“I’m sorry, what? President, what do you mean?”

“Yeah, what do you mean by ‘I’m really sorry’? Are we unable to start work this afternoon?”

Everyone’s expression changed, and their eyes were filled with hate when they stared at Modric.

“Let me explain! The company landed in a sticky situation, and it’s likely that we cannot start work this afternoon.”

Modric pulled himself together and flashed a smile at the workers around him. “Anyway, I can guarantee that even if we don’t start work this afternoon, we will bring the company back to its original state within the shortest time possible! You have to trust the company

and trust Mr. Anderson's capability!"

"What b*llshit! Why did you bring up his capability here?"

"Yeah, this morning, you vowed in the name of God..."

"Are you lying in the name of God?"

"Beat him up! He simply doesn't want us to start work. He's been fooling us!"

The crowd of men immediately started to howl and lung at Modric like wolves. They grabbed his shirt in an attempt to drag him over.

"Don't be like that! Listen to me, okay?"
Modric yelled at the top of his lungs, his face ghastly from the imminent threat

from the mob. “The police are here! Look! The police are here!”

“Where’s the police?”

“Yeah, where are they?”

The eyes around him immediately scanned their environment. Modric took the opportunity to sneak out of the crowd and ran back to his car. These workers were crazy! He dared not stay even a second longer. If he were forced to stay, something terrible would happen to him. Not only might he be injured, but he might also even lose his life on the spot.

After Modric ran away, the huge crowd of workers started an uncontrollable protest at that time. From the start until

now, half a month had passed. It did not seem that they could start work anytime soon, hence they were unsatisfied with the progress.

“Keep quiet!” At that time, someone walked out of the crowd. It was a white man in his forties, and he announced, “My name is Cain, and I’m from the second factory. I think that Modric is no longer on the same battlefield as us. We should oppose his election to the seat of the union president!”

When everyone heard the suggestion, their eyes lit up with excitement.

“Modric only knows how to lie and delay; he is ignorant of our troubles. I see a need to reelect a union president who would fight for the workers again...”

Chapter 582 The Code of the Gang Business

Cain declared loudly and waved his hand in agitation. “When it first started, it was the union who agreed to the strike. But now, our jobs are all in limbo. I feel that Modric has cheated all of us. Why don’t we turn ourselves in to the government agency?”

“Yes, we should do it. It was Modric who suggested the strike, but he refuses to give us back our jobs now!”

“Right! Let’s be truthful. If it were not for Modric’s promise to chase away Tang Yin, we would not have started the strike!”

Enraged, everyone seemed to be discussing the proposal. After all, they started the strike in order to make Tang Yin and Pei He leave. Nobody had

Chapter 582 The Code of the Gang Business

thought that after they reached their goal, they would lose their jobs as well. At this point, they had nothing to lose and would rather give the Mojade Company a headache.

Cain listened to the chatter around him and curled his lips into a smile. “If so, I will go to the city hall right now and discuss this matter with the mayor and the governor. We’d definitely have to expose the ugly face of Modric and the senior management of Mojade Company to everyone!”

His declaration was met with a round of cheering. With the support from the crowd, he led them all the way to the city hall. To the south, the chaos in Los Angeles had gradually kicked off as well.

Chapter 582 The Code of the Gang Business

In the manor, Tang Yin curled his lips in reaction to the Mojade Company's troubles. To be honest, he was not exactly sure if there was something off with Mojade Company's tax reporting. However, since Tang Miao had hinted at some issues, there was a high probability that Mojade Company was involved in tax evasion.

It would not take long after Anderson's arrest for him to be released again. However, the problem with the workers would bother him for quite a while.

"Tang Yin, my suggestion is to walk up to them with your head held high!" Hu Song sat in a chair and stared solemnly at Tang Yin. "If you choose to fight them, I don't know if you have the power in Los Angeles to uproot Tiandihui once

and for all. Even if you succeed, you might need to pay dearly for it.”

Tang Yin nodded because he understood the power of a long-rooted organization in the States. With the manpower in his hand right now, he found it hard to take on Tiandihui.

“Tiandihui used to be the largest gang in China. Even though they left China years ago, they are still deeply connected to the country. Some of the traditional rules are still applicable when you deal with them in the States!” Hu Song lifted his head and stared at Tang Yin as he explained in detail, “For one, the code of the gang business. Even if they are the Tiandihui, they have to stick to the unstated rules!”

Chapter 582 The Code of the Gang Business

“What does that look like?” Tang Yin looked at Hu Song.

Hu Song elaborated, “Three letters, two notices, and one visit! To be clear, this is from the code that requires you to send three letters and to declare your purpose of visit twice before you enter their base! If you follow this procedure, as powerful as Tiandihui is, they wouldn’t dare to ignore the code and make a move on you within Tiandihui!”

Tang Yin nodded in response, and he started feeling wary about his impending trip to Tiandihui.

“Tang Yin.” Hu Song sighed before continuing, “If it were not for me, you probably would have had much more room for negotiation with Tiandihui.”

Due to my existence, Tiandihui might not accept you at all. Therefore, you have to think through your plan!”

Tang Yin pondered and nodded his head once again. “Since they have their rules in the gang business, I think that the three letters and two notices are necessary. I will have someone carry that out for me later. If the people of Tiandihui attack my men once again, I guess I will not need to oblige to their code, right?”

“Don’t sweat about that. Tiandihui needs to preserve their dignity too. If they do you dirty, they will lose the vote of confidence! Even if they want to create trouble, they need to consider a crime to be pinned on you. For example, their condemnation of Ji Yueshan’s

flirting with women before this,” Hu Song remarked.

Tang Yin nodded at him and stood up. After some hesitation, he gently inquired, “Mr. Hu, if I could enter Tiandihui’s base this time, do you need me to settle anything for you?”

Hu Song was slightly taken aback by the offer, and a hint of wistfulness clouded his eyes. *Settle something?*

“If you could, I’d like you to bring my master’s memorial tablet to me...” Hu Song took a deep breath and unconsciously clenched his fist.

“Sure!” Tang Yin nodded, and he turned to leave the room. Since Hu Song had made the request, the tablet must have

Three letters, two notices, and one final visit. Those were rules from the gang business, which Tiandihui had always been observing for a long time.

Over these three days, Tang Yin followed the rules and had someone send out three letters and two notices to declare the purpose of his visit based on the gang business's rules.

During this period, the Mojade Company's scandal spread like wildfire in Los Angeles. Under the investigation of tax officers, the company's tax evasion issue finally surfaced. As the leading corporation of Los Angeles and even the financial pillar of the state of California, Mojade Company had accumulated a total of 300 million in taxes.

Chapter 583 Meeting the Tiandihui Members

The state government of California quickly moved to freeze all the company assets. In the same afternoon, another scandal of the Mojade Company blew up.

During Anderson's leave from the Mojade Company, he had orchestrated the union members' strike, which was an unethical action that propelled him to become an infamous figure across the nation. He instantly turned from a wealthy capitalist to a despicable figure in the eyes of the American public.

When all the issues in Mojade Company had surfaced, the remaining ten thousand workers of theirs faced a new challenge. No one knew the fate of Mojade Company, but everyone knew that it was nearing its sunset years.

Chapter 583 Meeting the Tiandihui Members

After getting the news on Mojade Company, Tang Yin did not pay much attention to it. Truth be told, the Mojade Company was an easy target to settle with. The remaining targets—Angel Medical Company, Adler Group, and Hades' weapon smuggling ring—were the ones that he needed to take down.

After all the chaos, the meeting with Tiandihui emerged to become a priority to Tang Yin.

On the night of the meeting, Tang Yin followed Tiandihui's rules and brought Yuan Zhian to the Great Fortune Casino by car.

More than ten young men dressed in black Chinese tunic suits were lining up at the grand entrance of the casino.

They were wearing sunglasses and folded their arms behind their back as they split into two rows to form a path into the casino.

In the middle of the path lay a lengthy red carpet. A gigantic copper vessel was placed in the middle of the carpet, in which smoke billowed from obviously a copious amount of incense sticks burning.

Tang Yin came to a stop and took a glance at Li Yuanqing, who was standing at the end of the carpet. Then, he led Yuan Zhian onto the red carpet.

"Who's there?"

"Tang Yin!"

Chapter 583 Meeting the Tiandihui Members

"What's the purpose of the visit?"

"To meet the Tiandihui members!"

"Please..." Li Yuanqing gestured for them to enter.

Tang Yin took one step after another and stopped in front of the copper vessel, where he took a deep breath. Under Yuan Zhian's help, he lighted three incense sticks and slowly inserted them upright into the copper vessel.

"Please..." Li Yuanqing stretched out one of his arms and stared icily at Tang Yin. The latter lifted his head and walked into the Great Fortune Casino.

The short moment at the entrance had attracted a lot of attention from

confused passersby who started taking photos. They seemed to have found the scene interesting. However, Tang Yin was aware that his actions were out of observance of the rules.

When he reached the entrance, he faced Li Yuanqing directly. Their eyes met, and the tension almost produced sparks.

"Young Master Tang, I never thought that you'd have the guts to come." Li Yuanqing smiled, but his expression was murderous. "Aren't you afraid of dying here?"

"Since I took the initiative to send the letter to Tiandihui, I'm not worried about not getting out alive!" Tang Yin sneered and walked to Li Yuanqing's side, where he looked up at the plaque of Tiandihui

right above the entrance. He exhaled and declared loudly, "Come at me! If Tiandihui's men wish to capture me, they'll need to show me their skills! If you don't have what it takes, the show you put up will be wasted!"

After that, he strode into the casino with Yuan Zhian behind him. At the entrance, Li Yuanqing stood with a glum face. The bodyguards who were standing guard at the outside fumed in anger as they glared hatefully at Tang Yin's back.

However, Tang Yin was calm when he entered the casino. He noticed that the entire space was cleared out. There was no customer at all in the casino, as if it was wholly reserved for Tang Yin.

No other figure was seen in the

spacious hall apart from the staff standing in rows by the side.

Expressionless, the men were dressed smartly in suits and ties, and the women were in playboy bunny costumes. There was no attempt to welcome him or to kick him out.

"Welcome, Young Master Tang." Li Yuanqing's voice was heard from behind. Tang Yin looked aloof, and there was no change in his expression as he stepped in.

Li Yuanqing swiftly moved to the front and coldly announced, "Young Master Tang, before you say anything, I'd like you to get familiar with Tiandihui's rules! If you are here to ask for a favor, please follow my rules. If you're only here to fight, then we'll go with the flow!"

Chapter 583 Meeting the Tiandihui Members

"I shall follow your rules!" Tang Yin laughed coldly.

"Great!" Li Yuanqing chuckled. "Young Master Tang is indeed straightforward! Since we're in a casino, why don't we play a few games?"

"What's on the line?" Tang Yin frowned.

"What's on the line?" Li Yuanqing guffawed and slowly approached a table where he beckoned at someone behind him. At that moment, Jennifer walked out of the crowd.

Jennifer was a blonde girl with sapphire eyes. Even if she had stood beside Yuan Zhian, she would have looked more alluring than the latter. Her lovely features were accentuated by the

"Young Master Tang, you've brought someone with you, and so did I. Why don't we bet on them? If you are unwilling to sacrifice her body, we could do clothing items! If you lose a round, your lover will take an item off her and vice versa. If my lover ends up naked and yours is still dressed, you can make any demands!" Li Yuanqing rested his back on the chair with a mocking expression. "Don't worry. It's fine if you don't want to place bets. Between us, we could chat about tea and business. Then, you can get lost, and I'll return upstairs. From then on, we will not have any business in each other's lives!"

"I'll bet!" Before Tang Yin could reply, Yuan Zhian took a step to the front, and her gaze swept past Jennifer.

"Good. That's really cool of you." Li Yuanqing smirked and gestured at them to come over. "Come up then? Young Master Tang, are you now backing off even when your woman has agreed to it?"

Tang Yin squinted his eyes and slowly walked over to take a seat across from Li Yuanqing. Li Yuanqing gave him a mocking smile and inquired, "I wonder what game you'd be interested in?"

"Play dice! Let's go with Cee-Lo!" Tang Yin looked up, but the emotions in his gaze remained the same.

To Tang Yin, the dice was the most familiar tool in bets. From what he saw, he noted that it was the most suitable tool for him to win.

Two voluptuous women in bikinis walked up and placed the trays on their hands onto the table.

Tang Yin opened the dice cup and took a look. With another hand, he fumbled around to assess the volume of the dice.

"Young Master Tang, you're my guest. Why don't you go first?" Li Yuanqing reached out to beckon to him.

Tang Yin grabbed the dice and threw them one by one into the dice cup, after which he started to shake the cup

gently. The rustling sound echoed in the empty casino hall.

Upstairs, Tang Wei had a cigarette in between her lips as she stared at the two men sitting down there in the hall. With a smirk, she declared, "100 million. That's my bottom line. I can't go any higher! If it is possible, I'll have my men take down Tang Yin. At that time, our success in taking his life might also depend on how much help you provide!"

"Okay!" Across her, a man in his forties smiled gently and nodded. "Madam Tang, you're indeed generous. 100 million as a first offer! It seems that the Tang Family business has been going well over these years! When I was young, I had the honor to meet Old Master Tang with my master. My

respect for him is beyond imagination!"

"Chen Bin, I only want to see results, and I have no interest in small talks." Tang Wei stood up slowly. "Tang Yin is right below us now. If you go up and shoot him, you can easily get 100 million!"

"We have our rules in the business. If we want to take down Tang Yin, we have to do it for a solid reason. If not, Tiandihui will bear the burden of going against the rules!" Chen Bin lifted his head, but his gaze remained the same.

"Rules?" Tang Wei chuckled sarcastically and turned around to walk out in disdain. "Committing immoral crimes but wishing for a good name perfectly describes your men! Fine! But I need to warn you that you're only given

half an hour's time. If the time is up and Tang Yin is not dead yet, the payment will be reduced even if you manage to kill him later!"

Chen Bin's eyes darkened, and he stared at Tang Wei walking out of the room with a grim expression.

At the same time, down on the first floor of the casino, Tang Yin flipped and smacked the dice cup onto the table with one hand.

"One-two-three, you got a low point!"
When the dice cup was revealed, Tang Yin nodded softly at the result.

Hearing the result of the first roll, Li Yuanqing smiled sarcastically. "Young Master Tang, I have misunderstood you

Chapter 584 A Gamble

earlier. You're not cowardly; you are simply talentless! I could roll that low dice even with my feet! Hahaha..."

Laughter erupted around them. Jennifer's gaze toward Tang Yin was full of derision as well. At first, they thought highly of Tang Yin's skills because he was courageous enough to come forth to Tiandihui. However, they did not expect him to roll a low number at the dice game. His points were simply pitiful.

"Babe, I'll let you roll!" Li Yuanqing curled his lips. Jennifer flashed a faint smile at him and lifted the dice cup on the table, throwing the dice one after another into it, whereupon she starting to shake the cup.

Chapter 584 A Gamble

Jennifer's body was a bombshell. When she was shaking the dice cup, the flesh on her body was wobbling along as well.

The dice cup was flipped onto the table with a loud smack by her.

"Four-four-five. That's a high point!"

Li Yuanqing broke into laughter while pointing at Tang Yin. "Tang Yin, you're not even as good as this girl! Jennifer could probably get a higher dice by rolling with her melons! How's that? You have to admit defeat if you're in the bet! Have your lover take off an item!"

Tang Yin looked up at Yuan Zhian, who had taken off her jacket and threw it onto the floor without hesitation. Yuan

Zhian had known earlier that she was here as a sidekick. Therefore, she wore a set of overalls for easy movement.

After she took off her jacket, she still had a shirt on her.

“This time, you should go first!” Tang Yin reached out his hand and gestured at Li Yuanqing.

“Babe, go ahead!” Li Yuanqing laughed loudly and smacked Jennifer on her bottom. Her voluptuous body quivered a little from the impact.

“Oh, God...” Jennifer intentionally flashed an ecstatic expression.

Rattle, rattle, rattle! The dice rolled around in the cup, and a rustling sound was heard. With another

smack, Jennifer flipped the dice cup over onto the table.

“Three-five-six. A high!”

Jennifer was very satisfied with the result, so she intentionally shrugged and even shook her lower body a little.

“Not bad, Babe...” Li Yuanqing smiled at her and turned to look at Tang Yin. “If you lose again, your lover will have to take off her shirt!”

Tang Yin lifted one hand and gave a hard slap on the table, making the dice cup bounce. At the same time, he caught the dice cup with another hand and threw three dice in. The rustling sound was immediately heard from his sequence of movements.

Chapter 584 A Gamble

Li Yuanqing squinted his eyes curiously at Tang Yin's move. Since his own skills were above average, he could sense from his experience that Tang Yin's move was well-timed.

With a loud bang, the dice cup was slammed onto the table by Tang Yin.

"Three ones. You got a triple?" Li Yuanqing's pupils contracted. He squinted his eyes in shock and later cast a cold glance at Tang Yin.

"Is it my win?" Tang Yin squinted at him too.

"It's blind luck!" Li Yuanqing snorted and waved. Beside him, Jennifer begrudgingly took off the playboy bunny outfit in one go.

Tang Yin thought to himself that the woman in front of him was bold enough only to wear a petite bustier and an almost invisible thong. When she was taking off her outfit, she even shook it off while putting her hands on her head.

“Ladies first!” Tang Yin gestured at Jennifer to go on. She immediately grabbed the dice cup and started shaking it madly. Due to the excessive force used, her melons jiggled up and down, putting on a seductive view for everyone.

Bang! She slapped the dice cup onto the table. With a smile, she swept her gaze around her.

“Five-five-six. A high!”

Chapter 584 A Gamble

“Yeah!” Jennifer made a victory hand gesture, her excited expression getting more out of control.

“Babe, you’re the best!” Li Yuanqing laughed loudly and pulled her over at her waist as he started to caress her body with his hand. Jennifer turned around to face him and responded enthusiastically, giving him a deep kiss on the lips.

Tang Yin looked up, and a glimmer of light flashed across his eyes. He swiftly grabbed the dice cup and threw in three dice one by one.

