su Mei, let's go and have a look. Haha, let's see who is this pathetic guy?”

Lin Yiyi didn't want to go but she was just about to leave to find Chen Hao. She wanted to see if he had returned to the hotel, so she nodded.

The group ran over there.

As soon as they saw who was struggling under the buttocks of several girls on the beach, Wu Qiang, Su Mei and Lin Yiyi froze.

“Chen Hao?”

Lin Yiyi couldn't believe her eyes. She felt like she was dreaming. The revered Young Master Chen was pinned under a bunch of girls and was beaten up by them?

Su Mei gulped.

“Wu Qiang, Su Mei, isn't he the guy that you brought?” Wu Qiang's friend said with disdain.

“No, no. We don't know him. My god, he is too disgusting. This is extremely

humiliating!” Su Mei exclaimed.

She nearly covered all of her face.

Chen Hao, although you’re poor and shabby, these aren’t a big deal. They are just really annoying but I didn’t think you are also dirty! Your girlfriend Yiyi is still here.

Su Mei couldn’t stand it.

“Su Mei, maybe something happened to him? Maybe it was his first time seeing someone in a bikini and he was stunned! Hahaha!” Wu Qiang chuckled. Seeing the awkward expression on Lin Yiyi's face, he thought Lin Yiyi was also ashamed and disappointed.

That was why he became even more presumptuous.

“You loser, how did you get in? Tell me, did you take a photo or not?” Li Xuenuo crossed her arms like a haughty peacock and stepped on Chen Hao’s head.

F*ck!

He had never been insulted like this before!

Chen Hao was angry. He was really enraged. He swore that such a situation would not happen a second time. Actually, this was the second time when he was beaten by Lin Yiyi and a bunch of other girls the first time.

There would be no third time!

Just when Chen Hao wanted to hit one of them, someone yelled, "Oh my good, look at the sea quickly! The fancy cruise ship is here. Young Master Huang is here!"

Everyone heard that person yell and looked over to the sea.

There was a fancy cruise ship sailing quickly toward the port of Golden Beach.

On the deck of the cruise ship stood a plump young man clad in bathrobes and wearing sunglasses. His robe was fluttering in the wind.

Beside him were all drop-dead gorgeous

ladies in bikinis and foreign girls nestling in his arms, feeding him red wine!

At the very top, there were several rich second generation heirs. It was Bai Xiaofei and the others.

After all, they all belonged to Chen Xiao's forces and naturally had a very good relationship with each other.

"Young Master Huang!"

"Young Master Huang!"

"Young Master Huang!"

"Ahhhh!!!"

As the cruise ship slowly sailed into the port, everyone was screaming, be it boys or girls. This was what the rich really looked like!

Young Master Huang's full name was Huang Yonghao. He was the son of the biggest tycoon in Suzhou city.

He was also the leader for the entire group of wealthy descendants within Jiangnan province.

Not only that, he was also a popular idol for countless girls. The girls would be dreaming everyday in hopes of a once-in-a-lifetime encounter with Young Master Huang.

Who knew if Young Master Huang might be attracted by their looks and fall for them.

However, all these were ultimately dreams and the actual reality was harsh. In real life, ordinary people would never be able to meet people of such status like Huang Yonghao.

A whirring sound could be heard.

A loud roar was heard as well.

The luxurious cruise docked.

The deck slowly opened its doors and Huang Yonghao walked down slowly with multiple girls around his arms.

He was neither tall nor handsome. In fact his body shape was slightly plump.

However, all the girls were screaming about how handsome he was!

Su Mei was also one of the girls that shouted the loudest.

She hoped that her shouts could attract the attention of Young Master Huang. A glance toward her direction was good enough.

Wu Qiang had an envious look.

If only I could experience such treatment in my life as well.

Even if I could not become someone like Young Master Huang, at the very least I could be someone like Bai Xiaofei. Then at least I could be friends with Young Master Huang. I would be able to accompany him everywhere and also be in the limelight.

Wu Qiang's thoughts revealed the feelings of all the guys as all of them thought the same way as well.

Huang Yonghao casually took off his Armani sunglasses and threw it on the beach. Even though the sunglasses cost around 100,000, he threw it away like it was rubbish.

Then, he walked toward Li Xuenuo.

That was because he realized that Li Xuenuo looked exceptionally sexy and beautiful today.

“Xuenuo, you look really beautiful today!”

Huang Yonghao smiled.

His eyes were squinted into a line.

Despite that, the group of girls still worshipped him!

“Brother Hao, you look rather handsome today as well!”

Li Xuenuo tidied up her hair and restored

her image of an elegant lady.

The only reason she wore revealing clothes was to capture Huang Yonghao's attention once again.

After all, they were all in their third year of college and about to experience internships.

In their three years of college, Huang Yonghao had been courting her. However, she was uncertain if things would remain the same after their internship had ended.

As such, Li Xuenuo decided to affirm their relationship.

Smart ladies were like that. They were good with mind games in order to reel guys in.

"Haha, Xuenuo, come over to my side! Let me bring you to meet an important guest today!"

"Ah? Important guest?"

Li Xuenuo was rather shocked. She had

been in an ambiguous relationship with Huang Yonghao for three years and she had never once heard him mention the word 'important guest'.

Was there anyone that could be classified as an important guest in his eyes?

Huang Yonghao nodded his head while glancing across at the group of wealthy descendants.

"Everyone, thank you for coming all this way here today. I am here today not just to make an appearance, but also to utilize this opportunity and introduce a very important friend to all of you!"

"Everyone probably knows how our family gained a foothold in Suzhou city. It was due to my godsister's help. Today, my godsister's younger brother who is also my godbrother, Young Master Chen, is here!"

Huang Yonghao was in high spirits.

This was the effect he wanted to garner. It was meant to be a big surprise for his godbrother, Young Master Chen Hao!

That way, if the Huang family wanted to progress in the future, they would have strong support.

“What? Young Master Chen? Who is he? Recently I have been constantly hearing my dad mention his name as well!”

“Haha, you don't know who Young Master Chen is? Then at the very least you should know Jin Ling Commercial Street. That entire street is under Young Master Chen's name. It is not owned by his family but rather by him alone! Do you understand?”

“What? The entire commercial street is owned by Young Master Chen? Holy sh*t!”

Everyone's jaws dropped. In that case, the father of Young Master Huang, who was also the richest person in the city, was only as rich as one business under Young Master Chen's name?

“Brother Wu Qiang, is Young Master Chen really that capable?”

Su Mei was also astonished.

“I have only heard news that Young Master Chen was exceptionally capable. Think about it, the Huang family relied on Young Master Chen’s sister to grow till where they are today. So imagine how capable he is!” Wu Qiang shrugged his shoulders and gave a serious explanation to everyone around.

“Wow! Are we able to meet Young Master Chen in person today?”

Su Mei was elated.

Huang Yonghao then turned around and looked at Bai Xiaofei. He asked with a smile, “Brother Fei, where is Young Master Chen?”

Back then, Huang Yonghao used to address Bai Xiaofei as Xiaofei. Nowadays, the situation had changed. According to the information he had grasped, Bai Xiaofei was quite close to Young Master Chen and they also got to know each other earlier than he did.

Thus, the way Huang Yonghao addressed Bai Xiaofei was upgraded.

Despite that, there was still a huge disparity between the capabilities of Huang Yonghao and Bai Xiaofei.

“He has already arrived except he might not be here. Young Master Chen went out during the afternoon!”

Bai Xiaofei was also looking for him.

“Yonghao, why don't we head to the hotel and look for Young Master Chen? After all, given his status, how could we let him wait?”

Li Xuenuo said that while tugging at Huang Yonghao's arms.

Li Xuenuo was also blushing. She originally thought that Huang Yonghao was the most powerful person. Yet who knew that there was someone stronger and richer out there!

Furthermore, Young Master Chen was already here.

She really wanted to meet him.

Anyway, she had not officially confirmed her relationship with Huang Yonghao. Who knew if Young Master Chen would fall for her?

There was always a chance!

After all, there were no certainties in things like feelings and relationships!

“Yes, Young Master Huang. I think we should personally go and look for Young Master Chen!”

There were also numerous wealthy descendants that came up and agreed with the notion as if they were very good in dealing with social relationships.

“Ah! I overlooked this matter!”

Huang Yonghao’s expression changed.

Huang Yonghao thought that Young Master Chen would definitely show up at Golden Beach. Therefore, Huang Yonghao could then appear and respectfully invite him, which would make Young Master Chen extremely happy.

But to his dismay, Young Master Chen was not present at Golden Beach.

If that was the situation, Huang Yonghao would then be waiting for his godbrother to come see him! That would be very bad!

“You are right. Let's go over together and invite my godbrother! A small group of people would do it!”

Huang Yonghao said.

“Young Master Huang, could you bring us along please?”

At this moment, the few girls who were sitting on Chen Hao's shoulders, back, legs and buttock shouted.

“Young Master Huang, we have been occupied with beating up a pervert. Now that things are settled, could you bring us along to meet Young Master Chen?”

The few girls were so excited that tears were flowing out of their eyes.

“Alright, I shall bring you all along with me!

Brother Fei, Xuenuo, let's go and look for my godbrother!"

Huang Yonghao said.

"There is no need to look for me!"

At that time, Chen Hao lifted his head up and spat out a bunch of sand from his mouth.

Chen Hao only managed to catch his breath after the few girls got up.

"I have been here all this while!"

Chen Hao lied on the floor and bitterly said.

"What?"

Everyone was in shock upon hearing what Chen Hao said.

Bai Xiaofei's hair stood up once he had a clear look of the guy who was being beaten up by the group of girls.

"Young Master Chen! You are here!"

“Wait, what? He is Young Master Chen?”

Upon hearing what Bai Xiaofei said, everyone turned around in shock and astonishment.

Wu Qiang's eyes popped out as he could not believe it.

Su Mei's jaw dropped.

“Godbrother, is that you? Are you Chen Hao?”

Huang Yonghao did not expect Chen Hao to appear in this manner which made him break out in cold sweat.

“Yes, it's me!” Chen Hao spoke up weakly. He tried to get back up yet it hurt so bad that he had to take a deep breath.

His entire body was sore from being sat on.

“Can someone come and give me a hand?”

“Ah! Young Master Chen, Young Master Chen!”

The few beautiful girls who were nearby were shocked. Their screams drowned out the voice of Chen Hao.

