

Edward rose to his feet immediately and ran outside. If this were only the Tang and Hollande Families, Edward would not mind so much. But if other wealthy families were involved too, this would have a huge impact.

The economy of California had been healthy because of the support of these wealthy families. Mojade Company had applied for bankruptcy, and if other companies also fell into financial crisis, the economy of California would collapse and cause uproar in the people. Even Edward as the State Assemblyman could not bear the consequence. By the time, thousands of people would turn to the street to protest!

At this moment, Edward's mind went

blank. He rushed out from the Police Bureau and saw Hollande and others got into the car. Before he could stop them, he was surrounded by the crowd of press and reporters.

“State Assemblyman Edward, what is your opinion on the statement released by those wealthy families?”

“Yes. According to what we know, the successors of those families intend to stop their investment in California. Is it because of you?”

“That’s right. They seem to be concerned with the situation in California now and your capacity as State Assemblyman...”

“California will lose tens of thousands

of the job opportunities. How are you going to explain this to the public?”

“Everyone, I’m sorry. I have not been informed of what has actually happened...” Edward forced a smile, trying to escape from the crowd but was dragged back by someone.

“Mr. Edward, are you not aware of the explosion?”

“We heard that you have ordered the Police Bureau to arrest a Chinaman named Tang Yin...”

“Excuse me, I can’t disclose any information now. But I can tell everyone that the police have always been just and upright in discharging their duties.”

“Do you have any evidence that Mr. Tang Yin was involved in the explosion?”

“Yes. Will Mr. Tang Yin be released or charged?”

Edward was disoriented by the string of questions. He beckoned to the crowd and said, “I hope everyone can stop questioning this matter...”

“Will Mr. Tang Yin be released within the next 5 minutes?”

Edward zipped his mouth and returned to the Police Bureau angrily. He did not expect that the situation would spin out of control as the incident continued to unfold. There was nothing he could do. Suddenly, his phone rang.

## Chapter 526 The Release

Edward picked up the phone and the roar of the Governor reached his ears. “Edward, you fool! What have you done? Why did all the wealthy families call me and say that they are going to divest from California?”

“Mr. Governor, please let me explain. This is not what you think! I’m now communicating with the Tang Family and we will have an outcome very soon...” Edward was panicky.

“Two minutes. I give you two minutes to release Tang Yin right now...”

“Two minutes? Okay! Okay!” Edward agreed immediately. He wiped off the sweat on his forehead and headed to the detention cell. *Two minutes?* Edward wanted to destroy Tang Yin, but he was not gutsy enough. All he could do now in order to solve the problem was to compromise temporarily. “Still no news from that idiot Richard..”

”

*Bang*— When Edward kicked open the detention cell, he saw Richard was grabbing the hair of Tang Yin whose expression was feral. Blood oozed out from the corner of Tang Yin’s mouth. He had been brutally beaten by Richard without any reason. “Mr. Edward...”

“You idiot!” Edward hollered in anger and hurried forward before he gave Richard’s face a blow with his fist. “You have been good for nothing. What do I need you for?”

Richard’s expression was sulky. “Mr. Edward, please give me another half an hour!”

“Half an hour?” Edward snapped,

“Release him right now!”

“W-What did you say?” Richard was startled.

“I said release the man!” Edward pointed at Tang Yin, his face raging. “Are you deaf or what?!”

Anger rose inside Richard as he turned around to face Tang Yin. Tang Yin’s face remained grim and aloof. Even though he was sitting on the chair, his gaze appeared to be looking down on them.

“Brat, consider yourself lucky. If you’re arrested the next time, I can guarantee that you will not walk out of this door so easily!”

Tang Yin watched as his handcuff was

unlocked. He moved his wrist gently and rose to his feet slowly.

“Tang Yin!” Edward gritted his teeth while looking at Tang Yin. “Don’t think that you can run away from here. One day we will arrest you again! Once you step out from here today, I will send a big present to you—a big present that will surprise you!”

Tang Yin stared at Edward coldly. “What a coincidence. I have a huge present for you too!”

“You will never be able to leave America! I have changed my mind; I will not let you leave the country. I will keep you here forever!” Edward snapped, and walked toward the door.

Tang Yin sniggered and gazed at Richard pensively before he turned toward the door as well.

“D\*mn it!” Richard watched as Tang Yin walked away. He kicked the chair in anger.

Tang Yin stepped outside of the Police Bureau and was greeted by a group of reporters. These reporters were waiting outside. The moment they spotted a young man appearing from the door, they swarmed to surround him.

“Excuse me, are you Mr. Tang Yin?”

“Excuse me, what happened to you inside the Police Bureau?”

Tang Yin took a deep breath and said,

“The Police Bureau suspected that I was the culprit behind the explosion, but they don’t have any evidence. They even produced a false statement about the explosion, threatening me to sign on it...”

“My god, how can the Police Bureau do that...”

“That’s right. Is this even the same Police Bureau we know and respect?”

Suddenly, there was a sound of horn from far away. Tang Yin raised his head and his eyes widened. “Move! Move away...”

The reporters continued questioning, but they turned their heads around when they saw Tang Yin’s expression. A truck on fire was moving toward them

from afar and honking all the way.

“Move!” Tang Yin screamed and dashed out from the crowd.

Ten or twenty reporters were screaming while scurrying away. The truck was approaching the Police Bureau without slowing down. Next, it crashed into the building...

*Boom!* With flames shooting to the sky, the explosion echoed through the entire San Francisco.

Edward, who was on the second floor, felt the ground tremble beneath his feet. Next, the desks and cardboards plunged down.

“What happened?”

The assistant rushed in. “Mr. Edward, there is an explosion outside and it is going to get worse. Please evacuate immediately!”

At the same time, Richard dashed in too.

“Mr. Edward, there is a terrorist outside. Please leave here immediately...”

As the last word dropped, a deafening sound of explosion blast. The truck blew up and the entire Police Bureau

started to collapse.

Dread flashed across Richard's face as he turned around and ran toward the outside.

*The Police Bureau is going to collapse and there was no way for Richard to stay here.*

“What happened—” Edward screamed with his life as he was pushed to a corner by the collapsing concrete. The space was only big enough for him alone.

The next second Richard's body was flung out, and dropped onto the ground heavily.

When the booming noise finally

stopped, the whole building of the Police Bureau completely collapsed.

Occasional screams and shouts came from the surrounding streets. Most of the reporters had their attention switched to the ruins of the Police Bureau and they pressed the shutter one after another.

Suddenly, a figure which was on fire dashed out from the Police Bureau. He dropped onto the ground halfway before even reaching the street outside.

Silent, Tang Yin's gaze was unusually cold as he stared at the figure who lay on the ground in front of the building.

After a while, Richard finally ran out. His body was engulfed with flame and his

forehead was dripping with blood.

The arrogant Richard just a while ago had vanished. He had turned into a miserable man who was wailing in flames.

“Help me... Help me!” Richard screamed.

Tang Yin stared at him and remained still.

“Tang... It’s you. You did this!” Richard was furious and rushed toward Tang Yin.

Upon watching this scene, everyone was stepping back in fear of flame.

Richard hollered as his sights turned

blurry. He wanted to ask for help, but the flames on his body burned excruciatingly, as if he was stung by millions of needles all over his body.

“It’s you...” Richard stared into Tang Yin’s expressionless face as his fear spread across his whole body.

*The big present!*

*This is the big present!*

Richard did not expect that it would be over like this with the whole Police Bureau collapsing to nothing! He only knew that he was dying and he was too drained to catch Tang Yin. Finally, he stumbled and dropped onto the ground.

Tang Yin turned his body and walked

toward the crowd.

Meanwhile, Yuan Zhian appeared from nowhere and opened the car door before taking a long gaze at the ruins of the Police Bureau.

*Whoever has hurt Tang Yin must die!*

This was the life motto as well as relentless behaviour of Yuan Zhian.

“I have contacted Mr. Hollande and begged him to pressure the Police Bureau. Mr. Hollande has agreed to this...” Yuan Zhian paused and said lightly, “This explosion was done by the people from Tiandihui this time at the price of fifty million!”

“Hmm...” Tang Yin nodded and leaned

against the car seat without paying too much attention.

Fifty million was not too much to Tang Yin. He could get the money easily if he was slightly more thrifty.

“Let’s go back to the manor...”

“Yes...”

They rode the car and headed toward the manor. At the same time, the firefighters had arrived at the Police Bureau.

The explosion was severe—more than 10 people were killed.

The survivors were mostly the media and reporters standing outside the

building.

The efficiency of the press was demonstrated instantly. The coverage of the news spread across the entire California in a blink. The concern with the order of the country was once again the heated discussion of the town.

The weakness in the law and order was not something new in America despite being the most powerful country. Everyone's concern had always been their own safety.

If such a disaster could happen to the Police Bureau, how would the public feel safe?

The firemen marched to the scene to put out the fire with the high-pressure

water gun.

Finally the fire slowly subsided. Then there were people who rushed into the ruins of the building in an attempt of looking for survivors.

In the corner of the ruins, a few bodies were being pulled out, and one of them was Edward.

His face was covered in blood, but he still looked pretty much alive.

“I know who is the person responsible for this... I know who did this!” Edward lay on the stretcher, hollering to the surrounding crowd, “This was done by Tang Yin. We have solid evidence and I can prove that he is the demon! His aunt Tang Lishan knew how he had

## Chapter 527 Explosion

murdered someone in Audley Villa, how he exploded the private hall, and how he destroyed this place...”

The media could not react immediately when watching Edward screaming and hollering hysterically.

*Tang Yin?*

*Wasn't Tang Yin released a moment ago? He was standing right there and how could he have done all these?*

“It is him... It must be him. I will contact Tang Lishan, and she will be the witness to prove this!” Edward snapped.

“Mr. Edward, can you please explain in detail? What has happened just now?”

## Chapter 527 Explosion

“Mr. Edward, excuse me. Are you sure Tang Yin did this?”

“Of course it is him...” Edward was still hollering non-stop when he was lifted to the ambulance. “It must be him...”

Listening to Edward’s roaring and yelling, the media and reporters fell into deep thought.

*All these are done by Tang Yin?*

When Tang Yin returned to manor, he had received the news.

The video clip of Edward yelling in front of the Police Bureau was forwarded to Tang Yin. It had also attracted the attention of the media.

## Chapter 527 Explosion

“He said Tang Lishan is messing behind...” Yuan Zhian scowled.

“I suppose they want to push all the blames to me!” Tang Yin nodded his head slightly while touching his face. He had been assaulted by Richard, so there was a big patch of bruise on his face, which could be a problem if it was not taken care of.

“Young Master, someone is looking for you outside...”

Pei He walked from behind the door, peeking at Tang Yin.

“Who is it?” Tang Yin was taken aback.

## Chapter 527 Explosion

“He said his name is Luo Guan!”

Tang Yin finally remembered it. Old Man Hu Song had mentioned this person who was from Tiandihui in San Francisco. But Tang Yin did not expect that this person would reach him so fast when he had only returned to his manor.

“I have promised to give them fifty million if all the people from the Police Bureau were killed.” Yuan Zhian said flatly next to him, “We will deduct one million for each person who escapes. According to my undercover, at least six people have run away!”

“Let him in!” Tang Yin beckoned.

After a few minutes, Luo Guan walked in

## Chapter 528 Luo Guan

casually, leading a group of six or seven people. He glanced around and chortled suddenly.

“Let me just say that this junior master knows how to enjoy his life. He must be leading a luxurious life after he found this wealthy family?” Luo Guan did not talk to Tang Yin after entering. After glancing around, he finally paused his gaze at Tang Yin and giggled. “So you are Tang Yin? The named disciple of my junior master?”

“I’m Tang Yin...” Tang Yin nodded his head, starting to dislike this Luo Guan.

“That means you have to address me as your senior? Since your senior is here, aren’t you going to serve me tea?” Luo Guan swayed to sit across Tang Yin, his

## Chapter 528 Luo Guan

flesh bouncing. “We people from Tiandihui respect the rules and orders the most. Although you are only a named disciple, you should at least know this rule!”

Tang Yin frowned. “Serve the tea!”

Yuan Zhian bowed and turned around to make tea.

“Wow... Rich people are indeed different. You have plenty of beautiful women around you. Such a comfortable life...” Luo Guan teased while shaking his head.

“Senior Luo, you have come all the way here. I trust you must have something more than these to tell me?” Tang Yin tilted his head and looked at Luo Guan.

## Chapter 528 Luo Guan

Luo Guan stunned. “What? I don’t like what I said? You are complaining that I’m crude?”

“Nope! I am just thinking that what you said is not helpful to our conversation!” Tang Yin shrugged.

At this moment, Yuan Zhian had carried the tea and placed it next to Luo Guan.

“Tang Yin, why didn’t you carry the tea to me yourself?” Luo Guan scowled. “You let a maid serve me?”

“She is not a maid or servant. Her position is the same as mine.” Tang Yin smiled.

“Same position?” Luo Guan was amused and scoffed. “Alright, whatever

## Chapter 528 Luo Guan

it is. For the sake of the named disciple, I will not embarrass you here! But let us be straightforward. I came here to get the balance 30 million...”

“According to our rule, we have to deduct one million for each person who ran away. There were a total of 6 people who ran away, hence we should deduct 6 million!” Yuan Zhian said, “So I only have to pay you a balance of 24 million, and we will owe you nothing.”

“Nothing?” Luo Guan was startled and leaned backward. “What? What about our relationship? Plus, I have asked my men to deal with the surviving six people, and they will be dead soon. So, what are you afraid of? 30 million, not a single cent less!”

## Chapter 528 Luo Guan

“Fine, 30 million!” Tang Yin raised his arms.

Yuan Zhian was upset, but since Tang Yin had insisted, she had no point to refuse.

“That’s about right!” Luo Guan cracked open his mouth and laughed, sitting with his legs crossed. “I say the men are not as petty as the women! It is only a difference of a few millions, and she can’t even let it go!”

Yuan Zhian’s face turned sulky.

Tang Yin smiled. “Money is a small matter. I will never be stingy to Senior Luo! But since I am released and the Police Bureau has been blown up, we can ignore the six people who are lucky

## Chapter 528 Luo Guan

to survive!”

“No way!” Luo Guan slapped his chest, his flesh bouncing. “Since I took the money, I will finish it for you...”

“The police in San Francisco will definitely start to investigate. There’s no point to get into trouble again!” Tang Yin hesitated.

“Police? So what?” Luo Guan smirked. “Junior, don’t you know the power of Tiantihui? We are not afraid of those few police! In San Francisco, no one is Tiantihui’s enemy!”

Looking at Luo Guan, Tang Yin heaved a sigh. No wonder Old Man Hu Song never came back to visit after so many years. If Tang Yin had such a disciple,

## Chapter 528 Luo Guan

he might not be willing to come back as well.

Yuan Zhian placed a bank card next to Luo Guan.

Luo Guan took the bank card immediately and appeared to be more arrogant now. “Junior, don’t you think this mansion is too big for yourself? If you need some company, just call me and I will bring some people here! Let me tell you, all of them are beauties with blue eyes and blonde hair...”

Tang Yin smiled. “We will see!”

“What? You look down at me?” Luo Guan asked.

Tang Yin scowled, looking annoyed.

## Chapter 528 Luo Guan

Luo Guan scoffed while rising to his feet. “I know rich people like you always have this stuck-up face. Once you are in San Francisco, you are my junior! I will forgive you this time, but next time you’d better show some respect when you see me...”

Yuan Zhian balled her fists, her expression intimidating.

Luo Guan turned to leave, sauntering with an air of authority.

When Luo Guan was gone, Yuan Zhian bit her lower lip in rage. “D\*mn it!”

“Don’t bother...” Tang Yin shrugged. “This kind of person will get into trouble soon.”

## Chapter 528 Luo Guan

Yuan Zhian nodded and said nothing more.

Meanwhile, an uproar was raised in San Francisco.

The explosion of the Police Bureau and the injury of the assemblyman had caused chaos in San Francisco.

The Police Bureau fell into tragedy overnight, and the public was worried. Especially with Edward's words, so many things were revealed.

*Is Tang Yin really involved in the explosion?*

When everyone was speculating, a few policemen were standing next to Edward.

## Chapter 528 Luo Guan

Edward took out his phone and dialled Tang Lishan's number.

After a few ringtone, Tang Lishan's voice came from inside.

"I can settle the matter for you, but you must help me capture Tang Yin!"

Edward was full of hatred as he spoke, "As long as you speak out in the court, Tang Yin can never escape!"

"Okay!" Tang Lishan gritted her teeth.

Edward hung up the call and shouted to the policemen standing outside, "We can arrest Tang Yin now..."

## Chapter 529 Chasing Away

*Tang Yin was only released on bail and he was going to be arrested again?*

“Okay...”

The policemen took a deep breath before walking downstairs.

Lying on the hospital bed, Edward looked exceptionally calm. He knew that it was harder to arrest Tang Yin this time after he was just released on bail.

Since Tang Yin could be released on bail, it meant that someone would still bail him out if he was arrested again.

Edward had considered all these problems but his hatred toward Tang Yin was too great that he could not tolerate anymore. He would not have his

## Chapter 529 Chasing Away

peace unless and until he taught Tang Yin some lesson.

San Francisco fell into chaos. Tang Yin called Hollande after he cleaned his wounds.

After knowing that Hollande had helped him, Tang Yin perfunctorily expressed his appreciation and did not say anything more. He saw no point to be courteous about it as his relationship with Hollande was more than that.

Just then, Yuan Zhian entered the room and whispered, "Someone came with a warrant just now to arrest you, but Mr. Hollande has stopped them with a call..."

"They still want to arrest me?" Tang Yin

## Chapter 529 Chasing Away

curled his lips.

“Yes. Although the warrant is restrained, your movement is also restricted to San Francisco and you cannot leave here! I believe with Edward’s position, the court proceeding will begin very soon!” Yuan Zhian said.

Tang Yin nodded and contemplated for a moment. “It’s alright. Ask Pei He to bring Ji Yueshan to leave tomorrow and go back to Los Angeles to build the company! We can settle it here.”

“Okay.” Yuan Zhian nodded and turned around to leave.

Gazing at the back of Yuan Zhian as she walked away, Tang Yin fell into deep thought.

## Chapter 529 Chasing Away

As San Francisco was veiled by darkness, and the lights became much brighter.

The bustling America could be taken in at a glance.

Tang Yin was standing by the window and overlooking the night view. He took a deep breath.

Mr. Steve's wound had become stable and Jenny had also just awakened. Both of them were highly regarded in the American Medical Association. So when they were injured, it attracted a lot of attention.

It was especially so with Mr. Steve who had a lot of medical accomplishments in the field of children's cerebral palsy.

## Chapter 529 Chasing Away

The explosion of the Police Bureau in San Francisco caused many people—including the policemen in the neighboring city—to swarm into San Francisco.

All of a sudden, everyone became paranoid and restless!

In the base of Tiandihui in San Francisco, Luo Guan was looking at the stacks of American dollars. He leaned on the chair smugly as he smirked.