Rattle, rattle, rattle! The dice cup was shaken, and the rustling sound of the dice appeared again. After the sensual kiss, Li Yuanqing focused on Tang Yin with a disdainful gaze.

Chapter 584 A Gamble

He believed that Tang Yin's win just now was merely blind luck, or maybe pure luck. This time, Tang Yin would definitely not get another triple.

Bang! The dice cup was smacked onto the table, and Tang Yin uncovered it with one hand.

Did Tang Yin get two triples in a row? Everyone in the hall was stunned when they saw him rolling another triple.

Li Yuanqing's expression shifted a few times, and he shot a meaningful look at Tang Yin. If the first triple was out of blind luck, the second one probably was not—it showed that the man before him was masterful.

When Jennifer witnessed Tang Yin's play, her tiny lips gaped open, and her eyes were filled with astonishment.

“Babe, it looks like you have to be bolder!” Li Yuanqing chuckled and slapped on her bottom, causing her to lurch forward.

Jennifer stood up and undid her bra as

if there was no one around. Her mind-blowing curves were immediately exposed when her bra was dropped. Not only was Jennifer not shy, she coolly whistled and twirled her bra between her fingers, shaking her body while she was at it. Then, she threw the bustier toward Tang Yin's side.

“It’s a gift for you, the man who defeated me twice!” Jennifer smiled at him.

“Tang Yin...” Li Yuanqing’s expression turned grave, and he stared at his opponent. “I did not expect that you’re a masterful man who hides his talent! You showed us a low score in the first round but won against Jennifer twice in a row after. It seems that I have underestimated you!”

Chapter 585 A Well-Matched Game

“It was me who overestimated you!”
Tang Yin leaned back into his chair.

“It’s not over yet!” Li Yuanqing chuckled icily. “If you could make Jennifer take off her panties, I’d recognize your victory! But be careful because this time, it’s me who will be playing.”

Tang Yin remained aloof and stared at Li Yuanqing. The latter slapped the table, making the dice cup bounce, and his hands moved through the three dice. Then, the rustling sound started again.

Slam!

In the blink of an eye, the dice cup had landed on the table, attracting everyone’s attention.

Chapter 585 A Well-Matched Game

“Triple sixes! It’s a triple!”

Tang Yin took a glance at the result, but he did not show any change in emotion.

“How was that?” Li Yuanqing smirked, and he looked at Yuan Zhian in an almost greedy manner. “I’d love to know what color is the bra she’s wearing underneath her shirt. Would you give me a chance to know?”

Tang Yin slammed a palm on the table in a similar fashion, and the dice cup jumped up. He threw in the dice one after another. When the rustling sound started again, Tang Yin increased the force in his hand, feeling the momentum of the dice’s movement from his fingertips.

Chapter 585 A Well-Matched Game

Slam! Then, he flipped the dice cup over and slammed it onto the table.

“Triple sixes! It’s a triple!”

Li Yuanqing’s pupils contracted, and he squinted his eyes in response. If he got a triple, that was the result of many years of practice. He did not believe that the wealthy young master in front of him would practice the same skill consistently over years. If Tang Yin did not practice for a long time but could roll out triples, it could only mean that he was very skillful!

“It’s a tie!” Li Yuanqing smiled and slapped the table again, tossing the dice cup up. He fed the dice into the cup. After some rustling and slamming, the result was out.

Upon seeing that, Tang Yin’s eyes flickered. He took over the dice cup with a hand but right when he was about to get the dice, he felt a huge quake underneath the table. A force rushed in his direction from Li Yuanqing’s side. However, he remained contained as he exerted more force on the dice cup while his other arm was pushing against the table from below.

Another slam was heard, but this time, Tang Yin felt the table moving around. Both of their hands were placed on the table. As if he received an electric shock, Li Yuanqing abruptly collapsed backward, which caused Jennifer to scream in fear. Her body quivered along with her scream as her round eyes were

Tang Yin shook the dice cup with one hand. The rustling sound was suddenly cut off by a loud slam when he placed the cup on the table.

“Triple sixes! A triple again!”

Li Yuanqing’s knees bent, and it took him some time to steady himself. He stared at Tang Yin with a dark look on his face. In the battle just now, Li Yuanqing felt soreness and pain from his right hand, and both of his legs started to tremble. He never thought that he would lose to Tang Yin!

In that instant, Li Yuanqing finally understood that the wealthy young master in front of him was no less

skillful. Not only that, the young master's level exceeded his.

The atmosphere turned awkward after Tang Yin's win. Tang Yin looked up at Li Yuanqing fearlessly.

"I have to admit that you surprised me over and over again!" Li Yuanqing started laughing, but he sounded merciless. "Tang Yin, I am envious of your skills!"

Tang Yin responded with silence.

Smack!

Li Yuanqing slapped and tossed the dice cup up, which he grabbed and shook gently. However, his sneak attack on Tang Yin just now ended up in wrist

pain that impacted his performance. The dice rolled on in the cup, but he could not get the score he wanted.

Cold sweats broke out on his forehead. When it came to rolling dice, a slight difference in force would lead to a grave mistake. Li Yuanqing's wrist was sore, and he found it hard to use strength.

The rustling continued, and everyone started to take notice of Li Yuanqing's condition.

“Triple sixes! A triple!”

Li Yuanqing stared at the score and abruptly shot up, glaring at Tang Yin.

“Why?” Tang Yin sneered and crossed his legs. “Do you need to stand up to have a clear look at the score?”

Tang Yin did not bother to take a look at her. Instead, he turned his attention to Li Yuanqing. “Can we finally talk now? What are your conditions to release Yang Long? Speak up!”

Chapter 586 A Fight Erupted

Tang Yin stared at Li Yuanqing with an abnormally icy look.

“Why?” Li Yuanqing put his arm around Jennifer’s waist and softly licked the side of her ear. “Are you unwilling to? If not, get lost from here! If you’re getting Yang Long out, just bow to me. I’d seriously consider handing him to you!”

Tang Yin squinted his eyes at the challenge and slowly stood up.

“Hahaha...” Li Yuanqing laughed madly in anticipation. However, Tang Yin curled his lips and turned around to walk out of the casino. Beside him, Yuan Zhian shot a loaded look at Li Yuanqing before turning around to catch up with Tang Yin without any intent to stay longer.

Chapter 586 A Fight Erupted

Li Yuanqing was stunned because he did not expect Tang Yin to leave empty-handed. “Tang Yin, do you want Yang Long or not?”

Tang Yin stopped in his tracks and remarked sarcastically, “A man like Yang Long is insignificant to me! I’m a businessman, and I’ll analyze the situation from a gain-loss perspective. Even if Yang Long leaves with me now, he will not be of much use to me! I think it’s not worth it to bow to you for a man like him! If you don’t want to hand him over, I’ll leave him here with you!” After the speech, Tang Yin turned around and continued walking out of the casino.

“Tang Yin!” Li Yuanqing was infuriated, so he yelled at him. “Do you think that this is a place where you can come and

Chapter 586 A Fight Erupted

go as you please?”

“By the sound of it, you’d stop me from leaving. Right?” Tang Yin lifted a brow, looking sinister.

“Stop you? I don’t have that intention, but you have taken a look at my woman, so shouldn’t I get the chance to do the same? Have your lover strip down and do a pole dance before me. Then, I’ll allow you to leave. If not, don’t dream of leaving here tonight!” Li Yuanqing rebuked coldly. “Guys, block the entrance. Let’s see who can break out of here today!”

In a second, more than ten bodyguards stepped forward and positioned themselves to block the entrance. Upon seeing that, Tang Yin tightened his fists

and turned around to look at Li Yuanqing.

“What are you staring at? Are you unhappy?” Li Yuanqing sat on the table with a smirk on his face. “If you have the skill, try getting out of this place!”

“I, Tang Yin, have sent three letters and paid two visits to declare my purpose. I have indeed followed the rules out of respect for Tiandihui! But what Tiandihui is doing now does not reflect the code that you keep talking about!” Tang Yin raised his voice.

“The code? That’s what we use to communicate among our people in the business. It’s not applicable to people like you!” Li Yuanqing gave Tang Yin a hard stare.

“Fine!” Tang Yin nodded. “Since Tiandihui does not care about the code, you should not blame me for fighting my way out!”

“Fighting your way out? Hahaha...” Li Yuanqing laughed loudly. “Guys, come and fracture his legs! Let’s see how he fights his way out!”

Right after that, all the bodyguards flocked toward Tang Yin. He grabbed Yuan Zhian’s wrist and pushed her to the side. Then, he kicked off his feet and leaped into the air in the direction of Li Yuanqing.

“Great! You have guts!” Li Yuanqing was enraged when he saw that Tang Yin had unexpectedly charged at him. Tang Yin remained silent while he aimed a punch

at Li Yuanqing. The latter saw him coming, hence he grabbed Jennifer to push her toward the attacker.

Tang Yin raised his brows at Li Yuanqing's move, but he did not reduce the strength of his punch that landed directly on Jennifer's chest. He had decided not to move recklessly because it would cause bigger problems.

A crack was heard when someone's bone cracked. Jennifer yelped, and her figure was flung aside. During that time, Li Yuanqing gave a kick at Tang Yin's chest.

Tang Yin single-handedly blocked the kick and gave Li Yuanqing a reverse-kick. However, due to his punch on Jennifer, he scrambled to block the

Chapter 586 A Fight Erupted

attack and took a blow that placed him at a disadvantage as he swiftly stumbled to the back.

At the same time, Li Yuanqing laughed maniacally and grabbed a chair with one hand that he flung toward Tang Yin. The flying chair was blocked by Tang Yin's two arms. Next, he gave a kick to Li Yuanqing's chest. However, Li Yuanqing was not a weakling; after all, he had practiced martial arts along with the Tiandihui leader for years. Even if he were no match for Tang Yin, he would not be too far off from Tang Yin's level.

In the blink of an eye, the two were embroiled in a struggle. At that moment, Yuan Zhian frantically made an SOS call and took out the electric baton from her top. Unfortunately, Tiandihui's men did

not have to worry about the baton at all. They were at an advantage by numbers and could definitely win over Yuan Zhian.

A few hands reached out to grab her head at the same time.

“Ah!” Yuan Zhian screamed in fear, and her expression changed as she waved the baton around. However, the sheer number of attackers was too much. She only managed to shock two men into unconsciousness, and the others had successfully grabbed her hair, dragging her from her hideout behind the chair.

When Tang Yin saw the scene, his pupils contracted in shock and anger. He stepped on the table and used the momentum to give a reverse-kick,

throwing away all the men who were grabbing at Yuan Zhian.

“Tang Yin, how could you still worry about your woman when you’re fighting against me?” In a fury, Li Yuanqing bellowed and charged at Tang Yin, reaching out to grab him.

Tang Yin’s pupils contracted, and he returned another punch that was right up against Li Yuanqing’s attack move.

There was a blast upon contact, and the two were swiftly blown away backward. Both grunted from the impact. At the same time, the Tiandihui disciples had charged up again, aiming the katanas in their hands toward Tang Yin and Yuan Zhian.

Chapter 586 A Fight Erupted

With a wave of a hand, Tang Yin knocked a man off with his body and snatched the katana, with which he used to slash another man. The attack was fast and accurate; the katana sliced across the neck of the man before blood spurted out.

“You’re asking for death! How dare you kill Tiandihui’s men?” Li Yuanqing was blinded by rage and grabbed a knife as he lunged at Tang Yin. However, Tang Yin did not flinch or escape. His blade swiftly went up against Li Yuanqing's knife.

The moment their blades met, sparks flew around, but none of them retreated. Instead, they landed punches madly at each other. The inner strength of Tang Yin was displayed without reservation.

All his punches landed hard and square on Li Yuanqing's body.

This was the first time since Tang Yin started practicing martial arts that he was engaged in a satisfying battle, which turned out to be a dangerous one as well. Li Yuanqing was a worthy opponent, but it was unfortunate that they were surrounded by too many men from Tiandihui. After sending Li Yuanqing into retreat with a punch, Tang Yin now faced the Tiandihui disciples who had charged at him as if they were prepared to die.

His blade swiftly stabbed into a man's chest, and his punch threw away another. When he pulled his blade out from the man's flesh, he was covered by blood spurting out from the stab

wound. Within seven to eight minutes, around seven to eight men were left lying in pools of blood.

"Tang Yin!" Li Yuanqing bellowed and glared at Tang Yin. "No one can save you today. Not even God himself!"

Boom... At that moment, a loud explosive sound was heard from the entrance when a huge truck rammed its way into the casino, rolling down more than ten men under its wheels.

Chapter 587 Mutation

In the casino hall, a loud, anguished moan rang out.

The huge truck rammed into the hall, breaking glass and sending Tiandihui's disciples flying everywhere. The fighting scene turned into a bloodbath as the truck ran over the bodies mercilessly, mutilating them as it went such that none of the corpses could ever hope to be pieced together again.

Countless people were howling and screaming in terror. Standing on the big truck and wearing dark sunglasses, Wang Jin held up the AK47.

At this very moment, Wang Jin was the very figure of a terminator. Anyone who blocked his path would be gunned down by his assault rifle.

Chapter 587 Mutation

Crack!

A hail of bullets rained down from up high and brutally mowed down the young men. As the rifle did its job, the firing sounds reverberated around the hall, accompanied by the noise caused by the fragments of wall and floor tiles shattering all over the place. Those unfortunate enough to be hit by the fragments had their arms and legs sliced. Crimson liquid sprayed everywhere and stained the plush carpets red.

Two shadows jumped down from the back of the truck and rolled to the floor, the long taito swords in their hands slashing through two Tiandihui's disciples in a flash, who both dropped dead immediately.

Ohashi Miki and Ohashi Iori's movements were natural and highly-skilled; it was as if they were born to murder. One after another, their swords ceaselessly reaped the souls of their opponents. Brandishing the swords that were now wet and sticky with blood, they had obliterated six or seven people in just ten seconds.

Using the swords in their hands, the two of them managed to cut through a bloody path, leaving the dying men on the ground as their life juices spurted out at an alarming rate and began to pool around them. The two killers landed by Yuan Zhian's side and lifted her up, then pushed her onto the truck.

"Tang Yin!" Li Yuanqing glared at him with bloodshot eyes and bellowed in

Chapter 587 Mutation

crazed fury. Ever since Tiandihui was founded a century ago, it had never been humiliated to this extent. Few had dared to challenge it, let alone massacred its disciples in such a fashion. And yet, Tang Yin had managed to do so with the help of so many. Li Yuanqing could not believe his eyes, even though it happened right before him. “Kill him!”

A thunderous roar boomed out from afar.

With an enraged yell, Li Yuanqing leaped forward abruptly, brandishing a knife at Tang Yin.

Crack!

A volley of bullets spewed forth,

Chapter 587 Mutation

causing Li Yuanqing to retreat hastily and hid behind the cabinets in alarm.

At the same time, someone finally came down from the steps.

It was Chen Bin, followed by about seven or eight men. They fired back with pistols, but of course, the pistols were no match for Wang Jin and his AK47 rifle.

“Go!”

Seeing Chen Bin walking down from upstairs, Tang Yin immediately ordered Wang Jin to retreat.

Wang Jin suppressed the accelerator beneath his foot and started to reverse the truck as fast as he could.

Chapter 587 Mutation

Grabbing at the opportunity, Tang Yin rushed out the entrance and squeezed into his own car. If Wang Yin wanted to escape unscathed, he needed to cover up well, otherwise the police would definitely be after him.

The car revved up, and Tang Yin turned to look behind him. A few dozen men were charging out of the Great Fortune Casino.

However, they were too late. Their efforts to catch Tang Yin now were futile.

With a great rumble, the big truck mowed down anything in its path and speeded off into the distance. Tang Yin's car too followed behind it, its tires squealing as it zoomed away.

Chapter 587 Mutation

The visit to Tiandihui this time appeared to have ended. However, it wasn't what Tang Yin had expected. In fact, it seemed as if everything had just begun.

A loud screech rang out as a car hurtled straight toward them and crashed into Tang Yin's car, as swift and invisible as a phantom.

"Drive faster!" Tang Yin yelled out at once.

His body curled up as he instinctively braced for impact. However, it was way too late. The car was too fast-moving, and its action appeared to be premeditated. In the blink of an eye, it had already slammed into Tang Yin's car from the side.

Chapter 587 Mutation

Boom!

On impact, Tang Yin's car was sent flying into the air.

Tang Yin held himself tightly in the car, feeling the pressure all around him. Something sharp sliced his shoulder open, and a warm, scarlet fluid started seeping out from the wound.

Bang!

The car left the ground, flipped over several times in the air before finally hitting the ground again. Careening to the side of the road uncontrollably, it collided into a fire hydrant. Instantly, flames leaped into the sky.

Tang Yin felt rather muddle-headed

Chapter 587 Mutation

from the collision, but he was clear about one thing—he had to get out of the car right now. Otherwise, he would die on the spot should the car explode suddenly. “Open up!”

Tang Yin pummeled the car door with his fist. At that very moment, he felt that the bones in his entire body had shattered. The blinding pain made him reel from it, and he was unable to stand up properly.

“He’s there! Get him!”

“Kill him!”

“Don’t let him get away!”

Countless Tiandihui’s disciples rushed toward him from afar, spearheaded by

Chapter 587 Mutation

Li Yuanqing and Chen Bin.

Tang Yin stared at the scene unfolding before him in a daze as blood oozed from the corner of his eye. He could feel Li Yuanqing's rage and see Chen Bin's hatred. However, what he could not see was Tang Wei standing on a faraway rooftop, dressed in black with a pair of sunglasses covering her eyes. The corner of her mouth twisted into a vicious smile.

"It seems that... He's not that great after all!" Tang Wei snickered and turned to go downstairs.

Tang Lishan glanced coldly at Tang Wei from the side and fished out a walkie-talkie before barking into it, "Get someone to take Yuan Zhian back! I

Chapter 587 Mutation

want to see this woman no matter if she's dead or alive!”

“Definitely. Don't worry about it!” The person at the other end of the call reassured her.

