

C101 Change Passive to Active

After Zhao Qian explained in detail what to do with Huang Qing, he brought him back to the front hall.

When everyone saw the two of them come out, they immediately asked him how the discussion was and whether he had made up his mind to deal with them.

Huang Qing gestured for everyone to be quiet, and loudly replied, "What Sir said was right. Our Yan Hai Construction Company's attitude is very clear. We are going to fight against any illegal and illegal behavior on the island. We want to give all tourists a comfortable tourist shopping environment, please believe in our determination and ability. In fact, we had long wanted to make a thorough search of the island's merchants, but we didn't have the right reasons or the right opportunities. If you start a little earlier, we'll have a reason to look them up. "

Hearing Huang Qing's words, the park visitors became unhappy.

"Wah!" You seem to be saying it as though it was our fault. "

"Are you throwing a pan? If you can't supervise and manage it yourselves, why should we be blamed? "

"Don't talk so much nonsense. Just tell me how to deal with it." We don't need to refund 1: 3 anymore, we just need to refund the original price. "

Huang Qing quickly explained that he wasn't trying to shirk his responsibility, but was thanking everyone. As for the solution, it was absolutely in accordance with the three criteria of one loss, one loss, and three losses set by the state. There was a legal basis for this, so the boss could not help but disagree.

Everyone expressed their disbelief when they heard that there was a 1: 3 refund. Huang Qing had the head of the Market Supervision Authority as well as the police officers of the police station as witnesses. If he did not do as he said, he would bear all the losses, or he would be willing to bear all the legal consequences.

With Huang Qing's promise, the park visitors all calmed down and waited for their orders.

At this moment, Chen Guangyu ran out and shouted at the security guards and bodyguards, "Throw these people out. It's not their place to behave atrociously here!"

The security guards immediately followed his orders and began to shoo away the people inside the store.

"What is it? Do you want to hit me? "

"The police are still here. I dare you to attack!"

"It's really a black shop!"

"Black shop!" Black shop! "The Black Shop ..."

The park visitors all shouted loudly, and the scene instantly went out of control. The police quickly stepped forward to stop Chen Guangyu's bodyguards and guards, forcing them to step aside to prevent them from using violence against the tourists.

Chen Guangyu had gotten used to it and did not put these basic police officers in his eyes at all.

"Your heads have been squeezed by the door!" How dare you oppose me! Do

you know what my relationship with your director is? Do you know what my relationship with the Director of the North Sea Division is? Do you know what my relationship with the Chief of Donghai City is? "You dare to go against me? You don't want to work anymore, right?"

As the saying goes, if God wants someone to perish, he must first make that person go crazy. Chen Guangyu's words meant that his fate would be very miserable. The park visitors had posted his video to the shaker platform. His domineering attitude and outrageous comments were quickly spread out.

The Donghai City city police gave the order for the police to arrest Chen Guangyu. The offence is to falsify the price, slander the public servant, disturb the public order, abuse the private affairs, involve in the black, etc.

Chen Guangyu pushed the policeman away and shouted, "Try touching me. My company has deep cooperation with the district government and municipal government. I can make you suffer from any of these!"

Zhao Qian looked at Chen Guangyu's current appearance as if he saw himself six years ago. Back then, he was also so arrogant and domineering. Luckily, Zhao Fu decided on the spot and chased him out of his house for training. Otherwise, his fate would have been as miserable as Chen Guangyu's.

The police had an order from the leader, so they weren't afraid of offending Chen Guangyu, they just cuffed him and sent him away.

With such a big thing happening, Chongdao's tourism industry would definitely be severely affected. Huang Qing quickly invited Zhao Qian to his office to find a solution.

"Young Master, you have to help me. If Chongdao's tourism industry is severely damaged, the company will definitely punish me. I have old, small, car loan, housing loan, all to pay, can not lose a job ah. You know how expensive East Sea is right now. I have to pay you 20,000 yuan a month, and

with the addition of the money spent by my family, I really can't afford to lose my current job. "

Zhao Qian comforted her with a smile, "What are you afraid of? This is your chance to build your career."

"Ah?" Young Master, I must be joking. It has already become like this, how can I build my career? It's good enough that you don't get punished. "

"The way you look at things is not just from one perspective. You look at things from a different perspective. This is your opportunity. You can turn passivity into initiative, and carry out a thorough examination in the name of the company, in the name of responding to the country's actions of wiping out evil. All the merchants that sold leave or served poorly, or even those that were suspected of intimidating the evil forces that threatened to extort tourists, were ordered to make changes within a time limit, or even to get rid of them. As long as Chongdao showed the entire nation its determination to eliminate evil and make them feel that from today onwards, Chongdao would be a paradise for tourism and shopping, they would naturally fight over it. That's the direction. With your intelligence, you should be able to figure out the details, right? "

Huang Qing immediately laughed happily and nodded in reply, "Understood. is to let everyone feel like we were the ones who took the initiative to clean up the Chongdao, and not do so because we were exposed. "

"Mm, smart. The most important thing is to create a scene where Chongdao becomes heaven from now on. Not only will the number of tourists not decrease, they will definitely increase as well. "

Huang Qing quickly thanked Zhao Qian for his guidance and personally sent him back to the hotel.

Faang Ni and the rest were waiting in the lobby of the hotel. When they saw

Zhao Qian's return, they quickly won.

Faang Ni asked nervously, "Zhao Qian, how are you doing? They didn't make things difficult for you, right?"

Zhao Qian replied with a relaxed expression, "Thank you for Director Faang's concern, I'm fine. Sorry for delaying everyone's trip. It's almost three, can we still play CS? "

Faang Ni was about to say "no problem", but Zhang Yang said in a neutral tone, "What are we going to do now? Everyone's mood is gone! "

Wang Qiang and Zhang Yuan quickly agreed with Zhang Yang, saying that they had no mood to go out and play, and only wanted to sleep in the hotel.

However, the others were different from them. Everyone said that they could go out and play right now. They were here to establish a team, not to take a nap, don't let the company waste money.

Faang Ni nodded in agreement. The company had already spent tens of thousands to build this team. If he didn't achieve the goal he wanted, then he would have wasted his money.

"So, those who are willing to go out and play, we will go out and play according to the original plan. Those who do not want to go out to play, can stay in the hotel to sleep. I want to remind everyone that we are here to build a group, not just to travel. I hope everyone is not mistaken. "

Actually, Faang Ni's words were meant for Zhang Yang and the others. However, she felt too embarrassed to refuse his face in front of so many people, so she was so tactful.

But even though it was tactful, Zhang Yang still felt humiliated. He even regretted marrying Faang Ni now, because she wasn't the innocent little girl

from before. He couldn't control her completely.

However, given the situation, he couldn't say that he was staying to sleep. After all, he was the manager. Everyone was looking at him. Originally, he wanted to take this opportunity to make everyone hate Zhao Qian, but he didn't expect them to not be provoked at all. Once again, he lifted the rock and smashed his own foot.

Faang Ni clapped her hands, attracting everyone's attention. She said loudly, "Go back to your rooms and prepare. We'll gather here in five minutes."

Everyone quickly went back to the hotel to change, but only Zhao Qian remained still. He walked to a corner and sat down. After a while, Wang Jing came down from upstairs and sat down opposite him.

Wang Jing said unhappily, "You bastard, you actually got a single room. Then where do I sleep tonight? There are no more rooms in the hotel. "

Zhao Qian winked at her and smiled evilly, "You are my girlfriend now, aren't you supposed to sleep together? Furthermore, it's not like we haven't slept before, so why are you being shy? "

Wang Jing's face instantly turned red and she reached out her hand to hit Zhao Qian. But at that moment, she saw an acquaintance enter the hotel.

C102 What a Coincidence

He didn't know why it was so coincidental, but Yang Ming actually walked into the hotel. She had a net red in her arms, and a few of her friends were behind her.

Wang Jing gestured to Zhao Qian to turn around and look. Zhao Qian quickly turned around and smiled with interest.

"Wang Jing, tell me, why do you have so much affinity with him? You just came, and he came with you. I think it's better for you to obey him. After all, you all are so fated, you can't go against the will of heaven. "

Wang Jing stretched out her hand and gave it to Zhao Qian, saying angrily, "Don't say that to me in the future, or else I'll really get angry." I have nothing to do with him. I went out to play, just let me know before you come back. "

"Notify my ass! We'll be back after eating. You're still planning on playing until then!?" "You must return to your room before 6 o'clock, or else let me deal with you!"

"You really think of yourself as my boyfriend!"

"At least for the duration of the agreement, I have the right to ask what you should do. Oh yeah, did you eat the medicine I bought for you after the last incident? "

Wang Jing snickered. "What would you do if I told you I didn't eat?"

Zhao Qian also laughed evilly and replied: "If you didn't eat, I would have prepared money to buy a house and marry you. I can't let my child be born out of wedlock, so the child of my old Zhao Family can't be a black sheep. "

"Go!" You think too much. Even if there is, I will take it away. How can I give you birth? "

"If there really is one, if you dare to take it away, I'll destroy your entire family!"

"Tch!" I'm so scared! "

Zhao Qian stopped smiling and replied seriously, "Wang Jing, I'm not joking with you. I don't care if you like me or not. If there really is a child and you dare to take it away, I'll really destroy your family. It doesn't matter if you don't want to marry me, as long as the baby is born to me. Just tell me what you want. I'll rob the bank, and I'll satisfy all your demands. "However, since you dare to take away the child, I don't mind changing the crime of robbing a bank to murder!"

Wang Jing was shocked by Zhao Qian's expression. She was sure that he wasn't joking.

"Enough!" I know! Don't think too much into it, I already ate it! I went out to play. Bye bye. "

Wang Jing stood up and was about to leave when Jiang Xiaoqing, Liu Mei, and the others came down and bumped into her.

Liu Mei looked at Wang Jing with an expression of inferiority and anger. However, she knew that her conditions were not as good as Wang Jing's, so she didn't say anything.

Jiang Xiaoqing felt that she should seize this opportunity and not let Zhao Qian and Wang Jing get away with it.

"Liu Mei, now you know that Zhao Qian is a scum! While he's giving you a

chance, he's falling in love with other girls. He's simply a scum, a scum! "

Wang Jing stopped and asked, "What did you say just now? Zhao Qian is giving her a chance? "

Jiang Xiaoqing immediately straightened her back and replied, "Yes! "You little brat, you fox spirit, you seduce my boyfriend."

Zhao Qian quickly walked over and said angrily to Jiang Xiaoqing, "Jiang Xiaoqing, you've cheated again, haven't you?"

On the other side, Yang Ming, who was checking in at the front desk, heard the commotion and immediately walked over with a smile.

"Zhao Qian, what f * cking fate! I did not expect to meet you here! "

Zhao Qian turned around with a smile and said, "That's right. Jing and I were out on a tour together, but we actually ran into each other. God damn fate."

Yang Ming's smile immediately froze. Seeing Wang Jing turning around and looking at him with a smile, the anger in his heart rose.

Wang Jing, how long have you all been here? Why are you so cheap? "He would usually pretend to be a cold goddess, but who would have thought he would be so despicable from the bottom of his heart!"

Wang Jing was immediately annoyed. She walked over and was about to hit Yang Ming. Zhao Qian felt that Yang Ming would definitely fight back, so he quickly chased after him.

Sure enough, Yang Ming was furious at the moment, but he didn't care about what Wang Jing said. He raised his hand to retaliate. Fortunately, Zhao Qian reacted quickly and firmly grabbed his wrist.

"Young Master Yang, it doesn't seem like a gentleman to hit girls in public! Are you not planning to care about Feiyu Group's face anymore? "

Yang Ming struggled with all his might, but he couldn't get rid of Zhao Qian's hand no matter how hard he struggled.

"Let go of me! It is not your place to meddle in my affairs! "

"Jing is my woman now. If you dare to touch her, you'll have to get past me."

With so many silly words being said in front of so many people, Wang Jing felt a little embarrassed. However, she also had a feeling that was hard to put into words. It could be summed up simply with one word — comfort.

Yang Ming stared coldly at Zhao Qian for a while before laughing out loud.

"Alright!" "I told you to continue being arrogant, let's just wait and see. There's still time for you to regret this!"

Zhao Qian chuckled and let go of Yang Ming's hand, deliberately pulling Wang Jing into his embrace in front of him.

"Jing and I will fly together. We will play with each other. We will fight with each other with wings ..."

Zhao Qian blurted out a bunch of words which made Wang Jing unable to hold it in anymore, causing her to smile with a blushing face.

Yang Ming's face changed. He snorted coldly and went back to check in.

Wang Jing became unhappy and walked over to the front desk. "No ..." What do you mean? Why did you tell me that they had rooms when you didn't have one? "

Yang Ming said complacently: "Don't you know who I am? Do they dare not give me a room? Not... What do you mean? You don't have a room yet? Haha ... Zhao Qian, you don't have a room! Are you going to sleep on the street at night? Where are you going to sleep? Let's go watch the live broadcast! I don't know how many positions you have. "Haha ..."

Lili slapped Yang Ming in the face as he laughed, then ran back to hide behind Zhao Qian.

Yang Ming flew into a rage and charged towards Zhao Qian with a bunch of his brothers.

The shop manager had been observing what was happening outside. Seeing that Zhao Qian was in danger, he rushed out.

"What are you doing? What are you doing? Who is it that dares to cause trouble here? May I know who is the owner of this place? "

Yang Ming and Wang Jing both knew the background of the hotel. But when Yang Ming got slapped in the face, he couldn't take it anymore.

"I was slapped by her. You can't just tell me to act like nothing happened, can you?"

The shop manager replied firmly, "Your personal grudges need to be resolved outside. You are not allowed to use violence within the hotel."

Yang Ming did not dare to provoke the hotel, so he could only aim his spearhead at Zhao Qian.

"Alright!" We'll see. Is there no room? Here, beg me, and I'll book a room for you! "Zhao Qian, you can't just let a young miss sleep out on the streets, right?"

Zhao Qian laughed and replied, "Yes, I think what Young Master Yang said is very reasonable. I think that Young Master Yang shouldn't help me book a room, just let me stay in your room. "

"Bullshit!" You live in my room, then where do I live? "

"You can sleep on the streets!"

"Haha ..." It's so f * cking funny, even your father wouldn't sleep on the streets when the sky collapses! "

"Is that so? Mr. Manager, I don't want them to stay in a hotel, do you know what I should do? "

Yang Ming and his companions immediately started laughing out loud.

