

Chapter 580 Delay Work

Peidesi and Modric stood at the office entrance, their hearts leaping to their throats. They did not expect Anderson to be so angry.

“Mr. Anderson?”

Anderson lifted his head and glanced at Peidesi. He took a deep breath before saying, “Come in!”

The two of them entered together.

Anderson’s face was dark as he said coldly, “I’ve received a document just now. It’s from Young Master Tang... He said that there’s a problem with yesterday’s handling of the stocks. Thus we have to stop everything right now and cooperate with the Tang Family’s investigations!”

“How did things become like this?”
Modric’s expression changed slightly. *If this is really true, then when can Mojade start operating again?*

“It’s all that b*stard Tang Yin’s fault! That scum did this!” Anderson gnashed his teeth and laughed coldly. “Young Master Tang has fallen into Tang Yin’s hands, so it’s not Young Master Tang who wants me to be investigated but Tang Yin!”

“Then how do we resolve this?” Peidesi asked from the side.

Anderson took a deep breath and waved a hand. “It’s fine. Go back and tell everyone that they can start work in the afternoon. I’ve notified the Old Master of the Tang Family. As long as he

agrees to cancel the investigation, we can still proceed with our operations! Tang Yin can dream on if he thinks that this method would do anything to Mojade!”

“Alright, I’ll go and let the factory workers know!” Modric breathed a sigh of relief. *Apparently, they can start work in the afternoon!* This news relieved him of so much pressure in his heart.

“I’ll inform the other employees as well!” Peidesi nodded and left Anderson’s office with Modric.

Anderson laughed coldly as he watched the two of them leave, then fished out his phone and called Tang Yin.

As the ringing sounded, Tang Yin picked

up the call.

“Tang Yin... I never expected that you’d play childish games with me! Do you think that this will limit my movements?” Anderson laughed mockingly as his tone was taunting. “If this is all you got, then I advise you to leave! Do you really think that I’ll be beaten by just about anything? Young Master Tang, I never expected that you’re so ignorant!”

“Really? Then I’m going to act on it now!” Tang Yin sneered.

“Tang Yin, just give up already! You won’t be able to beat me in America, just like how you weren’t able to beat Old Master Tang! I can set traps for you, but if you set traps for me, you’re just

going to be at a disadvantage! Both suppliers are in my hands now. Do you really think that you're invincible?" Anderson laughed aloud mockingly. "Since I'm able to grab Mojade back, I'm also able to force you to leave America in dejection! We'll see!"

Anderson hung up the phone after that.

He had vented all his fury on Tang Yin with those words. After all, Tang Yin deserved it.

Is this all he got? How could he hope to embarrass me with just this?

Ring, ring, ring!

The phone rang.

Anderson glanced at it and immediately turned polite and humble as he picked up the call.

The Tang Family's old butler's voice came from the other end. "The documents will reach you in the afternoon. You may start operations in the afternoon!"

"V-Very well!" Anderson laughed and hung up, whereupon he threw his phone aside in joy as his smile deepened.

Modric returned to the factory and stood outside the entrance. He roared to the workers surrounding him, "Fellow workers, I can now tell all of you in a responsible way that we did not start operations in the morning because of some jealous villain! However, Mr.

Anderson has resolved this issue perfectly, so we have nothing to worry about anymore. Now I can tell you clearly that we can start work this afternoon! I can swear on my good character that we can definitely start work in the afternoon...”

Listening to these words, the factory workers looked hesitant.

“Can we really start work in the afternoon?”

“Yeah, last time you said in three days, then you said within one week. Now you tell us we can start in the afternoon...”

“Is the company’s planning worth its salt anymore?”

“Everyone, don’t worry!” Modric pressed his hands together. “I swear in the name of God that we can definitely start work this afternoon! All of you should go back and get ready. We’ll start working in the afternoon!”

The crowd was still hesitating, but since Modric had said all this, it wouldn’t be proper for them to question him any more. So, they left one by one, slightly dejected.

Modric watched them leave, then got into the car and left the factory.

What happened to Mojade Company had caused quite an uproar in Los Angeles. However, before noon, news had spread that the Mojade Company could start operations in the afternoon.

Chapter 580 Delay Work

Those who were worried about Mojade became relieved at once. An interview video that Anderson had taken was uploaded to Mojade Company's website at noon, attracting a lot of attention and views.

In the video, Anderson said, "This issue did not affect Mojade in the slightest. Besides, I can tell everyone in a responsible manner that no matter what we face, Mojade will never fear anything that comes our way! This afternoon, we will be able to start operating again..."

The video had been shared many times and attracted intense attention within Los Angeles.

When Tang Yin saw the video, he laughed and got into the car with the

others.

This morning, Ji Youyou, Pei Ruo, and the others left, but Tao Qingfan stayed behind. Tang Yin was surprised to hear that Cen Xia was tearful all the way to the airport when she heard that Tao Qingfan would be staying.

The two of them had argued every day, but when they had to part, they actually cried about it.

“When I go back, I’ll call you!” Cen Xia pouted and said.

“Okay. I’ll call you too!” said Tao Qingfan. She took a few thousand bucks from her pocket and gave it to Cen Xia. “This is for you. Have something nice to eat on the way back!”

“That’s enough! She’s gonna fly back on my private jet, so how could she possibly go hungry?” Tang Yin glanced at the two in annoyance, then turned to say to Ji Youyou, “Be careful on the way back...”

Pei Ruo smiled wickedly at the side. Seeing Tang Yin’s expression harden, she looked away.

The plane flew up into the sky and disappeared among the clouds.

Tang Yin stood in the arrival hall of the airport, waiting for another person’s arrival...

After a long time, someone pushed Hu Song out on his wheelchair and came out of the airport.

When Tang Yin saw Hu Song, he knew that he was going to face up to Tiandihui very soon!

In two days, they would be visiting Tiandihui's leader's base!