Lin Yiyi ran over and helped Chen Hao up.

Just now, Lin Yiyi was actually dumbfounded, mainly from fear.

The last time she offended Young Master Chen, she was punished. Chen Hao gave his father some face and only gave her a light punishment.

However, this time around, the situation was very severe. She had no idea what Young Master Chen would do and how furious he would get. Thus, she stood quietly at the side and dared not say a word. She was also not able to react to the situation and her brain blacked out.

“Young Master Chen! Who beat you up so harshly?”

Huang Yonghao leaped over and helped Chen Hao up.

This scene stunned Li Xuenuo and the rest

of the beautiful girls who were wearing bikinis.

Turned out that the important guest today was him! The hidden wealthy descendant, Young Master Chen was also him!

Oh god, what did we just do?

Young Master Chen had their eyes on them and that was why he looked at them. Yet, they humiliated him.

Now they had missed out on the opportunity to get to know Young Master Chen.

They screamed in regret!

The group of girls including Li Xuenuo were all in deep regret.

Wu Qiang and Su Mei were the two people that regretted their actions the most.

Wu Qiang had oppressed Chen Hao for the entire day. He showed off his connections and family background in order to show Chen Hao who was boss.

During the entire process, Chen Hao kept silent and was nonchalant about his bragging.

Wu Qiang thought that he had managed to ridicule Chen Hao to the point where his self esteem was hurt and had to remain speechless.

Damn! In reality, the truth was that he treated me like a fool!

Su Mei could not come to her senses and stared blankly at Chen Hao.

She wanted to say something. However at this point of time, there were all sorts of screaming and shouting around her. There was no opportunity for her to speak up.

“Young Master Chen, Young Master Chen!”
The group of beautiful girls started screaming.

“Did you all notice? Young Master Chen looks so delicate and handsome!”

“Exactly! Young Master Chen is dressed in low quality clothes yet he still looks so

handsome! How could any normal person compare?”

“I wonder if Young Master Chen has a girlfriend? My goodness, Young Master Chen is so humble. Guys like this are so rare! I want to be his girlfriend!”

Most of the girls were discussing their similar opinions loudly.

They all displayed their affection toward Chen Hao.

To be honest, Chen Hao felt rather elated in his heart.

So many beautiful girls were ogling at him.

It was his first experience of such sort in his life.

“Young Master Chen, I am sorry!”

At this moment, Li Xuenuo and the group of girls bowed at Chen Hao respectfully and apologized.

Li Xuenuo stood out as she squeezed her

chest together in order to attract Chen Hao's attention.

"Young Master Chen, they were so rude toward you! How do you want to punish them?"

Huang Yonghao took the initiative and asked.

Huang Yonghao was clear about his priorities and he knew what was more important.

Did Li Xuenuo think that her tricks could be hidden from Huang Yonghao?

He had always known that since young, all the girls would take the initiative to come over and get his attention. Finally, there was Li Xuenuo that acted conservatively in order to stay by his side.

Huang Yonghao wanted to experience the feeling of courting a girl.

That was all there was to it.

Moreover, this stupid woman had beaten

Young Master Chen up and ruined his well thought-out plan for his first meeting with Young Master Chen. The thought of beating her to death even crossed Huang Yong Hao's mind!

As such, he took the initiative and asked.

Chen Hao glanced at Li Xuenuo and the others.

Truth be told, these few girls did make Chen Hao rather furious.

Therefore, it went without saying that punishment had to be enforced.

"A simple punishment will do. Instruct them to play a game of volleyball in bikinis!"

Chen Hao calmly said.

"Ah? Such a simple punishment?"

Li Xuenuo's heart burst with joy. Could it be that Young Master Chen was taking the initiative and offering me an olive branch as he could not bear to see me being hurt?

After all, I look so beautiful. How could guys not fall for me?

At this moment, many thoughts crossed Li Xuenuo's mind.

Yet, in the next second, her fantasies were all extinguished and cold water was poured on her,

Chen Hao said, "Of course it would not be held here! They would wear bikinis and play a volleyball game on the most popular street of Lianyungang city!"

"Ah!"

Li Xuenuo trembled.

That would be such an embarrassment!

Huang Yonghao snorted. "Quickly thank Young Master Chen for such a light punishment! Since the sky has turned dark and there is less of a crowd, we shall wait till noon time tomorrow. That would be the time when Lianyungang street would be the most crowded. I would arrange for the game to be held during that time!"

Huang Yonghao swung his arms and invited Chen Hao to enter the cruise.

“Young Master Chen, I love you! Ah, ah, ah!”

A few girls followed Chen Hao into the cruise and they were grabbing onto their hair while shouting crazily.

There were even a few beautiful girls in bikinis that were intimately hugging onto Chen Hao’s arms.

The star of the show tonight turned out to be Young Master Chen, Chen Hao!

“Yiyi!”

Su Mei stormed her feet on the ground. Lin Yiyi was supposed to follow Chen Hao onto the cruise. However, she heard the voice of her cousin thus she turned around and walked back.

“So Chen Hao is the Young Master Chen of Jin Ling Commercial Street? Why didn't you tell me earlier? He looks so handsome, Chen Hao is really handsome! I was wrong,

and it's all my fault. Cousin sister, you have to help me put in a good word in front of Young Master Chen!”

Lin Yiyi sighed. “Su Mei, didn't I remind you multiple times to always leave some leeway? Don't worry about it though. Looks like Young Master Chen won't be blaming you! Let's discuss the other particulars in the future. Oh right, the matter of Chen Hao being Young Master Chen has to be kept a secret and you are not allowed to tell anyone about it. As long as Young Master Chen is not willing to reveal his identity, the truth shall not be exposed through our mouths!”

“Ah? But Yiyi, there are so many people that saw Young Master Chen today!”

Lin Yiyi shook her head and pointed to the side. “Can you see those bodyguards in black suits pacing around there?”

Su Mei looked over and saw a dozen stern-looking bodyguards in black suits. They were giving instructions to all the wealthy descendants present today. All the wealthy descendants nodded their heads in

agreement.

Nobody dared to go against the bodyguards' orders.

"So this is what actual wealthy descendants are like?"

Su Mei was completely shocked.

Next up, the party onboard the cruise began as the cruise entered deep waters.

It was Chen Hao's first time on a cruise. He enjoyed the night view while listening to the sound of the sea breeze. He was having the time of his life.

As for his identity, Chen Hao had no concerns with it.

Chen Hao still planned to live his life like an ordinary person. After all, he could not stand the lavish lifestyle of someone like Huang Yonghao.

An accurate depiction would be asking a fish who was happily swimming in water and living its life in freedom to swim onto

the shore. Not only that, the fish was even tasked to climb a tree.

Could that be possible in a short period of time?

Impossible!

In conclusion, Chen Hao would not live a lavish lifestyle. At the very least, not anytime soon.

Therefore, he arranged for Bai Xiaofei to handle the problems that could arise from his identity.

Chen Hao had fun with Huang Yonghao and Bai Xiaofei the entire night. They partied through the night and only slept at around four or five in the morning.

All the other wealthy descendants on the cruise were the same. They were all high and enjoyed themselves during the party.

On the following day, Chen Hao also followed Huang Yonghao and the rest to cruise further into deep waters.

Time passed and it was almost noon when the party finally ended.

“Brother, I have to visit Jin Ling City in three days, so I will visit you again soon since I’m already there!”

Huang Yonghao cordially said while on the journey back.

“Oh, why are you paying a visit to Jin Ling City?”

“Are you going there to attend the exhibition of Cloud Manor? ”

Bai Xiaofei smiled and asked.

Huang Yonghao nodded his head. “My father was adamant about me going there and gaining some experience!”

Chen Hao was lost and had no idea what they were talking about. However, Cloud Manor sounded rather interesting as Chen Hao was planning to invest into buildings.

Thus he asked, “Cloud Manor? Is it very grand? I have not heard of it before!”

Chapter 92 Cloud Manor

Huang Yonghao gulped. He shockingly replied, "Brother, Cloud Manor is a lot more than just a luxurious place!"

Chen Hao's interest was piqued, hence he asked Huang Yonghao for more details.

"Cough, Cough. Let me tell you this then, brother, the Cloud Manor is not just a simple residential place anymore. It's a symbol of nobility. As its name implies, this manor is built on top of Jin Ling Cloud Peak Mountain. The surrounding area is transformed into part of the manor. If you were to stand on top of it, it would be akin to standing above the clouds. You could enjoy a panoramic view of the mountains and rivers of the entire Jin Ling City!"

Huang Yonghao said with a sense of longing in his heart.

Was it that divine?!

Chen Hao asked, "Then it must be quite an expensive manor right?"

Chen Hao planned to buy a house. Besides, Chen Hao had decided to bite the bullet this time around and made the decision to spend 10 million on a manor. It would be more convenient to park his car and the likes there.

Thus, he wanted to ask the price of the Cloud Manor.

Pfft!

Huang Yonghao nearly spat out his wine. His eyes grew wide as he said, "Damn, brother. This manor is very expensive. Do you know how much it cost? A total of 700 million!"

If you were to use 700 million to invest or to run a business, it wasn't a problem for Huang Yonghao's father.

However, to spend 700 million to buy a manor that was of no use at all to your business, it was the equivalent of pure consumption. No ordinary rich man would do that.

Unless they really had too much money until they did not know where to spend it...

Hence, the housing price of this manor really scared Huang Yonghao.

Although Huang Yonghao was so generous today as to invite so many rich

second generation heirs, he only spent approximately 600,000 to 700,000.

“Of course, this is nothing to you right? I recalled my godsister actually spending one or two hundred million to buy a custom made car to drive around!”

Huang Yonghao wanted to gauge Chen Hao’s thoughts.

After all, he knew that this amount of money was nothing in Chen Hao’s eyes.

However, Chen Hao still felt the pinch.

To spend 700 million on a house to live in! It was just too wasteful!

Chen Hao shook his head and decided to be more pragmatic and buy a 10 to 20 million manor then.

“It’s ok if you don’t want to buy it, brother. Let’s go there and see it for ourselves three days from now. That should be ok right?” Huang Yonghao said reluctantly.

If Chen Hao were to buy it, then Huang

Yonghao would be able to stay there. That would truly be the epitome of being a wealthy person.

“Ok then. If I have the time, then let’s go there to enjoy ourselves!”