"Zhao Qian, what the f * ck do you think you are? You still want to order people around? I want to be chased away, do you think he will dare to chase me away?! "

"Young Master Yang, don't be so direct. After all, he's going to sleep on the streets with his girlfriend tonight.

"Exactly! After all, there's a live broadcast tonight, so it's hard to accept it. It's only right for you to get angry. "

"Haha ..."

Yang Ming and the rest started laughing out loud. Each and every one of them seemed to be proud of themselves. It was disgusting to look at.

Zhang Yang and the rest heard Zhao Qian's words and also let out a mocking laugh.

"You really don't know your place. Do you know who you are and how you ask the hotel to do things?"

"Mr Zhang, you have to get used to his personality that likes to act cool. If he doesn't act cool, his entire body will be in pain! "

"Yang Ming is the successor of Feiyu Group, how could the hotel chase him away? It's only people like Zhao Qian who are brainless that would say those words."

After they finished ridiculing Zhao Qian, they were all waiting to see a good show with a mischievous smile.

C103 Let's See Who Is More Willing to Spend Money

Although the shop manager knew Zhao Qian's identity, if he kicked Yang Ming out for no reason, it would definitely arouse everyone's suspicion. He did not dare to reveal Young Master's identity, so he had to find a reason.

"This Sir, if you want me to kick you out, then kick me out. Do we still need to open a hotel?" And why should I listen to your orders? "

Everyone immediately let out a mocking laugh and echoed the shop manager, asking Zhao Qian if he had the ability to chase Yang Ming away.

Without saying anything further, Zhao Qian directly signed a cheque for one million and placed it on the front desk.

"One million, I'll take it!"

It was his own hotel anyways, he had earned this money himself, so he wouldn't lose out.

Upon hearing this, the crowd burst into an uproar.

"Is Zhao Qian crazy? Spending a million to compete? Wait! Where did he get that one million? "

"I heard that before, the company's funds were tight. It was because he won the lottery that the money investment company. In order to thank him, Director Faang paid him 10 million yuan in interest. "

"Oh my god! Just what kind of dog shit luck did this kid have? How did such good things happen to him one after another? "

His colleagues were puzzled, but they could still accept it.

But for Zhang Yang, Wang Qiang, and Zhang Yuan, the three of them were unhappy. With a million yuan from Zhao Qian, the hotel would definitely be willing to kick out Yang Ming. They didn't care if Yang Ming could live here. The crux of the issue was that Zhao Qian had taken the opportunity to show his face, and he once again steadily acted tough in front of everyone.

Jiang Xiaoqing felt upset. If she didn't break up with Zhao Qian, she would be a millionaire by now. With a single wrong step, he lost the entire bet.

Yang Ming's face turned ugly. He never thought that Zhao Qian would use money to hit him. Everyone knew that he was Young Master Yang, what kind of thing was Liu Tie? He actually dared to use money to smash him. However, it was still a million yuan. If he were to compete, he would have to at least take out more than a million yuan.

In order to save money, Yang Ming chose to threaten Zhao Qian and said: "Zhao Qian, you f * cking think you can fool people with a blank cheque? Do you think people are as stupid as you? Also, do you think a million is enough to scare me away? I don't even care about your two taels of silver. "

Zhao Qian ignored Yang Ming and asked the shop manager what he wanted to say.

The shop manager pretended to hesitate, then apologetically said to Yang Ming: "Young Master Yang, you are also a businessman, you should understand my difficulties. I'm really sorry, I can only let you leave the hotel. Don't worry, we will compensate you three times the room cost and we will absolutely not let you waste your time in vain. "

Yang Ming became angry the moment he heard that and angrily said, "What the f * ck are you joking with me? I am Yang Ming, Feiyu Group's successor. You dare to fucking chase me away? Your brain is flooded! "

The shop manager laughed without any fear and replied, "I'm just a worker, I don't think Young Master Yang will bother with me." If Young Master Yang is unhappy, he can contact our main company and someone will help you. But today, here, you must leave. Of course, if you can come up with more than a million, I'll listen to your commands. Young Master Yang should understand this principle. "

Yang Ming also had a red sister beside him and a few brothers behind her. This was too embarrassing! Not to mention when facing Zhao Qian and Wang Jing, even if he had to spend a million, he still had to keep his pride!

"Alright!" It's only one million yuan, I don't think much of it! "

With that, Yang Ming took out his cheque book, signed a cheque worth one million and one hundred thousand and put it on the table.

Without saying anything further, Zhao Qian picked up the cheque from before and tore it into pieces. Then, he signed a cheque worth two million and put it away, then asked the shop manager to chase Yang Ming away.

"Wah!" Did Zhao Qian have a grudge with Yang Ming? He wants to lose all his ten million? "

"I think that's enough. I really want to go head to head with someone from the fuerdai generation. Isn't this a little overestimating himself?"

"Sigh ..." The money is his, it doesn't matter what we say. "

The colleagues really wanted to understand Zhao Qian. So what if he had ten million yuan? How could he go head to head with a rich second-generation?

A sneer hung on Zhang Yang's face. Right now, he just wanted Zhao Qian to be even more crazy and spend all the 10 million. Without money, Zhao Qian would return to his previous loser state and be mocked by others.

Yang Ming was furious. He scolded, "Zhao Qian, are you f * cking going to fight me to the end?"

Zhao Qian pulled Wang Jing into his arms and said, "What's the matter? Young Master Yang called himself a fuerdai all day, two million was too much for you? "Then don't call yourself a fuerdai in the future, just call yourself a diaosi."

"How f * cking funny, would Young Master Ming even put two million in his eyes?"

"You are a pure diaosi like that, you think that's a lot more than 2 million? Which month would Young Master Ming have to live on two million? "

At this time, the friends behind Yang Ming all expressed their support for him. However, to him, this was not support, but coercion. If Yang Ming didn't go down with Zhao Qian at this time, how would he be able to stay with his friends in the future?

"Haha ..." Zhao Qian, did you hear that? Two million is nothing in our eyes! "

Yang Ming sounded relaxed, but his heart was bleeding. However, since he had already said so, he could only continue signing the cheque.

Zhao Qian couldn't help but laugh when he saw Yang Ming's cheque.

"Young Master Yang, each time you increase it by 100,000, you don't have any guts at all!" I'll give you three million this time. Let's see if you can still raise it by another hundred thousand! "

After saying that, Zhao Qian signed a cheque worth 3 million and put it on the table.

Everyone exclaimed. They all thought that Zhao Qian must be crazy. Normal people would never do something so stupid.

Wang Jing turned her head to look at Zhao Qian and asked with a smile, "Say, are you burning too much money? "How about you let me keep your bank card for you in the future?"

Zhao Qian replied with a naughty smile, "My bank card is not something that anyone can keep for me. When you marry me, I might consider it. "

"Yo!" From what you're saying, if I really marry you in the future, wouldn't your money still be given to me? "

Zhao Qian was helpless. He had so much money that he couldn't even count it himself. How could he hand it over?

"You think too far. I just wanted to play with you on the spur of the moment. When I get tired of playing with you, I'll kick you away. You still want to marry me?"

Wang Jing covered her mouth and laughed, but Yang Ming was stunned. He was wondering if Wang Jing had gone stupid. She was laughing so happily when Zhao Qian said those words!

Yang Ming couldn't help but mock Wang Jing. "Women in love are really idiots. They don't even understand lousy words!"

Wang Jing chuckled and said sarcastically, "That's right, a woman in love doesn't have an IQ. "Young Master Yang, you have such a high IQ. Now, are you going to get out of the hotel or continue to raise money?"

Zhao Qian had already paid three million, and this was not a small sum. To Yang Ming, three million wasn't that much. But if he spent it on something, it would still be worth it. Now, in order to compete with Zhao Qian, he gave the

hotel 3 million yuan for nothing. That's not worth it.

The friends behind Yang Ming didn't care about that, they continued to cheer him on.

"Young Master Ming, kill him!" Money is a small matter, and face is a big matter! "

"That's right!" The Feiyu Group didn't lack that three or five million. However, if they let others know that Young Master Ming was defeated by a diaosi with money, then how would they continue to mix in with the Feiyu group in the future? "

Yang Ming felt bitter inside, he really wanted to say, "Thank you f * * king for analyzing so thoroughly for me." However, this was still over three million yuan. Since he transferred so much money, his father would definitely ask him what he did. If he said he was fighting with someone and gave 3 million to the hotel for free just for face, wouldn't his father 'skin' him alive?

Keep adding money, no! But even if he didn't add it, he still couldn't! With so many people watching, how could the successor of Feiyu Group be able to take it lying down and admit defeat?

C104 Get out of Here with Your People

Zhao Qian's face was full of smiles as he asked Yang Ming: "Young Master Yang, are you going to follow me or not? If you don't want to follow, then hurry up and bring your good friends out of here! "

Yang Ming flew into a rage and shouted, "You're f * cking pushing your pen too far! I don't need this bit of money, I just don't want to spend it on useless things! "

"Haha ..." Then you're admitting defeat? Then hurry up and get out of my sight, don't get in my way! Mr. Manager, this cheque belongs to you guys, kick them out! "

The shop manager nodded with a smile, "Ok, Mr Zhao." Young Master Yang, I'm really sorry. He gave three million. If it was you, you wouldn't reject his request, right? I hope you understand. Take your friend and leave. "

Yang Ming was completely enraged and shouted, "Your head is full of shit! He's just a loser, even if I gave you three million, you dare to chase me away for such a small amount of money? I'm the future successor of Feiyu Group, you f * cking understand the situation! "

The shop manager was very confident and replied, "So what? Our hotel is backed by a wealthy international group! Your Feiyu can't even be considered a small workshop in front of us rich nations, do you think I would be scared by you? I have already given you enough face, you better not fail to appreciate my kindness! I'll give all of you one minute. If you don't leave, I'll have the security make a move! Of course, if you continue to add money, I can also listen to you. Whoever pays more will be the boss! "

The shop manager's words made Yang Ming and co. lose their mind.

"Young Master Ming, we have to fight for this!" You don't have enough money on you, so I can help you collect it! "

"Yes!" I can get a bit too! "If you don't fight over the mantou, then fuck him!"

"I can also support it a little!"

Since his brothers were so supportive, Yang Ming had no reason to be afraid. He directly signed a cheque worth five million and placed it on the table, arrogantly asking Zhao Qian if he still dared to continue bidding.

Zhao Qian laughed out loud, tore up the 3 million check and signed another 8 million check on the table.

"I have 10 million on me. I still have over 8 million after buying the car. I'm too used to being poor to be rich. "Come on, do you have the guts to continue following Young Master Yang?"

When everyone heard that it was eight million, they lost all rationality.

"Zhao Qian is really crazy!" In order to save face, he had actually given her eight million for free! Oh my god, 8 million is enough to buy a big house! "

"Director Faang, the 10 million you gave him is really hurting him." He spent all of his money and then suddenly ran out of money. He could no longer pretend to be powerful and couldn't accept reality. What should we do then? "

Faang Ni sighed and shook her head helplessly.

Zhang Yang and the rest laughed out happily. Zhao Qian had finally lost all his money. Without money, let's see how he will continue acting cool in the future.

Jiang Xiaoqing felt a pang of pain, as if she had a stake in the eight million. It

was no wonder that if she did not break up with Zhao Qian, she would be able to hold onto ten million yuan and live a carefree life from now on.

"Unfortunately, she made a mistake and got nothing.

Yang Ming's group were all stunned and no one dared to speak anymore. Eight million was truly not a small sum. Even if they were from the second generation of rich families, they were not rich enough to look down upon eight million.

Zhao Qian blinked his eyes at Yang Ming and said very provocatively, "You're still not getting out of here, do you really have to wait for the security guards to chase you away? Everyone must record the entire process. This is Feiyu Group, oh, this is the boss of Flying Fish's live broadcast platform. "He's going to be chased out by the hotel security guards. This is big news, if it's posted on the voice chat or on Weibo, it will definitely get out of hand."

With Zhao Qian's reminder, everyone held up their cell phones and aimed them at Yang Ming.

"What are you taking pictures of? Go home and take pictures of your mother!" Put down your phones for laozi. You're not allowed to take photos!

Yang Ming shouted at the people around him, but no one paid attention to him.

It would only be a disgrace to stay. Yang Ming could only leave dejectedly with his friends. However, before leaving, he said something to Zhao Qian.

"Just you wait, you won't even have the chance to regret it!"

Yang Ming said this twice. Zhao Qian instinctively felt that he must have some sort of conspiracy, and that he would take action in the near future.

Wang Jing patted Zhao Qian's hand and asked tenderly, "You still haven't let go of her since she's already gone? Isn't that enough to take advantage of you?"

Zhao Qian released his hand with a chuckle and replied in a low voice, "I feel that Yang Ming must have some ulterior motives in coming here. You better not go out and play and go straight to your room to sleep. I'll be back early. I'll bring you whatever you want to eat. "

"What is it? Are you worried about my safety? Are you really in love with me?"

"You're thinking too much. I don't care about the big one, I still have to care about the small one!"

After saying that, Zhao Qian purposely touched Wang Jing's belly, which angered her so much that she burst a hammer at him, then turned around and ran upstairs.

The shop manager picked up the cheque with a smile and thanked Zhao Qian with a smile, "Mr Zhao, I will accept this cheque. "In the future, come often, and stay for free for three years."

"Alright!" Then I won't stand on ceremony. I'll come over later to play. I'll just come over directly to get a room, so I won't book one in advance. "

"No problem!" As long as Mr Zhao comes over, I will give him priority. "

Zhao Qian nodded and walked towards his colleagues.

"I'm really sorry for wasting everyone's time. Let's go and play CS. "

His colleagues quickly recovered from the previous gambling and hurriedly asked Zhao Qian what he was thinking. Eight million just for acting cool?

Zhao Qian laughed and replied: "Isn't it possible? I'm used to living in poverty, and I don't feel good without spending all my money. "

His colleagues were also at a loss for words, unable to communicate with him. However, Zhang Yang and the rest were very happy. They smiled and expressed their support for Zhao Qian's idea.

Faang Ni clapped her hands, signaling everyone not to waste any more time.