Tang Lishan put down the walkie-talkie and adjusted her sleeves. Her eyes were full of wrath. There was some decaying skin hidden deep inside her sleeves. Most of the epidermis had rotted and fallen away, revealing visible streaks of crimson underneath.

Tang Lishan didn't really care much about Tang Yin. That woman, Yuan Zhian, was who had attracted her the most.

At this time, Tang Yin's car finally let out

Chapter 587 Mutation

a deafening boom and exploded violently.

An overwhelming blast of sound and light engulfed all who surrounded it as a huge orange plume of smoke mushroomed into the air, contrasting sharply with the dark sky behind.

Tiandihui's many disciples finally reached Tang Yin. They formed a tight circle around him and grabbed at his hair ruthlessly, then pinned him down on the tarmac.

Tang Yin badly wanted to break free, but his body had suffered from the great impact of the car crash earlier. Several of his bones were broken, and there was probably some internal hemorrhaging as well. It would be a miracle if he could

Chapter 587 Mutation

even stand up properly.

Chen Bin's expression hardened as he neared the scene and saw a bloodied Tang Yin being pinned to the ground.

"Die!" Li Yuanqing had reached them too. Ignoring those trying to hold him back, he grabbed onto Tang Yin's shirt collar and started bashing his face. "Why don't you continue killing people? Where are your guts? Aren't you really powerful?"

Slap! Slap!

Tang Yin had fallen even deeper into oblivion from the punching.

Li Yuanqing did not stop but instead pulled at Tang Yin's hair and dragged

Chapter 587 Mutation

him for ten meters. Then, he crouched closer to his face and retorted, “You do have the guts to kill so many of Tiandihui’s men! Do you really think that you can get away scot-free? Men, come and chop off his limbs! Let him be a disabled man for the rest of his life...”

Chapter 588 Fallen Into Bad Company

Someone came up and passed over three knives.

Li Yuanqing took the knives and stabbed them into Tang Yin's thigh without hesitation.

Tang Yin gritted his teeth and let out a low moan. Although his eyes were bloody and his vision blurred, he could still make out Li Yuanqing's face in front of him.

Li Yuanqing laughed cruelly and said, "Tang Yin, I thought you're an arrogant man. Why don't you make a move?"

As he spoke, he pulled out the knife and stabbed it into Tang Yin's other thigh.

Tang Yin's face scrunched up in pain,

Chapter 588 Fallen Into Bad Company

and he bit down on his lip further. Li Yuanqing's infuriated voice rang in his ears, and he felt a bunch of people kicking and punching his head. After a few moments, darkness overwhelmed him, and he finally sank into unconsciousness.

At this time, Wang Jin was still driving the truck. Just now, he had only managed to speed about a few hundred meters away before a dozen cars gave chase.

The cars were all driven by Tang Lishan's men. They chased after Wang Jin's car relentlessly like wild hounds on the scent, refusing to even let him slow down for a second.

"Where's Tang Yin?" Yuan Zhian stared

Chapter 588 Fallen Into Bad Company

at the rear-view mirror. When she noticed that Tang Yin's car was no longer behind them, her expression turned ugly. "Where's Tang Yin? Where did he go?"

Clutching the steering wheel as if it was a lifeline, Wang Jin's expression was dark. Although Yuan Zhian did not notice what happened earlier, Wang Jin had seen it clearly with his own eyes. He saw Tang Yin's car being sent flying by another car, and he too saw Tang Yin crawling out from it.

Screech! The truck swerved and spun on the spot. As it drifted, the surrounding cars got caught in it too.

Boom!

Chapter 588 Fallen Into Bad Company

Numerous cars were rammed aside by the big truck, but suddenly, the truck's body started to tilt.

Wang Jin had intended to turn the truck around to save Tang Yin, but the vehicle was too heavy. It was impossible to turn it around at high speed.

Suddenly, the blaring of the police horn sounded from afar.

"I'm asking you where Tang Yin is!" Yuan Zhian exploded upon not getting a response from Wang Jin. "Say something!"

Wang Jin gritted his teeth but still remained silent.

Yuan Zhian's face became distorted

Chapter 588 Fallen Into Bad Company

with rage. She felt something snap from deep within her. If something bad happened to Tang Yin, the whole city would pay the price!*live! No one!*

“Ohashi Miki, go and look for Tang Yin!” Yuan Zhian’s voice was so frigid; it was as if it came from the deepest pit of hell.

Ohashi Miki was silent for a moment. Then, she leaped gracefully out of the window and, with the help of inertia, jumped onto the moving car adjacent to them and disappeared from view in a flash.

Wang Jin drove recklessly without a word. With a forceful push of the accelerator, the truck disappeared from sight too.

Chapter 588 Fallen Into Bad Company

The Los Angeles police had their hands full today. On this busy highway, not only was there a fire, but also a multi-vehicle collision.

The police arrived speedily but did not manage to arrest anyone at all.

The Great Fortune Casino was completely deserted. That big truck that had caused such a massive disaster had also vanished without a trace.

Oakley too arrived on the scene quickly. Watching the crowd dispersing slowly, he immediately berated angrily, "Idiots! B*tches! You're all b*stards!" Oakley could not stop cursing loudly. He grabbed the collar of the chief police officer beside him and snarled, "Why don't you tell me what the f*ck is going

Chapter 588 Fallen Into Bad Company

on here? The biggest occurrence in all of California's history has happened during you and my term in office! Have you ever considered my political career?"

The chief police officer's expression was sullen as well. He broke free of Oakley's grasp and said, "Mr. Governor, please remain calm. This is not the police's fault. It was that man's fault! Someone saw him bringing a bunch of men into the Great Fortune Casino, and then all this happened afterward!"

"Which man?" asked Oakley in annoyance.

"Tang Yin!" the chief police officer replied coldly.

Chapter 588 Fallen Into Bad Company

“What did you say?” Oakley’s face drained of color. “Then where’s Tang Yin? Where did he go?”

“I’m not sure. Nobody saw him at all,” answered the chief police officer.

“Mr. Governor, there’s someone who wishes to see you!” Suddenly, Edward walked up to them. He quickly bowed out of respect for Oakley and continued, “It’s someone from the Tang Family!”

“Is it someone from the Tang Family? Which one of them even has the guts to meet with me now?” Startled, Oakley turned in a huff and walked away.

After a while, he saw a young woman standing by the roadside who was dressed in an overcoat and wearing

Chapter 588 Fallen Into Bad Company

sunglasses.

Tang Wei!

“Mr. Oakley?” Tang Wei smiled slightly at Oakley. “I never thought that I would meet you under these circumstances, Mr. Oakley. I hope my presence isn’t affecting your work.”

“If you have anything to say, please say it all in one go. Don’t pretend to be a politician in front of me because I know much more than you do!” said Oakley in exasperation.

Tang Wei smiled and waved a hand. “Mr. Oakley is such a straightforward man! I’m here to talk to you about Tang Yin.”

Chapter 588 Fallen Into Bad Company

“What do you have to say?”

“I would like to say that if you resolve this matter cleanly, I’ll help you to suppress the public backlash from it. I’ll also support you financially when you run for Congress in the future!”

Oakley blinked at her, his face exceptionally dark. “Do you intend for me to stop investigating this matter?”

“That’s right!” Tang Wei’s lips curved into a smile.

Oakley’s expression was frosty as he considered it.

Tang Wei was still smiling. “This is a private matter in the Tang Family and has nothing to do with you. I’m very

Chapter 588 Fallen Into Bad Company

sorry about the trouble that it has caused you, and I will do my best to compensate! In the future, we might even have the opportunity to work together, don't you think so?"

"Fine!" Oakley thought about it and turned to leave.

Oakley was not stupid. He did not need Tang Wei to elaborate further for him to grasp her intentions.

Tang Wei watched Oakley leave, then turned to get into her car. Removing her sunglasses, her eyes revealed a malicious glint in them. "Drive to the estate in the suburbs. Get someone to bring the hounds I bought a few days ago. I want them to maul Tang Yin to death!"

Chapter 588 Fallen Into Bad Company

“Very well.” The driver nodded and started the car, then drove off toward the direction of Tang Wei’s estate in the suburbs.

Half an hour later, the car stopped outside an estate halfway up a hill. Tang Wei alighted from the car and saw that a truck had arrived at the same time. One only had to stand outside the truck to hear the ear-splitting barking coming from inside the back of the truck.

The barking was so raucous and fanatical that it could send chills down anyone’s spine.

“Come in with me and watch how he’s gonna die here today...” Tang Wei’s mood had improved by leaps and bounds. She sauntered inside cheerfully,

Chapter 588 Fallen Into Bad Company

humming a happy tune.

Chapter 589 Fighting With Dogs

A few bodyguards led the way ahead, and they walked into the estate together.

Li Yuanqing stood outside the estate. Upon seeing Tang Wei coming up, he immediately closed the distance between them and greeted her with a grin. “Miss Tang Wei is truly a sight to behold! Anyone who sees this face of yours will surely fall head over heels with it!”

“You’re a smooth talker, aren’t you!” Tang Wei giggled and swayed her hips in a seductive manner, then asked, “How is it going? Can he still stand up? I don’t want him to die right away, okay? That would really ruin the fun!”

“Although he fell unconscious just now,

Chapter 589 Fighting With Dogs

that b*stard's survival instinct is pretty strong. He has regained consciousness now, but his injuries are rather severe." Li Yuanqing laughed as he spoke, his gaze fixated on Tang Wei's full hips. He itched to put his arm around her slender waist, throw her on the bed, and force pleasure on her at this very instant!

Tang Wei stopped and curled her lips into a smirk. "It looks like your actions are pretty swift and sure. Although you almost messed up, it's good that the outcome is still acceptable."

"Of course, of course!" Li Yuanqing agreed humbly.

"Remember, you have to capture every detail on camera perfectly. I want to show it during the Annual Meeting! I

Chapter 589 Fighting With Dogs

want to watch how Jiang Hui and Tang Lijiang will react when they see their son being mauled to death by hounds!” Tang Wei scoffed and sauntered toward the estate’s basement.

Li Yuanqing smiled along with Tang Wei as his gaze moved from her hips to her bottom, taking a full view of it.

The two of them followed the bodyguards and entered the estate’s basement.

This was one of Tiandihui’s properties in Los Angeles. The basement was used to hold illegal boxing matches back in the day. After the police raids became too frequent and harsh, the matches were no longer held. Since then, the place had been abandoned for

Chapter 589 Fighting With Dogs

a long time.

Entering the basement, one could see a boxing ring in the middle of it. The ring was surrounded by barbed wire to prevent the boxing contestants from escaping the ring halfway through the matches in the past.

Tang Wei entered the place and glanced at Chen Bin, who was standing some distance away. Then, she walked over slowly and sat beside him.

“Miss Tang, you’re here earlier than expected. I guess you’ve resolved the matter with the police?”

“Of course!” Tang Wei replied arrogantly.

Li Yuanqing came up as well and sat on

Chapter 589 Fighting With Dogs

the other side of Tang Wei. “Miss Tang is very good at what she does, so we can all stop worrying about it. I was just discussing with Senior about how long it would take for Miss Tang to resolve the matter with the officials!”

Tang Wei’s lips curved into a sneer. “There’s no need to butter me up. Let them begin the show!”

“Since Miss Tang is so eager, then we’ll start now!” Li Yuanqing laughed and turned to give orders to the assistant beside him. Then, he gazed at Tang Wei and said, “Will you be free tonight? After we get rid of Tang Yin, I would like to invite you to dinner with me!”

“Oh? Do you want to sleep with me?” Tang Wei turned and asked him back

Chapter 589 Fighting With Dogs

smilingly.

Li Yuanqing blinked in shock. He hadn't expected for her to be so candid about it.

Tang Wei scoffed, "Do you really intend to invite me out to dinner when you don't even dare to answer this?"

"It's not that..." Li Yuanqing smiled in embarrassment. He was about to explain when a few men carried Tang Yin over.

Tang Yin was bleeding profusely from multiple injuries on his body. His thighs, which had been stabbed by Li Yuanqing earlier, had wounds so deep that they gaped open wide and exposed the flesh and bones inside. The warm, red fluid

Chapter 589 Fighting With Dogs

that was gushing out spread across the floor as time ticked by.

If it weren't for his inner strength that had temporarily sealed off his acupoints, his life would probably be in grave danger by now, seeing as how his life juice was oozing away from him.

The bodyguards pulled the barbed wire around the ring apart and threw Tang Yin onto the stage as if he was already a corpse.

Tang Yin lay on the floor, his body terribly battered to a pulp. He could still lift his fingers somewhat, but there was no way he could exert any more energy than that.

“Tang Yin, aren't you a great person? Let

Chapter 589 Fighting With Dogs

me witness your bravery and aggression!” Li Yuanqing couldn’t help but laugh loudly, then stood up to cheer. “Come, bring Miss Tang’s hounds onto the stage!”

As he finished speaking, a stream of incessant barking could be heard outside the door.

A mocking smile played at Tang Wei’s lips. She rested an arm languidly on the sofa as she gazed at Tang Yin with eyes full of venom.

The barbed wire was pulled apart again, and someone pushed one of the hounds onto the stage.

The hound was of a massive breed. It bared its sharp teeth and stood up

Chapter 589 Fighting With Dogs

straight on its hind legs, almost reaching the height of an adult man.

“Miss Tang, would you like a drink to go with the show?” Li Yuanqing smiled again at Tang Wei. “You should know that it would take some time for the hounds to devour a b*stard like him fully. While we enjoy the show, we should have something to drink, right?”

“Sure!” Tang Wei smirked slightly.

“Get some beer over here!” Li Yuanqing waved at an assistant nearby, then asked Tang Wei, “Miss Tang, do you want to guess how long Tang Yin can hold on?”

“Five minutes?” Tang Wei replied smilingly.

Chapter 589 Fighting With Dogs

“Five minutes? You think so highly of him! I bet he can’t last more than three seconds, haha!” Li Yuanqing roared in malicious laughter.

At this time, the hound on the stage was already growling and staring at Tang Yin lying on the floor with a savage expression.

Tang Yin had remained in the same position as he landed from when the bodyguards had thrown him. His injuries were too severe for him to even move an inch. The hound started to howl a few times and circled Tang Yin slowly.

Tang Yin raised his eyes, but his vision was unclear. The low growl was not far away from him.

Chapter 589 Fighting With Dogs

“Tang Yin, get up and fight off this hound!” Li Yuanqing bellowed with laughter. “I bet you could fight it for three seconds. If you can’t even hold it off for three seconds, are you even a man?”

Tang Yin ignored Li Yuanqing’s ridicule and focused all his attention on the massive hound instead. He knew that the hound was looking for a chance. Once it saw its chance, it would certainly leap onto him and snap his neck in one bite.

Suddenly, the hound let out a deep howl. Its four limbs leaped off the stage with force as it charged directly at Tang Yin.

Tang Yin’s pupils constricted abruptly. Expending all of his energy, he raised an

Chapter 589 Fighting With Dogs

arm with effort and caught hold of the hound's neck. As his inner strength coursed through his arm, the hound whimpered, and its front limbs started hitting against Tang Yin helplessly. After struggling for a few moments, its entire body trembled, and it finally fell onto the floor without another sound.

The hound's weight was so heavy that Tang Yin could not hold it as it fell. He let go of it and doubled over, gasping as he took in shallow, ragged breaths.

"You still have that much strength left?" Tang Wei gripped her glass in anger and gritted her teeth. "Throw in two more hounds! If he can deal with two, then throw in four more! If four aren't enough, then throw in eight of them! I want to see how long he can hold them off for!"

Chapter 590 Crazy Threats

“Send more hounds in!”

Li Yuanqing stood up and yelled out loud, his face distorted with fury.

The barbed wire was pulled apart, and two massive hounds were pushed into the ring.

Tang Yin lay against the barbed wire on the other side, watching the two wild hounds rushing in. The rage in his heart was indescribable when he saw the camera that was set up nearby.

If I die here today, everybody would be sneering tomorrow at how I, a Young Master from the Tang Family, was bitten to death by mere dogs!

When that time comes, not only have I

died a humiliating death, but I'll also be mocked by all!

The two hounds growled in front of Tang Yin. In the blink of an eye, they had leaped toward him.

Tang Yin gritted his teeth and lifted an arm to block one of them, then punched another with his other fist. His inner energy flowed through as his fist connected with the hound's head, which shattered on impact. After that, he grabbed the other hound's head and dragged it behind him, then strangled it to death with all his might.

“Throw in four more!” Tang Wei was enraged. She stood up and screamed at the people around her, “I want to see how many of these he'll be able to kill

Chapter 590 Crazy Threats

today!”

Tang Yin lifted his head, gasping for breath. The wounds on his body had split wide open, and blood was dripping all over the floor of the ring.

It was a terrible sight!

Although he was fighting with hounds, his gaze was aimed at the direction where Tang Wei and Li Yuanqing were standing. He could see the sneers on both of their faces, which made his blood boil even more.

Meanwhile, in the same city, Yuan Zhian picked up Ohashi Miki’s call, trepidation written all over her face.

“Can you confirm his location?”

Chapter 590 Crazy Threats

“I can confirm it. He’s probably in the suburbs. However, I was too far away and couldn’t see clearly,” answered Ohashi Miki.

“Okay!” Yuan Zhian took a deep breath and looked at Ohashi Iori. “What did the police say?”

“The police said they’re currently investigating the culprit and can’t offer much help,” replied Ohashi Iori quietly.

Yuan Zhian clenched her fists and tried to control her temper. She fished out her phone and quickly dialed a string of numbers.

The ringing tone sounded, then Oakley’s voice came from the other end of the line.

Chapter 590 Crazy Threats

“Who’s this?”

“I’m Tang Yin’s personal secretary. I need the police’s assistance right now...” Yuan Zhian was upfront about it.

“I’m sorry, but the police need all the personnel to focus on this matter now,” Oakley explained. “I don’t know what happened to Mr. Tang Yin, but I believe that he can resolve things himself!”

Yuan Zhian took in a deep breath. “Are you sure that the police have no way of helping?”

