

## Chapter 501 Changing the Battlefield

Cade was frightened by Tang Lishan's reaction as he saw her desperate, lustful look. It was as if she had an unquenchable thirst for pleasures of the flesh so strongly that he had no choice but to surrender himself to her.

"Miss Tang... you need... you need something to comfort your soul..."  
Father Cade stammered his words while thinking what else he could say.

At this moment, Tang Lishan, who was hugging Father Cade tightly, pinned him down on the long table. In fact, both of them had had a similar adulterous encounter previously. Furthermore, Father Cade was not an actual pastor, and neither was this a genuine private club. Instead, it was a secret organization led by Father Cade that

Tang Lishan frequently kept in touch with.

Being a pastor was just a front for his secret organization. The Sacred Light that he claimed to hold in high regard was nothing more than an excuse to hoax Tang Lishan. As for the black magic from the Orient, he never believed in that, neither did he have a solution to undo the spell.

When Tang Lishan pinned Father Cade down on the table, the desperate look on her face made his blood run cold. Unlike her usual, she seemed even wilder than before, like a mindless creature that knew nothing else but mating.

After a few minutes, Father Cade was

panting while lying on the table, while Tang Lishan's face was still flushed. Even after they were done with their business, Father Cade didn't manage to satisfy her desire. This helped her come to her senses a little, although she still desired more.

"Miss Tang, I'm not fit for this anymore; I'm old. You should look for someone younger. Only a young man can satisfy your desire..."

"I need to see a doctor... A doctor!" Tang Lishan struggled to utter those words as her eyes were filled with fear.

"Alright, I know a doctor who is a member of the American Medical Association. His name is Steve..." With a frightened look on his face, Father Cade

struggled to break free while saying, “Tang, I really can’t hold much longer. Please let me go...”

Tang Lishan refused to let him go while gasping for breath. “Give me his contact, as well as the guest list of the upcoming debutante ball...”

“Alright! Alright! I’ll give it to you...” Cade pushed Tang Lishan away and hurriedly ran further into the hall.

While sitting on the long table, Tang Lishan bit her lips trying to contain her desire.

Father Cade returned with the list in his hands, whereupon he quickly gave it to Tang Lishan, along with Mr. Steve’s contact number.

Tang Lishan then stared deeply into Father Cade's eyes, causing the latter to shiver while shaking his head. "I can't do this anymore. You need to find someone else younger..."

Tang Lishan got up and put on her clothes, before she swiftly made for the door and left. The guest list was important to her, as well as Steve's contact number.

Tang Lishan glanced through the guest list and found Tang Yin's name at the bottom. Then, she recalled a task that Tang Yuanbo had assigned to her before she left Tang Island. She knew that Tang Yin mustn't leave America in one piece this time.

Upon exiting the club, Tang Lishan got

in the car and lightly said. “Darling, please drive to a place with no one in sight...”

“Tang... I think we need some time to rethink our relationship!” Moody looked at Tang Lishan in fear, for he had been tortured by her all this while.

“But we’re husband and wife...” Tang Lishan seductively said.

Upon hearing those few words, Moody couldn’t help but shiver, before he took a deep breath. He was revolted by the words, ‘husband and wife’, because he had no right to object.

After that, they drove to a quiet place and pulled over beneath a streetlight. Then, Moody proceeded to take some

pills to force himself into pleasing Tang Lishan. When they were done with their business, Tang Lishan clenched her teeth, as she felt hatred and anger rushing through her veins.

It was all thanks to Tang Yin's right-hand man Yuan Zhian that she ended up in this state. Therefore, now that they were here in the Americas, she swore to have her revenge on them. Their first battle would be in this debutante ball.

Tang Lishan reached out for her phone and gave her son Tang E a call.

"Regarding the dinner three days later, you need to prepare some..."

"Mom, I've got this..." Tang E smiled, but suddenly changed his voice tone and said, "Is Tang Yin coming? After all, I

heard Tang Yin and a few of his lap dogs just arrived in California today. So, I suppose he will be coming, won't he?"

"You could say so! This time, we mustn't go easy on them!" Tang Lishan took a deep breath and hung up the call.

"Tang, why wouldn't you let Tang Ai attend the debutante ball? I think Tang Ai would present herself better than Tang E would!" Moody said while panting.

"You don't understand..." Tang Lishan said sinisterly.

Tang Ai was a lady, after all. Her maturity might make her a better choice to take on Tang Yin, but if she was drugged the same way Tang Lishan

was, her future would perhaps be ruined. On the other hand, Tang E was a man. Even if he succumbed to the drug and slept around with a few women, he would face nothing worse than mere humiliation, which would gradually be forgotten with time as well.

This debutante ball was not an ordinary one, for it was a death knell for Tang Yin's final moments.

...

By the time Tang Yin's flight touched down in California, it was already a starry night.

"Well, I suppose the grass isn't always greener on the other side, is it?" Tang Yin smiled as he slowly walked out of

the cabin with Yuan Zhian. During this visit to California, the only person Tang Yin brought along was his ace in the hold—Yuan Zhian.

“I’ve spread the word around about our arrival. Therefore, I believe someone will soon come after us tonight!” Yuan Zhian said with a smile.

Tang Yin nodded, knowing the odds that he would be facing. Unlike his safer home, he was at risk of losing his life anytime anywhere in this foreign land.

“Young Master Tang...” Ji Yueshan stood before Tang Yin and bowed down to him.

Tang Yin nodded as he opened the car door and got into the car. The few of

them then hurriedly got into the car and left the airport.

“Young Master Tang, Mr. Pei showed me around the company three days ago when we arrived here, but it seems like it’s not doing really well!” Ji Yueshan rode shotgun, whereupon he looked back and spoke to Tang Yin.

“Kill them all!” Tang Yin only said these three words.

Ji Yueshan shuddered at his words, as he could feel Tang Yin’s intimidating aura.

Tang Yin looked outside the window, his eyes filled with rage and violence. He knew that his father fought his way up to the top with his fists in this very same

place years ago. Otherwise, he wouldn't have managed to show his dominance over those who opposed him.

At this moment, they heard a siren coming from afar. Tang Yin squinted in wonder. "That soon?"