Soon, they arrived at the location. It was almost four o'clock and the boss had only allowed them an hour and a half to play. At the latest six o'clock, the venue must be closed.

Faang Ni quickly led everyone into the park, changed their clothes and equipment, and immediately began the 'battle'. This time, the purpose of the land was to foster a spirit of solidarity and cooperation, so Faang Ni disrupted the reorganization of the various departments.

I wonder if Faang Ni did it on purpose. She assigned Zhao Qian, Jiang Xiaoqing, Liu Mei, Wang Qiang, and Zhang Yuan to the same group.

It didn't matter to Zhao Qian who he was with. However, Wang Qiang and the rest did not want to be with him. They felt that with his presence, there were some things that were hard to say.

Wang Qiang had applied for a replacement for Zhao Qian with Faang Ni, so he wasn't in the same group as Zhao Qian. Faang Ni shook her head and refused, "No, I purposely divided you into groups because I want you to cultivate your relationship so that you won't keep fighting each other in the future."

"Director Faang, it's not like you don't know what's going on between me and him, how can we make up? Furthermore, Jiang Xiaoqing is also in the same group, and Liu Mei is also in the same group.

"Don't you understand me? I want you to take the opportunity to relieve the tension. If it's not awkward for you two to be together, I won't let you two be in the same group. Stop wasting time, hurry up and go. "

Wang Qiang nodded reluctantly and quickly brought Zhang Yuan and the others into the garden.

Zhao Qian was doing warm-up exercises to stretch his muscles and bones so that he wouldn't feel uncomfortable later on.

At that moment, Wang Qiang's phone rang. He took it out and looked at it, then quickly went to a corner where there was no one to answer it.

"Hello, Young Master Yang, is something the matter?"

"Where are you?"

"At the CS Stadium."

"Is Zhao Qian here as well?"

"Here."

"Very good. Notify him of his location in real time, and I'll send someone to tie him up! Today, I want to settle the score with him! "

"No problem!"

Wang Qiang happily hung up the phone. After waiting for so long, they finally got to this day.

"Hehe ..." "Zhao Qian, oh Zhao Qian, I want to see how you'll run today!"

Wang Qiang mumbled to himself happily. He quickly put his phone into his pocket and ran to find Zhao Qian and the others.

C105 Professional Killer

Zhao Qian had been wondering what kind of conspiracy Yang Ming had prepared, so he wasn't in the mood to play CS. However, Wang Qiang was in a good mood and immediately came over to assign everyone a task.

"Zhao Qian, you are responsible for the sniping. I'll give you this sniper rifle. Find a good hiding place. The rest of us will be in charge of scouting and find out the exact location of the enemy for you, as well as provide cover for you.

"Well, is there a problem?"

Zhao Qian nodded, indicating that there was no problem. He picked up his sniper rifle and hurried to find a place to hide.

Wang Qiang quickly assigned the others to different positions to be on alert while he went to find Zhao Qian. However, he did not show himself. Instead, he just stared at Zhao Qian from a short distance away.

"Come in through the gate. There is a big tree about 200 meters to the left. There are walls and oil drums surrounding the big tree. Zhao Qian was hiding in the oil barrel on the far right. Tell me before I act that I will lure everyone away and leave him there. "

When Yang Ming received the message from Wang Qiang, he immediately sent someone to the CS site to look for Zhao Qian.

At this moment, Zhao Qian received a message from Huang Qing.

"Young Master, my subordinate came to report just now. Yang Ming has been talking about the phone. I have already set up eyes and ears around CS. If there are any cases, I will report it to Young Master in time. "

Zhao Qian laughed with satisfaction as he muttered to himself, "Yang Ming, if

you really dare to attack me here, don't blame me for being rude!"

Yang Ming never would have thought that the entire Chongdao was filled with Zhao Qian's people. It was simply wishful thinking for him to kidnap Zhao Qian here.

Ten minutes later, Yang Ming sent a message to Wang Qiang, asking him to confirm Zhao Qian's position again. Wang Qiang quickly did as he was told and sent Yang Ming the same spot again.

Yang Ming then replied to Wang Qiang, "My men have already left, they will climb over the fence and enter the park. You lure all the people around Zhao Qian away and give them five minutes. "

Wang Qiang was extremely excited and hurried to send Jiang Xiaoqing and the others away. He assigned everyone the task of finding other colleagues.

At this moment, Zhao Qian also received the news.

"Young Master, the CS arena just reported that someone climbed over the fence and went in. If their target really was Young Master, then things would not be good. "I'll send someone to help him, Young Master must hide."

Zhao Qian quickly jumped out of the barrel after receiving the news. He quickly climbed up a tree and carefully stared at the barrel that he used to hide. Sure enough, five minutes later, the four hulks rushed to the oil barrel, took a look at it, and then ran away.

Zhao Qian quickly sent a message to Huang Qing, saying, "They should be running away. No matter what, we have to capture them. I see that they are all very strong, and I want to remind everyone to be careful and be careful. "

Huang Qing quickly replied.

"Understood."

After a few seconds, Wang Qiang ran back. He looked at the oil barrel Zhao Qian was hiding from and immediately called Zhao Qian.

"Hey, Zhao Qian, where did you go?"

"I feel a bit depressed at the previous position, so I chose a better one."

"Then where did you go?"

"It's on the tree to the north."

Wang Qiang turned around to look at the tree and quickly ran over.

Zhao Qian waved at him from the tree and said, "This place is better, no one will know. Hurry up and lure him into my attack range."

Wang Qiang immediately said with a smile that it was no problem and quickly hung up the phone before running off. He hid behind a wall and replied to Yang Ming.

"The bastard's hiding in the tree to the north of the barrel. I'm taking everyone away now, and you tell them to come back and get him."

When Yang Ming received the news, he immediately sent another message to those people, telling them where Zhao Qian was.

The few hulks quickly returned and came to the tree where Zhao Qian was.

The leader was a bald man. He said to Zhao Qian, "Handsome, come down. We have something to talk to you about."

Zhao Qian chuckled and replied, "If you have something to say, just say it, I

can hear it."

"This is too inconvenient, you should come down."

"Not at all."

"Don't force us to attack!"

After saying that, the bald man pulled up his clothes, revealing something that looked like a gun.

Zhao Qian's heart skipped a beat. He didn't expect these people to be professional killers and even carry guns.

Regardless of whether this gun was real or fake, Zhao Qian could not take the risk, he could only hurry up and go down. Yang Ming probably just wanted to teach him a lesson and wouldn't really take his life, right?

As soon as Zhao Qian finished his sentence, Huang Qing's men rushed over and surrounded the few hulks.

The four hulks immediately pulled up their clothes, revealing something that looked like pistols.

Huang Qing's group took a few steps back, and a man wearing sunglasses spoke up.

"Brothers, if you have any grievances, you can settle it after leaving the Chongdao. You can't touch him here. If the tourists were to be killed here, no one would dare come here to travel. With just you few, even if you have guns, you will not be able to escape. "

The bald brute replied, "We don't want to fight here, we just want to take him away. Don't meddle in other people's business.

Huang Qing's men had been ordered to ensure Zhao Qian's safety even if it meant his death. As for what exactly Zhao Qian's background was, they did not know. With this kind of death order, the man in shades and the others naturally didn't dare to leave. But they didn't have guns, and there was nothing they could do.

At this moment, Faang Ni and co. came over with a gun. When they saw Zhao Qian being forced onto a tree by a group of people, they immediately ran over.

"Who are you people? What are you doing?"

Hearing Faang Ni's shout, everyone nearby rushed over.

Very quickly, Faang Ni's few dozen people from Production Company surrounded them.

The four assassins didn't dare to speak or move. They just stood there, stunned.

Zhao Qian did not dare to go down and sat on the branch to think of a solution.

Faang Ni looked up and asked, "Zhao Qian, what's going on? Did you cause trouble again?"

Zhao Qian didn't want his colleagues to be implicated, so he quickly replied, "It has nothing to do with you, all of you scram! "Don't hinder this daddy from doing anything!"

Zhang Yang was furious and shouted, "What are you crazy about now? Do you think we want to care about you! If you get beaten to death, our company will have to take responsibility for it! "Hurry up and come down to apologize. Just don't cause any more trouble, okay?"

Faang Ni quickly asked the four hulks, "Ladies and gentlemen, I am really sorry. On behalf of her, I apologize if Zhao Qian has done anything to offend you. I'm his wife, so you can also ask me for help if you have any requests. "

The other three hulks asked the bald brute what to do now. Should he leave immediately or continue with the mission?

The bald brute hesitated for a moment before gritting his teeth and taking out his gun. The gun was equipped with a silencer. It really was the equipment of a professional killer.

"That person's money and people's calamity. Our target is Zhao Qian, it has nothing to do with you guys, all of you kneel down and don't move, if not I'll blow his head off! "

After saying that, the bald man shot at the nearby wall, piercing through it with one shot.

Faang Ni and the rest were so scared that they immediately squatted down. This gun was a real thing, not the toy gun in their hands.

Zhang Yang cursed, "F * ck, telling him to stir up trouble everyday, he's going to get into trouble this time!" I want to see if he can still use money to settle this! "

Wang Qiang replied in a feigned panic, "Let's ..." Why don't we call the police? "

Wang Qiang purposefully said it loudly so that the bald man and the others could hear.

The bald man immediately pointed his gun at Wang Qiang's head and threatened: "You try calling the police!"

Wang Qiang was scared out of his wits and quickly begged for mercy: "No, no, no, I was just joking, I was joking. Brother, don't kill me. I have enmity with this guy, and I'm with you. "

"Humph!" "Then shut up!"

"Understood!" "Understood ..."

The bald man raised his gun and pointed it at Zhao Qian, signaling him to hurry up and get down.

Zhao Qian had no choice but to go down.

The bald man embraced Zhao Qian and circled behind Zhao Qian with his gun. He used his clothes to cover Zhao Qian's back.

"Come with me obediently. I guarantee that nothing will happen to you for the time being." If you do not cooperate, I can only kill you right now! "

Zhao Qian warned himself to be calm. After taking a few breaths, he slowly replied, "Brother, don't be rash. You did such a dangerous thing for money. Why don't we make a deal? I'll give you 100 million, and you kill the person who hired you to capture me. "How about it?"

C106 Money Can Make a Fool of Itself

The bald man was stunned when he heard that Zhao Qian was going to give him a hundred million. He whispered, "You have 100 million?"

Zhao Qian's heart relaxed a bit. As long as this baldy can be bribed by the money, everything will be fine.

"Let's go to the side to talk. There are too many people here, so it's inconvenient to talk."

The bald man nodded and warned Zhao Qian not to play any tricks, otherwise, he would immediately open fire.

Zhao Qian chuckled and replied, "Don't worry, I haven't lived enough. As long as it's something that can be solved with money, it's not a problem for me."

The bald man was dubious, so he took Zhao Qian to the side to talk.

Zhao Qian went straight to the point, "Yang Ming invited you to come, right? You don't have to deny that I already have a grudge against him. Others wouldn't hate me to the point of inviting professional assassins to deal with me. I don't know how much he's giving you, but he's not a hundred million, is he? I'll give you 100 million and cancel my order. Go back and waste Yang Ming. "How about it?"

The bald man asked curiously, "You have 100 million?"

"Hehe ..." "It's only 100 million, I can still take it out."

Zhao Qian took out his phone and took out the bank message.

"Look, this is the message the bank sent me. It can't be faked." You can count

the number of digits in my balance. "

The bald man quickly counted. It was actually more than three hundred million. He was immediately tempted. With a hundred million in his hands, they would be able to wash their hands of gold and change their faces to live the lives of ordinary people.

Zhao Qian continued to hoodwink him, "The money you earn in this business must not be spent in public. I can give you this 100 million after you wash up. You can use it to buy a house, a car, whatever you want. Even if the government suspects you, you have the information to prove that these are your legitimate gains. "It's not every day, don't miss it."

The bald man was thoroughly tempted. However, he was no fool. He would not agree so easily.

"Then how can you guarantee that you will keep your promise? What if you just lie to us and let you go, then you call the police and arrest us? "

"Haha ..." Big brothers should be on the wanted list of the police, right? You can still go out on a mission. What did this mean? That means you have enough power to handle the police. Am I that stupid? If I lie to you, you can come and kill me later. If you had 300 million, and were willing to spend 100 million to save your lives, would you be willing? "

The bald man felt that this made sense. He had spent 100 million to save his life, but there was still 200 million left to spend. If he didn't spend this 100 million, he wouldn't be able to afford it.

"Then how are you going to wash this 100 million clean?"

"You find a few friends who are clean and reliable and use their stock accounts to buy shares. Prepare a capital of ten million and I'll make you a hundred million within a month. Or I can give you an antique, and you can

send someone to auction it, and I'll spend a hundred million. "In short, I want to give you 100 million dollars, but there are too many ways to go about it. You don't have to worry about that at all.

The bald man was completely tricked by Zhao Qian and immediately nodded in agreement. The two of them walked back while talking and laughing. The bald man waved at his three companions and immediately ran away.

Once the four killers left, Zhao Qian immediately burst out laughing.

"How is it? What were the acting skills of those four people just now? Did I fool you all? "Haha ..."

Everyone became furious when they heard that. They immediately asked Zhao Qian what he meant by that. Everything that happened just now was all an act?

Zhao Qian deliberately put on a proud expression and replied: "Of course, or else do you really think there's a killer! "Haha ..."

Angry, Zhang Yang stepped forward and pushed Zhao Qian away, cursing: "Is there something wrong with your fucking head to do something so childish! "Do you think it's fun?"

Zhang Yuan also scolded, "It's fine if you mess around normally, but you make such a joke at a time like this. You are going too far. "You were so worried about your safety, are you beholden to your feelings?

The other colleagues also scolded Zhao Qian. Even if he was joking, there had to be a limit. He really overdid it this time.

Only Wang Qiang did not say a word. He knew that this was not Zhao Qian's prank, but the truth. However, he could not understand why those people had left again. Also, what did that baldy talk about with Zhao Qian? Why was he so

polite compared to money?

Zhao Qian did not want to explain too much, lest he was found out. He raised his gun and shot fiercely at Zhang Yuan and shouted, "If you can't even make fun of me, then what the hell are you doing!?" "Watch me turn you into a sieve!"

Zhang Yuan immediately raised his gun to counter and the two of them started to fight. When the others saw that they were starting to fight, they quickly joined in. The unhappiness just now seemed to have been forgotten by everyone.