“Do you know what you’re saying? Are you threatening me? I’m the governor of California! You’ll face charges for this!” Oakley frowned as a look of disgust flashed across his face. “Do you know

Chapter 590 Crazy Threats

that you're talking to a governor? How dare you speak to me in this tone?"

"Well, I'm threatening you then if you want to take it that way. I'm asking you again if you can render help for me to go save him?"

"Sorry, but we can't!"

"You'll pay dearly for this!" Yuan Zhian gnashed her teeth and sucked in a sharp breath, then hung up at once.

Ohashi Miki and Ohashi Iori, who were standing beside Yuan Zhian, stared at her. Although the two of them were killers and were no strangers to shocking scenes, they were rather surprised at Yuan Zhian's current demeanor.

Chapter 590 Crazy Threats

After all, she was speaking to one of America's governors.

“Have someone get ready and take a roll call. We'll bring everyone with us...”
Yuan Zhian ground her teeth and turned to leave. “By the way, I need the specific address...”

Ohashi Miki and Ohashi Iori glanced at each other, then turned to go downstairs and get ready.

Yuan Zhian left the room and went upstairs to Hu Song's room.

Hu Song remained impassive, his gaze still cold.

To Hu Song, what Tang Yin had done was way more than the responsibilities

Chapter 590 Crazy Threats

of a named disciple. Now, Tang Yin was surrounded and held hostage by Tiandihui all because of what happened between Yang Long and himself. There was no news about Tang Yin at all, and nobody knew if he was still alive. Hu Song could not bear this and refused to accept it.

“Elder Hu, I would like to know if you’re willing to help me?” Yuan Zhian lowered her head, her voice quivering.

Hu Song lifted his head. “Do you want manpower? Or weapons?”

“I want everything...” Yuan Zhian gritted her teeth and said, “I can mobilize five hundred million under the Tang Family’s name. I want to use this money to hire men and buy guns... I want to turn Los

Chapter 590 Crazy Threats

Angeles into hell-on-earth! I want to purge this city and make everyone here pay for this matter with their lives..."

"Good!" Hu Song banged a fist on the chair. "Tiandihui disregarded the code and violated the rules of the underground martial world. I've informed the other major sects... Today, this city will compensate for Tang Yin's injuries!"

Yuan Zhian lifted her head, a murderous glint in her eyes.

"They think that I, Hu Song, have lived like an unwanted dog all these years after I left Tiandihui. But what they don't know is that I've never left the underground martial world!" Hu Song fished out his phone. "Since they want

Chapter 590 Crazy Threats

to make a fuss, we'll create an even bigger one so that the entire world will be rocked by it! In one hour, we'll have all the secret societies, Green Gangs, and Biker Gangs in Los Angeles massacre this city for money!"

"Alright!" Yuan Zhian nodded and turned to leave.

Ring, ring, ring...

Suddenly, the phone rang.

Yuan Zhian picked up the call, and Jiang Hui's voice resounded in her ear. "Go ahead and do it! Just do what you want and need to do! I'll reach Los Angeles in three hours... You have to wreak utter havoc to it by then!"

Chapter 590 Crazy Threats

“Okay!” Yuan Zhian nodded and hung up. After inhaling sharply, she went out the door.

At this moment, the sky slowly turned dark and vengeful. Heavy clouds began to gather and moved across it, threatening to bring with them torrential rain. The wind whipped up a frenzy as it rushed and shrieked throughout the city. Although the looming storm was a physical omen of the carnage that would follow, the people of Los Angeles were still blissfully oblivious to the mass destruction that was going to hit their city. The nightmare had started when Tang Yin was captured, when the governor gave his word to Tang Wei, and when Yuan Zhian went crazy.

The world was about to be plunged into

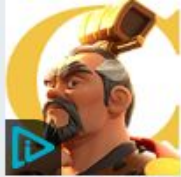

Chapter 590 Crazy Threats

chaos.

At this time, Tang Yin, who was still at the estate in the suburbs, was gasping frantically for breath. He stared at the three hounds before him as he felt his body slumping to the floor. He was now well and truly devoid of energy.

It had barely been half an hour's time. Tang Yin had killed fifteen hounds, and the bodies started piling up into a small hill in the ring. The fruits of his victory lay by him, yet he was also badly injured.

A deep gash had appeared on his arm where one of the hounds had sunk its teeth into. On his right rib, a chunk of flesh had also been torn off in the same way, and crimson blood was spurting

Chapter 590 Crazy Threats

forth at an alarming rate. Even if he hadn't died instantly, he would very likely die from loss of blood tonight.

“Get him! Rip him apart!” Li Yuanqing was fuming with anger as he shouted in a deranged manner, “Rip him to death! Maul him to death!”

Bark! Bark!

The three hounds charged at Tang Yin ferociously, all claws extended.

Chapter 591 Paying a Visit

Tang Yin's expression changed drastically. He had just reached out to grip one of the hounds' neck when the second one sprang forward and chomped down on his wrist.

The pain seared through his arm like electricity and shot straight into his spine. Tang Yin reeled from the jarring blast of agony. Even though he had cultivated inner strength that heightened his pain tolerance, he could barely bear it. However, it was at this moment that the last hound made its move. Before Tang Yin could budge, it had vaulted itself across the ring with its teeth bared, aiming straight for Tang Yin's neck.

“Die!”

Chapter 591 Paying a Visit

Tang Yin shot a death stare at the hound and raised a leg to kick it. In a flash, the hound flew up into the air and landed dead on the other side of the ring.

Ring!

Suddenly, Tang Wei's phone rang loudly.

Tang Wei scowled as she picked up the phone and turned to walk out. It was too noisy here, and she didn't want the others to disturb her conversation with the caller. Thus, she only took the call when she was out of earshot.

After seeing this, a mocking grin spread across Li Yuanqing's face. He stood up and followed behind her.

Chapter 591 Paying a Visit

Oakley's voice came from the other end of the line.

"I don't know where you are, but I think something's wrong. All of the underground gangs of Los Angeles are on the move! I hope that you won't die here..." Oakley then hung up straight away.

Shock spread across Tang Wei's face as her eyes glinted dangerously. She knew that Yuan Zhian had already made her move. Thus, there was no time to lose, and she had to grab the opportunity to kill Tang Yin right now.

The thought had just flashed past her mind when she suddenly felt an arm snaking around her waist.

Chapter 591 Paying a Visit

“Miss Tang, it’s going to be a long night. Why don’t you let me accompany you tonight?”

Li Yuanqing grinned teasingly at her. His hand roamed over her body in an experienced manner as it made its way toward her chest boldly.

“Stop it!” Tang Wei snapped at him. She was unusually irritated by his action and turned to leave immediately.

Hearing her brusque scolding, Li Yuanqing’s face darkened. He was a disciple of Tiandihui’s leader, and most women couldn’t wait to fling themselves onto his bed. But this young lady of the Tang Family was different. *Who does she think she is? How dare she tell me off like that?*

Chapter 591 Paying a Visit

“Miss Tang, perhaps you don’t know how much affection I have for you...”

“Stop it, you idiotic pervert! Go and kill Tang Yin right now! Something bad is happening in Los Angeles. We have to hurry!”

“Kill Tang Yin? Since he’s already here, do you think he’ll be able to live? Do you know what place this is? This is Tiandihui’s territory. Even if he has divine troops descending from the heavens itself, they wouldn’t be able to barge in here!” Li Yuanqing laughed loudly and leaned forward to kiss Tang Wei’s lips aggressively. “Let’s just whisper sweet nothings to each other as we slowly enjoy Tang Yin’s death...”

Slap!

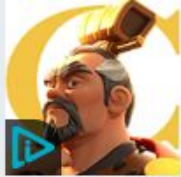

Chapter 591 Paying a Visit

Tang Wei could not stop herself from reaching out and slapping Li Yuanqing across his face. “Are you really that unaware of the current situation?”

Li Yuanqing was startled by the slap and immediately became apoplectic with rage. Although the Tang Family was hugely successful, Tiandihui’s successes were comparable to it. He had dared to hurt Tang Yin, let alone Tang Wei!

“B*tch, you’ve made me angry!” Li Yuanqing was livid as he slapped Tang Wei hard across the face.

Tang Wei blinked in shock. It had been many years since someone had treated her this way. *Is he going to force himself on me? How dare he even lay a hand on me?*

Chapter 591 Paying a Visit

“If you’re not obedient, then I’ll make you obey me!” Li Yuanqing bellowed with fury as he grabbed Tang Wei’s chin, causing her unable to speak. Then, he bent down to pick her up and carried her up the stairs.

Tang Wei cried out indignantly, but Li Yuanqing ignored her and carried her upstairs. He found a dirty rag and stuffed it into her mouth.

Tang Wei was outraged by this. She wanted to say that Tang Yin’s help would be here soon, but she couldn’t say a word.

Li Yuanqing grinned devilishly as he ripped Tang Wei’s dress off and

Chapter 591 Paying a Visit

smacked her bottom fervently.

“Uh...”

Shame rose up in Tang Wei’s heart and spread throughout her body.

“Hahaha... Weren’t you snobbish just a moment ago? Let me show you what passion is like...” Li Yuanqing roared in laughter and launched himself onto her.

Being the First Lady of the Tang Family, Tang Wei was spoiled rotten since she was little. Although she had indulged herself in many of life’s luxuries, her figure was unaffected and remained as breathtakingly beautiful as ever.

Li Yuanqing guffawed in enjoyment. His lust was palpable as his hands explored

Chapter 591 Paying a Visit

Tang Wei's body greedily.

Tang Wei's face was flushed red. She wished she could kick him away, but Li Yuanqing held down her limbs forcefully and prevented her from breaking free.

While they were tangled up with each other, a mob had formed outside the estate.

The cars stopped about five hundred meters away to avoid being noticed. Hundreds of people got out of the cars, all of them carrying long swords and rifles as they walked toward the estate.

Yuan Zhian was at the helm, a rifle in her hands. One of her hands was wrapped with a strip of white cloth.

Chapter 591 Paying a Visit

All of their hands were wrapped with a white cloth to prevent them from hurting one of their own during the fight later.

The mob moved forward. As it did, the noise that accompanied it was deafening as if it was an army.

“The Green Gang has attacked. Tiandihui’s casinos were all smashed to bits, and the police didn’t have the time to rush over...”

“The mafia has also acted swiftly. Five banks were robbed at the same time...”

“Those from the Biker Gang had taken over the Town Hall and started a riot there!”

Chapter 591 Paying a Visit

“Attack! Leave none alive!” Yuan Zhian’s voice was unusually cold.

Ohashi Miki and Ohashi Iori both raised up their arms at the same time and signaled for the mob to attack. The hundreds of people all rushed toward the estate in unison.

Wang Jin was well prepared in advance. Together with a dozen of capable men, they hid among the crowd well. Their plan was to save and protect Tang Yin during the chaos later.

“Who’s there?”

One of the guards had finally noticed them from afar.

Bang!

Chapter 591 Paying a Visit

Wang Jin shot the guard cleanly through the head. The people around him then immediately yelled out, “Get in there and leave no one alive!”

“Leave no one alive!”

The shouts were thunderous as hundreds of them swarmed ahead.

Upstairs in the villa within the estate, Li Yuanqing was still laughing as he humiliated Tang Wei to his heart’s content. Suddenly, he heard a gunshot ringing out not far away.

“What’s that noise?”

Hurried footsteps sounded outside the door at this moment, and two disciples rushed in without knocking. “Qing,

Chapter 591 Paying a Visit

something is happening outside. A lot of people are coming!”

“F*ck, how dare anyone just come to Tiandihui’s territory? Aren’t they as bold as brass!” Li Yuanqing was beside himself with fury. He turned and ran out of the room, saying, “Bring the others and kill every last one of these b*stards!”

A battle cry suddenly rang out and echoed throughout the estate.

At the same time, Tang Wei had broken free. Although she was incensed by what Li Yuanqing had done to her just now, this was obviously not the time for revenge. She knew that Tang Yin’s help had arrived, so she would definitely be caught if she didn’t flee.

“Qing, there seems to be quite a number of people outside...” A few more disciples came running to Li Yuanqing in panic.

“What are you panicking about? Do you know where we are? Even if there are many of them, how could they outnumber us?” Li Yuanqing was consumed with fury as he kicked the disciple away. Pulling his pants up, he grabbed a shotgun and rushed out the door.

At this moment, Yuan Zhian had reached the entrance of the estate with the mob.

Li Yuanqing had just burst out of the door when he saw Yuan Zhian holding a rifle.

Chapter 592 Leave No One Alive

“You little b*tch, I’ve long wanted to f*ck you. Who knew that you’d deliver yourself to my doorstep today? Since you’re here, I don’t think you can leave easily... Brothers, get her! Strip her naked and throw her onto my bed. When I’ve had my fill of her, you guys can enjoy her together!” Li Yuanqing yelled and signaled to the men behind him.

He had just said that even with troops descending from the heavens, Tang Yin wouldn’t be able to receive help here. However, in the blink of an eye, Yuan Zhian had brought so many people over to Tiandihui’s territory. Li Yuanqing felt humiliated by this and couldn’t wait to torture Yuan Zhian to death.

Bang!

Without any hesitation, Yuan Zhian pulled the trigger. A flash and an ear-splitting noise emanated from the rifle as the bullet went straight for Li Yuanqing.

He almost jumped out of his skin as he felt it missing his ear by half an inch. Shrinking back, he shouted angrily, “You little b*tch, how dare you aim at me?!”

“Kill them all! Leave no one alive!” Yuan Zhian’s voice was icy as she spat each word out to the people around her.

Crack!

The gunshots echoed deafeningly in the confines of the estate as rounds

whizzed past and peppered the ground as if Yuan Zhian and her mob had unlimited firepower.

Tiandihui's counterattack began at the same time.

“Use the rocket launchers!” Yuan Zhian couldn't be bothered to talk it out with the opponents and immediately signaled to those behind her. Those two rocket launchers that she had brought here today cost a pretty penny, so there was no point in saving them for later.

To Yuan Zhian, as long as she could rescue Tang Yin out of here alive, she wouldn't hesitate even if she were to drop a nuclear bomb on Los Angeles.

The two rocket launchers were readied

and aimed directly at the main entrance of the estate.

Li Yuanqing was infuriated. “Brothers, go all out!”

Whoosh! Two soft, rushing sounds set off, followed by a thunderous boom. The two rocket launchers had exploded at the same time. Flames leaped into the sky, and the main door to the estate was blasted open instantly.

Li Yuanqing had been standing there just a moment ago. When the two rocket launchers set off, he had quickly ducked and lay flat on the ground, but he was still affected by the repercussions. After all, the explosive power of these two rocket launchers was too great for a mere human to

withstand.

“What the f*ck!” Li Yuanqing cursed furiously. His ears felt like they were stuffed with cotton as his hearing was deafened briefly from the impact. Blood dribbled down from the corner of his eye. “Brothers, guard this place well. I’m going to kill Tang Yin!”

“Let’s go!” Yuan Zhian ordered coldly.

The two rocket launchers had successfully blasted a clear path for dozens of men to swarm into the estate. This part of the suburbs that was quite some way from the Los Angeles city center had turned into a bloodbath.

Li Yuanqing hadn’t expected the

Chapter 592 Leave No One Alive

opponent to be so well-armed. He thought that Tang Yin would only have a little influence, and he truly didn't expect so many people to show up at once.

He sprinted to the basement and saw Chen Bin coming out from it at the same time.

“What's going on?” Chen Bin's expression was ugly as well.

“Senior, it's Tang Yin's men! They've come to our doorstep! F*ck all of this. We can't just let this go. I'm gonna call for reinforcements!” Li Yuanqing bellowed and fished out his phone. “I'm gonna round up all Tiandihui's disciples. There are so many of us out there, so why should we be afraid of the Tang Family?”

Chapter 592 Leave No One Alive

Chen Bin's expression changed as he asked, "How many of them?"

"At least a few hundred!" Li Yuanqing answered loudly.

Chen Bin's face hardened. He turned to return to the basement at once. If there were indeed so many of them out there, then the first order of business would be to kill Tang Yin. Otherwise, they would be in trouble. Even if he couldn't kill Tang Yin straightaway, he had to hold him hostage in order to preserve everyone's lives.

"Hey, Biao Zi, get more men to the estate!" Li Yuanqing shouted into the phone, his face distorted with rage. "Bring everyone to kill these people here!"

Before he could finish, the line went dead.

Li Yuanqing wasn’t looking too good. He rushed into the basement and saw Chen Bin dragging Tang Yin out as if he was dragging a dead dog.

“Senior, the Green Gang members have gone mad!” Li Yuanqing yelled.

“What’s wrong with them?” A mix of

Chapter 592 Leave No One Alive

emotions danced across Chen Bin's face. Although Tiandihui had a long history in this city, the Green Gang too was founded around the same time. In Los Angeles, even the members of Tiandihui knew that the Green Gang was definitely not one to mess with.

“The Green Gang members have smashed our casinos and killed our people...” Li Yuanqing hurriedly explained.

Boom! A resounding boom exploded outside the door, and the entire basement started to quake.

Chen Bin's expression changed drastically. Before he could ask any further, his phone started ringing.

“Bin, the Green Gang members said that we broke the code and violated the rules of the underground martial world because we hurt Tang Yin at Great Fortune Casino. T-They said they’re protecting the rules of the underground martial world!” Biao Zi’s voice came from over the phone.

“What?” Chen Bin became enraged. “The Green Gang dared to make a move against us? Kill them!”

“Bin, we can’t. It’s not just those from the Green Gang. There are people from the mafia too. I think we’re going to lose badly this time!” Biao Zi had just finished speaking when the line went dead again.

“How... How about we kill Tang Yin and go look for Master?”

Chen Bin’s expression darkened. “Bring him to the rooftop. I don’t believe that his men will disregard his safety. Don’t kill him first. We have to make him our hostage, otherwise both of us won’t be able to leave this place in one piece!”

“Okay!” Li Yuanqing agreed. He half-carried Tang Yin and made his way up the stairs. At this moment, someone

barged into the basement. With a tinkling sound, a grenade rolled into the room.

Chen Bin's face paled upon the sight.