“What’s the matter? If it were not because of me, how could we get so much money? Thanks to the Master for handing over the base in San Francisco to me before he died. If it had been handed to you, do you think we could get so many benefits?”

## Chapter 529 Chasing Away

Yang Long was silent while looking at the stacks of American dollars. His heart was heavy. From Yang Long's perspective, money was important, but the friendship was more important.

*Money can be gained, but how do you buy a friendship?*

Growing up, the junior master had helped the two of them numerous times. Now the junior master's named disciple got into trouble, yet all they talked about was only money. It would definitely affect the friendship.

"Yang Long, you still do not agree?" Luo Guan scoffed. Then, he picked up two rolls of American dollars and threw them to the front of Yang Long. "This two hundred thousands are yours..."

## Chapter 529 Chasing Away

Although you were useless in this mission, as your senior I will not starve you. Take the money and go to chill for two days. You don't have to worry for the rest..."

"Luo Guan, what do you mean? Are you chasing me away?" Yang Long raised his eyebrows.

"What are you talking about?" Luo Guan chortled. "Yang Long, we have been brothers for so long and you still don't know my personality? I just want you to go relax and chill. Drop the matter for a while. How could I chase you away?"

Yang Long gritted his teeth as he felt something rippled within him.

It was very clear what Luo Guan implied

## Chapter 529 Chasing Away

when he said that; he wanted to chase Yang Long away. When times were extremely difficult in the base of San Francisco, it was Yang Long who had offered his skill and force. At least he was still useful to Luo Guan at that point of time.

*Now that he has gotten so much money and is about to divide them with his men, he wants to chase me away?*

Luo Guan desired to snatch Yang Long's power when he asked him to drop the matter. He wanted him to leave when he said he should go out to relax.

“Okay...” Anger rose within Yang Long. Although he wanted to kill Luo Guan at that moment, he also knew that this base in San Francisco would fall by

## Chapter 529 Chasing Away

itself if the confrontation happened.

By that time, this base would collapse and vanish.

Looking at Yang Long's face, Luo Guan smirked.

"I can leave... but I still want to give you my advice not to send our brothers to death when the situation in San Francisco is so bad now!" Yang Long blurted before he turned around to leave.

"Who the f\*ck are you?" Luo Guan was infuriated. He stood up and pointed to Yang Long. "We are doing business and you think it is suicide? Yang Long, you'd better shut your foul mouth or I will order somebody to break your leg right

## Chapter 529 Chasing Away

now!”

Yang Long took a deep breath and headed toward the basement.

“Long...”

“Long, are we leaving?”

A dozen of brothers suddenly appeared to surround them. All of them were staring at Yang Long angrily.

“Let’s go!” Yang Long heaved a sigh and turned around to face the door.

“Long, we are the one who blew up the Police Bureau. Now the money is paid, but why did we only get two hundred thousands?”

## Chapter 529 Chasing Away

“That’s right. All these are done by our people. Luo Guan and his men did nothing, yet they received so much money?”

“Yes... We can leave, but they must give us the money that belongs to us!”

Yang Long stood still, his face cold. “Do you think money is that important?”

All of them were stunned and their expression changed.

*Although money is not everything,  
without money you are nothing!*

Yang Long glanced around and was upset. This was the place where he grew up. He did not want to leave. But since the base had deteriorated so

## Chapter 529 Chasing Away

much, what else could he do except leaving?

When he was still young, Yang Long witnessed his junior master being isolated. He never expected the same fate would befall him.

Same scenario, same words. Only the people were different from that year!

“Let’s go...” Yang Long turned around, marching forward to leave. “As long as I still keep my last breath, I will not let any of you starve.”

They raised their heads and stared at the direction of the basement furiously before following Yang Long’s steps closely.

## Chapter 529 Chasing Away

Just when he left the basement, someone was rushing toward them from the outside.

Yang Long turned around to take a glimpse but did not bother, leading his men to leave the base.

The man rushed into the basement and flung open the basement door before shouting in panic, “Mr. Luo, bad news... The brothers who went to kill the surviving ones were caught by the police...”

## Chapter 530 Tossing the Trouble to Him

“What did you say?” Luo Guan rose to his feet abruptly, his expression changing drastically. “Isn’t it just killing six policemen. How could they be caught?”

“I’m not sure. It looked like the policemen were acting like a bait. Our men were ambushed when they were about to start...”

Luo Guan was shocked. He balled his fists tightly in anger.

*All of them were arrested?*

After blowing up the Police BUreau, six policemen ran away. He planned to kill all six of them so that he could ask Tang Yin to pay the full amount of money, but he did not expect that things

## Chapter 530 Tossing the Trouble to Him

would develop in this way.

Luo Guan was suddenly panicky and lost his direction.

“Luo Guan, I think we’d better leave here now...”

“Yes...” Luo Guan raised his head and glanced around the surrounding men. “Take the money away before they are confiscated by the police... Quick, don’t waste time!”

They hurried forward and opened the suitcases to keep the 30 million.

It had taken 20 or more suitcases to fill the 30 million.

“Let’s go...” Luo Guan raised his head

## Chapter 530 Tossing the Trouble to Him

and headed toward the outside of the basement.

They went to the basement and started the car engine. Then, they heard the police siren coming from afar.

“What the f\*ck! Who tipped off the police?” Luo Guan was raging hysterically while tossing the suitcases into the car. “Faster... Pack up and don’t leave anything. Do not leave our evidence....”

His men quickly packed up the things and jumped out from the basement before scurrying into the car.

If anyone was arrested, that meant someone had leaked out the information. This was inevitable. Luo

## Chapter 530 Tossing the Trouble to Him

Guan wanted to find out but his effort might go in vain.

The car started. Luo Guan swerved the steering and drove toward the exit.

At this moment, some of the police cars had arrived and put up the road blocks.

Luo Guan's face turned sulky as he stepped on the pedal furiously and was hundred meters away from the police car. However, the siren was getting louder, as if it was only ten meters away behind them.

“Sang Biao...”

Luo Guan took out his mobile phone and dialled his subordinate's number. “Do you know Yang Long's territory?”

## Chapter 530 Tossing the Trouble to Him

“Yes!” Sang Biao answered.

“Lead the police over there!” Luo Guan gritted his teeth and took a deep breath.

“Lead them to Long’s territory?” Sang Biao was stunned.

“That’s right!” Luo Guan said flatly. “We have no choice now unless we lead the police to Yang Long’s territory! Yang Long’s territory is more legal and it will not get into trouble even if the police visit...”

Sang Biao was silent for a few seconds, then he nodded slightly.

*Yang Long’s territory is more legal?*

How many of the bases were legal

## Chapter 530 Tossing the Trouble to Him

outside? Luo Guan knew better than anyone else whether Yang Long was legal. But since Luo Guan had demanded, Sang Biao could do nothing but lead the police over.

The incessant police siren was approaching them from behind.

Suddenly, Sang Biao swerved his car and changed the route, heading toward Yang Long's territory.

Sang Biao did not dare to disobey Luo Guan's order, even knowing that what he was going to do would get Yang Long into trouble. He could only comply.

*It's none of my business!*

This kind of thing was normal for Sang

## Chapter 530 Tossing the Trouble to Him

Biao.

Soon, four or five police cars were following him behind.

Sang Biao frowned and sped toward Yang Long's territory.

At this moment, Yang Long had just arrived at his territory with his men.

All of them were furious when they left the base. Now that they had reached their own territory, the whines and complaints grew louder.

*Life is hard. Who is willing to suffer losses?*

*It's thousands of millions of American dollars!*

## Chapter 530 Tossing the Trouble to Him

“Long, why don’t we bring the weapon and kill that Luo Guan?”

“That’s right. We don’t have to follow his way!”

“It is after all the base of Tiandihui...”  
Yang Long sighed. Although he was burning with rage, he decided to let it go.

This base in San Francisco was the earliest footing of Tiandihui across America. Then, when the economy in San Francisco slumped, Tiandihui had moved its base to Los Angeles. The original footing then turned into a base.

In the commotion ten years ago, Yang Long’s senior master and Master had collaborated to kick Old Man Hu Song

## Chapter 530 Tossing the Trouble to Him

out, which made the place even more desolate.

“The police siren...”

Someone among them had spoken out of the sudden.

Yang Long was taken aback. When he turned around, he saw a black car speeding toward them from the distant street.

Yang Long still had no idea what had happened.

The black car braked in front of them and Sang Biao came out. “Long, police are here. Run!”

“Police?” Yang Long was stunned, then

## Chapter 530 Tossing the Trouble to Him

furious. “Sang Biao, why will the police come here? Why did you lead the police over here?”

“Long, stop talking anymore. Run first!” Sang Biao shouted and rushed into the crowd before he disappeared.

A few police cars stopped in front of them and blocked the road. Fewer than 10 policemen came out from the cars and took out their pistols, aiming at Yang Long and his men.

“Run!” Yang Long was furious as he shouted. He turned around and ran into his territory.

His men ran into the territory while shouting angrily. At the same time, the sound of the gunshot pierced through

## Chapter 530 Tossing the Trouble to Him

the sky.

The guns were shooting as the bullets exploded among the people.

Yang Long was even more enraged, but there was no way to vent.

“Long, Kai was shot...”

Yang Long turned around violently and saw one of his men lying in the pool of blood. There were three or four gunshots on his body; he was unlikely to survive.

“Run!”

“Run, enter the territory first and escape from the back door!” Yang Long roared, his eyes reddened. The police’s arrival

## Chapter 530 Tossing the Trouble to Him

was unexpected and they were following behind Sang Biao. How could he not know what had happened?

This was Luo Guan tossing the trouble to him!

A few men ran into the territory and rushed toward the back door.

This was Yang Long's territory. Sometimes, he would gather some of his men here. But he did not think that they had the capability to confront the police face-to-face.

Everyone knew that leaving was the best option now.

“Go upstairs and take everything...”

## Chapter 530 Tossing the Trouble to Him

Yang Long hollered. It was not because he was money greedy. The documents kept the information of his partners all these years. Yang Long did not mind if he was killed, but he would be guilty if the persons that he had worked with were dragged into this turmoil.

“Long, bad news. The back door has been blocked by the police. We cannot run away now...”

“What did you say?” Yang Long was stunned and his expression was full of shock.

## Chapter 531 The Rescue

“The back door has been blocked! We’re besieged by the police! There’s no way out!”

Yang Long’s face changed tremendously. He had been in this territory for years and he was very familiar with this place. The location of the back door could not be found by most people. *How did the police get the information in advance and block at the back door so quickly?*

*Luo Guan!*

Yang Long immediately burst into anger when he thought of Luo Guan.

*Luo Guan knows the back door, and he knows that I’ll escape through the back door! Luo Guan must have already*

## Chapter 531 The Rescue

*reported to the police. Otherwise, they wouldn't have blocked the back door! This wicked man! Not only did he want to chase me off, he also planned to send me to death!*

“Charge forward!” Yang Long roared his order and instructed his men to go upstairs to get their things. He then grabbed the shotguns and grenades at the territory before he quickly rushed toward the back door.

*Now that things have come to this point, it's useless to say anything else. We have to escape here alive, so that I can get even with Luo Guan!*

“Let's go! Go!” Burning with rage, all of Yang Long's buddies bellowed in anger.

## Chapter 531 The Rescue

They knew that they would die at the territory if they stayed here longer. *It's better to take the risk to fight against the police! Who knows maybe we can escape from here!*

*Boom!* A thundering sound was heard as the back door was blown by three or four grenades thrown from outside.

Gritting his teeth, Yang Long led his men to toss seven grenades.

*Boom... Boom...*

As the explosion began to blare all over the place, Yang Long led his men to rush out of their territory. He knew that they only had a few minutes to escape. If they lost this chance to run away, they would be surrounded by their enemies

## Chapter 531 The Rescue

and die.

As soon as they ran out from the back door, the sound of the gunfire could be heard everywhere.

The sound of the gunshot began to fill the air.

Yang Long was good at fighting. Upon rushing out from the back door, he had already knocked down three or four of his enemies.

His buddies swarmed out after him. A blast of bullets was buzzing and fizzing through the whole alley, which struck fear into their hearts.

“Go...” Yang Long growled. Just when he took a few steps forward, he heard

## Chapter 531 The Rescue

some clinking sounds from far, and his pupils shrank in fear at once.

“Get down!”

*Boom!*

As soon as they got down, a grenade exploded around them.

Yang Long felt a buzz in his head, and his ears became deaf a few seconds later.

“Let’s get out of here...”

Many of the gang members screamed along as they fell to the ground. The alley was horribly spilled with their blood.

## Chapter 531 The Rescue

Only a few of them still had the strength to stand up.

Yang Long's eyes were red in anger. A lot of them who had followed him for so many years perished in this alley!

*"Argh!"Ratatatat...*

The muzzle of the gun was on fire again. Yang Long held the submachine gun in his hand and marched toward the door step by step.

"Long... Get out of here! Hurry up and go!"

"Long, I can't do this anymore. Don't bother about me. Get out of here quick..."

## Chapter 531 The Rescue

“Long, if you can get out of here alive, remember to seek revenge for Luo Guan...”

At this time, these buddies could no longer stand up. Not more than five of them were able to follow Yang Long to break free from this gunfire battle.

Yang Long felt as if a knife had pierced his heart. Anger seeped through every vein in his body.

*Five! Usually there are at least ten people in this territory, and now there are only five who managed to rush out the back door?*

*Clink clink...* More grenades were dropped on the ground from not far away from them.

## Chapter 531 The Rescue

Listening to the sound, Yang Long was stunned for a second before he suddenly burst into laughter.

“Long, it’s grenades again! Get down now!”

Yang Long stood still. A deafening bang was heard from six or seven meters away. Yang Long was pushed away by the force of the huge explosion and fell onto the ground.

*Splash!* A mouthful of blood gushed out from his mouth, and anger filled his eyes.

*Luo Guan, how could you toss the trouble to me and set me up?!*

Yang Long gritted his teeth as he heard

## Chapter 531 The Rescue

uniform footsteps. Police should be on their way here. Once they entered this alley, there was no doubt that Yang Long would die in their hands no matter how skillful he was in fighting.

*Vroom...* Suddenly, the screeching sound of the tire was heard, and a latest version of Hummer sprinted into the alley.

The police who just rushed into the alley were all startled by the arrival of the Hummer, shouting in panic.

The gunshots began to blast one and another. The Hummer was just like a fierce predator, crushing more than a dozen policemen all the way before it stopped abruptly at the side of Yang Long.

## Chapter 531 The Rescue

“Get on!” Wang Jin, who was at the driver seat with a pair of sunglasses, fixed his eyes on Yang Long who was just next to the car.

There weren't any other options for Yang Long. He would definitely die if he stayed here longer. If he got into the car now, he might have the chance to leave here alive.

“I still have a few buddies whom I want to bring along...” Blood dripped from Yang Long’s lips.

“Bring all of them...” Wang Jin said in a deep voice.

Yang Long opened the car door with his gritted teeth. He then carried his buddies who were still gasping for air.

## Chapter 531 The Rescue

Two explosions caused by the grenades had killed about seven or eight of them a while ago. Only five of them were still alive.

As soon as the five of them had got into the car, Wang Jin slammed on the accelerator of the car and sprinted out of the alley.

When the police finally had come back to their senses, they chased after the Hummer while shouting in panic.

*Ratatata...* As a storm of bullets was heard, even the policemen at the end of the alley were shot.

In just a blink of eyes, half of the police squad was severely injured and killed.

## Chapter 531 The Rescue

Meanwhile, Wang Jin had brought the car to a residential area in San Francisco.

The car only stopped in front of an estate in the residential area in San Francisco after half an hour. A dozen men were guarding outside of the estate. Upon seeing that the car stopped in front of the estate, those men quickly hurried toward the car and helped all the casualties out of the vehicle.

Looking at the scene, Tang Yin let out a sigh softly.

Back then when he had a phone conversation with Hu Song, he knew about Yang Long. But he didn't expect the one whom he had been dealing with

## Chapter 531 The Rescue

was Luo Guan.

Tang Yin didn't really like Luo Guan, and he wasn't really familiar with Yang Long as well. However, since they were both the students of Hu Song, Tang Yin felt that he couldn't do nothing and let him die.

“Bring him in for emergency treatments...” Tang Yin waved his hands with an inexplicable emotion on his face.

Yuan Zhian nodded her head while standing next to him. Both Ohashi Miki and Ohashi Iori followed behind her as they walked toward the estate.

As soon as Wang Jin got out of the car, he spoke softly, “Luo Guan is the one

## Chapter 531 The Rescue

behind this. If it wasn't because of him shifting the police attention to Yang Long's territory, this wouldn't have happened!"

Having a dark expression on his face, Tang Yin nodded as he looked at Yang Long.

"Thank you so much for saving me life... I..." Before Yang Long continued his sentence, he spat a mouthful of blood. "...don't know how I should repay your kindness..."

"Say nothing anymore. Let's get into the estate first. The police may come here soon..." Tang Yin patted on his shoulders. Just when he was about to continue to say something else, they could hear the police siren coming from

the outside of the estate.

## Chapter 532 Search Warrant

*They're fast!* Tang Yin knew the cops would be here sooner or later, but he didn't expect them to be here so fast!

*Judging from the situation, instead of chasing after Wang Jin, the police have directly headed toward my estate! It means that these policemen are sure that Yang Long is at my place. Once they find Yang Long, I will be in hot water!*

Tang Yin could have sent Yang Long to somewhere else for hideout instead of here. However, due to Yang Long's current physical condition, doctors with excellent medical skills were needed to treat his wounds. Steve and Jenny were in the estate so they could give the treatments to cure Yang Long and his buddies in the shortest time.

## Chapter 532 Search Warrant

“Go and have a look...” Tang Yin took a deep breath before he led several men to walk out of his estate.

Dozens of police cars stopped outside of his estate. A white detective walked out of the car.

“Sir, we are currently tracking the whereabouts of a Hummer. I hope you could collaborate with us...” Detective Smith gave Tang Yin a smile which looked friendly and warm.

“Oh? I didn’t see any Hummer here...” Tang Yin replied.

“I have made myself very clear. I want to search your estate...” As saying so, Smith raised his wrist to signal his subordinates. “Guys, get ready. We’ll go

## Chapter 532 Search Warrant

into the estate to search every corner!”

“This is a private territory. I don’t think you have the right to do so!”

“Is it?” Putting a fake smile on his face, Smith raised his hand, holding a Desert Eagle and aimed at Tang Yin. “Mr. Tang, this is a special case. I hope you will cooperate with us!”

“What if I say I don’t want to?” With a cold expression on his face, Tang Yin raised his right hand.

As soon as he finished his sentence, more than a dozen bodyguards rushed out from the estate, arming mini SMGs in their hands. They would pull the trigger immediately once the police dared to do something offensive.

## Chapter 532 Search Warrant

“I will be happy to let you in if you have the search warrant. Otherwise, I’m truly sorry that I have to stop you here...”

