

Chapter 621 Break-up

“Lijiang... Lijiang...” Staring at Tang Lijiang’s eyes, Tang Licheng felt the chill sent up to his spine and he pleaded in panic, “Lijiang, I’m your elder brother. Can’t we sit down and discuss peacefully to settle our problems? Do we have to point guns at each other?”

“How I wish I could sit down and discuss peacefully, but you never gave me the chance to do so...” Tang Lijiang slightly raised his head and let out a sigh of pity.

“Lijiang, please... Don’t do that!” Tang Licheng was really in a cold sweat. Kneeling on the ground, he quickly begged, “Please spare my life! Let me go, please. I don’t have much capability or strength to bring harm to you. Please let me go and I promise that we will still

be brothers...”

With a mocking sneer, Tang Lijiang directly stuffed the muzzle into Tang Licheng’s mouth.

And Tang Licheng was weak at his knees where he directly limped on the ground, moaning, due to fear.

Tang Lijian only put on another sneer on his face. He took out his mobile phone to make a video call request after searching for a contact number.

Toot... The call was only accepted after it rang for a long time.

An old and wrinkled face appeared on the phone screen. The pair of piercing eyes on the face glared at Tang Lijiang.

Chapter 621 Break-up

“Lijiang? What’s the matter?”

Staring at Tang Yuanbo’s sunken cheek, Tang Lijiang’s heart was filled with mixed feelings—that his own father, who had brought him up for years, was willing to do such an absurd action to hurt him. Everything seemed to be so ridiculous yet heartbreaking.

As Tang Licheng heard Tang Yuanbo’s voice coming from the phone, he kept whimpering while trying to get up.

Tang Lijiang gave a sudden jerk to push the muzzle of the AK47 deeper into Tang Licheng’s mouth. Two of his front teeth were broken and blood flowed out of his mouth. Holding back the pain, Tang Licheng finally stopped making noises.

Chapter 621 Break-up

“Father...” Tang Lijiang took a deep breath before he raised his head and looked straight at Tang Yuanbo on the phone screen. “You are the one behind the incidents that happened to Jiang Hui and Tang Yin, aren’t you?”

“Are you questioning me?” Tang Yuanbo’s face turned dark.

“How would I dare to question you?” Tang Lijiang looked down and forced a smile. “The distribution of power seems to be balanced. However, you are in charge of the underground network, while I have the rest of the overground network. Therefore, you still have the advantage over me! I didn’t dare to tell you much even if I have complaints and grievances. Just tell me, do you ever feel guilty for doing all these bad

deeds?”

“Guilty? Tang Lijiang, I have no idea what you are talking about!” Tang Yuanbo’s face turned dark. “Since you’ve already known about the underground network, I’ll just be honest to you! I’ve been dissatisfied with you for being the Patriarch of the Tang Family over these years...”

“What are the things that you are dissatisfied with?” Tang Lijiang asked.

“Everything!” Tang Yuanbo snorted.

“Everything?” Listening to his reply, Tang Lijiang burst into laughter. “Does that mean that all the effort and hard work I’ve paid to the Tang Family was nothing just because of your dissatisfaction

toward me?”

Pulling a long face, Tang Yuanbo didn't seem to answer his question.

“Fine then. You just have to tell me—Did you kill Tang Yin? Are you the one behind Jiang Hui's incident?” Tang Lijiang questioned him seriously.

“Tang Lijiang!” Tang Yuanbo was quivering in fury while holding his crutches. “So what if I say I was the one who did it? If it wasn't for Tang Yin, the Tang Family wouldn't have been in this kind of situation! If it wasn't for Jiang Hui, the Tang Family wouldn't have fallen apart! What's wrong for me to kill the two of them?”

“Hahaha...” Tang Lijiang suddenly

laughed with his eyes full of sadness. He had worked hard for the Tang Family for the past 20 years, making the Tang Family one of the top families around the world, but in the end of the day, his hard work was not being appreciated at all.

“Both Tang Yin and Jiang Hui should die! I did all this for the sake of Tang Family and you!” Seeing Tang Lijiang laughing wildly, Tang Yuanbo scolded loudly.

“For my sake? Did you kill my son for my sake? Did you frame my wife for my sake?” Tang Lijiang roared in anger and directly switched to the back camera of the phone to show Tang Licheng to him. “Fine. If you do all those things for my sake, I’ll need to repay your kindness!

Since you killed my son, I'll kill yours as well..."

"Tang Lijiang..." Looking at Tang Licheng on the phone screen, whose mouth was bleeding, Tang Yuanbo immediately jolted in anger. "What are you doing? Are you planning to kill your own elder brother? Where's your humanity?!"

"Humanity? How about you then? Did you ever think of humanity when you killed your own grandson?" Tang Lijiang growled loudly, "I don't think there will be anyone else who is as merciless as you! Since you have killed my son, I'll do the same to you! And starting from today, I'll no longer be a part of the Tang Family anymore..."

"Tang Lijiang, you've gone too far!" Tang

Yuanbo trembled in anger while clutching his chest. “Let go of your elder brother...”

“Don’t worry. Tang Miao will be the next to leave after Tang Licheng. Aren’t you always biased toward the members from the main family? I’ll kill every one of them from the main family then... I’ll take the life of Tang Wei after settling with Tang Miao later! I only have the overground network as my support, but Tang Wei could never run away from me!” Tang Lijiang laughed in misery.

“Lijiang, let go of Licheng and I’ll disregard this incident!” Tang Yuanbo was fidgety as Tang Wei would be the only one remaining in the main family if both Tang Licheng and Tang Miao were killed.

“Let him go? Then who is going to make up the loss of my son?!” Tang Lijiang yelled insanely as his eyes were red in anguish.

“Tang Yin is dead. Do you want the same thing to happen to the other family members from the Tang Family?” Tang Yuanbo asked angrily.

“My son is dead so I’ll never let your son live too...” As Tang Lijiang said that, he was about to pull the trigger of the gun in his hand.

Tang Licheng was scared to death as he was kneeling on the ground. He felt that the bullet would be shot out from the muzzle at any time and took his life.

“Fine. I’ll pass over the underground

network in two of the continents to you!” Closing his eyes, Tang Yuanbo said in grief, “I’ll ask my men to let go of Jiang Hui to give you an explanation!”

“I want to see Jiang Hui right now to make sure that she is fine... If I don’t receive her call within one hour, I’ll cut off one of Tang Licheng’s arms. If I still don’t receive it after another hour, I’ll cut off one of his legs...” Tang Lijiang directly hung up the phone call after finished speaking.

Listening to his words, Tang Licheng immediately pleaded in horror, “Lijiang, please spare my life...”

Tang Lijiang only closed his eyes, and didn't have any intention to speak to him.

Tang Yuanbo tossed his crutches on the floor while growling in fury, “He is such a demon!”

The old butler lowered his head and whispered, “Old Master, since Tang Yin is already dead, there won’t be much harm to us even if the second master gains the benefits. There is no one he can pass on the properties and power he has. There’s also no harm to calm him down first by giving him the underground network in the two continents.”

Listening to his words, Tang Yuanbo started to feel better. “Quick, give a call to the congressman. Ask her to release Jiang Hui the b*tch!”

“Roger!” The old butler nodded before

he turned around to take his phone and dial McRay's number.

“Release her immediately!”

McRay's face turned ashen as she heard that. “Release her? No way! All evidence has been submitted to the prosecutor's lawyer and the procedure has already started. How can I let her go?”

“If Jiang Hui is not released from the Police Bureau in an hour, no one could guarantee your life then...” The old butler ended the call right after the warning.

Listening to that, McRay sat back on her chair with her eyes full of emptiness.

Release Jiang Hui? McRay thought it was the biggest joke she had ever heard. Lying back on the chair, she smiled brightly and looked especially gloomy the next second. She had always been so good at switching her facial expressions.

Knock, knock... Someone was outside the door. The department heard opened the door and fixed his eyes on McRay. “Madam McRay, there is a large group of protestors at the entrance of the Police Bureau. It seems that there are some politicians protesting against the injustice for Jiang Hui’s case!”

“Protest?” The expression on McRay’s face turned extremely dark.

