

## Chapter 1.

At night, under the starry sky at the top of the mountain, the cool breeze is quiet.

Su Luo's eyes were tender with a touch of sweetness, and he stared at the man in front of him tenderly: "Yun Qi, when we quit the organization, shall we just settle here?"

Yun Qi Jian's eyebrows were intoxicating tenderness in her star eyes: "Girl, do you just want to quit like that?"

Su Luo turned and looked at the night sky in the distance, turning around with a bright smile in his eyes: "In the past ten years or so, I have been training or fighting, always on the verge of life and death, and never have a peaceful life. Now I am tired of such a life. , I want to get out quickly, don't you want to?"

With that said, Su Luo took out the little brocade box in his hand and shook it in front of Yun Qi: "Guess what is inside?"

Su Luo's eyes were bright and full of happiness.

She was immersed in the yearning for a better life in the future, but she didn't see a strange light flashing through Yunqi's eyes.

"Dragon Ring? So you already got it? How could this be? When did it happen?" Yun Qidanfeng narrowed his eyes, his eyes full of intoxicating tenderness.

"Just when you went to Europe and the United States to perform missions, you were lucky, so you got it. This time, you quit with me, okay?" Su Luo took Yunqi's hand with eyes full of hope. Give it back to the organization, and then we will settle here and live a happy life, okay?"

"Okay." His soft kiss was printed on Su Luo's smooth forehead, and his strong hands hugged her into his arms, hugging her tightly.

Leaning against his clavicle in the shoulder socket, Su Luo's eyes were filled with a happy smile.

As a childhood sweetheart for more than ten years, they have walked hand in hand through the rain of bullets. He is her most important relative and the most trusted person. Now she is pregnant with his baby. After she quit the organization... Su Luo suddenly became stiff. , Her eyes were dizzy and painful, she opened her eyes wide, and her eyes were filled with incredible despair.

He pushed the cloud away and looked down.

At this time, a sharp dagger was inserted in her chest, and blood was constantly pouring out along the dagger, moistening the thin plain dress, and the blood on her chest was like a coquettish flower from the other bank, hot and strange.

As a killer, Yunqi's dagger was accurate without a trace.

Su Luo staggered and knelt down on the messy ground of rubble. Those beautiful eyes were filled with surprise, despair and disbelief. She really didn't expect that the man she trusted most and claimed to love her would be ruthlessly using that handle of herself. The dagger that was given to him as a birthday present pierced his heart backhand!

So decisive, cold, and merciless.

Why... She opened her mouth, but she couldn't make a sound because of despair.

Yun Qi curled her lips coldly and mockingly: "Su Luo, you are so stupid. You know so many secrets of the organization, do you think the organization will let you go? It is so naive and naive to want to quit! And, how can you be? Innocently thought I would quit with you?"

"..." Su Luo smiled bitterly in despair.

As Yun Qi said, she was indeed too naive and naive, and actually believed that he would withdraw from the organization with her.

"In the next life, don't be so stupid!" Yun Qi picked up the little brocade box that had fallen on the ground, took a cold look at Su Luo who was suffering and desperate, and turned and left.

"Yunqi, aren't you naive?" Su Luo's cold voice sounded behind him.

Seeing Yunqi stop, Su Luo laughed: "What do you think is in the brocade box?" Yunqi opened the brocade box, and his face suddenly changed a lot, "Where is the dragon ring? Where is it hiding?"

A wealthy employer commissioned an organization to find this dragon ring with 3 billion U.S. dollars. If it was not found in the end, not only would not get the reward, but it would also be a great blow to the credibility of the organization.

Su Luo stood on the edge of the cliff, looking at the bottomless darkness below, a triumphant but miserable smile bloomed at the corner of her mouth, beautiful like a night flower blooming in the wind and rain: "The cloud rises, you will never get the dragon ring Yes, and don't cry at my grave, it's dirtying my path of reincarnation."

As he said, Su Luo leaped, and jumped into the dark cliff.

Beneath the cliff is the sea with turbulent waves.

## Chapter 2.

Space-time transformation.

The blue continent.

Pain.

Su Luo felt pain all over his body like a needle stick, and it seemed that he was crushed by a heavy truck, and his painful heart almost stopped beating.