Yang Ming waited on the yacht for news, and soon the four killers were back. Seeing them return empty-handed, Yang Ming became furious and asked: "What the hell are you guys doing? Why did he return empty-handed? And Zhao Qian?"

The bald man immediately replied, "I'm really sorry. There are too many of them, so we don't have the chance to make a move. Let's leave the Chongdao for a while, then find a chance to fight after it gets dark."

Yang Ming felt that this was the only way out for now.

The more Wang Qiang thought about it, the more he felt that something was not right. He secretly sent a message to Yang Ming.

"Are those people you sent reliable? The baldy was talking and laughing with Zhao Qian, did he betray him?"

The moment Yang Ming saw this message, he immediately sat up in fright. If these assassins were bought by Zhao Qian, they would be courting death if they went out to sea now.

But they all had guns in their hands, and if they turned around at this time, it

would definitely arouse their suspicions.

Just as Yang Ming was at a loss about what to do, the sound of sirens came from not far away. The police cruiser responsible for patrolling around Chongdao drove over.

Yang Ming was overjoyed, thinking that he was finally saved. He ran to the deck and shouted, "The marine police are here! You didn't bring any contraband, did you? "If you do, then throw it into the sea quickly. Don't harm me!"

Yang Ming's friends quickly threw the ecstasy that they brought into the sea. The killers ran to the kitchen, changed their clothes, hid their guns, and pretended to cook.

Soon, the police cruiser approached and the yacht heard it.

"We are the Chongdao Ocean Police, and need to board the ship to check, I hope you can cooperate actively."

Yang Ming jumped over without saying anything.

"Comrade Police, save us! We have assassins on board the ship, and they have guns!"

Yang Ming's actions stunned all of the friends on the ship. After slowing down for a few seconds, they also jumped onto the ship.

The police were on alert, pushing Yang Ming and the others into the cabin and calling for reinforcements.

When the four assassins heard the commotion outside, they knew they had been exposed. They quickly took off their clothes and prepared to fight. They could not surrender. Once they were captured and killed so many people, they

would die without a doubt.

Yang Ming said anxiously to the police, "Um ..." They all had guns in their hands, and now they were pretending to be cooks. You must be careful not to get hit by them. "

Just as the police were about to ask, Yang Ming's yacht suddenly started moving quickly towards the sea.

Sea police vessels quickly launched the chase and kept in constant contact with the reinforcements.

There was a fierce chase going on at sea, and Zhao Qian and the others on the island were having a good time. It has to be said that such teamwork does help to promote feelings among colleagues. At least when they were playing crazily, Zhao Qian, Zhang Yuan, and the others never thought about the grudge between them.

At this moment, Huang Qing personally brought the island's guards over. If anything happened to Zhao Qian, he would be finished.

Seeing this, Zhao Qian was slightly displeased. Everyone was still enjoying themselves when they were forcibly interrupted. Everyone felt very unhappy.

Huang Qing didn't dare to expose Zhao Qian's identity, and quickly explained with a smile, "Everyone, I'm sorry, but a dangerous person has appeared on the island. We must stop all outdoor activities. Let's hurry back to the hotel or ride out of Chongdao. "

C107 Danger Is also an Opportunity

When they heard Huang Qing say that there was a dangerous person on the island, everyone quickly asked what kind of dangerous person it was.

Huang Qing didn't want to explain anything to them, he just wanted to scare them off, so he replied: "I'm not too sure about the specifics, but the police have informed us to return the tourists to the hotel or leave Chongdao. Something dangerous must have happened, like a fugitive, a criminal group, and so on. In short, everyone should hurry back to the hotel and not come out easily. It would be wisest to leave the Chongdao as soon as possible. "

There was no doubt about it now. They quickly returned the equipment to the hotel.

At the thought of the dangerous figures on the island, everyone was in no mood to stay. They all begged Faang Ni to find a way to send them back to the East Sea as soon as possible.

But now that the ferry was canceled, no one could leave the Chongdao, and Faang Ni couldn't do anything about it.

At this moment, Zhang Yuan was done for once again.

"Director Faang, Zhao Qian might have a way. Didn't he just say a few words to the person in charge of the ferry? Let's let him think of something. Maybe he can solve the problem? "

Everyone felt that Zhao Qian was right. With him here, there were two of them. At least, as long as he was willing to help, all the troubles in the past few days would definitely be solved.

"Director Faang, I think what Zhang Yuan said is reasonable, maybe Zhao

Qian has a way. Why don't you go and talk to him and have him think of something? "

"Yes!" It would be better for him to give it a try than to let everyone here get anxious from work! "

"Director Faang, go talk to him."

"That's right, let's have a chat with him ..."

Faang Ni nodded and told everyone to wait in her room. She would go and find Zhao Qian now. She walked in front of Zhao Qian's door and knocked a few times. Then, she heard Wang Jing's voice.

"Zhao Qian isn't back yet. Call him if you have anything to say."

Upon hearing Wang Jing's voice, Faang Ni quickly replied, "Alright, sorry to interrupt. Oh yeah, did Zhao Qian tell you that a dangerous person appeared on the island and everyone is trying to think of a way to leave? You'd better think of a way to leave as soon as possible. "

"Oh, it's fine. I came here on a yacht. I can leave just like that."

Faang Ni's eyes lit up. If she could take Wang Jing's yacht and leave, wouldn't that solve the problem?

"About that, Miss Wang, right? I have a presumptuous request, can you take us away on Zhao Qian's account. "There are a total of sixty-eight of us. I wonder if we can take it."

"Oh, in terms of safety, my yacht can hold up to sixty people at a time. If you girls are more numerous, sixty-eight won't be a problem. However, you have to make Zhao Qian beg me.

Faang Ni was stunned for a moment before she burst out laughing. She understood that the couple was having fun.

"I understand. I'll call him right now and have him talk to you. "Then rest, I won't disturb you any longer."

Faang Ni quickly called Zhao Qian, but the customer service told her that her phone was turned off. At this moment, Zhao Qian was instructing Huang Qing and the others.

Huang Qing was extremely nervous. With such a sudden incident on the island, he didn't know how to deal with this mess.

"Young Master, you must save me. If Chongdao is messed up, then I can't keep my job! "

Zhao Qian looked calm and composed, it was impossible to tell that he was nervous or scared. It wasn't that he didn't care about his family's business, but he felt that there was no need to be nervous at all.

"Manager Huang, do you know the word 'crisis'?"

"Understood ..." "I know ..."

"There are two meanings to this word," he said. Danger was danger, but opportunity was opportunity. You can only see the danger, but not the opportunity. "

"I'm stupid, Young Master said to be simpler, you have to save me."

Zhao Qian gave Huang Qing some pointers. If everyone knew that there were dangerous people on the island, it would definitely affect the number of tourists. However, Huang Qing could put the police operation back in place with the reorganized market, and tell everyone that the Chongdao

Management Unit was conducting a thorough check of the evil forces on the island, as well as providing a clean and comfortable tourist shopping environment.

These evil forces had occupied the Chongdao for a long time, so the authorities did not know how big of a force they actually were. For the sake of safety, he reminded all the tourists on the island to stay in the hotel or to return directly to the East China Sea.

In short, they had to turn passivity into initiative, so that everyone felt that the Chongdao Management Group had the ability to control the situation and eliminate all the evil forces. After the consolidation, a tourist shopping festival, some preferential treatment, and so on, will naturally attract more visitors.

Huang Qing nodded and felt that it made some sense. He always saw difficulties and dangers, but he never saw opportunities.

"Thank you, Young Master, for your guidance. We will report the situation to the company later to formulate a concrete plan."

"Yes." "Ask the police how is Yang Ming doing?"

"Oh, I sent someone over. There should be a reply soon."

Just as Huang Qing finished, his phone rang. The man he had sent to get information had reported the situation to him.

After hanging up, Huang Qing quickly reported the situation to Zhao Qian.

"Young Master, the subordinate reported that Yang Ming and his friend were brought back by the police, and now the police station is being interrogated. The killers drove Yang Ming's yacht out to sea, and the sea police are chasing after them. "

"Hehe ..." Yang Ming's luck was really good, he actually ran into a marine police patrol. Huang Qing, do you have any way to save one of the four assassins? All he had to do was save one and kill the remaining three, or let the police take them away. But to save him or to save him, we must not leave any traces behind to create trouble for ourselves. "

Huang Qing fell into deep thought. The sea police were chasing them, it was impossible to save them from under their noses.

Zhao Qian also felt that it was difficult, so he didn't force Huang Qing to do it. The reason why he wanted to save an assassin was because he wanted this killer to deal with Yang Ming. This grandson, Yang Ming, actually asked a professional assassin to deal with him. This debt must be clearly accounted for.

"Alright, I'll head back to the hotel first. If you need anything, just let me know." "I think highly of you because you are too nervous about the situation and you can change your mind without any limits in the future."

Huang Qing was so excited that he became speechless like a child receiving a prize.

"M ..." Young Master... I... "I ..."

"Haha ..." You do your job and I'll go. Remember my words, in a crisis, there is always a chance when there is danger. If you look at things from a different perspective, there might be a different outcome. "

"Thank you, Young Master, for your guidance. I will definitely work hard and do my best for the company."

"Yes." Don't give it to me. "I'm leaving."

"Respectfully sending off Young Master."

Zhao Qian left Huang Qing's office, turned on his phone and saw Faang Ni's call reminder. He went back to Faang Ni and asked her what was the matter.

"Zhao Qian, where are you?" "Are you back?"

"Yeah, heading back to the hotel. What's the matter? "

"Everyone wants to go home, but the ferry is down and there's no way to go back. Your girlfriend told me she had a yacht to go back to. I wanted to ask her to take us back with her, but she asked you to ask her yourself. So, can you plead with her for everyone's sake and bring everyone back to the East Sea? "

"Oh, that. I'll go back and talk to her now. You tell everyone not to be afraid, I just asked the people from the Chongdao Management Office, and they said that it's just cleaning up the bad merchants on the island, there's no big problem. They were worried that these merchants had occupied the Chongdao for too long, and that they would have some small powers. Only then did he think of letting all the tourists hide in hotels or leave. Once they completely exterminate the evil forces, the Chongdao would be at peace. "

Faang Ni felt a lot more at ease. So that was the case.

"Alright, I'll go talk to everyone. Come back and talk to your girlfriend first. If everyone is going to leave, I hope your girlfriend can bring us along. "

"Yes." "Got it."

Zhao Qian hung up the phone and hurried back to the hotel.

C108 Prerequisites

Soon, Zhao Qian returned to his hotel room. When Wang Jing saw that he had returned, she assumed the posture of a queen, waiting for him to come and beg her.

Zhao Qian walked to her side with a naughty smile and sat down.

Wang Jing frowned and asked, "What are you doing?"

"Nothing, I'm tired. I want to sleep."

"Didn't your boss tell you he had something to do?"

"No. "What is it?"

Wang Jing's expression changed as she kicked Zhao Qian down.

"Then you can go and ask what's the matter. You're not allowed to go to my bed!"

Zhao Qian was pissed off. He replied, "Sis, do you understand the situation? This is my room, my bed. How did it become your bed?"

Wang Jing smiled evilly and replied, "Ai, little brother is good."

"Go!" You are the younger brother. This bed is mine, get down quickly! "

"Yo!" When you need me, I'm your girlfriend, hugging and hugging. You don't need me anymore. You won't even let me into the bed, will you? Hehe ...

"Scum!"

Zhao Qian rolled his eyes, but he still had to say what he had to say.

"I heard that the island is not safe and that my colleagues all want to go back. You just happened to be here on a yacht. If it's convenient, you can bring us along."

Wang Jing replied with an aloof expression, "What? Such a big guy like you doesn't even know how to beg?"

"Then what do you want me to ask for? Kneel on both knees? Can you bear it?"

"I don't want you to kneel down, but you have to show your sincerity."

"Whatever you want, just say it."

"I want to participate in the post-production and distribution of Treading on the Sky, and I also want a 40% stake in your company."

Zhao Qian laughed out loud. This wasn't a condition, it was a robbery. It wouldn't take much for him to call for a yacht. Why pay such a heavy price?

"You're thinking too much. I'd rather stay on the island than agree to your conditions."

Wang Jing got off the bed angrily and kicked Zhao Qian again. She chided him, "Do you have a bit of a gentleman? With a woman, especially with a woman who had a relationship with you. You actually calculated it so clearly."

"If you say it like that, then if I get along like Yang Ming and sleep together with her, I would give her half of the family property. Wouldn't I become a pauper long ago?"

"I don't care what happens to him. Anyway, you want me to pretend to be your girlfriend, and I'm going to do my duty, and you're going to do yours."

Are you still a man? "

Zhao Qian chuckled and suddenly stood up. He pretended to take off his pants and smiled evilly as he replied: "Are you a man or not? I'll let you check if I'm naked now. "

Wang Jing quickly covered her eyes and shouted, "You bastard, you scoundrel, don't act recklessly! I'm going to call the police! "

Zhao Qian walked to Wang Jing's side and pulled her into his arms. He smiled and said, "Call the police? Do you think the police would be so bored as to mind the little lovers' fun? "

"You ... Who wants to make fun of you, go away! "

Wang Jing pushed Zhao Qian away and ran to the other side of the bed to hide.

Zhao Qian laughed out loud. He laid on the bed and said to Wang Jing, "It's not impossible that you want those things, but I can't give them to you for nothing. You must pay some price."

Wang Jing quickly turned serious and asked Zhao Qian what he wanted.

"I'll give you two choices. One, give me a son, and you must have a son. If you want to have a daughter, then you must continue to have a son until the day you give birth to one. Second, exchange with me for your Huaying Group's 30% share. "

Wang Jing exploded when she heard this. This wasn't a condition at all, this was clearly making things difficult for her.

"Can you put forward some practical conditions? Do you think that I can agree to your two conditions? "

"You already asked me for so many things, and you still don't want to pay up? Is there such a good thing in the world? Introduce it to me, and I want such a beautiful thing. "

"Aren't I your girlfriend now? Shouldn't you give me a present? For a common person to send flowers or a car, you are just a big boss. If you don't give us a share, do you have the nerve to take it out? "

At this time, there was a knock on the door.