Chen Bin's body flew several meters away at the impact. His chest felt as if it was about to explode at that very moment. Suddenly, someone sprang toward him and held a gun to his head.

Chen Bin's expression changed. When he raised his head, he saw a cold-looking face grinning horribly at him.

"Don't shoot! Don't shoot!" Chen Bin screamed in shock. "I know where Tang Yin is! I know where he is!"

"Where is he?" Wang Jin's voice sounded as though he was a demon who just crawled out from hell.

"Upstairs! He's upstairs!" Chen Bin yelled.

Wang Jin directly grabbed his collars and lugged him upstairs.

At that moment, Yuan Zhian was standing outside the manor. Although she was anxious, she never chose to

get into the manor. She knew that it wouldn't be useful even if she went in, therefore she would rather leave it to Wang Jin and keep watch outside. Just then, a beam of strong light suddenly shone as a car rushed out of the manor.

Yuan Zhian looked at the speeding car with a gloomy expression and hurriedly raised her rifle.

Pop!

As she fired the gun and shot out a bullet, the car's windscreen broke into pieces. The naked Tang Wei was seated inside.

Seeing that Yuan Zhian was about to shoot another time, Tang Wei hurriedly turned the steering wheel and stepped

on the gas.

Upon taking a look at the manor, Yuan Zhian got into her car and chased after Tang Wei.

She could have peace of mind with Wang Jin here. If Tang Yin were really in danger, she wouldn't be of any use even if she stayed here. All she had to do was to make sure no one from the manor could go out alive.

Yuan Zhian had decided to risk her life the moment the engine was started. She had never driven a car so fast before. At that moment, she just wanted to ram into Tang Wei's car without hesitation.

The two cars were racing and dodging

on the main road. Yuan Zhian couldn't care less about her own life.

The people who had harmed Tang Yin had to die. That was her thought now.

After Tang Yin was arrested, she had to risk her life and make everyone pay, making the entire world tremble under her feet.

Bang!

The two cars crashed again. Tang Wei growled and turned the steering wheel, making a grunting sound.

Yuan Zhian was unyielding and stepped on the gas. Her gaze beamed with coldness.

Chapter 593 The Fight Between Two Women

Both of them were aggressive. In that instant, they just wanted each other to die as only one of them could live, especially Yuan Zhian. Since a long time ago, she had wanted Tang Wei to perish. She had never expected that they were framed by the latter again.

“B*tch, you can never repay your misdeeds... Don’t think that Tang Yin can protect you. If I want you to die, it’s as easy as killing an ant!” Tang Wei growled and turned the steering wheel again.

Yuan Zhian remained emotionless upon hearing that. She turned the steering wheel with one hand and loaded the rifle with the other hand. Then, she lightly lifted her hand.

Tang Wei groaned in pain and turned in another direction. Seeing that Tang Wei's car was reaching for the coastline, Yuan Zhian pressed on the gas and directly hit her opponent's car.

“B*tch!” Tang Wei snarled. Her car was being pushed by Yuan Zhian's car toward the sea.

Pop!

The bullet penetrated the car door and hit Tang Wei's lower abdomen.

Chapter 593 The Fight Between Two Women

Tang Wei's car had disappeared into the waves.

Looking at the scene, Yuan Zhian felt that her fury never subsided. She got into her car and returned to the manor.

She didn't have the intention of letting Tang Wei live. In her car, she had contacted her subordinates and told them to start a search around the place. It would be good if Tang Wei's corpse was found. If they never managed to do that, they would keep looking for her.

At that time, the battle in the manor was reaching the end.

Li Yuanqing was lugging along the half-conscious Tang Yin while gazing at the person behind him with widened eyes.

“Don’t come near me! Don’t come here!
If you do that, I’ll shoot him...”

Wang Jin was clenching Chen Bin’s neck with one hand while aiming at Li Yuanqing’s head with a gun in his other hand.

Li Yuanqing almost went mad, for he had never expected that things would turn out this way. It had never crossed his mind that so many people would come to rescue Tang Yin. He should have killed Tang Yin with one shot and gone into hiding with Tang Wei’s money.

Things had turned out to be the opposite of his plan.

Do you have the heart to see him die?” Li Yuanqing knew that Tang Yin was the most valuable man among them. As long as the latter was in his hands, he had a chance to survive.

“Let go of our Young Master!” Wang Jin demanded impassively.

A glint flashed across Wang Jin’s gaze as he squinted his eyes and tightened his grip.

“Let go of Tang Yin. Li Yuanqing, you’re a dumb*ss. Quickly let go of T-Tang Yin...” Chen Bin couldn’t breathe anymore. As soon as Wang Jin exerted more force, he would lose his life here.

“Back off! Back off!” Li Yuanqing growled hysterically.

Just then, a figure jumped up from downstairs. Like a trapeze artist, she appeared mid-air with a tachi sword in her hand. The sword gleamed coldly under the moonlight. The moment she jumped up, she wielded the sword.

As the sword reflected the light, Li Yuanqing’s gun-holding hand was split.

“Argh!” Li Yuanqing groaned in extreme pain. His wrist was split off just like a piece of chopped tofu.

Tang Yin collapsed to the floor. With a cold gaze, Ohashi Miki aimed at Li Yuanqing’s chest with her sword.

Li Yuanqing growled and raised his fist in an attempt to fight back. However, Wang Jin directly fired a shot and penetrated Li Yuanqing’s head.

The shot was fast and accurate. The moment Wang Jin raised his hand, Li Yuanqing’s head exploded as the blood splashed everywhere.

Before he died, he didn’t even close his eyes. He wasn’t resigned that he would lose his life just like that and couldn’t

believe that he would collapse in such a way. He simply received an order from Tang Wei and wanted to kill a named disciple who betrayed Tiandihui.

Everything happened in such a quick and ferocious manner.

Ohashi Miki stabilized herself and carried Tang Yin up before she jumped down the stairs.

A cold glint flashed across Wang Jin's gaze when he saw that. When he managed to race after Ohashi Miki, he saw the latter passing Tang Yin to Yuan Zhian.

With a rifle in her hand, Yuan Zhian gazed at Wang Jin meaningfully and got Tang Yin into the car before she sped

off.

“Kill them all!” Wang Jin ordered coldly, without the slightest emotion on his face. Although he wasn't good at expressing his own feelings, he was adept at observing the expressions of others.

He had figured out that there was something off about Yuan Zhian's expression just a moment ago.

The gun-firing went on. Wang Jin's people directly threw some bombs into the manor and blew up the place.

Los Angeles was in chaos.

The city had been in a mess from the evening until the next morning.

Chapter 594 Jiang Hui Has Arrived

The moment Tang Yin stepped into the Great Fortune Casino, it was destined that it was going to be a restless night in Los Angeles.

Firstly, Wang Jin drove a truck and crashed into Tiandihui's casino. Then, it was a series of car accidents. Following that, the Green Gang started snatching Tiandihui's territories, the Mafia bombed a bank vault, and the Biker Gang started breaking into shops.

The series of events made Los Angeles descend into mayhem.

Inside the State Governor's office, Oakley snarled, "What a bunch of toads! Gather all the police and look into the matters now! Summon the military if necessary..."

Chapter 594 Jiang Hui Has Arrived

“Yes!” The chief police officer turned to leave. His forehead was beaded with sweat.

There were so many calls to the police station tonight that he was unable to handle them all. Most of the complaints were about security issues as well as some serious criminal offenses.

When Los Angeles was in disorder, the tramps, who normally hid inside the sewers, had surfaced and started smashing into shops and robbing passersby.

These people were at the bottom of the societal hierarchy. Now that they had found a chance, they would revolt without hesitation and get their hands on other people’s fortunes. The police

were too busy to keep an eye on them anyway.

Oakley stayed in the State Governor's office without sleeping at all.

In light of the situation in Los Angeles, he didn't even have a chance to take a nap. The news of the matter had spread across the entire America. No matter how good his public speaking skill was, he wouldn't be able to explain himself.

Ring, ring, ring... Just then, his phone started ringing.

Oakley hurriedly picked up the call. The chief police officer said over the phone, "Mr. Governor, an explosion happened in the suburbs. Maybe... it has something to do with Tiandihui and the Tang

Family!”

“What did you say?” Oakley’s expression changed. “How about the details?”

“The details are unknown yet, but I’ve found out something bad,” the chief police officer said.

“What is it?” Oakley hurriedly inquired.

“The Madam of the Tang Family, Jiang Hui, has arrived... S-She said that you’re unqualified to be a State Governor. She has discussed with other congressmen and persuaded them to force you to give up your State Governor’s role. She also said that you and your family should... watch out...” the chief police officer stammered.

Chapter 594 Jiang Hui Has Arrived

“What?” Oakley’s expression changed drastically.

The chief police officer remained silent.

“That b*tch!” Enraged, Oakley hurriedly hung up the call and dialed his home’s number.

The call was being connected, but no one was going to answer it.

With a gloomy expression, Oakley slumped into his chair. His gaze was listless.

Tang Wei! That name suddenly flashed across Oakley’s mind. He hurriedly looked for her number and called her.

However, no one answered it, no matter

how long the ringtone sounded.

Oakley knew that it was the end of the world for him. Something must have happened to his family. More importantly, the Tang Family seemed to have curried favors with some congressmen. It seemed that it was the end of his political life as a State Governor.

When Yuan Zhian asked for his help, he intentionally put it off by not sending out any police officers because he had agreed to help Tang Wei. It seemed that Tang Wei had lost the war, and it was time for Tang Yin's revenge.

Tang Yin's retaliation had really come, but it wasn't his plot. It was the collaboration between the devious Yuan

Zhian and the ferocious Jiang Hui which brought the entire Los Angeles down.

The bustling metropolis was filled with the sirens of police cars as growls and screams permeated across the city.

Inside the car, Jiang Hui gazed out the window at the view outside and asked coldly, “How’s Tang Yin?”

“Young Master is seriously injured. Yuan Zhian had sent him to the hospital. No one is allowed to go near him, not even Wang Jin!” First Madam answered.

With a solemn expression, Jiang Hui gave it a thought and suddenly giggled. “Go to the hospital.”

The carcade slowly changed direction and headed for the hospital.

At that moment, Yuan Zhian was standing guard beside Tang Yin. Looking at the wounds on his body, her gaze was filled with infuriation.

Tang Yin was badly injured. There were seven parts of his body that were fractured. His arms, ribs, and shoulders were bitten by dogs. These marks were so conspicuous that they looked horrible.

More than ten medical staff pushed Tang Yin into the operation room and started rescuing him.

Normally, in such a situation, all the workers in the hospital would have fled.

Chapter 594 Jiang Hui Has Arrived

However, Yuan Zhian had figured out that Tang Yin might have a chance to be injured, therefore she had made preparations in the hospital beforehand.

“Madam has come,” Ohashi Iori said.

Yuan Zhian raised her head and saw Jiang Hui and her entourage coming near from the corridor.

She hurriedly moved over and hung her head low.

Slap! Jiang Hui directly slapped Yuan Zhian.

The slap stunned everyone around them.

With an embarrassed expression, Yuan Zhian hung her head low again. Her face felt scorchingly painful.

Jiang Hui snorted, but she was gripped by a feeling of regret. She didn't feel that Yuan Zhian had become joyful because of the slap. Instead, the latter just took it silently.

Didn't Tang Yin say that Yuan Zhian had masochistic tendencies? *This...*

"Err... You've done a great job!" Jiang Hui tried to remain as calm as possible.

Yuan Zhian raised her head in a daze. Suddenly realizing Jiang Hui's intention

through her gaze, she flushed. She indeed had a masochistic tendency, but it was only for Tang Yin and Ji Youyou.

Was Jiang Hui's slap meant to be a reward?

"All of you, go away now!" Jiang Hui demanded and waved her hand at the people behind her. Then, she took a seat and looked at Yuan Zhian before asking, "Do I have to apologize?"

"N-No need!" Yuan Zhian quickly shook her head.

Jiang Hui was embarrassed and whispered, "From now on, you've been promoted to the same position as First Madam within the Tang Family. You have the power to give orders to the

people of Dragon Camp, and you're entrusted to the management of more than 50 billion!"

Yuan Zhian was excited and clenched her fists.

"However, there's one condition!" Jiang Hui said coldly, "No matter where Tang Yin goes in the future, even if it's hell, you have to follow him. Even when he's making love with Ji Youyou, you have to stay beside him and serve him!"

Yuan Zhian abruptly raised her head. Compared to what Jiang Hui said before in the past, she was more concerned about what the latter had just said. It meant that she had the approval to stay beside Tang Yin.

“Take a rest. I’ll keep guard here.” Jiang Hui raised her head and stroked Yuan Zhian’s face. “It must be painful. I’ll remember the slap and make it up to you in the future.”

“N-No need!” Yuan Zhian hurriedly shook her head.

“Silly girl.” Jiang Hui smiled faintly.

The two people, who had plotted the uproar in Los Angeles, were now having an emotional conversation in a hospital in the city. Meanwhile, the chaos in the city slowly subsided at the break of dawn.

The sheriff had estimated that 1329 people had died in Los Angeles overnight, including more than 800

people from various gangs. The rest were civilians and police officers.

There were 15 cases of explosions. It was the most depressing day in Los Angeles' history.

After the estimation was done, the police hurriedly made an announcement to the public. After that, all the citizens in the city were enraged. Most of them didn't know that so much had happened in their sleep, and none of them had expected that in a congress assembly in the morning, the State Governor of California, Oakley, was taken to task.

It was apparent to everyone that Oakley's political life was over, but no one really knew what had happened.

When Tang Lishan watched the dejected Oakley announcing his resignation on television, her hands trembled uncontrollably.

We have lost! Since Yuan Zhian's escape last night, Tang Lishan knew that they had lost.

Tang Yin never died, and Yuan Zhian escaped from their capture. Tang Lishan's skin had started festering in large areas. When the bodyguards, who would normally lust after her body, removed her clothes, they would feel disdainful and disgusted.

Tang Lishan had never had this kind of experience before, which demolished her psychologically.

“Argh!” someone shrieked outside her room.

Tang Lishan came to her senses in shock and hurriedly pushed the door open. Seated on the couch, Tang Ai was looking at her arms in fright. Veins protruded, and blood knots had been formed on her flaky arms in large areas.

“What is going on? Mom, what’s wrong with me?” Tang Ai screamed in shock and stared at her mother with widened eyes as her tears raced down her cheeks. “Mom, what’s wrong with me?!”

Tang Lishan directly grabbed her arms. “Don’t scratch!”

“Mom, what’s going on? What’s wrong with me?” Tang Ai grasped her mother’s

Looking at her daughter’s panic, Tang Lishan hugged her as tears streamed down her face.

“Mom...” Tang Ai called out tremblingly and burst into tears.

Tang Lishan closed her eyes and stroked her daughter’s face. “It’s all my fault. It’s all my fault...”

“Mom, what’s going on?” Tang Ai questioned again.

“It’s... Yuan Zhian!” Tang Lishan said through gritted teeth.

“How could that b*tch do that to us?” Tang Ai was enraged and stood straight up. “Mom, I’ll find some people to kill her now. How could she poison me? Doesn’t she know she’s just a nobody?”

“How is that possible?” Tang Ai was startled for a moment and came to her senses. “Technology is so advanced now. How could there be a poison that’s incurable? Must we rely on her for detoxification?”

“Is there no poison that’s incurable? Do you know how many research centers and famous doctors I have visited recently?” Tang Lishan’s chest heaved

“How could that be?” Tang Ai’s mind went blank.

Chapter 596 Questioning Each Other

Why has this happened to us? Tang Lishan knew full well why that had happened to them. She was the reason behind the suffering of Tang Ai and Tang E. She made love with her own security guard on Tang Island and got busted by Yuan Zhian, who forced her to gulp down the Love Magic. That incident had also affected her son and daughter. Thinking back, Tang Lishan felt regretful.

“Don’t fret... I’ll call Yuan Zhian now and get the antitoxin from her!” Taking a deep breath, Tang Lishan fished out her phone and returned to her room.

Ring, ring, ring... No matter how long the ringtone sounded, no one answered the call. Tang Lishan’s expression changed. She knew that Yuan Zhian was safe but chose not to answer.

r her call, which caused her to have a premonition.

“Mom... How did it go? Will that b*tch give us the antitoxin?” Tang Ai asked from outside the room.

Tang Lishan didn't answer her question. She called Yuan Zhian again, but it was unanswered another time. She turned pale in an instant and dropped her phone on the bed.

Yuan Zhian refused to answer my call!
Tang Lishan believed that as long as Yuan Zhian answered her call, she had the confidence to persuade the latter. Even if Yuan Zhian didn't give her the full antitoxin, a one-month dose would suffice. However, Yuan Zhian didn't give her that chance at all.

Chapter 596 Questioning Each Other

Tang Lishan turned gloomy and stood straight up. She knew that this matter couldn't drag on and had to be resolved immediately. Otherwise, she and Tang Ai would become worse in their conditions.

“Mom, so? Did that b*tch agree to it?” Seeing Tang Lishan, Tang Ai scurried over and said, “I knew that b*tch wouldn't disagree to it. As long as we gave her enough benefits, she would give us the antitoxin!”

“Come on, we'll look for her!” Tang Lishan held her daughter's hand and reached for the door.

Tang Ai thought that her mother had persuaded Yuan Zhian. Only Tang Lishan knew that even if they found

Yuan Zhian, it was uncertain that they could get their hands on the antitoxin.

At that time, the operation on Tang Yin had just ended. With a glacial expression, Yuan Zhian gazed at Tang Yin, who was just pushed out from the operation room. Tang Yin was fragile, and his face was pale due to severe bleeding. Although he was on blood transfusion, his condition wasn't optimistic.

Jiang Hui took a look and remained silent. In fact, since Tang Yin's injury, Jiang Hui spent more of her time observing Yuan Zhian's performance, which was satisfactory. With Yuan Zhian protecting her son, Jiang Hui left the place silently. She had her own matters to attend to. The lawmakers in

America would certainly find out that it was the Tang Family that was behind the riots in Los Angeles. She had to come up with solutions to resolve the matter.