In a daze, she slowly opened her heavy eyelids and looked at the dirty white mosquito nets and worn quilts on top of her head. For a while, she could not react.

“Su Luo, you slut, why don't you die? What are you doing after waking up! Go to die and die!” A sharp and harsh voice yelled in front of Su Luo's bed.

Su Luo realized that she was weak, and she looked weakly at the sound.

She was a pretty girl, about fourteen or fifteen years old, dressed in light veil, and a light green jade hairpin on her head. The color was not very good, her small face was slightly rounded, and her features were very delicate.

The little girl is very pretty, but she acts viciously. At this moment, she was holding a needle with a sole in her hand. The needle was thick and glowing with coldness.

She pierced Su Luo with sullen eyes and stabbed Su Luo without mercy. All she stabbed was the flesh hidden in the clothes, and outsiders would not see it without lifting the clothes. it hurts! This is simply torture! Shameless! ! !

Su Luo wanted to speak, but found that his mouth was blocked by rags. He wanted to resist, but found that he didn't even have the strength to lift his fingers.

Seeing that Su Luo was awake, the vicious girl said coldly to the other girl who was slightly older, “Sister, hit her, hit her to death!”

Therefore, the three girls slapped Su Luo's face very obediently!

Su Luo's eyes shone coldly: I have written all these tortures and slaps, Su Luo!

Su Luo couldn't stand it any longer, and finally fell into the muddy darkness.

“Miss... woo... Don't die, miss...” The tender female voice was crying miserably, as if her voice was crying hoarse.

Su Luo woke up quietly when she was awakened by a burst of crying and felt someone shaking her vigorously.

“Little, miss?” Luluo was crying sadly, raising her eyes to Su Luo's gaze, and her face was suddenly surprised.

Su Luo also saw the little girl in front of him clearly. About fourteen or five years old, his facial features are fairly delicate, but at the moment his face is covered with red and swollen fingerprints, his eyes are swollen like peaches, and he looks really embarrassed.

Turning her eyes to the room, she found that the table was missing legs, the chair was tattered, and the teapot and cup for drinking water were missing. The whole house looked like an African slum.

Su Luo suddenly felt a pain in his brain, and his memories flooded like a flood.

It turns out that she really passed through.

This is not any dynasty she is familiar with, but the Biluo Continent that has never appeared in Chinese history. This is a world respected by Wu.

There are four countries on the mainland, namely Dongling, Western Jin, Nanfeng, and Northern Desert. The four countries are lip-shaped and form a circle. Among them is the legendary dark forest, where monsters are rampant. Don't even want to step in.

Su Luo is now in the general mansion of Tanglin Kingdom. Her father is Su Zian, General Protector of the Nation, and she is the so-called fourth lady of the so-called idiot, idiot, and idiot.

In Biluo Continent, every child will have a talent test when they are five years old. This test is important enough to determine a person's life.

Before this test, Su Luo was the pride of the Su family because she was born with a natural vision, the sky was full of sunshine, the rainbow was paved, and the god bird flew around the entire imperial capital. Cheng Daqi.

However, in the talent test five years later, the most promising fourth lady of the Su family broke out unpopular. It was a waste of zero talent, and it was impossible to practice martial arts!

Because of the high expectations and the big gap, Su Zian threw Su Luo to the courtyard in a rage and let her fend for herself. Su Luo's mother was also disgusted and died in depression.

### Chapter 3.

Is she really the legendary waste wood? Su Luo looked at the long white clouds, but a sneer flashed under his eyes.

She Su Luo has undergone more than ten years of devil training in modern times, even if she has zero talent, she can break out of her own sky!

She still remembers the scene when those two girls abused her on the day she passed through.

"Miss, Miss No. 3 and Miss No. 5 are taking a walk in the garden today. Neither of them brought maids, so I don't know what they are talking about." Luluo came in carrying the food box, put the food box on the table, and took out the dishes. One is on the table.

A plate of rotten vegetable leaves, a bowl of moldy dried tofu, and two bowls of rice.

"Stop eating, I'll go out first." Su Luo pushed the bowl and chopsticks, a coldness flashed in his eyes. She Su Luo doesn't have any other skills, so she loves to hold grudges, and if there is grudges, she will get revenge.