“Yes, protest! They requested the police

authority to release Jiang Hui. Otherwise, they will continue the protest until we fulfil their demand!" The department head looked at McRay in anticipation. He had no rights to make the decision on this issue so he had to follow McRay's order.

"What the f*ck are they protesting?" McRay's face turned ferocious as she clenched her fist and hit on the table hard. "Forget about them. Send all the information as well as the woman to the prosecution!"

"Do you mean that we're not going to release her?"

"Release her?" McRay gritted her teeth before she raised her head with her eyes full of anger. "Why should I release

her? Do I have to do whatever they ask me to do? I don't care—I want to send Jiang Hui to the court no matter what. I want to see who else dares to ask me to release her! Aren't protestors just a group of congressmen? I don't give a damn! I don't mind getting more political opponents.”

The department head turned pale and looked at her in hesitation.

“Why are you still here? Go and do what I ordered just now!” McRay snapped.

“Yes, madam!” The department head immediately turned and trotted away from the office.

McRay turned around and she saw a huge crowd gathering at the entrance

downstairs through the window of the Police Bureau. Those people came from all directions with their stares fixed on the building as if they were having a deep hatred with the police.

At the same time, Miao Bai's private jet had rushed from Europe and landed at the airport in Washington, the capital city of America. As soon as the cabin door was opened, Miao Bai walked down the stairs with a cold face. Many people immediately went forward, helping him open the car door to let him enter the car.

“How's the progress?”

“We have contacted them. All the regional managers from the Tang Family have declared in front of the

media that they will keep on putting pressure on the American government! If the government can't solve Madam Tang's case, the regional managers will withdraw all their businesses in America immediately..." said the assistant. He then took out another document and added, "Besides, not only that the Tang Family is finding ways to help Madam Tang, it seems that the Meng Family has also pulled strings with the authorities to deal with this matter..."

"The Meng Family?" Miao Bai was stunned for a while. He didn't expect the Meng Family to butt in on this matter.

"That's right. From what I heard, Meng Guanghe, the Old Master from the Meng Family is the one behind it!"

Miao Bai frowned in tense. He had never expected the Meng Family to be involved in this matter, not to mention that the person behind this was Meng Guanghe. Although Miao Bai was holding quite a powerful status in the Tang Family, he only had little contact with the Old Master of the Meng Family. The only thing he knew about the Meng Family was that it had a different family style and culture compared to the other great families but he had no idea what kind of difference it was.

“Leave this aside. Arrange a meeting with the magistrate first!” Miao Bai waved his hand and said in a hurry.

“We have contacted him. You may meet him in the estate at midnight later!”

Chapter 622 Refuse to Release Her

“Okay!” Miao Bai nodded his head as his eyes turned dark.

Meanwhile, wearing a black coat, McRay walked out of the entrance of the Los Angeles police station. There were more than thousands of people protesting outside of the police station which led to the heavy traffic jam around the area.

McRay took a deep breath before she said in a loud voice, “I don’t know what you came here for, but I can tell you clearly that you’re challenging the laws of America now! If you still regard yourself as American, please leave now!” As soon as she ended her words, it stirred a commotion among the crowds.

Chapter 622 Refuse to Release Her

“What do you mean?”

“Well, we are Americans, but we also want our jobs!”

“The factory that I’m working at now is shutting down all because of the wrong decision you made!”

“That’s right! What are we going to do after losing our jobs?”

Voices of questioning began to sound among the crowd.

Sitting in a car far away from the scene, Meng Guanghe slowly opened his eyes before he looked at the Police Bureau. He let out a sigh softly and asked, “That congresswoman is not willing to release Jiang Hui, is she?”

“That’s right. She refused to release her!” Meng Sizhi whispered in his ear.

Meng Guanghe’s face turned gloomy at once. “She is just a congresswoman. How dare she go against us? Contact all the people in charge to stop the operation of all factories in America and ask the labor union to take the workers to protest on the streets! Make sure we give enough pressure to the American government...”

“All of them?” Meng Sizhi was startled too.

“Yes, all of them!” Meng Guanghe nodded his head as he said firmly.

Meng Sizhi hesitated for a while before he nodded his head lightly. “Alright. I will

arrange for it. Hopefully we can provide enough help to Jiang Hui within this short period of time!”

Nodding his head, Meng Guanghe rolled down the car window. He slightly frowned as he saw a person walking toward him not far away from him. The man gradually came near to Meng Guanghe and whispered next to his ear, “We’ve found the place where Young Master Tang stays, but there are too many guards around that place. We need at least one hour to get into the place to investigate more...”

“Alright. I want to know the exact situation after one hour!” A fierce glare flashed in Meng Guanghe’s eyes as he slowly rolled up the car window.

Chapter 622 Refuse to Release Her

The status of Tang Yin at this moment was very crucial to many people, and it was the same to Meng Guanghe. *If Tang Yin's death is true, I'm afraid my dear granddaughter won't be able to bear the pain.*

McRay was still shouting loudly in front of the crowd but the protestors didn't seem to have the intention to get out of the way. "Someone! Arrest all these protestors and lock them up!" McRay roared angrily with her teeth gritted.

"Lock them up? All of them?" The chief police officer was stunned for a second.

"Otherwise do you want to let them be? Don't you know the consequences of allowing the illegal assembly?" McRay yelled again, "You all don't understand

The department head looked at McRay with a pale face and said while gritting his teeth, "Well, since you've given the order, I'll send my people to arrest them. But you will have to bear the consequences alone if anything happens after that!"

McRay glanced at him before she sneered. She then turned around and went back into the police station. Soon, around ten police officers rushed out from the police station.

"Oh dear! They are going to arrest us..."

“Bring it on! Let’s fight until the end...”

Someone in the crowd triggered the anger among the protestors. Hundreds of them began to dash forward to attack the police.

A few men in black mingled among the chaotic crowd and knocked off some of the police officers. When it was on the brink of chaos, one of the police officers went out of control and fired his gun. Soon, a man among the protestors crowd was seen to fall to the ground while clutching his stomach with his eyes wide open. With that, a riot broke out in front of the Police Bureau.

Chapter 623 Revealing the Secret

What happened at the entrance of the Police Bureau had been heard by Meng Cuiping in a very short time.

Looking at the video of the scene taken by her subordinates, a trace of surprise flashed across her eyes. It was because she spotted the people from the Meng Family as well as their car.

“According to the news, the Old Master was there with several family members...”

“They were all there?” Meng Cuiping squinted her eyes with surprise.

“Yes. Other than Old Master, Meng Sizhi, Wang Yilin, Meng Wan and her little daughter were all there at the entrance of the Police Bureau, waiting for the

police to release Jiang Hui!” the assistant said.

Meng Cuiping nodded her head as she made a hand gesture, “You may leave first!”

“Yes, Madam!” The assistant nodded and left without any hesitation.

Meng Cuiping’s face turned dark. She didn’t expect the people from the Meng Family would be there so quickly. She just had a meeting with the Countess of Hall and Mrs. Steven.

According to Meng Cuiping’s understanding of the Old Master Meng and Meng Wan, she certainly knew what these people came here for.

Everything that Meng Cuiping did today would be in vain if the Meng Family was really involved in this matter. She couldn't let it go if Jiang Hui was released so easily. She felt bitter too that the Meng Family had actually gone the extra mile, coming all the way to Los Angeles just to help Jiang Hui.

All of a sudden, a crazy thought swiftly crossed Meng Cuiping's mind.

It only took about ten seconds for Meng Cuiping to make up her mind when she had the thought.

Immediately, she took out her phone to give a phone call to someone.

Toot, toot...

Chapter 623 Revealing the Secret

“Hello?”

As soon as Meng Cuiping heard the voice of Tang Wei from the other side of the phone, she said arrogantly, “Listen, I’m going to tell you something big. You may inform Tang Yuanbo about it as well. However, I hope you will only stir a little trouble for the Meng Family without hurting any of them!”

“What is it?” Tang Wei asked.

“You have to promise me that you won’t hurt any of them!” Meng Cuiping warned coldly.

“Alright. I promise that I, Tang Wei, will never hurt anyone!” Tang Wei said.