Tang Yin put on a wee smile. “Please excuse me. I’m heading in for a rest. After all, a lot of things have been going on recently!”

Smith fixed his burning gaze on Tang Yin’s back, watching him leave. He pulled the bolt of the gun in fury while aiming at the back of Tang Yin’s head.

This was indeed a private territory. Hence, it was true that they had no right to enter the estate without a search warrant.

“F\*ck! Go back to apply for the search warrant! The rest of you besiege this estate. They have no way out unless

## Chapter 532 Search Warrant

they can fly!” Smith cursed loudly before he gave the instructions to his men. The policemen then dispersed around the estate rapidly.

This estate was not too big; it was about twenty acres. Therefore, Smith and his team managed to surround the whole estate only in a few moments.

Once they had gotten the search warrant, all these people could enter the estate immediately.

Meanwhile inside the estate, Yuan Zhian softly whispered in Tang Yin’s ear, explaining the situation outside and the number of policemen around the estate.

After a short silent pause, Tang Yin walked toward the basement.

## Chapter 532 Search Warrant

Outside the basement room, Yang Long covered his face with both hands. No one could tell whether the liquid flowed out from his eye's corner was tears or blood. Even though Yang Long was always seen as a tough man, he couldn't help but squat in front of the door and sob.

Jenny came out from the basement room. Her whole body was covered with blood. "The situation is terrible. Two of them are in danger. I'm afraid they can't make it..."

"Doctor, please save them. Please..."  
Yang Long fell to his knees immediately.

Jenny showed a trace of embarrassment on her face before she looked at Tang Yin. "Tang, it's not that I

## Chapter 532 Search Warrant

don't want to save them, but I can't do much as the medical facilities here are too bad for me to carry out the treatment!"

Taking a deep breath, Tang Yin said, "Thank you for your help..."

"Not at all. That's what friends for!" Jenny expressed.

Tang Yin nodded his head. As he entered the basement room, the pungent smell of blood invaded his nose at once.

Yang Long had brought back five of his buddies; two of them were in danger now while another three were very weak due to massive blood loss.

## Chapter 532 Search Warrant

Tang Yin glanced at the later three of them. He then sighed softly and said, “Ask someone to buy some herbs...”

“Yes, sir!” Yuan Zhian nodded her head.

Turning his head around, Tang Yin saw Yang Long’s dejected look, and he didn’t know how to comfort him. It was crucial for Yang Long to help himself out of the sadness. Tang Yin couldn’t do anything even if he really wanted to help Yang Long at this time.

After getting back to the ground floor, Tang Yin called Hu Song to ask about the herbs that could help stop the bleeding. After he jotted down everything told by Hu Song, he asked one of his men to pass the note to Yuan Zhian. Tang Yin also briefly explained

## Chapter 532 Search Warrant

what had happened in San Francisco in the phone call.

Listening to the miserable condition of Yang Long, Hu Song remained silent for a long time on the other side of the phone. At last, he said nothing except asking Tang Yin to look after him.

Tang Yin couldn't decline Hu Song's request, so he had no choice but to promise to do so.

Soon, there were more and more police cars outside the estate, which meant more policemen had arrived.

Yuan Zhian was a little astonished to see the massive crowd of the policemen in front of their estate.

## Chapter 532 Search Warrant

“What should we do? Should we ask for help to disperse them?” Yuan Zhian asked while standing at the side.

Tang Yin remained in silence. *It will probably be too late to disperse the police now. Moreover, these fellas are unlikely to give up so easily since their police station in San Francisco has been torn down too.*

“Tang... Mr. Edward is here...” Ohasih Miki came in from outside with a poker face.

Tang Yin paused in silence for a while before he stood up and walked out of his estate.

*Mr. Edward is here too? I didn't expect this state assemblyman to be so*

## Chapter 532 Search Warrant

*persistent!*

As he walked out to the main entrance of the estate, he could see Edward come out from the car from far.

The explosion in the police station didn't cause any substantial injuries to Edward except a few bruises. Therefore, there was no problem for him to come to the estate in person at this time.

“Mr. Tang... This is the search warrant that you requested. Do you need to have a check on it?” Edward raised a piece of paper with a cold look on his face.

Tang Yin forced a smile and said, “Of course not, sir. This way please...”

“Hmph!” Edward snorted arrogantly as

## Chapter 532 Search Warrant

he marched into the estate. At the same time, he complained, “What a snobbish person. How dare you refuse to cooperate with the police just because they don’t have a search warrant?”

“Since I have always been framed and accused wrongly, I have to be more cautious while dealing with strangers!” Tang Yin smiled as he caught up with Edward’s steps.

With a sneer, Edward ordered, “Search the whole estate thoroughly! Check every corner carefully! There’ll be no exception!”

Tang Yin turned around and glanced at Edward.

“Why? Are you scared? If we find the

## Chapter 532 Search Warrant

culprit here, you will have to receive the punishment according to the laws of America despite being the Young Master of the Tang Family. Even if you were the son of God, you would still not be able to run away from the punishment!" Edward ridiculed with a sneer.

## Chapter 533 On the Verge of Death

Turning around, Tang Yin's eyes were as cold as a knife.

“Nobody could escape from America's laws...” Edward sneered. He then ordered the people behind him, “All of you must find something useful here. Otherwise, none of you will be spared!

The police officers looked at Edward's face. After nodding their heads in a hurry, they immediately rushed into the estate.

Tang Yin was actually very nervous, but he maintained an indifferent expression on his face.

Yang Long and others were in the basement. If they were discovered, he would likely be arrested too. However,

## Chapter 533 On the Verge of Death

Tang Yin couldn't make any move now. He could only pray that luck would be in his favor, so that both he and Yang Long could get out of this crisis.

"The guest room upstairs is clear..."

"The main hall is clear..."

"The backyard is clear too!"

Edwards's expression became extremely ugly as the policemen started to report back to him from the walkie talkie.

"Dude, no matter what means you have, sooner or later I will bring you to justice!" Edward said angrily. He then turned around with gnashing teeth.

"Don't think just because you get lucky

## Chapter 533 On the Verge of Death

this one time, you would get away every time. You can never get away with it!”

“Let’s see then,” Tang Yin responded coldly.

“Oh My God! I found an underground basement!”

Edward was stunned for a moment. Excitement quickly filled his face. “I’ll be there right away!”

Tang Yin’s face sank. Inadvertently, he followed after Edward.

“Are you afraid? You’re hiding those b\*stards in the basement, aren’t you?” Edward said while he turned around. He then fastened his pace to the basement.

## Chapter 533 On the Verge of Death

With a heavy face, Tang Yin followed Edward to the entrance of the basement.

At the entrance of the basement, there was a faint smell of blood.

“Here...”

“Come here...”

The policemen around were shouting, while the police dogs were barking at the basement.

“Go in and search!” Edward roared.

Several police officers nodded. They then entered the basement with the dogs.

## Chapter 533 On the Verge of Death

*Bang BangBang!* There was some sound in the basement, as if someone was banging the desk. Suddenly, the police dogs led by several policemen became extremely violent.

*Crack ...*

After the door of the basement was pushed open, the police dogs couldn't help rushing in.

Under the moonlight, a few people were holding and waving the knife in their hands. When the basement door was being pushed open, the people inside froze. All of them had a look of astonishment on their face.

“Everyone freeze! Stop what you’re doing!” Edward yelled while he strode

## Chapter 533 On the Verge of Death

into the basement. After he glanced at the table in the basement, he hesitated.

The table was full of blood traces while some blood was still dripping from it. Two pigs were ripped open on the chopping board. The scene was nauseous.

*Are these dead pigs the reasons why the police dogs started barking?*

“Mr. Edward, you have broken into my private butchery. I wonder if you have found anything?” Tang Yin asked in a cold voice while standing at a distance. “Don't tell me that killing pigs in my own house would make you feel uneasy too?! If that's the case, you might as well just stay at home so that you won't be scared by others so easily!”

## Chapter 533 On the Verge of Death

“Check it for me!” Edward was biting his teeth. He didn't believe what he saw. It was just a normal pig slaughtering scene.

Several police officers nodded their heads and let go of the police dogs in their hands. Barking, these police dogs rushed to the side of the butchers. For a moment, they hesitated.

The smell of blood was too heavy, and these police dogs also lost their senses.

Standing beside the table, Yang Long was wearing a mask while holding a sharp knife in his hand, pretending to be one of the butchers. The blood from the pigs was mixed up with his own while some of the filth from the pig's intestines were also stained on his

## Chapter 533 On the Verge of Death

trousers. It was very smelly.

“Bring them out! Check these butchers thoroughly!” Edward's anger didn't dissipate.

Yang Long's expression changed, his fingers were grasping the sharp knife tightly.

“Since Mr. Edward has asked you all to go out, just follow his instructions...” Tang Yin waved his hands with a disgusted look while staring at Yang Long, signaling him to calm down.

At this time, all the butchers lined up while they walked toward the door.

The surrounding atmosphere suddenly became tense.

## Chapter 533 On the Verge of Death

If Yang Long's mask was being torn off his face after he went, his identity would definitely be exposed immediately.

As a member of Tiandihui based in San Francisco, all information about Yang Long had long been an open secret in the police station. Almost everyone could recognize Yang Long.

Not to mention that their mission here was to catch Yang Long. Certainly they would have known the information earlier.

"Faster..." Edward shouted.

Yang Long looked at Tang Yin nervously.

Tang Yin took a deep breath. As he was

## Chapter 533 On the Verge of Death

about to say something, Edward yelled, “Take off your masks now and show your ugly faces!”

Looking at each other, the butchers reached out their hands to take off their masks.

Tang Yin was extremely nervous. At this time, a loud sound came from the door.

“What's the matter?” Edward roared.

“A car has rushed out. It's the Hummer...”

“Go after it!” Edward looked back at Tang Yin resentfully. “I hope that the car was not driven out from your estate. Otherwise, be prepared to spend your life in prison!”

## Chapter 533 On the Verge of Death

“Of course not!” Tang Yin was relieved to see dozens of policemen rushing out from his estate.

“Even if the car was not driven from your estate, we would still focus our attention on you!” Edward cursed angrily, “Don't forget, I have my informant! There will be a court session in ten days. As long as a witness identified you in court, you can't leave here!”

“I hope you can succeed!” Tang Yin replied coldly.

“B\*stard...” Edward left in a hurry.

Letting out a sigh of relief, Tang Yin turned around to check on Yang Long.

## Chapter 533 On the Verge of Death

Yang Long was already at his limit and slowly fell to the ground.

“Quick! Get him inside and stop the bleeding!” Tang Yin told the people around him while he walked outside the estate alone. After making sure that all the policemen had left, he was relieved.

“The court will be held in ten days. Will that be bad for us?” Yuan Zhian asked softly.

Tang Yin was silent for a moment.

“Edward might have some evidence in his hands. Otherwise, he would not be so confident!”

“Shall we kill him too?” Yuan Zhian eyes were full of murderous intentions.

“Ohashi Miki and Ohashi Iori have not

shown their skills yet. If it's the two of them, I think they had a high chance in succeeding..."

## Chapter 534 Being Chased Out

Tang Yin knew Ohashi Miki and Ohashi Iori were quite famous for assassinations. When both of them worked together, one could create an instant visual illusion for the other to attack. It was thus a great challenge for their target.

If these two people were being dispatched for this mission, there was a great possibility of success. However, that would not benefit Tang Yin much.

Since the time of the court session had been determined, it wouldn't make any difference. He would have to attend the court session sooner or later.

“Let's hold on first!” Turning around, Tang Yin walked toward the estate.

## Chapter 534 Being Chased Out

The crisis was finally over.

The people inside the estate then went to the sewer of the basement and brought all the casualties out for immediate treatment.

As for Wang Jin, he had driven all the way to the outskirts of San Francisco to destroy the Hummer in a deserted place. Therefore, even if the police did find the two cars, they couldn't find any clues.

In this battle, the police didn't get what they wanted while Tang Yin didn't lose anything. Therefore, Edward was just beating the air.

There were only two people who had suffered heavy losses, one was Yang

## Chapter 534 Being Chased Out

Long, while the other was Luo Guan.

Many of Yang Long's buddies were dead, and his territory was also destroyed. Fortunately, the police didn't find out about the usual business he did with some important people. As for Luo Guan, since his base in San Francisco had been overturned, he became a homeless stray dog.

At this time, in the outskirts of San Francisco, Luo Guan was staring at the subordinates who were rushing toward him with an ugly look on his face.

“Boss, Sang Biao is back...”

“Bring him in!” Luo Guan ordered coldly while he glanced through the people around him.

## Chapter 534 Being Chased Out

There were several elders around him. Their seniority demanded respect although they didn't hold any important positions in Tiandihui.

"I'm sure everyone agrees that since Yang Long has left Tiandihui, he is no longer one of us! I just spoke to the headquarters of Los Angeles. From today onward, Yang Long will be a traitor to Tiandihui!"

"Traitor? Although Yang Long has left Tiandihui, isn't it too much to label himself as a traitor?"

"Oh? Do you think it's too much?" Luo Guan sneered. Standing up, he said, "If Yang Long didn't deliberately reveal our secret, do you think my people would be caught by the police?"

## Chapter 534 Being Chased Out

“Are you claiming that Yang Long had revealed the secret of our base?”

“Is it true?”

“It’s impossible. Yang Long is one of us. He has always been faithful to Tiandihui...”

“Nothing is impossible! This time, my plan is so detailed that no matter how smart the police are, they won’t be able to catch my men! So, I’m sure someone had informed them...” Luo Guan sneered while he waved his hand. “It’s settled then! Besides, I know some of you would think that I am cruel because I’ve led the police to Yang Long's place. I didn’t do that because Yang Long was the one who started it... ”

## Chapter 534 Being Chased Out

The crowd's expression changed. They all looked at Luo Guan in disbelief. They couldn't believe that Yang Long would sell off his own place to the police.

"Luo Guan!" Sang Biao came in from the outside. Looking at the people in the room, he hesitated.

"It's fine! Just say what you want to say. We have nothing to hide." Luo Guan sneered.

Sang Biao nodded. "Just now, after I've led the police to Yang Long, he was about to be arrested. However, someone suddenly came in halfway and rescued him..."

"Who is it?" Luo Guan asked fiercely.

## Chapter 534 Being Chased Out

“I don't know, but I'm guessing it's Tang Yin!” Sang Biao answered.

“Tang Yin?” Raising an eyebrow, he looked around with a sneer. “Did all of you hear that? Yang Long and Tang Yin had colluded with each other. What's more to say?”

Everyone was silent. *If that's the truth, then the possibility that Yang Long had betrayed Tiandihui might be true.*

Tang Yin was well known as Hu Song's disciple! When Hu Song had left Tiandihui, he might have held some grudges against Tiandihui. Since Yang Long had become one of Tang Yin's men, coupled with the case in which Luo Guan's subordinates had been ambushed by the police, he might have

## Chapter 534 Being Chased Out

really betrayed Tiandihui.

“Did Tang Yin think that it's over after he had rescued Yang Long?” Luo Guan sneered while he sat back in his chair. “Sang Biao, go and calculate our loss. Be it the manpower or the properties. make sure you register everything! We’ll go to Tang Yin tomorrow and get all the money back!”

“Tomorrow? Do you think Tang Yin would give the money to us?” Sang Biao’s face sank.

“He will have to pay! He has no choice but to compensate us!” Luo Guan sneered. “If he wants to leave San Francisco alive, he must do so! Besides, if he dares to refuse me, I will expose the fact that he was the one who

## Chapter 534 Being Chased Out

bombed the Police Bureau. By that time, I don't think even the Tang Family can solve it..."

"Ok!" Sang Biao nodded and retreated in a hurry.

Many people at the scene looked at Luo Guan. Their expressions were a little unnatural.

*Is he trying to blackmail Tang Yin?*

"Don't worry! Although our place has been destroyed, we can always rebuild it anytime and anywhere if we have the money!" Luo Guan said with a smile. "Since Tang Yin is here, let's make him worth his while... If not, I don't mind perishing with him."

## Chapter 534 Being Chased Out

The crowd looked at each other in silence. They didn't say anything else.

Since Luo Guan had already made his decision, they were not in any place to say anything.

At the same time, in one of the general offices in San Francisco.

Tang Lishan was sitting in front of Edward with an indifferent look. After placing the material on the table, she said in a soft voice, "This is what I've prepared. It's also the testimony that I'm going to use in court! If Mr. Edward can get my son off the hook, I will testify in court and I promise I will take down Tan Ying!"

"Miss Tang, these testimonies are very

## Chapter 534 Being Chased Out

important to us. I really appreciate your understanding and righteousness... You can rest assured that I will take care of everything. I guarantee that he can come out as soon as possible!” Edward looked at the testimony happily. “If we’ve succeeded in charging Tang Yin, would the Tang Family's problem be solved too?”

Tang Lishan raised a brow. “You’re in no place to ask about the Tang Family!”

“Y-Y-Yes... of course.” Edward nodded. With a smile, he said, “Alright then, about our previous agreement...”

“Don't worry, we will support you when you run for the governor...” After Tang Lishan stood up, she took a deep breath. “However, I have a condition that

you must fulfill...”

“What condition?” Edward inquired.

## Chapter 535 No Value

“If Tang Yin dies here, I want to see both Yuan Zhian and his heads!” Tang Lishan said fiercely.

“No problem!” Edward shrugged. “That's also my wish! Even if they are arrested, we will still have to punish them first...”

“We have a deal then!” Tang Lishan stood up. She then turned around and left.

Edward sat on the chair coldly while holding his pen in one hand. *Crack!* The pen that was commemorative was broken into half.

It was a chaotic day in San Francisco.

After the Police Bureau was bombed, the gangsters in San Francisco went

## Chapter 535 No Value

astray. Although the mayor of San Francisco had mobilized several police forces in the shortest time, it did not stop the city from becoming chaotic.

Tonight, the citizens in San Francisco began to stay at home. If they didn't have anything important, they would never choose to step out from their house.

Even so, dozens of robbery cases had been reported in San Francisco.

Tang Yin went to meet Dr. Steve after he woke up in the morning. After that, he visited Yang Long and his subordinates.

Most of Yang Long's subordinates were dead or injured due to yesterday's conflict. There were only four people

## Chapter 535 No Value

alive, including Yang Long himself. However, the other three people alive were seriously injured. They couldn't get out of bed at all.

“I want to go out, so I hope you can ask your men to protect me...” After Yang Long saw Tang Yin, he immediately began to plead.

“Go out? Are you sure you want to go out at this time?” Tang Yin was puzzled. Yang Long was currently in a situation where the police might arrest him whenever and wherever possible. What’s more, there might be informants outside the estate.

“I must go out. I still have hundreds of buddies outside. I need to inform them of the news...” Yang Long said to Tang

## Chapter 535 No Value

Yin.

“Can’t you use the phone?” Tang Yin was a little surprised.

“Yes... It's impossible to communicate by phone... These men were a group of people that I had personally put together. They will only trust the information that I give them in person!” Yang Long explained.