In the garden, the third lady Su Wan and the fifth lady Su Xi are walking along the lotus pond in the garden.

The fifth lady, Su Xi, came from his aunt, with a distinguished status and amazing talent at a young age, making him the darling of the entire Su family.

The third Miss Su Wan, she is just like Su Luo, but she has a sweet mouth and is used to favoring Su Xi on weekdays. Everything is dominated by Su Xi, so the relationship between the two seems pretty good.

Faintly, Su Wan's voice came: "Fifth Sister, I heard that the dead girl has woke up again?"

Su Xi sneered: "She has a very low life. She can't be killed by poisoning her, and she can't be beaten to death. It's really annoying!"

Su Wan said again, "What should I do? Isn't the marriage..."

Su Xi fisted fiercely, "Don't worry, I will kill her next time!"

At this moment, they are walking along the lotus pond, Su Xi is walking inside, and Su Wan is walking outside.

Su Luo was holding a straw in his mouth, listening to them discussing the murder, a coldness flashed in her eyes, she wanted to see, who would dare to do anything to her now! I heard that Su Xi is very talented, now he is a second-order warrior at a young age. Now, although he still has no ability to take revenge, it is okay to charge some interest.

Su Luo was hiding behind the plane tree, a sly light flashed under his eyes.

Her sleeves fluttered, and a small rock fell by Su Wan's feet by accident.

Su Wan looked ahead, where did he take care of his feet? She stepped on her foot, and her body suddenly became unstable, and she fell slantingly towards Su Xi.

When a person falls, he always has the instinct to catch everything that can be grasped around him, so Su Wan was lucky to grab Su Xi's sleeve.

However, unfortunately, when the two of them were skewed, suddenly a Foshan Wuying foot kicked Su Wan's ass!

The unpredictable attack caught Su Wan by surprise, and now she firmly grasped Su Xi's skirt.

Suddenly, the two of them flew towards the canal, and with a bang, they fell into the canal heavily, and it was dripping with soup.

At this time, Su Luo had already hidden back into the phoenix tree, with his hands around his chest, his eyes were shining, and he was sitting and waiting for the good show.

She wanted to see how wonderful this pair of cooperating sisters fought together.

In the face of this innocent disaster, Su Xi was actually quite innocent, but who told her to offend Su Luo?

She was impaired by Su Wan and plunged into the water. She was already spoiled and screamed at once, and slapped her: "Sister, what are you doing? Even if you fall down, why should I bother me? Go in!!!"

#### Chapter 4.

Su Wan finally surfaced, and Su Xi slapped her heavily.

Su Wan is really innocent, and she doesn't know how she fell, but she was pretty sure that the reason she fell into the drain was because someone kicked her butt.

Su Wan bitterly covered the beaten right face, crying without tears: "Fifth Sister, someone kicked me, not what I wanted to fall."

Su Xi sneered: "Here are you and me. Who do you think will kick you? Why don't you go up and find a cloak to wear for me?"

"But..." Su Wan lowered his eyelids pitifully.

The water-drenched light yarn flowing fairy skirt is pressing tightly on her body at this moment, highlighting her figure exquisitely, the red belly pocket inside is very obvious. If she went out in this way and was seen by others, wouldn't she be ashamed?

"Or, let's call someone?" Su Wan thought for a long time, weakly suggesting.

"No! What if you call a man and are seen by others? Go!" Su Xi's face was fierce!

"No, no..." Su Wan shook his head desperately, never agreeing.

"Then take off your clothes and put them on me!" Su Xi angrily went to pull Su Wan's coat.

"Sister Fifth, stop, stop..." Su Wan hugged her chest tightly, she was covered with tulle on the outside and a bellyband inside!

"Then you go quickly?!" Su Xi lifted Su Wan and threw her to the shore without mercy.

Standing on the shore, Su Wan was shivering with cold, and was about to run desperately outside.

However, at this moment, Lin Zhong suddenly caught fire for some reason.

Someone from far away seems to be shouting: "The water is running... the forest is running... Everyone, go over and put out the fire..."

The grove is on the edge of the lotus pond, very close. The surroundings are almost clear at a glance, there is no rockery or boulder, there is nowhere to hide.