Meng Cuiping took a deep breath before

Chapter 623 Revealing the Secret

she said, “Meng Wan has a child with Tang Yin...”

“What did you say?” Tang Wei’s facial expression changed tremendously.

Meng Cuiping said coldly, “You should know what it means! If Tang Yin is really dead, the people from the second family will probably take their revenge on the Tang Family. You may think that it won’t bring much difference because even if they successfully take over the power of the Tang Family, there is no one they can pass the power to. Imagine if the second family knows about the existence of this child, they will definitely do anything at all cost to lay hold of all the Tang Family’s properties, which will then be passed to this child...”

Chapter 623 Revealing the Secret

Listening to her words, Tang Wei was stunned in daze. She had done so much to kill Tang Yin, making Tang Lijiang and Jiang Hui give up fighting over the power of the Tang Family because they had no descendants to inherit that.

And now you're telling me that Meng Wan has a child with Tang Yin?

“Where is the child now?” Tang Wei asked while gritting her teeth.

“I’ve told you that you mustn’t hurt that child...” Meng Cuiping warned firmly.

“What I want you to do is to keep Jiang Hui locked in the Police Bureau. I didn’t ask you to find that child!”

“OK!” Squinting her eyes, Tang Wei immediately hung up the phone call.

Meng Cuiping was filled with mixed feelings as she stared at her own phone. The existence of the child had always been the biggest secret of the Meng Family. Nevertheless, in order to keep Jiang Hui imprisoned in the Police Bureau, she was willing to sell this information to Tang Wei.

It was all because the person that Meng Cuiping hated the most in this world was no one else but Jiang Hui. Meng Cuiping was willing to do anything in order to defeat her.

The news spread across the Tang Island within three minutes.

Tang Yuanbo narrowed his eyes and pondered the words passed to his ears. The next second, his eyes were filled

with a chilly yet piercing flicker.

“What should we do now?” the old butler asked at the side.

Tang Yuanbo gritted his teeth with his eyes squinted. “I’ve heard the name of Meng Guanghe. He has always been a wicked man. Did you say that he is now in Los Angeles and has gone to the police station?”

The old butler’s face slightly changed, “Do you mean...”

“Kill him!” Tang Yuanbo said indifferently.

After a short hesitation, the old butler nodded and took out his phone to call the Police Bureau in Los Angeles.

Meanwhile, the riot had broken out in front of the entrance of the Los Angeles's police station

Meng Guanghe looked out from the car window. At this time, the driver started the engine of the car and slowly drove to the next street.

A riot broke out at the entrance of the police station. Hundreds of protestors wanted to break into the Police Bureau while all the fully armed policemen began to attack the protestors with batons.

The wailing from the crowd echoed from the Police Bureau.

McRay stood in front of the window and looked at the outbreak downstairs. She knew that this incident would be a big one, and it would probably be the headline for tomorrow's newspaper —'The riot in Los Angeles'. She couldn't imagine what those unscrupulous media would report about this incident.

The biggest problem now is that someone is dead in this protest!

"Madam McRay, we've dispersed the crowd..."

"Bring her out and send her to the prosecution!" McRay turned and went

downstairs with her heels making a clear and vibrant noise on the ground.

Since this matter had come to this point, McRay had no choice but to continue fighting until the end. *If I can successfully bring Jiang Hui to the court and sentence her to the punishment, I'll become the hero of America. Then, everyone in America will praise me for my wise decision and capability. With that, I can gain support from more and more people so that I won't have to be afraid in the face of political enemies.*

She walked all the way to the interrogation room. Before she pushed open the door, she calmed herself down and put on a friendly smile. "I have never thought that you can still be so calm in such a critical moment!"

Chapter 623 Revealing the Secret

“I think you must be in a terrible mess now!” Jiang Hui said coldly.

“Does it disappoint you if I tell you that you’re wrong?” McRay grinned before she ordered the police officer at her back, “Bring her out and send her to the prosecution...”

As soon as she said that, two police officers went forward and held Jiang Hui to bring her out of the room.

“Have you ever thought of the consequence?” Jiang Hui stared at McRay with a piercing look.

“Consequence? The consequence is that I will become the most praiseworthy hero in America, a new star in politics. And you will have to

“B*tch! You’re picking a fight!” Being triggered, McRay raised her hand and gave Jiang Hui a slap angrily.

However, Jiang Hui was sharp and quick enough to seize McRay’s wrist and give her a slap instead. Not only was McRay slapped on her face, she received a kick from Jiang Hui too before she fell to the ground.

Everything happened within just a blink of an eye, and the police officers around them didn’t manage to react to it.

“Stop!” As soon as they realized the things went off, they rushed forward to hold on Jiang Hui.

Jiang Hui shook her shoulders hard to free herself, but she was still clutched

She couldn't bear such a huge force so she staggered backward a few steps.

"B*tch! You wicked woman, I want to kill you..." McRay stood up and dashed toward Jiang Hui.

"Madam McRay, please cool down..." Those police officers went forward to stop the two women from fighting.

McRay's face turned very ferocious and she cursed maliciously, "You are just a devil. Oh, no. You're just a holy whore who shouldn't even exist in this world. You know what? Your existence has made the world a dirty place. Your

appearance in America is just like pollution. You're just a piece of shit! I swear to God that I'll make sure you die here sooner or later!"

Jiang Hui's face turned terribly dark.

"Your son has died and your husband will be at his place soon too. The old master of the Tang Family has asked me to kill you with poison here. He wants me to send you to hell to make our world clean! It's so disgusting to look at your, b*tch! Sooner or later you'll have the same ending as your son..."

Enraged, Jiang Hui wanted to kick McRay.

Before she could do that, one of the police officers at the side held on to her

and pointed the muzzle of his gun at her temple on her head.

“Come on, you b*tch. Aren’t you very skillful? Hit me then! I ask you to hit me! Why? Are you scared? You’re just a scary cat b*tch. You’re scared of the gun, aren’t you?” McRay cursed crazily at the side.

Jiang Hui squinted her eyes. Holding back her anger, she went out of the Police Bureau straight.

McRay was still cursing non-stop, “Go and die, b*tch! God will never forgive you...”

After getting into the car, Jiang Hui turned around and gave McRay a cold stare. The murderous intention in her

Chapter 624 About to Wake Up

eyes grew stronger and stronger.

The police car started to move while the other police officers stopped the protestors by shooting the air guns at them.

A fleet of police cars, about four or five of them, drove out all the way from the Police Bureau to the prosecution.

Although the protestors swore and threw objects to the car in the distance, they were unable to stop the police cars.

Sitting in the car and looking at what had happened from afar, Meng Guanghe's face turned incredibly gloomy. He knew the Meng Family didn't have much influence in America.

Chapter 624 About to Wake Up

However, he never expected his power was so weak that he couldn't even save Jiang Hui out of the Police Bureau, although he had pulled all the strings he had in America.

“Dad, what should we do now?” Meng Sizhi saw the scene at the side and looked at Meng Guanghe with a pale face.

With a serious expression, Meng Guanghe rolled down the car window, and a man immediately got closer to him. “We have contacted a man who works for Young Master Tang. He may still be alive, but he's in trouble!”

“He's in trouble? What trouble?” Meng Guanghe was stunned for a while.

Chapter 624 About to Wake Up

“Well, that person didn’t tell us specifically. I’m afraid the situation is not that good...”

Nodding his head, Meng Guanghe pondered for a while before he moved his sight to Meng Wan.

Since he didn’t manage to save Jiang Hui, he should at least let Meng Wan meet Tang Yin. According to the news, Tang Yin might be in danger now. Meng Wan would unlikely have the chance to see him anymore if she missed this opportunity.

“Let’s head toward Young Master Tang’s estate!” Meng Guanghe waved his hand in a feeble manner.

“Alright!” Meng Sizhi replied and passed

Chapter 624 About to Wake Up

the order to the driver. He immediately informed the driver about the address of Tang Yin's estate according to the information he received.

As Meng Guanghe's car started moving, several men, hiding in a dark corner, exchanged gazes with each other for a second before they went into a car to follow Meng Guanghe.