Now, she had to pacify the people involved. If she failed in her attempt to do that, she would leave with Tang Yin and Yuan Zhian and let the whole of America descend into chaos. After Jiang Hui left, Yuan Zhian took a seat beside Tang Yin and fell into her own thoughts.

A long time later, Wang Jin pushed the door open and slowly walked in. Without raising her head, Yuan Zhian knew that it was Wang Jin. She remained silent with her head lowered as she exuded an increasingly glacial

aura. “Why did you force Li Yuanqing instead of considering Tang Yin’s safety?”

Wang Jin answered coldly, “Only by forcing Li Yuanqing could the King survive!”

Yuan Zhian knew that the ‘King’ he mentioned was Tang Yin. “Had you ever thought that once Li Yuanqing went mad completely, Tang Yin’s safety would be jeopardized?” Yuan Zhian raised her head, her gaze beaming with murderous intent.

“I had!”

“Then why did you do it?” Yuan Zhian clenched her fists.

“Because I had no other choice!” Wang Jin answered and looked at her with a complicated gaze. “I will explain to the King when he awakens. I have the right not to answer your question!”

Yuan Zhian gazed at him impassively. She knew that Wang Jin was a hundred percent loyal to Tang Yin. It was his way of handling Tang Yin’s safety that bugged her.

“Don’t look at me like that!” Wang Jin responded coldly, “You’re just a nobody now. Even if you were in the position of Miss Ji, my answer remains the same. I will only answer to the King. In my eyes, other people are just a bunch of ants, including you!”

Enraged, Yuan Zhian clenched her teeth

and glowered at him. Unfazed, Wang Jin stared back at her for some time and turned to leave. Yuan Zhian heaved a sigh of relief and pinched her glabella as she was exhausted. She knew that Wang Jin did nothing wrong in such a situation at that time, but she just felt that Tang Yin's safety should be the utmost priority.

That was the fundamental difference in the minds of men and women. One was more rational, while the other was more sentimental. No one could judge which was the better one or whose way of dealing with it was wrong.

Inside the ward, only the sound of Tang Yin's blood transfusion could be heard. Looking at the unconscious Tang Yin, Yuan Zhian couldn't help reaching out

Creak. Ohashi Miki walked in and looked at Yuan Zhian before saying respectfully, “The people from the Green Gang, the Mafia, and the Biker Gang are waiting for you.”

“Tell Old Man Hu Song to entertain them. I don’t have any time for them!” Yuan Zhian didn’t want to leave the ward.

“Alright!” Ohashi Miki nodded and left the ward before she informed Hu Song about it.

Chapter 596 Questioning Each Other

Upon receiving the news, Hu Song heaved a sigh with mixed feelings. He had retired from the underworld for a long time, but now he had no choice but to return. Yuan Zhian intentionally told him to meet with the gang members with that thought in her mind as well.

“Where are they?”

“They’re outside the manor. You just have to say a word, and they’ll come in,” Ohashi Miki answered.

Hu Song nodded and hesitated for a moment before asking, “How’s Yang Long?”

“He’s still in a critical condition!” Ohashi Miki replied.

With a heavy heart, Hu Song rolled the wheelchair and moved out. At that time, Ohashi Miki had informed those gang members. After the manor gates were opened, they walked in.

Squinting his eyes, Hu Song could recognize some of them.

The last person who came in was the leader of the Mafia in America. The fully bearded man was in his forties. His blue eyes seemed to exude a melancholic aura. He was Augusto.

“Mr. Hu, since you’ve returned to work, we should resolve the matter in a fast and precise manner, just like how it’s always been in the underworld. What do you think?” Li Hanting took a seat with a smile and asked.

“That’s great!” Hu Song nodded and waved at Ohashi Miki behind him before taking over some checks from her. “The Tang Family has asked all of you to help us with these matters, so we’re certainly going to reward you accordingly. This money is what we have promised you. You can have a look. If you’re unsatisfied in any way, just tell me!”

frowned without taking over the checks. They seemed to be in a dilemma.

“Mr. Hu, are you speaking to us on behalf of the Tang Family or as a Tiandihui member?” Li Hanting directly questioned with a scowl.

Hu Song remained silent and turned glacial.

If he was speaking on behalf of the Tang Family, then what happened to Tiandihui had nothing to do with him. Tiandihui was badly ruined and on the brink of downfall. If these people seized the chance and gobbled up Tiandihui, then the gang would not stand a chance to survive in Los Angeles. If he was speaking to them as a Tiandihui member, his expulsion from the gang

“Many years have passed, but I’ve never forgotten about Tiandihui,” Hu Song answered impassively.

The three people were startled.

Hanks grunted, “If that were the case, then we might not be able to enjoy the rewards we’ve fought hard to attain.”

Hu Song lowered his body and pushed the checks forward. “These are the rewards we’ve promised you!”

destroying Tiandihui?" Li Hanting questioned with a smile.

Hu Song shook his head and sighed. "I have to protect the main hall of Tiandihui. With the help of you guys, we've broken off the escape route of Tiandihui. If I'm going to let the gang perish, I'll be the traitor to my master!"

"Even if you don't betray your master, will your senior let you off the hook when he returns? We all know your senior very well. It's not hard to imagine what ferocious tricks he'll employ," Augusto explained dispassionately.

Hu Song remained silent for a while and replied with a sigh, "My senior might have some dirty tricks up his sleeve, but this is the internal affairs of Tiandihui,

Looking at the obstinate Hu Song, Li Hanting heaved a sigh and rose from the chair with a smile. "Since that is the case, the Green Gang will stop bothering you. However, Mr. Hu, if you can't deal with your devious senior, you can still come to us... but when we lend you a hand by then, we want the entire Tiandihui!"

"Alright!" Hu Song took a deep breath and agreed with a nod.

The other two people traded glances and took the checks before turning to leave.

After they left the place, Hu Song remained silent for a while and

whispered to Ohashi Miki, "Tell He Shuizi and his subordinates to incorporate Tiandihui members into the Tang Family. If they refuse to do so, just kill them all."

Ohashi Miki nodded and turned to leave.

Hu Song shook his head and heaved a sigh without saying a word. He fully understood his senior's capabilities, therefore he had to kill all the loyalists before the latter returned to Tiandihui.

By then, it would be much easier to force his senior to make a choice.

Just then, he heard some footsteps approaching from outside. Tang Lishan and Tang Ai stormed into the place.

“Where’s Yuan Zhian?” Tang Lishan asked as soon as she stepped into the house.

Hu Song frowned at the appearance of Tang Lishan. He had stayed in the Tang Family for a long time, hence he recognized that woman from the same family. “She’s not here!”

Tang Lishan stared at him for a while and turned to leave.

“Mom, did he lie to us?” Tang Ai inquired.

Chapter 598 Are You Making Me Kneel Down?

Tang Lishan pulled at her daughter with a dark expression.

Tang Ai was startled. “Mom, why are you pulling at me? We’ve shown her enough mercy by coming here. If it weren’t because we couldn’t reach her by phone, we should make her send the antitoxin to us!”

Yuan Zhian looked at their action as her lips curved into an indifferent smile. “Is this how you beg?”

“Beg?” Tang Ai was startled for a moment and snarled, “Yuan Zhian, who do you think you are? You want me to beg you? Don’t you know your place in the Tang Family? Do you believe that just a word from me, and you’ll have to die?”

Chapter 598 Are You Making Me Kneel Down?

“Shut up!” Tang Lishan couldn’t stand it anymore and chided.

“Mom, why should we be afraid of her?” Tang Ai asked in displeasure.

“Shut up!” Tang Lishan scolded and hurriedly took a step forward. Blocking Tang Ai, she swept a gaze over Yuan Zhian and eventually stared at Tang Yin.

Having just been saved from hell, Tang Yin was badly injured and in bad condition.

“Tang Lishan, doesn’t your daughter understand the situation she’s in at all? If that were the case, I’d allow you to go home and knock some sense into her head before you come to me again!” Yuan Zhian crossed her legs, which

were as delicate as a piece of sculpture.

“Yuan Zhian, stop being condescending here!” Tang Ai snarled.

“Keep your mouth shut!” Enraged, Tang Lishan directly landed a slap on her daughter’s face.

Slap!

Tang Ai’s expression changed as she looked at her mother aggrievedly.

“Mom, how could you slap me again? You slapped me for that lowly servant. Who the hell does Yuan Zhian think she is? She’s just a b*tch around Tang Yin!”

Tang Lishan was so infuriated that her face had turned pale as she raised her hand again, which caused Tang Ai to

“Sorry, Miss Yuan, I’ve never disciplined her well. I’m so sorry for her action!”
Tang Lishan turned around and bowed to Yuan Zhian. Humility was written all over her face.

Tang Ai was astonished, for she could never imagine that her own mother would bow to Yuan Zhian.

“What are you waiting for? Bow to Miss Yuan now!” Seeing her daughter’s inaction, Tang Lishan chided.

Tang Ai reluctantly walked over and shot a ferocious look at Yuan Zhian before bowing.

well,” Yuan Zhian sneered and turned gloomy in an instant. “Tang Lishan, how could you be so shameless and come here?”

With a pale face, Tang Lishan hung her head low. Although she was infuriated now, she dared not refute Yuan Zhian. Tang Ai was frightened. She had never expected that Yuan Zhian had the courage to call her mother’s name directly.

“Miss Yuan, I’m wrong for doing that to you. I hope you’ll forgive me for being a short-sighted woman...” Tang Lishan composed herself and begged, “No matter what you want me to do in the future, just order me at any time. No matter what you want to have, just call me anytime! As long as I can do it, I’ll

help you achieve it...”

“Mom...” Tang Ai was flabbergasted. She had never expected that her mother would be so servile.

“Look what Tang Yin has become. How will I hold you responsible?” Yuan Zhian asked coldly.

Tang Lishan raised her head and clenched her fists. “I’ll give you enough compensation!”

“Compensation? Do you think I need compensation?” Yuan Zhian smiled faintly. “Tang Lishan, you’re reading too much into it... You’ve always felt that you’re intelligent enough to take control of the situation, but you have never thought that you’re just a buffoon.

You're taken advantage of by both Tang Wei and us. You want to get the most benefits out of Tang Wei and us, but you've never figured out that you'd be the first one to be knocked out..."

Tang Lishan's expression changed.

"What? Are you unresigned?" Yuan Zhian raised an eyebrow.

"Yuan Zhian, who do you think you are? How dare you talk to me like this?" Tang Ai snarled.

"Kneel down!" Yuan Zhian demanded glacially.

"Are you making me kneel down?" Tang Ai questioned loudly, "Who do you think you are? Do you want to die?"

Chapter 598 Are You Making Me Kneel Down?

Yuan Zhian fished out her rattle drum and looked smilingly at the mother and daughter.

Tang Lishan was flabbergasted. Although her daughter had no idea what that was, she knew the power of that drum. As soon as Yuan Zhian shook the drum, they would suffer immensely.

“Kneel down!” Tang Lishan tried to pull her daughter down.

Tang Ai looked at her mother in disbelief. She had never expected that her mother would make her fall on her knees.

“Kneel down!” Tang Lishan chided with a stern gaze.

Chapter 598 Are You Making Me Kneel Down?

“Mom, what are you doing? How can you make me kneel down for her?” Tang Ai questioned.

Tang Lishan turned gloomy without saying a word. Meanwhile, Yuan Zhian rose from the chair. Her alluring figure was outlined perfectly in office suits.

“Well, I have the ability to make you live as well as perish... I just have to shake the drum in my hand, and you’ll take off your clothes on the spot and do all the obscene things... I just have to do nothing, and you and your mom will fester until you die...” Yuan Zhian slowly walked up to Tang Ai. “Is that enough?”

Tang Ai widened her eyes. “You...”

Chapter 599 The Return of Tiandihui's Leader

Tang Ai directly fell on her knees with a thud.

Yuan Zhian lowered her head and sneered.

Grievance and fury were written all over Tang Ai's face as she glowered at Yuan Zhian.

Yuan Zhian scoffed and gazed at Tang Lishan. "What about you?"

Tang Lishan was startled for a moment as her furious-looking face flushed. "Do you want me to kneel down as well?"

"Tang Lishan..." Yuan Zhian said coldly, "If it weren't for you, Tang Yin wouldn't have been injured so badly. If it weren't for you, you and your daughter wouldn't

have come to such a point. I know you're not resigned, but you better show enough penitence when I don't have the intention of killing you... Otherwise, the family of three of yours will have to die here..."

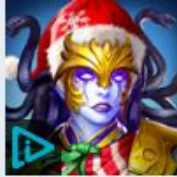

With that, she fished out a pill from her pocket.

Tang Lishan looked fixedly and cravingly at the pill.

It must be the antitoxin, otherwise Yuan Zhian wouldn't have taken it out!

Yuan Zhian showed Tang Lishan the antitoxin and slowly crushed it before scattering it on the floor.

Tang Lishan's eyes reddened when she

Chapter 599 The Return of Tiandihui's Leader

saw that.

“What? Are you heartbroken? Don’t worry. I have more... If you succeed at pleasing me, I’ll give it to you...” Yuan Zhian said with a smile.

Tang Lishan fell on her knees with a thud as well.

Tang Ai stared at her mother with widened eyes.

Walking over, Yuan Zhian raised her hand and gave Tang Lishan a good slap.

Slap!

The slap was so forceful that Tang Lishan trembled as her head hit the bed frame.

Chapter 599 The Return of Tiandihui's Leader

“You!” Tang Lishan snarled.

“What? Are you unresigned?” Yuan Zhian sneered and slumped into her chair. “If you are unresigned, you can leave now. No one is forcing you to stay!”

Tang Lishan's breathing became rapid.

Yuan Zhian snorted, “Kneel here until Tang Yin awakens... If Tang Yin never manages to regain consciousness, both of you will kneel here until the day you die!”

“Yuan Zhian!” Tang Ai growled.

Yuan Zhian rose from her chair and walked up to Tang Ai before she grabbed the latter's hair and slapped her

Chapter 599 The Return of Tiandihui's Leader

three times consecutively.

“Don't bother Tang Yin, or else I'll make you die painfully. Trust me when I say I'd do that!”

Tang Ai's face had swollen as her eyes welled up.

Tang Lishan remained silent and looked at Yuan Zhian with an indifferent expression.

Yuan Zhian scoffed and returned to her own seat before holding Tang Yin's hand. She had to wait for Tang Yin to awaken before she could decide how to punish the mother and daughter. If Tang Yin never awakened forever, she swore that she would kill all the people in the Tang Family.

Chapter 599 The Return of Tiandihui's Leader

A devious woman? A demon?

Yuan Zhian had never considered herself to be a good person and never wanted to be one. She was like a poisonous dagger in Tang Yin's hand that would make all his opponents die in pain.

Tang Yin was unconscious. Tang Lishan and Tang Ai fell on their knees in front of Yuan Zhian and the bedridden Tang Yin.

The scene looked laughable, but it really happened.

Tang Yin was severely injured. Even after the rescue, he remained unconscious.

Chapter 599 The Return of Tiandihui's Leader

The mother and daughter had knelt down for half a day. Their knees eventually couldn't take it anymore as they collapsed to the ground.

Not only was Yuan Zhian unsympathetic, but she also looked at them mockingly.

Meanwhile, the police forces from nearby counties had come to assist their counterparts in Los Angeles.

The sirens of police cars sounded incessantly in the city for the entire morning.

Although Green Gang and the others had stopped their operations, the chaos they had caused last night continued to brew.

Chapter 599 The Return of Tiandihui's Leader

The State Governor of California, Oakley, announced his resignation and ended his political career. After that, State Assemblyman, Edward, also announced his resignation. The consecutive resignations of the two important political figures in the state added fuel to the already unstable situation.

Meanwhile, the people of Tiandihui were facing immense pressure while trying to deal with the aftermath.

The places that were broken into were almost all of Tiandihui's territories. Now that the police had paid them a visit, they had no choice but to come forward. After all, after the people of Green Gang smashed up their Tiandihui's places, they could retreat in a hurry and even go into hiding.

Chapter 599 The Return of Tiandihui's Leader

However, not only couldn't the people of Tiandihui flee, but they also had to keep guard here. Otherwise, they would lose those territories as time went by.

He Shuizi and his subordinates had visited about eight of Tiandihui's places and killed all the unyielding people.

It was the headquarters of Tiandihui. He Shuizi came from the division in San Francisco, therefore it was impossible for him to establish himself in that place. Moreover, unlike Yang Long, he wasn't an indecisive man.

He would kill those who should be killed.

He learned this from experience.

Chapter 599 The Return of Tiandihui's Leader

Seated in a wheelchair, Hu Song was pushed into one of Tiandihui's spots.

Most of the old men here knew Hu Song. After all, when he was forced to leave the gang in the past, it caused a commotion.

“Hu Song, have you returned to retaliate?”

An old man with gray hair and beard took a seat across Hu Song and questioned angrily, “Do you retaliate by killing all of Tiandihui's people?”

Hu Song raised his head and made out who the old man was. When he left back then, this old man had tried to make him stay. He had never expected that they would meet in such a situation

Chapter 599 The Return of Tiandihui's Leader

after so many years.

“I never had the intention of retaliation...”
Hu Song shook his head and explained gently, “It’s all because of fate that we’ve taken different stances.”

“You never had the intention of retaliation? Then what are you doing now? You’re making your people kill our unyielding members and trying to take control of Tiandihui!”

Hu Song lowered his gaze. “I said it’s all because of fate! Although I had taken all the blame when I left Tiandihui, I had never had the intention of taking back what I had lost... I’ve come here today for Yang Long and my named disciple Tang Yin!”

Chapter 599 The Return of Tiandihui's Leader

“Stop spouting nonsense. Hu Song, let me tell you that our leader is coming back soon. By then, he won't just kick you out of the gang just like what happened in the past...” Xue Xiaofei snarled.

Hu Song heaved a sigh. “His return has nothing to do with me. I've come here to tell you that this is a critical time, so I've used some unusual tricks. I don't expect that you'll understand me...”

“Are you threatening us?” Xue Xiaofei growled.

Hu Song remained silent for a while and heaved a sigh before he was pushed out of the place.