Chen Hao saw that Huang Yonghao had meticulously prepared a grand entrance for him. Even though he knew that Huang Yonghao approached him with a purpose in mind, however this feeling of being valued made him feel like he couldn’t hate him even if he wanted to.

Hence, he felt that it wasn’t right to refuse him, so he agreed.

After that, the second generation heirs continued surfing and doing other activities by the sea. They were truly enjoying themselves.

Of course, most of the girls had never left a circle, a circle where Chen Hao was the center of attention.

Wherever Chen Hao went, the girls would gather there.

Each one of them tried their best to flirt with him secretly to catch his attention.

However, Chen Hao was tired. He did not have the strength to entertain these beautiful young ladies.

Not long after that, it was evening already.

The cruise party was over.

Huang Yonghao initially invited Chen Hao to visit other places but was turned down gracefully by him. After all, he was not like Huang Yonghao, who did not care whether he had enough credits to pass or not.

It was Monday tomorrow and he still needed to attend his class!

Bai Xiaofei was in charge of driving and he drove Chen Hao back to school.

When he reached his dormitory, it looked empty. It seemed like Yang Hui and the rest of them went to the internet cafe again.

Chen Hao was tired from his activities for

the past two days so he immediately fell asleep on his bed. He slept on until the creaking sounds of the opening doors woke him up.

“Yang Hui, isn’t Chen back already?!”

“What? He’s back? Then why did he switch off his phone?”

Yang Hui, Li Rui and the rest of the gang came back.

All of them were looking excitedly at Chen Hao who had just awoken.

“Oh, I switched off my phone a long time ago. I was too tired, hence I did not bother to recharge my battery. Sigh, it’s already 6pm. Why did you guys spend so much time online?”

Chen Hao looked at his watch and realized that he was asleep for more than 3 hours.

“What? Of course not! Chen Hao, I really doubt whether you went for a vacation these past two days or whether you went to find some lovely ladies. Didn’t you read

our class group chat?”

Li Rui said excitedly.

Prior to this, Chen Hao had only told them that he was going out with a friend. He did not mention specifically what he was doing.

Hence, Li Rui and Yang Hui did not know what Chen Hao was doing these past two days.

As for the lovely ladies that Li Rui mentioned, Chen Hao really did go there.

All of them were beautiful!

At that moment, Chen Hao smiled and said, “What lovely ladies are you talking about? Tell me quickly what happened in our class?”

“Before you left, do you remember that Han Siyu was in battle for the position of star anchor? As expected, she was the champion of that competition and became the SameCity Live Streaming app’s number one girl. As a star anchor broadcast, just

by the reward alone, Han Siyu received more than 200,000! Damn it!”

Li Rui really envied and hated her at the same time. He envied that she could earn so much in one day. Apart from that, he hated himself for not being born a woman.

“Since yesterday, numerous reporters have come and interviewed Han Siyu. The headlines were even more intimidating. It read: Jin Ling College’s Female Student Earned More Than 200,000 Within A Few Hours Of Live Streaming!”

“Oh my God! In short, many news stories related to her had started spreading around like wildfire. Because of the publicity, since this afternoon, several people from Jin Ling Television Station had come specifically to have a video interview with Han Siyu. Just now, we went as her classmates and were interviewed as well. Hehe, I managed to show my face on camera!”

Yang Hui then added on a few other things.

Only then did Chen Hao understand.

Han Siyu went viral and was interviewed. Naturally, they would interview the people around her. It was almost similar to the special interview programs on televisions. After the interview with the person themselves, they would go around interviewing her classmates, family, friends and so on.

Usually their comments were scripted.

Haha! He never expected that using his status as an Ordinary Guy to give Han Siyu some gifts would help finance the SameCity Live Streaming app and indirectly made Han Siyu a celebrity.

Chen Hao did not know whether to laugh or cry.

“Chen, change your clothes quickly. Today Han Siyu will be treating all of us to a meal. It’s at the same location where you treated us last time—Homecook Kitchen Restaurant. We have made reservations already and all of our classmates are going!”

Yang Hui patted Chen Hao's bed and went to change his clothes.

"Ok!"

This time around, Chen Hao readily agreed.

First and foremost, he had enough rest already and he was feeling famished.

Secondly, he was the one who made her a celebrity. So wouldn't it be reasonable if he were to go and have a meal at her celebratory party?

Chen Hao quickly changed into his clothes and ran downstairs along with Yang Hui and the rest of his roommates like a pack of hungry wolves.

At the campus entrance...

Chen Hao's classmates were already gathered there.

Han Siyu wasn't the same as last time. In the past, she was only an unknown anchor out to earn some money for a living. But

now, she had become a real internet celebrity and was earning a lot of money.

Naturally, she became the center of attention.

“Siyu, are we calling a cab?”

Blondie was following behind her all the way. Ever since Xu Nan and his cousin Xu Chao beat up the son of Jin Ling’s rich tycoon, they were beaten up quite badly. Hence, they dared not go back to college. Now, only Blondie was left.

“Why should we call the cab? I have already contacted the service company and asked them to send 10 Audis here. Let us all go by car. Right Blondie, can you help me count the number of people and see who hasn’t arrived yet?”

“Ok!” Blondie set off on his task delightedly as if he was helping out his own family members with their affairs. He even shouted, “Ok, everyone, pipe down. Just give a shout when I call out your name!”

Not long after that, his task was completed.

Blondie ran over to Han Siyu and said, "Siyu, only Yang Hui, his roommates and Hao Lanlan are not here yet. Hao Lanlan said she was sick so she stayed behind in the dorm!"

"Ok, noted. Where are Yang Hui and his roommates? Why are they taking such a long time to change their clothes?!" Han Siyu stated coldly as she put on a pair of branded wine red-colored glasses and crossed her arms in front of her. After all, she was an internet celebrity and she needed to act like one.

"Here they come, Yang Hui and the rest of them are heading this way!"

At this moment, one of the girls shouted.

All 6 people from Yang Hui's dorm were jogging toward them.

"Huh? I thought Chen Hao went for a vacation? Why is he back?"

“You’re right. Damn, I think he heard that we were having a meal, hence he came back quickly. Maybe he spent all his lottery winnings? Furthermore, he said that he was out on a vacation, but who knows whether he was working behind our backs or not!”

Before Chen Hao even managed to get there, waves upon waves of ridicules could be heard...

Wait! I Have Something to Say!

“Chen Hao, you only know how to come during meal times. Where were you in the afternoon when our entire class was having the interview with Si Yu? Your loser attitude never changes, does it?”

One of the girls who was Han Siyu’s best friend chided.

Several girls started changing their perceptions of Chen Hao. When they saw him at the moment, all of them were smiling coldly.

How should we put this?

Some time ago, Chen Hao suddenly became rich—filthy rich—so of course he attracted the attention of many girls.

How nice would it be if they could get into a relationship with Chen Hao? Especially since Chen Hao was not ugly. He was pretty good looking, and they could buy lots of nice handbags if they got together with him.

However, following Han Siyu’s glorious transformation from a nobody into a

famous internet celebrity earning big bucks, it gave the rest of the girls in her class some encouragement. She made everyone feel—So what if I'm a girl? If I am willing to work hard and find the correct path for myself, I could become rich too. I could get fame and money if I put my heart into it.

Therefore, many girls in her class came up with the idea of giving the SameCity Live Streaming app a go. It would be even better if they could land a contract!

“Forget it, bring him along. An extra headcount doesn't really make much difference!”

Han Siyu pushed up her glasses. In the past when she spoke these disdainful words, she would spare Chen Hao a glance. But now, she did not even bother to look at him.

It was exactly at this moment that Meng Cairu and the rest of them arrived, including the 10 Audis.

The 10 Audis were lined up in a neat line

and it was indeed a spectacular scene.

Many students looked enviously in their direction.

Even the owners of the Audi car took out their phones to take Han Siyu's photo.

"Miss Meng, you can ride with me. The rest of the students can take your own seats in the car!"

Han Siyu tried to portray a good image as she said those words.

One after another, everybody got into their respective cars.

Yang Hui and his roommates had already found their seats.

Chen Hao saw that the last Audi was still empty, and he prepared to open the door to the co-driver seat.

"Stop! What do you think you are doing?"

From afar, Han Siyu's cold voice rang.

“I am getting into the car!”

Chen Hao said.

“Haha, that car is not for students. This car is going to pick up some of my good friends from the live streaming guild. You can sit in the other cars!” Han Siyu nearly smacked her own head. Why does this loser always cause so much trouble?

“There are no other cars. I can see that there's an empty space in the co-driver seat of your car, can I take a seat there then?”

Chen Hao asked. Did she really want me to walk all the way there?

“Ugh, what are you thinking, Chen Hao? How dare you sit in the same car with me?”

Han Siyu wanted to give Chen Hao a slap in the face there and then. Did he know what her status was now? How could she be seen together with this ugly loser?

“Siyu, what's wrong? Let's leave now.”

At this moment, Meng Cairu got down from the car.

“Hmph, it’s all because of Chen Hao. Sigh, just call a cab. I didn’t include him in the list originally, hence I only asked for 10 cars. Now look what happened, I have to use a car to fetch my good friends and he has nowhere to sit!”

Han Siyu stated coldly.

Meng Cairu looked at Chen Hao in disgust. How superfluous he was!

At that moment, she impatiently said, “Chen Hao, why not catch a cab yourself? At most, I will pay for your expenses. Ok, ok, Siyu, let’s go now!”

Meng Cairu shouted for Han Siyu to leave quickly.

Why was she in a hurry to ask Han Siyu to leave?

Because Meng Cairu just thought of a topic that involved a certain someone to chat with Han Siyu and she was eager to

do so.

Chen Hao did not want Yang Hui and the rest of them to wait up on him. He told them that he would catch a cab himself, and he even borrowed Yang Hui's powerbank.

The moment the fleet of cars left, Chen Hao flipped open his phone.

He decided to look at his WeChat messages. He even had a new WeChat ID.

His inbox was full of Han Siyu's messages.

And in it were her pictures.

"Ordinary guy, I'm sending you my best photos, ok?"

"Ordinary guy, are you there? Don't you think that I'm pretty?" The text was followed by a pouting Emoji.

Chen Hao was speechless.

There were just too many messages and below them were some pictures of her.

Some of them were pictures of her slender legs and to be honest, the pictures were quite explicit.

The pictures caused Chen Hao's heart to thump wildly.

"Am I beautiful, Ordinary Guy?"