Zhao Qian quickly stood up and whispered to Wang Jing, "The lowest 20% share price can't be any smaller. Or you can choose the first condition and give me a son. "

After saying that, Zhao Qian quickly ran over to open the door. It was Faang Ni and her colleagues who were outside the door. They immediately asked Zhao Qian if he had talked with his girlfriend about sending them back to the East China Sea.

Zhao Qian quickly advised: "Actually it's not a big deal, I've already asked the personnel of the Chongdao management organization, just to get rid of the bad Shang family on the island. There's no need for us to be so nervous. We can continue playing for two more days. "

"With so many things happening, we really don't have the mood to continue playing."

"Yes!" I feel so tired. I just want to go home and get some sleep and then go back to work. "

"If we continue to stay, no one will be happy and there will be no need. "Zhao Qian, just tell your girlfriend about it and let her take us back."

Seeing everyone's sincere gazes, Zhao Qian was too embarrassed to refuse.

However, Wang Jing's conditions were a bit exaggerated, and he was unable to agree to it.

At this moment, Wang Jing walked out. She smiled and said to everyone, "Actually, I also want to take you guys back, but Zhao Qian doesn't know how to be a human and isn't willing to give me any benefits. Tell me, does your boyfriend have to buy some flowers, clothes, cosmetics or something to please you guys? "

The girls immediately responded to Wang Jing's words, one after the other saying that it was true.

Wang Jing's "treachery" was successful and she continued, "That's right, this is what a boyfriend should do. That's what they should do. However, Zhao Qian is unwilling to make me happy. If it was you guys, would you help him? "

The female colleagues immediately started to blame Zhao Qian.

"Zhao Qian, this is your fault. It's a boyfriend's job to coax his girlfriend to be happy, why else would he want a boyfriend like you? Waiting for you to take advantage of us? "

"That's right, it's not easy to come out here, you have to buy them a present no matter what. How about this, we gather the money to buy you a present, that should be fine, right? "

The male colleagues also kept talking non-stop.

"Zhao Qian, why are the masters so stingy? You're usually so generous, why are you being so stingy towards your girlfriend? "

"I bought a lot of presents for my wife this time. Women have to be coaxed, understand?"

Zhao Qian was at a loss for words from his colleagues. Wang Jing, who was standing beside him, covered her mouth and laughed when she saw his speechless expression.

Just as Zhao Qian was hesitating, Zhang Yang spoke up.

"Zhao Qian, do you not want us to go back?" You want us to be in danger on the island? Your girlfriend's request is so simple. She just wants a present, yet you are trying to shirk it, clearly not wanting to bring us back. You think we're cumbersome? You want to leave us and go back with your girlfriend? "

Wang Qiang quickly followed, "Mr Zhang is right, I think that's definitely the case. "Why don't you tell me how can such a simple request be so easily written with his personality and financial means?"

Zhang Yuan also followed up, "Zhao Qian, you've changed a bit just now, I didn't expect you to be such a person. It doesn't matter how much trouble we cause, but now it concerns everyone's safety. How can you not know the seriousness of the situation? Does it have to be something that has to happen here before you are willing to bring everyone back? "

After being provoked by these three sand sculptures, everyone felt that it was possible.

"Zhao Qian, it can't be that you don't want to bring us back, right?"

"We trust you so much, you can't leave us behind!"

"Exactly! I treat you as an amazing person like Young Master Zhao, you can't leave us behind at such a crucial moment like this. "

Zhao Qian was really helpless. He couldn't tell everyone Wang Jing's condition. However, he definitely wouldn't give her so many benefits so easily.

"How about this, I'll talk it over with Jing for a bit longer and give everyone an answer in five minutes."

With that, Zhao Qian closed the door, pulled Wang Jing to the bed and threw her onto it.

C109 Message

Facing Zhao Qian's sudden "enthusiasm", Wang Jing was scared silly and didn't know what to do for a moment.

After a few seconds, Wang Jing angrily said with a red face, "You ..." What are you doing? Get lost! "Are you really forcing me to call the police?"

Zhao Qian pinched Wang Jing's chin and smiled, "The whole world knows that you are my girlfriend, do you think the police will care? Even if I switch to a hundred different positions and get you to sleep, I won't meddle in other people's business. "

"You are shameless and vulgar! Hurry up and leave! Otherwise, I would really be angry! "

"You can also get up! "You have to agree to my conditions, otherwise I'll exercise my right to be your boyfriend and deal with you first."

"Scram!"

Wang Jing tried hard to push Zhao Qian away, but failed. After a few struggles, she stopped moving weakly.

Zhao Qian reached out to unbuckle her collar, scaring her so much that she quickly grabbed Zhao Qian's hand with both of her hands.

"What are you doing?" There are so many people outside, are you crazy!?"

"What are you afraid of? Can't you just whisper a little?" Come on, it's not the first time, don't be shy. "

With that, Zhao Qian took away Wang Jing's forehead and forcefully undid her

first button.

"Alright, alright, I'm afraid of you. I can give you a stake, but not as much as 30%, and you'll have to give me real money. We will slowly discuss how much the funds correspond to the shares. "

"Then do you want to send my colleagues back to the East Sea?"

"I'll definitely send you off."

Zhao Qian smiled as he buttoned up Wang Jing again. Then he opened up Wang Jing's shirt and pulled her up.

"Then pack up your things and go. My colleagues are panicking. If they stay here for one more minute, they will suffer for one more minute. "

"I don't have anything to pack. Let's go."

Zhao Qian nodded and went to pack his stuff. Wang Jing got up and tidied up her clothes before going to open the door.

Faang Ni and everyone else were still waiting outside the door. When Wang Jing opened it, everyone smiled and nodded at her.

Wang Jing put on a cold front and said, "All of you should hurry and pack up. We'll gather at the ferry in half an hour!"

Everyone rushed back to their rooms, packed their stuff, and checked out. A group of people majestically rushed to the ferry. Wang Jing and Zhao Qian were already waiting for everyone on the yacht.

Everyone boarded the yacht and relaxed.

"I had originally wanted to come over to have a good time, but I didn't expect

so many things to happen. We'll come back after things have been tidied up here. "

"It's all thanks to Zhao Qian for finding such a rich girlfriend, otherwise, it would be hard even for us to go back!"

"Speaking of which, Zhao Qian is really amazing, he actually found a rich beauty, even having a yacht! "Aiya, this is really infuriating, why can't I find such a rich girlfriend!"

"Let's talk about it when you're lucky enough to win first place in the lottery, then you can invest and earn another ten million."

"Haha ..."

Listening to her colleagues discuss this, Jiang Xiaoqing felt upset. Now she really regretted breaking up with Zhao Qian. Otherwise, she could already buy a house in Donghai City and have a baby after marrying Zhao Qian. She wouldn't be like that due to Yang Ming, where she would be a shadow for the rest of her life.

Very quickly, the boat docked at Donghai City. Everyone quickly got off and got on the bus that had been waiting for them for a long time.

Zhao Qian instructed Wang Jing a few times before following everyone else back to the company.

Zhang Yang felt that this group building activity was not ideal and that everyone would definitely not be satisfied. In order to make up for it, he decided to have dinner together in the evening.

Of course, everyone was willing to pay for the company's dinner. After a short break, everyone rushed to the restaurant.

After all, they were over 60 people, the company definitely wouldn't go to a high-end restaurant like Donghai Hotel or Di Hao with money.

After careful screening, Zhang Yang chose an entertainment center. Can bathe massage, also can eat buffet, can sing, surf the Internet, watch movies, play ball and so on. If it's just eating and bathing, each person only costs 98 yuan, which is very worth it.

Since Zhang Yang had good face, he naturally wouldn't allow everyone to consume the basic meals. He gave everyone a limit of three hundred yuan. In addition to bathing and buffet, he could at least add a massage program.

Zhao Qian didn't take a bath. He only stayed in the sauna for a while, then took a cold shower and went upstairs to eat a buffet. When he was done eating, the others came up to him.

Zhang Yang asked, "Zhao Qian, you're so fast! Have you finished eating?"

Zhao Qian nodded and replied, "I finished eating. "I'm going to massage it, you guys eat."

After saying that, Zhao Qian waved to everyone and went upstairs to get a room. He then ordered a massage lady.

The masseuse was very young, probably under twenty years old. Most girls in this sort of place usually had a tinge of vulgarity about them. However, this girl was different. Her eyes were innocent, like a student in university. She didn't seem like a massage lady.

Zhao Qian couldn't help but ask, "How old are you?"

The masseuse looked at Zhao Qian with a deadpan expression and replied softly, "Nineteen."

"Oh, there's trouble at home?"

"Dad is paralyzed on the bed, mom has tuberculosis, grandpa and grandma are in bad health, little brother has to go to school."

In other words, the burden of this family fell entirely on this nineteen year old girl. Zhao Qian was moved and said, "You are so young, are you good at it?"

"Boss, don't worry. My skills are pretty good. I'll definitely satisfy you."

"Oh, that's good. I can tip you if you please. Your boss will not get any part of the payment for your phone. "

The girl's eyes lit up. It was obvious that she really lacked money. She quickly thanked him, "Thank you, boss. I will do it properly."

Zhao Qian nodded and lay down.

Zhao Qian started chatting with the girl since it was boring to massage.

"What's your name? "Where?"

"My name is Cheng Guiling, a righteous man."

"Do you feel bad about not having a chance to go to school?"

Cheng Guiling paused for a moment before smiling bitterly. "So what?" This world was just too unfair. Rich people like Zhu Men stank of alcohol and meat. If they died of poverty, they should be frozen to death. Still, I'm grateful to the heavens. At least my family is here. As long as I am alive, this family will not collapse. Those rich people might not even have their families left anymore, and they might not even be as happy as me. "

Zhao Qian laughed out loud and complimented, "Under these circumstances,

it's really rare for you to have such optimistic values in your life. Work hard and you'll get better one day. How did your brother do in school? "

Cheng Guiling immediately laughed happily and replied proudly, "My brother is very smart. His grades are really good and he has never dropped out of the top three. I hope that he will be able to get into Yanjing University. No matter how tired I am, it will still be worth it. "

While the two of them were chatting, the room door was suddenly kicked open. A potbellied middle-aged man walked in arrogantly with four followers.

"Little Ling, I've come to see you again. "Come, let's go to my room. "

"Boss Huang, I'm really sorry. I'm still a guest. "Why don't you wait for me for a while, I'll come over when I'm done. "

"I, Huang Dongtian, have never waited for anyone. Kid, go change. "

Zhao Qian replied coldly, "Get out!"

The followers behind Huang Dongtian immediately rushed over.

"F * ck, you want face but not face? You dare to speak to Boss Huang like that! "

"I advise you to get the hell out of here, don't force my hands!"

"Hurry up and get lost!" The person that Boss Huang has set his eyes on is also someone that a diaosi like you can order? "

"If you don't leave now, we brothers will not be courteous to you!"

Cheng Guiling quickly pleaded with Huang Dongtian, "Boss Huang, don't make things difficult for me anymore. He is my guest. If something bad

happens to him, who would dare to order me around in the future? I still have to rely on this job to support my family. "

Huang Dongtian's eyes lit up, he smiled evilly and replied: "Aiya, I've already told you so many times, as long as you nod and follow me, you don't have to do anything, I'll give you a suite and give you 100,000 yuan per month for pocket money. Why do you have to work so hard to massage these diaosi here? "

It seemed that this guy wanted to support Cheng Guiling, but unfortunately, she didn't want to.

"Don't joke with me, Boss Huang. I am just a country bumpkin, how could I be worthy of Boss Huang?" I don't ask for a hundred thousand a month, as long as I can do my job. It doesn't matter if I earn more or less, as long as I work hard enough. "

Huang Dongtian sneered. His face was filled with displeasure as he said, "Then I won't waste my time talking to you. Just give me a word, let's go, or don't you want to go?"

C110 Deal with Him Within Ten Days

Cheng Guiling was only a little girl after all, so she naturally didn't dare to go head to head with Huang Dongtian, a nouveau riche. She quickly apologized and asked for another ten minutes. In ten minutes she would be there.

However, Huang Dongtian didn't want to wait a moment, so he asked her to follow him immediately. He also warned Zhao Qian to be tactful and avoid physical pain.

No matter how much Zhao Qian could endure, he could not hold it in any longer. He got down from the bed and walked towards Huang Dongtian. Cheng Guiling was frightened out of her wits and rushed forward to stop him.

"Boss, don't be rash. He's a regular customer here and knows our boss very well. He's also very rich, so it's best not to offend him."

Huang Dongtian and his four followers immediately laughed out happily. They let Zhao Qian listen to their advice, so as not to embarrass himself in front of the beautiful women.

Zhao Qian sneered and said, "You know the boss very well? I don't believe it. Call your boss over, I want to ask if he's familiar with these people. "

Huang Dongtian's face became gloomy, and asked fiercely: "Brat, you are really determined to go against me, aren't you? Do you know the Night Sea Bar? That's my business. Do you know who it was that showed me the place? Liu Bao! "You are f * cking opposing your father. Do you think that your father is not strong enough, or that your father isn't ruthless enough?"

It was one thing to not mention Liu Bao, but when Zhao Qian mentioned him, it was even more impossible for him to let this bullsh * t Huang Dongtian go.

"Liu Bao? Hehe ... Right now, he was in deep trouble. He wasn't sure if he could survive this ordeal. You used him to scare laozi, is there shit in your head? "

Huang Dongtian's face tightened as he quickly asked, "You know Liu Bao?"

"Hehe ..." Not only did I know this, I even had a few interactions with a subordinate of his named Liu Xi. It's not that I'm looking down on you and Liu Bao, it's just that I'm standing here and won't move.

Huang Dongtian was a little scared and did not dare to continue Zhao Qian's words. The lackeys behind him immediately advised him not to be afraid. Seeing Zhao Qian, he didn't seem like a big shot, but more like a fox trying to show off and act like a pig to eat the tiger.

Huang Dongtian felt that this made sense, since this guy didn't seem like a big shot. Don't worry about that for now. Let's fight first.

"Brat, you think that just because you said those words, I will be tricked by you? It's your bad luck today. No matter what your background is, I'll beat you up first. "Go!"

With Huang Dongtian's order, the four lackeys behind him immediately started to move towards Zhao Qian.

Cheng Guiling hurried forward to stop him, begging, "Boss Huang, I beg of you, don't make things difficult for this Boss. I'll come with you right now, okay? "

Huang Dongtian immediately revealed an evil smile.