At this time, Tang Yin had no idea about all the things that happened outside his estate. The Inner Energy inside his body circulated like a ghastly rapid river through his veins, which finally gathered in his solar plexus region.

The air in the room turned denser. A slight noise was even heard in the ventilation.

Chapter 624 About to Wake Up

Hu Song looked at what happened to Tang Yin and said in grief, “I wonder if the incident is considered good or bad!”

“It’s certainly a great thing as long as he’s still alive!” Tao Qingfan had regained her spirit. Her swollen eyes due to her excessive crying had recovered a lot.

“You’re right!” Hu Song thought her words made sense after thinking about it.

For the past few days, there were changes in the physical condition of Tang Yin’s body every day. His severe injury had entirely recovered and his body seemed to be much stronger than before.

Chapter 624 About to Wake Up

During this period of time, Yuan Zhian was already out of the woods and regained consciousness. However Tang Yin was still in a coma.

“Elder Hu, should we try to wake him up?” Tao Qingfan asked worriedly.

“No!” Hu Song shook his head. “Tang Yin’s body is now in an extremely rare situation. If we interrupt and wake him up, I’m afraid it will bring an unmeasurable impact to his body in the future!”

“Oh...” Tao Qingfan nodded her head in a daze. “How powerful is it to have a body of nine-Yangs?”

“How powerful is it...” Hu Song paused to ponder for a while. Just as he wanted

Chapter 624 About to Wake Up

to continue his words, he could feel the air flow in the room was spinning wildly and it soon converged on Tang Yin's body. "Quick! Tang Yin is about to wake up! Hurry up and get all the ancient jade back here!"

Tao Qingfan was taken aback by the situation too. She quickly rushed out of the house to call Wang Jin. Together, both of them dragged the boxes of ancient jades into the room like porters.

The air flow in the room became more and more fierce and the sound of the blown curtain flapping could even be heard in the room.

The clothing on Tang Yin's body began to inflate as if it was about to burst. A grating sound of the bones and tendons

rubbing each other could be heard on his body. It was just like the sound of gold hitting the iron.

Hu Song's eyes were filled with astonishment. He didn't know how he should express the complicated feelings he had at this moment.

Several kilometers away from the estate, Meng Guanghe's cars had passed the highways at the fastest speed.

Meng Guanghe was still remaining calm, but Meng Wan's eyes were fully filled with anticipation. After knowing that she was going to meet Tang Yin, her heart was filled with complicated mixed feelings of worry and happiness.

Chapter 624 About to Wake Up

Wah... Just then, Meng Nianyin, who was in the arms of Meng Wan, suddenly cried out loudly which startled everyone in the car.

“Good girl. Stop crying...” Carrying her own baby, Meng Wan suddenly felt a little sad. “I’m going to bring you to meet your daddy now...”

Meng Nianyin’s cry became louder and louder. However, as if there were something stuck in her throat, her voice sounded several times like she was choked.

“What’s wrong with the baby?” Meng Sizhi asked concernedly at the side.

Meng Wan looked up, holding back the tears in her eyes. “Beats me...”

Chapter 624 About to Wake Up

Out of the blue, Meng Guanghe sensed a strong light coming from the distance. Immediately he gaped and cried out in a hurry, "It's bad! Hold on..."

Bang! A Hummer, driving on a high speed, rushed out of the intersection of the cross junction. It happened to hit the car of the Meng Family.

Chapter 625 In a Tight Corner

There was a loud noise in the car.

A few people of the Meng family who were in the car were knocked out. The windows started cracking, yet luckily, they didn't break.

Meng Guanghe's eyes went round. He roared angrily, "Save the child. I will kill those who dares to let her suffer a little damage today!"

At first, Meng Sizhi wanted to help the Old Master. However, after hearing his words, he quickly grabbed Meng Wan's body, protecting the child in his arms

Just then, their car had been knocked to ten meters away.

"Hold on tight!"

Chapter 625 In a Tight Corner

Meng Guanghe sat up in a panic. His forehead was covered in blood. Fortunately, every time the Meng Family went out, they would choose a bulletproof car. Therefore, even if the car was hit by someone, it won't do much damage despite moving at a high speed.

Ratatatat...

At this time, the sound of continuous gunfire was heard. The members of the Meng Family immediately lay down to shelter themselves. Although the car was equipped with bulletproof glass, no one dared to be careless. What if the quality of the glass had problems, they might be dead if they were not cautious.

“There's a car blocking in front of us...”

Chapter 625 In a Tight Corner

The driver shouted as he sped up.

“Just hit it!” At the back of the seat, Meng Guanghe commanded as if he was commanding a battleship. His momentum was really beyond the ordinary.

Screeeeeeeeeh!

A loud rubbing noise was produced as the wheel rubbed against the ground. It then directly hit the car that was blocking their way.

Bang...

Although the members of the Meng Family were expecting the momentum, they were still overturned by the inertia of the car.

Chapter 625 In a Tight Corner

With bloodshot eyes, Meng Guanghe looked like a demon was about to kill someone else. Although he usually had a good character, it didn't mean that he had no temper at all. On the contrary, since he was able to build up the Meng Family by himself, of course he had his bottom line.

Meng Sizhi had shrunk his body in order to protect the child in his arms. At this time, Meng Nianyin was crying loudly. The baby sounded like something was stuck in her throat.

Meng Wan's face turned ashen due to the fright. Although she was holding the handrail with both hands, she still fell to the side when their car collided with the other car.

Chapter 625 In a Tight Corner

The Meng Family's car successfully escaped after the motorcade was knocked away. However the pursuers behind were still firing their guns at their car.

This shocking scene happened at the outskirts of Los Angeles. More than a dozen cars were chasing after one car while shooting it at the same time. Like the leaves stirred by the wind, the car that was being chased after was in a helplessly dangerous situation.

At the same time, less than a kilometer away from the scene, Hu Song was extremely worried as he looked at Tang Yin who was lying on the bed.

By right, Tang Yin should have woken up long ago. However, he was still in a

Chapter 625 In a Tight Corner

coma. In addition to that, he was still unconscious even after he had crazily taken a huge amount of the Inner Energy.

“What’s going on, Elder Hu?” Tao Qingfan was terrified.

“We have to wait...” Taking a deep breath, Hu Song clenched his teeth while looking at Tang Yin. He himself also wasn’t sure when Tang Yin would wake up, but he felt that it would happen soon.

Yet, more than 10 minutes had passed.

Suddenly, footsteps were heard outside the door. With a haunted expression, someone pushed the door open and said, “Something happened outside the

Chapter 625 In a Tight Corner

estate. It seems that someone is being chased after!”

“Chased after?” Hu Song was stunned. “Can you guys identify who they are?”

“Unfortunately, no. But I think they are not our men...”

“Just leave it then. Wait for the Young Master to wake up first!” Hu Song replied.

Tao Qingfan also didn't care about that. As for Wang Jin, Tang Yin was the only concern he had in his heart now. As long as Tang Yin was still alive, he wouldn't care about anything else.

At this time, the Meng Family's car was about to reach Tang Yin's estate.

Chapter 625 In a Tight Corner

Inside the car, the four members of the Tang Family were in a mess.

There was a deep cut on Meng Guanghe's forehead. As the blood kept oozing from his forehead, it almost made him unable to open his eyes. Meng Sizhi's situation was even worse. His back was covered with broken glasses. Even so, Meng Sizhi was still holding Meng Nianyin in his arms tightly.

Trembling, Meng Wan and Wang Yiling were hugging each other. They almost broke down in tears due to the fright.

Meng Guanghe was still sitting. As he wiped off the blood on his forehead, he took out his mobile phone to call Meng Cuiping.

Toot, toot... After a while, Meng Cuiping's voice sounded lazily from the other side. "Dad, what are you calling me? I've just arrived in Europe. I'm just about to have a rest..."

Clenching his teeth, Meng Guanghe said, "Cuiping, listen carefully now... Meng Sizhi and I have been plotted against. We might not be able to leave Los Angeles alive..."

Ratatat...

Just then, more bullets were shot from behind.

