

“Tang Yin murdered a person?” Mr. Audley shook his head. “Miss Tang, I don’t know what you are talking about. The moment we opened the door, we saw your son defiling one of the corpses. Moreover, there were four dead bodies on the floor, and one of them belongs to Mr. Henley from the Henley Family. I believe you know who they are, right? I hope that you will be able to explain it to them properly since your son did such a despicable thing to one of the members of that family.”

When Tang Lishan heard this, she trembled as her phone slid to the ground. How could this be possible? It was such a well-thought-out plan. As long as Tang Yin was lured into the innermost room, she would frame him. However, it seemed that the evidence

now pointed toward the fact that her son was a murderer and a perverse one too.

Tang Lishan did not need to think twice to know that she was missing something. This had to be Tang Yin's work. There were four dead people here. Moreover, one of them was one of the members of the Henley Family.

Tang Lishan had an idea as she quickly picked up her phone to give Yuan Zhian a call. She wanted to know what was going on. In a way, she was hoping that Yuan Zhian would reveal her intentions. Moreover, she wished to see if there was any chance of redeeming the situation.

*Ring! Ring! Ring!*The dial tone continued to ring. However,

Yuan Zhian did not answer the phone at all.

Tang Lishan started to panic. She felt a certain deep-seated terror welling up inside her. Since this misfortune had befallen her son, would she be able to escape from that fate as well?

Moreover, her plan to frame Tang Yin had failed; instead, it backfired on her own son. As long as Tang Yin wasn't a fool, he would definitely know that the mastermind behind this incident was her.

*Thump! Thump! Thump!* At that moment, a drumming sound was heard beside Tang Lishan's ears. She trembled as she widened her eyes in horror while looking at Moody, who was sitting not far away from her.

Moody had lost weight these past few days. His once fit body now looked like a sack of bones. He was scared out of his wits the moment he looked at Tang Lishan.

“Darling, I really can’t hold myself back anymore...” Tang Lishan kept the last remnants of her reason as she pulled out an unknown medicine from the drawers and forced it down Moody’s mouth. Then, she launched herself toward him.

That night, Tang Lishan thought that she was going to collapse. She could not get a hold of Yuan Zhian. On the other hand, the sound of the drums had been heard a total of ten times. Ten times!

Tang Lishan couldn't get down from the bed. Both her legs were trembling very badly to the point where she couldn't wear her shoes properly. As for Moody, he had already died from shock. He had suffered from an overdose.

Furthermore, how could he endure that kind of strenuous activity at his age?

Tang Lishan gritted her teeth and took a deep breath before she called a number. "Is this Dr. Steve? I really need your help now. No matter where you are, can you make a trip here? I don't care how much money it is going to cost, and I will support your research..." After she hung up the phone, tears of hatred started flowing out of the corners of her eyes as she gnashed her teeth together.

Meanwhile, Tang Yin was reading a

report in his hand.

The sun's morning rays flitted through the windows and cast its rays upon Tang Yin's face, making this young man with a youthful aura shine even brighter.

"The policemen found some fingerprints in regards to the incident that happened last night. All of them belonged to Tang E... They simply need to procure some evidence before the prosecutors can charge him..." said Yuan Zhian who had a rosy appearance on her face at the moment.

Tang Yin nodded before he closed the document in his hand. Then, he drummed his fingers gently on the surface.

## Chapter 516 Assassination

“Yesterday night, Tang Lishan kept calling me...”

Tang Yin cocked his head. There wasn't a single trace of emotions in his heart. “What about Pedesi?”

“After Pedesi got wind of her niece's embarrassing incident, they chased her out of the family yesterday night. They said that she brought shame to their family. As for Mojade Company, everybody is panicking now. Some people have begun to stage a protest at the office of the State assemblyman...” answered Yuan Zhian.

“Okay!” Tang Yin nodded before he smiled mockingly. “Let's go. Ask Pei He to make the necessary preparations. We are going to the beach for some

sunbathing.”

“Sunbathing at the beach?” Yuan Zhian was stunned.

Tang Yin smiled warmly and did not say anything anymore. Then, he turned around and walked out the door.

Yuan Zhian was merely stunned for a moment before she followed behind Tang Yin. Her face was flushed. Obviously, the leather whip last night brought her an immense amount of joy.

The entire entourage left the estate. Then, all of them got into the three cars respectively before they left for the beaches of Los Angeles.

It happened to be winter in China, but it

was sunny in Los Angeles. There were many tourists at the beach, and they were in groups of threes and fives. On the other hand, Tang Yin was spotted in a pair of slippers and sunglasses. He then raised the beer in his hand and smiled at Pei He and the rest of them. "Cheers..."

Everybody was affected by Tang Yin's mood as they raised their glasses one after another before chugging it down.

The sea breeze blew from a distance, bringing about a refreshing feeling. Moreover, there was a burst of laughter amongst the lively crowd.

The beach of Los Angeles was filled with beautiful blonde women with blue eyes. All of them had hot bodies, and

they were smiling in a flirtatious manner. Only a person like Yuan Zhian was able to regain some of her confidence in front of them.

Tang Yin was surfing in the sea. His body was as agile as a fish as he continued to ride the waves.

Ever since Tang Yin went to Wuhan, he rarely got to relax like that. After all, he had to face enemies from many directions most of the time. Although Los Angeles was a tad more dangerous compared to other places, he was free to do whatever he wanted here, for he could do a lot of things here without caring what the world would think about it.

“Do you want to join me?” Tang Yin

waved at Pei He, who was standing in the distance.

Pei He's cold and ruthless face finally broke into a smile.

At that moment, in the sea, two graceful figures were making their way toward Tang Yin slowly.

These two figures seemed to not need any air as they continued to stay hidden underneath the sea waters. Their bodies moved at such a considerable degree that they reached Tang Yin's side in the blink of an eye. At the same time, they flipped their wrists, and two sharp knives appeared in their hands. Then, they plunged it in the direction of Tang Yin's abdomen.

## Chapter 516 Assassination

Tang Yin felt that the currents were a bit abnormal, whereupon he reached out one of his hands to touch the bottom of the waters. Suddenly, he felt a stabbing pain near his palm. In that instant, he was shocked. Somebody was attempting to assassinate him.

At the same moment, he felt a stabbing pain near his flanks. The moment he turned around, a wound had appeared at his flanks.

“Show yourself!” Tang Yin bellowed angrily as he increased the force on his right hand and pulled out a figure.
