After Tang Yuanbo made that remark, everyone gasped in shock. Their eyes were full of complex emotions when they stared at the patriarch. None of them would have anticipated such a rash remark by him.

Tang Yin listened to his remark and curled his lips into a smile. “Wow, you’d rather send the Tang Family to dogs than me?”

“Why? Do you have any problem with it?” Tang Yuanbo glared at him coldly.

“Hahaha!” Tang Yin guffawed until tears streamed down his face. Then, he turned to address Tang Yuanbo, “Do you really think that I’d die to inherit the Tang Family?”

Tang Yuanbo was slightly taken aback by Tang Yin's response and his face darkened again. Tang Yin approached him and looked around them. He coldly retorted, "To me, the Tang Family is too heartless to be considered family. It feels more like an inescapable suffering!"

"What nonsense!" Tang Yuanbo bellowed.

"Nonsense?" Tang Yin whipped around and looked into his eyes icily. He loudly reproached, "When I was sent to Wuhan and lost everything in my life, did I ever complain? No! I accepted the family's arrangement to study in Wuhan without asking anything. Did I ever covet the family wealth at that time? I didn't! I only wanted to focus on my studies and

build a life with my own hands. But what did the Tang Family do to me?”

Tang Yuanbo was startled and squinted his eyes at Tang Yin.

“Your men worked with Tong Junyou to assassinate me. You even got the help from the Tao Family in Shanghai to put me to death...” Tang Yin’s icy gaze was fixed on Tang Yuanbo as he confidently made his claim. “If it weren’t for luck, I wouldn’t have been standing here alive today!”

“Tang Yin, how reckless of you to slander the Tang Family in the public...” Tang Yuanbo was consumed by anger.

“Slander?” Tang Yin snorted and took a deep breath before announcing, “What I

said just now can be investigated in depth. If anyone finds a lie in my speech, I will be struck by lightning as punishment! You have always thought that I coveted the family wealth but little did you know that I detest this family. I have never wanted anything from you. The only reason I ended up at this point is out of self-defense to protect my loved ones!”

Tang Yuanbo gritted his teeth in resentment.

“Since you have disqualified me from contesting as the family patriarch, I must also make it clear to you that I have never wanted anything from your family.” Tang Yin turned his gaze to the regional managers around him. “If I leave the Tang Family today, would you

be willing to leave with me?”

“Tang Yin...” Tang Yuanbo was now jumping in anger. He lifted his shaking wrist to point a finger at Tang Yin. “You’re asking for death!”

“Do you want to kill me?” Tang Yin immediately turned around and stared at Tang Yuanbo.

“Grandpa, you don’t have to be involved in killing Tang Yin! Master Ayero, take Tang Yin down!” Tang Ke instantly stepped forward and pointed at Tang Yin. “Kill him to avenge for Master Ruan!”

Ayero strode out and stood in front of Tang Yin, staring at the latter with a grim look. He opened his mouth and

started to chant something inaudible.

When Tang Yin turned around to face his opponent, the Qi in his body blasted out and pushed him into the face of Ayero, where he landed a kick onto Ayero's stomach.

The movement was too fast and Ayero could only see a dark figure flashed before him, followed by an excruciating pain on his stomach as if his internal organs were shattered by the impact. His body was promptly flung out.

Bam! Ayero's body hit against the pillar and the sound of bone cracking was heard when his spine was broken, leaving him dead on the floor. With a kick, Tang Yin had taken the life of a master.

He stood proudly on the ground and cast an emotionless glance at Tang Ke. “Are you dreaming of taking me down with that skill?”

Tang Ke’s expression fell and he stumbled backward, staring at Tang Yin in terror. The scene just now was beyond his imagination because Master Ayero was much stronger and skillful than Master Ruan, which was proven by his reputation in Southeast Asia.

A man like Ayero was surprisingly killed by Tang Yin in one move. How strong was Tang Yin?

“I...” Tang Ke trembled violently and stumbled two steps backward. The plaza was dead silent, probably from the fear and shock that the audience

received from the battle. It was totally unexpected. Even for Yuan Zhian who was aware of Tang Yin's power, she did not foresee that he could kill a man with a kick.

"You vile man! How dare you?!" Tang Yuanbo suddenly trembled in shock. "Come over and kill Tang Yin! I want to see how many men he could kill today!"

Upon hearing his instruction, tens of the dark guards immediately charged at Tang Yin, surrounding him and the regional managers behind him. The scene was fraught with tension.

"You evil man. How could I forgive you after you started the violence recklessly on the Tang Island?" Tang Yuanbo pointed at Tang Yin and his body was

shaking. “Shoot him!”

“Who dares to shoot?” At that moment, an enraged yell appeared from a distance. Everyone turned around and saw a group of armed men approaching the plaza from a distance. The leader of the group was limping along with much difficulty.

It was Tang Lijiang! The patriarch from the Second Family had finally arrived. His gaze swept past the crowd on the plaza and finally rested on Tang Yuanbo with much hostility. “Dad, are you really going to shoot?”

All the onlookers immediately shifted their eyes onto the patriarch of the Tang Family, who exuded the aura of a figure who has been holding authority for

decades. He appeared regal and his eyes were full of aloofness.

“Tang Lijiang, look at that son of yours! He started a fight on the Tang Island. Why couldn’t I punish him for that?” Tang Yuanbo furiously pointed at Tang Lijiang. “You crook! Since you have the guts to show up, you shall receive the wrath of the Tang Family together with your son!”

“The wrath of the Tang Family?” Tang Lijiang stared squarely at Tang Yuanbo but suddenly laughed at the sky while pointing his finger at everyone present. “Great, I shall receive the wrath of the Tang Family! Before that, I will bring your dear grandson over. Trust me, Tang Miao will die before Tang Yin!”

Right after that, someone dragged a chain toward them. At the end of the chain was Tang Miao. Since he was on the Tang Island and saw Tang Yuanbo, he immediately flung his body onto the floor, wailing and whining, “Grandpa, save me please! Save me...”

Tang Lijiang looked at Tang Yuanbo frostily. “Your beloved eldest grandson is in my hands. Are you still shooting?”

Tang Yuanbo merely stared at Tang Lijiang with a fiery look in his eyes that could consume the world. He lifted a hand and ordered, “Those from the dark guards, listen to me: Shoot these unfilial descendents of mine!”