"Still alright I guess. The pictures are just too ordinary. It's not exciting enough! Haha."

It seemed that Chen Hao was still angry with Han Siyu. Thus, he sent the messages hinting her that he wanted something more explicit.

Unexpectedly, Han Siyu who left just now answered him within a few seconds.

"You're so naughty, Ordinary Guy! Wait till I am free, I will send you some pictures that would definitely satisfy you."

Her words made Chen Hao horny.

At this moment, Meng Cairu sent him a message as well.

“Ordinary Guy, what are you doing? Today, our entire class is attending a celebratory party for your beloved Han Siyu. Haha, you have made her famous. Hence, you should be today’s main character! By the way, do you like Han Siyu? Why don’t you pursue her?”

Meng Cairu secretly sent him this message.

To be honest, her jealousy was apparent. Unbeknownst to her, Meng Cairu had created an image of her ideal boyfriend modeled after Ordinary Guy, although she had never seen him before.

“I couldn’t make it in time. My ride hasn’t arrived yet!”

This was mind numbing. Why did he always have to be their target?

Chen Hao replied in anger. His ride really hadn’t arrived yet.

“Hahaha, Ordinary Guy, with your wealth, I am sure that buying a car is not a problem for you!”

Meng Cairu answered back.

Obviously, she misunderstood his meaning. She thought that he didn't own a car when he said that he was waiting for his ride.

At this moment, the cab arrived. Chen Hao typed in a few more sentences casually and ended both of their conversations. The only thing that piqued his interest now was the explicit photos that Han Siyu promised to take for him.

He would take a good look at it when he was free.

Chen Hao had arrived at the Homecook Kitchen Restaurant just as he put away his phone.

The fleet of Audis were parked in front of the Homecook Kitchen Restaurant's main entrance. You could see how proud Han Siyu was.

"You! How could you be so clumsy?! If you can't deliver, get out of my sight as soon as possible. Look at you, I have seen my

fair share of part-timers and I have never seen such a klutz like you. Get out of my sight! In addition to that, leave behind 1,000 to compensate for this Steamed Abalone with Shark Fin and Fish Maw dish!”

Chen Hao was about to go upstairs when he saw a young woman dragging another girl who was dressed like a waitress outside.

“Manager, I am so sorry. I had an injury on my arm hence I could not hold it properly!”

“Hmph, I don’t care whether you are injured or not. Do you know who Miss Han Siyu is? She is our Homecook Kitchen Restaurant’s VVIP customer. Luckily you dropped the Steamed Abalone with Shark Fin and Fish Maw on the floor and did not burn Miss Han Siyu. Or else, you could not possibly bear the consequences even if I were to skin you alive!”

The female manager continued to jab the girl’s forehead violently.

The girl could only lower her head and

listen. She dared not dodge the blows.

Maybe it was due to Chen Hao's position, but from his angle, the girl had snow-white skin while a few strands of hair were untucked. One look and you would feel some pity for her.

Obviously the female manager had been replaced by another person.

And Chen Hao knew the person who had replaced her.

"Zheng Yue, why are you yelling?"

Chen Hao did not expect Zheng Yue to become the manager of Homecook Kitchen Restaurant.

"Huh?"

When Zheng Yue heard the voice behind her, her entire body shuddered.

She looked like a fish that had been in a shallow pond all these while and suddenly saw a huge body of water approaching.

Or like a dried out farmland welcoming the approaching storm with a delighted heart.

“Young Master Chen?”

Zheng Yue was so moved that she nearly cried.

“Why are you shouting? Are you afraid that nobody can hear you?” Chen Hao asked casually.

“Oh! I daren’t do that anymore, Young Master Chen. I only shouted because I was so touched to see you!” Ever since that incident last time where Zheng Yue caused Xu Chao and the rest of them to misunderstand that Chen Hao was her boyfriend, she had been warned by Li Zhenguo when he caught wind of it. If Young Master Chen did not agree to it, she could never contact him ever again in order to preserve his peaceful life.

Of course, Zheng Yue obeyed his commands dutifully.

Actually, Chen Hao did not hate his senior, Zheng Yue. On the contrary, he treated her

as a half-friend since she had expressed her goodwill on several occasions.

At that moment, he smiled bitterly and said, "By the way Zheng Yue, why are you the manager of Homecook Kitchen Restaurant? You're not working in the Villa anymore?"

"Huh? Young Master Chen, did you not know that the Jin Ling Commercial Street's management was changed? It seemed like something big had happened. General Manager Li, Li Zhenguo was replaced and the board of management of the Commercial Street is undergoing a reshuffling process!"

Chen Hao was surprised.

"They are undergoing a reshuffling?"

Chen Hao was stunned. He knew that this was all his sister's idea.

But what was she thinking?

The huge change Zheng Yue was referring to was the change in the management of Jin Ling Commercial Street. After Li Zhenguo left, Chen Xiao had handed the management of the commercial street over to someone else.

As to who would be sent over to manage the commercial street, Chen Hao did not ask. His sister, Chen Xiao, did not mention it as well.

I can always ask my sister later.

As for Zheng Yue, she was reassigned to be the manager for Homecook Kitchen Restaurant. Even though she did well in the villa, she was reassigned due to the change in management.

It looked as if she got a promotion but in reality, it was a demotion.

At the end of the day, these changes were more or less caused by Chen Hao.

Chen Hao shifted his gaze onto the girl at the side. Truth be told, Chen Hao not only felt protective of her, but he sympathized

with her as well. This girl reminded him of his past self.

Back then, he was so poor he could barely make ends meet. Thus, he had to work a couple of jobs during the weekends. Being scolded and reprimanded was a constant occurrence.

“Zheng Yue, don't worry about this. She broke the bowl of Steamed Abalone with Shark Fin and Fish Maw by accident. Nobody was hurt so just order the kitchen to make another bowl!” Chen Hao ordered.

Zheng Yue did not dare to refute. She rolled her eyes at the girl and left to instruct the kitchen to make another bowl.

Zheng Yue knew that Han Siyu was an anchor whom Chen Hao liked. That explained why he treated Han Siyu as an honored guest. Otherwise, why had Young Master Chen funded 100 million into the live streaming app to please Han Siyu?

Zheng Yue was extremely envious and jealous of that but she couldn't vent out.

“Th-thank you!” The girl kept her head down and bowed to Chen Hao.

“You're welcome!” Chen Hao smiled.

He wanted to request for the girl to lift her head up so that he could see her face. The girl looked really beautiful from the side, and it was the kind of beauty you would usually neglect.

However, she looked very prim and prudish so Chen Hao lost the interest of teasing her.

After that, he left and headed upstairs. At this time, dishes were being served at Han Siyu's table.

Without a doubt, Chen Hao was arranged to be seated at a table in the corner together with a group of ordinary students whereas Meng Cairu, Han Siyu and the others within her guild sat at the main table.

They had gotten to know each other previously.

There were a total of four banquet tables in the room and the atmosphere was naturally lively.

“Hey there, could you help me charge my phone?” Chen Hao was quiet and enjoying the food at his table. There were all sorts of meat—chicken, braised pork and pork ribs, just to name a few, which tasted delicious. Chen Hao was famished. He was sitting close to a power socket thus at this moment, a girl came over and asked for his help.

“Haha, it’s you!” The girl smirked as Chen Hao lifted his head up.

The girl was Wang Xiaoti, whom he met in the park previously. She was also an anchor. She looked quiet and reserved by nature. However, she was also someone who often looked at people with prejudice.

She had been prim and proper all throughout Han Siyu’s celebratory party, even when speaking to Han Siyu’s classmates.

That was because she found out that the

wealthy tycoon, Ordinary Guy, came from Han Siyu's faculty. No matter how she questioned in the past, Han Siyu refused to tell the truth. However, the truth had been exposed now and she knew.

Therefore, she thought of getting to know more people from the Literature Department. At the very least, she could meet more handsome guys from the department and she would have more reason to visit and hang out around the Literature Department at Jin Ling College. She might even have the opportunity to bump into Ordinary Guy and be noticed by him.

After all, Wang Xiaoti had always felt that she looked as beautiful as Han Siyu.

Yet, all she saw when Chen Hao looked up was bad table manners. His mouth was oily from devouring food. That disgusted her and disappointed her.

After all, she knew how idiotic this loser was.

"Oh, it's you! Sure, let me help you with

that!”

Chen Hao had seen her earlier but he did not want to greet her. He wiped his hands clean with a paper towel, getting ready to take her phone.

“Haha, it's okay! Hey, could you help me charge my phone?” Wang Xiaoti asked a student sitting next to Chen Hao.

After her phone was plugged in, Wang Xiaoti glared disdainfully at Chen Hao and she returned to her seat at the main table.

It was clear that she looked down on Chen Hao and after today, it further ascertained her thoughts.

Chen Hao nonchalantly smiled. He was used to being treated this way. It felt as if he was born with an attribute that naturally made beautiful girls scorn at him. Sigh.

“Hey everyone, today is a very important day to me! I would like to take this opportunity to thank all of you who have looked out for me, as well as Ordinary Guy, who brought me to greater heights. Even

though he may not be here today or he may not be willing to reveal himself, I can safely say that without him, I would not be who I am today!”

“Thus, I would like to give a toast to him and drink three glasses of wine as my way of saying thanks!” Han Siyu downed three glasses of red wine.

Everyone gave a big round of applause.

“I suspect Ordinary Guy must be in love with Siyu—deeply in love, in fact!” Han Siyu’s dormitory mate said out loud.

What she said was very interesting and instantly captured everyone’s attention.

“Shoo! Mei, don't sprout nonsense! If Ordinary Guy liked me, he would have revealed himself to me a long time ago!” Deep down, Han Siyu had actually hoped for that to happen.

This question had crossed her mind countless times.

Why was Ordinary Guy so kind to me?

Does he like me?

If he liked me, he would have revealed his identity. Although I have high standards and tall, handsome, rich guys rarely caught my attention, do you know that in my heart, Ordinary Guy, you have a special place and you can't compare to the usual tall, rich and handsome guys.

If you liked me even the slightest bit, I would wholeheartedly chase after you and wait for you.

Although Han Siyu had never met Ordinary Guy, she chatted with him constantly over the phone. In addition to that, he also rescued her when she was in a crisis. All these had melted Han Siyu's cold heart and she had completely fallen for him.

Therefore, this elusive matter made Han Siyu blush.