"Hehehehehe ..." It's a little late to agree to my conditions now. As for him, I still want to teach him a lesson! "

After Huang Dongtian said this, he reached out his hand to hug Cheng Guiling. At that moment, Zhao Qian stepped forward and pulled Cheng Guiling into his arms.

"She is still serving me. Before the time is up, no one can take her away."

Huang Dongtian was enraged and shouted: "You really want to die, don't you! Charge! Kill him!"

Cheng Guiling quickly pushed Zhao Qian away and comforted him, "Boss, don't go against Boss Huang. Let's go." You can't beat all of them by yourself, so don't be stupid! "

Zhao Qian chuckled and replied, "I already said, you're still serving me, no one can take you away."

"F * ck, f * ck him to death!"

Huang Dongtian shouted in exasperation, kicking the massage oil on the side away at the same time.

"Who is causing trouble here!"

At this moment, a dignified sounding voice was heard.

Huang Dongtian immediately laughed out loud and said, "Boss is here, kid, you're dead!"

After saying that, Huang Dongtian quickly went out to greet the man who spoke.

"Boss Yuan, you finally came."

"Haha ..." Boss Huang, so it's you. What's wrong? Which girl pissed you off?

I'm going to teach her how to do things. "

Huang Dongtian immediately shook his head and replied, "It's not that the girl at Boss Yuan's place offended me, it's just a reckless little tramp."

"Oh? "Someone actually dares to provoke Boss Huang, I'd like to get to know him."

Yuan Donghai immediately entered the room and Huang Dongtian quickly followed him in happily.

Pointing at Zhao Qian, Huang Dongtian said to Yuan Donghai, "Boss Yuan, it's this young man who doesn't know how to appreciate a favor and is opposing me. He even threatened me." He even said that he didn't put Liu Bao in his eyes. If he stood here while Liu Bao and I dared to touch him, he would teach us a lesson. I can't help but want to laugh. How stupid must you be to say something like that? "

Yuan Donghai laughed towards the sky, and so did Huang Dongtian.

However, Yuan Donghai's face suddenly changed. He said to Huang Dongtian, "I think he's right. If he stands here, you and Liu Bao can try touching him." I promise you that the next day your whole family will disappear, and that the authorities will not pursue it. Do you believe me? "

Huang Dongtian was stupefied. He asked guiltily, "No, Boss Yuan, what do you mean by that?" You don't mean to say that you don't want to help him? "

"Hehe ..." No point. I've said everything I wanted to say, so you decide what to do. "

Huang Dongtian was unconvinced and puzzled, so he asked: "Then you have to at least tell me why you want to help him, right? Who the hell is he? "

Yuan Donghai's face became even darker and replied: "Do you not understand what I'm saying, or do you not put me in your eyes? I've just told you, I've said what I have to say, you decide what to do. "You're still asking me all these silly questions, what do you mean?"

After all, this was Yuan Donghai's place. Huang Dongtian didn't dare to confront him head on, so he quickly replied: "Okay, I know what to do now."

With that, Huang Dongtian called for his men and left. When he reached the door, he stopped and turned around to threaten Wu Tie, "Brat, let's wait and see. We're not done with this, I'll definitely teach you a lesson! "

Zhao Qian laughed and replied, "Sure, I'll wait for you to teach me how to be a good person."

Huang Dongtian snorted and left in anger.

Yuan Donghai immediately smiled and apologized to Zhao Qian, hoping he wouldn't mind.

Cheng Guiling was scared silly. Who was this person and why was the boss so polite to him?

Zhao Qian laughed and replied, "It's fine, you came at the right time, I have to thank you for that. Otherwise, I might really get beaten up by them. "Alright, go back to work. I need to continue massaging."

"Okay. Number 68, you have to take good care of Mr Zhao. If there's anything that I can't do well, or if I anger Mr Zhao, I will definitely not let you off! "

Cheng Guiling was so frightened that she immediately nodded and replied, "I understand, I understand ..." I will definitely serve Mr Zhao well. Please rest assured, Boss. "

Yuan Donghai nodded, waved to Zhao Qian with a smile, then quickly left with his men.

Cheng Guiling went to close the door, locked it, and walked back slowly. Her mind was filled with a question, just where did this Mr Zhao come from?

Zhao Qian noticed that she was distracted, so he said: "Do your job well, don't think about what you shouldn't, and don't ask about what you shouldn't ask."

Cheng Guiling quickly nodded her head in understanding, hurriedly packed her things and continued massaging Zhao Qian.

Zhao Qian felt that since he was now involved with Huang Dongtian, he had to take the initiative and solve this problem. He did not want to be ambushed while walking on the road. Thus, he sent a WeChat message to Yang Hu.

"Swallow it as fast as possible, or destroy the Night Sea Bar. "While we're at it, we can kill Huang Dongtian. We can let him live, but we have to make him a trash!"

Yang Hu immediately replied to Zhao Qian after receiving WeChat message.

"Understood!" Young Master, don't worry. We will definitely get rid of him within a month. "

Zhao Qian felt that a month was too long, so he directly gave Yang Hu a deadline.

"At most ten days, I don't care what method you use. The Night Sea Bar will either belong to the Night Pearl Bar, or directly close its doors. "If Huang Dongtian can still swagger out onto the streets after ten days, I'm asking you a question!"

After Yang Hu saw the message, he immediately replied without any

hesitation.

Zhao Qian put down his phone in satisfaction as he enjoyed Cheng Guiling's more meticulous service.

C111 Exchange Conditions

Half an hour later, Cheng Guiling finished all the projects for Zhao Qian and asked very carefully, "Mr Zhao, all the projects have been completed, are you satisfied?"

After the shower, Zhao Qian felt very sleepy and replied in a daze: "Not bad. You just sit there and wait. Wake me up in an hour. I can charge you according to the hour, and I won't lose a cent of your money. "

Cheng Guiling nodded, packed her things gently, and sat down on the other side of the table. Her mind was still thinking about who Zhao Qian was and why the boss was so polite to him.

An hour passed quickly. Cheng Guiling woke Zhao Qian up carefully and said gently, "Mr Zhao, one hour is up."

Zhao Qian nodded, took out his phone, opened Alipay and asked: "What's your Alipay account?"

Cheng Guiling quickly gave her cell phone number. Zhao Qian added her as a friend and transferred twenty thousand yuan to her Alipay.

"Alright, you can go and be a guest now."

After Zhao Qian said that, he quickly got up and was about to leave. Cheng Guiling looked at the notification and immediately pulled him back when she saw that he had given her 20 thousand.

"Mr Zhao, you gave too much. If the boss finds out, I'll be punished. I'll return the money. Just give me a few hundred dollars. "

Zhao Qian chuckled and comforted, "Don't worry about that. Boss Yuan won't

blame you." Besides, neither of us will say anything, and no one will know that I gave you twenty thousand tips. Well, I have to go. "If you have time in the future, come over, I'll order from you."

Cheng Guiling nodded happily and replied, "Thank you, Mr Zhao, for your kindness. I will definitely do my best to help you."

Zhao Qian nodded with a smile and immediately left the room.

It was already late, Mom was still waiting at home. Zhao Qian sent a message to everyone in the colleagues group, then took a taxi back home.

When they arrived home, Yu Guifeng scolded Zhao Qian.

"I came all the way from Yanjing to visit you. It's fine if you've been out for two days, but you're still not going home yet? You actually went to take a bath and massage yourself. What? Mom's position in your heart can't be compared to a massage girl? It's really a waste of time raising you to this age! "

Zhao Qian quickly apologized to Mom, "I'm sorry, I can't do anything special about the activities organized by the company. "Tomorrow, I'll ask for a leave of absence to go somewhere to play. You can pick whatever you want, but your son will definitely fulfill your request."

"Of course I'm going out to play, but it's too boring to go out with a man like you. No matter what, I have to find a few girls to accompany me. Women have something in common, so when I buy something someone can refer me to it. "

Zhao Qian didn't know there was a conspiracy behind Mom's words, so he immediately replied with a smile, "No problem, I'll call some of my friends to accompany you tomorrow. You'll definitely be satisfied."

Yu Guifeng nodded in satisfaction and continued, "I knew you'd be back

today, so I purposely waited for you to come back for dinner. We haven't eaten together in a long time, let's go. "

Although he wasn't hungry, Zhao Qian still brought his mother to the Donghai Hotel and had the head chef personally cook a table of food for the two of them.

Zhao Qian wasn't really hungry, so he only took a few symbolic bites. Yu Guifeng was indeed very hungry and hadn't had a proper meal at home for the past two days.

After a while, Zhao Qian's cell phone rang. It was Huang Qing. He took his cell phone out and answered it, then asked: "Manager Huang, what's the matter?"

"Young Master, it's bad. The four assassins only caught three and one ran away. In the near future, you must be very careful and take care of your own safety. "

"Yes." I know. Thank you for notifying me in time. "

"Young Master, what are you saying? This is what I should do." "Then I won't disturb Young Master anymore, please be careful."

Zhao Qian thought for a while and felt that he had to prepare some cash at home. If that hitman came knocking on his door, he could easily coax him away with money.

When Zhao Qian returned to the room, Yu Guifeng immediately asked, "Who called? Why are you answering the call behind my back?"

"It's nothing, it's just a small matter of my own company. I can take care of my own matters, I don't want you and my dad to get involved. "

"Your father and I are not interested in meddling in your affairs. However, I have discussed this with your father, and if you do well, we will not do anything about it. "If you don't do well, when your dad and I are out of health, you must go back and take over the family business."

"No matter if I do it myself or not, I will definitely take over our family's business in the end. You and my dad wouldn't want to give it away, would they? "

"That will depend on your performance. If you don't make it, your dad and I would rather give it to a professional manager than to you."

"Are you two my biological parents? Even if I am a bastard, you can't give your inheritance to someone else! "

"Cut the crap!" Your father and I have already discussed this. We don't care about whatever opinion you have! I'm done eating, so I'm going home to sleep. "

Zhao Qian nodded and quickly called the waiter over to sign the form.

Soon, they arrived home. Yu Guifeng went to take a bath and sleep, while Zhao Qian sat in his room in a daze. He wondered who he should call to ask her out to go shopping with Mom tomorrow.

After some thought, Zhao Qian finally chose Hong Xiu and Yuan Mi. They were both his employees, so they shouldn't complain if he asked them to go shopping with Mom.

Zhao Qian called Yuan Mi first and asked, "Yuan Mi, can you let things go tomorrow?"

"Sure, feel free to tell me anything."

"It's like this. My mom came over from Yanjing. If you want to go shopping tomorrow, you'll need a few girls to accompany you." I don't know any girls from the East Sea, so I'll have to trouble you. "

"No problem, I will definitely keep Auntie company."

"Sure." "Then we have a deal. I'll pick you up at eight in the morning."

After agreeing on a date, Zhao Qian immediately called Hong Xiu. When Hong Xiu heard that it was to go shopping with Zhao Qian's mother, she immediately agreed.

Zhao Qian happily knocked on his mom's room and said with a smile, "I contacted two girls and asked them to accompany you shopping tomorrow."

"Only two?" Not enough, just a few more. With a few more people to advise me, I can make the best choice. There are dozens of people under your father's command who plan things, or he wouldn't have been able to always make the right decisions. "

"Mom, you must know that my son is no longer the same I was six years ago. I don't know many girls these days. I can't find any. "

"I don't care. If you can't find me, then I'll call your dad and complain!"

"Don't, don't, don't... I'll keep looking. "

Zhao Qian quickly went back to his room and continued to call the girls he knew. There were only three girls in her social circle suitable to accompany Mom shopping: Wu Xin, Huang Yingmeng, and Wang Jing.

Zhao Qian didn't want Wu Xin and Huang Yingmeng to know his identity, so he naturally couldn't call them. Then there was only one person left to choose from, and that was Wang Jing.

Zhao Qian called Wang Jing and asked, "Are you free tomorrow? Do me a favor and go shopping with my mother. As a thank you, you can choose a gift that is less than one million yuan, I will definitely pay for it. "

"Yo!" Mr Zhao was so generous, he said a million! "But I don't want any presents. If you want my help, you can also accompany me to a ball tomorrow night."

Zhao Qian had not attended a ball of the upper class for a long time, so it would be nice if he could attend it. He then replied, "Alright! It was a deal. But I'll go to the ball with you. When they ask me what is my relationship with you, how will you answer? "

"This... Just say he was an ordinary friend. "My dad will be there when the time comes. You can't just say that he's my boyfriend."

"Damn!" "Then I have no interest in going."

"If you don't go, then I won't go shopping with your mother tomorrow."

Zhao Qian didn't think it was a big deal if there was one more person and there was one less person. If she didn't go, then she wouldn't go. So he wanted to hang up and not beg her. However, at this moment, Yu Guifeng suddenly barged in.

"Son, who are you calling? I don't care who she is, I will definitely ask her to accompany me on my shopping spree tomorrow! Otherwise, we will break off all relations between mother and son! "

C112 Bargaining

Zhao Qian wondered why Mom was so determined to see her when she didn't even know who was talking to him on the phone.

"Mom, you asked me to find so many people to accompany you shopping. Is there some special purpose? You don't even know who I'm talking to, so it doesn't make sense to be so determined to get her over here! "

Yu Guifeng immediately chuckled and replied, "Didn't I already say it? One more person to advise me, and I can make the most suitable choice. No matter who it is, I must see her tomorrow. Otherwise, don't call me Mom! "

With that, Yu Guifeng closed the door and left. However, she didn't leave. Instead, she pressed her ear against the door and eavesdropped on Zhao Qian.

Wang Jing laughed and asked fearlessly, "How is it? Do you agree to it now or not? "

"Do I have any other choice? What time tomorrow night, where? "

"Tomorrow at 7 PM, in the banquet hall of the Pearl Building. Those who are going are all influential figures in the political and business world. You should dress up a little and not embarrass me. "

"Got it." "Where's your home address? I'll pick you up tomorrow."

"Wait, I have another condition, you must agree to it."

Zhao Qian was a little unhappy. Wasn't he robbing while the situation was still hot? However, there was no other way around it. Mom had given the absolute order, so she could only hold it in for now.

"What other conditions do you have?"

"Our verbal agreement on Chongdao must be quickly confirmed. I want your company's shares and the rights to participate in the entire copyright development process for 'Treading the Sky'."