Seeing countless people coming here, Su Wan's face paled in fright, and the six gods were no longer in charge. She protected her chest with her hands, and was anxiously spinning around in place.

"Run! Run!" Su Xi hiding in the lotus pond urged loudly! It's too late if you don't run!

However, it is too late now.

Seeing the countless footsteps getting closer and closer, Su Man shuddered, and she subconsciously jumped into the canal again.

With a bang, the water splashed high.

Su Luo almost laughed out loud.

But Su Wan's choice is not stupid. After all, the water in the pool is not deep, you can stand on your legs, and the pool is full of lotus flowers, which is hidden, and you won't find people hidden inside if you don't look carefully.

"Why are you coming in again!" Su Xi's angry hair was about to stand up, and she slapped Su Wan's face with a heavy slap.

Su Wan is not happy anymore: "Fifth Sister, don't be too much!" She is also angry, okay?

Su Xi stared fiercely, "Too much? Who is too much? If you didn't push me in, I would be so embarrassed? You remember, I will not let you go after I go out!"

"But I didn't mean it, someone really pushed me!"

"Who pushed you, you should find out and show me!"

Ignoring the chaotic footsteps, at this moment the two sisters actually quarreled directly in the channel.

Su Luo watched coldly, smiled ill-intentionally, and watched this rare sister-in-law intermittently. She was looking forward to the next scene. She must perform wonderfully, so that she won't waste her running. Go to the fire.

## Chapter 5.

Nangong Liuyun, dressed in white, sat leisurely on the top of a lush tree not far from the lotus pond. His handsome face was slightly curved, and his handsome eyes were full of interest and interest.

It seemed that it was a good decision to come to the General's Mansion today, but I didn't expect to encounter such a good scene. I never knew that the generals' daughters were so interesting.

In the legend, idiots are stupid but clever and clever; those who are held to the sky on weekdays are embarrassed and miserable.

Nangong Liuyun looked at Su Luo and touched her smooth chin with interest.

This girl is very young, very clumsy, tricky, and she can barely see her skill.

As for the appearance... Nangong Liuyun carefully measured this girl.

But at the age of fourteen or fifteen years old, there is a casual smile on his face, a pair of beautiful eyes are clear and moving, radiant, but his eyes seem to be separated by a layer, reflecting the cold and decisive darkness, the black is like an abyss, it seems that no one Can't go deep in her heart.

A joking flashed in Nangong Liuyun's eyes, and he came to the conclusion: This girl is absolutely sinister and cunning, likes to plot, likes to hide in the dark, the kind of person who smiles even if he kills.

It's exactly the same as myself, it's so interesting.

Nangong Liuyun suddenly had a feeling of finding the same kind, a wonderful feeling that he finally found his own kind after searching the whole world. This unprecedented feeling made him suddenly interested in Su Luo.

At this time, Su Luo suddenly felt something wrong, and she found that a scorching gaze seemed to be locking her firmly.

Su Luo looked up and saw that on the tallest sycamore tree, a handsome and unparalleled young man was leaning, with a playful arc on his mouth, and his eyes were full of interest when he looked at her.

He was wearing a brocade robe, his shallow phoenix eyes narrowed slightly, and the corners of his beautiful and handsome upper lip curled up. He held his forehead with one hand and casually lay on the trees on the high ground. The picture was beautiful and romantic, and at this moment, he was like a beautiful boy out of a cartoon.

His eyes were clear, as if he had insight into everything, his eyes fixed on Su Luo, with a wicked smile at the corner of his mouth, and his smile was quite meaningful.

"Does it look good?" He said with a smile, the expression on his face seemed very happy. Although this is only three words, it is a pun.

He may be asking whether the play is good-looking or not, or he may be good-looking, perhaps, both.

Su Luomei narrowed her eyes.

When did this man come? Before or after her? She didn't even notice it.

Is her alertness too low, or his martial arts level is too high? She knew she had been telling guard, then, his martial arts was too high.

The corner of Su Luo's mouth slowly bends, and he said coldly, "Enough?"

Su Luo held a tinge of hostility to those who were uninvited and who had spared time to watch her good show.

A trace of surprise flashed in Nangong Liuyun's heart. The pitch-black phoenix eyes met Su Luo's beautiful eyes. Suddenly, he found that the heart rate in his chest was beating faster than before.