"I am speaking the truth! If he did not like Siyu, why would he invest so much time and effort into her? That's why I am almost certain that he likes her! Everyone knows that Ordinary Guy likes to lay low and does

not like to be disturbed. I believe he is hinting at Siyu that he likes her with his actions. Then when the time is right, he would reveal himself to Siyu and they would be together!”

“Damn! Mei, it is a waste that you did not pursue a career in writing mystery novels! However, your inferences make so much sense. Maybe the day that we graduate would be the day Ordinary Guy confesses to Siyu. Siyu, you should not get too close with other guys during this time period even though your career is flourishing!” another girl chimed in with her thoughts.

“I understand!” Han Siyu nodded her head. Truth be told, there was no place for other guys in her heart anymore. Only Ordinary Guy could fill the void in her heart. Even if other guys were richer, she wouldn’t regret it!

“Let me go grab my phone!” Wang Xiaoti said and placed her glass down with a loud thud. She was jealous that everyone thought Ordinary Guy liked Han Siyu.

Nobody could imagine just how jealous

Wang Xiaoti was on the day Ordinary Gu' funded 100 million to the live streaming platform for Han Siyu. It was like Han Siyu had snatched her boyfriend away.

She reached Chen Hao's table.

"Get out of my way!" Wang Xiaoti shoved Chen Hao aside roughly while tearing at this shirt.

Chen Hao felt that this girl was crazy.

Thus, he wanted to return her phone to her quickly so that she would leave.

Yet, when Chen Hao's hand came into contact with her phone, it was like he ignited a dynamite.

"Who do you think you are? How dare a loser like you touch my phone? Put it down right now!" Wang Xiaoti ruthlessly smacked Chen Hao's hand.

"You are just a poor loser with nothing to show! Why are you touching my stuff? I no longer want this phone!"

Smash!

Wang Xiaoti went crazy. She picked up her phone and smashed it hard on the floor.

Not only that, she lifted up the glass of red wine in front of Chen Hao and splashed it on his face.

The entire room went silent.

Everyone was stunned.

Chen Hao, who had red wine all over his face, was also stunned...

The splash of red wine from Wang Xiaoti stunned Chen Hao.

This woman is crazy. She is most definitely lunatic.

“Xiaoti, what happened?” Han Siyu asked with concern. She had no idea she was the reason Wang Xiaoti was acting up in jealousy.

“Nothing. Siyu, I am feeling rather unwell so I will make a move first!”

Wang Xiaoti did not retrieve her phone and she left right away with just her bag.

She had no idea why she reacted like that as well.

Ordinary Guy is incredible but he doesn't even know that I exist! Why am I so jealous of something I can't control?

Nobody knew what went through Wang Xiaoti's mind.

Wang Xiaoti felt extremely agitated when everyone was discussing how Ordinary

Guy was crushing on Han Siyu.

Ladies were extremely jealous beings and this attribute was innate.

The matter would be worse when two beautiful girls were facing off against each other.

Thus, she was furious and needed to let off some steam. She could not direct her anger at Han Siyu so she conveniently chose to take it out on Chen Hao, the loser.

She had never stopped looking down on Chen Hao. After her fit of anger, she disregarded his presence and left.

“Chen Hao, it's all your fault! You made Xiaoti angry and caused her to leave! I regret inviting you here! Why did I even invite you?” Han Siyu's gaze at Chen Hao got even colder.

Chen Hao disregarded Han Siyu and whatever she said. The only thing on his mind was getting revenge on Wang Xiaoti.

As such, he also left and followed in Wang

Xiaoti's footsteps.

Oh, after splashing me with red wine and ridiculing me, you think you can just leave?

Chen Hao was a changed man and no longer the man he was before.

He decided to make an example out of Wang Xiaoti and demolish her self-esteem.

However, he lost sight of Wang Xiaoti when he came out. That made Chen Hao extremely annoyed and resentful.

Just then, a message popped up on Chen Hao's phone.

He took a look and saw that it came from his classmate, Hao Lanlan.

She seemed to have said that she was feeling unwell, thus she did not attend Han Siyu's celebratory party.

Upon seeing the content of the message, Chen Hao's heart skipped a beat.

"Chen Hao, why are humans constantly in

pain? There was nothing I could do to help my family. I only know how to drag them down. I have been fighting for my entire life and yet I still cannot catch up with other people. I am so useless. I've made my dad ashamed for his entire life. I could not even buy new clothes for my sister. Now that my sister is sick, all I could do is look on helplessly as her sister. She couldn't even afford to visit the hospital. My family paid for my tuition fees yet there was nothing I could do to repay them!"

"Chen Hao, tell me! What can I do to alleviate the pain?"

Hao Lanlan sent him a long text message.

Chen Hao realized that something was wrong. She could not help her family and was blaming herself for it. From her last sentence, Chen Hao could tell that she was planning to do something.

That gave Chen Hao a huge shock.

Hao Lanlan was a member of their impoverished group. She was usually a quiet person. However, Chen Hao had

been observing her in secret. He found out that although she displayed a sense of inferiority on the surface, deep down she was extremely competitive.

She wanted to be better than everyone else.

Not only that, she was extremely ambitious. Of course she wanted to live comfortably but she wanted more than just an ordinary life.

She was a lot more driven than Chen Hao was.

However, reality was harsh. The more you thought and dreamt about something, the worse the situation became.

These problems that oppressed her had been around for a long while. This time around, her sister fell sick and she most definitely had no money. Not even a single penny.

This situation must have really hurt her self esteem. Chen Hao empathized with her.

Chen Hao was worried that she would be foolish and ended up hurting herself. Thus, Chen Hao quickly asked, "Hao Lanlan, where are you now? Are you in the dormitory?"

"Yes, I am at the dormitory!"

Hao Lanlan replied in an instant. There were not many people she could talk to in class. Chen Hao was one of the people that she trusted.

Chen Hao had no idea where Wang Xiaoti went. If he were to return to the party, he would face the mocking and sneering of Han Siyu and the others.

Also, Chen Hao did not want to reveal his identity just yet.

Furthemore, Hao Lanlan had worked with Chen Hao in the same impoverished group for three years. Even though they were not exactly the best of friends, Chen Hao sympathized with her. Therefore, Chen Hao could not bear to leave Hao Lanlan alone by herself.

Chen Hao decided not to return to the party. Instead, he took a cab and went over to the girl dormitory. He signed himself in at the counter, where a middle-aged woman was working.

Then, he went up to the room where Hao Lanlan was residing.

“Chen Hao?” Hao Lanlan opened the door and was surprised to see Chen Hao. Her eyes were swollen from crying.

“Hao Lanlan, are you okay? I am here to check in on you!” Chen Hao said.

“I am alright. No need to trouble you. I feel that there is no point in living anymore. My presence only drags other people down and I am redundant!” Hao Lanlan sat on her bed, covered her eyes and started sobbing again.

“Stop spouting nonsense! Hao Lanlan, I was the same as you back then. When I was young, my father told me that our family was in huge debt and we were very poor. My sister started working even before graduating from high school

because of me! My sister had excellent grades and yet she gave up on her high school exam!”

Chen Hao wanted to console Hao Lanlan. Due to the fact that both of them experienced being very poor, memories of his past came back to his mind.

It worked and Hao Lanlan stopped crying. She stared at Chen Hao.

Chen Hao continued saying, “Did you know the amount of pressure that was on my shoulders? The expectations of my family members were weighing down on me. There was only one way out for me! I studied so hard and fought with my life in order to succeed! I was done being looked down by other people!”

“At the end of the day, so what? I was still constantly bullied and ridiculed by others. Whenever I met someone, I always felt I was of a lower status than them and I was cheap. When I saw girls, I did not dare to talk to them. I felt that they would look down on me!”

“The truth was that they did look down on me and constantly mocked me. However, I told myself that I have to continue living my own life happily. All the humiliation would eventually fade away. Ultimately, I came to a conclusion!” Chen Hao was starting to become emotional.

Hao Lanlan hurriedly asked, “What conclusion did you come to?”

“The conclusion is that a person should focus on their current circle of influence. Only aim to complete things that are within the current stage of your life. That way, you won't suffer and be in pain. Think about it, you are currently studying and expanding your knowledge yet you are thinking about how to make money and earn more money. Is this realistic?”

“Yes, I do want to make a lot of money! However, I am unable to do so. It's easy for you to say. You won a lottery and you are much luckier than others!” Hao Lanlan said disappointedly.

“I am indeed lucky but you have to believe that eventually that day will come to you

as well! There's light at the end of every tunnel. Don't be oppressed by the situation. What you should be thinking about is a solution to resolve this!" Chen Hao advised.

Hao Lanlan kept her head low and replied, "Alright, I understand. Chen Hao, thank you. Give me some time to think about it!"

Chen Hao had not given advice to others before thus he had no idea how to do so.

However, now that he knew about Hao Lanlan's problem, he could not sit by idly. After all, she was a decent classmate and he had to lend a helping hand.

Bang!

At this moment, they could hear the dormitory door being slammed on.

It was as if the people outside wanted to smash through the door.

As such, Hao Lanlan walked over to open the door.

A slightly plump middle-aged woman rushed in. She had a wrinkled face and her eyebrows were tattooed. They looked like two caterpillars lying on her face.

“No wonder you refused to open the door. You cheap woman! You were hiding a man in your dorm! Your father was still telling me how hardworking you were in school. Bullsh*t, you cheap woman!”

“Mother! Stop spouting nonsense! This is Chen Hao, he is my classmate and he's here to pay me a visit!” Hao Lanlan started crying.

“Don't address me as your mother! I am not your mother! Whoever you are, what are you doing here? Are you trying to rape my daughter? I am going to report you to the police now!” The middle-aged woman took out her phone.

Hao Lanlan panicked. She quickly said, “Chen Hao, leave first. Nonetheless, thank you for dropping by today!”

“Alright!”

Chen Hao was tempted to scold this crazy b*tch. However, since she was Hao Lanlan's mother, he was in no position to say anything.

"What kind of mother is this?!" Chen Hao silently muttered under his breath and left.

He had no idea if Hao Lanlan's mother was her biological mother. How could her mother address her as a cheap woman and scold her like that?

Chen Hao was feeling extremely unhappy. He had been reprimanded for no reason multiple times today by crazy b*tches.

Thus, he planned to take a walk in the park.

Right then, his phone rang. His sister was calling him.

Chen Hao picked it up and wanted to ask about the matter of Jin Ling Commercial Street.