Without fear, Meng Guanghe was still sitting straight at his place. "It doesn't matter if we're dead. However, the Meng Family can't die in disgrace! After we're

Chapter 625 In a Tight Corner

dead, you will find the person behind this and wipe out their entire clan...”

“Dad, what are you talking about? What's going on?” Meng Cuiping was startled while her expression changed. “Dad, don't scare me! How can you be assassinated? Why would someone want to chase after you?”

“It might be my business rival or my political enemy. It may also be the Tang Family! Maybe we have been found out when we took Meng Nianyin to the Police Bureau in Los Angeles. The Tang Family wanted to kill us!” Clenching his teeth, Meng Guanghe said angrily, “You have to use all means to destroy the Tang Family after we die... Otherwise, I won't recognize you as my daughter!”

Chapter 625 In a Tight Corner

Toot...

With that, the call was hung up.

Meng Cuiping suddenly lost her energy. Her eyes also became empty. “The Tang Family... Tang Wei!!!”

How could Meng Cuiping not understand what was going on when she was someone who was active in the business world. After she had heard what Meng Guanghe said, she immediately realized that she was most likely the main reason for the assassination.

The Tang Family didn't know about the child! I was the one who told Tang Wei!

Although Meng Cuiping despised Jiang

Chapter 625 In a Tight Corner

Hui, she still treasured the Meng Family. She always considered herself a member of the Meng Family which raised her into an adult. Knowing that she was the main reason for the tragedy, Meng Cuiping couldn't forgive herself!

Toot, toot...

Grabbing her phone, Meng Cuiping directly called Tang Wei, "Tang Wei, you bi*ch! Are you the one behind the assassination of the Meng Family?"

"Yes!" Tang Wei admitted directly without any refutation.

"Bi*ch! What did I tell you? I told you not to hurt them..." Meng Cuiping growled.

“Can’t you see that I’m helping you?”
Tang Wei replied coldly.

Chapter 626 Waking Up

“Helping me? Tang Wei, what can you do for me? When did I say I wanted your help? Do you think that the Meng Family is the same as the Tang Family? Do you think we would throw away our humanity for profit?” Meng Cuiping roared, “Stop doing that now! If not, I swear on my family name that I will bring the Tang Family down with me!”

“You want me to stop it?” Tang Wei laughed while she said ironically, “Meng Cuiping, you’re so old now, yet don’t you realize your situation? I think you’d better pray that I can succeed so that the Meng Family and Tang Yin could die together. Otherwise, if the Meng Family knew that you were the one who had leaked the news to me, don’t you think that Old Master Meng will chop your head off?”

Chapter 626 Waking Up

“You...” Meng Cuiping flinched while her expression turned pale.

At this moment, Tang Wei had hung up the phone. She didn't want to waste her time with Meng Cuiping.

Meng Cuiping painfully closed her eyes. Clenching her teeth, she felt her head buzzing. *How did it turn out like this? I just wanted Tang Wei to create a little trouble for the Meng Family so that their plan to save Jiang Hui would be delayed. I never knew that her planning was to murder them!* Meng Cuiping was about to break down in regret.

At this moment, after Meng Guanghe's car had driven hundreds of meters away, it finally hit a tree. Although the car was made bulletproof, it couldn't

Chapter 626 Waking Up

protect the passengers from all injuries. Therefore, it was already a miracle that it was able to persist until now. The few Hummers from behind had already caught up with them.

Meng Guanghe kicked the door open. Not caring about his injuries, he pulled Meng Wan out from the car. “Go! Take the child and go...”

“Grandfather...” Meng Wan cried, freaking out.

“Go!” Meng Guanghe roared, “Quickly! Go to Tang Yin for help! Leave the rest to me! Don't worry. You and your child must survive so that I do not die in vain!”

“Go...” Meng Sizhi also came out,

Chapter 626 Waking Up

pushing Wang Yiling and Meng Wan out.

Holding her child in her arms, Meng Wan looked back as she took a few steps backward. Finally, she began to run toward the direction of Tang Yin's estate with Wang Yiling. Both of them knew that they couldn't do anything if they stayed at the scene. Therefore, they decided to try to go to Tang Yin first.

At this time, a few Hummers had arrived at the scene of the accident. The flashing light of the car made the surrounding bright as if it was daytime. Donald waved his hand at the people behind him after he got out of the car. "Go and check the scene! I want to see their dead body!"

Chapter 626 Waking Up

“No way!” Meng Guanghe yelled in front of the crowd with his eyes full of grimace. “Where did you minions come from? Don’t you even recognize who I am?”

Donald sneered as he walked up slowly. With his back facing the car light, he could see Meng Guanghe’s bloody face.

“You?” Donald laughed sarcastically. Raising his arms, he slapped Meng Guanghe on the cheek.

Slap! Slap! Slap... Meng Guanghe staggered backward after being slapped a few times.

“You? Who do you think you are?” Donald laughed grimly.

Chapter 626 Waking Up

“Stop it!” Meng Sizhi rushed forward to stand in front of Meng Guanghe. When he saw Donald’s face, he was shocked. “You’re from the Angel Medical Company?”

“So you finally recognize me now?” Donald shrugged. “I’m really sorry then. You both might have to die here!”

“Haha...” Meng Guanghe laughed. “So it was Tang Yuanbo! That old cunning fox from the Tang Family... After living for so long, I finally need to fight with Tang Yuanbo!”

“Well, old man, you know your stuff! Then, I’ll give you another slap!” Donald stepped forward. After he kicked Meng Sizhi away, he raised his wrist to slap Meng Guanghe a few more times.

Chapter 626 Waking Up

“Report! There’s no one else in the car. They may have escaped...”

“Go after them! Make sure to kill them all...” Donald roared while he slapped Meng Guanghe in the face again. With that, five Hummers started chasing after Meng Wan.

Seeing this, Meng Guanghe’s heart sank. *Meng Wan and Wang Yiling have just escaped. These cars can easily catch up with them. I’m afraid they can’t escape at all.*

Meng Guanghe’s prediction was correct. Meng Wan and Wang Yiling had just gone less than 100 meters away from the scene. However, they saw their hope as they saw Tang Yin’s estate. The moment Meng Wan saw the estate, she

Chapter 626 Waking Up

could not stop her tears anymore. The figure that was always on her mind was inside that estate now, not knowing whether he was dead or alive.

Meng Wan was very remorseful. If she didn't choose to leave Tang Yin, at least she still had hope to let Tang Yin see their child. Meng Nianyin might have to die in someone else's hands before meeting her father.

“Tang Yin...” Meng Wan cried when she thought of her child. She could feel the car light from her back. “Tang Yin... come out! Come and see our child... I've brought the child to see you! Come out now!”

Listening to these words, Wang Yiling couldn't help feeling sad.

Chapter 626 Waking Up

Meng Wan sobbed. “Tang Yin, come out... Can you please come out? I know I'm too selfish. I haven't told you anything since I gave birth to her because I want to keep our child by my side! Come out! Please come out and look at our child. Look at her...”

Meng Nianyin also started crying in Meng Wan's arms, as if she could feel her mother's sorrow.

The Hummers that were chasing after them had already caught up to them. After they overtook Meng Wan, the Hummers stopped in front of Meng Wan and Wang Yiling. Meng Wan instantly fell to the ground when she saw the Hummers that were blocking her way. Looking at the direction of Tang Yin's estate in despair, she

Chapter 626 Waking Up

pleaded, “Tang Yin, please come out! Come and have a look at our child...”

At this time, something unusual was happening in Tang Yin’s estate now. The storm of air currents stirred like a whirlpool. The wind whirls that formed around the estate gusted into Tang Yin’s room and got into Tang Yin's body.

Hu Song was excited. He could feel that Tang Yin was really going to wake up this time. His condition was similar to the records in ancient books. However, Tang Yin's coma had lasted for a longer time. He had absorbed more air than the data recorded in the ancient book.

“He’s moving...” Tao Qingfan who was at the side jumped in surprise. Pointing to Tang Yin’s body, she said, “His eyelids

Chapter 626 Waking Up

moved! I saw his eyelids move just now!”