A playful smile was outlined at the corner of his mouth: "What a sinister and wicked woman." Su Luo raised his eyebrows slightly, and replied with a smile but a smile: "What a man of integrity."

Nangong Liuyun smiled at Su Luo with a smile of Tsinghua University, with a gentle and pleasant voice with a low and evil charm, "Neither, nor, this king and you are of the same kind."

The implication was that Su Luo was mocking him again, so he was mocking himself at the same time.

The implication was that Su Luo mocked him again, so he was mocking himself at the same time...

## Chapter 6.

What a cunning man with a black belly. Wait... just now he called himself the king, so he is still a prince?

"Come here." The evil and low voice of the other party rang in her ears.

Su Luo frowned slightly. past? He told her to go and she went there, wouldn't it be very shameless?

What's more, there was almost no place on the tree at this time. Where did she go up and sit? Is it sitting on his lap?

However, before she could think of a reason, she suddenly felt a flower in front of her, a movement of her body, and a blink of an eye. She was already on the top of the tree, and she was actually sitting steadily on the man who met for the first time. In his arms!

Where does Su Luo allow people to take advantage? She subconsciously slashed the opponent's neck and neck artery with a hand knife – but Nangong Liuyun's reaction was really fast. Before Su Luo's hand could pass, he had already turned Su Luo's hand back with one hand.

This posture made Su Luo...very proud.

Su Luo never thought that the difference between his martial arts and this person's martial arts was so great that he couldn't even pass a single move in front of him!

Nangong Liuyun smiled wickedly, his slender and moist fingers inadvertently stroked Su Luo's face to condense his fat, and the beautiful thin pink lips lifted up with a wicked smile, with a arrogant and arrogant taste.

"Girl, you can't beat this king right now, so what, do you want to continue?" Nangong Liuyun's voice is full of scorn, with a silky evil charm and low, it is really nice.

"Let go of me!" Su Luo looked sideways and saw that those people were already very close. He lowered his voice and gave a sharp warning.

"Girl, I'm bored, how about let's play a game?" Nangong Liuyun's air was contented, his voice was low and evil, and his eyes were full of interest.

Su Luo thought about it carefully. There shouldn't be anything worse than the current situation. She nodded coldly: "You said."

"Just guess the two in the pond. If they can hide from them, even if you win, if they can't hide, then it's the king who wins. How about?"

"What's the bet?" Su Luo was very poor. If you want to bet money, there must be no money, but you can empty the white wolf.

"The winner is king, the loser... warm the bed?" Nangong Liuyun raised his phoenix eyes and suggested with interest.

Su Luo's expression was cold, and he gave Nangong Liuyun a cold stare, his eyes staring as if he was looking at an idiot.

Nangong Liuyun said he was very injured. He covered his chest and weakly suggested: "The winner lies down...the loser falls?"

Su Luo was speechless! Can this man be more shameless? Are they still seeing each other for the first time? Why was it so explicit the first time I met? People blushed once she had modernized.

"Neither does this, nor does that work."

Nangong Liuyun fiddled with her ears lazily, and said calmly, "Do you have to make the winner the king and the loser? If you insist on this, it's not impossible."

Su Luo rolled his eyes anger.

“You are the king and the queen. You are not a prince? You are not afraid that the wind will flash your tongue.” Su Luo gave him a teasing glance and simply said: “Where is it so complicated? If I win, you owe me a condition. , If I lose...”

“Then take a bite to the king.” Nangong Liuyun hit the snake and followed the stick, and didn't eat any loss.

Will this man die if he doesn't take advantage of him? I really want to beat him hard!

Su Luo glared at him, but because of this, he saw him more concretely.

The smile in his eyes is casual and lazy, but at the same time, there is a peerless edge that can't be concealed. This person's gesture was pressing, showing a natural domineering domineering.

## Chapter 7.

“Good.” After a long while, Su Luo replied slowly.

She took advantage of this condition. It's just a kiss, and there will be no less meat? It's not that she has never experienced it in her previous life.

She lacks everything right now and needs to be taken advantage of.

Thus, two sinister men and women who were pregnant with ghosts began their first confrontation.

Su Jingyu and his party came in a hurry.