Just as the call connected and before he could say anything, he heard the nervous

voice of his sister.

“Brother, something bad has happened! I'm in big trouble!”

“Huh? What happened, sister?” Chen Hao’s heart tightened.

They had a very close relationship with each other. Chen Hao wasn’t lying when he told Hao Lanlan that his sister did not take her high school entrance exam just so he could continue his studies.

At that time, there were both raised in poverty. Not only did his sister withdraw herself from the high school entrance exam, she also sacrificed a lot for him in the past.

“Don’t mention it anymore, my dear brother. You do know how abnormally strict our family rules are. One of the rules states that no matter how much you earn or spend, it must be recorded!”

“Even if you spent as little as a few billion, it must be reflected in the family’s records. You can never forsake your family! The transactions you performed with your bank cards are all being recorded as well!”

“Yes, I know about this!”

This was one of the Chen family's rules. You could spend your money or the family's money as much as you wanted. However, you can never keep it a secret from the head of the family, which was your own father.

You couldn't even use an alias to keep the money.

"Sister, did you perform some transactions that were not recorded?" Chen Hao asked.

"That's right, f*ck my life! I only realized it today. When my poverty days were over, I took the one billion that our mum gave me and spent it. One day, I drank too much and was craving some food from one of those chain stores. Hence, I asked my assistant to buy one for me!"

"Damn, did you know what my stupid assistant did? She actually bought the brand for 60 million. It wasn't a really famous brand back then. However, since then, that brand has become famous and is making me a profit of approximately two billion. I forgot all about it because who would have thought that the stupid girl

actually bought the entire shop!”

“Then, I wanted to spend the two billion in secret. I’ve only managed to spend half of it before our father found out. It’s because I have bought so much stuff but I did not touch a single penny of our family’s fortune. So, I am very terrified right now since I have broken our family’s rules. My dear brother, I would have to be raised in poverty again for one month! Our father is a traditional person. He would never listen to our mother’s advice!”

“Thank God, I thought that you were in big trouble. It’s only one month, and time flies very fast!”

Chen Hao wiped off the cold sweat from his forehead. His sister really knew how to make a fuss about nothing.

“No! My dear brother, I can’t even bear a single day in poverty and you’re telling me I have to do it for a month? I don’t care, you need to help me, you must!” His sister nearly cried on the phone.

“Ok, ok. How do I help?”

“Hehe, help me spend the remaining one billion within 7 days. Don’t leave a single cent behind! Since you aren’t staying with us, our father won’t investigate you that thoroughly!”

Sputter!

Chen Hao nearly fainted.

“You want me to spend one billion in 7 days?”

To be honest, it wasn’t the first time Chen Hao laid his eyes on this amount of money. After all, his sister did use his name to invest in certain businesses on Jin Ling Commercial Street. Every month, there were at least a few billion flowing into his account.

Hence, Chen Hao wasn’t short of money anymore.

He planned to invest using this money.

However, he felt that it was too extravagant to squander away one billion just like that!

It would be good if he could use that one billion to invest in something, but to squander it away like that would be considered wasteful. After all, he was unlike his sister, who seemed to have a certain hatred for money. She could rack up a few billion in expenditure within a single month.

“It’s only one billion, can’t you spend it? Brother, why don’t you buy a vehicle then? I could recommend a German company to you. You could buy a jet from them!”

Chen Hao was so stunned that he could not utter a single word.

“I don’t care! I don’t want to live in poverty for one month. By hook or by crook, you better spend it all within 7 days! I will send you the money now!”

After finishing her sentence, Chen Xiao immediately hung up the phone.

So what if she were to be raised in poverty for 1 month? How could she ask me to spend one billion? Why was she making my life so difficult! Chen Hao grabbed at

his hair in anguish.

He could spend the money on a jet. That would deplete the money quickly. However, he had no use for a jet now!

Besides, Chen Hao still had the mentality of stretching his money to the maximum even until now. This would be hard for him.

Ping!

The bank had already sent him a message, indicating that the money was deposited into his account.

His sister was really efficient.

But how should he spend it?

Sigh!

If he were to invest it, his family would definitely know about it. However, if he were to buy something with it, his father might not notice it.

One billion! How much did he need to buy in order to use it all up?

This was so frustrating!

Chen Hao patted his head. He wasn't in the mood to shop around anymore and decided to go back to his dorm to sleep.

Three days went by in a blink of an eye and Chen Hao still did not have any idea how to spend his one billion.

On the third day, three incidents happened that was worth mentioning.

Firstly, Hao Lanlan had asked for a leave. She was forcefully taken away by her mother from college.

Chen Hao was very pissed about it. He wanted to help Hao Lanlan out, but she wasn't online and could not be reached at the moment.

He was actually prepared to inquire about her wellbeing within these two days and give her a sum of money.

Secondly, Han Siyu had become an influential figure on campus. In addition to that, she participated in the SameCity Live

Streaming app's promotional activities and became the spokesperson for the app's homepage. She was on a roll!

Thirdly, Li Zhenguo planned to upgrade the SameCity Live Streaming app into a software for the whole country. He even planned to invest 2 billion more into this app and make it into an early platform competitor!

Chen Hao had given him the green light and quickly transferred the money over to him. After all, it was his first investment and Chen Hao wanted it to be a success!

Today, Chen Hao was having his breakfast alone in the cafeteria.

He started hearing people chattering away beside him.

"Hey, did you know? Today's the day that Cloud Manor is put on sale! Originally, the price was fixed at 700 million but now it has been increased to 800 million!"

"What do you mean it is on sale? Today is just an exhibition day. Who would buy a

house that costs 800 million? It is not even an investment!”

“But the Cloud Manor is really worth 800 million! Some of its pictures are circulating on the internet. It’s just too luxurious up there. If you were to stay there, it would be akin to staying in a sky palace!”

“It’s true. Everybody says that it’s a manor but in reality it’s just a tourist attraction because the entry price for the exhibition this time is nearly a few hundred thousand. There are only limited tickets available!”

“Damn! That’s too much!”

Listening to the people chattering away beside him, Chen Hao suddenly remembered that today was the exhibition day of the Cloud Manor. He had an appointment with Huang Yonghao to go there together to take a look.

Right at this moment, Chen Hao’s phone rang.

It was Huang Yonghao.

“Brother, I am coming over now to pick you up to attend the Cloud Manor Exhibition. I am holding on to your ticket!” Huang Yonghao said delightedly.

“You don’t have to pick me up. I know the address of the Cloud Manor. I will go there by myself. You can give me the ticket when I reach.”

“Ok, ok. So, it’s the VIP seat then. I don’t mind, sorry to trouble you!”

“Ok, in terms of buying, I need to take a good look at it first. If the Cloud Manor is really that good, I might consider buying it. Haha, ok then, we’ve agreed. I will come over after my meal!”

Chen Hao ended his call with Huang Yonghao grudgingly. This guy really knew how to encourage him to buy.

He didn’t want to keep Huang Yonghao waiting. Hence, Chen Hao called Yang Hui and told him that he was taking the day off. Then, he quickly gobbled up the plate of egg fried rice and got up.

Only then did he realize that silence had befallen the entire cafeteria and all of the students were staring at him in astonishment!

Chen Hao stood up and noticed that there were many people in the cafeteria. All of them were looking at him in astonishment at the moment, especially the guys and girls who were discussing Cloud Manor just now.

It seemed that Chen Hao was too engrossed in his conversation and was chatting away with Huang Yonghao just now that he had forgotten where he was.

His words naturally surprised the crowd.

“Pfft!”

Someone burst into laughter, thereby breaking the silence that hung in the cafeteria.

“I’ll be damned. Is this guy an idiot? Did he just say he wanted to take a look at the Cloud Manor?”

‘Hahaha, could it be that his job was giving him too much pressure and it was driving him crazy?’

“He even said that he was a VIP! I bet he

meant to welcome the VIP while kneeling in front of them! Hahaha!”

“What a moron...”

All of them broke into peals of laughter.

Some of them even ridiculed Chen Hao unreservedly.

Chen Hao cleaned his mouth and shook his head while smiling bitterly. It was very hard to explain the situation to them!

Chen Hao grabbed a cab in front of the school’s entrance and arrived at the foot of the mountain, where the Cloud Manor’s exhibition hall was located.

The entrance was filled with tons of luxury cars.

There was a continuous stream of noble people entering and leaving.

Standing at the front of the entrance, Chen Hao obviously saw two pathways leading to the inside of the hall.

One of the passages was reserved for the VIPs while the other one was for ordinary customers.

Of course, the ordinary customers were extraordinary in their own rights. It was just a matter of relativity.

“Huh? Where’s Huang Yonghao? I thought he told me to wait in front of the VIP entrance?”

Chen Hao did not see Huang Yonghao anywhere.

Was there another entrance at the end of the VIP pathway?

Chen Hao pondered about it for a moment. Then, he lifted his foot and was about to walk in.

“Chen Hao?” Suddenly, a female voice rang behind him. There was a hint of surprise and doubt in her voice.

Chen Hao turned around and saw a beautiful woman clad in a black uniform. She was tall and had a hot body. Her face

was beautiful beyond comparison.

He couldn't help but look shocked.

"Tang Ran?"

Wasn't this Su Tongxin's second cousin?
The one who caused him so much trouble
during Su Tongxin's grandmother's
birthday?!

After she knew that the Lamborghini
belonged to him, he recalled that she wore
quite a complicated expression.

Originally, after this incident was over,
Chen Hao thought that he wouldn't meet
her again for a very long time.

He did not know what would be the
outcome of his relationship with Su
Tongxin. He was not sure even until now.
He only had meals with her occasionally
these past two days.

Unexpectedly, they met each other here
again after a few days.

There was a tag on Tang Ran's chest that

read: Design Director, Tang Ran.

I'll be damned, she designed Cloud Manor?

He knew that Tang Ran was quite capable and quite studious. She was also distant and cold. However, he did not expect her to be that good!

Wait, how old was she again?

She was only 25 years old!

As if satisfied with Chen Hao's expression, Tang Ran casually smiled and said, "Haha, today is Cloud Manor's exhibition day, why are you here?"

"I came..."

"Don't tell me you are here for the exhibition! You can take a look around, but let me make this clear, you could never afford this manor! I know that you have won a few million in the lottery and even bought a luxury car. However, don't even think about buying this manor. I don't know how much money you have left. If you are planning to buy a house, I can recommend

a few normal-priced ones!” Before Chen Hao managed to finish his sentence, Tang Ran pushed up her glasses and said coldly.