Tang Yin nodded. “OK. Wang Jin will be with you. Please be careful!” After he had comforted Yang Long, he turned and walked toward the door.

Yang Long looked at Tang Yin in a daze. For a moment, he was speechless. Originally, he thought that Tang Yin would be overjoyed once he knew that

## Chapter 535 No Value

he still had a group of people outside. After all, Tang Yin didn't have much manpower in America. Therefore, it would be a great help to Tang Yin if he could turn this group of people into his. However, Tang Yin just nodded, showing no interest in them.

“Let's go!” Wang Jin said after entering the room.

With a strange look on his face, Yang Long followed behind Wang Jin to the car park.

Yang Long couldn't hold back anymore, so he asked softly, “Tang Yin doesn't need my men?”

Wang Jin was stunned. However, his expressionless face remained the

## Chapter 535 No Value

same. “No! We contacted you before due to an emergency. Now that our men are on their way from Africa, we are no longer short of manpower...”

Listening to these words, Yang Long finally sighed. He had mixed feelings in his heart. He would feel better if Tang Yin had demanded this group of people from him because at least, it proved that he still had some value. However, since this was not the case, it meant that Tang Yin only came to rescue him because he was once the student of Master Hu Song.

In other words, he was greatly in debt of Tang Yin’s kindness!

Coming out from the estate, the car started to speed up toward their

## Chapter 535 No Value

destination.

After Tang Yin was back in the living room, Yuan Zhian had already knelt down beside him with the files in her hand.

“Pei He and Ji Yueshan have rushed back to Los Angeles. The new company is still in the process of registering. I think it will be completed in a week! Besides that, I've just released the news as you instructed. It should attract the attention of the Mojade Company.... ”

As she spoke, Yuan Zhian rubbed Tang Yin's calf gently, her whole body was stuck to Tang Yin.

Ohashi Miki and Ohashi Iori's faces turned red when they saw this scene.

## Chapter 535 No Value

They both knew that Yuan Zhian had some eccentricities, but they didn't expect it to be so serious.

To them, Yuan Zhian was a real devil. They never thought that Yuan Zhian would be more obedient than a cat in front of Tang Yin.

“Bring us some tea...”

Yuan Zhian turned around to glance at Ohashi Miki.

With her head bowed low, Ohashi Miki walked toward the side. After a while, she was back with a teaset in her hands.

There were some merits in the Japanese tea ceremony, so Yuan Zhian

## Chapter 535 No Value

had specially ordered the two girls to show them in front of Tang Yin.

The two girls were very uneasy. They knew that they were no match for Tang Yin. However, Therefore, asking them to kneel down on the ground to serve Tang Yin tea, who was once their biggest enemy, made them feel extremely uncomfortable.

The sound of water pouring down reverberated in the room. After pouring the tea, Ohashi Miki respectfully put it in front of Tang Yin. Then, she knelt down at the side with her hands on her knees.

Tang Yin was not interested in this kind of service. However, since Yuan Zhian insisted, he didn't want to stop her.

## Chapter 535 No Value

“I heard that Japanese traditional dance is very charming. Which one of you would like to entertain us with a dance?” Yuan Zhian smiled while looking at the two ladies.

Ohashi Iori’s expression sank. Instantly, she raised her head. She stared at Yuan Zhian fiercely.

The smile on Yuan Zhian’s face slowly disappeared. With an extremely gloomy expression, her eyes were so fierce as if she was about to eat Ohashi Iori up.

“Alright...”

Ohashi Miki quickly held her sister. She slowly stood up after giving a light bow.

“Sister, why on earth should we dance...”

## Chapter 535 No Value

Ohashi Iori was angry.

Although Ohashi Miki too felt uncomfortable, she knew that if they didn't follow orders, who knew how Yuan Zhian would torture them.

“Young Master, Luo Guan is here...”

Tang Yin raised his head, stunned. The two sisters, Ohashi Miki and Ohashi Iori immediately stood up and leaned to the side.

“Tang Yin, I know that rich people like you know how to enjoy yourself. Can your body bear to do that kind of stuff with three women in this room?”

Laughing, Luo Guan came in with three or five of his men. He casually sat down in front of Tang Yin. “If you can't bear it,

## Chapter 535 No Value

how about giving me two of these women?”

“Oh? Which one do you like?” Tang Yin asked while smiling.

Luo Guan touched his chin while pointing at Yuan Zhian with one hand. “Although those two look quite good, I think they still lack something... I want this woman here. What do you think? If you really don’t want to give her to me, how about asking her to accompany me for one night? I will return her to you the next morning! If you agree, the account between us will be written off. How about that?”

## Chapter 536 Insatiable Greed

Tang Yin's eyes sank in an instant. "What account? What's there to be settled among us?"

"Tang Yin, you won't be so forgetful I supposed?" Luo Guan laughed as if he had heard something funny. He then turned his attention to Ohashi Miki and Ohashi Iori. "Don't you know how to serve tea when the guest is here? What's the matter? Are you dead?"

Ohashi Miki and Ohashi Iori immediately looked at Yuan Zhian. With a serious expression, Yuan Zhian nodded. Her stares were filled with murderous attempts.

Ohashi Miki came forward. After slowly pouring the tea, she then pushed it to Luo Guan's side.

## Chapter 536 Insatiable Greed

“*Tsk-tsk-tsk...* Look at this little hand of yours. It is as fair as a high quality white jade. I can't help but want to touch it...” Luo Guan laughed lewdly while he extended his hand toward Ohashi Miki. Just as he was about to touch her hand, Ohashi Miki immediately retreated.

Watching from the side, fire started to build up in Tang Yin's heart. *Ever since Luo Guan has come in, he's been up to no good. I am sure he's here today for no good reasons too!*

Luo Guan cursed when he failed to touch Ohashi Miki. Swiftly turning his back to Tang Yin, he said, “How can you forget about what I told you last time? Don't you know how you should address me?”

## Chapter 536 Insatiable Greed

Tang Yin didn't say anything. Sneering, Luo Guan threw a piece of paper on the table. "Since you refused to call me your senior, we should go straight to the point then! After the bombing of the Police Bureau, my men also suffered a heavy loss. Besides, I had also taken care of the six people that had escaped at the time... However, who knew the police in San Francisco would be so cunning? Many of my men have been arrested. The police even closed down my place! This is all because I've chosen to help you! Don't tell me you won't admit it?"

Tang Yin squinted. After glancing at Yuan Zhian, he asked softly, "Did I ask you to blow up the Police Bureau?"

"What do you mean?" Luo Guan's

## Chapter 536 Insatiable Greed

expression changed. Looking at Tang Yin disdainfully, he said with a cold voice, “Tang Yin, are you refusing to admit your words? Fine. If you don't want to admit it, make up for the loss then! This time, I've sacrificed a lot in order to help you clean up your mess! If I sum up everything, it would be around 50 million! If you pay me this amount, we would be even. What do you think?”

Hearing his words, Tang Yin only sneered. “Luo Guan, I've never asked you to clean up my mess!”

“Tang Yin, are you trying to act like nothing happened?!” Luo Guan suddenly stood up. Pointing at Tang Yin, he threatened, “Let me warn you, if you don't pay me today, I'll call the police tomorrow! I'll tell the police in San

## Chapter 536 Insatiable Greed

Francisco and all the Americans that you are the one who blew up the Police Bureau!”

However, Tang Yin looked at Luo Guan indifferently. “Luo Guan, if you want to push the blame on to me, you might need to find a better reason! Why would I blow up the Police Bureau in San Francisco?”

“Y-You came to us at that time, asking us to blow up the building. Are you still refusing to admit it?” Luo Guan pointed at Yuan Zhian with anger on his face.

Yuan Zhian’s face was calm. Although she didn’t advert her eyes, she was clenching her fists tightly.

“Who are you talking about?” Tang Yin

## Chapter 536 Insatiable Greed

shrugged. “Luo Guan, I thought you said that you were the one who blew up the building?”

“Weren’t you the one who asked me to blow it up?” Luo Guan gritted his teeth.

Tang Yin smirked. “I didn’t. I’ve never done such a thing...”

“Very well!” Luo Guan bit his teeth while he took a deep breath. “Tang Yin, you’ve got guts! Since you don’t want to admit it, don’t blame me then! If I report this incident, we might end up in jail together! I am just a poor guy! I have nothing to lose! Do you think I would be afraid of you, the Young Master of the Tang Family?”

Tang Yin squinted his eyes which were

## Chapter 536 Insatiable Greed

filled with murderous intention. The atmosphere in the room suddenly became tense.

“Think about it carefully. Do you want money, or do you want to spend your life in America? I know 50 million means nothing to you. Don't trap yourself here forever because of that...” Luo Guan snorted coldly while he turned around to leave the room. “I can give you three days. Think about it thoroughly... I will report to the police immediately if I don't see the money after three days!” With that, Luo Guan left.

Staring at Luo Guan's back, Tang Yin's expression turned extremely dark. He recalled Hu Song's warning that if he were to work with Tiandihui, he would be fighting off his enemy by inviting

## Chapter 536 Insatiable Greed

another one in. Even if they could escape from the police, they would still fall into the hands of Tiandihui.

“Tang Yin, please kill him...” Yuan Zhian said with a sullen expression. “I really hate him!”

Ohashi Miki and Ohashi Iori also felt the same. The lecherous look on Luo Guan’s face was extremely disgusting.

“Not now!” Tang Yin sighed softly. He didn’t know what to do now. He was not afraid of Luo Guan; he was hesitant mainly because he didn’t know how he should deal with Hu Song.

“Both of you, leave us alone!” Yuan Zhian signaled to the two sisters. The two sisters turned toward the staircase,

## Chapter 536 Insatiable Greed

the sound of their footsteps gradually disappearing.

“If we leave Luo Guan as he is, something bad would happen sooner or later! I’m sure you’re aware of this too!” After a moment of silence, Yuan Zhian turned her gaze to Tang Yin. “Should I try getting the evidence back from Luo Guan?”

Tang Yin was slightly stunned. Frowning, he grabbed Yuan Zhian’s chin with one hand.

Although Tang Yin’s grip had hurt her, Yuan Zhian’s body was trembling happily. Her charming eyes became even enchanting while her red lips became particularly attractive, as if they were seducing Tang Yin to kiss her.

## Chapter 536 Insatiable Greed

“I said, not yet...” Tang Yin's voice was cold, as if he was really angry, “You want to get it back from him? How do you plan to do so?”

“I...” After Yuan Zhian's lips trembled for a moment, she felt great joy in her heart. At this moment, she could feel Tang Yin's manliness and also his attitude toward her.

Yuan Zhian obviously knew that Luo Guan was lusting after her. If she wanted to kill him, she might have a high chance in doing so. However, she would need to sacrifice her body for that purpose.

“I don't want to repeat my words in the future!” Tang Yin announced domineeringly.

## Chapter 536 Insatiable Greed

Looking at Tang Yin, Yuan Zhian could feel that her legs were shaking because of her excitement. As if she was bewitched, she then raised her head, put her arms around Tang Yin and crashed her sexy lips on his.

## Chapter 537 Mind Control

Caught off guard, Tang Yin was easily pounded by Yuan Zhian. Feeling the heat of her red lips on his, his mind seemed to burn by a flame.

At this moment, Yuan Zhian was pouring out all her suppressed feelings for Tang Yin. Like an octopus, she tightly clung herself on Tang Yin. Without caring about anything, she pinned Tang Yin onto the sofa with her body weight, as if she was trying to melt herself onto him.

Her nearly perfect figure had greatly stimulated Tang Yin's desire. His senses were extremely sensitive when hugging her.

They were entangled together, but Yuan Zhian was taking the lead wildly. Her

## Chapter 537 Mind Control

lips were bleeding from kissing too hard.

However, Yuan Zhian didn't seem to notice this. Even if she did notice it, she was unwilling to stop herself.

The sound of their rapid breathing echoed through the room. When Yuan Zhian was about to take off Tang Yin's belt, Tang Yin stopped her action.

With a fierce look, Tang Yin stared at Yuan Zhian indifferently. Even when his face was full of her saliva, he was warning her with his stern look.

Looking at his face, Yuan Zhian's heart was beating rapidly. Then, her body softened. Resting on Tang Yin's chest, she couldn't move her body.

## Chapter 537 Mind Control

Tang Yin didn't say anything. Holding Yuan Zhian in his arms, his other hand slowly roamed her body until it was on her plump chests. Then, he forcefully gave them a squeeze.

After being together for so long, their relationship was no longer as pure as before.

Tang Yin also knew that if he planned to keep Yuan Zhian around, sooner or later, he would bed Yuan Zhian. However, if he chose to chase her away, Yuan Zhian would definitely go mad and resort to self-destruction.

*This is a difficult decision.*

“I am sorry. I am too greedy...”

## Chapter 537 Mind Control

“No!” Patting her head with one hand, Tang Yin whispered, “I don’t want to hurt Ji Youyou...”

“I don’t want to hurt her too!” Yuan Zhian said firmly. “Tang Yin, please believe me. Ji Youyou is the last person that I would want to hurt! I will find a suitable opportunity and a suitable reason to confess to her!”

“Ji Youyou is not as naive as you think...” Thinking of the lady who was blushing all the time, Tang Yin chuckled. “Since she has allowed you to stay by my side, this shows that she won’t stop you from getting close to me!”

Yuan Zhian was slightly stunned, thinking that Tang Yin might be true.

## Chapter 537 Mind Control

“It's my problem. I'm not ready yet... We should wait for a while!” Tang Yin shook his head.

Yuan Zhian nodded. However, she remained in Tang Yin's arms, refusing to get up.

“Are you sure you could control those two sisters?” Tang Yin wanted to change the topic. After all, what he was talking about with Yuan Zhian before was too dubious. “Yes. Have you heard of the baptism of thought before?”

“Is it brainwashing?” Tang Yin was slightly stunned.

“Yes, that's right! I've talked to many psychiatrists before. Only through brainwashing could a person truly offer

## Chapter 537 Mind Control

his loyalty! If this pair of sisters could stay around, I will be well protected. Even Ji Youyou's safety could be attended to! I initially wanted to instill my thoughts into them after I've destroyed their mental state. However, I realized that their mental states were not particularly complicated. Therefore, there's no need to destroy them..." After thinking for a while, she continued, "Now, I am constantly adding my thoughts on them. I want to change their perception of the society and the world..."

Hearing Yuan Zhian's words, Tang Yin felt a chill.

If this method did succeed, the two sisters would become Yuan Zhian's playthings.

## Chapter 537 Mind Control

“What should we do with Luo Guan?”  
Yuan Zhian went back to the first question.

“Be patient...” Tang Yin said after taking a deep breath. “We haven’t met the end yet so there’re still many problems that we couldn’t see! We could only find out the person behind all this by that time...”

“Are you trying to lure Tang Wei out?”  
Yuan Zhian suddenly realized Tang Yin’s intention.

“Be patient...” Tang Yin only repeated the same thing.

Yuan Zhian knew that since Tang Yin had made the decision, he must have his own plan. If she kept on pestering him, she would ruin his mood.

## Chapter 537 Mind Control

Therefore, Yuan Zhian decided to keep her mouth shut.

After a while, Yuan Zhian finally got up from Tang Yin and left.

Tang Yin took out his phone, he called Hu Song to inquire him on Luo Guan's matter.

Hu Song only replied, " He is just too ambitious!"

Analyzing Hu Song's words, Tang Yin had made the decision. Since Hu Song had made such a statement, this meant that Luo Guan was not someone important to him.

If that was the case, Tang Yin had enough means to deal with Luo Guan.

## Chapter 537 Mind Control

*Three days?*

*I'm running out of time then!*

At this time, Yuan Zhian had already come down to one of the rooms downstairs.

Ohashi Miki and Ohashi Iori were resting in the room. When they saw the arrival of Yuan Zhian, they immediately became on guard. Although they had spent a few days with Yuan Zhian, their resistance toward her never stopped.

*“Follow me...”*

After she said that, Yuan Zhian walked out from the room.

Ohashi Miki and Ohashi Iori exchanged

## Chapter 537 Mind Control

a glance. After they stood up, they followed Yuan Zhian all the way out of the estate.

“Do you know how to fly a helicopter?”

“No,” Ohashi Miki replied softly.

“You don’t?” Yuan Zhian frowned. Looking at them in disgust, she continued, “As a bodyguard of the Tang Family, can't you even maneuver a helicopter? That’s unacceptable! Do you know how huge the Tang Family is in this world? They could easily impact the world’s economy with a few words! Every bodyguard of the Tang Family has their own means. Yet, you don’t even know the basics like flying the helicopters.”

## Chapter 537 Mind Control

The two sisters were speechless. They were both embarrassed.

“What about the tank?”

“No...” Ohashi Miki shook her head again after she hesitated for a while.

“Then, do you know how to use laser weapons?”

“We have never used that kind of thing before!” Ohashi Iori stared at Yuan Zhian angrily.

Yuan Zhian’s face was cold. “This is what you lack! To be a bodyguard of the Tang Family, these skills are essential! From today onward, you must learn all these... Even if you leave the Tang Family in the future, it will benefit you

both! After all, both of you are really useless now...”

## Chapter 538 A Despicable Interview

Ohashi Miki and Ohashi Iori turned gloomy. In that instant, they stared at Yuan Zhian in anger and embarrassment.

“Since you’ve entered the Tang Family, I won’t let you leave the place empty-handed.” With that, Yuan Zhian turned around and walked toward the backyard. “You can learn a lot of new skills and knowledge here... More importantly, you will share the glory of the Tang Family!”

The sisters hung their heads low, clearly in a dilemma.

Knowing that her initial goal had been achieved, Yuan Zhian put on a smile.

This was a brainwashing process as

## Chapter 538 A Despicable Interview

well as a mind control method. By slandering and belittling them, Yuan Zhian made them feel like they were worthless. In return, she raised the status of herself, Tang Yin and even the entire Tang Family to the point where they fell into a misconception that the Tang Family and Tang Yin were the supreme presence.

This was a very dangerous mind control method, which was favored by Yuan Zhian.

Upon leading the sisters into the backyard and arranging for them a series of training, Yuan Zhian turned to leave.

She was in total control of the sisters now. Even if she wanted them to kill

## Chapter 538 A Despicable Interview

themselves by slitting their stomachs, they would probably do it.

For the entire day, the sisters learned many new things.

The more they learned, the more they found themselves miserable, and the more they felt that the Tang Family was powerful. Yuan Zhian also chose a few people to brainwash the sisters how formidable the Tang Family was, and that no one could go against Tang Yin.

The result of this kind of mind control couldn't be achieved in one to two days. However, when the effect took place, it was irreversible.

For the past two days, Tang Yin had been under constant surveillance. After

## Chapter 538 A Despicable Interview

Yang Long and Wang Jin left the place, they never returned. However, Tang Yin knew that they would be safe outside.

After all, Yang Long had been living in San Francisco for a long time. No matter what situation he faced, he would be able to thrive.

The second day after they left, Pei He had founded a company in Los Angeles, and the legal person was himself.