Hu Song raised his head to stare at Tang Yin's eyelids. It was at that moment that Tang Yin suddenly opened his eyes. He then jumped out of the window and disappeared from sight.

Chapter 627 A Close Call

Donald's car stopped in front of Meng Wan and Wang Yiling about five or six hundred meters away from the estate.

Several men in black quickly made way for Donald to walk toward Meng Wan.

Meng Wan's tears couldn't stop flowing down. Staring at Donald's face, she tightly hugged her child in her arms.

Meng Nianyin was still crying in her mother's arms. Her voice sounded extra pitiful and her little face was full of tears which broke people's hearts.

"So, she is the child of that b*stard?"
With a smirk, Donald stepped forward, trying to snatch Meng Nianyin away from her mother.

Chapter 627 A Close Call

“What are you doing?” Meng Wan flinched backward while she blocked Donald's wrist with her body. Her knees were bleeding as she kept rubbing against the floor.

“B*tch, you'd better give me the baby now, or I'll kill you!” Donald threatened Meng Wan while clutching her neck.

“Stop it!” Wang Yiling stormed up to stop Donald.

“F*ck off!” Donald slapped Wang Yiling and kicked her to the ground. “You don't have to rush toward your death. I will kill you sooner or later...”

Wang Yiling quickly got up in panic. She grabbed Donald's legs and yelled, “Meng Wan, go! Run! Go and find Tang Yin!”

Chapter 627 A Close Call

Struggling to get up, Meng Wan immediately ran away. However, she was stopped by the rest of the bodyguards.

“Go to hell, bi*ch!” Donald kicked Wang Yiling before grabbing her hair while punching her in her face. “Don’t blame me since you’re the one asking for it!”

“Run...” Wang Yiling screamed.

However, Meng Wan had no way to escape. The person in front of her had grabbed her shoulder, pulling her back to the scene.

“The child...” Wang Yiling yelled.

Meng Nianyin was still crying until her voice cracked.

Chapter 627 A Close Call

With tears still streaming down her face, Meng Wan knelt down in front of Donald while she held the crying Meng Nianyin in her arms. “Please, I beg you. Let us go! Let the child go! She is innocent!”

“Haha... Innocent?” Donald kicked Wang Yiling away with one foot. Grinning grimly, he got down to hold Meng Nianyin. “Innocent? The birth of this child itself is a sin... Today, let me end this sin personally in front of you!”

With that, Donald raised his arm high. He was about to let Meng Nianyin fall to death.

“No! Don’t!” Meng Wan cried at the top of her lungs.

“Die!” Donald threw the child to the

Chapter 627 A Close Call

ground.

“My child...” Looking at this scene, Meng Wan suddenly fainted.

At the same time, a shadow suddenly came in front of Meng Wan. Picking up the child, he held it tightly in his arms.

The people around were surprised. Their expression changed when they saw the black figure in front of them. It was after the black figure caught the child that they realized that it was actually a young man in a hospital gown.

Meng Nianyin’s crying stopped immediately when Tang Yin held her in his arms. Staring at Tang Yin’s face with her dark eyes, she started giggling.

Chapter 627 A Close Call

“Tang Yin...” Donald's expression sank.
“Aren't you dead?!”

“Tang Yin?” Wang Yiling's face was covered with blood. Staring at Tang Yin with her messed up hair, her tears suddenly poured down. “Tang Yin, that's your child... It's yours and Meng Wan's child. They want to murder the Meng Family. They even want to kill your child too...”

“My child?” Tang Yin stood in the same place. His eyes seemed to be shining.

Meng Nianyin giggled. Reaching out her two little hands at Tang Yin, she was trying to let Tang Yin embrace her.

“Kill him! Kill him!” Donald responded immediately. He realized that they might

Chapter 627 A Close Call

have received the wrong news.

The expression of Donald's subordinates changed. They immediately took out their guns.

However, Tang Yin made his move earlier and kicked Donald away.

Donald felt a sharp pain in his chest, as if his ribs were broken. While he was being swept out, his body landed on several bodyguards behind him.

At the same time, Tang Yin suddenly appeared in front of the bodyguards like a ghost. Grabbing one of the bodyguards with a hand, he snatched the gun and broke that bodyguard's wrist.

Chapter 627 A Close Call

“Ahh...” the bodyguard wailed.

The other bodyguards immediately start shooting at Tang Yin. However, Tang Yin's body was nowhere to be found. When he reappeared, he was already behind them.

He raised his hand to break their necks.

This scene terrified the people around him.

Donald's eyes widened. Covering his chest, he quickly got up to escape into his car.

“Monster!” Somebody shouted out all of the sudden, and everyone quickly ran for their lives.

Chapter 627 A Close Call

However, Tang Yin quickly caught up with them. *Crack!* One of the man's spine was fractured when Tang Yin knees kicked their back.

"No... Don't come over here! Don't!"

Tang Yin bent his knees and sent the bodyguard flying the next second. His movements were as swift as flowing water.

Crack...

The bodyguard, who was shouting before, had already fallen to the ground. With his eyes wide open, it was obvious that he did not die in peace.

"Monster! He's a monster!"

Chapter 627 A Close Call

With one step, Tang Yin had appeared in front of the man who was shouting, as if he had suddenly travelled ten meters in a blink of an eye. Raising his hand, he then crushed the man's head without mercy.

Snapped! Blood started to flow out as the man's head was crushed into pieces.

In less than three minutes, more than twenty people died on the spot.

Like in hell, the surrounding was filled with the smell of blood. Tang Yin's attack was much fiercer than ever. All of his attacks were fatal.

Frightened, Donald's face went white. He didn't expect things would turn out

Chapter 627 A Close Call

like this.

Isn't Tang Yin dead?

Is he a monster? Otherwise, how could he appear out of nowhere?

The strong light from the car shone on Tang Yin. Holding Meng Nianyin in his arms, Tang Yin looked like an undefeatable god.

“I am going to kill you... Go to hell!”
Donald's eyes widened as he stepped on the accelerator in horror. *Vroom!* The car instantly ran into Tang Yin. “You devil! Die! I'll make sure everyone in your family dies! I'll kill you all!”

Bang...

Chapter 628 Warmth

The car already crashed on Tang Yin.

However, with one foot up, Tang Yin then stepped on the front bumper.

The bumper broke into two due to the strong force. The bonnet was also dented. As if a car had hit a stake at high speed, Tang Yin was still standing proud while the front of the car had been badly destroyed.

Donald's body hit the steering wheel because of inertia. He looked up at Tang Yin who was in front of the car in horror. He couldn't believe what he had just witnessed.

Monster!

That was the only word that Donald

Chapter 628 Warmth

couldn't think of to describe Tang Yin.

There was a moment of silence around, as if the world had been frozen. However, Meng Nianyin suddenly started giggling in Tang Yin's arm, as if she was trying to please Tang Yin.

Holding the child in his arms, Tang Yin stepped to the front of the car while staring at Donald.

This man, also known as the person in charge of the Angel Medical Company, was having a mental breakdown. Quickly, he fell on his knees after he got out of the car. "I'm sorry, Young Master Tang! I'm just following the order..."

Tang Yin directly went to Donald, kicking him in the chest.

Chapter 628 Warmth

Donald was just about to speak, but he directly spewed out a mouthful of blood as he was set flying away. After his body rolled for more than ten meters, he stopped.

“Young Master Tang, listen to me...” Although Donald couldn’t say anything as his mouth was full of blood, he still tried his best to get up. Kneeling in front of Tang Yin, he cried, “Please! Please forgive me... Young Master Tang, spare me please... I am just following orders. I never intended to be your enemy!”

“Who ordered you then?” Like the sound of the devil, Tang Yin’s word sounded from all directions.

“It’s the Old Master... He had sent me here to kill everyone in the Meng family,

Chapter 628 Warmth

including the child you have with Meng Wan!” Donald burst into tears. “I really don't have a choice. Please spare me! What benefits do you want? The Angel Medical Company? I can give it to you! I can also tell you many secrets of the underground network...”

Tang Yin raised a hand. “The secret of the underground network? Do you think that’s important to me? Do you think I’ll spare you because of that?”