Yes, she was shocked when she saw that 20 million luxury car.

She even suspected that Chen Hao was a rich second generation heir.

In the end, he was not. Chen Hao was just a loser who had gotten rich by winning the lottery.

She could not believe that she felt so regretful on that day for ill-treating him.

Come to think of it, she felt so ridiculous at that time because she had actually wanted to compete with her cousin for Chen Hao!

Ewww!

She nearly vomited in disgust!

“I just wanted to take a look!”

Chen Hao knew that there was a hint of

disdain within Tang Ran's words. He really did not want to get too entangled with her, hence he could only say that.

"Haha, you can still take a look around. Other than that, I feel the need to warn you Chen Hao. You are my cousin's boyfriend after all. Don't compare yourself to those rich second generation heirs and the likes. Their family's businesses are worth far more than your own. You can only sit idly around until your money runs out someday. To be honest, with your capabilities, I highly doubt that you would be able to provide for my cousin!"

Tang Ran was as prideful as a peacock.

Sure, you were lucky, Chen Hao! You won tens of millions and even drove a 20 million Lamborghini around. However, after thorough investigations, Tang Ran only thought that Chen Hao was a moron, a complete idiot!

She did not have any other feelings for him at all after that!

Hence, when they met each other, she did

not spare him a bout of lecturing.

She finally had her revenge for when her pride was hurt last time.

“Tang Ran, is he the brother-in-law that you were telling us about? The one that won the lottery and bought the Lamborghini? He is quite a looker! Why is he behaving like this?”

“He looks like a cautious person. I am afraid that he has never experienced such a grand occasion nor seen so many people before. Sigh! It’s understandable. He was so poor for such a long time and lived out his life in the countryside. Of course he wouldn’t have this kind of knowledge and experience. With so much money, it is inevitable that he would have the attitude of an upstart!”

“Yes. He would definitely regret it after spending all his money. It would be too late by then. Sigh! There are better ways to spend this money, like using it to improve himself, yet he spent hundreds of thousands to participate in this kind of upscale event. Do he have to go that far?”

There were two girls and a guy standing behind Tang Ran.

The girls were quite stunning, and they were almost as beautiful as Tang Ran. The guy was quite handsome too. He looked like a rich second generation heir.

All of them were almost the same age. They looked to be about 25 years old.

Seeing Tang Ran treating Chen Hao with such contempt, they were inclined to do so as well. They started ridiculing him without much hesitation.

They started to humiliate Chen Hao.

“Chen Hao, did you spend more than a hundred thousand to buy the entrance ticket? How come I don’t see Tongxin anywhere? Does she know about this?” Tang Ran asked coldly.

“Of course she knows. We had a meal together yesterday. However, she ran into some inconvenience and could not make it! As for the tickets, I have not bought it yet!”

To be honest, Chen Hao often ate his meals with Su Tongxin these past two days. Initially, he wanted to bring Su Tongxin here to take a look around but she got her period. She felt terribly uncomfortable, hence she could not come at all!

The tickets were arranged by Huang Yonghao, therefore Chen Hao did not need to buy it.

“Oh my God, this person is really getting on my nerves!”

To be honest, Tang Ran really wanted Chen Hao to get lost.

However, no matter how much of a loser Chen Hao was in her eyes, he was still Tongxin’s boyfriend. As the saying went, you need to look at the master first before beating the dog.

Hence, Tang Ran could only swallow her anger. When she saw that Chen Hao was quite persistent to go in to have a look, she immediately said, “You should count yourself lucky to have met me today. I still

have some empty slots here. Other than my friends, I will give you one of these slots. You can go in with them. Remember this, once you enter, don't say a word to anybody!"

Tang Ran reminded him and threw a ticket at his face impatiently. As the Director, it was only natural that she had a few empty slots under her name.

"Fang Qing, Xu Na and Wang Shuai, I will be going in later to introduce the Cloud Manor to the guests. Please bring him along with you. He is clueless about everything!" Tang Ran said.

"But I will be meeting with a few friends from the business community. If we were to bring him along... Sigh! Ok then, let's find a place for him to sit down quietly later!" Wang Shuai was quite inconvenienced.

If he knew this earlier, he would have bought the tickets himself. A few hundred thousand was nothing to him. However, since he knew Tang Ran, why would he waste that kind of money?

He felt disgraced as he had to bring along such an ugly loser!

However, he still agreed to it.

“Wang Shuai, who are you meeting later? Bring us along too. We want to meet them as well, ok?”

Fang Qing and Xu Na were really gorgeous girls. However, at this moment, they willingly stayed by Wang Shuai’s side. They even took the initiative to approach him.

“Ok, ok. Let’s bring him in first then. Sigh!”

With a sigh, they prepared to enter the manor together.

Chen Hao never expected to get mixed up in this confusion when he came here.

However, since Tang Ran told him to stick together with Fang Qing and the rest of them, Chen Hao did not feel that it was right to refuse her.

Holding his ticket, he walked toward the VIP entrance.

“Damn! Are you crazy? Come back here!”

When Tang Ran saw Chen Hao walking toward the VIP entrance, she was so mad that she started spouting profanities.

“That is the VIP entrance and it’s reserved for the rich tycoons of each city in Jiang Nan Province. Are you out of your f*cking mind!?” Fang Qing was getting quite impatient and scolded Chen Hao.

“Oh, so you guys don’t use this entrance?!”

Chen Hao could only shake his head helplessly...

“Chen Hao, are you an idiot? It feels like you have learned nothing after studying in college for three years. Why are you standing there? Quickly go in with Wang Shuai, Fang Qing and the others. I really don't know why my cousin has a crush on a loser like you!” Tang Ran said coldly.

She didn't want to comment on this matter anymore.

Chen Hao felt awkward too. He had no choice but to ditch Huang Yonghao and follow Wang Shuai and the others to go into the exhibition hall.

The VIP lane and normal lane led the attendees to their respective seats.

The attendees who entered through the VIP lane would be sitting in the front row of the exhibition hall, while ordinary people like Chen Hao could only sit at the back.

“Hey, Wang Shuai, it's you! How're you doing? How's your dad?”

“Uncle Li, you're here too! We're fine, all of us are doing fine! My dad often talks about

you!”

As soon as Wang Shuai entered the hall, he saw plenty of people whom he knew. A middle-aged man greeted him.

“Wang Shuai, who are these two beauties with you? Which one is your girlfriend?”

“They are my classmates. I don't have a girlfriend yet, Uncle Li!” Wang Shuai chuckled.

At the same time, he waved to the people whom he was familiar with.

Frankly speaking, he felt proud of himself for knowing so many people here. It made him swell in pride.

“Hi, Mr. Lee Wangfeng. I have seen your profile on the Jin Ling Economic Times before. ”

Fang Qing tidied up her hair and said in a very demure manner.

“It's nothing fancy. But Wang Shuai, as your uncle, I have to tell you that marriage

is the most important thing in your life. Never let go of someone who is precious to you, else, you'll regret it!"

While saying that, Lee Wangfeng shook hands with Fang Qing and Xu Na.

Lee Wangfeng owned a franchise business selling kitchen and bathroom products. It was actually a big business and not to be underestimated.

"Uncle Li, I'll bear that in mind! By the way, didn't Mingfei follow you here?"

"That little girl saw some of her classmates from Jiang Nan College and went over to greet them. She is now in her third year but she is still so reckless all the time. I'm so worried about her. I really want to find her a good boyfriend. Oh, she's back!" Lee Wangfeng said in a smile.

"Girl, say hello to Wang Shuai and his two pretty friends!"

"Hello Wang Shuai. Hello sisters!" Lee Mingfei smiled and said.

She was really tall and her hair was tied up in a ponytail. The expensive sportswear outfit on her made her look alluring.

Lee Mingfei's gaze fixed on Chen Hao who was behind Wang Shuai presently. She couldn't help but frown when she saw his old-fashioned clothes but she still greeted him, "Hi!"

"Oh, I didn't notice him. This is?" Only then did Lee Wangfeng notice Chen Hao.

"Uncle Li, this is Chen Hao. The director, Tang Ran, asked me to bring him here to have a look. He's from the countryside and has never been to such huge events before."

Wang Shuai scratched his head helplessly.

How embarrassing!

Why did I let him follow me?

Although Wang Shuai had just mocked him, Chen Hao saw Lee Wangfeng looking at him and lifting up his hand. He thought Lee Wangfeng wanted to greet him and

shake his hand. How rude would it be if he didn't react to it.

Chen Hao nodded his head and smiled at him, lifting up his hand as well.

Unexpectedly, he said, "Alright Wang Shuai, you have to be my companion today. Come, sit next to me!"

Lee Wangfeng had already moved his gaze away from Chen Hao. He raised his hand because he wanted to pull Wang Shuai's arm to ask him to sit next to him.

He directly ignored Chen Hao!

Chen Hao felt embarrassed because Lee Wangfeng left his hand hanging in the air.

Apparently, Lee Mingfei had no interest in Chen Hao as well. She then sat on the other side of Lee Wangfeng.

"Pfft! It's so embarrassing. Why don't you put your hands down now? Mr. Li is a prestigious person. Why would he shake hands with a nobody? Do you think that you're as noble as Wang Shuai?" Fang

Qing was speechless.

“She’s right. But Fang Qing, there’s a saying which is true. A person with no grace would never have it, even if he is rich. Look at Wang Shuai, not only is his family rich, he is always graceful too. As a contrast, look at Chen Hao, he is just a nobody who won the lottery.”

Xu Na also shook her head while looking at Chen Hao.

Man, does this guy not have any self-awareness? The two of them thought.

To be honest, Chen Hao felt extremely miserable. He was annoyed that he had received a cold shoulder.

Well, I’ll just have a seat first. I don’t care what they say about me!

Chen Hao then sat down.

Of course, he sat at the back.

Lee Mingfei turned her head to look around. She knitted her brows again when

she saw Chen Hao sitting behind her.

She then stood up and walked to Wang Shuai and asked with a smile, "Wang Shuai, why don't we change our seats?"

"Huh? Why do you want to change seats? This sitting arrangement is fine!"

"Oh come on, can we switch our seats?"

"Okay okay. Although Chen Hao comes from a small place, he is considered clean. I don't see a problem!"