Su Jingyu is the son of Su's family and his wife has a very good talent. He is only twenty years old and is already a third-order master, which is difficult for many young generations to match.

He didn't come alone, but brought a group of people to come here mightily, the scene was very mighty.

Su Xi couldn't do it, but she was helpless. She hid herself behind the lotus, for fear of revealing a hint, Su Wan was already half dead in her heart.

She never expected that Su Xi would have such an embarrassing day!

If the only person coming is Su Jingyu, that's all, but he is followed by His Royal Highness and the Prince of the Family. Now if they go out again, they will see this appearance, and it will be spread throughout the entire imperial capital within a quarter of an hour. How can she still be in the imperial capital by then?

Su Xi glared at Su Wan fiercely. She vowed that after she went out, she would never let Su Wan this bitch!

Su Wan was also half dead with anger, and she never expected that her luck would be so bad.

The scene is getting worse and worse, and more and more people are coming. If this is discovered... Could it be that their sisters went swimming in the water?

This is spring, not summer.

What to do, what to do? Su Wan was spinning like an ant.

Su Luo looked at the group of young men in Jinyi, with a playful smile on his lips.

This was unexpected. I didn't expect this group of people to come over. Seeing Su Xi and Su Wan quietly lowering their heads behind the lotus, Su Luo understood that those people's identities should be extraordinary.

The headed person should be the prince. He wore a pale yellow light-colored brocade robe with a Tenglong waist, high and shallow lips, with an arrogant and arrogant taste. He looked cruel and feminine, and his temperament was not good. .

Sun Jingyu has a handsome face, sword eyebrows and star eyes. At this moment, he is frowning his eyebrows and his expression seems unhappy...

The prince looked at the small fire and laughed loudly: “Jingyu, what is this in your house? Is this burning for fun?”

Not only the prince, but the family's children behind the prince also laughed.

Because the facts before them are indeed worthy of fun, and at first glance they are obviously deliberate.

Where is the fire? Obviously it's just teasing people.

At this moment, in front of them is a small fire. Underneath is a dry and flammable haystack, while the top is covered with a layer of fresh green leaves. As we all know, the firewood is not dried in the sun, and when it burns, the smoke is particularly heavy, and the other party obviously uses this to lure them over.

Su Jingyu was also a little suspicious at the moment, his pretty eyebrows smiled, and he said to the prince, "Maybe it was accidentally made by the servant."

The prince touched his chin, his eyes swept back and forth: "Oh? The people in the General Mansion are so bold?"

Su Jingyu suffocated in her heart, and hurriedly explained: "It's also possible that my sister was naughty and came out to play. Now that it's okay, let's go back? Jingyu still doesn't understand the homework taught by the teacher today, so I happened to ask His Royal Highness."

Su Jingyu suffocated in her heart, and hurriedly explained: "It's also possible that my sister was naughty and came out to play. Now that it's okay, let's go back? Jingyu still doesn't understand the homework taught by the teacher today, so I happened to ask His Royal Highness."

## Chapter 8.

Su Jingyu had a not-so-good premonition in his heart. This matter was strange. He had a premonition that if he stayed here, something he didn't want to see would definitely happen. Both he and the prince are in the high-level academy of the imperial capital, and they are of the same family. Both of them are elements of the wind element, and Su Jingyu deliberately indulges, so he is very close to the prince, and he is already the prince's direct line.

The prince smiled coldly: "This prank dared to be played in the General's Mansion. It is really bold, Jingyu, you have to look it up."

On the tall tree surrounded by the five people, the lush green leaves covered the figures of Su Luo and Nangong Liuyun. Both of them breathed very lightly, so no one noticed.

Su Luo suddenly felt the heat on the back of her neck, and the hot breath lingered on the edge of her sensitive earlobe.

Without waiting for her to react, Nangong Liuyun's evil and low voice jokingly said, "Do you want to see more exciting pictures?"

"Oh?" Su Luo moved her body forward, away from him, looking back at him, and looking into his eyes that were shining like stars in the lustrous flow.

Nangong Liuyun took a close look at the girl in front of her.

Bright eyes and white teeth, the skin is like fat, the mouth is like a pill, and the small face is face up to the sky, but it is far better than heavy makeup, it looks like a spring sun, fresh and pleasant. Especially those eyes, the eyes are full of spring water and clear waves, while the beautiful eyes are flowing, the water is moving.