“The leader of Tiandihui, Chu Tianao,

has arrived at the airport..." Ohashi Miki said and looked inquisitively at Hu Song.

"He's back..." Hu Song mumbled.

Chapter 600 Leaving Her Daughter Behind

The name 'Chu Tianao' had always had a place in Hu Song's mind.

Their master had taken in three disciples. The first one was Chu Tianao, the second one was Zhao Deliang, and the last one was Hu Song. After their master passed away, Chu Tianao had taken control of Tiandihui.

Chu Tianao used tricks to force Hu Song to leave and marginalized Zhao Deliang.

After Hu Song left Tiandihui, he had come to Tang Lijiang's side. Many years had passed just like that. As Zhao Deliang was marginalized and had nowhere to vent his anger, he became dejected and got sick until he died in San Francisco.

Chapter 600 Leaving Her Daughter Behind

Luo Guan and Yang Long were Zhao Deliang's disciples. Hu Song never wanted to take in any disciples due to personal reasons. However, fate had brought him and Tang Yin together as the latter became his disciple.

"Since I've returned, I'll have to face it. Tell He Shuizi to come here..." After giving it a thought, Hu Song heaved a sigh and continued, "Leave the rest to me. He won't have to show up!"

"Okay!" Ohashi Miki nodded and called He Shuizi.

Hu Song gazed at the sun in the sky, but his heart was filled with gloominess.

In the afternoon, Tang Yin finally regained consciousness.

Chapter 600 Leaving Her Daughter Behind

Some parts of his body had been fractured during his ordeal. If it weren't for the fact that he had some inner energy, he wouldn't be able to awaken up until now.

Upon letting out a breath, Tang Yin opened his eyes and saw Yuan Zhian's surprised look.

"You're awake." Yuan Zhian was excited as she held Tang Yin's hand and placed it on her cheek.

Tang Yin smiled with difficulty and saw Tang Lishan and Tang Ai kneeling not far away.

"You can stand up now!" Yuan Zhian ordered impassively.

Chapter 600 Leaving Her Daughter Behind

Tang Lishan gritted her teeth and held the bed frame before she slowly helped herself up. Her legs had become numb after a long time of kneeling. She managed to get up with difficulty with the support of the bed frame. “Now, can you give me the antitoxin? Don’t worry. From now on, I’ll leave the Tang Family with my children and won’t try to take over any power from you!”

“Leave the Tang Family?” Yuan Zhian raised her gaze and sneered, “Did I tell you to leave?”

“What do you mean?” Tang Lishan was irritated and held the pale Tang Ai up with one hand.

“What do I mean? I told you not to get involved in the power grab, but you still

Chapter 600 Leaving Her Daughter Behind

took part in this. If I don't teach you a lesson, you'll still return to harm us! Tang Lishan, I know you too well, so stop pretending in front of me!" Yuan Zhian scoffed.

"What on earth do you want?" Tang Ai snarled.

"I want you to stay here and become my servant. Whenever I'm satisfied with it, I'll let you leave..." Yuan Zhian sneered as mockery was written all over her face.

"Become your servant? Do you think too highly of yourself? I come from the Tang Family, so how could I be your servant?" Tang Ai growled.

"Then leave. Nobody is forcing you to

Chapter 600 Leaving Her Daughter Behind

stay!” Yuan Zhian snorted and cocked her head.

She didn't care about the survival of Tang Lishan and her daughter. If she could make use of them, she wouldn't reject it. However, if they refused to cooperate, she wouldn't feel sympathetic, even if they would fester and die.

She had wanted to kill the mother and daughter on Tang Island back then. Having experienced so much, she felt that it wouldn't be fair if they were allowed to die so easily.

Even if they had to die, they should perish in despair.

Tang Lishan looked at Yuan Zhian's

Chapter 600 Leaving Her Daughter Behind

mocking expression and trembled. Then, she gazed at Tang Yin and said gently, "Tang Yin, I was in the wrong back then, and I had done many things to harm you. But, we come from the same family, and I'm your aunt after all..."

Before Tang Yin could say a word, Yuan Zhian ridiculed, "So his aunt had joined forces with Tiandihui and tried to kill him."

Rested on the bed, Tang Yin was trying to breathe in his own rhythm. He never had the intention of taking part in the conversation between them. He knew full well of Tang Lishan's temperament. Once she got the upper hand, she would never show any mercy.

Chapter 600 Leaving Her Daughter Behind

Therefore, he had decided to entrust Yuan Zhian with this trivial matter. He also believed that she could settle the matter perfectly.

“Just tell me what you want...” Tang Lishan took a deep breath and said.

“Haven’t I made myself clear?” Yuan Zhian looked mockingly at the mother and daughter. “If you don’t understand me, then I’ll say it again! I want Tang Ai to become my servant. Whenever I’m satisfied with it, I’ll let her go! You can rest assured that I won’t intentionally harm her. If I wanted to do that, I wouldn’t have beat around the bush!”

Tang Lishan turned gloomy when she heard that.

Chapter 600 Leaving Her Daughter Behind

“Mom, I won’t stay here. I don’t want to stay here!” Tang Ai’s expression changed when she noticed her mother’s silence and begged, “Mom, please leave with me. I don’t want to stay here... Please go back with me. I don’t want any antitoxin!”

“It’s okay that you don’t want the antitoxin. Just leave now... Your brother, your mom, and you will have to die!” Yuan Zhian said with squinted eyes.

“I don’t trust you! You’re not trustworthy!” At that moment, Tang Ai was finally afraid. She could clearly sense the murderous intent behind Yuan Zhian’s gaze.

“Tang Ai, stay here...” Tang Lishan raised her head and said meaningfully, “Don’t

Chapter 600 Leaving Her Daughter Behind

worry. I'll come back to fetch you one day!"

"Mom..." Hearing that, Tang Ai cried out, "Mom, don't do that to me... Don't leave me here alone. No..."

"Give me the antitoxin! I'll make Tang Ai stay here!" Trying to suppress her anger, Tang Lishan stared at Yuan Zhian.

Yuan Zhian smiled and fished out two pills from her pocket. "These are for you and Tang E. You don't have to care about Tang Ai's pill. I'll give it to her personally..."

"Okay!" Tang Lishan grabbed the pills and turned to leave.

"Mom..." Tang Ai growled hysterically as

Chapter 600 Leaving Her Daughter Behind

her gaze was filled with despair. “Don’t leave!”

Tang Lishan left the ward without turning around, for she knew that this was the best solution. Otherwise, she and her children would fester and die.

After Tang Lishan left, Tang Ai turned around in fright. Her gaze was filled with fear when she gazed at Yuan Zhian.

Yuan Zhian took out a pill from her pocket and crushed it before scattering it on the floor.

“This is your antitoxin, which will ensure that you won’t fester and die within a month... Now, lie down and lick it all!”

Chapter 601 Begging for Mercy

Looking at Yuan Zhian's face, Tang Ai trembled as she became more frightened by the minute.

She had been under Tang Lishan's protection over the years. Now that her mother had left, and she had fallen into the demonic Yuan Zhian's hands, it was inevitable that she would be terrified.

"I told you to lick it all." Yuan Zhian rose from the chair and stared at her condescendingly. Her gaze was filled with ferocity.

"I..." Tang Ai shuddered and cried out before shifting her attention to Tang Yin. "Tang Yin, how could you let your subordinate treat me in such a way? I'm your cousin! I'm from the Tang Family!"

Chapter 601 Begging for Mercy

Tang Yin turned to Tang Ai. His heart was filled with mixed feelings when he looked at her strange yet familiar face.

When they were younger, the competition within the Tang Family wasn't so intense. The Tang family members weren't as hostile toward each other as they were now. At that time, he could bring Tang Ai and Tang E to the beach and play with them. They could roll up their pants and pick up some shells on the beach.

In the past, the atmosphere on Tang Island was filled with childish laughter and fun.

When did it all begin to change?

Tang Yin couldn't remember when their

Chapter 601 Begging for Mercy

innocence had turned into hostility. He could only remember that after he started college in Wuhan, his finances were restricted due to the hostility from some Tang family members.

The Tang Family!

At the thought of his family, he suddenly laughed in a melancholic way.

Given a choice, he wouldn't want to be born as a Tang family member. Perhaps it was a common problem that was shared by all the prestigious families.

“Tang Yin, please forgive me. I know I was bad to you. Please give me a chance. I dare not go against you anymore!” Tang Ai cried and collapsed to the ground.

Chapter 601 Begging for Mercy

Tang Yin raised his head and stared fixedly at Tang Ai.

Tang Ai was so sorrowful that she quivered and almost lost all her energy.

Yuan Zhian sighed on the side because she knew that Tang Yin's heart had softened. If she were given full control of the matter, there wouldn't be a turning point. She would never forget how Tang Ai treated Tang Yin in the past.

"Get up!" Tang Yin heaved a sigh.
"Follow around Yuan Zhian from now on. If you have another malicious intent again, I will kill you myself!"

Tang Ai's expression changed as she nodded vigorously.

Chapter 601 Begging for Mercy

Yuan Zhian shook her head and fished out a pill from her pocket before tossing it at Tang Ai.

Tang Ai hurriedly picked up the pill and shoved it into her mouth as she gulped it down without chewing it.

“Get out and tell Ohashi Iori to get a room for you to take a rest.” Yuan Zhian waved her hand impatiently and chased Tang Ai out. Then, she poured a cup of water and fed it to Tang Yin.

Tang Yin was badly injured, therefore she had to be careful. After he gulped down the water, she removed his bandages and applied topical cream for him.

Looking at his hideous and weeping

Chapter 601 Begging for Mercy

wounds, her expression turned dark.

“Don’t worry. I can press on!” Tang Yin smiled without caring about it very much.

Yuan Zhian’s eyes welled up as she nodded and lay down beside Tang Yin.

The hospital bed was large enough to accommodate two people.

Tang Yin could feel that when she lay down beside him, she draped her arm around his waist in a gentle manner. As her hour-glass figure pressed against his body, his heart throbbed.

“Tang Yin... I don’t know whether Tang Wei has died...” Yuan Zhian lowered her head and said in guilt.

Chapter 601 Begging for Mercy

“Nevermind. We’ll just assume that she’s alive!” Tang Yin smiled and remained silent. Then, he raised his healthy arm and hugged Yuan Zhian.

Instead of making out on the bed, they looked like they could only depend on each other.

They didn’t talk about Tang Wei because they knew that the latter had many tricks up her sleeve, therefore it wasn’t easy to kill her.

In fact, Tang Wei survived.

After she plunged into the sea, she made use of her years of experience in diving and swam in pain until she reached the coastline a few hundred meters away. Then, she found some

Chapter 601 Begging for Mercy

local people and made an emergency call.

When her subordinates arrived, she was on the brink of losing her consciousness. She was a cruel woman, so she could be cruel to others as well as herself.

She fled Los Angeles overnight and took refuge in the headquarters of Angel Medical Company.

As Tang Yin was on the mend, she also moved past the critical stage and regained her senses.

Donald had been keeping guard outside the room. When he saw Tang Wei awakening, he walked in and bowed to her respectfully.

Chapter 601 Begging for Mercy

“Los Angeles is in chaos, and Tiandihui is on the verge of a downfall.

Fortunately, Chu Tianao has returned, but I’m afraid that there will be internal strife within Tiandihui!”

Tang Wei turned gloomy when she heard that. “What’s the matter with Hades? Why didn’t he show up?”

“Hades has been on the run because the Patriarch is coming for him. You know that Hades is involved in the business of arms smuggling, and he has many business partnerships in Africa. Meanwhile, the Patriarch has been expanding his business in Africa for the past few years. He simply found two local mercenaries and found out about Hades...” Donald shook his head and explained.

Chapter 601 Begging for Mercy

“What a toad!” Tang Wei scolded and gazed coldly at Donald. “We have six companies in America. Two of those are legitimate businesses, and four of those are supposed to be underground. Now all of the companies have been exposed. How will you explain yourself?”

“Miss, we’ve been exposed because of Young Master! If he never disclosed us, we could have remained anonymous for a longer time!” Donald sighed grievously.

Tang Wei said through gritted teeth, “We shouldn’t have trusted him.”

Donald remained silent. After all, this matter involved the higher-ups in the Tang Family. As a regional manager, he

Chapter 601 Begging for Mercy

wasn't in any position to make a comment.

He knew that not only did Tang Miao expose their secret companies, but the latter was also involved in the Mojade Company's incident. Otherwise, Tang Yin wasn't resourceful enough to find out about the tax fraud in Mojade Company.

"Tell the managers of those four companies in the underground network to reach here by tomorrow night... I have to hold a meeting with them!" Tang Wei took a deep breath and ordered coldly.

"Are you going to kill Tang Yin?"

Tang Wei was enraged upon hearing that. "You are not in any position to ask

Chapter 602 Greed

Donald immediately hung his head low. He could go against Tang Yin, but he didn't have the courage to retort Tang Wei. He dared not even look at her at that moment.

The Tang Family was divided into overground and underground networks. The overground network was under Tang Lijiang's control, while the underground network was under Tang Yuanbo's management. Under Tang Yuanbo, Tang Wei and Tang Miao shared the same amount of power as they were both the managers of the underground network.

They also had the authority to change the regional managers as they pleased.

Donald lowered his head and moved

Chapter 602 Greed

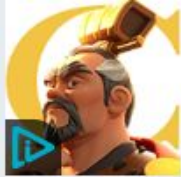

backward.

“Wait a minute.” Tang Wei suddenly thought of something as her gaze beamed with a dangerous glint. “How well do you know Chu Tianao?”

“I was in contact with him before!” Donald gave it a thought and said gently, “He’s a greedy and narrow-minded man. More importantly, he’s ferocious and devious enough...”

“That’s great!” Tang Wei sneered and waved her hand at Donald.

Donald didn’t know what was on her mind and didn’t have the courage to ask her about it, therefore he could only hang his head low and move out backward.

Chapter 602 Greed

Nobody knew of Tang Wei's exact plan, but she was certainly not going to give up easily. She must be coming up with a scheming plot to go against Tang Yin.

Meanwhile, a carcade was moving into Los Angeles.

The low-profile carcade moved from the airport into the city center as they wandered around the city aimlessly.

Inside one of the cars, there was a slim old man about the age of sixty with a gloomy expression.

He was Chu Tianao, the one and only Tiandihui's leader.

He had been in control of Tiandihui for many years. Although the gang wasn't

Chapter 602 Greed

thriving under his management, he managed to put food on the table for his subordinates.

What happened in Los Angeles made him feel resentful and furious.

He had never expected that so many years after he forced Hu Song out, the latter would come back and cause immeasurable harm to Tiandihui.

“Master, after moving around the city, we can see that most of Tiandihui’s territories have been saved!”

Chu Tianao closed his eyes without saying a word.

“But I heard that the management had been changed...”

Chapter 602 Greed

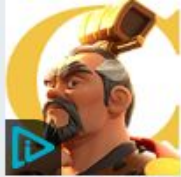

“Who are they?”

“They are Tiandihui members as well, but they come from our base in San Francisco...”

“Oh?” Chu Tianao opened his eyes and sneered, “So it’s the people from San Francisco base who revolted?”

“The details are unknown, but I heard that there’s this guy called He Shuizi from the San Francisco base who has been incorporating Tiandihui members... He’s also responsible for stabilizing the situation in our territories. He even killed our members who were unresigned!”

“How dare he!” Chu Tianao scoffed and waved his hand. “Since that’s the case,

Chapter 602 Greed

we'll look for He Shuizi first. I want to know how he summoned enough courage and destroyed Tiandihui when I wasn't around!"

"Alright!"

Chu Tianao closed his eyes and held the handle in the car. As he exerted his inner energy, the handle cracked and broke into pieces.

Chu Tianao's inner energy was unrivaled among other martial arts experts as it had been accumulated over the decades to the point where he became incredibly powerful.

Just then, He Shuizi received a message from Hu Song. Looking at the message on his phone, he fell into

Chapter 602 Greed

silence.

“Shui, are we going back now?”

He Shuizi raised his head and gnashed his teeth together before asking coldly, “How many more places are there that we haven’t settled yet?”

“Three more!” his subordinate answered.

He Shuizi took a deep breath and ordered, “Go to the nearest one!”

“So... are we not going back?” his subordinate inquired.

“Of course we have to go back, but there are only three places left now. Let’s hurry up and stabilize those places

Chapter 602 Greed

before we go back!” He Shuizi swung his hand. There were only three places left, therefore he couldn’t give up.

His subordinates nodded upon hearing that. Once they succeeded in doing so, Tiandihui would fall under their control, which was much greater than their base in San Francisco.

About forty people got into their cars and headed for the nearest Tiandihui territory.

It was a nightclub with a golden and luxurious interior design.

He Shuizi and his subordinates pulled up outside the nightclub and got out of their cars. Upon entering the nightclub, he could see that the dance floor and

Chapter 602 Greed

the bars had been destroyed by Green Gang. Then, he shifted his attention to the people inside who had been keeping guard.

“Tell your manager to come here!” He Shuizi demanded without hesitation.

“Our manager?” The two dejected security guards were startled and gazed at He Shuizi. “Are you the ones from the base in San Francisco?”

“Cut the crap. Tell the person in charge of this place to come here!” He Shuizi’s subordinate snarled.

The security guards hesitated for a moment and scurried into the nightclub’s office.

Chapter 602 Greed

After a while, a woman in her forties, who had tied up her hair and was wearing a long dress, came out of the office. Upon taking a look at He Shuizi and his subordinates, her expression turned glacial.

“I know who you are. Your name is He Shuizi, and you come from the base in San Francisco!” Wang Xiaona said disdainfully, “I can tell you that this is still Tiandihui’s territory, and I’m still a Tiandihui member, so I will never lend my support to you!”

“I’m sorry, but I’m not here to have a discussion with you... I only need you to obey my order!” He Shuizi declared impassively.

Wang Xiaona replied with a smile, “I’m

Chapter 602 Greed

afraid I can't do that because... the person whose order I should obey has already arrived!"

He Shuizi was startled upon hearing that. Then, he suddenly understood the meaning behind her words and turned to leave. "Let's go back!"