The news sent a shock wave across Los Angeles.

When the tens of thousands of Mojade Company's employees learned the news, they were flustered. Under the lead of the union leaders Modric and Pedesi, they started a strike on the

## Chapter 538 A Despicable Interview

street.

Hearing the news, Tang Yin told Pei He to stop all of Mojade Company's production lines and cease all their businesses.

As a result, the Mojade Company's employees became even more furious.

However, Tang Yin was unfazed. Since they wanted to put on a strike, then they had to think about the consequences.

Three days later, Luo Guan came over with someone, but he never managed to meet Tang Yin. Yuan Zhian was responsible for serving him. According to Tang Yin's order, she postponed the date by a few days until the day before Tang Yin's trial. The reason was that

## Chapter 538 A Despicable Interview

they had no money.

Luo Guan was infuriated. Upon making a fuss, he turned around and reached for the door.

When Tang Yin learned that, he put on a faint smile and questioned, “Is there any news about Tang Wei?”

“No, Shan Xuezhu never received any information!” Yuan Zhian replied.

Tang Yin nodded and counted the days with his hand. New Year’s Eve was just three days away. If nothing unusual happened, the people from Wuhan should arrive soon.

In the afternoon, Wang Jin returned in a Bentley. She was followed by a carcade.

## Chapter 538 A Despicable Interview

She got out of the car and opened another door, whereupon Ji Youyou came out.

Blushed, Ji Youyou gazed at Tang Yin and said, “I’ve come along with Cen Xia. She said that she wanted to visit you...”

“Oh... Don’t you miss me?” Tang Yin laughed and slowly walked over before hugging his fiancée passionately.

Perhaps it was because they were surrounded by many people that Ji Youyou appeared to be nervous. Right then, Cen Xia jumped out of the car and cried, “Tang Yin... Tao Qingfan cheated again. How could she bully a child?”

“It’s you who lost. How could you say that I bullied you?” When Tao Qingfan

## Chapter 538 A Despicable Interview

got out of the car and saw Tang Yin and Ji Youyou embracing each other, she cocked her head in discontent.

“Has your hair grown?” Tang Yin smiled and reached out to touch Tao Qingfan’s head.

“Don’t touch me...” Tao Qingfan turned around and held Cen Xia’s arm as they walked toward the manor.

“I’m not going with you. You’re a cheater!” Cen Xia struggled.

Pei Ruo left the car and shook her head helplessly with a laugh. Cen Xia and Tao Qingfan had argued all the way and never taken a rest. They would have gotten into a fight if Pei Ruo and Ji Youyou never stopped them.

## Chapter 538 A Despicable Interview

“Let’s get in. It’s a new year soon...” Tang Yin smiled and led them into the manor.

“I heard that the situation is getting bad. All of the media in San Francisco have been questioning your integrity, is that right?” Pei Ruo asked gently.

“Yes... it’s all about the trial five days later. I have an interview this afternoon. They’re coming to look into my conscience!” Tang Yin laughed helplessly.

“Yes, I’ve started preparing since receiving the information you sent me. Although I know little about American laws, we can get an expert over, and I’ll give some advice on the side...” Pei Ruo replied.

## Chapter 538 A Despicable Interview

Tang Yin nodded, feeling upset.

For the past few days, Edward had gathered all the media and released the news claiming that Tang Yin was the mastermind behind the explosion case. Be it the merciless murder case in Audley Villa, or the explosion case of Cade's private hall, they were all Tang Yin's doing.

Tang Yin could only remain silent about it.

Upon entering the manor, they went to their assigned rooms.

In the afternoon, Tang Yin received the appointed journalist from San Francisco.

## Chapter 538 A Despicable Interview

She was a woman in her thirties named Lilith. She looked intellectual, but the questions she asked made Tang Yin feel extremely displeased.

“Mr. Tang, I would like to know whether you feel guilty after plotting those explosion cases. After all, the people who lost their lives were all innocent...”

Tang Yin tilted his head and sneered, “I’m all praise for Mr. Edward’s slandering move.”

“So you think Mr. Edward is slandering you? But the evidence is right before our eyes. Are you still going to deny it?”

Tang Yin laughed. “I have done nothing illegal, so I won’t admit any crimes.”

## Chapter 538 A Despicable Interview

“Are you sure? I got the news that you’re the mastermind behind these crimes. Are you still going to refute it?” Lilith adjusted her brown hair, looking harmless. “This will not be beneficial to you. If you admit your crimes, maybe you’ll get a lighter sentence.”

## Chapter 539 Taking Action Five Days Later

“I said before that this case has nothing to do with me!” Tang Yin kept a polite smile. “Everyone knows that there’s concrete evidence to show that Tang E was the culprit behind the murder case in Audley Villa. I was a victim myself when the explosion happened in Father Cade’s private hall. Mr. Steve and Miss Jenny can testify to that. And, about the explosion case in the police station that you mentioned, I was just outside the station, so do you think I had time to do all these?”

“Alright, it seems that you’re an obstinate person...” Lilith smiled and rose from the chair. “I’ll honestly report what I’ve heard today. I hope that you’ll receive the final adjudgement!”

Tang Yin stood up as well. Looking at

## Chapter 539 Taking Action Five Days Later

this beautiful woman before his eyes, he felt repulsive.

She looked normal on the surface, but she could make irresponsible assumptions. She was making things up and distorting the truth. Perhaps it was a distinct characteristic of the American media.

With a gloomy expression, Lilith led the staff and walked out of Tang Yin's manor.

"He never admitted it. No matter what tricks I used, he just wouldn't reveal it."

"Should we look into the matter from another perspective?"

"What do you mean?" Lilith cocked her

## Chapter 539 Taking Action Five Days Later

head and looked at the police officer beside her.

“He has a good rapport with Hollande. If you interview Mr. Hollande, maybe you’ll make some discovery!”

“That’s a great idea. Let’s make an appointment with Mr. Hollande.” Lilith hastened her pace and shook her head while saying, “The trial is just five days away. Hopefully we’ll be able to bring Tang Yin down within five days.”

They left the manor in a car.

Standing in front of the windows in the manor, Tang Yin gazed at the leaving figures with a heavy heart.

A moment later, Yuan Zhian walked into

## Chapter 539 Taking Action Five Days Later

the house. “Tang Yin... Luo Guan had called again to say that he’s building a new base, and he wants the money today.”

“Today? Didn’t we postpone it to five days later?” Tang Yin scowled.

“He said that we have to give him 10 million today, otherwise he’ll contact the police right away!” Yuan Zhian gazed at him.

Tang Yin sneered, “This brat is too greedy. Tell him that we don’t have 10 million, but we can give him 5 million for now, and the rest will be paid out five days later!”

“Okay!” Yuan Zhian nodded and turned to leave the house. Upon composing

## Chapter 539 Taking Action Five Days Later

herself, she called Luo Guan.

They had to deal with a deplorable man like Luo Guan with care, otherwise he would pounce on them and destroy them at any moment. Both Yuan Zhian and Tang Yin could not afford to be careless.

After transferring 5 million to Luo Guan, Yuan Zhian turned gloomy.

Walking downstairs, she saw Tao Qingfan and Cen Xia bickering with each other in the living room. Ji Youyou was drinking tea on the couch, while Pei Ruo was nowhere to be seen.

Ohashi Miki and Ohashi Iori kneeled beside Ji Youyou and carefully poured tea for her.

## Chapter 539 Taking Action Five Days Later

Yuan Zhian was pleased with what she saw. The fluster and sympathy that Ji Youyou inadvertently showed had an impact on the sisters. They were probably thinking that Ji Youyou was the kindest person in the house.

That was probably the most attractive part of Ji Youyou's temperament.

Right then, a Mercedes-Benz moved into the manor.

Yang Long got out of the car with a pair of sunglasses on his face. Upon taking a look at the manor, he turned around and walked toward the basement.

The basement had been cleaned up. Three of his injured friends were staying there. After settling the matters outside,

## Chapter 539 Taking Action Five Days Later

he had to come back and take care of them.

“Long, is it true that only Liang and the other two are alive?”

Yang Long halted his steps and nodded with a cold expression.

“Are all our friends dead?” He Shuizi questioned.

“Yes, they’re all dead... It’s the police and Luo Guan who killed them!” Depressed, Yang Long slowly walked into the basement.

“Luo Guan!” Furious, He Shuizi said through gritted teeth.

He Shuizi was Yang Long’s confidant.

## Chapter 539 Taking Action Five Days Later

He wasn't in the hall that night, therefore he escaped from the disaster.

Three days ago, he returned to the hall and realized that the place had been sealed. He had no choice but to go into hiding, but he couldn't reach Yang Long.

Yang Long contacted him yesterday and brought him here.

“Long, we can't forget the matter just like this. So many of our friends have lost their lives. Why don't we go back and kill Luo Guan?” He Shuizi hastened his pace and followed Yang Long into the basement.

Yang Long remained silent for a while and decided not to say a word.

## Chapter 539 Taking Action Five Days Later

Upon entering the basement, they saw their three badly injured friends on the beds.

He Shuizi's eyes reddened. "Long, what do you think we should do? Why don't I bring along our people and kill Luo Guan directly? We still have about 300 people outside. It should be easy to kill him!"

Yang Long never said a word. Looking at the three friends in a coma, his gaze was filled with struggle.

"Long, please say something. Did our friends die for nothing? Do so many of us follow you just to get bullied in return? Do we deserve to be killed by Luo Guan? If that were the case, then we were just pieces of trash!" He Shuizi snarled.

Chapter 539 Taking Action Five Days Later

Yang Long raised his gaze. "It's not the right time yet! You just have to get ready. We'll retaliate five days later!"

"Really?" He Shuizi was surprised.

"Yes, five days later..." Yang Long closed his eyes and clenched his fists so forcefully that the veins on his forehead bobbed.

He Shuizi turned around and left the basement. Upon letting out a breath, he started calling his people.

Hatred could never be suppressed. *An eye for an eye, and a tooth for a tooth!*

At that time, Lilith's first report about Tang Yin had been published and circulated across San Francisco in the

evening.

‘The guilty man would never admit his crimes. He’s a demon after all...’

The headline successfully affected the public opinion in San Francisco and caused countless people to reprimand Tang Yin.

“Tang Yin is a scumbag... He’d better not bump into me on the street, otherwise I’d beat him up!”

“Yes, we have to teach him a lesson...”

“He should be killed...”

## Chapter 540 Something Unusual

Lilith was satisfied with the commotion that her report had caused. At the end of the report, she also mentioned that she would continue to pursue and report on the matter.

In that instant, all the citizens of San Francisco were impressed by her.

Lilith put down the evening newspaper and nodded with satisfaction. “How’s the appointment with Mr. Hollande?”

“He’s free this afternoon...”

“We’ll go there right away!” Lilith grinned and smoothed her brown hair. Her gaze was filled with excitement.

That was the best kind of emotional swing a self-centered and career

woman should have.

The car moved along the roads of San Francisco and reached Hollande's estate.

Hollande should have returned to France by now, but he had stayed back because of Tang Yin's case.

Although they rarely met each other after coming of age, Hollande still vividly remembered the time they spent together when they were kids. Perhaps friendship was a luxury for a nobleman. Therefore, Hollande was appreciative of his friendship with Tang Yin.

"Sir, they've arrived."

"Let them in!" Hollande smiled faintly.

## Chapter 540 Something Unusual

His blonde hair seemed to make him look more vigorous.

The old butler nodded and turned to leave. Then, he led Lilith and her entourage into the living room.

Hollande was surprised when he saw Lilith, for the female reporter was more beautiful than he had imagined. Even Daisy was no match for her charisma.

“Hi, Mr. Hollande.” Lilith smiled and extended her right hand to shake hands with Hollande.

“Hi!” Hollande stood up gentlemanly and held Lilith’s hand, which was silky smooth. “I must have saved the world in my previous life to have the chance to be interviewed by such a beautiful lady!”

## Chapter 540 Something Unusual

“You’re humorous, Mr. Hollande.” Lilith smiled gently. Her gaze was filled with joy.

“Then shall we start? Oh yes... You may not know that I love one on one interviews. If someone else is beside me, I’ll spout nonsense. Miss Lilith, if you want to pry some secrets, why don’t you tell your entourage to go somewhere else? What do you think?” Hollande smiled in an upright manner.

“Oh...” Lilith hesitated for a moment and told the cameramen behind her, “Set up the cameras and turn on live recording. I’ll have a personal chat with Mr. Hollande.”

“Alright!” The cameramen nodded.

## Chapter 540 Something Unusual

Hollande grinned in an increasingly excited way. As he watched the cameramen set up the cameras and leave the room, he shifted his attention to Lilith.

“Then... shall we start?”

“Okay!” Lilith smiled politely. “Mr. Hollande, how close are you to Tang Yin? I heard that you also attended the debutante ball in Audley Villa. Did you notice anything unusual?”

“Anything unusual?” Hollande grinned and fell into his own thoughts. *If there’s anything unusual, it was Daisy’s silky smooth body, which made me feel good to embrace her.*

“Yes.” Lilith stared at Hollande with an

## Chapter 540 Something Unusual

expectant expression.

“There was really something unusual. That night, I felt that something was off. Maybe it had something to do with Tang Yin...” Hollande shook his head and continued, “You should know that he wasn’t welcome at that time... Oh, sorry, I might have revealed too much!”

“No, you should spill it. I will give you the courage to tell what happened that night in detail.” Lilith’s gaze gleamed as she felt that she had found a clue.

“Give me the courage?” Hollande shook his head while laughing. “My source of courage normally comes from a woman’s passion... For example, their bold and crazy love...”

## Chapter 540 Something Unusual

Lilith was startled. As she watched Hollande extend his hand and touch her thighs, she tensed up in an instant. However, she didn't feel repulsive to the blonde nobleman before her eyes. Perhaps it wasn't overboard to do something with this handsome man in order to get the secrets.

“Mr. Hollande, you should know that I'm a journalist.” Lilith smiled but never stopped him.

“Hahaha... It reminds me of what Tang Yin told me when we were younger... He said that journalists are equal to sluts!” Holland guffawed and leaned in until their mouths were just inches away. “I'm fond of you...”

Lilith was bewildered, for she didn't

## Chapter 540 Something Unusual

understand the word ‘slut’ in Chinese, but she was certain that Hollande had quoted what Tang Yin said.

“I’m fond of you too...” Lilith made up her mind. She was willing to do anything to get Tang Yin’s secrets.

Hollande’s grin widened as he whisked across her face and collarbones before placing his hand on her plump bosom and stroking it.

“You’re so attractive. I can’t wait to have sex with you...” As Hollande spoke, he gently untied her hair and closed his eyes before sniffing it.

“Mr. Hollande—”

“Don’t say a word, and don’t ruin the

## Chapter 540 Something Unusual

atmosphere!” Hollande said gently. Then, he unbuttoned her shirt and took it off before inching closer to her.

Like a princess, Lilith could feel in her heart that she was being treated gently and respectfully.

This kind of feeling made her heart throb for the nobleman before her eyes.

“Come on... I’ll be gentle!” Hollande laughed and kissed her as his hands wandered around her body.

Lilith totally lost herself in his embrace. She hugged him back and responded to his passion.

Suddenly, her gentle move turned into a passionate one. However, Hollande’s

## Chapter 540 Something Unusual

move became increasingly lighter, which caused Lilith to feel that her thirst couldn't be quenched, and her need couldn't be satisfied.

“Dear, I need you...” Lilith was burning in desire.

Hollande softly bit her earlobe and whispered, “I want you too... I know that you're investigating Tang Yin. I think I'll help you... because you're attractive...”

“I love you so much!”

“I love you too...” Hollande smiled and kissed her neck. “I want to know whether your entourage will reveal what's happened today. After all, I'm a nobleman...”

## Chapter 540 Something Unusual

“Don’t worry. They won’t. They’re all cameramen, except for one plainclothes policeman...” Lilith draped her arms around his body.

“Oh? A plainclothes policeman? Why is there a policeman with you?”

“Mr. Edward has assigned him to me to ensure my safety!” Lilith moaned, “Dear, please do it to me.”

“Does it mean that... Mr. Edward knows what you’re doing? He even assigned a policeman to you. Did he tell you to do this?”

## Chapter 541 Something Unusual About the Meng Family

Lilith came to her senses at once. She recalled that Hollande had a good rapport with Tang Yin.

Right then, Hollande stopped being gentle and started responding to her passionately.

Lilith was fascinated by the sudden move and started enjoying herself.

“Dear, you haven’t answered my question.” Hollande smiled charmingly.

“Mmm... It’s... Mr. Edward who told me to do that...” Draping her limbs around his body, Lilith trembled and felt like she was on cloud nine.

Hollande grinned as he hugged her and changed into different positions.

## Chapter 541 Something Unusual About the Meng Family

The sex ended more than 40 minutes later. Looking at the mess in the room, Lilith suddenly blushed.

“Dear, you haven’t told me what was unusual that night!”

Hearing that, Hollande guffawed and hugged her smooth body. “About the unusual event that night... We have to start with Miss Daisy! She hated Tang Yin and me very much. However, for some reason, she was willing to follow me to a hotel and made love with me! Don’t you think that was unusual?”

“What?!” Lilith was stunned. “This is what you mean by ‘unusual’?”

“Of course. What else do you think it was?” Hollande asked, pretending to be

## Chapter 541 Something Unusual About the Meng Family

clueless.

Lilith fell into a daze and recalled the entire process. Then, she rose from his embrace in a fury and put on her lingerie before she turned around and snarled, “You’re a b\*tch! How was it unusual? Do you consider having sex with a woman as an unusual event?”

Hollande sneered, “What? Is it not?”

Upon putting on her clothes, Lilith turned to leave the room and slammed the door.

A moment later, the cameramen knocked on the door and came in.

“Mr. Hollande, I have to take the cameras back...”

## Chapter 541 Something Unusual About the Meng Family

“Go on!” Without any clothes on his body, Hollande lay on the couch and spread his arms before he said with a smile, “Hey man, Lilith is wonderful in sex. If you want her, you should have sex with her. She’ll give you a totally different experience!”

The cameramen smiled in embarrassment and left with the cameras in a hurry.

Hollande shrugged and rose from the couch. Upon reaching the corner in the room, he suddenly bent his body. “Was the angle of the camera good? Hopefully it’ll be one of my best works this year...”

Hollande’s promiscuity was a well-known fact in the elitist circle. Many

women knew that he was a womanizer, and he had slept with countless women over the years. However, as this involved personal privacy, nobody really wanted to talk about it.

After the interview, San Francisco resumed its usual peace for the next two days. Soon, it was Chinese New Year's Eve.

Only the Chinese cared about the New Year's Eve.

Tang Yin told the servants to clean up the entire estate, prepare an ample dinner, and place some fireworks in the backyard. Then, he took a seat in the living room and enjoyed some wine.

The atmosphere of New Year's Eve

eased up his tension.

“Tang Yin, Happy New Year...” Cen Xia rushed over with a glass of juice. There was some juice on the corners of her mouth because she was in a hurry.