Beautiful eyes are clear and indifferent, but her expression is even more indifferent. The corners of her mouth are curled into a cold arc, like white clouds, ethereal and void, and like tranquil sea water without waves.

A thought suddenly flashed in Nangong Liuyun's mind, to completely break the calm deep in her eyes, shouldn't it be very interesting?

Suddenly, his strong and powerful slender arm grabbed, and another white and moist finger lifted Su Luo's pointed chin, and a heavy shadow covered Su Luo.

At this critical juncture, Su Luo separated his lips from her with a palm.

"The game hasn't been divided yet, what are you worried about?" Su Luo squinted with a smile, lowering his voice.

"Win or lose? It's just a matter of thought." Nangong Liuyun raised a playful smile on her pink lips. His thick sword eyebrows were raised slightly, and he didn't see how he moved.

Suddenly, there was a scream not far away.

At this time, the prince and Su Jingyu had already turned and left. They had just walked a few steps before they heard a sharp cry of pain from the lotus pond. For a while, everyone stopped.

Su Luo was originally puzzled. When she looked from a high distance and clearly saw the blood on Su Wan's forehead, she couldn't help but froze, and then stared fiercely at Nangong Liuyun, gritted her teeth, and said every word: "You, do, Cons!"

"Is there a rule not to cheat?" Nangong Liuyun began to shame.

Su Luo gave a helpless look at Nangong Liuyun, but the man on the latter's face showed a bright chuckle, and his extremely beautiful face was like a blooming night flower, which was not beautiful.

After being hit by a stone, Su Wan yelled subconsciously, clutching her bleeding head and almost jumping up.

It's a pig! Still the stupid one!

Su Xi was so angry that he couldn't wait to slap the third sister who caused her countless troubles. She originally thought that today was unlucky enough, but she didn't expect the great luck god to even care for her so much!

"Who?!" Su Jingyu shouted to the empty lotus pond.

Who is hiding there? The most hateful thing is that he has such a strength that he doesn't even know that the other party is hiding there, it is absolutely hateful! Su Jingyu is very angry!

## Chapter 9.

There was a look of surprise on the prince's face, as if he was extremely interested in this matter. He stared at the lotus pond for an instant, his eyes gleaming.

"Get out! Don't blame me if you don't come out again!" Su Jingyu guarded the prince, ready to charge for him.

Such a move really won the prince's favor, he patted Su Jingyu on the shoulder, indicating that he could handle it himself.

Inside the lotus pond.

Su Xi's heart is extremely tangled at this moment. If you go out at this time, you will be embarrassed in front of the prince. She has coveted the position of the prince for a long time. If you go out now, there will be nothing.

Forget it, since the third sister caused the misfortune, let her come forward and settle it.

"Remember to give me the cloak when everyone is gone! Otherwise I will beat you to death!"

Su Xi's lips trembled a little after being in the water for a long time. After saying this, she lifted Su Wan's belt and threw her whole body towards the shore.

Su Wan screamed like a screamed pig, screaming like a slain pig. His body with water droplets traversed an arc in the air, and finally landed with a bang. The jade body fell on the shore and was touched. Yellow mud all over the floor.

What's even more unfortunate is that when Su Xi mentioned her belt, it was already loose enough, but now after such a drop, when she fell to the ground, her belt was scattered and the skirt of her clothes split directly.

Su Jingyu's eyes were so wide that it was incredible! An open mouth can stuff an egg.

He would never think of why the third sister would appear on the shore so abruptly, and still in such a shameful way, not to mention that there is still a prince present.

Is she expressing her love for the prince in this way?

This is simply...it is simply...shameless!

The blue veins on Su Jingyu's forehead violently, he took off and threw it on Su Wan, covering the shameful body, and shouted coldly, "Don't get up?"

In front of the prince, he felt that he had never been so embarrassed, and at this moment he felt that his face was burning.

But unfortunately, Su Wan didn't answer his words. She still lay straight in front of the crowd, making people watch, because Su Wan had been fainted at the moment.

"His Royal Highness, the sister in the palace is naughty and mischievous. She accidentally ran into you. Don't be surprised." Su Jingyu bit her posterior molar, with a stiff smile on her face.