As soon as he finished his words, his subordinates were stunned. His expression suggested that something bad was about to happen. All of them hurriedly reached for the door, but they were greeted by the sight of more than ten guns.

Clap, clap, clap...

The clapping sound could be heard from the other side of the nightclub.

Chapter 602 Greed

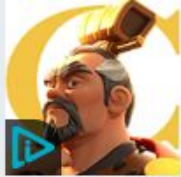

Chu Tianao, who was clad in a traditional suit, came out from a room in the nightclub. His withered face was filled with gloominess.

“I admire young men like you. Those who have the courage to make people surrender in Tiandihui’s territory.”

The moment He Shuizi turned around and saw Chu Tianao walking over, his pupils contracted. He knew that his life was over as he had gone overboard in this matter.

The leader of Tiandihui had caught him personally.

“Well, how do you wish to be killed?”
Chu Tianao raised his gaze. There was no emotion on his withered face.

Chapter 603 Ruthless Means

He Shuizi could feel a chill moving down his spine as his feet turned cold.

Although he was a courageous and seasoned man, he was gripped by a feeling of endless fear when facing Chu Tianao.

“I’m asking you a question. How do you wish to be killed?” Chu Tianao’s voice turned glacial.

He Shuizi carefully took a few steps back. He knew that it wouldn’t be easy for him to leave now. Since things had come to such a point, he might be able to survive if he fought for that chance.

With that thought in his mind, he suddenly charged forward and jumped up before trying to land a punch on Chu Tianao.

Chapter 603 Ruthless Means

He had exerted all his force in that punch. The moment he came down with the attack, his inner energy exploded.

Chu Tianao raised his gaze and lightly lifted his hand. He grabbed He Shuizi's wrist when the latter's punch was about to hit him.

He Shuizi was astounded. When he landed on the ground and wanted to retract his hand, he felt that his wrist had been gripped so forcefully that he could never withdraw it no matter how hard he tried.

He had used up all his energy in the strike, but Chu Tianao managed to dispel it with ease.

“Go to hell!” Grabbing He Shuizi's wrist

Chapter 603 Ruthless Means

with one hand, Chu Tianao raised his leg and kicked the right side of his opponent's ribs.

Crack.

He Shuizi felt as though he had been hit by a truck. That force was too powerful for him to bear. The moment the kick landed on his body, he was sent flying away and crashed into the wall.

Puke. Blood gushed out of his mouth as his face turned livid.

He's so strong!

He Shuizi had never expected that Chu Tianao was that formidable. The blow that used up all his strength was blocked by Chu Tianao easily with one

Chapter 603 Ruthless Means

hand. The difference in their powers was so great that He Shuizi had no chance to defeat his opponent at all.

“How do you want to be killed?” Chu Tianao slowly moved over and raised his foot before lightly stepping it on He Shuizi’s ankle. “I’m asking you a question...”

As soon as he finished his words, he exerted force on his foot.

“Argh!” He Shuizi’s ankle felt so painful that he shrieked. He felt as if endless steel needles had been jabbed into his ankle, which caused him to tremble.

He Shuizi’s subordinates turned gloomy when they saw their leader being treated in such a way. However, they

Chapter 603 Ruthless Means

knew that they were at the mercy of Chu Tianao. If they wished to be alive, they had better do nothing.

“How dare you snatch my people behind my back? You’re so foolhardy...” Chu Tianao suddenly exerted his inner energy on his foot.

“Argh!” He Shuizi wailed another time as his forehead was beaded with sweat.

Chu Tianao’s inner energy was weird in the way that when it exploded, it seemed to have the ability to jab countless needles into the opponent’s body. He Shuizi could feel that his ankle was slowly breaking, as though his bone had been pierced with nails numerous times.

Chapter 603 Ruthless Means

“So many years have passed, but there are still reckless people like you...” Chu Tianao seemed to be lamenting, but he was actually putting on a sneer. Then, he raised his foot and ruthlessly stepped on He Shuizi’s thigh.

Crack.

The horrifying sound of bone fracturing permeated the place.

“Argh!” He Shuizi yelled as his pupils contracted.

“Tut-tut...” Chu Tianao shook his head and lamented, “I don’t think your leg will be functional anymore. Even if you go to the hospital now, they will amputate your leg... So why don’t I help you chop it off now?”

Chapter 603 Ruthless Means

Fear was written all over He Shuizi's face as his gaze seemed to be begging.

"Come on, help me chop his leg off."
Chu Tianao waved his hand.

Wang Xiaona moved forward with a long knife and directly aimed it at He Shuizi's leg.

"Damn it. I'll fight you all..."

He Shuizi's subordinate suddenly turned hostile as he howled and charged forward.

Chu Tianao raised his gaze and landed a kick on that person, which sent him flying backward and crashing into the wall.

Chapter 603 Ruthless Means

Everyone was flabbergasted. They could see that the person's chest had been dented, and his blood oozed out of his mouth and nose as his blood filled the area around him in an instant.

Chu Tianao was so mighty that he could kill a person effortlessly.

“Who else is going to come in my way again?” Chu Tianao turned around and looked at the crowd.

Everyone remained silent in fear. Even if they were bold, they were shaken to the core by Chu Tianao's might when they saw the scene.

Not only did they not have the courage to come in Chu Tianao's way, but they also didn't dare to look at him in the

Chapter 603 Ruthless Means

eyes.

“Chop his leg off and send it to my junior... He may like it!” Chu Tianao hinted at Wang Xiaona.

Without further ado, Wang Xiaona directly cut his leg off, which caused his blood to gush out.

He Shuizi widened his eyes and passed out.

A leg had been cut off just like that.

“Has he passed out?” Chu Tianao shook his head and sneered, “How could he pass out just like that? The game has just started...”

As soon as he finished his words, he

Chapter 603 Ruthless Means

raised his foot and stepped on He Shuizi's other leg.

“Argh!” The unconscious He Shuizi could feel immense pain in his leg, so he came to his senses at once. At that moment, he would rather die than be tortured.

Chu Tianao ordered with a smile, “I don't think his other leg will be functional as well. Come on... Help him cut it off!”

He Shuizi was gripped by fear upon hearing that.

“No... Please...”

Chu Tianao put on a smile and raised his leg again.

Chapter 603 Ruthless Means

It was only until then that everyone realized that the leader of Tiandihui was such a horrifying demon.

Half an hour later, when Hu Song saw the leg in a box in Tang Yin's manor, he clenched his fists.

"Mr. Hu, another person has come here..."

When Hu Song raised his head and saw someone bringing in another box, his expression changed. "What's inside?"

"I-It's a leg!"

"What?" Hu Song's expression changed drastically as his body trembled.

"A-Another person has come to send us

this!" Just then, someone else came in.

Hu Song tottered and looked at his subordinate in disbelief. "What's inside this box?"

"I-It seems to be an arm..."

Hu Song gnashed his teeth together as endless fury burned in his chest. "Chu Tianao, you b*stard..."

"Mr. Hu, they have sent another box over. I-It..."

"What's that?"

"There seems to be a head inside..."

Chapter 604 Reaching for the Hospital

“A head?” Hu Song widened his bloodshot eyes. “Whose head is it?”

“I-It seems to be He Shuizi’s...”

Hu Song’s head buzzed as the veins protruded on his forehead, and his breathing became unstable.

He Shuizi’s bloodied head was right inside the box. His eyes remained open with an unresigned look.

“He’s so ruthless...”

Hu Song took a deep breath and closed his eyes as his heart throbbed. In fact, there wasn’t a deep affection between He Shuizi and him. He got to know the latter through Yang Long and saw him as a junior.

Chapter 604 Reaching for the Hospital

However, he never expected that such a thing would happen.

“Elder Hu...” Looking at Hu Song’s dark expression, Ohashi Miki took a step forward hesitantly.

Hu Song waved his hand and turned gloomy. “Get ready. I’m going to meet Chu Tianao!”

“Chu Tianao and his subordinates are slaughtering Tiandihui members at the moment!”

“What did you say?” Hu Song widened his eyes. “Is he slaughtering Tiandihui members just because I told He Shuizi to make such an arrangement?”

Everyone remained silent as it was

apparent to them that was the reason behind Chu Tianao's doing.

“Get someone to tell him that I want to meet him.” Hu Song waved his hand.

Ohashi Miki kept quiet for a moment and turned to leave.

At that time, just like what Ohashi Miki had said, Chu Tianao and his subordinates were storming into Tiandihui's territories and killing members who came from San Francisco.

Wang Xiaona walked up to Chu Tianao and bowed respectfully. “Master... Hu Song wants to meet you.”

“Does he?” A cruel smile appeared on

Chu Tianao's withered face. "Alright. It seems that he can't stay put anymore. Get into the car."

"Are we really going to meet him?" Wang Xiaona was startled.

"Get into the car first!" Chu Tianao grinned and opened the car door.

Wang Xiaona hesitated for a moment and looked back at the stabilized territory before following Chu Tianao into the car.

Seated in the car, Chu Tianao closed his eyes and asked gently, "What do you think Hu Song is going to tell me?"

Wang Xiaona shook her head. She didn't know Hu Song or his personality at all,

Chapter 604 Reaching for the Hospital

therefore she couldn't figure out what he was going to say to Chu Tianao.

Chu Tianao opened his eyes and explained with a smile, "He was forced out of Tiandihui by me, hence he's developed a feeling of hatred. So many years have passed, but he has remained to be a hypocrite!"

Wang Xiaona lowered her head without saying a word.

"The reason he's coming to meet me is that he wants to have a proper talk with me with the bargaining chip in his hands..." Chu Tianao shook his head and mocked, "Does he think that it's enough to have Chen Bin in his hands? Does he think that we don't have a bargaining chip?"

“What is the bargaining chip that we have?” Wang Xiaona was startled. It never crossed her mind that there was a bargaining chip in Chu Tianao’s hands.

“Since my disciple is in his hands, then I’m going to catch his disciple as well. I heard that his named disciple is in the hospital right now... Do you think we’ll be able to catch him if we go to the hospital now?”

“Do you want to capture Tang Yin?” Wang Xiaona was stunned.

“Didn’t it all happen because of Tang Yin?” Chu Tianao smiled.

Wang Xiaona looked at him in a daze and was lost for words. Right then, the car had changed its direction and

headed for the hospital.

At that time, Tang Yin was taking a rest in the hospital.

After the incident with Tang Lishan and Tang Ai, he could finally have peace of mind and wind down as he slowly dozed off.

It was in the afternoon. The sunlight filtered through the windows and warmed the room.

Tang Ai put down the glass in her hand and slowly moved backward. Before she left, she took a look at Yuan Zhian in fright. Yuan Zhian's dominance had been planted in her mind.

Ignoring Tang Ai, Yuan Zhian continued

to lie beside Tang Yin. She was a protective woman who wished to block out all the harm in the world for Tang Yin. If it were possible, she hoped that this tranquility could go on forever.

Tang Yin awakened from his sleep and squinted his eyes as he felt that the sunlight was too dazzling.

Yuan Zhian hurriedly extended her hand and held it out above his eyes so that she could block out the sunlight for him. At least it would make his eyes feel better.

“Thanks!” Tang Yin could only thank her, as he didn’t know what else to say. He could see the lines on her fair palm. Her hand was beautiful enough to be a hand model and even become famous.

Yuan Zhian was moved upon hearing his thanks.

“I need to get down...” Tang Yin took a deep breath and said gently.

Yuan Zhian quickly turned around and placed her hand on Tang Yin’s wrist before trying to help him up.

There were a total of seven fractures on Tang Yin’s body—four on his ribs, one on his collarbones, and two on his arm. Yuan Zhian held his healthy arm and helped him get out of bed.

“How are you feeling?” Yuan Zhian was gentle as she bent over and kept close to Tang Yin before trying to prop up his healthy arm with her shoulder.

“I’m feeling great!” Tang Yin answered softly.

Yuan Zhian held his arm and walked toward the bathroom. The only reason Tang Yin wanted to get down was that he needed to hit the bathroom. Although he didn’t say it out, Yuan Zhian figured it out herself.

Upon entering the bathroom, Tang Yin was embarrassed. Although he was close to Yuan Zhian, it was still inappropriate to urinate in front of her.

Yuan Zhian didn’t mind it one bit. After stabilizing Tang Yin, she took off his belt and pulled down his short pants.

Tang Yin couldn’t describe his feelings in words. His heart was slowly filled

with mixed feelings.

“It’s fine—” Before Yuan Zhian could finish her words, she heard footsteps approaching the ward and Ohashi Iori’s snarl.

In that instant, her expression changed drastically as she pushed the bathroom door open and heard a banging sound.

Ohashi Iori’s body was sent flying backward, pushing the ward door open. Her tachi was broken as she vomited blood and passed out.

“Who is it?!” Yuan Zhian yelled.

Chu Tianao pushed the door open and walked in with Wang Xiaona. Upon casting a glance at Yuan Zhian, he

Wang Xiaona took a step forward and raised her hand before aiming her pistol at Yuan Zhian.

Yuan Zhian's expression changed drastically. "W-Who are you?!"

Pop! Just then, the sound of a fire shot could be heard in the room.

Yuan Zhian turned pale. The moment the gunshot sounded, Tang Yin had rushed out of the bathroom and pressed Yuan Zhian against the ground as they rolled to another side.

As soon as Chu Tianao saw Tang Yin, he started walking up to the latter and attacked him with a kick.

raised his hand and immediately felt a sharp pain in his arm. The kick was so forceful that he was sent flying away.

With her body under Tang Yin, Yuan Zhian was forced to rub against the floor and crash into the bed frame.

“Leave now!”

Tang Yin raised his head and bumped into Yuan Zhian. Then, he stomped on the ground and pounced on Chu Tianao.

Tang Yin wanted to make use of his remaining strength and make way for Yuan Zhian to leave. However, he had never expected that Chu Tianao wasn't a nobody. Instead, the latter was one of the strongest martial arts experts in the world.

Chapter 605 Badly Injured

As soon as Tang Yin charged forward, Chu Tianao raised his arm and grabbed his opponent's shoulder in an instant.

Tang Yin's face was transformed by shock. Having engaged in so many battles before, he knew his abilities full well. He had exerted his inner energy in the push just a moment ago, which was enough to push away any ordinary man.

"You're so naive..." Chu Tianao put on a mocking smile on his withered face. "I was wondering how capable you must be to have wreaked havoc in America. To my disappointment, you're just a weakling!"

Tang Yin hurriedly moved backward. Meanwhile, Chu Tianao followed along and extended his hand before reaching

for his opponent's shoulder.

Tang Yin wasn't as dextrous as he used to be due to his injuries. Chu Tianao directly landed a slap on Tang Yin's shoulder, which caused him to feel immense pain as though his bone was going to shatter.

Crack.

Tang Yin's healthy arm was fractured by Chu Tianao just like that as his body was afflicted with pain.

"You're so weak... I wonder what Hu Song has been teaching you over the years." Chu Tianao guffawed and clenched his fist before he summoned his inner energy and blew Tang Yin away.

Tang Yin was sent flying away, hitting the wall before he landed on the ground.

Puke. Blood gushed out of his mouth.

“Tang Yin...” Yuan Zhian anxiously climbed toward Tang Yin and held him in her arms. “Tang Yin, how are you feeling? Are you okay?”

Tang Yin’s expression was gloomy, and his face was pale.

Chu Tianao shook his head and slowly moved forward. “How did you have the courage to destroy my Tiandihui when you’re so weak?”

“Go away!” Yuan Zhian turned around and snarled. Her stare was so malicious that it couldn’t be described with words.

“Scram!” Chu Tianao raised his arm and slapped Yuan Zhian’s face. *Slap!* Yuan Zhian was shoved to the other side as blood oozed out from her nose and mouth.

Feeling pain all over his body, Tang Yin glared fixedly at Chu Tianao. He had just been rescued in the operation room last night. Upon receiving a slap from Chu Tianao, all his wounds split up. At that moment, all of his body was bloodied.

“What? Can’t you even take such a light force from me?” Chu Tianao walked over and lifted his foot before he stepped on Tang Yin’s face and spat at the latter’s face. “Puke!”

Tang Yin gritted his teeth and stared at

“Tut-tut... It looks like you’re unresigned.” Chu Tianao put on a grin on his shriveled face and laughed. Then, he patted Tang Yin’s face and mocked, “Did you learn the stare from Hu Song? If a stare could kill, you would be the top killer in the world... Hahaha!”

Tang Yin’s chest heaved up and down.

Chu Tianao grabbed Tang Yin’s hair and lugged him out of the room. “I had wanted to break all your limbs and send them to Hu Song. However, I’ve lost the interest because you’re so weak...”

“Go away!” Chu Tianao was enraged as he raised his foot and landed a kick on Yuan Zhian’s chest.

Yuan Zhian could never dodge it. When she was about to be kicked, she was so afraid that she immediately closed her eyes. However, she never felt any pain at all. She hurriedly opened her eyes and saw Tang Yin grasping Chu Tianao’s ankle. His arm appeared to be deformed.

“Tang Yin...” Yuan Zhian was astonished and cried. If the kick landed on her body, she would be half-dead even if it didn’t kill her.

Tang Yin breathed rapidly and glowered at Chu Tianao. “Whether I’m a weakling, it’s not up to you to determine. It’s up to me!”

With that, he summoned all his inner energy and hit Chu Tianao’s calf with his elbow as he snarled, “Go to hell!”

Chu Tianao’s pupils contracted. Looking at Tang Yin’s move, he raised his hand. “I’ll kill you now!”

“No!” Flabbergasted, Yuan Zhian hurriedly held Tang Yin in her embrace and turned away from Chu Tianao. Meantime, Chu Tianao directly kicked her shoulder with the tips of his toes.

Crack.

There was no way Yuan Zhian’s shoulder could take that force. The kick landed on her shoulder and broke it in an instant. Her skin was wounded due to his inner energy.

Chu Tianao never had the intention to

With that, he landed another ruthless kick on Yuan Zhian’s back. Her shoulder blade, ribs, and spine were consecutively injured as she was sent flying away with Tang Yin in her embrace.