“Happy New Year...” Smiling, Tang Yin stroked her head and took out a red packet.

“Thanks, Tang Yin.” Cen Xia took over the red packet happily and ran away.

“Where’s mine?” Tao Qingfan jumped in and extended her hand before saying firmly, “I don’t want the same amount of money for the kids. Give me 30 million at least.”

“I can give you three thousand. 30

million? Forget it.”

“Tang Yin, don’t forget that I slept with you—” As soon as she slipped out those words, she suddenly remembered where she was at the moment. “Don’t forget that I beat someone up with you in the past. How can you give me only three thousand? What do you think I am?”

Everyone had shifted their attention to Tao Qingfan, who blushed and explained, “I was saying I beat up someone with him...”

“You didn’t sleep with me, so three thousand is more than enough!” Tang Yin mocked and took out the thinnest red packet before stuffing it into her hands. “Just take it.”

## Chapter 541 Something Unusual About the Meng Family

“How can you do this to me?” Tao Qingfan pouted her lips and turned to Ji Youyou with a tearful gaze.

Ji Youyou was flustered. “I have a red packet with me...”

“Youyou, don’t give it to her!” Cen Xia held Ji Youyou’s wrist.

“Cen Xia, you’re doomed. I will win all your red packets sooner or later!” Tao Qingfan growled.

Everyone gazed at Cen Xia and Tao Qingfan and burst into laughter. After all, they were the youngest among them and bickered with each other every day. Sometimes it was difficult to know who would win the argument.

## Chapter 541 Something Unusual About the Meng Family

The Meng Family didn't have a good time in Zurich during New Year's Eve.

After the dinner, Meng Wan's stomach started churning. Her family members were shocked and summoned the doctor before sending her to the delivery room.

"Her due date is still some time away. Could it be an early birth?" Wang Yiling tensed up as she held Meng Sizhi's arm and questioned.

Meng Sizhi was solemn as well.

"Maybe..."

"What should we do?" Wang Yiling was frightened. She wasn't nearly as nervous when she was involved in the incident on Tang Island.

## Chapter 541 Something Unusual About the Meng Family

“Relax. This is our hospital, and we have all the best doctors here. So what if it’s an early birth?” Meng Cuiping sneered.

“Meng Cuiping, what do you know? You’re unable to bear a child, so how would you know the pain of giving birth?” Wang Yiling snarled.

“Who says I can’t bear a child?” Enraged, Meng Cuiping stood straight up and pointed at Wang Yiling. “Alright, you can bear a child, but you’ve only given birth to a child after so many years! Isn’t it your fault that the Meng Family has only one descendant?”

“Shut up!” Seated on the chair, Meng Guanghe chided, “Cuiping, sit down!”

“Why should I sit down?” Meng Cuiping

## Chapter 541 Something Unusual About the Meng Family

growled.

“If you frightened the child inside, you’d be the sinner of the Meng Family!” Meng Guanghe reprimanded.

“How could the child be frightened when it isn’t born yet?” Meng Cuiping was unresigned, but she still decided to sit down in a fury.

Meng Guanghe coughed. “We have to keep it a secret that Meng Wan is giving birth to a child. This child belongs to the Meng Family. Therefore, regardless of gender, the child will have to bear the surname of Meng!”

Right then, the crying of a baby was heard inside the delivery room.

## Chapter 542 All the Love in the World

In that instant, everyone outside the delivery room tensed up and stared at the door.

Meng Sizhi stood up and waited for the news from inside anxiously. Wang Yiling directly pushed the door half-open and almost went in.

“Don’t fret! Don’t you all remember my teaching? Keep calm in the face of any major event!” Although Meng Guanghe was nervous himself, he forced himself to calm down.

“Yes, yes, yes... We have to keep calm!” Meng Sizhi agreed and turned around. “Why don’t we think about what we should eat later? What about a hotpot for celebration?”

Chapter 542 All the Love in the World

“All you know is hotpot!” Meng Cuiping snarled.

“Then what do you want to eat?” Meng Sizhi refuted.

“All you know is eat!” Wang Yiling chided, “Your daughter is giving birth inside. Why on earth are you thinking about food now?”

*Click.*

The delivery room door was pushed open as a woman in her fifties came out.

“Congratulations, Mr. and Mrs. Meng, your daughter has given birth to a girl.”

“A girl?” Wang Yiling was overjoyed

## Chapter 542 All the Love in the World

upon hearing that. “That’s wonderful!”

“Why is it a girl?” Meng Cuiping was angry.

“What’s wrong with a girl? I wanted a granddaughter. It’s great that she’s given birth to a girl,” Meng Sizhi snorted. Although he was normally tolerant of his sister, he couldn’t back down in a situation like this.

“How could a daughter inherit the family business?” Meng Cuiping growled.

“Why can’t a daughter inherit the family business?” Meng Guanghe questioned as he looked at Meng Cuiping disdainfully. “When have I ever favored men over women? As a daughter of the Meng Family, have you ever been

## Chapter 542 All the Love in the World

mistreated by me?”

Meng Cuiping had wanted to refute him, but upon giving it a thought, she found her father reasonable. There weren't many old-fashioned rules in the Meng Family, and Meng Guanghe treated both his son and daughter equally well.

“I'll have a look.” Wang Yiling couldn't stand it anymore and pushed the door open. When she saw the weak Meng Wan, she felt sorry for her. “My daughter, you've had a hard time...”

“Yes, it must have been hard for you. Where's the child?” Meng Sizhi inquired anxiously.

Meng Wan's face flushed, and her forehead was beaded with sweat. “It's a

## Chapter 542 All the Love in the World

daughter... Where's my child?"

"She's here!" Meng Guanghe said with a huge grin.

She was a premature baby. Perhaps it was because she was born earlier than the due date that she appeared to be weak. At that moment, she was lying in the incubator with her eyes closed. Sometimes, her limbs would twitch.

"Let me see my granddaughter," Meng Sizhi said excitedly.

"Go away. Don't you see that your father is here?" Meng Guanghe chided and pushed Meng Sizhi away. "How could you lose composure easily at your age? How are you going to inherit the family business?"

## Chapter 542 All the Love in the World

Meng Sizhi rubbed his nose in embarrassment.

Meng Guanghe turned around and beamed at the child in the incubator. “Look, she’s really the Meng Family’s descendant. Her face looks just like ours! Hey, Cuiping, transfer all my shares in the company to this little baby!”

Meng Cuiping turned gloomy. “You just said that my brother wasn’t sedate. Dad, you’re in your seventies. Do you look sedate now?”

“What on earth do you know? Can’t I be happy seeing my great-granddaughter?” Meng Guanghe snorted and shot a disdainful look at Meng Cuiping. Then, he turned to Meng Wan with a smile.

## Chapter 542 All the Love in the World

“Meng Wan, it’s been difficult for you to give birth to such a brilliant child for our family. I have a reward for you. The family heirloom will be yours!”

“Thanks, granddad!” Meng Wan replied in a weakened voice. In fact, she didn’t really care about the heirloom of the Meng Family. She just wanted to see her daughter.

“You can transfer the shares to her, but she doesn’t even have a name now, so how am I going to do it?” Meng Cuiping was unresigned.

“Then name her. What’s the big deal?” Meng Guanghe scoffed and straightened his back. “Come on, any suggestion? She’s the first child in the fourth generation of the Meng Family,

## Chapter 542 All the Love in the World

so her name must sound great!”

“You can just call her Meng Sidai.” Meng Cuiping rolled her eyes.

“Get out and prepare for a hotpot for the celebration later!” Meng Guanghe shot a look at her.

Meng Cuiping moved a little, but she wasn't willing to go away. Although she was sharp-tongued and hot-tempered, she was really good to Meng Wan. Looking at the latter's child, her heart softened.

“She'll be Meng Nianyin...” Blushed, Meng Wan parted her lips and said shyly, “I had a dream last night. The Heavens told me to name my daughter Meng Nianyin...”

## Chapter 542 All the Love in the World

Hesitation was written all over the faces of the Meng family members, but they didn't refute Meng Wan directly.

Since they had doted on Meng Wan for so many years, they were willing to love her for decades more. Due to the fact that she was the only descendant in the third generation, she had gotten all the attention and love from all her family members, and nobody thought it was a problem.

"I don't agree with it... It's apparent that you still miss that jerk!" Meng Cuiping was displeased.

"I agree with it!" Wang Yiling said, "What does it have to do with you whom my daughter misses? You can bear a child on your own. She's Meng Wan's child,

## Chapter 542 All the Love in the World

and her name will be Meng Nianyin.”

“Alright, Meng Nianyin then!” Meng Guanghe swung his hand. “Tell someone to make preparations. We can’t hold a public party to celebrate it, but we can’t mistreat her too. Buy two islands tomorrow and name them Nianyin Islands.”

This time, no one refuted it. After all, this child probably wouldn’t have a chance to enjoy her 100th day party or any birthday, therefore they had to compensate her with other ways.

Meng Nianyin, inside the incubator, gazed at them and pressed her lips together as her dark eyes darted around, which elicited a laugh from the Meng family members.

## Chapter 542 All the Love in the World

On the first day of Chinese New Year, the Meng Family had gotten a daughter, and her name was Meng Nianyin.

The child, who had all the love in the world, had gotten properties most people wouldn't be able to earn in their lifetime. The Meng Family's shares had mostly been transferred to her. She had also gotten two islands and a child castle that occupied hundreds of acres of lands in Zurich that the Meng Family had built.

This was just love from the Meng Family, which had not included the affection from the Tang Family. Unfortunately, the Tang family members weren't aware of the existence of Tang Nianyin. If they found out about it, Jiang Hui probably would come to Zurich in a

## Chapter 542 All the Love in the World

battleship and directly snatch her granddaughter away.

The Meng family members had prepared a proper hotpot.

Seated in the main seat, Meng Guanghe swept a glance over his son, daughter-in-law and daughter before saying coldly, "Since the child is born, there are a few things that I need to warn you so that you won't make a mistake and regret it for the rest of your life!"

## Chapter 543 A Warning

“Dad, what’s the matter? You look serious.” Meng Sizhi picked up a piece of mutton and stared at Meng Guanghe.

They all knew Meng Guanghe full well. He was rarely so solemn, therefore they put down their chopsticks and looked at him curiously.

Meng Guanghe said coldly, “Although the child bears the surname of Meng, her father is Tang Yin, and no one can change that! We all know that the competition within the Tang Family is fierce, so Tang Yin might be killed at any moment. Let me make myself clear. Someone in our family may not like Tang Yin, but I have to tell her that... He can be killed, but the killer shouldn't come from the Meng Family!”

## Chapter 543 A Warning

With that, everyone shifted their attention to Meng Cuiping, who was the only one who didn't like Tang Yin in the Meng Family.

With a gloomy expression, Meng Cuiping hung her head low and remained silent.

“Our family doesn't have many descendants, hence I treasure every one of you. If the child grew up and learned that it was a Meng family member who killed her father, would she still love our family?” Meng Guanghe raised an eyebrow and said glacially, “I know you don't like Tang Yin, and you can watch on the side when he's dying. However, if you're involved in the cause of his death, I will never forgive you!”

## Chapter 543 A Warning

“Dad, why are you telling me this?”  
Meng Cuiping raised her head and questioned.

“This is just a warning! If you’re involved in his death, I will kill you myself!” Meng Guanghe said firmly and unquestionably.

“Don’t you know that Tang Yin is in a crisis now? Tang Wei is making a move and going to give him a fatal blow soon. No one can be sure how long he’ll stay alive. Are we going to help him then?”  
Meng Cuiping refuted.

“Whether you want to help him, it’s up to you. I won’t disagree with it if you want to give him a hand. However, if you go against him... I mean what I said. I will kill you!” With a dark expression, Meng

## Chapter 543 A Warning

Guanghe slammed on the table.

Unresigned, Meng Cuiping said through gritted teeth, “But Tang Yin is bad to our family—”

“There is no but! Otherwise, leave the Meng Family now and never come back!” Meng Guanghe reprimanded.

Meng Cuiping hung her head low and gnashed her teeth together.

Meng Sizhi was stunned. It never crossed his mind that the birth of Meng Wan’s child would implicate so many aspects of their lives. He had to admire his father for his thorough considerations. If the Meng Family were involved in the death of Tang Yin, the child would be a time bomb in the

## Chapter 543 A Warning

future.

“Dad, you said we could help him?”

Wang Yiling raised an eyebrow.

“Of course!” Nodding, Meng Guanghe picked up a glass of wine and took a sip. “It’s up to you whether you want to help him! We won’t tell the Tang Family the truth behind the child’s birth.

However, if they found out and asked about it, we would just admit it! We have to be always honest and upright.”

“Okay!” Wang Yiling nodded and said in a weird tone, “Actually, I have high hopes of Tang Yin. Although he isn’t together with Meng Wan now, it’s just a matter of time that they would reunite. Meng Wan is a stubborn child, and Tang Yin is probably the only man in her life.

## Chapter 543 A Warning

Therefore, we have to help him!”

“Alright, you’ll go to America tomorrow and see how you can help him. Just lend him a hand!” Meng Guanghe said.

“No way. The child has just been born. As her grandma, I have to stay by her side. You guys can go without me,” Wang Yiling mumbled. Upon eating something, she put down the chopsticks. “This is the first day of Chinese New Year, so I’ll give my granddaughter a red packet. Go on with the dinner!”

The room fell into silence. After Wang Yiling was out of sight, Meng Guanghe picked up a glass of wine and gulped it down in a hurry. “You guys just eat more. I’m old and can’t eat much. I’ll go

see the child now.”

“I’m going as well.” Meng Sizhi rose from the chair.

“Why are you going?” Meng Guanghe snarled, “Why are you snatching my place? Stay here and finish all the food before you can go!”

Meng Sizhi was flabbergasted and hurriedly lowered his head.

In a good mood, Meng Guanghe hummed a song and walked toward Meng Wan’s room.

*The Meng Family has a descendant! This is wonderful news! Hmm... our employees will have a one-month vacation then!*

## Chapter 543 A Warning

The Meng Family was making preparations for the celebration of Meng Nianyin's birth.

Meanwhile, the media in San Francisco had been unreasonably reprimanding Tang Yin's doing.

For the past few days, the media had gone against Tang Yin, especially after Hollande and Lilith had sex. After Hollande dumped the female journalist, things went from bad to worse.

Every day, all of the headlines of every media outlet were about this matter.

Dozens of newspapers were placed on Tang Yin's desk. Most of the headlines claimed that he was a murderer, and he had to be sentenced to death.

## Chapter 543 A Warning

Tang Yin picked out one of them and tossed it at Hollande. “This is all your doing. My trial is taking place tomorrow. Don’t you have something to say?”

“Hey man, don’t mind the details. You have to know that the female journalist was wonderful. Her moan was fantastic.” Hollande giggled with a lecherous look.

“Are you confident about the trial tomorrow?” Tang Yin laughed.

“Of course! I’m a man of my word, so I’m going to fulfil my promise! Don’t worry. You won’t be the male lead tomorrow, for I, Hollande, will be the only protagonist.” Hollande guffawed.

“I shall witness your show tomorrow

## Chapter 543 A Warning

then...” Tang Yin pushed the documents forward.

“Don’t worry!” Hollande rose from the chair and clicked his tongue. “Your wife is beautiful, but I’ll restrain myself.”

Tang Yin shot him a stern look.

Hollande left with a laugh. He even waved at Ji Youyou in the distance.

Tang Yin stood up and watched Hollande leave before drawing a deep breath.

“I’ve made the necessary preparations for tomorrow’s trial.” Pei Ruo walked in.

Tang Yin nodded.

## Chapter 543 A Warning

Yuan Zhian came in as well. Upon casting a glance at Pei Ruo, she lowered her head and whispered to Tang Yin, “Luo Guan said that if we don’t give him the money before the trial begins, he’ll testify in court!”

“Okay, tell him that he’ll receive the money before the trial tomorrow.” Tang Yin nodded.

Yuan Zhian turned to leave.

“Are you really giving the money to Luo Guan tomorrow?” Pei Ruo had gotten the gist of the story after a few days of asking around. She would never believe that Tang Yin would easily pass all the money to Luo Guan.

“What do you think?” Tang Yin looked at

her and smiled faintly.

## Chapter 544 The Trial

Pei Ruo was startled when she saw Tang Yin tilting his head. Her heart was filled with bewilderment. That was a strange yet familiar feeling. It was as though they had returned to the time when they just met each other, which she dearly missed.

In fact, they had met each other pretty early on. When Tang Yin got the support of Miao Bai, Pei Ruo was the first person he met.

At that time, Pei Ruo was experienced in love affairs. She was generous and nonchalant when she faced Tang Yin. Whether it be the time when she sent him home in her car, or when they burst into laughter in the elevator, she had considerable control over the situation.

## Chapter 544 The Trial

As time went by, Tang Yin had grown to be much stronger. However, Pei Ruo had lost her advantage when facing him. Then, he relocated to Shanghai for some time. As they slowly lost contact, their relationship eventually became distant.

Facing Tang Yin's mockery now, she couldn't help shooting him a feigned angry look and turned to leave in a charming manner.

Tang Yin never expected that she would have this kind of emotional swing. He smiled faintly and never took it to heart.

Under the night sky, all the media in San Francisco started another series of attacks on Tang Yin.

## Chapter 544 The Trial

With the reports written by Lilith and other certain journalists, Tang Yin became a merciless serial killer anyone would be afraid of.

In such a situation, some people finally found Tang Yin's manor in the dark and started throwing stones at the house. They even cursed him.

Inside the manor, Tang Yin smiled at the farce outside.

Standing beside him, Ji Youyou held his hand and looked worriedly at him. "The trial is taking place tomorrow. Will you be alright?"

"I'll be alright!" Smiling, Tang Yin stroked her head and let her lean against his shoulder.

## Chapter 544 The Trial

“Tang Yin... I’m afraid.” Ji Youyou hung her head low and blushed before saying, “Do you think I’m useless?”

“Nonsense.” Tang Yin grinned and replied softly, “You’re very useful. Don’t you know that without you, the world would have descended into chaos?”

“How could it be so serious?” Ji Youyou laughed and flushed.

Tang Yin smiled without saying a word. In fact, he knew in his heart the real use of Ji Youyou. As long as she was here, the people around him would stay, and the most dangerous Yuan Zhian would have vital support.

If Ji Youyou were not here, and when he faced such a situation again, no one

## Chapter 544 The Trial

could have guessed what would happen.

Perhaps the real use of Ji Youyou was to calm and stabilize the people around them.

After dark, Tang Yin carried Ji Youyou back to their bed. As he hugged his own fiancée passionately, they fell into a deep sleep.

The next morning, the atmosphere in San Francisco turned intense.

It was the day of Tang Yin's trial.

The morning papers exaggerated by claiming that this was the trial of the century so that they could attract the attention of all Americans.

## Chapter 544 The Trial

No matter what the result would be, Tang Yin was made famous in America.

