

Chapter 714 The Beginning of the Storm

Everyone at the scene started fussing after they heard Tao Qingfan's statement.

If something were wrong with the products of Mojade, it would absolutely be the big news, as everyone knew that the product manufacturers from Mojade Company had always had a good reputation over the years. If the news turned out to be true, it would definitely ruin the reputation of Mojade.

“We will reconsider the collaboration with Mojade Company. Of course, the most important thing now is to look at this latest batch of products which will be delivered soon. If there is any problem with this batch of products or if the products are delivered late, we will directly terminate the contract with

Mojade!” Tao Qingfan stood up at once upon finishing her words before she walked out.

With that, it left all the reporters at the scene clueless.

Tao Qingfan only mentioned that there was a problem with the products, but she didn't make it clear what was wrong with the products. Hence, a lot of the people at the scene began to make their own guesses now.

Meanwhile, Mojade Company received the news for the first time.

Sitting in the office, Anderson thumped the table violently. “Bullsh*t! There is no problem with the products of Mojade Company. I can swear to God about

this!”

“Swear to God won’t solve the problem! We have to handle and deal with the public pressure first!” Alicia sneered before she glared at Anderson. “I knew that you’re weak, but I have never expected you to be so useless!”

“Alicia, you better take back your words, or else I’ll kick you out of the company!” Anderson glanced at Alicia menacingly.

Alicia sneered, “Kick me out? The Alicia Group is one of the companies of the amalgamation, isn’t it? Do you think you can really kick me out of the company as you wish?”

“Don’t forget about what Miss Tang said before!” Anderson said while gritting his

teeth.

Listening to his words, Alicia snorted in a mockery manner. Her face turned even darker. As Tang Wei left the company, all the authorities' power fell to Anderson.

At this moment, Anderson was the main person-in-charge of the company.

“Miss Tang has defeated Pei He in two-day time. Are you as capable as her?” Bruce added. This young man was only in his twenties, but his eyes were filled with a fierce manner.

“It's my own business whether or not I'm capable of doing it!” Anderson stood up in anger and turned to walk toward the door. He then stated coldly, “Arrange a

press conference right now! I want to solve this issue entirely!”

“How about the workers who went on strike?” Alicia ridiculed.

“Ask Modric that fool to get all those men back for me! This matter must be handled properly by all means!” With that, Anderson stomped out the room angrily and went to the press conference.

Before Tang Wei left, she had asked Anderson to acquire Pei He’s companies or at least paid attention to those companies even if he couldn’t acquire them. This was because Tang Wei knew that Tang Yin would probably overtake her in the internal strife if she failed to guard those companies.

Ten minutes later, Anderson was already at the press conference.

“I swear to God that there isn’t any problem with the products from Mojade Company! Besides, we didn’t encounter any problem with the manufacturing process too! I can guarantee that we will definitely deliver our products by tomorrow morning...” Anderson sneered.

Everyone at the scene began to have a hot discussion as soon as they heard the statements from Anderson.

Anderson got up and went toward the exit.

He did the same thing as Tao Qingfan. However, Tao Qingfan deliberately did that to leave the space for the public to

take a guess of the ambiguous meaning of her words, while Anderson did that just because he was too angry to explain more.

Meanwhile, as soon as the press conference ended, Yang Long looked at hundreds of his subordinates with a solemn expression at the Great Fortune Casino in Los Angeles.

“This is the only chance given by Tiandihui! We must grasp this chance by all means...”

“Long, we all will follow whatever you ask us to do!

“That’s right! Tell us what to do! We will do anything for you!”

Chapter 714 The Beginning of the Storm

“Yes! It’s time for Tiandihui to make a move now...”

Yang Long nodded his head as he took a deep breath before he said, “We will make Savis Casino our territory by tonight!”

“Yes, sir!” all of the subordinates replied in a loud and exciting manner.

“Let’s go!” Yang Long waved his hand, leading the hundreds of them to walk out of Great Fortune Casino. They headed into their cars and went straight to Savis Casino.

Savis Casino wasn’t in Los Angeles. It was in Las Vegas, so they had to take a flight with a layover before they could ambush Savis Casino. Yang Long knew

it was a reckless act to do this, but he was confident because he had Wang Jin behind his back!

Leading around thirty men, Wang Jin was on the way rushing to Savis Casino too. If there weren't any accidents, they could easily take over Savis Casino tonight!

The storm began to stir in America, causing all the ups and downs. Meanwhile, the atmosphere in Tang Island was extremely depressing.

Tang Yin had been standing by the window of his villa since earlier in the afternoon. His stare was fixed at the parking apron, which was far away from him. However, he couldn't see the person whom he was waiting for, and

Chapter 714 The Beginning of the Storm

this made him doubt that that person had been caught by Tang Yuanbo.

At this time, many people had arrived at Tang Island—the richest man from Japan, Han Qi from Shanghai, Tao Huaisheng from Beijing, and the heads of districts and regional managers of the Tang Family from eight regions.

Nonetheless, the Patriarch of the Tang Family, Tang Lijiang, hadn't arrived until now.

Tang Yin averted his sight to glance at several regional managers who seemed to be a little anxious behind him, then he said softly, "Don't worry. Everything will be over tomorrow! Even if I lose the election, you won't be in any trouble!"

Chapter 714 The Beginning of the Storm

“Yes!” Nodding his head, obviously, Tao Huaisheng had faith in Tang Yin’s promise. The rest of them seemed to be a little flustered, but they tried their best to hide their emotions.

Tonight, the changes on Tang Island would be huge.

The next morning was the Tang Family Annual Meeting!

With Yuan Zhian’s help, Tang Yin put on a fine suit, which made him look smart and charming. Walking slowly downstairs, he saw that everyone in the living room was ready. Gently nodding his head, he took the lead to walk out of the villa.

Meanwhile, both Tang Wei and Tang Ke

came out from their own villas too. Similar to Tang Yin, there were a lot of people following behind them. Particularly, there were a few Chinese following behind Tang Ke. All of them were probably a part of the underground network in China.

Many people had known about the secret that Tang Ke had taken over the underground network in China now. Therefore, looking at Tang Ke and his men from the underground network alerted Tang Yin to guard over him.

“Patriarch hasn’t arrived yet!”

Tao Huaisheng whispered at the side out of concern, “Did something go wrong?”

Chapter 714 The Beginning of the Storm

“Everything will be fine!” Tang Yin said firmly before he moved toward the annual meeting square.