"I'll talk to you about this matter after my mother returns to the Yanjing. Right now, you can wholeheartedly focus on accompanying my mother."

"That won't do, I have to settle this matter first. I can only go accompany your mother tomorrow."

Wang Jing wasn't a little girl like Wu Xin after all, she could easily scare people off. She was a strong woman in a shopping mall. If she didn't carry things out, she definitely wouldn't be willing to pay the price.

However, it wasn't easy to take advantage of Zhao Qian.

"Alright!" I can agree to any of your requests, but you'll have to pay a price for so much. You say that, don't you? A single price, with a 20% share in the Huaying Group, in exchange for the rights that you want. "

"Are you joking? My dad only has 51% of the shares, if I give you 20%, then how can my family control Huaying? "

"Isn't that simple? As long as you don't become my enemy in the future, I will definitely support you unconditionally. Isn't my share the same as yours? You should think about it properly. I have already given you a huge discount.

When Wang Jing heard this, she was immediately displeased. The Huaying Group had already become a movie and television Production Company that could be called by names in the industry. Its 20% stake in Mr Qian Entertainment was extremely valuable, it wasn't something Zhao Qian's Mr Qian Entertainment company could compare to, and he even had the nerve to

say that he gave her a preferential treatment!

"This guy, you have such confidence in yourself that your 20% share of Huaying is enough to buy quite a few. It's really too high. I can only give you 10%. And what you said just now must be written into the agreement, and you will always support me. "

"Why don't you give me a son? I won't take any shares from you and I'll give you 30% of the shares for free. "Is that okay?"

"Scram to the side, I'm talking business with you, how can you be so disrespectful!"

"I'm very serious! You always think you're taking advantage of me. You're telling me you're serious? If you don't want to help me with this, I won't force you. I told my mother you wanted too much, and she would understand. "

"Oh, come on, come on. You didn't have any interest at all, and you actually told your mother. If you were to get married in the future, wouldn't you have to ask your mother about everything? It was only one man! Humph! "I'll think about it. Come pick me up tomorrow morning, I'll let you have a cup of tea."

Zhao Qian chuckled and hung up the phone. Yu Guifeng immediately pushed open the door and asked excitedly, "Son, who was the person who just spoke to you? Why did I hear you say you were going to have a son? Is she pregnant with your child? If it is, then you must keep it. Your dad and I are both waiting to carry our grandchildren! "

Zhao Qian rolled his eyes helplessly and replied, "Mom, you're thinking too much. We're in business, I'll tell you about this when I'm sure. It's getting late, hurry up and go to sleep. If I don't get some rest, I won't even have the strength to go shopping tomorrow. "

"In any case, I warn you that if there really is one, it must be kept. "We don't lack money. Tell her that if she can give birth to a boy, I'll give her a hundred million!"

"Mom, you really want too much. If there really is a child, even if you give me a hundred million, I will give it a hundred million myself. I really don't. Don't think too much about it. "

Yu Guifeng sighed in disappointment and went back to sleep.

Zhao Qian also sent a WeChat message to Wang Jing, reminding her not to speak carelessly tomorrow. If his mother misunderstood that they were actually having an affair, then even if she didn't want to, it would be impossible.

Wang Jing did not know Zhao Qian's family background, so she replied, "What? Your family can even rob people?"

"We definitely won't do something like snatching, I'm just afraid that when the time comes, you'll kneel down and beg me to marry you. After all, there is only one man as outstanding as me in the world. "

"Tch!" When will your shortcoming of blind confidence be fixed? It's not that I'm looking down on you, but a person as arrogant as you. Even if I can't get married, I won't be able to get someone like you. "

The two of them chatted until around 2 in the morning.

Yu Guifeng knocked on her son's door when the first rays of the morning sun shone through the window.

"Son, hurry up and get up. I still need to go shopping!"

Zhao Qian was also helpless. He could only get up quickly and quickly wash up

before going to pick her up. As soon as he got out of the house, he didn't feel the need to pick them up himself. They all knew he was a rich man, and there was no need to keep his address hidden.

Zhao Qian then called Hong Xiu, Yuan Mi, and Wang Jing separately and told them his address, telling them to drive here by themselves.

Hong Xiu and Yuan Mi had no complaints. After all, he was the boss. Wang Jing wasn't happy. She had said that she would pick her up and temporarily change her mind. It was really too much for a girl like her to come over on her own accord.

Zhao Qian had no choice but to pick up Wang Jing from Tang Chen's First Pin.

Wang Jing purposely let Zhao Qian off for half an hour before coming out with a face full of displeasure. However, Zhao Qian was not angry because she had dressed up so beautifully today.

Wang Jing asked unhappily, "What are you looking at? You've never seen it before!"

Zhao Qian chuckled and replied: "I didn't expect you to look so good after dressing up!"

"Nonsense!" I was beautiful to begin with! "What do you mean I look good?"

"No, I meant that your previous dress did not have a feminine air. Now that he was dressed like this, not only did he have the simple and elegant beauty of a strong woman, but he also had a sort of captivating femininity. "Not bad, not bad. If you keep on dressing like this, perhaps I might consider marrying you in the future."

Wang Jing sneered, threw her handbag on the bridge, and asked with a face full of jokes, "Where the hell did you get your confidence from? It sounds to

me as if your marriage to me is a gift to me. I, Wang Jing, am not good enough. If I want to get married, the young masters of the entire Donghai City can choose from among me, would you believe me? "

Zhao Qian replied with a look of disdain: "Heh heh ..." I don't believe it! "

Wang Jing turned around and shouted angrily at Zhao Qian, "Your good mood has been ruined! If you don't know how to talk, then shut up. No one will treat you as a mute! Hurry up and drive, and don't say another word, or I'll cut your tongue off! "

Mom was still waiting at home, so Zhao Qian didn't continue arguing with Wang Jing. He started the car and drove home.

By the time he got home, Hong Xiu and Yuan Mi were already there. Yu Guifeng looked at the three girls in front of her. Each of them was more beautiful than the other, and she was grinning from ear to ear.

Zhao Qian introduced them. Everyone greeted each other and immediately left to go shopping.

C113 Bald Killer

Zhao Qian brought Mom and the others to the Donghai City's national gold center. The world's leading luxury brands are gathered here, more worthy of Yu Guifeng's identity.

As soon as they entered the door, Yu Guifeng said to the three girls, "The weather is getting hotter and hotter, I want to add some summer clothes. You three can choose one for me. "Is that okay?"

Wang Jing and the other two immediately became stupefied. Didn't they say to accompany her shopping? Why did he let them buy clothes for her?

Zhao Qian quickly asked, "Mom, what the hell are you doing? Why are you making things difficult for them! "

Yu Guifeng replied, "What 'difficult'? I'm just thinking that young people know more about fashion. If they can help me choose one, it will definitely be one of the most popular styles this summer. They are all your friends, so it wouldn't be too much to ask them to help me, right? "

Hong Xiu and Yuan Mi said almost in unison. They immediately went to choose. Wang Jing's personality was rather cold. However, in this kind of situation, she could only choose to follow the words of Yuan Mi and Hong Xiu.

Yu Guifeng clapped happily and replied, "Then Zhao Qian and I will wait for you here. After you guys choose your cards, just directly send them over. "Come, each of you have a card, the password is Zhao Qian's birthday."

The three of them took the cards and immediately went to pick out their clothes.

Zhao Qian immediately asked, "Mom, what the hell are you doing? But don't

tell me there's nothing! "

Yu Guifeng smiled and replied, "You're not young anymore. It's time to find a partner. It didn't matter if she was married or not. She had to have a girlfriend. If you can get them to accompany me, that means you have a special relationship with them. I'll choose the best one for you, and you'll just have to get along with her. "

Zhao Qian rolled his eyes speechlessly. So Mom's intention was this. No wonder she had to find a few more girls to accompany her.

"Mom, you're just messing around. If they find out, how am I going to meet them in the future? How awkward that would be! "

"Awkward about what? Mom was worried that something might go wrong with your body, so you should be dating at your age. "

This was definitely his mother. Even if he wasn't his own mother, he wouldn't think it was possible for him to be so considerate. After knowing Mom's intention, Zhao Qian felt a little embarrassed and sat aside without saying anything.

Half an hour later, Wang Jing and the other two returned with the clothes they had chosen.

The three of them all felt that Yu Guifeng wasn't an ordinary person. Someone who could match up to her must be an international brand. Hong Xiu and Yuan Mi had chosen LV clothes, and Sofia had chosen Chanel.

Actually, Yu Guifeng didn't like these three brands of clothes at all. Her clothes were custom-made to fit her. She just wanted to judge their personalities by the clothes they chose.

The dress Hong Xiu chose was a floral dress, it looked very suitable for

women at the mother level. This meant that she was a very ordinary girl. She didn't have any bright spots, but she definitely wouldn't make any mistakes.

Yuan Mi had chosen a professional suit, which had something to do with her being a strong woman. Her life was only her work, and her life was very boring, which in turn determined that she was a very monotonous person.

Wang Jing chose a set of relatively noble clothing. It looked a bit like a formal dress, but it wasn't that formal. It would not appear too solemn and serious, but it could also highlight Yu Guifeng's elegance and elegance.

Wang Jing was, after all, the young miss of Huaying Group, so her taste was naturally better than Yuan Mi and Hong Xiu's.

Yu Guifeng quickly determined the personality of the three girls and picked Wang Jing to be Zhao Qian's girlfriend.

"Hehehe ..." The clothes you three chose are all very nice and special. I like them very much. As a thank you, the three of you should buy yourself a set of clothes. "

The three of them immediately said there was no need to be so polite. They were all Zhao Qian's friends, there was no need to be so formal.

Zhao Qian knew that Mom must have some kind of 'conspiracy'. She wouldn't just give clothes to the three of them. In order to satisfy her injustice, he could only advise the three of them to not be polite and to choose a set of clothes that would suit him.

Since Zhao Qian had spoken, Hong Xiu and Yuan Mi naturally did not dare to disobey him. The two of them nodded and went to buy clothes. Wang Jing was too embarrassed to make anything special, so she could only choose her own clothes.

As soon as the three of them left, Yu Guifeng said to Zhao Qian happily, "Son, I think that Wang Jing is pretty good. He was good-looking and had good taste, so he must have a good background. "You should introduce her to Mommy."

Zhao Qian quickly replied, "Mom, don't do anything rash. I'm not interested in her at all."

Yu Guifeng chuckled and replied, "You're still trying to trick mother? How could they know your birthday if they weren't close to you? "

There was nothing wrong with that. Yu Guifeng had just given the three people their bank cards and only told them the password for Zhao Qian's birthday. However, she didn't directly say how much it was. However, the three of them had successfully swiped their cards, which meant that the three of them knew about Zhao Qian's birthday. If they didn't have a close relationship with Zhao Qian, how would they know his birthday?

Zhao Qian was also helpless and quickly explained, "To be honest, Hong Xiu and Yuan Mi are my employees and Wang Jing is a strategic partner of mine. All three of them had seen my ID card, so it wasn't strange that they could guess the password. I'm really not interested in them, so can you please stop messing around? "

Yu Guifeng still did not give up and replied, "It's okay if she's not interested. It's not like I wanted you to marry her. It's just a relationship. Mom was worried that her life by herself would cause her to be unable to control her emotions since you weren't young. Your dad and I are still waiting to carry our grandson, you can't have any problems. "

"You really are my mother. I can let you do whatever you want with other things, but not with this matter. Even if you find my dad, I won't compromise. "

"You child, why don't you understand the intentions of your mother at all? Isn't Mom doing it for your own good, a bad thing who doesn't know what's good for herself! "

"Even if I don't know what's good for me, don't continue probing me."

Yu Guifeng harrumphed and didn't say anything else.

About ten minutes later, Wang Jing and the other two returned with their chosen clothes.

The three of them returned the card to Yu Guifeng and thanked her for the gift.

Wang Jing signaled Zhao Qian with her eyes, indicating him to stand aside and talk.

Zhao Qian understood tacitly and followed Wang Jing to the side. He immediately asked, "What is it?"

Without saying anything further, Wang Jing took out her phone and took out a photo for Zhao Qian to see.

Zhao Qian looked at it carefully and his face instantly tensed up. It was a self-portrait of Wang Jing, but in the corner behind her, a bald man was staring in one direction. He was looking in the direction where Zhao Qian and Yu Guifeng were chatting.

"When I was buying clothes, I was staring at you and Auntie. I accidentally saw this bald guy staring at you guys. It's better for us to finish this quickly and return home earlier. "

Zhao Qian let out a light breath and replied: "He came for me, I'll go lure him away. You guys go back with my mom and don't tell her the truth. "

"No!" If you knew he was coming for you, how could you lure him away? We can't let you lead him away by yourself. Besides, why did you lure him away? "

Zhao Qian smiled. He held Wang Jing's chin and asked, "You are so worried about me. Have you already fallen in love with me after being overcome by my charisma?"

Wang Jing slapped Zhao Qian's hand away and quickly replied, "I'm serious, stop joking around with me! Who was that person? Your enemy? "

"My ex-girlfriend's brother has never been able to get over me breaking up with his sister. He likes to squat me when he has nothing to do. I'll go and have a good talk with him.

"So it's like that. "Then why are you afraid that auntie will know?"

"Nonsense!" You talked about someone who wasn't in the upper class, did you dare to let your dad know? "

Wang Jing covered her mouth and laughed. "Understood. "Then go, and have a nice chat. Don't make a move."

"Yes." "Got it."

Zhao Qian brought Wang Jing to Mom and said, "Mom, I have something to do. Let the three of them accompany you home. It's hot outside. All three of them have cooked very delicious food. Let them show you their skills. "

Yu Guifeng immediately laughed and nodded her head in agreement before taking the three girls home.

Zhao Qian walked out of the mall in the other direction and led the bald man into an alley.

C114 Oh My God

The alley was filled with people, but it was actually not convenient for them to talk. However, this place was already the quietest place nearby, so Zhao Qian could only choose to have a good chat with the bald man here.

Zhao Qian stopped. The bald man hesitated for three minutes before taking the initiative to walk over.

The bald man asked, "How did you discover me?"

Zhao Qian smiled and replied, "My girlfriends like to take selfies. I saw you in one of the photos."

"Are those your girlfriends?"