At eight o'clock in the morning, Tang Yin had scanned through all the newspapers of the day. With the help of Ji Youyou, he changed into a set of proper suits. Upon hugging and kissing his beautiful fiancée, he turned to leave.

"Tang Yin..."

Halting his steps, Tang Yin turned around and looked at her in shock.

"I'll stay here and wait for your return!" Ji Youyou said with a nod.

"Be careful!" Tang Yin smiled gently.

"Alright!"

## Chapter 544 The Trial

At that moment, Tang Yin could truly feel at ease. Perhaps it was Ji Youyou's presence and her word that enabled him to have peace of mind.

It was a sort of indescribable and nostalgic feeling.

Yuan Zhian and Pei Ruo were outside the house. After Tang Yin came downstairs, they opened the car doors on both sides and let him in.

Then, they entered the car from both sides and sandwiched him.

The carcade set off to the San Francisco Superior Court.

After the carcade left the manor, they saw a big group of crowd standing

outside with banners in their hands.

Lilith was wearing an expensive one-piece dress. With a microphone in her hand, she stood in front of the camera and shouted, “The carcade of the main culprit Tang Yin has left the manor. We can see that the nearby residents are disdainful of him. I don’t know how I should describe my feelings now, and I don’t know why such a demon exists on this planet... Dear audience, please rest assured that we’ll continue to update you on the latest developments...”

“Demon, go to hell!”

“Tang Yin, get out of America!”

“Make him leave. He doesn’t deserve to step on our soils!”

## Chapter 544 The Trial

The crowd started cursing Tang Yin. These banner-holding people were blinded by the media's rhetoric and reprimanding him unreasonably now.

“Guys, follow up. Let's go to the court together and give pressure to the judge. We must make the judge sentence Tang Yin to death,” Lilith got into the car and said to the people around her.

They nodded and started convening the crowd.

In the car, Tang Yin looked at the scene outside with a solemn expression. He was nervous deep in his heart. Although the anxiety wasn't caused by this matter, his hands were still drenched in sweat.

## Chapter 544 The Trial

“Don’t worry. We’ve made all the preparations,” Yuan Zhian said gently. Then, she turned to Pei Ruo. “Pei Ruo is ready as well, so you’ll be fine!”

Tang Yin put on a smile and forced himself to calm down.

When Tang Yin’s carcade left the manor, Ji Youyou was standing beside the window alone. She crossed her fingers at her chest and prayed for her man. Cen Xia and Tao Qingfan remained silent when they saw that.

In the basement of the manor, Yang Long was holding a dagger with a glacial expression. “My friends, I told you to suppress your fury some time ago not because I want you to forget about the hatred, but to vent it all out

today!”

“Long, just tell us what we should do!”  
He Shuizi wrapped some white clothes around his wrists and shouted, “Even if I, He Shuizi, will have to die, I have to bring justice to my friends!”

“Okay!” Yang Long said through gritted teeth, “Make them pay with their blood! Luo Guan stayed behind the scenes and made so many of our friends lose their lives. Today, we’ll retaliate for all of them. Gather some people and follow me to send the money to Luo Guan.”

## Chapter 545 Before the Storm

“Send money to him?” He Shuizi looked puzzledly at Yang Long. “Long, aren’t we going to kill him? Why are we sending money to him instead?”

“We’ll send the money to him and kill him at the same time!” Upon finishing his words, Yang Long turned around and left the basement.

His friends who managed to survive didn’t stay in the manor. They were mostly stationed in the suburbs of San Francisco. When Yang Long reached the place, they would come together and rush over to Luo Guan’s new base.

Meanwhile, Luo Guan received a phone call from Yuan Zhian.

“Someone will send the money to you.

Just tell me your address.”

“Someone? Is that you?” Luo Guan laughed frivolously with a lecherous expression. “I might not take the money if it’s not you. I’m a gentleman who treasures beautiful ladies more than money.”

“Mind your language! If you don’t want it, then we’ll take it back,” Yuan Zhian said coldly.

“Take it back? I will directly report you to the court! As soon as I expose your secret, you won’t be able to leave America forever!” Luo Guan snarled, “Let me tell you... you can’t do whatever you want just because you’re rich. It’s a piece of cake for me to want you dead!”

Yuan Zhian turned gloomy.

“And, I’ll go back on my word now! You guys gave me 5 million before, but now I want 55 million more... Just take it as the interest over this period of time.”

Luo Guan sneered, “You only have one hour to prepare. If I don’t see the money in one hour, I’ll call the police and say that it’s you guys who exploded the Police Bureau!”

Yuan Zhian squinted as her chest bobbed.

Tang Yin pressed his hand on her knees to calm her down.

“Okay, I’ll get it ready. You’ll receive it in one hour.” Yuan Zhian hung up the call upon finishing her words and sent Yang

Long a message.

“What a greedy brat!” Pei Ruo shook her head.

Tang Yin grinned and leaned his back against the couch. “So... only Tang Lishan is left now?”

“Yes, Tang Lishan is the only uncertainty now.” Yuan Zhian nodded without dwelling into the topic.

With a weird gaze, Tang Yin curled his lips.

At that moment, Tang Lishan was more nervous than Tang Yin. She knew that the latter would be tried today. If she wanted him and his friends dead with one strike, she had to bear a great risk.

The risk came from Love Magic.

She had come up with countless ways, but she still failed to eliminate Love Magic entirely.

Having resorted to a large amount of blood serum and countless experiments, she still could not deliver the desirable results. The only thing that was useful was a kind of tranquilizer produced in America, which could keep her calm temporarily. However, it could never cure the poison at all.

When it was time for the trial to take place, Tang Lishan took a deep breath and threw dozens of tranquilizers into her bag.

“Mom, when are we going?”

## Chapter 545 Before the Storm

Tang Ai came over at a weakened pace.

Upon taking a look at Tang Ai's complexion and pace, Tang Lishan figured out that her daughter had never restrained herself recently.

Love Magic had a severe impact on both Tang Lishan and Tang Ai.

"We're going now!" Tang Lishan said in a lowered voice and turned to look at her room. Inside, Mr. Moody had passed out.

Moody's health had deteriorated over time due to Tang Lishan's never-ending sexual need, but she remained crazy about it. However, he could only put up with it as it was an embarrassing topic.

## Chapter 545 Before the Storm

The mother and daughter went downstairs and got into the car.

Tang Ai snorted and said angrily, “Mom, I want Tang Yin dead no matter what! I can’t even sleep knowing that he’s alive! His face is just disgusting...”

With a gloomy expression, Tang Lishan remained silent.

“He must die... He must die!” Tang Ai clenched her fists and mumbled.

These few days, Tang Lishan and her family members were in trouble. Tang E’s problem remained unresolved. He could only rely on Edward to ensure his own safety. More importantly, they had to carry out their plan and make Tang Yin take all the blame.

## Chapter 545 Before the Storm

A big group of crowd had gathered outside the San Francisco Supreme Court.

Many protesters held banners with the uglified pictures of Tang Yin. Under the banners, the crowd was agitated as they held loudspeakers in their hands and growled incessantly.

“The sinner must be brought to justice!”

“We have to kill the sinner!”

“Punish Tang Yin severely!”

All sorts of protesters shouted endlessly.

Lilith had reached the place. Upon getting out of the car, she held a camera

## Chapter 545 Before the Storm

and yelled, "As you can see, many people have gathered outside the court. We believe that the trial will be fair and bring justice to the victims! The sinner must be punished harshly, and American laws must be upheld!"

The crowd started shouting along with Lilith.

Soon, Tang Yin's carcade had reached the place.

"Look, the demon Tang Yin is here!" Lilith yelled and gestured at the protesters.

As a result, the fury was ignited among the crowd.

"Go to hell, Tang Yin. You're a b\*stard!"

“Get out of America!”

Upon getting out of the car, Tang Yin shot a look at the crowd and grinned mockingly. Then, with the lead of a few police officers, they walked into the court.

“Go to hell, m\*ron!”

“You shouldn't stay here. Damn it!”

Lilith agitated the crowd as they growled repeatedly.

Tang Yin had entered the court, but the protesters outside never had the intention of giving up and kept howling.

“There's another arcade.”

“Who is it?”

A carcade slowly came nearer from the distance. There was a unique coat of arms on the first car.

“Hollande...” Lilith said through her gritted teeth. She had made out that it was the coat of arms of the Hollande Family. It was something unique to the nobility.

Hollande’s carcade stopped outside the court. Clad in dark blue suits, he came out of the car like a prodigal.

Lilith gnashed her teeth together and suddenly yelled, “Hollande and Tang Yin are friends and partners in crime, so he’s a sinner as well!”

## Chapter 546 The Court Session

Upon hearing that, Hollande smiled meaningfully and turned around before walking up to Lilith. Lilith was enraged by Hollande's playboy look. "Hollande, don't think that you can deceive the public about your misdeeds with Tang Yin. I will devote my life to exposing Tang Yin's and your immoral behavior!"

"Lilith, I think we should have a talk." With a dejected expression, Hollande said meaningfully, "Although I hurt you before, I've reflected upon my mistakes, and I'll compensate you for the rest of my life."

"Hollande, stop making things up. I don't know you," Lilith snarled.

"Really? Are you sure?" Hollande shook his head regretfully. "I've never expected

## Chapter 546 The Court Session

that you're such a hard-hearted person! Yes, I dumped you, but how could you slander my friend out of hatred?"

"Shut up! I don't know you at all!" Lilith growled, "My friends, I don't know Hollande. Please don't believe his nonsense!"

"Alright..." Pretending to be angry, Hollande turned around and reached for the court. "I, Hollande, will sever ties with Lilith today. I swear we won't meet again!"

The crowd didn't understand what was going on. It seemed that Lilith was disdainful of Hollande, and their conversation seemed to suggest that they were in an intimate relationship.

## Chapter 546 The Court Session

“Don’t trust what Hollande said. I have nothing to do with him!” Lilith yelled with determination.

The crowd came to their senses and continued pressuring the court. After Hollande entered the court, more and more cars had arrived. With a pair of sunglasses on her face, Lilian entered the court with the protection of more than ten bodyguards.

Meanwhile, Hermine and Nia walked into the court under the attention of the crowd. When the backgrounds of these families came to light, it caused a commotion in an instant.

Most people never expected that so many prestigious families were paying attention to this case. They knew that

## Chapter 546 The Court Session

Tang Yin came from a prestigious family as well, but it never crossed their mind that he was that powerful. The Governor, the state assemblymen and some senior figures of a political party appeared outside the court too. Everyone knew that this was going to be a confrontation.

Inside the court, Tang Yin looked at his phone and counted the hours. He knew that Yang Long was about to take action.

“There’s still no news about Tang Wei...”  
Yuan Zhian shook her head.

Tang Yin nodded without saying a word.

“It’s our turn.”

## Chapter 546 The Court Session

Right then, a series of hurried footsteps could be heard outside the lounge. Pei Ruo came in and waved her hand at Tang Yin and Yuan Zhian.

Getting up, Tang Yin took a deep breath and walked toward the trial chamber. It was a public trial that had drawn everyone's attention. When the door was opened, Tang Yin took a look and found many familiar faces inside. Every corner of the trial chamber was filled with people.

Tang Yin adjusted his clothes and slowly walked toward the defendant stand, whereupon everyone shifted their attention to him.

“Silence.” The judge, in his sixties, was wearing a wig and a pair of glasses.

## Chapter 546 The Court Session

When he looked at the spectators, he didn't look stern at all. Instead, he appeared to be kind. Everyone shut their mouths and watched the scene quietly.

“Now, regarding the accusation against Tang Yin, I announce that the court session has begun...”

Standing on the defendant stand, there was no emotion behind Tang Yin's gaze as though he didn't care about what was going on at all.

“Mr. Tang Yin's case is indeed unique. It can be broken down into three stages. Firstly, it was the merciless murder case in Audley Villa!” The judge raised his head. His gaze was cloudy. “According to our late-stage investigation, we've found many unusual things about this

case. Now, the prosecutor will make a statement!”

“Thanks, Your Honor!” The female prosecutor in her forties came forward.

Tang Yin’s heart sank. He had a discussion with Pei Ruo last night and figured out that among the prosecutors, Marie was the most difficult to deal with.

“On the 14th of last month, Mr. Audley held a debutante ball in the evening. Dozens of socialites and young heirs had attended the ball. However, three security guards and a young heir from the Henley Family were killed!” Marie raised her head to examine the judge’s expression and continued, “Many people at the scene could testify that

Tang E engaged in indecent behavior and had a murderous intent. However, there's this statement of confession we don't understand."

Everyone looked at Marie with a solemn gaze as she continued, "One of the security guards said that Mr. Hollande and Miss Daisy were the first to enter the estate, followed by Miss Yuan Zhian, Mr. Henley, Tang E and lastly, Mr. Tang Yin. However, we found out that Mr. Tang Yin left the dance floor pretty early and was supposed to enter the estate before Mr. Henley, but he delayed doing so. Mr. Tang Yin, how will you explain this?"

"Maybe I walked too slowly." Tang Yin raised an eyebrow with a smile.

The crowd burst into laughter with a funny expression.

“Mr. Tang Yin, please take this question seriously!” Marie reprimanded and continued, “After the incident, someone saw you and Miss Yuan Zhian coming out from a room on the third floor. My question is... In which room was Miss Yuan Zhian staying before you arrived?” With that, everyone shifted their attention to Tang Yin.

Looking at Marie in the distance, Tang Yin’s gaze turned serious. *This woman is ill-intentioned!* Yuan Zhian was staying in the room where the incident happened with a stun baton in her hand, otherwise she wouldn’t be able to make Tang E and Henley pass out. Tang Yin couldn’t believe that Marie had caught the clue so easily and directed it toward him.

## Chapter 546 The Court Session

“You should ask Miss Yuan Zhian about this question.” Tang Yin smiled and continued, “If I remember correctly, Yuan Zhian was waiting for me in the bathroom.”

“In the bathroom?” Marie frowned with a dark expression. “Mr. Tang Yin, someone saw you passing by on the third floor after the incident. Where were you, and what were you doing after you entered the estate?”

## Chapter 547 The Retaliation

That was a very critical question.

Tang Yin gave it a thought before saying, "I was having a date with my partner."

"Where was it?" Marie quickly asked.

"In the bathroom!" Tang Yin answered firmly.

Everyone looked at him and fell into their own thoughts.

It wasn't a problem to have a date with one's partner in a ball like this, but it was inappropriate for them to have a date in the bathroom.

Hollande thus burst into laughter with a mocking expression. "Tang Yin, you're

## Chapter 547 The Retaliation

brilliant. You can even have a date in a bathroom. I have to learn from you.”

Hermine and Lilian gazed at Tang Yin with mixed feelings. They grew up with him, so they understood his disposition. He was unlike the playboy Hollande, who would always look for a love interest in any ball. But now Tang Yin said that he and his partner were in the bathroom on the third floor...

It was a question that was worth pondering over.

“What evidence do you have to prove that you were on the third floor instead of the top floor where you carried out your murder plan?” Marie interrogated.

“You can check the security footage,”

Tang Yin replied.

“The security footage in the estate that night was damaged. Was it your doing?” Marie sneered.

“Objection!” Pei Ruo stood up with an impassive expression. “Your Honor, according to American laws, if the prosecutor can’t prove that the murder case in Audley Villa has anything to do with my client, and can’t provide any direct proof, then this case will have nothing to do with my client! The prosecutor is obviously biased by interrogating my client in such a way.”

The judge raised his head and looked at Pei Ruo before nodding. “Yes. Miss Marie, what evidence do you have to prove that the murder case in Audley

## Chapter 547 The Retaliation

Villa has anything to do with Tang Yin?”

Marie remained on the spot and kept silent for a while before turning to Tang Yin.

...

Meanwhile, inside a casino in San Francisco, Luo Guan was swaying the wine in his glass with a glacial expression. “Where are they?”

“According to the location they sent, they will arrive in about ten minutes,” Sang Biao answered.

Luo Guan nodded and scoffed, “They’re so slow. I just want them to send some money over. Why do they look like they’re giving me their lives? These rich

## Chapter 547 The Retaliation

people are so stupid. They are reluctant to give away even such a small amount of money!”

“Maybe it pains them to give away the money!” Sang Biao laughed.

Luo Guan rose from the chair. “Pay more attention when they arrive. Don’t let them go even if only one cent is missing! I want to know what they can do to me even if they’re rich!”

“Don’t worry, Luo Guan. I will settle the matter for you!” Sang Biao patted his chest.

“Alright!” With that, Luo Guan staggeringly reached for the stairs. “I’ll take a rest in my room. Wake me up when they arrive. I’ve never seen so

## Chapter 547 The Retaliation

much money before, so I have to squander it as I please!”

“There will be plenty of chances to spend the money!” Sang Biao said with a smile.

Luo Guan giggled before going upstairs.

Sang Biao then rose from his seat and turned to leave. “Guys, sober up so that you won’t make any mistakes later. After we get the money, our base in San Francisco will be able to gain a footing in America!”

“Yes!”

His subordinates nodded with a solemn expression.

## Chapter 547 The Retaliation

Upon walking out of the casino, Sang Biao looked at the time and asked for the other party's location.

Ten minutes had passed.

Outside the casino, when Sang Biao saw a carcade coming from the distance, he quickly pulled himself together.

*Money! It's the money from the Tang Family!*

Sang Biao's heart throbbed as he watched the carcade pulling up before him. When the car window slowly rolled down, he was rooted to the spot.

A pistol with a silencer was extended from the car. Behind the pistol was

## Chapter 547 The Retaliation

Yang Long's cold-looking face.

"Sang Biao, do you remember me?"

"Y-You... Long? Sh\*t!" Sang Biao screamed.

*Pop. Pop. Pop.*

After three gunshots, Yang Long pushed the car door open and walked out.

When Sang Biao's subordinates saw Yang Long, their expression changed. "Yang Long, why are you here?"

At that moment, He Shuizi had gotten out of the car. More than ten people holding pistols with silencers started firing and killed all Sang Biao's subordinates.

## Chapter 547 The Retaliation

In that instant, more than ten people had collapsed outside the casino as their blood spread across the road.

Sang Biao was dead on the ground with a disbelieving gaze. He should have known that if Yang Long never died, the latter would retaliate sooner or later. However, he had never expected that Yang Long would come back so soon with such resolute determination to kill.

“Go in and kill them all!”

Yang Long raised his head and took a look at the casino. Then, he walked over and kicked the door open.

“My friends, go in with me and spare no one! We’ll retaliate for our dead friends!” He Shuizi shouted as they charged

forward.

The casino was still hustling and bustling, but the moment Yang Long came in, they all became silent.

*Pop. Pop. Pop.*

Yang Long raised his hand and fired at the security guards.

Without any hesitation, He Shuizi and the others started firing bullets everywhere. In that instant, the sound of screaming permeated across the casino.

Luo Guan, on the third floor, woke up in shock. Upon opening the door, he questioned anxiously, "What's going on? What's the sound downstairs?"