"No, you know that I'm a clean freak. I can't stand this kind of person. I beg you please!" Lee Mingfei begged. She was about to burst into tears.

"Come on, Wang Shuai, just change the seat with Mingfei. Furthermore, there's a saying, one takes on the color of one's company. Keep a distance with dubious people. Have you forgotten what I have told you before? You'll only get to see a higher and farther view when you stand on a giant's shoulder." Lee Wangfeng reprimanded coldly at this time.

The two families were close friends. Moreover, Lee Wangfeng had always been a straightforward person. He was strict in educating the youngsters too.

Wang Shuai could only nod his head in silence.

When Chen Hao heard his words, his face turned pale with rage.

We met by chance here today. I don't mind if you don't have manners, but shouldn't you at least give me respect?

What do you mean by dubious?

Just because I don't look as rich as Wang Shuai, does it mean that I'm a dubious person?

Fang Qing and Xu Na just sneered as they quietly listened to Lee Wangfeng lecturing Wang Shuai.

They thought that any words that came from this successful businessman would be very useful to them in their life.

By this time, more and more people had entered the hall.

There was a beautiful emcee standing on the high platform in the exhibition hall. She began her introduction and asked everyone to quiet down.

“Ladies and gentlemen, welcome to the Cloud Manor Sales Exhibition Ceremony! Before we officially start the ceremony, let's welcome our VIP guests from all cities in Jiangnan province with a round of applause!”

“Let's welcome the founder of Huang's Group, the richest man in Suzhou city, Mr. Huang Hongyun and his son Mr. Huang Yonghao!”

“Great!”

“Mr. Huang Hongyun and his son are here too. Based on his son's spending habit, I think Huang's Group will purchase this Cloud Manor which is worth 800 million.”

“Impossible. Even if you were really rich, your company would have worthy

competitors and you would need to fight them with money. Who would have the extra money to buy and stay in a mansion that is worth 800 million? Once the competition intensifies, having an extra 1,000 might make or break a company.”

“You’re right. It’s impossible for the Huang family to buy it. It’s true that they are the richest family in Suzhou city now, but there are other powerful enterprises in Suzhou too. If they have 800 million, they could use it to defend and strengthen their company status.”

A number of people were discussing among themselves softly.

As the music sounded, Huang Yonghao came into the hall with his dad.

But there was an obvious slap mark on Huang Yonghao’s face. It seemed like he had been slapped.

Chen Hao understood that Huang Yonghao was slapped by his dad. What could be the reason? It was probably because of his text message to Huang

Yonghao, informing him that he would be following someone else into the hall as he didn't see Huang Yonghao at the entrance. He asked Huang Yonghao not to wait for him.

In conclusion, Huang Yonghao was slapped because of Chen Hao.

Meanwhile, Huang Yonghao raised his head to search for Chen Hao. However, there were about two to three hundred people in the hall. It was nearly impossible for him to find Chen Hao who was sitting behind Wang Shuai.

"Next, let's give a round of applause to welcome our next VIP guest of this Exhibition Ceremony, who is also well-known in the Jin Lin Commercial Business Community, Mr. Li Zhenguo!"

"My god, Mr. Li is here too! Does Mr. Li want to purchase this mansion? I think it's possible. In Jin Ling, no one can compete with Mr. Li!"

Everyone continued their discussion.

“It’s impossible for Mr. Li to buy it, Wang Shuai. Do you know why?”

“Huh? It's impossible right, Uncle Lee? Mr. Li Zhenguo is the richest man in Jin Ling. He has the ability to buy it!” Wang Shuai asked in shock.

“Haha, you're wrong. Mr. Li Zhenguo used to have the ability. But now, I heard that Mr. Li Zhenguo has been transferred away from Jin Ling Commercial street. Jin Ling Commercial Group and Commercial Street will be managed by someone else!”

“Moreover, even though Mr. Li has been transferred away, I heard that he is still working for Young Master Chen. So at this time, he wouldn't buy the manor even if he had the ability to do so.”

“Huh? So General Manager Li has been transferred?!”

“Yes, since Young Master Chen has retained him, he has to tone down a bit!”

Wang Shuai nodded solemnly to show that he understood.

“Wang Shuai, Dad, what are you guys talking about? Who is Young Master Chen?”

“Why have I never heard you mention him before?” Lee Mingfei asked curiously.

Judging from their conversation, Young Master Chen seemed to be someone who was very powerful.

It seemed that the whole Jin Ling Commercial Group belonged to him.

Fang Qing and Xu Na were both astounded. They had never been exposed to this kind of information before. Naturally, they were interested in it.

“Of course I have never told you before because I only heard about Young Master Chen’s story from my friends yesterday. Although Mr. Li Zhenguo is powerful, he is just working for Young Master Chen. This is because the whole commercial street is owned by him!”

“Oh my god!”

“Shit!”

Lee Mingfei, Fang Qing and Xu Na all widened their eyes.

“Besides, you've heard of Young Master Huang, haven't you?” Lee Wangfeng said with a wry smile.

“Yes, I've heard of Young Master Huang. He is one of the richest descendants of wealthy families. He has a garage of sports cars. Before this, he even hosted a huge party for the descendants!” Lee Mingfei said.

Lee Mingfei knew this because she was also invited.

Unfortunately, her period came on that day, and it hurt so much that she couldn't go at all.

This was one of her biggest regrets because all the young girls worshipped Huang Yonghao.

“Haha, Huang Yonghao is actually the godbrother of Young Master Chen. The Huang family has clung tightly to the Chen family and as a result, has risen to be the richest family in Suzhou in just a few years!”

Wang Shuai and others gaped widely. They didn't expect them to be connected in so many ways.

At this time, all the attendees had finally arrived.

The emcee introduced Tang Ran next and Tang Ran started to introduce the entire area around Cloud Manor.

Although Chen Hao felt like he was about to burst in anger, he endured it.

When Tang Ran started introducing the manor itself, he glanced up at the screen that was showing pictures.

Just one look and Chen Hao was attracted. This Cloud Manor was built according to the geography of the mountain, as expected. It went straight into the clouds and looked like a palace in heaven.

It was extremely luxurious.

To be honest, Chen Hao was really interested.

800 million was a sky-high price!

If it was before, even if he owned a lot of money, Chen Hao would not buy a house with 800 million even if he was very interested.

But now, it was different.

His sister had given him 1 billion to spend in seven days.

He was frustrated because he had been thinking about how he should spend it.

Now his chance was here. He would be killing two birds with one stone!

The more he looked, the more excited Chen Hao was.

The introduction went on for two hours.

Everyone yearned for it.

However, no one dared to buy it.

Tang Ran seemed to be satisfied with the expression of the crowd. She then said

with a smile, "This Cloud Manor costs 800 million. I would like to ask if anyone here would like to purchase it?"

Tang Ran said with a kind smile.

"I... don't want!"

At this time, a CEO stood up, shouted and sat down quickly.

This made the crowd laugh loudly!

Li Zhenguo also laughed on the stage.

Some CEOs liked to joke like this!

Tang Ran then said, "Ladies and gentlemen, this manor will not be auctioned. However, it's a first come first serve basis. Whoever can pay 800 million first will own this Cloud Manor!"

"Hahaha, indeed, no one is buying it!"
Wang Shuai said with a smile.

Lee Wangfeng said with a bitter smile, "I have said that as long as you are a smart businessman, you would not waste the

800 million on a house. Unless..."

"I want it!"

Before Lee Wangfeng had finished speaking, he heard a voice that was not very loud, but loud enough that everyone in the whole hall heard it.

"Hmm?"

The whole crowd was thrown into confusion.

All eyes turned to look at him.

Lee Wangfeng and Wang Shuai were dumbfounded. They all turned around because it was not someone else who had shouted this sentence. It was the bumpkin brought in by Wang Shuai, Chen Hao!

"My God! Chen Hao, you are crazy? Don't you dare spout nonsense! Do you know the price you have to pay if you can't complete the purchase?"

"It's over. He's not here to gain insight. This man is here to die!" Xu Nan and Fang Qing

said in astonishment. They both wanted to slap Chen Hao until he was dead.

“Hmph, what a ridiculous person!”

Lee Wangfeng was staring. Is he really using this occasion to sensationalise himself? Is he stupid or what?

Chen Hao didn't care about what they said.

He got up directly and walked toward the stage.

“Crazy. This bastard is absolutely crazy!”

Tang Ran was also looking at Chen Hao, stunned!

In short, apart from a few people, most of them were dumbfounded.

“Chen Hao, what's the matter with you? You better leave now!” Tang Ran said angrily.

She even shoved Chen Hao.

“I want to buy this manor. Why do I have to

leave?” Chen Hao smiled bitterly.

“Rubbish, you can't even afford this manor!” Tang Ran was speechless.

“How do you know I can't afford it?” Chen Hao sneered, then looked at a group of staff from the bank standing next to him. “Come here. I'm paying by card!”

Although some banking specialists were confused, no matter how they looked at it, they didn't think that Chen Hao could even afford a few thousand. He even wanted to use his card.

However, if the guests requested it, they couldn't refuse.

They walked toward him immediately with the credit card machine.

Chen Hao swiped his card effortlessly, input the password, did a face recognition check and a few more security checks.

“Ding! The transaction is successful. The total amount transferred is 800 million...”

The system's automated voice could be heard clearly.

After that, a dead silence ensued.

800 million! How could this person have 800 million?

Oh My God!

Tang Ran heard the machine loud and clear. She covered her mouth and dropped the microphone onto the ground because at this moment, her brain went blank!

Gulp!

Wang Shuai, who was below the stage, even gulped in difficulty.

He was completely dumbfounded, let alone the look on Xu Na and Fang Qing's faces.

To be honest, from the first meeting, Xu Na, Fang Qing and Wang Shuai not only looked down on Chen Hao, they didn't even treat Chen Hao as a person.

They just thought that he was a bumpkin who came from the village.

It was too cheap to have him following them around.

But now, they felt like their faces were being slapped numerous times.

You looked down on him? You could never earn the amount of money he had even if you worked your whole life!

I can't believe it! He's an extremely wealthy heir!

"Wang Shuai, w-who... who is he?" Lee Mingfei was shocked as well.

"I don't know... I just know that his name is Chen Hao! Hey, look at Mr. Li Zhenguo, Huang Hongyun, Huang Yonghao, as well as those rich businessmen! Why are they all walking toward the stage?" Wang Shuai stammered.