"Of course. "The one with me is my mom. I'll take them to see their parents."

"F * ck!" He was so hanging! For the three of them to meet your mother together and get along so harmoniously, how did you manage to do that? "

Zhao Qian made a counting gesture with his right hand and said, "Money!" If you have the money, you can do anything, but do you want to try? "

"Haha ..." You're right, money can do anything it wants. I really want to experience the lives of the rich too, so I took the risk of coming to you. The one hundred million you promised me, will it still be effective? "

"Of course. I heard that your three brothers have been captured, can you still carry on with the mission? "

"Of course! That grandson, Yang Ming, caused my brother to be captured, we must take revenge! I don't need a hundred million, I'll give you a discount,

fifty million is fine. However, you must wash your face of this fifty million and arrange a new identity for me. "

"As long as you do what you have to do, everything can be negotiated. I have to go, if I get photographed meeting you, I'll be in trouble. "

"Then give me some money, I haven't eaten for two days."

Zhao Qian took out all the cash in his wallet, put it on the floor and quickly left. The bald man quickly picked up the money and put it in his pocket before leaving.

Returning to his car, Zhao Qian sent a message to Wang Jing, asking her to send him the photo from earlier. He then immediately forwarded it to Yang Hu and called him.

"Hey, Mr Hu, did you see that photo?"

"I saw it." Young Master wants me to capture that girl for you? "

"Haha ..." No, no. Watch out for the bald man in the corner behind the girl. "

"Oh, let me see. Young Master, please wait a moment."

Yang Hu opened his WeChat, looked at the photo, and then said, "Young Master, I saw it." "Who is this bald man?"

"Yang Ming has hired someone to deal with my killer. There had been four, three of them taken by the police, and he was the only one who had escaped. I promised him 100 million and let him deal with Yang Ming. "No matter if he will deal with Yang Ming or not, you have to control his movements. If necessary, I will let you capture him and send him to the police."

"Understood."

"Yes." He's a professional killer after all, so tell your brothers to be careful so they don't get caught. "

"Young Master, don't worry, I will send my brothers from the special forces. Let alone a killer, even a professional agent, we can handle it. "

Zhao Qian nodded in satisfaction, hung up the phone and quickly drove home.

But as soon as he stepped out of the parking lot, Mom called him.

"Hey, son, we're currently on the third floor of an overseas grocery store. Come over quickly."

Hearing Mom's displeased tone, Zhao Qian quickly agreed and drove the car back to the third floor.

Soon, Zhao Qian found Mom and the others, who were arguing with the shop assistant.

Zhao Qian quickly pulled Mom behind him and asked, "Mom, what's going on? Didn't I tell you to go home first? Why are you arguing with someone here? "

Yu Guifeng was so angry that she couldn't speak. Yuan Mi quickly explained the situation to him.

"We were going back just now and happened to pass by here. Auntie wanted to choose a silk scarf, so we came in to take a look." Auntie didn't pick the right one, so we wanted to leave. But just as she reached the door, the alarm rang. She didn't know who had stuffed a silk scarf into her aunt's bag. Then the clerk also said that there was a damaged piece of silk in the scarf that we were looking at just now, and asked us to compensate him. Wasn't he obviously trying to scam others? How can we accept that? "

As soon as Yuan Mi finished her sentence, the employees retorted excitedly.

"Be careful when you speak. What do you mean by blacklisted people?" You obviously broke something and you still want to steal something. Blame us? Why is your face so big? "

"Look at the five of you, I didn't expect you to be so vulgar!"

"The stolen goods are not taken away. If you do not compensate or apologize, then go to the police and deal with it."

Yu Guifeng was so angry that her face turned red as she yelled, "I can steal one of your silk scarves? I want a silk scarf, I can buy it from any manufacturer! "

The employees immediately covered their mouths and laughed.

"This is the funniest joke I've heard this year. Auntie, you're so awesome, this bullsh * t is really high profile! "

"Although I don't know what brand of clothes you're wearing, but judging from the fabric, it's pretty good. You shouldn't be short on money, right? Why would you do such a low-class act?"

Yu Guifeng was livid, and replied seriously, "I'll say it one last time, I didn't damage the thing, and I didn't steal anything. I warn you, my reputation is not something that you can ruin. Don't anger me! "

Zhao Qian was really angry at Mom. If she revealed her identity, his life would not be peaceful in the future. He quickly patted Mom on the shoulder and put his arm around her as he walked away.

"Mom, it's too embarrassing for you to lower yourself to them. You go back

with them first, and I'll take care of it, okay? "

"No!" I can't let out this breath, and I feel so stifled in my heart! "

"Fine fine fine, I'll vent your anger, don't talk to them, they're too cheap."

"Alright!" "As long as you give me some face, I will listen to you."

Zhao Qian nodded with a smile and walked back with Mom in his arms.

The other shop assistants were still forcing Yu Guifeng to talk endlessly, insulting her.

Zhao Qian was also not interested in pestering the shop assistants. He immediately asked, "Which one of you is the shop manager?"

At this moment, a man with glasses walked out. He was smiling, but it made him uncomfortable. "That feeling of a smile that is not a smile, but a smile that is not.

"I'm the boss, how does the handsome brother plan to deal with this?"

Zhao Qian didn't want to argue with him, so he directly said: "Since you guys insisted that my mom destroyed your stuff and stole your scarves, then call out the surveillance cameras to take a look. Don't tell me you didn't install any surveillance cameras or that the surveillance cameras were broken. "

"Hehe ..." The handsome guy was right, it was just that coincidental. The monitoring system in the shop was broken. However, it doesn't matter. We have so many witnesses, so it doesn't matter if there are surveillance videos or not. Just enough witnesses, right? "

The Four-Eyed Young Man had a complacent look on his face, as if he had done quite a few deceitful things. He seemed to be quite adept at it.

However, meeting Zhao Qian today could only be considered bad luck for him.

Zhao Qian laughed and replied, "I won't waste my breath on you. Give me a word, what do you want to do?"

"Hehehe ..." Why is the handsome guy so excited? This matter, no matter what, is your mother's fault. Your attitude should be a bit better, and show sincerity and attitude towards solving the problem. "

"Hehe ..." Do you think you're worthy for me to treat you well? Don't talk nonsense, how do you want to deal with it? "

The Four-Eyed Young Man continued with a smirk, and replied, "Three times the amount of damage to the silk scarf. We don't need to call the police to deal with it, we can settle it privately. Or we can just call the police and do what they say. The choice of which method to use is up to you. "

Zhao Qian's eyes turned cold. He took out his cheque book and placed it on the cashier. Then, he said to the shop assistant: "I think money can solve all problems! Who can prove my mother's innocence? I'll sign him a cheque for a million dollars. There is only one person who has the chance, do not miss it! "

The moment he said this, the restaurant immediately quietened down. Although it was an overseas luxury shop, the staff could only earn a few hundred thousand a year. A million would be enough for them to work for several years. If he said he wasn't tempted, then that would be nonsense.

The shop manager was also shocked by Zhao Qian's sudden change in attitude. He was worried that there were employees who could not resist the temptation of a million to sell him out.

C115 Cousin

The shop manager felt extremely guilty and quickly told the employees, "Don't listen to his nonsense, these words are only used to deceive a three year old child. Who would spend a million dollars like that? And I also believe that you won't slander my innocence just for money, right? "

The employees immediately laughed and promised their boss that they would never frame him for his innocence. Although it was called a frame-up, it was actually just an denunciation. These shop assistants all knew what the boss had done. It was just that some people only heard about it, while some people actually got to know the inside story of their boss's business.

The boss felt a lot more at ease, he turned around and challenged Zhao Qian: "You want to lie with a cheque book, do you think we are three-year-olds? Not to mention my employees, they are very upright and won't do anything against their conscience for money. Even if they want to go down, can you really write a check for a million? "Come on, open one for me. I've never seen a cheque for a million dollars before."

Zhao Qian believed that Mom and Wang Jing wouldn't deliberately damage things, much less steal things. He was sure that the store was cheating, so he dared to offer a million for real.

Without saying anything, Zhao Qian signed a cheque for one million in front of everyone and put it on the table.

"Who can prove my mother's innocence? I'll take this one million."

A million yuan check was clearly placed in front of them, and the employees were no longer calm. However, they were afraid of their boss's power and didn't dare to betray him.

Zhao Qian saw that they were a little loose, so he continued to encourage them: "Take one million and you can open a shop to be the boss. Why do you need to continue working for others? "You only have one chance. If you miss it, you'll have to work for someone else your entire life."

Hearing Zhao Qian's words, the employees couldn't help but, a girl who looked very smart immediately grabbed the cheque, hid behind Zhao Qian in a hurry, and said to the boss, "Boss, actually, I didn't like your way of doing this since a long time ago, you all know it." No matter what you think of me, I want to expose you right now! "

The owner's face tightened as he threatened, "Are you sure you want to do this? Your parents always need a high medical fee to extend their lives, so you better not do anything for this one million yuan. "

"Boss, you know that even if it wasn't for this million yuan, sooner or later, I would have already exposed your situation. Now that I have a million dollars, I have no reason to stay here and help. I think you should apologize to this auntie and these beauties. "Don't force me to do something I don't want to do. It's not good for everyone."

The boss was immediately scared, but he knew he couldn't let the employee leave because she knew too many of the store's secrets.

"Xiao Hong, you will be at a disadvantage if you leave now." I'm going to give you a raise, and everyone's going to double it. In the future, not only can you pay for your parents' medical expenses, you can also save some money. Isn't it better than this sale? "

Zhao Qian chuckled and said to Xiao Hong, "What's wrong with your parents? In which hospital? "

Xiao Hong felt that someone who could write a cheque for a million yuan was definitely not simple. It might have something to do with the hospital. She

quickly replied, "Uremia requires regular visits to a hospital for kidney dialysis."

"First Court? "Is it the first city courtyard?"

"Yes!"

"I still have some relations with the dean of the First City Hospital. I'll tell you about it later, I can give your parents preferential treatment, and I can certainly give you a discount regarding the fees." If I need a new kidney, I can also say hello to the hospital and arrange a limited number of them. In short, I can give you what you need the most, but can't buy it with money. "

Xiao Hong replied without hesitation, "Call the police right now, I can explain everything to them. However, I have another condition. If the police catch me, you must get me out. "

Zhao Qian laughed and replied: "Don't worry, if you can expose him on your own initiative, the police will consider it your merit and won't hold you accountable for it." "And you all, think carefully. If you continue to follow him, you'll end up in the police station."

The employees were scared. They looked at each other, and their eyes flickered. One look was enough to tell that they had been terrified.

The boss was also scared and quickly smiled, "Aiya, handsome boy, why do you look so serious? I think there must have been a misunderstanding. With a glance, I can tell that you are all rich people. It is absolutely impossible for you all to do that sort of thing. "How about this, you guys give me a bit of time. After I investigate thoroughly, I will definitely give Auntie and the other beauties an explanation."

Zhao Qian gave the shop manager a cold smile and replied, "It's too late to say that there's a misunderstanding now. I've already drawn out a cheque and

will definitely not take it back."

With that, Zhao Qian took out his phone to call the police.

The shop manager was flustered and exasperated. He went up and wanted to snatch Zhao Qian's phone. Zhao Qian reacted quickly and dodged the shop manager's hand.

"What?" Stealing things in public? "

"Handsome, it's boring for you to do that. The dog knows how to jump when it's anxious. Don't push me too far! "

"Oh? If I force you, what can you do to me? "

"My cousin is the assistant to the General Manager of the shopping mall. It's really not good for you to offend me." I have ten thousand ways to take revenge on you, so why should I cause trouble for myself? "

With the shop manager's words, not to mention Zhao Qian, even Yu Guifeng couldn't stand it any longer. She reprimanded him, "A small assistant manager can only beat you up like this. If you become a manager, can't you do the same?"

The head storekeeper acted like he had nothing to fear and replied, "You don't need to worry about whether I will go overboard. All you need to do is know that going against me is definitely not beneficial. Do you know which company owns this mall? Do you think the police will care about the industry produced by Hong Kong listed company Xinghong Base? "What's the use of you calling the police? I'm not afraid at all. You can solve the problem just by acting coquettishly with my cousin."

Coincidentally, the shop manager's cousin happened to be passing by at that moment. When she saw that something was happening over here, she

hurriedly ran over.

"Cousin, what's going on?"

The head storekeeper hurried forward to welcome his cousin, complaining at the same time, "Cousin, this old woman purposely damaged our silk scarves and stole one of them before she left. Originally, I wanted her to compensate us, but I didn't expect her son to use a million to bribe my shop assistant to slander me. Cousin, you must uphold justice for me. You must definitely not let them off easy! "

When Yu Guifeng heard this little girl call her an old woman, she immediately became angry.

"You bastard, who are you calling an old woman?"

"Hehe ..." It's obvious who is the oldest at the scene! "

"You ... I'll tear your mouth apart! "

Yu Guifeng immediately wanted to rush up to hit the shop manager, but was stopped by Zhao Qian.

"Mom, didn't you say that I would handle it? You just watch quietly, and I'll give you a satisfactory result. "Is that okay?"

Yu Guifeng snorted coldly and nodded without saying anything.

The shop owner's cousin glanced around Zhao Qian and the others with a contemptuous expression on her face. She added with a fake smile, "Everyone, this is the National Gold Center, not a place for you to mess around. There's a police station outside the mall, don't cause trouble for yourself. "

Zhao Qian didn't waste any time with her. He turned around and said to Xiao Hong, "Are you sure the evidence in your hands is valid?"

Xiao Hong hesitated. Right now, society was all about background. Whoever had a deep background would have the right to speak. The boss' cousin was the assistant to the general manager of the mall, which was the equivalent of a general manager of the mall. If he were to go against the boss, wouldn't he be provoking the General Manager of the shopping mall? If he provoked the General Manager of the shopping mall, wouldn't that be equivalent to provoking the listed company Xin Hong's base property?

Thinking about it carefully, Xiao Hong was terrified. She could not accept this one million, or else she would suffer a terrible fate.

Xiao Hong put the cheque back on the table and quickly walked to the owner's side. "I don't have any evidence, I was just trying to trick you into doing so, that's all." Now that it seems like you guys are serious, I think it's best if I don't get involved.

"Haha ..."

The shop manager laughed complacently. From his point of view, Zhao Qian no longer had anything that could threaten him.