## Chapter 547 The Retaliation

Just then, his subordinate ran upstairs with blood on his face. “Luo Guan, it’s bad. Long and his gang are killing our people!”

“What?” Luo Guan was astounded. “How dare he come back? Aren’t all his subordinates dead? Who gave him the courage to come back and kill our people?”

“I don’t know. Many people downstairs are dead. Luo Guan, please run!”

Luo Guan was shocked and hurriedly picked up his clothes. Upon taking a few steps forward, he turned around and asked, “Where’s Sang Biao? And where’s the money from Tang Yin? Have we got it?”

## Chapter 547 The Retaliation

“Sang Biao is dead, and Tang Yin never sent any money over. It’s Long who’s come...”

“Tang Yin, you b\*stard!” Luo Guan growled. Knowing that he was cheated, he turned around and reached for the secret room.

*Pop. Pop. Pop.*

The firing sound was heard behind him as bullets were shot into the corridor. The marbles that were embedded on the floor broke into pieces.

Luo Guan was so frightened that he protected his head with his hands. Then, he hurriedly pushed the secret room door open in a fury. “Tang Yin, since you’ve decided to mess with me,

At that time, the trial was still ongoing at the San Francisco Superior Court. The judge turned his gaze to Marie. “Do you have any direct evidence to prove that Tang Yin is a suspect in this vicious murder case? For example, any fingerprints from the scene, a recording of the scene or an audio?”

“Unfortunately, I don’t.” Marie shook her head and everyone fell into a silence.

“If the prosecutor did not have any evidence, she should not have directed this question at my client! I am not sure of the motive behind such a move. I only know that anything that is unrelated should not be mentioned in court!” With that, Pei Ruo turned around and took her seat. Marie lifted her head arrogantly at the remark and her

expression turned cold.

The scene of the trial was aired through the Internet in San Francisco. Outside the courthouse, Lilith watched Pei Ruo's reaction and she immediately yelled in rage, "She's a b\*tch. She only wanted to defend that devil. They're accomplices!"

"Yes! They're accomplices!"

"Punish the devil and jail the criminal!"

"Severe punishment for the devil, Tang Yin!"

Countless voices erupted in the middle of the protesting crowd. Even though they were only a small fraction of the citizens, they were representative of the public opinion of San Franciscans in

this case.

In the trial, the judge shook his head and remarked, "If so, the prosecutor should not have brought it up..."

"Your Honor, although the vicious murder case in the Audley Villa appeared to be unrelated to Tang Yin for now, I wanted to reveal that the next case has a strong relationship with Tang Yin..." Marie flashed a vague smile and picked up the materials for the case gracefully. "On the sixth, there was an explosion at the Cade private guildhall at the center of San Francisco. The main suspect of this case is Tang Yin..."

The judge nodded and looked at Marie. "Do you have any evidence?"

“Of course...” Marie replied and opened her laptop to connect it to the screen in the courtroom. She introduced, “This footage is from the surveillance camera at the side of the street. We found out from the footage that Tang Yin, Mr. Steve and Jenny had all entered the private guildhall. Twenty minutes later, the explosion happened.”

“Do you have any direct evidence to prove that the explosion was Tang Yin’s doing?” The judge inquired.

“Firstly, Tang Yin did not have an alibi and he had enough time to commit the crime. Secondly, Tang Yin had a clear motive. Based on my research, Father Cade was from the Angel Medical Company. Tang Yin must have brought Mr. Steve to Cade’s private guildhall to

take back Mr. Steve's research outcome from the Angel Medical Company. In the end, both of them did not reach an agreement and Tang Yin orchestrated the explosion to kill Father Cade..." Marie explained.

"That's an assumption! Objection!" Pei Ruo immediately responded. "Objection dismissed! That's because I have a witness who could prove me right..." Marie suddenly laughed. "Our witness is the person-in-charge of Angel Medical Company, Mr. Donald. Mr. Donald can prove the happenings on that night..."

Pei Ruo's expression changed upon the abrupt turn in events and she felt a bad omen. Tang Yin looked glum as he took a deep breath and cast his glance toward the crowd, in which he saw

Donald.

“If so, the court calls Mr. Donald to the witness stand...” The judge announced. Marie thus smiled faintly and said, “Let’s have Mr. Donald over.”

Donald stood up and smiled. “If the court and the law need me, I will of course step forward to uphold the justice of our nation with my small contributions!”

The judge nodded but his expression did not change at all.

“Mr. Donald, please tell us truthfully about all the evidence that you have.” Marie walked up to him with a smile.

“Of course! That’s my duty.” Donald

smiled and walked up to the front of the audience and addressed the judge, “I remember clearly that Cade, our San Francisco manager, called me that night. He told me that Tang Yin had showed up with Mr. Steve and Miss Jenny in front of his private guildhall and that he was in a perilous situation...”

Donald’s remark attracted everyone’s attention. Was it true?

“If you don’t believe me, I can show you the evidence in my hand, which is a phone recording!” Donald seemed pleased at the reaction from the crowd.

*A phone recording?*

There was an uproar among the audience who demanded to know if the

audio recording was a direct evidence. If the recording proved that what Donald said was true, Tang Yin would be in legal trouble.

“Okay. Play the phone recording for everyone to listen!” The judge smiled and ordered. Donald nodded lightly, took out his phone and pressed on the play button.

“Mr. Donald, Tang Yin is here. He’s with Steve. I’m scared that he might want me dead...” The recording ended abruptly.

Donald smiled at the judge. “I’m sorry. My phone happened to run out of battery at that time. Otherwise, I would not have allowed Father Cade to be in danger! It is my fault as a leader, and I hope that this will not happen again in

the future!”

“Okay...” The judge nodded at him.

“Your Honor, this is my evidence!” Marie beamed.

“Objection!” Pei Ruo stood up and wandered to the front of the courtroom and declared loud and clear, “There was only a sentence in the recording that was Father Cade’s suspicion. It cannot serve as evidence that my client was involved! If we follow a dead man’s wild guess and convict my client, it will be extremely unfair to him!”

Pei Ruo was poised and bold, stating the facts without any unnecessary words, which served as the strongest rebuttal.

“Isn’t that enough to prove him guilty?” Marie looked sullen and demanded, “Isn’t the defendant’s attorney acting too biased toward the criminal?”

“I object to the prosecutor’s usage of the term! My client is not determined to be guilty yet. He should not be addressed as a criminal!” Pei Ruo coldly replied.

“Sure!” Marie opened her mouth in fury. “If so, we have the next witness who could provide direct evidence that Tang Yin was the perpetrator behind the private guildhall explosion!”

“The court calls the next witness!” The judge announced. Beside them, Donald gritted his teeth and glared at Tang Yin before he turned around to return to his

seat.

Tang Yin stood at the same place and looked expressionless.

“We have Madam Tang Lishan with us today...” Marie announced and made a welcome gesture at Tang Lishan.

Right then, Tang Lishan slowly walked into the courtroom from the outside and haughtily marched toward the witness stand. Yuan Zhian who was seated in the crowd looked glum. She was holding a rattle drum.

## Chapter 549 The Mother and Daughter Were Witnesses

When Tang Lishan walked in, she saw Yuan Zhian upon the first glance. Her focus shifted to the rattle drum in Yuan Zhian's hand and immediately started to tremble.

They were in public and if Yuan Zhian did something here, she would lose all her dignity.

“Madam Tang Lishan, I have a question for you. Did you receive Father Cade's call in the past?” Marie walked out and directed a question at Tang Lishan.

“Yes, I did.” Tang Lishan drew a deep breath and clenched her fists while answering.

“What did Father Cade tell you in the phone conversation?” Marie inquired.

“Father Cade told me that...” Tang Lishan started to provide her testimony.

At that moment, she suddenly heard a continuous rattling sound.

She clenched her teeth and her forehead started to sweat. Before entering the courtroom, Tang Lishan had injected three doses of tranquilizer in order to fight against the effect of Yuan Zhian’s rattle drum sounds. However, the intense feeling still surfaced when Yuan Zhian sounded the rattle drum again.

“Madam Tang Lishan?” Marie stared at Tang Lishan’s awful expression and frowned at her witness. “Are you feeling unwell somewhere?”

“No...” Tang Lishan clenched her teeth.  
“Father Cade told me that he was in a dangerous situation....”

The sounds of the rattle drum became more intensive. Yuan Zhian had started to shake the rattle drum in her hand without any inhibition.

“I...” Tang Lishan’s eyes turned round and her body felt like it was on fire. “I need to... I need to get out for a moment!”

Right after that, she immediately dashed out of the courtroom. She could clearly feel her two legs giving away. The only thing she needed at that moment was to seek pleasure in a man’s embrace.

Everyone in the courtroom stared at Tang Lishan's odd behavior and their expressions changed. They did not expect her to leave the courtroom in the middle of a trial without any warning, disregarding the legal procedures.

Tang Lishan had no time to care about others. When she rushed out of the courtroom, she immediately dragged one of her bodyguards with her and hurried into a cubicle in the washroom.

Over the time, the bodyguards serving Tang Lishan had noticed the erratic behavior in her. Whenever she needed to satisfy her needs, they would always rush to her rescue to accomplish their mission.

Tang Lishan's moans were instantly

heard from the cubicle. The lewd noises were loud enough to echo through the corridor.

“Your Honor...” In the courtroom, Pei Ruo stood up and proposed, “I believe that Madam Tang Lishan does not qualify as a witness! The behavior she displayed just now was abnormal. If we take a testimony from a witness like her, I would question the fairness of this trial!”

The judge looked disturbed and worried. Tang Lishan’s behavior was definitely abnormal. If he agreed to use her words in this case, his legal career might really come to an end after this trial.

“I can bear witness!” Right then, someone suddenly stood up from the

audience seats. Everyone immediately focused on the person. When they saw the tense face of Tang Ai, they were all astonished.

“I’m Tang Lishan’s daughter and my name is Tang Ai! On that day when Father Cade phoned my mom, I was right beside her. Therefore, I could tell you anything you need to know!”

She strode to the front and remarked in clarity, “I know that everyone is curious about my background. If so, I shall make it clear! I’m from the Tang Family and I am the cousin of Tang Yin. However, in front of law and justice, I will not help my family!”

Her words were loud and determined, turning heads as she spoke. Was she

trying to punish her family members in the name of justice?

“Everyone here doesn’t know the real face of Tang Yin. He’s a very ambitious man. Even though he’s part of the Tang Family, he does not go easy on us! Not long ago at the Tang Family Annual Meeting, not only did he maliciously harm a lot of people, he even sent his ex-subordinate into the shark pool!” Tang Ai described the unfolding of events with rage. “A person like him is definitely likely to commit a vicious murder! The private guildhall is nothing. I wouldn’t be surprised if someone told me that he bombed the police station!”

Wow... Everyone’s expression changed at Tang Ai’s daring accusation. They stared at her and started whispering amo

ng each other. She had spilled a lot of beans on Tang Yin's past!

"Miss Tang Ai, we thank you for your courage to stand on the side of justice and to expose an ugly crime!" Marie nodded and took a step forward. "Your Honor, shall we let Tang Ai give her testimony on the phone conversation she overheard?"

"Granted." The judge nodded.

"Miss Tang Ai, please describe the content of the phone conversation between Father Cade and your mother." Marie gestured at her and politely invited her to speak with a smile.

"Sure!" Tang Ai nodded her head gently and her tiny face turned toward Tang

Yin to give him a hostile glare. From her gaze, one could tell that she had planned to send Tang Yin to his death. Although the Tang Family Annual Meeting was quite some time in the past, Tang Ai did not forget about the humiliation that she suffered in Tang Yin's hands. It was a scar that she would never forget.

“That time, Father Cade gave my mother a call and said that he was in a very dangerous situation. Tang Yin had brought Mr. Steve and that girl named Jenny to threaten Father Cade, forcing his company to give up ownership on Mr. Steve's vaccine,” Tang Ai started to speak with strong emotions.

Right then, Tang Ai heard a slight rattling and drumming sound in her ear.

It was a sound that she was familiar with because in the past one month, the same sound would ring occasionally. Every time she heard it, she would suddenly have the urge to pleasure herself.

However, Tang Ai did not give it much thought because she did not know that she was under Yuan Zhian's control. Instead, she continued on, "At that time, Father Cade sounded very nervous..."

Yuan Zhian's expression darkened and the rattling movement in her hand picked up pace.

The more Tang Ai continued to talk, her eyes became more blank and she felt a burning sensation in her body. It made her feel irritated and she needed a place

to release her urge. Unfortunately, she was stuck in the courtroom.

Everyone listened intently and they could tell that Tang Ai's tone had changed. She started off with a clear and bright tone but it had turned into a whisper. Not only that, her face was flushed and her pretty eyes looked seductive.

"Miss Tang Ai?" Marie was astonished and called her. Tang Ai looked up while putting one hand into her collar and gently fondled herself. She coyly replied, "I want it..."

At the underground casino in San Francisco, Luo Guan took out his phone and swiftly dialed the emergency number.

He was greeted with the dial tone of a busy line. His expression changed immediately when he realized that he could not get help right away. Cold sweat trickled down from his forehead to the point that his whole body was trembling.

What happened? How could the line be busy? A police line should not be busy!

Luo Guan hurriedly checked his phone and angrily raised his hand to throw the phone onto the floor. There was no phone signal at all!

## Chapter 550 A Successful Revenge

How could there be no signal here? In that instant, Luo Guan finally understood that this was a well-planned murder fiesta. Tang Yin had tasked Yang Long to kill him. During their operations, they had cut off the connections in the vicinity!

"Tang Yin..." Luo Guan roared in fury and charged toward the secret passageway in the secret chamber.

The underground casino was a new base that was recently discovered by Luo Guan, which held countless secrets. He had initially thought that even someone as capable as Yang Long could not possibly figure out the map of the new base within a short period.

He ran all the way into the deepest part

of the secret passageway and suddenly saw a few figures in front of him.

"Open the door and let me out!" His roar echoed in the passageway; he was yelling like he had gone crazy.

At that moment, the two men at the passageway exit turned around and slightly raised the guns in their hands, aiming the weapons at Luo Guan.

"Impossible!"

Luo Guan was shocked and he immediately turned around to run back the way he came from. He had taken a very clear look of the two men just now and ascertained that they were not his subordinates. Sometime earlier, the two men had appeared at the passageway

exit and blocked his only escape route.

The gun muzzle that had a muffler fixed onto it made dull consecutive thudding sounds as bullets and sparks were fired out.

Luo Guan wailed and jumped to the side but he was still hit on his calf. He had no one to blame but himself for not managing his weight. With a chubby and huge body like his, it was impossible not to get shot.

"Yang Long, I want you dead..." Luo Guan rushed out of the passageway and landed a kick on the main door. He knew that he had around ten men in the underground casino. Even if he fought Yang Long, he might stand a chance of winning. Just now, he merely panicked

and was fixated on escaping. Now, he was thinking of returning and regrouping his men, clinging to the hope that he still had some battle left in his men.

Luo Guan was drenched in sweat when he emerged from the passageway. Right when he pushed open the door with heavy panting, he stood frozen at the sight in front of him.

A black gun muzzle was pressed against the front of his head.

Yang Long's cold and merciless face was staring at Luo Guan, showing no expression at all.

"Yang Long..." Luo Guan trembled and the fat on him shook with the

movement. “What do you want to do? Do you know who I am? I’m your senior! I am the person-in-charge of our base in San Francisco. How dare you point a gun at me?”

With the gun at Luo Guan’s temple, Yang Long forced him to take one step after another until they entered a room.

“Yang Long, listen to me! We’re brothers in Tiandihui and shouldn’t be killing each other! Did you forget that I had you in my arms when you were young? Have you forgotten the master's words before his death for us to respect and love each other?” Luo Guan spoke very quickly with hope in his eyes. “Yang Long, put the gun down. We’re still good brothers. Put the gun down and we can have a discussion.”

“Good brothers?” Yang Long’s lips were trembling and his throat felt dry as he yelled, “Will a ‘good brother’ bring his men to kill mine? Will a ‘good brother’ attempt to create trouble and call the cops to land me in hot water?”

“Yang Long, everything is a misunderstanding...” Luo Guan hurriedly explained in order to assuage Yang Long. “It’s all done by Sang Biao. I didn’t know about it either. If I had known his character earlier, I would have chopped him up into pieces!”

“Luo Guan...” Yang Long almost crushed his gritted teeth and said with spite, “Do you know how many men I lost that time? Fifty-eight!”

“I know! I know!” Luo Guan trembled

and fell onto his knees. “Yang Long, I beg that you let me off this time. Let me go! I didn’t do this. It was Sang Biao who made this decision without consulting me. Otherwise, why would the police find you? Give me another chance. I promise to get to the truth and give you justice!”

“No need for that...” Yang Long’s eyes were bloodshot and he vividly remembered the horrific scene from days ago that he could not forget. The helpless eyes of his men who died and their calls to have him take revenge reverberated in his mind.

“Yang Long, I will bow to you... I will bow to you...” Luo Guan knocked his head onto the ground continuously. “What revenge is there between us? Give me a

chance and I promise not to let you down!”

“It’s Tang Yin who wanted you dead.” Yang Long shook his head. “You’re too greedy. For your own benefit, you don’t mind sending me to my death! I need to take revenge for my dead brothers and I need to report back to Tang Yin!”

“Tang Yin? What does he think he is?” Luo Guan bellowed, “How could he compare to our brotherhood? If you let me go this time, I will listen to you in the future!”

Yang Long’s wrist was shaking. When he saw Luo Guan’s begging eyes, he felt pity for the man.

“Long!” He Shuizi barged in and when

he saw that Yang Long had not carried out the execution. Anxiety was written all over his face.

“Yang Long, give me another chance!” Luo Guan pleaded loudly.

“It’s not that I don’t give you a second chance. You’ve bombed the Police Bureau and shift the blame onto me. I am now held accountable for that!” Yang Long replied as he lifted his wrist and put his finger on the trigger.

“If you kill me, the leader of Tiandihui will not let you off easily. Yes, I bombed the building but I’m under the Tiandihui leader. Nobody can put a finger on me!”

Luo Guan had only gone through half of his speech before slumping onto the

floor with shock in his eyes. Even when he was on the verge of his death, he never thought that Yang Long could kill him without hesitation.

“Long, we have avenged for our brothers!” He Shuizi cried and moaned as tears flowed down his face. Yang Long took a deep breath and turned around to walk out. “Call the police and send the recording just now to Tang Yin. Also, assemble all our men and return to the manor as soon as possible. The manor might need our help.”

"Sure!" He Shuizi nodded and turned to walk out of the door. Did the manor need their help? Of course!

Since Tang Yin left the manor for the San Francisco Superior Court followed

by Yang Long who went hunting for Luo Guan, a fleet of vehicles had appeared outside the manor. When the car window rolled down, one could see a pale face behind it.

Tang Miao stared at the manor in front of him with spite and cast his glance downward at his broken leg, a sight which stirred the hatred inside of him. "Get our men in. I want to kill every single soul in that manor but spare Ji Youyou. I want to personally experience pleasure from her body..."