While he was talking, he gesticulated and asked his servant to quickly carry the third lady down.

The prince laughed and seemed to be in a good mood. His brothers patted Su Jingyu's shoulder nicely, and smiled, "This is your amazingly talented sister? This way of playing is... eh, special?"

The prince actually met Su Xi, but the problem was that when Su Wan was thrown up, his face was messy, like a water ghost who had just crawled out. Before the prince could see his appearance clearly, Su Jingyu had already covered Su Wan's face with his robe. Living.

So the prince didn't even recognize which young lady from Su Mansion was in front of him.

But the prince said this, but he had his own intention.

As soon as the prince said this, Su Xi in the lotus pond was so depressed and entangled to get angry! She stomped her feet in the water in a hurry.

What is the look in the prince's eyes, it is obviously the third sister, OK? How could it be her Su Xi! Although she was secretly happy that the prince remembered her, it was unforgivable to be misunderstood that the messy appearance was her.

## Chapter 10.

Su Xi really wanted to jump out and announce loudly that it was not her, it was not her... But, in this situation, all she could do was hide behind the lotus flower.

However, she also has a powerful brother.

Seeing that her most precious sister had been misunderstood, Su Jingyu hurriedly explained with a smile, "His Royal Highness misunderstood. Just now, that is not the fifth sister. The fifth sister is gentle and graceful and talented. It is too late to repair the chain. Where can I be mischievous."

A strange light flashed through the eyes of the prince: "Oh? I wonder who is in the house?"

Su Jingyu was entangled. He secretly accused himself of being stupid. Why did he just say that his sister was okay just now, just slander a slave and maid, and now the prince is studying it carefully, how would he answer?

The father has always respected the third sister, and the relationship between the third sister and his mother and younger sister has always been slack. If you can, try not to sacrifice.

Suddenly, Su Jingyu's mind flashed, thinking of a good plan that had the best of both worlds. He raised his voice slightly because of his excitement: "Actually... I'm not hiding from your Royal Highness, that girl is actually...yes..."

"You hesitated and refused to tell the truth, is that girl actually..." The prince's eyes were bright and dark, and his voice was low, which seemed to have some hint.

"Yes, the prince is wise, that girl is actually my inferior fourth sister!" Su Jingyu sighed with relief after saying this, only to feel that the whole sky was bright and the Xu Feng blowing was fresh and good. Smelled.

Fourth sister?

Sitting on the tree, Su Luo was almost swearing.

She's damn, this respectable elder brother is so shameless, he actually pulled her innocent and innocent person out of the tank! She was said to be the one who made the fool out!

She finally knew where her notorious reputation came from. It turned out that as long as one of the sisters did something wrong, the hat would be fixed on Su Luo's head in response to the rumors outside.

The cold light in Su Luo's eyes shone with a cold light. Okay, very good, Su Jingyu, I remember you for the girl, girl I am very stingy, this hatred, you just wait.

Nangong Liuyun looked at the little girl whose face was flickering in front of him playfully, her rosy lips raised a smile, her voice was low and evil, with a dull and sexy taste: "Girl, why don't you go out to clarify?"

"If I go out now, my elder brother will definitely be taken aback, and then dismiss me as a sweeping girl, believe it or not?" Su Luo smiled beautifully, but his white teeth were glowing with coldness.

"But if you don't go out, you won't be the princess, believe it or not?" Nangong Liuyun's red lips are like blood, bright and dazzling, and his handsome eyes are like clear eyes, straight through the heart.

Princess? Su Luo thought about it, and finally found the truth from the memory corner of the original body.

That's right, because when Su Luo was a child, it was said that the bird was possessed by the divine bird, so the queen appointed her to the prince as soon as she was born. Over the years, despite her reputation and the shaky marriage contract, it has not been officially abolished.

Then, Sun Jingyu lied and framed him in front of the prince. First, he was clearing the suspicion for Su Xi and Su Wan. Second, he was solving problems for the prince. Third, it was naturally to clear the way for his baby sister.

Because only when Su Luo gave way to her, Su Xi had the opportunity to become a princess.

Su Jingyu, Su Jingyu... You say, what should I do with you?