“Young Master Tang... Please be merciful to me! I beg you!” Donald pleaded while he kowtowed fearfully.

Slap...

Tang Yin directly smashed Donald's skull with a hand. Donald couldn't

Chapter 628 Warmth

imagine that he would be killed by Tang Yin on his mission to hunt the Meng Family down.

“Tang Yin... The Old Master... Old Master and Meng Sizhi are still behind us!” Wang Yiling said in panic.

Tang Yin nodded. Looking at Meng Wan with mixed feelings, he then looked at the child in his arms. He didn't know what to say.

Giggling.

Meng Nianyin laughed while she reached out both of her hands at Tang Yin.

Tang Yin's heart had melted. However, it was not the time for him to spend time

with his baby. After giving the child to Wang Yiling, he left to rescue Meng Guanghe and Meng Sizhi.

After a while, Tang Yin had returned. He gently shook his head at Wang Yiling.

Meng Guanghe and Meng Sizhi had been taken away. Tang Yin couldn't find anything when he arrived at the scene.

Tang Yin comforted Meng Wan, "Madam Wang, I will ask my men to look for Uncle Meng immediately so you all can come back with me first!" With Meng Wan on his back and Meng Nianyin in his arms, he leapt into the distance.

Wang Yiling's face turned white when she looked at the scene. She didn't

Chapter 628 Warmth

know Tang Yin's skill was so good that it was beyond description.

After a while, Tang Yin came back alone. With just a leap, he had taken Wang Yiling back to the estate.

At the same time, Torres and other police officers realized that something was wrong, so they quickly rushed toward the scene of the accident. However, they could only see a few bodies lying on the ground.

In the estate, Tang Yin was holding Meng Nianyin in his arms while listening to Wang Jin and Wang Yiling. As he listened to the problem they were facing, he became more and more depressed.

Chapter 628 Warmth

I was out for three days? And so many things happened within these three days?

“Come here. Give me a hug...” Tao Qingfan held out her hand at Meng Nianyin with a smile.

“Stop it!” Tang Yin pushed Tao Qingfan away.

“Don’t be so fierce!” Tao Qingfan turned her head angrily. A moment later, she turned around again. “Tang Yin, can you please let me hold her? I’ve helped you a lot during your coma. Can’t you let me hold her for a while?”

“Wang Jin, go out to inquire about the problems that the Old Master of the Meng Family met. You may focus on the

Chapter 628 Warmth

news related to the Angel Medical Company...” After a moment of silence, he then raised his head and said, “Tao Qingfan, please escort Madam Wang to the guest room to have some rest. Also, don’t tell anyone that I’ve woken up!”

“Count on me!” Standing up, Tao Qingfan left with Wang Yiling. Since Wang Yiling was injured, her wound must be treated first. Otherwise the injuries might be aggravated.

Tang Yin sighed gently while holding Meng Nianyin closer to him. He then cast his glance at Hu Song. “Elder Hu, I am really grateful this time. If it wasn’t for you, I would have really died...”

Hu Song sighed. “You should thank yourself for that! What I can do is to

Chapter 628 Warmth

help you as much as I can. It's actually your perseverance that has woken you up!"

Tang Yin bowed slightly to express his gratitude. He knew that the effort that Hu Song had made was far more than what he claimed he had done.

"So, what's your plan next?" Hu Song whispered.

Tang Yin thought for a moment. "The affairs happening in America have been fermented into such a situation. Only through absolute power can we solve them thoroughly once and for all!"

Hu Song nodded his head gently after was silent for a moment.

Chapter 628 Warmth

At the same time, in the valley of Mexico, Tang Lijiang glanced at the time on the clock while he slowly raised his gun.

“Jiang Hui hasn't called me yet...” Tang Lijiang shook his head while he looked at Tang Licheng with disappointment. “It seemed that I can only fulfill my promise...”

“Lijiang, please! There's nothing we can't discuss as brothers!” Tang Licheng panicked.

Shaking his head, Tang Lijiang took out his photo to send a video to Tang Yuanbo.

After the video was connected, Tang Lijiang said with a sad expression, “Dad,

Chapter 628 Warmth

Jiang Hui hasn't come out yet..."

"Lijiang, listen to me. I just got the news that the damn congresswoman had disobeyed my orders! I've asked her to let go of Jing Hui, but she refused to do so... Please wait for a while!" Tang Yuanbo was also a little flustered.

Shaking his head, Tang Lijiang had raised a machete. Aiming at Tang Licheng's shoulder, he brutally wielded the machete.

Blood suddenly spilled everywhere. Tang Licheng's amputated arm flung away.

"Ah..." Tang Licheng's face was deathly pale. He fell to the ground, wailing in pain while he rolled around.

Looking at Tang Yuanbo, Tang Lijiang said, "If I don't receive the call in the next one hour, I'll cut off his left leg!"

With that, Tang Lijiang directly hung up the phone. He didn't give Tang Yuanbo a chance to say anything.

"B*stard! You beast!" Tang Yuanbo was infuriated.

The old butler raised his eyelids, but he didn't dare to say anything. Tang Yuanbo was on the verge of fury and wouldn't listen to anyone. Therefore, no matter what the old butler said, it wouldn't make any difference.

“This beast... B*stard! How would I give birth to such a beast?!” Pacing back and forth in the room, Tang Yuanbo swore while panting. “Where's that damn congresswoman? Call her immediately! If she doesn't let go of Jiang Hui in one minute, I'll kill her whole family!”

The old housekeeper bowed hurriedly. As he picked up the phone, he immediately called McRay.

“Hello?” McRay was a little annoyed.
“Inform the Tang Family that our deal is over. I will never let Jiang Hui go...”

“You and your family will die tragically within an hour!” The old butler sounded like a devil.

“Are you threatening a member of Congress of America? Are you intimidating a warrior who is now defending the law of America? Do you know how ridiculous you sound?”
McRay sneered.

The old butler pondered for a moment before he hung up the phone. He then looked at Tang Yuanbo.

while he smashed another table that was made of scented rosewood.

The old butler eyelids trembled. Without further ado, he picked up the phone. After he quickly dialed a few numbers, he gently uttered his instructions.

At this time, the whole of America was like a dangerous whirlpool, yet those who were involved didn't know that they were already caught in this whirlpool.

After McRay hung up the phone, she looked at Jiang Hui with a cold smile. "You're really something which can manipulate the decision made by the Tang Family. Well, I have to say that you have gained my admiration!"

Jiang Hui's eyes twinkled. A trace of

coldness appeared at the corner of her mouth.

“I think that's the only reaction you can make. Now it's my turn to take you to the prosecution...” McRay said with a smile while she sorted out her clothes. “I really want to know how many idiots out there are expecting me to let you go... I think I need to show them my determination!”

Jiang Hui's eyes narrowed with murderous intention.

Ring...

At this time, McRay's phone suddenly rang.

She glanced at her phone and she was

surprised that it was from her mother. A sobbing sound came from the other side after she hurriedly answered the call, “McRay, what have you done? Just now, a group of people rushed into our house, asking you to let go of someone...”

“Mom...” McRay’s face paled. Just when she was about to say something, a white light flashed across the screen. Her mother, who was in her sixties, had her head cut off to the ground.

Instantly, blood splashed everywhere. It even stained the mobile phone screen.

“Mom!” McRay’s eyes widened. Looking at the scene in disbelief, she was stunned.

Toot, toot...

The video call was being hung up.

McRay was still stupefied about what had happened. Just when she was about to say something, her mobile phone vibrated again.

Ring...

“Dad...” Immediately, she picked up the phone. A face that was filled with horror appeared on her screen.

“McRay, what have you done?”

Bang...

A bullet went through her father’s head. It directly blew up half of his head.

“Dad! Dad!” What happened had driven McRay into madness. She didn't know what to say for a moment. She could still remember what the old butler said just now. If she refused to let Jiang Hui go, she and her family would die in tragedy.

How did everything happen so fast?

McRay was terrified. She suddenly understood what was happening now. When the Tang Family cooperated with her, they might have expected that she would not follow orders. So, they had already arranged their men around her family.

Ring...

Suddenly, her ringtone sounded again.

This time, it was from her younger sister.

McRay's expression became extremely ugly. Covering her mouth, her eyes were flooded with tears.

“Just answer it. You will still die, so it won't make any difference...” Jiang Hui said coldly.

“Wretch! You bi*ch...” McRay didn't have the courage to answer the video call. She could only throw away her mobile phone while clutching Jiang Hui's neck with one hand. “You are a devil! You will not end well... I will always defend the laws of America...”

“Defend the law that you use to frame me?” Jiang Hui commented

sarcastically.

“You're going to die...” McRay clenched her teeth. With a ferocious look on her face, she grabbed Jiang Hui's neck with both hands. “I won't give up that easily. You guys won't succeed! Even if my family is dead, I will overcome my pain! By that time, I will remain as the most popular person across America. I will still be a member of the congress... My political career will achieve a higher level. I will be an Iron Lady!”

Ring...

Just then, her phone rang again.

The police at the side immediately separated them. When McRay saw that it was not a video call from her family,

she instantly answered it.

“Excuse me, is this the number of Madam McRay? I'm calling from the Department of Justice in America... I'm just informing you that you have been accused of abusing your power, framing, involving in unfair elections, and colluding with foreigners... From now on, your status as a member of congress has been cancelled. Please turn yourself in to the nearby police station immediately!”

“What...” McRay's face suddenly changed. “How could that be possible? I'm a member of congress. I'm an elected member. How can you guys treat me like this?”

“You may not realize the silly thing

you've done! Now more than 50% of the entrepreneurs in America are complaining to the government about you. In addition, hundreds of thousands of people are preparing to demonstrate on the street."

"That's impossible! I'm the justice warrior of America! I'm having a bright future in my political career..."

"Please turn yourself in at the police station nearby. Or else, we will arrest you!" the person on the other side of the phone said.

"No way! That's impossible." McRay had gone mad. *I've worked so hard for my political career. Didn't I do all that just for the sake of being a member? Even though the Tang Family and the Meng Family want me dead, even though so many members*

Chapter 630 Dark Guard

Looking at the scene coldly, Jiang Hui felt extremely disgusted.

How could such a person, who only focused on one's fame and power, succeed in the political industry? They wouldn't go far.

“Quick! Drive to the prosecution...”
McRay roared loudly. Jiang Hui was her only hope. She wanted to disclose everything about Jiang Hui so that it would cause an uproar in America and make her a hero.

Boom!

At this time, a loud noise came from the distance. It seemed that there was an explosion in front of the motorcade. Soon, the neighbourhood was filled with

the sound of sirens.

Around ten men walked out from the dark. Raising their guns, they fired at the police car.

“Rubbish!”

McRay was terrified. As she shrunk herself to avoid being shot, she began to scream wildly.

This accident happened so suddenly that McRay couldn't react to it. As for Jiang Hui, she was still sitting calmly.

Bang!

Another loud voice sounded. This time, the whole car almost flipped over.

Chapter 630 Dark Guard

The driver was lying dead on the steering wheel after being hit by a bullet. As for the two policemen in the car, they were also immediately shot to death as soon as they opened the door.

The whole accident started and ended in the blink of an eye.

Several men in black slowly came forward with their guns which were aimed at McRay's head.

McRay wept as she saw the scene in front of her.

What's the meaning of this? Is this the end for me?

With cold eyes, the leader among the men in black raised his gun slightly.

McRay was shocked because she could feel that the other person was speaking in a pure American accent.

“I’m a congresswoman, McRay. I’m arresting an important prisoner. I hope you can help me to defend the law of America,” McRay asked, almost imploring, with a last glimmer of hope.

The man in black squinted his eyes. Aiming at McRay’s thigh, he then pulled the trigger.

“Get out now!”

“Ah...” McRay’s expression changed and she immediately climbed out of the car

while pressing on her thigh. “What are you trying to do? I am a member of the congress of America! How dare you try to kill me? If you kill me, you’ll have to pay the price!”

The man in black directly aimed his gun at McRay’s head.

Colour drained out of McRay’s face as she parted her trembling lips to plead, “No! I am really a congresswoman...”

Bang!

The man in black pulled the trigger without hesitation.

At this moment, the congresswoman couldn’t believe that the man in black would shoot her in the head without

giving her a chance to speak at all.

I am a member of the congress! I have the most respected position in America. However, McRay didn't know that in the eyes of this group of people, her position was nothing more than a dog.

The man in black kept his pistol. Looking at Jiang Hui who was in the car respectfully, he said, "You are safe now, Madam..."

Jiang Hui's expression was very dark. Maintaining her original position, she didn't plan to move from her place.

The man's face sank, not knowing what to say.

"How much have you been involved in

this?” Jiang Hui asked after a long time.

“We did it all...” the man in black replied.

“You did it all?” Jiang Hui raised her eyebrow. “Framing my son and imprisoning me. I didn’t expect the dark guards to have grown to become so powerful.”

“Madam, since you knew about the existence of the dark guards, you should know that we’re a group of people with great ability! There’s nothing that we can’t do once we receive the order from the Old Master!”

“Ha... Hei Shou, I thought you were already dead in Africa. I didn’t expect that you would become a dark guard!” Jiang Hui said with an indifferent

expression. “The Patriarch has put the wrong hope on you since the very beginning. He had taken such good care of you, yet you actually turned yourself into a dark guard secretly!”

Hei Shou remained silent while he bowed his head respectfully. The dark guards were not qualified to say anything. Everyone knew that Dragon Camp belonged to the Patriarch of the Tang Family while the dark guards swear their loyalty to the Old Master.

During the selection of the dark guards back then, the people from the Dragon Camp were the main target. Many current dark guards were actually from the Dragon Camp.

The Dragon Camp was actually Tang

Lijiang's private army. Therefore, when Tang Yuanbo had chosen his dark guards from the Dragon Camp, he was actually doing Tang Lijiang dirty while invading his privacy at the same time!

No matter how many people from the Dragon Camp had turned into dark guards, by picking his men from the Dragon Camp, Tang Yuanbo could gain information of the Dragon Camp while bringing harm to Tang Lijiang at the same time.

“How many dark guards are there now?” Jiang Hui asked in a cold voice.

Hei Shou thought about it for a while. After that, he replied coldly, “Madam, there are things you should not ask. I can show my respect to you, but you

must know that I'm working for the Old Master..."

"Fine!" Jiang Hui nodded as her expression became even colder.

"Madam, please get out of the car..." Seeing that Jiang Hui didn't budge at all, Hei Shou said in a cold voice, "You need to call the master to report your safety..."

"If I don't?" Jing Hui asked while raising her eyebrows.

"Then, I'll have to force you to do so!" Hei Shou replied.

When Jiang Hui heard this, she suddenly burst out laughing. "Hei Shou, kill me now if you dare! If not, get your

ass out of here this instance!”

“Madam, are you sure you don’t want to cooperate with us?” Hei Ahou straightened up slowly. A trace of mockery plastered on his face. “If that’s the case. I’ll make the call. You just need to sit here!”

Jiang Hui squinted with a cold face.

Taking out his phone, Heishou dialed Tang Lijiang's number directly.

“Patriarch, madam is safe now, but it seems that she doesn’t want to call you. I hope you can keep your promise!”

With that, Hei Shou directly hung up the phone.

Jiang Hui was still sitting in the car,

looking at him indifferently.

“Madam, my work here is done. I hope you can leave here as soon as possible. After all, many people have gotten the news about our mission...” Hei Shou said meaningfully. After that, he left with a group of men in black following behind him.

Many people did obtain the news about their action. The first to get the news were the Countess of Hall and Mrs. Steven. They both had a lot of connections in Europe and America. Therefore, when Jiang Hui was rescued, they immediately knew about it.

The Countess of Hall was silent for a long time after she had heard about the news. Then, she called Meng Cuiping

and asked directly, “Do you know that Jiang Hui is free now?”

Meng Cuiping was taken aback by the news. Gritting her teeth, she sneered. “So what if Jiang Hui had been rescued? Don't worry, her son is already dead. She doesn't have the right to fight for the Tang Family anymore. Even if you didn't help her this time, she won't do anything to you!”
